Chapter 2241: The Powerhouse That Walked Out of the Blood Pool!

Ye Yuan's heart was rippleless like an ancient well. He did not rejoice because of comprehending time law.

He only had one thought, which was to catch up to the Silvernet Blood Essence.

The Silvernet Blood Essence was too important to him!

Without the Silvernet Blood Essence, not only was he unable to let Dustless regain consciousness, Mu Lingxue would even thoroughly wither away!

Time waited for no man, Ye Yuan was already unable to keep waiting.

Closer!

Even closer!

Suddenly, the Silvernet Blood Essence's footsteps suddenly stopped, and turned around abruptly, flashing Ye Yuan a charming and evil smile.

At this time, Heavenly Emperor Brutalfeather was already completely gone. Clearly, he was eaten up by the Silvernet Blood Essence.

Ye Yuan's expression changed, alarming bells ringing!

It was only to see Silvernet Blood Essence suddenly suck in and was about to spew something out.

Ye Yuan's pupils constricted and suddenly opened his mouth.

"Immobilize!"

Time Freeze!

Silvernet Blood Essence's move was not used yet and was immobilized by Ye Yuan firmly there, unable to move a muscle.

His eyes were full of astonishment.

He also felt the change in time flow earlier and knew that he could not run. That was why he turned around and attacked.

He did not expect that Ye Yuan actually still had such a follow-up.

"Sword of will, chop!"

Ye Yuan did not say a word, directly condensing the sword of will and chopped toward the Silvernet Blood Essence.

The Silvernet Blood Essence had a primordial spirit body, also a type of soul body.

Sword of will caused the greatest harm to him!

Silvernet Blood Essence gave a muffled groan and was directly blasted flying by Ye Yuan.

This primordial spirit was originally peak Empyrean. After absorbing Heavenly Emperor Brutalfeather, he faintly showed signs of breaking through to become a Heavenly Emperor.

It was just that, he had not broken through yet. So how could he withstand such a condensed chope from Ye Yuan?

Silvernet Blood Essence suffered serious injuries and rolled on the ground. But then he actually escaped into the void again, fleeing like a wisp of vapor!

While at this time, Heavenly Emperor Ninelives also rushed over.

Ye Yuan suddenly turned around, his eyes icy-cold.

At this time, whoever vied for the silvernet blood essence with him, that would be a life-and-death great enmity.

Ye Yuan absolutely would not show mercy.

Seeing Ye Yuan's look, Heavenly Emperor Ninelives could not help trembling. He actually did not dare take another step forward.

Ye Yuan did not have time to tangle with Heavenly Emperor Ninelives. Turning around, he chased after again.

Silvernet Blood Essence suffered heavy wounds. Its speed was no longer as fast as before. Ye Yuan went all out to chase after. This time it was much faster.

Before long, Ye Yuan caught up to the Silvernet Blood Essence.

"Immobilize!"

"Sword of will!"

Another set of combination techniques!

Without the slightest surprise, the Silvernet Blood Essence was seriously injured once more, rolling on the ground!

Casting Time Freeze repeatedly, Ye Yuan felt drained too.

However, in order to get the Silvernet Blood Essence, he also could not care that much anymore.

Silvernet Blood Essence was clearly not an ordinary primordial spirit. His strength was much stronger than even peak Empyrean.

Although Ye Yuan's two chops were swift and fierce, it was unable to kill him.

Who knew that this guy rolled on the ground and ran away once more!

Ye Yuan secretly cursed in his heart and could only chase again.

Bang! Bang! Bang!

In front, extremely horrifying booming sounds came over. Clearly, there were powerhouses fighting.

From time to time, there were even intense undulations transmitting out.

If not for Ye Yuan being adept in spatial law, he would have long been decimated by this strong undulation.

But this way, the difficulty of Ye Yuan catching up to the Silvernet Blood Essence also increased.

This silvernet blood essence charged inside crazily as if he did not want to preserve his life.

Suddenly, it became clear before his eyes. There was no more path ahead!

Ahead, was a massive blood pool.

In the middle of the blood pool, there was a huge whirlpool, emitting an undulation that made people's hair raise.

This undulation was just like the signs of a precious treasure being about to come into being.

The source of this limitless blood light was this blood pool vortex.

Within the massive karst cave, there were dead bodies of fierce beasts covering the ground.

These dead bodies had just died and were still giving off extremely strong undulations.

While alive, they were clearly all late-stage Heavenly Emperor supreme level fierce beasts.

Above the dome of the karst cave, there were eight statues of gods carved in various directions, the faces contorted.

Above the vortex, there were clearly powerful restrictions.

These powerful Heavenly Emperor powerhouses were currently bombarding those restrictions frenziedly.

The restrictions already could not endure it and showed signs of about to collapse.

The two people, one chased and one fled, and actually arrived at the deepest area of the blood sea!

Instinctively, Ye Yuan felt that something was wrong.

But he could not care that much anymore.

His goal was the Silvernet Blood Essence!

"You can't run anymore!"

Ye Yuan gave a cold cry and was about to employ the sword of will once more.

But right at this time, a horrifying to the extreme energy suddenly erupted.

Ye Yuan did not have time to make a move and was directly sent flying by a huge billow of air together with the Silvernet Blood Essence.

Ye Yuan spouted a mouthful of fresh blood violently, his figure jumping into the void, frenziedly avoiding the violent energy.

That blood-red restriction was broken!

Those Heavenly Emperors were caught by surprise, directly being blasted until they were sent flying out in all directions.

This horrifying energy undulation, even Heavenly Emperors could not block it too!

Fortunately, Ye Yuan was still very far away from them and was not situated in the center of the explosion.

Otherwise, even if Ye Yuan had the eighth transformation golden body, he would also die without a doubt.

In an instant, Ye Yuan displayed spatial law and avoided the countless streams of energy impact, that was how he turned danger into safety.

But even so, he still suffered heavy injuries!

As for the Silvernet Blood Essence, his primordial spirit body was already blown until there was only a phantom left.

The two people were both seriously injured.

And at this time, the unresigned Heavenly Emperor Ninelives also just happened to rush over and just nice ran into this surge of terrifying energy.

Heavenly Emperor Ninelives directly suffered serious wounds and was similarly bombarded until he only had a phantom figure left. He then fainted unconsciously.

Right at this time, a figure slowly walked out of the blood pool.

That imposing aura shocked heaven and earth, disdaining all under the heaven!

Amidst the chaos, Ye Yuan gave a glance and his mind could not help being greatly shocked.

That person slowly walked out of the blood pool and gave a disdainful glance at the Heavenly Emperor powerhouses lying on the ground.

"You ... Who are you?" The Seventh Firmament Heavenly Emperor, Heavenly Emperor Quicksand, looked at the arrival with a look of horror.

The undulations emitting from this person seemingly indicated he was merely a middle-stage Heavenly Emperor.

But, the feeling that he gave Heavenly Emperor Quicksand was dangerous to the extreme!

The arrival looked at Heavenspan World Quicksand and said with a disdainful look, "Who am I? You aren't fit to know yet! Foolish things! A spirit treasure can already make you all fight until heads are broken and bleeding! However, thanks to you all, this ancestor finally descended upon Heavenspan World anew! *Hahaha* ... Tremble, humans!"

That person carried a jade plate in his hand, emitting an aura that made people feel suffocated.

Clearly, such a big commotion was caused by this jade plate.

The expressions of Heavenly Emperor Quicksand and the rest changed wildly, only then, did they know that they were simply being exploited by someone!

“T-This ancestor? Could ... Could it be that you’re a Dao Ancestor? This ... This isn’t possible!” Heavenly Emperor Quicksand said in astonishment.

That person’s gaze revealed a trace of disdain and he said, “Dao Ancestor? *Heh*, after this ancestor recovers my strength, those few little fellows ... just wait and tremble!”

Without the slightest hesitation, Ye Yuan directly swallowed several medicinal pills, some that recovered divine essence, and also recovered injuries.

With end spirit divine pills entering the body, Ye Yuan’s injuries were recovering at a speed visible to the naked eye.

Done with these, he directly grabbed toward the Silvernet Blood Essence.

But right then, the Silvernet Blood Essence flew straight towards that person who walked out of the blood pool with a whoosh!

Ye Yuan’s expression changed wildly!

[Unrivaled Medicine God](#)

Chapter 2242: Infinite God Killing Bow!

In just a blink of an eye, the Silvernet Blood Essence tunneled into that person’s bosom.

Ye Yuan’s injuries had yet to recover, but it was already too late to want to catch up.

The current Silvernet Blood Essence was already unbelievably weak. That person hugged him, Dao marks flashing on his body.

The Silvernet Blood Essence was actually recovering at a speed visible to the naked eye!

Then, the Silvernet Blood Essence chirruped. People had no idea what he was talking about.

That person’s gaze looked toward Ye Yuan.

Ye Yuan’s figure suddenly turned stiff, feeling like his throat was being clutched by someone, unable to even breathe.

This person was too terrifying!

Just this look, Ye Yuan was certain that the other party’s strength was probably much more horrifying than Nineorigin!

That was right, this guy who walked out of the blood pool, his aura was identical with Nineorigin’s.

He was of the divine race!

Furthermore, he was an existence even more terrifying than Nineorigin!

The divine race powerhouse rubbed the Silvernet Blood Essence's little head and said, "Relax, this ancestor helped you to unlock intelligence. So you're this ancestor's person. If somebody bullies you, this ancestor will naturally seek justice for you. After this ancestor takes care of these few fellows, I'll extract that boy's divine soul out, and let you eat him!"

Hearing this, the Silvernet Blood Essence giggled, appearing very happy.

A hint of surprise flashed across Ye Yuan's eyes, but he did not run away.

The Silvernet Blood Essence was not captured, so how could he possibly escape?

At most ... enter the gray-pupil state once more and clash head-on with this guy once!

Although this divine race powerhouse was extremely terrifying, his present state was far from comparable to Nineorigin.

Even though Ye Yuan was wary, it was not to the extent of fleeing in defeat either.

The divine race powerhouse gave Ye Yuan a glance rather unexpectedly and said, "Under this ancestor's pressure, you actually didn't escape. Boy, you somewhat surprised me."

Ye Yuan was merely a little crawling bug in his eyes. He would not care at all.

His attention was still on those several Heavenly Emperors.

After all, those were existences that could threaten him.

Ye Yuan's gaze turned slightly dark and he said, "You're the divine race's ancestor. So you call yourself this ancestor?"

"You know about the divine race?" The divine race powerhouse was really surprised this time.

While the few Heavenly Emperors looked at Ye Yuan with blank faces. Clearly, they had not heard of such an amazing race before.

"Not only do I know, but I also even fought them before. It's just a pity, too weak!" Ye Yuan said coolly.

Seeing the divine race, the fury in Ye Yuan's heart soared, and he naturally did not have any good expression.

The moment the divine race powerhouse heard, he could not help bursting out laughing and said, "Haha ... weak? It's still the first time somebody said that the divine race is weak in front of this ancestor! Boy, you're very cocky! However, you have to come up with a draft first when you're boasting too! My divine race, in the same rank, there's still no problem fighting ten of you by themselves!"

"Is that so? Then I wonder how many of your divine sons can fight me alone?" Ye Yuan said with a look of contempt.

The divine race powerhouse's eyes shrunk again. He discovered that Ye Yuan really seemed to know quite a bit about the divine race!

The past had faded like smoke. Those in this Heavenspan World who knew that the divine race's existence were only those old monsters who survived from the last epoch.

How could this brat in front of him possibly know?

His gaze turned dark and he said in a cold voice, "*Humph!* Brat, to dare provoke this ancestor! Well done, after this ancestor takes care of these few, I'll slowly deal with you again!"

Finished talking, his gaze turned sharp and he said to those few people, "Alright, send the few of you on the way first!"

Done talking, the aura on the divine race powerhouse's body suddenly erupted, causing Dao marks flickering incessantly.

An outrageous pressure made the faces of the few great Heavenly Emperors change drastically.

They were currently heavily injured and did not even have the chance to escape.

However, right at this time, something unforeseen happened!

The Dao marks on the divine race powerhouse's body stimulated the air in the enormous cave all at once.

Rumble!

An even more frightening energy undulation than before rose up in the huge cave.

Within the karst cave, the blood light faded, eight dazzling beams of light suddenly lit up, rapidly spreading to the eight directions of the cave.

Those eight directions were precisely where the eight god statues were located.

Rumble!

The eight god statues actually came to life all at once!

The eight god statues moved around, each and every one of their postures extremely bizarre.

Their mouths even emitted strange syllables, like they were chanting.

Suddenly, the void trembled!

Limitless golden light shone inside the cave, akin to a blazing sun descending, illuminating every place in the cave as if it was daytime.

That boundless blood color was completely replaced by golden light in this instant.

An ancient aura came out of the void.

The expression of the divine race powerhouse changed abruptly, crying out in surprise, "Limitless God Killing Bow! This bunch of damn things, not resting even if they are dead! To actually still leave behind such a contingency!"

Ye Yuan looked above the dome with a face of shock, a golden bow and arrow slowly appeared.

This bow's aura was horrifying to the extreme.

Ye Yuan had seen before a heavenly emperor spirit treasure, but even Heavenly Emperor Ninelives' Youluo Ghost Lantern paled in comparison to this bow and arrow.

This aura seemed to be from above the clouds as if it came from Heavenly Dao.

Dominating myriad things!

"Dao artifact! This is a Dao artifact! The blood sea has existed for countless tens of thousands of years. I didn't expect ... that it was actually still hiding a Dao artifact!"

Looking at that bow and arrow, Heavenly Emperor Quicksand's face carried unbelievable shock.

Right at this time, the golden bow completely revealed its image.

The entire underground cave started trembling violently.

Space was twisting, the cave was collapsing.

The aura of this bow and arrow was seriously too strong!

The divine race powerhouse seemed to be crazy, laughing loudly as he said, "*Hahaha* ... there's the Limitless God Killing Bow and Sunderless Feather Emperor Arrow! What can you all, this bunch of damn things, do to me? I, Daymeld, will receive an arrow from you head-on!"

Daymeld's aura skyrocketed. The Dao marks on his body turned into a huge domain.

An aura that showed disdain on all under the heavens erupted from his body.

This horrifying aura was actually able to stand up to the Limitless God Killing Bow above the dome as an equal!

When Heavenly Emperor Quicksand and the rest saw this scene, each and every one of their faces revealed astonished looks.

"What a terrifying aura! His aura is clearly just around Sixth Firmament Heavenly Emperor, but how can he be so strong? Just what kind of race is this divine race? Why have I never heard of it before?"

Even Ye Yuan's pupils constricted too!

Daymeld's control of Dao marks was absolutely far above Nineorigin's!

This guy's strength was too terrifying.

Ye Yuan weighed it over. Even if he took Daymeld into his small world and carried out a life-and-death battle with him, he did not have the assurance to finish off the other party either.

Fortunately, the powerhouse who sealed Daymeld back then left behind a contingency.

Even if this arrow could not kill Daymeld, it could definitely seriously injure him too!

While at this time, the Limitless God Killing Bow above the dome was slowly drawn.

A peerlessly domineering aura surged to the sky, burst right through the cave, and headed straight for the clouds!

At this moment, the entire Shinra Ghost Region could feel this astonishing aura.

Outside the cave, starlight sprinkled down.

Bow arched to the limit like the full moon!

Only seeing this scene did Ye Yuan know why Daymeld chose to receive it head-on.

Not that he did not want to run, but that he could not escape!

This power, even if you run beyond the ninth level, you could not evade this arrow either!

Daymeld let out an explosive roar as he roared furiously, "Come!"

As if hearing Daymeld's challenge, the Limitless God Killing Bow released an arrow!

Unrivaled Medicine God

Chapter 2243: I Dont Care Who You Are

"Bang!"

The bowstring vibrated. The pale-white arrow that was condensed out of spiritual energy tore through the air.

Everyone did not even have time to react when they saw the arrow turn into a streak of flowing light, smashing towards Daymeld.

Rumble!

In virtually an instant, the entire underground cave directly burst apart.

The horrifying energy directly lifted the underground cave flying.

The entire mountain range was leveled to the ground!

Only then did everything seem to react to it.

An astonishing loud bang sounded out in the huge pit.

Space had a long fissure split open by this arrow.

This arrow was too fast, fast until even space-time did not react to it.

Heavenly Emperor Quicksand and the few mighty Heavenly Emperors had faces that were still suffering from the shock.

Even if they were supreme and invincible, they were also shocked by this scene just now until they could not close their mouths.

He looked toward the Ye Yuan beside him and opened his mouth and said, "L-Little Brother, m-many thanks for your life-saving grace!"

At the critical moment just now, Ye Yuan urged his spatial node technique and teleported the few of them out.

Otherwise, the few of them would be dead until not even dregs remained currently.

Ye Yuan looked at them and said coolly, "The divine race coming into being one after another. I'm afraid that the Doomsday Battle isn't far anymore. All the best to you guys."

"Doomsday Battle?"

Heavenly Emperor Quicksand had a blank look, seemingly uncertain what it meant.

But from this name, one could also tell that this was not some good thing.

Moreover, this divine race powerhouse's strength was too terrifying!

Ye Yuan did not explain what the Doomsday Battle was. He slowly took out the bone sword and walked over toward the enormous pit.

Heavenly Emperor Quicksand's gaze turned intent, and he said, "Little Brother, w-what are you trying to do?"

Ye Yuan did not even turn his head back as he said coolly, "Going to take back the Silvernet Blood Essence."

In the depths of the enormous pit, a figure slowly crawled to his feet, pointed at the sky, and laughed wildly.

"The few of you damn things, you think that you can kill this ancestor with a Limitless God Killing Bow? *Hahaha* ... After this ancestor recovers strength, I'll definitely trample the Heavenspan World, and let those few little bastards tremble under this ancestor's feet! *Mn?*"

Daymeld was cursing away but saw a figure slowly walk over, and he could not help turning his head to look.

This person was none other than precisely Ye Yuan.

His two eyes narrowed and he said with a cold smile, "Human whelping, you think that this ancestor suffering heavy wounds, you'll have an opportunity to take advantage of?"

Ye Yuan looked at him and said coolly, "Hand over the Silvernet Blood Essence and I'll make it painless."

Daymeld laughed from extreme fury. Looking at Ye Yuan like looking at a fool, he said disdainfully, "Back then, even eight Deva Fourth Blight and above human old farts couldn't kill this ancestor and could only seal this ancestor here! Now, just the likes of you, a whelping still wet behind your ears, also dares threaten this ancestor?"

Far away, when Heavenly Emperor Quicksand and the rest heard this, their minds shook wildly.

Only then did they know how terrifying this existence before their eyes was!

"Eight Deva Fourth Blight and above powerhouses! How strong is this guy's strength?"

“Deva Realm powerhouses, each one can move mountains and fill the seas. They are peak powerhouses that can turn the galaxy upside down! He ... He can actually fight one-on-eight?”

“Just what kind of existence is suppressed in this blood sea?! Why isn’t that human running for his life at once? Why does he still want Silvernet Blood Essence at this time?”

... ..

Ye Yuan looked at him and said coolly, “I don’t care who you are! Hand the Silvernet Blood Essence over!”

Everyone was rendered collectively speechless. Could this boy be a fool?

Or was it that he did not know what Deva Fourth Blight signified?

Rather, it was the Heavenly Emperor Ninelives who was far away, when looking at Ye Yuan, his gazes glimmered.

That arrow previously extinguished another one of his lives.

Relying on the Youluo Ghost Lantern, he rebirthed again. But he was only a peak Empyrean now.

During this trip, he did not gain anything but lost two lives, he really had nowhere to go even if he had an urge to cry.

But he still had some confidence in Ye Yuan.

He could feel that the Silvernet Blood Essence was very important to Ye Yuan.

He was even more aware that Ye Yuan was too monstrous!

He really wanted to see, between the ancient period supreme powerhouse and Ye Yuan, who was stronger and who was weaker!

“*Hahaha* ... Interesting! Very interesting! I already don’t know how long it has been since anyone dared to utter this kind of words in front of this ancestor! If I don’t give it to you?” Daymeld said with a look of amusement.

Whoosh!

Ye Yuan’s figure suddenly disappeared. The next instant, he already appeared in front of Daymeld.

Attacking at a word of disagreement!

Regarding Ye Yuan’s sneak attack, Daymeld’s face revealed a look of disdain.

An ant like Ye Yuan, he did not take him seriously at all, even if his current realm already fell to the late-stage Empyrean Realm.

But the next moment, his expression changed.

An astonishing power erupted around him!

In an instant, countless sword lights enveloped him.

Rumble!

Without the slightest surprise, Daymeld's figure flew out backward and smashed out a human-shaped hole in the huge pit again.

Ye Yuan did not stop, figure moving, directly rushing into the large pit.

Rumble!

Rumble!

Rumble!

Underground, intense rumbling sounds came from time to time, making everyone who heard them feel frightened.

The two people fought from underground to the surface and fought from the surface to the sky again.

That horrifying aura made everyone's complexion turn ashen.

Ye Yuan gained the advantage with a move, each move aiming for the vitals, pressuring until Daymeld could not catch his breath at all.

Heavenly Emperor Quicksand and the rest watched until their breathing was ragged.

"Is ... Is this boy really just a Sixth Firmament Empyrean? This attack, even a Ninth Firmament Empyrean will also find it hard to block, right?" Heavenly Emperor Quicksand said with alarm.

"When did such a monster appear in the human race? His spatial law is already almost reaching rank seven, right?"

"No wonder he dares to be so arrogant, having no respect for that divine race powerhouse! However, that divine race powerhouse isn't an ordinary person. He probably hasn't brought out his true strength yet, right?"

... ..

This degree of battle already far exceeded the scope of cultivation realm.

Cultivation realm already completely did not have a reference point anymore.

These two people were both existences who brute force jumped realms to battle.

Putting aside Daymeld, he was an existence that even eight Deva Fourth Blight powerhouses were unable to shake.

Disregarding that he only had roughly the strength of a Seventh Firmament Empyrean, even if he was only a Fifth Firmament Empyrean, probably even peak Empyrean powerhouses were not a match for him at all too.

But Ye Yuan's strength exceeded everyone's expectations.

The cultivation realm that he displayed was only Sixth Firmament Empyrean.

But, the thickness of his divine essence, the profoundness of his laws, the fearsomeness of his combat strength, took everyone's breath away in wonder.

With the strength that Ye Yuan displayed, cutting down Ninth Firmament Empyreans was similarly nothing difficult!

These two people could be said to be evenly matched, neither able to gain the upper-hand.

Ye Yuan was taking advantage in one move, pressing on relentlessly with every step, not giving Daymeld any chance to catch his breath at all.

Rumble!

With another sword move, Ye Yuan directly slammed Daymeld under the ground.

Then he chased after again with a flash.

But right at this time, a streak of blue light shot out from underground with a loud bang.

Ye Yuan was caught by surprise, mustering his strength and chopping out with a sword.

Rumble!

The bone sword in Ye Yuan's hand turned into a pile of powder under the attack of the Dao marks!

Everyone watched until they felt terror, this empyrean spirit treasure was shattered just like that!

Daymeld slowly crawled out from underground, looking at Ye Yuan. His expression was cold.

"Brat, looks like you really weren't bragging! Your strength is indeed a great deal stronger than our divine sons! I truly didn't expect that the human race actually produced a genius like you!"

Unrivaled Medicine God

Chapter 2244: I Have a Sword, Do You Dare Receive?

"However ... now that your sword is gone, what will you use to fight with me?" Daymeld looked at Ye Yuan with a grin on his face.

Ye Yuan's cultivation method coupled with sword intent fused with spatial law, the power was hair-raisingly strong.

This kind of combat strength could virtually use heaven-defying to describe.

Therefore, Daymeld also had to ruin Ye Yuan's sword at the risk of suffering a great loss in strength.

A swordsman without a sword, how could he talk about fighting?

The bone sword was indeed an extremely important thing to Ye Yuan.

Ever since the Ancient God Battlefield battle, Ye Yuan's primary sword had always been the bone sword.

This bone sword was a legacy. Ye Yuan used it very smoothly.

This shattering earlier indeed had a tremendous impact on Ye Yuan, it was like he lost something in his heart.

But during that moment, a trace of understanding was produced in Ye Yuan's heart!

He seemed to have grasped something.

Ye Yuan was like an ancient well without ripples. He just said coolly, "Swordless! I'll use my fists then!"

Swoosh!

In a blink of an eye, Ye Yuan's vital energy billowed to the sky. An astonishing true dragon pressure instantly dispersed between heaven and earth.

Divine Dragon Trampling Heaven!

Grand Universe Palm!

Transient Heavenly Dragon Hand!

Each of Ye Yuan's punches was faster than the last. The entire sky was filled with his fist images everywhere.

That horrifying pressure made the group of Heavenly Emperors stare wide-eyed and tongue-tied.

Earlier, they even thought that Ye Yuan without his sword would be equivalent to a tiger without its teeth.

But now, they discovered that Ye Yuan actually became an enormous dragon without his sword!

A dragon's might was unstoppable!

Under the fist images, Daymeld practically wanted to vomit blood.

Twice, he lost both the initiative. Yet Ye Yuan's combat strength was fearsome to the extreme. It went even far beyond their divine race's.

Being pressured by Ye Yuan, he did not have the chance to retaliate at all, and could only defend passively.

Concerning Limitless God Killing Bow's arrow earlier, even though he fended it off, his injuries were critical to the extreme.

Otherwise, what did it have to do with Ye Yuan anymore?

Yet, Ye Yuan's unreasonable fighting method made him not have the strength to fight back at all.

"This boy, his fleshly body actually reached the realm of perfection! How can such a monster appear in the human race?"

Each punch stronger than the last, each fist heavier than the last.

Ye Yuan's imposing aura was also in the midst of continuously rising.

He currently only had one thought. It was to kill Daymeld and take the Silvernet Blood Essence!

He could not afford to drag it on!

“Heretic Dragon Dominating Space!”

Ye Yuan strode out, as if the spirit of a true dragon suddenly stepped out of the void.

This divine ability, Ye Yuan raised his aura to the limits. Its power was unimaginable.

With a step, space shattered. Dao marks on Daymeld’s body glimmered, desperately trying to withstand this move.

But he spewed a mouthful of fresh blood wildly, his figure flying out backward. He was smashed into the chasm once more.

Ye Yuan stood in the air, akin to a celestial deity descending upon the mortal world.

Even those Heavenly Emperor powerhouses were also dumbstruck with amazement.

They had seen before Daymeld’s power. That kind of might simply made heaven and earth tremble.

Even the Limitless God Killing Bow, that kind of horrifying attack, was still blocked by him.

But he was actually without the slightest strength to fight back in front of Ye Yuan.

This scene seriously exceeded their expectations.

However, the might of the divine race far exceeded everyone’s imagination.

Daymeld flew out stubbornly once more.

If it were an ordinary peak Empyrean powerhouse, suffering this terrifying attack, they would have long turned to ashes.

It was just that, the current Daymeld no longer had the unparalleled invincible might from before. He was clothed in ragged clothes, his aura seemingly feeble.

He looked at Ye Yuan coldly and said in a solemn voice, “Fine lad, I underestimated you! I didn’t expect that you actually still have the dragon race’s bloodline! This move, Heretic Dragon Dominating Space, I really haven’t seen it for a long time!”

Ye Yuan’s brows furrowed slightly and he said, “You know this move?”

Daymeld said with a cold smile, “More than just know! You probably don’t know, but the last Dragon Ancestor died under this ancestor’s hands! *Heh*, you might not be aware of what kind of existence the Dragon Ancestor was. He was an existence that could be mentioned in the same breath with Dao Ancestors! Although he was not as strong, he wasn’t far off!”

Ye Yuan’s pupils constricted, killing intent immediately surfacing.

His impression of the dragon race was not very good, but his abilities, half of it came from the dragon race.

This bloodline origin, he could not avoid it.

But even more was still shock!

In this world, was there really an existence that could be mentioned in the same breath with Dao Ancestors?

In Daymeld's eyes, he did not seem to care about Dao Ancestors at all.

Could it be that his strength at his prime could even defeat Dao Ancestors?

This shock was by no means insignificant!

In his understanding, Dao Ancestors were invincible existences. They were paramount existences.

But along with his realm getting higher and higher, Ye Yuan gradually realized that it did not seem to be the case!

It was true that Dao Ancestors were invincible, but those existences who surpassed Heavenly Emperors seemed to similarly be incomparably powerful!

Daymeld's one sentence was earth-shattering!

The ones who were shocked were not just Ye Yuan. Even those Heavenly Emperor powerhouses who heard this were in shock.

Only Heavenly Emperor Quicksand's gaze glimmered, seemingly knowing something.

Daymeld seemed to have seen through Ye Yuan's misgivings and said with a cold smile, "Are you very surprised? How can Dao Ancestors die? How can someone be placed on par with Dao Ancestors? This ancestor can tell you. Dao Ancestors ... There are strong and weak ones! If not for you humans being despicable and shameless, bullying with numbers, how could my divine race be suppressed for an epoch?"

Ye Yuan trembled all over, his gaze revealing astounded looks.

Daymeld laughed loudly and said, "Of course, you have no need to know about these! Because, since this ancestor ran into this generation's dragon ancestor in-advance, then ... there won't be a dragon ancestor in this era anymore! Two generations of dragon ancestors dying under my hands, truly invigorating! Invigorating! Hahaha ... after the Doomsday Battle this time, my divine race will descend upon the Heavenspan World!"

Rumble!

His voice had yet to fade when a horrifying aura erupted once more.

The power of Heavenly Dao suddenly descended.

The Heavenly Emperors present all changed expressions.

Reaching Daymeld's level, every movement and action was within the scope of the Dao.

The power was simply unimaginable.

He was being attacked crazily by Ye Yuan previously and did not have time to maneuver Heavenly Dao at all.

But this time, he was different!

He said so much in order to confuse Ye Yuan's mind, to accumulate and create time for himself.

Ye Yuan's spatial law was too formidable, his movement technique being swift as lightning.

That kind of attack that did not take any breathers made him unable to retaliate at all.

If his realm was higher, then forget it. Yet, his injuries were currently incomparably severe. The strength that he unleashed was less than one-ten-thousandth in normal situation.

Under such circumstances, he was unable to complete the accumulation of strength at all.

Ye Yuan clearly eyed this point, that was why he rendered him incapable of fighting back with attacks that blotted out the heaven and covered the earth.

It was just a pity that this boy was still a little too inexperienced.

"Hahaha ... This ancestor descending upon the world anew, all you human, demon, fiend, and various races, just wait and tremble! Boy, try out this ancestor's move! Heavenly Dao Cang Huang!"

Daymeld laughed wildly, his gaze full of contempt.

How could his realm be what this kind of crawling bug could imagine?

Ye Yuan stood with his hands behind his back, looked at Daymeld, and said coolly, "Aren't ... you thinking too much? You could accumulate strength just because I let you accumulate strength and not your scheme prevailing! Thanks to you, this Ye just comprehended it. I have a sword move. Do you dare to receive it?"

Chapter 2245: Sword, Come!

Suddenly, the aura on Ye Yuan's body changed.

Between heaven and earth, a mysterious and profound airflow was slowly flowing.

This air current got stronger and stronger, and increasingly intense.

The long robe on Ye Yuan's body moved on its own without wind.

"Mn? My sword!"

"What's wrong with my sword?"

"My sword too!"

... ..

Even further away, those powerhouses who had already escaped Asura Blood Sea in advance detected one after another that the swords on their bodies were vibrating!

Even those being kept in their storage space, their swords were roaring without ceasing too, practically breaking out of its shell!

Ye Yuan stood proudly in the sky and actually seemed to have immortal qi swirling around him.

The current Ye Yuan stood proudly, his disposition being indifferent, having the air of a grandmaster of his generation.

This was not him pretending to be profound, but his casual indifference after comprehending Dao.

The instant the bone sword shattered, Ye Yuan felt his heart being affected.

Between the furious attacks, he actually spent more effort on comprehending Dao!

Alchemy Dao and Sword Dao, even the laws such as spatial law, time law, and others that Ye Yuan comprehended, there were many and extremely varied.

But in martial arts, Ye Yuan's most fundamental strength was still Sword Dao

His spatial law was displayed to the extreme because of Sword Dao. That was how he drew parallels from inference and comprehended.

Sword Dao was Ye Yuan's most fundamental comprehension.

Thinking about back then, Ye Yuan comprehended the sword amidst the rain of sacred cherry blossoms, and he created Falling Flower Floating Zero.

That time was merely playing around, but he could comprehend sword intent easily.

But ever since cultivating the martial path anew, Ye Yuan was gone with the wind on the path of Sword Dao.

For so many years, Ye Yuan was used to having a sword accompanying by his side and traveling the world.

One sword could slay demons and devils!

One sword could overawe the sun and moon!

One sword could shatter the firmament!

However, that instant when the bone sword shattered, he suddenly produced a trace of insight.

He seemed to be overly reliant on external items.

If there was a sword in the heart, why was there a need to use the sword?

The sword was the desire in the chest, why was there a need for other people's power?

The extreme of the sword, falling petals and leaves could hurt people, vegetation and rolling pebbles were all swords!

While Empyrean spirit treasure, Heavenly Emperor spirit treasure, they were able to greatly increase the strength of the person using the sword.

But the most powerful was not the treasure, but the swordsman themselves!

"Sword, come!"

Ye Yuan reached his hand and beckoned, those swords vibrating in the sword sheaths could not endure it anymore, flying out.

However, what flew over were not the swords themselves, but a wisp of sword spirit!

Ye Yuan reached his hand out and beckoned, extracting all the sword spirits within a radius of ten million miles!

For some time, one streak of sword light after another tore across the sky. It was akin to a meteor showing arriving with a howl.

That scene was spectacular!

Those 'meteor showers' finally converged in Ye Yuan's hand, condensing into a sword of light!

Ye Yuan gripped the light sword in his hand, exuding an imposing aura of disdaining all under the heaven that was revealed unnaturally.

Daymeld's pupils constricted, expression changing wildly as he cried out in surprise, "This boy actually directly comprehended the source of Sword Dao! It ... It was me who shattered his Empyrean spirit treasure! That's how it let him gain enlightenment on Dao?"

At this very moment, Daymeld felt extremely conflicted.

An Empyrean spirit treasure exchanging for comprehending the source of Sword Dao, this sort of thing was simply preposterous.

However, this was single-handedly facilitated by him.

He was just shocked in his heart, Ye Yuan's comprehension ability was a little too terrifying.

He was actually comprehending Dao while fighting earlier!

How could Daymeld know that this was just a normal state for Ye Yuan?

He always comprehended Dao while fighting inside the Death Cultivation Space.

Because only that way could he walk out of the Death Cultivation Space!

In the course of time, being distracted with comprehending Dao in a fight was nothing much to Ye Yuan anymore.

"Myriad things in the world could be used as a sword, myriad swords in the world heeding orders! This ... This is already prying straight at the source of Sword Dao!"

"Just what is this brat's head made out of? He directly leapfrogged Eighth Firmament Sword Dao and comprehended the source of Sword Dao? That's something that can only be comprehended by Deva Realm powerhouses!"

"Freak! Simply a freak! The laws that this brat comprehended are virtually all of the world's strongest! No wonder he doesn't even take the divine race seriously! I just don't know just who is stronger or weaker between him and this divine race ancestor!"

... ..

These Heavenly Emperor powerhouses were all shocked until it could not be greater.

The might of the divine race, they already felt it deeply.

But Ye Yuan's monstrous comprehension ability made them even more appalled.

But at this very moment, they naturally hoped that Ye Yuan could win!

After all, this divine race ancestor did not have friendly intentions.

If the divine race ancestor won, they would all have to die.

Suddenly, Daymeld's face fell and he said in a cold voice, "So what if Sword Dao source? What this ancestor represents is Heavenly Dao! Heavenly Dao is for my use. What does mere Sword Dao source count for? Heavenly Dao Cang Huang, exterminate for me!"

On Daymeld's body, horrifying Dao mark undulations aroused the descend of Heavenly Dao.

That horrifying pressure made heaven and earth trembled.

At this time, whatever cultivation realm, whatever power of laws, was simply weak to the max.

In terms of power, the divine race ancestor completely crushed Ye Yuan.

After all, he was a terrifying existence on equal footing as Dao Ancestors!

Being augmented by Heavenly Dao, Daymeld's move would surely be heaven-shocking.

Only to see his fingertips circle and was about to point a finger out in a blink of an eye.

Everyone seemed to have foreseen this terrifying attack.

However, right at this time, a voice that seemed to come from the edge of the sky suddenly descended!

"Immobilize!"

Everything abruptly stopped!

Daymeld's heart shook wildly!

In his eyes, Ye Yuan's light sword chopped straight down!

Swish ...

That sword energy that slashed apart the firmament made Daymeld's entire person feel a chill from the bottom of his heart.

An aura of death hit him head-on.

He had roamed the world unobstructed for God knows how many hundreds of millions of years. There were virtually no existences that could pose a threat to him.

Even when besieged by eight great Deva Realm experts back then, he had never felt so close to death before too.

One sword landing, a long rift was torn open in space.

At the critical juncture, how could Daymeld still dare to hold anything back?

His whole body's Dao marks surged, breaking free of the fetters of Heavenly Dao true word in that instant.

Quicker than words could tell!

Ye Yuan knew that Time Freeze was unable to imprison Daymeld for too long. But he only needed that split second and it was enough!

Puchi!

Daymeld shifted sideways slightly, evading this certain-kill sword.

But he ultimately failed to evade it completely.

Daymeld's left arm was directly chopped off by this sword.

The berserk sword energy flew past, directly annihilating his left arm.

Ye Yuan's brows furrowed slightly, clearly very dissatisfied with this result.

"Looks like I still underestimated you! However, if one sword can't do it, another sword then!"

Ye Yuan did not hesitate in the slightest, raising the light sword once more, and was about to chop down.

Daymeld's pupils constricted and he threw a silver thing towards the huge pit with a swoosh, roaring wildly, "Take the Silvernet Blood Essence that you want!"

At the same time he threw out the Silvernet Blood Essence. Daymeld's figure shot toward the distance explosively. He actually fled with his tail between his legs.

Ye Yuan's eyes lit up, taking a stride out, speeding toward the Silvernet Blood Essence and grabbing it in his hand.

While Daymeld already made use of this interval and made his get-away.

Ye Yuan grabbed the Silvernet Blood Essence in his hand, urging array formations to seal it, and right away he felt that his whole body was exhausted.

He smiled bitterly and said, "Lucky that guy got scared. How could I still have the strength to deal him another slash?"

[Unrivaled Medicine God](#)

Chapter 2246: Deva Five Blights!

Got to admit, Daymeld's strength was too formidable.

Up to this day, he was the most powerful existence that Ye Yuan had encountered.

Even if he was at the same realm, the Time Freeze drained his vital energy to cast, yet it merely froze the opponent for a split second only.

As for the light sword slash, Ye Yuan even practically depleted his divine essence.

Ye Yuan's all-out strike was still unable to cut him down.

One had to know, this was the prerequisite of Daymeld being suppressed for an epoch, and he was even seriously wounded by the Limitless God Killing Bow.

He said that he killed before the Dragon Ancestor. Ye Yuan did not know if it was real or fake, but without a doubt, he was extremely powerful!

But this sword of Ye Yuan's already damaged Daymeld's foundation. He probably could not come out to wreak havoc within a short time.

Ye Yuan swallowed a few more medicinal pills and started recovering his divine essence and vital energy.

There were many powerhouses around. Ye Yuan did not care to be careless.

While right at this time, three figures flew across the air, flying straight for the Limitless God Killing Bow!

They were Heavenly Emperor powerhouses!

At this time, there were actually still Heavenly Emperor powerhouses hiding nearby!

Clearly, they were here harboring the mentality of picking up what slipped away. They did not expect that it was really picked up by them.

The three great Heavenly Emperors unfolded a crazed battle above the void, fighting until the sky was rent asunder and the earth split open, divine essence flying everywhere.

The three people vied with each other, neither willing to give in half a step.

If anyone freed themselves, the other two would join hands and attack.

All in all, it was a chaotic battle.

Everyone retreated far away, fearful of being affected.

Clearly, these three people were already in a state of madness.

Ye Yuan's cultivation method revolved quietly and was currently recovering his physical strength rapidly.

He detected that there were many incomparably powerful auras currently rushing over here.

Not far away, Heavenly Emperor Quicksand sneered and said, "A bunch of things who overestimates their own ability, is a Dao artifact also what you guys can encroach upon? Little Friend Ye, this Dao artifact was within easy reach of you earlier. Why didn't you take it?"

At this time, Heavenly Emperor Quicksand's strength also recovered a little and was able to move freely.

He looked at the Limitless God Killing Bow above the void, his gaze being full of greed and regret.

Such a precious treasure, how could he not be moved?

It was just that in his current state, wanting to vie for it was completely not possible.

But just now, Ye Yuan was clearly the closest to that Dao artifact.

With Ye Yuan's movement technique and means, taking away the Limitless God Killing Bow would be akin to taking something out of his pocket. But Ye Yuan actually did not even look at it.

Ye Yuan smiled and said, "The divine bow coming into being, the commotion was too great. Probably even Deva Realm powerhouses will be alarmed. I don't want to be pursued by the entire world. Moreover, I have an even more important thing to do."

Heavenly Emperor Quicksand felt surprised. He discovered that Ye Yuan really paid no attention to this Limitless God Killing Bow.

Not only this young man had formidable strength and his comprehension ability was extremely high, but his mind was also exceedingly terrifying too.

Even an old monster like him found it hard to control himself when he saw the Limitless God Killing Bow, and yet Ye Yuan could actually remain aloof and indifferent.

Pausing for a bit, Ye Yuan continued, "Oh, right. Senior Quicksand, this Ye has something to ask for advice."

Heavenly Emperor Quicksand was grateful for Ye Yuan's life-saving grace and hurriedly said, "Dare not talk about giving advice. Whatever Little Friend Ye has, just ask away."

Ye Yuan said, "According to what I know, above Heavenly Emperor is Dao Ancestor. That Daymeld talked about Deva Fourth Bligh powerhouses What was it all about?"

Ye Yuan's understanding of cultivation realms mostly came from Dustless.

But Heavenly Emphyrean Immortal Grove was merely a peak Emphyrean, and he did not know about the secrets above Heavenly Emperor at all. There was naturally no way of mentioning Deva Realm too.

Heavenly Emperor Quicksand was a late-stage Heavenly Emperor supreme powerhouse. So he was bound to know some secrets.

"It's also normal that Little Friend Ye doesn't know. Deva Realm powerhouses, those are all figures high above the clouds, this Heavenspan World's true hegemony! Even though Heavenly Emperors have long lifespans, it will be exhausted one day. Ordinary Heavenly Emperors, if they die, they die. But after one's strength reaches Seventh Firmament Heavenly Emperor, every trillion years, they will experience a blight tribulation! There are a total of five blight tribulations, going by Deva Five Blights. Each blight tribulation will be a life-and-death trial. Countless Heavenly Emperors have died during the blight tribulations. However, once a blight tribulation is weathered through, it will be a nirvanic rebirth, and one will glimpse a portion of Heavenly Dao source, their strength greatly improving from there. This realm is Deva Realm!" Heavenly Emperor Quicksand explained.

Ye Yuan felt enlightened when he heard that, only then, knowing what was Deva Realm.

It turned out that there was actually still such a realm between Heavenly Emperor and Dao Ancestor.

This realm was also the Transcendent Heavenly Emperor that Dustless talked about in the past.

It was just that with Dustless's level, he could not come into contact with such existences yet. That was why there was a misunderstanding.

Even though Heavenly Emperors were unable to become Dao Ancestors, they could glimpse the source of Heavenly Dao through the Deva blight tribulations, reaching the level of 'Dao' from there.

He also finally understood why Seventh Firmament Heavenly Emperor powerhouses would be called supreme powerhouses.

It was because they had to face the baptism of the Deva blight tribulations at any time.

"Then how strong are Deva Fifth Blight powerhouses? Daymeld said that he once slew before a Dao Ancestor-like existence. Could it be that Dao Ancestors aren't invincible?" Ye Yuan asked curiously.

Heavenly Emperor Quicksand smiled bitterly and said, "Forget about Deva Fifth Blight, even Deva First Blight powerhouses are outrageously strong! Once a Seventh Firmament Heavenly Emperor transcends a blight tribulation, it will be sufficient to instantly kill Ninth Firmament Heavenly Emperor powerhouses! Of course, Seventh Firmament Heavenly Emperors that can transcend the tribulation are one in a million. Without sufficient accumulations, crossing a blight tribulation is equivalent to seeking death. As for how long Deva Fifth Blight is, this emperor really isn't too clear. Forget about Deva Fifth Blight, even Second Blight, those who can transcend it are also exceedingly few. Those able to reach Third Blight, Fourth Blight, are all this Heavenspan World's supreme figures!"

Pausing for a bit, he continued, "As for Dao Ancestor ... according to what I know, they are indeed stronger than Deva Realm. As for how much stronger, that's not what I can know. That level of existence isn't what this emperor can come into contact with at all. But I feel that even if Deva Fifth Blight powerhouses are inferior to Dao Ancestors, they should also be about the same, right?"

Clearly, Heavenly Emperor Quicksand could not come into contact with the truly formidable existences yet.

Ye Yuan's gaze flickered incessantly. Only at this point did he truly seem to understand the Heavenspan World.

But that Daymeld's strength was really formidable to the extreme.

Eight Deva Fourth Blight and above powerhouses were actually unable to kill him and could only suppress him here.

This guy's strength might really not lose to Dao Ancestors.

It seemed like wanting to know these secrets, he could only go and ask Sacred Ancestor High Priest.

Only that level of powerhouse would know such secrets.

"So that's how it is. Many thanks, Senior Quicksand! This Ye has other important matters and will take my leave here!"

Done talking, Ye Yuan's figure swept past, finding Ghost Emyrean Wild Blade in the crowd that was surrounding and watching.

"Hahaha ... this Dao artifact is this emperor's!"

Coincidentally at this time, among the three great Heavenly Emperors, there was finally someone who shook off the other two and grabbed hold of the Limitless God Killing Bow.

However, just as he was laughing wildly, the Limitless God Killing Bow erupted with rays of brilliant light.

An arrow flashed past, that Heavenly Emperor directly exploded, turning into nothingness.

When Ye Yuan saw the situation, he could not help shaking his head.

These Heavenly Emperors had lived to a ripe old age, but they could not gauge how much ability they had.

How could this level of treasure be what they could encroach upon?

"Go!" Finished talking, Ye Yuan brought Ghost Emyrean Wild Blade and left.

Not long after he left, several dozen powerful to the extreme auras arrived with a whistle.

Each person's aura was above Heavenly Emperor Quicksand!

Unrivaled Medicine God

Chapter 2247: There Would Be No Stories Without Coincidences!

Ye Yuan brought Wild Blade away and looked for a hidden place. He laid down compact array formations and started his closed-seclusion.

His mind stirred. A gray bead emerged and suspended in the air. It was precisely the Soul Suppressing Pearl.

It was just that the current Soul Suppressing Pearl had cracks on it, broken and damaged, virtually about to fall apart.

Ye Yuan took out the Silvernet Blood Essence and placed the Soul Suppressing Pearl on it, absorbing the Silvernet Blood Essence's vital essence.

This piece of Silvernet Blood Essence had its intelligence unlocked by Daymeld, had absorbed no idea how many soul bodies' power, and was already strengthened to the extreme.

Allowing it to carry on cultivating, this primordial spirit would be breaking through to Heavenly Emperor Realm very soon.

One could say that it was a king among Silvernet Blood Essences.

Ye Yuan controlled the Silvernet Blood Essence carefully, restoring the Soul Suppressing Pearl. In a blink, it was half a month's time.

The cracks on the Soul Suppressing Pearl were repaired bit by bit. The originally dim and dull Soul Suppressing Pearl finally recovered a trace of life.

Right then, a phantom slowly appeared in front of Ye Yuan. It was precisely Dustless!

Seeing Dustless waking up, Ye Yuan finally let out a long sigh in relief.

“Senior, you finally woke up! Ye Yuan was wilful and acted recklessly, and got you involved.” Ye Yuan said with remorse.

He would never regret it when he did things.

It was just that Dustless only became like this for the sake of protecting him. He naturally could not help feeling somewhat upset in his heart.

Dustless smiled and said, “Silly lad, is there still a need to be so courteous between you and me? This old man is an artifact spirit to begin with. When the ruler worries, the subjects feel insulted; when the ruler is insulted, the subjects die! Saving you is something within this old man’s duties! It’s just that ... that girl’s situation isn’t too good!”

Ye Yuan nodded his head, expression crestfallen.

With his present realm, he could naturally discern Mu Lingxue’s situation.

Mu Lingxue’s final trace of spiritual consciousness was already akin to a candle’s flame flickering in the wind. It was possible to extinguish at any time.

“I plan on going to the Priest Temple to find Sacred Ancestor High Priest. His strength is exceedingly formidable. Maybe he has some way to save Lingxue. If it still can’t work ... then there’s only going up the Heavenspan Mountain!” Ye Yuan said.

Going up the Heavenspan Mountain, the hope was extremely bleak.

This kind of divine medicine was hidden above the firmament of a million years.

Ye Yuan was not belittling his own capability, but with his present strength, wanting to climb to the level of Dao Ancestor, the likelihood was virtually zero.

And this was also the final method.

Fortunately, Ye Yuan’s cultivation speed was fast enough. The Soul Suppressing Pearl was recovering continuously and Dustless’s strength was becoming stronger without ceasing, that was how Mu Lingxue lasted until today.

Otherwise, Mu Lingxue’s soul would have long dissipated.

Dustless nodded and said, “Sacred Ancestor High Priest is a major power, an existence second only to Medicine Ancestor. If he’s willing to take action, there might really be hope.”

He had followed Ye Yuan all over the world. His knowledge of things had also become much more extensive.

In the past, following Heavenly Empyrean Immortal Grove, even if he had an outstanding talent, Sacred Ancestor High Priest was an existence that he could not come into contact with.

But Ye Yuan only used roughly 2000 years and did something that Immortal Grove could not do his whole life.

Although Dustless did not know about Deva Five Blights, he also knew that Sacred Ancestor High Priest was an existence above Heavenly Emperor, his means being immensely formidable.

Clearly, he had much more extensive experience than him, this soul body.

After Dustless waking up, he took the initiative to control the Soul Suppressing Pearl. The speed of absorbing the Silvernet Blood Essence sped up several times.

This Silvernet Blood Essence's quality was extremely high. It was a great tonic to Dustless and the Soul Suppressing Pearl.

Within three days, not only did the Soul Suppressing Pearl recover as good as new, it even improved a rank, becoming a middle-rank heavenly emperor spirit treasure. This made Dustless and Ye Yuan wild with ecstasy.

The stronger Dustless got, the more stable suppressing Mu Lingxue's spiritual consciousness naturally was.

Done with all these, only then, did Ye Yuan's heart calm down slightly. Dispelling the array formations, he brought Wild Blade out of the cave.

But the moment he came out, Ye Yuan could not help staring wide-eyed and tongue-tied.

Far away, space shattered. There were berserk spatial turbulent flows everywhere.

Straining his eyes and looking into the distance, how was there still any mountain range? How was there still any Asura Blood Pool?

The space of several tens of millions of miles was directly fought until it shattered!

However, the Heavenspan World's space was extremely stable. It was in the midst of slowly recovering.

Ye Yuan could not help linking it to those powerful energies when he left and had a clearer understanding of Deva Realm powerhouses again.

The Heaven Shocking Lightning that he threw out back then, it was at least an attack left behind by a late-stage Heavenly Emperor powerhouse.

Even middle-stage Heavenly Emperors did not have such horrifying power too.

As for Deva Realm, they even directly fought until space shattered, mountains moving and seas being leveled.

"No wonder it's said that the Doomsday Battle, if Deva Realm powerhouses all take action, that's virtually destroying heaven and decimating the earth! The entire Heavenspan World will probably be broken apart by them too. It would be weird if this world wasn't destroyed!" Ye Yuan exclaimed.

Dustless nodded and said, "The Ancient God Battlefield is probably the shattered ancient battlefield! There, countless Heavenly Emperors and Emyreans fell, it's indeed terrifying! The might of Deva Realm powerhouses is unimaginable!"

He learned of Deva Realm's existence from Ye Yuan earlier. Only then did he know that there was heaven beyond heaven.

Now that the divine race was about to come into being, this world would probably not know peace again.

Ye Yuan's mouth moved mutely twice, and he said with lingering fear, "Luckily ran far enough, if it was too near. I'm afraid we'd have directly been obliterated by these guys!"

The array formation that Ye Yuan laid down was completely unable to withstand a single blow in front of Deva Realm.

At that time, he was in closed-seclusion. A stray bullet being fired over and he would have evaporated.

His voice had yet to fade when a streak of flowing light landed from the horizon, landed right in the woods, smashing until the entire stretch of mountain range trembled.

Ye Yuan's gaze flickered slightly, thinking in his heart that it would not be so coincidental, right?

Running over to take a look, a large pit was already smashed out in the ground.

Inside the large pit, a figure was lying there, his aura extremely weak.

His hand was even grabbing a bow!

A golden bow!

Ye Yuan's gaze turned intent and he could not help drawing a cold breath.

That golden bow, what was it if not the Limitless God Killing Bow?

He was speculating just now, to be able to render the Asura Blood Pool until like this, it must have experienced an extremely horrifying great battle.

Most likely, the supreme Heavenly Emperors who perished were not even in small numbers.

In fact, there were even Deva Realm super powerhouses that took action!

Then, it was absolutely impossible for the hostilities to calm down so quickly.

That person who fell wouldn't have escaped from the battlefield, right?

With one look, it was really the case.

It was just that Ye Yuan did not expect that this person actually snatched away the Limitless God Killing Bow from the hands of numerous powerhouses!

Very clearly, he was being pursued by people until here!

Thinking up to here, Ye Yuan was filled with fear.

He rushed forward with a lunge, grabbed that person, and did a teleport.

Following that, Ye Yuan's fingers pointed repeatedly, laying down an extremely complex array formation on every side.

"Hundred Schools of Thoughts Nine Profound Heaven Subduing Grand Array, conceal!"

Ye Yuan gave a low cry, the formation formed!

In the woods, Ye Yuan and the surrounding scenery became a unified entity, concealing all auras.

Looking from the outside, one could not see through the slightest abnormality at all.

Ye Yuan had just finished doing all these when a gray-robed man descended from the sky, and he landed at the edge of the huge pit.

He looked at the giant pit, his gaze seemingly somber to the extreme!

"This huge pit was clearly just formed, but the person is actually gone! *Heh*, there's actually someone who dares kill-steal this emperor. This Heavenly Emperor wants to see where you can hide!"

Done talking, the gray-robed man rose into the air and fired out one terrifying attack after another towards the surrounding woods.

In a breath, the entire forest was reduced to shambles!

[Unrivaled Medicine God](#)

Chapter 2248: Sword Energy Healing Wounds!

Countless birds and beasts turned to ashes under the dreadful attacks.

Far away, there was pandemonium.

The fierce beasts were clearly frightened until they wet themselves, all fleeing like they went crazy.

The gray-robed man frowned slightly. Spreading out his divine sense, he swept over every inch of earth.

Deva Realm powerhouse, how powerful was his divine sense?

Even if it was a tiny worm, it could forget about escaping his probing too.

He slowly flew forward, divine sense like radar, scanning over whole stretches, not leaving out a trace.

In the array formation, Ye Yuan even held his breathing, not daring to let out the slightest trace of movement.

Fortunately, the Limitless God Killing Bow's aura was already mostly sealed by this person. Otherwise, even if he had the ability to connect to the heavens, he could not hide its aura too.

Feeling the earth quaked and mountains swayed, Ye Yuan felt slightly surprised in his heart.

The strike of a Deva Realm powerhouse was too terrifying!

His teleport was probably several hundreds of thousands of miles, but he could still feel the other party's attack.

Very soon, an extremely strong aura came close from afar.

Ye Yuan's heart pounded heavily. He did not know whether or not his array formation could hide from a Deva Realm's probing.

His array formation already glimpsed right at the source, his attainments exceedingly high.

Even if a Heavenly Emperor came, he did not fear either.

But, Deva Realm, this realm, was completely unknown to him.

A peerlessly tyrannical divine sense swept across the land. Ye Yuan's heart leaped to his throat.

Fortunately, when this divine sense swept past, it did not discover his existence, flying over into the distance.

Ye Yuan's heart finally landed back in place.

However, Ye Yuan did not dare to lower his guard and did not pull back the array formation immediately.

Sure enough, another powerful divine sense descended once more, sweeping across.

Only then did Ye Yuan discover that there were two Deva Realm powerhouses searching for this man in white.

The following three days, these two people took turns to search in this vicinity, over and over again.

Only all the way until three days later did the two people's probing disappear.

Ye Yuan was very careful, hiding an entire day in the array formation before coming out.

After coming out, Ye Yuan did not dare to stay, bringing that man and directly teleporting away.

No idea how far they ran either, only when Ye Yuan felt that it was safe did he find a quiet place to land.

He thought about it, arriving outside a cave with a teleport. He then fired out one restriction after another above the void.

These restrictions were without form or substance but formed an enormous web within a radius of ten thousand miles.

These restrictions did not have the effect of harming, but as long as someone touched the restrictions, he would immediately know.

Deva Realm powerhouses, their strength was too terrifying. Ye Yuan did not wish to die with no clear reason whatsoever.

Only after bustling around for the greater part of the day did he return to the cave.

Wild Blade's expression was ugly as he said, "Young Master, wouldn't directly killing this person and taking this Limitless God Killing Bow do? It's very dangerous for us like this! Those two Deva Realm powerhouses definitely won't be willing to drop the matter!"

Ye Yuan shook his head and said, "I have no grudge or enmity with him. Murdering people and snatching treasure this sort of thing, I can't do it."

Ghost Empyrean Wild Blade had an expression like he saw a ghost. Clearly, he was unable to understand Ye Yuan's actions.

In his impression, Ye Yuan was not a benevolent and softhearted person.

In the Asura Blood Sea, those few Heavenly Emperors who provoked Ye Yuan were all directly finished off by him.

Why was he showing petty kindness now?

Ye Yuan knew what Wild Blade was thinking and said coolly, "For real men, some things are necessary, while other things absolutely mustn't be done! When you follow me for a long time, you'll understand. Alright, you go outside and guard, I'll treat his wounds for him!"

Wild Blade was helpless and could only guard outside the cave.

Ye Yuan looked at the man in white clothing and said coolly, "Stop pretending, these words weren't said for you to hear."

It turned out that this man in white had long already woken up, but he was pretending to be unconscious.

It was just that how could he hide from Ye Yuan like this?

The man in white slowly opened his eyes, looking at Ye Yuan with a look of vigilance.

His hands gripped the Limitless God Killing Bow a little tighter.

Ye Yuan laughed in spite of himself and said, "To dare snatch away the Limitless God Killing Bow from the hands of Deva Realms, I have to admire your courage! But even if you snatch it, you also don't have the life to use it."

Hearing Ye Yuan say so, the expression of the man in white could not help turning dim as he said with a sigh, "I'm about to ... transcend the first blight tribulation right away. <y ... accumulations aren't enough. W-Without the destiny to suppress, I'll die without a doubt! W-Why not take the chance then?!"

The man's injuries were extremely severe. Saying these words made the expression on his face extremely contorted, his complexion also became a little paler.

The corners of Ye Yuan's mouth twitched slightly. It seemed like the terrors of Deva blight tribulations were still above his imaginations.

This man in white was a Ninth Firmament Heavenly Emperor but did not even dare to cross the blight tribulation.

Ye Yuan did not get long-winded. Carefully inspecting his injuries, he was secretly shocked in his heart.

This person's injuries were extremely severe. Extremely terrifying Dao accumulations were retained within his body, wrecking his bodily functions continuously.

Furthermore, even his small world was punched through. His situation rather similar to Ye Yuan's back then.

It seemed like he unleashed all of his methods in order to escape.

However, this person did not have Ye Yuan's formidable fleshly body and life force.

At most half a month, he would die without a doubt!

Furthermore, through this person's injuries, Ye Yuan could also distinctly feel how strong a Deva Realm's strength was!

When his divine essence entered the white-clothing man's body and came into contact with those remnant Dao accumulations, it was like encountering a terrible monster, directly being washed away.

That tyrannicalness was seemingly like facing Heavenly Dao.

Ye Yuan also expended a Herculean effort before figuring out the situation within his body.

After he was done inspecting, Ye Yuan said coolly, "There is no hope."

The white-clothed man's expression turned dim and he said with a nod, "I know! Unless the Medicine Ancestor is here, otherwise ... I'll die without a doubt. After I die, you ... take away the Limitless God Killing Bow then!"

His own body, he naturally knew himself. There was simply no way of remedying the situation.

Forget that Ye Yuan was just a measly little Eight-star, even if he was an Eight-star Alchemy God, he could not treat the injuries left behind by a Deva Realm too.

Ye Yuan's mouth curled and he said disdainfully, "If the Medicine Ancestor was here, do you think that he'll save you?"

The white-clothed man smiled miserably and said, "The Medicine Ancestor ... is aloof from the masses. Why would he pay attention to the life and death of an ant like me?"

Ye Yuan said coolly, "At least you have a bit of understanding of yourself! Relax, with me around, you won't die! However, I'm temporarily unable to help you restore your cultivation. You're currently ... just a cripple."

The white-clothed man's gaze turned intent, immediately smiling bitterly and said, "This Heavenly Emperor is merely someone who's about to die. You don't have to console me anymore."

Ye Yuan could not be bothered to waste his breath with him. Forming his fingers as a sword, a tiny pale-yellow long needle appeared at Ye Yuan's fingertips.

This long needle was actually condensed with sword energy!

Ye Yuan moved like lightning, pricking the sword-needle onto the major acupoints all over the body of the man in white.

The white-clothed man gave a muffled groan, only feeling one stream of sword energy after another being sent into his body, wandering within his body.

At this moment, he hurt until he could not speak, but he was shocked to the extreme in his heart.

Sword Dao source!

This guy was just Empyrean Realm, but he actually comprehended Sword Dao source!

What was even scarier was that this guy actually treated sword energy as a golden needle to stab the acupoints!

What kind of terrifying control power did this require?

Just who ... in the world was this boy?

Ye Yuan's fingers pointed, guiding the sword energy to wander within the white-clothed man's body.

It was only to see him guide with his sword finger. A powerful force flew out of the wounds.

Chapter 2249: Heavenly Eye

Above the sky of the huge pit, three figures slowly appeared.

The person in the middle had a sagely appearance, wearing a dark blue daoist robe.

While the other two people, one of them was precisely that gray-robed man who appeared that night above the huge pit.

There was another person, but he was a ghost path Heavenly Emperor!

The old daoist stroked his beard as he said coolly, "Shui Yuan, Lonesoul, two fellow daoists, you can find this old man to cast spells, but the benefits promised, don't forget it!"

The muscles on the face of the gray-robed man, Heavenly Emperor Shui Yuan, twitched, and he said in a solemn voice, "Fellow Daoist Heavenly Eye, rest assured. You've already received half of the deposit. Are you still afraid that we'll renege on the debt?"

Heavenly Emperor Lonesoul also said, "Old Fart Heavenly Eye, forget that you demanded an exorbitant price! But you must help us find that guy!"

Heavenly Eye chuckled and said, "A Dao artifact coming into being, such a precious treasure is too valuable. This old man naturally can't state a cheap price. As for finding the person, you all rest assured, if I, Heavenly Eye, say that I'm second, there's absolutely no one who dare to claim that they are number one!"

Shui Yuan frowned and said, "Hurry up and start then!"

Heavenly Emperor Heavenly Eye nodded slightly, hand-seals moving swiftly, and he gave a cold cry, "Heavenly eye, open!"

It was only to see that a third eye actually grew out between his eyebrows.

The moment this eye appeared, it seemed to see through everything, giving Shui Yuan and Lonesoul two people a hair-raising feeling.

"This old fart's prowess is getting increasingly profound!" Shui Yuan said in shock.

Heavenly Emperor Heavenly Eye's gaze swept over the huge pit and could not help shaking his head as he said with a sigh, "This place has already had all traces obliterated by you! Even if there's anything, I can't see it either."

Shui Yuan's expression turned stiff and he said awkwardly, "At that time, when that guy landed, he smashed a large hole in the ground. I arrived right on his heels, but I couldn't see him. I guessed that he might have been saved by someone and planned on forcing them out."

Heavenly Emperor Heavenly Eye nodded slightly and said, "Go to other places and search for a bit then. As long as he leaves behind any clues or inkling, it definitely can't escape my heavenly eye."

Done talking, Heavenly Emperor Heavenly Eye brought the two people and searched in the vicinity.

This search was ten days and ten nights!

An area with a radius of a million miles was searched several times by the three people, but they did not discover the slightest trace.

Finally, Heavenly Emperor Lonesoul could not endure anymore and sarcastically, "Fellow Daoist Heavenly Eye, didn't you say that it can't escape your arcane eyes? Could it be that that guy brought the Dao artifact and evaporated into thin air?"

Heavenly Eye's expression was very ugly, the boasting previously had gone overboard.

These ten days, he expended tremendous effort to search but did not find a trace of clues too.

Having accepted people's benefits, he found it embarrassing too.

"Mn?" Suddenly, his gaze turned sharp, and his footsteps stopped.

Seeing that Heavenly Eye seemed to have discovered something, Shui Yuan and Lonesoul's minds quivered.

Heavenly Eye's gaze landed at a corner of the woods. That place had layer upon layer of mountains, the trees dense, the terrain very complicated.

"We've searched this area many times before and didn't discover anything!" Shui Yuan said.

Heavenly Eye did not speak. His gaze became more and more serious. His third eye erupted with rays of brilliant light. An aura of source spread out.

"Hiss ..."

Heavenly Eye drew a breath of cold air and said solemnly, "What a crafty fellow! What an ingenious array formation!"

Shui Yuan two people were uncertain what it meant and said, "What discovery is there, Daoist Heavenly Eye?"

"Follow me!"

Heavenly Eye brought the two people and landed in the forest. The place that they were standing was precisely Ye Yuan's land of concealment previously.

Heavenly Eye walked around the surroundings and exclaimed with admiration, "No wonder we searched several dozen times and didn't discover anything, it's simply superb craftsmanship excelling nature, a marvelous work of art!"

Lonesoul's face fell and he said, "Stop leaving us hanging! Quickly tell us!"

Heavenly Eye said, "Someone made use of the environment here and set up a seamless array formation, fusing into one entity with the surrounding environment. The person used the layering of space to conceal their aura! Even if divine sense sweeps past, you all can only sense a forest! The person who laid down the formation is absolutely a formation path expert! With such strength, I'm afraid that he might already be Deva Realm!"

Shui Yuan two people's faces changed wildly. It turned out that he was right under their eyelids!

"This is impossible! if it's a Deva Realm formation path powerhouse, why would he hide?" Shui Yuan said.

"This ... "

Heavenly Eye could not help choking when he heard that and said, "This array formation is extremely ingenious. Ordinary rank eight formation gods will find it hard to attain it too. If not for my heavenly eye discovering a trace of spatial undulation aura, I wouldn't be able to discover it at all! What can he be if not a Deva?"

Shui Yuan two people could not make up their minds too. After all, being able to hide from their divine sense probing, it was definitely not what ordinary people could do.

Moreover, they practically dug three feet into the ground in this radius of a million miles!

"Heavenly Eye, don't you have time recall? Hurry up and take a look!" Lonesoul suddenly said.

Heavenly Eye nodded slightly, both hands pointing at his eyes as he said, "Time recall! Heavenly eye, open!"

His third eye suddenly opened, emitting rays of light. An aura that came from the Great Dao source suddenly descended.

Then, one scene after another seemed to be rewinding, playing back.

Suddenly, a young figure flew in reverse and returned. He brought along a ghost empyrean and a man in white clothing by his side.

"It's him!"

Seeing the man in white, Shui Yuan and Lonesoul cried out in surprise at the same time.

The scenery faded, the three people exchanged a glance, all seeing the thick shock from the other parties' eyes.

“Empyrean! The one who rescued this guy was actually just an Empyrean! This array formation was actually just set up by an Empyrean!” Heavenly Eye said in shock.

Earlier, he actually thought that it was a Deva Realm formation master!

This disparity ... was too inconceivable.

Suddenly, Shui Yuan’s gaze turned cold and he said in a solemn voice, “A mere Empyrean also dares to pull a tooth from a tiger’s mouth? He’s really tired of living! Fellow Daoist Heavenly Eye!”

Heavenly Eye nodded slightly, since they found the source, then finding the person naturally would not be difficult either.

Only to see his heavenly eye open, one trail after another quietly unfolded in front of him.

The three people chased after Ye Yuan’s tracks.

... ..

These few years, the shock in Riverword’s heart great increasingly stronger.

This measly little Empyrean in front of him actually really forced out the Dao accumulations within his body little by little!

His injuries were gradually improving.

Ye Yuan used sword energy golden needles to seal the acupoints in his body shut and isolated the Dao accumulations within his body little by little.

Then, dividing and attacking, he forced it out of the body bit by bit.

Talking about it was simple, but that was Dao accumulations, injuries left behind by Deva Realm powerhouses!

A measly little Empyrean actually forced out the Dao accumulations of Deva Realm powerhouses.

This kind of thing, even Heavenly Emperors could not do it!

The shock in Riverword’s heart could be imagined.

“Huff ... I finally forced it all out! Deva Realm powerhouses are indeed extraordinary!” Ye Yuan wiped the sweat on his head and said in surprise.

The healing this time was the most troublesome one for him up to this date.

Those Dao accumulations rampaged recklessly within Riverword’s body and were incomparably ferocious.

Only his source sword energy could accomplish it to this degree.

Even so, he was also trembling with fear and trepidation, akin to treading on thin ice.

Many streams of aura ran amuck in the meridians. Furthermore, Ye Yuan could only guide them.

A slight carelessness and Riverword would directly croak.

Fortunately, everything was still rather smooth, finally saving this fellow.

After he was done, Ye Yuan threw him a medicinal pill and said coolly, "Eat that. It will help with recovering your meridians."

Chapter 2250: Cant Escape!

"Hiss ... A rank seven end spirit divine pill!"

Riverword could not help drawing a cold breath of air when he received the medicinal pill.

A rank seven end spirit divine pill, it was still his first time seeing.

This medicinal pill was too precious!

"Little Friend Ye, c-could you be the Medicine Ancestor's disciple?" Riverword asked carefully.

The more he thought, the more he felt that it was possible.

Ye Yuan actually did not care about the Limitless God Killing Bow at all and was proficient in medicine, and then he took out that end spirit divine pill!

Young of age and he already reached the Empyrean Realm.

Apart from the Medicine Ancestor's disciple, who else had such ability?

However, he did not think that Ye Yuan had the ability to refine end spirit divine pills. It must have been given by the family's elders.

But Ye Yuan was taken aback and laughed in spite of himself as he said, "Medicine Ancestor's disciple? *Huhu*, he's probably thinking of how to get rid of me currently, right?"

It was Riverword's turn to be stunned this time. These words sounded like it was somewhat angry!

Not that Riverword was ignorant and ill-informed, but that his level was too high, so he had not heard of Ye Yuan's name before.

Moreover, these few years, he had been searching for lucky chances outside to transcend the tribulation all along. He never heard about the Southern Border's affairs at all.

Otherwise, anybody else would have long guessed Ye Yuan's identity.

"Not the Medicine Ancestor's disciple? Then you ..." Riverword said hesitantly.

Ye Yuan smiled and said, "You can think of me as his future enemy."

'Ask Not' two words revealed the Medicine Ancestor's personality.

Ye Yuan knew that one day in the future, he would surely clash with the Medicine Ancestor.

The corners of Riverword's mouth twitched slightly, feeling that Ye Yuan was somewhat boasting.

The Medicine Ancestor could be said to be a god-like existence in the Heavenspan World.

His Alchemy Dao was invincible!

Which genius did not set him as the goal? But in the end, they were all not his match.

Of course, Ye Yuan was no exception either.

Riverword laughed dryly twice and said, “*Huhu*, many thanks for Little Friend Ye’s life-saving grace.”

Ye Yuan naturally saw through Riverword’s disbelief, but he also could not be bothered to explain. Right at this time, his expression changed wildly, bringing Riverword and Wild Blade, and teleporting away from the cave.

... ..

Slightly earlier.

Heavenly Eye three people followed Ye Yuan’s tracks and finally found the place where Ye Yuan was hiding.

“Hold on!” Heavenly Eye suddenly said.

Shui Yuan two people immediately stopped.

Heavenly Eye chuckled and said, “It’s all restrictions everywhere in the void here. As long as you touch it, that boy will know!”

Shui Yuan said without a care, “Know then know. A mere Empyrean, can he still run away?”

Heavenly Eye secretly cursed the fool and said, “This brat could bring that person away in such a short time and even lay down such an ingenious array formation. Don’t you find it strange?”

Shui Yuan two people’s hearts thumped. Only then knowing that they were reckless.

For ordinary Empyreans, it was completely impossible to do so many things within such a short time.

Unless he had special means!

“This ... How did he do it?” Shui Yuan said.

Heavenly Eye cursed fool again and said, “If my conjectures are right, he must be adept in spatial law! From the distance of his teleportation, his spatial law has at least already reached peak rank six!”

Shui Yuan two people exchanged glances and could not help feeling secretly shocked. This kind of spatial law attainment, one teleport would be several hundreds of thousands of miles.

With their Deva Realm speed, wanting to catch up would be rather troublesome too.

“Fortunately we invited Fellow Daoist Heavenly Eye to take action this time. Otherwise, the two of us will really find ourselves at a loss!” Shui Yuan quietly sent a compliment over.

Heavenly Eye smiled coldly and said, “Now, do you all still feel that it’s worth this price or not?”

The two people each nodded their heads in acknowledgment, being whole-heartedly convinced.

“Fellow Daoist Heavenly Eye, this time, it’s all thanks to you for taking action.”

Heavenly Eye looked at the restrictions in front of him and said with a cold smile, "This kid probably never would have thought that this emperor is a formation path expert too! How can this bit of restrictions stump me?"

Heavenly Emperor Heavenly Eye's cultivation was all on the three eyes.

Especially the third eye, it could see through the fabricated, prying right at the source.

And this advantage of his, cultivating Formation Dao would also yield twice the results with half the effort.

By relying on Formation Dao and ocular arts, he even cleared the first blight tribulation, achieving Deva Realm!

Ye Yuan was currently still unaware that Shui Yuan actually invited this major power, and was completely oblivious that danger was currently closing in.

Heavenly Eye inspected the restrictions carefully and discovered that it was just some simple prompting restrictions, and could not help having a disdainful look.

It was only to see him move like lightning, pointing one finger out after another. A restriction that Ye Yuan set up fell apart quietly.

Shui Yuan two people were by the side, exclaiming in wonder again.

Heavenly Eye was currently being pleased with himself when suddenly, his expression changed wildly.

In the void, countless restrictions lit up at the same time, akin to a huge continuous row of lights, presenting a splendid sight!

"Damn it! This is an interlinked restriction, as long as one is broken, the other restrictions will trigger at the same time! This brat is so scheming!" Heavenly Eye thumped his chest and stomped his feet.

Of course, he still had some things that he did not say.

Ye Yuan's interlinked restrictions were set up extremely covertly. He did not discover it at all!

In this aspect, Ye Yuan already beat him.

Losing to an Empyrean Realm brat, Heavenly Eye naturally felt a loss of face.

Shui Yuan two people had strange expressions. If they had long known it would be like this, might as well charge straight in.

Right at this time, there was a subtle undulation in space, making the three people's faces suddenly change.

"Spatial node technique! What a cunning brat, chase!" Shui Yuan did not say another word, directly shuttling into the void.

The other two people did not hesitate in the slightest too, chasing right after.

On the other side, Ye Yuan cast the spatial node technique and instantly escaped a million miles away.

Taking the preemptive strike, the chances of escaping for his life would greatly increase.

Ever since deciding to rescue Riverword, he knew that who he would face would be Deva Realm powerhouses, and was naturally also a little more cautious.

Even though he did not feel that Shui Yuan could find him, he was still extra careful.

The interlinked array formations outside were perfected by him finding some time these few days.

In addition, he even flew a million miles away and left behind quite a few spatial nodes, in case of unexpected needs.

He did not want to be encircled and suppressed by Deva Realm powerhouses.

He did not expect that it was really put to use.

This unforeseen turn of events made Riverword stunned.

Following that was shock.

This Empyrean Realm brat in front of him, his mind was really hair-raisingly meticulous, actually leaving behind so many contingencies.

If not for Ye Yuan being incredibly careful, they would already be three dead people now.

Ye Yuan saved him again.

“So fast!”

Three powerful to the extreme auras arrived from behind with a whistle.

Three powerful to the extreme divine senses already completely locked onto him!

There was nowhere to run even if he wanted to anymore.

Ye Yuan felt the might of Deva Realm powerhouses once again!

It was still his first time meeting someone who could contend with him in terms of speed.

Riverword smiled bitterly and said, “Deva Realm powerhouses already came into contact with Heavenly Dao source. Their comprehension in spatial law is many times stronger than Heavenly Emperors’! Their spatial law might not be as strong as yours, but just in terms of speed, it’s still a notch faster than you! We ... can’t run away anymore!”

Those that came into contact with the source of Heavenly Dao were all extremely powerful existences.

Just like Ye Yuan’s Sword Dao source, the might was exceedingly formidable, and could even kill Daymeld that kind of existence!

Deva Realm’s strength was powerful until it made people despair like that.
