Chapter 2561: Lin Lan's Astonishing Move!

“Golden pill! Ninth grade golden pill!”

In the crowd, a series of strange cries came over.

What Tang Yu held in his hand was actually a shining golden medicinal pill!

No need to appraise it. It was naturally a ninth grade golden pill!

By the side, Tang Jinhua was dumbfounded.

He even thought that Ye Yuan forgot about his son and was brimming with resentment in his heart.

Who knew that Ye Yuan actually gave his son a ninth grade golden pill!

“Father, I said it right? Big Brother won’t forget me! Him refining pills for those people previously was merely used for practice!” Tang Yu said.

After so many years, he already knew Ye Yuan very well.

Since Ye Yuan refined the Jasper Regeneration Pill, he definitely would not forget about him.

Therefore, when Tang Jinhua was complaining just now, Tang Yu also made him hold his horses.

Sure enough, the best one was saved for him!

“Thank you, Big Brother!” Tang Yu said to Ye Yuan respectfully.

“This is what you deserve!” Ye Yuan said with a smile.

The others were all incredibly envious.

Being able to become friends with Master Ye was truly an incomparably blissful thing!

“Master Nation Teacher, are you convinced or not?” Ye Yuan looked at Lin Lan and said with a smile that was not a smile.

Lin Lan had long already been dumbfounded by Ye Yuan’s alchemy technique!

Convinced or not?

Of course, he was convinced!

Someone capable of refining the Jasper Regeneration Pill to the realm of ninth grade golden pill, could he still be unconvinced?

He was also someone who pursued the alchemy path. It was just that he became content with retaining sovereignty over the remote land of Eastward Country, holding great power and authority, and had long already lost his original aspirations!

This defeat was undeniable, completely and thoroughly!

He turned around to leave quietly without saying anything.

Someone saw that Nation Teacher left the city, no one knew where he had gone.

The emperor did not urge him to stay either. He knew that Lin Lan's defeat could be said to be all hope being dashed to pieces.

"Watching Master Ye refine pills today is truly immensely shocking! We want to formally establish Ye Yuan as the nation teacher. I wonder if Master Ye can agree to it?"

Finished speaking, the emperor actually gave a deep bow to Ye Yuan in public!

This was the highest level of courtesy!

The current Qiao Kaiyuan was inviting Ye Yuan, not fulfilling his wager agreement!

But no one felt that there was anything wrong.

Ye Yuan was worthy of it!

Just based on Ye Yuan's alchemy strength, what did a nation teacher count for?

In fact, Ye Yuan being a nation teacher was still considered condescending to take a post offered already!

Ye Yuan said coolly, "Since Your Majesty is so courteous, then this Ye will accept deferentially rather than to decline courteously!"

... ..

When one man attained Dao, his fowls and dogs ascended to heaven too.

Ye Yuan's domineering rise let the Tang Family become Eastward's number one major family in one bound!

The Tang Family's forces spread throughout the entire Eastward Country very soon.

The emperor also officially announced to the outside world that Second Prince became the crown prince, and would inherit the rule in three years.

The likes of the Yang Family, Jiang Yu, and Lu Yun, their statuses also rose along with him in Eastward Country.

Just as everyone thought that the waves had subsided, another incident caused a stir in the entire Eastward.

One early morning half a month later, the sky was just getting bright.

"Eh,?why is someone kneeling in front of Nation Teacher Manor?"

"Huhu,?what's strange about this? Ever since Master Ye became the nation teacher, there has been an endless stream coming to request for pills. I reckon that this person is here to seek pills too, right?"

"That's not right, you look at him, why does he look like Nation Teacher?"

“Nation Teacher? Are you blind? Why would Nation Teacher be kneeling in front of his own house?”

“My God, I’m not talking about Nation Teacher Ye; it’s Nation Teacher Lin! Lin Lan!”

“Mn??!-It’s true! T-This is going to be a big thing! Master Lin actually left and returned, and even knelt in front of the Nation Teacher Manor!”

... ..

Waiting until dawn, in front of Nation Teacher Manor’s gates was long already surrounded until not even water could seep through.

The former nation teacher kneeling in front of the current nation teacher’s door. This kind of thing, wanting to not cause a stir would not do either!

Regarding this sort of thing, there naturally could not avoid people gesticulating.

But Lin Lan was not the slightest bit moved and just knelt straight like that.

Tang Yu walked out of Nation Teacher Manor, looked at Lin Lan, and said with a frown, “What is Master Lin doing this for?”

At present, Tang Yu’s severed arm had already grown out and was no different from an ordinary person.

Furthermore, after he took the Foundation Establishment Heavenly Pill, his strength also advanced by leaps and bounds, breaking through to upper Lesser Sublime Heaven.

After Ye Yuan moved into Nation Teacher Manor, Tang Yu handed all of the family affairs to Tang Jinhua to manage. He willingly came to Nation Teacher Manor and became the chief steward.

When Lin Lan heard that, he just said coolly, “I’m here to acknowledge him as my master!”

“Acknowledge as your master?” When Tang Yu heard that, he could not help opening his eyes wide.

The exalted former Nation Teacher, a grade two heavenly alchemist, was here to acknowledge a master?

The surrounding crowd was also ignited by these few words!

“A-Acknowledge master? Did I hear wrongly?”

“What a joke! Isn’t Master Lin implacable enemies with Master Ye? He would actually put aside his ego and kneel in front of Master Ye’s door to acknowledge master?!”

“This Master Ye wouldn’t be wanting to swallow humiliation and bear a heavy burden, and harm Master Ye, right?”

“Very likely!”

... ..

No one would have thought that the Lord Nation Teacher who had once looked down on Eastward could actually put aside his ego and kneel down in public to acknowledge Ye Yuan as his master!

This impact was really too strong.

Even someone as clever as Tang Yu felt at a loss for some time too.

“Quickly go, quickly go! Lord Nation Teacher, if you keep making trouble, don’t blame me for not being courteous!” Tang Yu instinctively thought that this guy was here to make trouble and directly chased him away.

Lin Lan still had a calm expression and said coolly, “As you please! Not seeing Ye Yuan, this old man won’t leave!”

Tang Yu’s brows furrowed slightly and he said in a solemn voice, “You came deliberately to cause trouble?”

Lin Lan ignored Tang Yu and fell silent.

Tang Yu gave a cold snort and said, “Lin Lan, don’t think that because you’re a Greater Sublime Heavenly Stratum powerhouse, no one can take care of you in this imperial city! Let me tell you, Master Yun is in Nation Teacher Manor right now. He has already broken through to middle Greater Sublime Heaven!”

Hearing this, a hint of surprise flashed across in Lin Lan’s eyes.

However, this hint of surprise was gone very quickly!

When Tang Yu saw that Lin Lan was impervious to reason, he simply called Lu Yun and a bunch of helpers.

With Lu Yun around, his confidence was immediately bolstered significantly.

After Lu Yun took the ninth grade Foundation Establishment Heavenly Pill, his foundation was consolidated a great deal.

His strength also advanced by leaps and bounds, breaking through the shackles in one stroke, reaching middle Greater Sublime Heaven!”

“Come, men! Chase him away for me!” Tang Yu said in a solemn voice.

A group of people pushed and shoved, attempting to push Lin Lan away.

But he did not budge an inch.

It was naturally impossible for Lesser Sublime Heavenly Stratum to move a Greater Sublime Heavenly Stratum.

But Lin Lan did not retaliate.

A guard got impatient and directly kicked a foot on his body, he still did not fight back.

“Stop!” When Lu Yun saw this scene, his brows could not help furrowing slightly.

He came before Lin Lan and said, “You really want to acknowledge Ye Yuan as your master?”

Lin Lan said, “My mind is made up!”

Lu Yun frowned and said, "Why should I trust you?"

Lin Lan said coolly, "It's useless to say anymore. I'll use action to prove it!"

Lu Yun discovered that Lin Lan seemed to have become somewhat different.

He felt that Lin Lan seemed to have let go of everything, even his entire person becoming much lighter.

No sorrow or joy, no arrogance nor restlessness!

This Lin Lan seemed to have become a different person from the Lin Lan that he knew before!

It was impossible for this kind of temperament to be feigned.

"Okay, I'll go and inform Nation Teacher! As for whether he'll meet you or not, it's not something I can control anymore!" Lu Yun said.

Chapter 2562: Blockhead!

"You don't hate me?"

"Hate?? *Huhu*,?this old man wants to thank you! If not for your timely warning, this old man would probably continue to have no accomplishments to my name just like this for life!"

"Then on what basis do you think that I'll take you in as a disciple?"

"Accepting or not is up to you, to acknowledge or not is up to me! This old man is just asking for his peace of mind!"

"You, an exalted Greater Sublime Heavenly Stratum, can really put aside your ego and serve by my side?"

"Slaving like a bull or horse, I won't hesitate!"

"Okay then. From today onward, you'll stay in Nation Teacher Manor and be a servant! Remember, from now on, without my permission, you're not allowed to refine pills!"

"Yes!"

... ..

Just like that, Lin Lan became a measly little servant of Nation Teacher Manor.

This matter shocked the entire imperial city once more!

A Greater Sublime Heavenly Stratum actually willingly ran to Nation Teacher Manor to be a servant, it was hard not to cause a sensation even if one did not want it to.

Lin Lan was not allowed to refine pills in Nation Teacher Manor. He could only soak in the medicine storehouse every day and sort out and extract heavenly medicines.

This was simply the greatest torture and humiliation to someone who had once stood at the pinnacle of Eastward Country's alchemy path.

People all thought that Lin Lan would definitely leave.

However, they were all wrong!

Lin Lan actually persisted!

In the beginning, everyone was somewhat apprehensive of his former identity and strength.

But gradually, the servants in Nation Teacher Manor discovered that Lin Lan did not dare to talk back or attack at all.

Hence, they became brazen and fearless.

Many servants even started bullying Lin Lan.

Whatever dirty work and tiring work was thrown at him.

Lin Lan did not reject anyone who came!

Tang Yu and Ye Yuan were observing Lin Lan from a secret place. Tang Yu could not resist saying, "Big Brother, isn't it a bit too much for us to treat Lin Lan like this? Right now, rumors outside are all saying that Lord Nation Teacher is narrow-minded and doesn't have forbearance!"

Just earlier, a maid from Nation Teacher Manor even bullied Lin Lan a little, making him go and empty the lavatory bucket.

Lin Lan went to pour it away without making a sound.

Ye Yuan gave Tang Yu a glance and said with a smile, "What about you? Do you think so too?"

Tang Yu smiled awkwardly and said, "How can it be! Big Brother is forthright and is clear about what to love or hate. Back then, when I insulted Big Brother like that, Big Brother didn't even do anything to me and just punished me lightly. How can you be a narrow-minded person? It's just that public clamor can melt metal!"

Ye Yuan smiled and said, "Would we martial artists still care about what others say? Come, go over and take a look."

When Lin Lan saw Ye Yuan, he hurriedly bowed and said, "I pay respects to Master Ye!"

Ye Yuan gave Lin Lan a glance and said with a sigh, "It's been half a year. You didn't seem to have grown at all!"

Lin Lan was taken aback and said, "This old man is ashamed!"

Ye Yuan smiled and said, "You're not convinced!"

Lin Lan trembled and said, "This disciple doesn't dare!"

Ye Yuan smiled and said, "You feel that I'm making you be a servant and not allowing you to refine pills, it's just in order to make fun of you? To test you?"

Lin Lan's gaze revealed a look of confusion.

Those eyes seemed to be saying, wasn't it so?

Ye Yuan shook his head and said with a sigh, "You regained your original aspirations, but it's just that your comprehension ability is too poor! You're indeed not qualified enough to be my disciple! Compared to my disciples in the Lower Realms, you're far too lacking!"

By the side, Tang Yu almost sprayed out a mouthful of old blood.

In the entire Eastward Country, apart from Ye Yuan, Lin Lan was the alchemy path's number one person!

This kind of powerhouse actually did not even have the qualifications to be his disciple?

Furthermore, Ye Yuan actually said that Lin Lan, this Greater Sublime Heavenly Stratum powerhouse, grade two heavenly alchemist, could not even compare to his disciples in the Lower Realms!

This ... was a little too jarring!

Now, Tang Yu was extremely certain that Ye Yuan was deliberately suppressing Lin Lan!

Actually, according to Ye Yuan's criteria for accepting disciples, Lin Lan was indeed far worse than Yun Yi!

Yun Yi worked as an apprentice in the Pill Tower and understood Ye Yuan's intentions very quickly.

But it had been half a year, Lin Lan was still completely confused.

His intelligence was too low!

When accepting disciples, Ye Yuan's requirements for talent were not high.

What he wanted was someone who held awe and veneration in their hearts toward Alchemy Dao. Someone who could restrain their temper.

With just a glance in seeing Lin Lan again, Ye Yuan was sure that this former nation teacher regained his original aspirations for Alchemy Dao.

He was different now.

However, he was a blockhead.

In this half a year, he really did these miscellaneous chores as miscellaneous chores.

Without any accomplishments!

If Ye Yuan still did not come out to give guidance, this guy could do it stupidly for all his life!

Therefore, that was why Ye Yuan said that his intelligence was too low.

After all, an uncut jade like Yun Yi could not be encountered at will.

Lin Lan did not think that there was anything and said respectfully, "Yes, this disciple is slow-witted. Master Ye, please say it explicitly!"

Ye Yuan did not speak, but he casually picked up a stalk of Dragonbone Grass, and started extracting.

The moment the Dao fire arose, the Dragonbone Grass melted rapidly.

Lin Lan's pupils constricted, his gaze full of amazement.

Very soon, Ye Yuan finished extracting, looked at Lin Lan, and said, "How does my extracting the Dragonbone Grass now compare to back then?"

Lin Lan drew a deep breath and said, "Master Ye's strength is many times stronger than back then!"

The first time the two people wagered, Ye Yuan extracting the Dragonbone Grass was already transcendent back then.

But the extraction back then, when compared to this earlier, was on a completely different level!

The shock in Lin Lan's heart could be imagined!

So many years had passed, Ye Yuan was actually still spending energy on the extraction of Dragonbone Grass!

Ye Yuan said coolly, "I used 18 years to cultivate the extraction of the Dragonbone Grass to the extreme! I used eight years' time to refine the Foundation Establishment Heavenly Pill! I used more than half a year to cultivate the Dragonbone Grass to seventh grade! And then I used another full year's time to cultivate the Foundation Establishment Heavenly Pill to grand completion ninth grade! With over 20 kinds of basic heavenly pills, I only used four years' time to cultivate them to grand completion ninth grade! As for the Jasper Regeneration Pill, I only used several days to cultivate it to ninth grade! I know you never believed it all along that it was my first time refining the Jasper Regeneration Pill. However, that's the truth!"

"This ... How is this possible?" The words pushed Lin Lan's shock until it could not be surpassed.

That was right. He never believed it all along that it was Ye Yuan's first time refining it.

But now, Ye Yuan recounted his alchemy experiences after ascending in detail from the very beginning. Only then did he know that that was really the first time!

But only until now did he know that it turns out those 20 kinds of basic heavenly pills, Ye Yuan actually cultivated all of them to the grand completion realm of ninth grade!

He only used four years!

This was simply too exaggerated!

This was a report card. Furthermore, it was dazzling to the extreme kind of report card!

Placed across True Yang Heavenly Domain, one probably could not find a second one!

Only at this moment did Lin Lan become deeply aware of Ye Yuan's terror!

Ye Yuan said, "Telling you these is not for the intention of showing off, but for you to understand that here at my place, one's foundation is the most important thing! I, Ye Yuan, won't do this kind of boring thing like taking revenge. If I'm not willing to take you in, you naturally won't be able to enter this door! Since you came in, there's no shortcut at my place. There is only hard work. I'll give you one year's time. After one year, if you can refine a seventh grade Foundation Establishment Heavenly Pill, I'll officially take you in as my disciple! If you can't do it, leave on your own."

Chapter 2563: Apologize!

The goal that Ye Yuan set for Lin Lan could not be rated as not high.

From fifth grade to seventh grade, it seemed like a very narrow gap, but it was extremely difficult to cross.

The quality of heavenly pills, third grade, fifth grade, seventh grade, ninth grade, grand completion, each was a hurdler.

Furthermore, the further back, the more difficult it was!

Lin Lan could break through to the fifth grade by relying on the strength of grade two heavenly alchemist.

But further up was something that was extremely arduous.

If seventh grade was so easy to break through, then when Ye Yuan refined the seventh grade Foundation Establishment Heavenly Pill, it would not have caused such a great sensation.

Ye Yuan was able to do it by relying on his foundation that was tempered endlessly, coupled with his extraordinary talent.

But to Lin Lan, it was the biggest test of his life.

Ever since then, Lin Lan cultivated like he had gone mad.

But the more he cultivated, the more shocked he became!

In the past, he had never attempted to spend so much energy on a basic heavenly pill before.

But now, he discovered that it was simply a heavenly chasm from fifth grade to seventh grade!

He was very perplexed how on earth Ye Yuan did it.

That person was a freak!

It was really not unjust at all that he lost so thoroughly.

However, the current Lin Lan was no longer the original Lin Lan.

After he lost that day, with all hope being dashed to pieces, he almost had the will to die.

However, things would develop in the opposite direction when they become extreme.

He finally had a grand awakening and regained his original aspirations.

He suddenly came to realize the truth, understanding that he already lost himself after so many years of being in a high position.

Hence, that was why he would put everything down and return to acknowledge master.

But, even if he regained his original aspirations, wanting to improve was also not an easy thing.

Only all the way until this moment did he know how huge the gap was from Ye Yuan!

The Dragonbone Grass that Ye Yuan extracted that day was placed next to him.

With each stalk that Lin Lan extracted, he would do a comparison.

The result was often disappointing.

This process was really incomparably devastating.

Fortunately, Lin Lan persevered.

A year later, Lin Lan's eyes were deeply sunken, his figure emaciated and his hair disheveled. It was as if he had climbed out of the grave.

He held a heavenly pill in his heart, his throat emitting a strange 'huhu' laughter, clamoring about wanting to see Ye Yuan.

When Ye Yuan saw this unbelievably barely adequate Foundation Establishment Heavenly Pill, he could not help shaking his head and sighing.

"It's been really hard on you! Alright, I'll reluctantly take you in." Ye Yuan said.

"Huhuhuhu?... Thank you, Master Ye! Disciple pays respect to Master Ye"

Amidst the strange laughter, Lin Lan kowtowed and acknowledged master. Then, he directly fell down with a deafening noise.

In the following days, Lin Lan started following Ye Yuan to cultivate.

The task that Ye Yuan gave him was very simple. It was to refine a Foundation Establishment Heavenly Pill to ninth grade.

As for grand completion ninth grade, Ye Yuan directly gave up on it.

Lin Lan's natural endowments were too poor. There was no hope for grand completion at all.

Even ninth grade was also a goal that was lofty and out of reach to Lin Lan.

On this day, Second Prince suddenly came to Nation Teacher Manor in a hurry.

"Nation Teacher, Jadetrue Heavenly Sect's envoy is summoning you!" Second Prince said.

"Oh??What do they want to see me for?" Ye Yuan asked curiously.

Second Prince said, "A few years ago, the envoys discovered an ancient tomb in Inkligh Forest. They suspect that it's the place of slumber of a Jade Sovereign Heavenly Stratum powerhouse. In order to enter this place, our Eastward Country suffered casualties of countless experts these few years. Two years ago, they finally opened up the ancient tomb. Hence, the few of them brought a large group of experts and entered inside. Who knew that just three days ago, they returned. One of them is seriously injured, and one is poisoned. Envoy Cheng ordered people to invite Nation Teacher over."

Ye Yuan was also extremely surprised when he heard it. No wonder so many years had passed, but the matter of investigating Jun Tian's death had always been all talk no action.

It turned out that the Jadetrue Heavenly Sect's people actually placed their thoughts on this.

It made sense. Although Jun Tian was all-powerful in the Heavenspan World, he was merely just a minor character who was not valued in the Jadetrue Heavenly Sect.

But the ancient tomb of a Jade Sovereign Heavenly Stratum powerhouse could contain a huge lucky chance. How could they let it go?

Above Limitless Sublime Heavenly Stratum was Jade Sovereign Heavenly Stratum!

This kind of powerhouse, even when looking at the entire True Yang Heavenly Domain, they were sovereigns of a region too.

Casually leaving behind a bit of lucky chance was enough for Greater Sublime Heavenly Stratums to benefit endlessly.

Their energy naturally had to be placed on this.

"So that's how it is. Let's go then! Lin Lan, you come along with me. There should be some use for you," Ye Yuan said coolly.

... ..

When Cheng Chongshan saw Lin Lan, he immediately said unhappily, "Why did you only come now? Dragging your feet, why haven't you quickly gone in! If you can't treat them, you know the consequences!"

As for the Ye Yuan by the side, he directly ignored him.

Lin Lan still wanted to say something but saw Ye Yuan shake his head.

He could only toughen his scalp and go in for treatment.

The emperor had his hands by the side, appearing fearful and respectful.

Clearly, the pressure that this Jadetrue Heavenly Sect gave to him was too great.

Ye Yuan and Second Prince wanted to follow in too, but they were stopped by Cheng Chongshan, "Stop! This place isn't where any random Tom, Dick, or Harry can enter! The few of you just wait here!"

Finished saying, he turned around and entered the palace.

Second Prince had an awkward look and said with a bitter smile, "Nation Teacher, the envoy didn't know that you're the nation teacher, so ..."

Ye Yuan waved his hand and said with a smile, "It's okay. If Lin Lan can treat them, it saves me the trouble of taking action!"

With regards to this kind of people who had their noses in the air, Ye Yuan had seen too many of them.

Getting angry with this kind of person was pointless to him.

Boom!

Before long, a bout of cursing and swearing came from inside, as well as the sound of fighting.

“Trash! Can’t even treat this bit of injury, what do I want you for?”

Ye Yuan’s expression changed, and he rushed in with a flash.

At this time, Cheng Chongshan just happened to smash a fist onto Lin Lan’s chest, directly smashing him flying.

Lin Lan spurted fresh blood from his mouth wildly, already seriously injured.

“Eastward Country is really a bunch of trash! You can’t even treat this bit of injury! *Humph!*”? Cheng Chongshan said angrily.

Similarly a Greater Sublime Heavenly Stratum powerhouse, Lin Lan was not Cheng Chongshan’s match at all.

The disparity was too great!

“Stop!” Cheng Chongshan still wanted to attack when Ye Yuan shouted coldly.

However, Cheng Chongshan treated it as if he did not hear it at all, smacking another palm onto Lin Lan’s chest.

Cheng Chongshan turned to glare at Ye Yuan and said with a cold smile, “A lowly ascender, who the hell do you think you are, to also dare ask this envoy to stop? Did this envoy let you come in?”

His voice had yet to fade when Cheng Chongshan turned into an afterimage and rushed towards Ye Yuan.

He was actually going to kill Ye Yuan!

Ye Yuan’s eyes turned dark and his figure swayed, and he actually disappeared.

Boom!

The place where Ye Yuan was standing directly had a large hole smashed out.

But Ye Yuan already arrived beside the bed.

His hand pressed onto the vitals of one of the women, his eyes dark as he said, “I asked you to stop, are you deaf?”

Cheng Chongshan’s pupils constricted, and he said in a solemn voice, “Spatial rule, fine lad! However, I advise you to let her go. Otherwise ... you’ll regret being born in this world.”

Ye Yuan completely ignored him and said coolly, “Apologize!”

Cheng Chongshan was stunned and said, “What did you say?”

Ye Yuan said, “I asked you to apologize to Lin Lan! Looks like you’re really hard of hearing!”

Cheng Chongshan laughed loudly and said, “You’re asking this envoy to apologize to a piece of trash? Who the hell do you think you are?”

Unrivaled Medicine God

Chapter 2564: Save Some Strength!

"Is that so?"

Ye Yuan's hand exerted force, that woman spat out a mouthful of black blood with a spurt.

When Second Prince and the emperor saw this scene, their expressions changed wildly.

Damn it!

This Ye Yuan was unbelievably inflexible.

With this, he offended the envoy badly.

Cheng Chongshan's expression changed and he said, "Boy, you dare?!"

Ye Yuan said coolly, "Say ... sorry!"

Cheng Chongshan's eyes wanted to spew fire, he gritted his teeth and said to Lin Lan, "I can apologize, but do you think that you can bear it?"

Lin Lan stood up swayingly, his gaze revealing a look of fear and he said to Ye Yuan, "Master, why don't ..."

Ye Yuan cut Lin Lan off right away and said, "My, Ye Yuan's, disciple, there's nothing that can't be shouldered! If you feel that you can't bear it, you can leave right now!"

Lin Lan's entire body trembled, suddenly recalling back then at the Tang Family.

This master was that unyielding!

Even if you were the bloody Jade Emperor, you could not deal with my people!

A warm current flowed through in Lin Lan's heart.

Such a master was worth following!

All of a sudden, his gaze turned sharp, and he said in a solemn voice, "You just apologize, this old man can bear it!"

Cheng Chongshan gnashed his teeth in hatred and said, "Good! Very good! This envoy wants to see how a trash like you can bear it! I. Am. Sorry!"

Lin Lan said coolly, "It's. Fine! Also, I'm not the nation teacher. My master is the nation teacher! I can't save them, but it doesn't mean that my master can't save them!"

Cheng Chongshan's gaze turned intent, looking at Ye Yuan rather surprisedly.

When he first saw Lin Lan, he directly overlooked Ye Yuan.

How could a middle Lesser Sublime Heaven possibly be the nation teacher?

"Rubbish! I heard that Eastward's nation teacher is a grade two heavenly alchemist. How can it possibly be him?" Cheng Chongshan said in a great rage.

Lin Lan said, "More than a year ago, this old man had a wager with Master. In the end, I was completely defeated at his hands. Ever since then, I've respected him as my master. This position of nation teacher is naturally his too!"

Cheng Chongshan three people had been busy with the ancient tomb all along and did not hear that there were actually so many twists and turns.

A grade two heavenly alchemist actually acknowledged a middle Lesser Sublime Heaven as master, and he was even an ascender!

Suddenly, he burst out laughing and said, "Trash, are you kidding me? That kid is an ascender. So how can he possibly be a heavenly alchemist? In my view, your Eastward Country is really tired of living from top to bottom!"

The moment these words came out, the emperor and Second Prince's countenances suddenly changed.

Clearly, Cheng Chongshan was genuinely enraged!

"I don't know whether or not they are tired of living. But you're probably tired of living!" Ye Yuan said coolly.

Cheng Chongshan sneered and said, "Ascender, are you threatening this envoy? Do you know who this envoy is?"

Ye Yuan said coolly, "Who you are, has nothing to do with me. But I know that compared to the two of them, you're in a little more danger. In less than three days, you'll die beyond a doubt!"

The moment these words came out, the expressions of everyone present changed wildly.

Cheng Chongshan's aura was vibrant. He did not have any appearance of being injured or poisoned. So how could he face certain death?

Cheng Chongshan laughed loudly and said, "Boy, are you scaring me? Do you think that this envoy is so easy to scare? Moreover, what the hell do you, an ascender, know about alchemy, to dare spout a stream of empty rhetoric here?"

Ye Yuan shrugged and did not have the intention of arguing.

And right at this time, that woman beside Ye Yuan actually slowly woke up.

Cheng Chongshan's expression changed and he was immediately ecstatic. He rushed straight to the bedside and helped the woman up.

"Junior Apprentice Sister Wu Shuang, you're awake! H-How do you feel?" Cheng Chongshan said agitatedly.

Wu Shuang's essence, energy, and spirit was much better than just now. She nodded slightly and said, "M-Much better!"

Cheng Chongshan said with pleasant surprise, "That's good! That's good then!? *Eh*, ?hang on! Your situation was clearly deteriorating non-stop just now, how did you suddenly become much better?"

Wu Shuang said weakly, "I don't know either! Just now, the poison energy within my body was already almost attacking my heart. But suddenly, a bout of power forced it out. I spat a mouthful of blood and felt much better."

Cheng Chongshan's entire body trembled, looking at Ye Yuan with amazement.

It turned out that that threatening earlier was actually treating Wu Shuang!

Cheng Chongshan was shocked in his heart. In merely a few short breaths of work just now, Ye Yuan could already control the direction of the poison energy within Wu Shuang's body, and force it out of the body?

This kind of means was truly fantastical!

At this time, his underestimation was long already put away. What replaced it was a hint of solemnness.

By the side, Lin Lan, the emperor, and Second Prince, all had shocked faces.

This means was truly fantastical!

They all knew that Ye Yuan's Alchemy Dao was incredible, but they did not know that Ye Yuan's medical skills were actually so heaven-defying too.

Everyone thought that Ye Yuan was forcing Cheng Chongshan to give in just now, who would have expected that he was actually treating Wu Shuang!

Too strong!

"Boy, treat Junior Apprentice Sister Wu Shuang well, your benefits won't be dispensed with!" Cheng Chongshan said.

Although he knew that Ye Yuan was formidable, he still had a lofty and aloof appearance.

In his eyes, ascenders were outliers. They not worthy of respect at all.

When Ye Yuan heard that, his eyebrows also furrowed. Then he said coolly, "This is your attitude of asking someone for help?"

Cheng Chongshan frowned and said, "Why? An ascender like you, this envoy not killing you is already showing grace. What does making you treat a bit count for? In this True Yang Heavenly Domain, without my Jadetrue Heavenly Sect's protection, an ascender like you will find it hard to take a single step!"

Cheng Chongshan looked down on Ye Yuan's identity as an ascender from the bottom of his heart.

Compared to Eastward Country these people, Cheng Chongshan's feeling of standing high above the masses was even stronger.

Ye Yuan chuckled and said, "Since that's the case, then there's nothing to talk about. Lin Lan, let's go!"

The emperor's expression changed, and he hurriedly stopped Ye Yuan and said, "Nation Teacher, what the envoy said is right! Without the Jadetrue Heavenly Sect's protection, ascenders will really find it hard to take a single step! In True Yang Heavenly Domain, ascenders are aliens! Only in my remote land of Eastward Country, will there be a little less hostility towards ascenders. You just have to take action and

treat the envoys, and they will definitely protect you! Otherwise, once the Jadetrue Heavenly Sect is enraged, my Eastward Country can't protect you!"

Ye Yuan smiled and said, "Your Majesty, not that I'm not giving you face. This Ye doesn't need other people's protection and also doesn't like to chase after people to treat their ailments. This Ye isn't so cheap yet! Asking me to see a patient, also can. Show your sincerity. Also, Your Majesty, this Ye only came today on the account of your face. After today, those who want to receive medical help, come to Nation Teacher Manor yourselves!"

Finished saying, Ye Yuan was about to bring Lin Lan and leave.

"*Humph!* Refusing a toast only to drink to a forfeit!" Cheng Chongshan gave a cold snort, his figure swaying and blocking in front of Ye Yuan.

Ye Yuan did not even raise his eyebrows and said coolly, "Stop posturing here, save some strength! The faster you move, the faster you'll die! Your time is running out. If you want to live, put aside your baffling sense of superiority! Also, don't block in front of me, if I want to kill someone, you can't stop me!"

Finished saying, Ye Yuan did not care about Cheng Chongshan's deadpan face at all and walked right past him.

Clearly, the threat worked very well!

Chapter 2565: Testing Poison with His Own Body!

"Qiao! Kai! Yuan!"

After Ye Yuan left, Cheng Chongshan's angry roar shook until the roof collapsed.

He pointed at Qiao Kaiyuan's nose and scolded, "This is the nation teacher that you found? Qiao Kaiyuan, are you rebelling? Just you wait, this envoy will definitely report to the sect after returning to the sect this time and eradicate your Eastward Country!"

The emperor and Second Prince's complexions were ashen, feeling like the sky was about to fall down.

Once the envoys were angered, Eastward Country could not withstand it!

This father and son two people were like targets for venting, feeling helpless.

It was clearly you who postured and were not willing to lower your head, angering Ye Yuan, you still wanted to frame the charges onto our heads!

Who would we go find to reason things out?!

Both sides were big shots, both sides could not afford to be provoked!

The emperor had an ugly expression as he said, "Envoy, please calm your anger! That Ye Yuan is indeed arrogant at heart and haughty in manner, but he has genuine ability too! His means earlier, you saw it too! He said that envoy, you have a problem in your body too. Why don't envoy put aside your ego and request him for medical treatment?"

Cheng Chongshan sneered and said, “*Huhu*, can this kind of half-genuine and half-sham trick scare this envoy? This envoy’s body, don’t I know it myself? With just the likes of him, what can he tell?”

He naturally did not believe Ye Yuan’s words. He felt that he was currently strong as a bull now.

He did not listen to Ye Yuan’s words at all.

He looked at the emperor and said with a cold smile, “Qiao Kaiyuan, don’t blame me for not giving you a chance! Within half a day, have that punk get over here and apologize to this envoy, this matter will be left at this! If not, heh heh, you know the consequence!”

The emperor’s complexion was ashen and could only bring Second Prince and leave.

... ..

At Nation Teacher Manor, Qiao Kaiyuan and Second Prince urged Ye Yuan with earnest words and the best intentions for a long time.

But he was unmoved.

“The two of you don’t need to waste your breath anymore. Calculating the time, that cocky envoy should be here,” Ye Yuan said smilingly.

The father and son two people exchanged glances, both revealing disbelieving looks.

“Nation Teacher, Envoy Cheng looks very healthy and doesn’t seem like he has a problem at all! Were you mistaken?” Qiao Kaiyuan said.

His voice had yet to fade when a servant came to report hurriedly.

“Your Excellency, it’s not good! Someone is vomiting blood as he’s walking and rushed straight into Nation Teacher Manor! We ... We can’t stop him!”

Qiao Kaiyuan father and son, as well as Lin Lan, trembled all over.

This was also foreseeing with too much accuracy, right?

Could it be that it was Cheng Chongshan who came?

Furthermore, Ye Yuan really hit the mark, Cheng Chongshan really had a problem!

Lin Lan’s heart shook wildly. As a grade two heavenly alchemist, he actually did not even see any clues!

Ye Yuan got up and went out to greet.

Qiao Kaiyuan and the rest followed out with bellies full of shock.

After walking a short distance, they saw Cheng Chongshan swaying with every step, vomiting with each step, staggering over here.

A foul smell greeted the nose.

Ye Yuan’s brows furrowed slightly and he hurriedly flicked his fingers repeatedly. An enchantment directly opened up, sealing the road that Cheng Chongshan had walked over from.

He already poisoned a large swathe coming all the way here.

The servants had long already retreated very far away and did not dare to approach.

This poison was very strong!

“All stay further away! Protect your body with divine essence. This poison isn’t ordinary!” Ye Yuan said in a solemn voice.

The others felt a chill in their hearts and hurriedly followed suit.

“S-Save me! M-Master Ye, I ... I was wrong! I-I beg you, save me!”

Seeing Ye Yuan, Cheng Chongshan seemed to have clutched the last life-saving straw, using the last of his strength to shout.

Ye Yuan smiled coldly and said, “Not putting on your airs as an envoy now?”

Cheng Chongshan said weakly, “Master Ye, I was wrong! I really know that I was wrong! Help me!”

When Qiao Kaiyuan saw this scene, he was also frightened badly and hurriedly said, “Nation Teacher, take it as we are begging you! He can’t die in Eastward!”

Second Prince also said anxiously, “Nation Teacher, I’m begging you!”

Ye Yuan was full of unwillingness, but in all fairness, Qiao Kaiyuan father and son had treated him with courtesy.

Moreover, there was also the Tang Family, Lu Yun, and Jiang Yu, these relationships.

Once the Jade True Heavenly Sect was enraged, it was troublesome too.

Ye Yuan nodded slightly and fired out a thin thread, attempting to probe into Cheng Chongshan’s body.

Seeing this scene, Qiao Kaiyuan and the rest had ecstatic faces.

However, the fine thread had not gotten close to Cheng Chongshan yet and was actually burned to a crisp!

Furthermore, a cloud of mist actually followed along the thread and crept over toward Ye Yuan.

Ye Yuan’s expression changed and he hurriedly broke the thread off.

Ye Yuan frowned and said, “This poison is very troublesome!”

Qiao Kaiyuan said in surprise, “Doesn’t Nation Teacher recognize this poison? Then how did you tell that there was something wrong with Cheng Chongshan’s body?”

Ye Yuan said, “I guess it! I only saw that there was a very formidable poison hidden in his body, about to erupt. But I also didn’t expect that this poison would actually be so strong! According to this kind of toxicity, he probably can’t last past two hours! I just ascended not long and don’t understand Grand Brightjade Complete Heaven’s poisons. It’s a little troublesome to save him!”

Everyone had shocked faces. To actually be able to discern with one look, how terrifying his skill must be!

However, Qiao Kaiyuan discerned it. Ye Yuan said that it was troublesome, not hopeless!

“Nation Teacher, he ... he can’t die! As long as Nation Teacher can save him, our Qiao Family will follow Nation Teacher for directions!” Qiao Kaiyuan said.

Ye Yuan nodded slightly and said, “All of you step back a little.”

Everyone was uncertain what it meant and retreated to a further place.

Suddenly, Ye Yuan slowly got up and walked over toward Cheng Chongshan who was already in a coma.

Then, he actually reached his hand out toward the blood spot that Cheng Chongshan vomited!

When everyone saw the situation, they turned pale with fright!

“Master, you mustn’t!” Lin Lan exclaimed.

“Nation Teacher!” Qiao Kaiyuan father and son said in surprise.

A little bit of black blood stained on Ye Yuan’s hand.

Practically instantly, that drop of black blood disappeared, fusing into the skin.

Ye Yuan’s expression changed abruptly, hurriedly sitting cross-legged and revolving his skill.

The toxin was like a cluster of flames, instantly invading Ye Yuan’s meridians.

The toxicity far surpassed any poison that Ye Yuan had ever seen before!

With regards to the 33 Heavens’ poisons, Ye Yuan had never dabbled in them before.

But Ye Yuan was not just the ancestor of alchemy. He was also the ancestor of using poison!

Otherwise, he also would not have poisoned a hundred thousand Celestial Deity powerhouses to death back then!

In order to study the poison path, Ye Yuan had once tested poison with his body countless times.

Ye Yuan had long already formed his own set of methods to deal with toxins.

The toxins that he introduced were very precise, not much, but sufficient to be fatal!

Ye Yuan wanted to use his body to feel this toxin and find a way to cure the poison from there.

Very soon, a pitch-black color appeared on his face. Even his lips turned purplish black.

The symptoms were the same as Cheng Chongshan’s.

Seeing this scene, everyone’s hearts leaped to their throats.

“This ... What exactly is Nation Teacher trying to do? Isn’t this tantamount to suiciding?” Qiao Kaiyuan said nervously.

Lin Lan said in a solemn voice, "Master is testing the poison with his body. This is a method to understand toxins. It's just that there are extremely few people who dare to use it. Because a single misstep and it's the outcome of death! Furthermore, this poison is extremely powerful. Master ... he is probably ... fraught with grim possibilities!"

Chapter 2566: I Am This Stubborn!

Black gas steamed up from Ye Yuan's body.

The terrifying poison gas horrified people at the sight of it.

Tang Yu's expression was ugly as he said, "To be able to render a middle Greater Sublime Heaven powerhouse without the slightest power to resist, the damage of this poison to Lesser Sublime Heavenly Stratum can be imagined! What's Big Brother trying to do!"

Seeing Ye Yuan's appalling appearance, the people in the Nation Teacher Manor were all terrified.

They thought that Ye Yuan was dead for sure.

But very soon, the black fog around Ye Yuan gradually became thin.

The black gas on Ye Yuan's body also gradually faded away.

Finally, Ye Yuan recovered to his original appearance again.

Everyone had blank faces, shocked speechless.

A deadly poison capable of killing a Greater Sublime Heaven powerhouse, Nation Teacher was actually safe and sound?

"This ... He's actually fine already?" Lin Lan said with a dull expression.

When Tang Yu saw this scene, he was beside himself with joy.

But hearing Lin Lan's words, he frowned and said, "Why? You hope that something happens to Big Brother so that you can become Nation Teacher again?"

Lin Lan shook his head and said, "You don't know the danger in this! This poison is extremely hidden! Martial artists can't detect it at all in the early stages. But once it erupts, if I didn't guess wrongly, it can probably poison Limitless Sublime Heavenly Stratum powerhouses to death! For Lesser Sublime Heavenly Stratum, forget about testing the poison with their own bodies; they would practically die upon contact! Master's means can be rated as heaven-defying!"

When Tang Yu heard, he also opened his mouth wide, a look of shock on his face.

His big brother's means, all of them were truly inconceivable!

Limitless Sublime Heavenly Stratum was absolutely a supreme-level powerhouse to Eastward Country.

If a Limitless Sublime Heavenly Stratum powerhouse came over, annihilating a country was normal too!

This poison could poison such a powerhouse, but could not do anything to Ye Yuan. It could be seen how terrifying his means were!

Qiao Kaiyuan had a look of shock as he said, "Is Nation Teacher really an ascender? We have lived to this ripe old age and haven't seen such a heaven-defying ascender before!"

Lin Lan smiled bitterly and said, "If Master isn't an ascender, curing this poison would likely be like eating rice and drinking water! If my conjecture is right, Master testing poison with his own body has likely already been run of the mill long ago! Not only is he an alchemy expert, but he is also a poison path grandmaster!"

Amidst everyone's shocked gazes, Ye Yuan slowly stood up, his figure staggering a little.

This poison was indeed powerful. Even if he forced the toxin out of his body, he could not quite bear it too.

However, Cheng Chongshan's aura was getting weaker and weaker, it could not be delayed anymore!

Ye Yuan used his fingers as a sword, one stream of sword energy after another fired into Cheng Chongshan's body.

Replacing needles with swords!

Sword energy and the poison energy carried out a cruel to the extreme slaughter within Cheng Chongshan's body.

The poison energy was too strong, Ye Yuan's sword energy was too weak, melting upon contact!

But Ye Yuan already tested the poison with his own body and already had a direct understanding of the trajectory path and prowess of this poison.

Hence, that was why he dared to apply the needles!

With a definite object in view, no matter how strong the toxicity, it was not a match too!

The poison gas was forced out of the body bit by bit.

Suddenly, Cheng Chongshan's fingers moved slightly.

"Revolve your divine essence and follow the direction of my sword energy to assault!" Ye Yuan shouted coldly.

Cheng Chongshan's whole body shook, feeling one surging ray of sword energy after another rushing without restraint within his body.

And the toxins within his body were actually cut down by a lot!

Cheng Chongshan did not dare to be neglectful, hurriedly revolving divine essence.

Two mighty forces gathered together, the toxin was immediately like water that breached the banks, fleeing in defeat.

Six hours later, Ye Yuan slumped to the ground.

But Cheng Chongshan was radiating with vigor anew.

The poison in his body was already pretty much all healed up!

Nation Teacher Manor was dwelling upon this with great relish.

“Nation Teacher is truly a miracle-hand! This kind of strange poison, he actually cured it!”

“Didn’t you hear the former nation teacher? That poison can even poison Limitless Sublime Heavenly Stratum powerhouses to death. Our nation teacher is only Lesser Sublime Heavenly Stratum and he can actually test the poison with his own body, truly incredible!”

“*Tsk tsk*, really feel honored to be working in the Nation Teacher Manor! With Nation Teacher around, it will be hard to die even if you wanted to!”

... ..

With regards to Ye Yuan’s means, everyone was incredibly amazed.

Barring no accidents, today’s matter would spread throughout the entire imperial city very soon!

The prestige of the Nation Teacher manor would also be like the noonday sun!

“Lin Lan, dispose of the toxin, be careful!” Ye Yuan said weakly.

Cheng Chongshan looked at Ye Yuan, his expression a little awkward.

This poison attacked too suddenly and too fiercely. He did not even have time to resist and his entire person crumbled.

He thought that he was dead for sure, did not expect that he was actually saved!

This ascender’s methods were simply inconceivable!

Cheng Chongshan was deeply aware of this poison’s prowess, even those elders in the sect might not be able to resolve it too.

This puny little ascender actually cured it!

Thinking about how he was posturing in front of Ye Yuan previously, vowing solemnly that Ye Yuan was scaring him, he really wished to find a hole in the ground to burrow into.

However, Cheng Chongshan was very displeased in his heart!

Having his face slapped like this by an ascender, he felt that his dignity was seriously challenged!

The looks around him seemed so piercing.

An ant should have treated him properly to begin with.

Now, it actually caused him to almost die.

People were this strange sometimes, it was clearly you who helped him, but he felt that you did wrong.

You even had to beg to help him.

But Cheng Chongshan was not a fool. It was impossible for him to fall out at this time.

Wu Shuang and his junior apprentice brother still had to rely on Ye Yuan to do the treatments.

A man under low eaves had no choice but to lower his head!

Several years were required to go from Eastward Country to Jadetrue Heavenly Sect.

It was hard for distant water to quench one's current thirst. If they were to return to the sect, Wu Shuang would have long died completely.

"Brother Ye, it was this Cheng who was rash this time! This life-saving grace, this Cheng will bear it in mind, and will definitely repay it!" Cheng Chongshan clasped his hands and said.

Ye Yuan waved his hand and said, "If you want to thank, thank His Majesty. With your attitude previously, it's impossible for me to save you! It was him who begged me bitterly to save you!"

Cheng Chongshan had an awkward look and said with a smile, "No matter what, Brother Ye acting to save this Cheng is a fact. This favor, this Cheng has remembered it! As for Eastward royal family, this Cheng will naturally repay generously!"

Humph!

This cocky fellow was really like a rock in the toilet; stinky and hard!

If not for Junior Apprentice Sister, did you think that I would be so humble and submissive towards you?

After Junior Apprentice Sister is well, I'll definitely tear you to shreds!

Otherwise, it's hard to dispel the hatred in my heart!

Do you think that you can be invincible under the heavens if you know spatial rule?

Too naive!

Ye Yuan waved his hand and said, "Leave. My divine essence is depleted and have to go into closed-seclusion!"

The moment Cheng Chongshan saw this, he hurriedly said, "Brother Ye, this Cheng's junior apprentice sister is still poisoned ..."

Ye Yuan said coolly, "I am this stubborn! If you talk to me nicely, everything can be discussed. But I gave you the chance! Want me to save them, also can. Bring out your sincerity!"

Finished speaking, he turned right around and left, leaving behind everyone with awkward faces.

Cheng Chongshan looked at Ye Yuan's back view, his gaze like a knife, almost wanting to kill Ye Yuan.

In this remote hinterland, he was actually being humiliated by an ascender like so!

If he did not avenge this enmity, where would his face go?!

Qiao Kaiyuan was silent like a cicada in winter by the side, not daring to make a sound at all.

Chapter 2567: A Few Pieces of Jade Slips

"Lord Envoy, we've investigated Deacon Jun's matter for many years and didn't find any leads either. But Yuqin found a trace of a clue recently!" Eldest Prince said.

"Oh? Speak!" Cheng Chongshan said with a frown.

"Yuqin feels that Deacon Jun very likely died at Ye Yuan's hands!" Eldest Prince's words were shocking.

Cheng Chongshan was greatly interested and said, "What does this mean?"

Eldest Prince said, "When Deacon Jun died, it was precisely when Ye Yuan ascended! Furthermore, he ascended from Inkligh Forest! Yuqin knows that these words are somewhat fantastical, but Ye Yuan this person has too many mysteries to begin with! Ever since coming to Eastward Country, he has done too many impossible things! If Deacon Jun was careless, dying at his hands is also not something impossible!"

Cheng Chongshan revealed a pondering look and fell silent.

Eastward's general situation had settled, but Qiao Yuqin's heart was not dead!

He had the intention of curry favor with Cheng Chongshan, but these people's minds were not on this at all. Their movements and traces were elusive and secretive.

Eldest Prince had long already investigated Ye Yuan inside out and already knew everything about the events after Ye Yuan ascended like the back of his hand.

He discovered a coincidence that made him wildly ecstatic!

That was that Jun Tian's death just happened to coincide with the time Ye Yuan ascended!

Hence, he wanted to speak to Cheng Chongshan, wanting to borrow Cheng Chongshan's hand to take Ye Yuan down.

As long as Ye Yuan fell, his chance would come.

However, Cheng Chongshan and co. went deep into the ancient tomb and only returned recently.

Who would have expected that after the few people came back, they would be injured and poisoned?

Let alone did he expect that a conflict actually happened between Ye Yuan and the envoy!

Eldest Prince felt that this was simply a godsend opportunity!

As long as he informed Cheng Chongshan about this matter, there was no need for him to say anything at all. Cheng Chongshan would also help me remove this obstacle.

To Cheng Chongshan, whoever killed Jun Tian was not important.

What was important was that there was an explanation to the sect!

Of course, not anyone had this qualification to be the sacrificial lamb.

Anyhow capturing a random person back, how could the sect possibly believe that this was the murderer?

Saying it out, it would be hard to convince the public too!

Previously, the most suitable one was naturally Eastward emperor.

But now, it was Ye Yuan!

Ye Yuan's prestige in Eastward was too high!

It was even higher than the emperor's!

If he became the murderer and Cheng Chongshan killed Ye Yuan, killing the chicken to warn the monkeys, it could naturally deter the frontiers!

Even a coincidence was also not as coincidental as this!

As for whether or not Ye Yuan was really the murderer, it was not important at all!

Very soon, Cheng Chongshan figured out the crux involved, a hint of a smile revealing at the corners of his mouth.

He looked at Eldest Prince and said smilingly, "Qiao Yuqin, you're very smart and know what this envoy needs! This news of yours is indeed very useful to this envoy! What you want, this envoy will give to you too. But, what should be done in the future, it shouldn't need me to say anymore, right?"

The moment Qiao Yuqin heard, he was overjoyed. He prostrated on the ground and said, "Yuqin is envoy's man in the future. I'll dash my brains on the ground and lay down my life if need be!"

Cheng Chongshan said, "However, this boy is adept in spatial rule. His movement technique is extremely strange. He is not easy to deal with! I'll send a message back to the sect and request the sect to send experts over to capture this guy! As for this period of time, lay low for me!"

Qiao Yuqin was wildly elated and hurriedly said, "Envoy, rest assured. Yuqin will definitely act in a low-profile manner!"

... ..

On this day, Cheng Chongshan brought his junior apprentice brother and junior apprentice sister, and carried a large number of gifts, and arrived at Nation Teacher Manor.

Along the way, it caused a great sensation.

People naturally did not know that Cheng Chongshan and Ye Yuan were on bad terms. They just knew that Ye Yuan was Eastward's nation teacher.

Even Jadetrue Heavenly Sect's envoy had to visit in person and seek medical treatment from Nation Teacher.

This was too impressive!

"Tsk tsk, our Eastward Country is really impressive this time! Even the envoy has to pay a visit for medical treatment!"

"I heard that the few envoys are very arrogant. Even the emperor has to be cautious when he sees them. But in front of Nation Teacher, they still have to put aside their ego!"

"On that day, Envoy Cheng was inflicted with a fierce poison, poisoning hundreds of people along the way! In the end, it was still Nation Teacher whose miraculous skill restored life, curing him!"

... ..

The residents of the impressive, awesome all felt proud when they saw their own nation teacher's awesomeness.

Furthermore, ever since Ye Yuan took office as the nation teacher, Nation Teacher Manor's door had changed from the cold pride in the past and had become closer to the people.

Anyone who was sick or had a disaster could come for consultation.

Of course, the vast majority of the illnesses did not reach Ye Yuan here. There was naturally Lin Lan, Jiang Yu, and the Tang Family managing it.

But there were also some troublesome issues that Ye Yuan personally took action to resolve.

Therefore, even though Ye Yuan had not served as the nation teacher for a long time, he was very much loved and respected among the people.

When Cheng Chongshan saw Ye Yuan, he smiled and clasped his hands as he said, "Brother Ye, do you think this Cheng's sincerity this time is sufficient?"

Ye Yuan smiled and said, "This Ye doesn't care about this undeserved reputation. Is there anything practical?"

Cheng Chongshan had a smile hanging on his face but had immense hatred in his heart.

But he also knew that not taking something out this time, he could not pass this hurdle.

Feeling helpless, he took out a few jade slips and passed them to Ye Yuan with both hands, saying, "These few jade slips were obtained by this Cheng in the ancient tomb this time. They were hidden in a secret place. This Cheng almost lost my life on the spot in order to obtain them. It's just that there are extremely powerful restrictions on the jade slips. This Cheng can't crack it either. But I think that they should be extremely valuable things!"

Ye Yuan received the jade slips and sunk his divine sense into it. Sure enough, it was blocked by a vast force.

This restriction power was extremely strong, being unfathomable.

Most likely, the information inside was extremely important.

Ye Yuan naturally knew Cheng Chongshan's thoughts. The things were good things, but one could not open them. So what was the use?

These few pieces of jade slips, Cheng Chongshan must have tried all kinds of methods already, and still could not open them.

Those that he could open, he definitely would not take them out either.

Hence, might as well do a convenient favor and give it to Ye Yuan.

However, Ye Yuan had another idea.

The restrictions in the jade slips were a treasure to Ye Yuan.

As long as he could study them thoroughly, Ye Yuan's Formation Dao attainments would definitely be able to go up a level.

And Ye Yuan was even more interested in the things hidden inside.

Ye Yuan was very satisfied with this gift!

It could be said that everyone was happy.

Ye Yuan smiled and said, "Brother Cheng is thoughtful. This Ye likes this gift very much."

Cheng Chongshan smiled and said, "Good that Brother Ye likes it!"

But he sneered endlessly in his heart.

This restriction was laid down by a Jade Sovereign Heavenly Stratum powerhouse. It was absolutely a grade-four restriction!

Just based on him, a Lesser Sublime Heavenly Stratum, he also wanted to open it?

Forget about Ye Yuan, even the elders in the sect most likely would not open it too!

Moreover, take ten thousand steps back and say that even if he could open it, it would be hard to escape death too!

Accepting the gifts, Ye Yuan naturally had to work.

Wu Shuang's poison looked formidable, but actually, it was not considered very strong.

At least, that was the case for Ye Yuan.

When Ye Yuan took action, it was naturally accomplished with ease.

As for Cheng Chongshan's junior apprentice brother's injuries, that was even less of a problem.

Chapter 2568: Arrival from Jadetrue

There were a total of three jade slips given by Cheng Chongshan.

Ye Yuan played with one of the jade slips and said with a smile, "Cheng Chongshan thought that I can't access the jade slips. That's why he would give them to me with peace of mind. It's just a pity that he miscalculated! Although this restriction is powerful, as long as I comprehend a part of it, I'll be able to pry into the mysteries!"

What Ye Yuan was thinking of was not to crack the restrictions at all but to comprehend these restrictions.

The difficulty of the two naturally could not be mentioned in the same breath.

The restrictions in the jade slips were extremely exquisite, far surpassing Ye Yuan's current understanding.

Furthermore, he discovered that Grand Brightjade Complete Heaven's restriction technique was vastly different from his own Formation Dao.

Noting many ingenious aspects, Ye Yuan never even thought of it before in the past.

These restrictions completely opened up another door for Ye Yuan. A new world unfolded before his eyes.

Only then did Ye Yuan know that he underestimated the heroes of the world!

Grand Brightjade Complete Heaven was a world that was composed entirely of rules.

Everything here completely surpassed a plane like the Heavenspan World.

The more Ye Yuan studied these restrictions, the more he felt that they were unfathomable.

He had a feeling of being a skilled master who accidentally obtained a heavenly work of literature.

These restrictions were like nature itself as if they were there originally.

Suddenly, one day, the power of rule descended upon Ye Yuan.

Ye Yuan smiled bitterly and said, "I didn't expect that my Alchemy Dao rule hasn't reached grand completion yet, and then it's my Formation Dao rule that reached grand completion first. This senior's Formation Dao attainments are extremely insightful. He must have been an astonishingly talented major character when he was alive! It's just a pity that he fell in Inklight Forest."

Ye Yuan would never copy blindly when he gained enlightenment on Dao. He extracted the essence of these restrictions, removed the dregs, and integrated it into his own Formation Dao.

These few years, Ye Yuan's Formation Dao attainments had advanced by leaps and bounds, and he already cultivated the first level of Formation Dao rule to the realm of grand completion.

Putting aside the contents inside these jade slips, just talking about this restriction, got to admit that Cheng Chongshan gave him a big gift.

Ye Yuan picked up a jade slip and proved his divine sense inside.

Information flooded into his mind.

"Poison Sutra!"

What was recorded inside this jade slip was actually the method of using poison.

Inside the jade slip, a variety of poisons and the methods were recorded. The poisons were very bizarre.

Even Ye Yuan this poison using expert also could not help but be lost in wonder.

“It turns out that the poison Cheng Chongshan was inflicted by is called Silent Rupture, which is very fitting. This poison, even Limitless Sublime Heavenly Stratum powerhouses can’t block it! However, Cheng Chongshan probably doesn’t know that this poison wasn’t purged cleanly. It’s just incubating again. That’s all,” Ye Yuan said with a smile that was not a smile.

Not that Ye Yuan did it on purpose, but that his cultivation realm was indeed too low, and Cheng Chongshan was poisoned too deeply.

It was just that Ye Yuan did not have a need to tell him these.

He knew that Cheng Chongshan would still deal with him, just take it as leaving a card up his sleeves.

The other two pieces of jade slips also made Ye Yuan extremely excited.

One of the pieces recorded the medicinal properties and growth habits of thousands of heavenly medicines, as well as dozens of precious pill formulas and alchemy experiences.

A jade slip that was sealed up so solemnly, they were naturally not ordinary pill formulas.

Furthermore, this was merely the tip of the iceberg.

The portion that was hidden by the restrictions was the essence!

This jade slip was simply a precious treasure to Ye Yuan.

Grand Brightjade Complete Heaven’s alchemy path system was not of the same lineage as the Heavenspan World, but much more complex and massive.

Although Ye Yuan cultivated basic heavenly pills to the realm of grand completion, there was still a huge gap away from first level grand completion.

The heavenly pills that he cultivated were actually just in order to lay the foundation for the Jasper Regeneration Pill. It was a kind of cultivation.

But actually, how could basic heavenly pills be just 20 over kinds?

The burden was heavy and the path was long!

But this jade slip could give Ye Yuan immense reference value, and could save him a lot of detours.

As for the last jade slip, there were several cultivation methods and martial techniques recorded on it.

These three jade slips could be said to be three treasure vaults!

Most likely, they were the cultivation experiences and legacy of the ancient tomb’s master.

Cheng Chongshan gave it to him just like that.

Ye Yuan thought about it and decided to study the Poison Sutra first.

Cheng Chongshan definitely would not let him off easily. If he grasped the Poison Sutra, it could tend to achieve unexpected results.

Ye Yuan's current strength was too weak. The Heavenspan Mountain could not see the light too. He naturally had to take extreme measures to protect himself.

He was the ancestor of using poison in the first place. He naturally would not be unfamiliar with this way. Learning it would naturally yield twice the results with half the effort.

However, the various poisons recorded in the Poison Sutra, as well as the methods and techniques of poisoning, they were incomparably miraculous. Ye Yuan benefited endlessly too.

... ..

"Senior Apprentice Brother Zhao! I didn't expect that the sect actually sent you here!"

Seeing the expert that the sect sent, Cheng Chongshan could not help being overjoyed.

Zhao Kun was among the top ten inner-sect's disciples of the Jadetrue Heavenly Sect. His strength could virtually instantly kill Cheng Chongshan.

Furthermore, Zhao Kun's most daunting aspect was his movement technique.

With him taking action, was he still scared of Ye Yuan running?

Zhao Kun gave a cold snort and said, "You actually can't even take care of a Lesser Sublime Heavenly Stratum ascender! You're really a piece of trash!"

In front of Zhao Kun, Cheng Chongshan put away all of his pride and said with a fawning smile, "What Senior Apprentice Brother Zhao says is right. It's junior apprentice brother who is incompetent! It's just that the boy is proficient in spatial rule, which is very troublesome. Of course, I also won't trouble Senior Apprentice Brother Zhao to labor in vain. This is a little show of appreciation, Senior Apprentice Brother Zhao please accept it."

Zhao Kun's gaze turned sharp and he said in surprise, "Brightfall Feather Transforming Heavenly Pill!"

Cheng Chongshan smiled and said, "Precisely so! This younger brother found an ancient tomb in Eastward Country in recent years and occasionally had gains inside. This heavenly pill is to show filial respect for Senior Apprentice Brother."

Zhao Kun's two eyes narrowed and he said with a cold smile, "What you obtained shouldn't be just one heavenly pill, right?"

Cheng Chongshan had an awkward look as he said, "Senior Apprentice Brother is smart. The treasures obtained this time, the most important ones should be the few pieces of jade slips! It's just that ... they are currently in Ye Yuan's hands!"

Finished saying, Zhao Kun briefly recounted what had happened before.

Of course, out of his mouth, Ye Yuan naturally became the big villain, threatening with treating the poison, forcing him to hand over the jade slips.

After Zhao Kun heard, he snorted coldly and said, "What a useless trash! My Jadetrue Heavenly Sect's face has been utterly lost by you!"

Cheng Chongshan was helpless and could only repeatedly say yes.

If not for being compelled against his will, he also would not have had the sect send someone over.

But since he came, the benefits that he obtained in the ancient tombs naturally had to be shared with the other party.

But borrowing Zhao Kun's hands to get rid of Ye Yuan was also worth it.

"However, a mere ascender can actually resolve this kind of strange poison, he has quite the skill! Cheng Chongshan, want me to take action, can. But you have to take out another five Brightfall Feather Transforming Heavenly Pills, or equivalent heavenly pills. Additionally, I want those few jade slips too!" Zhao Kun said.

Cheng Chongshan grimaced and finally gritted his teeth and agreed.

In reality, he was delighted in his heart.

The gains in the ancient tomb this time far exceeded imagination!

Merely five heavenly pills, it was still within the scope that he could bear.

Of course, these could not be expressed. Instead, he had to feign a pained appearance.

"Lead the way. I want to see whether or not this ascender has supernatural powers!" Zhao Kun said coolly.

Chapter 2569: You Know Again?

"Big Brother! Things are bad! Things are bad! The experts in the royal palace have all moved out and surrounded Nation Teacher Manor! Eldest Prince is currently clamoring outside, asking you to go out and die!" Tang Yu ran over with a panicky look, shouting at the top of his voice.

Ye Yuan walked out of the secret chamber and said coolly, "Oh?? What's going on?"

Tang Yu said in a panic: "I-It's the Lord Envoy! Eldest Prince borrowed Lord Envoy's strength and launched a coup d'etat! Right now, Eldest Prince has controlled the royal palace and sent out all of the powerhouses, surrounding Nation Teacher Manor until not even water can seep through!"

Ye Yuan did not reveal a look of surprise and said, "So that's how it is! Since Cheng Chongshan has made a move, then is it that reinforcement has arrived?"

Tang Yu was stunned and said, "How did you know?"

Ye Yuan smiled and said, "With Cheng Chongshan's personality, if he had confidence in killing me, he wouldn't have waited until today! The reason why he kept maintaining a decent relationship with me, isn't it for the sake of waiting for reinforcements?"

Tang Yu said in surprise, "Since Big Brother knows that he's going to harm you, why didn't you leave earlier? The one he invited this time is Jadetrue Heavenly Sect's inner-sect ranking's top ten, Zhao Kun! His strength is extremely formidable! Most likely, it's to target you, Big Brother!"

Ye Yuan laughed in spite of himself and said, "If I leave, you'll be dead for sure, your Tang Family, including Second Prince they all, none will be able to survive!"

Tang Yu was stunned, he did not expect that Ye Yuan actually stayed for their sakes!

An inexplicable feeling welled up in his heart, tears almost burst out.

Following such a big brother was really great!

Suddenly, he gritted his teeth and said decisively, "Big Brother, there are too many experts outside, even if your movement technique is incredible, it's likely hard to escape too! Have Master Lin protect you and charge out from the side door, I'll cover the rear!"

Pah!

Ye Yuan directly gave him a slap and scolded with a laugh, "Cover your ass! Your bit of strength isn't even enough to fill the crevices between Cheng Chongshan's teeth, and yet still want to cover the rear! Come, go out and take a look."

Finished speaking, he walked straight towards the door.

Seeing Ye Yuan come out, Eldest Prince immediately went up to welcome, and said smugly, "Ye Yuan, you're done here! Surrender obediently without resistance, otherwise, the entire Nation Teacher Manor will have to be buried in death with you today!"

Pah!

Only to see a figure sway, Eldest Prince directly flew out.

"Who the hell do you think you are, is there the right for you to speak here?" Ye Yuan said disdainfully.

The royal palace's experts had blank faces.

This guy was too arrogant!

Already reaching this situation, he actually still dared to make a move first!

Zhao Kun smiled and said, "Huhu, got some character! Brat, heard that you ascended from Inklight Forest, Jun Tian ... was killed by you, right?"

Ye Yuan ignored him and said to Cheng Chongshan, "Cheng Chongshan, you guys are treating your savior like this?"

Zhao Kun's face instantly turned black.

Freaking hell, got ignored!

Could it be that this boy was blind?

Couldn't he tell that he was the biggest one standing in the middle?"

Cheng Chongshan sneered and said, "Savior?? *Heh heh*, the entire Eastward Country under my Jadetrue Heavenly Sect's rule! Eastward emperor's life, my Jadetrue Heavenly Sect can decide it with one word! You, a mere Eastward's nation teacher, shouldn't saving the envoy be your duty?"

Ye Yuan smiled and said with a nod, "So that's how it is. Then what are you besieging my Nation Teacher Manor this time for?"

Zhao Kun had a black face and said in a solemn voice, "Boy, are you deaf? I'm asking you whether it was you who killed Jun Tian!"

Ye Yuan looked at Cheng Chongshan and still smiled as he said, "Cheng Chongshan, you should know that you can't kill me!"

Ignored again!

Cheng Chongshan was awkward to the extreme by the side.

This guy definitely did it on purpose!

The others were also silent like cicadas in winter.

Zhao Kun's fury had practically already burned throughout the entire Nation Teacher Manor.

Everyone could clearly feel his wrath.

Everyone knew that Zhao Kun was the person in charge here. Yet, Ye Yuan completely ignored him and kept on conversing with Cheng Chongshan.

This ignorant attitude was simply superb.

"Huhu, boy, looks like you won't shed tears without seeing the coffin!"

Zhao Kun took a step out, the aura on his body instantly rose to the peak. The faces of everyone present suddenly changed.

Upper Greater Sublime Heaven!

Such an existence was virtually invincible in Eastward Country!

When Cheng Chongshan saw Zhao Kun fly off the handle, he smiled coldly and said, "Ye Yuan, I can't kill you. But Senior Apprentice Brother Zhao can kill you like killing a dog! You really ate a bear's heart or leopard's gall, to dare provoke him!"

Ye Yuan was still indifferent as he said smilingly, "Cheng Chongshan, you seem to be very pleased with yourself. But do you know that the poison in your body hasn't been completely cured? If I'm killed, even immortals will find it hard to save you too. I dare to bet that no one in your Jadetrue Heavenly Sect can cure the poison of Silent Rupture!"

Cheng Chongshan's expression changed wildly, but he immediately sneered and said, "Boy, who are you scaring! The poison in my body isn't cured, don't I know it myself? My strength has long already recovered to the peak and even faintly shows signs of breaking through!"

Ye Yuan revealed a look of sudden realization and said with a smile that was not a smile, "Oh, you know again?"

This smile was like carefully concealing a secret.

When Cheng Chongshan saw it, he could not help feeling uncertain in his heart.

He suddenly remembered how Ye Yuan said that he was poisoned back then.

At that time, he did not believe it either.

As a result, he almost died.

Ye Yuan's smile clearly pointed at something.

He said in a solemn voice, "What do you mean? Could it be that you did something to my body back then?"

Ye Yuan laughed in spite of himself and said, "The poison you're inflicted with is called Silent Rupture! This poison is invisible and colorless. It can incubate in the body for a long time. But once it erupts, it's incomparably violent! Even Lesser Sublime Heavenly Stratum powerhouses will find it hard to escape death too! On that day, I had indeed forced out all the toxins in your body. But that can only treat the symptoms and not cure the root cause. There's still a small part of the toxin that's hidden in your body. It might erupt again at any time!"

Cheng Chongshan's legs turned soft when he heard it, almost falling to the ground.

Didn't that mean that a time bomb was placed in his body?

"*Humph!*? How can you, an ant who just ascended, possibly know such a high-level poison? Want to come up with a lie to bluff me, do you think that I'm so gullible?" Cheng Chongshan said threatening in manner, but inwardly shaky.

Ye Yuan smiled and said, "This still have to thank you! If not for the jade slips that you gave me, I naturally wouldn't know these. But now, I know."

The moment these words came out, Cheng Chongshan and Zhao Kun trembled all over at the same time, their eyes revealing a look of astonishment.

"Y-You cracked the jade slips' restrictions? That's impossible! Boy, do you take me to be dumb?" Cheng Chongshan said with a cold smile.

Ye Yuan smiled and did not speak. Zhao Kun converged his aura and suddenly said, "Junior Apprentice Brother, when you got poisoned, did you feel like there was a volcano erupting within your body, every pore in your body from head to toe seeming like it's rupturing? No matter how you revolve your divine essence, it would be instantly burned by the poison energy?"

Cheng Chongshan's gaze revealed a look of astonishment and he cried out in surprise: "S-Senior Apprentice Brother, how did you know?"

Zhao Kun took a deep breath and said, "Sure enough, I think that he shouldn't be bluffing you! This poison is indeed called Silent Rupture! Furthermore, this poison has no cure!"

Chapter 2570: Windward Topple!

Thud, thud, thud!

Cheng Chongshan took several steps back in a row, his face blank.

“S-Senior Apprentice Brother, you aren’t joking, right?” Cheng Chongshan forced a smile as he said.

But Zhao Kun shook his head and said, “Not joking! I’ve seen before records in the sect’s ancient books. This is the unique poison of Zhong Jianchou, who was once known as the Five Great Heavenly Regions’ number one Jade Sovereign Heaven! Those who get poisoned by it have no chance! Silent Rupture, if it’s in the incubation period, it can still be suppressed through medicine. But, once it erupts, under Jade Sovereign Heaven will definitely die without a doubt! It seems that the ancient tomb you discovered might be his place of demise!”

Talking until here, a hint of greed flashed across in Zhao Kun’s eyes.

Zhong Jianchou had once been famous across the Five Great Heavenly Regions, known as Jade Sovereign Heavens’ number one person!

How could such an existence be of the common sort?

The legacy that he left behind was definitely a priceless treasure!

Cheng Chongshan this fool actually gave it to Ye Yuan with both hands.

However, there was no harm either. Since he came, he could naturally get it back from his hands!

Cheng Chongshan had a panicky look and muttered under his breath, “Impossible! Impossible! I clearly can’t detect any poison at all!”

Zhao Kun said, “This is also this poison’s formidable aspect. It’s completely undetectable in its incubation period! But once it erupts, even immortals will find it hard to save!”

Talking up to here, Zhao Kun could not resist looking toward Ye Yuan, feeling extremely shocked in his heart.

Silent Rupture’s poison could be said to make people tremble with fear when they hear it, Ye Yuan could actually completely suppress it when it erupted!

This kind of means was simply inconceivable!

One had to know, this was an incurable poison!

At this time, Cheng Chongshan’s lover, Wu Shuang, became anxious. She begged Zhao Kun and said, “Senior Apprentice Brother Zhao, I beg you, you must save Senior Apprentice Brother Cheng!”

Zhao Kun smiled and said, “Want me to take action, of course you can too. But, 70% of the treasures of your trip will belong to me! Furthermore, I get to pick!”

Cheng Chongshan’s expression changed and he said, “Senior Apprentice Brother Zhao, this ... this is too overboard, right?”

Zhao Kun said coolly, “Compared to your life, it’s not considered overboard! If you weren’t poisoned, I naturally wouldn’t have made this demand either. But since you have to turn to me for help, then you naturally have to pay the price.”

Everyone came out to make a living, nobody was a fool.

How could the exalted number one Jade Sovereign Heaven's tomb possibly only have a mere five heavenly pills?

It was just that, within the same sect, it was not good to go too overboard for some things.

After all, Cheng Chongshan informed the sect about this matter.

If Cheng Chongshan died bizarrely, the sect would definitely have to look into it.

But, since Cheng Chongshan begged him, that was different.

Cheng Chongshan's expression changed over and over again. Finally, he still gritted his teeth and said, "Okay! As long as Senior Apprentice Brother takes action, I'll give Senior Apprentice Brother 70%!"

Zhao Kun smiled slightly and said with a nod, "Okay, swear the origin divinity heavenly curse then!"

"Wait! It doesn't seem like you guys have the final say as to whether to cure the poison or not, right? Shouldn't you all ask for my opinion?" Ye Yuan suddenly interrupted.

This Senior Apprentice Brother few people, negotiating terms back and forth, directly put Ye Yuan, this person curing the poison, to one side.

Cheng Chongshan's so-called taking action was naturally having Zhao Kun take Ye Yuan down, and forcing Ye Yuan to cure the poison.

He had long expected Cheng Chongshan and Zhao Kun's attitude.

What disappointed him was that even Wu Shuang also turned a deaf ear to him, this savior.

Cheng Chongshan was poisoned, she did not beg to him but went to beg to Zhao Kun instead. Clearly, she did not take his life or death to heart.

Or should he say, she never cared about what he thought at all?

Truly laughable!

These few people were really a real-life version of the story, The Farmer and the Viper, making people's hearts go cold.[1]

Regardless of Ye Yuan's attitude, he saved the three people's three lives.

This was a fact!

But these Senior Apprentice Brother three people, not a single one was actually grateful to him.

The disciples that came out of Jadetrue Heavenly Sect really let Ye Yuan broaden his knowledge!

Zhao Kun swept a glance at Ye Yuan and could not help laughing as he said, "An ant, ask you to do what, you just have to do accordingly, what's the use of asking for your opinion? I know that you're skilled in spatial rule, but in front of me, any of your means is futile. Of course, if you put up a stubborn resistance, I have a thousand ways to make you submit obediently! Uh, almost forgot, you were provoking me earlier, right?"

Ye Yuan smiled and said, "What did you say? A dog is barking; I can't understand."

Hiss?...

Ye Yuan's provocation made everyone's scalps tingle.

Nation Teacher's gall was also too fat!

Already at this point, he was actually still so unyielding, wasn't this looking for abuse?

Sure enough, Zhao Kun's gaze turned sharp and he said with a cold smile, "Very good, looks like you're really courting death! Since that's the case, then I'll grant your wish!"

The moment Zhao Kun's imposing aura released, the powerful pressure crushed everyone once more.

He looked at Ye Yuan and said, "You probably don't know that I'm famous for my movement technique in Jadetrue Heavenly Sect! You still want to show off in front of me with your little tricks?"

Ye Yuan just smiled and did not speak.

Zhao Kun was triggered by Ye Yuan's smile. Snorting coldly, his figure instantly disappeared.

"V-Vanished!"

"Not vanished, it's too fast! Fast until we can't see!"

"This is also too heaven-defying, well-deserving of being Jadetrue Heavenly Sect's inner disciple!"

... ..

Zhao Kun's figure disappeared, immediately attracting a burst of exclamations.

Such a strange movement technique, they had really never seen before.

Cheng Chongshan looked at Ye Yuan and said with a cold smile, "Foolish thing, Senior Apprentice Brother Zhao cultivated the sect's Celestial Immortal Deceptive Steps to an extremely profound realm. Even top ten powerhouses have a big headache when they clash with him!"

But right then, Ye Yuan suddenly scattered a handful of light-yellow powder into the air.

The moment the powder appeared, it scattered in the wind.

When Cheng Chongshan saw, he laughed even harder and said, "Hahaha ... you aren't a fool, right? Just based on this pile of powder, you want to deal with Senior Apprentice Brother Zhao?"

Dong!

His voice had yet to fade when a figure suddenly fell from the air.

Zhao Kun's body fell to the ground heavily, twitching endlessly.

At this time, Zhao Kun's face was contorted, like he was suffering from epilepsy, his mouth and eyes askew, twitching on the ground non-stop.

Cheng Chongshan's eyeballs were almost popping out.

Everyone present had blank faces.

This ... What happened?

A moment ago, Zhao Kun had an unstoppable momentum, as if nobody on earth could beat him.

In the next second, he was actually spasming?

Spasm ... ing!

An Upper Greater Sublime Heaven powerhouse was actually spasming!

“You ... What the hell did you do to Senior Apprentice Brother Zhao?” Cheng Chongshan said in fear.

Ye Yuan smiled and said, “I already said, I opened the jade slips’ restrictions and learn some things from there, and refined this thing. This thing is called Windward Topple, you ... should have heard of it before, right?”

Cheng Chongshan’s expression changed wildly and he cried out in shock, “W-Windward Topple! You ... You actually learned Windward Topple! Damn it, then aren’t we ...”

His voice had yet to fade when Cheng Chongshan’s mouth and eyes and went askew, his entire person suddenly started convulsing.

With a thud, he fell to the ground.

Dong!

Dong!

Dong!

One powerhouse after another directly fell down, twitching on the ground.

Tang Yu and the rest were dumbfounded by it.

The sight of several hundred people toppling to the ground at the same time, eyes showing whites and twitching on the ground, was really too spectacular!
