Chapter 2801: Breaking Through the Encirclement!

“Zi Cheng, the human blood that you got the last time was pretty good. Do you still have any, share a little with me! Zi Cheng? Mn? Zi Cheng?”

At the tail of the team, a Saint Sovereign Heaven was currently talking to the guy behind.

But he talked for a long time, and the other party ignored him.

Turning around to look, his hair could not help standing on end.

He was gone!

There were ten people behind him. Why were they all gone silently?

‘When did they disappear?’

“Lord Zhao Ming! Lord Zhao Ming! Things are bad! Zi Cheng they all are gone!” That Saint Sovereign Heaven cried out in alarm.

Lord Zhao Ming was their 100 man team’s captain, a grand completion Saint Sovereign Heaven powerhouse.

‘When Zhao Ming turned around to look, sure enough, he discovered that ten people were missing, and his hair also could not help standing on end.

Ten people!

They were gone without even setting off any waves?

“Where are they?” Zhao Ming said in a cold voice.

‘That Saint Sovereign Heaven smiled bitterly and said, I don’t know either! We were still talking just now, but when I looked back, they were gone!’

Zhao Ming’s expression changed, and he said in a solemn voice, “It must have been done by those guys! They hid in this fog and secretly killed us! No way, we can’t go on searching like this. Otherwise, we’ll die out!”

Suddenly, Zhao Ming attacked abruptly, hitting into the void.

Boom!

Boom!

Boom!

Very soon, there were two teams of 100 men each that felt this commotion and rushed over.

“Where’s the enemy?”

“Where are they? Zhao Ming, what are you doing?”

'When the two captains came over and discovered that there were no enemies at all, they could not help feeling annoyed.

Zhao Ming said in a solemn voice, "You guys quickly check. How many people are missing in your 100 man squad?"

'The two captains were taken aback and hurriedly checked their 100 man squads, and their faces could not help changing wildly.

'The two teams were missing nine people when added up!

The scariest thing was that they actually did not notice it at all!

"This ... What's going on here?" One of the captains said in shock.

Zhao Ming said in a solemn voice, "It must be those guys who did it! We can't continue searching like this. Quickly inform everyone, let's gather together!"

The other two captains nodded one after another.

Very soon, the army was gathered together.

Upon checking the numbers, more than 300 were missing!

Everyone had a gloomy look on their faces.

"Fu Hai? Where's Fu Hai? Also ... Also gone?" Suddenly, a blood race warrior shouted.

Ahint of strangeness showed on everyone's faces.

The army was already gathered, and these few fellows were still stabbing them in the back!

F*ck!

We can't do this!

"Quickly go! Can't stay in this fog anymore!" Zhao Ming said in a solemn voice.

Everyone was very much in agreement.

Hence, the army of 5000 withdrew out of the fog.

Hearing the reports by Zhao Ming and the others., Han Guang's expression was incredibly dark.

"Damn it! We might not necessarily have so many losses after experiencing a great battle too! These few humans, this commander will definitely kill them!" Han Guang said furiously.

Adding in the 100 man squad that was lost previously, this blood race Saint Sovereign Heaven army already lost close to 500 people before even engaging in war!

'When their blood race fought with the Heaven One Continent, as long as Emperor Realm powerhouses did not appear, it was very hard for 500 people to die too.

One had to know, this army was a Saint Sovereign Heaven army!

Even when facing a 5000 strong human Saint Sovereign Heaven army, they completely crushed them too and absolutely would not suffer such heavy losses!

The recovery ability of the blood race was extremely strong. The greater the battle, the harder it was for them to be killed.

But, who knew that after encountering five Saint Sovereign Heavens, they actually had so many people being ambushed to death within a few short days!

Han Guang's heart was dripping blood!

But now, he had already mounted the tiger and found it hard to dismount.

He was seriously injured. It would be hard to recover for a while. It would be to no avail if he entered too.

If he let Chile go in, he was afraid that Ye Yuan they all would directly run away.

After all, Chile's divine sense was too weak and could not penetrate the fog too much as well.

Unless Ye Yuan they all showed up around Chile, he could not do anything to Ye Yuan they all either.

"Lord Commander, what should we do now?"

Han Guang's gaze flickered, and he said, "All of you go to the other side and block off this fog! Once they come out, kill without amnesty!"

The subordinate's expression changed, and he said, "That way, we are at risk of exposure!"

Han Guang said in a solemn voice, "Who cares! Chile alone might not be able to stop them! If even one of them escapes, it will be fatal to us! Commander Luo Chuan will be arriving in three days. After he arrives, it will be the time of death for these guys!"

In the fog, Yang Qing was as destitute as snow.

"These guys are really dumb! Under Saint Exalt Azuresky's slaughter, they don't even dare to enter the fog anymore!" Yang Qing showed off and said.

No one paid attention to him.

Ye Yuan said in a solemn voice, "They seem to be waiting for someone here! This shows that this Saint Sovereign Heaven army isn't all of it! We can't wait anymore. Otherwise, not only will the news not be sent out, we'll have to die here too!"

Ye Yuan felt that the blood race probably still had even more True Sovereign Heaven experts that would be arriving one after another.

No matter how weak Heaven One Continent's human race was, it was also impossible for it to be conquered by two True Sovereign Heavens.

Therefore, they must be waiting!

"How many days do you still have before you can recover?" Yang Qing asked.

“Three days!”

Three days later, on the coastline, the 4000 over people blood race army were waiting in full battle-array.

Suddenly, several figures suddenly rushed out and charged right into the army.

The moment Ye Yuan unleashed his Universe Sword Formation, he immediately slew more than ten Saint Sovereign Heavens.

The others killed frenziedly under his cover.

Especially Yang Qing, when a spear rushed out, someone would definitely die!

Seeing Ye Yuan’s grand display of invincible might, Chile’s pupils constricted, and he exclaimed, “How is this possible?! This boy only used half a month to completely recover?”

However, he did not have time to be surprised. His figure flashed, and he rushed towards Ye Yuan.

Ye Yuan five people’s speed was too fast. They instantly formed an opening!

The moment Chile’s True Sovereign Heaven pressure emerged, he charged straight for Ye Yuan!

Ye Yuan laughed coldly and a Dao sword actually condensed in his hand!

Chile’s expression changed wildly, retreating ever faster than when he came!

Because this sword of Ye Yuan’s was already chopping down right at him!

He knew perfectly well that this sword directly crippled Commander Han Guang!

However, Ye Yuan suddenly grinned, the Dao sword in his hand directly disappeared without a trace. The terrifying pressure vanished right away.

“Scaring you! Goodbye!”

The five people turned into afterimages, flying straight for the continent.

On the other side, the void trembled, and one figure after another stepped out of the void.

Focusing one’s eyes and looking, there were actually more than 5000 people!

These 5000 people were shockingly all Saint Sovereign Heavens!

And the True Sovereign Heaven powerhouses in the forefront actually reached as many as five people!

“Commander Luo Chuan!” Han Guang immediately bowed to one of them.

Commander Luo Chuan was a grand completion True Sovereign Heaven level super powerhouse!

This ten thousand strong army was led precisely by him.

When Luo Chuan saw Han Guang, his brows could not help furrowing slightly, and he said in a solemn voice, “What’s going on?”

Han Guang hurriedly said, "Several divergent cultivators suddenly appeared at sea! One of them actually condensed a terrifying Dao sword and damaged my foundation with one sword!"

Luo Chuan said in a solemn voice, "Where are they?"

"Still in the fog. I've already ordered Chile to stop them at the coastline!"

Luo Chuan said in a solemn voice, "Useless trash!"

Chapter 2802: Inciting Heavenly Punishment, Reporting Information!

Swoosh! Swoosh! Swoosh!

One figure after another dashed out of the fog. Luo Chuan's eyes turned intent, and he said in a solemn voice, "Where are they?"

The coastline was starkly empty. Where was there still a hint of any presence?

Han Guang's pupils constricted, and he gnashed his teeth in hatred and said, "Damn it! Those few punks must have broken through the encirclement!"

"Trash!"

Luo Chuan yelled loudly in shock and rage: "How great a price did our blood race pay for this northern war situation? Even Hegemon Bloodsky acted personally! Now, it failed just a step away from success!"

Han Guang was in fear and trepidation, immediately kneeling down.

How could he not know the severity of this matter? But how could he have known that a middle Saint Sovereign Heaven could slash him with one sword move?

This sort of thing was seriously too surprising!

"Ming Xu, you lead the army to station here. This commander will go and chase after those humans. I hope that I can make it in time!" Luo Chuan instructed and immediately disappeared.

Ye Yuan five people killed their way out of the heavy encirclement, fleeing while fighting.

Chile was fearful of Ye Yuan's Dao sword and did not dare to pursue alone. He could only order the army to chase him down together.

But, the closer they got to the continent, the greater the risk of being exposed.

Right now, the blood race's setup had yet to be completed!

Once detected by the northern powerhouses, the previous efforts would be wasted.

Just based on them, these True Sovereign Heavens and Saint Sovereign Heavens, it was naturally impossible to take down Heaven One Continent.

'Wanting to gain a firm foothold in the north, the more important thing was still the cooperation of Emperor level powerhouses and Hegemon level powerhouses!

Without them, any random human Emperor level powerhouse that came could eradicate them.

“Still chasing? You keep chasing, and I’m really going to kill you!” From ahead came Ye Yuan’s cold laugh.

Chile’s face turned black, and he said in a solemn voice, “If you have the capabilities, try killing this commander!”

“Is that so? Then I’m coming!”

Done talking, Ye Yuan slashed a sword out backhandedly, heaven and earth changed colors!

The horrifying to the extreme aura made Chile’s expression change wildly, his figure suddenly descending.

But this sword did not land.

Ye Yuan suddenly beamed and said, “Huhu, still bluffing you!”

F*ck, it was another feint!

Chile practically wanted to vomit blood!

‘Along the way, Ye Yuan used this move to trick him three or four times already.

Each time he saw that he was going to catch up, Ye Yuan would do it once.

Yet, he really had no choice.

Once he got too close, this sword of Ye Yuan’s could really take his life.

Ye Yuan’s sword heavily wounded Commander Han Guang with a chop. His strength was significantly worse than Han Guang’s. He reckoned that even if he did not die, he would become crippled too.

In the blood race, trash had no existence value.

Chile had no choice and could only hang behind Ye Yuan like this, reducing their speed.

He could only hope that Lord Luo Chuan could rush over as soon as possible and kill this vile spawn.

This boy was too hateful!

“Still chasing? I’m already home!” Ye Yuan said with a grin.

Sure enough, extremely far away, the outline of a city already slowly appeared in his field of vision.

During the chase, both parties already flew an extremely far distance.

Along the way, there were naturally traces of human activities too.

But Chile split off a portion of the army and immediately started massacring!

It was for the sake of keeping the secret.

Ye Yuan was completely clueless about Heaven One Continent. But, the appearance of the blood race made him have some judgment.

Most likely, Heaven One Continent's situation was not optimistic!

'The blood race appeared behind the continent without a sound. It was likely an extremely important strategic intent.

He came just at the right time and bumped into it!

The most important mission now was to let the human powerhouses know.

Otherwise, not only would he have to die, but Heaven One Continent would also probably fall completely into enemy hands!

Mi Tian said before that the blood race was a very terrifying race. They would devour their opponent's blood and grow stronger the more they fought!

Once they gain a firm foothold, even more powerful blood race powerhouses would appear!

But right at this time, a shocking aura engulfed everything and swept over from a distance!

'The faces of Ye Yuan and the rest changed wildly.

This aura was far too strong!

It was an existence that he could not possibly kill even if he brought out the Dao sword!

Chile naturally sensed it too and said with a big laugh, "Boy, you probably ... can't go home anymore! Commander Luo Chuan is a grand completion True Sovereign Heaven. You're dead for sure!"

The other party's speed was too fast!

'They did not have time to escape into the city at all and would be caught up to!

Ye Yuan's gaze turned intent, and he said in a solemn voice, "Yang Qing, hold him back!"

Yang Qing's strength naturally could not compare to Chile.

However, he was also strong enough. Delaying for a short while was still doable for him.

However, this way, the five people immediately got caught in the army's encirclement!

Ye Yuan completely ignored those blood race members, directly controlling the Dao sword to rise to the sky.

Ye Yuan's Dao sword immediately became a giant sword, shooting straight to the sky!

'The Saint Sovereign Heavens that approached Ye Yuan were directly obliterated by the sword energy exuding off of the Dao sword.

Rumble

As if sensing Ye Yuan's Dao sword, dark clouds immediately gathered overhead above the sky, lightning flashing and thunder rumbling.

Ye Yuan pointed at the sky with the sword once again!

Furthermore, along with the increase in Ye Yuan's strength, heaven's might was several dozen times stronger than in the past!

The sky within a radius of several tens of thousands of miles was shrouded by this layer of dark cloud.

At this moment, countless powerhouses were shocked!

'What Ye Yuan wanted was this effect!

Far away, Luo Chuan's expression changed wildly, knowing that the plan this time had completely failed!

On top of Northern View City's walls, several figures looked into the distance across the space.

Northern View City was the city closest to Ye Yuan.

Song Miao was this Northern View City's city lord.

A subordinate exclaimed, "City Lord, which senior is this that's transcending their True Sovereign Dao Tribulation? This power is so terrifying!"

He had seen before City Lord, His Excellency, transcending True Sovereign Dao Tribulation before. It was merely nothing more than this.

And City Lord, His Excellency, was an upper True Sovereign Heaven mighty expert!

But, Song Miao's brows furrowed together, and he said in a solemn voice, "This isn't a True Sovereign Dao Tribulation! This is ... heavenly punishment! The person transcending the tribulation is a divergent cultivator! However ... why would someone be transcending their tribulation in that direction?"

There seems to be something odd about this matter."

The subordinate also said with uncertainty, "Yeah, there are many humans and true spirits over there. It isn't some good place to transcend tribulation. Why would there be someone who chose to transcend their tribulation here?"

The place to transcend tribulation, most people would choose a quiet and remote place.

After all, transcending tribulation was having nine chances to die and one chance to live. If someone interfered, that would be certain death.

Such a clamorous place was not suitable to transcend tribulation at all.

Yet, someone was transcending tribulation. Furthermore, they caused an extremely huge commotion.

"This sovereign will go over and take a look. You all guard the city and activate the city protecting grand array and wait in full battle-array!" After he was done talking, Song Miao's figure swayed, and he headed for the place where the tribulation was being overcome.

He was a True Sovereign Heaven powerhouse. His speed was swift to the extreme.

But very soon, his expression changed wildly!

Blood race!

‘There were actually a large group of blood race powerhouses in the center of the storm!

The hallmark of the blood race was very obvious. Once they started to fight, blood energy would surge to the sky. It was very easy to identify.

“This ... This place is the land of extreme north. Why would there be blood race members here? Could it be that ... they secretly opened up a spatial passageway and plan on invading Heaven One Continent through the sea?”

Song Miao guessed the general idea very soon. But this conjecture made him break out into a cold sweat due to fright.

This news was seriously too important!

“Immediately send news back to Chaos Origin Sect! The blood race opened up a spatial channel! They are invading from the north!”

Song Miao’s words reverberated across the sky, immediately transmitting back to Northern View City.

This sentence immediately caused a huge shock.

“What?! The blood race actually appeared in our land of extreme north too?”

“How can that be! Opening up a spatial passageway, the blood race actually used this kind of shocking method!”

“Is the peace of the north finally going to end?”

In Northern View City, it was already completely shocking when they found out.

The blood race was the nightmare of the Heaven One Continent.

However, the northern lands were far away from the battlefield. It barely managed to be considered as peaceful.

‘The appearance of the blood race was a tremendous blow to them.

They knew that the originally peaceful northern lands would turn into a savage battlefield!

Swoosh!

Swoosh!

Swoosh!

One powerful aura after another came from all directions.

‘These auras were all True Sovereign Heaven!

“Brother Song, is it really the blood race?” Someone stepped out of the void, looking at Song Miao as he said with a solemn expression.

Song Miao nodded and said, “Absolutely true! That Dao friend deliberately called down heavenly punishment in order to deliver the message to us! He’s being pursued by the blood race. Let’s hurry up and save him!”

Beside Song Miao, one figure after another appeared. Eight True Sovereign Heavens actually appeared all at once!

‘These True Sovereign Heavens were all powerhouses in the vicinity of Northern View City.

‘They were originally attracted by Ye Yuan’s heavenly punishment. When Song Miao roared, they immediately knew what was going on.

Hearing Song Miao’s order, they did not hesitate in the slightest, sweeping towards the center of the storm like lightning.

On the other side, Luo Chuan also came howling while bringing an astonishing aura.

Both sides were at an explosive point.

The Chile who was currently chasing Yang Qing, his expression turned ashen at this time too.

He also realized that the surprise attack plan had completely failed!

‘Their army was actually punched through by five Saint Sovereign Heavens!

‘With Ye Yuan bringing along four people, not only did they kill their way out of the heavy encirclement, they even completely transmitted the news that the blood race came to attack, back to the humans!

Until now, Chile still felt like he was dreaming.

He looked at the Ye Yuan, who was akin to facing a great enemy, his eyes seemingly full of killing intent.

“Damn it! You, punk, must die under the Dao tribulation!” Chile gritted his teeth and said.

He did not dare to go and kill Ye Yuan, the power of this Dao tribulation was too terrifying!

Seven-nine Dao tribulation!

The heavenly punishment that Ye Yuan called down was a seven-nine Dao tribulation!

Seven-nine Dao tribulation, it was a genuine True Sovereign Dao Tribulation!

Furthermore, this was heavenly punishment, not Dao tribulation!

‘The power of heavenly punishment was even more terrifying than Dao tribulation!

One could say that this was the enhanced version of the seven-nine Dao tribulation!

The current Ye Yuan, he also felt his scalp tingle.

‘Taking the initiative to call down heavenly punishment, this was completely a death-seeking action. But he had no choice.

'That True Sovereign Heaven was at grand completion. Even if he had the means to access the highest heavens, he would surely die without a doubt too!

Fortunately, he sensed that the powerhouses from the human race there were here!

"Damn human brat, to dare ruin my blood race's shocking plan. I'll definitely kill you today!"

The person had yet to arrive, but the voice arrived first.

Luo Chuan's angry roar resounded across the horizon!

The blood race really paid a huge price for the sake of this plan!

They invested a great deal of power in the south, restraining countless human powerhouses. It was for the sake of dealing a fatal blow in the back.

But now, it failed on the eve of success!

And everything was because of this human brat!

A punk who was only middle Saint Sovereign Heaven!

Even if you're transcending tribulation, I'm going to kill you too!

He was a grand completion True Sovereign Heaven expert, his strength being immensely formidable. He did not fear the seven-nine Dao tribulation at all.

And right at this time, the human True Sovereign Heaven powerhouses also just happened to arrive!

"Many thanks to Fellow Daoist for bringing down heavenly punishment to send the message, saving the human race, saving Heaven One Continent ..."

Song Miao said halfway and found that he could not continue anymore.

Fellow Daoist?

He discovered to his horror that the one who brought down the seven-nine Dao tribulation was shockingly just a middle Saint Sovereign Heaven!

Fuck, a middle Saint Sovereign Heaven called down a seven-nine Dao tribulation?

Also, this densely packed blood race army, there were several thousand people!

'There were even True Sovereign Heaven powerhouses among them!

How did this guy run over?

Song Miao only felt that his worldview was about to collapse.

How did this kid do it?

Although Yang Qing's strength was very strong, Song Miao saw through at a glance that Ye Yuan was the backbone of these five people!

It was because he called down the heavenly punishment!

A middle Saint Sovereign Heaven, brought along four Saint Sovereign Heavens, smashed through the defense of the blood race army, and sent a message to Northern View City!

If not for seeing it with his own eyes, he would never have believed it!

This was too freaking fake!

Not just him, the True Sovereign Heaven powerhouses who dared to come were all inexplicably shocked.

‘They all thought that it was a Fellow Daoist. In the end it was just a junior!

“What the hell! The young ones are really to be feared!”

“This boy is going to defy the heavens!”

“Seven-nine Dao tribulation, can ... can he overcome it?”

While in shock, the True Sovereign Heavens already clashed together with Luo Chuan.

The imposing momentum was shocking!

Luo Chuan fought one-on-seven, and he did not fall into a disadvantageous position in the slightest.

This Luo Chuan was too strong.

As soon as Song Miao and the others clashed, they immediately felt tremendous pressure.

Meanwhile, another person took over Yang Qing and faced off against Chile.

This True Sovereign Heaven was the weakest, being only lower True Sovereign Heaven.

“F*cking hell, it was really too exciting with this guy! It was virtually certain death outcomes along the way! I didn’t expect that Your Father could actually survive! Hahaha ... I, Saint Exalt Azuresky, am indeed someone that heaven favors, and I will definitely dominate Heaven One Continent in the

future!” Yang Qing said with a big laugh.

Bang! Bang! Bang!

Right at this time, the seven-nine Dao tribulation fell!

Three thick bolts of lightning fell together.

Countless cracks immediately appeared on the Dao sword!

Ye Yuan spurted a mouthful of fresh blood wildly, already suffering serious injuries.

The Dao tribulation this time was different from usual!

With three bolts of seven-nine Dao tribulation arriving together, the tribulation’s power was tripled!

Ye Yuan’s Dao sword was immediately severely damaged.

He was repairing the Dao sword, but the Dao tribulation did not give him time to repair it at all!

Ye Yuan's Dao sword had not been completely repaired when another three bolts of Dao tribulation fell down.

Bang! Bang! Bang!

The cracks grew even more on Ye Yuan's Dao sword.

Ye Yuan's complexion became deathly pale.

Heavenly punishment was indeed different from Dao tribulation!

"Hey, Ye Yuan, you wouldn't die, right? This Dao tribulation is unusual!" Yang Qing jinxed.

'When Song Miao and the rest who were fighting fiercely with Luo Chuan felt the power of the Dao tribulation, each and every one of them was extremely shocked too.

Just how monstrous was this kid to actually provoke Heavenly Dao until it wanted to eradicate him this much?

That Dao sword was so strong!

"Hahaha ... Watching you get smote to death by Dao tribulation, this commander is satisfied!" Luo Chuan let out a loud laugh when he saw this scene.

He did not take these human True Sovereign Heavens seriously at all.

However, he knew that he could not stay here for too long.

'The human race's powerhouses were currently gathering toward Northern View City.

'Once an Emperor level powerhouse came, he would die without a burial ground.

But before this, he was still very happy to watch Ye Yuan get smote to death by heavenly punishment.

This punk ruined the blood race's grand matter. He deserved to die!

Bang! Bang! Bang!

Dao tribulation fell down repeatedly. Ye Yuan was directly slammed until he was sprawled on the ground.

Finally, it was another three bolts of Dao tribulation.

Ye Yuan's Dao sword collapsed with a loud bang!

Chapter 2804: Grim Situation!

"Dead! Dead! This guy is going to be killed by heavenly punishment for reporting information to us! Sigh!" Song Miao secretly sighed in his heart.

Seven-nine Dao tribulation was too terrifying. Furthermore, it was three times the seven-nine Dao tribulation.

Ye Yuan already could not hold on anymore!

Luo Chuan laughed loudly and said, “You absolutely can’t withstand this round of Dao tribulation! Dying under Dao tribulation, you’re getting off cheap, brat! Hahaha ...”

It could be said that he hated Ye Yuan to the bones.

The implications of this reporting were too big!

Now, for Ye Yuan to be able to die under Dao tribulation, he was naturally incomparably invigorated.

While talking, another three bolts of Dao tribulation fell together.

And Ye Yuan could no longer condense the Dao sword!

In everyone’s eyes, Ye Yuan was dead for sure this time.

But right at this time, Ye Yuan’s origin divinity came straight out of his body.

Then the bow bent, and the arrow was notched.

“Arrow of God Extermination!”

‘The terrifying spiritual energy undulation swept up an extremely powerful fluctuation along with the Arrow of God Extermination.

Three Arrow of God Extermination released, directly clashing together with the three bolts of Dao tribulation.

Bang! Bang! Bang!

‘The terrifying undulation directly blew all the surrounding Saint Sovereign Heavens flying.

‘There were even those who did not have time to run away and were directly obliterated by this impact.

Ye Yuan’s Dao tribulation was too terrifying. They could not get close at all.

Ye Yuan’s origin divinity also immediately dimmed a lot.

Luo Chuan’s expression could not help changing. This kid was actually still not dead!

‘The origin divinity attack just now was so formidable!

“Huhu, your esteemed self has been let down! This young friend’s stubbornness is admirable!” Song Miao said with a laugh.

The current Ye Yuan was seriously injured, but his essence, energy, and spirit were getting stronger and stronger.

This was a divergent cultivator!

Even when facing Heavenly Dao, one would not cow or submit either!

It was just that what Ye Yuan did seemed to be even more thorough and purer than others.

The Dao tribulations came very fast, as if extremely furious at Ye Yuan.

Ye Yuan shot ten rounds of Arrow of God Extermination in a row. His origin divinity already dimmed to the extreme, as if it might dissipate at any time.

But he did not have the slightest intention of backing down.

His origin divinity turning dim, Ye Yuan withdrew his origin divinity, and his entire person turned into an azure dragon, rushing straight to the sky!

All the way until now, his aura had not shrunk back in the slightest.

Dao sword is gone; I'll use origin divinity. Origin divinity is weakened; I'll use my physical body!

Want to make me, Ye Yuan, back down, there's no chance!

Bang! Bang! Bang!

The azure dragon that Ye Yuan transformed into was directly blasted down.

But Ye Yuan got up immediately and flew toward the Dao tribulation again.

He was slammed down over and over again, and he rose into the air again and again.

All of the powerhouses present were visibly moved.

Luo Chuan's expression became more and more solemn.

He felt Ye Yuan's unyielding spirit. Even Heavenly Dao was unable to shake it!

This kind of shocking will was something that he rarely saw in his life!

He knew that this heavenly punishment could not eradicate Ye Yuan anymore.

It was also at this time that one powerful aura after another came from all directions again.

These were the other cities' powerhouses that rushed to the rescue!

He couldn't stay any longer. If he continued staying, he would not be able to leave.

"This boy will definitely be my blood race's formidable enemy in the future! Unfortunately, I couldn't kill him this time!"

Luo Chuan let out a long sigh. Suddenly, a bloody light shone brilliantly on his body, and he smashed a punch onto the void.

Seven True Sovereign Heaven powerhouses were immediately sent flying.

"Retreat!"

Under Luo Chuan's word of command, the Saint Sovereign Heaven army immediately retreated.

And Ye Yuan was still stubbornly resisting the Dao tribulation!

'When Ye Yuan woke up, he found himself lying on a comfortable bed.

The sunlight seeping in from outside was a little blinding.

His whole body felt like it had fallen apart, being weak to the extreme.

Taking the initiative to call down heavenly punishment this time could be said to be having narrowly escaped death.

Taking the initiative to call down heavenly tribulation was different from Dao tribulation.

'When he transcended the Saint Sovereign Dao Tribulation, Ye Yuan already reached the pinnacle in all aspects and could be said to be well-prepared.

But, taking the initiative to bring down heavenly punishment, Ye Yuan had not reached his peak state within this realm.

Coupled with the power of the heavenly punishment itself, it was a miracle in itself that Ye Yuan could survive.

"You're awake?" A gentle voice sounded out.

Only then did Ye Yuan realize that there was someone in the room.

This was a middle-aged man with the appearance of a scholar, looking very gentle.

Ye Yuan remembered him. He was precisely the first person who rushed over to save me. It was also City Lord Song Miao.

"Senior ..." Ye Yuan struggled to sit up.

Song Miao bowed to Ye Yuan and said, "This Song gives thanks to Little Brother's grace of reporting the news on behalf of Northern View City's one million martial artists!"

Ye Yuan's expression changed, and he hurriedly said, "You mustn't!"

Song Miao got up and said with a smile, "This bow, Little Brother must accept it! You might not know what this heavenly punishment that you called down means to Heaven One Continent!"

Ye Yuan actually had an idea in his heart. The blood race was hidden in the fog. They must be plotting something big.

But, just how big, Ye Yuan was not clear.

Hearing Song Miao's meaning, it was likely really very dangerous this time.

Suddenly, Ye Yuan's brows furrowed, and he said, "Senior is injured?"

Song Miao gave Ye Yuan a glance rather surprisedly and said with a smile, "It's fine."

Ye Yuan shook his head and said, "With blood beads entering the body, it will fuse into Senior's blood and destroy your bodily functions! Normally, you can suppress it. But, once you fight with people, this blood bead can kill you at any time!"

This time, Song Miao was really shocked.

This guy actually saw through his own physical condition with one glance!

Song Miao smiled bitterly and said, "The blood race's blood bead is incurable! Compared to the few fellow daoists who died, this Song is already very lucky."

Ye Yuan said in surprise, "The news had already been brought out. Could it be that you all still can't deal with the blood race?"

Song Miao shook his head and said, "This half a month, we fought three fierce battles with the blood race, suffering heavy losses. Among the fellow daoists who saved you together on that day, three fell. The other five are all injured."

The corners of Ye Yuan's mouth twitched slightly, not expecting that it was actually this result.

The blood race was actually so powerful!

He had the strength to crush those in the same rank, but it did not mean that everyone had.

An unkillable opponent really had no solutions.

"The mere five of you were actually able to kill your way out of the blood race army's encirclement. It's simply a miracle!" Song Miao sighed with admiration.

Back then, when he saw that Ye Yuan was only Saint Sovereign Heaven, he was really stunned.

With this bit of strength, how did they kill their way out?

Ye Yuan smiled and said, "Senior, just what's the situation in Heaven One Continent?"

Song Miao already knew that Ye Yuan the five of them were just from a wild continent and were not clear about Heaven One Continent's situation.

It was also precisely because of this that Ye Yuan's actions and conduct were even harder to come across.

"Grand Brightjade Complete Heaven has three main continents, Heaven One Continent, Thundercry Continent, and Lastingwind Continent. These three main continents occupy a vast area, facing each other across the sea. But now, Thundercry Continent and Lastingwind Continent have all already become

the blood race's territory. The various races' powerhouses of the two continents have all become slaves of the blood race!"

"Heaven One Continent is Grand Brightjade Complete Heaven's sole remaining mellow fruit. The powerhouses of the other two continents have also retreated to defend Heaven One Continent one after another. In fact, close to one-third of the present Heaven One Continent has already fallen into enemy

hands too!"

Ye Yuan could not help being stunned when he heard this.

He knew that Heaven One Continent's situation was grim, but he also did not think that it was so severe!

"In order to resist the blood race, 32 Hegemon Realm powerhouses joined forces and built the Absolute Heaven Barrier, only then barely managing to resist the blood race."

"But the vicinity of the Absolute Heaven Barrier became a meat grinder. Countless powerhouses have died there. This battle is a thousand years old! In these 1000 years, the Absolute Heaven Barrier was breached many times, but we forcefully fought back again and again. Within a thousand years, seven of our Hegemon Realm powerhouses died in battle. The Emperor Realm powerhouses who fell reached three figures! But, we finally managed to fend off!"

"But no one could have thought that the blood race actually opened up a spatial passageway and launched a surprise attack from the north. If not for you risking your life to report the information this time, our northern cities would definitely have fallen on all fronts. At that time, Heaven One Continent would be completely occupied by the enemy."

Song Miao was laden with anxieties, clearly being very worried about the present situation.

One could tell that the blood race appearing in the rear this time also made him break out in cold sweat from fright. Until now, he still had lingering fear in his heart.

Ye Yuan also did not think that this end of the sea would actually be in such a situation.

He heard Mi Tian say before, wherever the blood race went, it was akin to locusts crossing the border, having not a blade of grass surviving.

They lived by feeding on the blood of all races across all the heavens, growing stronger the more they fought!

Furthermore, their propagation was also different from other races.

They were like spore organisms, splitting off directly from the main body, with extremely strong reproductive abilities.

Furthermore, the stronger the main body, the stronger the bloodkin that split off too.

They sucked blood continuously, growing stronger continuously, multiplying continuously, and expanding continuously.

Until later, once they scaled up, the race would become extremely terrifying,

Grand Brightjade Complete Heaven's current situation was precisely this sort of situation!

More than 100 thousand years ago, the Hegemon Realm powerhouses across all the heavens joined forces to exterminate the blood race and had once wiped out the blood race.

But Mi Tian also never expected that after more than 100 thousand years, the blood race actually rose again from the ashes. Furthermore, they even displayed the force of a prairie fire.

The Grand Brightjade Complete Heaven was actually only left with less than a third.

No idea what kind of situation the other 32 heavens were either.

Of course, that was too far away for Ye Yuan.

If Heaven One Continent were to fall, Ye Yuan himself would likely not be able to escape death too.

“Senior, is the current situation on the northern front not optimistic?” Ye Yuan said.

Song Miao shook his head and said, “The blood race sent out more than 10 Emperor level powerhouses and a 20 thousand strong Saint Sovereign Heaven army. Although we’re prepared, the other party’s strength is too strong, defending the spatial passageway desperately. We fought three bloody battles with them and didn’t gain any advantage either. Instead, we suffered heavy casualties:

“Currently, the spatial passageway hasn’t completely stabilized yet. The blood race’s Hegemon Realm powerhouses are not able to pass through. But, as long as the spatial channel is there, they can continue to send powerhouses over ceaselessly! Once the spatial passageway is stabilized and they send

Hegemon Realm powerhouses over, we ... probably won’t be able to defend!”

Ye Yuan smiled and said, “There’s no harm. This Ye still has this bit of confidence.”

(If you have problems with this website, please continue reading your novel on our new website myTHANKS!)

Song Miao frowned and said, “Little brother, you came from outside. You might not know the terror of the blood race! Even Hegemon Realm powerhouses will find it difficult to resist the corrosion of blood energy too. I know that you have battle spirit level chaos true spirit bloodline, but ... it’s still not enough!”

Ye Yuan smiled slightly, a surge of bloodline power flowed out.

Song Miao’s expression changed, and he cried out in surprise, “Battle soul level! You ... Your bloodline power broke through?”

During the heavenly punishment, Ye Yuan had displayed the battle spirit level chaos bloodline before. So, Song Miao had an idea in his heart.

Chaos true spirits were born from chaos. Their bloodline was extremely noble.

The blood energy of the blood race could corrupt all races across all the heavens but could not corrupt chaos true spirit bloodline.

Of course, this was limited too.

Song Miao was injured by a True Sovereign Heaven powerhouse. His battle spirit level bloodline was unable to withstand the corruption of a True Sovereign Heaven powerhouse.

Chaos true spirit bloodline was divided into five level, battle spirit level, battle soul level, battle god level, earth kun level, and heaven qian level!

Heaven qian level bloodline powerhouses were virtually all Hegemon Realm!

It was not up to Song Miao to not be surprised because the advancement of chaos true spirit bloodline was extremely difficult.

In reality, the vast majority of chaos true spirit bloodline was innate and determined by talent.

Wanting to take the initiative to improve it was virtually impossible.

But, after Ye Yuan experienced the heavenly punishment, he actually directly raised his bloodline by a level. It was too inconceivable.

Ye Yuan smiled and said, "Heavenly punishment is a crisis and also an opportunity. As a divergent cultivator, each Dao tribulation is a life-and-death trial for this Ye. Since I succeeded in overcoming the tribulation, then I naturally have to obtain some benefits."

Song Miao smiled bitterly and said, "While that might be the case, how can the improvement of chaos true spirit bloodline be accomplished so easily? Young Friend Ye is really too surprising, Back then, when I saw the heavenly punishment, I even thought which True Sovereign Heaven Dao friend it was.

Didn't expect that it was actually a middle Saint Sovereign Heaven, simply unbelievable."

Ye Yuan's words were right, but there had been plenty of people who had overcome tribulations.

If it were so easy, then Heaven One Continent would not have fallen so far as to be nearly occupied by the enemy.

Hence, Ye Yuan started to diagnose Song Miao.

'When his divine essence entered the body, Ye Yuan felt an extremely strong corruption force.

This corruption force virtually wanted to corrupt Ye Yuan's divine essence completely. It even wanted to invade into his body by following Ye Yuan's divine essence.

But very soon, Ye Yuan's battle soul level bloodline power erupted, immediately suppressing this corruption power..

[Unrivaled Medicine God](#)

Chapter 2806: Doubt

Chapter 2806: Doubt

Ye Yuan did not deliberately suppress this corruption power, but his noble bloodline allowed no provocation.

Chaos bloodline was practically the 33 Heavens' strongest bloodline.

Not one of!

Carefully feeling this corrupted bloodline power, Ye Yuan's brows furrowed together.

Very complicated!

The corrupt blood mixed together with the ordinary bloodline and already completely fused into one. It could not be purged at all.

Even if Ye Yuan's control of divine essence already reached a transcendent level, he could not do it too.

This kind of fusion was a unified entity. It could not be differentiated at all.

After Ye Yuan stopped examining, Song Miao smiled and said, "This Song appreciates Younger Brother Ye's good intentions. However, this Song has a score in mind about this corrupt blood power. It's likely unable to be removed."

Ye Yuan did not answer and asked, "Senior, those who got inflicted by the poison of corrupt blood such as yourself shouldn't be in the minority, right?"

Song Miao nodded and said, "The northern land is relatively peaceful, but the vast majority of the people have participated in battles with the blood race before. This blood corruption poison naturally can't be avoided."

Ye Yuan said, "I'll go take a look."

Song Miao smiled and did not refuse either, bringing Ye Yuan out.

Geniuses were all haughty. After Ye Yuan became aware of the overwhelming odds against him, everything could naturally be discussed.

This blood corruption poison was not merely studied by grade five, grade six heavenly alchemists. Even grade nine heavenly alchemists had researched it before too.

But it was simply incurable.

Once the corrupt blood fused into the blood, no method could separate it.

Unless the inflicted person died, otherwise, there was no way of separating it at all.

Currently, Northern View City had a Saint Sovereign Heaven army of 2000 stationed here.

'When Ye Yuan walked into the army camp, his brows could not help furrowing slightly.

The army of 2000 was already left with just 1400 over people. Furthermore, many people were injured.

Many of these injuries were due to blood corruption poison.

Ye Yuan ignored him but said to Song Miao, "Senior, I want to take a look at a few more."

Saint Sovereign naturally had no objections, bringing Ye Yuan to take a look at a few more Saint Sovereign Heavens inflicted with blood corruption poison.

(If you have problems with this website, please continue reading your novel on our new website myTHANKS!)

But Ye Yuan's brows furrowed even harder.

Zhao Chen was a centurion. With regards to Ye Yuan's action, he scoffed in derision.

"Brat who hungers for fame and reputation, how ignorant! A country bumpkin who came from overseas, do you really think that Alchemy Dao is so easy?" Zhao Chen said disdainfully to Ye Yuan's face.

Ye Yuan still paid no attention to him and said to Song Miao, "Senior, there's a big problem with this method to control the blood corruption poison!"

Song Miao could not help being taken aback when he heard it. It was somewhat exaggerating things to raise an alarm, right?

This method was not figured out by Dao Chen this disciple but devised by his master, an Emperor level powerhouse.

You, a measly little middle Saint Sovereign Heaven, you're at the very best a grade five heavenly alchemist. Yet, you're actually questioning a grade seven heavenly alchemist?

However, Ye Yuan had rendered great contributions. Song Miao could not very well refute him either and said, "Oh? What's the problem?"

He did not understand much about Ye Yuan. Actually, his thoughts were pretty much the same as Zhao Chen's, feeling that Ye Yuan was somewhat talking big to impress people.

Ye Yuan was indifferent and said, "This method of controlling is using the power of true spirit bloodline to suppress the spreading of corrupt blood. But this kind of method has huge hidden danger! The pride of true spirit bloodline is even more so than that of the blood race. Using true spirit bloodline to

suppress corrupt blood will indeed have a bit of effect within a short time. But, once a great battle starts, it's very easy for true spirit bloodline to lose control, and it will even cause a backlash to the master! At that time, our combat force will be greatly diminished!"

Ye Yuan saw through that this so-called treatment method was using chaos true spirit bloodline to suppress the power of corrupt blood.

This method seemed flawless.

But, once a genuine great battle erupted, it was very easy for Heaven One Continent this side to crumble!

It was just that nobody seemed to be able to take this in!

The moment Song Miao heard, he smiled and said, "Brother Ye is worrying too much! Suppressing corrupt blood with the blood of true spirit, this is the method that the Extreme Medicine Sect devised and has already been verified at the southern front. There's absolutely no problem."

Zhao Chen was also impatient, completely disregarding Ye Yuan's face as he said, "City Lord Song, where did this kid come from? Such high-sounding sentiments! Extreme Medicine Sect is a Hegemon level holy land. Can the things that they figured out be questioned by people? In my view, this boy is

completely haughty from being conferred favors! He wants to render even greater contributions and obtain even greater glory!”

“Huhu, having half-baked knowledge but showing off! Kid, the bloodline suppression method that my Extreme Medicine Sect devised has already been verified at the southern front. There’s absolutely no problem! But now, you’re saying that there’s a problem with our Extreme Medicine Sect’s suppression method. Who gave you the courage?” Just as they were talking, Dao Chen heard about this from god knows where and swaggered in.

Dao Chen looked toward Ye Yuan, his eyes seemingly full of disdain.

He knew Ye Yuan and knew that Ye Yuan had rendered great contributions.

But, in his eyes, Ye Yuan was merely a foreign hillbilly and had never seen the world before.. How could he grasp bloodline suppression, this kind of high-level treatment method?

Unrivaled Medicine God

Chapter 2807: Great Battle Begins!

Dao Chen came over, swept a glance over Ye Yuan, and said disdainfully, “You’re that kid who called down heavenly punishment? Hulu, a trash who was spurned by Heavenly Dao also wants to talk big to impress people? Your meaning is that my Extreme Medicine Sect is setting everyone up? What malicious motives!”

Ye Yuan sized Dao Chen up with a glance and could not help being speechless.

He did not expect that he would make contact with the Extreme Medicine Sect so quickly!

He knew that Li Changsheng was a member of the Extreme Medicine Sect.

Of course, to a Hegemon level holy land, a Saint Sovereign Heaven disciple was simply unimportant.

“A countryside bumpkin also dares to question a Hegemon level holy land, really ignorant!”

“Huhu, this kid really takes himself to be the savior. How laughable!”

“The Extreme Medicine Sect roams Grand Brightjade Complete Heaven unobstructed. It’s the number one alchemy path sect. This kid really ate the wrong medicine, to actually dare question them.”

The mocking voices lingered on incessantly. To these people, the Extreme Medicine Sect was the absolute authority and could not be questioned.

Both parties’ statuses were totally not equal.

Even Song Miao was also very disapproving of Ye Yuan’s questioning.

It was true that you, Ye Yuan, rendered great contributions. But, this was not your confidence to question authority.

“Senior Song doesn’t believe me too?” Ye Yuan looked towards Song Miao and said.

Song Miao smiled and said, "Young Friend Ye has just arrived. You might not know the Extreme Medicine Sect's strength. The suppression method that they devised shouldn't have a problem!"

Dao Chen laughed loudly when he heard that and said, "Heard that, kid? In Heaven One Continent, my Extreme Medicine Sect is the absolute authority in alchemy! Questioning us? Ignorant!"

"Bullshit! If Master Ye says that there's a problem, then there's definitely a problem! You these people can't tell good from bad and still speak sarcastically to Master Ye, what a bunch of fools!"

Before Ye Yuan said anything, he heard Big Yellow's furious voice come over.

He heard that Ye Yuan woke up and immediately came over to find him, and just happened to hear these people making digs at Ye Yuan, and immediately could not continue listening anymore.

In his heart, Ye Yuan was an omnipotent god.

Especially in the alchemy path, it was even more so.

Other people might think that Ye Yuan's martial arts were extremely strong and that his Alchemy Dao was merely thus.

But Big Yellow knew what Ye Yuan was truly incredible in. It was Alchemy Dao!

"That's right! My Big Brother Ye Yuan's alchemy strength absolutely crushes your Extreme Medicine Sect!" Jingfei also said.

The moment Dao Chen heard, he could not help sneering as he said, "A bunch of frogs at the bottom of a well, ignorant!"

Big Yellow still wanted to say something, but Ye Yuan interrupted him with a hand gesture and said, "Alright, no need to say anymore. Let's go."

As he said, he brought the two and left.

Looking at the few people's back views, Dao Chen was pleased with himself as he said, "Just this bit of capability and he also dares to step into the limelight and talk big to impress people! Being exposed by me, he ran away in disgrace! City Lord Song, these few punks hunger for fame and reputation, I'm afraid that they harbor ulterior motives!"

Song Miao frowned slightly and did not speak.

No matter what, Ye Yuan rendering outstanding contributions was an undeniable fact. But regarding Ye Yuan's 'posturing' personality, he disliked it.

"Dao Chen said.

"Huhu, ignore this kind of fools! The powerhouses from all sides have already arrived one after another. They will be able to launch a general offensive on the spatial passageway! This matter is the most important thin;

To a proud son of heaven like Dao Chen, Ye Yuan, this kind of existence, was simply insignificant.

At present, the general offensive on the blood race's spatial passageway was the most important.

Saint Sovereign nodded and said, "Younger Brother Dao Chen, rest assured. The northern front has dispatched an army of 50 thousand Saint Sovereign Heavens this time. The blood race absolutely won't gain any advantage!"

"Master Ye, these bunch of guys really don't know what's good for them! Could it be that you're letting it go just like that?" Big Yellow said indignantly.

He currently had a feeling like his good intentions were fed to a dog.

Ye Yuan smiled and said, "To them, we're outsiders. Heaven One Continent is one of the main continents. The Extreme Medicine Sect is even a Hegemon level holy land. To them, we're merely ants! If not because of the war with the blood race, we probably can't enter their sights at all. Even now, the words

that I said have encroached on the authority of the Extreme Medicine Sect too. It's naturally not tolerated by them."

Ye Yuan's heart was like a clear mirror. He was aware of what Dao Chen they all were thinking in their hearts.

He knew that he could not convince these people at all, so he could not be bothered to argue.

Only by suffering a big loss would they know how severe the consequences were.

"Hehe, they are going to have a great battle with the blood race tomorrow. At that time, they will suffer a loss!" Jingfei said with a laugh.

Ye Yuan frowned and said, "There's going to be a great battle tomorrow?"

Big Yellow nodded and said, "Heaven One Continent this side has already accumulated an army of 50 thousand Saint Sovereign Heavens. They will be attacking the spatial passageway tomorrow."

Ye Yuan had just woken up and did not expect that there was going to be a big battle tomorrow.

He said in a solemn voice, "From a certain degree, this battle is even more tragic than the southern front. Tomorrow's great battle will probably be extremely fierce. The Extreme Medicine Sect's method is indeed able to suppress the blood race's blood energy from corrupting. But this method can only treat the symptoms and can't treat the root cause. Under such circumstances, it's very easy for the Extreme Medicine Sect's method to cause a large-scale collapse!"

'When putting it like this, the few people's expressions became ugly too.

They wanted to see Dao Chen and the other get deflated, but if the blood race gained a firm foothold at the northern front, then the consequences would be too severe.

"But they didn't take Master Ye's suggestion in at all. What can we do?" Big Yellow said unhappily.

After a moment of silence, Ye Yuan said, "There's only one night. I hope that I can make it in time!"

The next day, 50 thousand troops were gathered on the coastline, majestic and mighty.

The commander-in-chief of the army was a half-step Emperor Cloud Heaven powerhouse, You Ming.

The war with the blood race was divided into three levels.

The first level was the showdown of Hegemon Realm powerhouses.

Regarding this level of powerhouses, the moment they took action, the sky would rent asunder, and the earth would split apart.

The second level was the showdown of Emperor Realm powerhouses.

This level of showdown similarly caused a huge commotion.

However, the battles of these two levels were few in numbers but large in scale. The casualties were not high instead.

But, the third level, the battles below Emperor Realm, was the most tragic.

Soldiers against soldiers; generals against generals.

Saint Sovereign Heaven and True Sovereign Heaven this level of battle, they would often kill down to the last soldier.

And this battle for the spatial passageway was clearly a fight to the death; neither could back down.

“Brothers, this battle concerns the life and death of all races on Heaven One Continent! Once the spatial channel stabilizes, it will be our doomsday! Therefore, only victor is allowed for this battle. Defeat is not allowed! Are you all ready?” You Ming said in a loud voice.

“To live and die together with Heaven One Continent!”

“To live and die together with Heaven One Continent!”

“To live and die together with Heaven One Continent!”

The battle cries shook the heaven!

“Set off!”

Under You Ming’s word of command, the 50 thousand strong army set off!

Above the sea, a black hole-like spatial passageway was currently giving off light.

The army of 20 thousand bloodkins was waiting in full battle-array before the spatial passageway.

This was a frontal confrontation without the slightest strategy.

The two armies clashed head-on together just like that!

“Kill!”

“Kill!”

“Kill!”

The two armies met in close quarters!

Unrivaled Medicine God

Chapter 2808: Reversal!

Logically speaking, Heaven One army's numbers were 2.5 times that of the blood race. They should hold an absolute advantage.

But the actual battlefield situation was not like that at all!

The blood race army was completely overpowering the humans.

The blood race was undying and imperishable. They did not need to defend at all.

Their fights were simply a crushing-style battle.

The same attacks, Heaven One powerhouses would die immediately, but the bloodkins could revive.

Therefore, the blood race's army of 20 thousand could completely be treated as 50 thousand troops, or even more!

The blood race's Emperor level powerhouses guarded the surroundings of the spatial passageway tightly, unfolding an incomparably tragic fight with the Heaven One powerhouses.

In this battle, either you die, or I perish!

"Hahaha ... You lowly humans can't even withstand a single blow!"

Luo Chuan directly tore a human powerhouse apart, sucking the other party's blood greedily.

In such a battle, the blood race could recover their strength through feeding on the other party's blood.

Therefore, in battles between both sides, Heaven One's side would often use several times the power to deal with the other party. But the result was still not optimistic.

"Blood dog, die!"

Dao Chen shouted fiercely, directly obliterating a bloodkin!

The Extreme Medicine Sect's disciples had extremely strong combat strength. Regardless of whether it was martial technique or cultivation method, it far surpassed powerhouses of the same rank.

Dao Chen's combat strength was naturally extremely strong. It was strong until he could obliterate the blood race.

Song Miao's opponent was an upper True Sovereign Heaven bloodkin.

The two people went back and forth, fighting fiercely without rest, unable to determine the victor.

Song Miao received the Extreme Medicine Sect's treatment too, suppressing the blood corruption with the blood of true spirit. Therefore, his combat power when exerted at this time, virtually reached the peak.

In the army, there were no less than 5000 powerhouses who received the same treatment as him.

They had received the Extreme Medicine Sect's treatment. Their conditions had long already recovered to the peak.

Therefore, they did not take Ye Yuan's words in at all.

"Zhong Yue, we fought three times. This time, I'll definitely avenge the enmity and kill you!" Song Miao said with a cold smile.

In the battle previously, Song Miao's opponent was Zhong Yue.

However, he was struck by Zhong Yue's palm and corrupted by Zhong Yue's blood energy, growing weaker with each battle.

Now, his strength recovered to the peak. It was time to win back face!

With regards to Song Miao regaining his peak strength, Zhong Yue was very surprised too.

The blood race did not expect that Heaven One Continent's powerhouses actually resolved the blood corruption power.

If that was the case, then the blood race's advantage would be greatly diminished.

"Just the likes of you? You're not qualified enough yet! If I can hurt you once, I can hurt you a second time!"

Zhong Yue was unrestrained and did not defend at all.

Even if Song Miao regained his peak strength, he found it hard to take him down for a while too.

The two people's strengths were similar, and the battle was extremely fierce too. Both parties' strengths were unleashed to the extreme.

Suddenly, Song Miao's expression changed, his entire person's aura suddenly became extremely unstable.

Zhong Yue naturally would not let this chance go and immediately rushed over in hot pursuit, not giving Song Miao any chance to catch his breath.

Bang!

Zhong Yue pressed a palm on Song Miao's chest, sending him flying out.

Song Miao's complexion turned deathly pale. The blood in his body was boiling.

He suddenly discovered that the true spirit blood that was injected into the body had completely gone berserk.

His divine essence could not control it at all.

'When Zhong Yue saw the situation, he could not help laughing loudly as he said, "Hahaha ... You really scared me badly just now. I even thought that you all really resolved the blood corruption poison! I didn't expect that you're simply a paper tiger! Song Miao, prepare to die!"

“Damn it! It turns out that what Ye Yuan said was right! Extreme Medicine Sect’s suppression method really has a huge hidden danger! Normally, it can’t be detected at all. But, once your strength erupts to the extreme, the balance within the body will be completely broken, and the true spirit bloodline and blood corruption power will erupt at the same time! Now, it’s really a fate worse than death!”

Song Miao was bitterly remorseful in his heart.

It was because he discovered that what Ye Yuan said was completely right.

They had blind faith in the Extreme Medicine Sect and did not have any suspicions at all.

As for what Ye Yuan said, they thought it was naturally for the sake of talking big to impress people, in order to win more attention.

This type of people, he, Song Miao, simply looked down on them.

Swoosh!

Song Miao retreated while fighting, not daring to confront Zhong Yue head-on at all.

And in the army, the blood problem of thousands of powerhouses virtually erupted at the same time.

“ARGH! I’m not resigned to this!”

“Injecting true spirit bloodline, this is quenching thirst with poison! I died so wronged!”

“So what that Ye Yuan said was true!”

Many Saint Sovereign Heaven powerhouses were killed by the blood race while holding strong unwillingness.

At this moment, they felt incomparably bitterly remorseful.

Although the blood corruption power was strong, they were not without the power to fight.

But, in this current situation, it was directly equivalent to sentencing them to death. They could hardly even fight anymore.

In the army, 5000 people were suddenly defeated. It was really being routed like a landslide.

‘The 50 thousand strong army actually directly collapsed in an instant.

‘When the blood race powerhouses saw this situation, each and every one of them was excited to the extreme, killing until the human army steadily lost ground.

“How can this be? How can this happen? The experiments previously clearly didn’t have any problems!”

Dao Chen panicked

How could he still not know that the problem lay with injecting true spirit bloodline?

But the experiments previously were clearly had no problems already. Why would such a major problem suddenly break out?

He could not figure it out after racking his brains!

“Turns out that what that guy said was actually right!” At this moment, he finally understood that what Ye Yuan said was true.

But it was already too late.

A rout was like a landslide!

The present Heaven One army had already directly collapsed. Countless powerhouses were killed by the blood race, blood flowing to form rivers!

At this time, five figures stepped out of the void.

The five people each carried a set of bow and arrows on their backs.

‘When Ye Yuan saw the scene in front of him, his brows could not help furrowing slightly.

Sure enough, what he was most worried about still happened!

“Lucky! Luckily it’s still not too late! Each of you, find a good angle! Don’t enter the battlefield. Shoot them with arrows!” Ye Yuan opened his mouth and said.

“Hehe, Big Brother Ye Yuan’s secret weapon, I really want to see just how formidable it is!” Jingfei said with a laugh.

The four people did not talk nonsense either, finding their positions at the borders of the battlefield and started bending their bows and notching their arrows.

Swoosh!

Swoosh!

Swoosh!

One sharp arrow after another cut through the air with a strong whistling sound.

Pfft!

Ablood race Saint Sovereign Heaven immediately gave a miserable scream when he got hit by an arrow and his entire person’s movements actually stiffened up immediately.

‘Then he was immediately annihilated by a Heaven One powerhouse!

‘That Heaven One powerhouses’ expression changed wildly. It was because this bloodkin actually did not revive!

He did not have time to think too much, immediately joining the other people’s battles.

This scene was still happening in every corner of the battlefield.

One sharp arrow after another shot out. Blood race powerhouses fell down one by one!

In the wake of the sudden appearance of Ye Yuan five people, the originally defeated Heaven One army actually re-established superiority!

All at once, the human army counterattacked the other party, killing until the blood race's army was utterly routed.

In a short dozen over breaths of time, Ye Yuan five people directly shot hundreds of blood race powerhouses to death.

This was true death!

Those blood race powerhouses actually did not revive!

[Unrivaled Medicine God](#)

Chapter 2809: Apology!

"Eh? It's actually Ye Yuan they all! What powerful arrows, to actually be able to inhibit the blood race's revival!"

"How did he do it? The significance of this is too far-reaching. It might affect the entire war!"

"Previously, everyone all said that he was talking big to impress people. Sigh, we really had eyes but couldn't see! Turns out that what he said was all true!"

'When Heaven One army saw this scene, each and every one of them was extremely excited.

It was naturally impossible for ordinary arrows to accomplish it.

They guessed that this might very likely be because Ye Yuan dipped something on the arrows.

This truly held extraordinary significance!

Once this kind of method could be used on a large-scale, it could absolutely reverse the war between Heaven One Continent and the blood race.

Meanwhile, the powerhouses on the blood race side were all incomparably alarmed and terrified.

'A few people dying was irrelevant to the blood race.

But this kind of major killing tool was simply lethal to them. The ability that they relied on to roam the heavens unobstructed was actually being restrained.

If this kind of weapon appeared on the battlefield, the degree of impact could be imagined.

'When Luo Chuan, who was in a fierce battle presently, saw Ye Yuan, his pupils could not help constricting.

Previously, Ye Yuan breaking through the defensive line and sending news back to the Heaven One Continent already gave him a huge shock.

But that shock was far from comparable to the scene before his eyes.

"Zhong Yue, Zhu Hai, Chen Si, the three of you go and kill him! Absolutely can't allow him to live!" Luo Chuan said in a solemn voice.

Zhong Yue gave a cold cry, immediately leaving behind the Song Miao who was opposite of him, and charged toward Ye Yuan.

Three great True Sovereign Heavens pounced toward Ye Yuan at the same time!

The corrupted blood within Song Miao's body was currently boiling. He was already on the verge of death to begin with.

Zhong Yue actually abandoned him at the crucial moment and gave him a lease of life.

Without the slightest hesitation, Song Miao directly withdrew from the battlefield.

"Retreat!"

Ye Yuan turned around and ran without another word.

Facing three great upper True Sovereign Heavens, he stood no chance at all.

His goal had already been achieved. There was no need to continue staying anymore.

Ye Yuan's sudden appearance gave the blood race a huge shock. The human race side also won a fleeting opportunity to catch their breath.

However, it was nothing more than that.

It was impossible to turn things around.

Therefore, they had to retreat now.

The battle to destroy the spatial passageway this time, the Heaven One army had clearly already lost, lost due to the eruption of corrupt blood.

Ye Yuan warned them previously, but nobody took it seriously and only treated it as Ye Yuan talking big to impress people.

In the end, they burned themselves.

The thing that Ye Yuan smeared on the arrowheads was the blood essence of blood race powerhouses. It was refined with 81 kinds of precious grade five heavenly medicines, and named Blood Suppression Mourning Sun.

The hardest thing to come by in this Blood Suppression Mourning Sun was not these 81 types of grade five heavenly medicines, but it was the blood essence of blood race powerhouses.

It was common knowledge that as long as the blood race had one drop of blood essence surviving, it could be reborn from a drop of blood.

This ability could be said to be extremely heaven-defying.

Normally, wanting to obtain the blood essence of bloodkin was simply impossible.

Because if you wanted to kill them, you had to completely wipe them out.

However, Ye Yuan ambushed hundreds of bloodkin in the fog. Back then, he held a trick in reserve.

'When he eliminated the bloodkin, he attempted to use his Dao sword to suppress.

In the end, he discovered that the blood race's blood essence indeed could not revive anymore!

Ye Yuan's Dao sword had been tempered by Heavenly Dao, it could suppress all things.

The blood race's blood essence was actually unable to revive under the suppression of the Dao sword.

But even so, Ye Yuan only obtained extremely little blood essence.

It was also by relying on the advantage in timing, geographical, and human conditions back then. Otherwise, even if it was Ye Yuan, it would be difficult to collect these blood essences too.

These blood essence could only be used in medicine after a hundred times of Ye Yuan's refinement.

Ye Yuan made haste without resting and only created several hundred arrows.

Ye Yuan arrived quickly and left even faster!

Not waiting for the three great True Sovereign Heavens to carry out an encirclement, he already made his get-away.

This great battle actually ended just like that in the end.

Of course, the Heaven One army suffered massive losses.

The army of 50 thousand Saint Sovereign Heavens actually had more than 10 thousand casualties. Another large batch of powerhouses was inflicted by corrupt blood energy.

And this was still under the situation where Ye Yuan arrived in time to suppress the blood race.

If not for Ye Yuan, this battle's losses would be even greater, and they could even have been completely wiped out.

The consequences of the corrupt blood energy erupting was seriously too severe.

Outside of Northern View City, Song Miao stood in the air, his complexion deathly pale.

At this time, the corrupt blood energy had already spread across half the blood in his body, and it was incomparably agonizing.

However, he did not cry out in pain at all. He just kept looking at the horizon.

Suddenly, a figure cut across the horizon and came towards this side.

Song Mia's face revealed a look of great joy.

Ye Yuan returned safely!

Seeing Song Miao, Ye Yuan was a little surprised.

At this time, he should be nursing his injuries in the city.

"Senior Song, why are you here?"

Song Miao looked at Ye Yuan. Suddenly, he lowered his body and knelt down, saying, "Song Miao had eyes but couldn't see! Song Miao blamed Brother Ye wrongly and also caused this great battle's defeat! This Song apologizes to you in front of everybody today!"

Him kneeling caused a great sensation in the entire city.

An exalted upper True Sovereign Heaven, Northern View City's city lord, actually knelt down and apologized to a junior!

The powerhouses in the city had been guessing all along on what City Lord Song Miao would be doing.

They did not expect that he was actually specifically waiting for Ye Yuan to return, to kneel down and apologize to him!

While those people who ridiculed Ye Yuan before, all lowered their heads in shame at this time.

Song Miao really did not have scornful words or jeers back then.

Rather, it was them who made extremely nasty remarks.

As for Dao Chen, he wished to find a hole in the ground to burrow into now.

He used his authority from being from the Extreme Medicine Sect to suppress Ye Yuan's opinion, and he even mocked him to the best of his ability.

As a result, it caused this miserable defeat!

Ye Yuan was also stunned by Song Miao's action.

Song Miao doing this sort of action, it could be seen how regretful and how ashamed he was in his heart at this time.

This person had a great breadth of mind.

Ye Yuan hurriedly helped Song Miao up and said, "Why is Senior Song going so far? You're this Ye's savior. This is killing Ye!"

Song Miao said ashamedly, "If back then this Song gave Brother Ye a chance to prove yourself, maybe I wouldn't have made such a huge mistake!"

He knew that when Ye Yuan was seeking his opinion back then, it was actually hoping for him to come forward and speak up.

He ignored that look which asked for help.

Ye Yuan was merely a foreigner. His words carried little weight.

Facing the Extreme Medicine Sect, this kind of colossal titan, nobody would believe his words at all.

Therefore, all explanations were futile.

Hence, Ye Yuan chose silence.

However, he did not bear any hatred. Instead, he refined those powerful arrows that very same night and reversed the war situation.

Otherwise, the consequences would be too dreadful to imagine.

Ye Yuan shook his head and said, "Senior Song, now isn't the time to say this. Your corrupt blood energy has already erupted all-round. It will be too late if we don't treat it in time."

Song Miao said, "This Song's wretched life isn't worth mentioning! If I die, so be it! But, if I don't apologize to you, even if this Song dies, I'll find it hard to close my eyes!"

Ye Yuan said, "Does Senior Song trust me?"

Song Miao looked at Ye Yuan and nodded his head seriously.

Ye Yuan said, "This blood race's corrupt blood might not be without a genuine method of cure!"

Chapter 2810: Emperor!

'When Song Miao heard that, his entire body shook!

He already harbored the will to die and no longer held any fantasies at all.

He just wanted to repent to Ye Yuan for the mistake that he had committed before he died.

But now, Ye Yuan told him that he did not need to die anymore!

"Is this true?"

Song Miao was agitated until his entire body was trembling. It was for him and also for everyone who was inflicted with corrupt blood!

The blood race's corrupt blood was extremely powerful. A moment of carelessness in battle and one would fall victim to it.

comment

Especially in this kind of great decisive battle, it was even easier to succumb.

The majority of the powerhouses from all races did not die on the battlefield but died under the corrupt blood.

If Ye Yuan was really able to treat corrupt blood, that would really be the greatest good!

This significance did not pale in the slightest to inventing the method to inhibit the blood race's revival!

Ye Yuan nodded and said, "I already have some leads, but I still need some time. However, before this, I can help you suppress the spread of corrupt blood power."

Actually, Ye Yuan had long already begun his research into the blood race in the fog.

'This powerful race made him burn with eagerness.

Ye Yuan discovered that the blood race's blood was indeed incredibly powerful and was a one-of-a-kind thing.

Especially the blood essence of the blood race, not only could they revive from a drop of blood, but it was also an excellent material for refining heavenly pills!

It was just that the blood essence of the blood race was too difficult to obtain.

He originally planned on diving into research, who knew that this incident occurred, completely depleting the blood essence that he had gathered painstakingly.

However, Ye Yuan already had some understanding of some characteristics of the blood race's blood.

Corrupt blood power was merely one of them.

Song Miao said spiritedly, "If Younger Brother Ye can really resolve the corrupt blood, then you would really be the number one hero in the world!"

If it was before, he naturally would not take Ye Yuan's words seriously.

But now, he believed it without a shadow of a doubt!

Ye Yuan exposed the huge flaw in the Extreme Medicine Sect's treatment method with a word previously.

Furthermore, this had already been verified by facts!

Suddenly, the void trembled, and a figure emerged.

Song Miao's expression changed, and he gave a bow and said, "Lord Ming Yi!"

'The arrival was a half-step Emperor Realm super powerhouse and also the Heaven One army's highest commander!

Ming Yi nodded slightly and said, "Emperor Dan Fei wants to meet this little brother."

Seeing Ye Yuan's confusion, Song Miao said, "Emperor Dan Fei is presently the northern front's strongest person, an Emperor Vast Heaven Realm mighty expert! He probably wants to meet you because of those arrows!"

Emperor Realm's three heavens, Emperor Cloud Heaven, Emperor Vast Heaven, Emperor Sakra Heaven'!

Different from Sovereign Realm powerhouses, Emperor Realm powerhouses were powerhouses who truly transcended worldliness, their strength being unimaginable.

In the battle previously, one should not look at how the Saint Sovereign Heavens and True Sovereign Heavens from both sides were fighting with a huge commotion.

The real fights happened between Emperor Realm powerhouses.

Ye Yuan seemed to have long expected it and said with a nod, "Come on then."

Ming Yi flicked his sleeves grandly, and Ye Yuan had no command over himself, disappearing from where he originally was.

Ye Yuan was shocked inwardly. Was this the strength of Emperor Realm?

'This Ming Yi was not Emperor Realm yet, but his control over space was already strong to the degree that it made people's hair stand on end!

Ye Yuan only felt a blur before his eyes, and he arrived in a garden.

'An old man in coarse cloth was currently watering flowers.

"Lord Emperor, Ye Yuan is here!" Ming Yi said respectfully.

In front of this person, Ming Yi, this half-step Emperor Realm powerhouse, was humble to the extreme.

Ye Yuan sized this old man up and discovered that he actually could not see him vividly.

He was clearly standing right there, but it was like he had fused into one with the surrounding garden.

It was as if where he was standing was a world on its own!

Emperor Dan Fei looked at Ye Yuan and said with a nod, "Sharp edge revealing itself, sword intent soaring to the sky, a peerless good sword! No wonder it isn't tolerated by Heavenly Dao! Young Friend, I hope that you can achieve Hegemon one day!"

Ye Yuan could feel that the other party's gaze seemed to penetrate his physical body, looking at the Dao sword in the depths of his body!

He did not have the slightest secrets in front of this old man.

Of course, apart from Mi Tian!

This guy was once a Hegemon Realm overlord.

Wanting to pry into him, Emperor Realm was not enough!

By the side, Ming Yi's pupils constricted too.

He had never seen before Lord Emperor have such a high appraisal of a junior!

Hegemon!

This was the 33 Heavens' paramount strength, the overlords above Emperor Realm!

'Wanting to reach this realm was virtually impossible.

Just talking about Grand Brightjade Complete Heaven, it was boundlessly vast, the cultivators unable to be counted.

But attaining Hegemon this sort of words, there was really no one who dared to say it.

Even Emperor Dan Fei, this kind of terrifying existence, did not dare to have the slightest excessive expectation for Hegemon Realm too.

But he gave Ye Yuan this kind of appraisal!

Ye Yuan gave a bow and said, "Lord Emperor is too kind; Hegemon Realm is too far away, Ye Yuan had better be down-to-earth."

Dan Fei smiled and said, "A tough will, firm Dao heart, a good sapling! You should know why this old man is looking for you, right?"

cYe Yuan nodded and said, "It's for those arrows. However ... 'm afraid that I'll have to disappoint Lord Emperor. This kind of method cant be used on a large scale. I can only suppress a few hundred drops when suppressing the blood race's blood essence with Dao sword. Furthermore, the conditions to obtain

the blood race's blood essence is too harsh. It can only be left up to fate."

Dan Fei was not too surprised. He just let out a long sigh and said, "As expected! The reason why the blood race is difficult to deal with is precisely because it's hard to obtain their blood essence! The Extreme Medicine Sect has attempted many times and couldn't do it either. Either eradicate or let them revive.

Your Dao sword is actually able to suppress the blood race's blood essence and make them unable to revive, indeed formidable!"

It was not that Heaven One powerhouses did not think of studying methods to target the blood race before.

But, to research, one must obtain the blood race's blood essence.

Yet, this was the hardest part.

Killing a bloodkin was easy.

But wanting to obtain blood race blood essence was as hard as ascending to heaven.

It was just that Dan Fei did not expect that something that nobody had ever done before, Ye Yuan actually did it.

Ye Yuan's Dao sword had experienced the tempering of Dao tribulation and absorbed large quantities of Heavenly Dao's power.

One could say that his Dao sword held heaven's might!

No matter how strong the blood race's blood essence was, it also found it hard to take a single step under heaven's might.

Divergent cultivators indeed had very formidable strength, but there was no one like Ye Yuan at all, using their lifeblood Dao sword to meet the Dao tribulations each time!

This kind of thing was no different from seeking death.

They did not have the attributes of heaven's might, so they were naturally unable to suppress the blood race's blood essence too.

Ming Yi, who was by the side, was also shocked when he heard it.

This boy was extraordinary!

This kind of ability was what even Hegemon Realm powerhouses did not have!

Of course, it was far too difficult to want to kill the blood race's Hegemon Realms.

Originally, he still had a high and mighty attitude towards Ye Yuan. But now, it was completely gone.

How could a character that even Emperor Dan Fei had praised repeatedly be of the common sort?

Ye Yuan nodded and said, "During this period of time, I've been constantly studying the blood race's blood essence. This is indeed a rarely seen treasure of the world! Even those natural treasures are greatly inferior. Originally, I planned on devoting myself to studying it. I didn't expect that I'd completely exhausted all the blood race blood essence that I've accumulated before."
