Chapter 2551: Ye Yuan's Business Sense

"B-Brother Tang, w-we were wrong. Please forgive us!"

A bunch of people knelt down before Tang Jinhua father and son.

These guards had already become one-armed men, but they still had to endure the severe pain to kowtow and admit their fault to the Tang Family father and son.

Looking at the group of guards in front of them who lowered their heads in admission of their crime, Tang Jinhua father and son felt very liberated.

None of these people went easy when they attacked just now.

If not for Second Prince and Master Yun arriving in time, they might have already been beaten to death!

The anger was pretty much vented. Tang Jinhua was just about to open his mouth and speak, but heard Ye Yuan suddenly point at Xie Hua and said quietly, "You, did you attack just now?"

Xie Hua's entire body trembled, his expression changing wildly.

Ye Yuan smiled slightly and said, "Looks like you attacked too! Why? Are you more special than them?"

Xie Hua immediately broke out in cold sweat and said fearfully, "I-I'm Nation Teacher's disciple! Master, I ..."

Lin Lan's gaze turned dark and he said, "Ye Yuan, give this nation teacher face and spare his arm. This nation teacher will make him kowtow and apologize for his crime to the Tang Family, and I will show additional generous thanks!"

To a heavenly alchemist, severing an arm was equivalent to losing one's alchemy career, equivalent to losing all glory!

These guards' strengths were still there.

But it would be doubly difficult for Xie Hua to want to refine pills again!

Ye Yuan grinned and said coolly, "How much is your face worth?"

Lin Lan's expression changed. Everyone sucked in a cold breath.

Even Second Prince and Lu Yun also broke out in cold sweat.

This was offending Nation Teacher to the core!

Of course, this was because they did not understand Ye Yuan.

He was actually a very amicable person. But don't touch his reverse-scale!

Once his bottom-line was crossed, even if you were the Jade Emperor, he would not give face either!

The Tang Family father and son getting abused innocently, this was his bottom-line!

If he did it, he would have to pay the price!

Pleading?

It did not exist!

Lin Lan said in a cold voice, "Ye Yuan, are you trying to fall out completely with this nation teacher?"

Ye Yuan said coolly, "So what if yes?"

Lin Lan laughed from extreme fury and said, "Good! Very good! It's really been a long time since anyone has dared to treat this nation teacher like this in this Eastward Country! You're very good!"

Ye Yuan laughed in spite of himself and said, "Alright, stop posturing! You haven't even passed your own hurdle yet!"

Lin Lan's face turned black, and he almost vomited blood.

Ye Yuan was indifferent and said coolly, "Why? Are you going to tear up the origin divinity contract? Our contract includes that whoever took action will cut off an arm!"

If Ye Yuan was willing, he could naturally exempt Xie Hua's punishment.

But he was not willing. This would be Lin Lan violating the origin divinity contract, the consequences were extremely serious.

Lin Lan's entire body shook and he gnashed his teeth in hatred and said, "Xie Hua, cut off your arm!"

"M-Master!" Xie Hua was almost crying.

"Master asked you to sever your arm, didn't you hear it?" Lin Lan practically roared it out.

Xie Hua had a look of despair, but he still refused to sever his arm.

Lin Lan frowned and immediately turned into an afterimage, arriving in front of Xie Hua.

Puchi!

One of Xie Hua's arms was actually forcibly torn off by Lin Lan.

Lin Lan suddenly turned around, glared at Ye Yuan fiercely, and said, "Are you satisfied?"

Ye Yuan's mouth curled, and he said, "Doesn't matter whether I'm satisfied or not. This is what he deserves!"

Lin Lan's eyes were full of killing intent and he said in a cold voice, "Go! Kneel down and apologize!"

Xie Hua almost passed out from the pain. But he did not dare to defy Lin Lan's order and could only come before the Tang Family father and son, and kowtowed in apology.

The Tang Family father and son exchanged glances and actually felt like they were sitting on pins and needles.

The delight from before already turned into alarm and horror.

Ye Yuan was too ruthless, this was not leaving any leeway in the slightest!

“Relax! If you can’t even withstand this bit of spectacle, don’t follow me in the future! If you guys feel that your anger isn’t vented, there’s no harm in killing a few for fun!” Ye Yuan said coolly.

The Tang Family father and son trembled all over and steeled their hearts, immediately feeling much tougher.

Ye Yuan was really too domineering!

They could not lose face either!

The Tang Family already had no path of retreat, there was only following Ye Yuan all the way.

Furthermore, following someone who was loyal to friends like Ye Yuan seemed to be a pretty good choice too!

It was just that in the eyes of the onlookers, Ye Yuan was a complete and utter lunatic!

If enmity was not settled amicably, there would be no end to it!

Offending Nation Teacher to the core in Eastward Country, what benefit was there?

Ye Yuan’s gaze looked toward Lin Lan, and he said with a faint smile, “Lord Nation Teacher, it’s your turn!”

The killing intent in Lin Lan’s chest currently billowed to the sky, and he was long already overwhelmed with rage.

But he was restraint by the origin divinity contract and did not dare to make a move at all.

His eyes were fixed on Ye Yuan, and he opened his mouth and said, “This nation teacher asks you one last time, are you really going to offend this nation teacher to the core?”

Ye Yuan smiled and said, “If you must think of it this way, then let me tell you, yes!”

Lin Lan’s two eyes almost narrowed into a slit.

Suddenly, he turned around, arrived before the Tang Family father and son, gave a deep bow, and said, “Gentlemen, I’m sorry!”

Finished saying this, he did not wait for the Tang Family father and son to agree, and he was going to turn around and leave. “Let’s go!”

“Wait!” Ye Yuan suddenly said.

Boom!

Lin Lan’s aura instantly rose to the peak, and he glared at Ye Yuan and said, “Brat, do you really think that this nation teacher doesn’t dare to kill you?”

Ye Yuan laughed and said, “Nation Teacher is advanced in age already. Your temper is still so bad! This Ye doesn’t have other meaning. It’s just that seeing so many people with severed arms, I can’t help but want to solicit some business.”

Finished saying, he said smilingly to those guards with severed arms, “Gentlemen, the Tang Family will launch an exclusive Jasper Regeneration Pill within five years! If you all want to recover your severed arm, remember to come and patronize the Tang Family’s business!”

Those guards trembled all over, looking at Ye Yuan with hopeful faces.

They were no strangers to the name Jasper Regeneration Pill.

In reality, this pill formula was not Gu Mao’s exclusive pill formula.

At least, there was this pill formula in Lin Lan’s hands.

But no one could refine the Jasper Regeneration Pill in Eastward Country!

Nation Teacher could not either!

If that the refining difficulty of the Foundation Establishment Heavenly Pill was entry-level, then the refining difficulty of the Jasper Regeneration Pill was demon-level!

The complexity of this heavenly pill exceeded imaginations.

It was hard for ordinary grade two heavenly alchemists to refine it too.

Lin Lan sneered and said, “What a joke! With just the likes of you, you can refine the Jasper Regeneration Pill within five years?”

Ye Yuan looked at Lin Lan with a smile that was not a smile and said, “Lord Nation Teacher, I feel that your gambling integrity is pretty good. Why not, let’s make another bet? I’ll give you another chance, if I can’t refine the Jasper Regeneration Pill within five years, I’ll be at your disposal, how about it?”

“I ...” Lin Lan’s words reached his mouth and were forcibly swallowed back.

This ascender in front of him was seriously too bizarre!

Who knew whether he could really refine it within five years or not!

“Ha, if you don’t dare to bet, don’t talk nonsense here!” Ye Yuan said with a cold smile.

Lin Lan exploded!

He said in a great rage, “Brat, this nation teacher will make this bet with you! If you can’t refine the Jasper Regeneration Pill within five years, this nation teacher will definitely make you die very horribly!”

The moment Ye Yuan heard, he was amused and said, “Okay! If I can refine it, why don’t you give this position of nation teacher up to me? How about it?”

[Unrivaled Medicine God](#)

Chapter 2552: Highly Popular!

“If you can really refine the Jasper Regeneration Pill, it will mean that your strength is above this nation teacher’s! So what if I let you be the nation teacher?” Lin Lan said with a cold smile.

There was a gap of 108,000 miles between the Foundation Establishment Heavenly Pill and the Jasper Regeneration Pill.

As a grade two heavenly alchemist, he was also unable to refine the Jasper Regeneration Pill to this day. This was sufficient to indicate a problem.

It was true that Ye Yuan's talent was strong, but what he displayed just now, he had clearly already reached his limit.

This indicated that the shortcoming of affinity still had an impact on Ye Yuan.

Furthermore, it was not small!

Wanting to refine the Jasper Regeneration Pill within a short five years was simply a fool's talk!

Being enraged, Lin Lan just wanted to doom Ye Yuan to death.

Therefore, he bet with Ye Yuan again!

The two made an origin divinity contract, stunning everyone present.

This Ye Yuan really desired to see the world plunged into chaos!

"*Huhu*,?Lord Nation Teacher, thank you very much for your generosity!" Ye Yuan said with a smile.

Lin Lan sneered and said, "You just pray that you don't end up in this nation teacher's hands!"

Finished talking, Lin Lan left with the large group of troops.

A ransacking operation on a grand and spectacular scale actually ended in such a manner, making people's jaws drop.

Tang Yu father and son stumbled their way in front of Ye Yuan. Tang Yu said gratefully, "Thank you very much, Big Brother!"

Ye Yuan said coolly, "You already called me as you big brother, how can I ignore the Tang Family's affairs? Alright, you are already injured until like this. Hurry up and go back and nurse your injuries!"

But Tang Yu did not leave, having an appearance of wanting to speak but swallowing the words back.

Ye Yuan knew what he meant and said smilingly, "You're worried that I can't refine the Jasper Regeneration Pill?"

Tang Yu was a little embarrassed and nodded slightly.

Ye Yuan smiled and said, "Relax, a mere Jasper Regeneration Pill, how can it stump me, Ye Yuan?"

Lu Yun came up and said, "Young Friend Ye, you're also treating it too trivially! This Jasper Regeneration Pill, even grade two heavenly alchemists can't refine it. I'm afraid that it's unrealistic for you to want to refine it within five years!"

Ye Yuan chuckled and said, "Grade two heavenly alchemist? Wasn't that grade two heavenly alchemist just defeated at my hands too?"

Everyone exchanged glances and could not help being speechless.

... ..

“What did you say?! Nation Teacher ... lost? This ... How is this possible?” When Eldest Prince heard the news, he was shocked until he jumped up.

This news was seriously too shocking.

When his subordinate recounted the process, Eldest Prince was speechless for a long time.

How much thought and effort had he expended before getting Nation Teacher to take action against the Tang Family?

In the end, Nation Teacher actually suffered a crushing defeat!

Before this, Eldest Prince was extremely proud of himself with regards to this hand of cards.

In this imperial city, who else could save someone from under Nation Teacher’s hands?

Yet, Nation Teacher was defeated!

Defeated so thoroughly!

The plan that he expended countless efforts to make was ruined just like that.

Eldest Prince waved his hand and chased everyone out.

A gray-robed old man walked out from behind the curtain.

Eldest Prince let out a sigh and said, “Forget it! At any rate, Nation Teacher clashed with Old Second! It’s simply impossible for that Ye Yuan to win this five-year agreement! At that time, take care of Old Second again! Master Yu, wonder what’s your opinion about it?”

This gray-robed old man was called Huang Zhaoyu, Eldest Prince’s master.

Rather than saying this battle for the throne was the struggle between Eldest Prince and Second Prince, might as well say that it was the battle of magics between these two Greater Sublime Heavenly Stratum.

Huang Zhaoyu said, “Five-year agreement, it’s naturally good if Nation Teacher that side can win. But you have to keep other cards in reserve too!”

Eldest Prince said in surprise, “Master Yu, this is impossible, right? A one point heavenly alchemist is indeed incredibly shocking. But there’s no comparison between the Foundation Establishment Heavenly Pill and Jasper Regeneration Pill at all! The Jasper Regeneration Pill is something that even Nation Teacher can’t refine.”

Huang Zhaoyu smiled and said, “Before this, wasn’t there no one who thought that Ye Yuan could win too? But what about the final result?”

Eldest Prince choked and actually had nothing to say in reply.

Huang Zhaoyu said, “If you want that position of emperor, you have to consider everything that you do! It isn’t that you can sleep in peace after becoming emperor! Eastward Country isn’t an otherworldly paradise, there are powerful enemies casting covetous eyes all around, and there’s also the Jadetrue Heavenly Sect, this leviathan above it. A single misstep and it will be the outcome of the country being

ruined and the home lost! Do you think that becoming the emperor is so easy? These few years, which day was His Majesty not wary with extreme caution, akin to treading on thin ice? Otherwise, how would the two of you have this chance to compete for this position of emperor?"

Eldest Prince's eyes sank slightly, immediately feeling a strong pressure.

Indeed, compared to Royal Father, they were still much more inexperienced.

He gave a bow toward Huang Zhaoyu and said, "Master Yu, please give guidance!"

Huang Zhaoyu nodded and said, "I don't think that Ye Yuan can win either. But this Ye Yuan isn't simple! How cunning is old man Lu Yun? How could he make a losing proposition? Don't you forget what their bet is! If, I say if, that Ye Yuan really wins, he might very likely become the nation teacher! A heavenly alchemist who can refine the Jasper Regeneration Pill, even His Majesty isn't willing to offend either!"

Eldest Prince's pupils constricted, he really had not thought about this possibility.

If Master Yu's words came true, then he would be in danger!

"Master Yu, this ..." Eldest Prince said nervously.

Huang Zhaoyu said, "So, the first thing that you have to do now, is to investigate this Ye Yuan! The more detailed, the better! Only by knowing yourself and the enemy, can you fight a hundred battles without danger of defeat!"

Eldest Prince deeply felt that way too and nodded in response and said, "Then what about the second thing?"

Huang Zhaoyu said, "Those few from the Jadetrue Heavenly Sect have already become overlords! Even if you ascend to the throne in the future, you won't be able to bypass them too! If they don't nod their heads, you have no chance! Therefore, you must forge a good relationship with them! With their support, even His Majesty has to think thrice too! Only then, will there be no danger of anything going wrong!"

Eldest Prince's eyes became brighter and brighter, having a feeling of dispelling the clouds and seeing the bright moon!

... ..

The news of Nation Teacher being defeated instantly swept across the entire city!

Nation Teacher was defeated!

Nation Teacher actually lost to an ascender!

Furthermore, it was even an ascender who only had one point affinity!

This incident was seriously too explosive.

The entire imperial city was discussing this matter.

"You guys don't know this, but everyone treated that ascender as a clown! But in the end, when the Cloud Mount Mother Stone determined his pill as seventh grade, everyone was stunned!"

“Is it real or not? Is a one point affinity really so incredible?”

“Absolutely true! So many people saw it, can it still be fake??*Heh*,?middle seventh grade Foundation Establishment Heavenly Pill! The Tang Family is going to rise up! Just based on a Foundation Establishment Heavenly Pill, the Tang Family can overwhelm all the families in the imperial city!”

“Now that you said this, I really have to go to the Tang Family to take a look!”

... ..

In the main streets and alleyways, this scene could be seen everywhere.

A one point heavenly alchemist was an extremely sensational thing in itself.

Coupled with seventh grade Foundation Establishment Heavenly Pill, plus Nation Teacher Lin Lan’s crushing defeat, bowing in apology, it would cause a stir even if you did not want it to!

The Tang Family became the most popular family all at once.

The Foundation Establishment Heavenly Pill that Ye Yuan refined became the most popular heavenly pill in the entire city!

Each one was sold at a sky-high price!

Unrivaled Medicine God

Chapter 2553: Ninth Grade Golden Pill!

A Foundation Establishment Heavenly Pill, as the name suggests, it was the heavenly pill that consolidated one’s foundation and nurtured one’s essence.

It was the foundational medicinal pill among heavenly pills, but it was also one of the most important medicinal pills.

At the beginning of cultivation, whether the foundation was good or bad, it had a direct relationship with one’s future achievements.

The higher the quality of the Foundation Establishment Heavenly Pill, the more solid the foundation of the martial artist would naturally be.

On the markets, the price of an upper third grade Foundation Establishment Heavenly Pill was already very considerable. It could be sold for 50 heavenly crystals.

One had to know, one heavenly crystal could let an ordinary person live for as long as a year in the imperial city!

A fourth grade Foundation Establishment Heavenly Pill, the price was directly double!

Even the price of the worst lower fourth grade heavenly pill had to reach 100 heavenly crystals too.

As for a fifth grade Foundation Establishment Heavenly Pill, it had to be sold for at least 500 heavenly crystals.

Of course, this was just in theory.

Lin Lan had not taken action to refine Foundation Establishment Heavenly Pills for many years already. It was naturally impossible to want to see fifth grade Foundation Establishment Heavenly Pills.

Therefore, fifth grade Foundation Establishment Heavenly Pills were basically just a legend.

Then, the scarcity of seventh grade Foundation Establishment Heavenly Pills could be imagined.

Furthermore, when the quality reached seventh grade, it would tend to go from a quantitative change to qualitative change. The heavenly pill would often have some inconceivable fringe effects to develop the human body's potential.

Therefore, the Foundation Establishment Heavenly Pill that Ye Yuan refined became a sought-after item in an instant.

Each seventh grade Foundation Establishment Heavenly Pill that the Tang Family put out was often hiked to a sky-high price of ten thousand heavenly crystals!

Many martial artists simply shrank back at the sight of it!

But there was no choice either. Cultivation was something that burnt money to begin with.

Therefore, the strong grew stronger and the weak grew weaker.

And the popularity of the Foundation Establishment Heavenly Pill also drove the various businesses of the Tang Family.

The Tang Family made a lot of money.

Even Second Prince could not sit still anymore!

Lu Yun brought Second Prince and paid a visit to ask for pills!

"Younger Brother Tang Yu, I say, this prince has treated you pretty well these few years, right? In a while, when Master Ye exits seclusion, you have to put in a good word for me!" Second Prince said with earnest.

Now, even Second Prince's term of address for Tang Yu changed.

Calling younger brother, the tone carried currying favor.

This kind of attitude was unimaginable in the past.

What kind of status did Second Prince have and how proud was he? How could he address a measly little family's young master as a brother?

But now, everything changed.

Tang Yu could not help feeling vicissitudes of emotion, feeling that when he was forced to call 'Big Brother' back then, it was really the wisest decision in his life!

"*Huhu*,?Second Prince Your Highness, don't need to worry! Actually, you don't need to beg me, Big Brother is most loyal to friends! Back then, Master Yun stood firmly on his side. Just based on this, you won't go without a Foundation Establishment Heavenly Pill! Furthermore, this time, Big Brother even

made me invite Younger Sister Xuezheng. There's likely to be a big play leaving seclusion this time!" Tang Yu said with a smile.

Ye Yuan's closed-seclusion this time had been a while again.

Before going into a retreat, Ye Yuan specially instructed Tang Yu to invite Yang Xuezheng over.

Clearly, there were benefits to give her.

Ye Yuan refined so many Foundation Establishment Heavenly Pills previously and did not even give it to his own people.

Very clearly, this was saving the even better things for his own people!

Eighth grade?

Even thinking about it felt a little exciting!

So many years have passed, the present Yang Family also could not compare with the past anymore.

With the Tang Family father and son's guidance and support, the Yang Family was also one of the few large family clans of the imperial city now; enough to rank in the top five.

Hearing Tang Yu's words, Second Prince's body trembled all over and he said with pleasant surprise, "Is this true?"

Tang Yu nodded and said, "It's true"

Right then, Xiao Qi ran in, gave a bow to everyone, and said, "Master Ye has exited seclusion. Everyone, please go over!"

Everyone's mind could not help trembling, sprinting over.

Seeing Ye Yuan, Tang Yu said with a look of excitement, "Big Brother! Is there some good stuff this time?"

Ye Yuan smiled and said, "Huhu, you guessed it again! That's right, there's indeed good stuff!"

The moment Tang Yu heard, he was overjoyed and said, "Big Brother, could it be that ... you broke through to eighth grade?"

Ye Yuan took out an exquisite wooden box, handed it to Tang Yu, and said smilingly, "This is yours!"

Then, he passed Yang Xuezheng a wooden box and said, "Xuezheng, this is yours!"

Subsequently, Tang Jinhua, Lu Yun, Jiang Yu, also each received a wooden box.

Only Second Prince did not.

Depressed!

Seeing Second Prince being coy and shy there like a little wife, Tang Yu could not resist asking, "Big Brother, Second Prince has helped the Tang Family out considerably these few years. Can you ... also give him a Foundation Establishment Heavenly Pill?"

With Second Prince's identity, he had naturally eaten Foundation Establishment Heavenly Pills before too. Furthermore, the grade was not low.

Lower fifth grade!

But, what did lower fifth grade Foundation Establishment Heavenly Pills count for in front of seventh and eighth grade?

As long as he could swallow a seventh grade Foundation Establishment Heavenly Pill, he might be able to breakthrough to grand completion Lesser Sublime Heaven very quickly!

Ye Yuan gave Second Prince a glance, thought about it, and also took a wooden box and handed it over to him.

Tang Yu could not quite hold back his excitement and said, "Big Brother, can I open it to take a look?"

Ye Yuan smiled and said, "Go on!"

Tang Yu chuckled and opened the box very carefully.

The slit opened up in the box and a dazzling golden light seeped out of the crack.

Apart from Ye Yuan, everyone present trembled all over, their eyes revealing extremely shocked expressions.

"Golden light! N-Ninth grade golden pill! C-Could this be a ninth grade golden pill?" Lu Yun cried out involuntarily.

Hearing 'ninth grade golden pill' these four words, Tang Yu's hand almost trembled and threw away the box.

These four words were too magical!

Those were the four words that existed in legends!

It was merely just legends!

When heavenly pills entered ninth grade, they did not need to use the Cloud Mount Mother Stone to test it anymore.

Because a golden-colored medicinal pill was the hallmark of ninth grade!

However, everyone knew about ninth grade golden pills, but no one had ever seen one before.

Because nobody could refine a ninth grade golden pill at all!

Forget about a tiny little Eastward Country, even in the entire True Yang Heavenly Domain, it was unheard of that anyone could refine a ninth grade golden pill too!

Even the most, most simple Foundation Establishment Heavenly Pill!

When heavenly pills reached seventh and eighth grade this level, sometimes, it was not what 'effort' this word could improve anymore.

This level reached the point to compete in talent!

Regardless of which profession, wanting to get started, you could do it as long as you put in enough effort.

But, if you wanted to reach the pinnacle in this line and promote to the ranks of masters, you needed sufficient talent!

And wanting to refine a ninth grade golden pill, the requirement for talent was almost freakish!

Tang Yu thought before that Ye Yuan could breakthrough to eighth grade.

But he never dreamed that Ye Yuan could reach ninth grade!

He never thought that he would actually have a chance to consume a ninth grade golden pill!

“Big Brother, this ... this ...” Someone who was as eloquent as Tang Yu was actually somewhat tongue-tied and choking at this time!

Ye Yuan smiled and said, “This is what you deserve! These few Foundation Establishment Heavenly Pills, yours and Xuezheng’s are upper ninth grade. Brother Lu and Jiang Yu’s are middle ninth grade. Tang Jinhua’s is lower ninth grade.”

Second Prince was taken aback and said, “Master Ye, then ... what about mine?”

Ye Yuan smiled and said, “Lower seventh grade!”

Second Prince’s face turned black, and he almost threw the wooden box on the ground.

This treatment was also too far off, right?

Chapter 2554: Cleansing the Marrow!

Originally, obtaining a seventh grade Foundation Establishment Heavenly Pill, Second Prince was already satisfied.

But now, with the others serving as a foil, seventh grade Foundation Establishment Heavenly Pill was useless.

Unappetizing and yet not bad enough to be thrown away!

“Why? Don’t want it? If you don’t want it, you can return it to me.” Ye Yuan said coolly.

Second Prince hurriedly took it back, thickened his skin, and said, “Want! Why won’t I want it!? *H-Haha!*”

Ye Yuan said, “Why I gave you seventh grade, you have a score in your heart! If not looking at the account of Brother Lu’s face, forget about seventh grade; there won’t even be first grade! Since you gambled on me, then you should have the most basic trust. I don’t like people who only pursue interests!”

Finished saying, he turned to Lu Yun again and said, “Brother Lu, this heavenly pill is for you. If you don’t want it, you can destroy it. But I don’t want it to be used on others.”

Lu Yun's expression changed, and he nodded slightly.

Clearly, Ye Yuan had already seen through his intentions.

He was currently planning in his heart to give his own ninth grade Foundation Establishment Heavenly Pill to Second Prince after returning.

Second Prince was depressed!

At this time, he wished to give himself two tight slaps.

Why did he have to speak out of turn at that time?

His mouth really owed a beating!

One sentence and two grades were gone!

Really expensive!

But after sending everyone away, Ye Yuan took out a wooden box.

A golden Foundation Establishment Heavenly Pill was placed inside.

It was just that the aura of this heavenly pill was different from the rest.

It was a golden pill but did not have a dazzling light.

The ninth grade golden pills that Ye Yuan gave Tang Yu and the others were all dazzling to the eyes, their aura imposing.

But this one was extremely restrained.

Restrained like it was not a ninth grade golden pill!

Ye Yuan's gaze flickered and he muttered to himself, "Foundation Establishment Heavenly Pill, I finally reached the realm of grand completion! Wonder what kind of effect this grand completion realm ninth grade golden pill will have!

This Foundation Establishment Heavenly Pill was not an ordinary ninth grade golden pill, but a ninth grade golden pill that returned to one's original simplicity after reaching the realm of grand completion!

A year had already passed since the wager with Lin Lan.

This one year, Ye Yuan did nothing and put all of his energy into the Foundation Establishment Heavenly Pill.

Finally, the closed-seclusion this time, he advanced the Foundation Establishment Heavenly Pill to grand completion!

These few years, through the legacies that Gu Mao left behind as well as the exchanges with heavenly alchemists such as Jiang Yu, Ye Yuan discovered the special aspects of the Foundation Establishment Heavenly Pill.

The most basic heavenly pill but also the most consolidated heavenly pill!

Foundation was the root of Heavenly Stratum powerhouses.

As the saying went: a journey of a thousand miles began with a single step, this foundation was the step!

Therefore, Ye Yuan spent decades of effort all on this one medicinal pill, the intention was self-explanatory.

Cultivating the Foundation Establishment Heavenly Pill to the realm of grand completion, when Ye Yuan attempted to refine other medicinal pills, it would naturally yield twice the results with half the effort!

The most basic refining technique of heavenly pills, a very large part of it was in this Foundation Establishment Heavenly Pill!

When the heavenly pill entered the abdomen, a warm current flowed in the meridians.

Suddenly, Ye Yuan's mind shook.

He felt that there was something seeping out little by little.

This grand completion Foundation Establishment Heavenly Pill was like a high-pressure hydraulic pump, scouring his meridians continuously.

And this force even penetrated into his bone marrow.

Cleansing the marrow!

Advancing to Heavenly Stratum, the human body seemed to have reached the extreme.

The difficulty of wanting to cleanse the marrow again was too high.

But this grand completion Foundation Establishment Heavenly Pill did it!

No idea how long had passed either, there was an additional pile of black mud around Ye Yuan. A foul smell greeted the nose.

Ye Yuan's entire body trembled, shaking all the grime on his body away.

Then, he flicked his sleeves grandly and cleared this pile of black mud away.

Ye Yuan felt wild ecstasy in his heart. He felt like he was completely reborn!

This cleansing of the marrow did not have much improvement on his strength.

But it seemed to make him a little closer to this heaven and earth.

Although, it was just that tiny bit!

He immediately shouted, "Xiao Qi, have Tang Yu fetch me the pre-natal cloud stone!"

With Ye Yuan suddenly wanting the pre-natal cloud stone, Tang Yu father and son and Jiang Yu were both alarmed.

All of them arrived at the closed-seclusion place, wondering what happened.

One point this sort of thing, did it still need to be measured again?

“What happened, Big Brother? Why did you suddenly want to test affinity?” Tang Yu asked curiously.

Ye Yuan said rather agitated, “It’s nothing. I just want to test it!”

Tang Yu rolled his eyes and said, “Big Brother, affinity is innate. It can never be changed! Even if you try again, it’s impossible for affinity to increase too!”

While talking, Ye Yuan already placed his palm on the pre-natal cloud stone.

The pre-natal cloud stone emitted a faint light!

That was right, it was a faint light!

If not for being in this dark room, it would have been almost impossible to detect it!

But it was precisely this bit of light that made Tang Yu’s heart tremble fiercely!

Back then, when Ye Yuan tested his affinity, he saw with his own eyes that there was no reaction at all!

Outside all said that Ye Yuan was one point affinity, but actually, Ye Yuan’s affinity did not reach one point at all.

It was virtually close to zero!

But now, the pre-natal cloud stone actually gave off light!

Tang Yu’s eyes nearly popped out and he said in shock, “This ... how is this possible? Affinity ... Big Brother, you ... actually have affinity now?”

Jiang Yu also felt his breath. Staring fixedly at the pre-natal cloud stone, he cried out in surprise, “It moved! The scale moved! I-It surpassed one point!”

Ye Yuan’s affinity was slowly rising.

First was surpassing one point. Then, it slowly passed two points.

Finally, it stopped at three points!

“Three points!”

Tang Yu cried out strangely and almost jumped up. He exclaimed in surprise, “Big Brother! Y-Y-Your affinity r-rose to three points!”

In his agitation, Tang Yu’s tongue was knotted when he was talking.

Three points affinity was naturally nothing.

In fact, it did not even cross the threshold.

But Ye Yuan rose from close to zero!

Ye Yuan had a bright smile. He was very satisfied with this number.

Three points, even to the most rubbish heavenly alchemist, they turned their noses up at it in disdain too.

But, Ye Yuan yearned for it!

The handicap of affinity on his alchemy was seriously too great.

Even if he cultivated the Foundation Establishment Heavenly Pill to the realm of grand completion, he still felt that the road ahead was vague.

But, three points was absolutely a qualitative change to Ye Yuan!

Previously, Ye Yuan was a complete and utter blind man; unable to see anything.

But now, there was finally a faint light that entered his eyes!

This step was absolutely a vital step to his path of alchemy!

More importantly, affinity could be improved!

“Heh,?didn’t expect to actually have such a harvest. What an unexpected surprise!”

Ye Yuan had a look of excitement and immediately practiced alchemy.

He was already too impatient to wait!

Sure enough, the moment he started, it was immediately a lot easier!

Although it was still a mass of chaos in the heavenly medicines, by relying on his powerful alchemy instinct, it was more than ten times easier for Ye Yuan to refine pills than before!

A ninth grade Foundation Establishment Heavenly Pill was refined by him very quickly.

“Miracle! A true miracle! I didn’t expect that affinity can actually be increased! Three points are nothing to others, but to Younger Brother Ye, it’s simply akin to adding wings to a tiger!” Jiang Yu exclaimed.

Chapter 2555: Waiting for Your Apology!

“Xiao Qi pays respect to His Highness, Eldest Prince!”

In the private room of a wine shop, Xiao Qi kowtowed respectfully to Eldest Prince.

Eldest Prince smiled and said, “Get up, you’re my sister-in-law now. You don’t need to be so formal!”

Xiao Qi slowly got up and said respectfully, “Xiao Qi thanks Eldest Prince for taking care of Big Sister!”

Xiao Qi’s elder sister worked as a maid in the royal palace.

But now, she became Eldest Prince’s concubine. This was equivalent to transforming from a swallow into a phoenix.

This favor, Xiao Qi had no choice but to accept it.

Eldest Prince had always wanted to make his way into the Tang Family and spy on the progress of Ye Yuan’s cultivation.

Who would have expected that the Tang Family had long already become a monolithic block? Even if he made his way in, he could not come into contact with Ye Yuan too.

Later, Eldest Prince found another path and actually discovered that Xiao Qi's elder sister was a palace maid in the palace. Furthermore, her life was not easy.

Hence, he simply married Xiao Qi's elder sister!

Eldest Prince knew that Xiao Qi was in charge of serving Ye Yuan.

Once this layer of relationship was established, would he still be scared of not knowing Ye Yuan's movements?

"Xiao Qi, you're a clever person. You should know what this prince wants! This prince can let your sister live. Of course, I can also make your sister die! Her life and death, it lies with only a thought from you!" Eldest Prince said with a faint smile.

With regards to an ant like Xiao Qi, Eldest Prince could not be bothered to talk rubbish at all.

Threatening was the best weapon!

Xiao Qi's expression changed slightly, and she said respectfully, "Xiao Qi understands! I wonder what Eldest Prince wants to know?"

Eldest Prince smiled and said, "Three years have already passed since Ye Yuan and Nation Teacher's wager! I want to know which heavenly medicines has Ye Yuan formulated in these three years?"

Xiao Qi was responsible for allocating the heavenly medicines that Ye Yuan needed.

Therefore, whatever medicinal pills Ye Yuan was refining, one would naturally know through Xiao Qi directly.

Xiao Qi's gaze flickered and she said, "In the first year or so, Master Ye has basically been refining all Foundation Establishment Heavenly Pills! As for the next two years, he asked for the Dragonscale Flower, Heavenly Star Origin, Purplecloud Drifting Incense ..."

With regards to the heavenly medicines that Ye Yuan requested for, Xiao Qi naturally enumerated it like her family's treasures, listing them one by one.

However, the Xie Hua beside Eldest Prince started frowning.

After Xiao Qi finished speaking, Xiao Qi opened his mouth and said, "Are you sure that he only wanted these heavenly medicines?"

Xiao Qi nodded and said, "How can Xiao Qi dare deceive Eldest Prince and Lord Xie Hua? Actually, not only Your Excellency has this doubt, but the Tang Family is also currently in a state of panic from top to bottom."

Xie Hua frowned and said, "What the hell is this Ye Yuan selling in his gourd?"

Eldest Prince did not understand alchemy and asked, "Why? Is there something wrong?"

Xie Hua said, "What these heavenly medicines refine are all some basic heavenly pills. In terms of difficulty, they are not much higher than the Foundation Establishment Heavenly Pill. His Foundation Establishment Heavenly Pill has clearly already reached the realm of seventh grade. Yet, he actually still wasted a year's time on it! At this rate of progress, forget about five years, even if it's 50 years, it's also impossible for him to refine the Jasper Regeneration Pill!"

When Eldest Prince heard that, he said in surprise, "Is this guy courting death? There are still two years remaining. Can he refine the Jasper Regeneration Pill?"

Xie Hua said, "This is also the thing that I'm most perplexed about! What on earth does this boy want to do?"

Eldest Prince smiled and said, "This is great news to us! Refining a Jasper Regeneration Pill in five years is something impossible in the first place! He only knew how to refine the Foundation Establishment Heavenly Pill in the past. So he likely doesn't know how terrifying the Jasper Regeneration Pill is! Now, it's probably going to be a vicious cycle!"

Xie Hua thought about it and thought in his heart that there was only this possibility.

"You go back then. This king doesn't need you to do anything either. You just have to report the heavenly medicines that Ye Yuan uses in his cultivation to this prince at all time! Understand?" Eldest Prince said to Xiao Qi.

Xiao Qi replied respectfully and withdrew.

... ..

For the next two years, Ye Yuan still did not touch the Jasper Regeneration Pill.

It was as if he had completely forgotten about this!

Initially, Ye Yuan refined another batch of grand completion ninth grade Foundation Establishment Heavenly Pill in an attempt to increase his affinity.

But the effect was not good.

The second heavenly pill, the effect was drastically reduced.

After the fifth Foundation Establishment Heavenly Pill, there was almost no effect anymore.

In the end, Ye Yuan's affinity did not reach four points either.

Putting aside the regret, the improvement of these four points to Ye Yuan's alchemy strength was all-round.

When he practiced other basic heavenly pills, his speed was much faster!

His remaining thought was practically all on studying the basic heavenly pills.

Even if it was a slightly more advanced heavenly pill, he did not dabble in them in the slightest too.

Looking as time drew closer little by little, the Tang Family father and son were anxious like ants on a hot pan.

But they also did not dare to go and disturb Ye Yuan's closed-seclusion.

On this day, the five-year agreement came to an end. Ye Yuan finally came out of closed-seclusion.

"Big Brother! Nation Teacher has already set up the venue at Sky Gathering Establishment and sent someone to invite you over!" Tang Yu said anxiously.

Ye Yuan smiled and said, "Oh, let's go then."

Tang Yu was speechless and said, "I say, Big Brother, you've never touched the Jasper Regeneration Pill's heavenly medicines in these five years! Forget about the Jasper Regeneration Pill; even some of the higher level heavenly pills, you've never dabbled in them too! You're going over just like this now?"

Ye Yuan countered with a question, "Otherwise?"

Tang Yu gritted his teeth and said, "Big Brother, I know that you did it for the Tang Family back then! Why not let's run away together! Let's drop the Tang Family's foundation!"

"Hahaha, isn't it too late to only think about running now? Don't forget, Ye Yuan and Nation Teacher even signed an origin divinity contract!" Eldest Prince strolled over with a burst of roaring laughter.

Eldest Prince arrived in front of Ye Yuan and said smilingly, "Master Ye, this prince came to invite you personally! Today, Royal Father will be there in person to witness your bet! If you win, Royal Father will crown you the position of nation teacher in public! Of course, I don't think that you have this chance."

When the Tang Family father and son heard, their faces could not help changing drastically.

This scale was too high!

Once Ye Yuan failed, the Tang Family would be completely finished!

But Ye Yuan was indifferent and said with a smile, "Oh?? Why is that?"

Eldest Prince laughed and said, "In these five years, you spent a year to cultivate the Foundation Establishment Heavenly Pill bitterly, and then you spent another four years to study other basic heavenly pills. You've never even touched high level heavenly pills! This prince wants to know, what basis do you have to refine the Jasper Regeneration Pill?"

When Tang Yu heard that, his expression could not help changing greatly and he cried out in surprise, "How does Your Highness know so clearly?"

Suddenly, his entire body trembled and he looked towards Xiao Qi and said in a cold voice, "Xiao Qi, my Tang Family treated you well! Why did you betray the Tang Family?!"

Xiao Qi said indifferently, "The Tang Family is already finished! Do you want us, these servants, to all be buried in death?"

Tang Yu roared angrily, "I'll kill you!"

However, his figure had just moved when a gust of wind came over, directly sending him flying.

One move and Tang Yu was seriously injured!

Huang Zhaoyu, who was behind Eldest Prince, made a move!

Ye Yuan's gaze turned cold and killing intent immediately arose.

Huang Zhaoyu smiled faintly and said, "Young man, don't need to look at this old man with this sort of eyes! If you succeed today, this old man will naturally pay a visit and apologize! It's just that you don't have that chance anymore!"

Ye Yuan gave a cold laugh and said, "Is that so? Then this Ye will wait for your apology!"

Finished speaking, Ye Yuan helped Tang Yu up and brought him along to Sky Gathering Establishment.

Chapter 2556: Not Selling to You Anymore!

In front of Sky Gathering Establishment, it was long already packed until not even water could seep through.

Five years ago, a one point heavenly alchemist defeated Nation Teacher and caused a great sensation in the entire city!

Now, the one point heavenly alchemist was going to challenge the Jasper Regeneration Pill that no one could refine, which naturally attracted even more attention.

Furthermore, this wager even concerned the title of nation teacher!

"Five years have passed. I wonder what level of strength that one point heavenly alchemist has reached!"

"*Heh heh*, no matter what level he reached, it's also impossible to refine the Jasper Regeneration Pill!"

"A one point heavenly alchemist is indeed heaven-defying, but five years' time is too short!"

... ..

The vast majority of the people still felt pessimistic about Ye Yuan.

It was not that they did not believe in Ye Yuan's talent. But that five years' time was too short.

Five years were not even enough to learn the rudiments of heavenly pills.

Even if Ye Yuan could refine a seventh grade Foundation Establishment Heavenly Pill, there were a hundred thousand Foundation Establishment Heavenly Pills between the Foundation Establishment Heavenly Pill and Jasper Regeneration Pill!

This disparity was not what a short five years could make up for.

"He's here, he's here! The one point heavenly alchemist is here!"

Suddenly, there was a commotion in the crowd.

Ye Yuan led the Tang Family's people and arrived in front of the Sky Gathering Establishment.

Nation Teacher Lin Lan walked out slowly and said with a smile, “Master Ye came? Looking at Master Ye’s energetic appearance, victory should be in your grasp, right? I, this old nation teacher, am probably going to have to abdicate!”

The intel that Eldest Prince grasped, Lin Lan naturally grasped it too.

Therefore, he already won this bet!

Regarding the humiliation of the past five years, he was going to return it all to Ye Yuan today!

“Yeah, you’re old. It’s time to relinquish your position!” Ye Yuan followed up.

Lin Lan did not care either and said with a smile, “*Huhu*, flattery, like perfume, should be smelled not swallowed! Refined five years’ worth of basic heavenly pills and never even once touched the Jasper Regeneration Pill. This nation teacher really wants to know what you’ll use to win this nation teacher!”

“What?! Refined five years of basic heavenly pills?”

“What a joke! What’s the use of basic heavenly pills!”

“Goodness gracious, it isn’t true, right? Even if Ye Yuan refined the Foundation Establishment Heavenly Pill until he shatters the sky, he can’t refine the Jasper Regeneration Pill too!”

... ..

With Lin Lan’s one sentence, the entire crowd directly exploded.

Everyone thought that Ye Yuan should have been studying the Jasper Regeneration Pill frantically in the past five years.

At least, he should be working in this direction too.

However, he did not!

Ye Yuan spent five years’ time on merely just basic heavenly pills!

Basic heavenly pills were entry-level heavenly pills, the basic skill of heavenly alchemists!

Studying this kind of heavenly pill did not help the Jasper Regeneration Pill at all!

Which was also to say that this wager was actually just a joke?

On Sky Gathering Establishment’s second floor, one could have a commanding view of the situation outside.

A middle-aged man dressed in faint azure long robes was currently standing by the window and looking at everything below.

This middle-aged man’s gaze brimmed with radiating vigor, full of power and energy, radiating awe without being angry. He was precisely Eastward Country’s emperor, Qiao Kaiyuan!

The emperor said, “Old Second, this is the person that you chose? You disappoint Us greatly!”

At this time, Second Prince was currently standing next to Qiao Kaiyuan.

Hearing this, he could not help sweating profusely.

He also did not expect that Ye Yuan actually spent these five years all on basic heavenly pills!

“Royal Father, Ye Yuan’s alchemy talent is extremely heaven-defying! As long as give him time, he can definitely surpass Nation Teacher!” Second Prince gritted his teeth and said.

Qiao Kaiyuan had both hands behind his back as he said coolly, “No matter how strong his talent is, it’s also pointless if he doesn’t have the temperament! Ascenders often act in undue confidence of their own ability and look down upon others. Their outcomes are mostly tragic! He’s no exception either! Clearly, he doesn’t have the assurance, but he set a five-year gamble! This kind of person isn’t worth entrusting our future!”

Second Prince’s cold sweat poured profusely. The emperor’s words were equivalent to sentencing him to death!

Eldest Prince already went up to the second floor at some point and just happened to hear this, and he could not help being wildly elated in his heart.

“Huhu,?Royal Father is wise! This boy is conceited and condescending! Winning against Nation Teacher the last time, although he has strength, there was also a lot of luck. But he thought that he already surpassed Nation Teacher. What a joke!” Eldest Prince said with a laugh.

Qiao Kaiyuan nodded and said, “What Yu Qin said is right. A seventh grade Foundation Establishment Heavenly Pill is indeed amazing. But it’s also merely just amazing!”

As he spoke, he already turned around and left the window, and sat down in the room.

He gave his two sons a glance and said coolly, “These few years, We have been mentally and physically exhausted and already have the thought of abdicating! Yu Qin is level-headed when doing things and acts after planning things. Apart from this, he even kept the three Jadetrue Heavenly Sect envoys at bay these few years, rendering utmost contributions! We feel at east handing over the country to Yu Qin!”

Second Prince’s entire body trembled, his gaze revealing a look of despair.

He did not expect that Royal Father actually directly announced the sentence at this time!

He lost!

Eldest Prince was wildly ecstatic in his heart, but the expression on his face was controlled just right.

When the emperor saw this scene, he became even more certain of his judgment in his heart.

“After this matter is over, We will choose a date to announce this matter!” Qiao Kaiyuan gave the final word.

Second Prince gritted his teeth and said, “Royal Father, I ... am unconvinced!”

Qiao Kaiyuan did not get angry and said coolly, “Yu Tang, now that things have played out like this, what bargaining chips do you still have in your hand? Nation Teacher has chosen a side. You’re not fated with the envoys. You ... no longer have cards to play from your hand!”

Second Prince said in a solemn voice, “No! Royal Father is wrong! If Ye Yuan can win, the nation teacher ... will be mine!”

Eldest Prince laughed loudly when he heard that and said, “Old Second, have you become desperate from losing? Now that it has come to this, could it be that you still feel that Ye Yuan can win? A fellow who refined five years’ worth of basic heavenly pills, you expect him to be able to refine the Jasper Regeneration Pill?”

Second Prince smiled coldly and said, “My elder brother! The last time, no one was optimistic about him either, right? How can you guarantee that he won’t be able to turn the tables this time?”

Eldest Prince still wanted to speak, but heard Qiao Kaiyuan say coolly, “If he can really win, We can retract our order! It’s just that it’s impossible!”

People did not know that the ownership of Eastward Country’s emperor was decided on this second floor just like that.

In front of Sky Gathering Establishment, people were all grumbling that Ye Yuan overestimated his own ability.

Clearly did not have that ability, but insisted on attempting it.

Beside Lin Lan, Xie Hua laughed loudly and said, “Ye Yuan, didn’t you say that after five years, you’ll make this Xue come to find you to buy heavenly pills? Now, this Xue is finding you to buy heavenly pills, where’s your heavenly pill??*Hahaha?*...”

Ye Yuan looked at him and said coolly, “You seem very pleased with yourself!”

Xie Hua’s expression changed and he changed to a vicious expression and said angrily, “Of course I’m pleased with myself! You severed my heavenly alchemist path. Now, you also cut off your own way out! Do you think I can not be smug??*Hahaha?*...”

Xie Hua’s hatred towards Ye Yuan was not the slightest bit less than Lin Lan.

How glorious a profession was being a heavenly alchemist?

He had once enjoyed unparalleled glory and was admired by thousands!

But all these were ruined in Ye Yuan’s hands!

Now, seeing Ye Yuan like this, how could he not be happy?

However, Ye Yuan just said with a faint smile, “Is that so? Since you’re so smug, then I won’t be selling my Jasper Regeneration Pill to you anymore!”

Xie Hua laughed loudly when he heard that and said, “*Oh?*no, I’m so scared! Your Jasper Regeneration Pill? Your Jasper Regeneration Pill!?*Haha,* have you refined a Jasper Regeneration Pill before? How hilarious!”

Chapter 2557: Your Father will Kick You to Death!

"Haha, Master Ye, stop forcing it! The heavenly medicines that you've used in your cultivation these few years, we know it like the back of our hands. Forget about the Jasper Regeneration Pill; even if it's slightly more difficult heavenly pills, you've never dabbled in them too. This nation teacher didn't say things wrongly, right?" Lin Lan said with a sneer.

Ye Yuan nodded slightly and said, "You're right. I've studied more than 20 kinds of heavenly pills in these five years. All of them were basic heavenly pills."

There's nothing that can't be publicized!

Ye Yuan did not have the intention of hiding these things in the first place.

It was just that the likes of Eldest Prince and Lin Lan treated it as a big deal.

However, Ye Yuan admitting it very shamelessly made everyone lose confidence.

Was the one point heavenly alchemist who had once shone with boundless radiance finally going to fall here?

Nation Teacher absolutely would not let Ye Yuan off!

Lin Lan sneered and said, "Now that it's come to this, are you still not going to accept your fate?"

Ye Yuan smiled and said, "Why don't I give it a try? What if I get lucky and refine it?"

Lin Lan snickered when he heard that and said, "Lucky? There's never luck in alchemy! Every bit of quality is true ability! For five years, you've never even touched the Jasper Regeneration Pill before. You still want to try your luck to refine it? Dream on!"

Ye Yuan still smiled and said, "I'm a lucky guy. Maybe I can really refine it."

Lin Lan smiled coldly and said, "The medicinal cauldron is already prepared. Just try it! Just the likes of you, if you can refine the Jasper Regeneration Pill, this nation teacher will swallow this medicinal cauldron whole!"

Ye Yuan grinned and said, "Lord Nation Teacher, this is what you said!"

Lin Lan said calmly, "This nation teacher said it!"

Ye Yuan smiled and came before the medicinal cauldron.

Lin Lan's preparation work was done solidly.

All of the items for refining the pill were already prepared.

Ye Yuan picked up a stalk of heavenly medicine and played with it while sizing it up.

Xie Hua smiled coldly and said, "Master Ye, haven't tried your hand at the Jade Moon Orchid, right? With your negligible affinity, can you extract it successfully in one go? Got to be more careful. Don't ruin it with a careless move, that will be botching it!"

Ye Yuan ignored him and still played with the Jade Moon Orchid.

The Jade Moon Orchid was one of the Jasper Regeneration Pill's main medicines and also an extremely hard to extract grade one heavenly medicine.

Not refining it well would have an impact on the entire refinement of the heavenly pill.

Many heavenly alchemists could not even complete this step well, there was naturally no talk of refining the Jasper Regeneration Pill.

This playing took 15 minutes time.

Xie Hua became impatient and said with a cold snort, "What? Want to drag the time? Even if you delay until heaven and earth turn old, it's impossible to refine it too!"

Boom!

Suddenly, a cluster of flames suddenly arose, making Xie Hua jump in fright.

Ye Yuan started!

As soon as he took action, the hearts of Tang Yu and the rest leaped to their throats.

There was only one chance!

Any slip-up was fatal!

But they were unable to imagine how Ye Yuan, who had never touched the Jasper Regeneration Pill before, was going to not make any mistakes at all in the refining process of such a difficult medicinal pill.

If nothing else, just talking about the Jade Moon Orchid this hurdle, it was not easy to clear.

As for the Second Prince upstairs, he was even nervous until he was shaking.

Ye Yuan's refinement concerned the fate of his future.

Whether the bet he made was useful or not would depend on this time!

If Ye Yuan could replace Lin Lan, he would be able to turn the tables amidst a desperate situation!

Suddenly, Lin Lan's entire body trembled and he cried out in surprise, "H-His affinity increased! This ... How is this possible?"

Not just Lin Lan, many people noticed it too.

Ye Yuan's affinity seemed to be a little stronger than before.

Although it was not much, it had indeed become stronger!

"Impossible, could it be a misconception? How can affinity improve?"

"Really seeing ghosts! Does this guy never play cards according to the normal routine? One point affinity can't refine pills, yet, he can! Affinity can't be improved, but he could too!"

"This guy is simply too heaven-defying, to actually be able to improve even his affinity!"

... ..

Cries of exclamations rose and ebbed. People became even more curious about Ye Yuan.

All kinds of miracles happened to him alone, it was seriously too dazzling!

“Master, a method to increase affinity! If you can obtain it, you’ll definitely be able to improve further!”
Xie Hua said.

Lin Lan’s gaze also changed from shock to greed.

Clearly, he was moved!

The Jade Moon Orchid was being extracted little by little and did not collapse like everyone imagined.

On the contrary, Ye Yuan’s refinement had virtually no flaws. It was completely not like it was his first time refining.

Xie Hua opened his mouth wide, a look of disbelief all over his face.

“This ... How is this possible? H-Hasn’t he never extracted the Jade Moon Orchid before?”

Lin Lan’s expression became very ugly.

Ye Yuan’s extraction could be rated as perfect!

Even he could not do better than Ye Yuan too!

But it was clearly Ye Yuan’s first time!

Why?!

Why was it so perfect!

Could it be that the intel was wrong?

Very soon, Ye Yuan finished the extraction of the Jade Moon Orchid.

He picked up the second stalk of heavenly medicine, Mountain Root Fuyu, and started examining it carefully.

This time, no one talked badly about him anymore.

Everyone watched quietly, waiting for Ye Yuan’s performance.

The extraction difficulty of the Mountain Root Fuyu was even greater than the Jade Moon Orchid!

Ye Yuan studied it for a full 30 minutes before making a move to extract it.

Smooth as always!

Each heavenly medicine afterward, Ye Yuan would look at it for some time.

Some were long, some were short.

But the extraction process was smooth.

Those people watching a joke were utterly dumbfounded!

Pah!

Xie Hua flung a slap onto Xiao Qi's face, directly slapping her until she flew into the air.

The current Xie Hua was enraged to the extreme. He pointed at Xiao Qi's nose and cursed, "Damn thing, you dare lie to Your Father! Didn't you say that he has never come into contact with the Jasper Regeneration Pill's heavenly medicines before in these five years?"

Xiao Qi was slapped until her face swelled up, tears and snort running heavily.

She said aggrievedly, "How can this lowly one dare lie to you? H-He really never came into contact with it before!"

Bang!

Xie Hua kicked a foot fiercely onto Xiao Qi's chest and he roared angrily, "Never?! Never?! Can he refine until like this if he had never done so? Your Father will kick you to death!"

One kick after another, Xiao Qi was kicked until her eyes rolled back, fresh blood flowing constantly out of her mouth, looking like she was going to kick the bucket.

But Xie Hua was still furious.

"Damn thing, lied to all of us! Come, men! Drag her away for me!" Xie Hua said angrily.

When Tang Yu and the rest saw this scene, there was no sympathy in their eyes at all.

The Tang Family treated Xiao Qi well, but this girl actually betrayed the Tang Family.

Death couldn't expiate her sins

However, they all knew that Xiao Qi did not lie!

Xiao Qi died very unjustly!

In these five years, Ye Yuan had never touched these heavenly medicines before!

The heavenly medicines that the Tang Family prepared for the Jasper Regeneration Pill were still currently lying in the medicine storehouse perfectly well, and had never been touched before!

They also hoped that Ye Yuan would transfer these heavenly medicines over. But they waited and waited, but it did not happen!

Therefore, they were very certain that today was Ye Yuan's first time refining these heavenly medicines!

However, it was also precisely due to this that the shock in their hearts could not be any greater!

During the past five years, he never touched these heavenly medicines before, but today he could extract them perfectly.

How on earth did this guy do it?

Chapter 2558: Take Your Life!

“Heh, Old Second, this play of yours deceived everybody. It played out really beautifully! As your elder brother, I’m ashamed of my inferiority!” Eldest Prince looked at Second Prince and said with a cold smile.

While Second Prince had a blank face, he completely did not know what was going on.

But he was very thrilled!

Before Ye Yuan made his move, his heart had leaped to his throat, fearing that Ye Yuan would be a goner with a moment of carelessness.

Who knew that Ye Yuan seemingly had divine help, refining all of the heavenly medicines in one go!

“Royal Brother, it was clearly you who played tricks, but is playing the blame game here! This younger brother is the one who’s ashamed of my inferiority!” Second Prince similarly smiled coldly as he said.

“Humph, you don’t need to be proud of yourself! Extracting heavenly medicines is just the first step! A Jasper Regeneration Pill has dozens of heavenly medicine combinations. The complexity isn’t what a Foundation Establishment Heavenly Pill can compare to!” Eldest Prince said with a cold snort.

Second Prince did not show weakness in the slightest too and said, “Big Brother, you’re flustered! Ye Yuan has already created too many miracles. So how do you know whether or not he’ll create a miracle again this time?”

Emperor Qiao Kaiyuan sat up straight, closing his eyes. No one knew what he was thinking.

... ..

Ye Yuan turned a deaf ear to the outside world’s matters.

He placed all of his energy on the pill refinement.

Ye Yuan’s understanding of alchemy had always been different from others.

People tend to pursue higher level medicinal pills, but then they neglected the foundation.

They thought that by refining higher level medicinal pills, those basic medicinal pills would naturally be mastered.

Not so!

This kind of understanding was one-sided!

In Ye Yuan’s understanding, the foundation was far more important than high level medicinal pills.

Similarly a grade one heavenly pill, no matter how complicated, it was also composed of some basic refining techniques.

As long as one thoroughly grasped these basic things, refining high difficulty heavenly pills was merely something that happened naturally with ease.

In these five years, although he had been studying basic heavenly pills, he had mastered the basics of grade one heavenly pills extremely well.

In the following years, Ye Yuan studied more than 20 kinds of basic heavenly pills.

Each type, he practiced it to the realm of grand completion ninth grade!

If let people knew about these things, it would surely cause a huge uproar.

But it did not matter if people did not know.

This kind of strength would be fully released when refining the Jasper Regeneration Pill!

Of course, being able to reach this step in such a short time, what he relied on was not just his perseverance, there was also his thousands of years of accumulated terrifying experience, as well as his extraordinary alchemy talent.

Not one could be lacking!

Now, Ye Yuan's instinct was already extremely terrifying.

Although he had never extracted these heavenly medicines before, by relying on his powerful instinct as well as four points of affinity, he could completely extract them.

Swoosh!

Ye Yuan fired out a stream of divine essence. Several dozen kinds of heavenly medicines entered the medicine cauldron one by one.

The pill refinement started!

At this moment, his decades of hard training were all poured into the medicine cauldron!

It was easy to say, but refining the Jasper Regeneration Pill was indeed a very big challenge.

With Ye Yuan's character, he naturally would not fight a battle that he did not have confidence in.

This one month's time, Ye Yuan studied the properties of the Jade Moon Orchid, Mountain Root Fuyu, and the rest of the heavenly medicines very thoroughly.

And the pill formula, he deduced it countless times too.

While it was complicated, it was not impossible for Ye Yuan.

Let alone that four points affinity let him 'see' even more things.

Ye Yuan's fire control, refining technique, all gave people a master-level feeling. It naturally attracted a series of exclamations.

The expressions of Lin Lan and the rest were very ugly.

Even the emperor who had his eyes closed all along to rest also came to the window again, and looked down on Ye Yuan refining the pill.

But very soon, Ye Yuan became somewhat overwhelmed.

The Jasper Regeneration Pill was too complicated!

Compared to basic heavenly pills, this was an extremely huge project.

From a dozen over heavenly medicines to dozens of heavenly medicines, the increase in difficulty was not as simple as one plus one equals two.

Affinity!

In the end, it was still affinity!

Four points of affinity struggled to make ends meet!

When the difficulty rose exponentially, Ye Yuan felt the inadequacy of affinity once again.

Ye Yuan's breathing became more and more labored.

The sweat on his forehead became more and more too.

Smiles gradually showed on the faces of Lin Lan, Xie Hua, and the rest.

"Crashing! He's finally crashing! Freaking hell, scared me to death! Heh, this bit of affinity also wants to refine the Jasper Regeneration Pill, truly a fool's talk!" Xie Hua said with great delight.

Previously, his nerves had always been tightly wound.

Now, he finally let out a long sigh of relief.

Lin Lan sneered and said, "The difficulty of refining a Jasper Regeneration Pill, even Nation Teacher's affinity can't support it. Just based on his tiny bit of pitiful affinity, he also wants to refine it?"

Eldest Prince laughed loudly when he saw the situation and said, "Old Second, this is the miracle that you spoke of? Hahaha ... I think this is called overestimating his own ability! The Jasper Regeneration Pill hasn't even refined until one-third currently, he already almost can't hold on anymore! I want to see how you make a comeback!"

Second Prince originally had a hopeful look too, but at this time, he also started panicking.

He could even feel Ye Yuan struggling on the second floor.

But the refining process of the heavenly pill was less than one-third!

The emperor glanced, shook his head, and said, "The situation is beyond salvation!"

Then, he returned to his seat again and closed his eyes to rest.

Time went by little by little. Ye Yuan was struggling more and more.

Even his hand was trembling!

Regardless of whether body, divine essence, or origin divinity, Ye Yuan's limit reached its end.

When Lin Lan saw this scene, the smile on his face grew thicker.

"*Huhu*, fleshly body and origin divinity are still fine, but divine essence is a hard criterion! He's only middle Lesser Sublime Heaven. So his divine essence isn't enough to support him to finish refining the

Jasper Regeneration Pill at all! After his divine essence is exhausted, this nation teacher wants to see what he'll use to refine the pill!" Lin Lan said with all smiles.

And at this moment, Ye Yuan suddenly stomped his foot, and a whirlwind rose from the ground!

"Gather for me!"

Ye Yuan gave a cold cry. A powerful suction force gathered the surrounding spiritual energy over.

Ye Yuan's hands did not rest, directly injecting the spiritual energy into the medicine cauldron.

Everyone was stunned!

There was still this kind of strategy?

"Instantly forming a formation! Borrowing strength to refine pill! This guy ..." Lin Lan's smile instantly froze on his face.

Ye Yuan's approach was like he was slapping his face on purpose.

He just finished speaking and Ye Yuan flung a vicious slap over!

Borrowing power to refine a pill was an extremely profound method.

When refining pills normally, no one dared to try it at all.

Because it was not their own strength, there was no way of doing what the heart wished in terms of control at all.

Even if it was Ye Yuan, he would not employ this move unless it was a last resort too.

"Condense for me!"

Ye Yuan gave another low cry. The Dao fire dissipated and the spirit gathering formation disappeared. Then, he plopped his bottom onto the ground and his lower and upper eyelids kept hitting.

He was seriously too tired!

A Jasper Regeneration Pill practically hollowed him out.

"Damn affinity! Really almost took my own life!" Ye Yuan could not resist swearing.

Right then, Lin Lan arrived in front of Ye Yuan and said while looking down from a height, "Affinity didn't take your life, but this nation teacher will take your life!"

Chapter 2559: Do You Feel That This Ye Lacks Money Very Much?

"Oh?? Haven't opened the furnace yet and the nation teacher already wants my life?" Ye Yuan said leisurely while revolving his cultivation method to recover his strength.

Lin Lan snickered and said, "With how you refined it, is there still a need to open the furnace? It's definitely a useless pill inside the medicine cauldron!"

Refining heavenly pills had extremely high requirements for the material of the medicine cauldron.

Hence, before opening the furnace, one did not know the quality of the heavenly pill inside the medicine cauldron.

Judging from Ye Yuan's performance, this furnace was undoubtedly an invalid pill.

Actually, it was not just Lin Lan who thought so. Everyone present thought so too.

Ye Yuan's refinement was already too unsightly towards the later stages.

The air of a master when he just started was completely gone!

Using swaying in the midst of a raging storm could not be more apt.

He was completely hanging in there with one breath!

How could such a refinement possibly refine a complete product heavenly pill?

Let alone that it was even the extremely high difficulty Jasper Regeneration Pill.

"Hahaha?... just your flustered confusion, is there still a need to open the furnace? Not blowing the furnace up is already considered pretty good!" Xie Hua said jeeringly.

Ye Yuan smiled and said, "Better open it up. Otherwise, I won't give up either. This origin divinity contract can't be completed too, isn't that so?"

Lin Lan nodded slightly and said, "Fine, I'll let you give up on this!"

Ye Yuan waved his hand and said, "I don't have much strength anymore. So I'll have to trouble Lord Nation Teacher to open the furnace personally then."

Lin Lan had a look of disdain on his face and arrived before the medicine cauldron.

At this time, the emperor on the second floor slowly stood up and said coolly, "Alright, the outcome is a foregone conclusion. We are leaving!"

This one sentence, the outcome is a foregone conclusion, carried a double meaning.

On one hand, it was referring to Nation Teacher and Ye Yuan's battle. The outcome was a foregone conclusion.

On the other hand, it was referring to Eldest Prince and Second Prince's battle. It was similarly a foregone conclusion.

Therefore, he had no interest in staying any longer.

The remaining things would naturally be handled by Nation Teacher.

"Sending Royal Father off respectfully!" Eldest Prince was wildly elated in his heart and bowed to send Qiao Kaiyuan off.

Second Prince did not turn his head back. His gaze was glued to downstairs.

Suddenly, his entire body trembled, his eyes giving off a dazzling light!

"Hahahaha?..." Second Prince let out a burst of wild laughter. The emotions suppressed in his heart erupted completely at this moment.

Eldest Prince currently had his back toward downstairs and did not know what happened.

Hearing Second Prince laugh madly without ceasing, he even thought that he could not bear the blow and went completely mad.

"Old Second, it's just a temporary loss. Why do you have to care so much? We'll always be brothers!" Eldest Prince urged with a hypocritical expression.

Right at this time, a series of exclamations came from below, instantly suppressing his voice.

"Refined! Really refined!"

"Too fake! When he was refining the pill, he already looked like that. It can actually form a pill too?"

"A miracle! Really a miracle! Within five years, he actually really refined the Jasper Regeneration Pill!"

... ..

Eldest Prince's expression changed wildly, and he turned to look downstairs, and his entire body turned stiff there.

And Qiao Kaiyuan also stopped halfway!

Downstairs, Lin Lan was transfixed, while Xie Hua had a blank face.

By the side, a medicinal pill was placed in the dish quietly.

There was an uproar in front of Sky Gathering Establishment.

"This ... This ... What on earth is going on?" The wild ecstasy just now had long already evaporated into thin air.

Eldest Prince's heart had a layer of thick dark clouds covered along with the appearance of that heavenly pill.

Second Prince laughed loudly and said, "Royal Brother, it is just a temporary loss. You don't need to care! Don't need to care!?Hahaha?..."

Suddenly, his expression changed. The emperor actually arrived by his side at no idea when.

However, his gaze was looking below.

At this time, a look of surprise finally showed on the emperor's face.

Clearly, he was unable to believe everything before his eyes too.

The Jasper Regeneration Pill had formed!

Nation Teacher lost!

Lost completely and utterly!

“Royal Father, this time, it can prove my eyesight, right? Ye Yuan really created a miracle again!” Second Prince said with confidence.

At this very moment, he was unbelievably grateful to Lu Yun.

If not for Master Yun, it would have been impossible for him to turn the tables in a desperate situation!

It was not that his eyesight was good, but that Master Yun’s eyesight was good!

Master Yun had said long ago, Ye Yuan was a dragon among men, a distinguished talent among ascenders!

Now, the massive dragon had already taken off!

“Lord Nation Teacher, I remember that you said before, if I can refine the Jasper Regeneration Pill, you’ll swallow the medicine cauldron whole? Now, are you swallowing or not?”

“Also, this Brother Xue, you appeared very pleased with yourself just now. You don’t need to buy the Jasper Regeneration Pill from me? I beg you, please don’t come to me to buy one! It’s not for sale!”

Ye Yuan’s two sentences stung Lin Lan and Xie Hua until they almost went crazy.

Lin Lan’s old face almost wanted to tunnel into the ground.

The moment the furnace opened, he was completely dumbfounded.

The Jasper Regeneration Pill really formed!

But how was this possible?

“This is impossible! You were clearly giving out already previously. Your refining technique already became deformed. So how can it possibly form a pill?!” Lin Lan bellowed.

He thought that it was impossible for the one point Ye Yuan to refine a heavenly pill. In the end, Ye Yuan refined the Foundation Establishment Heavenly Pill.

He thought that it was impossible for Ye Yuan to refine the Jasper Regeneration Pill. But in the end, Ye Yuan really refined the Jasper Regeneration Pill!

This sort of thing was simply too demoralizing!

Ye Yuan smiled and said, “Competing in alchemy, you’re still far behind! If I tell you that everything later was all refined by relying on instinct, do you believe it?”

Before waiting for Lin Lan to speak, Ye Yuan continued, “Of course you won’t believe it! Just like if I tell you that I really only studied 20 over kinds of basic heavenly pills in these five years, you definitely won’t believe it too. If I tell you, these heavenly medicines, it’s all my first time refining, you still won’t believe it! However, these are all facts! The things that you look down on might not be useless. The people that you look down on might not be inferior to you too! Pill refining, you’re just a frog at the bottom of a well!”

Lin Lan’s entire body trembled, feeling that his alchemy beliefs had completely collapsed.

Everything that Ye Yuan said was what he could not imagine!

However, Ye Yuan really did it!

He refined the Jasper Regeneration Pill!

Lin Lan had a face like he was battered out of his senses and no longer had the air of a nation teacher.

Thud!

Suddenly, Xie Hua directly knelt down in front of Ye Yuan and wept bitterly as he said, “Master Ye, I ... I was wrong! I beg you, sell the heavenly pill to me! I’m willing to pay ten times, no, a hundred times the price!”

Xie Hua wanted to become a heavenly alchemist, it was also precisely so, that he hated Ye Yuan even more.

Originally, he did not believe that Ye Yuan could refine the Jasper Regeneration Pill at all. Especially learning from Xiao Qi there about Ye Yuan’s situation in these recent years.

But now, Ye Yuan actually really refined it!

Ye Yuan just smiled and said, “This Ye will not take back my words once I’ve said it! Not selling to you means not selling to you! Forget that you offered 100 times; even if it’s a thousand times, ten thousand times the price, this Ye won’t sell it to you too! Moreover, do you feel that this Ye lacks money very much?”

As he said, he raised the Jasper Regeneration Pill in his hand and said smilingly, “Who wants the Jasper Regeneration Pill?”

“I want it!”

Someone with a severed arm reacted the fastest and jumped out immediately.

This person was precisely one of the guards who beat the Tang Family’s father and son back then!

Ye Yuan smiled slightly and said, “Consider yourself lucky. This heavenly pill, I’m giving it to you!”

As he said those words, Ye Yuan actually directly threw the Jasper Regeneration Pill to him!

Unrivaled Medicine God

Chapter 2560: The Best One Naturally Has to Be Saved for My Own People!

“No way, right? Gave it away! It’s the Jasper Regeneration Pill, but he actually gave it away!”

“What the hell! He gave it away, rather than giving it to Xie Hua! Ruthless!”

“Ye Yuan is being unfair! Tang Yu still has a severed arm, he actually gave the Jasper Regeneration Pill away!”

... ..

This action of Ye Yuan’s immediately caused a hubbub.

Of course, the ones who were the most displeased were still the Tang Family.

Tang Jinhua's brows furrowed slightly. Clearly, he was somewhat unhappy.

He refined the Jasper Regeneration Pill, and it actually was not given to Tang Yu straight away. He found this unacceptable.

How much risk the Tang Family shouldered for Ye Yuan, fussing around him, he actually gave the heavenly pill to an irrelevant person!

That person obtained the Jasper Regeneration Pill and was immensely grateful to Ye Yuan.

He was afraid that someone would snatch it, so he swallowed it right away.

At this time, the emperor brought Second Prince and came down from the second floor.

Behind them, Eldest Prince's figure was gone.

Clearly, the die was cast!

The joy on Second Prince's face could not be concealed no matter what.

The emperor gave Lin Lan a glance and could not refrain from sighing.

He seriously did not expect that this old brother of his would also have times where he stumbled.

But the origin divinity contract was already signed. If he did not carry it out, Lin Lan would be dead for sure!

The emperor arrived in front of Ye Yuan and said with a frown, "Since the victor has been decided, then We will confer the position of nation teacher to you!"

Ye Yuan gave a hand gesture and said smilingly, "Your Majesty, you don't need to be anxious. It's such a fine occasion today. I see that there are many people with missing limbs. Since this Ye is going to be the nation teacher, I naturally have to share in Your Majesty's worries. Why not this Ye refine pills in public for sale? What does Your Majesty think?"

The emperor said in surprise, "You're already like this. Can you still refine?"

In his view, this Jasper Regeneration Pill being able to become a pill was more of a coincidence.

But the origin divinity contract was placed there.

If it was done, it was done. He could not go back on his words too.

One heavenly pill already drained Ye Yuan.

With another one, could this guy bear it?

Ye Yuan smiled and said, "I think that Nation Teacher is unconvinced by his loss. Since that's the case, I'll make more a little more convinced! Your Majesty, please deploy a batch of heavenly medicines over. Leave the severed limbs of these guards to this Ye."

In the royal family, these guards with severed limbs were not in the minority.

But Ye Yuan saying this was a generous move.

Furthermore, it was even free!

Got to admit, this was a big gift to the emperor.

The emperor mused for a moment and said in a solemn voice, "Yu Tang, you go and make arrangements!"

Second Prince gladly accepted the order!

Xie Hua suddenly gave a cold snort and said, "He's already struggling heavily to refine one! In my view, you're making fun of His Majesty!"

His gaze when looking at Ye Yuan was full of hatred!

The action just now, Ye Yuan had humiliated him greatly.

Ye Yuan rather gave the pill to a guard for free than give it to him!

Ye Yuan gave him a glance and said with a smile, "If I were you, I'd shut up right now! You have to know, the nation teacher isn't your master now, but me! It's just a matter of a word to kill you!"

Xie Hua's body trembled, full of fear, and sure enough, he shut up.

Before long, Second Prince brought a large number of heavenly medicines over.

The royal family's treasures were naturally not what the Tang Family could compare to.

At this time, Ye Yuan was pretty much done resting. He was not long-winded, directly getting to work with refining the pills.

People all thought that Ye Yuan would be like the last time, collapsing from exhaustion in the end.

However, they were disappointed!

This time, Ye Yuan refined very smoothly.

Although it was still very strenuous, those signs of exhaustion previously did not appear.

This made everyone incredibly surprised!

"This ... What's going on here? Could it be that he was performing previously?"

"There's no need! Being exhausted until like that, even if it's a performance, it's also too much, right?"

"I say, guys, it wouldn't really be his first time refining the Jasper Regeneration Pill previously, right? Because there's experience now, so it's going a lot smoother this time!"

... ..

Seeing this situation, everyone naturally speculated heavily.

Honestly speaking, they did not believe a single one of Ye Yuan's words.

Refined five years of basic heavenly pills and one would be able to refine the Jasper Regeneration Pill?

Then heavenly alchemists would also be too worthless!

Ye Yuan must have deceived everybody through some method in these five years and bitterly trained in high level heavenly pills in secret!

But the expression on Lin Lan's face became incomparably solemn.

Because he discovered that Ye Yuan's refining technique was far more mellow and smooth than before.

Although the refinement before was enough to serve as an example, there were clearly many areas that were not mellowed and smooth.

And this also resulted in the situation of divine essence being insufficient in the end.

But now, Ye Yuan's allocation of divine essence as well as the use of his technique was obviously much more reasonable.

What did this show?

This showed that Ye Yuan was improving!

It was just that this improvement speed was too terrifying!

The second heavenly pill was worth more than ten years of his hard work!

Could it be that it was really this guy's first time refining the Jasper Regeneration Pill?

First time refining such a high difficulty heavenly pill and he succeeded in one go?

This was too bloody freakish, right?!

Lin Lan could not find any words to describe the shock in his heart currently.

Could a person's alchemy talent actually be strong to such an extent?

No, absolutely impossible!

Lin Lan furrowed his brows and racked his brain for ideas, wanting to find where the problem lay.

Suddenly, his entire body trembled, and he thought of a certain possibility.

Basic heavenly pills!

Could there really be something fishy about these basic heavenly pills?

Could one really refine the Jasper Regeneration Pill after mastering basic heavenly pills?

"Condense!"

Ye Yuan gave a cold cry and the Jasper Regeneration Pill was done!

This time, the quality was obviously much better than last time!

The guard who obtained the heavenly pill swallowed it happily.

Following that, Ye Yuan rested for a while and continued to refine pills.

One after another, people's shock also grew more and more!

Because Ye Yuan's speed of improvement was seriously too fast!

Second Prince had long already ordered someone to fetch the Cloud Mount Mother Stone. For each heavenly pill that Ye Yuan produced, there would be someone who would check the quality.

From the starting lower second grade to upper third grade, then to upper fourth grade, and reaching the terrifying upper sixth grade in the end!

The quality of the Jasper Regeneration Pill jumped up grade after grade!

Those guards who received the heavenly pills before were almost crying.

The higher the quality, naturally the more compatible the new limb grown would be with the body.

"Too terrifying! This kind of improvement speed is simply too heavenly defying!"

"F*cking hell, it's my first time hearing that the Jasper Regeneration Pill can be refined like this!"

"Nation Teacher is simply weak to the max in front of Ye Yuan! Looks like this wager, Nation Teacher didn't lose unjustly!"

... ..

Amidst the cries of exclamations, people were long already prostrating on all fours in admiration towards Ye Yuan.

This kind of improvement was definitely not an act.

Maybe you could not see with one or two, but putting so many medicinal pills together, that sort of continuous improvement was clear at a glance!

While the emperor's eyes were sparkling.

The pleasant surprise that Ye Yuan brought to him was too strong, making him feel like he obtained a priceless treasure.

The sense of loss because of losing Lin Lan previously had long already been swept clean!

Lin Lan was simply dust on the ground when compared to Ye Yuan!

"Condense!"

Another Jasper Regeneration Pill was done. Ye Yuan threw it to Tang Yu and said with a smile, "The best one naturally has to be saved for my own people!"
