Chapter 2611: Perfection

From this day on, the two people would undergo a great battle on Xianyun Mountain every ten days to half a month.

After a fight, the two people would each go into a retreat to comprehend what they learned in this battle.

Ye Yuan's strength and Han Yi's strength were not that much different. One could not do anything to the other.

In each battle, the two people practically fought until they were close to collapsing.

Both parties' battles also had mutual wins and losses.

In the beginning, Han Yi's odds of winning were still a little higher.

After all, his five laws transformation had been comprehended for a long time. His first form was also a little more mature.

But along with the passage of time, Han Yi's advantage was continuously being eroded by Ye Yuan.

The two were both peerless geniuses. Under such battles where they both met their match, they made rapid progress.

However, Ye Yuan was a notch better in the end.

Although the two people were both improving rapidly, Ye Yuan's improvement was clearly faster.

Three years later, Ye Yuan and Han Yi's victories were basically equilibrium already.

Another three years later, Han Yi could rarely beat Ye Yuan anymore.

Another two years passed, Han Yi could basically just take a beating.

Nine years later, Han Yi's first form Five-star Lotus, finally reached the realm of perfection!

Because of this too, his strength improved greatly, suppressing Ye Yuan once again.

Five elements not perfected and five elements perfected, was two entirely different concepts.

Five elements circulating, reproducing in endless succession, it was absolutely one of the most powerful rules closed loops!

But the Dao of Universe that fused sword, space, and formation, these three rules, was no less inferior in comparison.

What Han Yi was strong in was his rule realm.

However, Han Yi was not smug for too long.

Five years later, Ye Yuan caught up again.

The two people's combat power was once again equal.

Later, Han Yi was completely suppressed by Ye Yuan again.

This time, he was utterly convinced.

On Xianyun Mountain, rumbling sounds came from time to time.

Two figures crisscrossed, making the group of transformation powerhouses incredibly shocked.

Similarly transformation powerhouses, the disparity was too great!

"Lord Ye Yuan is really a monster! In just a short 14 years, his first form is almost reaching grand completion!"

"What's scary is that his fighting talent is too strong! These recent few matches, he suppressed Chief Holy Lord until Chief Holy Lord can't lift his head at all!"

"Isn't that so? I originally thought that Chief Holy Lord was incredibly talented. But only after seeing Lord Ye Yuan did I know what's called there's always someone better, and heaven beyond heaven!"

... ..

During these 14 years of fighting, these people had witnessed Ye Yuan's growth with their own eyes.

Those able to comprehend Great Dao Transformation, their talents were all one-in-a-million.

But Han Yi's talent absolutely left people far behind in the dust among this group of people!

However, Han Yi was far worse when compared to Ye Yuan.

Hence, that was why they would feel vicissitudes of emotion.

Boom!

Ye Yuan caught Han Yi's slip-up and was unforgiving after gaining the momentum, the Universe Dual Swords aiming for the vitals with each move, and finally completely defeated Han Yi.

"I concede!"

Han Yi was helpless and could only admit defeat.

Universe Dual Swords returned to their places. Presently, the young sprout had already grown a lot. It would be a seedling if it continued developing.

This also indicated that Ye Yuan's first form already reached the realm of grand completion.

Han Yi rolled his eyes and said unhappily, "You this fellow, can't you save me some face?"

Ye Yuan smiled and said, "Face is earned by yourself, not given by others. If I gave way to you, what's the point of this spar?"

Han Yi's mouth curled and he said unhappily, "You're really boring! Not fighting anymore, not fighting anymore! There's also no point in continuing to fight anymore. Your Father is going to ascend!"

Ye Yuan nodded his head and said in agreement, "Indeed, there's no point in continuing to fight anymore. You and I have both reached our bottlenecks, we can't improve even if we carry on fighting like this. It's time to break through to Greater Sublime Heavenly Stratum."

Ye Yuan's All-Encompassing Sacred Tree and Han Yi's Five-star Lotus had both already reached the limit of Lesser Sublime Heavenly Stratum, it was very hard to make any more breakthroughs.

Wanting to improve further, they had to break through to Greater Sublime Heavenly Stratum.

Breaking through to Greater Sublime Heavenly Stratum was just water that flowed naturally when the channel formed to these two people.

If they were willing, they could have long broken through.

But a hint of reluctance flashed across Han Yi's face, and he said disappointedly, "With this farewell, I also don't know when we can see each other again."

He was different from Ye Yuan. After he ascended, he would go to the Land of Exile's second level.

But Ye Yuan would be directly teleported out.

These two people fought for 14 years and also improved together for 14 years, it was naturally inevitable that some feelings of appreciation of each other would be born.

Ye Yuan smiled and said, "I'll be waiting for you outside!"

Han Yi's entire body trembled, his gaze suddenly turning to Ye Yuan.

But very soon, it dimmed again and he said with a bitter smile, "It's useless. This Land of Exile was personally created by Zhuo Bufan. Forget that I'm just Lesser Sublime Heavenly Stratum; even if I reach grand completion Jade Sovereign Heaven, it's also impossible to go out."

Ye Yuan said coolly, "So what? Only with an unyielding heart, can one reverse the firmament. Could it be that you accept your fate?"

The martial artists in the land of exile all had ways of seeking death.

But each person's circumstances were different.

Han Yi ascended from a great trichiliocosm together with his wife.

They were originally a pair of immortal lovers. Han Yi's wife was also very beautiful.

Who would have expected that his wife was actually fancied by a small country's prince and actually forcibly defiled?

His wife was ready to die to preserve her chastity and felt ashamed to face Han Yi. So she committed suicide.

Han Yi at that time had just ascended not long ago. His strength was not strong. So how could he resist a country's power?

In his rage, Han Yi cultivated frenziedly. Not only did he cultivate to grand completion Lesser Sublime Heavenly Stratum very quickly, he even comprehended Great Dao Transformation.

Who knew that under his fury, he actually massacred a country with his power alone!

This matter caused a great sensation.

Later, he was captured and thrown into the Land of Exile.

After Ye Yuan learned about this matter, he also sighed endlessly.

Han Yi's methods were too fierce. Being captured and put inside, he only had himself to blame as well.

However, his nature was not like this.

His beloved wife suffering this kind of humiliation. Anyone would probably go crazy too.

Han Yi's gaze turned intent, and he immediately revealed a hint of a smile and said, "Fine lad, I, Han Yi, never accept fate! After going out, I have to cultivate well. Don't get surpassed by me instead after I go out!"

Ye Yuan laughed in spite of himself and said, "Just the likes of you, you aren't qualified enough yet!"

Han Yi's face turned black, but he also felt that it was not too likely.

This boy was simply a freak.

Han Yi felt that he was already monstrous enough, but this boy was even more monstrous than him!

In future cultivation, if there were no accidents, Ye Yuan would only shake him off further and further behind.

However, Ye Yuan's monstrousness also deeply stimulated him.

Han Yi also secretly resolved himself to definitely work hard and not lag behind Ye Yuan.

"You this fellow, really not cute at all! However, you'll be dragged down by the secular world after going out. But I can only advance in the midst of slaughter. So I might not be worse than you!" Han Yi's gaze was piercing. He was not someone who easily admitted defeat.

On this day, two array formation lights descended on top of Xianyun Mountain.

Watching the two people disappear, everyone's faces revealed a trace of relief.

"Finally gone! With these two around, I was even doubting life."

"These two people's talents are too terrifying. Staying together with them can cause us to lose motivation!"

"I have to cultivate hard! I have to regain confidence!"

Chapter 2612: Boycott

"Wen Jingxuan, even if you watch here eagerly every day, it's also impossible for that brat to come out! When sect disciples enter the Land of Exile, the casualties are extremely high even if they travel in groups; let alone that he's alone? I reckon that brat already died god knows how long ago!"

Han Qianyun looked at the Wen Jingxuan with a haggard face as he said those words very smugly.

In a blink of an eye, it had already been nearly 20 years. There was no news from Ye Yuan.

Right now, in Martial Secure Heavenly Sect, everyone already thought that Ye Yuan was long dead.

But these days, Wen Jingxuan would practically come to Flowing Cloud Peak every day.

Wen Jingxuan ignored Han Qianyun and did not even glance at him.

"*Heh*, if not for that punk, how could our Martial Secure Heavenly Sect be sanctioned by the Pill Alliance and fallen to this point now? The sect from top to bottom currently hates that boy to the bones! Yet, you, this lass, fail to appreciate favor and still yearn for him to come back? Forget that he's not coming back; even if he got incredibly lucky and came back, he'll also have to be sanctioned by the Elders Council!" Han Qianyun said with a cold smile.

These 20 years that Ye Yuan entered the Land of Exile, the Martial Secure Heavenly Sect's days had not been easy.

In the beginning, the Alchemist Hall's development went very smoothly, the heavenly alchemists' strength also grew with each passing day.

But the good times did not last long, in the second year that Ye Yuan entered the Land of Exile, the Pill Alliance launched an attack!

The Pill Alliance launched an extremely harsh blockade against the Martial Secure Heavenly Sect.

Firstly, the Pill Alliance withdrew all cooperation with the Martial Secure Heavenly Sect and made all heavenly alchemists related to the Pill Alliance withdraw.

In fact, the Pill Alliance completely cut off the Martial Secure Heavenly Sect in terms of the supply of heavenly medicines and heavenly pills.

This move was really destroying the ground on which one stood on.

For a colossal sect like the Martial Secure Heavenly Sect, the number of heavenly medicines and heavenly pills that it consumed every day was a huge quantity.

All at once, the Martial Secure Heavenly Sect ran out of food.

Without the supply of heavenly medicines and heavenly pills, the Martial Secure Heavenly Sect plunged into a crisis all of a sudden.

The Martial Secure Heavenly Sect's heavenly alchemists were unable to satisfy the needs of the massive sect in the first place.

For so many years, the Martial Secure Heavenly Sect needed to buy large numbers of heavenly medicines and heavenly pills from the Pill Alliance.

The supply of the sect's heavenly pills dropping sharply would have a huge impact on the cultivation of the disciples.

Now, more than ten years had passed. The Martial Secure Heavenly Sect was struggling more and more to make ends meet.

As a result, many disciples' hearts have started wavering.

Starting from a few years earlier, many people turned the spearhead toward Ye Yuan, feeling that all these were caused by him.

Among them, Shi Feiyu was the most lively.

Hence, everyone related to Ye Yuan was affected.

Now, Lin Lan was relegated to a miscellaneous affairs servant and had his fill of contemptuous looks.

Wen Jingxuan was even going to be sent to the Pill Alliance to be Qin Shun's furnace!

Within the next few days, she would be setting off soon!

There was also Luo Yunqing going along with her!

Luo Yunqing was going to represent the Martial Secure Heavenly Sect to accept a false accusation.

To him, this was simply unprecedented shame!

But there was no choice.

This matter could not be delayed.

Although the one who made the decision was Feng Xuanyi, as the sect master, what Feng Xuanyi represented was the Martial Secure Heavenly Sect's final face.

Hence, he could only sacrifice Luo Yunqing.

Now, even Feng Xuanyi could not hold on anymore too!

When Han Qianyun saw Wen Jingxuan ignore him, he could not help but feel angry.

He snorted coldly and said, "Are you still hoping for that brat to be able to save you? *Humph!* If he really comes out, I, Han Qianyun, will be the first one to not let him off! What bullshit elder, he's our Martial Secure Heavenly Sect's sinner! Now, the other four great heavenly sects are all watching us as a joke. This was all single-handedly caused by him!"

When Ye Yuan entered the Land of Exile back then, it shocked the entire Martial Secure Heavenly Sect.

What was even more aggravating was that Ye Yuan even stepped on his face.

This matter became the entire sect's butt of a joke!

He, Han Qianyun, had always remembered it!

Wen Jingxuan gave him a glance and said coolly, "If Master comes out, the first one he'll take care of will definitely be you!"

Han Qianyun was furious and gave Wen Jingxuan a slap and said, "Little wench, do you still think that you're an elder's disciple? You're merely a commonplace ware now!"

Five fingerprint marks could be seen distinctly on Wen Jingxuan's face.

Han Qianyun did not go easy!

She glared at Han Qianyun hatefully, her eyes full of fury.

This master and apprentices few people did not stint with doing evil these few years.

She was still alright, but Lin Lan's outcome was very miserable.

If not for Luo Yunqing protecting him, Lin Lan would probably have long been tormented to death already.

Seeing Wen Jingxuan glaring, Han Qianyun laughed instead and said, "Little slut, you're really a beauty. No wonder Qin Shun is so tempted by you. The first condition he stated was you! If not for Qin Shun, I'd also want you right now!"

Wen Jingxuan ignored him. Getting to her feet, she silently kowtowed thrice in the direction of the Land of Exile's transmission array.

Although Ye Yuan was universally condemned right now, in Wen Jingxuan's heart, Ye Yuan was her savior.

Furthermore, the Alchemy Dao technique that Ye Yuan imparted her let her alchemy path strength increase greatly.

She came today to bid farewell to Ye Yuan.

She was powerless to resist the sect's decision.

Wiping away her tears, Wen Jingxuan turned around and was about to leave.

But Han Qianyun was unrelenting and said in a cold voice, "Little slut, do you really think that I can't do anything to you?"

As he said, he was about to make a move again.

"Master!"

But right at this time, Wen Jingxuan's entire body trembled, looking in the direction of the transmission array with a look of disbelief.

A figure was currently walking over from there!

But very soon, the shock turned into a pleasant surprise!

Han Qianyun had his back towards the transmission array and could not help laughing as he said, "Little slut, have you gotten hysteria? Do you think that by bringing out that rubbish master of yours, I won't dare to touch you?"

"Just you try touching her!" Right at this time, a voice came over from behind.

Han Qianyun's expression changed wildly, and he turned around to look. Ye Yuan was currently looking at him not far away with a gloomy expression on his face.

Ye Yuan already saw the distinct slap print on Wen Jingxuan's face!

Han Qianyun had an expression like he had seen a ghost as he cried out in surprise, "Y-Y-You actually came out of the Land of Exile? This ... How is this possible?"

Ye Yuan ignored him and looked towards Wen Jingxuan and said, "Was it him who did it?"

Wen Jingxuan nodded her head. Ignoring the fiery burn on her face, she said with a look of pleasant surprise, "Master, it's good that you came back! It's great that you came back!"

As she said, her eyes were already holding tears.

These few years had seriously been too horrible.

Han Qianyun's eyes turned dark and he said with a cold snort, "So what if you came out? *Humph!* Just nice! I'll take you down and detain you to go and ask Sect Master for punishment!"

Ye Yuan looked at him and said with a frown, "Looks like I stepped a little light on your face!"

Han Qianyun's face turned black, and he said in a solemn voice, "Ye Yuan! It was still fine if you didn't mention this! Mentioning this matter, let's settle the old scores and new!"

Ye Yuan said coolly, "*Oh?* Is that so? Could it be that you're not afraid that I'll trample on your face again? This time, I'll have to trample harder to make you remember it!"

Han Qianyun said disdainfully, "This time, I'm prepared. Just the likes of you also want to paralyze me?"

Ye Yuan looked at him and said with a faint smile, "Is that so? Seems like ... you're already poisoned!"

Han Qianyun's expression changed wildly. Suddenly, he felt a paralysis all over from head to toe.

Then he experienced a spasm ...

Chapter 2613: Overwhelmed with Terror!

Smack, smack, smack!

Ye Yuan lifted his legs and stepped a few times on Han Qianyun's face viciously before giving vent to his anger.

Han Qianyun's face was full of shoe prints.

This strengthened version of Windward Topple, he conveniently kept a little when Windward Topple refined it back then.

He did not expect that it was actually put to use now.

Smack, smack, smack!

What took Ye Yuan aback was that Wen Jingxuan suddenly rushed over and also stomped a few times on Han Qianyun's face.

These few years of repression made her finally explode the moment she saw Ye Yuan.

"Huff?... Stomping him a few times, it feels much better!" Wen Jingxuan said with an unrefined look.

But, seeing Wen Jingxuan's appearance akin to being relieved of a heavy burden, Ye Yuan's brows furrowed together.

Instinct told him that most likely, Martial Secure Heavenly Sect had some changes.

"Jingxuan, what happened to the sect?" Ye Yuan asked with a frown.

Wen Jingxuan looked at Ye Yuan, finally feeling that she had found a backer.

For a moment, grievances that filled her welled up in her heart, and tears burst out uncontrollably.

Complaining tearfully, Wen Jingxuan recounted the changes these few years for Ye Yuan to hear. making Ye Yuan somewhat reproach himself too.

He did not expect that the Pill Alliance's influence was actually so great, to actually be able to directly boycott a great heavenly sect!

In reality, even Feng Xuanyi did not expect it either.

The Pill Alliance, this faction, was very low-profile. It normally concealed its abilities.

But once it erupted, its power was astonishing.

Qin Shun's matter was merely a fuse that let the low-profile Pill Alliance reveal a power that was as strong as Mount Tai.

Indeed, the Pill Alliance's attack this time shocked the entire Rainclear Continent!

Only then did the people realize that the Pill Alliance's tentacles had already reached into the corners of the Five Great Heavenly Regions!

Even a colossal sect like the Martial Secure Heavenly Sect actually had no choice but to lower their head and admit their fault too.

Fury rose in Ye Yuan's heart.

With the Pill Alliance attacking, this had no cause for much criticism.

But making Luo Yunqing lower his head and making Wen Jingxuan become a furnace were too much!

Disregarding Wen Jingxuan, if she was sent to Qin Shun there, there would presumably be no good end.

Even if it was Luo Yunqing, once his head was lowered, the effect on him would be too great!

He, Luo Yunqing, one person and one sword, how unrestrained and uninhibited was he? How arrogant at heart and haughty in manner was he?

Ye Yuan was perfectly clear that after going, the effect on Luo Yunqing's cultivation in the future would be too great.

In fact, making no more progress was also not impossible.

A gentleman's sword would not bow its head!

Whoever stopped me, I'll kill with one sword move!

Lowering one's head meant the sword breaking.

The sword was already broken; so still cultivate what sword then?

If Luo Yunqing was just by himself, he would definitely kill his way up to the Pill Alliance.

But for the sake of the sect, he had no choice but to lower his head!

A hint of coldness exuded from Ye Yuan's eyes and he said in a solemn voice, "Come!"

Wen Jingxuan was taken aback and said, "Go where?"

"To save your senior apprentice brother!"

... ..

Li Zhuo had been riding on the crest of success recently.

Not only did he break through to Greater Sublime Heavenly Stratum and become an outer-sect disciple, he even found an even stronger backer.

Han Qianyun felt that Li Zhuo was sensible and took him in as a disciple.

To outer-sect disciples, being able to acknowledge a protector as one's master was also a remarkably great thing.

Additionally, abusing Ye Yuan's disciple, Lin Lan, also became one of the joys of his life.

Bang!

Li Zhuo kicked Lin Lan flying with a kick and said with a sneer, "Old thing, crawl through under my crotch and I'll spare you today! Otherwise, you'll have to lie on the bed for a few months again!"

Lin Lan was relegated to a servant and had his cultivation sealed. He could only unleash the strength of a Lesser Sublime Heavenly Stratum and was not Li Zhuo's match at all.

These few years, Li Zhuo tormented Lin Lan a lot too.

If not for Luo Yunqing specifically giving warnings, Lin Lan would have long died already.

Although Luo Yunqing had lost power, his strength was placed there. It was not what the likes of Li Zhuo, this kind of outer-sect disciple, could provoke.

Lin Lan spat and said disdainfully, "A lapdog wanting to make this old man crawl under your crotch, dream on! If you have the capability, kill me!"

Li Zhuo was currently a salted fish that gained a new lease on life. He was most upset by others calling him a lapdog.

Hearing what Lin Lan said, he was immediately furious and directly broke Lin Lan's legs with a kick.

"Kill you? You don't want to live anymore and want to drag me together to die?? *Heh heh*,?what a shame it would be to kill you, your Lord Zhuo will lose out on a lot of fun in the future!" Li Zhuo said with a sneer.

Indeed, Lin Lan did not want to live anymore.

Each time Li Zhuo came, he struck extremely heavily.

Lin Lan still had to do manual labor with serious injuries in tow. His body had long already been worn down.

Rather than living like this, he might as well die.

Lin Lan did not believe that Ye Yuan would die in the Land of Exile.

After all, he had seen Ye Yuan create too many miracles.

But he felt that he could not wait for Ye Yuan to come back anymore.

This kind of situation, each day was worse than death!

Tomorrow, Wen Jingxuan was going to be sent to the Pill Alliance. Luo Yunqing also had to go and apologize.

He planned on ending his life tomorrow.

If he could drag this dog down before dying, it was also pretty good.

But sadly, Li Zhuo did not fall for it!

Lin Lan spat out a mouthful of blood and said with gritted teeth, "Li Zhuo, don't you get cocky! After Master returns from the Land of Exile, it will be your death date!"

But when Li Zhuo heard that, he laughed loudly without ceasing and said, "That dead ghost had probably long already been dismembered in the Land of Exile, right? You're making that dead ghost come and deal with me?? *Haha*,?what a joke!"

Li Zhuo seemed to have heard the funniest joke, raising his head and laughing loudly without ceasing.

But all of a sudden, he felt the surroundings suddenly quieten down, and he could not help feeling a little curious.

When his gaze landed, his entire body could not help shuddering.

The 'dead ghost' that he talked about was currently looking at him.

This scene seemed to be a supernatural event, making his hair stand on end.

Thud!

Li Zhuo plopped down onto the ground, scared out of his wits.

"Y-Y-You, why are you here? A-Aren't you already dead?" Li Zhuo was scared silly as he stammered.

Ye Yuan's gaze when looking at him was like looking at a dead person.

It was not just him. Everyone around him looked at him like looking at a dead person.

Back then, before Ye Yuan entered the sect, he killed Lu Zhanyuan in public. He would naturally dare to kill Li Zhuo.

And this scene was also announcing to everyone that he, Ye Yuan, had returned domineeringly!

Ye Yuan did not speak, he just looked at Li Zhuo quietly like that, and paced forward slowly.

Li Zhuo was already overwhelmed with terror and kept saying, "Y-You! Don't come over!"

Ye Yuan ignored him and continued advancing.

Li Zhuo was horrified and said, "I ... I'm Protector Han Qianyun's disciple now! Y-You can't kill me!"

Ye Yuan ignored and still closed in.

Each step that he took forward, Li Zhuo would shift a step on the ground using his buttocks.

He could not stand up at all!

The people all felt that Ye Yuan was already Greater Sublime Heavenly Stratum presently!

Recalling back then, Lu Zhanyuan was not even Ye Yuan's match in the same cultivation realm, let alone Li Zhuo this kind of trash?

Therefore, he had no chance of winning!

One step, another step.

Along with Ye Yuan's closing in, everyone's breathing became hastened.

"Urgh?...?Argh!"

Suddenly, Li Zhuo raised his head to the sky and roared, his eyeballs protruding, fresh blood and unknown fluids flowing out of his mouth.

Bang!

Li Zhuo fell to the ground with a loud bang and actually already breathed his last!

When everyone saw this scene, they were dumbfounded!

A Greater Sublime Heavenly Stratum powerhouse was actually scared to death by Ye Yuan?

[Unrivaled Medicine God](#)

Chapter 2614: Brother Luo, Fight or Not!

"No way, right? How can this Li Zhuo be so useless, to actually be frightened to death?"

"It's not that he's useless, but that Ye Yuan's aura is too strong! That Li Zhuo had his legs broken by Ye Yuan, and then Ye Yuan killed Lu Zhanyuan in front of him. Now, he entered the Land of Exile and could still return safely. These cast a huge shadow in Li Zhuo's heart! Coupled with the fact that he's someone who bullies the weak and fears the strong to begin with, that's why he'd be scared to death!"

"Ever since Ye Yuan entered the sect, the impact that he caused is seriously too great! Killing Lu Zhanyuan, battling with Qin Shun and Shi Feiyu, paralyzing the entire sect, entering the Land of Exile, which incident wasn't earth-shaking? Becoming his enemy is the most terrifying thing!"

... ..

Ye Yuan scaring Li Zhuo to death in three steps caused a huge shock on Thousand Bird Peak.

His domineering return spread throughout the entire Martial Secure Heavenly Sect very quickly like a hurricane.

Ever since entering the Martial Secure Heavenly Sect, each incident that Ye Yuan had done, they were all shocking.

Now that he returned domineeringly, just what kind of sensation would he cause? Everyone was also waiting to see.

Of course, the first thing that Ye Yuan had to face was the sect's fury!

Being completely boycotted by the Pill Alliance, resulting in humiliating the sect, and forfeiting its sovereign rights, all these made Ye Yuan become the common target for scorn.

If he died in the Land of Exile, then forget it. Yet, he came back!

This matter, how should he get through it?

But everyone was not optimistic about it.

This matter was already not what human strength could change.

No matter how strong Ye Yuan was, it was also impossible to resist the entire Pill Alliance.

Especially these few years, everyone had already completely witnessed the Pill Alliance's strength.

Right at this moment, a powerful aura was heading straight for Thousand Bird Peak.

When everyone saw the situation, their expressions changed one after another.

"Ye Yuan, hand over your life!" Han Qianyun's furious to the extreme roar instantly reverberated throughout the entire Thousand Bird Peak.

The pressure of a Limitless Sublime Heavenly Stratum was also urged by him to the extreme in an instant.

When Han Qianyun woke up, he felt his face hurt badly.

He transformed a mirror with a spell to look at the reflection and discovered that his face was trampled full of shoe prints.

Furthermore, Ye Yuan did not trample plainly but employed divine essence to leave many shoe prints on his face.

These shoe prints could not be removed in a short time!

With Ye Yuan stepping on his face time and again, this made Han Qianyun unable to tolerate it!

In his rage, he sprinted straight for Thousand Bird Peak.

At this time, Ye Yuan was currently treating Lin Lan's injuries.

Lin Lan had a lot of old injuries, he could not recover in a short time at all. Ye Yuan could only ease them for the time being.

Facing the Han Qianyun who came in a rage, Ye Yuan just turned his head back and gave him an indifferent glance.

The expression of the enraged Han Qianyun suddenly changed drastically!

Swoosh!

He retreated at an even faster speed than when he came.

When this scene landed in everyone's eyes, they were incomparably stupefied.

What was going on?

Didn't you come to kill people?

He gave you a glance and you had the piss scared out of you?

Repelling the enemy with one look, furthermore, the enemy here was even Han Qianyun, a sect protector!

This made Ye Yuan's image become incomparably stalwart in everyone's eyes.

Cultivation realm never seemed to be a big deal in front of Ye Yuan.

"Didn't you want me to hand over my life? My life is right here. Come and take it!" Ye Yuan's words also revealed a trace of iciness.

Li Zhuo said it earlier; he acknowledged Han Qianyun as master.

Then Li Zhuo treating Lin Lan high-handedly probably could not dispense with Han Qianyun's instigation.

If he had long known it would be like this, he should have finished him off on Flowing Cloud Peak just now!

But sadly, the enhanced version of Windward Topple was already used completely. He only put on an empty-fort strategy just now.

Han Qianyun, this idiot, indeed fell for it.

Of course, it was also primarily because Han Qianyun was frightened into intimidation by Ye Yuan. So he was the same as Li Zhuo.

He already had a psychological trauma toward Ye Yuan.

"Don't you be arrogant! Since you came out, the crime of the sect suffering distress should also be repaid! I want to see how you get through this today!" Han Qianyun said in a cold voice.

Ye Yuan said coolly, "Then don't need you to worry about it, I feel that you'd better worry about yourself! Jingxuan, send him back."

Finished saying, Ye Yuan directly got up and left.

Han Qianyun's expression changed and he said, "You want to run!"

Ye Yuan sneered and said, "Run? Why do I have to run? Jingxuan, Lin Lan, and Elder Luo's matter, you master and disciple played a part, right? You'd better wash your neck clean and wait for death!"

Finished saying, he went straight down the mountain.

Han Qianyun wanted to stop him, but he also did not dare.

However, Ye Yuan's action attracted many people's gazes.

People also followed him one after another and went down the mountain.

Outside of everyone's expectations, Ye Yuan arrived at True Feather Peak.

This place was Luo Yunqing's residence.

As sect elders, they all had independent mountain peaks as residences.

However, on this True Feather Peak, there were no luxurious buildings and also no disciples that crowded around.

There was only a thatched cottage and a tiny courtyard.

In the courtyard, a sword was hanging in it quietly.

Luo Yunqing was currently looking at this sword intently, his face full of solemnness and a conflicted expression.

After a long time, he extended a finger out and was going to tap the sword body.

He gave a long sigh and said, "I'm sorry, old pal!"

"Senior Luo, this Ye came to seek guidance. Will you grant a battle?" Right at this time, a voice came from outside the thatched cottage. It was precisely Ye Yuan.

Luo Yunqing's expression changed, immediately revealing a look of wild elation.

He suddenly stood up and looked outside of the courtyard. Who could it be if not Ye Yuan?

"Brother Ye! You came back!" Luo Yunqing said with a pleasant surprise.

Ye Yuan's face had no joy nor sorrow, but then a surge of sword intent billowed to the sky, and he said coolly, "Brother Luo, fight or not?"

Luo Yunqing's entire body trembled, his eyes revealing a hint of solemn melancholy as he shook his head and said, "Brother Ye, from today onward, I'm swordless!"

Ye Yuan did not have the slightest ripple and spoke up again, "Brother Luo, fight or not?!"

His aura became stronger and stronger, surging straight for the sky!

This kind of astonishing sidelong glance also made everyone give sidelong glances.

Even Luo Yunqing revealed a look of surprise too.

How could a guy who just broke through to Greater Sublime Heavenly Stratum have such a fierce sword intent?

As if sensing Ye Yuan's sword intent, the long sword hanging in the courtyard actually emitted a series of light cries!

Luo Yunqing had become one with his sword, he could naturally feel his old pal's intention.

It wanted to fight!

Just earlier, Ye Yuan saw that Luo Yunqing actually wanted to break his sword.

With this thought, Luo Yunqing's ambition was ground flat.

Not others who ground down his spirit, but he himself!

Not grinding it down, he could not lower his head!

Only by breaking the sword could he step out of the Martial Secure Heavenly Sect.

The cutting edge of the sword depended on this saying: if gods block, kill gods; if Buddha blocks, kill Buddha!

Once the spirit was lost, one would no longer advance an inch!

It was naturally impossible for Ye Yuan to allow this sort of thing to happen. Therefore, he did not have small talk with Luo Yunqing, but he directly declared battle!

The noise and shouting were long already in great commotion outside of the courtyard.

Everyone was shocked by Ye Yuan's way of doing things.

"He actually challenged Luo Yunqing! Doesn't he know that Luo Yunqing is a transformation powerhouse?"

"He's helping Luo Yunqing find himself again!"

"This guy is really nuts! Luo Yunqing isn't Lu Zhanyuan that sort of farce. Even if he suppresses his realm, he can also instantly kill Lu Zhanyuan!"

Chapter 2615: Enlightening the Benighted!

Facing Ye Yuan's sword intent that surged to the sky, Luo Yunqing fell silent.

He knew that Ye Yuan was doing it for his own good. It was just that at this time, was he still going to fight?

Ye Yuan returned. Could he overcome the raging tides?

Luo Yunqing thought about it and felt that there was virtually no possibility.

Maybe a few thousand years later, Ye Yuan could lead the Martial Secure Heavenly Sect to rise up domineeringly.

But at present, he could not!

"Brother Luo, fight or not!"

Ye Yuan spoke for the third time, his voice akin to thunder, howling above the ninth heaven!

And his sword intent climbed to the limit.

Everyone's countenance changed visibly.

"What a strong sword intent! I'm forced by this sword intent until I somewhat can't open my eyes anymore!"

"His sword is God knows how many times stronger than when he killed Lu Zhanyuan back then! It's also no wonder that he dares to challenge Luo Yunqing!"

... ..

This sword intent made the Martial Secure Heavenly Sect's disciples extremely shocked.

There was an additional hint of surprise in Luo Yunqing's eyes.

The fighting intent in his chest was virtually surging out uncontrollably.

Although Ye Yuan's cultivation realm was a lot lower than him, his sword intent seemed to be able to evoke the soul, leaving him nowhere to hide.

Clank!

A sharp and sorrowful cry emitted from Luo Yunqing's sword body.

That was the sorrowful cry of when a bird was about to die, its cries would be sorrowful too!

Onlookers might not feel it, but Luo Yunqing's heart was practically shattering to pieces along with this sorrowful cry.

He gave a bitter laugh and said, "Forget it. I'll fulfill your wishes and accompany you to fight another battle! Come on, old pal!"

Luo Yunqing reached his hand out and beckoned. The long sword emitted a light cry of unwillingness and flew straight into his hands.

Ye Yuan held his palm out, the All-Encompassing Sacred Tree appeared!

Luo Yunqing's pupils constricted and he cried out in surprise, "Great Dao Transformation!"

Swoosh!

Ye Yuan ignored Luo Yunqing's astonishment and directly urged Universe, the two swords, rushing toward Luo Yunqing.

Luo Yunqing gave a light snort, fighting intent rising, as he raised his sword to meet it!

However, Luo Yunqing suppressed his cultivation realm to lower Greater Sublime Heaven.

With his pride, he naturally would not take advantage of Ye Yuan.

But as soon as they exchanged blows, he felt that something was wrong.

Too strong!

Ye Yuan's Universe two swords were like a storm, suppressing him until he could not catch his breath.

Only then did he know just how much Ye Yuan improved in the Land of Exile!

Luo Yunqing was a one law transformation. He specialized in Sword Dao and had no other distractions.

But it was also precisely because of this that the power of Luo Yunqing's sword was even stronger!

His transformation was none other than this sword in this hand!

This sword accompanied him to grow until this day.

Hence, his transformation was directly integrated into the sword.

Luo Yunqing was nurturing the sword with his intent!

What Ye Yuan's sword pursued was Great Dao accommodation.

And what Luo Yunqing's sword pursued was the limit of Sword Dao.

What the two people walked, each was a completely different Sword Dao.

Luo Yunqing's sword was by no means inferior even if fighting ordinary three laws or four laws!

But he encountered Ye Yuan!

Coupled with that Luo Yunqing had no intention to fight at this time, he was long already no longer the Luo Yunqing in the past!

This battle made Martial Secure Heavenly Sect's people dumbfounded with shock.

No one expected that Martial Secure's number one sword would actually be completely suppressed!

The news of Ye Yuan returning to the sect already spread throughout the sect at this time as well.

Many Jade Sovereign Heaven elders, even including Feng Xuanyi, had already quietly arrived at True Feather Peak as well.

When they saw Ye Yuan's Great Dao Transformation, each and every one of them was shocked and speechless.

These people were all people with extremely high cultivation realms. How amazing was their eyesight?

Ye Yuan's Great Dao Transformation already reached the limits of the first form.

This was still not the most important thing. The most important thing was that Ye Yuan's Sword Dao simply had no weakness to exploit!

There was virtually no possibility of winning him in the same realm!

Each and every one of these elders substituted Luo Yunqing to fight with Ye Yuan.

But very soon, they all secretly shook their heads.

Because they discovered that in the same realm, they were not Ye Yuan's match at all!

In fact, even if they suppressed their cultivation realms to middle Greater Sublime Heaven, they were completely not a match either!

Back then, when Ye Yuan slew Lu Zhanyuan, he definitely did not have such fearsome strength.

Concerning this point, many people had seen it with their own eyes.

But, after Ye Yuan made a trip to the Land of Exile, he seemed to have been reborn anew.

Now, even Luo Yunqing was not a match!

Who was Luo Yunqing?

He was the sword path's number one person!

This guy was a sword fanatic, his heart yearned only for the Sword Dao and there was never anyone in his eyes!

Back then, when Luo Yunqing just entered Jade Sovereign Heaven, he could even overpower Shi Feiyu under the circumstances of not utilizing Great Dao Transformation.

The might of his strength could be seen!

However, in front of Ye Yuan, Luo Yunqing completely could not do it at all!

"Is this Martial Secure's number one sword? When did Martial Secure's number one sword become such a joke?" Each of Ye Yuan's words cut deeply.

He knew that Luo Yunqing's strength was definitely more than this.

The Land of Exile was indeed an excellent place to train. But being in the midst of this bottomless secular world tempered the sword heart even more.

Ye Yuan could feel Luo Yunqing's sincere heart toward the sword.

Therefore, Ye Yuan guessed that in the same realm, Luo Yunqing's strength definitely would not be much weaker than Han Yi!

But, Luo Yunqing's current strength, most likely not even one-tenth of it was unleashed.

Luo Yunqing's expression changed slightly and he said, "Brother Ye, don't force me! No matter how strong my sword is, I can't be stronger than the Pill Alliance too!"

Ye Yuan said angrily, "Those who practiced the sword would rather break than bend! If you break your own sword, you are lowering your head to others! Are you worthy of your sect, worthy of your own sword? If I were you, I'd kill my way up to the Pill Alliance by myself with a sword! Even if I die, I also wouldn't allow the enemy to humiliate me!"

"Insolence!"

In the crowd, Shi Feiyu said in a great rage, "Luo Yunqing admitting his fault is showing consideration for the sect's overall situation! Wouldn't killing his way up to the Pill Alliance cause the Pill Alliance to retaliate even more strongly? A traitor like you, deluding people with fallacies, just what are your intentions?!"

Ye Yuan had a proud look as he said loudly, "In the past, us ascenders have no place that we belonged to and no territory! We relied on an unyielding heart and forcibly carved out this foundation! The four great heavenly regions united to encircle and suppress ascenders. Zhuo Bufan led our Martial Secure Heavenly Sect to kill the enemy bravely. When had we lowered our heads to the enemy to admit our fault before? Now, the foundation is achieved. Have we lost our guts? If our Martial Secure Heavenly Sect lowers our head today, it will never be able to raise its head! Old fogey, you're deluding people with fallacies here, humiliating the sect and forfeiting its sovereign rights! You're the treacherous one!"

Ye Yuan's voice was akin to a great bell, each word enlightening the benighted, making many sect upper echelons feel extremely ashamed.

And Luo Yunqing's eyes were also regaining clarity bit by bit.

"You!"

Shi Feiyu was angered until his entire body was trembling, going crazy.

But Ye Yuan did not give him the chance and continued, "Old fogey, you beguiled the sect master to offer up my disciple. Once this precedent is made, I want to ask, what face does Sect Master still have to go and meet our ancestors? In the future, if the Pill Alliance wants our Martial Secure Heavenly Sect's cultivation method and secret skill books, should we offer it up on a silver platter too? Or if they want your dog head?"

Ye Yuan suddenly turned around, looked at Luo Yunqing, and said, "Today, you, Luo Yunqing, break your sword! In the future, the Pill Alliance can exterminate the sect! Weighing what's more important, you judge it for yourself! If you've set your mind on breaking your sword, it's better to die under this Ye's sword! There will naturally be this Ye to bear the responsibility for the Pill Alliance's matter alone!"

Done talking, Ye Yuan swung his sword and advanced, heading straight for Luo Yunqing!

This sword move, Ye Yuan did not hold back in the slightest!

Clank!

Ye Yuan's figure was repelled back, but Luo Yunqing's eyes had completely regained clarity!

"Brother Ye, many thanks! This Luo knows what to do now!"

Chapter 2616: Forcing Abdication!

"Come! You and I, let's have a good fight!"

Luo Yunqing brandished the long sword in his hand, his entire person immediately in flourishing spirits, becoming like a different person from the decadence earlier.

When Shi Feiyu saw this scene, his expression could not help changing.

He schemed for a long time to ruin Luo Yunqing's sword heart. He did not expect that the moment Ye Yuan came back, he made him regain it!

"Haha, that's more like it!" Ye Yuan laughed loudly and said.

"Brother Ye, you have to be careful! I won't hold back this time!" Luo Yunqing said with a light smile.

"Huhu, want to win me, you're still lacking!"

Ye Yuan laughed loudly, two green leaves turning into a myriad of sword lights and rushing toward Luo Yunqing.

Luo Yunqing one person and his sword became a unified entity, revealing its sharp edge.

Clank, clank, clank ...

In an instant, the two people exchanged countless sword blows, making people see things in a blur.

Ye Yuan's advantage previously was all gone!

In everyone's eyes, the two people seemed to have turned into two sharp swords, crisscrossing.

What the two people developed was both the limit of Sword Dao!

At this moment, Luo Yunqing finally returned to his soul, his entire person revealing a sharp edge, clanking extraordinarily.

But Ye Yuan was not the least bit inferior!

Ye Yuan's Sword Dao was mellow, very well-balanced, and stable, not leaving the slightest flaw.

No matter how sharp Luo Yunqing was, he was also unable to break through!

Feng Xuanyi watched until his eyes sparkled brightly, secretly crying out lucky in his heart.

Rare talents such as Luo Yunqing and Ye Yuan, gaining them were his good fortune, losing them were his fate!

If not for Ye Yuan returning, the Martial Secure Heavenly Sect would really suffer a huge loss!

Ye Yuan's words earlier also made him feel extremely ashamed.

The master of a sect had too many misgivings.

Luo Yunqing was also like him, willing to sacrifice himself for the sect.

But could sacrificing him be exchanged for the benevolence of the enemy?

In this world, there had never been anyone who survived by wagging their tails and begging for pity.

Want to survive, you could only continuously break through!

People were like so!

The sect was like so too!

When he chased Qin Shun away, he had anticipated today's result.

It was just that he did not expect that the Pill Alliance was so strong.

Hence, he was overcautious and indecisive again!

Sacrificing the sect's most outstanding disciples to exchange for the Pill Alliance's short-term compassion.

Was this really worth it?

The onlookers did not have his complicated thoughts. Ye Yuan and Luo Yunqing's battle of Sword Dao made all of the disciples' hot blood seethe with excitement.

Especially disciples that used the sword, they were even more intoxicated from watching.

Even many protectors gave sidelong glances too.

"The two of them really developed Sword Dao to the limit!"

"Putting Elder Luo aside, why is Ye Yuan, this heavenly alchemist's Sword Dao, so sharp and fierce too?"

"Really incredible! Ye Yuan's Great Dao Transformation first form has actually already been perfected! What in the world did he experience in the Land of Exile?"

... ..

The two people's battle attracted bursts of exclamations.

Luo Yunqing's might, that was within reason!

But no one expected that Ye Yuan was so strong too!

Boom!

Suddenly, there was an intense collision. Luo Yunqing flew out backward!

This bit of fluctuation was naturally nothing to him, this Jade Sovereign Heaven.

But everyone could tell that he was defeated!

This time, he really lost!

One astonished gaze after another locked onto Ye Yuan.

He defeated the same rank Luo Yunqing, didn't that mean that the sect's number one genius currently, was Ye Yuan?

Everyone sucked in a breath of cold air.

But Luo Yunqing laughed loudly and said, "*Hahaha* ... awesome! I, Luo Yunqing, am wholeheartedly convinced at my loss! Didn't expect that after Brother Ye entered the Land of Exile, not only did he comprehend Great Dao Transformation, you even comprehended it to the extreme! Remarkable! Incredible!"

Ye Yuan also smiled and said, "Brother Luo is too humble! I faced one law with three laws. It was an unscrupulous win!"

Luo Yunqing waved his sleeves grandly and said, "Victory is victory; defeat is defeat! I, Luo Yunqing, am not someone who can't take a loss! But this fight let me understand that my Sword Dao still has room for improvement! Of course, more importantly is that I, Luo Yunqing, have found myself again!"

Finished saying, Luo Yunqing said to Feng Xuanyi with clasped hands, "Sect Master, I'm sorry! This fault, I, Luo Yunqing, can't admit it! From now on, I, Luo Yunqing, will withdraw from the Martial Secure Heavenly Sect! My grudge with the Pill Alliance has nothing to do with the Pill Alliance! Farewell!"

Luo Yunqing's figure moved slightly and he was about to leave.

Feng Xuanyi's brows furrowed slightly and he said, "Impudent! Is the Martial Secure Heavenly Sect somewhere that you can come and go as you please? Get back for me!"

Only to see him reach his hand out and point at the void, a piercing cold air billow instantly exploded.

Luo Yunqing was actually forced back!

When Ye Yuan saw this scene, his pupils also constricted slightly.

Indeed well-deserving of being the master of a sect, this kind of strength was simply shocking!

"Sect Master!" Luo Yunqing said anxiously.

"Shut up!" Feng Xuanyi's brows furrowed and he shouted coldly.

Indeed, Luo Yunqing did not dare to speak anymore.

Shi Feiyu saw through Feng Xuanyi's intention to protect him and suddenly said, "Sect Master, this farce is already over! Since Ye Yuan has already returned, then he should be held solely responsible for the Pill Alliance's matter! This matter was caused entirely because of him. If we don't hand him over to the Pill Alliance, it will likely be hard to appease the Pill Alliance's wrath!"

Feng Xuanyi's brows furrowed, and he said with a cold snort, "If we hand Ye Yuan over to the Pill Alliance, will they be willing to drop the matter? Could it be that what's lost isn't our Martial Secure Heavenly Sect's face?"

Shi Feiyu said, "Sect Master, while the sect's face is important, long-term development is more important! We're currently already completely boycotted by the Pill Alliance. Over the past two decades, our disciples' cultivation speed has been getting slower and slower! If we're unable to appease the Pill Alliance's fury, this disparity will grow greater and greater! At that time, the Five Great Heavenly Sects will probably become the Four Great Heavenly Sects!"

Feng Xuanyi was just about to speak, but an old man suddenly spoke up, "Feiyu's words are reasonable! Although Ye Yuan's talent is decent, his talent can't save the sect! If we allow the Pill Alliance to continue boycotting, a hundred years later, our Martial Secure Heavenly Sect will probably withdraw from the stage of history!"

The moment these words came out, even Feng Xuanyi's expression changed too.

But when Shi Feiyu heard that, he was overjoyed.

The one who spoke was Martial Secure Heavenly Sect's head elder, Shen Chang!

Head Elder's prestige in the sect was extremely high, it did not even lose to the Sect Master Feng Xuanyi.

The moment he spoke up, the weight became heavy.

"Sect Master, being protective of your own at this time, is playing a joke with the sect's fate! Sect Master, please think thrice before acting!"

"Ye Yuan is lawless and unbridled. Angering Qin Shun away, he has to give an account for this matter!"

"Sect Master please put the interests of the whole above all else!"

... ..

Sure enough, the moment Head Elder opened his mouth, many elders spoke up to concur one after another. The height of his prestige could be seen.

But Feng Xuanyi's expression became ugly to the extreme.

This matter concerned the sect's destiny, even Head Elder was not optimistic about Ye Yuan either.

This put tremendous pressure on him.

"Enough! All shut up for me!" Feng Xuanyi shouted coldly, quelling everyone.

His gaze swept across everyone, and he said in a solemn voice, "Qin Shun was chased away by me, Feng Xuanyi! This matter, if responsibility needs to be taken, I'll take full responsibility! If the elders have any dissatisfaction, I, Feng Xuanyi, am willing to give up the position of sect master! But, regarding Ye Yuan and Luo Yunqing, I'm shielding them!"

Unrivaled Medicine God

Chapter 2617: Swearing

On True Feather Peak, the sound of a needle dropping could be heard.

No one expected that Sect Master did not stint to abdicate and actually wanted to protect these two people too!

Even Ye Yuan was shocked for a while too.

A sect master was a sect's sea-stabilizing needle.

Unless a huge change happened to the sect, otherwise, there would be extremely few changes.

Especially the master of a sect who was like the noonday sun, such as Feng Xuanyi!

But now, he actually took the initiative to abdicate for him and Luo Yunqing.

A warmth flowed through Ye Yuan's heart.

Just for this high regard, Ye Yuan also had to help the Martial Secure Heavenly Sect tide over the difficult hurdle this time!

Head Elder Shen Chang's gaze turned slightly intent, showing a visible change in countenance all over his face.

He did not expect that Feng Xuanyi was actually so determined.

"Sect Master, you're speaking too seriously!" Shen Chang let out a sigh and said.

But Feng Xuanyi said calmly, "Head Elder, it isn't too serious! This matter concerns the sect's destiny. I'm also not impassioned with excitement! I admit that when Qin Shun was expelled from the sect back then, this sect master severely underestimated the Pill Alliance's strength. But, since shedding all pretenses of cordiality is already unavoidable, we have no need to offer ourselves up to be humiliated anymore!"

"If we lower our heads this time, disregarding how the other sects would view us, could it be that the Pill Alliance will let us off? No one will pity the weak. Want to resist the Pill Alliance, we can only continuously strive to become stronger!"

Shi Feiyu smiled coldly and said, "Sect Master, you said it just nicely! But without the assistance of heavenly pills, how do we continuously strive to become stronger? Disregarding ordinary disciples, even you and I, these Jade Sovereign Heaven powerhouses, also have to purchase heavenly pills from the Pill Alliance there, right?"

Feng Xuanyi's brows furrowed, immediately feeling put on the spot.

The Martial Secure Heavenly Sect did not have grade four heavenly alchemists. They all, these elders' heavenly pills, had to be purchased from the Pill Alliance.

It was also precisely because of this that the Pill Alliance's boycott was a powerful deterrent.

Feng Xuanyi being forced to nod his head previously, actually, the biggest reason was also precisely because of this.

Without grade four heavenly pills, it was not that they, these Jade Sovereign Heavens' cultivation would come to a standstill, but it would definitely become much slower.

If things went on like this, the sect's strength would definitely have the distance pulled apart quickly.

Heavenly pills were not a must, but without heavenly pills, it was hard to take a single step.

Even if it was Ye Yuan, he only successfully broke through after consuming several dozen heavenly imperial pills too.

Shen Chang also nodded and said, "Sect Master, this crime of forcing you to abdicate, this old man can't bear the charge. But you've got to come up with a solution for the sect's current predicament, right? Saying to continuously strive to become stronger with all talk but no promises, that is useless!"

These words were somewhat penetrating criticism. It was also equivalent to checkmating.

Feng Xuanyi's expression became even uglier. But now, he already mounted a tiger's back and found it hard to get off.

At this time, Ye Yuan walked out slowly and said coolly, "Is Head Elder asking for a solution with all talk but no promises here is useful?"

Shen Chang's brows furrowed and he said in a solemn voice, "Impudent! Brat, is it your turn to speak here?"

Ye Yuan smiled and said, "I wonder if my position as an elder has already been revoked? If it hasn't been revoked yet, my status in the sect should be equal to Head Elder. It shouldn't be considered impudent, right?"

Shen Chang's face turned face, and he was choked on the spot until he could not speak.

These few years, everyone all thought that Ye Yuan was dead. So nobody went to care about this elder.

A Lesser Sublime Heavenly Stratum elder, if he was dead, he was dead.

Even if he caused a stir for some time, it was also just akin to a comet.

But now, it made Shen Chang unable to speak.

"Looks like I, this elder, still have the right to speak. Then, I'll say a few words."

Ye Yuan cleared his throat, his gaze sweeping across the faces of the elders, and said with a sneer, "With all due respect, everyone present here is a trash!"

One sentence caused everyone's faces to suddenly change.

Even Feng Xuanyi's expression changed slightly too.

This guy was really hell-bent on shocking people to death with his words!

"Ye Yuan, you, a mere Greater Sublime Heavenly Stratum, actually dare to engage in wild talks here and insult all the elders!" Shi Feiyu said in a great rage.

"Brat! You caused such a terrible disaster, and yet you actually still have the face to insult the sect's elders now! Do you really think that this elder doesn't dare to kill you?" Head Elder also flew into a great rage.

But Ye Yuan smiled brightly and said disdainfully, "Tsk tsk, turns out that Head Elder still knows that it's a terrible disaster huh! Since it's a terrible calamity, what have you all done these few years?? Mn?? Sent the sect's most talented disciple in alchemy onto the enemy's bed! Made the elder with the strongest

combat power in the sect heartbroken and break his sword!? *Heh*, ?are you all our Martial Secure Heavenly Sect's elders, or that Pill Alliance's elders?"

"An enemy is invading, you guys don't think to unite against outsiders, but you exhausted your abilities and means against your own people! Head Elder, let me ask you, do you know how many Jade Sovereign Heaven powerhouses the Pill Alliance has? Do you know how many grade four heavenly alchemists the Pill Alliance has? Do you know which are the Pill Alliance's forces?? *Huhu*, ?looking at your expression, you don't know! You, you all! Can't even figure out your opponent's exact details, but you only know to exhaust your abilities to deal with your own people! Scolding you all trash is thinking highly of you all!"

Ye Yuan was stern in voice and countenance, stating the painful aspect in grief, his fingers almost pointing at Head Elder's nose and making the group of elders lower their heads dejectedly.

Yes, they did not know how strong the Pill Alliance was at all!

The Pill Alliance's boycott came very suddenly.

Then the Martial Secure Heavenly Sect discovered that they could not purchase heavenly medicines and heavenly pills anymore.

Their original channels for purchasing heavenly medicines and heavenly pills had all disappeared.

Feng Xuanyi had also thought of various methods for this, but it was to no avail.

As a result, the Pill Alliance's mysteriousness and power became deeply rooted in the hearts of the people.

But, being pointed out by Ye Yuan at this time, many people's faces turned red with embarrassment.

Indeed, they had done nothing in these past 20 years!

Ye Yuan looked at the Shi Feiyu who was glaring at him and said with a sneer, "What are you looking at? Not convinced? I'm scolding you!"

Shi Feiyu answered back sarcastically, ?*Huhu*, ?you're impressive! Having caused such a terrible disaster, you still dare to scold people here. You're impressive! If you have the capability, resolve the sect's crisis!"

Ye Yuan said coolly, "Wasn't counting on you in the first place either! Other than ranting a few words and racking your brain to deal with your own people, you have no other capability either."

Done talking, he turned to Feng Xuanyi and said with cupped fists, "Sect Master, since this matter was caused by Ye Yuan, then the deadlock will be broken by Ye Yuan! Leave this matter to me!"

Feng Xuanyi smiled bitterly and said, "This sect master knows that you're amazingly talented, but your cultivation realm is too low. What can you do to a behemoth like the Pill Alliance? Forget it. This matter still needs to be discussed at length!"

Ye Yuan scolding them was to give vent to his anger. But Feng Xuanyi felt that his blood was currently boiling with zeal.

There was no need to come forward forcefully at this sort of time, and it was also impossible.

How could a mere Ye Yuan be the Pill Alliance's match?

But Ye Yuan said, "Sect Master, this Ye isn't showing off momentary bravery! I'll give the sect an explanation for this matter! But this Ye also needs the sect's support! Give me 20 years, and I'll break the situation of the Pill Alliance's monopoly! In 20 years, not only will I break this deadlock, I'll even return the sect a grade four heavenly alchemist! At that time, the sect won't need to live at the whims of others too!"

Ye Yuan's words made Feng Xuanyi's expression change slightly.

But Head Elder smiled coldly and said, "Bragging too hard! If you can't do it, what will you do?"

Ye Yuan said coolly, "If I can't do it, this Ye will commit suicide by cutting my throat to thank the sect!"

Unrivalled Medicine God

Chapter 2618: I Really Don't Know!

Myriad Manifestation Heavenly Sect was the central plains of the Five Light Heavenly Region and also the spiritual leader of the five great heavenly sects.

None other than because the Myriad Manifestation Heavenly Sect produced Zhuo Bufan who was eminent above all others!

It was not long ago that the Myriad Manifestation Heavenly Sect was infinitely glorious, suppressing the Rainclear Continent.

Although they had already declined now, they were still much stronger than the other four sects.

The Fire Peace Great Nation was one of the nine major great nations under the Myriad Manifestation Heavenly Sect's jurisdiction. Its status was extremely high.

"Brother Ye, the Pill Alliance has talented people lying in concealment. Is it really okay for you to do this? I heard that in the Pill Alliance, there is no lack of some powerhouses who're capable of refining heavenly imperial pills! Even if none of them is your match in the same realm, but if they send grade three, or even grade four heavenly alchemists over, what will you do?"

"I'm afraid that they won't come! Brother Luo, don't worry. You just have to care about being a hired thug will do."

"... .."

"Do it then!"

"... alright!"

Whoosh!

A ray of sword light flashed past, the Pill Verdant Establishment's signboard was directly divided into two, falling to the ground with a clang.

This action immediately attracted a crowd of onlookers.

These two people were precisely the Ye Yuan and Luo Yunqing who came from afar.

This Pill Verdant Establishment in front of them was a branch that the Pill Alliance set up in the Fire Peace Great Nation, which specialized in selling heavenly pills.

With the support of the Pill Alliance, this Pill Verdant Establishment's business was naturally doing incomparably well.

The Pill Alliance's power and influence were like a golden signboard, especially within the five great heavenly sects' sphere of influence, making all cultivators flock to it like ducks.

The Pill Alliance's products were definitely top quality goods!

But the Pill Alliance's heavenly pills were also extremely expensive.

The Pill Alliance's heavenly pill business within the boundaries of the Martial Secure Heavenly Sect had practically all fallen into a stagnant state.

But they were still operating in the other four sects.

Feng Xuanyi had once attempted to come to the four great heavenly sects to purchase heavenly pills and heavenly medicines, but distant water could not quench present thirst.

It was also impossible for the Martial Secure Heavenly Sect to run to the four great heavenly sects to rob heavenly pills.

Eight years had already passed since Ye Yuan's oath.

In these eight years, Ye Yuan had been in closed-seclusion all along, only leaving seclusion today. Bringing Luo Yunqing, he came to Fire Peace Great Nation.

During these eight years, Martial Secure Heavenly Sect virtually used the entire sect's strength to support Ye Yuan to practice heavenly pills.

The Martial Secure Heavenly Sect was one of the five great heavenly sects at any rate. Even if the Pill Alliance boycotted them, it was also impossible that there was no inventory at all.

Moreover, what Ye Yuan needed to cultivate were just grade two heavenly medicines.

This Pill Verdant Establishment was an important stronghold of the Pill Alliance in the Myriad Manifestation Heavenly Sect.

Furthermore, when Feng Xuanyi sent people to request for pills back then, the attitude of this Pill Verdant Establishment's establishment lord, Feng Jing, was also the worst.

Therefore, Ye Yuan's first stop was to come here.

"Who is this kid, to actually dare smash the Pill Verdant Establishment's signboard? Did he eat a bear's heart or a leopard's gall?"

"*Heh*, didn't you make it out? This boy definitely came to smash the place!"

"This boy is crazy, right? Master Feng is from the Pill Alliance. His alchemy path strength is exceedingly formidable. Yet this boy actually dares to come and smash the place? *Heh heh*, he'll probably be unable to bear the consequences of failure!"

"Look at the attire he's wearing. He should be the Martial Secure Heavenly Sect's disciple, right? The Martial Secure Heavenly Sect was boycotted by the Pill Alliance. Did he come to win back face?"

... ..

Ye Yuan two people's actions immediately caused a commotion.

They did not hide their tracks and wore the Martial Secure Heavenly Sect's attire.

Ye Yuan wanted everyone to know that the Martial Secure Heavenly Sect had declared war on the Pill Alliance!

Swoosh! Swoosh! Swoosh!

Seven to eight Limitless Sublime Heavenly Stratum powerhouses dashed out of the Pill Verdant Establishment and surrounded Ye Yuan two people.

One of them said sternly, "To dare tear down the Pill Verdant Establishment's signboard, courting death!"

Luo Yunqing was unmoved, the Jade Sovereign Heaven aura on his body suddenly blooming.

"Get lost!"

The expressions of these Limitless Sublime Heavenly Stratum powerhouses changed drastically, but they still refused to give in.

That Limitless Sublime Heavenly Stratum in front said in a solemn voice, "Your Martial Secure Heavenly Sect dare to cause trouble on the Pill Alliance's territory? Could it be you think that by destroying the Pill Verdant Establishment, it can relieve the Martial Secure Heavenly Sect's crisis? A fool's talk!"

Although he was surprised at Luo Yunqing's strength, he did not care.

Experts were plentiful like clouds in the Pill Alliance. Jade Sovereign Heavens were nothing!

Luo Yunqing said indifferently, "Today, our Martial Secure Heavenly Sect is declaring war on the Pill Alliance! Have Feng Jing come out!"

That person's expression changed slightly and he said with a frown, "You're the Jade Face Swordsman, Luo Yunqing, right? Didn't hear that you become a grade four heavenly alchemist!"

Luo Yunqing's fame spread far and wide, and he carried a sword on his back. It was clear at a glance.

It was just that the words of the person at the foremost implied sarcastically.

Luo Yunqing was indifferent. Pointing at Ye Yuan, he said coolly, "Not me, it's him!"

The person in the foremost was stunned, then immediately snickered and said, "Him? A Greater Sublime Heavenly Stratum came to challenge Master Feng? Your Martial Secure Heavenly Sect probably has no one who can be used, right?"

Not just him, a wave of ridiculing voices immediately came over from the surrounding onlookers.

"Martial Secure Heavenly Sect actually sent a grade two heavenly alchemist to challenge the place? Is this trying to make people laugh their heads off?"

"*Heh*, this guy probably doesn't know Master Feng's terror, right? Being able to hold down the fort in the nine great nations, Master Feng's strength is among the top in the Pill Alliance too!"

"*Tsk tsk*, looks like the Martial Secure Heavenly Sect is taking desperate measures after being cornered this time!

... ..

And right at this time, a middle-aged man in white robes walked out slowly.

Seeing him, those onlookers greeted one after another.

"Paying respects to Master Feng!"

This person was Feng Jing. Clearly. His prestige in Fire Peace Great Nation was extremely high!

Feng Jing just waved his hand nonchalantly, and it was considered to have returned the greeting.

Very clearly, he was already used to this sort of acclamation.

Feng Jing's gaze landed on Ye Yuan and he said coolly, "Does your Martial Secure Heavenly Sect have nobody you can use? To send someone like you to intentionally come and humiliate me?"

Ye Yuan said indifferently, "That's right. It's to come to humiliate you! Of course, you're just the appetizer! Later, the nine great nations' establishment lords will all be humiliated!"

Feng Jing chuckled and said, "What high-sounding sentiments!"

Ye Yuan stood with his hands behind his back and said coolly, "Whether or not it's high-sounding sentiments, you'll know in a while."

Feng Jing smiled coldly and said, "Just the likes of you, this grade two heavenly alchemist, you're also worthy of competing in alchemy against me?"

At this time, the sword intent on Luo Yunqing's body rose with a loud bang and he said coolly, "If you don't fight, die!"

Feng Jing's expression changed slightly, and he said in a cold voice, "You dare to kill me?"

Luo Yunqing gave him an indifferent glance and said with a smile, "You can try!"

A threat! This was a blatant threat!

The surrounding onlookers all sucked in a cold breath. They had never seen before such an alchemy battle.

Luo Yunqing's sword intent was akin to the piercing cold gale, wandering around Feng Jing.

Feng Jing was helpless and could only grit his teeth and said, "Fine, I'll fight! Since you guys are wholeheartedly seeking humiliation, I'll sweep away your Martial Secure Heavenly Sect's face today!"

Ye Yuan smiled and said, "Stop posturing! Choose the heavenly pill! You pick the heavenly pill, but I advise that you'd best pick a harder one. If it's basic grade two heavenly pills, you'll die very horribly."

Feng Jing could not help choking, feeling an intense humiliation!

This punk really slapped the face when hitting people!

Except, your strength had best be worthy of this arrogance!

Feng Jing sneered and said, "Fine, then I'll choose the Greenfeather Point Star Heavenly Pill! Don't tell me that you don't know how to refine!"

Ye Yuan smiled and said, "Your Pill Alliance really has quite a number of pill formulas. I really don't know this heavenly pill. So hand over the pill formula for me to take a look."

Unrivaled Medicine God

Chapter 2619: Resign to Your Fate!

"What? Never refined before and he also dares to come out and posture? Isn't he scared of being struck by lightning?"

"Is the Martial Secure Heavenly Sect going to become the laughingstock of the whole world? This boy is also too ridiculous."

"Haha,?looks like this kid came to amuse everyone. It's not bad either!"

... ..

Ye Yuan's words immediately attracted a burst of ridicule.

In reality, Ye Yuan had indeed never refined the Greenfeather Point Star Heavenly Pill before.

In these eight years, he had been cultivating grade two basic heavenly pills as usual.

However, Ye Yuan already laid down a solid foundation in terms of grade one heavenly pills.

When he cultivated grade two basic heavenly pills, it clearly went much faster than during grade one heavenly pills.

Furthermore, after Ye Yuan refined a grand completion level grade two Foundation Establishment Heavenly Pill, it indeed similarly had a miraculous effect, making his affinity increase to ten points all of a sudden!

From four points to ten points, this was a huge leap.

To Ye Yuan, the strength increment brought by this increase in six points was unimaginable.

The higher the heavenly pill's grade, the higher the requirement of affinity naturally.

If he remained four points always, then the road in the future would naturally be difficult for Ye Yuan.

Perhaps he could become strong, but it would definitely be impossible to rampage in all directions.

Fortunately, the results were pretty good.

Feng Jing was also slightly stunned, then he immediately sneered and said, "Is that so? Then, wonder what pill formula will you use to bet with me? Don't use those pill formulas of your Martial Secure Heavenly Sect. Those were all brought over by our Pill Alliance. If you can't take one out, please go back!"

Feng Jing's attitude was as domineering as before.

Members of the Pill Alliance all had this sort of superior mentality. Even if the widely-renown Luo Yunqing was present, he did not care either.

Ye Yuan said coolly, "Dustfall Heavenly Pill, I believe that your Pill Alliance should be interested, right?"

Sure enough, Feng Jing's pupils constricted when he heard that and cried out in surprise, "Dustfall Heavenly Pill! You ... You actually have the Dustfall Heavenly Pill!"

It was not up to Feng Jing to not be surprised. This Dustfall Heavenly Pill was an ancient pill formula, being stored in Zhong Jianchou's jade slip.

This pill formula was a type of grade two heavenly imperial pill!

Hence, that was why Feng Jing would be so surprised.

After Ye Yuan broke through, he did not have time to unlock the contents behind the jade slips yet.

But this Dustfall Heavenly Pill was in the previously unlocked content. It was a very valuable kind of pill formula.

Ye Yuan took a piece of jade slip out and directly threw it to Feng Jing.

After Feng Jing looked, his expression could not help changing greatly.

Very clearly, he had verified the authenticity of this pill formula.

Of course, there were only the heavenly medicines that the Dustfall Heavenly Pill required in the jade slip. As for the specifics of how to refine it, it was all hidden by Ye Yuan.

On Rainclear Continent, alchemy battles between heavenly alchemists would be held under a fair premise.

If the one party did not have the pill formula taken out by the other party, then they also needed to provide a pill formula as an exchange.

Of course, the prerequisite was that they won.

If Feng Jing lost, this Greenfeather Point Star Heavenly Pill would be equivalent to being given to Ye Yuan on a silver platter.

And Ye Yuan did not need to take the Dustfall Heavenly Pill out either.

The alchemy battle with Qin Shun previously, that was originally the sect's internal alchemy battle. There were naturally not so many rules.

But now, Ye Yuan publicly challenged Feng Jing, then he would have to follow the rules.

Ye Yuan smiled and said, “How would I dare to come and challenge without some goods?”

But a hint of greed flashed across in Feng Jing’s eyes and he said with a cold smile, “If Heaven bestows it and you don’t take it, you’ll definitely be condemned by the heavens! Since you’re in a hurry to give such a precious pill formula, then does this Feng have a reason to not want it? This Greenfeather Point Star Heavenly Pill’s pill formula, take it!”

As he said, Feng Jing likewise threw out a piece of jade slip.

After Ye Yuan got it, he began to digest it on the spot.

While on the Pill Verdant Establishment’s side, they also started preparing matters related to the alchemy battle during this period.

Seeing this scene, Luo Yunqing was speechless for a while too.

This guy had always been learning on the spot when competing in alchemy!

The key was that his ability to learn on the spot was extremely strong!

Clearly never refined before, but the quality of the heavenly pill produced was surprisingly high.

It was just that, did not know whether he could still rampage in all directions like before when refining grade two heavenly pills after he broke through.

After all, grade two heavenly pills were undoubtedly far more complicated and difficult to understand when compared to grade one heavenly pills.

Six hours later, Ye Yuan finished deducing.

Feng Jing looked at Ye Yuan and said with a smile that was not a smile, “Boy, making a frantic last-minute effort and you want to win my Pill Alliance? You’re too naive! This Greenfeather Point Star Heavenly Pill, even if this Feng performs below usual standards, I can reach sixth grade too! If I perform exceptionally well, *heh heh*, upper eighth grade is nothing difficult! Boy, resign to your fate!”

Feng Jing’s words immediately attracted a burst of exclamation.

Even if it was a grade three heavenly alchemist, being able to refine a grade two heavenly pill to the realm of upper eighth grade, it was absolutely extremely rare!

Especially that the difficulty of this Greenfeather Point Star Heavenly Pill was not an ordinary kind of hard.

Even Ye Yuan was a little surprised too.

The other party dared to say this, he was probably not bragging.

Furthermore, he let the other party choose the heavenly pill, the other party definitely picked what he was best at.

Very clearly, this Feng Jing was god knows how many times stronger than that dabbler Qin Shun.

Being able to hold down the fort in a region, Feng Jing's strength was indeed not what Qin Shun, that sort of guy who did things carelessly, could compare to.

Even Luo Yunqing, a hint of surprise flashed across in his eyes too. Clearly, he was shocked.

Upper eighth grade, it was not easy to reach!

He felt that if Feng Jing could refine sixth grade or seventh grade, Ye Yuan still had the strength to fight.

But if it reached eighth grade, probably even Ye Yuan would feel anxious too!

However, Ye Yuan did not care and said coolly, "Begin then. Talk so much crap."

Feng Jing's face turned black and he said in a solemn voice, "Boy, you'll be crying in a while!"

The two people each arrived in front of a medicine cauldron. Feng Jing assumed his responsibility and directly started extracting the heavenly medicines.

That natural and smooth process made people dazzled for a while.

Even Ye Yuan also could not help having higher regard for the other party.

This Feng Jing really had the skills!

This Pill Alliance was not simple!

Just based on Feng Jing's strength, Ye Yuan estimated that this Pill Alliance's pill refining standard might be more than 100 times stronger than the outside world!

However, he did not care either.

This alchemy battle was just the start of his colossal plan.

If he lost here, then he might as well find a piece of tofu to commit suicide with.

Ye Yuan restrained his mind and started refining the heavenly pill.

However, the moment he took action, it immediately attracted a series of snickering.

"This boy is indeed a joker! This affinity probably doesn't exceed ten points, right?"

"*Haha*,?look at Master Feng there again, his affinity is at least 50 plus! Just this affinity, there's no comparison between the two, right?"

"I understand, this boy probably thinks that heavenly alchemists fighting in alchemy are still the same as in the Lower Realms!? *Hahaha*?..."

... ..

This was something within reason, Ye Yuan's greatest shortcoming was affinity.

Sure enough, he became the object of ridicule now too.

Affinity determined the limit that a heavenly alchemist could reach.

Therefore, using affinity to judge a heavenly alchemist's strength was acceptable!

But clearly, this did not apply to Ye Yuan.

But very soon, those people could not laugh anymore.

The heavenly medicines that Ye Yuan extracted were crystal clear, without any flaws. It was actually not the least bit inferior to Feng Jing's!

Unrivaled Medicine God

Chapter 2620: Pill Pavilion!

The pill refinement was in progress.

After experiencing the initial choppiness, Ye Yuan's condition got better and better.

In terms of essence, there was not much difference between grade two heavenly pills and grade one heavenly pills.

It was merely going from simple to complex.

Of course, there were not many who could understand this point.

Not that they did not want to, but that they could not.

But without a doubt, Feng Jing's foundation skills were extremely solid.

Even if he did not comprehend the essence of pill refinement, based on the strength of a grade three heavenly alchemist, it was still very easy to refine a grade two heavenly pill.

But Ye Yuan's strength was not the least bit inferior to him!

It was very hard for people to imagine. A guy whose affinity was only ten points; how could he bring to people such a dazzling refinement.

The refinement ended. Feng Jing thought that he could draw a round of applause.

However, he did not.

Feeling everyone's somewhat strange gazes, he could not help looking toward Ye Yuan rather surprisedly.

He discovered that Ye Yuan was currently calm and relaxed.

Could it be that this boy's refinement was very impressive? Shouldn't be! Feng Jing thought in his heart.

"Open the furnace!" Ye Yuan said coolly.

Feng Jing could not help laughing as he said, "Really in a hurry to go and reincarnate! Forget it, I'll make you give up!"

The refinement this time, his condition was unprecedentedly good!

He even wondered whether he could break through the shackles or not, and reach that legendary realm of ninth grade golden pill!

Therefore, he did not feel that the Ye Yuan who was refining for the first time could match up to him.

The moment the medicine cauldron opened, a dark-red medicinal pill flew into the container.

People craned their necks one after another, wanting to see the quality of the heavenly pill.

"You all, look! There's actually a hint of golden color on this Greenfeather Point Star Heavenly Pill!"

"Almost! Almost and it would have advanced to the legendary realm of ninth grade!"

"Master Feng is Master Feng, under the heavy pressure, he broke through the shackles instead!"

... ..

The surrounding crowd immediately started boiling over.

A hint of a smile appeared on Feng Jing's face. This was the effect that he wanted!

Not that he hungered for fame and reputation, but that he felt that people should flatter him in the first place.

But what he wanted was this kind of heartfelt admiration!

This was his glory and also the Pill Alliance's glory!

Feng Jing looked at Ye Yuan and said with a smile, "Did you see it, this hint of golden color? There's already no need to test the grade of the heavenly pill, right?"

A touch of gold in the dark-red, it indicated that the heavenly pill already reached the peak of eighth grade and was also not far away from ninth grade anymore.

Of course, this narrow step was not easy to take.

Ninth grade, that was a legendary realm, it was not something that could be entered as you wished.

But Ye Yuan smiled and said, "No need, quasi-ninth grade."

Feng Jing could not help laughing as he said, "Looks like you're not worried at all!"

Ye Yuan smiled and said, "What do I have to worry about? It's merely quasi-ninth grade."

Feng Jing seemed to have heard the funniest joke and said, "Merely! Quasi-ninth grade! *Heh*, what high-sounding sentiments! You probably completely don't know what ninth grade means, right?"

Ye Yuan said coolly, "To me, those lower than ninth grade are all trash! If it doesn't enter ninth grade when refining pills, still refine pills for what? Did your Pill Alliance groom only trash like you? Clearly didn't reach ninth-grade, but you're proud of it, *huhu*."

"*Hiss ...*"

These words were domineering!

One sentence degraded the Pill Alliance to nothing.

Everyone was stunned by Ye Yuan's words.

Although your refinement was very impressive too, these words were too much, right?

Posturing had to have a limit too!

Sure enough, Feng Jing laughed loudly when he heard that and said, "*Hahaha* ... Boy, I'm somewhat doubtful now, whether you know how to refine pills or not! Ninth grade, that's a legendary grade. When it comes out of your mouth, it becomes the lowest threshold? Alright. Stop talking big. I really want to see your ninth grade golden pill!"

Ye Yuan smiled and said, "As you wish"

It was only to see him flip his palm over. A Greenfeather Point Star Heavenly Pill flew out.

A dazzling golden light shone until everyone could not open their eyes.

Ninth grade golden pill!

The crowd instantly exploded!

This guy really refined a ninth grade golden pill!

Feng Jing was still harboring the mentality of watching a good show a second ago. But in the next instant, his entire person was stupefied there.

Ye Yuan looked at Feng Jing and said coolly, "My Greenfeather Point Star Heavenly Pill doesn't need to be tested anymore either, right? *Uh* ... You're indeed much stronger than Qin Shun that fellow. I was still counting on you to give me a bit of surprise. But I didn't expect that you haven't even entered ninth grade yet, and you were already patting yourself on the back. That's also all there is to you then."

Feng Jing looked at Ye Yuan with a shocked face and muttered, "This ... How is this possible? Isn't it your first time refining? Y-You're actually able to refine a ninth grade Greenfeather Point Star Heavenly Pill! You tricked me!"

Ye Yuan smiled and said, "Tricked you? Do you feel that I have a need to trick you? This is my first time refining. Of course, it's also the most rubbish refinement. If you're not convinced, let's compete again. I dare guarantee that you'll be beaten down very hard!"

Feng Jing gritted his teeth and said, "Compete then! I don't believe that you can really hit the jackpot and be so lucky every time!"

He was unresigned!

As a Pill Alliance's powerhouse, how could he possibly lose to the Martial Secure Heavenly Sect's trash?

He could not lose and could not afford to lose as well!

He came to challenge the dojo, if he were to lose, where would the Pill Alliance's face go?

Ye Yuan shrugged and said with a smile, "Then don't waste time anymore, begin then."

He was deliberately triggering Feng Jing, making him do it again.

Slapping face had to be slapped thoroughly!

One time could still say that it was by chance.

But the second time, you would have nothing to say, right?

The second refinement, Ye Yuan was even more accomplished with high proficiency.

The choppiness from before had long already disappeared.

On the other hand, Feng Jing's mentality had already been affected after his first miserable defeat.

The second refinement ended. The quality of Feng Jing's heavenly pill was only lower eighth grade.

However, the moment Ye Yuan's heavenly pill came out of the furnace, the light radiated even stronger.

After testing it, Ye Yuan's heavenly pill reached upper ninth grade!

One was improving, the other was regressing.

Whoever was stronger and weaker was clear at a glance!

With this, the powerhouses of Fire Peace Great Nation were completely shocked.

An unknown Greater Sublime Heavenly Stratum actually completely defeated the Pill Alliance powerhouse Feng Jing who had already become famous for a long time.

This conclusion was what everyone could not have imagined previously.

Ye Yuan looked at the downcast Feng Jing and said coolly, "You don't need to feel pessimistic either. Because very soon, the nine great nations' Pill Alliance strongholds will be trampled underfoot by me! Doesn't your Pill Alliance like to trample on people? Then I'll also make you all savor the taste of being trampled!"

Luo Yunqing felt refreshed!

During these 20 years, they had had enough of the cowardly spirit!

Today, they finally regained face!

Ye Yuan raised his head and swept across everyone's faces and said coolly, "Our Martial Secure Heavenly Sect has already established the Pill Pavilion. Friends who have aspirations in Alchemy Dao can all join the Pill Pavilion! We recruit disciples regardless of faction or talent! Furthermore, we won't force you to join the Martial Secure Heavenly Sect! If you feel that you have gotten somewhere with what you learned, you can return to your original faction any time! From now on, our Pill Pavilion's aim will be to break the Pill Alliance's monopoly, and let everyone be able to learn alchemy!"

Ye Yuan's words echoed loudly, evoking a huge response in the crowd.

The Pill Alliance's monopoly on Alchemy Dao not only held back the Five Light Heavenly Region's five great heavenly sects, but it also greatly impeded the other four great heavenly regions' various major sects.

But Ye Yuan's action was tantamount to reducing the Pill Alliance's advantage until nothing was left!

It was just that, would the Pill Alliance take things lying down?
