Chapter 511: All Correct!

"No wonder! No wonder it couldn't be refined no matter what! So that's how it is! Hahaha! When Lord Chairman sees this jade slip, he'll surely be very delighted!"

Wu Xuan suddenly took out a communication talisman and inserted some essence energy. The communication talisman vanished with a swoosh.

Seeing Wu Xuan's expression, Cao Fang's heart involuntarily palpitated.

Could it be that this boy really answered the question No.136?

"Old Brother Wu Xuan, is it possible that . . ." Zhu Jiang asked in puzzlement.

Only now did Wu Xuan come to a realization. He passed the jade slip to Zhu Jiang and said, "Dear me, Old Brother Zhu Jiang, apologies, apologies. This question is from Lord Chairman. I've researched it for a very long time too. But I keep feeling that there are some places which I don't understand, and it cannot be solved no matter what. Now that I suddenly have a clear understanding, I'm seriously too excited!"

"Hiss . . . It was really answered?" Zhu Jiang was still somewhat suspicious.

"Hehe, you'll know when you take a look." Wu Xuan could not be bothered to be long-winded with him too. Let him verify himself, and he would naturally know.

Zhu Jiang started checking the contents inside the jade slip doubtfully, his brows similarly becoming increasingly tighter.

After a long while, Zhu Jiang silently passed the jade slip to Liu Yun. Liu Yun passed the jade slip to the other Alchemy Sovereign after checking it.

After the three people finished looking, they exchanged glances, and none of them spoke.

Cao Fang was long sitting on pins and needles by the side. At this time, how could he still endure it? He could not help opening his mouth and asked, "Three masters, just what is the result?"

Zhu Jiang looked at Cao Fang deeply and slowly opened his mouth to say, "Lord Dan Chenzi's question is rather famous. This elderly self had researched it before too. Just as Old Brother Wu Xuan said, it was just unsolvable in a certain area, unable to break through it. Just now, seeing the description inside this jade slip, we finally see the light! This question No.136 is finally resolved after a time interval of five years!"

Cao Fang's heart seemed to seize violently for a bit as he looked at Ye Yuan disbelievingly.

This boy actually really answered it!

If Wu Xuan still had the possibility of playing out a carefully choreographed dance with Ye Yuan, the consultation team's three Alchemy Sovereign experts absolutely would not lie!

How could this boy be so monstrous? A question that even peak Alchemy Sovereign experts could not answer, he could actually answer it so easily!

Although alchemists had no restrictions in realm regarding the stockpiling of knowledge, a person's energy was limited. The corresponding level could generally only understand the alchemy knowledge at the same level.

Even if somebody had spare energy to learn other things, it was also at most just a little exceeding the present level.

But this Ye Yuan was just a high-rank Quasi-Alchemy King, and yet, he crossed two major realms to answer a peak Alchemy King level question. Just how perverse was this?!

Cao Fang's expression was incomparably ugly. He knew that regardless whether Ye Yuan's questions at the back was answered correctly or not, Ye Yuan's name would shake Wu Fang City with the help of today's events!

"Third Young Master Cao, how much is the reward for this question No.136?" Ye Yuan asked with a half-smile.

Cao Fang looked like he ate a fly right now. He squeezed out a few words from the crevices between his teeth, "10 thousand high-grade essence crystals!"

Ye Yuan nodded and said smilingly, "Like this huh, doesn't that mean that not only are my essence crystals back already, I even earned nine thousand high-grade essence crystals instead? Huhu, this transaction is worth it. This money, keep it on the tab first. After these ten questions are all assessed finish, pay it to me together. Three seniors, continue then."

Zhu Jiang could not refrain from sizing Ye Yuan up a couple of times. He was speculating if Ye Yuan guessed this question or relied on true ability to answer it.

If it was relying on genuine capability, then this youth was too terrifying.

High-rank Quasi-Alchemy King strength and he actually already possessed knowledge surpassing peak Alchemy Sovereign.

If this was really the case, then alchemist ranks simply had no bottlenecks to him at all!

As long as he practiced a powerful soul incantation, he could advance all the way free and unimpeded.

Seeing how Ye Yuan had such strength at this young age, the soul incantation that he cultivated could not be lousy too no matter what.

"Okay. This old man will take a look at this question No.135!"

As he said, Zhu Jiang sunk his divine sense into the jade slip once more.

.....

At the same time, inside a hidden chamber in the Alchemist Association, a communication talisman suddenly lit up.

The eyes of Dan Chenzi who was currently in closed-seclusion lit up, and he muttered, "The Dragon Tiger Mighty Soul Pill that I researched for so many years, I could not find the right approach all along. Now, there is actually somebody who could crack that barrier! I want to see just where this youngster comes from!"

Finished talking, Dan Chenzi's figure moved, vanishing from within the hidden chamber.

.....

At the Exquisite Jade Pavilion, the crowd already descended into a frenzy at this time.

"Question No.135 is correct too! Oh my God! Just what kind of background does this youngster have! To actually have such skill!"

"If question No.136 were like a dead rat falling into the clutches of a blind cat, then this question No.135 couldn't be described using luck, right?"

"The Thousand Query Wall has stood erect in Wu Fang City for a history of several thousand years. Such a grand occasion most likely has never appeared before! You guys, do you think that he can resolve all ten of these questions?"

"Are you joking? Answering all ten questions, just extensive to what kind of degree does this youth's alchemy knowledge have to be?!"

Ten questions being all correct!

Seeing Ye Yuan answer two questions correctly in succession, this idea popped up uncontrollably in many people's head.

Not knowing why, although reason told them that this was something impossible, they kept on harboring some hope in their hearts and felt that Ye Yuan might really be able to complete them!

Time passed by the minute. The expression on Zhu Jiang's face became increasingly solemn.

Even that initially constantly jolly Wu Xuan, the expression on his face right now became extremely fascinating too.

"No.134, correct! Reward money, 12 thousand high-grade essence crystals!"

"No.133, correct! Reward money, 14 thousand high-grade essence crystals!"

.....

"No. 126, correct! Reward money, 15 thousand high-grade essence crystals!"

Roughly six hours later, Cao Fang's complexion was already deathly pale.

"This . . . How is this possible? Question No.126 has already existed for over a decade. A number of middle-rank Alchemy Sovereigns and above major powers came forward to challenge it before. But not a single person succeeded. How on earth did this brat accomplish it?"

Cao Fang's brain blanked out. Ye Yuan's performance smashed his confidence bit by bit!

"Third Young Master Cao, the total is 136 thousand and five hundred high-grade essence crystals. Now . . . can the bill be settled?" Ye Yuan looked at Cao Fang and said nonchalantly.

When these words came out, everyone looked at Ye Yuan very astoundedly.

In these alchemists' view, the significance of answering these ten questions was far greater than the importance of this 130 thousand high-grade essence crystals.

This Ye Yuan actually asked Cao Fang for essence crystals at the first moment. This manner of eating him up . . .

Looking at that indifferent look of Ye Yuan's, Cao Fang swore in his heart and said through clenched jaws, "Terrific boy! You really came prepared! Come, men! Pay the essence crystals to him!"

The Exquisite Jade Pavilion was indeed immensely wealthy. They gathered 136 thousand and five hundred high-grade essence crystals very quickly.

Ye Yuan reached his hand out to receive the storage ring while saying to Ling-er with a smile, "Thank you, Miss Ling-er. I'm going to challenge question No.125 now. I'll have to trouble Miss Ling-er to help out deduct the fees from inside."

Ling-er was frightened until her hands trembled when she heard that, and the storage ring slipped off her hands.

Unrivaled Medicine God

Chapter 512: Alarming Big Shots!

"What? He still wants to challenge No.125?"

"Today is really an eye-opener! When did such a heaven-defying junior appear in our Endless World?"

"Hehe, still junior? Your alchemy standards aren't even fit to carry shoes for him, right?"

"."

Ye Yuan used essence energy to grab it gently. Then storage ring then landed in his hand gently.

"Miss Ling-er is a person who trains in martial arts too. Why can't you even hold a storage ring firmly?" Ye Yuan said with a smile.

"I . . . I . . ."

Ling-er was long shocked dizzy by Ye Yuan's performance already. Hearing that Ye Yuan still wanted to continue challenging now, she cried even more bitterly without ceasing in her heart.

Still want commission huh. This time, she definitely was going to be beaten up to death by the Third Young Master!

When Cao Fang heard Ye Yuan's words, his expression flickered irregularly.

At this moment, he finally confirmed that Ye Yuan was not joking with him.

This fellow was really going to win away all of the Cao Family's available essence crystals!

Before this, Cao Fang felt that Ye Yuan was talking big. But now, he was already utterly without confidence.

Ye Yuan already answered all ten questions. Who dared to guarantee that he could not answer the eleventh one, or the twelve one?

"Come men. Take down box No.125!" Cao Fang said in a grim voice.

A staff brought box No.125 in front of Ye Yuan. Ye Yuan smiled faintly and casually took up the jade slip. He then sunk his divine sense inside.

Everyone held their breaths, looking at the Ye Yuan with shut eyes.

Same as before, Ye Yuan finished browsing the contents in the jade slip very quickly, and started inscribing.

Before long, through Zhu Jiang and the four of their evaluations, Ye Yuan was correct once again!

"Question No.125, correct! Reward money, 20 thousand high-grade essence crystals!"

Looking from the reward money, the difficulty of question No.125 clearly went up another level!

The reward monies previously all increased by a thousand or five hundred. But this time, it swelled by 5 thousand high-grade essence crystals in one shot!

But, this did not seem to be any different to Ye Yuan from before. He practically used the same amount of time to answer it.

Instead, it was Zhu Jiang the four of them who spent increasingly longer time to assess it.

Ye Yuan obviously would not stop. He chose to continue challenging No.124!

A period of time later, Zhu Jiang's voice sounded once more, "Question No.124, correct! Reward money, 21 thousand high-grade essence crystals!"

"Question No.123, correct! Reward money, 22 thousand high-grade essence crystals!"

.....

Question No.116, correct! Reward money, 33 thousand high-grade essence crystals!"

Every period of time, Zhu Jiang's voice was like a heavy hammer, pounding everyone's chest, and making them practically feel asphyxiated.

This Thousand Query Wall's seventh level, each time a question was answered, it would cause a stir in the entire city.

The alchemists present were all extremely excited in the beginning. But by this time, they felt a chill deep down in their hearts.

Question No.116 had already been placed there for close to a hundred years. Nobody answered it all this while.

This question's degree of difficulty was already not on the same level as Dan Chenzi's problem.

But Ye Yuan took his time to answer it from start to end, as if all of the questions were at the tip of his fingers.

This youth . . . was too scary!

After these ten questions, Ye Yuan's reward money already accumulated to a terrifying sum of 260 thousand high-grade essence crystals!

Under normal circumstances, alchemists were all comparatively wealthy. But an Alchemy King's total net worth was at most just several tens of thousands of high-grade essence crystals too.

The prize money that Ye Yuan won right now was already ten times of an ordinary Alchemy King!

Furthermore . . . Ye Yuan was still continuing answering!

Cao Fang's expression was already black like the bottom of a pot. He truly found it hard to dismount the tiger now.

Previously, Ye Yuan said to use the monetary reward to exchange for Skymaple, and he was unwilling to. Now, in front of so many people's faces, did he have to beg Ye Yuan to take Skymaple?

This slap of his slapping down, how would he have a foothold in Wu Fang City in the future?

But if he did not release Skymaple, Ye Yuan would really bankrupt the Cao Family!

400 thousand high-grade essence crystals was merely a hair from nine oxen to the entire Cao Family. But the problem was that the monetary reward at the back was increasingly terrifying. Continuing like this, the Cao Family really would not have available essence crystals to pay it off.

Moreover, if Ye Yuan really kept winning all the way, it would be a tremendous blow to the Thousand Query Wall's fame and prestige.

This was an outcome that the Cao Family could not bear!

If Old Patriarch knew what happened here, he would surely fly into a great rage!

What to do right now?

Right at this time, a hoarse and aged voice reverberated throughout the entire main hall.

"Apologies. The Thousand Query Wall is temporarily closed today. Fellow men of the same line present, each person can draw ten pieces of high-grade essence crystals from the Exquisite Jade Pavilion's front door to show my Cao Family's apologies."

A figure suddenly appeared beside Cao Fang. When those alchemists saw that figure, their pupils involuntarily constricted.

This person was none other than precisely the Cao Family's old patriarch, a middle-rank Alchemy Sovereign, Cao Zheng!

"Grandfather!" When Cao Fang saw the arrival, he could not help being overjoyed.

Cao Zheng showing up, those alchemists knew that this show today could not carry on anymore.

These alchemists were just about to bow-out when Ye Yuan said leisurely, "I heard that the Cao Family keeps a foothold on this earth with the word impartial. But why are you carrying out this bias matter today?"

Cao Zheng did not think that Ye Yuan would dare to be so unbridled in front of him too. His expression could not help darkening as he said, "The Exquisite Jade Pavilion is only closing for a day. How is it something bias?"

When those alchemists sensed the thick smell of gunpowder, they could not help stopping.

Ye Yuan looked at Cao Zheng and said neither obsequiously nor haughtily, "Although the Thousand Query Wall originated from the Cao Family, through thousands of years of development, it has already become the Wu Fang City and even the Endless World's symbol. Hence, even though this Thousand Query Wall is still maintained by the Cao Family, it's no longer owned by the Cao Family. Every alchemist has the right to raise and answer questions here! Presumably, there has never been such an act of closing shop since the Thousand Query Wall was established until today, right? Could it be just because this junior answered a few seventh level's questions, senior is going to close shop? Isn't an action such as this, depriving all the alchemists in the world of their right to a pilgrimage? Isn't it something bias?"

Hearing Ye Yuan's words, all the alchemists secretly cheered in their hearts.

They were different from the Cao Family. They naturally wished to see these seventh level's questions be breached one by one.

Such a grand occasion was hard to encounter even once in a thousand years. How could they miss it?

Although they all knew that this was the Cao Family wanting to ensure the Thousand Query Wall's prestige and stature, this indeed damaged everybody's interests.

Cao Zheng's eyes narrowed slightly when he heard that. A faintly discernible killing intent gradually washed over towards Ye Yuan.

"This Ren will be a peacemaker today. Everybody all disperse!" Right then, another voice sounded out.

An elderly man appeared in the crowd. Everyone's faces changed.

Cao Zheng looked at the arrival rather surprisedly, and he gave a slight bow, saying, "To think that today's matter actually alarmed City Lord. It's this Cao's fault."

But Ren Xingchun did not bother with Cao Zheng and yelled, "Since Lord Chairman came as well, why not show yourself?"

All the alchemists were shocked inwardly. This line-up today really became progressively greater.

Chapter 513: Just Want an Apology!

"Hur hur, to think that City Lord actually came here personally."

A figure floated down and landed. Who could it be but Dan Chenzi?

Ren Xingchun did not follow up, but he said in a solemn voice, "You guys aren't withdrawing yet. Could it be that you want me to make a move personally?"

Those alchemists were startled when they heard that and hastily withdrew from the main hall.

The irrelevant people all left. The atmosphere here became rather odd.

Ren Xingchun, Dan Chenzi, Cao Zhen, Zhu Jiang, and the rest, their gazes all gathered on Ye Yuan as if trying to see through Ye Yuan.

Facing the gazes from a group of leviathans, Ye Yuan was not the slightest bit fearful and said indifferently, "Is it possible that Seniors want to join hands to bully a junior like me?"

The expression on everyone's faces became strange. Junior was it . . .

To be able to answer 20 questions from the seventh level so effortlessly, could such an individual really be considered a junior?

"Huhu, where did that come from? Little Brother Ye, I received Wu Xuan's summons and specially came here to express thanks to you. This Dragon Tiger Mighty Soul Pill, I've researched it for several decades but keep on being unable to find the breakthrough point. Didn't think that I would actually get the solution from your hands today," Dan Chenzi said with a gentle smile.

"Lord Chairman don't need to be polite. You raised the question, I received the reward. We're both even. No need to say the word thanks," Ye Yuan said coolly.

When these words came out, everyone drew a cold breath.

Daring to speak like this to Dan Chenzi, apart from Ren Xingchun, there was probably only this one before their eyes, right?

But Ye Yuan did not care. His gaze looked towards Ren Xingchun heatedly, but his tone became cold, "City Lord invited me to come to Wu Fang City, but couldn't even protect my sect's elder properly. Now that I came to ask for people, City Lord came to cause trouble. Is this your Wu Fang City's hospitality?"

But Ren Xingchun was not a good-natured one. Hearing Ye Yuan said so, he immediately became enraged, "You, this punk, are exceedingly rude! The Thousand Query Wall is my Wu Fang City's totem-like existence. Your way of doing things is a little too over the top!"

"Heh, over the top is it? I gave him a chance. It's he who didn't want it! Since that's the case, he will have to pay a corresponding price for this! I, Ye Yuan, don't stir up trouble for nothing, but I'm not afraid of trouble either!" Ye Yuan did not budge an inch.

When the other early-rank Alchemy Sovereigns and middle-rank Alchemy Sovereigns heard Ye Yuan's tone of speaking, they all secretly broke into a sweat.

Dan Chenzi and Ren Xingchun were both the Endless World's peak existences. Ye Yuan offending all of them, how coarse a nerve did this need?!

"What a fine not afraid of trouble! Your Tranquil Cloud Sect forcibly occupied my Wu Fang City's territory. I didn't even find you to settle the score and you come to be unbridled with me instead!" Ren Xingchun's fury became greater and greater. As he spoke, it deviated off topic already.

Wu Xuan saw the situation and felt anything but reassuring, so he hurriedly urged, "City Lord, this matter is still within the scope of control. The both of you each take a step back!"

"Humph! This punk is conceited and insolent on account of his ability! Even making light of this old man! Seriously too arrogant! I treat him as an honored guest, and he's actually so overbearing! Truly a brat who doesn't know the immensity of heaven and earth!"

Ye Yuan said coolly, "Heavenly Evil Sect committed evil deeds everywhere, but your Wu Fang City turned a blind eye to it. That's helping the wicked perpetuate wicked deeds! I helped you guys eliminate the evil and were in the wrong instead? People who train in alchemy should have benevolent thoughts. This Wu Fang City is hailed as the alchemy holy city. Hehe, isn't it overshooting the truth?!"

Cao Zheng was stupefied listening by the side. Their Cao Family did not say a word, but City Lord and this brat started seizing each other by the throat. What was going on here?

Everyone was rather bewildered too, not knowing why these two people were so hot-tempered.

Finally, it was still Dan Chenzi who came forward to be a peacemaker, "Gentlemen, calm your anger first. Actually, the 20 problems that Little Brother Ye resolved has immense contributions to my Wu Fang City's Alchemy Path's prosperity. It's just that the sense of propriety was not grasped well. Little Brother Ye, facing a great enemy at the moment, isn't us having internal strifes aggrieving our own and gladdening the enemy? In my opinion, the Cao Family let that Tranquil Cloud Sect elder go, and consider this matter passed too."

"Heh, how can it be so easy? The Cao Family must apologize to Grand Elder Skymaple!" Ye Yuan said with a cold smile.

"No way! He can be released. But an apology is impossible!" Cao Zheng refused straight away.

What a joke. How could a colossal family clan like the Cao Family apologize to a third-grade tiny sect's elder?

"Hehe, not apologizing works too. I don't need you to release the person. You all can close shop today, could it be that it will be closed every day in the future? From today onwards, I'll come here to solve questions every day, all the way until all of the questions on the seventh level are all solved finish!" Ye Yuan said with a cold sneer.

"Shameless boasting! Do you really think that by answering 20 questions, you will be able to answer all of the questions? Questions ranked further to the front, the greater the degree of difficulty! Conundrums that nobody could resolve in several thousand years can be resolved with just the likes of you?" Cao Fang said disdainfully when he heard that.

"You can very well give it a try!" Ye Yuan said coolly.

This sentence directly aggravate internal injuries in Cao Fang.

He questioned Ye Yuan previously. The result was that Ye Yuan directly answered all of the final 20 questions.

Now, Ye Yuan was still brimming with confidence. Was it possible that he really had such capabilities?

Impossible!

Question No.1 was simply heaven-defying to the max. Even Lord Chairman and City Lord were at a complete loss when they looked at it, let alone Ye Yuan.

Dan Chenzi and the rest naturally did not believe that Ye Yuan could answer all of the questions as well. But, being deadlocked here right now wasn't a solution either!

"Little Brother Ye, everybody each takes a step back. The Cao Family releases the person, and compensate your household's elder 100 thousand high-grade essence crystals. This got to be ok, right?" Dan Chenzi said.

But Ye Yuan shook his head and said, "I only want an apology! Essence crystals, as long as I want, I can have countless!"

Everyone was directly speechless. This Ye Yuan was simply impervious to neither hard nor soft tactics!

"That Skymaple answered the question wrongly and even slandered my Cao Family's reputation. I didn't kill him directly is already showing leniency! You actually still want us to apologize?" Cao Fang challenged.

Ye Yuan suddenly beamed and said, "Is that so? Then how about we invite grand elder out to confront in court? If Elder Skymaple answered wrongly, I, Ye Yuan, will return this 400 thousand essence crystals intact, and apologize to your Cao Family! But, if Elder Skymaple's answer was correct, what then?"

With this, Cao Fang was thrown into a fluster.

He never would have imagined that the matter would develop to such a state. Now, it could not be controlled any longer.

Right then, Zhu Jiang suddenly sighed with melancholy and said, "Sigh, Brother Cao Zheng, this matter is the fault of the three of us. To think that it would stir up such a mighty uproar. This Thousand Query Wall's consultation team elder, I, Zhu Jiang, have no face to carry on holding the post. Brother Cao better finds somebody more competent."

With Zhu Jiang saying this, Liu Yun and the other person also requested to resign from Cao Zheng.

The news that Cao Zheng got was that somebody was causing trouble in Exquisite Jade Pavilion. But he was not clear about the whole story of the incident.

Hearing Zhu Jiang's words at this time, how could he still not understand what was going on?

Only to see him casually fling a hand, landing a slap on Cao Fang's face as he said coldly, "You wicked son! Turns out that everything was stirred up by you! You actually used the Cao Family's reputation to do this kind of low-grade thing! I'll exterminate you!"

Unrivaled Medicine God

Chapter 514: Storming out of the Room

Cao Fang was sent flying out directly. By the time he crawled up, half of his face was swollen like a pig's head.

Ye Yuan looked at this scene with a cold smile and was very disdainful in his heart.

That slap looked very impressive. Actually, it did not employ essence energy at all. Cao Zheng merely used the strength of the physical body.

Hence, Cao Fang's face looked scary, but it was just receiving some superficial wounds.

Of course, not only Ye Yuan saw through it, the other big shots naturally could discern it too.

It was just that at this sort of time, there was obviously no one who would come forward to expose it.

"Grandfather, I . . ."

Cao Fang hugged his face and was just about to speak, but he was cut off by Cao Zheng who said, "Why aren't you quickly releasing the person yet and apologizing to Little Brother Ye? The Heavenly Evil Sect's matters, even City Lord didn't say anything. Is there a need for you to care about other people liking salty carrots? Go back and face the wall to reflect. Cause trouble for me again and you better be careful; I'll waste you!"

Same as Ren Dong, Cao Fang grew up under Cao Zheng's protection since young. Cao Zheng had never hit him like this before. This made Cao Fang feel very wronged.

However, although Cao Zheng's words were said out very viciously, it actually did not hurt nor itched. It even sowed discord between Ren Xingchun and Ye Yuan's relationship a little without leaving any traces.

Ren Xingchun this person as the City Lord, what he relied on was not scheming and plotting, but it was incomparably tyrannical methods.

Not only was his Alchemy Path strength preeminent, but his attainments in the Martial Path were also exceedingly high. He belonged to a different class of existence among alchemists.

In Wu Fang City, all those who refused to give in to him, he had always used bloody methods to suppress them.

Actually, he originally planned on being a mediator coming here today. Little did he think that because of his fiery temper, he would actually clash with Ye Yuan.

In truth, Ye Yuan being able to answer the Thousand Query Wall's seventh level's questions was immensely beneficial to them, fellow alchemists.

But Ye Yuan's means were too domineering. This kind of directly dropping in to smash the place action would directly affect the Wu Fang City's position in the alchemists' hearts.

Ren Xingchun as the City Lord had no choice but to come forward to stop Ye Yuan.

But how could Ye Yuan be so easy to get along with? It was fine if he talked nicely. Yet, Ren Xingchun just had to have a commanding tone, directly aggravating Ye Yuan's opinion of him.

.....

Before long, Skymaple was finally brought out.

When Ye Yuan saw Skymaple's slightly miserable looking appearance, he knew that Skymaple most likely suffered considerable hardships in this short while. The fury in his heart involuntarily soared higher.

When Skymaple saw a bunch of Alchemy Sovereign experts present, he could not help sucking in a deep breath and came to Ye Yuan's side.

"Hehe, my Tranquil Cloud Sect came to Wu Fang City for the sake of the Endless World's safety, but we received such a treatment! Looks like we were hallucinating that the other party is willing! Forget it! Your Cao Family's apology, I don't need it either. Grand Elder and I will leave Wu Fang City right away to avoid being an eyesore to everyone! Grand Elder, let's go!"

As he said, Ye Yuan pulled Skymaple and was just about to leave.

When Ren Xingchun saw this scene, he wanted to stop Ye Yuan but was stopped by Dan Chenzi.

Dan Chenzi shot Wu Xuan a look, signaling him to make a move. Dan Chenzi then said to Ren Xingchun, "Old Man Ren, you don't add more to the discord. This boy is clearly somebody who can be persuaded by reason, but he's not a person to be cowed by force. You continue like this and the Endless Meet in two days most likely can't commence anymore."

Hearing these words, Ren Xingchun's slowly rising fury was ultimately pressed down.

And in this short while, Ye Yuan already left the Exquisite Jade Pavilion. Wu Xuan followed out closely behind too.

He darted a look at Dan Chenzi and said vigilantly, "You this old punk, what devious ideas are you planning again? Your Alchemist Association stands aloof above worldly considerations. Even if the Fierce Gale World really attacked over here, they wouldn't dare to do anything to you either. Don't say that you're doing this for the sake of the Endless World too!"

Dan Chenzi let go of Ren Xingchun and said with a faint smile, "For it is good, not for it is fine as well. Could it be that you aren't interested in this young man? In my opinion, his knowledge in alchemy likely far surpasses yours and mine!"

Ren Xingchun gave a cold snort and said, "If now isn't extraordinary times, this old man would definitely interrogate this stinking brat with torture well! Even if his alchemy knowledge is any greater, he's merely a Sea Transformation Realm. Could he still overturn the heaven?"

Dan Chenzi said with a smile, "You this old fellow, always being hot-tempered. You don't just look at this boy being unbelievably obstinate. If it wasn't this special period at present, he might not be so high-profile either. This boy is soft and gentle even with his rough ways that he showed us; at the same time, he isn't easy to get along with."

Ren Xingchun snorted coldly, but then he turned to Cao Zheng and said, "What a splendid thing your Cao Family did! I don't care about you guys smashing your signboards. But if it threatens Wu Fang City, don't blame this old man for turning hostile on you!"

Cao Zheng's expression was slightly kind of ugly as he nodded and said, "City Lord rest assured. This incident, the Cao Family will definitely deal with it well!"

Although the Cao Family's bedrock was incomparably solid, under Ren Xingchun's rule, Cao Zheng had to tuck his tail between his legs to behave properly too.

Infuriating Ren Xingchun, nobody would gain anything good out of it.

In this Wu Fang City, it had already been very, very long since anyone dared to challenge Ren Xingchun's authority. Looking from this angle, Ye Yuan could already be considered Wu Fang City's number one person.

.....

"Ye Yuan! Please wait! Please wait!" Wu Xuan chased after Ye Yuan out as he yelled at the top of his voice.

Ye Yuan halted his footsteps when he heard that and gave Wu Xuan a bow and said, "Today, many thanks to Master Wu Xuan for helping me out of my predicament. This kid bears it in my heart. Next time, if there's the opportunity, this kid will definitely repay generously."

Today, if not for Wu Xuan being present, how the outcome would be was really hard to say.

Wu Xuan laughed and said, "Huhu, you're too serious with your words. If not for coming to the Exquisite Jade Pavilion today, I'll most likely regret it for the rest of my life! Seeing you refined pills yesterday, I even gave rise to the thought of taking a disciple. Only seeing your means today did I know that I was rash. In front of you, how can I bear the word master?"

Only when he saw Ye Yuan's performance today, did Wu Xuan know why Ye Yuan was completely uninterested in him yesterday.

What he knew, Ye Yuan knew all. What he did not know, Ye Yuan knew too.

What would he use to teach Ye Yuan?

Recalling it now, yesterday was really making a really big joke.

"Master Wu Xuan is an Alchemy Sovereign expert. Master this word is naturally deserving," Ye Yuan said with a smile.

Actually, in front of Ye Yuan, who could be deserving of this word? It was just that Wu Xuan helped Ye Yuan. Ye Yuan would naturally show appreciation.

Wu Xuan hurriedly waved his hands and said, "Haha, if you don't mind, just call me elder brother. Master this word is absolutely undeserving!"

Ye Yuan was not pretentious either and nodded with a smile as he said, "Since that's the case, Ye Yuan will accept deferentially than to decline courteously. Elder Brother Wu Xuan, Grand Elder and I will return to the Tranquil Cloud Sect right away. If you have time, you can come and visit often."

Wu Xuan hurriedly said, "Younger Brother Ye, City Lord just has this temper. You don't try to gain face back with him! Speaking of which, he made Xu Zihui fuss around you these few days. It's also considered to be very considerate already. Moreover, if it wasn't for Xu Zihui coming to find me today, I couldn't have arrived in time either, don't you agree?"

Ye Yuan nodded his head. He was actually just putting on a show to take that old man down a notch. He obviously would not really leave.

"Fine then. This is on account of Elder Brother's face here!" Ye Yuan hesitated for a bit and said.

Chapter 515: Immortal Remembrance Jade Brew

"Haha! That's how it should be! Come, come to my place to have a chat. Elder Brother there has the highest grade Immortal Remembrance Jade Brew. Today, us brothers shall not return without getting drunk!"

Wu Xuan put his arm around Ye Yuan and pulled him hard, like really becoming good friends despite a great difference in age.

Ye Yuan had no choice and could only say goodbye to Skymaple and leave with Wu Xuan.

As an Alchemy Sovereign expert, Wu Xuan's residence was naturally very luxurious.

Wu Xuan brought Ye Yuan to a small courtyard, took out two jade small wine bottles, and showed them off. He said, "This Immortal Remembrance Jade Brew is of the highest grade among wine. In this city, only Fu Yunjing that old man knows how to brew it. I pestered him endlessly before getting six bottles from him. Today, if not to entertain this Younger Brother, Elder Brother, I, wouldn't bear to drink!"

Ye Yuan said with a smile, "Elder Brother entertaining like this, wouldn't it put Ye Yuan to shame?"

"Hey, what's there to be ashamed around? To be able to make friends with Younger Brother, I'm more than happy! Come, come, come! Quickly taste it!"

As he said, Wu Xuan was just about to pour the wine for Ye Yuan. Ye Yuan was stupefied and said, "Uh, drinking it like this?"

This time, it was Wu Xuan's turn to be in a daze. He asked, "Not drinking like this? How else can it be drunk?"

Ye Yuan chuckled and said, "Old Brother secured this Immortal Remembrance Jade Brew, but you don't know it's drinking method. Isn't it a waste?"

Wu Xuan said in surprise, "Eh? Hearing the meaning of Younger Brother's words, you've drunk this Immortal Remembrance Jade Brew before? According to what I know, in this Endless World, it seems like only Fu Yunjing that old man knows how to brew this wine! Hang on, you talk about how this wine should be drunk first."

Ye Yuan said with a smile, "The Immortal Remembrance Jade Brew has a total of five grades: low-grade, middle-grade, high-grade, top-grade, as well as the highest level heaven-grade. According to the difference in level, the wine ware will not be entirely the same too."

Ye Yuan brought the tiny wine bottle to his nose and sniffed before continuing, "This bottle of Immortal Remembrance Jade Brew should be a low-grade. It should be matched with wine cups made from Southern Sandalwood to be able to bring out the taste."

"Oh? Why is this so?" Wu Xuan had a curious look as if he had discovered a new continent.

As far as he knew, Fu Yunjing that old punk indeed still had even better Immortal Remembrance Jade Brew, but had never been willing to take it out to show others, let alone say asking for it.

After Wu Xuan drank a low-grade Immortal Remembrance Jade Brew once at Fu Yunjing's place, he could not forget that taste anymore. Hence, he ran over daily to beg Fu Yunjing for a few bottles.

At first, Fu Yunjing still did not agree. Later, through Wu Xuan's hard and soft tactics and his incessant pestering, he finally could not take it and Wu Xuan six bottles.

Yet, he had never heard before that drinking this Immortal Remembrance Jade Brew actually had so many details to pay attention to.

"The fragrance that southern sandalwood gives off when mingled together with this wine will make the flavor even stronger when it enters your mouth. Furthermore, low-grade Immortal Remembrance Jade Brew still has some impurities. Cups constructed out of Southern Sandalwood can slightly cleanse these impurities, making the taste of the Immortal Remembrance Jade Brew even more fragrant," Ye Yuan explained.

"There's actually such attention to detail? Cups made from Southern Sandalwood, I actually have them here. It's just that I thought all along that jade material wine cups are more suited for the Immortal Remembrance Jade Brew, and that wood material cups will spoil the taste of the Immortal Remembrance Jade Brew. Hence, I've never used it to drink. Today, hearing Younger Brother say this, I really have to give it a try."

Wu Xuan ran into the room. Soon enough, he really brought out two wooden cups.

Pouring the wine in, Wu Xuan moved the cup in front of his face and sniffed. His eyes involuntarily lit up, "It's really more fragrant compared to before!"

Following that, he sipped a mouthful of wine. A look as if he was walking on clouds immediately appeared on his face, like he was really comfortable to the max.

Wu Xuan did not speak. He just took a sip one after another in this manner and drank this cup of wine entirely in just a short while.

Ye Yuan smiled. Likewise, he picked up his cup but downed it all at once.

This low-grade Immortal Remembrance Jade Liquid, Ye Yuan simply could not be bothered to savor the wine.

In his previous life, what Ye Yuan drank were all heaven-grade Immortal Remembrance Jade Liquid. The taste was on a completely different level from this low-grade one.

He placed the cup on the table, and gave Ye Yuan a big thumbs up as he praised, "Using southern sandalwood cups to hold the wine, the taste and flavor improved at least 10% from before! Younger Brother, you're truly impressive!"

Ye Yuan chuckled and said, "Elder Brother don't make fun of me. Little Brother, I, merely just happened to know it, that's all."

But Wu Xuan said with a laugh, "As far as I know it, in this Endless Forest, only Fu Yunjing alone knows how to brew this wine. He also accidentally obtained this secret recipe in a cave somewhere when he was wandering the Endless Forest in his early years. That secret formula also stated that the Immortal Remembrance Jade Brew is divided into five grades. It's just that the secret recipe only had the brewing method for the low-grade on it. The middle-grade's brewing method was incomplete. I see that Younger Brother seems to be very familiar with this Immortal Remembrance Jade Brew. Could it be that . . . you've drunk this wine before in the past?"

Ye Yuan knew that Wu Xuan was trying to understand his background by beating around the bush, so he said with a smile, "Not only have I drank it before, I even know how to brew it. If Elder Brother is interested, I can pass this low-grade brewing method to Elder Brother."

Wu Xuan nearly jumped up when he heard that and said excitedly, "Is Younger Brother for real?"

Ye Yuan said with a smile, "Look at what you're saying. Would I scam Elder Brother?"

"That's great! Haha! Fu Yunjing that old fellow is always showing off his Immortal Remembrance Jade Brew in front of me. Wait until I brew this Immortal Remembrance Jade Brew. See if he still dares to show off in front of me!"

Wu Xuan was like a kid in a fit of pique right now, wishing to run in front of Fu Yunjing to posture a round right away.

Seems like Wu Xuan had most likely been nursing grievances in front of that Fu Yunjing for a very long time!

Thinking about it, that was right. This low-grade Immortal Remembrance Jade Brew was naturally not considered much in Ye Yuan's eyes. But in the Endless World, it was a top-grade fine wine.

Fu Yunjing possessing such a secret recipe and showing it off a bit in front of his companions was also human nature.

Furthermore, it seemed like that Fu Yunjing and Wu Xuan were both people who loved alcohol greatly. Otherwise, Wu Xuan could not possibly have southern sandalwood wine cups here.

"This low-grade Immortal Remembrance Jade Brew's brewing method seems to have some flaws. The taste doesn't seem to be very orthodox. Elder Brother, when you use my method to brew this wine, I presume that the taste should be able to be improved tremendously," Ye Yuan said with a smile.

.....

While Ye Yuan and Wu Xuan, the two of them were drinking wine and having a good talk, Cao Fang currently had his nose pointed at by Cao Zheng, and the former was being scolded severely.

"You fool! You knew perfectly well that that boy is the honored guest that the Three Sects and Ren Xingchun invited, and you actually dared to use this kind of method to provoke him! Are you going to squander away all the reputation that my Cao Family has garnered for thousands of years? If the Thousand Query Wall collapses, my Cao Family will no longer have the opportunity to rise up again! Do you understand?! How many times have I told you, don't hang out with those riffraff friends! Place your sights on Ren Dong! If you're unable to surpass him, my Cao Family will continue to be suppressed by the Ren Family!"

Cao Zheng had a face like he had expected better from him. Clearly, he was greatly exasperated by Cao Fang.

The swelling on Cao Fang's face had long subsided. But that five fingerprint mark still remained on his face.

Being reproached badly by Cao Zheng at this time, how could he dare to talk back?

Cao Zheng scolded for a long time before saying fiercely, "Tomorrow, you bring along gifts and personally go to Feng Ya Pavilion to apologize to Ye Yuan! You must get his forgiveness! Otherwise, if he throws a tantrum and doesn't take part in the Endless Meet the day after tomorrow, you'll be smacked to death by Qin Hongtao the three of them!"

Chapter 516: Not Allowed to Vie for Masters with Me

At the City Lord Manor.

A bout of wild laughter came from inside Ren Dong's pill refining room.

"Hahaha! I finally succeeded! I finally succeeded!"

Ren Dong looked at a transcendent-grade Tier 1 medicinal pill in his hand in a frenzied state.

"Turns out that Lesser Phaseless Art can really refine transcendent-grade medicinal pills! Looks like I, this high-rank Quasi-Alchemy King, am utterly unworthy of the title! Even the Lesser Phaseless Art can refine transcendent-grade medicinal pills. It can be seen that along the way, I've missed out too many things! Ye Yuan, you this master, I'm acknowledging you for sure!" Ren Dong sucked in a deep breath and muttered under his breath.

Bang!

Ren Dong opened the pill refining room's door and ran out like a gust of wind.

"Little Dong, where are you doing?" A kind sounding voice was heard, stopping Ren Dong.

"Aunt, I'm going out to do something important. I'll come and pay respects to Aunt after I return! I'm going first!" Ren Dong's footsteps did not even stop and directly dashed out far away.

"This child!" The woman gave a melancholic sigh.

If Ye Yuan were here, he would surely be happy. This woman was exactly the mother that he yearned for day and night, Ren Hongling!

"Sigh. I also don't know how Yuan-er is like as of late. He's no longer who he was now. He should be living very well, right?" Ren Hongling murmured to herself.

Ren Hongling was grounded by Ren Xingchun and was only permitted to move about within the tall walls.

There were only two people on her mind. One was the Ye Hang who was imprisoned by Ren Xingchun. The other was naturally her son, Ye Yuan.

In her home, the person Ren Hongling liked the most was Ren Dong this nephew. Because every time she saw Ren Dong, it was as if seeing Ye Yuan.

She came to find Ren Dong today because she wanted to make him go and beg her father, Ren Xingchun, again, to let him spare Ye Hang.

Who knew that Ren Dong was in a rush and directly ran off.

Ren Hongling was helpless and could only go back.

.

Cao Fang followed the servants into Feng Ya Pavilion one step at a time. When he had just entered the backyard, he heard a hearty laughter.

"Hahaha! With this recipe, the expression on Fu Yunjing that old punk's face will definitely be very interesting to look at! He keeps the Immortal Remembrance Jade Brew recipe like a treasure, showing off in front of me every day. This time, I'll see how he still show off!" Wu Xuan said with a big laugh.

Hearing Ye Yuan say that he had the recipe, Wu Xuan directly drank and finished the six bottles of low-grade Immortal Remembrance Jade Brew with Ye Yuan yesterday.

He came to find Ye Yuan today to get the recipe.

"Elder Brother, this low-grade Immortal Remembrance Jade Brew isn't considered much. It only needs half a month to finish fermenting. But it won't do for brewing the middle-grade one. For the middle-grade quality, it needs half a year. Anyhow, you gather the ingredients according to the recipes that I gave you. After half a year, forget about that Fu Yunjing, even Lord Chairman will probably come to request from you as well," Ye Yuan said with a smile.

Upon hearing this middle-grade Immortal Remembrance Jade Brew, Wu Xuan's saliva almost drooled down.

According to what Ye Yuan said, the taste of the middle-grade Immortal Remembrance Jade Brew surpassed the low-grade one by ten times!

The low-grade was already so delicious. What will the taste of that middle-grade be like?

Thinking about it made people long for it endlessly!

"Young Master Ye Yuan, the Cao Family's Third Young Master is here."

"En. Let him come in then. Call Grand Elder Skymaple over too," Ye Yuan casually instructed.

Cao Fang came before Ye Yuan with a nasty look. He never could have thought that Ye Yuan would actually address Master Wu Xuan with such great familiarity.

Wu Fang City was an Alchemy Sovereign expert. His status in Wu Fang City carried weight.

He himself always observed a pupil's manners in front of Wu Xuan, but Ye Yuan could already address him like brothers.

"Ye . . . Ye Yuan, yesterday . . . yesterday's matters, it was my wrong! Please . . . Please forgive me!" Cao Fang contorted his face and stammered as he said to Ye Yuan.

Ye Yuan shot him a glance and said indifferently, "You didn't do anything to me. Whether I forgive or not doesn't matter. As long as Grand Elder Skymaple can forgive you, I have nothing to say."

Every injustice had its perpetrator, every debt its debtor. Ye Yuan was not a petty person. He only wanted to get justice on Skymaple's behalf.

If Skymaple really suffered some serious injuries, Ye Yuan naturally would not let Cao Fang off easily. But Skymaple only suffered some hardships yesterday and did not receive any substantial wounds. Since Cao Fang paid a visit to apologize, this matter was also considered to have passed.

Of course, it was also Ye Yuan reaching there in a timely manner. Or else, if he were too late, what would have happened was really hard to say.

While talking, Skymaple just happened to be called out too.

"The main guy is here. Whether he forgives you or not will depend on your sincerity," Ye Yuan said coolly.

Hearing Ye Yuan's words, Skymaple immediately understood what was going on. He could not help looking at Ye Yuan in surprise.

A colossal giant like the Cao Family would actually apologize to a little Alchemy King like him! This had to be said to be immense face for Skymaple.

Cao Fang gritted his teeth and lowered his head as he bowed towards Skymaple. He said, "Cao Fang was impulsive yesterday and offended Elder Skymaple. Elder, please don't blame."

As he said, Cao Fang held a storage ring in his palm and said, "Inside this storage ring are 100 thousand high-grade essence crystals and also some healing medicinal pills. Cao Fang hopes to compensate for the mistake made yesterday."

Skymaple looked at Ye Yuan. He saw Ye Yuan nodded slightly. Skymaple then said, "Forget it, forget it; this matter is over."

Cao Fang was overjoyed when he heard that and could not help turning his head to look at Ye Yuan.

Ye Yuan took over the storage ring from Cao Fang's hands and said, "Third Young Master Cao, don't blame me for shooting my mouth. People like Mao Yuanji, you'd best hang out with them less. Otherwise, there will come a day where you'll suffer a huge loss."

Cao Fang nodded repeatedly and was just about to withdraw, but he saw Ren Dong dash inside like a gust of wind.

"Master! I did it, Master!" Ren Dong's person had yet to arrive, and his voice reached already.

While talking, Ren Dong already came before Ye Yuan and said with an excited look, "Master, I did it! I did it! Now, you can take me in as a disciple, right?"

Cao Fang could not help jumping in fright when he heard Ren Dong's words, "What? You . . . You want to acknowledge him as your master?"

When Ren Dong heard that, he was stunned too, "Mm? Cao Fang, why are you here too?"

"I . . ."

Cao Fang had yet to speak when Ren Dong's expression changed as he said, "You aren't trying to acknowledge Ye Yuan as your master too, right? You're not allowed to vie for Master with me! Humph, I'm telling you, even if Master agrees to take you in, I'm also your senior!"

Cao Fang was thrown in confusion by Ren Dong. Even his brain was somewhat short-circuited.

Ren Dong's strength was even greater than his, and he even had a peak Alchemy Sovereign grandfather. He actually wanted to acknowledge Ye Yuan as master?

Ye Yuan scolded with a smile when he heard that, "What nonsense is this? Cao Fang came to find me for other matters. You said that you can do it but seeing is believing. However, this Feng Ya Pavilion doesn't seem to have pill refining rooms. Elder Brother Wu Xuan, is it fine to borrow your pill refining room to use?"

Wu Xuan was also secretly alarmed by the side. A few days ago, Ren Dong was still at loggerheads with Ye Yuan. Now, he actually wanted to acknowledge him as his master.

Wu Xuan's thinking was around the same as Cao Fang's. Although Ye Yuan's talent seemed to be very monstrous, Ren Dong had a peak Alchemy Sovereign grandfather behind him. Could it be that he still needed to acknowledge other people as his master?"

Hearing Ye Yuan's request, Wu Xuan nodded and said, "No problem."

Wu Xuan was also very curious how Ye Yuan was going to test Ren Dong.

Chapter 517: Establishing Rules

Inside Wu Xuan's pill refining room, it was already packed with people currently.

When Xiao Ruyan heard that Ye Yuan was going to test Ren Dong, she was full of reluctance but insisted on following over no matter what.

Meanwhile, Cao Fang was also very curious, following over at the behest of supernatural power, causing him unable to resist.

Ye Yuan naturally noticed it but did not say anything either.

When Wu Xuan saw the materials Ren Dong picked, he could not help being stupefied. He said, "Younger Brother Ye, why did he choose all Tier 1 medicinal herbs? Isn't the threshold of your acceptance test too low?"

Ye Yuan said with a smile, "Elder Brother, you watch first. You'll know in a while. This Ren Dong still has some comprehension abilities. To think that he could achieve it so quickly. Looking at how both of his eyes are bloodshot, presumably, he didn't even shut his eyes these few days."

How could the acceptance test that Ye Yuan set up be achieved so easily?

Even for the lowest level Lesser Phaseless Art, wanting to reach the standards of refining transcendent-grade Tier 1 medicinal pills, those with slightly better talent also needed around half a month's time of bitter training. Those with poorer natural endowments might not even find the knack to refining at all.

Just as Ye Yuan predicted, Ren Dong did not rest for a single second these few days. From morning to night, he was immersed in the pill refining room, for the sake of completing the acceptance test as soon as possible.

Furthermore, for this Lesser Phaseless Art to reach the level of refining transcendent-grade medicinal pills, it was not achievable with just bitter training as well.

If there were not Ye Yuan's demonstration, Ren Dong could not possibly find the trick to it so quickly either. He had been recalling the scenario of Ye Yuan refining pills bare-handedly these few days, contrasting it continuously. That was why he could understand the secret so quickly.

It was just because the Lesser Phaseless Art was too simple and practically did not have much skill content; that was why Ren Dong could reach such standard in a few days.

But for Ren Dong to be able to reach this level, it also showed that his talent surpassed others.

In Ye Yuan's perspective, Ren Dong's alchemy talent should be even higher than Xiao Ruyan's.

Everyone all looked at Ren Dong very curiously, wanting to see just what of thing this acceptance test was.

Although Ren Dong was very tired, he was currently in a state of extreme stimulation.

Ye Yuan opened a window for him, letting him see a great path linking to the heaven. To alchemists, there was nothing more exciting than this.

All the preparations were in place. Ren Dong said to Ye Yuan with an excited face, "Master, watch closely!"

When Ren Dong made his move, everybody could not help staring wide-eyed.

"Lesser Phaseless Art? Younger Brother, what kind of medicine are you selling in your gourd here?" Wu Xuan was completely baffled.

Using the Lesser Phaseless Art as the acceptance test. How low was this threshold?!

Even Alchemy Grandmasters when taking disciples could not possibly use this as the evaluation too.

"Huhu, Elder Brother carry on watching. This boy is quite interesting," Ye Yuan said as he behaved like a senior.

It was naturally quite interesting. Ren Dong only used three days and actually touched upon the threshold of the Legendary Realm. Looks like his conditions were really decent.

The Legendary Realm was only normal to Ye Yuan.

But to others, it was not something that simple.

Furthermore, it was simply not possible for there to be people who would devote time and energy into the Lesser Phaseless Art to reach the Legendary Realm.

Any refining technique would have very impressive effects after reaching the Legendary Realm. The Lesser Phaseless Art was no exception either.

Of course, that effect was only aimed at Tier 1 medicinal pills.

Cao Fang looked at Ren Dong with a face full of contempt.

This fellow's brain isn't spoiled, right? That Ye Yuan is clearly fooling him. He actually took it seriously! A Quasi-Alchemy King acknowledging another Quasi-Alchemy King as his master. Hehe, really comedic enough! Cao Fang was criticizing Ren Dong incessantly in his heart.

Cao Fang did not doubt Ye Yuan's alchemy standards. Because his performance in front of the Thousand Query Wall already indicated everything.

At least, Ye Yuan's theoretical standards were pretty high.

Making disciple acceptance test Tier 1 medicinal pills and Tier 1 alchemy techniques, what was this if not being a joke?

Refinement of Tier 1 medicinal pills did not take too much time. Ren Dong finished refining very quickly.

"Condense!"

Ren Dong gave a light cry. The medicinal pill was done.

"Hehe, master, you come and evaluate it?" Ren Dong came in front of Ye Yuan and said fawningly.

Ye Yuan nodded with a smile and said, "Not too bad. But the Lesser Phaseless Art is just an entry-level alchemy skill. There are still many areas that you need to learn. Next, your task is to use the Greater Phaseless Art to refine a transcendent-grade medicinal pill."

"Ah? G-Greater Phaseless Art?" Ren Dong still did not come around for a moment.

But Xiao Ruyan could not carry on watching by the side silently. She reproached Ren Dong daintily, "You dunce-head! Still not hurrying over to acknowledge Master?!"

Ren Dong came to a realization. His face revealed wild elation as he knelt on the ground with a thud. He exclaimed, "Master is high above. Please accept a bow from Disciple!"

"Get up. In the future, Ruyan is your senior apprentice sister. I don't have many rules under me. But there are several points that you have to remember," Ye Yuan said coolly.

"Master, please say!"

Ye Yuan nodded and said, "Mustn't defy orders and be unfilial! Mustn't commit crimes in violation of the law! Other things, free rein. If I discover that you all did something that goes against the heaven and reason, I'll personally cripple you guys! Ruyan, same for you too!"

"Yes, Master! Disciple will definitely bear it in mind!" Ren Dong hurriedly said.

"Disciple understands!" Xiao Ruyan also did not dare to have a cheeky smile when she saw how solemn Ye Yuan said it.

Being around Ye Yuan for a long time, Xiao Ruyan more or less also grasped Ye Yuan's disposition a little clearer.

Majority of the time, it was fine no matter how she joked around. But once Ye Yuan became serious, then it was not that fun anymore.

However, Xiao Ruyan did not have much evil thoughts in her heart. Such rules were actually dispensable to her. She did not take it to heart too much either.

"Younger Brother Ye, you were saying earlier . . . using the Lesser Phaseless Art to refine transcendent-grade medicinal pills?" It was only after seeing that they finished acknowledging master-disciple relationship did Wu Xuan ask Ye Yuan in amazement.

"That's right. This was the entry test that I gave Ren Dong," Ye Yuan said smilingly.

"Hiss . . . Let me take a look."

Wu Xuan opened the medicinal cauldron and took out that medicinal pill. It was indeed transcendent-grade without a sham.

"Using Lesser Phaseless Art can actually refine transcendent-grade medicinal pills! Except . . . what use does this have?" Wu Xuan asked puzzledly.

Transcendent-grade Tier 1 medicinal pills could be refined using high tier alchemy skills too. There wasn't anything impressive.

Although using Lesser Phaseless Art to refine transcendent-grade medicinal pills exceeded Wu Xuan's expectations, in his view here, it was pointless.

With so much time to research a Tier 1 alchemy skill, why not spent the time on higher tier alchemy skills?

Cao Fang was also very disdainful inwardly. It was just that he did not dare to make a sound. Hearing Wu Xuan question at this time, he perked his ears up too, wanting to hear how Ye Yuan was going to explain.

Ye Yuan said with a smile, "One will never achieve their goals without doing things one step at a time. This lineage of mine, what it attaches the highest importance to isn't garish alchemy skills, but it is laying a solid foundation! Don't look down on Tier 1, Tier 2 alchemy skills. Even high tier alchemy skills were born from these low tier alchemy skills too. Researching low tier alchemy skills thoroughly, then cultivating high tier alchemy skills, will have the effect of half the effort and twice the results."

Wu Xuan shook his head and said, "It just that this way, it will expend huge effort. The loss outweighs the gain!"

Ye Yuan did not answer Wu Xuan's words, but he asked Ren Dong, "Do you feel that the loss outweighs the gain?"

Ren Dong shook his head very affirmatively and said, "Absolutely not!"

Unrivaled Medicine God

Chapter 518: Meeting Begins

Ren Dong was not sucking up.

When he trained the Lesser Phaseless Art close to the Legendary Realm, he actually discovered that he had many new comprehensions.

Back then, when he had just come into contact with alchemy, he had many things that he did not notice.

All the way until today where it suddenly dawned upon him. he discovered just how unstable his own foundation was.

Ye Yuan being able to freely refine transcendent-grade medicinal pills was indeed not coincidental.

Recalling the words that Ye Yuan said when he was acknowledging him as his master, Ren Dong only came to realize the truth now.

Ren Dong believed that as long as he continued walking down the path which Ye Yuan designated, he would definitely discover a new continent.

Of course, to most people, doing this was a pointless effort. Because they did not have a master like Ye Yuan.

Without Ye Yuan's personal demonstration, Ren Dong could not possibly have touched upon the threshold of the Legendary Realm too.

The Lesser Phaseless Art was just the most basic entry-level refining technique. The higher the tier of the refining technique, the more challenging it naturally was to want to reach this step as well.

Without the guidance of a great teacher who had a profound understanding, they might never find where the Legendary Realm was throughout their lives.

Cao Fang curled his mouth. He was clearly very condescending towards Ren Dong's excuse.

Wu Xuan knew that it was not that there weren't people who wanted to train the basic alchemy skills to an extremely high realm. But without any exception, they all took too many detours.

Those alchemists who were originally around the same realm as them had flung those people who researched alchemy skills that way several streets behind.

Wu Xuan initially wanted to persuade Ye Yuan a little. But upon recalling Ye Yuan's performance, he swallowed the words at this throat back down.

Ye Yuan this Alchemy Emperor naturally had more authority to speak regarding laying down a foundation or speed-walking this sort of issue.

He knew that Wu Xuan and the rest all did not believe. But the moment when Ren Dong soared to the skies in a single leap, they would surely have a completely new appraisal of this matter.

With Ren Dong's talent, this day might not need too long.

.....

The following two days, Ren Dong practically immersed in studying beside Ye Yuan, while Ye Yuan did not hide anything either. He demonstrated the Greater Phaseless Art's Legendary Realm once for Ren Dong to see.

Ren Dong's talent was indeed remarkable. He actually comprehended some knack to it very quickly.

But, very clearly, the speed of him comprehending the Greater Phaseless Art was no longer as quick as the Lesser Phaseless Art.

And right at this time, all the titans in the Northern Domain finally gathered at Wu Fang City. The Endless Meet officially convened in the City Lord Manor.

In the main hall, all seats were occupied, and those people who were seated, the weakest had middle-stage Divine Traversing Realm strength.

Four seats were arranged on the left-hand most side. Sitting there were respectively Ren Xingchun and the Three Sects' old ancestors.

They were evidently the Northern Domain's pinnacle existences!

And sitting to their right were not those late-stage Divine Traversing Realm experts but an unknown Sea Transformation Realm youth.

This youth was naturally Ye Yuan.

The big shots present, quite a few people brought the juniors that they were most proud of over. It was just that those juniors all stood behind them with their hands by the sides.

Very clearly, in such an apex meeting they did not have a chance to speak.

Even Qin Yan, Guo Taoqun, and Yin Yanhua were all by the side too.

Only Ye Yuan this young person sat very conspicuous.

Many people had not met nor heard of Ye Yuan before either. Him sitting naturally incurred many interested gazes.

Regarding this kind of focused looks, Ye Yuan was very calm.

The previous life's Ji Qingyun had experienced countless great spectacles. Such a small occasion was simply too substandard to show in public.

Everyone got in their seats. Ning Yixian was the first to speak. "Everyone, time is tight. This Ning won't blabber any more nonsense either. Today, we convened everybody to discuss the major issue of how to respond to the Fierce Gale World's invasion. Several thousand years ago, the Endless World had the Grand Yan True Sect this extraordinarily powerful sect to seal the realm passageway. But now, not that this Ning is belittling our capabilities, but we might not be the Grand Yan True Sect's match even by combining our Three Sects' power! Hence . . . our situation has already reached an extremely grim state! And the most terrifying thing is that we know absolutely nothing about the Fierce Gale World! Their strength, their plans, their habits, we don't understand anything at all! Now, everybody state their views."

"Heh, what else can be done? When soldiers come, use a general to hold them off. When the water rises, use dirt to keep it back. I don't believe that their Fierce Gale World martial artists can still have three heads and six arms?" exclaimed someone immediately the moment Ning Yixian's voice faded.

And those with such views were not in the minority. Once these words came out, there were people concurring straight away.

"I've seen before some Fierce Gale World records in some ancient records. It's said that that small world has gale winds blowing all year round. It's completely a place where not even grass would grow. This kind of barbaric land, how many experts could there even be?"

"That's right. Our Endless World is abundant in resources. The martial artists' strength and realm are also extremely formidable. To really compete in martial strength, it's impossible for us to lose to them!"

"Haha! Just a bunch of motley crew! In my view, our Northern Domain's various sects should join hands and send a group of elite forces and directly take down the Southern Domain! Don't they have a Boundless Realm expert? As long as we take down the Southern Domain and send array masters to secure the realm passageway and not let them reinforce the array formation, the Endless World will be safe and sound!"

Speaking to the back, the Fierce Gale World martial artists directly became a bunch of clay chickens and pottery dogs. It was seemingly like slashing a blade over and everyone's heads would hit the ground.

When Ye Yuan heard these words, he seriously could not hold back and let out a snigger.

With this snigger, there were immediately people who were unhappy.

"Where are you from, boy? To actually dare jeer at us?" said a middle-stage Divine Traversing Realm sect master with an unkind look.

He also knew that such an occasion absolutely would not arrange the seats wrongly. This Sea Transformation Realm boy surely had an extraordinary background.

But being derided by a junior like this, he was still rather displeased. It was just that he was more reserved when speaking and did not dare to overly offend those four on top.

But Ye Yuan shook his head and said with a laugh, "Earlier, Old Ancestor Ning already said, we're absolutely ignorant about the Fierce Gale World. Also don't know where your confidence came from, to dare belittle them like so? If there weren't an Endless Forest obstructing there, we'd probably have lost half of the world already! You guys are actually still in the mood to brag here. Truly don't know what you're talking about!"

That sect master being mocked by Ye Yuan could not quite preserve his face. If it weren't because of the faces of the four people on top, he would most likely fly off the handle long ago.

But at this time, he said solemnly, "This war has yet to be fought, and you're boosting other people's morale and lowering your own? According to what you say, could those Fierce Gale World people really have three heads and six arms?"

"Not to the extent of three heads and six arms. However, to talk about combat strength, they mustn't be underestimated! If it's as you all said earlier, the Endless World won't be far from annihilation either," Ye Yuan said nonchalantly.

"Heh, talking as if you've seen it with your own eyes! Doesn't that Fierce Gale World have just one Boundless Realm expert? As long as we don't let him come over, how strong can they get?"

Ye Yuan said with a smile, "You nailed it. Not only have I seen before Fierce Gale World martial artists, but I've also even been to the Fierce Gale World!"

"Not even preparing a draft when you brag! With just your meager strength, you can still return unscathed after really going to the Fierce Gale World?" said that sect master with a cold smile.

Those four on top did not seem to hear anything and let Ye Yuan and the rest bicker at their own discretion.

Chapter 519: Lan Feng's Strength!

Everybody seemed to have discovered the four titans' unparticipative attitudes. They all could not refrain from criticizing Ye Yuan one after another.

"Don't know what you're talking about! The two worlds' only passageway is guarded by the Fierce Gale World. With just the likes of your strength, you can escape from the Fierce Gale World?"

"Young man, don't come out to posture just because you have some strength. Some bragging shouldn't be done. It's easy to unravel the truth!"

"Turns out that you've been to the Fierce Gale World. I wonder if you brought back some local specialties from the Fierce Gale World? Hahaha!"

The group of people chortled loudly, mocking Ye Yuan bragging too substandardly in succession.

When they saw Ye Yuan sitting in that position, they originally felt displeased already. At this time, they happened to catch one of Ye Yuan's slip-ups and was naturally unwilling to let it go.

Right then, the Profound Sun Sect's Sect Master, Wu Rong, opposite Ye Yuan said with a smile, "This Little Brother, one mustn't joke around in this occasion today. You said that you've been to the Fierce

Gale World. You got to prove it a little, right? Mere lip service, I can also say that I've been to the Fierce Gale World. Would you believe me?"

The Profound Sun Sect was a great sect second only to the Three Sects. Wu Rong's strength was extremely daunting as well.

If Ye Yuan were not here today, it should be Wu Rong sitting in his position.

The one who previously found fault with Ye Yuan was actually the Profound Sun Sect's subsidiary faction.

The Northern Domain's sects stood in great numbers. There tend to be subsidiaries between factions.

To want to cast off the fate of being a subsidiary, there had to at least be a late-stage Divine Traversing Realm expert holding down the fort in the sect.

And this Wu Rong was a Ninth Level Divine Traversing Realm experts. Compared to the Great Circle Divine Traversing Realm old ancestors from the Three Sects, he was also just marginally weaker.

But this difference of a margin was as far apart as heaven and earth.

In a small world like the Endless World, after cultivating to the Divine Traversing Realm, every step trod out was tremendously arduous. From the Ninth Level Divine Traversing Realm to the Great Circle of Divine Traversing Realm did not seem to have a big gap, but this step was immensely hard to stride out.

This was the restrictions of heaven and earth regulations. Mortals had no way of transcending.

And from the Great Circle of Divine Traversing Realm to shattering the void and achieving Boundless, this step was even as hard as ascending to the heavens.

Hence, while the Endless World's Divine Traversing Realm experts were many, those who could genuinely ascend to the Divine Traversing Realm was scanty few.

Even for the level of experts like the Three Sects' old ancestors, wanting to stride out this step was extremely difficult too.

Wu Rong not daring to say much to the Three Sects' old ancestors and Ren Xingchun did not mean that he did not dare to make things difficult for Ye Yuan.

Just a junior. Could it be that the Three Sects really dared to make a move on him?

Let alone, this junior simply had no idea what he was saying.

Ye Yuan said with a smile, "You guys laugh at me for saying nonsense, but I laugh at you for being innocent and clueless! If they didn't have confidence, how could the Fierce Gale World dare to take such actions? You people want proof, right? I'll show you!"

Lan Feng's figure suddenly appeared beside Ye Yuan. Everyone's faces changed when they saw the situation.

"Spatial spirit artifact!"

Even Wu Rong, when seeing this action of Ye Yuan's, his gaze revealed a burning heat.

However, his fervent heat subsided very quickly.

Since Ye Yuan dared to take this out in a flagrant manner, he was obviously not afraid of them snatching it away.

There was even the possibility that this spatial spirit artifact was given by one of those four beside him.

"This person is the slave I took in when I was in the Fierce Gale World. Everyone is a Divine Traversing Realm expert. You just have to slightly inspect his divine soul, and you'll know," Ye Yuan said coolly.

These people investigated Lan Feng's divine soul and discovered that it was indeed slightly different from Endless World martial artists. They could not help becoming astonished.

Although these people knew that the Fierce Gale World already occupied the Southern Domain, they had yet to see Fierce Gale World martial artists before.

Seeing Lan Feng at this time, they all could not help sizing him up curiously.

"Is this a Fierce Gale World martial artist? Looks very normal what!"

"Yeah. What can a puny little Fourth Level Sea Transformation show?"

"Huhu, look at his manner of dressing up. Simply bumpkin to the max. If Fierce Gale World martial artists are all like this, then wouldn't our Endless World win for sure?"

Another wave of loud laughter.

But Ye Yuan did not smile. He just said nonchalantly, "Everybody is a leader of a sect and naturally look down upon a puny little Fierce Gale World Sea Transformation. However . . . I released Lan Feng out to let you all witness the strength of a Fierce Gale World martial artist!"

Ye Yuan briefly swept a glance over these Divine Traversing Realm experts and asked, "I wonder which senior's progeny just happens to be at the Fourth Level Sea Transformation Realm? You can come up to exchange moves with Lan Feng!"

Ye Yuan's momentum was pressuring. The intent of provocation was very clear.

Fourth Level Sea Transformation versus Fourth Level Sea Transformation. Nobody could find fault.

Wu Rong saw the situation and gave a look to a middle-stage Divine Traversing Realm subordinate influence.

That person understood and opened his mouth to say, "Fei-er, you go up to accompany him to play then. Remember, go easy."

A young man behind him fell out of the ranks and said with a haughty look, "Yes, Martial Ancestor."

Finishing talking, the young man came before Lan Feng with a bound.

This youth's name was called Song Fei, similarly a Fourth Level Sea Transformation. His strength was also at the top of the list within his sect.

To be able to be brought by Old Ancestor by his side this time, his position could be imagined.

Lan Feng still had that attire from the Fierce Gale World; vastly different from the Endless World.

Furthermore, just as those people said: simply a bumpkin to the max. One look and it was like from an unorthodox background. How could he be comparable to a sect's elite disciple like Song Fei.

"Hehe, I want to take a look if the Fierce Gale World's martial artists are really as formidable as he says!" Song Fei said with a cold laugh.

Lan Feng had a blank look and completely did not take Song Fei's provocation to heart. He said indifferently, "Just try, and you'll know!"

Finished talking, Lan Feng's figure suddenly vanished from where he stood.

Song Fei's expression changed. He did not think that Lan Feng's speed was actually so swift. He wanted to make a move, but it was already too late. He could only hastily put up a passive defense.

Boom!

Song Fei was smashed flying out several hundred feet by Lan Feng's one punch.

No long-winded words nor any complacency either.

Lan Feng was unforgiving when he gained the momentum, his fists pummeling towards Song Fei like a torrential storm.

The match between Sea Transformation Realm was totally not worth mentioning in the eyes of these big shots. But at this very moment, their brows involuntarily knitted together tightly.

Although Lan Feng had the suspicion of surprise attacking, those skills were not fake.

His speed was abnormal, and his fist art was exceedingly swift and fierce and bizarre! Absolutely proficient in combat!

The two people exchanged over a hundred moves in a twinkle. The more these big shots watched, the more alarmed they became, including those four people above.

This was also Ning Yixian's and the others' first time seeing Lan Feng. They didn't think that a slave which Ye Yuan brought under control actually had such combat power.

These people's horizons were usually high. Through these two person's face-off, they could tell that Lan Feng's concept comprehension was a little worse off compared to Song Fei. But, his combat experience was exceptionally abundant. Moreover, regarding the utilization of concepts, the concepts were integrated into his bones.

After a hundred moves, Lan Feng relied on that initial-most advantage and steadily took the upper-hand.

Lan Feng's combat experience was exceedingly plentiful and totally did not give Song Fei any chance at all. Compared to Lan Feng, Song Fei was like a fledgling who was still lacking some level of attainment towards combat.

Boom!

Another hundred over moves passed. Lan Feng finally caught one of Song Fei's dead spots and blasted Song Fei flying with one punch.

Unrivaled Medicine God

Chapter 520: Fame Spread Far and Wide

All those present were dead silent.

Lan Feng's performance utterly shocked these Divine Traversing Realm experts.

That match earlier, apart from that surprise attack in the beginning, there was not the slightest bit of resorting to trickery.

And Song Fei himself not being focused was a great taboo in combat by itself. Nobody would pity failures.

Song Fei was an elite from a very formidable sect in the Northern Domain. He actually lost to this bumpkin to the max Fierce Gale World martial artist. Could it be that the strength of the Fierce Gale World's martial artists were all so formidable?

These big shots all had tightly locked eyebrows. The expression on their faces had unspeakable graveness.

"Huhu, can't even beat my slave, just who is boasting? Are you people sure that you can beat back those Divine Traversing Realms from the Fierce Gale World with just the likes of you people?" Ye Yuan derided.

This time, that group of people who taunted the most enthusiastically at first all sensibly shut their mouths.

They were still clamoring previously, saying that the Fierce Gale World martial artists would crumble in one blow.

And now, this slap was flung really resoundingly!

But Wu Rong was unresigned and said in a solemn voice, "Was this slave of yours tampered with, or perhaps he's an extremely powerful existence among the Fierce Gale World martial artists?"

Wu Rong's question was also the question that everybody was concerned with. A martial artist being powerful was not scary. What was frightening was everyone being this powerful!

If the Fierce Gale World martial artists were all this formidable, then the Endless World was really in danger.

Ye Yuan shook his head and said with a sigh, "Although this slave of mine has some strength, within the same realm, he's absolutely not considered powerful. At the very most, he's also just average standard. If you don't believe, you can feel free to carry on with those plans earlier and directly charge over to exterminate the Southern Domain's Fierce Gale World martial artists."

Ye Yuan's words were like a series of thunders, extinguishing everybody's hopes.

Ye Yuan was not exaggerating just to scare people. Lan Feng's strength did not count as too impressive in the Fierce Gale World.

The Lan Family Brothers not being able to withstand a single hit in front of Ye Yuan did not mean that they could also be finished off in one blow in front of the other Endless World martial artists.

Back then, in the mystic realm, Mei Zhen and the Heavenly Sky Sect's Wu Zhao were both not the Lan Brothers' match.

And Mei Zhen's and Wu Zhao's strength were absolutely not the slightest bit inferior compared to this Song Fei.

Hence, Song Fei losing was also something within reason.

"Ye Yuan, your meaning is that . . . the Fierce Gale World martial artists' strength as a whole is a level higher compared to our Endless World?" Ning Yixian asked gravely.

Ye Yuan nodded and said, "What everyone said earlier wasn't wrong. The Fierce Gale World is scarce in resources. Regions with powerful gale winds, even the Wind Emperor won't dare to enter. But it's also precisely because of this kind of environment that resulted to the Fierce Gale World martial artists' might . . ."

Ye Yuan spoke with fervor and assurance, picking out some of the Fierce Gale World information to say, leaving their brows locked even tighter.

In accordance with what Ye Yuan said, the Fierce Gale World martial artists' comprehension towards the Concept of Wind was innate. Practically every martial artist would have very deep comprehension in the Concept of Wind.

Hence, the Fierce Gale World martial artists' movement speed was much greater than the Endless World's.

Furthermore, with the tempering of the gale winds, the martial artists' essence energy were purer. Adding in the barbarousness, the Fierce Gale World martial artists' collective strength was much stronger compared to the Endless World.

Under such circumstances, if the Endless World chose to clash head-on, it was simply without any chances of success.

Ning Yixian the four of them exchanged glances, and all saw the seriousness in the other party's eyes.

They had a simple exchange with Ye Yuan yesterday and knew that the Fierce Gale World power was great. But it was also just a rough idea, far from as great as the impact from Lan Feng and Song Fei's match earlier.

It was precisely because they knew that the Fierce Gale World was formidable that the four of them deliberately let Ye Yuan stir up these sects' leaders a little to make them not underestimate the enemy.

Who knew that even they themselves were astonished too.

For Song Fei to be able to become a sect's elite, his strength was not considered weak. But he still lost to Lan Feng.

Lan Feng grasped the battle situation precisely, making everyone feel a chill from the bottom of their hearts.

This martial artist was simply born for fighting. If the Fierce Gale World's folks were all like this . . .

The matters at the back, they somewhat did not dare to carry on thinking.

"The Fierce Gale World martial artists' strength, I believe that everybody already has a very direct understanding. Ye Yuan did not deceive everyone. He really entered deep into the Fierce Gale World before in order to rescue his fellow sect members. Now, to talk about who understands the Fierce Gale World best in the entire Endless World, it's none other than him! Moreover, I know that many of you view the Southern Domain as a barbaric land and are completely indifferent to the state of affairs there. But, I want to tell you that Ye Yuan once led the Southern Domain's Tranquil Cloud Sect and defeated the Purple Mansion Sect thrice, killing three of the Purple Mansion Sect's Soul Sea Realms! This effectively slow down their invasion! Only because of this that we managed to have our Northern Domain's meet! Or else . . . some of those present would probably have their sects eradicated already!" Ning Yixian's voice enlightened the benighted, striking everyone's hearts.

Only now, did these sect leaders knew that there were still so many twists and turns in between all this, and also knew what kind of person Ye Yuan was.

The Southern Domain's matters, they might be unconcerned, but the Tranquil Cloud Sect's great name, many among them already came to hear of it.

The Tranquil Cloud Sect eradicating the Heavenly Evil Sect domineeringly and a Sea Transformation Realm boy killing the Soul Sea Realm Mao Yuanji, this news already spread like wildfire.

Those present were all the Northern Domain's respected figures who were very well-informed. They naturally knew this information.

It was just that they never thought that that Tranquil Cloud Sect's youth was actually this one before their eyes!

It never occurred to them that Ye Yuan already did many things for the Endless World without them knowing.

Defeating the Purple Mansion Sect thrice. How did this boy accomplish it?

Truly an enigmatic existence!

But Wu Rong frowned and said, "Isn't this talk a little too alarming to cause a sensation? Even if the Fierce Gale World martial artists' strength is formidable, we have our advantages too. Us these sects aren't soft persimmons that they can knead as they want either!"

In truth, Wu Rong's words were lacking some confidence. But a Sea Transformation Realm boy riding on top of his head still made him brood over it.

But this time, Jing Xuan said coldly, "Alarming to cause a sensation? Old Man Wu, do you believe these words that you said? As far as I know, the Fierce Gale World already sent out five peak Divine Traversing Realm experts into the Southern Domain! Whether it's exaggerating things to raise the alarm or not, everybody weighs it yourselves!"

"What? Five peak Divine Traversing Realms?! How is that possible?"

Jing Xuan's words immediately caused a stir in the crowd. Wu Rong looked at Jing Xuan with a face full of disbelief.

Five peak Divine Traversing Realms. Such strength was too scary!

One had to know that the Northern Domain only had the Three Sects' old ancestors who were peak Divine Traversing Realms.

Was the current situation three versus five?

Ning Yixian gave Wu Rong a scornful look and said coolly, "Not possible? Do you think that these few days, the three of us were sitting at home doing nothing? Furthermore, the Southern Domain did not blockade information. Wanting to investigate this news isn't hard. It's just a pity that Old Hai has already been missing for a long time and there's no news up until now. While Old Man Duan is a recluse with no fixed abode and also secretive about his whereabouts. If the two of them are present, our chances of success will be much higher."
