Chapter 2761: Come Hunt Me Down if You Have the Ability!

Bang! Bang! Bang!

One astonishing rumbling sound after another exploded in the horizon. The undulations spread extremely far away.

Origin divinities engaging in battle did not have fresh blood, but it was even more dangerous.

Each move damaged the foundation!

If Heavenly Stratum powerhouses lost their fleshy bodies, the origin divinity could exist independently and cultivate.

But, without the origin divinity, one would really be dead.

Each of Ye Yuan's arrows was unparalleled and domineering. It was useless no matter how Yan Jadetrue dodged.

At the opposite end, Yan Jadetrue was being bombarded until he cried out but was at a loss on what to do.

Although he cultivated to True Sovereign Heaven, in terms of origin divinity means, how could he measure up to Ye Yuan?

Each of Ye Yuan's arrows was burning the origin divinity, erupting with a power that far exceeded his level.

If his physical body was still around, even if he was not a genuine True Sovereign Heaven, it would be more than enough to deal with Ye Yuan too.

But unfortunately, Ye Yuan had incredible power in the path of origin divinity!

"Damn it! How can you, a puny little Saint Sovereign Heaven, erupt with such a terrifying origin divinity attack?" Yan Jadetrue yelled strangely.

The Arrow of God Extermination in Ye Yuan's hands did not stop as he said indifferently, "You should have expected when you made a move against me, and I'm not that easy to deal with!"

"You lunatic! Attacking like this, you'll be the first to die!"

Ye Yuan was indifferent as he said, "So what? When your origin divinity is obliterated to a certain degree, Frivolous Life Like a Dream will naturally claim your life! You have to expend considerable soul force to suppress the Frivolous Life Like a Dream currently, right?"

When Yan Jadetrue heard that, he was practically about to go berserk, crying out strangely repeatedly.

That's right!

The reason why he was helpless to do anything to Ye Yuan was precisely because of the Frivolous Life Like a Dream's existence.

Otherwise, with his current origin divinity strength, no matter how formidable Ye Yuan's means, it was impossible to be his match too.

True Sovereign Heaven and Saint Sovereign Heaven were two different levels to begin with!

To the vast majority of people, that was an insurmountable chasm.

But it was also precisely because of this that Yan Jadetrue was depressed until he wanted to vomit blood.

He schemed heavily and finally reached True Sovereign Heaven, but he was actually suppressed by Ye Yuan until he was unable to retaliate!

This battle was too fierce and already alarmed countless powerhouses.

At the borders of the battlefield, Jadetrue Heavenly Sect's powerhouses had already rushed over.

This battle's commotion was too big. They felt it far away at Jadetrue Heavenly Sect.

It was in their territory. So it was impossible for them to not come.

Sect Master Chen Tai's brows furrowed tightly, and he said, "Head Elder, do you feel that that True Sovereign Heaven's origin divinity is very familiar?"

Head Elder's expression changed over and over again, and he said, "You're saying ... Ancestor? Honestly, that's really true! But Ancestor has already broken through to True Sovereign Heaven, and he's actually not Ye Yuan's match! Also, why would Ye Yuan be fighting with Ancestor in an origin divinity state? Could it be that ... his physical body was annihilated?"

Yan Jadetrue discovered them too and roared, "Jadetrue Heavenly Sect's disciples, what are you all still in a daze for? I'm the Ancestor! hurry up and kill this brat!"

The moment these words came out, the expressions of Chen Tai and the rest changed greatly.

However, they did not act right away because they were still unsure.

Yan Jadetrue yelled loudly when he saw the situation. He said, "The Heavenspan Mountain is on this boy! As long as we kill him, not only will our Jadetrue Heavenly Sect rise again, we'll be able to overtake all sects! This exalt has already lost my physical body. It's useless to me! At that time, the Heavenspan Mountain will be yours!"

"That small world that you all passed through when you went to the Sacred Sieve Mystic Realm was refined by this exalt. It's called the Heavenspan World! Ye Yuan ascended from the Heavenspan World! Now, do you all understand? This kid no longer has much soul force. His origin divinity is greatly damaged. We'll be able to kill him by joining hands!"

The words made the faces of Chen Tai and the rest change once again.

Being able to say these words, they had already determined that this was their Ancestor.

Furthermore, what Yan Jadetrue said also made them quite moved.

There was no way to use a grandmist treasure without the physical body. This was also a fact.

Therefore, as long as they killed Ye Yuan, then the Heavenspan Mountain would be theirs.

This temptation was huge.

Ye Yuan gave a cold snort, and he said, "Don't be naive! You all are nothing but chess pieces in his eyes! The Sacred Sieve Mystic Realm's passageway opening was done by him! You all saw it. Does your Ancestor care about your life and death? If not for me, you all would have long died in the Labyrinth Divine Palace! Now, he's merely making use of you all, that's all!"

"Chen Tai, you stay out of today's matter. I'll let you break through to Saint Sovereign Heaven later on! I, Ye Yuan, am a man of my word, you know it!"

Chen Tai and the rest were just about to take action, but they started hesitating again because of what Ye Yuan said.

When in the Labyrinth Divine Palace, Ye Yuan had always been guarding against him and did not let him break through to Saint Sovereign Heaven.

But Ye Yuan's trustworthiness was indeed very good.

Back then, Ye Yuan snatched Shi Yue's Heavenly Burial Water Caltrop Flower but helped him refine the Four Qi Pill later on.

If it were someone else, they definitely would not have done so.

When Yan Jadetrue saw Chen Tai hesitate, he could not help becoming exasperated!

He already almost could not suppress the Frivolous Life Like a Dream anymore.

Once it erupted, under an internal revolt and foreign invasion, he would definitely die before Ye Yuan!

At this rate, he would die without a doubt!

Yan Jadetrue's intestines were already green with regret now!

He thought that Ye Yuan had been searching for people these few years, and it was impossible to have broken through to Saint Sovereign. That was why he came to settle the scores.

Who knew that Ye Yuan's origin divinity had long already broken through to Saint Sovereign Heaven.

Although he broke through to True Sovereign Heaven, there was a large part of his soul force that had to be used to suppress the Frivolous Life Like a Dream.

Under his violent rage, he made a move against Ye Yuan without the slightest hesitation.

As a result, the end was tragic.

Since he dreaded Ye Yuan, he should have immediately left after breaking through!

Settle what scores?

It was simply seeking death!

At this time, Ye Yuan's origin divinity was already very dim, but he was also not far from death anymore.

"Damn it! Ye Yuan, you forced me!"

Yan Jadetrue was hit by an arrow. Borrowing the force of the counter-shock, he rushed toward the crowd.

Ye Yuan's figure moved. Chasing after, it was another arrow!

"Ahh!"

Yan Jadetrue screamed miserably, but his speed accelerated even faster!

And the direction that he was flying in was precisely Chen Tai there!

When Chen Tai saw the situation, his expression could not help changing drastically, turning around and fleeing.

But it was already too late!

How fast was Yan Jadetrue's speed?

He grabbed toward Chen Tai and actually directly grabbed Chen Tai's origin divinity out!

Yan Jadetrue was too strong. Chen Tai did not have the power to resist at all.

It was not just Chen Tai. He grabbed across and more than ten Jade Sovereign Heavens' origin divinities were extracted by him.

"You bastards! This exalt established the Jadetrue Heavenly Sect. You guys are actually disrespectful to this exalt! Forget it. This exalt will use your origin divinities to block this calamity then!"

Ye Yuan's brows furrowed slightly, shooting out the Arrow of God Extermination again.

Yan Jadetrue laughed loudly and directly threw those ten plus origin divinities over.

Boom!

The void exploded!

The origin divinities of Chen Tai and the rest directly exploded.

But Yan Jadetrue's figure flew towards the south.

Ye Yuan's brows furrowed slightly, and he shouted coldly, "Yan Jadetrue, you can't escape! My Arrow of God Extermination has my origin divinity mark. You've been struck by so many. Even if you hide underground, I can find you too!"

From far away, Yan Jadetrue shouted, "This exalt can't afford to provoke you, but I can afford to hide! Today, this exalt will leave the Rainclear Continent. Come hunt me down if you have the ability!"

Chapter 2762: Very Sorry to Tell You!

The powerhouses that were onlooking were stunned!

You're a True Sovereign Heaven, but you're so cowardly?

The True Sovereign Heaven of the legends that was flying up to heaven and tunneling into the earth; each one of them was omnipotent!

In the end, he was sent packing by a lower Saint Sovereign Heaven!

It was fine that he was driven away. But he actually directly said that he was going to get away from the Rainclear Continent!

People looked at Ye Yuan's near-empty origin divinity, their gaze full of confusion and admiration.

This guy was really impressive!

However, Ye Yuan also let out a long sigh of relief when he saw that Yan Jadetrue ran.

This battle had practically exhausted his origin divinity entirely!

The origin divinity of a True Sovereign Heaven was really too formidable.

Even if Yan Jadetrue did not have much origin divinity means, even if he allocated the vast majority of his soul force to suppress the Frivolous Life Like a Dream, the opponent was still powerful until it made people despair.

However, he did not lie to Yan Jadetrue. The Arrow of God Extermination could indeed imprint a mark.

Within a certain range, Ye Yuan could sense the existence of the other party's origin divinity.

Nowhere to hide!

Furthermore, with the Divine Emergence's capability, it was virtually impossible for Yan Jadetrue to want to erase the mark!

At this time, Ye Yuan could feel that Yan Jadetrue was currently heading south at an extremely fast speed.

It looked like he was truly scared.

Ye Yuan was not worried about him causing new problems. Yan Jadetrue's state was not much better than him.

Frivolous Life Like a Dream was already on the verge of eruption.

Looking at the corpses that covered the land, Ye Yuan could not help shaking his head slightly.

The Jadetrue Heavenly Sect was considered to be thoroughly finished.

Yan Jadetrue created the Jadetrue Heavenly Sect with his own hands and also personally destroyed the Jadetrue Heavenly Sect.

But none of this had anything to do with him.

As long as his loved ones were safe, everything was fine.

The current Ye Yuan was extremely weak as if a gust of wind would be able to scatter his origin divinity.

He turned around slightly and was about to leave.

But right at this time, the void suddenly flickered, and a figure stopped him.

The arrival looked at Ye Yuan and asked, "You're Ye Yuan? Martial Secure Heavenly Sect's Ye Yuan?"

In front of him was a middle-aged man in Chinese clothing. He actually had Saint Sovereign Heaven cultivation.

But it looked like he had just broken through not long ago.

Ye Yuan's brows furrowed slightly. The other party clearly did not come with friendly intentions.

"It's precisely this Ye!" Ye Yuan did not have the intention of denying it and said coolly.

But, the moment these words came out, the expressions of the powerhouses present changed one after another.

"It's actually him! Martial Secure Heavenly Sect's remnant spawn! He's actually not dead!"

"Not only did he not die, his origin divinity even broke through to Saint Sovereign Heaven! Just now, he even routed the origin divinity of a True Sovereign Heaven until he fled!"

"However, he's already an arrow at the end of its flight now! Zhang Kaiyun probably won't let him off!"

... ..

Ye Yuan did not know this man, but the majority of the powerhouses present knew him.

This man was none other than precisely Jadetrue Heavenly Sect's first seat, Zhang Kaiyun!

And Jadetrue Heavenly Sect's first seat was naturally a member of the Pill Alliance!

When Ye Yuan entered the Jadetrue Heavenly Sect, Zhang Kaiyun was in closed-seclusion.

A few days ago, Zhang Kaiyun broke through to Saint Sovereign Heaven and just exited seclusion.

He did not expect that today, an astonishing great battle would happen within the boundary of Jadetrue Heavenly Sect.

Through Yan Jadetrue and Ye Yuan's conversation, Zhang Kaiyun learned of Ye Yuan's identity very quickly.

Back then, when the Pill Alliance launched an attack ahead of schedule, it was because of Ye Yuan. As one of the Pill Alliance's middle-level, Zhang Kaiyun naturally knew about Ye Yuan's identity.

It was just that he never thought that the present Ye Yuan was already so formidable, to actually beat a True Sovereign Heaven until he covered his head and scurried away!

At that time, he already gave rise to the idea of reaping advantages from both sides without lifting a finger.

The moment the middle-aged man heard, two rays of brilliant light shot out of his eyes.

"Hahaha?... Fortune is really shining down on me, Zhang Kaiyun, recently! First, I broke through to Saint Sovereign Heaven. After that, I picked up a great contribution for free!" Zhang Kaiyun said with a loud laugh.

Ye Yuan's two eyes narrowed slightly, and he said in a solemn voice, "You're a member of the Pill Alliance?"

Zhang Kaiyun smiled and said, "That's right! This exalt is Jadetrue Heavenly Sect's first seat! A few days ago, this exalt just broke through to Saint Sovereign Heaven. I didn't expect that you delivered this exalt a big gift so quickly!"

Zhang Kaiyun laughed very happily. Jadetrue Heavenly Sect's collapse had nothing to do with him whatsoever.

Him being in the Jadetrue Heavenly Sect, apart from extortion, it was still espionage.

It was also precisely because of this that he could break the shackles and break through to Saint Sovereign Heaven.

The Pill Alliance's first seats were no different from vampires in the various sects.

In his view, Ye Yuan was already in his pocket.

Ye Yuan looked at Zhang Kaiyun and said with a smile that was not a smile, "In that case, you've got me?"

Zhang Kaiyun similarly had a smile that was not a smile and said, "Boy, you're already an arrow at the end of its flight. Do you think that this exalt can't tell? Earlier, you forcefully mustered up a breath and used that move to scare Yan Jadetrue away. Now, if you release that move again, your own origin divinity will probably be buried in oblivion first, right? Furthermore, this exalt's physical body is in good condition. I'm not afraid of your origin divinity attack!"

With regards to Ye Yuan, Zhang Kaiyun was clearly brimming with confidence.

He had long seen through that Ye Yuan's Arrow of God Extermination move was a hand-to-hand combat move that specifically targeted the origin divinity.

This kind of move was extremely lethal to an exposed origin divinity.

But he was Saint Sovereign Heaven. His origin divinity was similarly incomparably powerful. Furthermore, it resided in the sea of consciousness.

It was simply a fool's talk for Ye Yuan to want to use that move to directly breach his sea of consciousness!

If Ye Yuan was still at the height of his power, he would naturally be a little fearful.

But now, apart from surrendering without resistance, Ye Yuan had no other path to take!

Zhang Kaiyun became more and more confident as he spoke and continued to say smugly, "Furthermore, do you think that a member of my Pill Alliance is the same as that fool just now? Without origin divinity attack means??*Huhu,* my Pill Alliance's foundation is what you can't imagine!"

Finished saying, Zhang Kaiyun's origin divinity power spread out, the expressions of the powerhouses around changed one after another.

So strong!

Zhang Kaiyun's origin divinity power and Ye Yuan's, one was like the noonday sun while the other was like the sun setting in the west; there was no comparison at all.

The illusory Ye Yuan was still very calm at this time and could not help laughing as he said, "So, this is all of your analysis? You feel that I already don't have the strength to fight back now. You were sitting on top of the mountain watching the tigers fight previously, waiting for the two of us to wear each other out before you dare to come out and deal with me?"

Zhang Kaiyun's face turned black. Ye Yuan's words were very insulting!

Ye Yuan was indifferent to the black-faced Zhang Kaiyun and continued saying, "You Pill Alliance has a deep foundation. Your cultivation realm is similar to mine. Furthermore, your origin divinity is stowed in your sea of consciousness. This powerful and you don't even dare to come out and have a frontal confrontation? Maybe if you made a move just now, the result would be totally different! Very sorry to tell you, True Sovereign Heaven isn't as weak as you imagine! The reason why Yan Jadetrue was beaten until like that by me was that he was just lacking an opportunity to catch his breath! Once he catches his breath, I'll only have one road open to me; it will be death!"

The more Ye Yuan said those words, the blacker Zhang Kaiyun's face became.

He suddenly felt that he seemed to have missed something.

Ye Yuan continued talking, "Saying so much, I actually just want to tell you that you missed the best chance to capture or kill me! Although the current me is already an arrow at the end of its flight, killing a weakling like you, this degree is enough. No matter how plentiful your means, how deep your foundation, you're still too weak to stand up to a single blow in front of me!"

Zhang Kaiyun smiled coldly and said, "Brat, are you making an empty show of strength? Do you think that this exalt will let you off like this?"

Ye Yuan smiled and said, "Making an empty show of strength? You're thinking too much!"

Zhang Kaiyun only felt his head go buzz, and then he did not know anything anymore.

He did not even have the chance to release the big move that he was preparing!

Chapter 2763: Brothers of One Mind, the Sharpness Can Cut Metal!

Dong!

Zhang Kaiyun's dead body fell to the ground heavily. Everyone was startled, only then, coming back to their senses.

Dead?

Earlier, what kind of great soul-stirring battle was that!

But now, they did not even detect origin divinity undulation, and Zhang Kaiyun was already dead.

A Saint Sovereign Heaven powerhouse was weak like a little chick.

Hearing that Ye Yuan had the Heavenspan Mountain in his hands, there were still many people whose thoughts were stirring just now.

But now, they immediately extinguished this thought.

Too dangerous.

What did the Pill Alliance's origin divinity secret arts amount to in front of the soul race's Divine Emergence?

It was true that Ye Yuan had expended a lot of energy, but killing a Zhang Kaiyun at the same rank was not considered very hard.

"Go tell the Pill Alliance. I, Ye Yuan, am back."

Ye Yuan's gaze swept across the crowd, and he returned to the Heavenspan World.

Very soon, news concerning this battle spread rapidly.

In the Five Great Heavenly Regions. Everything was in a stir!

The True Sovereign Heaven that only existed in the legends appeared.

But this True Sovereign Heaven had just appeared and was actually driven away by the Ye Yuan who returned domineeringly!

The Ye Yuan, who had once established the Pill Pavilion and triggered the Pill Alliance War, was not dead!

He returned!

He already grew to the point where he could instantly kill Saint Sovereign Heavens!

Various major heavenly sects of the Five Great Heavenly Regions started to have their thoughts stir.

Becoming the Pill Alliance's puppets was just due to the Pill Alliance's despotic power. The various sects' powerhouses were naturally not willing.

That indifferent sentence when Ye Yuan left was undoubtedly telling the Pill Alliance that he, Ye Yuan, already had the ability to enact revenge!

However, powerhouses from all around were still waiting and watching.

They were waiting, waiting for how Ye Yuan would take vengeance on the Pill Alliance!

... ..

At the Pill Alliance, in their great hall, several dozen powerful auras made people give sidelong glances.

Li Changsheng was seated high above, his gaze staring at a Saint Sovereign Heaven below, and said nothing for a long time.

The atmosphere in the great hall seemed very inhibiting.

That Saint Sovereign Heaven who was being stared at had cold sweat breaking out profusely on his forehead.

Finally, he could not endure this gaze and stepped out of the ranks and said, "General Alliance, this ... at that time, I pierced through the void with one punch and completely messed up the spatial rule! Logically speaking, it's absolutely impossible for him to have survived!"

This person was precisely the Five Light Pill Alliance's Alliance Chief who led the Pill Alliance to destroy the Martial Secure Heavenly Sect that day, Zhao Ding!

When the news came, his first reaction was that it was nonsense!

A Greater Sublime Heavenly Stratum actually survived under his punch!

This sort of thing was too fantastical!

"But he has indeed lived! Not only did he survive, but he even cultivated to Saint Sovereign Heaven!" Li Changsheng said indifferently, without joy nor sorrow.

"This ... This ... General Alliance, you give me a chance. I'll go kill him!" Zhao Ding gritted his teeth and said.

Li Changsheng looked right at him and said, "Can you kill him? When Zhang Kaiyun confronted him, he was instantly killed by him with an origin divinity attack! Although you're middle Saint Sovereign Heaven, are you sure that you can block his origin divinity attack?"

"I ..."

Zhao Ding was speechless.

The news that came over was too ridiculous!

The lower Saint Sovereign Heaven Ye Yuan actually beat a True Sovereign Heaven until he covered his head and scurried away.

How could this kind of thing possibly happen?

But it seemed like many impossible things had already happened.

At this time, Li Changsheng suddenly took a jade slip out and said coolly, "This is an origin divinity defense mystic art. After cultivating it, it's sufficient to resist origin divinity attacks of the same level! During this period, you all put aside the affairs in your hands and cultivate well! No matter how strong that brat is, he's merely one person, that's all. He can't stir up much of a wave."

The moment everyone heard, they were immediately overjoyed!

Origin divinity attacks were extremely hard to defend against. With this, they would not be afraid of Ye Yuan anymore.

Zhao Ding was overjoyed and said, "Many thanks, General Alliance! General Alliance, rest assured. After this subordinate cultivates this mystic art, I'll definitely go and kill this boy!"

Li Changsheng nodded slightly and did not say anything.

A measly little Ye Yuan, he did not take him seriously.

... ..

At the Blood Alliance, a man stood on top of the mountain with his hands behind his back, his gaze excited as he said, "Punk, I knew that you wouldn't die so easily! As long as the two of us brothers are around, Martial Secure Heavenly Sect isn't destroyed! There will come one day where we'll annihilate the Pill Alliance!"

The famous Blood Alliance's Alliance Chief was precisely Martial Secure Heavenly Sect's former heaven's chosen, Luo Yunqing!

These few years, he had been improved amidst slaughter, and finally, he reached half-step Saint Sovereign Heaven.

It was just that wanting to destroy the Pill Alliance was still far away and not in the foreseeable future.

Ye Yuan's return boosted his confidence, and he finally saw a glimmer of light.

... ..

At the Heavenspan World, when Mi Tian saw Ye Yuan, he directly let loose a torrent of abuse.

"You bastard, why didn't you die outside! Got to scam Your Father each time, messing around like you do, Your Father will be scammed by you until death before even returning home! Looking at your half-dead appearance, it's better off to be dead!"

Mi Tian made Yue Mengli carry Ye Yuan's physical body back to the Labyrinth Divine Palace. He made use of the array formations in the Labyrinth Divine Palace to restore the fleshy boy's losses.

But Ye Yuan was currently an out-and-out pauper.

During his previous cultivation, Ye Yuan had depleted all of his heavenly crystals. Later, in order to push on with the journey, he used up the heavenly pills on him.

Helpless, Mi Tian could only inject his own true dragon power into the array formation to help Ye Yuan make up for the losses.

In the end, he suffered a great loss in vitality again this time.

However, this time was better than the last time. He still had the strength to scold people.

Seeing Ye Yuan's origin divinity's weak appearance, Yue Mengli said worriedly, "Big Brother Yuan, are you alright?"

Ye Yuan smiled and said, "It's okay. The Heavenspan World's hidden danger is considered completely uprooted this time! Later, I'll help you all reach Heavenly Stratum. We'll go to the 33 Heavens together!"

Yue Mengli said, "Then ... have you found a way to save Elder Sister Lingxue?"

Ye Yuan nodded and said, "Before long, I'll be able to help her condense her soul! Speaking of which, I still have to thank Senior Mi Tian for this matter."

"Humph!"

Mi Tian snorted coldly.

These two people were publicly displaying affection, directly disregarding him.

You scold yours; I'll be mushy on my own.

"Really? That's great! Heaven has eyes, finally being able to resurrect Big Sister Lingxue!" Yue Mengli jumped up excitedly.

She knew what the greatest haze in Ye Yuan's heart was, so she was happy for Ye Yuan from the bottom of her heart.

As for this origin divinity's injuries, it was nothing to Ye Yuan.

The soul race fought with origin divinity state. Damage was inevitable.

Since the Divine Emergence was the soul race's supreme canon, there was naturally the method to restore origin divinity.

Three months later, Ye Yuan finally recovered to his peak state.

After Ye Yuan returned to Grand Brightjade Complete Heaven, he severed the plane passageway with one sword, directly separating the Heavenspan World and Grand Brightjade Complete Heaven.

This way, he would completely have no worries.

Without the plane passageway, even if it was a Saint Sovereign Heaven powerhouse, they would not be able to pass through the boundary wall and reach the Heavenspan World as well.

Having just returned to the Rainclear Continent, a figure came up to greet. It was precisely Luo Yunqing!

"Ye Yuan! *Haha*, I finally found you!"

Ye Yuan's brows raised up, and he said in pleasant surprise, "Brother Luo, you're safe and sound. It's really great!"

After some small talk, Luo Yunqing smiled and said, "Ye Yuan, since you came back, join our Blood Alliance! Us brothers of one mind, the sharpness can cut metal! No matter how strong the Pill Alliance is, we can always destroy them one day!"

"The Blood Alliance?" Ye Yuan was taken aback and said in surprise, "It turns out that this Blood Alliance was actually founded by you!"

Luo Yunqing laughed loudly and said, "Right now, there are 36 organizations resisting the Pill Alliance in the Five Great Heavenly Regions! My Blood Alliance is the strongest one! Overthrowing the Pill Alliance is a heavy burden with a long way to go. But, you and I being of one mind, we'll be able to accomplish it one day!"

Ye Yuan looked at Luo Yunqing, a hint of strangeness revealing on his face..

Unrivaled Medicine God

Chapter 2764: Be Right Back!

Seeing Ye Yuan's surprise, Luo Yunqing even thought that his achievements were surprising and could not help feeling more proud of himself in his heart.

Indeed, in a short hundred years' time, not only did he cultivate to half-step Saint Sovereign Heaven himself, he even supported such a colossal team. He had the qualifications to be proud.

"Brother Luo, is your strength ... the strongest in the Blood Alliance?" Ye Yuan asked.

"Of course!"

Luo Yunqing nodded and said, "Our Blood Alliance has close to a thousand people. There are a total of three great alliance chiefs, including me and two deputies, all half-step Saint Sovereign Heaven! The other two are the Myriad Manifestation Heavenly Sect's and Shangyu Heavenly Sect's powerhouses! Come, return to the Blood Alliance with me first. Let's plan out the future in detail!"

Luo Yunqing pulled Ye Yuan and gave no chance to explain before tearing across the air.

Ye Yuan was helpless and could only head over half-reluctantly.

Ye Yuan was a little disappointed. They did not even have a Saint Sovereign Heaven. They could not stir any waves at all!

To the Pill Alliance, they were simply small fries, right?

Most likely, it was not even as intimidating as him throwing out a word.

Along the trip, the two naturally could not dispense with a bout of small talk.

Ye Yuan did not hide it either, briefly explaining the situation of him arriving at the Land of Heavenly South in an accident arising from many causes.

Luo Yunqing learned that Ye Yuan cultivated bitterly in the Land of Heavenly South before he had today's accomplishments and did not think too much either.

However, over a short hundred years, it was already very difficult for Ye Yuan to be able to cultivate to upper Jade Sovereign Heaven.

Along the way, Luo Yunqing did not dare to put on a grand display and walked very carefully.

Half a month later, the two people arrived at a mountain range at the edge of Daycreek Heavenly Region.

In the mountains, the waterfall was surging akin to the Milky Way hanging upside down!

Luo Yunqing brought Ye Yuan and actually passed right through the large waterfall and arrived in a spatial mystic realm.

The scenery before their eyes changed; it was an altogether different world.

In the mystic realm, there was a bustling scene.

The vast majority of the people were cultivating. A minority was busying over miscellaneous affairs.

Luo Yunqing smiled slightly and said, "Ye Yuan, how's my place?"

Ye Yuan nodded slightly and said with a smile, "Not bad!"

He really felt that it was not bad. With Luo Yunqing's personality, he must have paid a lot to be able to build such a large foundation.

"This place was originally a small mystic realm. Our Blood Alliance captured it and transformed it into our base camp! Don't look at how the Pill Alliance is formidable. Once we hide here, even if they dig three feet below the ground, they won't be able to find us either! In the future, you cultivate here at ease. Leave the rest to me!"

Just as he was speaking, two figures came up to greet.

The two people said in unison, "Alliance Chief!"

Luo Yunqing smiled and said, "Two brothers came just in time. Let me introduce him to you. Ye Yuan, this one was once the Myriad Manifestation Heavenly Sect's peerless genius, Yu Haizheng. This is Shangyu Heavenly Sect's deputy sect master, Zhou Yunxiang! The two of them are now my Alliance Chief's deputy alliance chiefs and are my left and right arms!"

Ye Yuan saluted the two of them and said, "How do you do, Brother Yu, Brother Zhou!"

Yu Haizheng smiled and said, "I've long heard of Younger Brother Ye's great reputation, pleased to meet you!"

Luo Yunqing continued, "Two brothers, this one is my Martial Secure Heavenly Sect's Ye Yuan, the founder of the Pill Pavilion! Also, he's our Blood Alliance's new alliance chief too!"

The moment these words came out, Ye Yuan got a shock and knew that things were going to be bad.

Sure enough, the expressions of Yu and Zhou two people changed.

"Alliance Chief, what's the meaning of this?" Zhou Yunxiang said with a solemn face.

Luo Yunqing was indifferent and said with a smile, "Ye Yuan is my Martial Secure Heavenly Sect's new sect master. He naturally can't be beneath this Luo! So from this day forth, Ye Yuan is my Blood Alliance's Alliance Chief!"

Before Ye Yuan said anything, Zhou Yunxiang said in a great rage, "Luo Yunqing, what do you treat the Blood Alliance as?! We respect you as our alliance chief. That was you exchanging for it by fighting dauntlessly in bloody battles! This boy has yet to make the smallest contribution. What right does he have to be alliance chief? Your Martial Secure Heavenly Sect is your Martial Secure Heavenly Sect's business. What has it got to do with us?"

Yu Haizheng also said, "Alliance Chief, please retract the order!"

The news that the Blood Alliance got was that Ye Yuan returned.

As for what Ye Yuan had done in the True Yang Heavenly Domain, they were not aware.

Under the high pressure from the Pill Alliance, it was too difficult for these scattered factions to want to get intel.

Therefore, letting an upper Jade Sovereign Heaven be their alliance chief, they had ten thousand disapprovals.

Luo Yunqing's anger loomed, but he still suppressed it and said in a solemn voice, "I've already decided on this matter. Don't mention it again!"

At this point, Ye Yuan had no choice but to speak.

"Brother Luo, I have no intention of assuming this position of alliance chief!" Ye Yuan said.

Luo Yunqing waved his hand lightly and said, "Before Ancestor passed on, he already said before, to have me help you revive the Martial Secure Heavenly Sect! Now, how can I override the sect master? Don't mention this matter again!"

Zhou Yunxiang also had a crude personality and said in a cold voice, "Punk, don't be phony here. We won't let you be the alliance chief! Moreover, back then, if not for you, our five sects' Dao teachings also wouldn't have been destroyed!"

Luo Yunqing's gaze turned intent, and he said in a cold voice, "Zhou Yunxiang, what do you mean?"

Zhou Yunxiang smiled coldly and said, "Don't you understand what I mean?"

Luo Yunqing said in a great rage, "The Pill Alliance schemed for a long time. Even without the Pill Pavilion, they would have launched an attack sooner or later! Furthermore, at that time, there wouldn't even be us, these remnant spawns! Don't you even understand this?"

Zhou Yunxiang said with a cold snort, "So what? Blood Alliance was founded by our brothers using their lives. I only don't want some random Tom, Dick, or Harry that came to harvest our fruits!"

Ye Yuan could not help being speechless when he heard it.

A faction that did not even have Saint Sovereign Heavens, would he be interested?

Don't look at how each and every one of these people seemed very impressive, rendering the Pill Alliance helpless.

In reality, they were merely a joke in the Pill Alliance's eyes!

Boom!

Suddenly, the mystic realm shook. Everyone's expression changed.

And right at this time, a subordinate suddenly came to report in a panic: "Three alliance chiefs, things are bad! Our mystic realm has already been surrounded by the Pill Alliance until not even water can seep through!"

Luo Yunqing's expression changed wildly, and he said, "Who did the Pill Alliance send?"

The subordinate's complexion was deathly pale as he said, "There are 15 half-step Saint Sovereign Heavens outside, and countless Jade Sovereign Heaven and Limitless Sublime Heaven powerhouses! Our base should have been exposed!"

The moment everyone heard, their faces turned deathly pale.

They had no way of matching this power at all!

The Pill Alliance's army clearly came prepared!

Zhou Yunxiang's expression turned dark, and he pointed at Ye Yuan angrily and said, "It must be this boy! He just arrived, and the Pill Alliance's people came! Luo Yunqing, you still want him to be the alliance chief?"

Luo Yunqing said in a great rage, "Zhou Yunxiang! Keep talking and Your Father will kill you! Ye Yuan is loyal and righteous. It's absolutely impossible to betray us!"

But Zhou Yunxiang did not buy it and said with a sneer, "One may know a person for a long time without understanding his true nature! Moreover, so many years have passed. How do you know that he didn't change? A measly little Greater Sublime Heavenly Stratum back then became an upper Jade Sovereign Heaven in a short hundred years, don't you find it strange?"

Clank!

Luo Yunqing's long sword suddenly left its sheath, and a sword charged toward Zhou Yunxiang.

Zhou Yunxiang could question him, but he could not question Ye Yuan!

However, this sword was blocked.

The one who blocked this sword was none other than precisely Ye Yuan.

Ye Yuan smiled and said, "Isn't it just a group of half-step Saint Sovereign Heavens? Leave it to me. Brother Luo, wait for a moment.. I'll be right back."

Chapter 2765: Dumbfounded!

Ye Yuan's voice had yet to fade when Yu Haizheng stopped him.

"What? You lured the Pill Alliance's people over, and now, you still want to leave?" Yu Haizheng said with a cold smile.

The timing was too coincidental; they had just reached, and the Pill Alliance's people came. It was not up to the Blood Alliance's people to not suspect.

And in reality, Ye Yuan had also been very careful along the way.

His divine sense had always been spread out. Even if there were Saint Sovereign Heaven powerhouses following them, it absolutely could not escape Ye Yuan's probing too.

Therefore, Ye Yuan was very sure that the Blood Alliance's base camp was indeed exposed.

In reality, with the Pill Alliance's present strength, if they really made up their mind to deal with the Blood Alliance, how could there be the logic of not being able to find them?

The reason why they let them do as they pleased was actually merely just waiting for them to grow fat before slaughtering.

If he was the Pill Alliance's alliance chief, he would do the same too.

Rather than there being opposing voices everywhere, might as well fatten them up and round them up in one fell swoop.

And he himself was merely there at the right time, that was all.

Ye Yuan sighed slightly and said, "Brother Yu is mistaken. But this place is already exposed. You all had best gather your things and prepare to leave."

Finished saying that, Ye Yuan's figure swayed, and he directly vanished in front of Yu Haizheng's eyes.

What a joke!

Regarding the present Ye Yuan, his spatial rule already reached late-stage fourth level. How could a mere Yu Haizheng stop him?

Yu Haizheng's expression changed wildly. Turning his head to look, he discovered that Ye Yuan's figure was already gone.

Yu Haizheng was exploded with fury and yelled coldly, "Luo Yunqing, look what you've done! We've shared life and death for more than a hundred years. You actually invited a wolf into the house and let a thousand brothers fall into a deathtrap!"

Zhou Yunxiang smiled coldly and said, "Huhu, Luo Yunqing, you're very good! You actually drew your sword against me!"

At this time, Luo Yunqing also calmed down. Drawing a deep breath, he said, "Two brothers, it was me who was impulsive just now! But, to say that Ye Yuan betrayed the Martial Secure Heavenly Sect, I won't believe it even if I die! Being confronted by a formidable enemy, we can't have internal strife! Two brothers, let's tide over the difficult hurdle this time first! Later, you guys charge out with me. I'll do all that I can and delay the half-step Saint Sovereign Heaven powerhouses as much as possible! The two of you, bring our brothers to break out of the encirclement. How many can escape will depend on fate!"

Hearing that Luo Yunqing said so, Yu Haizheng two people also knew that the matter was of utmost importance.

Having internal strife at this time was equivalent to seeking death.

The two nodded their heads and started counting the men, preparing to break out of the encirclement.

For the Blood Alliance to be able to become the number one great faction, they naturally did not have an undeserved reputation.

The thousand-strong troop was done assembling very quickly.

Luo Yunqing took the lead, and everyone had an expression full of a stirring and solemn noble spirit to die on their faces.

Clearly, they were all prepared to fight to the death.

Luo Yunqing's gaze turned intent, and he shouted loudly, "KILL!"

"KILL!"

Luo Yunqing leaped and was about to charge out of the mystic realm.

But right at this time, a figure appeared at the entrance.

Ye Yuan looked at everyone and said with a smile, "All packed? Just nice then. This place isn't somewhere to stay for long. Let's go."

Everyone exchanged glances, especially Zhou Yunxiang and Yu Haizheng two people who had confused faces.

Why did this guy come back?

If this guy was a traitor, why would he come back?

If he was not, this guy was spotless and did not seem like he had experienced a great battle at all.

What in the world was going on?

Also, where were the scouts? Why hasn't a single one returned until now?

"Ye Yuan, why did you come back? With your movement technique, escaping shouldn't be a problem. Hurry up and go!" Luo Yunqing said with a frown.

Ye Yuan smiled and said, "I naturally came to bring you all away. Come with me."

Finished saying, Ye Yuan turned around and went out of the mystic realm.

Luo Yunqing's gaze turned intent, and he followed after.

Passing through the entrance, Luo Yunqing raised his aura to the highest, preparing to battle.

But very soon, he was stupefied.

There wasn't a single person outside of the large waterfall.

Swoosh! Swoosh! Swoosh!

The Blood Alliance army came out of the passageway one after another. After coming out, they were stunned too.

Wasn't it said that they were surrounded?

Wasn't it said that there were countless powerhouses?

Where were the people?

At this time, a scout suddenly scurried out.

Zhou Yunxiang shouted coldly, "Wang Chun! What have the few of you been doing?"

Wang Chun smiled bitterly and said, "Alliance Chief Zhou, j-just now, I was seriously dumbfounded and momentarily forgot to come in to report."

Zhou Yunxiang's brows furrowed slightly. He knew that the members of the Blood Alliance were all veterans of a hundred battles. What kind of grand occasion had they not seen before?

What could render even a wily old fox like Wang Chun dumbfounded?

He could not help looking towards Ye Yuan, thinking to himself, it wouldn't be that this guy did something, right?

How was this possible?

What kind of earth-shattering major thing could an upper Jade Sovereign Heaven do?

But, Wang Chun gave Ye Yuan a glance fearfully and said, "The ... The moment this lord came out, he killed off all of the other party's half-step Saint Sovereign Heavens within ten breaths! The Pill Alliance's army scattered and fled in disorder in a blink of an eye! His Excellency pursued all the way and slew all of the other party's Jade Sovereign Heavens ..."

Dead silence!

What kind of freaking fantasy tale are you talking about?!

An upper Jade Sovereign heaven killed off all the half-step Saint Sovereign Heavens in ten breaths?

Suddenly, Zhou Yunxiang exploded in anger and said, "Wang Chun, what nonsense are you saying? You mean, he killed the Pill Alliance's army by himself?"

Wang Chun's expression was ugly as he said, "I-It's like that!"

Ye Yuan was indifferent and said with a smile, "Have the corpses been gathered?"

Wang Chun nodded and said, "The brothers are currently gathering them. It should be about done. Your Excellency, I'll bring you over!"

Ye Yuan nodded slightly and followed.

The corpses of half-step Saint Sovereign Heavens naturally had quite a number of spoils.

To the Blood Alliance, it was a huge harvest too.

Very soon, corpses that strewn across the land appeared in front of everyone.

The whole place fell into dead silence once again!

"Li Chuan! Chai Meng! Yang Nan! They ... They are all dead ..." Zhou Yunxiang looked at these dead bodies, his eyeballs almost popping out.

These half-step Saint Sovereign heavens had fought with them many times.

The Blood Alliance had suffered big losses at these few people's hands!

Now, they were actually all dead!

"Hahaha?..."

Suddenly, Luo Yunqing laughed loudly and said, "Ye Yuan, you really broadened my horizons today! You punk, you really hid from me bitterly!"

Ye Yuan smiled and said, "You didn't ask either!"

As he said, he looked at Zhou Yunxiang and said with a smile, "Brother Zhou, Brother Yu, now, I can prove that I'm not a traitor, right?"

Zhou Yunxiang revealed a smile that was even uglier than crying and said, "O-Of course!"

He currently wished to find a hole in the ground to tunnel into.

From the very start, he had been questioning Ye Yuan's qualifications.

Later, he even questioned that Ye Yuan was a traitor and that the people were brought by him.

But now, facts proved that Ye Yuan was simply their savior!

Today, if not for Ye Yuan, the Blood Alliance would have been totally finished!

As for Yu Haizheng, he even broke out in cold sweat.

He actually wanted to make a move against Ye Yuan just now.

Ye Yuan killed half-step Saint Sovereign Heavens like killing chickens. If so, then to kill him alone, he reckoned that just lifting a hand would do.

How could an upper Jade Sovereign Heaven be so terrifying?

"Lord ... Ye, just now, it was all this Yu who had eyes but couldn't see, hope that Lord Ye doesn't take it to heart." Yu Haizheng said with a bitter smile.

Ye Yuan waved his hand and said with a smile, "Two brothers don't have to be like this. It wasn't easy for the Blood Alliance to rise up. Being a little cautious is a must. In reality, I didn't come to the Blood Alliance to be your alliance chief but came to invite Brother Luo and the two of you to make a trip to Myriad Demons Mountain together. But now, your base has already been exposed, and you can't continue staying here. Why don't you bring the brothers along and go to Myriad Demons Mountain with me?"

The moment these words came out, everyone's faces changed again.

Luo Yunqing said in surprise, "Ye Yuan, Myriad Demons Mountain is the territory of true spirits, with countless powerhouses in it. There are even Saint Sovereign Heaven powerhouses! Can we, these people ... go?"

Ye Yuan smiled and said, "Relax. Would I harm you?"

Chapter 2766: The Present All-Saint Temple!

Entering the Myriad Demons Mountain, the hearts of Luo Yunqing and the rest tensed up.

Waves of powerful auras came from all around. These were all the auras of Jade Sovereign Heaven powerhouses.

They all, this bit of people, were too weak in front of the true spirit army.

But what surprised them was that they actually proceeded unimpeded all the way.

Coming out of the base, the Blood Alliance also received a lot of news along the way.

The factions opposing the Pill Alliance in the Five Great Heavenly Regions, out of the 36 strongest ones, more than half of them were destroyed!

The remaining ones also suffered heavy casualties.

This piece of news made Luo Yunqing and the rest feel lingering fear.

Zhou Yunxiang and Yu Haizheng were even ashamed until they could not even lift their heads.

At this time, if they still did not understand what happened, then they could forget about being the deputy alliance chiefs.

They realized that Ye Yuan really caught up to this upheaval by chance.

But it was also precisely because of this that Ye Yuan saved everyone in the Blood Alliance.

And they actually even misunderstood Ye Yuan, thinking that Ye Yuan betrayed them.

The party arrived at Bull Demon Mountain, and it instantly became lively.

“Hall Master Ye!”

“Hello, Master Ye!”

“Hall Master Ye is back!”

... ..

Seeing one powerhouse after another greet Ye Yuan, everyone felt extremely shocked.

It seemed like Ye Yuan was living very well on Myriad Demons Mountain!

Suddenly, an unparalleled and powerful aura arrived from afar with a howl.

Luo Yunqing three people exchanged a glance, their expressions suddenly changing.

The aura of a Saint Sovereign Heaven!

In a blink of an eye, they saw Big Yellow’s figure appear in front of Ye Yuan.

Big Yellow chuckled and said, "You all are Master Ye's friends, right? I'm just Master Ye's servant. Don't need to be courteous with me, just call me Big Yellow."

"S-Servant?" Luo Yunqing almost bit his tongue off.

A Saint Sovereign Heaven was actually Ye Yuan's servant?

Luo Yunqing wished to find a hole in the ground to burrow into now.

Too freaking embarrassing!

To think that after he met Ye Yuan, he kept showing off about his great achievements over the years.

Who knew that Ye Yuan he already took a Saint Sovereign Heaven in as a servant!

Compared to this, what did the Blood Alliance count as!

With a slap from Big Yellow, the entire Blood Alliance would be destroyed!

Zhou Yunxiang two people were even more embarrassed. They kept stopping Ye Yuan from being the alliance chief previously and almost drew their weapons against Luo Yunqing.

When Ye Yuan said that he was not going to be the Blood Alliance's alliance chief back then, Zhou Yunxiang even scolded him for being phony.

In the end, he really looked down on it!

But Big Yellow ignored their surprise and said to Ye Yuan, "Master Ye, you're finally back! Big Yellow was worried sick these few years! Later on, I went back several times but couldn't find you and that person, so I could only return."

Ye Yuan smiled and said, "Was threatening, but not dangerous, it's finally resolved. How are the preparations on this side?"

Big Yellow beamed and said, "Master Ye, make a guess how many Saint Sovereign Heavens our All-Saint Temple has now?"

Ye Yuan could not help laughing as he said, "Quickly say! Stop leaving me hanging!"

Big Yellow smiled and said, "Including the original nine of us, there are a total of 35 Saint Sovereign Heavens now! The batch of half-step Saint Sovereign Heavens previously have already all stepped into Saint Sovereign Heaven now! These few years, the phenomenon in the sky above our All-Saint Temple has never stopped!"

Ye Yuan did not feel anything, but Luo Yunqing three people's legs turned soft, and they nearly stumbled to the ground.

A total of 35 Saint Sovereign Heavens!

You're freaking messing with me, right?!

Adding up the Saint Sovereign Heavens on the entire Rainclear Continent, were there 35?

This guy must be boasting!

While talking, a woman walked toward them.

Seeing Ye Yuan, she immediately bowed and said, "Master Ye is back. Kong Ling thanks Master Ye for bestowing the pill!"

Ye Yuan smiled and said, "You're ... King Kong Ling? *Oh*, no, I should be calling you Saint Exalt Kong Ling now!"

"If not for master Ye, Kong Ling would probably have no hope for Saint Sovereign Heaven in this life! If Master Ye has any errands, feel free to instruct!"

"Haha, then I'll be troubling Saint Exalt Kong Ling!"

"Master Ye is too courteous. It is ought to be!"

After speaking, Kong Ling left.

Along the way, he really bumped into many acquaintances.

Ye Yuan had met these people at the Myriad Spirits Summit before. At that time, they were still all half-step Saint Sovereign Heaven.

Now, they all broke through to Saint Sovereign Heaven already.

When these people saw Ye Yuan, they were naturally incomparably polite.

Along the way, Ye Yuan was extremely busy.

When a Saint Sovereign Heaven walked by, Zhou Yunxiang could not help swallowing his saliva and said to Yu Haizheng, "How ... many was this?"

Yu Haizheng took a deep breath and said with a bitter smile, "The seventh one!"

Zhou Yunxiang also smiled bitterly and said, "I've lived my whole life and have never seen before so many Saint Sovereign Heaven powerhouses! When did Saint Sovereign Heavens become cabbages too?"

The three people exchanged a glance, all smiling bitterly without stopping.

"*Huhu*, the Saint Sovereign Heavens who broke through these few years were too many, the Myriad Demons Mountain's all sorts of affairs need them to handle, so it seems a little messy." Big Yellow explained.

Ye Yuan nodded his head and said, "How's Heavenly South that side?"

Big Yellow said, "We sent a batch of heavenly pills over. The two great hall masters and three great family heads, as well as City Lord Manor's City Lord Ironcore, have all already broken through to Saint Sovereign Heaven! The Land of Heavenly South has six great Saint Sovereign Heavens now!"

Luo Yunqing three people were already shocked until their innards had shifted positions.

Even on that day when the five great heavenly sects were destroyed, they were also not as shocked as they were today.

For more than a hundred years, they fought all the way, forcefully carving out a blood path, before they had a thousand strong Blood Alliance.

But what did Ye Yuan do?

This guy actually created a Saint Sovereign Heaven army!

Now, just from what they heard, there were already 41 Saint Sovereign Heavens!

No matter how formidable the Pill Alliance was, it was also impossible to have so many Saint Sovereign Heavens, right?

Blood Alliance's alliance chief?

Luo Yunqing even had the desire to cry now.

With extremely shocked feelings, the party arrived at All-Saint Temple.

Ye Yuan said, "Are there still Sacred Destiny Pills?"

Big Yellow nodded and said, "There are a lot of Sacred Destiny Pills. The three hall masters used three bottles for cultivation. The rest were distributed to those half-step Saint Sovereign Heavens. There are still two bottles remaining now, with almost 20 pills."

Ye Yuan nodded his head and said, "Give them three. Brother Luo, Brother Zhou, Brother Yu, you guys stay in the All-Saint Temple with peace of mind these few days and prepare to break through to Saint Sovereign Heaven! The Pill Alliance exterminated our Five Great Heavenly Regions and enslaved the Rainclear Continent. Before long, we'll definitely make them pay their debts in blood!"

Zhou Yunxiang muttered, "S-Saint Sovereign Heaven?"

He had never thought that he would actually be able to break through to Saint Sovereign Heaven one day.

Although he reached half-step Saint Sovereign Heaven, he really did not have any ideas about Saint Sovereign Heaven.

This step was way too difficult!

So much so that when Ye Yuan said Saint Sovereign Heaven now, he felt like he was dreaming.

Luo Yunqing smiled bitterly and said, "It turns out that when you followed me to the Blood Alliance, you were planning to let the few of us break through to Saint Sovereign Heaven?"

Ye Yuan smiled and said, "Otherwise, what did you think? That day, the Pill Alliance brought close to 200 Jade Sovereign Heaven powerhouses to destroy our Martial Secure Heavenly Sect! Today, I'll bring dozens of Saint Sovereign Heavens to trample their Pill Alliance! I don't believe that his Pill Alliance can overturn the heavens!"

One sentence made Luo Yunqing three people's blood seethe with excitement.

They thought that their sect's revenge would likely be far away and not in the foreseeable future.

Who could have expected that hope was near at hand!

Chapter 2767: Three Strikes Breaking the Mountain Gates!

After over a hundred years, the Martial Secure Heavenly Sect back then already became totally different.

Back then, the top brass of the Martial Secure Heavenly Sect died in battle. Thousands of disciples fled in all directions, and there were crumbling walls and ruins everywhere.

But now, many large buildings rose straight from the ground.

This place was grander compared to the Martial Secure Heavenly Sect back then!

This place was presently where the Pill Alliance's Martial Secure Branch Alliance was at. But the buildings were magnificent, and powerhouses were as plentiful as clouds!

A hundred years passed, the Pill Alliance concentrated the entire Rainclear Continent's resources and nurtured batch after batch of top powerhouses.

These few years, they gave birth to a large batch of Saint Sovereign Heavens, let alone talk about half-step Saint Sovereign Heavens and Jade Sovereign Heaven powerhouses.

In this Martial Secure Branch, just the half-step Saint Sovereign Heaven powerhouses were as many as more than ten!

The significance of half-step Saint Sovereign Heaven was different from grand completion Jade Sovereign Heaven.

Half-step Saint Sovereign Heaven, that was the reserve power of Saint Sovereign Heaven that could break through at any time.

After that battle, the Pill Alliance partitioned 15 big and small regions on the foundation of the Five Great Heavenly Regions, abolishing the Five Great Heavenly Regions' division.

And each region had a branch holding down the fort.

The alliance chief of the branch were all Saint Sovereign Heaven powerhouses!

Furthermore, there were transmission arrays connecting each branch!

The branch also established a unified transmission array between the various major heavenly sects as well as great nations.

This way, the Pill Alliance strengthened their control over the Five Great Heavenly Regions greatly.

The various major heavenly sects could not set off any waves at all.

If there was really someone concocting a scheme, the Pill Alliance's powerhouses could arrive right away.

At this time, Ye Yuan was standing before the Martial Secure Branch's mountain pass gates, his gaze looking toward the main peak with a reminiscing expression.

“Who is it to dare be here? Don’t you know what this place is? Hurry up and get lost; otherwise, you’ll get it!” Two Jade Sovereign Heavens flew out and were about to chase Ye Yuan away.

Ye Yuan did not get angry either, saying with a smile, “I really don’t know. What is this place?”

(If you have problems with this website, please continue reading your novel on our new website myTHANKS!)

One of them said in a solemn voice, “Ignorant fool, this place is the Pill Alliance’s Martial Secure Branch!”

Ye Yuan nodded slightly and said smilingly, “Then that’s right! The Pill Alliance should feel hurt after destroying this place, right?”

The expressions of the two Jade Sovereign Heavens changed wildly, and they knew that he came to make trouble and was about to make a move.

But how could Ye Yuan give them a chance?

Only to see him throw a punch out lightly, the two people directly turned into a cloud of blood mist.

Three years had already passed since Ye Yuan returned to the Myriad Demons Mountain.

In these three years, Ye Yuan used true grade heavenly pills and forcefully raised his realm to grand completion Jade Sovereign Heaven.

Now, he was only a step away from breaking through.

His origin divinity already reached Saint Sovereign Heaven, and his physical body also reached the limit of Jade Sovereign Heaven. Breaking through to Saint Sovereign Heaven was just something that would happen naturally without extra effort.

But forcibly breaking through would cause the foundation to be unstable.

Therefore, Ye Yuan needed to consolidate his realm first before breaking through and then only look for an opportunity to do so.

Fighting was naturally the best method.

Challenging the Pill Alliance’s branch could firstly get him accustomed to his cultivation realm. Secondly, it could feel out the Pill Alliance’s situation.

Therefore, he came to the Martial Secure Branch all by himself.

In the mountain gates, gate-guarding disciples saw this scene and could not help getting a shock, hurriedly sending out emergency communication out.

A disciple cried out in alarm, “Hurry up and activate the mountain protecting grand array! Hurry up and activate the mountain protecting grand array!”

The mountain protecting grand array was also activated right away.

They saw that Ye Yuan was extremely strong previously. That was why they notified Jade Sovereign Heaven powerhouses to come.

Who knew that the other party was unreasonable and directly killed them with a punch!

At this time, the mountain protecting grand array activated, giving off undulations that were sufficient to suppress and kill Saint Sovereign Heavens, calming them down slightly.

After all, the other party was just a grand completion Jade Sovereign Heaven.

This mountain protecting grand array was laid down by the General Alliance's grade five heavenly formation master, its power immense.

Even if a Saint Sovereign Heaven trespassed, they would be seeking death too.

Ye Yuan grinned. The Myriad Realms Mountain after the upgrade was already in his hand.

He recited a spell, and then he uttered, "Go."

The Myriad Realms Mountain directly turned into a giant mountain and squelched down towards the mountain protecting grand array.

All of Martial Secure Branch's powerhouses saw this giant mountain.

Each one of them, their expressions changed wildly!

"It can block, right? It must be able to block!"

"The other party is merely a grand completion Jade Sovereign Heaven, how can he possibly breach the mountain protecting grand array?"

"But, this pressure is really so terrifying!"

... ..

Crack!

The Myriad Realms Mountain and the mountain protecting grand array came into contact, and a shattering sound was immediately heard.

Immediately, the powerful mountain protecting grand array had countless fine cracks fissuring apart.

When all the powerhouses saw this scene, each and every one of their expressions changed wildly.

"A little interesting! This Pill Alliance's origin is mysterious. Indeed, they have some means! This grand array is not ordinary!"

As Ye Yuan said, the divine essence in his body poured out crazily again.

The Myriad Realms Mountain fell from the sky once more, suppressing down!

Crack!

The fine cracks on the mountain protecting grand array became even more.

Collapse was only in the next moment.

“This ... This is a grade two grandmist treasure! How is this possible?”

When Zhao Ding saw this scene, his complexion could not help turning deathly pale!

This Martial Secure Branch’s alliance chief was precisely the main culprit who destroyed the Martial Secure Heavenly Sect and killed He Xuyan and Feng Xuanyi, Zhao Ding!

In the branch, the others also had terrified expressions, and even started preparing to flee.

The power of this Myriad Realms Mountain was seriously too strong!

“Break for me!”

Ye Yuan bellowed, and the Myriad Realms Mountain crashed down with a loud bang for the third time!

Boom!

The mountain protecting grand array shattered in response, and the Myriad Realms Mountain fell directly on the front mountain.

In an instant, wails of doom filled the lands.

The Pill Alliance disciples staying in the front mountain who were crushed to death were beyond count!

In reality, it was effortless for Ye Yuan to pass through the grand array.

However, he intentionally created this commotion in order to make the Pill Alliance despair!

Just like how they brought it to the Martial Secure Heavenly Sect back then!

Even if he expended a large amount of divine essence, he would not hesitate too!

Grade two grandmist treasure, the power was unrivaled and terrifying. The consumption was naturally huge too.

With Ye Yuan’s present strength, he could at most control it around five times.

Once the five times was up, he would be powerless to control it anymore.

However, these five times, even if it was a middle Saint Sovereign Heaven who was struck solidly, they would definitely die beyond doubt too!

“Where did this little saboteur come from, to dare act wildly at my Pill Alliance!” Zhao Ding roared and arrived in an instant.

When Ye Yuan saw the arrival, his brows could not help raising.

He did not recognize Zhao Ding, but he would never forget this aura!

“So, it’s you! *Huhu*, it saved me the trouble of going to the Pill Alliance’s general alliance to find people! I didn’t expect that you actually stayed in the Martial Secure Heavenly Sect!” Ye Yuan looked at Zhao Ding and said with a smile that was not a smile.

Zhao Ding's brows furrowed, and he said, "You know me?"

He merely gave Ye Yuan a punch across the air back then and did not know Ye Yuan's aura.

And the Ye Yuan back then was merely an ant that could be easily crushed to death in his eyes, that was all.

Even if a huge commotion was caused, he did not pay attention to it either.

A genius who had not grown up was nothing at all!

Ye Yuan smiled and said, "More than a hundred years ago, you gave me a punch across the air. Have you forgotten all about it now?"

"You're Ye Yuan!"

Zhao Ding's shock was by no means insignificant!

He did not know that Ye Yuan actually had a grade two grandmist treasure in his hands!

That power just now, it was sufficient even to kill him too!

Of course, power was power, but whether or not it could hit was another matter altogether.

Saint Sovereign Heaven powerhouses would not stand there foolishly for Ye Yuan to suppress and kill.

However, he also knew that Ye Yuan's origin divinity had already reached Saint Sovereign Heaven, and he could instantly kill same rank powerhouses!

Not seeing him for a short hundred years, this guy actually already grew to such a level.

Too terrifying!

"Huhu, it looks like I still have some fame, to actually be able to be remembered by a Saint Sovereign Heaven! Back then, you brought people to destroy my Martial Secure Heavenly Sect. Then today, I'll destroy your Martial Secure Branch by myself! An eye for an eye, a tooth for a tooth; it isn't too overboard, right?"

Ye Yuan grinned, his figure instantly disappearing from where he originally was.

Zhao Ding's expression changed wildly. In a blink of an eye, Ye Yuan had already entered the mountain pass gates!

A massacre began!

[Unrivaled Medicine God](#)

Chapter 2768: Casual Demonstration of Power!

"Damn it! This boy's spatial rule has already attained sublimity. What a fast speed!"

Zhao Ding, this middle Saint Sovereign Heaven, could only eat dust under Ye Yuan's spatial rule too.

He could not make Ye Yuan stay by himself!

“Quickly run! Split up and run!” Zhao Ding shouted loudly, instantly spreading throughout the entire mountain pass gates.

The expressions of those Jade Sovereign Heaven powerhouses changed greatly when they heard it. How could they have time to hesitate, instantly fleeing in all directions.

Ye Yuan spread his divine sense and was able to capture the positions of all the powerhouses.

Boom!

Ye Yuan caught up to an upper Jade Sovereign Heaven with a lunge and blew him up with one punch!

“You bastard, this exalt will kill you!” Zhao Ding was raging. Catching up to Ye Yuan, it was one move.

But Ye Yuan did not have the intention of fighting with him at all. With a flash, he evaded him again.

Boom!

Ye Yuan slammed a punch out and the ground fissured.

A large swarm of Limitless Sublime Heavenly Stratum and Greater Sublime Heavenly Stratum disciples were either instantly killed or injured.

Zhao Ding’s two eyes were blood-red, and he was in a thunderous rage!

Some of these disciples were killed or injured. He did not care.

But, with how Ye Yuan was slaughtering people, even if it was the Pill Alliance, they could not afford it if the number was too high too!

Failing to kill Ye Yuan incurred the General Alliance’s displeasure to begin with.

If Ye Yuan exterminated the sect this time, then he really would not be able to lift his head anymore.

But, he could not do anything about it.

He could not catch up to Ye Yuan!

Ye Yuan made use of spatial rule. His speed was extremely fast!

Even if it was killing Jade Sovereign Heavens, it was merely a snap of his fingers too.

By the time Zhao Ding caught up, Ye Yuan had gone hunting down the others again.

This feeling of powerlessness nearly drove Zhao Ding crazy!

The other party was merely a grand completion Jade Sovereign Heaven!

“Huhu, the Pill Alliance’s disciples are really weak! Back then, when you killed your way up to the Martial Secure Heavenly Sect, did you have this kind of mentality too?” Ye Yuan’s mocking voice came from the air.

Boom!

Ye Yuan punched again, directly killing the half-step Saint Sovereign Heaven who was currently flying away.

With his half-step Saint Sovereign Heaven physical body combined with chaos true spirit bloodline, killing a same rank half-step Saint Sovereign Heaven was too easy.

In a short few hundred breaths, Ye Yuan slew five half-step Saint Sovereign Heavens, 20 over Jade Sovereign Heaven powerhouses, and countless low-level martial artists!

The entire high-end combat power of the Martial Secure Branch was eradicated by one-third all at once!

Zhao Ding was at his heel howling away but could not do anything about Ye Yuan.

“Damn it! Damn it! Damn it! This exalt will definitely kill you today!” Zhao Ding roared.

Ye Yuan could not help laughing when he heard that and said, “Are Saint Sovereign Heaven powerhouses all as feeble as you? Roaring here and there, there are only those few words. Come on. Kill me!”

Right at this time, the void trembled.

Two figures burst out of the sky!

When Zhao Ding saw the arrivals, he could not help being wildly ecstatic and exclaimed, “Wu Xingrui, Lin Zhongwei, you guys came just in time, help me delay this punk, I’ll kill him!”

Right when Ye Yuan was suppressing the mountain protecting grand array with the Myriad Realms Mountain, Zhao Ding already asked all parties for help.

At this time, these two finally arrived first!

Wu Xingrui two people could not help being stunned when they saw the desolation all over the mountain and dead bodies everywhere.

Martial Secure Branch was wiped out by a grand completion Jade Sovereign Heaven?

One had to know that the Martial Secure Branch was one of the strongest branches among the 15 branches!

Zhao Ding was even a middle Saint Sovereign Heaven mighty expert.

Now, he actually failed to take down a grand completion Jade Sovereign Heaven!

However, seeing Ye Yuan’s astonishing speed, they understood very quickly.

“Okay, leave it to us!” Wu Xingrui two people exchanged a glance and immediately set off to intercept Ye Yuan.

Zhao Ding laughed loudly and said, “Boy, this time, I’ll see where you run to!”

One person could only follow behind Ye Yuan and eat dust.

But these three great Saint Sovereign Heavens could shrink the encirclement and reduce Ye Yuan’s escape routes.

Coupled with Zhao Ding's powerful strength, surrounding and killing Ye Yuan was not impossible!

Reaching the level of Saint Sovereign Heaven, one comprehended heaven and earth Great Dao and shuttled through the void.

The usefulness of spatial rule became significantly diminished.

It was also that Ye Yuan's spatial rule was extremely strong. If it was any other Jade Sovereign Heaven, Zhao Ding would have smacked them to death with one slap.

Seeing three great Saint Sovereign Heavens besieging, Ye Yuan did not panic.

He gave a cold laugh, his figure advancing instead of retreating and actually directly met with Lin Zhongwei!

Zhao Ding's expression changed wildly, and he shouted, "He's going to use an origin divinity attack! Be careful!"

Origin divinity attacks had a certain range limit.

Therefore, Ye Yuan got close to Lin Zhongwei precisely in order to directly one-shot him!

However, Ye Yuan also did not expect that the Pill Alliance's foundation was so deep, to have actually cultivated origin divinity defense mystic arts in advance.

The origin divinity defense mystic art that Li Changsheng personally took out was not some common-ware. Otherwise, he would have long disseminated it.

Getting the warning, Lin Zhongwei's expression changed wildly, and he immediately activated the mystic art.

"True Soul Explosion!" Ye Yuan roared angrily, origin divinity power bursting out.

Buzz!

Lin Zhongwei only felt his origin divinity burst, his entire person being stunned, standing there sluggishly.

But he did not die!

The origin divinity defense mystic art took effect!

"Damn it!" Ye Yuan cursed in a low voice, passing right through the forest from Lin Zhongwei's direction.

Zhao Ding and Wu Xingrui were chasing him too closely. He had no way of acting.

He could kill Lin Zhongwei with one sword, but he would also have to die at the hands of Zhao Jian two people.

Middle Saint Sovereign Heaven was no joke!

Although Ye Yuan was currently powerful, he still had not reached the level of killing middle Saint Sovereign Heavens.

The gap between the realms was too big!

But he really did not expect that the Pill Alliance actually had such a powerful origin divinity defense mystic art.

One had to know, his origin divinity mystic art originated from the Divine Emergence!

Even if the other party had a physical body, he could still one-shot those in the same rank.

But Lin Zhongwei forcefully blocked it!

Ye Yuan was clear in his heart that this must be the sequela left behind from his battle with Yan Jadetrue back then.

This bunch of guys had likely all cultivated this secret technique.

However, it was also that there were three people encircling and suppressing him this time.

If there was only one person, it was not hard for him to kill the other party!

Although this defense mystic art was strong, his offensive mystic art was stronger!

Didn't they see that Lin Zhongwei's entire person was dazed after being bombarded?

"Hahaha, consider yourselves lucky! I won't be playing with you all anymore this time! However, you guys have to guard your homes well. I'll come at any time!" Ye Yuan laughed loudly and left just like that.

Zhao Ding two people could not catch up in time at all.

If Ye Yuan wanted to kill people, they could naturally surround and kill.

But, if Ye Yuan wholeheartedly wanted to escape, they could not stop him at all!

Lin Zhongwei also finally regained his senses at this time, but his eyes were still blank.

"What ... happened just now?"

Zhao Ding's expression was ugly to the extreme.

Three Saint Sovereign Heaven powerhouses, including a middle Saint Sovereign Heaven among them, besieged a grand completion Jade Sovereign Heaven and actually still let the other party run away!

"This guy's origin divinity attack is so strong! Lin Zhongwei activated his defense, and he was actually still stunned by him! If fighting one-on-one, he'll kill you guys as easily as flipping his hand over!" Zhao Ding said with a gloomy face.

Wu Xingrui felt lingering fear too and said with a nod, *"This boy's spatial rule is extremely strong, and his origin divinity attack is strange and unpredictable; really difficult to deal with!"*

Zhao Ding looked at the wrecked mountain pass gates and felt a headache.

"This boy probably won't give up just like that! You guys hurry back and set up defenses. I'll report back to the General Alliance now!"

Chapter 2769: Practice!

“What did you say? Lin Zhongwei activated the Vajra Dharma Body and was actually still injured by his origin divinity attack?”

At the Pill Alliance, Li Changsheng suddenly stood up after hearing Zhao Ding’s report.

His eyes were full of shock.

No one understood the prowess of the Vajra Dharma Body, this origin divinity defense mystic art, better than him.

Even across the entire Grand Brightjade Complete Heaven, this mystic art was sufficient to rank in the top ten too!

But Ye Yuan’s origin divinity offensive mystic art was actually a level stronger!

What did this indicate?

This showed that the level of Ye Yuan’s origin divinity offensive mystic art was higher than the Vajra Dharma Body!

In such a remote Rainclear Continent, where did such a formidable origin divinity mystic art come from?

Originally, Li Changsheng did not care about Ye Yuan at all.

But now, it was not up to him to not take him seriously anymore.

Ye Yuan’s origin divinity attack was so formidable; it meant that he could disregard the disparity in realm and kill Saint Sovereign Heaven powerhouses!

The factions that he took great pains to nurture could crumble at any time!

“Not only that!”

Zhao Ding said in a solemn voice, “He also has a grade two grandmist treasure in his hands, smashing the Grand Chaos Heavenly Gate Formation with three hits! His fleshy body already reached half-step Saint Sovereign Heaven too. It’s just that his divine essence realm doesn’t seem to be stable enough yet. I feel that ... he might be using us as practice!”

A Jade Sovereign Heaven using Saint Sovereign Heavens to practice?

Li Changsheng felt a little headache!

He thought that this boy was already dead back then. Who knew that not only did he not die, he became even more troublesome after returning?

If he was just an ordinary alchemy path genius, then forget it.

But Ye Yuan was not only heaven-defying in Alchemy Dao. His Martial Dao was also unbelievably monstrous.

This kind of opponent, anyone would feel a big headache.

(If you have problems with this website, please continue reading your novel on our new website myTHANKS!)

After a long time, Li Changsheng snorted coldly and said, "Using Saint Exalt Heavens to practice? *Humph!* Does he really think that this exalt is made of paper paste?"

... ..

Half a month later at the Pill Alliance's Bright Sun Branch.

Deep in the night.

Ye Yuan disposed of the mountain-guarding disciples silently, passed through the Grand Chaos Heavenly Gate Formation, and entered the mountain pass gates.

Bright Sun Branch's alliance chief was called Guo Huai, a middle-stage lower Saint Sovereign Heaven.

His strength could not be underestimated!

Through the previous fight, Ye Yuan discovered that in the same rank, the Pill Alliance's Saint Sovereign Heavens were much stronger than Saint Exalt Waycloud them all!

This made Ye Yuan become curious about the Pill Alliance's origins.

Mi Tian said that the origin divinity mystic art that Lin Zhongwei cultivated was called Vajra Dharma Body!

This level of origin divinity mystic art, only the 33 Heavens' top sect would have it.

Although this defense mystic art was not as good as Divine Emergence, Ye Yuan's cultivation realm was too low. He really could not breach the other party's origin divinity defenses.

It was also that Lin Zhongwei was too weak. If it was Zhao Ding, the effect of the origin divinity attack would be negligible!

This made Ye Yuan greatly surprised.

The Rainclear Continent was isolated from the world. Even the alchemy development was lagging extremely behind; how could such a high level origin divinity mystic art appear?

Connecting it to the Pill Alliance's true grade heavenly pills again, Ye Yuan guessed that this Pill Alliance's alliance chief, Li Changsheng, probably came from a top sect outside of the Rainclear Continent!

If that was the case, then the faction behind the Pill Alliance was extremely terrifying.

Of course, no matter how terrifying, it could not change Ye Yuan's determination to seek vengeance too.

The Pill Alliance must be destroyed!

Ye Yuan displayed spatial rule all the way, fumbling towards the main hall.

The transmission array was set up there.

In the Martial Secure Branch, Ye Yuan's goal was not to kill people but to figure out the location of the transmission array.

Since the various major branches were built uniformly, the rough construction was naturally about the same.

Especially transmission array this kind of important thing, it was definitely placed in the safest place.

Where was the safest?

It was naturally the main hall!

This place had powerhouses plentiful like clouds. The alliance chief was here too.

It was simply impossible for ordinary people to want to grope their way to the transmission array.

But, by displaying spatial rule and borrowing the cover of the night, Ye Yuan fumbled his way in easily.

Carefully passing through one restriction after another, Ye Yuan finally found where the transmission array was at.

There were four Jade Sovereign Heavens waiting in full battle-array ahead, standing guard over the transmission array.

Ye Yuan laughed lightly, and his origin divinity suddenly erupted.

True Soul Explosion!

Four Jade Sovereign Heavens virtually died at the same time.

However, this eruption immediately triggered the restriction too.

"Who is it?! To dare trespass my Bright Sun Branch!" Guo Huai roared, reaching in a blink of an eye.

However, it was already too late!

Boom!

The Myriad Realms Mountain smashed straight towards the transmission array. The spatial passageway collapsed in an instant!

Guo Huai rushed over, only to see a wrecked transmission array, and could not help turning greatly pale with fright.

"You're Ye Yuan!" Guo Huai looked at Ye Yuan with a look of fright.

Ye Yuan grinned and said, "Relax, I won't use origin divinity attacks to kill you! Come, practice with me!"

Guo Huai's expression turned cold, and he said with a sneer, "You want to borrow my hands to consolidate your realm? *Huhu*, do you really think that Saint Sovereign Heavens are roadside cabbages?"

Heaven Breaking Divine Saber!

His voice had yet to fade when Guo Huai suddenly launched a sneak attack, cleaving over with a saber!

This saber was swift to the extreme!

Furthermore, the saber in his hand was even a grandmist treasure!

In an instant, Ye Yuan felt that all of his paths of retreat had been sealed off!

At this moment, Ye Yuan felt a powerful pressure!

This Guo Huai's saber intent already reached the realm of Great Dao Transformation!

Sure enough, the Pill Alliance's Saint Sovereign Heavens all had extraordinary strength!

However, this was also precisely what he requested.

Right away, the Dragon Spring Sword emerged with a howl and directly greeted without retreating in the slightest.

Jade Sovereign Heaven versus Saint Sovereign Heaven!

Boom!

The terrifying undulation directly blew the entire main hall up.

The berserk heaven and earth spiritual energy startled the entire Bright Sun Branch awake!

"Enemy attack!"

"Alliance Chief is fighting with the enemy!"

"Mn? Why is the opponent a Jade Sovereign Heaven? He ... He's Ye Yuan!"

"So strong! This guy is just Jade Sovereign Heaven, and he's actually fighting with Alliance Chief until neither can get the upper hand!"

... ..

For a moment, Bright Sun Branch was shaken from top to bottom.

They had never seen it before; a Jade Sovereign Heaven could actually fight fiercely with a Saint Sovereign Heaven!

But today, they witnessed it!

The Dragon Spring Sword turned into 108 flying swords at this moment, forming into an incomparably sharp sword formation.

And Guo Huai did not show weakness in the slightest, his unrestrained blade dancing until it was airtight.

The two people went back and forth and actually directly blew the main peak up!

Places that they passed through, the Pill Alliance's disciples were directly ground up by the force.

They were unable to intervene in this level of battle at all.

Guo Huai's strength was extremely robust.

It looked like they were meeting as equals, but in reality, he was suppressing Ye Yuan.

Ye Yuan's sword intent was suppressed by Guo Huai's crazed saber intent until he could not catch his breath.

It was also that Guo Huai was certain that he would die that caused him to erupt with an even greater combat power.

He knew that once Ye Yuan used origin divinity attacks, he would only have one road: death.

Rather than that, he might as well do everything in his power to suppress the opponent.

What if the other party fumbled and got split into two by him?

However, fighting with Ye Yuan, he was incomparably shocked in his heart.

His Great Dao Transformation was just one law transformation. Furthermore, it stopped at the third form.

But Ye Yuan's three laws transformation was actually already cultivated to late-stage fourth form!

It was also precisely by relying on this that Ye Yuan was fighting with him until neither could gain the upper hand.

Guo Huai muse; once Ye Yuan broke through to Saint Sovereign Heaven, then how horrifying would his combat power be?

Unrivaled Medicine God

Chapter 2770: Sudden Idea!

The more Guo Huai fought, the more alarmed he became.

It was because he detected that Ye Yuan's cultivation realm was becoming more and more consolidated!

This guy's adaptability in the middle of battle was a little too formidable!

Cultivation realm consolidating, Ye Yuan's sword formation became more and more solid.

Previously, Guo Huai's saber intent could still suppress Ye Yuan.

But now, the two of them were really evenly matched.

In fact, Ye Yuan already had faint signs of breaking through and gradually turned around to suppress him!

This rate of improvement was simply outrageous to hear!

"Huhu, you seem to be unable to suppress anymore!" Ye Yuan said with a light laugh.

The imposing aura on his body grew stronger and stronger. Guo Huai was already unable to resist anymore.

Guo Huai's expression changed, and he said in horror, "You ... You're going to break through?"

Ye Yuan smiled and said, "To you guys, maybe breaking through to Saint Sovereign Heaven is an extremely difficult thing. But to me, it's merely something that will happen without effort. Now, I'm already at grand completion Jade Sovereign Heaven. Only this last step is missing!"

Above the void, the wind and clouds were already starting to fluctuate.

Signs of a breakthrough had already begun!

The shock in Guo Huai's heart could not be any greater.

He had never seen before a genius who broke through to Saint Sovereign Heaven so easily!

Saint Sovereign Heaven was a massive hurdle.

Even if one's talent was exceptional, they also needed sufficient accumulations before they could break through.

But Ye Yuan did not need it at all!

But right at this time, Ye Yuan's expression suddenly changed.

A huge crisis surged in Ye Yuan's heart.

At the same time, Guo Huai's face revealed a look of greater shock than just now.

It was because he felt it too!

"This ... How is this possible? You're actually ... going to transcend tribulation already?" Guo Huai cried out involuntarily.

Yes!

In that instant just now, he felt the aura of Saint Sovereign Dao Tribulation!

Ye Yuan actually triggered the Saint Sovereign Dao Tribulation at the juncture of breakthrough!

This was simply inconceivable!

The condition for Saint Sovereign Dao Tribulations to trigger was normally all calculated in years.

Some people could only trigger it once every ten thousand years. But others could trigger it once every few thousand years.

And the shorter the time indicated the greater the potential of this person!

Saint Sovereign, it had never been heard of that someone triggered the Saint Sovereign Dao Tribulation when breaking through to Saint Sovereign Heaven!

Guo Huai felt like he was almost suffocating.

Just what kind of a monster did the Pill Alliance provoke!

Suddenly, Ye Yuan's figure swayed, and he stopped the fight.

Guo Huai looked toward Ye Yuan, fearful to the extreme.

This guy was simply a human-shaped monster!

Ye Yuan, who withdrew from battle, his aura suddenly stopped skyrocketing, as if being forcibly nipped in the bud.

Guo Huai's pupils constricted, and he said with a cold smile, "Ye Yuan, you're afraid! Triggering the Saint Sovereign Dao Tribulation when breaking through is unprecedented! Your Saint Sovereign Dao Tribulation must be very horrifying!"

Ye Yuan looked at Guo Huai and said with a smile, "You're thinking too much! I suppressed my realm, not because I'm scared of the Saint Sovereign Dao Tribulation. It's just that I feel that this isn't the place to break through."

Guo Huai laughed loudly and said, "It's useless! Your talent has evoked Heaven's jealousy. No matter where you break through, Heavenly Dao will kill you!"

Ye Yuan was indifferent and said with a smile, "Guo Huai, you brought people to destroy Shangyu Heavenly Sect back then! Slaughtering more than 5000 people in Shangyu Heavenly Sect, your sins are heinous! Originally, I was planning on directly killing you. But now, I've changed my mind!"

Guo Huai's expression changed, secretly thinking that things were bad, but only to feel his head buzz, and he was dazed.

"ARGH!!"

When Guo Huai woke up, he could not help crying out in pain.

Ye Yuan already crippled his cultivation!

Back then, Ye Yuan saved many Martial Secure Heavenly Sect disciples with the Hundred Poison Formation, letting many disciples escape with their lives.

But Shangyu Heavenly Sect did not have Ye Yuan.

They got surrounded by the Pill Alliance, and their entire sect was massacred, blood flowing like rivers!

And the main culprit was Guo Huai!

Ye Yuan naturally would not select targets at random.

If he wanted to destroy the branches, he would also find the people who took action back then.

Firstly, it was a probe.

Secondly, it was also to avenge the five heavenly sects.

The battle back then was really incomparably tragic.

No, it should be that it was a one-sided massacre!

Guo Huai was one of the executioners!

Guo Huai's eyes turned bloodshot from anger, his eyes full of resentment as he let out a wild laugh and said, "Ye Yuan, your talent is too terrifying, evoking Heaven's jealousy! You'll definitely die! Even if you torment me, it won't change this fact too!"

Ye Yuan looked at Guo Huai and said with a smile, "Is that so? Then I'll give you a chance and let you see me being killed by the Saint Sovereign Dao Tribulation! However ... if I go to the Pill Alliance and lure a bunch of Saint Sovereign Heaven powerhouses, and then I break through to call down the Saint Sovereign Dao Tribulation, don't you think that it will be very interesting?"

When Guo Huai heard that, his entire body could not help trembling!

This guy was insane!

Ye Yuan's Saint Sovereign Dao Tribulation would definitely be extremely terrifying.

If he broke through in the crowd, it would be equivalent to a moving bomb!

The consequences ... were too ghastly to contemplate!

"You ... You lunatic! Your Saint Sovereign Dao Tribulation, if you prepare adequately, there's still a glimmer of hope! But, if you really do this, you'll definitely die without a doubt!" Guo Huai said fearfully.

Ye Yuan could not help laughing when he heard that and said, "Whether or not I die, you'll know when the time comes!"

Finished saying, Ye Yuan carried the dead-dog-like Guo Huai and left the Bright Sun Branch.

... ..

Very soon, a piece of news that shocked the Five Great Heavenly Regions spread.

The Heaven's chosen of his generation, Ye Yuan, destroyed the Bright Sun Branch with his power alone!

Bright Sun Branch's Jade Sovereign Heaven powerhouses, all were exterminated!

Bright Sun Branch's alliance chief, Saint Sovereign Heaven powerhouse Guo Huai, was captured alive by Ye Yuan, his whereabouts unknown!

What was even more shocking was that Ye Yuan was actually not a Saint Sovereign Heaven yet!

"This news is fake, right? How can a Jade Sovereign Heaven possibly defeat Saint Sovereign Heaven powerhouses?"

"Yeah, this is also exaggerated too ridiculously! If you say that Ye Yuan was powerful and escaped from Guo Huai's hands, I still believe it. But, to say that Ye Yuan captured Guo Huai alive, I don't believe it even if you beat me to death!"

"What do you know? In the great battle that day, there were thousands of Pill Alliance disciples watching the fight! Ye Yuan killed all of the Jade Sovereign Heaven powerhouses but gave the other disciples a way out! Everyone present can testify!"

"There's still this matter? But ... But how is this possible?"

... ..

For some time, the people were all talking about this.

Especially the various major heavenly sects that were being ruled by the Pill Alliance, their thoughts started stirring at this time.

Finally, someone started provoking the Pill Alliance!

These few years, they lived like dogs. There was finally someone who started to resist!

Furthermore, the resistance was even so sharp!

One had to know, destroying a branch, this was absolutely a tremendous blow to the Pill Alliance!

Especially a Saint Sovereign Heaven, this was not some cabbage!

Each Saint Sovereign Heaven was a strategic power.

One death had a great impact on the battle situation!

In a secret place in True Yang Heavenly Domain, a group of Saint Sovereign Heavens was gathered here.

Saint Exalt Waycloud laughed loudly and said, *“Hahaha ... Invigorating! Invigorating! That overweeningly arrogant Pill Alliance finally has someone to take care of them! Younger Brother Ye is quiet when not making a move, but the moment he took action, it amazed the world with a single brilliant feat!”*

Saint Exalt Pill Alliance said, *“Guo Huai isn’t some random Tom, Dick, or Harry! His strength can rank in the top three among the Pill Alliance’s lower Saint Sovereign Heavens! Younger Brother Ye can actually capture him alive with his power alone!”*

But Saint Exalt Skyfortune frowned and said, *“But why didn’t Younger Brother Ye kill him immediately? Also, he hasn’t come to inform us until now. Could it be that ... he’s planning on destroying the Pill Alliance by himself?”*

Saint Exalt Purplesun shook his head and said, *“I heard that Younger Brother Ye raided Bright Sun Branch in order to consolidate his realm! It looks like he’s planning to break through to Saint Sovereign Heaven first! However, with his combat power, after breaking through to Saint Sovereign Heaven, he might not be unable to fight with that Li Changsheng! But I’m very curious. What on earth is he planning to do by capturing Guo Huai alive? I keep feeling that ... he’s going to do something unexpected!”*
