

The Mightiest Little Peasant Chapter 1374

Tang Hao sensed something. He turned around and his expression changed.

It was a flood Dragon that was coming out of a cave at the side, staring at them with a cold gaze.

Its body was huge, covered in black scales, and its horns were ferocious.

Tang Hao wanted to run away.

But then, he realized that this guy had only cut three.

“F * ck! What are you afraid of!”

Tang Hao stopped moving. He was no match for those who had become Immortals, but he was not afraid of a mere slash three.

The flood Dragon moved, opened its bloody mouth, and pounced.

This little bug actually dared to break into its territory, it was simply courting death!

“Who’s afraid of who!”

“Hmph!” Tang Hao grunted. His body shook, and the aura of the great circle of slash two exploded, causing the water to surge. Then, with a few clanking sounds, a suit of armor flew out and was assembled.

His Supreme armor had been destroyed long ago. This was one of the treasures that the heaven monarchs had given him in the Dao tomb. It was also a Supreme-grade Dao artifact.

He stretched out his hand, and the five-colored battle spear flew out. He grabbed it and threw it at the flood Dragon.

Whoosh!

The battle spear split the waves apart and turned into a five-colored stream of light.

Bang!

With a loud bang, the flood Dragon was hit and was sent flying, its body hitting the wall of the pool.

Aooo!

It let out a shrill hiss and suddenly went crazy. It pounced out again and bit.

“Hmph! Beast! Be good and lie down!”

“Die!” Tang Hao roared. He brought out the Golden cauldron, lifted it with his right hand, and smashed it down.

On the body of the cauldron, there were flames.

Bang!

With another loud noise, the flood Dragon flew out again, and its huge body smashed into the wall.

It roared and became crazier. Its eyes turned Scarlet.

It pounced out again, and its ferocious might skyrocketed.

Tang Hao grabbed the cauldron and smashed it into the flood dragon’s head. It was a simple and brutal attack.

Peng Peng Peng!

A series of loud bangs sounded.

The flood Dragon kept retreating from the impact, and it was seeing stars. It was a little confused. This little worm's aura was clearly weaker than its, so how could it be so fierce when fighting?

Why not ... Just run!

It wanted to retreat.

A good flood Dragon doesn't fight with humans, so I'll let this little worm off this time.

"Four-legged snake, I'm going to chop you up and roast you!"

"Stop!" Tang Hao shouted.

The flood Dragon was stunned for! Moment, and then it became angry. This little worm actually wanted to eat it! He even dared to call it a four-legged snake! If it could be tolerated, then who couldn't?

OWW!

It let out another long hiss and pounced forward again. It wanted to tear this little worm into pieces.

Peng Peng Peng!

A man and a flood Dragon started to fight again.

At this moment, a few figures were flying over from the distance.

These people were wearing the same clothes, so they obviously came from the same force.

For example, the ancient race had a huge scale, a large number of people, and many geniuses. Every year, they would send a large number of people to participate in the assessment. The largest number was in the hundreds, while the smallest number was in the dozens.

Just like the Thunder clan, other than their number one monstrous genius, Lei zhentian, there were over a hundred of them.

One of the young men was holding a map.

“The Black Dragon Pool is right in front of us. There aren’t many pools here, only about 20 of them. During every assessment, there will be a heaven’s equal token in there.”

The young man looked at the map and said.

“There must be one in the Black Dragon Pool. However, there’s an old dragon in there who’s very powerful! It was at three cuts, and flood Dragons had always been powerful and had some true dragon bloodline! It’s stronger than ordinary beasts!”

With that, his brows furrowed, and he revealed a somewhat grave expression.

The rest of the people were the same, their expressions solemn.

An old flood Dragon that had killed three was too powerful and not easy to deal with. In the past assessments, countless people had died at its mouth. It was a true assessment killer.

“Let’s see first! We don’t need to fight to the death with that flood Dragon, we just need to get the equal to heaven token!”

“Right! We can’t use force, we have to use our wits!”

As they talked, they approached flood Dragon Lake.

BOOM!

A deafening sound was heard.

They listened carefully and were stunned. The voice was coming from the other side of flood Dragon Lake.

After being stunned for a while, they revealed ecstatic expressions.

“Hahaha! The heavens are really helping me! Someone’s fighting with that old flood Dragon, and it’s a very intense fight!”

“This is a good opportunity! Let’s do a Mantis stalking the cicada, unaware of the Oriole behind. When that guy comes out, we’ll intercept him halfway and snatch the equal to heaven token. ”

They laughed out loud.

“Hurry up! Don’t let that guy get away. Once he comes out, we’ll stop him!”

They immediately increased their speed and rushed toward the pool.

As they neared the pool, they felt that something was wrong. They had been fighting for a while, why were they still fighting? had that guy not escaped yet?

“Is that guy an idiot? Still not running!”

“In my opinion, he’s trapped down there. That old dragon is not easy to deal with. He’s very powerful!”

“What should we do now? he’s going to die inside and be swallowed by that old dragon. Won’t that mean that he’ll lose everything?”

They were a little anxious.

“We have no choice but to wait! Let’s hope that guy isn’t too useless and is really swallowed by that old dragon!”

They concealed their auras and waited.

BOOM!

The rumbling sound was still coming from the pool. The ground was shaking and the water surface of the pool was churning, creating huge waves.

“It’s so intense. That guy’s about to die!”

“Why isn’t he out yet?”

They were getting more and more anxious.

Suddenly, the surface of the pool rose up as if there was a huge object that was surging up rapidly.

“That guy is coming out!”

“Everyone, get ready!”

They were excited. They took out their Dao artifacts and boosted their Dao energy, ready to attack.

“Hahaha! Let’s give that guy a surprise!”

Seeing the water level rising, they became more and more excited.

Bang!

Finally, the surface of the water exploded, and a huge beast rushed out.

They looked around and were stunned.

“Where’s that guy?”

“Where is he?”

Only the old flood Dragon rushed out of the pool. No one could see him.

Could it have been eaten?

This thought flashed through their minds, and they immediately felt a little vexed. If they were swallowed, they would have nothing.

However, when they took a closer look, their bodies trembled as if they were struck by lightning.

Clang! Clang!

The sword in one of their hands fell to the ground and hit his toes.

“Pa da!”

The pot in one person’s hand also fell and rolled a few times.

However, they were still completely unaware of it. Their eyes were wide open as they raised their heads and stared blankly at the huge Dragon that was soaring into the sky.

No!

The flood Dragon didn’t rush out by itself, but was pulled out by someone.

It was a golden figure that was dragging a giant flood Dragon with his bare hands. He rushed into the sky just like that. The old flood Dragon was wailing sorrowfully and was already on the verge of death.

“Oh my God ...”

“Then ... Who is it?”

They mumbled to themselves, their faces dazed and their minds shaken.

Barehanded flood Dragon Capture!

The scene in front of him was too shocking and shocking.

The Golden figure was like a god, fierce and brave.
