#### Chapter 2691: : It No Longer Belongs to You!

“What happened? Weren’t these water dragons summoned by Black Flood Dragon King? Why did they attack him instead?”

“He is a half-step Saint Sovereign Heaven expert, but he was actually struck back several thousand feet by the water dragons that he summoned! This is simply something unheard of.”

“I seemed to have seen Ye Yuan use a spell just now. But isn’t the Emerald Sea Divine Conch the Thistle South Royal Clan’s lifeblood treasure?”

... ..

He could not figure it out after racking his brains!

Ever since the Black Flood Dragon King obtained the Emerald Sea Divine Conch, he could be said to have shocked the seven great sea regions.

This kind of grandmist treasure was extremely rare in the seven great sea regions too.

But now, this thing was actually not listening to orders anymore!

And the one who was the most shocked was none other than Black Flood Dragon King.

He had already obtained the Emerald Sea Divine Conch for ten thousand years and had long already refined it into his own item.

But just earlier, he actually lost control of the Emerald Sea Divine Conch!

He was unable to understand how Ye Yuan did it!

Just now, Ye Yuan being weak made Black Flood Dragon King realize that it was the best opportunity to make a move and capture Ye Yuan.

But who would have expected that Ye Yuan actually still had such a contingency move!

The most important thing was that he examined his own heart and felt that he never showed any hostility all along. But that scene earlier, it was as if Ye Yuan had long expected it.

Virtually right as he made a move, Ye Yuan took countermeasures.

Why?

Ye Yuan looked at Black Flood Dragon King and said with a smile that was not a smile, “Finally can’t refrain from making a move? I even thought that you were planning on returning to the dragon palace before taking action.”

Only then did Black Flood Dragon King confirm that Ye Yuan really knew about it long ago, and took precautions in advance!

His brows furrowed slightly and he said, "This king is certain that I've never shown hostility before. How did you know?"

Ye Yuan smiled and said, "Still remember my breakthrough before entering the Land of Dragon Slumber? Very unfortunately, I entered a state of emptiness at that time and became perfectly aware of everything here. At that time, I detected it."

Black Flood Dragon King's face fell, secretly regretting it.

If he had long known that it would be like this, he would not have let Ye Yuan enter the Land of Dragon Slumber.

But back then, Ye Yuan's cultivation realm was too low.

Even if he extracted the dragon marrow, he also did not dare guarantee that he would be able to break through to Saint Sovereign Heaven.

Who would have thought that this sudden turn of events would actually occur?

"Royal Father, Big Brother Ye Yuan is a good person! Why do you want to kill him?" Little Dragon Girl mumbled, her expression unhappy.

Black Flood Dragon King snorted coldly and said, "At this point, there's nothing to hide anymore as well! Although this kind obtained considerable lucky chances in the Land of Dragon Slumber, I still haven't been able to break through to Saint Sovereign Heaven. The dragon marrow in this boy's body is a great tonic to this king! As long as this king fuses with his dragon marrow, I'll naturally be able to pierce through this last layer of window pane paper!"

Only when everyone heard that did they come to a realization!

Ye Yuan was also taken aback. He even thought that him ruining the sea war made Black Flood Dragon King bear hatred in his heart. He did not expect that he was actually eyeing the bloodline power in his body.

"Boy, since you already know, you should have some awareness, right? Offer your dragon marrow, and this king can spare your life. In fact, I can even let you be an idle dragon king in the Thistle South Sea Region and spend the second half of your life in comfort," Black Flood Dragon King said coolly.

Although this scene earlier was very surprising, he was a half-step Saint Sovereign Heaven at any rate too.

Even if he did not utilize the Emerald Sea Divine Conch, just by relying on his own strength, he was terrifying to the extreme too. He naturally would not think that Ye Yuan could escape.

Moreover, it was not just him alone who wanted to kill Ye Yuan here!

Ye Yuan's gaze also turned slightly chilly, the dragon marrow was essential to the dragon race!

Bloodline power was born from the dragon marrow.

Without the dragon marrow, it would be equivalent to the martial artist losing their small world; still cultivate what shit!

Although it was not fatal, it would be tantamount to ruining the future of a martial artist.

Not killing someone, but even scarier than killing someone.

“Royal Father, how can you do this?” Little Dragon Girl said angrily.

Black Flood Dragon King snorted coldly and said, “Jingfei, after Royal Father fuses with the dragon marrow and breaks through to Saint Sovereign Heaven, I’ll be this seven great sea regions’ true king! At that time, you’ll be the seven seas princess!”

“I don’t want to be whatever seven seas princess! I only want Big Brother Ye Yuan! You can’t kill him!” Little Dragon Girl said stubbornly.

Black Flood Dragon King frowned and said, “That’s not up to you! Black Shark, take her away!”

“I’m not going! I’m not going!”

Little Dragon Girl had a stubborn look and was about to urge the Emerald Sea Divine Conch.

But she discovered that the Emerald Sea Divine Conch was solid as a rock. She could not control it at all.

She was still a little too weak in front of Black Flood Dragon King.

Without the Emerald Sea Divine Conch, her being restrained by Black Shark was also within reason.

Finished with these, Black Flood Dragon King looked at Ye Yuan and said with a cold smile, “Boy, looks like you really obtained quite a lot in the Land of Dragon Slumber, to actually be able to reverse-control the Emerald Sea Divine Conch! But, even if this king doesn’t use the Emerald Sea Divine Conch, do you think that you can escape?”

*Boom!*

The moment Black Flood Dragon King’s aura released, that terrifying pressure made the faces of everyone present change abruptly.

He was a half-step Saint Sovereign Heaven expert. An expert of such realm was absolutely apex existences in the seven great sea regions.

They rarely made a move. Hence, these dragon sons could be considered to have broadened their horizons looking at one making a move.

But Ye Yuan did not care at all and said with a grin, “If you’re using the Emerald Sea Divine Conch, I’ll use it then!”

Black Flood Dragon King was taken aback and could not help laughing as he said, “You want to use it? What do you base on to use it? I’ve refined the Emerald Sea Divine Conch for 12 thousand years, it has long already fused into one with me!”

And just as he was talking, Ye Yuan already started forming seals.

Black Flood Dragon King was currently talking by himself when suddenly, his expression changed.

The Emerald Sea Divine Conch actually had an impulse to break free from his body.

He suddenly discovered that he could not quite control the Emerald Sea Divine Conch anymore.

In order to not get counter-controlled by Ye Yuan, he already hid the Emerald Sea Divine Conch inside his body just now.

“Damn it! You ... How did you do it?”

Black Flood Dragon King’s expression changed wildly. He desperately appealed to the Emerald Sea Divine Conch, but his control over it was still being lost bit by bit.

*Swoosh!*

Suddenly, the Emerald Sea Divine Conch actually flew out of the Black Flood Dragon King’s body!

Seeing this scene, everyone’s faces changed.

“This ... How is this possible? Black Flood Dragon King is actually unable to control the Emerald Sea Divine Conch!”

“Just what kind of fortuitous encounter did that boy obtain in the Land of Dragon Slumber?”

“Snatched away! I-It’s really snatched away!”

... ..

The Emerald Sea Divine Conch turned into a streak of light and actually flew straight toward Ye Yuan, suspending in front of him.

Black Flood Dragon King’s face was gloomy to the extreme.

Because he discovered that the connection between him and the Emerald Sea Divine Conch was completely severed!

In these ten thousand years, it was still the first time that such a thing happened.

Once this level of treasures was finished refining, then it would fuse into one with him. Unless he was killed, otherwise, it would not be able to be stripped at all.

But Ye Yuan actually did it!

Ye Yuan looked at Black Flood Dragon King and said coolly, “The Emerald Sea Divine Conch originated from the Land of Dragon Slumber to begin with. Letting you use it for so many years, it’s also considered a blessing to you. Today, I’ll take it back! It no longer belongs to you!”

As he said, Ye Yuan formed seals again.

The imprint that Black Flood Dragon King left behind in the Emerald Sea Divine Conch was actually directly wiped away.

*“Pffft!”*

Black Flood Dragon King seemed to have suffered a serious injury, directly spewing out a mouthful of blood.

Clearly, his mind already suffered damage.

He looked at Ye Yuan, with a pair of angry eyes almost, seemingly wanting to incinerate Ye Yuan..

#### **Chapter 2692: : Emerald Sea Divine Conchs True Power!**

“Ye Yuan, I want you dead!”

Black Flood Dragon King’s roar practically made the seabed boil.

The powerhouses were all extremely shocked.

Of course, what surprised them even more was that Ye Yuan actually really stripped away the Emerald Sea Divine Conch!

The current Ye Yuan was like a ruler. The things that he bestowed upon you were all taken back.

Black Flood Dragon King completely rampaged, the aura of half-step Saint Sovereign Heaven being released fully.

It was only to see his dragon head open its gaping maws. A light ball spat out of his mouth.

“That’s the Black Flood Dragon King’s consummate skill that made him famous, Dragon Flame Bullet! It was said that back then, he used this move and defeated the Cang Xuan Sea Region’s Black Mountain Dragon King by a hair’s breadth! Looks like Black Flood Dragon King is genuinely enraged!”

“Even if Ye Yuan controls the Emerald Sea Divine Conch, he can’t escape death either. The strength of a half-step Saint Sovereign Heaven is too terrifying.”

“Ye Yuan wouldn’t think that by taking in the Emerald Sea Divine Conch, he’d be able to defeat a half-step Saint Sovereign Heaven, right? That’s a powerful existence that has half a foot stepped into Saint Sovereign Heaven!”

... ..

Seeing Black Flood Dragon King use his famed consummate skill, everyone immediately sentenced Ye Yuan to death.

Half-step Saint Sovereign Heaven, although it was not a real Saint Sovereign Heaven, their strength was also far from what one could mention in the same breath as Jade Sovereign Heavens.

And Ye Yuan was just a lower Limitless Sublime Heaven.

The two people’s disparity was too great!

The moment the Dragon Flame Bullet appeared, the entire seabed was turned upside down.

That terrifying pressure made everyone keep a wide berth.

Ye Yuan was situated in the midst of the storm, without the slightest fear as he said coolly, “Black Flood Dragon King, you’ve obtained the Emerald Sea Divine Conch for so many years and look to be infinitely

glorious. But you're merely a pseudo-dragon and can't unleash the true power of the Emerald Sea Divine Conch at all. Today, I'll let you witness the Emerald Sea Divine Conch's true power!"

All of a sudden, the true dragon power in Ye Yuan's body erupted.

The entire seabed seemed to be transmitting out waves of dragon roars.

The expressions of the dragon race members present suddenly changed in an instant.

Under this pressure, they actually had an impulse to kneel down.

In reality, some dragon race members with impure bloodlines were already kneeling on the ground and could not even raise their heads.

Among them even included a Jade Sovereign Heaven powerhouse!

And after the Emerald Sea Divine Conch was flooded with this dragon might, it became incomparably dazzling.

It seemed to have come to life!

Black Flood Dragon King's pupils constricted slightly, his eyes full of astonishment.

He had never seen the Emerald Sea Divine Conch be so excited before despite being in his hands for so many years.

Yes, excitement!

Divine objects had spirits, the Emerald Sea Divine Conch, this level of heaven-defying treasure, was naturally spiritual.

After all, having possessed the Emerald Sea Divine Conch for so many years, Black Flood Dragon King could faintly feel the 'happiness' of the Emerald Sea Divine Conch currently!

That feeling was like the regret of a bright pearl being cast into darkness for so many years in his hands.

At this time, it finally bloomed to its true colors!

"Emerald Sea Tide, Heaven-defying Torrent!"

Ye Yuan roared and the torrent of the seabed actually turned the other way in an instant.

At that moment, it was as if the entire ocean had become Ye Yuan's weapon!

Under this torrent, Jade Sovereign Heaven powerhouses could not stand firmly too and were directly swept away by the torrent.

Only at this time, did they understand what was called floodwaters surging!

As the saying went, the water that could carry the boat was the same that could swallow it up.

These true spirit seafolk were all kings in the water.

They were like fish in the water.

But now they currently felt as if they were in hell.

That feeling of having no command over themselves made them feel at a loss on what to do.

Black Flood Dragon King's expression changed wildly. These astonishing floodwaters were actually not the slightest bit inferior to his power!

He understood that this was not Ye Yuan's own strength, but the Emerald Sea Divine Conch's power.

Ye Yuan's move that solved a major problem with little effort was used too breathtakingly!

His bloodline power was the lever while the Emerald Sea Divine Conch was that fulcrum.

Ye Yuan used this lever to move the power of the entire seabed.

No matter how strong the Black Flood Dragon King's strength was, it was also impossible to be stronger than the entire ocean.

He was insignificant in the ocean!

"Dragon Flame Bullet, break for me!"

Facing such a shocking torrent, Black Flood Dragon King did not have other methods either and could only fight power with power!

Fortunately, his strength was much stronger than Ye Yuan and he still had the power to fight.

It was also thanks to Ye Yuan's cultivation realm being low. If he was Jade Sovereign Heaven realm, this torrent could directly turn him into meat paste.

Under the watchful gazes of everyone, the Dragon Flame Bullet collided together with this astonishing torrent.

*Rumble!*

The violent explosion directly sank the seabed several hundred feet!

The terrifying power directly blasted those sea race powerhouses flying.

Even if they had already evaded very far away.

Black Flood Dragon King spurted fresh blood wildly from his mouth and was akin to being struck by lightning. How did he still have the demeanor of a king?

Although Ye Yuan's complexion was a little pale too, it was not a serious problem.

Clearly, Black Flood Dragon King was defeated.

"This ... Is this the true power of the Emerald Sea Divine Conch? It's simply too terrifying!"

"It's also that Ye Yuan is just Limitless Sublime Heavenly Stratum. If he reached Jade Sovereign Heaven, wouldn't he swept across the seven great sea regions just by relying on this Emerald Sea Divine Conch?"

"More than sweep across! Even if a Saint Sovereign Heaven runs into him, they will have to give a wide berth too, right? Even the Dragon Flame Bullet can't block the power of this torrent, it's too terrifying!"

... ..

The expressions of many sea race powerhouses were deathly pale too. Clearly, they were frightened by the power of the Emerald Sea Divine Conch.

They naturally would not think that this was Ye Yuan's own strength. But, similarly using the Emerald Sea Divine Conch, the power was completely different in the hands of Black Flood Dragon King compared to it being in the hands of Ye Yuan.

This already indicated many problems to begin with.

At least, the dragon might in Ye Yuan's body had obtained the true recognition of the Emerald Sea Divine Conch.

Even if Black Flood Dragon King already refined it for ten thousand years, it was useless too!

Ye Yuan looked at Black Flood Dragon King and said disdainfully, "Emerald Sea Divine Conch is a high-grade grandmist treasure, its power being boundless! Unleashing its power with your bloodline power, it doesn't even reach 10%! It's simply a bright pearl that's cast into darkness in your hands! Furthermore, the Emerald Sea Divine Conch still has many brilliant uses, but you ... don't understand it at all!"

As if to confirm Ye Yuan's words, the Emerald Sea Divine Conch circled around Ye Yuan. It was as if it was a lively elf.

When everyone saw this scene, they could not help clicking their tongues in wonder.

Even a fool could also tell that the Emerald Sea Divine Conch really found its home now.

Black Flood Dragon King's complexion was ashen, with indescribable despair on his face.

He did not expect that he actually lost so thoroughly.

Ye Yuan said coolly, "I won't offend people unless I'm offended! Originally, I only came to Thistle South Sea Region due to Jingfei's invitation. But you had impure motives. Then it can't be blamed on this Ye!"

Finished saying, Ye Yuan formed a seal with his hands again, the Emerald Sea Divine Conch erupted with a terrifying power once more.

This time, it was the final hit.

Leaving behind a half-step Saint Sovereign Heaven enemy was not Ye Yuan's style.

"Don't! Big Brother Ye Yuan!" Right at this time, Little Dragon Girl suddenly cried.

Ye Yuan's movements suddenly turned stiff and he looked toward Jingfei.

Little Dragon Girl wept as she yelled, "Big Brother Ye Yuan, I beg you! Please don't kill my royal father! He ... He's the best royal father in the world!"

When Ye Yuan heard this, his brows could not help furrowing.

Although this lass loved to play pranks, she was just not mature yet.

Previously, when Black Flood Dragon King wanted to kill him, she even spoke up to stop him. It could be seen that her character was not bad.

Now, Ye Yuan could not help feeling a little troubled..

#### **Chapter 2693: Returning to the Original Owner!**

Ye Yuan was silent, everyone looked at him with complicated expressions.

Who could have thought that by making a trip to the Land of Dragon Slumber, this measly little Limitless Sublime Heavenly Stratum could actually decide the life and death of the seven great kings?

After a moment of silence, Ye Yuan said coolly, "Alright, I can spare his life. But death penalty can be spared; punishment can't be escaped! Black Flood Dragon King, cripple your own cultivation, and then I can let you off. From now on, you'll stay in this Thistle South Sea Region and be an idle dragon king!"

Black Flood Dragon King's expression changed and he scolded angrily, "You might as well kill me!"

Ye Yuan said coolly, "If you're not willing, then I can only do it myself."

It was only to see him recite a spell. The Emerald Sea Divine Conch activated again!

*Boom!*

Hundreds of water dragons suddenly condensed in the deep sea.

Each water dragon had the cultivation of Jade Sovereign Heaven!

Hundreds of Jade Sovereign Heaven powerhouses, what kind of concept was that?

Back then, when the Pill Alliance besieged the Martial Secure Heavenly Sect, they merely mobilized around 100 Jade Sovereign Heaven powerhouses.

But Ye Yuan directly summoned more than 100 water dragons!

*Bang! Bang! Bang!*

A hundred water dragons bombarded Black Flood Dragon King wildly, making everyone's expression change from watching again.

The torrent just now, versus these hundred water dragons, was two different kinds of impact.

But without a doubt, they were both extremely strong!

Furthermore, these over a hundred water dragons were not completely disorderly.

Their fighting method was far stronger than those that Black Flood Dragon King and Little Dragon Girl summoned.

"Too strong! Completely different levels!"

“Black Flood Dragon King could only summon several water dragons of similar strength to his when he used the Emerald Sea Divine Conch. But Ye Yuan summoned hundreds of water dragons that’s even higher realm than him in one go. This is called disparity!”

“That’s right. Ye Yuan definitely has true dragon bloodline! I didn’t expect that a true dragon bloodline actually appeared in my seven great sea regions! The heavens of the seven great sea regions are going to change!”

... ..

At this time, they all realized that the appearance of Ye Yuan, this true dragon, would make the seven great sea regions’ arrangement undergo massive changes.

If Ye Yuan had the intention to seek hegemony, he could even dominate the seven great sea regions now and become the king of the seven seas!

Black Flood Dragon King was severely injured in the first place. Amidst the wild bombardment, he could still barely manage to hold on at the beginning.

But later on, he gave up completely.

After a bout of indiscriminate bombardment, Black Flood Dragon King directly became a cripple.

He sank to the bottom of the sea, his aura being feeble to the extreme.

Ye Yuan arrived in front of Black Flood Dragon King and said coolly, “You only had yourself to blame for this, can’t blame me!”

“Big Brother Ye Yuan, must ... must you do this?” Little Dragon Girl said in tears.

It was still Ye Yuan’s first time seeing years in this girl’s eyes.

However, he still said cruelly, “This is my bottom line! If he isn’t crippled, then we can only fall out and become enemies! You should know, this incident wasn’t started by me!”

Black Shark and the rest were all silent like cicadas in winter at this time.

It was not that they did not want to take action, but that Ye Yuan was too powerful.

The Ye Yuan who possessed the Emerald Sea Divine Conch, his might was already sufficient to overthrow the entire Thistle South Royal Clan!

Pray tell, who could resist these hundreds of Jade Sovereign Heaven water dragons?

Little Dragon Girl wept bitterly, but she nodded her head and said, “Okay!”

Ye Yuan also did not expect that Little Dragon Girl actually nodded her head at this time.

He even thought that he was going to fall out and become enemies with this girl because of Black Flood Dragon King.

However, even if he killed Black Flood Dragon King, he would not make things difficult for Little Dragon Girl either.

Ye Yuan nodded slightly and did not talk rubbish either, directly going up and crippling Black Flood Dragon King's cultivation.

Seeing the king of the seven seas become a cripple, the expressions of each and every one of the sea race powerhouses present changed slightly.

That was one of the strongest seven people in the seven seas!

But there were also some dragon sons that had a hint of smugness that flashed across their eyes.

They knew that Ye Yuan's foundation was not in the sea and that he would definitely return to the shore.

Therefore, in the wake of Black Flood Dragon King being crippled, Thistle South Royal Clan's decline already became inevitable.

Thistle South Sea Region was the closest to land. It could be said to be the most prosperous sea region.

The other sea regions had the intention of encroaching on it long ago. It was just that due to Black Flood Dragon King's might, they did not dare to take action all along.

But now, Black Flood Dragon King was already crippled.

The chance came now!

"Uncle Black Shark, carry Royal Father, let's go back!" Little Dragon Girl already stopped crying at this time and ordered Black Shark expressionlessly.

He did not see much hatred in Little Dragon Girl's eyes.

But he felt that Little Dragon Girl seemed to have matured at this instant!

Little Dragon Girl was playful, but she was not stupid.

She knew what the Thistle South Royal Clan had to face now that Black Flood Dragon King was crippled.

Therefore, she had to become strong!

It was not calm and tranquil in the sea.

The seven great royal clans' open and covert contentions had never ceased before.

In the past, there was Black Flood Dragon King suppressing the others. Hence, Little Dragon Girl could live a carefree life.

But now, her brothers, her mothers, all needed her to protect them!

Right at this time, a streak of flowing light flew by.

The Emerald Sea Divine Conch stopped in front of her.

Little Dragon Girl looked at Ye Yuan with some surprise, uncertain what it meant.

When the others saw this scene, their expressions changed greatly too.

“Big Brother Ye Yuan, you ...”

“The Emerald Sea Divine Conch is yours in the first place. I’m returning it to you now! With your current bloodline power, if you control the Emerald Sea Divine Conch, your strength won’t be weaker than half-step Saint Sovereign Heaven! I’ve also left the method of controlling the Emerald Sea Divine Conch inside. With your intelligence, you should be able to learn it very quickly.”

Talking until here, Ye Yuan’s gaze turned dark and swept across the face of the numerous powerhouses and said, “From today onward, you’re the Thistle South Royal Clan’s new dragon lord!”

The expressions of those dragon sons concocting a scheme could not help changing drastically at this time.

They looked at Ye Yuan with incomprehensible expressions, not understanding why he would do this.

That was a grandmist treasure!

Grandmist treasure, that was a treasure that Saint Sovereign Heaven powerhouses used!

He actually casually gave it to Little Dragon Girl?

Little Dragon Girl also looked at Ye Yuan with a look of surprise, as if she did not know him.

She also did not expect that Ye Yuan actually returned the Emerald Sea Divine Conch to her!

Before that, Little Dragon Girl had always believed that the Emerald Sea Divine Conch was hers.

But now, she already understood, the Emerald Sea Divine Conch simply belonged to the Land of Dragon Slumber.

And the Land of Dragon Slumber’s inheritance had already been completely acquired by Ye Yuan.

Therefore, the Emerald Sea Divine Conch belonged to Ye Yuan!

The power that the Emerald Sea Divine Conch unleashed in Ye Yuan’s hands, was much greater than unleashed in her hands!

Ye Yuan possessing the Emerald Sea Divine Conch was equivalent to suddenly advancing a major cultivation realm, and could even overpower Saint Sovereign Heaven powerhouses.

Such a massive lucky chance, he actually did not want it?

It was impossible for this kind of thing to happen to anyone.

But, Ye Yuan did it!

She shook her head hard and said, “Big Brother Ye Yuan, this is yours. I can’t take it!”

Ye Yuan smiled and said, “Take it! The Emerald Sea Divine Conch belongs to the sea. It can only unleash its greatest power in the sea! Following me to land, it won’t be able to even unleash half of its power. Therefore, it is better for it to follow you. Furthermore, without it, you won’t be able to protect your royal father and royal mother, as well as your siblings. So, don’t need to refuse me.”

Little Dragon Girl’s eyes could not help becoming wet, nodding her head hard at Ye Yuan..

## Unrivaled Medicine God

### **Chapter 2694: Fighting the Previous Generation!**

"It's here?"

Ye Yuan looked at the two islands ahead and was absorbed in thought.

Between the two islands was a glimpse of the sky.

That appearance was clearly being split by someone with a sword!

Currently, Ye Yuan was very far away from the island. But a sword energy that made the heart palpitate was faintly coming from there.

A dragon head and human body seafolk was standing next to Ye Yuan. Who could it be if not the Black Flood Dragon King?

More than a year had passed since the trip to the Land of Dragon Slumber.

Ye Yuan did not leave Thistle South Sea Region right away, but held down the fort in the dragon palace for as long as a year, stabilizing the situation in Thistle South.

Black Flood Dragon King hated Ye Yuan to the bones, but he had nothing to say about Ye Yuan's behavior and conduct.

At present, he had already become a cripple and could only resign himself to fate.

After staying for a long time, Ye Yuan's understanding of the sea race also became better.

Not long ago, Ye Yuan learned from Black Shark that more than ten thousand years ago, a human powerhouse had once crossed the seven great sea regions and set off for the south.

At that time, it caused a mighty uproar in the seven great sea regions.

Actually, the seven great sea regions back then were not like the current situation. They were under the rule of three Saint Sovereign Heavens.

The appearance of that human powerhouse triggered a joint attack by the three great Saint Sovereign Heavens.

As a result, four great Saint Sovereign Heavens unfolded a grand battle in this stretch of sea region that Ye Yuan was standing at.

The human powerhouse slew the three great Saint Sovereign Heavens here by himself with one sword.

This island was cleaved apart by the human powerhouse's one sword slash!

Ever since then, the seven great sea regions had fallen into chaos.

Only all the way until later seven great half-step Saint Sovereign Heavens rose up did the seven great sea regions recover to their current situation.

“That’s right, it’s here! That great battle caused a great sensation in the entire seven great sea regions. Back then, I was just a lower Limitless Sublime Heaven and had the fortune to witness that grand battle. That human powerhouse was too strong!”

Mentioning that person, Black Flood Dragon King still had lingering fear in his heart now.

One had to know, a human fighting with the sea race in the ocean was a great disadvantage to begin with.

But that person suppressed the three great Saint Sovereign Heavens from beginning to end.

That sort of power virtually made people despair.

Ye Yuan’s gaze flickered indeterminately, he thought of someone.

Zhuo Bufan!

Calculating from the time, it seemed to be precisely what happened after Zhuo Bufan’s disappearance.

There was a legend at that time that Zhuo Bufan walked toward the sea and left. It was just that people did not know whether it was real or fake story.

But looking at it now, perhaps this really happened.

Ye Yuan could not think of anyone who had this ability apart from Zhuo Bufan, to be able to overpower three great sea race Saint Sovereign Heavens with his power alone!

Suddenly, Ye Yuan stepped forward and walked toward the island.

Black Flood Dragon King’s expression changed, and he said, “You can’t go! That sword energy is priming with the power of Great Dao. It has stayed on this island for more than ten thousand years and still hasn’t decayed too much to this date! Even us, these half-step Saint Sovereign Heavens, can’t enter the center of the sword energy too! If you go, you’ll die without a burial ground!”

Ye Yuan ignored him and continued advancing.

The further he advanced, the more piercing cold the sword energy became.

*Swish!*

A wound was cut on Ye Yuan’s face, fresh blood dripping down.

However, Ye Yuan was oblivious and continued advancing.

And the sword intent in his body actually involuntarily seeped out of his body, turning into a small seedling.

When Black Flood Dragon King saw this scene, he could not help saying gloatingly, “Not listening to the advice of the elderly, suffering is right ahead! How can the power of a Saint Sovereign Heaven be what you can imagine? But it’s best that you get hacked into minced meat by this sword intent!”

Black Flood Dragon King was conflicted about Ye Yuan currently.

He hoped for Ye Yuan to go and die from the bottom of his heart.

But, the present Thistle South Sea Region's situation also indeed needed him to stabilize.

In his view, Ye Yuan's action was no different from seeking death.

Even if he controlled the Emerald Sea Divine Conch to defeat him, under this sword intent, he was still insignificant like an ant.

In his sea of consciousness, Mi Tian said, "What a domineering sword energy, you can't get in."

Clearly, he also felt this astonishing sword intent and woke up from his deep sleep.

"I know," Ye Yuan said coolly.

"You'll die like this." Mi Tian said.

"I won't. I want to see until which point I can walk," Ye Yuan said.

Ye Yuan did not underestimate his own capability, but he was not conceited until he thought that he could compare to Zhuo Bufan currently.

But, regarding this legendary figure, he indeed really wanted to broaden his knowledge.

Walking until here, Ye Yuan basically already confirmed that this sword intent was indeed left behind by Zhuo Bufan.

Because this sword intent was somewhat similar to Luo Yunqing.

Who Luo Yunqing admired the most and held in greatest esteem in his life was Zhuo Bufan.

So, he walked Zhuo Bufan's path too.

It was just that Luo Yunqing's sword intent was far too lacking when compared to Zhuo Bufan.

The sword energy became fiercer and fierce, and increasingly dense, virtually unavoidable.

The wounds on Ye Yuan's body became more and more.

He was carefully feeling the flow of the sword intent, feeling this unparalleled, domineering sword intent.

Ye Yuan was greatly stirred!

Zhuo Bufan was well-deserving of being an existence that could overwhelm Rainclear Continent.

Too strong!

Ye Yuan's sword intent was like a firefly compared to the bright moon in front of this sword intent!

This sword intent was too pure, too sublime!

Too ... powerful!

This kind of strength was an unreasonable strength!

No matter how exceedingly formidable your means, I would cut it with one sword!

For more than ten thousand years, the sword intent condensed and did not scatter. It could be seen how powerful this sword intent was.

The further forward, the stronger the oppressive force.

Sword intent was secondary, but Ye Yuan felt that astonishing will from the sword intent.

This was the root of Zhuo Bufan's might!

However, this also aroused Ye Yuan's pride!

At this moment, Ye Yuan completely entered a state of selflessness. His entire being was used to feel the sword intent.

This shocking sword intent dashed around on the island, seemingly disorderly and unsystematic.

But Ye Yuan was similarly proficient in Sword Dao. He could feel the faintly discernible rule undulation in it.

This was Sword Dao. This was a world of swords!

How could it possibly be disorderly and unsystematic?

The eight transformed swords fully bloomed at this moment.

They unfolded a frenzied exchange with Zhuo Bufan's sword intent.

But Ye Yuan's hand was gripped on the branch.

The ninth transformed sword!

At this moment, Ye Yuan urged his Sword Dao to the extreme.

He was currently in a situation as if fighting with an invisible opponent, the battle situation fierce to the extreme.

Far away, Black Flood Dragon King watched until his countenance changed visibly.

He completely did not expect that Ye Yuan would actually be strong to such an extent.

Furthermore, the road that Ye Yuan covered currently already far exceeded ordinary Jade Sovereign Heaven powerhouses!

This place was the seven great sea regions' legendary place.

Every year, there were powerhouses and geniuses that came here to challenge the sword intent.

But there were very few who could survive.

In these ten thousand years, many genius powerhouses had sprung up in the sea race too.

There was once a genius that had extremely high hopes of reaching Saint Sovereign Heaven. When he was at peak Jade Sovereign Heaven, he came to challenge the sword intent here.

In the end, he fell at a place that was still ten thousand feet away from the island.

Stepping on the island and entering that fissure, that place was where the sword intent was at the height of its power.

And currently, Ye Yuan was 15 thousand feet away from the island!

This result already made many Jade Sovereign Heavens perspire from embarrassment..

### Unrivaled Medicine God

#### **Chapter 2695: Beyond the Sea!**

” Roughly 15 thousand feet, that should be his limit!” Black Flood Dragon King looked at Ye Yuan and said with certainty.

Because he saw that Ye Yuan was currently already extremely strained.

He practically could not advance anymore.

This place was his bottleneck!

Indeed, the sword intent at 15 thousand feet already reached Ye Yuan’s limit.

But the current Ye Yuan was oblivious.

The wounds on his body gradually increased, but it was as if he could not feel it.

The current Ye Yuan was extremely excited.

Dismantling moves on sight, it was like he was currently fighting with Zhuo Bufan.

Resolving the other party’s sword intent already became his joy.

Even he also did not realize that he had already entered a state of sudden enlightenment.

In this one year plus, although Ye Yuan’s cultivation realm broke through to Limitless Sublime Heavenly Stratum, his Sword Dao rule did not break through.

The further behind, the more difficult it was to comprehend the power of rules.

Often, when it reached the late-stage, the comprehension of rules would severely lag behind cultivation realm.

At that time, one’s potential would also be depleted.

Even wanting to break through cultivation realm a little was immensely difficult.

But currently, his Sword Dao rule already seemed ready to come out at his call, and was about to reach the third level right away!

Under the outside world’s strong pressure, Ye Yuan’s Sword Dao rule became increasingly mellow.

Boom!

Suddenly, his Sword Dao rule seemed to be floodwaters that broke the dam, suddenly gushing out.

Sword Dao rule, third level!

However, the Sword Dao rule that Ye Yuan comprehended was different from Zhuo Bufan's Sword Dao rule.

Sword was a Great Dao, all-encompassing!

Zhuo Bufan's sword was unparalleled and domineering. What it pursued was the extreme of strength.

His sword was pure to the extreme.

It was a kind of sword that forsaken everything, pressing forward in every endeavor.

If gods blocked, kill gods! Buddha blocks, kill Buddha!

But what Ye Yuan comprehended was the profound meaning of the universe!

Deriving heaven and earth with the sword.

One sword, one world!

Zhuo Bufan's sword seemed fearsome, but it had drawbacks too.

Once he encountered a truly powerful individual, his extreme strength would easily suffer a crushing defeat.

This was the so-called easy to break if overly tough.

While Ye Yuan's Sword Dao rule might not be so strong in terms of strength, but it won in being continuous without ceasing.

It was hard to say which was stronger and which was weaker.

Ingenuity in varying tactics depends on mother wit.

Just like currently, the moment Ye Yuan's opening burst, it became unstoppable.

The sword energy at 15 thousand feet was completely unable to stop him anymore!

*Swoosh!*

His figure moved again, speeding toward between the two islands.

When Black Flood Dragon King saw this scene, he was dumbfounded with shock.

"This guy actually comprehended it!"

"This boy has such a shocking comprehension ability! What a powerful will!"

Virtually at the same time, Black Flood Dragon King and Mi Tian exclaimed with admiration.

Gaining enlightenment on Dao at the moment between life and death, it was easy to talk about, but doing it was as hard as ascending to heaven.

Since it was between life and death, a single misstep and it would be the outcome of perishing and Dao dissipating.

Furthermore, those who were able to return from that sort of extreme state were in the minority!

This kind of breakthrough method was okay once in a while. But, too many attempts and it would definitely be the outcome of death.

But to Ye Yuan, it was already pretty much run of the mill.

All of a sudden, Ye Yuan's speed soared, entering ten thousand feet very quickly!

Ten thousand feet, this was already the limit for Jade Sovereign Heavens.

Even a half-step Saint Sovereign Heaven like Black Flood Dragon King could at most just advance another 3000 feet too.

Ye Yuan's step was already a result that set the world on fire.

But Ye Yuan's footsteps did not stop.

He was still advancing!

9000 feet!

8000 feet!

... ..

5000 feet!

3000 feet!

1000 feet!

Although the speed got slower and slower, Ye Yuan still rushed to the 1000 feet place in the end.

Black Flood Dragon King opened his mouth wide, having disbelief written all over his face.

Just what kind of terrifying realm had this guy's Sword Dao rule reached?!

Ye Yuan's skin was long already flayed open and his flesh torn, fresh blood dripping.

But he did not care at all!

He continued to move towards the fissure step by step.

The piercing cold sword energy was almost pulverizing him.

But he stubbornly held on.

800 feet!

700 feet!

... ..

100 feet!

90 feet!

... ..

10 feet!

*"Pffft!"*

Ye Yuan spurted a mouthful of fresh blood wildly, almost fainting away.

He was already standing at the entrance of the crack. But, the sword energy inside was too terrifying!

One step away, but akin to heaven and earth!

Ye Yuan believed that if he dared to take another step forward, he would surely be sliced into minced meat by the countless sword energy!

"Boy, you're already very strong! There's a gap of two major cultivation realms between you!" Mi Tian said.

*"Mn,?I know!"* Ye Yuan nodded and said.

"You can't advance anymore. If you go further, I can't save you too! The brat who left behind this sword scar is too strong!" Mi Tian said.

*"Mn,?I know!"* Ye Yuan nodded his head again and said very calmly.

Only when he saw Ye Yuan had the intention to retreat did Mi Tian set his mind at ease.

However, the astonishment in his heart was hard to describe with words.

That Saint Sovereign Heaven who left behind the sword scar absolutely had a stunning aptitude!

But this young man in front of him was not the slightest bit worse!

It was just that, these were two geniuses of two eras, but they exchanged blows here in such a manner.

Even he was unable to judge who was stronger and who was weaker too.

However, he did not feel that Ye Yuan lost.

On the contrary, Ye Yuan brought him too many pleasant surprises today.

Right then, Ye Yuan's figure retreated explosively.

Very soon, he returned to the Black Flood Dragon King's side. Swallowing a heavenly pill, he said coolly, "Do you feel that he can reach the other side of the sea?"

Black Flood Dragon King was taken back and shook his head and said, "He's very strong, but the seven great sea regions are just a small plot of land! There are still countless super powerhouses ahead! There are even existences stronger than Saint Sovereign Heaven! It's impossible for him to reach the other side of the sea!"

"No, he definitely can!" The moment Black Flood Dragon King's voice fell, Ye Yuan immediately retorted.

Black Flood Dragon King snickered and said, "You're not a seafolk. You don't know the terrors ahead! No matter how stronger you humans are, it's also impossible to cross the ocean and reach the other shore!"

Ye Yuan just smiled and said, "Others can't, but he definitely can! Of course, I definitely can as well! Perhaps, we'll be able to meet in the future! This guy left an awful mess behind for me. When I see him in the future, I'll definitely seek an explanation from him!"

Black Flood Dragon King had a dumbfounded face, not knowing where this guy's confidence came from.

Saint Sovereign Heavens were indeed the kings of the sea. But the sea was too vast. Existences stronger than Saint Sovereign Heavens still existed!

This inexplicable confidence was really damnable!

However, he also discerned that Ye Yuan also wanted to tread on the wave and leave in the future and reach the other shore.

"*Huhu*, go on! You go! Best that you die in the sea!" Black Flood Dragon King said with a cold smile.

He would never hide his hatred in front of Ye Yuan.

He knew that hiding it was useless too.

Ye Yuan gave him a glance and said with a smile, "I'll definitely go! But I have a premonition that Jingfei that lass will leave in the future too! The seven great sea regions are too small and can't trap her here!"

Ye Yuan had long discovered that Jingfei's talent flung the seven great sea regions' people off by too much!

Before encountering him, Mi Tian was already planning on designating Jingfei to take him home.

It was just that his sudden appearance made Mi Tian change his mind.

It could be seen from this that Jingfei's worst result in the future would also be reaching the realm of a true dragon!

Three years later, Little Dragon Girl Jingfei broke through to Jade Sovereign Heaven in one stroke, shocking the seven great sea regions.

And her dragon qi also successfully evolved to ninth segment!

Coupled with the Emerald Sea Divine Conch, her strength was absolutely by no means inferior to a half-step Saint Sovereign Heaven, or even stronger.

On this day, Ye Yuan bid farewell and left.

"Big Brother Ye Yuan, thank you!" Little Dragon Girl said with a complicated expression.

Ye Yuan garrisoned at Thistle South Sea Region for three years, making the six great royal clans not dare to act rashly without careful consideration.

To Ye Yuan, it was indeed doing everything that was humanly possible to help already.

After all, Black Flood Dragon King being crippled, it was him who provoked Ye Yuan first to begin with.

If it were somebody else, they might have directly slaughtered the entire Thistle South Royal Clan.

Ye Yuan smiled and said, "Don't behave like a little grown-up; you're still a kid. Cultivate well. The seven great sea regions are too small; the outside is your stage! If you feel bored, come to Heavenly South City to look for me and play."

The gluttonous bug in Little Dragon Girl's heart seemed to have been lured out all of a sudden and she said in surprise, "Big Brother Ye Yuan, is what you're saying true?"

Ye Yuan smiled and said, "Of course it's true! Your current strength is enough to deter other royal clans. Even if you go out and play once in a while, they won't dare to make a move without careful consideration as well. Of course, if they really dare to act rashly without careful thought, I'll follow you back to destroy them!"

Little Dragon Girl was beside herself with joy and said, "Big Brother Ye Yuan is the best!"

Ye Yuan looked at Little Dragon Girl's appearance and nodded with a slight smile.

This was how Little Dragon Girl originally looked like. These few years had suffocated her badly!

Looking at her appearance akin to being relieved of a heavy burden, Ye Yuan was rather relieved too.

... ..

Returning to land, before reaching Calm South City, Ye Yuan already sensed that something was not right.

On the way, he had already been attacked by several waves of true spirits.

Furthermore, the closer he got to Calm South City, the more true spirits he encountered.

Of course, these true spirits' cultivation realms were not high. They did not pose a big threat to Ye Yuan.

Ye Yuan was slightly surprised. Could it be that some unforeseen event happened to this Calm South City?

In this region, they were mostly invaded by the sea race. There would rarely be true spirits that dared to come out and riot.

Then where did these true spirits come from?

With doubts in his mind, Ye Yuan could not help picking up the pace.

Nearing Calm South City, Ye Yuan could not help drawing a breath of cold air.

Below the city walls, it was densely packed full of true spirits. The number was simply impossible to calculate.

These true spirits surrounded Calm South City tightly and launched attacks frenziedly.

Calm South City's city protecting grand array was already in a precarious situation under the frenzied attacks.

Ye Yuan could even see Su Yi pacing back and forth like an ant on a hot pan on top of city walls.

“What in the world happened? Calm South City is close to the sea, why would there be so many true spirits? Logically speaking, there’s only the Myriad Demons Mountain that has so many true spirits! Could it be that these true spirits all ran out of the Myriad Demons Mountain? Furthermore, Calm South City is in such imminent danger. Why didn’t Heavenly South City and the other eight cities rush to the rescue?” When Ye Yuan saw this scene, he could not help being full of doubts.

“Quickly look! There’s a human there, kill him!”

“He’s mine! You’re not allowed to snatch!”

“Kill! Kill! Kill!”

... ..

Ye Yuan did not intentionally hide his figure. Very soon, he was discovered by the true spirits at the back.

When they saw Ye Yuan, it was like seeing delicious food, rushing over one after another.

Ye Yuan gave a cold snort and sword energy swept, more than ten true spirits were instantly killed.

Ye Yuan did not use much strength to deal with these small fries.

Below Limitless Sublime, he could practically instantly killed them.

For a moment, tragic wails were continuous.

The commotion at the rear attracted the attention of the true spirit army very quickly.

They were attacking the city with all their strength, there was no defense at the rear at all.

Ye Yuan’s sudden appearance completely disrupted the true spirit army’s siege.

“*Mn?* What happened?” Greenrock was currently commanding the army to attack the city when he suddenly discovered that there was chaos at the rear, and his brows could not help furrowing together.

He was this true spirit army’s commander. His original body was a green-furred Greenrock Beast. His strength already reached lower Jade Sovereign heaven.

Seeing as the city protecting grand array was about to be breached, but then someone threw a wrench in the works halfway, it made him very angry.

Straining his eyes and looking into the distance, he saw that a figure was currently pressing onward crazily.

His army could not stop that person at all.

There were even some Limitless Sublime Heavenly Stratum commanders who were killed by him in one exchange too.

“*Humph!* Ignorant fool, just based on you alone, you want to save a city too? All generals heed my order! Give up the siege, and kill that boy for me!” Greenrock said with a loud roar.

“*Roar!*”

All true spirits got the order and immediately turned around and surrounded Ye Yuan.

The sudden turn of events below the city made the expression of Su Yi who was on top of city walls change.

“What happened? *Mn?* There are reinforcements? Why ... Why is there only one person?” Su Yi focused his eyes and looked, and immediately discovered clues.

But very soon, he saw that there was only a single figure among the ten thousand beasts and could not help being disappointed.

But very soon, his brows furrowed together and he muttered to himself, “*Mn?* Why is this figure somewhat familiar?”

*Boom!*

Suddenly, there was a huge earthquake. Hundreds of true spirits were directly crushed into meat paste!

It turned out that Ye Yuan brought out the Heavenspan Mountain and directly suppressed them all!

In such a densely packed situation, the Heavenspan Mountain was seriously too useful.

*Boom!*

There was another huge earthquake, several hundred true spirits were directly crushed again.

The current Ye Yuan directly transformed into a celestial deity, lifting up the giant mountain and directly suppressing the enemies. How could those true spirits dare to approach?

This giant mountain was too scary.

It was just that once they retreated, they directly collided with the true spirits that rushed up from behind. The entire army immediately became a mess.

However, a large empty space was immediately vacated around Ye Yuan.

Su Yi’s pupils constricted and he cried out in surprise, “It’s Third Hall Master! Is ... Is he going to rush in alone? Is he crazy?”

When Greenrock saw the power of the Heavenspan Mountain, not only was he not surprised, he had a look of wild elation instead.

Heavenly spirit treasure!

As long as he killed Ye Yuan, this treasure would be his!

But currently, inside Ye Yuan’s sea of consciousness, Mi Tian was incredibly shocked!

“Boy, where did you get this thing?” Mi Tian’s voice practically changed pitches.

The shock in his heart currently could be seen.

Ye Yuan had a puzzled look and said, "This matter can't be explained in a few words. It was suppressed in the lower realm that I grew up in by some guy, but it was refined by me in the end. This item is merely a heavenly spirit treasure. You shouldn't be so surprised, right?"

Heavenly spirit treasures were indeed exceptional treasures when placed in Rainclear Continent.

But Ye Yuan knew that he was unable to assess Mi Tian's realm at all. Hence, Mi Tian should not have any interest in this level of treasure.

But Mi Tian's reaction made Ye Yuan realize that the origin of the Heavenspan Mountain seemed to be extraordinary!

"Merely a heavenly spirit treasure? *Huhu!* This object shocked the 33 Heavens back then. Its power is unimaginable! This appearance now is merely a bright pearl that's covered in dust, that's all! Talk about this matter later. You'd best resolve the issue in front of you first!" Mi Tian said.

Ye Yuan could not help rolling his eyes, his heart itching like it was scratched by a cat.

Back then, he felt that this Heavenspan Mountain was somewhat extraordinary. Because the Wordless Heavenly Skill's cultivation method was extremely formidable. He did not expect that it really had a huge background.

But it was indeed not the time to get to the bottom of things now.. Because Greenrock was already here!

#### **Chapter 2697: Knowledge is too Shallow!**

"Boy, give the small mountain in your hand. I can spare your life!" Greenrock looked at Ye Yuan and said coolly.

Ye Yuan ignored him. Ye Yuan asked instead, "Where did you guys come from? Why did you besiege Calm South City?"

Greenrock snorted coldly and said, "Right now, it's this commander who's talking to you, it's not your turn to come and ask me!"

"Looks like I still have to make a move before I can get an answer," Ye Yuan shook his head slightly and said with a sigh.

Greenrock's face turned black and he said in a solemn voice, "Reckless and blind thing! A mere lower Limitless Sublime Heaven also dares to be presumptuous in front of this commander! Kill for me!"

His subordinates, more than ten grand completion Limitless Sublime Heavenly Stratum generals, received the order and attacked Ye Yuan one after another.

Grand completion Limitless Sublime Heavenly Stratum was already a feudal king of a region in the land of Heavenly South.

More than ten true spirits attacking together, the commotion was extremely shocking.

Ye Yuan's expression did not change, muttering under his breath. The Heavenspan Mountain suddenly turned into an afterimage, smashing towards one of them.

Bang!

It was only to hear a dull and loud bang. That true spirit spurted fresh blood wildly from his mouth, being already seriously injured.

But at this time, Ye Yuan's figure was like a ghost, and actually disappeared under the siege of the others!

With Ye Yuan's current strength, he could already unleash 70%-80% of the Heavenspan Mountain's power.

The weight of the power was extraordinary!

The usage of the Heavenspan Mountain was just one thing; to be unreasonable!

No matter how your means were exceedingly formidable, I would only smash with a mountain!

Simple, crude!

Yet no solution!

After Ye Yuan was set off, the speed of the Heavenspan Mountain was too fast. It was even faster than these grand completion Limitless Sublime Heavenly Stratum true spirits!

Unless a Jade Sovereign Heaven took action, it was virtually a fool's talk for someone in the same rank to want to deal with Ye Yuan.

"Go!"

Before everyone had time to react, Ye Yuan's figure appeared behind the few people bizarrely and launched the Heavenspan Mountain once again.

A true spirit was caught off-guard and directly took a fierce blow to the back.

This true spirit immediately sprawled on the ground, vomiting blood, looking like he was about to kick the bucket.

When Greenrock saw this scene, his expression could not help changing wildly.

Bizarre movement technique coupled with the unreasonable Heavenspan Mountain, this simply had no solution!

"These grand completion Limitless Sublime Heaven lords joined forces. Not only are they unable to deal with him, but they are also beaten by him until there's one dead and one injured!"

"Where did this human come from? How can he be so strong?"

... ..

The true spirit army was all dumbfounded with amazement, being frightened by Ye Yuan's shocking strength.

Those who attacked just now were all grand completion Limitless Sublime Heavenly Stratum true spirits. They actually could not even touch a single strand of hair of the other party!

On top of city walls, Su Yi was dumbfounded too.

How similarly was this scene to Ye Yuan single-handedly repelling the Thistle South army back then?

However, what was different, was that the Ye Yuan at that time was just putting on an empty-fort strategy to scare the other party away.

But now, Ye Yuan was relying on his own strength to forcefully resist the ten thousand beast army!

Currently, Ye Yuan's image was the same as the savior in the eyes of Calm South City's martial artists!

Looking at the jubilant cheering happening on top of city walls, Su Yi frowned slightly.

The real crux was that green-furred commander!

He was a Jade Sovereign Heaven powerhouse. Without beating him, everything was off the table.

Calm South City did not have Jade Sovereign Heaven powerhouses at all.

If the city protecting grand array broke, the people would definitely be plunged into misery and suffering.

Therefore, he could not open the city gates and go out.

That way, it would be equivalent to delivering the lives of the entire city into the hands of these true spirits.

"Still coming?" Ye Yuan looked at Greenrock with strong provocation.

Greenrock flew into a great rage. Flicking his sleeves grandly, he said, "All step down for this commander! This commander is going to eradicate this boy with my own hands!"

Only to see him extend his hand and beckon. The earth quaked.

An enormous rock was actually summoned by him.

Greenrock looked at Ye Yuan and said with a cold smile, "This commander wants to see whether it is your giant mountain that's formidable, or my Giant Rock Roar that's powerful! Go!"

Greenrock was an earth-attribute true spirit to begin with. He was the most adept in earth rule.

*Swoosh!*

That chunk of giant rock that was akin to a small mountain actually smashed over toward Ye Yuan with incredible speed.

This scene was unbelievably spectacular.

Ye Yuan's gaze turned intent, muttering spells under his breath again. The Heavenspan Mountain immediately turned into a small mountain.

*Boom!*

Two small mountains collided, emitting an earth-shaking rumble.

The giant rock that Greenrock summoned immediately shattered into countless pieces, but the Heavenspan Mountain was as steady as Mount Tai.

The most terrifying thing about this attack was not the giant mountain, but the strength of a Jade Sovereign Heaven powerhouse!

Ye Yuan felt a tremendous force that could topple mountains and overturn the seas transmitted over.

He tasted sweetness in his throat and spat out a mouthful of blood.

When the true spirit army saw this scene, they immediately started howling like mountains crying out and the sea howling.

“Commander is mighty! Long live the commander!”

“Commander, tear this boy to shreds and avenge the brothers!”

“Ignorant human! To actually dare oppose the commander, courting death!”

... ..

When Greenrock saw the situation, he let out a burst of wild laughter and said, “*Hahaha*, punk, know my prowess yet? Strength is the kingly way! Without strength, it’s useless no matter how strong your treasure is! This treasure is just a wanton waste of God’s good gifts in your hands, might as well give it to me!”

Ye Yuan pulled back the Heavenspan Mountain and said disdainfully, “Is this the strength of a Jade Sovereign Heaven? Nothing more than this! I’m just a lower Limitless Sublime Heaven, being an entire cultivation realm lower than you. You merely hurt me a little and became so proud of yourself?”

Actually, it was not difficult for Ye Yuan to avoid that blow earlier.

But he did not dodge it.

He wanted to test how strong the strength of a lower Jade Sovereign Heaven was.

Back then, Huangfu Cloudthink struck a palm on the Heavenspan Mountain and failed to take his life, let alone Greenrock.

The result of the test seemed to be ... pretty good.

This bit of injury was virtually negligible to Ye Yuan.

Greenrock’s face fell, and he said with a cold snort, “Boy, I couldn’t tell if you’re shamelessly boasting! Just now was just the appetizer. Now, I’ll let you taste something even more formidable!”

Finished saying, he sucked with his palm. An even larger boulder was sucked up by him again.

“Giant Rock Roar! Go!”

This time, Greenrock employed 80% of his strength!

It could be seen that he had become genuinely enraged.

However, this time, Ye Yuan did not seem to have the intention of using the Heavenspan Mountain.

When Greenrock saw this scene, he sneered even more coldly and said, "Reckless and blind thing, go and die for me!"

However, right at this time, a cold light flashed!

An incomparably sharp sword light tore across the sky and landed on the huge rock.

*Puchi!*

That enormous boulder actually broke into two and fell with a loud bang!

Greenrock's pupils constricted, and he cried out in surprise, "How is that possible?"

When he looked again, there was already an additional dragon-shaped long sword in Ye Yuan's hand, emitting a fleeting and ephemeral undulation.

This kind of undulation gave Greenrock a feeling of heart palpitations.

Greenrock's eyes went wide and he said with a look of horror, "G-Grandmist treasure! This ... how is this possible?"

Ye Yuan looked at Greenrock and said with a smile, "Not bad, to actually even be able to recognize grandmist treasure. Didn't you say that no matter how strong the treasure is, it's useless too? I can only say that's because your knowledge is too shallow! Or should I say, the treasures that you've encountered were not strong enough, that's all!"

Grandmist treasure, Dragon Spring Sword!

It was naturally impossible for there to just be one grandmist treasure in Mi Tian's hands.

This Dragon Spring Sword was given to Ye Yuan by precisely Mi Tian!

### [Unrivaled Medicine God](#)

#### **Chapter 2698: The Power of a Grandmist Treasure!**

A grandmist treasure, that was the treasure that even Saint Sovereign Heaven powerhouses dreamed of!

But now, it appeared in the hands of a Limitless Sublime Heavenly Stratum, how could he not be shocked?

But very soon, his gaze changed from shock to greed!

A man's wealth was his own ruin by causing others' greed!

In Greenrock's eyes, a Limitless Sublime Heavenly Stratum holding a grandmist treasure, that was delivering a treasure to him,

"*Hahaha, great! Really excellent! Boy, this commander really wants to thank you, to actually deliver to me such a treasure!*" Greenrock said with a loud laugh.

This fleeting and ephemeral aura, even the Su Yi on top of city walls felt it too.

This kind of aura could only be given off by grandmist treasures. Even if he had never seen one before, he guessed it too.

Seeing his, his expression changed and he said, "Third Hall Master is too rash! Taking such a treasure out, how can that green-furred commander let him off?"

Ye Yuan smiled and said, "If you have the ability, what's the harm in taking it?"

Greenrock smiled coldly and said, "Boy, you're also underestimating Jade Sovereign Heaven powerhouses too much! Today, I'll let you experience what's called a Jade Sovereign Heaven!"

*"Roar!"*

Greenrock suddenly raised his head to the sky and roared, his entire person turning into a four-legged green-furred beast! It was precisely the Greenrock Beast!

*Boom!*

It was only to see Greenrock roar. The ground directly collapsed.

Ye Yuan only felt his body suddenly plummet, as if imprisoned by something.

A terrifying gravity made him virtually unable to breathe.

*"Hahaha, how is it, boy? This is a thousand-fold gravitational field! Powerhouses who are similarly Jade Sovereign Heaven can forget about escaping from my gravity cage too! Now, I want to see what use your treasure has! Meteor Rain! Arise!"*

Amidst the loud laughter, the dust on the ground kicked up, condensing into rocks in the air.

These rocks had all been transformed by the rule of earth and were tough to the extreme.

In the next instant, it was an earth-shattering blow!

*"Hahaha, that boy thinks that Jade Sovereign Heaven powerhouses only have this bit of strength? Thousand-fold gravitational field, even if same rank martial artists see Commander, they will avoid like the plague too!"*

*"This boy can't even move. How will he still use the treasure? What a moron!"*

*"Commander has struck rich this time. That's a legendary grandmist treasure!"*

... ..

When the beasts saw Ye Yuan get caught in the gravity field, they already sentenced him to death.

After all, no matter how strong the treasure was, if one could not use it, it was useless too.

Even if you could use it, in this thousand-fold gravitational field, every movement and action was slow to the extreme.

By the time your move was released, you would long be dead.

“Boy, your grandmist treasure, this commander will accept it! Meteor Rain, fall!”

Greenrock made a hand gesture of pressing down, The huge boulders that covered the sky directly smashed down.

That commotion felt just like the sky had fallen down.

Regardless of whether or not it was the true spirit army or Calm South City’s powerhouses, each and every one of their faces changed abruptly when they saw it.

For Greenrock to be able to become the commander, his strength was indeed extraordinary.

He was considered an extremely strong existence among Jade Sovereign Heavens too!

It was likely that he had few rivals in the same rank!

When Su Yi saw this scene, he could not help sighing lightly.

However, just as those huge boulders were about to fall to the ground, an abnormality suddenly occurred!

*Boom!*

Amidst the huge boulders, the phantom of an enormous dragon tore through the air, shattering the falling rocks to smithereens.

And that giant dragon did not stop in the slightest, directly rushing out of the gravity field and flying straight for Greenrock.

*“Roar!”*

The sound of a dragon roar cut across the firmament. This giant dragon phantom even carried an astonishing sword intent!

This was a huge dragon condensed out of sword energy!

*Boom!*

Greenrock was caught off-guard and was hit directly, being blasted flying out.

His defense was extremely strong. But currently, his body was full of sword scars, akin to being sliced thousands of times.

The power of this sword was too terrifying. It definitely reached the level of Jade Sovereign Heaven!

The thousand-fold gravity field collapsed on its own without being attacked.

Greenrock looked at Ye Yuan with a look of horror, full of disbelief.

Not only did a Limitless Sublime Heaven break his thousand-fold gravity field, he even breached his defenses. How was this possible?

Ye Yuan slowly walked out of the fallen rocks and looked at him as he said coolly, “I said before, your knowledge is too shallow! Grandmist treasures are conceived in chaos, carrying the spirit of heaven and

earth with boundless power. It's not what heavenly spirit treasures can compare to at all! Moreover, this grandmist treasure is almost tailor-made for me."

One had to know, Ye Yuan could rely on the Emerald Sea Divine Conch to kill a half-step Saint Sovereign Heaven powerhouse like the Black Flood Dragon King in the sea.

On land, although unable to borrow the power of the sea, dealing with a lower Jade Sovereign Heaven was still nothing difficult.

Moreover, this Dragon Spring Sword could combine his sword energy and dragon qi together, being ever-changing and having infinite power!

This move earlier, Ye Yuan used sword energy and dragon qi at the same time, condensing dragon qi with sword energy, unleashing a formidable sword.

That illusion was a dragon, but it was also sword energy!

Defeating Greenrock was naturally within reason too.

The true spirit army that was still shouting just now, was dead silent at this time.

Their commander was actually defeated!

Even the thousand-fold gravity field actually could not trap this Limitless Sublime Heavenly Stratum!

Was this guy a freak?

Greenrock had a shocked expression on his face. He was frightened by Ye Yuan's words.

Indeed, he knew that grandmist treasure was a treasure superior to heavenly spirit treasures. But, he had never seen before how strong grandmist treasures were.

A treasure like a grandmist treasure was virtually extinct on the entire Rainclear Continent.

Even those few Saint Sovereign Heavens in the Myriad Demons Mountain did not have grandmist treasures too!

The power of that sword just now, he finally witnessed it!

Of course, Ye Yuan actually released two powers of completely different natures from his body and even fused them into one.

This kind of thing was simply fantastical!

"Who the hell are you?" Greenrock said with a solemn expression.

"Right now, it's me asking you. You just have to answer! Where did you all come from?" Ye Yuan said coolly.

Greenrock's expression flickered indeterminately, but he still answered, "This commander came from the Myriad Demons Mountain and is under the command of Myriad Elephant King! Boy, if you know what's good for you, stop meddling in other people's business. Otherwise, you won't be able to bear the consequences of failure!"

Ye Yuan was shocked inwardly, this bunch of guys actually came from the Myriad Demons Mountain!

If that was the case, then it would really be troublesome!

There were seriously too many great demons in the Myriad Demons Mountain!

It was rumored that there were even a number of Saint Sovereign Heaven level overlords!

*Whoosh!*

Ye Yuan waved the Dragon Spring Sword, a ray of sword light was released, smashing Greenrock flying again.

“I said it before. I ask, and then you answer! So don’t talk nonsense! Keep being long-winded and I can’t be bothered to ask you anymore either. I think that with so many true spirits, there will always be those who are willing to answer!” Ye Yuan said coolly.

Greenrock’s expression changed, gritting his teeth and nodding.

He could tell that Ye Yuan was not joking.

“You came from Myriad Demons Mountain. Why would you attack Calm South City? Could it be that the northern cities have all fallen?” Ye Yuan asked the thing that he was most concerned about.

The great demons went all the way south and even fought to the sea already. Then the northern cities were probably in danger.

“The vast majority of the northern cities have already been occupied by us! Heavenly South City hasn’t fallen yet, but they can’t hold out for long either! This time, our five half-step Saint Sovereign Heaven kings went south together. There definitely won’t be a single blade of grass that grows in the Land of Heavenly South!” Greenrock said in a solemn voice..

Chapter 2699: Myriad Realms Mountain!

Five half-step Saint Sovereign Heavens, this was a rather shocking lineup.

One had to know, in the entire Land of Heavenly South, there was only Meng Frostwind, this one half-step Saint Sovereign Heaven.

With five great half-step Saint Sovereign Heavens joining forces, one had to say that it was a miracle for Heavenly South City to not be breached up till now.

“The Land of Heavenly South and Myriad Demons Mountain have always stayed out of each other’s business. Why did you all invade Heavenly South?” Ye Yuan said with a frown.

“Stayed out of each others’ business? *Huhu!* Meng Frostwind and the five kings entered a mystic realm together. In the end, he scammed the five kings at the critical juncture and snatched a treasure away.

Now, he's gone missing! Since we can't find him, then we came to destroy Heavenly South!" Greenrock said.

Ye Yuan was also dumbfounded with shock when he heard it. It turned out that this was all a problem caused by Meng Frostwind.

Speaking with which, Ye Yuan really had not met this city lord before. It turned out that he had been planning to enter the mystic realm all along.

However, making the entire Heavenly South become the scapegoat for the trouble that he caused, it was really too much.

At present, no need to look around, and Ye Yuan also knew that the Land of Heavenly South would be plunged into an abyss of suffering.

However, Ye Yuan guessed that what Meng Frostwind snatched away must be a treasure that was related to stepping into Saint Sovereign Heaven.

Otherwise, it was impossible for these five kings to be so enraged.

A lucky chance to step into Saint Sovereign Heaven was too precious.

Ye Yuan did not believe that Meng Frostwind did not know the consequences. But he still did it anyway. This kind of character really made people despise.

But right now, being any more furious was to no avail either. It was best to resolve the problem at hand.

"What did Meng Frostwind snatch away?" Ye Yuan asked/

Greenrock was disdainful in his heart and wanted to say a few words of ridicule, but when the words reached the tip of his tongue, it was swallowed back.

"Grade five heavenly pill, Sacred Destiny Pill!" Greenrock said.

Ye Yuan was suddenly enlightened, thinking to himself that it was indeed like so!

However, he was a little surprised too. He did not expect that there were actually grade five heavenly pills in this mystic realm!

He had seen before this Sacred Destiny Pill in Zhong Jianchou's jade slip. It was a kind of grade five heavenly pill that could increase the chances of breaking through to Saint Sovereign Heaven. No wonder these half-step Saint Sovereign Heavens were so crazy.

Half-step Saint Sovereign Heaven was half a step away from Saint Sovereign Heaven to begin with.

With the help of a Sacred Destiny Pill, their possibility of stepping into Saint Sovereign Heaven would greatly increase.

Ye Yuan kept the Dragon Spring Sword and said coolly, "Come on, lead the way."

Greenrock was slightly taken aback and said, "Go? Go where?"

Ye Yuan said, "I want to meet the five kings."

Greenrock was taken aback again and immediately snickered as he said, "You really want to repay Meng Frostwind's debt? Can you repay it? It's true that you're indeed formidable, but can you take out a Sacred Destiny Pill? The five kings don't want anything. They just want the Sacred Destiny Pill!"

Ye Yuan said coolly, "That's not what you have to worry about. Just lead the way."

In such a large-scale war, the transmission array must have already been broken by the true spirit army.

He would definitely encounter large groups of true spirits along the way, so Ye Yuan must have a guide.

Otherwise, the number of true spirits was too many to kill.

Greenrock sneered and said, "Since you want to court death, then this commander will grant your wish!"

... ..

Ye Yuan did not even enter Calm South City and just brought Greenrock and left.

This journey took a month on foot.

However, Ye Yuan urged his speed to the extreme and set off for Heavenly South City.

Greenrock followed behind and was struck dumb with amazement in his heart.

He already urged his speed to the extreme and actually could not quite keep up with Ye Yuan's speed!

One had to know, Ye Yuan was not making use of any treasure to make progress. He was completely relying on his own strength to march forward.

He even felt that if not for Ye Yuan deliberately maintaining the distance, he would have long been shaken off.

This guy was really a freak!

However, along the way, Ye Yuan's heart was similarly rising and falling like waves, extremely shocked.

He learned about the origin of the Heavenspan Mountain from Mi Tian.

It turned out that the Heavenspan Mountain in his hands was just a part of an ultimate treasure!

Furthermore, the Heavenspan Mountain was already severely damaged. That was why it dropped to a heavenly spirit treasure.

This ultimate treasure was the chaos sacred treasure that shocked the 33 Heavens back then, the Myriad Realms Mountain!

The meaning was the mountain that suppressed myriad realms!

Its power could be used to access heaven and penetrate the earth.

Above heavenly spirit treasure was grandmist treasure.

And grandmist treasures were divided into a total of five ranks.

Rank one was the weakest; rank five was the strongest.

The Dragon Spring Sword was just a rank one grandmist treasure, while the Emerald Sea Divine Conch was a rank two grandmist treasure.

The disparity between the two was extremely large in the first place.

The power of a rank five grandmist treasure was simply unimaginable.

Above grandmist treasure was chaos sacred treasure!

Myriad Realms Mountain was personally forged by the Lord of Chaos that awed the 33 Heavens.

He traveled across all the heavens and myriad worlds, searched for countless precious materials, and forged seven huge mountains!

Each of these seven enormous mountains was rank five grandmist treasures.

Combining together, it would be a chaos sacred treasure!

Furthermore, it was an extremely powerful chaos sacred treasure!

The Lord of Chaos was extremely powerful to begin with. Coupled with this chaos sacred treasure, he roamed the 33 Heavens unhindered with few rivals.

It was just that later on, no idea why, the Lord of Chaos vanished, and the whereabouts of the Myriad Realms Mountain became a mystery.

Mi Tian did not expect that one of them would actually land in Ye Yuan's hands.

It was after a few twists and turns, the rank of the Heavenspan Mountain dropped again and again, becoming a heavenly spirit treasure that was less than trash.

How strong the Lord of Chaos was, Ye Yuan was simply unable to imagine.

To the current him, Saint Sovereign Heaven was already extremely powerful.

But without a doubt, the background of the Heavenspan Mountain was huge!

"If I can gather the seven giant mountains, wouldn't I be able to possess a chaos sacred treasure?" Ye Yuan thought about it and was a little excited too.

"*Huhu*, that's easy for you to imagine! These seven giant mountains have probably long already scattered across the heavens and myriad realms. How much ability do you have to traverse the heavens and myriad realms? Furthermore, disregarding other things, just this mountain in your hands, who knows how much grandmist energy is needed to restore it to a rank five grandmist treasure! Just based on your current bit of strength, don't even think about it!" Mi Tian gave him a blow.

However, Ye Yuan did not show signs of being discouraged and smiled instead as he said, "*Heh*, my luck has always been very good!"

... ..

The two people pushed on with their journey round the clock. A normally over one month journey, they only used half a month and arrived.

Even Greenrock this Jade Sovereign Heaven was dead tired too.

However, luckily Ye Yuan brought Greenrock along. He encountered far too many obstacles on this journey.

Looking at Heavenly South City from afar, Ye Yuan was completely dumbfounded.

Outside of Heavenly South City was densely covered with a true spirit army, the numbers too many to enumerate!

Compared to Heavenly South City, Calm South City was simply not worth mentioning.

Terrific! These five guys probably moved the entire Myriad Demons Mountain over, right?

However, seeing that Heavenly South City was not breached yet, Ye Yuan calmed down slightly.

“Stop! Greenrock, aren’t you attacking Calm South City? Why did you come back?” Passing through the army, the two were stopped by a Jade Sovereign Heaven very soon.

Greenrock had a black face as he said, “Zuo Qing, he’s Heavenly South Pill Hall’s Third Hall Master. He has a matter to discuss and wants to meet the five kings!”

Zuo Qing gave Ye Yuan a glance and could not help laughing as he said, “A Limitless Sublime Heavenly Stratum wants to meet the five kings? Greenrock, you didn’t eat the wrong medicine, right?”

“Five great half-step Saint Sovereign Heavens joining hands and can’t breach Heavenly South City too?” Ye Yuan did not get angry but asked curiously instead.

Logically speaking, five great half-step Saint Sovereign Heavens plus this scale of an army, Heavenly South City’s city protecting grand array could not block for such a long time either.

After all, there wasn’t even a half-step Saint Sovereign Heaven in Heavenly South City..

#### **Chapter 2700: Giving You Guys Good Fortune!**

Seeing Ye Yuan asked, Zuo Qing’s face could not help turning black.

Clearly, he had been brooding over this too.

“*Humph!*? Meng Frostwind isn’t around. Capturing Heavenly South City was an easy job originally. But who knew that three half-step Saint Sovereign Heavens suddenly appeared in Heavenly South City! With their backs against the city protecting grand array, they fought several times with the five kings and actually managed to hold on!” Zuo Qing said gloomily.

“Three half-step Saint Sovereign Heavens?”

Ye Yuan’s eyebrows shot up, and he smiled knowingly and said, “Looks like these guys didn’t disappoint me!”

If he didn't guess wrongly, these three people should be Zhao Xun, Wu Jian, as well as Song Tianyang or Yun Baiyu as one of them.

It seemed like his guidance played a role at the critical moment.

The moment Zuo Qing heard, he smiled coldly and said, "Didn't disappoint you? Brat, who the hell do you think you are? Saying it like these three half-step Saint Sovereign Heavens were groomed by you!"

Ye Yuan smiled and said, "Enough crap. I want to meet the five kings. Lead the way."

Zuo Qing's face fell, and he said with a cold snort, "A mere Limitless Sublime Heavenly Stratum, what qualification do you have to meet the five kings? Greenrock, what are you doing? Why haven't you killed him yet?"

Greenrock had a dark face and said nothing.

He could not say that he was kidnapped over, right?

Ye Yuan said coolly, "I came to give the five kings good fortune! If you delay it, you won't be able to bear the crime."

The moment Zuo Qing heard, he was even more disdainful and said, "You? Give the five kings good fortune?? *Hahaha*, what a joke! Greenrock not making a move doesn't mean this commander won't be making a move, go and die for me!"

As he said, Zuo Qing urged his palm to kill Ye Yuan.

Ye Yuan gave a cold snort, his figure suddenly disappearing.

*Boom!*

At the same time, there was an earthquake.

A giant mountain suddenly descended, directly crushing hundreds of true spirits to death.

Originally, Ye Yuan's arrival was not conspicuous at all among this army of countless true spirits.

But currently, everyone's eyes focused at one point.

Zuo Qing's expression changed. He did not expect that Ye Yuan's movement technique was so fast the even he could not keep up.

Furthermore, this guy actually still had such a treasure.

Ye Yuan looked at Zuo Qing and said coolly, "Still want to attack?"

Zuo Qing's face turned black and he said in a solemn voice, "Brat, no matter how fast your movement technique is, can you charge out of the army?"

Ye Yuan said coolly, "I didn't come to kill in the first place. Just now, this move was just to warn you. Of course, while you're at it, tell the five kings that someone is looking for them."

"Who is it, to dare be insolent on this king's territory!"

Sure enough, right at this time, an angry roar sounded out.

A brawny man with a tiger face and a human body arrived with a howl.

Zuo Qing said in a solemn voice, "Wild Lion King, this human said that he has an important matter and wants to meet the five kings. This lowly one didn't let him meet. So he let out his treasure and killed the children!"

"A mere lower Limitless Sublime Heaven, what important matter can you have to come and meet this king? Just kill and be done with it!" Wild Lion King was furious and was about to attack Ye Yuan.

This Wild Lion King clearly had an incomparably fiery temperament. He brimmed with imposing vigor when walking, his imposing momentum billowing to the sky.

Even these true spirits were quite afraid of him.

Ye Yuan was indifferent and just smiled and said, "I'm Heavenly South Pill Hall's Third Hall Master, Ye Yuan. I came to meet the five kings to give the five kings good fortune. Of course, if you guys don't want it, you can take action and kill me right now."

Wild Lion King was taken aback and said, "Give us good fortune??*Hahaha*,?what high-sounding sentiments! This king wants to hear what kind of good fortune you want to give us."

"Saint Sovereign Heaven!" Ye Yuan spat out three words nonchalantly. It was as if these three words were not worth money at all.

"*Tch*,?a mere Limitless Sublime Heavenly Stratum, your own cultivation is 108,000 miles away and you keep harping on about Saint Sovereign Heaven. Really shameless boasting!" At this time, another figure appeared. It was a man with a sharp mouth and a hawkish face.

Although his aura was different from Wild Lion, it was almost on par. Clearly, it was another king.

Ye Yuan did not retort and said with a smile, "The other three kings, why don't you show yourselves together?"

The sharp-mouthed man and Wild Lion could not help furrowing their brows, secretly startled in their hearts.

This brat was merely Limitless Sublime Heavenly Stratum, he could actually detect the three of them?

If it were before, Ye Yuan naturally would not be able to detect it.

But ever since cultivating the first level of Divine Emergence, Ye Yuan's origin divinity skyrocketed, his divine sense also became much keener.

Ye Yuan's eyes glanced in three directions of the true spirit army respectively, the sharp-mouthed man and Wild Lion King no longer had doubts.

At this time, the true spirit army automatically opened up a path. Three powerful figures walked out.

Five half-step Saint Sovereign Heavens all arrived!

Wild Lion King, Myriad Elephant King, Heavenly Rat King, Bright Tiger King, as well as Giant Deer King!

“Brat, this king admits that you have some capability! But, if you don’t give a reason, this king is still going to kill you!” Myriad Elephant King looked at Ye Yuan and said in a solemn voice.

The three of them had actually long arrived, but they intentionally restrained their auras. They did not expect that Ye Yuan saw through it at a glance.

Ye Yuan said indifferently, “Five kings, you sent a punitive expedition against Heavenly South, it’s nothing more than because Meng Frostwind snatched away your lucky chance. But the few of you are clever people. Even if you all slaughter Heavenly South clean, Meng Frostwind won’t come out either. But, if he breaks through to Saint Sovereign Heaven, have you all thought about the consequences?”

Ye Yuan’s words caused some changes in the expressions of the five kings.

The five people destroyed Meng Frostwind’s foundation. Once Meng Frostwind broke through to Saint Sovereign Heaven, the first thing would definitely be finding them for revenge.

Although there were Saint Sovereign Heavens in the Myriad Demons Mountain too, they would not act for these five people.

In reality, it was also not calm and tranquil in the Myriad Demons Mountain.

If not because of Meng Frostwind, it would be run of the mill for these five to send punitive expeditions against each other too.

As long as Meng Frostwind did not go too overboard, the Saint Sovereign Heavens in the Myriad Demons Mountain would not make a move.

Ye Yuan smiled slightly and struck while the iron was hot and said, “So, you guys attacking Heavenly South looks to be venting your anger. Actually, apart from infuriating Meng Frostwind even more, it doesn’t serve any use.”

Heavenly Rat King smiled coldly and said, “So what? Could it be that you can really let us break through to Saint Sovereign Heaven?”

Ye Yuan smiled and said, “Not now, but I can in the future!”

“*Hah!*? In the future! After you break through to Saint Sovereign Heaven and refine Sacred Destiny Pills for us? Putting aside whether or not you can break through to Saint Sovereign Heaven, even if you really broke through, we’d have long already become dead souls under Meng Frostwind’s palm! Rather than that, better to kill to our heart’s content now!” Heavenly Rat King said with a sneer.

But Ye Yuan shook his head and said, “No need to wait until Saint Sovereign Heaven, as long as I break through to Jade Sovereign Heaven, I’ll be able to help you all step into Saint Sovereign Heaven!”

A doubtful expression immediately showed in the five people’s eyes.

Wasn’t these words equivalent to drawing a biscuit to stave off hunger, and looking at the sea to quench one’s thirst?

Bright Tiger King said with a cold snort, “Brat, do you take the few of us to be fools? Your delaying tactic is a little too mediocre! Stop talking nonsense with this boy! Kill him and continue attacking the city!”

The other four people nodded in succession and were already prepared to make a move.

Ye Yuan still had a calm expression as he pointed at a little tiger behind Bright Tiger King and asked, "This is your son?"
