

## Medicine God 3051

Chapter 3051: 300 Origin Powerhouses!

“Go!”

Ye Yuan gave a low cry. The 300 Hundred Fate Heavenly Aperture Pills flew toward those Emperor Sakra Heaven powerhouses.

The nirvanic rebirth fire dissipated with a loud bang.

“Miracle! Truly a miracle! Master Ye’s alchemy technique really broadens this Zhou’s horizons!” Zhou Xianchen had already been holding it in for too long. At this moment, he finally could not help but erupt.

“Controlling strength like thread, with great meticulousness, stable as a mountain, vast like the sea! Brother Ye’s refinement can really live up to the word ‘master’! What’s laughable is that we are actually displaying our meager skills before an expert. Thinking about it now, I really perspire from embarrassment!” Chu Fang gave Ye Yuan a respectful bow and said.

“Master Ye is a wise man who attained Dao! Jinnan is ashamed!” Jinnan also said.

These three people went from mocking, to shock, then to great admiration. This journey of the heart could be called ups and downs.

But, having witnessed Ye Yuan’s methods, they were really convinced.

Actually, before the three of them did this, the crowd had long already exploded.

“All 300 reached origin grade!”

“My God, the quality of these Hundred Fate Heavenly Aperture Pills are actually exactly the same!”

“Not only Master Ye completed it, but he also did it so perfectly! This move really created an insurmountable peak!”

... ..

Even if they were a fool, they would also know how strong Ye Yuan was.

Zhou Xianchen three people were not even fit to carry his shoes in front of him!

Such a performance was not unexpected.

But the current Ye Yuan had somewhat weak footsteps. Clearly, the consumption was too great.

This refinement was not easy!

Before breaking through to Emperor Sakra Heaven, this should be the pinnacle of his creation!

“All right. All take the Hundred Fate Heavenly Aperture Pill!” Ye Yuan waved his hand and said.

Those 300 people had excited faces. Giving a bow toward Ye Yuan, they said in unison, “Many thanks to Heavenly Saint Ye for bestowing the pill!”

Finished saying, these people took the heavenly pill on the spot and broke through right away.

Ye Yuan also fished out a black heavenly pill and directly swallowed it.

When Zhou Xianchen three people saw the situation, their pupils could not help constricting.

This was not the Hundred Fate Heavenly Aperture Pill!

Ye Yuan even split his attention to refine another heavenly pill with the 300 Hundred Fate Heavenly Aperture Pills?

This ... was also a little too impressive, right?

However, what heavenly pill was this black thing?

It seemed like they had never seen it before!

“Master Ye, I wonder what’s the heavenly pill you took just now?” Zhou Xianchen could not resist asking.

Ye Yuan smiled and said, “The name? I haven’t thought of it yet.”

Zhou Xianchen was stunned, had not thought of it?

In that case, this pill formula was just created by Ye Yuan?

This ... Did he still want people to live?

“This pill formula was improvised by me and randomly done amidst the Hundred Fate Heavenly Aperture Pills. Didn’t expect that it actually succeeded,” Ye Yuan said.

Zhou Xianchen was speechless. Jinnan and Chu Fang were likewise so.

This was also being said too casually!

*Boom!*

Before his voice faded, the chaos divine essence in Ye Yuan’s body exploded with a loud bang, his aura surging to the sky.

Broke through!

The facial muscles of Zhou Xianchen and the rest could not help but twitch.

Randomly done and broke through?

One heavenly pill, one minor realm!

Reaching Emperor Vast Heaven Realm, this was already something impossible.

Even if it was some formidable cultivation heavenly pills, it could merely save a thousand years of bitter cultivation too.

But, wanting to break through, it was far from enough.

However, Ye Yuan casually refined a heavenly pill and broke through?

Zhou Xianchen let out a sigh and said, "Master Ye has already gleaned the essence of Alchemy Dao. A simple movement or action is all Dao! Looks like he has already reached the threshold of doing as he pleases! Entering Hegemon with Alchemy Doa is merely a matter of time for him! In contrast, the few of us are seriously too shallow!"

Jinnan nodded and said, "The few of us are still clinging onto form, but Master Ye is already following his instinct. This is called disparity!"

Right at this time, a commotion came from the crowd.

A surge of origin power suddenly descended.

Someone gained enlightenment!

"So fast! He just took the Hundred Fate Heavenly Aperture Pill not long and already comprehended?"

"My God, the Hundred Fate Heavenly Aperture Pill that Master Ye refined is also too magical, right?!"

"This isn't increasing cultivation realm, but comprehending origin! Origin is a big hurdle for everyone. I didn't expect that that guy comprehended so quickly!"

"Hurry up and look! It's another power of origin! That person comprehended too!"

... ..

Among the 300 people who swallowed the Hundred Fate Heavenly Aperture Pill, there were already people who gained enlightenment on Dao and stepped into origin realm!

Furthermore, the numbers were still continuously increasing.

One origin power after another descended. This stretch of wilderness instantly became lively.

Even Kong Tan and Wang Ningyan, this kind of geniuses, were also extremely envious as they watched.

"Is this heavenly pill really so magical? These guys' aptitudes are just like that. However, they actually all seem to have had an epiphany, comprehending origin!" Kong Tan was somewhat sour as he said.

"According to this kind of breakthrough method, if there are sufficient heavenly medicines, then wouldn't Grand Brightjade Complete Heaven be able to create origin powerhouses unceasingly?" Yu Yan also said with a melancholic look.

She suddenly remembered what Yang Qing scolded her. She was indeed blind!

It turned out that the leader on Grand Brightjade Complete Heaven's side was simply Ye Yuan, and not Yang Qing!

Wang Ningyan said, "I think I understand something! Grand Brightjade Complete Heaven's sudden emergence this time is most likely because of Ye Yuan! He actually brought 1.2 million people up the Vertical Heaven Stairs, and he brought more than 50 thousand people from the Thousand Souls Hall ... How is this possible! This ... How is this possible?"

Kong Tan and the others were all shocked when they heard that, only then coming back to their senses.

A total of 1.2 million people, that was an absolutely terrifying number.

Bringing 50 thousand people over from the Thousand Souls Hall was even more horrifying than the 1.2 million people previously!

It sounded somewhat fantastical.

But one could understand from those 50 thousand people's respectful attitudes that all these had nothing to do with Yang Qing. It was all due to Ye Yuan.

Except, regarding how on earth Ye Yuan did it, they could not figure it out after racking their brains too.

Very soon, Ye Yuan transcended the Dao tribulation and reached middle Emperor Vast Heaven.

When he cultivated now, ordinary heaven and earth spiritual energy could no longer satisfy him.

The efficiency of converting to chaos divine essence was far too low.

Luckily, the Labyrinth Divine Palace's heavenly medicines were really complete. He only came up with this pill formula after expending considerable effort in those three months.

In a blink of an eye, it was another month.

A series of exclamations suddenly came from the crowd.

"The 300th! A-All broke through! This ... How is this possible?"

"The Hundred Fate Heavenly Aperture Pill that Master Ye refines is actually able to 100% breakthrough to origin realm! This is too amazing!"

"Holy hell! Your Father's intestines are green with regret! If I'd long known, I'd have found Master Ye to refine, and I'd also be an origin powerhouse now! ARGH!!"

... ..

When the 300th power of origin descended, the whole place seethed with excitement.

The Hundred Fate Heavenly Aperture Pill was not a divine medicine. Even if it had the effect of mind clarity, it depended on lucky chance too.

Origin this step was far too difficult!

Many people, even some geniuses, might not be able to break through to origin realm after consuming the Hundred Fate Heavenly Aperture Pill too.

But those people who consumed Ye Yuan's heavenly pills all broke through!

A total of 300 origin powerhouses, this was definitely an astonishing force.

The quality of Grand Brightjade Complete Heaven's martial artist army upgraded by several grades all at once!

Such terrifying alchemy path strength made all the geniuses present give sidelong glances!

Chapter 3052: Heaven!

"*Humph*, boring! Let's go!" Kong Tan gave a cold snort and brought the fiend race and continued forward.

The feather race and other races also left one after another.

Of course, it was not really boring. Otherwise, they would not have wasted the lesser part of half a year here too.

It was just somewhat sour.

The entire Labyrinth Divine Palace was an independent space.

These heavenly medicines were just in the outermost periphery.

In the distance, the palace towered into the clouds.

Wang Ningyan and the rest left with them. Zhou Xianchen they all could not stay anymore too and bade farewell to Ye Yuan, "Master Ye, we're going first!"

Ye Yuan nodded and said, "Be careful."

From the same place, several major forces all advanced and withdrew together.

They were very clear that they had to band up together here. Otherwise, it would be very dangerous.

Only all the way until everyone was done breaking through did Ye Yuan bring Grand Brightjade Complete Heaven's group to continue forward.

"Ye Yuan, we have to hurry; otherwise, the benefits will all be taken away by those guys!" Seeing that Ye Yuan was taking his time, Yang Qing said somewhat anxiously.

Ye Yuan smiled and said, "There are many good things here, but it's not easy to take them away."

Yang Qing's gaze turned intent, and he said, "*Mn?* What do you mean?"

Ye Yuan said, "Continuing forward, those old monsters probably wouldn't be able to hold back one by one, right?"

Yang Qing's pupils constricted, and he said, "You're saying that there are Hegemon Realms among them?"

Ye Yuan nodded and said, "Furthermore, there's quite a few! Otherwise, do you think that I'd have let Kong Tan off easily?"

Yang Qing said in surprise, "This is impossible! Can't Hegemon Heavenless tell?"

Ye Yuan smiled and said, "That sly old fox is probably happy to see it happen, right? He tossed out the Labyrinth Divine Palace, this major killing move. How can it possibly be just to attract us, these small fries? You wouldn't think that he's really finding some successor, right?"

Yang Qing nodded his head blankly and said, "Yeah, I really thought so! Sigh, looks like I was still too naive! He's a sly old fox; you're a little fox!"

As they walked, everyone entered a huge garden.

In this place, there were pavilions and terraces, jagged rocks of grotesque shapes, birds tweeting and the flowers fragrant, like an enormous imperial garden.

Everything was quiet and serene.

Suddenly, there was a commotion in the crowd!

Someone cried out in surprise, "Hurry up and look! That's ... a chaos heavenly treasure!"

The crowd immediately boiled over with excitement!

"Chaos heavenly treasure! It's actually a chaos heavenly treasure! I'm rich now!"

"That's mine! Nobody is allowed to snatch!"

"This place is indeed a treasure trove! *Haha*, maybe I can break through to Hegemon Realm in one stroke!"

... ..

Everyone looked over. It was only to see a small and exquisite bell lying quietly in the grass not far away.

The bell was very exquisite, emitting waves of terrifying aura.

That was the aura of a chaos heavenly treasure!

Ye Yuan's expression changed, and he immediately shouted, "Stop!"

However, it was already too late!

Although Ye Yuan had supreme prestige among them, riches always moved people's hearts.

In front of a chaos heavenly treasure, there were always some people who were not calm.

Hundreds of figures pounced toward that bell as if they were crazy.

But, just as they were about to touch the bell, their bodies turned into countless fine powder, dissipating into the wind.

It was as if they had never appeared before.

There were even several origin realm powerhouses among them!

The complexions of the others turned deathly pale.

They did not even know where the attack came from!

This kind of unknown fear made people break out in goosebumps.

"H-Heavenly Saint Ye, what's going on?" When at a loss, someone finally thought of Ye Yuan.

Very strange, Ye Yuan's strength was almost at the bottom among them.

But at this time, everyone unwittingly wanted to rely on Ye Yuan.

Fortunately, the vast majority of people respected Ye Yuan from the bottom of their hearts.

He did not speak. These people all did not move.

It was also precisely because of this that they survived.

Otherwise, it would probably have been far more than a few hundred people dead.

Just now, Ye Yuan discovered the anomaly right away and gave a warning.

Many people were originally itching for action, but in the end, they still forcefully held back.

At this time, these people were rejoicing greatly.

Listening to Heavenly Saint Ye's words was correct!

Ye Yuan did not speak. His brows knitted tightly.

Suddenly, his figure moved, flying toward that bell.

But, just as his hand was about to touch the bell, the bell vanished right before his eyes strangely just like that.

When everyone saw this scene, each and every one of their eyeballs popped out.

Why was Ye Yuan fine?

Why did the bell disappear?

This imperial garden was overflowing with oddities everywhere!

Ye Yuan did not move. He closed his eyes, carefully feeling the surrounding changes.

Each gust of wind, every trace of heaven and earth spiritual energy.

Those 50 thousand people were silent, watching Ye Yuan quietly, not daring to even breathe loudly.

After a long time, Ye Yuan slowly opened his eyes. Everyone's hearts tensed up, and they were even more afraid to breathe.

"I think we should have fallen into a grand array!" Ye Yuan uttered shocking words.

"Grand array! How is this possible? We ... can't feel any Formation Dao undulations at all!"

"Heavenly Saint Ye, is there a mistake? I'm a rank nine heavenly formation master too, but I didn't detect that there's a grand array in the slightest!"

"If this is a grand array, with so many of us barged inside, wouldn't we have long died out?"

... ..

On a rare occasion, they questioned Ye Yuan.

It was true that they could not feel the traces of a grand array at all.

Ye Yuan said in a solemn voice, "I heard that the Labyrinth Divine Palace had a formation path grandmaster called Hegemon Sevenway. He reached Great Beyond Realm with Formation Dao, his

methods being exceedingly formidable! In the Labyrinth Divine Palace battle, when he was seriously wounded, he actually sacrificed himself and refined himself into an unprecedented grand array! This grand array only had one word: 'Heaven'! He relied on Heaven and exterminated 57 Hegemon Realm powerhouses! Among them, there was even a Great Beyond Realm mighty expert! Presumably, we should have gotten caught in Heaven!"

Everyone drew a breath of cold air from listening.

Exterminating 57 Hegemons with his power alone!

What kind of terrifying divine ability was this!

One had to know that the entire Grand Brightjade Complete Heaven only had 60 over Hegemon Realms.

This Hegemon Sevenway could annihilate Grand Brightjade Complete Heaven with his power alone!

This kind of strength was too terrifying!

How profound was Ye Yuan's insight in Formation Dao?

But he only detected something amiss in the instant that the bell appeared.

Before this, he was completely clueless!

This grand array was too terrifying!

"The entire Labyrinth Divine Palace is an enormous space. And here, it can be said to be a world within a world! This grand array is superimposed with the Labyrinth Divine Palace's space, so we didn't notice it at all. We fell into the grand array! But this grand array is very complicated. It can be said to have already reached the extreme of Formation Dao! The spacetime here is arranged according to Hegemon Sevenway's will; incomparably complicated."

"Just now, they triggered the death door, so they were wiped out by the grand array! But, when I went, the death door shifted positions again, so I'm fine. That bell looks like it's placed on the grass, but actually, it's simply in another space. Its function is to lure us to step into the death gate! Furthermore, this grand array is different from other grand arrays. It ... is alive!" Ye Yuan said in a solemn voice.

Chapter 3053: Hegemons Appear!

Ye Yuan's words made everyone's hair stand on end.

A living grand array!

A living grand array left behind by a Great Beyond powerhouse!

"This ... Heavenly Saint Ye, then what should we do?" Someone panicked.

Ye Yuan shook his head and said, "Take things one step at a time then! Everyone, remember; if there are any more of such treasures, make sure not to act rashly without careful consideration. If you see anything strange, don't let your curiosity cause trouble!"

Everyone was fearful, nodding their heads one by one as they answered yes.

Compared to treasures, it was naturally life that was more important.

The party continued moving forward. Sure enough, many treasures appeared along the way again.

Some treasures could even help them step into Hegemon Realm.

But, no one dared to move anymore.

As for Ye Yuan, he ignored those treasures without exception.

His thoughts were fully on this grand array.

To him, no treasure was as important as this grand array.

Moreover, wanting to leave this grand array, one had to understand it first!

Several days later, they finally bumped into other teams. It was Kong Tan and Yu Ran's party.

These two teams had roughly over 3000 people. Now, less than half were remaining!

Clearly, they sustained rather heavy casualties for the sake of treasures.

Seeing Ye Yuan this group of people, Kong Tan and Yu Ran's pupils could not help constricting.

"This group of people actually did not suffer much loss!" Kong Tan said in a sour tone.

Yu Ran said, "How is this possible? Could it be that none of them took the treasures?"

Kong Tan frowned and said, "I don't believe that someone can be completely unmoved when facing these treasures!"

When Yang Qing saw Kong Tan's expression, he laughed loudly and said, "Boy, you can't make the cut! It's just been a few days, and half of the people around you have died! Hey, are you all idiots? You're still following him?"

Kong Tan's face turned black, and he said in a solemn voice, "Yang Qing, you're courting death!"

Yang Qing smiled and said, "Come on, is your Grandpa Yang scared of you? Is the fiend race very remarkable?"

Kong Tan's expression changed, and he said in a cold voice, "Yang Qing, don't be smug! After getting out of the Labyrinth Divine Palace, I'll definitely request Ancestor to act, and make a trip to Grand Brightjade Complete Heaven!"

Yang Qing laughed loudly and said, "Then you'll have to be able to get out of the Labyrinth Divine Palace first too!"

Kong Tan nearly spewed out a mouthful of old blood.

Going on this trip into the Labyrinth Divine Palace, he had mustered everything up, preparing to make an all-out effort.

Suppressing geniuses from all heavens, seizing this position of inheritance.

But, who knew that from the Vertical Heaven Stairs until now, he was suppressed by people all the way. He really felt oppressed to the extreme.

Suddenly, waves of terrifying auras came out of the nearby forest.

The powerful light pricked until people could not open their eyes.

Kong Tan revealed a look of wild elation. A precious treasure came into being!

Only to see a fire-red long spear hanging on the treetop.

A sword was hanging on another tree.

Also, the bell that Ye Yuan they all saw previously was on the ground.

Three chaos heavenly treasures!

A thousand feet away, a stalk of spirit grass was growing on the ground, emitting a shocking undulation.

When Ye Yuan saw it, his pupils constricted too!

Chaos grade heavenly medicine!

As the name implied, this was a heavenly medicine that only Hegemon Realms could take!

This kind of heavenly medicine, even if it was a single stalk, it was a priceless treasure too!

When origin realm powerhouses consumed it, they might be able to break through the fetters in one stroke, reaching the realm of Hegemon!

Apart from these, several items were even scattered in the grass.

With this, even those people behind Ye Yuan could not help but be moved too.

This was intruding upon a group of treasures!

Any one of these things was an existence that drove people crazy.

“Snatch!” Kong Tan yelled, his figure sweeping past swiftly.

Beside him, the feather race and fiend race powerhouses made a move one after another too.

Even if so many people died, they did not care in the slightest too.

When were there no deaths when snatching treasures?

But, on Grand Brightjade Complete Heaven this side, not a single person moved.

Kong Tan and Yu Ran were extremely surprised. They were all on alert against Ye Yuan and his group. In the end, none of them moved.

*Puu, puu, puu!*

Not far away from Kong Tan, more than ten fiends instantly exploded, deader than dead.

But no one hesitated.

Yu Ran's movement technique was extremely fast and was actually in front of Kong Tan.

In a blink of an eye, she was going to touch that red long spear!

The undulation emitting from this long spear was extremely strong. It already faintly reached the power of a middle grade chaos heavenly treasure.

Clearly, this was the most important one out of these treasures!

Kong Tan's pupils constricted and he cried angrily, "Yu Ran, you dare!"

Yu Ran laughed charmingly and said, "*Hehehe*, treasures of heaven and earth are obtained by those who are fated. Why would I not dare?"

No one could remain composed in front of benefits.

Yu Ran this kind of peerless fairy maiden was the same too.

But right at this time, a large group of people dashed out of the dense woods again. It was shockingly the likes of Wang Ningyan and Qin Baichuan.

Precious treasures coming into being, all parties gathered together once again!

It looked like Yu Ran was about to score the long spear.

In the fiend race, a fiend figure suddenly erupted, shouting coldly, "Stinking lass, the Scarlet Flame Heaven Howling Spear isn't what you can encroach upon!"

This sudden change made everyone dumbstruck with shock.

Hegemon Realm!

A Hegemon Realm actually appeared among the fiends!

"*Humph!* Kong Hai, with your paltry skills, you also want to get the Scarlet Flame Heaven Howling Spear?" Before his voice faded, a powerful aura also erupted from the feather race.

Another Hegemon Realm!

"What a joke! Such a precious treasure, when is it your turn?"

"*Hahaha*, Kong Hai, Yu Xian, just the likes of you probably can't get the Scarlet Flame Heaven Howling Spear!"

"Get lost! Otherwise, I'll kill you all right now!"

... ..

On humanity's side, the auras of five Hegemon Realms erupted at the same time.

Five people appeared all at once!

Wang Ningyan, Qin Baichuan, and the rest were all stunned.

They were completely kept in the dark previously!

Seven Hegemon Realms appeared in an instant. How could they not be surprised?

Originally thought that this was a battle of inheritance.

Who knew that there would be Hegemon Realms involved?

Did Hegemon Realms' still need Hegemon Heavenless' inheritance?

Seven great Hegemons instantly gathered together from seven different directions.

But very soon, the seven people's expressions suddenly changed.

*Boom!*

*Boom!*

*Boom!*

The sound of seven explosions echoed out. The seven great Hegemons were directly blasted away, flying out.

Clearly, they had triggered the array formation again just now!

However, Hegemon Realms were Hegemon Realms. They were clearly not so easy to be killed.

The seven people got up from the ground, expressions all very unfriendly.

"Martial Aunt Yun Xiang, why are you here?" Wang Ningyan said in pleasant surprise.

With a Hegemon Realm around, she suddenly felt a lot more confident.

Among humanity's three great Hegemons, there was one that was the Purple Extreme Heaven Pavilion's female Hegemon, Hegemon Yun Xiang.

Hegemon Yun Xiang had a dark look as she said, "Do you really think that Heavenless that old ghost will give you guys the inheritance? You brats are too naive!"

The moment these words came out, everyone's faces changed drastically.

Wang Ningyan said in surprise, "Martial Aunt Yun Xiang, what do you mean?"

Hegemon Yun Xiang said, "Old Man Heavenless's methods are exceedingly formidable. Back then, when all the heavens joined forces, it did not even kill him completely! This kind of wildly ambitious person, do you think that he'll give you all the inheritance? This Labyrinth Divine Palace is merely a scheme; that's all!"

Wang Ningyan said in surprise, "Then why did Ancestor still let us come?"

Yun Xiang said, "The Labyrinth Divine Palace has once gathered treasures from all heavens! This is a huge lucky chance!"

Chapter 3054: Willing to Die!

"Yun Xiang, stop talking rubbish! Better think of how to get the treasures!" Next to her, an old man roared.

This old man was Melody Nether Heavenly Sect's Hegemon Realm, Zhang Hexin.

These hidden Hegemon Realms all did not make a move previously. Actually, they were fearful of Heavenless.

But, these treasures in front of them were seriously too tempting. They still could not resist revealing their identities.

Yun Xiang's gaze flickered, and she said, "The few of us change positions and try again!"

The other few people had solemn faces, nodding one after another.

Clearly, they approved of this plan.

The seven great Hegemons each adjusted their position.

Zhang Hexin said in a solemn voice, "Go!"

Seven figures flashed indeterminately, akin to wandering dragons; incomparably breathtaking.

However, they did not look cool for longer than three seconds.

It was only to hear the sound of explosions again. Those seven people were blasted flying out once more.

Being bombarded twice, the seven people all sustained considerable internal injuries.

In front of so many junior disciples, these big shots felt a loss of face.

However, with treasures in front, the Hegemons were naturally not willing to give up easily.

After resting, they attempted it five to six times in a row.

But each time, it ended badly.

"Heavenless this old man is really toying with us like monkeys! So many treasures, we can look but can't eat!" Zhang Hexin said exasperatedly.

Kong Hai said with a cold smile, "Moron, weren't you very smug just now?"

Zhang Hexin immediately retorted, "Your Father suffered a loss. Can it be that you can get it?"

The group of Hegemons seemed like eggplants hit by frost, wrinkled and mushy. The imposing momentum from before was all gone, making people find it funny.

Far away, Ye Yuan had been paying attention to these Hegemon Realms all along, revealing an expression of deep thought.

Over so many years, he had been studying this Heaven formation.

He discovered that this grand array was truly incomparably miraculous.

Those Hegemon Realms did not even know that they had gotten caught in the grand array.

But felt that Heavenless was creating difficulties to stop them and toy with them.

No wonder it could kill dozens of Hegemon Realm powerhouses back then!

Actually, Ye Yuan himself also could not tell what flaws this Heaven formation had.

Situated inside it, everything was perfectly natural.

If not for Mi Tian having told him before about some stories of the Labyrinth Divine Palace, he himself could not have seen through at all too.

But now, after the continuous probing of those Hegemon Realms, Ye Yuan finally saw through some clues.

This grand array was like the highest quality of art, without the slightest flaw.

It was like an incomparably precise machine, operating according to its own rules.

It could randomly change positions and produce attacks based on the Hegemons' attacks.

But very clearly, the current Heaven formation did not activate killing formation mode. Otherwise, none of them could think about escaping.

Ye Yuan believed that this had something to do with Heavenless.

Heavenless did not kill people and also showed these treasures. What on earth was it for?

His goal was really hard to guess!

"Kid, come over!" Ye Yuan, who was currently contemplating, was interrupted.

Ye Yuan was stupefied, not knowing why Zhang Hexin suddenly became interested in him.

Meanwhile, the other Hegemons had gloating looks.

Zhang Hexin was currently frustrated with nowhere to vent. He naturally had to find an outlet to vent out.

Ye Yuan was the best candidate!

As humanity's three supreme heavens, these Hegemon Realms were naturally unwilling to see Grand Brightjade Complete Heaven rise up.

However, regardless of whether it was Yang Qing or Ye Yuan, their potential was tremendous.

On this trip, Ye Yuan even brought out hundreds of origin powerhouses.

These 50 thousand people in front of him all had huge potential.

Without a doubt, Zhang Hexin was apprehensive!

Of course, it was not just him. Humanity's five Hegemons were all apprehensive!

Ye Yuan got up, and the faces of Yang Qing and the rest changed, hurriedly stopping him.

"You can't go over! I'll go!" Yang Qing said in a deep voice.

“Don’t need to be so sentimental. You come too!” Zhang Hexin directly said.

With this, everyone was no longer calm.

“I’ll go!”

“I’ll go too!”

... ..

Zhang Hexin clearly wanted to harm Ye Yuan. So how could they possibly watch Ye Yuan deliver himself to death without any emotion?

Even if he wanted to die, it was not Heavenly Saint Ye’s turn too!

Ye Yuan waved his hand and said, “No rush, see what he has to say first.”

Ye Yuan and Yang Qing, two people, came before Zhang Hexin. The latter snickered and said, “Kid, along the way, you were very capable!”

Ye Yuan said coolly, “It’s not that I’m capable. It’s that you all are too weak. Humanity’s three supreme heavens sound very domineering. But weren’t you still suppressed by the fiend race and feather race, these major races? If not for Yang Qing, humanity’s face would have long been utterly lost by you all!”

The other party was obviously looking for trouble. Ye Yuan naturally would not be polite.

As for Wang Ningyan, Lu Haoran, and the rest, their faces turned bright red.

These words slapped the face resoundingly.

But they could not deny it because this was an undeniable fact.

Actually, Ye Yuan already faintly guessed what Zhang Hexin wanted him to do.

It was nothing more than seeing that Grand Brightjade Complete Heaven had a lot of people, to let these people be cannon fodders and search for the restriction’s flaws.

“Courting death!” Sure enough, Zhang Hexin’s face turned black/ The overwhelming aura of a Hegemon Realm suddenly erupted. A palm smashed down toward Ye Yuan.

Everyone’s expressions changed wildly, crying out in alarm.

Feng Qingxuan’s pretty face turned deathly pale, pouncing over madly, wanting to block this palm on Ye Yuan’s behalf.

But very clearly, she was too slow.

However, Ye Yuan’s expression did not change, and his heart did not race. He just stood where he was, unmoving like a mountain.

“What courage!” Even if it was one of the human Hegemons, he could not help but praise too.

*Boom!*

A gust of palm wind howled past. Ye Yuan felt like his four limbs were going to fall apart.

The palm of a Hegemon Realm was too strong!

However, this palm forcefully stopped an inch in front of him.

Seeing that Ye Yuan was not frightened, Zhang Hexin was somewhat disappointed.

“Humph! Killing you like this is letting you off too cheaply! Boy, give you a chance. Go and blaze a trail yourself, or make those people find a path. As long as you can get the treasures, this seat can spare your life!” Zhang Hexin said with a strange laugh.

“Zhang Hexin, if you dare touch a hair of Ye Yuan’s, it’s sowing an irreconcilable enmity with my Voidshrine Illuminating Heaven!” Feng Qingxuan shouted fiercely.

Zhang Hexin chuckled and said, “Fire phoenix lass, are you scaring this seat? Your Voidshrine Illuminating Heaven is strong, but my humanity’s three heavens aren’t weak either! If we really fight, it’s hard to say who’ll win! At present, your Voidshrine Illuminating Heaven has suffered heavy casualties. My humanity’s three heavens really aren’t scared!”

Feng Qingxuan’s expression changed, suddenly feeling powerless.

Hegemon Realms were not so easy to scare.

They all had very powerful factions behind them!

“Heavenly Saint Ye, I’ll go!”

“I’m willing to go too!”

“I won’t hesitate to lay down my life for Heavenly Saint Ye!”

... ..

Grand Brightjade Complete Heaven’s powerhouses actually all came forward on their own accord, requesting to scout a path.

Zhang Hexin could not help being stunned when he saw the situation. He did not expect that this boy actually had such great rallying power.

With this move, he wanted to drive a wedge between Ye Yuan and those people.

He felt that Ye Yuan would not go and scout a path himself and would only let those people go and die.

This way, the others would definitely bear a grudge against Ye Yuan.

But he did not expect that these people were actually willing to go and die for Ye Yuan!

Previously, when these people protected Ye Yuan, it was not to the extent of a life-and-death parting.

Furthermore, they needed help from Ye Yuan.

Zhang Hexin felt that this kind of relationship based on benefits was the most fragile.

He had used this move many times in his life. It proved to be effective every time.

But this time, he failed!

Chapter 3054: Willing to Die!

“Yun Xiang, stop talking rubbish! Better think of how to get the treasures!” Next to her, an old man roared.

This old man was Melody Nether Heavenly Sect’s Hegemon Realm, Zhang Hexin.

These hidden Hegemon Realms all did not make a move previously. Actually, they were fearful of Heavenless.

But, these treasures in front of them were seriously too tempting. They still could not resist revealing their identities.

Yun Xiang’s gaze flickered, and she said, “The few of us change positions and try again!”

The other few people had solemn faces, nodding one after another.

Clearly, they approved of this plan.

The seven great Hegemons each adjusted their position.

Zhang Hexin said in a solemn voice, “Go!”

Seven figures flashed indeterminately, akin to wandering dragons; incomparably breathtaking.

However, they did not look cool for longer than three seconds.

It was only to hear the sound of explosions again. Those seven people were blasted flying out once more.

Being bombarded twice, the seven people all sustained considerable internal injuries.

In front of so many junior disciples, these big shots felt a loss of face.

However, with treasures in front, the Hegemons were naturally not willing to give up easily.

After resting, they attempted it five to six times in a row.

But each time, it ended badly.

“Heavenless this old man is really toying with us like monkeys! So many treasures, we can look but can’t eat!” Zhang Hexin said exasperatedly.

Kong Hai said with a cold smile, “Moron, weren’t you very smug just now?”

Zhang Hexin immediately retorted, “Your Father suffered a loss. Can it be that you can get it?”

The group of Hegemons seemed like eggplants hit by frost, wrinkled and mushy. The imposing momentum from before was all gone, making people find it funny.

Far away, Ye Yuan had been paying attention to these Hegemon Realms all along, revealing an expression of deep thought.

Over so many years, he had been studying this Heaven formation.

He discovered that this grand array was truly incomparably miraculous.

Those Hegemon Realms did not even know that they had gotten caught in the grand array.

But felt that Heavenless was creating difficulties to stop them and toy with them.

No wonder it could kill dozens of Hegemon Realm powerhouses back then!

Actually, Ye Yuan himself also could not tell what flaws this Heaven formation had.

Situated inside it, everything was perfectly natural.

If not for Mi Tian having told him before about some stories of the Labyrinth Divine Palace, he himself could not have seen through at all too.

But now, after the continuous probing of those Hegemon Realms, Ye Yuan finally saw through some clues.

This grand array was like the highest quality of art, without the slightest flaw.

It was like an incomparably precise machine, operating according to its own rules.

It could randomly change positions and produce attacks based on the Hegemons' attacks.

But very clearly, the current Heaven formation did not activate killing formation mode. Otherwise, none of them could think about escaping.

Ye Yuan believed that this had something to do with Heavenless.

Heavenless did not kill people and also showed these treasures. What on earth was it for?

His goal was really hard to guess!

"Kid, come over!" Ye Yuan, who was currently contemplating, was interrupted.

Ye Yuan was stupefied, not knowing why Zhang Hexin suddenly became interested in him.

Meanwhile, the other Hegemons had gloating looks.

Zhang Hexin was currently frustrated with nowhere to vent. He naturally had to find an outlet to vent out.

Ye Yuan was the best candidate!

As humanity's three supreme heavens, these Hegemon Realms were naturally unwilling to see Grand Brightjade Complete Heaven rise up.

However, regardless of whether it was Yang Qing or Ye Yuan, their potential was tremendous.

On this trip, Ye Yuan even brought out hundreds of origin powerhouses.

These 50 thousand people in front of him all had huge potential.

Without a doubt, Zhang Hexin was apprehensive!

Of course, it was not just him. Humanity's five Hegemons were all apprehensive!

Ye Yuan got up, and the faces of Yang Qing and the rest changed, hurriedly stopping him.

"You can't go over! I'll go!" Yang Qing said in a deep voice.

"Don't need to be so sentimental. You come too!" Zhang Hexin directly said.

With this, everyone was no longer calm.

"I'll go!"

"I'll go too!"

... ..

Zhang Hexin clearly wanted to harm Ye Yuan. So how could they possibly watch Ye Yuan deliver himself to death without any emotion?

Even if he wanted to die, it was not Heavenly Saint Ye's turn too!

Ye Yuan waved his hand and said, "No rush, see what he has to say first."

Ye Yuan and Yang Qing, two people, came before Zhang Hexin. The latter snickered and said, "Kid, along the way, you were very capable!"

Ye Yuan said coolly, "It's not that I'm capable. It's that you all are too weak. Humanity's three supreme heavens sound very domineering. But weren't you still suppressed by the fiend race and feather race, these major races? If not for Yang Qing, humanity's face would have long been utterly lost by you all!"

The other party was obviously looking for trouble. Ye Yuan naturally would not be polite.

As for Wang Ningyan, Lu Haoran, and the rest, their faces turned bright red.

These words slapped the face resoundingly.

But they could not deny it because this was an undeniable fact.

Actually, Ye Yuan already faintly guessed what Zhang Hexin wanted him to do.

It was nothing more than seeing that Grand Brightjade Complete Heaven had a lot of people, to let these people be cannon fodders and search for the restriction's flaws.

"Courting death!" Sure enough, Zhang Hexin's face turned black/ The overwhelming aura of a Hegemon Realm suddenly erupted. A palm smashed down toward Ye Yuan.

Everyone's expressions changed wildly, crying out in alarm.

Feng Qingxuan's pretty face turned deathly pale, pouncing over madly, wanting to block this palm on Ye Yuan's behalf.

But very clearly, she was too slow.

However, Ye Yuan's expression did not change, and his heart did not race. He just stood where he was, unmoving like a mountain.

“What courage!” Even if it was one of the human Hegemons, he could not help but praise too.

*Boom!*

A gust of palm wind howled past. Ye Yuan felt like his four limbs were going to fall apart.

The palm of a Hegemon Realm was too strong!

However, this palm forcefully stopped an inch in front of him.

Seeing that Ye Yuan was not frightened, Zhang Hexin was somewhat disappointed.

“Humph! Killing you like this is letting you off too cheaply! Boy, give you a chance. Go and blaze a trail yourself, or make those people find a path. As long as you can get the treasures, this seat can spare your life!” Zhang Hexin said with a strange laugh.

“Zhang Hexin, if you dare touch a hair of Ye Yuan’s, it’s sowing an irreconcilable enmity with my Voidshrine Illuminating Heaven!” Feng Qingxuan shouted fiercely.

Zhang Hexin chuckled and said, “Fire phoenix lass, are you scaring this seat? Your Voidshrine Illuminating Heaven is strong, but my humanity’s three heavens aren’t weak either! If we really fight, it’s hard to say who’ll win! At present, your Voidshrine Illuminating Heaven has suffered heavy casualties. My humanity’s three heavens really aren’t scared!”

Feng Qingxuan’s expression changed, suddenly feeling powerless.

Hegemon Realms were not so easy to scare.

They all had very powerful factions behind them!

“Heavenly Saint Ye, I’ll go!”

“I’m willing to go too!”

“I won’t hesitate to lay down my life for Heavenly Saint Ye!”

... ..

Grand Brightjade Complete Heaven’s powerhouses actually all came forward on their own accord, requesting to scout a path.

Zhang Hexin could not help being stunned when he saw the situation. He did not expect that this boy actually had such great rallying power.

With this move, he wanted to drive a wedge between Ye Yuan and those people.

He felt that Ye Yuan would not go and scout a path himself and would only let those people go and die.

This way, the others would definitely bear a grudge against Ye Yuan.

But he did not expect that these people were actually willing to go and die for Ye Yuan!

Previously, when these people protected Ye Yuan, it was not to the extent of a life-and-death parting.

Furthermore, they needed help from Ye Yuan.

Zhang Hexin felt that this kind of relationship based on benefits was the most fragile.

He had used this move many times in his life. It proved to be effective every time.

But this time, he failed!

Chapter 3055: Storming Formation!

“All go back. I’ll go by myself,” Ye Yuan said to everyone calmly.

“No way! Heavenly Saint Ye is our Grand Brightjade Complete Heaven’s hope. How can you risk your life?”

“My wretched life is not worth mentioning. If I die, I die!”

“Heavenly Saint Ye, let me go!”

... ..

Ye Yuan wanted to go himself, but everyone did not let him.

Those Hegemon Realms were all dumbfounded.

Only in life and death could one see human nature clearly.

These people’s words were clearly not fake.

They would never have thought that Ye Yuan actually had such great prestige among these people!

One had to know, even if you were a genius, making me go and die for you, this would be impossible too.

At least, no one here could do it!

But these 50 thousand over people were actually scrambling over each other to go and die for Ye Yuan. They could not help being visibly moved.

“All shut up for me!” Ye Yuan said in a deep voice.

Everyone immediately shut up. Only then did he slowly say, “Who told you that I’m going to send myself to die?”

Everyone immediately calmed down, looks of wild ecstasy showing on their faces.

Could it be that this Great Beyond grand array was actually cracked by Ye Yuan?

Then ... that would be amazing!

But, when the Hegemons heard that, they laughed heartily.

Clearly, they all thought otherwise.

Something that even they all, these Hegemon Realms, could not do, could a measly little Emperor Vast Heaven do it?

No matter how amazing you were, you were also just Emperor Vast Heaven!

Ye Yuan did not get started right away, but he looked toward Zhang Hexin instead and said coolly, "I can help you all take the treasures out. But there are two things that I want!"

The moment Zhang Hexin heard those words, he smiled. "I didn't hear wrongly, right? You're bargaining with me? Do you really think that you can make it out alive?"

Yun Xiang smiled and said, "Boy, even us Hegemon Realms are at a loss on what to do about this restriction. Just the likes of you, you can make it out alive?"

Ye Yuan just smiled and turned around and left.

Saying any more was pointless, he walked straight towards the forest where the treasures were.

Kong Tan could not help laughing as he said, "This boy has always liked to posture a lot. But this time, he has reached the end of posturing."

Kong Hai said disapprovingly, "A youngster that doesn't know how to be restrained, it serves him right to die too!"

Yu Ran smiled and said, "He also didn't expect that there would be so many Hegemon Realms appearing! However, watching such an alchemy master disappear, I'm quite excited!"

Amidst the mocking, Ye Yuan walked toward the restriction.

Well, the restriction was just what Zhang Hexin they all thought. Actually, this place was just one part of the Heaven formation.

Completely comprehending Heaven formation was naturally impossible.

But fortunately, with the help of Zhang Hexin and the rest, it already let him have a preliminary understanding of things.

In reality, along the way, he had been observing the patterns of these treasures appearing and disappearing the whole time.

As long as it was an array formation, no matter how seamless and flawless the array formation, it operated according to some rules too.

Just like this world, it was also operating with various origins and power of rules.

When he got close to the restriction, Ye Yuan suddenly stopped and started musing.

When Zhang Hexin saw the situation, he could not resist laughing as he said, "*Hahaha*, this boy also is scared of death after all!"

Another Hegemon mocked: "A person, who isn't scared to die? However, isn't it a little late to only wake up at this time?"

"This boy is very cocky. Looking at him pissing his pants in fear is very interesting!"

Ye Yuan was naturally not scared until he peed in fear. He was just observing.

A blade of grass, a tree, a flower, a leaf.

Even a speck of dust, a wisp of spiritual energy, it was all in this Heaven formation.

A grand array that even Hegemon Realms could not see through; it could be imagined how terrifying it was!

Seeing Ye Yuan not moving from start to end, Zhang Hexin clearly somewhat lost his patience and said in a cold voice, "If you're still not going in, I'll make others go in!"

Ye Yuan still did not move, turning a deaf ear to Zhang Hexin's words.

Zhang Hexin gave a cold snort and said, "Cravenly clinging to life and afraid of death! Boy, since he doesn't dare, it's your turn!"

This was said to Yang Qing.

Yang Qing glanced at him and said crossly, "Idiot! What the hell do you know! He's cracking the formation! Cravenly clinging to life and afraid of death, *hur hur*, that guy's dictionary doesn't have these words! Idiot!"

Saying idiot twice in a row, it could be seen how much Yang Qing looked down on Zhang Hexin.

Zhang Hexin was furious and was about to make a move against Yang Qing.

Right at this time, Ye Yuan moved.

It was only to see his body turned, taking five steps to the east.

Then he took a step forward and stepped into the range of the restriction.

A hint of a smile already flashed across the corners of Zhang Hexin's mouth.

He was waiting for the restriction to activate and smash Ye Yuan to powder.

But very soon, he could not smile anymore.

The restriction had no activities!

With this, the whole place was in an uproar!

"This is impossible! Why didn't the restriction react?"

"Are you kidding me? A restriction that even Hegemon Realms couldn't crack, he, an Emperor Vast Heaven, can crack it?"

"Must have hit the jackpot! Right, it must be good luck!"

... ..

Coming all this way, the various factions suffered heavy losses.

However, there were also lucky ones that could obtain one or two less powerful treasures.

But those were done by piling on lives.

They discovered that the more powerful the treasure, the more formidable the restriction.

But Ye Yuan's luck was also too good, right?

Everyone chalked this step from Ye Yuan up to luck.

Ye Yuan could not hear the outside world's exclamations at all. He was already fully immersed in his own world.

Or should one say, inside the heaven formation.

He did not immediately take the next step and stood still again.

He was analyzing the restriction!

This time, Zhang Hexin did not rush him anymore.

The seven great Hegemons all did not urge.

Because Ye Yuan really made the first step!

Compared to finishing Ye Yuan off, they naturally hope to get the treasures inside the restriction even more!

The treasures inside were too moving.

Otherwise, they would not have easily shown themselves too.

Of course, after acquiring the treasures, then finishing Ye Yuan off, that would be perfect.

Zhang Hexin planned like this in his heart.

An hour later, Ye Yuan took the second step.

Then he disappeared!

Everyone was stunned. Where did he go?

"This guy wouldn't have run away, right?" Zhang Hexin said with a frown.

But Hegemon Yun Xiang's eyes lit up, and she shook her head and said, "No! This restriction is connected to spacetime. He was sent into another space! Interesting, this boy actually really figured out the way!"

The Hegemons trembled all over, looking at Hegemon Yun Xiang with incomparable shock.

Hegemon Yun Xiang was the authority on this.

This was because she had another identity; she was a Hegemon level heavenly formation master!

This was also why the offensive acts previously were all directed by her.

But very clearly, she failed.

“Yun Xiang, you aren’t joking, right? An Emperor Vast Heaven brat actually cracked the restriction that Old Man Heavenless laid down?” Another human Hegemon said in shock.

Hegemon Yun Xiang shook his head and said, “How can it be that easy? He just took two steps. The further in, the more difficult it gets! However, being inspired by him, this seat seems to have also seen through something.”

Zhang Hexin said with a look of surprise, “Doesn’t that mean that this boy is more formidable than you?”

Hegemon Yun Xiang’s face turned black, a surge of killing intent rising.

Zhang Hexin’s expression changed, wishing to give himself two tight slaps.

Really rubbing people’s noses in it!

Chapter 3056: Negotiation!

“Out! Coming out!”

Suddenly, there was a commotion in the crowd.

After a time interval of one day, Ye Yuan’s figure directly stepped out of the void and returned to everyone’s line of sight again.

This time, Ye Yuan was much closer to those treasures.

“This guy actually really didn’t die!”

“Why? A restriction that even Hegemon Realms can’t do anything about; why can he?”

“Unparalleled in Alchemy Dao, crushing his peers! And now, his Formation Dao can actually crush Hegemon Realms?”

... ..

The competition among peers was indeed shocking, but it was far from the shock of the present.

After all, Hegemon Realm powerhouses were paramount existences.

Many people knew that Hegemon Yun Xiang was a Hegemon level heavenly formation master!

Did that mean that Ye Yuan, this grade eight heavenly formation master, already crushed Hegemon Yun Xiang?

Yun Xiang felt somewhat at a loss of face.

Actually, she was conflicted.

Regarding treasures, she naturally coveted it.

But, if Ye Yuan could really take treasures, her face would be lost.

*Mn, killing him might be the best option.*

But she said one thing right. It became harder and harder toward the back.

The time that Ye Yuan stopped over for each step also got longer and longer.

But at this time, no one rushed him anymore.

Everyone was being patient, waiting for him to take the next step.

This step, Ye Yuan spent an entire day.

Then it was a day and a half, two days, three days.

Seven days later, Ye Yuan disappeared again.

Half a month later, when Ye Yuan appeared in front of everyone again, he was already standing in front of a treasure.

Everyone's breathing became nervous.

This was a grade five grandmist treasure, an entirely black long saber.

Ye Yuan leaned over to pick it up. No abnormality happened at all.

*"Hiss ... He really did it! He actually really did it!"* Zhang Hexin exclaimed.

They were thrashed by this restriction many times and thought that Old Man Heavenless was playing them.

In the end, no!

It was just that they were incompetent!

*"Really inconceivable! This boy actually got the treasure from under Old Man Heavenless' hands!"* Kong Hai said in shock.

*"This boy is truly remarkable! Given enough time, he'll absolutely be a terrifying existence! He might be able to reach Old Man Heavenless that height!"* Hegemon Yu Xian said with a light smile.

When they heard that, the expressions of humanity's Hegemons all changed.

This was clearly said for them to hear.

Another Heavenless appearing, this was not some good thing!

Although they knew that Yu Xian had the intention of provoking them, the apprehension in their hearts grew thicker.

Humanity's three supreme heavens did not want to be ruled by a low-level plane.

*"Heh, Sister Yu Xian, rather than sowing discord here, it's better to discuss how to distribute the treasures,"* Zhang Hexin said with a cold smile.

Yu Xian smiled slightly and said, *"That feather coat should have been left behind by my feather clan's senior. It's not overboard that we ask for it, right?"*

Kong Hai said, *"This seat is getting the Scarlet Flame Heaven Howling Spear!"*

Zhang Hexin sneered and said, "Kong Tan, you haven't seem to have figured out the situation yet! You can forget about the Scarlet Flame Heaven Howling Spear."

Kong Hai was indifferent and said with a chuckle, "You guys wouldn't really think that the fiend race only has this seat alone who came, right? My fiend race Hegemons has always acted independently. But do you really think that they will look on with folded arms?"

Zhang Hexin's face fell, and he said, "Then are you sure that just five of us from the human race came? Enough crap, the Scarlet Flame Heaven Howling Spear, there's no share for you!"

... ..

Several mighty Hegemons started negotiations and were already dividing up the treasures.

It was as if these treasures were already in their hands.

To tell the truth, no matter how monstrous Ye Yuan was, they did not take him seriously too.

Martial strength was the final right to speak.

The others were merely unorthodox paths.

Three month later, Ye Yuan retrieved all of the treasures.

All the Hegemon Realms had looks of excitement.

In this restriction, there were three chaos heavenly treasures, seven grandmist treasures, and also a chaos heavenly medicine.

Especially the Scarlet Flame Heaven Howling Spear, it was even of the highest grade among chaos heavenly treasures.

Even to Hegemon Realm powerhouses, this was also a significant wealth.

*Swoosh! Swoosh! Swoosh!*

Ye Yuan walked out of the restriction and was immediately surrounded by the seven great Hegemons. He could not run even if he wanted to.

Zhang Hexin reached his hand out and said in a cold voice, "Hand it over!"

Initially, he only found Ye Yuan displeasing and wanted to toy him to death.

But who knew that this kid actually really did it!

Got to say, in addition to the shock, it was also an unexpected surprise.

He naturally did not know that he had actually contributed his strength in it too.

Ye Yuan was naturally reluctant to submit. He said coolly, "Now, do we have the capital to negotiate?"

Zhang Hexin laughed loudly and said, "*Hahaha* ... You, a measly little Emperor Vast Heaven, wants to negotiate with us, these Hegemon Realms? Don't you find this joke very hilarious?"

*"Hahaha ..."*

Everyone started laughing.

Ye Yuan's current performance was indeed very ridiculous when it landed in everyone's eyes.

Undefeated in pill refinement, undefeated in Formation Dao, but you were not a Hegemon in the end!

"Kid, if I give you a few thousand years, you might have the qualifications to challenge the few of us. But right now, you'd better put away your pride," Hegemon Yun Xiang said with a snicker.

Ye Yuan's gaze landed on Yun Xiang's face, and he said coolly, "The ones who haven't figured out the situation are you guys! You're a Hegemon level heavenly formation master, right? I really feel ashamed for you. You are already at this realm, but you don't even know where you are."

Yun Xiang's two eyes narrowed, and she said, "Boy, are you scaring us?"

"Scare you all? *Hur hur*, you guys called this as a restriction just now?" Ye Yuan pointed at that dense forest and said.

Yun Xiang's brows furrowed slightly, and said, "If it isn't a restriction, what is it?"

Ye Yuan smiled and said, "Since you're Hegemon Realm, then you should know what the number one grand array in all the heavens is, right?"

Yun Xiang could not help laughing as she said, "Are you testing this seat? The number one grand array in all the heavens, is naturally the Labyrinth Divine Palace's Heaven formation! You aren't telling this seat that we're in the 'Heaven' formation now, right?"

"Otherwise, what do you think?" Ye Yuan said.

"*Haha*, boy, after solving a restriction, do you really think that you can display your slight skill in front of this seat? Heaven formation is the number one killing formation since ancient times, its power boundless. Forget about you; even we all, these Hegemon Realms, will face certain death if we enter too. With just the likes of you, you don't even have the qualifications to enter Heaven formation!" Yun Xiang said disapprovingly.

Honestly speaking, when they heard Ye Yuan say Heaven formation, the hearts of all the Hegemons tensed up too.

After all, the Hegemons who fell inside Heaven formation were too many.

But, hearing Yun Xiang say so, their hearts eased up again.

"Punk, this seat will say it one last time. Hand over the treasures!" Zhang Hexin said in a cold voice.

Ye Yuan smiled lightly and suddenly took a step.

"Courting death!" Zhang Hexin's expression turned cold and suddenly threw a punch over.

Against the punch of a Hegemon Realm, an Emperor Vast Heaven would definitely die without a doubt.

The expressions of Yang Qing and the rest changed wildly, but it was too late.

*Boom!*

This punch slammed into the air.

Ye Yuan's figure actually disappeared.

Yun Xiang's pupils constricted, and she cried out in alarm, "How is this possible! This ... is already out of the restriction territory. How did he do it?"

Chapter 3057: That's How Confident!

Next to a pile of strange stones, Ye Yuan's figure appeared.

While everyone had a look of shock, looking at this scene in disbelief.

Could it be that what Ye Yuan said was real?

They had actually all fallen into the terrifying Heaven formation and were not aware?

"Want to kill you all or not, it's merely a matter of a single thought from me. If I want to kill, you all would be long dead. If I don't want to kill, it's naturally because I don't want to kill you guys yet," Ye Yuan looked at Zhang Hexin and the rest as he said coolly.

Shock was written all over Zhang Hexin's face.

The six of their eyes all turned to Yun Xiang.

"Yun Xiang, what's going on here?"

"This ... This might very likely be the Heaven formation!" Among the seven people, the most shocked was naturally Yun Xiang.

Zhang Hexin's face fell, and he said, "What's called likely? Could it be that you, a Hegemon Realm, is actually inferior to him, an Emperor Vast Heaven?"

Yun Xiang's face turned black, and she said in a solemn voice, "Likely means not certain. Are you stupid?"

Zhang Hexin also realized that he had somewhat lost composure.

Which Hegemon Realm did not want face? His words put Yun Xiang on the spot.

"*Cough cough*, Younger Sister Yun Xiang, don't get agitated. Brother Zhang is also somewhat anxious. That's why his words were not appropriate." At this time, another Hegemon Realm came forward to be a mediator.

Yun Xiang snorted coldly. The atmosphere seemed a little awkward.

"A grand array that even this seat can't detect, apart from Heaven formation, I can't think of a second one! Brat, could it be that you've already grasped Heaven formation?" Yun Xiang looked at Ye Yuan and said with an unfriendly expression.

In reality, Yun Xiang was extremely shocked in her heart.

Not only did Ye Yuan see through it, he even acquired the treasures.

While she, this Hegemon level heavenly formation master, actually did not even detect a trace. What a complete loss of face.

Ye Yuan smiled and said, "How profound is Heaven formation? How can it be grasped so easily? I just saw everyone challenging the formation and felt some changes, and then I had some comprehension. That's all. So, do I have the qualifications to negotiate the terms with you all now?"

The seven Hegemons had black faces, all falling silent.

Clearly, it was considered to be tacitly approving.

But it was too hard for these words to come out of these Hegemon Realms' mouths.

Ye Yuan said, "Among these treasures, I want three things, Scarlet Flame Heaven Howling Spear, Huan Dragon Root, and this Myriad Magnetism Mountain!"

Huan Dragon Root was that chaos heavenly medicine.

Ye Yuan naturally had no use for this.

But, to Cloudmount, this thing was a priceless treasure!

His fading life force could only be restored using chaos heavenly medicines.

But chaos heavenly medicines were extremely rare when looking across the 33 Heavens too.

Ye Yuan did not expect to see it here!

However, Cloudmount's injuries were extremely serious. A Huan Dragon Root was far from enough.

As for whether or not he could find others, he could only try his luck.

The moment the words came out of his mouth, Zhang Hexin exploded.

Among these treasures, the most precious were the Scarlet Flame Heaven Howling Spear and Huan Dragon Root. Ye Yuan actually wanted them in one breath.

Then would they, these Hegemons, become a joke?

"*Haha*, boy, you really dare to open your mouth! Do you think that we'll agree?" Zhang Hexin laughed from extreme rage.

Ye Yuan smiled and said, "Senior, I heard that back then, the fire spirit race's Progenitor Flamebright had a great battle with Ancestor Sevenway. In the end, he brought numerous Hegemons and inflicted heavy wounds on Ancestor Sevenway. Ancestor Sevenway knew that it was impossible to escape his doom, so he derived the Heaven formation with his essence, energy, and spirit, cutting down the fire spirit race's progenitor inside this formation. The fire spirit race also never recovered from this setback because of this. Progenitor, Progenitor Flamebright's 'Sunchaser' should still remain inside this formation, right?"

The moment these words came out, the faces of the seven great Hegemons changed!

Progenitor Flamebright was once a greatly renowned Great Beyond powerhouse.

His lifeblood treasure Sunchaser had a great reputation in all the heavens.

Sunchaser was a superior grade chaos heavenly treasure!

These treasures were utterly worthless in front of 'Sunchaser'.

Therefore, hearing that Sunchaser might have remained inside the Heaven formation, the seven great Hegemons were no longer calm.

"Boy, what do you mean?" Zhang Hexin asked in a solemn voice.

Ye Yuan smiled and said, "What I mean is, dozens of Hegemons died here. The treasures are too many to enumerate! There are still many treasures later at the back. Rather than getting entangled here, it's better to have a longer term perspective; we cooperate to retrieve treasures!"

Zhang Hexin said disdainfully, "A mere Emperor Vast Heaven, what right do you have to cooperate with us?"

Ye Yuan said, "Based on that I can understand Heaven formation."

Zhang Hexin could not resist looking over at Yun Xiang. The latter sneered and said, "Boy, you're too self-confident! Since this seat knows that I've fallen into this formation, won't I know to comprehend it myself? You wouldn't think that I, this Hegemon level heavenly formation master, is someone who only knows how to eat and do nothing, right?"

Ye Yuan shrugged and said indifferently, "Sure, I'll teach you everything that I learned. When we encounter treasures later, let's have a fair competition, and see who comprehends it first. If I can't match up to you, not only will I not take a single treasure, but I'll also hand these three treasures over with both hands. What do you all think?"

"Is this for real?" The seven great Hegemons virtually said in unison.

This boy was too arrogant!

Ye Yuan nodded and said, "If I really lose, it won't be my turn to speak anymore, isn't it?"

The seven great Hegemons exchanged glances, all deeply feeling the same too.

As long as Yun Xiang grasped the Heaven formation, what did it still have to do with Ye Yuan?

What shocked them was that Ye Yuan was actually willing to share what he learned with Yun Xiang!

This boy was also too self-confident, right?

Being able to become a Hegemon level heavenly formation master, how could Yun Xiang's comprehension ability be ordinary?

Did this boy really think that he could crush a Hegemon?

Ye Yuan naturally did not want to do so. But he needed to borrow these people's strength to go and assault the Heaven formation.

Otherwise, it would be very hard for him to understand Heaven formation on his own too!

In the end, both sides reached an agreement.

Everyone present was shocked.

“This boy is really drunk with confidence! He actually doesn’t even place Hegemon Realms in his eyes!”

“*Hur hur*, this is handing his life over to other people’s hands. This boy really has a unique train of thought!”

“Emperor Vast Heaven challenging a Hegemon, there’s a show to watch!”

... ..

Amidst everyone’s shock, Ye Yuan started imparting Yun Xiang what he learned.

Of course, what Ye Yuan comprehended was just some smattering of the Heaven formation.

If you compared the Heaven formation to a skyscraper, then what Ye Yuan comprehended was at most a small kitchen inside the large building.

It was insignificant in front of this tower.

When Yun Xiang listened, the fascinating expression on her face was unceasing.

What Ye Yuan comprehended opened a new door for her and let her know that it turned out Formation Dao could still be like this!

But even so, Yun Xiang was still somewhat laboring to comprehend these.

Only after spending several months’ time did she barely manage to understand it.

Actually, she still had many areas in which she only had half-baked knowledge. But due to status, she did not ask Ye Yuan in detail.

Too humiliating!

She, a Hegemon Realm, would not admit to being inferior to an Emperor Vast Heaven.

Yun Xiang believed that as long as she studied carefully later, she would be able to digest the content very quickly.

Four months later, everyone set off again.

Getting three treasures, Ye Yuan was also fully satisfied and content.

The Scarlet Flame Heaven Howling Spear was prepared for Yang Qing.

After he acquired this spear, it was even more like a tiger gaining wings.

And the Myriad Magnetism Mountain was part of the Myriad Realms Mountain!

Chapter 3058: Coming Out on Top!

“Sure enough, Hegemon Chaos died here? Then can I find other Myriad Realms Mountains in this place?” Ye Yuan pondered.

Ye Yuan was still quite interested in the Myriad Realms Mountain.

This chaos heavenly treasure was made by Hegemon Chaos by exhausting all his effort.

Each one was a one-in-a-million treasure.

Seven combining into one, the power was boundless!

Furthermore, this treasure was undoubtedly the most suited for him.

Since Hegemon Chaos' cultivation method was wrong, then this treasure's refinement method was naturally wrong too.

Ye Yuan wondered if he could refine it with the Eternal River's chaos, could the power be stronger?

The two Myriad Realms Mountains that he obtained previously, Ye Yuan had already refined them anew in the Eternal River.

The power of those two Myriad Realms Mountains, after combining together, had already reached the level of a grade three grandmist treasure.

With this third one, there was no problem stepping into grade four at all.

Before long, everyone discovered that seven to eight treasures appeared in a pile of quarry stones again!

"Is that ... Azure Spirit Chaos Element Sword?"

"And also Cloudwhisper! This is the lifeblood treasure of Hegemon Yu Yang back then, with immensely formidable power!"

"Good stuff! Really good stuff! Just the middle-grade chaos heavenly treasures, there are two of them! Yun Xiang, it's up to you!"

... ..

The Hegemon Realms were extremely excited. Although the treasures here were not as many as before, the quality was a level higher!

Which of these people could remain calm when they saw it?

Yun Xiang said confidently, "Relax. This seat has been studying Formation Dao all my life. The array formations that I've seen before are more than the rice that this brat has eaten. Can I still lose to him?"

Ye Yuan smiled and said, "Don't boast too much. Be careful that you get face-slapped in a while."

Yun Xiang said disdainfully, "With the likes of you? Boy, you'd better think about how you should deal with yourself after this seat comprehends Heaven!"

Ye Yuan smiled and declined to comment.

Yun Xiang said, "The few of you old fellows work harder for this seat too! Otherwise, nobody can think about walking out of this grand array! Begin!"

Zhang Hexin six great Hegemons took their positions. Under Yun Xiang's word of command, the six people dashed out like lightning, pouncing straight for those treasures.

*Boom!*

*Boom!*

*Boom!*

An explosion sound came over again. The six people were blasted until they fell flat on their backs, looking extremely wretched.

Putting it bluntly, they were just looking for abuse.

To say that the power of this grand array section was great, it was not. But to say that it was small, it was not small either.

The few people were blasted until they had bloody noses and swollen faces, and broken hands and hands. It was unavoidable.

They were bound to make an exhibition of themselves.

Why did they not let others go?

Not reaching Hegemon Realm, going would be to seek death. Without being able to even touch the array formation, there would be no value at all.

Hence, they could only greatly inconvenience these few old fellows.

“F\*cking hell, Your Father has lived to this ripe old age. It’s still the first time that I’m being toyed by someone! Yun Xiang, if you lose to that boy, this seat will find trouble with you!” A human Hegemon roared angrily.

“I know that there are definitely still old fellows who hid themselves. If you guys have the ability, don’t ever show your faces! *Humph!*”

The six great Hegemons were very depressed too. But it could not be helped as well. Who asked them to jump out first?

Each Hegemon had their own means. If they used their respective means to hide among tens of thousands of people, there would really be no way of discovering.

But it was certain that there were definitely still quite a few hidden old fellows.

Yun Xiang and Ye Yuan both stared at the grand array without shifting their gazes, feeling every movement and action of the grand array.

The grand array was an organic entity. But without a doubt, the buried treasure places were the only explicit passageway of the grand array.

Want to understand the Heaven formation, one could only start from here.

At virtually the same time, Ye Yuan and Yun Xiang held a piece of rock in their hands and started drawing a formation diagram on the ground, and fell into deep thought.

Clearly, this sub-formation was even harder and more complicated than the one before.

Because previously, Ye Yuan did not draw a formation diagram.

When everyone saw the situation, they crowded over one after another.

“You all look, Hegemon Yun Xiang and Ye Yuan both drew nine symbols. Each of these nine symbols represents an array element. Could it be that Heaven formation that’s known as the number one killing formation in the world, actually only has nine array elements? This ... is also too inconceivable!”

Origin powerhouses who understood array formations started explaining the significance of these symbols to the others.

When many people heard, they all exclaimed with admiration.

There were many array formation schools of thought. There were naturally many kinds of array elements too.

There were nine by nine, 81 types of the most basic array elements.

And some high-level array elements were derived from these 81 types of array elements; complicated and elaborate, extremely hard to grasp.

The more complicated the array elements used, and the more massive they were, naturally the stronger the power of the grand array.

But no one could have thought that this most terrifying grand array in the legends was actually so simple!

“Eh, why did Ye Yuan stop?”

“Hegemon Yun Xiang’s pen is still moving like flying, looks like she’s actually leading Ye Yuan!”

“Like I said, how can a mere Emperor Vast Heaven possibly be stronger than a Hegemon Realm? Ye Yuan this boy has shot himself in the foot this time!”

... ..

Suddenly, Yun Xiang stopped too and said to the six great Hegemons, “You all go and storm again!”

The six people’s faces turned black at the same time, almost spewing out a mouthful of old blood.

This process was not that fun!

However, seeing that Yun Xiang seemed to have the advantage, they could only clench their teeth and storm the formation once more.

The result was self-evident.

The six great Hegemons returned with bloody noses and swollen faces again.

“I’ll have to trouble seniors to go and rush it again.” Who knew that when they just came back, Ye Yuan added on and instructed them.

Zhang Hexin said in a great rage, “Boy, are you messing with the few of us? Didn’t you see the attempt just now?”

Ye Yuan nodded and said, "I saw it, but there are still some areas that I don't understand. Therefore, I'll have to trouble everyone!"

"Your Father isn't going anymore!" Zhang Hexin said in a great rage.

Ye Yuan was indifferent and said nonchalantly, "That works too, but if Hegemon Yun Xiang fails, don't look for me. At most, let's die together here. With you seven great Hegemons, *oh*, wait, I estimate that there are at least 20 Hegemons here, maybe even more! With so many people being buried in death with me, I think that it isn't considered a loss to me too!"

Zhang Hexin's face turned black, and he said in a solemn voice, "Consider yourself ruthless! Let's go!"

Right now, there were clearly only Ye Yuan and Hegemon Yun Xiang two people who had the ability to crack the formation.

If they really offended this boy badly and if Yun Xiang really failed, they would really have to die here.

The six great Hegemons attacked the array formation again according to the position that Ye Yuan pointed at.

*Ugh, very miserable!*

Just like that, Yun Xiang and Ye Yuan two people used the six great Hegemons as hard-laborers, ordering them around over and over again.

However, the six great Hegemons' strengths were evident. With them taking action, it indeed saved a lot of effort.

Three months later, Yun Xiang suddenly put down the rock in her hand and got up and walked toward the grand array.

Everyone's mind trembled!

"It's here. It's here! Sure enough, it's still a Hegemon level heavenly formation master who's more powerful!"

"Hegemon Yun Xiang cracked the formation first! Ye Yuan this boy will suffer!"

"*Hahaha ...* Ye Yuan, you no longer have utility value! This time, I'll see if you still don't die!" Kong Tan said with a loud laugh.

... ..

Ye Yuan ignored him and was still writing and drawing.

However, no one paid attention to him anymore.

Everyone's gazes were focused on Hegemon Yun Xiang.

Chapter 3059: Failing With Every Attempt!

Yun Xiang was very confident, arriving before the grand array, and took a step in.

The grand array did not have the slightest activity.

Following that, she took a second step. There was still nothing happening.

Third step, fourth step ... Yun Xiang stormed the formation naturally and smoothly, without the slightest sluggishness.

Compared to when Ye Yuan challenged the formation the previous time, it could simply be said to be unstoppable momentum.

When Zhang Hexin and the rest saw the situation, they were all overjoyed.

These few months of hardship finally exchanged for the hope of victory.

“Impressive! Impressive! It’s still a Hegemon level heavenly formation master in the end. Her strength is indeed not for show!”

“Hegemon Yun Xiang only did not detect it previously. Once she realized that we’re situated inside the Heaven formation, this place indeed can’t stop her!”

“Ye Yuan that boy is going to be in misery!”

... ..

But, Ye Yuan turned a deaf ear to the outside world’s shock.

He was still writing and drawing, thinking about something.

*Pffft!*

A gust of palm wind attacked. The thing that Ye Yuan was drawing was directly erased.

Ye Yuan’s thoughts were naturally interrupted too.

He frowned and looked at the arrival. Who could it be if not Zhang Hexin?

Zhang Hexin had a cold smile on his face, and he said, “Boy, I’ve tolerated you for a long time! Now, you’re still putting on an appearance? You’ve already lost!”

“Talking nonsense with him for what? Kill him at once!” Kong Hai followed closely behind and said in a cold voice.

These few days, Ye Yuan did not go easy on tormenting them.

The number of times he made them storm the formation was much more than Yun Xiang.

In the end, Yun Xiang already comprehended the formation, but Ye Yuan did not have any leads yet.

They already found Ye Yuan displeasing to the eye in the first place. Now, it was naturally avenging grievances if there were any, and taking revenge if there were grudges.

Ye Yuan looked at Zhang Hexin and said with a light smile, “This sub-formation isn’t that simple. Behaving like this now, be careful that you guys won’t be able to clean up the mess in a while.”

Kong Hai sneered and said, “Yun Xiang has already cracked the formation. What’s there to clean up still? Boy, this seat has found you displeasing for a long time!”

Ye Yuan looked at him and said with a smile, "Then you might be even more unhappy in a while. No matter what, you all can't kill me right now because I'm the only second choice! Killing me, once Yun Xiang fails, none of you can get out! If you all are so confident in her, do it."

Ye Yuan spread his two hands out and made it look like he was at other people's mercy to be cut up like fish.

With this, Zhang Hexin two people hesitated instead.

He snorted coldly and said, "Boy, don't be pleased with yourself! Yun Xiang will succeed in storming the formation right away. At that time, it will be your death!"

Ye Yuan shrugged, indifferent to it.

This sub-formation was not that simple.

He had not even understood the changes involved up till now.

Ye Yuan naturally would not underestimate a Hegemon level heavenly formation master, but he was certain that Yun Xiang had most likely walked into a misunderstanding.

This sub-formation was designed extremely ingeniously. There were several areas that were very easy to mix up.

It was precisely because he was not sure that Ye Yuan made Zhang Hexin and the rest storm the formation many times. It was not that he had the intention of toying with him.

But Zhang Hexin and the rest naturally felt that Ye Yuan was deliberately targeting them.

Of course, he could not be bothered to make them understood either.

Ye Yuan naturally had his reliance to dare pick a fight with Yun Xiang.

He fused the origin seeds of myriad Dao. A very large portion of them were all Labyrinth Divine Palace disciples.

Among them, there were origin powers that were quite similar to Heaven formation.

Ye Yuan guessed that the original master of this origin seed should have a significant relationship with Hegemon Sevenway.

It was by relying on precisely this origin seed that Ye Yuan held superior advantage in the Heaven formation than others.

Although Yun Xiang was formidable, she wholeheartedly sought speed, falling into mediocrity.

Those few places that were easy to make one be confused were not that easy to discover.

*Boom!*

Before Zhang Hexin's voice faded, Yun Xiang was directly blasted out.

Heavily wounded!

The expressions of the six great Hegemons changed wildly! Ye Yuan really hit the mark!

Yun Xiang failed!

“What’s going on?” Zhang Hexin asked.

Yun Xiang frowned heavily and said, “It seems like somewhere is wrong. Let me deduce it again! Relax, I’ve already completely comprehended this sub-formation. It’s not difficult to crack it!”

One sentence made everyone settle down.

“Okay! Whatever help you need, just say it. You can’t lose this battle!” Zhang Hexin said with a solemn face.

After all, it was the number one killing formation. Mistakes were naturally allowed.

But the face of Hegemon Realms could not be lost!

In this battle, they could not lose to Ye Yuan no matter what!

Yun Xiang was a little stunned, but she still nodded her head and said, “Okay, I’ll reorganize it again.”

Hence, she buried herself in work again.

But Zhang Hexin felt that there was a burning gaze looking over toward him.

Turning his head, he discovered that Ye Yuan was currently looking at him with a smile that was not a smile.

Motherfucker, this guy was right again!

“*Humph!* Brat, don’t get smug! She merely ran into some trouble. The general direction is correct! Just you wait to surrender!” Zhang Hexin gave a cold snort and no longer cared about Ye Yuan.

He could not afford to lose this face!

And this time, Ye Yuan started taking things easy and simply crossed his hands and stopped comprehending the formation.

“What’s the matter? Ye Yuan wouldn’t have given up, right?”

“Even if he doesn’t give up, the chances of winning aren’t high either, right? Hegemon Yun Xiang also said that she has already fully understood it!”

“Yeah, although she ran into some trouble, the results will definitely be her being successful. Ye Yuan’s speed is still too slow!”

... ..

Everyone started discussing in whispers when they saw the situation.

In a blink of an eye, another half a month passed.

Yun Xiang naturally could not dispense without tormenting Zhang Hexin they all a few times.

Then she went to storm the formation again with overflowing confidence.

Zhang Hexin and the rest pulled themselves together once more, secretly cheering Yun Xiang on.

*Boom!*

Who knew that before long, Yun Xiang was blasted out again.

This time, it was even more miserable!

The expressions of Zhang Hexin and the rest changed wildly, hurriedly going up to help Yun Xiang up.

“Are you alright?” Zhang Hexin asked with concern.

He was not on very good terms with Yun Xiang. There were some grudges. But, being united against outsiders at this time, he was naturally concerned.

This time, half of Yun Xiang’s body was blown away, rather miserable.

Recovering would not be that easy as well.

But Yun Xiang did not seem to have heard it and was full of confusion as she said, “Impossible! I’ve already deduced it dozens of times! It’s clearly not wrong! Why?! Why is it like this?!”

The expressions on the faces of the six great Hegemons were very complicated.

Without turning around, they already felt a series of burning gazes.

Failed again!

“It’s okay. We have plenty of time, again!” Zhang Hexin encouraged.

Yun Xiang did not say anything and nodded her head.

After nursing her wounds for a few days, Yun Xiang finally recovered a little and started studying intensively again.

But unfortunately, she came out badly injured each time.

Furthermore, each was more severe than the last!

After attempting for seven to eight times like time, she finally could not hold on anymore.

“Why?! Why is this happening! I’ve clearly already comprehended the formation. Why can’t I crack the formation!” Yun Xiang looked up to the sky and roared angrily, her eyes full of confusion.

Zhang Hexin’s face was ugly to the extreme.

Sustaining serious injuries repeatedly, Yun Xiang was already powerless to challenge the formation anymore!

His gaze could not resist looking toward Ye Yuan.

Ye Yuan did not look at him. He was currently chatting away with Yang Qing.

This guy was definitely doing it on purpose!

But there was no choice!

“Boy, Yun Xiang can’t do it anymore! Hurry up and go comprehend the formation!” Zhang Hexin arrived in front of Ye Yuan and said in a solemn voice.

Chapter 3060: Messing With You All on Purpose!

“Comprehend formation? Comprehend what formation?” Ye Yuan said with a blank face.

Zhang Hexin’s face turned black, and he said in a solemn voice, “Punk, are you feigning ignorance to this seat?”

Ye Yuan shrugged and said, “Sorry, the things that I comprehended were all in those symbols. Now, those symbols are gone. I also don’t know how I should comprehend the formation anymore.”

Zhang Hexin almost spurted out a mouthful of old blood. This boy was intentionally putting on airs!

He did not believe that with Ye Yuan’s intellect, he would not remember those symbols.

Ye Yuan was clearly taking revenge by saying so!

“Boy, do you really think that this seat doesn’t dare to kill you?” Zhang Hexin released killing intent and locked onto Ye Yuan.

But sadly, Ye Yuan did not seem to feel it and said nonchalantly, “What’s Senior so fierce for? The more you scare me, the more I’ll forget! The more I forget, the harder it will be to crack the formation.”

Zhang Hexin was going crazy.

By the side, Kong Hai said with a cold snort, “Talking crap with him for? Torment him well. This seat doesn’t believe that he dares to not obey!”

The moment this was said, Zhang Hexin was clearly somewhat stirred.

But this was also a risky move. Yun Xiang could not do it anymore. There was only Ye Yuan left now.

If they really provoked Ye Yuan and had a life-and-death struggle, then everyone’s lives would be left behind here.

But, to make him beg Ye Yuan obsequiously, he could not put aside this ego too.

Ye Yuan’s meaning was very clear: lower your head and admit your fault!

In the end, face still triumphed over everything.

Zhang Hexin’s figure suddenly moved explosively, directly grabbing toward Ye Yuan, his speed inconceivably swift.

Of course, Ye Yuan did not plan to dodge either.

He still stood there, perfectly calm and composed, as if the target of Zhang Hexin’s attack was not him.

Just as Zhang Hexin was about to grab Ye Yuan, a figure suddenly rushed out from the flank.

*Bang!*

Zhang Hexin was in disarray, taking hundreds of steps back in a row before barely managing to stabilize his figure.

A figure was standing in front of Ye Yuan with his hands behind his back.

*"Humph! A bunch of good-for-nothings!"*

Zhang Hexin's expression changed drastically, and he cried out in surprise, "Hegemon Yun Shang!"

Human race itinerant cultivator, Supreme Hegemon, Hegemon Yun Shang!

He finally could not resist and took action.

Hegemon Yun Shang snorted coldly and said, "A few idiots! If you all are courting death yourselves, this seat doesn't care. But do you want the others to be buried in death together with you all?"

The expressions of Zhang Hexin and the rest were very ugly. Hegemon Realm powerhouses being called idiots in front of so many people, their faces had nowhere to go!

His expression turned dark, and he said, "Yun Shang, who do you think you are? It's not your turn to act wildly in front of my Melody Nether Heavenly Sect yet!"

Hegemon Realm Yun Shang had a disdainful look as he said, "Your Melody Nether Heavenly Sect is very strong, but looking across all the heavens, it's also nothing more than this! Do you really know how many Hegemon Realms came this time? How do you know that there aren't Great Beyond powerhouses among them? This seat is scolding you for your own good! Otherwise, if others made a move, it might take your life!"

Zhang Hexin's expression changed, and he could not resist sweeping his gaze over.

But, no matter how he looked, he could not find which one was a Hegemon Realm too.

What he did just now was indeed somewhat committing a taboo.

He was willing to take the risk, but it did not mean that other Hegemons were willing to brave the risk.

With these people not coming forward, it was naturally because they felt that it was not yet time to take action.

But, even if it was a Great Beyond powerhouse, they might not be able to get out of the Heaven formation alive too!

"You idiots! If you're not as capable as other people, just directly apologize! Right now, this young friend is our only hope of getting out. You actually dared to attack him? If you guys really want to kill him, sure! This time, this seat won't stop you all. You all see whether or not someone will make a move and kill you guys!" Hegemon Yun Shang's gaze was cold as he said.

The seven great Hegemons all had gloomy faces.

But hearing Hegemon Yun Shang's words, they were like being enlightened, knocking them awake.

Seeing everyone remain silent, Yun Shang said coolly, "Why? No more talking? If you're not talking, then put your ego aside! You guys just do whatever Young Friend Ye says!"

Finished saying this, he turned to Ye Yuan again and said with a smile, "Young Friend Ye, looking on account of this seat's face, how about you calm your anger? If you're not happy, this seat can act and help you teach them a good lesson!"

Ye Yuan smiled and said, "Senior Yun Shang's face naturally has to be given. But I've indeed pretty forgotten the process of deduction. If I want to continue comprehending the formation, I'll need the various seniors to take action and storm the formation anew!"

"You're f\*cking lying through your teeth!" Zhang Hexin swore.

Six great hegemons, their lungs were almost exploding from anger.

Meanwhile, Hegemon Yun Xiang was secretly rejoicing, pretending to be dead at one side.

She was already heavily injured and could not go and storm the formation.

This sensation of rushing the formation was horrible.

"Mn?" Hegemon Yun Shang's brows furrowed, his face revealing anger.

Zhang Hexin and the rest immediately withered up.

Ye Yuan stepped out of the ranks and made a hand gesture to the few as he said smilingly, "Seniors, please go ahead!"

Zhang Hexin had a black face as he said, "Boy, this seat has remembered this score!"

Ye Yuan just smiled, indifferent about it.

An hour later, a group of people came back with bloody noses and swollen faces.

But Ye Yuan still did not have the intention of getting started.

"Boy, we've already returned from storming the formation. Why haven't you gotten started?" Zhang Hexin said in a solemn voice.

"Oh, I got the position wrong just now. I haven't found the place to start with. You guys go and rush it again," Ye Yuan said with a grin.

*Boom!*

*Boom!*

*Boom!*

Six powerful auras surged to the sky.

The six great Hegemons were enraged.

"Boy, you dare to mess with us?" Zhang Hexin bellowed.

Ye Yuan smiled and said, "Yeah, I'm messing with you all. Do you have any objections? The few of you terrorized me for half a day. But I am not allowed to mess with you once?"

"This seat will kill you!" Zhang Hexin's roar was virtually distorting.

His current fury could be seen.

"*Uh-humph!*" Right at this time, Hegemon Yun Shang coughed, instantly extinguishing the six people's fury.

"Boy, consider yourself ruthless!" Zhang Hexin roared angrily and stormed the formation again with endless anger.

The moment the six people left, Ye Yuan picked up a stone and started drawing swiftly.

The content of the drawing was exactly the same as before.

Everyone's faces revealed strange looks.

"*Tsk tsk*, what happened really broadened my horizons today! An Emperor Vast Heaven toyed with six Hegemon Realms in the palm of his hand!"

"When the six great Hegemons return and see that Ye Yuan has already recovered these, will they vomit blood?"

"*Sigh*, Hegemon Hexin was too impulsive! If he had long known, couldn't he fly off the handle after enduring it and finish waiting for Hegemon Yun Xiang to storm the formation? Now, he has utterly lost his face!"

... ..

Everyone started to sympathize with Zhang Hexin six people.

Even Hegemon Yun Shang had a strange look on his face too, secretly feeling glad that he did not provoke this kid.

Otherwise, the outcome would be really miserable!

*Before leaving Heaven formation, I absolutely must not provoke this kid!*

Hegemon Yun Shang secretly made up his mind.

Another hour passed. The six people returned with injuries again.

When Zhang Hexin saw the dense drawings on the ground, his entire person was petrified.

He suddenly discovered that he had no temper anymore!

His temper was bad, but the fury that filled his chest had nowhere to vent at all!
