Chapter 3081: Chaos Origin Formation

The great migration started!

This great migration shook the entire 33 Heavens.

“Old Man Mi Tian, is he nuts? For the sake of a divergent cultivator, he actually gave up on the entire Voidshrine Illuminating Heaven?”

“The four great true spirit clans, that’s the 33 Heavens’ top faction! Back then, in their prime, the four symbols families all had Great Beyond powerhouses holding down the fort. Didn’t expect that they actually fell to such a point now.”

“Those innate chaos true spirits were born in Voidshrine Illuminating Heaven. The four great true spirit clans’ bloodlines are also most suitable for Voidshrine Illuminating Heaven. They actually gave up on their land of foundation and ran to Grand Brightjade Complete Heaven, that sort of low-level plane. It will definitely be incredibly difficult for their clansmen to want to break through.”

“*Heh*, just wait to see the joke! The entire Dragon Clan migrating, their clansmen will definitely have a lot of resentment. When they arrive at Grand Brightjade Complete Heaven, this kind of team won’t have combat power at all!”

“*Oh*, right, there’s also the Nirvanic Soul Clan and Zhoutian Emperor Palace. Ancestor Endless is considered to have stumbled this time. The Nirvanic Soul Clan actually completely broke away from the Qi Soul Clan this time, and they cast their lots with Grand Brightjade Complete Heaven! Imperishable that old ghost has also lost his mind!”

... .

The Hegemon Realms from the various major factions in all heavens were all discussing this great migration.

Ye Yuan’s monstrosity was already known to all.

But, whether or not he could prop up the future, everyone was not optimistic about it.

After all, this was the world of the strong, not the world of geniuses.

The three great supremacies were too strong!

They were the closest people to transcending the Great Beyond in the 33 Heavens!

Geniuses only had hope of becoming a powerhouse. They were not genuine powerhouses.

If they did not grow up for one day, they were still just rookies. That was all.

Although the three great supremacies suffered severe injuries, they all had powerful factions behind them.

Especially the blood race’s progenitor, he created an extremely powerful race.

No one knew how strong this race was at all.

This was because everyone understood that what they saw was merely just the tip of the iceberg.

... .

However, the reality was different from what everyone imagined.

The self-slapping law was manifested to the fullest expression of its beauty and form on the four great true spirit clans' powerhouses.

In Extreme Light Pavilion's space, Extreme Medicine Sect.

At this time, Bai Zhi was currently following behind Ye Yuan subserviently in a very anxious manner.

It was a huge array formation in front of him. Ye Yuan was currently pacing back and forth, thinking deeply.

"Younger Brother Ye, can this really work? Drawing the Eternal River's chaos to a major world, this is unheard of!"

Ye Yuan smiled and said, "This array formation was actually already conceived by me when I was comprehending chaos. It's just that at that time, my Formation Dao was not perfected yet. That's why I didn't take action all along. Now, my Formation Dao has entered origin. My cultivation realm has also entered Emperor Sakra Heaven. There's still some certainty of succeeding."

Bai Zhi felt akin to being relieved of a heavy burden and said, "Then that's good! That's good! Younger Brother Ye, you have to hurry up. Time waits for no one! Who knows when the blood race will come to attack Grand Brightjade Complete Heaven?"

"Senior, rest assured. I'm even more anxious than you all. But, the more urgent it is, the slower it has to be done, no? Otherwise, what's delayed is everyone's cultivation realm," Ye Yuan said with a smile.

Bai Zhi nodded like a rattle drum and praised repeatedly, "Right, right, right! Younger Brother Ye's composure is really outstanding!"

The intention of the drunkard lies not in the wine – having an ulterior motive. Ye Yuan naturally understood that Bai Zhi was anxious to cultivate the Heaven volume.

When in Voidshrine Illuminating Heaven, Mi Tian tossed out a heavyweight bombshell.

That was, Ye Yuan would set up an array formation and provide a steady flow of chaos divine essence, and let everyone be able to comprehend the 12 Heavenly Dao Paintings.

Originally, Bai Zhi and the rest were still worried about how to convince their clansmen.

But with this, nothing was a problem anymore.

Nobody could resist the temptation of the 12 Heavenly Dao Paintings!

Ye Yuan comprehended chaos in the Eternal River and re-cultivated his cultivation method. He no longer needed to enter the Eternal River to comprehend anything anymore.

However, he needed a steady flow of Eternal River chaos to cultivate.

It was just that. Going to the Eternal River each time was too troublesome. Hence, that was why he thought of this idea.

Entering the Labyrinth Divine Palace this time, Ye Yuan comprehended Formation Dao origin and witnessed the power of the number one great formation in all the heavens. It had a huge inspiration to him.

He was currently using the most basic nine array elements to construct this grand array.

Ye Yuan called this grand array as Chaos Origin Formation.

He would also set up a sub-array in the Grand Brightjade Complete Heaven's Eternal River chaos.

Then it would be like a channel, drawing the Eternal River's chaos over.

And for the Extreme Light Pavilion's main formation, Ye Yuan even integrated his chaos divine essence, converting the Eternal River's chaos that was drawn over into chaos divine essence.

Then it pumped the chaos divine essence into the 12 Heavenly Dao Paintings for everyone to cultivate.

This was Ye Yuan's idea.

It sounded fantastical, but to Ye Yuan, it was not considered a very difficult array formation.

Putting it bluntly, this was a high-level transmission array.

It was just that this transmission array was a little too difficult.

Ordinary formation path masters could not set up this kind of array formation at all.

In this world, only Ye Yuan alone could set up this array formation!

Because what he gained enlightenment on was chaos divine essence!

Furthermore, this Eternal River's chaos could only be completed using those nine array elements too.

Ordinary formation path methods could not withstand the weight of the Eternal River at all.

The more the array elements, the looser the array formation would be.

Using the fundamental nine array elements to set up the array formation was the most stable!

Half a year later, only to hear a loud bang.

A gap directly opened up in the Extreme Light Pavilion's space. The Eternal River's chaos flooded like raging floodwaters.

After the Eternal River's chaos entered, it was directly absorbed by the Chaos Origin Formation, returning to tranquility.

This feeling was like a headwater channel.

Mi Zhen, Long Jian, Bai Zhi, Zhuo Bufan, and the rest trembled all over when they saw the situation.

Zhuo Bufan said with an emotional sigh, "Drawing the Eternal River's chaos into the mortal world, this scene is really spectacular! Ye Yuan, this boy, is really unbelievably strong!"

While Mi Zhen was incomparably excited as he said agitatedly, "I can finally recover my strength! *Hahaha* ... In the future, this Grand Brightjade Complete Heaven will be my home!"

Long Jian and the others were similarly extremely excited.

This was because they finally had the hope of stepping to Great Beyond Realm!

Seeing Ye Yuan come out, Mi Zhen was the first to go up and greet him, saying agitatedly, "Ye Yuan, how is it? Can ... Can it work?"

Ye Yuan nodded and said, "The Chaos Origin Formation is very successful! These Eternal River chaos are currently being converted to chaos divine essence in an endless stream. I've set up several hundred miniature array formations in the Extreme Light Pavilion. When you guys enter the rooms, you'll be able to gain enlightenment on the Heavenly Dao Painting. Are the geniuses that your various races picked ready?"

Long Jian said, "It's long done. Just waiting for you! Those little bastards are all already impatient from waiting! *Haha*, Ye Yuan brat, if I, this old dragon, can step into Great Beyond Realm this time, if you say to head east in the future, I definitely won't go west!"

"We're all one family. No need to be courteous. However, Mi Zhen, I'm still a little worried about letting you recover your strength." While talking, Ye Yuan looked at Mi Zhen.

The latter only felt a chill run down his back, and he hurriedly said, "Don't, Ye Yuan! I've already turned over a new leaf! I'll swear a Heavenly Dao Oath right now. As long as I recover my strength, I'm willing to be your henchman for 100 thousand years! I'm willing to do whatever you make me do!"

Chapter 3082: Blood Race Attacks!

"I say, you guys, has Ancestor gone crazy? He made Zhou Xianchen bring all the sect's elites away!"

"Zhoutian Emperor Palace is considered thoroughly finished! From now on, there are only three forces left in our Abyss Pass Origin Grotto Heaven!"

"Sigh, we all don't even have the qualifications to be brought away. Speaking of which, it's really heartbreaking!"

"Heh heh, you want to go to Grand Brightjade Complete Heaven? That kind of low-level plane, what can you do after you go?"

... .

Not a single soul around, the present Zhoutian Emperor Palace seemed somewhat withered.

Although there were still half the people, these people could be said to all have been abandoned.

They gathered together in twos and threes and were chatting about the Zhoutian Emperor Palace's rise and fall.

Three years had passed, and the Zhoutian Emperor Palace's decline was visible to the naked eye.

If not for the fact that there were still Supreme Hegemons holding down the fort in the sect, the Zhoutian Emperor Palace would have long dispersed.

Regarding Ancestor Endless' decision, they all felt that it was very absurd.

But at this time, someone laughed coldly. "A bunch of idiots!"

Everyone's expressions changed, and someone scolded angrily, "Zhou Ming, although you're of the Zhou Family's bloodline, you're a good-for-nothing. You can't even break through to Emperor Sakra Heaven in this lifetime. What qualifications do you have to mock us here?"

The Zhou Family was the most illustrious in the Zhoutian Emperor Palace. However, the family clan was too big. There were always some people who were in a melancholic state of mind.

Resources were always grasped in the hands of the minority.

This Zhou Ming was also of the Zhou Family's bloodline. But unfortunately, his aptitude was too poor. He had already been stuck at peak Emperor Vast Heaven for many years.

He exhausted all kinds of methods and could not break through to Emperor Sakra Heaven too.

Being scolded a good-for-nothing, Zhou Ming was indifferent and said with a sneer, "You all still don't know yet, right? That Ye Yuan can let everyone comprehend the Heaven volume. Grand Brightjade Complete Heaven has already given birth to a number of Hegemon Realm powerhouses! Zhou Xianyu, Lin Cheng, and more than ten people have all already stepped into Hegemon Realm! News came over from there. In these three years, the Hegemon Realms that broke through in Grand Brightjade Complete Heaven have reached 200! Now, some of the Hegemon Realms remaining in the Zhoutian Emperor Palace can't sit still anymore!"

The moment these words came out, it directly stunned everyone.

Zhou Ming was of the Zhou Family's bloodline. His information channels were much more than them.

They thought that half of the emperor palace's elites all went to the Grand Brightjade Complete Heaven to court death.

Who knew that such a shocking reversal actually happened.

In a short three years, a plane actually gave birth to 200 Hegemon Realm powerhouses!

This number was too terrifying!

But after the shock, there was endless mockery because they did not believe it at all.

"What?! Those two martial uncles have been stuck in origin realm for ten thousand years! They just went for three years and broke through?"

"*Hur hur*, Zhou Ming, do you take us all to be fools? You're using this sort of words to scare us?"

"Yeah! Zhou Ming, come up with a draft before boasting! 200 Hegemon Realm experts? Do you think that they are cabbages?"

... .

Zhou Ming said disdainfully, "Although I'm a good-for-nothing, I'm more well-informed than you guys! Do you all know what the Heaven volume is? 12 Heavenly Dao Paintings, that's something that even the three great supremacies are moved by! Ancestor also returned with serious injuries because of it! With this sharp tool, what does helping some powerhouses who are stuck in origin realm to break through the fetters count as? It's just that these 12 Heavenly Dao Paintings didn't unleash such a terrifying effect in Ancestor Heavenless' hands too! This Ye Yuan is really remarkable!"

Seeing Zhou Ming saying it with certainty, everyone believed it a little more.

Someone asked, "Is what you said true?"

Zhou Ming smiled coldly and said, "This matter isn't some secret! The true spirit race's great migration is also for this priceless treasure! The news naturally can't be hidden! I even heard that the four symbols true spirit clans gave birth to dozens of Hegemon Realms in these three years! Furthermore, several ancestor level powerhouses are already almost breaking through to Great Beyond Realm! You all think that the Zhoutian Emperor Palace is hopeless? You all think that those people went to court death? *Hur hur*, they are the true winners!"

With this, everyone was stupefied.

They knew about the great migration, but their information was indeed not well-informed enough.

Previously, they still found it odd. Was the true spirit race all morons? To actually migrate to Grand Brightjade Complete Heaven!

But now, they finally understood it!

Turns out that it was actually because of this!

"In that case ... our Zhoutian Emperor Palace actually made the right bet?"

Zhou Ming shook his head and said, "This is hard to say! If they can withstand the blood race progenitor's wrath, our Zhoutian Emperor Palace will be humanity's number two powerful sect in the future! Ancestor's decision is indeed not what the likes of us can see through!"

Before this, everyone had endless criticisms of Ancestor Endless' decision.

But no one dared to question it.

But, hearing this news, everyone was shocked.

Hegemon Realms were too important to a faction!

In reality, Ancestor Endless himself was also very shocked.

He did not expect that Ye Yuan actually came up with a Chaos Origin Formation and could let everyone comprehend the Heaven volume!

Furthermore, Ye Yuan did not pay special regard to the Zhoutian Emperor Palace too.

Regarding the elites that he sent, they entered the Extreme Light Pavilion after going through a screening.

And these people all broke through!

This was simply a huge pleasant surprise.

When Zhou Ming got this news, it was also intentionally leaked by the upper levels.

It was for the sake of boosting confidence!

Everyone was currently digesting this news when suddenly, the color of the sky changed!

A blood-red light instantly shrouded the sky, blazing like the resplendent sunset.

This blood-redness gave everyone an extremely foreboding feeling.

"Mn? What's going on? Why did the sky suddenly turn red?"

"I seem to smell a thick, bloody scent!"

Zhou Ming suddenly thought of something, his expression changing drastically as he said, "Not good! It's the blood race! The blood race is here to attack our Zhoutian Emperor Palace!"

Before his voice faded, it was only to see countless figures in the horizon currently flying towards the Zhoutian Emperor Palace.

That thick bloody energy surrounded the blood race army, covering the sky and blotting out the sun.

Before they approached, everyone felt an apocalyptic-like fear.

Zhoutian Emperor Palace's powerhouses clearly felt the powerful auras, flying out of the emperor palace one by one, and looked at the arriving enemies.

Ancestor Endless' son, Zhoutian Emperor Palace's master, Zhou Tianyu, appeared in front of everyone very soon.

Only when everyone saw him did they calm down slightly.

Zhoutian Emperor Palace's disciples all knew that this was the number one person under Great Beyond, a powerhouse with half a foot stepped into Great Beyond!

It was just that. There was unprecedented solemnity on Zhou Tianyu's face.

Very soon, an elderly figure appeared beside Zhou Tianyu.

Zhou Tianyu said in a solemn voice, "Isn't the blood race's progenitor going to attack Grand Brightjade Complete Heaven? Why would they come to attack our Zhoutian Emperor Palace?"

Ancestor Endless was silent for a long time before sighing heavily and said, "Most likely they are not just here to attack our Zhoutian Emperor Palace! The blood race is probably going to start a war with all the heavens at the same time! I didn't expect it. I really didn't expect it! The blood race is actually already powerful to such an extent! The present blood race is likely even 100 times stronger than the Labyrinth Divine Palace back then! Looks like everyone has underestimated the blood race progenitor!"

Chapter 3083: All the Heavens' Catastrophe!

"Who comes? Could it be that you're bullying my Zhoutian Emperor Palace for not having anyone?!" Zhou Tianyu said in a solemn voice to the blood race army that was galloping over at full speed.

Seeing the blood race's powerful line-up, Zhou Tianyu was secretly alarmed.

This blood race army actually had close to 100 Hegemon Realm powerhouses.

The one leading was even an apex Supreme Hegemon!

Just in terms of aura, he was not beneath him.

However, no one answered him.

Boom!

The blood race army arrived with a howl. The slaughter directly started!

Zhoutian Emperor Palace's disciples did not expect that the blood race was actually so straightforward.

For a moment, they were also caught off-guard.

And Zhou Tianyu also faced off against that blood race Supreme Hegemon.

Upon exchanging blows, he felt the other party's strength.

"Humph! Do you really think that this seat is scared of you?"

Zhou Tianyu saw that the other party completely could not be reasoned with and was also genuinely enraged.

It was only to see him release his origin, his strength shocking heaven and earth.

That blood race leader opposite was actually suppressed for some time too.

By the side, Ancestor Endless did not move.

Hearing the miserable cries of Zhoutian Emperor Palace's disciples, his expression became more and more solemn.

The blood race army's objective was not to occupy Zhoutian Emperor Palace at all.

Their objective was to kill!

The blood race powerhouses completely disregarded casualties. There were never survivors under their hands either.

Either you die or I perish!

A will that looked death calmly in the face, coupled with the powerful ability to revive endlessly, made the blood race's combat power go off the charts.

While the present Zhoutian Emperor Palace was only left with some stragglers and disbanded soldiers, how could they be the other party's match?

However, these bloodkins seemed to have automatically overlooked Ancestor Endless.

Ancestor Endless's expression turned slightly dark, and he stared at a region of void and said coldly, "Come on out. You're still showing your tail but hiding your face in front of this seat?"

The void trembled slightly. A figure appeared.

He held a tiny blood-colored pearl in his bead.

Only to see him toss lightly, the blood bead directly flew towards the sky and suspended above the sky of the battlefield.

One wisp of blood energy after another was currently converging towards the blood bead.

Seeing this scene, Ancestor Endless' pupils constricted.

When the other party saw Ancestor Endless, he smiled and said, "A half-dead Great Beyond Realm, I haven't taken you seriously yet. The reason why I didn't appear is just that I was preparing the Blood Ward Bead. That's all."

Ancestor Endless was incredibly shocked in his heart. This bloodkin opposite was clearly not the Chaos Bloodstone.

But the other party was a true-blue Great Beyond powerhouse!

He could tell from the other party's eyes that he did not take him seriously at all.

The moment this person appeared, dismay immediately welled up in Zhou Tianyu's heart.

If there was no Great Beyond powerhouse, they still had a glimmer of hope.

But now, he was in despair.

Ancestor Endless snorted coldly and said, "Half-dead? This ancestor will let you see that the dignity of a Great Beyond powerhouse can't be blasphemed!"

Boom!

Ancestor Endless stomped his feet. The Door of Eternal Life slowly opened up behind him.

An extremely powerful saint force flowed out of the Door of Eternal Life.

But his opponent still did not care because opening the Door of Eternal Life was tantamount to resorting to the last resort.

This was merely Ancestor Endless' last struggle.

With Great Beyond battle starting, the bloody smell on the battlefield grew thicker and thicker.

That Blood Ward Bead seemed to be extremely happy, absorbing that surging blood energy.

Furthermore, this Blood Ward Bead seemed like it would never be full and would not grow larger too.

Half a day later, Ancestor Endless slowly collapsed, endless reluctance and nostalgia in his gaze.

This Great Beyond powerhouse who commanded two eras had fallen!

“Father!” Zhou Tianyu’s voice carried the fury of despair.

But he himself was already an arrow at the end of its flight too.

Zhou Tianyu was very strong, but he was currently being besieged by more than ten Hegemons and already could not hold on anymore.

Ancestor Endless’ collapse became the last strand of straw that crushed him.

Bang! Bang! Bang!

Several powerful origin attacks landed on his body.

Fresh blood spurted wildly from Zhou Tianyu’s mouth, and he was slammed onto the ground, looking like he was not going to make it.

On the battlefield, Zhoutian Emperor Palace’s disciples were in twos and threes and could no longer form large groups.

At Zhoutian Emperor Palace, corpses scattered everywhere.

The Blood Ward Bead was still greedily absorbing blood energy.

The Zhoutian Emperor Palace, humanity’s top major faction, collapsed with a loud bang.

That Supreme Hegemon said with a bow, “Lord Yi Yun, Zhoutian Emperor Palace has already been completely destroyed. There are no survivors!”

Yi Yun nodded slightly and said, “Clean up the battlefield. Let the Blood Ward Bead absorb sufficient blood energy! Progenitor coming into being this time, there can’t be any mistakes!”

“Yes!”

... .

Similar scenes were playing out in all heavens.

The blood race came soaring into existence, shocking the entire 33 Heavens!

Everyone knew that the blood race was strong but did not know that the blood race was actually so strong.

Overnight, a large number of Great Beyond Realm mighty experts suddenly appeared in the blood race!

Furthermore, their numbers were abundant until it terrified people. They actually waged war across the 33 Heavens simultaneously!

Some low-level planes even completely fell into enemy hands within a month!

This was a catastrophe!

This time, the blood race would not talk any rubbish at all. What they brought was an endless slaughter.

The blood race did not accept surrender, only death!

Powerhouses in all heavens fell into a great panic all at once.

For some time, the casualties were beyond count.

Before this, everyone knew that the blood race had returned.

But no one expected that it would cause such severe consequences.

At Thundercry Continent, Grand Brightjade Complete Heaven.

Ye Yuan looked at the corpses all over the ground, his brows tightly knitted.

"Heh, they really think highly of me! In order to kill me, they actually sent five Great Beyond powerhouses!" Ye Yuan said with a cold smile.

By the side, Mi Tian sighed and said, "We all underestimated the blood race! I really didn't expect that in these several hundred thousand years, the blood race actually accumulated such a terrifying force!"

Ye Yuan shook his head and said, "This force should have only appeared recently! There are many blood race Hegemon Realms, but wanting to break through to Great Beyond Realm is absolutely no easy task! If my conjectures are right, the Chaos Bloodstone should have obtained the four great true spirit bloodlines. That's how they created so many Great Beyond powerhouses!"

Mi Tian was shocked in his heart, and only then he came to realize the truth.

The Chaos Bloodstone schemed for a long time, acquiring the four great true spirit bloodlines.

Back then, Ye Yuan already said that even though his strength increased by so much, there was no reason that the Chaos Bloodstone would not be strong.

It was just that they did not expect that what came was actually so terrifying!

Mi Tian frowned and said, "The current situation isn't optimistic! Several low-level planes such as Yuan Ming Wen Ju Heaven and Xuanming Gong Qing Heaven have already completely fallen into enemy hands. Those planes already became the brutal battlefield of the blood race. According to what I know, the situation of the human race's three supreme heavens isn't optimistic either! Zhoutian Emperor Palace has already ..."

When he received the news, Zhou Xianchen directly passed out.

He locked himself in and only came out three days later.

Then, he brought Zhoutian Emperor Palace's powerhouses and fought dauntlessly in bloody battles with the blood race.

Different from other heavens, the blood race encountered stubborn resistance in Grand Brightjade Complete Heaven.

In this one month, the army that Mi Tian and Ye Yuan led had already repelled the blood race's frenzied attacks four times.

In order to kill Ye Yuan, the blood race even sent five mighty Great Beyond powerhouses over.

It was just that sadly, the Chaos Bloodstone had times where he miscalculated too.

Long Jian, Bai Zhi, Luan Qinghe, Xuan Taiqing, four people, broke through to Great Beyond Realm in succession.

Joining hands with Mi Tian and Mi Zhen, two great apex powerhouses, they actually forcibly killed four out of the five mighty Great Beyond Realms!

Grand Brightjade Complete Heaven virtually became the only place in the entire 33 Heavens where results bore fruit!

Chapter 3083: All the Heavens' Catastrophe!

Long Jian, Bai Zhi, Luan Qinghe, Xuan Taiqing, four people, broke through to Great Beyond Realm in succession.

Joining hands with Mi Tian and Mi Zhen, two great apex powerhouses, they actually forcibly killed four out of the five mighty Great Beyond Realms!

Grand Brightjade Complete Heaven virtually became the only place in the entire 33 Heavens where results bore fruit!

Chapter 3084: Jinx!

"Kill, kill, kill! Kill all of these blood dogs until not even a fragment of armor remains!"

Zhou Xianchen casually squashed a blood race Emperor Sakra Heaven, both eyes blood-red.

In the past few days, he was extremely fierce, suddenly incarnating into a god of killing, making his opponents feel a chill.

Just yesterday, Zhou Xianchen even personally killed a blood race Hegemon.

Having comprehended the Heaven volume, Zhou Xianchen's strength advanced by leaps and bounds again, and he was already not far from Peak Hegemon.

He relied on his powerful strength and kept charging at the front lines in the war with the blood race, with no fear of death.

He did not care about some scars at all.

The blood race was bloodthirsty. He was similarly full of killing intent.

Father, Ancestor, and also many brothers and sisters were all wiped out!

This blood feud made him dare not relax in the least bit.

Having blocked four rounds of attacks in succession, Grand Brightjade Complete Heaven began to counterattack.

The blood race army was being suppressed crazily and had already retreated to the vicinity of the boundary wall.

Ye Yuan and Yang Qing took the lead. Wherever they went, none could last a single exchange with them.

The two of them were too strong!

They were virtually invincible under Hegemon Realm!

The blood race's revival was not considered some technique to them at all.

Yang Qing still took some effort to kill them, but Ye Yuan completely obliterated the bloodkins in the same rank with just one punch.

Wherever they went, the bloodkins did not dare to confront them head-on at all.

After experiencing the Labyrinth Divine Palace battle, the Emperor Sakra Heaven powerhouses from Grand Brightjade Complete Heaven that survived, each and every one of them was extremely powerful.

They were not at all inferior when compared to the geniuses from humanity's three supreme heavens.

As for those blood race Hegemons, they wanted to kill Ye Yuan very much, but Grand Brightjade Complete Heaven had too many Hegemon Realms!

Furthermore, with six mighty Great Beyond powerhouses holding down the fort, they had no chance at all.

"Hahaha ... What bullshit number one race in all the heavens, really weak to the max! Isn't there a single one who can fight?" Yang Qing's long spear danced as if nobody on earth could beat him.

Yet, the blood race powerhouses could not do anything to him.

The present Yang Qing, even 20 to 30 origin powerhouses found it hard to get close to him.

Moreover, the blood race was already a spent force.

Boom!

The boundary wall collapsed. The bloodkins that were detained in Grand Brightjade Complete Heaven were completely wiped out.

"Ye Yuan, let's kill our way over!" Yang Qing got excited from killing and actually did not want to stop.

The plane this area of boundary wall connected to was Yuan Ming Wen Ju Heaven. It had already completely fallen.

Ye Yuan nodded and said, "The blood race is so arrogant. We naturally have to teach them a lesson!"

... .

At Yuan Ming Wen Ju Heaven, the supreme leader, Lan Jie, was currently drinking blood in a palace, his expression enjoying it very much.

That was the fresh blood of a Hegemon Realm powerhouse!

"Hur hur, what a cushy job! The likes of this kind of low-level plane, it's too easy to take over! In less than ten years, Progenitor's true self will be able to come into being, and the myriad worlds will tremble!" Lan Jie said with a chuckle.

"Now, there's news coming from all worlds. Apart from those few high-level planes, the other heavens are already in our pockets!" Another Great Beyond powerhouse said with a smile.

Lan Jie nodded and said, "Is there news from Grand Brightjade Complete Heaven?"

That person shook his head and said, "There's no news yet. Grand Brightjade Complete Heaven currently has the true spirit clans around. It's probably not easy to take over."

Lan Jie smiled and said, "Hence, that's why Progenitor sent Bloodooze five people to attack Grand Brightjade Complete Heaven! No matter how powerful Mi Tian is, he's also not a match for the five of them, right? *Hur hur*, wait patiently. Good news shouldn't be far away. Also, that Ye Yuan, with five Great Beyond powerhouses taking action, it will likely be impossible for him to escape his doom!"

Boom!

With a loud bang, something fell from the sky, directly smashing through the great hall.

Lan Jie two people hurriedly stood up and came to the large hole that was smashed out to take a look. It was a person!

This person was precisely the Bloodooze that they had just mentioned!

This Bloodooze was none other than precisely the Lord Wang Zuo back then!

Having obtained bloodline transformation now, he also successfully broke through to Great Beyond Realm.

Furthermore, his strength was very formidable!

This time, he planned on going to kill Ye Yuan with a vengeful heart.

Who knew that he kicked an iron plate.

Putting aside that he failed to kill him, he even suffered heavy losses himself.

The four Great Beyond powerhouses that he brought were all dead.

"Bloodooze, what happened to you? Where are the four of them?" The smile on Lan Jie's face was replaced by shock.

Bloodooze's strength was the strongest among them!

With Progenitor making him bring a team to go and attack Grand Brightjade Complete Heaven, it was counting on him to go and restrain Mi Tian. His strength could be seen.

But now, Bloodooze's appearance was totally like a dog who lost its home!

"A-All dead!" Bloodooze used all the strength in his body and shouted.

Lan Jie's entire body shuddered heavily, his eyes revealing a look of disbelief.

Four Great Beyond powerhouses, they died just like that?

When did Mi Tian become so strong?

“What in the world happened?” Lan Jie shot out a ray of blood light, helping Bloodooze heal his injuries as he asked.

Receiving Lan Jie’s treatment, Bloodooze’s consciousness became a little clearer, and he said, “The four great true spirit clans’ Supreme Hegemons broke through to Great Beyond Realm at the same time! The Dragon Clan’s Mi Zhen also recovered his peak strength! The current Grand Brightjade Complete Heaven has six mighty Great Beyond powerhouses!”

“What?!” Lan Jie two people almost jumped up.

The news that Bloodooze brought was seriously too shocking!

Six mighty Great Beyond powerhouses, even if it was those high-level planes, it was very hard to possess that too!

A puny little Grand Brightjade Complete Heaven actually gave birth to six!

Bloodooze said with unwillingness: “The five of us directly killed our way to the Extreme Medicine Sect, planning on killing Ye Yuan in one go, and then swallow up Grand Brightjade Complete Heaven. Who knew that Mi Zhen and the six mighty Great Beyond powerhouses suddenly appeared, directly surrounding us. Mi Tian and Mi Zhen are too strong, forcibly grinding the four of them to death! Even I almost lost my life there too! *Oh*, right! Mi Tian’s strength seems to be even stronger than before! When I faced him, I actually had the feeling like I was facing Progenitor! If not, we wouldn’t have suffered such heavy casualties either.”

Lan Jie two people were dumbfounded from listening. This sudden turn of events caught them by surprise.

With five mighty Great Beyond powerhouses, this was absolutely an extremely terrifying force.

But who knew that they were ganged up on!

What difference was this from walking right into a trap?

“How ... How did this happen?” Lan Jie said in a daze.

Bloodooze shook his head and said, “D-Don’t know! These few years, we’ve been consolidating the various tribes and didn’t pay much attention to the outside world’s news. But, in just a few years’ time, how can so many Great Beyond powerhouses possibly pop out all of a sudden?”

Lan Jie said gloomily, “This Ye Yuan is really a jinx! Why does our blood race succumb at his hands every time?”

The blood race reemerged this time, rampaging in all directions, virtually sweeping across the 33 Heavens.

Yet, they suffered a loss in Grand Brightjade Complete Heaven!

Right at this time, a subordinate hurriedly came to report.

“Lord Lan Jie, things are bad! Things are bad! Grand Brightjade Complete Heaven’s army has broken through the boundary wall and has already charged over! Our people can’t stop them at all!”

Lan Jie’s expression changed wildly, and he said, “They really have such gall to actually dare cross worlds and come!”

Bloodooze looked at him like looking at an idiot and said, “They have six mighty Great Beyond powerhouses. Why won’t they dare to cross worlds and come? Stop standing stupidly, hurry up and bring me away! In addition, hurry up and send the news to Progenitor. Ask his elderly self to come and make a final decision!”

Chapter 3085: Yi Xue!

“What did you say? Six Great Beyond powerhouses actually appeared in Grand Brightjade Complete Heaven in one go? How is this possible?”

Chaos Bloodstone was incomparably shocked when he heard about Grand Brightjade Complete Heaven’s war situation.

A Great Beyond powerhouse was a mobile nuclear weapon.

Before acquiring the four great true spirit bloodlines, even he could not create so many Great Beyond powerhouses too.

But now, six Great Beyonds actually appeared in Grand Brightjade Complete Heaven. How could he not be surprised?

Yi Xue nodded and said, “Originally, the war was going very smoothly. But I didn’t expect that we would meet with stubborn resistance in Grand Brightjade Complete Heaven. Now, Mi Tian has led Grand Brightjade Complete Heaven and has already pursued us across three worlds!”

Yi Xue was the blood race’s strongest person up to now.

His strength was also top-notch among Great Beyond powerhouses.

The Chaos Bloodstone’s clone was severely wounded, and he could not move out for the time being. Yi Xue was the subordinate that he relied most heavily on.

The Chaos Bloodstone said in a solemn voice, “Being able to give birth to six mighty Great Beyond powerhouses within a few short years, only the Heaven volume can accomplish it! But, even if Ye Yuan has the Heaven volume, he can’t shoulder so many people comprehending at the same time too! How on earth did this boy do it?”

Yi Xue said, “After I received the news, I already sent people to investigate it. It turns out that Ye Yuan set up a grand array and drew the power of the Eternal River’s chaos to Grand Brightjade Complete Heaven, and used the power of the Eternal River’s chaos, supplying them to cultivate the Heaven volume.”

The Chaos Bloodstone was shocked again and said, "This boy is really a genius! Others are all comprehending chaos, but he is already making use of chaos! Yi Xue, this boy can't be kept alive. You make a trip! When necessary, use the Bloodcloud Grand Array!"

Yi Xue gave a bow and said, "Yes!"

... .

"Lord Wang Zuo, didn't you come to kill me? You've already crossed four worlds now. Why are you still running away?"

Above the sky, Ye Yuan's voice spread for thousands of miles, shocking the sky.

In front, Bloodooze and the rest were anxious like dogs that lost their homes, but they did not even dare to turn their heads back.

The army charged out of Grand Brightjade Complete Heaven, chasing after the blood race army. They had already crossed four worlds!

During this, Mi Tian and the others killed two more blood race Great Beyond powerhouses.

The blood race army was already in a hot mess.

At this time, Bloodooze and the rest gathered another five Great Beyond powerhouses. But they did not even have the courage to have a battle.

Mi Tian and the rest were too strong. Without ten Great Beyond powerhouses, they did not even need to think about it.

Furthermore, Bloodooze himself was also seriously injured and could not fight at all.

"Ye Yuan punk, don't you be arrogant! Do you think that my blood race only has this bit of strength? After Progenitor knows about the news here, he'll definitely send even stronger powerhouses. At that time, you just wait to stretch your neck out for the executer's blade!" Bloodooze lost in reality but did not lose in disposition as he roared angrily.

"Is that so? Then I'll wait for him to come. But, when are you planning to run until? Continue fleeing and the 33 Heavens will learn about Lord Wang Zuo's awe-inspiring reputation!"

Bloodooze nearly spewed out a mouthful of old blood. When their group was fleeing, it shocked heaven and earth. The target was too big.

Now, wherever they passed through, virtually everyone knew where they had been.

Their faces had nowhere to put anymore.

The blood race swept across the 33 Heavens. In the end, they were swept away by Grand Brightjade Complete Heaven now.

Suddenly, the void trembled. A figure stepped out.

The arrival was a red-haired youth who stood with his hands behind his back.

When Mi Tian saw him, he immediately made a hand gesture, and everyone stopped.

This red-haired youth actually gave him a sense of oppression!

One had to know, ever since comprehending the Universe scroll, his strength advanced by leaps and bounds, growing much stronger than before.

But now, this red-haired youth in front of him could actually bring pressure upon him. It could be seen that he was not ordinary.

“This person is very strong!” Mi Tian said.

Ye Yuan was not surprised and said, “Without some foundation, the blood race wouldn’t have dared to make all the heavens fall into a catastrophe too!”

The moment Bloodooze and the rest saw the red-haired youth, it was as if they saw their savior. They were agitated until their eyes brimmed over with hot tears.

Being pursued across four worlds, this was not a good experience.

“Lord Yi Xue, you’re finally here!” Bloodooze said excitedly.

Finished saying that, he turned to Ye Yuan again and said with a big smile, “Ye Yuan punk, you were very delighted these few days, right? Now, do you know what’s called sorrow follows extreme joy?”

Ye Yuan smiled and said, “The winds of fortune changes. You’re so happy now. Be careful that sorrow follows extreme joy.”

Bloodooze smiled coldly and said, “That’s because you don’t know how strong Lord Yi Xue is! He is our blood race’s god of war, the number one person under Progenitor!”

Yi Xue looked at Mi Tian and slowly said, “You guys can’t get away!”

Mi Tian said coolly, “If this progenitor wants to leave, nobody can stop me!”

Yi Xue just smiled and slowly raised his arm.

Suddenly, countless bloodkins appeared in the surrounding space and from all directions!

There were even many Hegemon Realm powerhouses among them!

Grand Brightjade Complete Heaven’s army fell into a tight encirclement all at once.

When everyone saw the situation, their expressions could not help changing wildly.

“Not good! We’ve fallen into the blood race’s encirclement!”

“This ... Just the Great Beyond powerhouses are as many as nine people. What to do about this?”

“We penetrated deep into enemy territory alone and were too greedy for contributions by advancing rashly!”

... .

On Grand Brightjade Complete Heaven’s side, it fell into a panic at once.

Seeing the looks of despair on everyone's faces, Bloodooze was very satisfied.

These few days had been too aggrieved!

"Hahaha, Ye Yuan, you still want to make me feel sorrow after extreme joy now? This blood race army that covers the sky, this seat sees how you run!" Bloodooze said with a big laugh.

Yi Xue looked at Mi Tian and said coolly, "Mi Tian, I know that you comprehended the Universe volume, your strength advancing by leaps and bounds. Wanting to make you stay isn't easy, but this time, I've already made full preparations. This region of space, I've completely locked it down with 180 Hegemon Realms! Maybe it can't stop you, but these people that you brought, there's absolutely not a single one that can escape!"

When everyone heard it, they could not help turning pale with fright.

They wanted to carry out a teleportation but discovered that space was already completely frozen. They were unable to teleport at all.

With this, they really panicked.

Mi Tian said, "So, you want to negotiate with me?"

Yi Xue smiled and said, "It saves effort to talk to a smart person. I only have one condition. Leave Ye Yuan behind! The others, I can let them all leave!"

"F*ck your mother! Wanting to leave Ye Yuan behind, you dream on! You're called Yi Xue, right? Just you wait. When I, Yang Qing, step into Hegemon Realm, it will be the day that you die!" Yi Xue's words had just dropped when Yang Qing cursed viciously to his face.

"Yeah, it's fine if we die! Heavenly Saint Ye can't die!"

"Heavenly Saint Ye is our Grand Brightjade Complete Heaven's soul. We're willing to fight to the death to help him escape!"

"Blood dog, you're thinking too much! We won't abandon him and leave!"

... .

Grand Brightjade Complete Heaven's people immediately erupted with a series of responses.

Clearly, Ye Yuan was already a god-like existence in Grand Brightjade Complete Heaven.

Ye Yuan was their spiritual pillar!

Mi Tian looked at Yi Xue and said with a smile, "You heard that? It's impossible to leave Ye Yuan behind! Furthermore, this progenitor doesn't feel that you can make us stay!"

Yi Xue smiled and said, "Mi Tian, you're too confident in yourself!"

But Mi Tian smiled and said, "Whether or not it's self-confidence, you'll know later! Ye Yuan, do it!"

Chapter 3086: Realm Crossing Greater Teleportation!

Mi Tian was calm and relaxed. Ye Yuan similarly had an indifferent look.

These two people did not seem to have the awareness that they were trapped at all.

Seeing Mi Tian look at him, Ye Yuan nodded slightly and said with a smile, "I'm really looking forward to the expression on their faces in a while."

Boom!

Spatial origin power instantly burst forth from Mi Tian and Ye Yuan's body.

At this moment, it was as if the entire world's space was going to collapse!

Furthermore, Mi Tian and Ye Yuan's spatial origin actually produced some kind of wondrous resonance!

Logically speaking, Mi Tian and Ye Yuan, one was an apex Great Beyond powerhouse, while the other was just a rookie who had just entered Emperor Sakra Heaven not long ago. It was impossible for there to be resonance between these two people.

But at the moment, this resonance was unbelievably strong!

Mi Tian looked at Yi Xue and said with a smile, "Do you really think that we'd be foolish enough to penetrate deep into enemy territory by ourselves? If we didn't have some trump card, how can we possibly pursue across four worlds? This Realm Crossing Greater Teleportation was created by Ye Yuan and me a few days ago. You all just take a look at its power!"

Yi Xue's pupils constricted, and he cried out angrily, "Quick! Don't let them complete this move!"

Finished saying, bloody energy rose violently on Yi Xue's body, and a palm smacked toward Ye Yuan.

At the same time, those Great Beyond Realm and Hegemon Realm powerhouses brought out their ultimate moves one after another, charging toward the Grand Brightjade Complete Heaven army.

For a moment, space shattered, and galaxy blew away!

Swoosh!

But before these moves landed, Grand Brightjade Complete Heaven's army completely disappeared!

"Where are they? Can't feel any aura at all!"

"How is this possible? Those were tens of thousands of people. They are gone just like that?"

"This sort of thing, even if it's a Great Beyond Realm, it's impossible to do it too, right?"

"With so many powerhouses, they can't hide their auras at all! Could it be that they directly teleported out of this world with one teleportation? This ... How is this possible?"

"Just now, Progenitor Mi Tian seemed to have said that this move is called 'Realm Crossing Greater Teleportation'? Could it be that they have really crossed realms?"

... .

Everyone in the blood race was dumbfounded with shock!

When Grand Brightjade Complete Heaven's army came out, they were all elites, with more than ten thousand powerhouses.

Pursuing across four worlds, these four worlds still had many remnant powerhouses. Seeing the arrival of their saviors, they joined in one after another too.

By then, it already reached close to 70 thousand!

Realm Crossing Greater Teleportation bringing 70 thousand people, this was simply an unimaginable means!

Even if one comprehended spatial origin and became Great Beyond Realm, it was impossible to accomplish this too.

But these over 70 thousand people all vanished without even leaving behind a louse!

The encirclement that Yi Xue carefully devised had completely turned into a joke.

Meanwhile, Bloodooze and the others were motionless like wooden chickens.

Where was the said revenge?

When Yi Xue appeared, he was excited to the extreme, thinking that the opportunity for revenge had arrived.

But in a blink, it was all for naught.

That kind of feeling simply drove people crazy.

"L-Lord Yi Xue, is Mi Tian already strong to this kind of extent?" Bloodooze said.

Yi Xue's expression was solemn, and he shook his head and said, "No. It's not Mi Tian who's strong, but it was Ye Yuan!"

Everyone was shocked!

Although this move was jointly launched by Mi Tian and Ye Yuan, in everyone's view, it must have been Mi Tian who played the leading role.

Ye Yuan was just Emperor Sakra Heaven. How could he possibly be of much use?

But, hearing Yi Xue's words, that did not seem to be the case.

Bloodooze said inexplicably, "Y-Ye Yuan? He's just Emperor Sakra Heaven!"

Yi Xue said in a solemn voice, "It's precisely because he's Emperor Sakra Heaven that it's even scarier! The move just now was actually led by Ye Yuan! His comprehension of spatial origin probably doesn't lose to Mi Tian by much anymore! When others comprehend origin, it's very hard to walk out on their own Dao too. But he has already walked out on his own Dao!"

"What?! L-Led by Ye Yuan?" Bloodooze was violently shocked.

The other Hegemons had also all fallen into extreme shock!

Such a big move, it was actually led by an Emperor Sakra Heaven.

If this sort of thing came out of someone else's mouth, they would have long given a tight slap.

But Yi Xue's realm was extremely profound. What he saw naturally would not be wrong.

Yi Xue nodded and said, "Greater teleportation technique is unable to penetrate the boundary wall at all! Even if it's a Hegemon who comprehended spatial origin, it's impossible to teleport across realms too! Clearly, Mi Tian can't do it either! Ye Yuan's means seem very weak, but the most crucial link in this move is constructing a spatial passageway in the boundary wall! Most likely, only by gaining enlightenment on the Eternal River's chaos can one accomplish this! This boy is too monstrous. He absolutely can't be kept alive!"

Hearing Yi Xue's analysis, everyone was stunned.

Only then did they understand what kind of role Ye Yuan played in this.

Boundary wall, that was an existence that Hegemon Realms could not pass through too.

If Hegemons wanted to cross realms, they had to forcibly break down the boundary wall.

But Ye Yuan actually constructed a spatial passageway in it and realized a spatial shift!

Such means were inconceivable!

Bloodooze said with unwillingness: "Then ... Then are we letting them go just like that?"

Yi Xue's gaze was slightly intent, and he said in a solemn voice, "The more this is so, the more we have to kill this boy! Originally, I didn't want to utilize the Bloodcloud Grand Array, but looking at it now, there's no choice but to do so!"

... .

Swoosh!

Several tens of thousands of people appeared at the Extreme Medicine Sect's mountain pass gates out of nowhere!

"Where are we?"

"This ... This is the Extreme Medicine Sect? We ... We're back in Grand Brightjade Complete Heaven?"

"My God! Is my eyesight failing? We passed through four worlds in one go and returned to Grand Brightjade Complete Heaven?"

"How amazing! Progenitor Mi Tian is actually already strong to such an extent, creating such a terrifying technique!"

... .

In an instant, the Extreme Medicine Sect fell into shock.

This kind of experience was really too miraculous.

Just a while ago, they even thought that they had fallen into a deathtrap and were dead for sure.

But in a blink of an eye, they crossed four worlds and returned home!

Such terrifying spatial means, it was simply unheard of.

“*Hur hur*, you all are wrong! The one who created this move is Ye Yuan, and not this old man! The crux of this move also lies with Ye Yuan and not this old man! Without him constructing the spatial passageway in the boundary wall, this move can’t be executed!” Mi Tian smiled as he explained.

“What?! It’s actually Heavenly Saint Ye!”

“Heavenly Saint Ye is really getting more and more monstrous!”

“Thinking about that Yi Xue, his expression must be very ugly now, right? *Oh*, right, also that Bloodooze. He must want to vomit blood now! *Hahaha ...*”

... .

After the shock, everyone was extremely overjoyed!

From death to life, this kind of feeling felt very amazing.

“Ye Yuan, if you had such means, why didn’t you say so earlier? Your Father almost rushed up just now to fight it out with that Yi Xue!” Yang Qing smashed a fist onto Ye Yuan’s chest, very unhappy.

Ye Yuan smiled and said, “If I said it out, is it still called a trump card? However, the blood race’s strength somewhat exceeded my imagination! We can’t lower our guard. From now on, Grand Brightjade Complete Heaven will be on the highest level of alert to prevent the blood race’s sudden raid!”

Mi Tian nodded and said, “That Yi Xue’s strength isn’t beneath mine! They all have witnessed the Realm Crossing Greater Teleportation. They will probably be even more apprehensive of you! Furthermore, we’re currently a thorn in the blood race’s side. They will definitely exhaust every method to destroy us!”

Chapter 3087: Bloodcloud Grand Array!

Under the tree, the moonlight shadow was hazy.

Yue Mengli saw Ye Yuan in a daze, and her heart could not help aching a little.

This man was shouldering too many things.

But, she could not be of any help.

After Ye Yuan returned to Grand Brightjade Complete Heaven, he fetched Yue Mengli over.

With the Extreme Medicine Sect’s powerful foundation as support, plus the 12 Heavenly Dao Paintings, Yue Mengli, Lu-er, White Light, and the others, also stepped into the realm of Emperor Sakra Heaven.

It was just that in this war, their strength was too feeble.

This was the war of Hegemon Realms!

Having helped each other in humble circumstances for so many years, how could Yue Mengli not know what Ye Yuan was thinking?

"Big Brother Yuan, Big Sister Lingxue is blessed. She'll definitely be fine." Yue Mengli said softly.

Ye Yuan was stupefied and said with a sigh, "I hope so! When she left, she was too weak. Under the blood race calamity, she ..."

Ye Yuan did not quite dare to continue imagining.

In this catastrophe that swept across all the heavens, ordinary Sovereign Realm powerhouses could only be cannon fodders too.

Only by reaching Emperor Realm could one barely manage to have the capital to protect themselves.

But, it was also merely just self-protection.

Yue Mengli sighed and said, "*Sigh*, Big Sister Lingxue's life is really rough. I hope that she's fine."

Ye Yuan's gaze fixed on Yue Mengli's face.

That flawless face was suffocatingly exquisite under the moonlight.

Being stared at by Ye Yuan, Yue Mengli's pretty face turned slightly red, and she pouted and said embarrassedly, "Big Brother Yuan, why are you looking at me like this?"

Saying that she was bashful, but actually, it was more of agitation.

It was because Ye Yuan's eyes were full of love.

With many years of setbacks, the pressure on Ye Yuan's shoulders was too great!

Therefore, he had never revealed such a look in his eyes either.

Ye Yuan sighed lightly and said, "Li-er, these few years, luckily there was you! I owe you too much!"

Yue Mengli shook her head and said, "Li-er's strength is getting weaker and weaker, and I already can't help Big Brother Yuan anymore! So many years, it has been the hardest on you."

Ye Yuan smiled and said, "You know that I'm shouldering too much debt on me, but without your silent support at the back, I couldn't have made it at all. I'm shouldering too much, aren't you the same?"

This woman was too sensible, sensible until Ye Yuan sometimes even forgot about her existence.

Walking all the way until today, he was paying his debts, repaying Mu Lingxue's debt.

But, the more he repaid, the more he owed his woman too.

"Li-er, after this battle, I'll marry you!" Ye Yuan suddenly said.

Yue Mengli's delicate body trembled heavily, lifting her head and looking at Ye Yuan in disbelief.

These words were domineering and brooked no questioning!

But it sounded pleasant to the extreme!

She had been waiting far too long for this sentence!

When Ye Yuan said it, she felt like she was dreaming.

Yue Mengli's entire person was petrified there. The blissfulness on her face could not be concealed by any means.

"Status and riches are like drifting clouds to me, but my woman is going to become the happiest woman in this world! After this battle, I'll announce to the world and marry you in full glory! I want to let everyone know that you are my, Ye Yuan's, woman!" Ye Yuan said with decisiveness that could chop iron without the slightest hesitation.

The current Yue Mengli was already melted by happiness.

She knew that Ye Yuan was a low-profile person.

But for her sake, he was going to shock all the heavens!

She knew that this was Ye Yuan's doting on her as his repayment to her.

Reaching Emperor Realm, love had already become a stranglehold.

To the vast majority of Dao companions, feelings had already become extremely faint.

But Ye Yuan acted in a diametrically opposite way. He was going to let everyone know about the wedding!

She did not say anything else and just nodded her head lightly.

At this time, silence won sound!

Not far away, a series of rustling sounds suddenly emitted, and it quickly returned to tranquility.

Yue Mengli looked at Ye Yuan and said, "Big Brother Yuan, is it ... okay for you to be like this?"

Ye Yuan smiled and said, "Then I'll call them back and take them all in together?"

Yue Mengli's expression changed, and she said with jealousy, "No way!"

Ye Yuan smiled again and said, "Then isn't it settled? It's better to deal with painful things quickly. Let them stop thinking about it. It's better than keeping it in their thoughts."

Yue Mengli just sighed lightly when she heard that.

Only she knew that it was probably very difficult!

This man in front of her was too outstanding!

Once he entered someone's heart, it would be very hard to chase away.

But in her heart, Yue Mengli was blissful to the extreme.

Regardless whether it was Feng Qingxuan or Cloudneon, they were all one of the 33 Heavens' most outstanding women!

The current her was unable to compete with them at all.

But Ye Yuan's heart never wavered from start to end.

For her sake, he even did it so decisively.

How could she not be moved?

The wind stirred lightly, and a little red light exploded in front of Ye Yuan's chest, instantly enveloping this mountainside!

There was only a stretch of red color left in front of Ye Yuan.

Ye Yuan's expression changed drastically, spatial origin pouring out, about to teleport away.

But it failed!

Ye Yuan felt that the surrounding blood power of rule had completely disrupted all of the rules. He was actually unable to teleport!

His spatial shift divine ability was actually unable to work!

Ye Yuan's expression was solemn. He quickly understood that this was the Chaos Bloodstone's purest origin of blood!

The origin of blood had the power of corrosion to begin with. How powerful was the Chaos Bloodstone's power of corrosion?

At least, it was not what the current him could resolve!

The pores on Ye Yuan's body opened up. He knew that the most dangerous moment had arrived.

"Stop wasting your energy! Once the Bloodcloud Grand Array is activated, forget about you; even if it's a Great Beyond powerhouse, they will be trapped to death too!" A man walked out of the blood fog, holding a blood saber in his hand, a scar on his face.

This was actually a Hegemon Realm expert!

"I didn't expect that to kill an Emperor Sakra Heaven we actually had to activate the Bloodcloud Grand Array! Kid, you can be sufficiently proud!" Someone else walked out of the blood fog. It was another Hegemon Realm expert!

"Ye Yuan, don't count on someone coming to save you! The Bloodcloud Grand Array is condensed by exhausting all of the Blood Ward Bead's blood energy. This place forms its own world. Unless the blood energy is depleted, you can forget about escaping!"

The third hegemon realm powerhouse!

The blood race actually sent three Hegemon Realms to deal with him!

What a grand display!

... .

Boom!

Mi Tian slammed a fist on the blood cloud, but the blood cloud did not budge an inch!

Straight away when he discovered the anomaly, he already arrived.

But he discovered that this blood cloud that enveloped the mountain was sturdy to the extreme!

With his strength, he was actually unable to shake it in the slightest!

His expression was solemn to the extreme!

“Mi Zhen, Long Jian, the six of us join forces and attack. Break this blood cloud!” Mi Tian said in a solemn voice.

The six people were just about to attack when several figures suddenly appeared above the sky.

The arrival was precisely Yi Xue.

“Stop wasting your strength. The Bloodcloud Grand Array is transformed from the Blood Ward Bead. It’s condensed from the purest blood energy in this world! Once activated, no one can shake it within seven days! Get ready to attend Ye Yuan’s funeral!” Yi Xue looked at Mi Tian and said coolly.

Mi Tian’s expression changed slightly, but he did not believe it, bringing the six people and rushing towards the blood cloud again.

Boom!

The entire Extreme Medicine Sect started trembling.

However, that region of blood could still not budge an inch!

Mi Tian’s heart sank to rock-bottom!

Yi Xue smiled and said, “Ye Yuan is really a remarkable brat. However, it ends here too! Today, Grand Brightjade Complete Heaven will be destroyed!”

Chapter 3088: Battling Hegemon!

In the Bloodcloud Grand Array, Chi Shang, You Lei, Meng Jin, three great Hegemons, were currently looking at Ye Yuan with a look of amusement.

In their view, Ye Yuan was already a turtle in the jar.

These three people were top existences among ordinary Hegemons too.

Coming to deal with an Emperor Sakra Heaven was really putting fine timber to petty use.

Emperor Sakra Heaven and Hegemon were lifeforms on two different levels.

No one had ever been able to cross this kind of level, jumping realms to battle!

Seeing these three great powerhouses, Yue Mengli’s complexion turned pale.

And at this time, Ye Yuan had already recovered his cool.

It was only to see a small sword appear between his brows, arriving in his hand.

“Li-er, you hide in the Dao sword’s space.”

Although Ye Yuan’s inner-world had collapsed, opening up a space in the Dao sword to let Yue Mengli lie low until the storm blew over was not hard.

Yue Mengli’s face revealed a look of struggle, and she shook her head and said, “Big Brother Yuan, if you want to fight them, I’ll die together with you!”

Ye Yuan lightly caressed Yue Mengli’s face and said with a smile, “Why would your Big Brother Yuan die? I said that I’m going to marry you. I won’t go back on my words! It’s merely three ordinary Hegemons. It’s no big deal!”

The moment the three great Hegemons heard, they immediately burst out laughing.

“*Hahaha*, what high-sounding sentiments! Ye Yuan brat, you’re indeed as rumored. A braggart! Want to use this to bluff this girlie, don’t you think that it’s too stupid?” Chi Shang said with a loud laugh.

“In the past, it’s that Progenitor felt that your strength was meager, and he couldn’t be bothered with you. This time, since we’re making a move, do you think that you can still live? Three ordinary Hegemons? *Hur hur*, today, we’ll let you know what’s called a Hegemon!” You Lei said with a snicker.

With this, Yue Mengli became even more worried.

Hegemon Realms were no joke!

If it was Emperor Sakra Heaven, even if ten origin powerhouses came, Yue Mengli would not even be worried.

But, against Hegemon Realm, even if it was the weakest Hegemon Realm, it was also not what the current Ye Yuan could resist!

Ye Yuan gave her a consoling look and said with a smile, “Relax. When have I lied to you before? Since they dared to come, I’ll make sure that they can’t go back!”

Ye Yuan’s composure made Yue Mengli calm down.

Now that it came to this, they could not escape even if they ran away too. They could only conquer or die.

Saying whatever sharing life and death together, that was a joke.

Her staying here would only distract ye yuan. It was better to hide and let Ye Yuan fight with all his strength.

Finished saying that, she nodded slightly and entered the Dao sword’s space.

In this Bloodcloud Grand Array, there was nowhere that was safer than the Dao sword space.

Unless Ye Yuan died, otherwise, no one could harm Yue Mengli.

The three great Hegemons did not have the intention of stopping either, Ye Yuan's action was completely meaningless to them.

In reality, they could kill Ye Yuan in one exchange.

Chi Shang smiled lightly and said, "Alright, the boasting is already done. We can send you off already!"

He was just about to attack, but Meng Jin stopped him and said, "Don't. Either way, we have to be trapped here for seven days. How boring is it to kill him in one move? I'll go play with him and get some fun out of it."

Chi Shang was taken aback and said with a smile, "Go on."

Meng Jin looked at Ye Yuan, and his figure suddenly swayed, disappearing.

Ye Yuan's expression was solemn, immediately feeling danger coming from all directions. He was unable to discern at all!

His gaze was actually unable to capture the other party's traces.

This was his first time confronting a Hegemon Realm head-on!

He also finally felt the power of a Hegemon Realm!

Meanwhile, Chi Shang and You Lei, two people, were taking things easy, having the appearance of watching a show.

Suddenly, all the hair on Ye Yuan's body stood on end. A strong sense of crisis came from behind.

Without the slightest hesitation, all the chaos divine essence in Ye Yuan's body poured out, turning around to block.

"Hur hur, your reaction is pretty good, but it's already too late!"

Beside his ears came Meng Jin's snicker.

Ye Yuan turned around but discovered that Meng Jin's face was virtually stuck to his own face already.

It was only to see him bend his finger and lightly flick. Everything seemed so casual.

Bang!

A powerful force instantly flooded into Ye Yuan's body.

Ye Yuan's body flew out like a cannonball, the trajectory virtually unable to see clearly!

With just one hit, Ye Yuan's chest directly caved in.

The power of a finger flick was utterly formidable!

But, Ye Yuan's figure had yet to stop when Meng Jin's voice appeared beside his ear again.

"Do you think that it's over like this?"

Ye Yuan's entire body tensed up, chaos divine essence pouring out again, forcibly changing the trajectory of his flight.

But that feeling of danger followed him like a shadow!

Ye Yuan urged his movement technique to the extreme, changing paths several times in the air.

However, he could not shake Meng Jin off at all!

By the side, Chi Shang smiled and said, "Meng Jin is playing the cat catching a mouse."

You Lei also smiled and said, "Before coming, Lord Yi Xue was talking about how supernatural this boy was. I even thought that he could garner some interest in me. Looking at it now, it's also nothing more than this!"

Chi Shang shook his head and said, "You can't say it like that! Just looking at things from now, Ye Yuan's strength is indeed terrifying! Even if it's an ordinary origin powerhouse, it would be hard to do anything to him too! Furthermore, here is the Bloodcloud Grand Array. All of the rules are set by Progenitor Bloodstone! His spatial origin is being restrained to the greatest degree here. Otherwise, it would really not be so easy to kill him!"

You Lei's mouth curled, and he said disdainfully, "So what? In this Bloodcloud Grand Array, he can only be a little mouse and serve as some amusement for us."

Chi Shang said, "That might be the case, but this chaos divine essence is indeed powerful too. He received several moves from Meng Jin and actually didn't even die! If it was an ordinary origin powerhouse, they would have died several times over too!"

You Lei smiled and said, "Only then will this be a bit interesting. Otherwise, wouldn't we be very bored in these seven days?"

The two people exchanged looks and smiled.

This kind of battle also made their vigilance from before evaporated into thin air.

Meng Jin had not even used 10% of his power, and Ye Yuan was already utterly defeated until he did not have an unscathed spot on his body.

No matter how monstrous he was, it was impossible to reverse it too.

Therefore, they could have some fun during these seven days.

Meng Jin and Ye Yuan's battle was completely one-sided.

This was a game of a cat catching a mouse. Meng Jin was not in a hurry to kill Ye Yuan at all.

Even if he did not make a move, Ye Yuan had to strive with all his might too.

"*Hur hur*, is this the genius who stirred up all the heavens? Too disappointing! I only used one finger; you can't even beat my one finger?" Meng Jin's mocking voice came from inside the blood cloud.

Currently, Ye Yuan was covered in blood all over, panting heavily for air, tired from the constant running. How could he have the energy to care about his mocking?

Suddenly, Chi Shang's brows furrowed slightly, and he said, "Do you feel that Ye Yuan's speed seems to be a little faster?"

You Lei was slightly taken aback and immediately laughed and said, "Chi Shang, have you been scared silly by Lord Yi Xue? Is there a need to be rambling like this? This boy is merely a lower Emperor Sakra Heaven. That's all! He's fast? How fast can he be?! Either way, I don't feel anything at all."

Chi Shang nodded slightly and said, "Maybe I was overly sensitive. Looking closely, it seems like it's really not."

... .

Outside of the Bloodcloud Grand Array, Grand Brightjade Complete Heaven's battle situation was very bad too.

Half a day had passed. The Extreme Medicine Sect suffered heavy casualties!

This time, when Yi Xue came, he brought several times more force than previously.

Just the Great Beyond powerhouses were as many as ten people!

"*Hur hur*, being distracted like this, you're not my match! You don't need to think too much. Chi Shang the three of them are all top experts among ordinary Hegemons! Ye Yuan doesn't stand a chance at all!" Yi Xue looked at Mi Tian and said with a light smile.

Chapter 3089: Bloody Battle!

Above the sky, two enormous dragons were crossing swords back and forth, fighting until the void shattered.

Yi Xue transformed into a blood dragon and actually completely suppressed the powerful Mi Tian.

"No one thought that a measly little Grand Brightjade Complete Heaven actually became the toughest bone to bite down! However, it ends here too!" From above the sky came Yi Xue's voice.

"If you want to swallow Grand Brightjade Complete Heaven, you all will have to break a few teeth too! Unparalleled, kill!"

"*Hur hur*, the means of Hegemon Space is indeed formidable! It's just that I don't know how long Ye Yuan can last inside the Bloodcloud Grand Array!"

Mi Tian's expression turned dark, and his moves actually had an additional trace of flaw.

Wanting to talk about Mi Tian's means, it was actually a notch stronger than Yi Xue.

Reaching their realm, it was hard to determine the victor to begin with.

But he had been constantly worried about Ye Yuan's safety and was unable to focus at all.

The more he wanted to finish off Yi Xue quickly, the more he was being suppressed.

Yi Xue was also making use of precisely Mi Tian's psych and gradually took the upper hand.

"For my Extreme Medicine Sect, fight to the end without retreating!"

“Blood dogs, Your Father will fight it out with you all!”

“*Hahaha*, a bunch of dog-like things, too weak!”

An Extreme Medicine Sect disciple killed three bloodkins consecutively, sustaining severe wounds, letting out a wild laugh.

However, several other bloodkins already charged over like the fierce wind.

Bang!

With several bloodkins attacking in unison, the Extreme Medicine Sect disciple who was laughing loudly before lost his life.

Miserable cries lingered incessantly in the Extreme Medicine Sect.

This battle was too miserable!

Facing enemies that numbered several times than theirs, Grand Brightjade Complete Heaven’s elites fought to the death without retreating.

These people were all the genius martial artists that Mi Tian and Ye Yuan groomed. Their strengths were not ordinary.

But there were too many bloodkins!

They could not be killed entirely!

Grand Brightjade Complete Heaven’s army was founded with the Extreme Medicine Sect as the base, plus the elites of various races.

But now, they were virtually fighting it out with the blood race using their lives!

The price was extremely heavy!

Feng Xiaotian alone was facing off against four great Peak Hegemons and was extremely strained, even though he had already broken through to Peak Hegemon now as well.

One of them was precisely his old adversary of back then, Bloodpromise!

“Blood Extreme Firmament!”

“Fierce Gale Great Melancholy Hand!”

Above the sky, Feng Xiaotian and Bloodpromise exchanged blows.

Bloodpromise’s entire body trembled heavily, and he was directly blasted flying!

Feng Xiaotian raised his head to the sky and laughed loudly as he said, “Bloodpromise, I haven’t seen you for many years, but you’re still same old good-for-nothing! If you didn’t rely on numbers, Your Father would kill you now!”

Bloodpromise was covered all over in blood, and he yelled angrily, “Feng Xiaotian, don’t you be smug! Today will be the day you die!”

Feng Xiaotian did not care and said with a loud laugh, "Bring it on! Want to kill me, you all will have to pay the price too!"

Finished saying, the other three people already rushed in, besieging Feng Xiaotian.

Feng Xiaotian had an awe-inspiring fighting intent and was not the least bit afraid!

"Fight! Fight! Fight! Brothers, this place is the hot soil that we protect! Don't let it be tainted by these blood dogs! We'll kill them together until not even a fragment of armor remains!"

Feng Xiaotian gave a long howl and clashed together with the four people.

His fight was naturally not as easy as it looked on the surface.

In reality, he was already seriously wounded now.

It was just that he had been constantly aiming Bloodpromise and bombarding him indiscriminately, completely ignoring the others. Bloodpromise was under great pressure too.

Being beaten down by Feng Xiaotian, Bloodpromise naturally had a stomach full of anger too.

Sure enough, he found an opening, and a Blood Extreme Firmament hit Feng Xiaotian.

Feng Xiaotian felt his scalp tingle. Knowing that he could not avoid it in time anymore, he actually advanced instead of retreating, colliding together with a blood race Hegemon that was coming head-on.

"Wind Thunder Change! Die for me!"

At the critical moment, Feng Xiaotian sent out a move.

His opponent clearly did not expect that Feng Xiaotian was actually so dauntless in the face of death.

Boom!

That blood race Peak Hegemon was actually annihilated by Feng Xiaotian in one move and died thoroughly!

But half of Feng Xiaotian's body was directly blown away too.

Fresh blood dripped down the corners of his clothes, looking incomparably tragic.

Dyed all over in blood, Feng Xiaotian still laughed loudly and said, "Bloodpromise, you guys are really trash! Four-on-one and you actually still had one killed by me!"

Bloodpromise's expression was very ugly. Although his move succeeded, he did not expect that they actually lost a Peak Hegemon.

This bunch of Extreme Medicine Sect people, they were all lunatics!

Grand Brightjade Complete Heaven's powerhouses' fighting intents were too strong!

Especially Feng Xiaotian, after experiencing the baptism of South Qi Giant City, his willpower was resolute until it scared people.

This injury, if it happened to others, it would have long been a matter of life and death. But Feng Xiaotian did not even furrow his brows!

His fighting intent was still surging!

"Humph! So what! Feng Xiaotian, this seat will send you on your way now! Your blood will turn into a part of my blood race. You should feel supreme glory!"

... .

Boom!

Suffering another blow, Ye Yuan's two eyes went dark, and he was virtually passing out.

Meng Jin was still only using 10% of his strength, but he was already a spent force.

"Hur hur, the genius whose reputation shocked all the heavens is nothing more than this too! Kid, you're too weak!" Meng Jin said with a chuckle.

A punk that even Progenitor had to suffer a loss at the hands of, he was being toyed in the palm of his hand. This kind of feeling was very wonderful.

Ye Yuan was panting heavily but forced a smile and said, *"Hur hur,* are you very pleased with yourself right now? Very soon, you'll regret not killing me right away!"

Meng Jin was indifferent and said with a loud laugh, "On your deathbed, you still dare to threaten this seat? Kid, this seat has only used 10% of my strength up till now! Come, bring forth your strength and make me regret it!"

"Meng Jin, stop playing. Send him on his way!" Chi Shang said.

Meng Jin chuckled and said, "Okay, I'll send him on his way! This lad is too weak. It's boring!"

After toying with Ye Yuan for half a day, Ye Yuan did not have the slightest strength to fight back. Meng Jin also found it a little boring already.

Finished saying, he pointed a finger, aiming straight at Ye Yuan.

This finger was more than a magnitude stronger than before!

Ye Yuan only felt that this finger was going to pierce through the firmament, even though he still had not exerted all of his strength!

But right then, Ye Yuan's body suddenly erupted with seven streams of flowing light!

These seven streams of flowing light were all different colors, akin to a rainbow.

After the flowing light flew out, it actually formed an array formation!

Boom!

The seven streams of flowing light quivered strongly. It was as if it was going to crumble under this finger.

Ye Yuan's figure also explosively retreated several hundred steps along with the seven streams of flowing light.

But the seven streams of flowing light still stabilized in the end.

Ye Yuan actually received this finger.

Meng Jin's expression turned dark, immediately feeling a loss of face.

The power of this finger was several times that of before. But it was actually received by Ye Yuan.

The seven streaks of flowing light dispersed and slowly revolved around Ye Yuan.

Focusing one's eyes to look, it was actually seven small mountains!

Myriad Realms Mountain!

Ye Yuan was indeed pretty lucky in the Labyrinth Divine Palace. He found all seven of the Myriad Realms Mountains in the end.

Ye Yuan made use of the Eternal River's chaos and completely re-sanctified the seven Myriad Realms Mountains.

The present Myriad Realms Mountain, its power was even stronger than back then in Hegemon Chaos' hands!

Ye Yuan looked at Meng Jin and said with a sneer, "What rubbish Hegemon! Nothing more than this!"

Meng Jin's pupils constricted, and he cried out in surprise, "Chaos heavenly treasure! I didn't expect that this boy actually still had such a trump card! However, this thing is a wanton waste of God's good gifts in your hands! Since you're giving this seat a treasure, this seat will accept it!"

Chapter 3090: Messing With You!

Seven small mountains suspended around Ye Yuan. The aura that they emitted actually made people feel somewhat daunted. Clearly, they were not ordinary objects.

It was just that Ye Yuan's strength was too weak. He was unable to unleash the true power of a chaos heavenly treasure at all.

Otherwise, killing them would be as easy as turning over his hand!

Such a treasure, it was hard for them to avoid feeling moved when they saw it.

"The treasure is right here. You can come and take it if you have the ability!" Ye Yuan ridiculed them lightly.

Although he was seriously wounded, his aura was not the least bit weak.

Meng Jin said disdainfully, "If this seat wants to kill you, wouldn't it be effortless? Hang on. This seat will be retrieving the treasure right now!"

While talking, Meng Jin already disappeared.

How fast was the speed of a Hegemon Realm?

Virtually surpassing the time to think, he already arrived in front of Ye Yuan.

Bloodfiend Heart Devouring Palm!

A palm was already imprinted on Ye Yuan's chest.

The corners of Meng Jin's mouth revealed a hint of a cruel smile.

Clearly, Ye Yuan already had nowhere to evade it!

"Be careful!" Right at this time, Chi Shang suddenly warned, his words carrying intense shock.

Meng Jin's expression changed drastically, feeling his scalp tingling, and he flew away from where he was without hesitation.

Boom!

An enormous mountain slammed where he was standing!

Meng Jin's heart shook wildly, thinking to himself, when did this boy's speed become so fast?

What he hit just now was actually Ye Yuan's afterimage!

What did this show?

Ye Yuan's speed was much faster than his!

How was this possible?

Just now, Ye Yuan clearly could not even see his back view.

Ye Yuan surpassed him in a blink of an eye?

This kind of change was a little too fantastical, right?

Ye Yuan stood far away in the sky and mocked, "Weren't you coming to retrieve the treasure? Why did you slip away so quickly?"

Meng Jin's expression turned dark, and he said, "Kid, you hid your strength?"

Ye Yuan smiled and said, "I was merely messing with you previously. Seven days, it can't be too boring as well, no? Now, does it feel very ironic? You actually can't keep up with my, this Emperor Sakra Heaven's, speed?"

The moment Ye Yuan said this, Meng Jin was even more certain that Ye Yuan hid his strength and could not help feeling extremely depressed in his heart.

He thought that he was toying with Ye Yuan. After messing around for half a day, he was the one who was being toyed with!

Furthermore, he was a Hegemon Realm!

When Chi Shang saw that Meng Jin was like this, he wished to kill him with a palm.

He snorted coldly and said, "Idiot! You believe whatever this kid says? He clearly had some comprehension just now. That's why his speed would increase greatly!"

Chi Shang was really somewhat regretting it!

He still underestimated this boy. How could a brat that could make even Progenitor apprehensive possibly be simple?

It was just that he did not expect that Ye Yuan's comprehension ability was also too monstrous. Just now, under the situation of life and death hanging by a thread, he could actually comprehend such an incredible speed!

Also, Meng Jin, this moron, actually really thought that Ye Yuan concealed his strength.

What a joke!

Meng Jin was stupefied, only then coming around to his senses, and he could not help becoming even angrier from embarrassment.

It turned out that he was completely treated as an idiot!

Furthermore, he was really stupid!

Ye Yuan smiled and said, "I said it before. You guys will regret it! Didn't your Progenitor Bloodstone tell you guys that I have the origin of blood too? Furthermore, it's the purest origin of blood! Although this Bloodcloud Grand Array is a domain of blood, I'm unable to crack it for the time being. But, it doesn't hinder me from fusing the origin of blood and spatial origin together!"

The three people's expressions changed wildly!

They really did not know about this!

How could the Chaos Bloodstone possibly tell his subordinates this sort of humiliating thing?

Inside the Bloodcloud Grand Array, there was the blood origin of Progenitor Bloodstone's main body. It was unbelievably powerful. Even a Great Beyond Realm would find it hard to breach it too.

But this origin of blood was of the same root as Ye Yuan.

This Bloodcloud Grand Array, putting it bluntly, was actually a space.

Although this space was extremely profound, it was difficult for Ye Yuan to comprehend it in a short while too.

But, with Ye Yuan's comprehension in spatial origin, fusing the origin of blood and spatial origin together a little was not something too hard.

There was no need to do much. As long as he could use spatial divine abilities inside this Bloodcloud Grand Array, it would suffice!

He only needed a bit of time, and it would be enough.

Originally, with three people joining forces to kill him, he would really have a slim chance of surviving.

But now, he had the strength to fight!

Ye Yuan casually swallowed a heavenly pill. His injuries were recovering at a speed visible to the naked eye.

Chi Shang's expression changed again, and he said in a solemn voice, "Stop playing, attack together and kill him! His speed is very fast. I'll tie him down, and you guys wait for an opportunity to make a move. Don't give him any chance! This time, we mustn't fail again!"

You Lei and Meng Jin, two people, nodded at the same time. They did not dare to underestimate Ye Yuan anymore as well.

Swoosh!

Chi Shang took a step and directly disappeared. His speed was actually significantly faster than Meng Jin!

Ye Yuan did not dare to slight him and similarly took a step, disappearing.

The two people exhibited incredible speed inside this Bloodcloud Grand Array!

You Lei and Meng Jin, two people, actually could not quite keep up.

Ye Yuan also did not expect that Chi Shang's speed was actually so fast. He was actually being tied down by him for some time.

Chi Shang was shocked in his heart. Ye Yuan's speed was too fast!

He did not dare to be the slightest bit neglectful, raising his speed to the extreme. He continuously used powerful attacks to cut off Ye Yuan's path, curbing Ye Yuan's speed.

While You Lei and Meng Jin, two people, attempted to form an encirclement around Ye Yuan.

But the two of them were too slow. They were always slow by one move.

Each time, when the encirclement momentum was about to form, Ye Yuan would be like a fish that escaped the net, slipping out with a *whoosh*.

Meng Jin yelled out angrily, "Little thief, when this seat catches you, I'll definitely tear your corpse to shreds!"

Chi Shang also said gloomily, "Continuing like this isn't the way to go. This boy is too cunning!"

Ye Yuan's speed was too fast, his attacks could not lock onto Ye Yuan at all, and he could only use large-area attacks to cut him off.

This process was actually the process of fighting a battle of wits and a contest of strength.

His cutting off act was very purposeful. The goal was naturally to form an encirclement momentum, making Ye Yuan have nowhere to escape.

Each time, Ye Yuan seemed to be simply flying away like a headless fly.

But in the end, he could always make his get-away.

In Chi Shang's heart, he could not help feeling stifled from anger.

"Chi Shang, your attacks are too stupid! Do you really think that I'm a fish in a net, allowing you to do whatever you want?" Ye Yuan's mocking came from the void.

Chi Shang was furious and said in a solemn voice, "*Humph!* Kid, just you run! Even if you can flee for seven days inside the Bloodcloud Grand Array, so what? Seven days later, your Grand Brightjade Complete Heaven will already be our blood race's territory! At that time, there will be a large group of Great Beyond powerhouses waiting for you outside! I want to see whether or not you can escape out of Grand Brightjade Complete Heaven!"

Ye Yuan was shocked in his heart, but he maintained his composure and said, "*Hur hur*, want to goad me? You're too naive!"

Chi Shang smiled and said, "Lord Yi Xue brought nine mighty Great Beyond powerhouses and over 400 Hegemon Realm powerhouses and descended upon Grand Brightjade Complete Heaven! Do you think that they still have hope of survival? Go on and flee. Your loved ones and friends are probably already pretty much dead! The moment seven days are up, you can be reunited with them!"

Ye Yuan's heart sank to the bottom.

This was likely not fake!

Although this Bloodcloud Grand Array was powerful, with Mi Tian's strength, he could most likely crack it. It just needed some time.

If it was really like this, Grand Brightjade Complete Heaven's situation was not good!
