

## The Mightiest Little Peasant Chapter 1386

“Elder Wang, are you alright? Hold on!”

A group of elders surrounded elder Wang Yun and supported him.

“How could this be ...”

Elder Wang Yun trembled as he stood up.

Such a huge mess had just happened in the assessment, and now something had happened to the medicine garden. It was most likely caused by the assessment. How was he going to explain this to the courtyard?

“Elder Xu, isn’t the herb garden protected by an array? How could he have been sneaked in?”

He asked in confusion.

“That little thief is very powerful,” elder Xu said hatefully. “He broke through the formation and sneaked in without anyone knowing. He even knocked out the disciple who was guarding the herb garden.”

“Knock him out?”

Everyone’s expression changed.

Elder Xu continued, “that thief was very arrogant. Not only did he Rob the herb garden, but he also left behind two lines of words. And this piece of paper. Take a look at how arrogant he is!”

As he spoke, he took out a piece of paper with two big words of thanks on it, which were unusually striking.

Everyone was speechless.

“There’s no mistake, it’s that little bastard!”

“This bastard is too bold!”

The elders of the equal heaven Department gritted their teeth.

As for the group of elders of the ancient clan, they had strange expressions on their faces. They had been very angry just now, but now that they saw that even the heaven-equal Department had been destroyed, they felt more at ease.

“This person ... Is really lawless!”

They sighed.

“That’s too cool! It’s simply amazing!”

“Who’s the expert?”

The young people were in an uproar again.

“Go! Let’s go and take a look, maybe there are some clues left behind!”

Elder Wang Yun and the others led the way to the herb garden. When they arrived, they went to the mountain wall where Tang Hao had written the inscription. Their faces twitched, and they almost vomited blood.

“How bold a man is, how fertile the land is? Wayaya! This kid is too detestable!”

“We must find him and hang him on the top of heaven’s equal peak for seven days and seven nights.”

The group of elders were so angry that they were about to go crazy.

They had seen all kinds of geniuses in all these years, but they had never seen such a bold and detestable person.

“Dozens of precious herbs!”

They wailed, and their hearts were bleeding.

In the crowd, Tang Hao pursed his lips in disdain and mumbled, “Is there a need to!”

“Investigate! We must investigate this thoroughly and find that little thief; otherwise, our heaven-equal Department will become a joke!”

“Hurry up! Go and call for help! Get more elders to come over!”

The elders spread out and carefully searched the medicine garden, not letting go of any clues.

Soon, a group of people swarmed over from the horizon, all of whom were elders of the equal heaven Department.

They joined in and used all sorts of methods, spells, and even checked each and every one of the candidates, but they still found nothing.

“Too cunning! He didn’t leave behind any aura, so he’s obviously an old hand!”

“Look at this hole, it’s exquisitely dug. It’s enough to see how deep his attainments in the Dao of magical formations are!”

In the end, they couldn’t help but admire this little thief.

“This brother Dadan is indeed quite powerful!”

“Amazing!” Tang Hao exclaimed in the crowd.

Under his lead, the title of “big bro Dadan” spread like wildfire.

“Now ... What do we do?”

The group of elders looked at each other, all dumbfounded.

The second round of assessment couldn't be carried on. There were still over a million people. They couldn't just directly enter the third round, right?

Elder Wang Yun and the others left for a while. After more than two hours, they returned and announced,""The second round is canceled. Everyone, please proceed to the third round."

"Due to the sudden changes, we still need to make corresponding preparations. Therefore, the third round will be postponed to a day later!"

"Please leave first and come back tomorrow!"

A burst of cheers erupted from the crowd. Many people were secretly happy. Originally, with their strength, they were afraid that they would not be able to squeeze into the third round. But now, thanks to big brother guts, they had successfully squeezed into the third round.

Some people cheered, while others were upset. The group of top geniuses had ashen faces the entire time. They kept scanning the crowd for suspicious targets.

Many people glanced at Tang Hao, but they quickly moved away.

This Shi fellow was indeed capable, but it was absolutely impossible for him to be that bold brother. Moreover, the elders had already investigated him and found nothing.

Lei zhentian and the others also glanced at Tang Hao, then looked away. They were not in the mood to deal with this Shi fellow.

"Let's go! Let's go!"

The group began to leave the mountain range and returned to the outside.

Over there, their clansmen were all waiting, raising their heads in anticipation. When they saw so many people suddenly appear, they were all somewhat shocked. When they heard what had happened inside, they were all dumbstruck.

“Knocked out a group of top geniuses, ransacked the herb garden of the equal heaven Department, and robbed dozens of precious herbs? Oh my God! Just who is this bold brother?”

The crowd was in an uproar, and a deafening clamor broke out.

For the entire night, the tent area was extremely lively. Everyone was discussing that mysterious big brother Dadan and guessing his identity.

The news spread like wildfire.

The examination of the equal to heaven Department was always watched by countless people every year. Once there was any sign of trouble, the news would spread quickly, let alone such a sensational event.

This news shocked countless people and caused a heated discussion.

Meanwhile, the news had also spread in the heaven-equal courtyard, causing a huge sensation.

On the second day, more people came from all directions to gather information. More elders and even the vice principal of the equal heaven Department came to oversee the situation.

“The rules for the third round are very simple, and that is to do missions. I have many missions here, and they are divided into three levels: heaven, earth, and human. Completing a human level mission will give you one point, earth level two points, and the last heaven level three points.”

“You can take on your own missions. There is no limit to the number of missions. The more missions you complete, the higher your final score. The time limit is ... One day!”

“Alright, come up and receive the mission scroll!”

With that, elder Wang Yun waved his hand and countless spirit lights flew out, floating in the air.

There were a total of three colors. White represented human level, green represented earth level, and red represented heaven level. Whichever one you liked, you could just take it.

Tang Hao also rushed forward. He reached out and grabbed hundreds of scrolls of all three levels.

This round, he was prepared to do his best to complete as many missions as he could. As for first place, he didn't want to fight for it. If he really got first place, he would attract too much attention.

It wouldn't be good if he was exposed in the end.

Dozens of precious medicines and so many looted items were much more valuable than a robbery weapon.

He followed the person and entered the passage opened by elder Wang Yun. They arrived at a trial planet.

This time, he was extremely careful and well-behaved because he knew that there were many eyes watching them. Many of them were terrifying mighty figures, so he could not give himself away.

He followed the instructions on the scroll, going up the mountain and down the sea. He would mine for a while, then catch beasts for a while, and complete all kinds of missions.

An entire day later, he followed the group back to the Qitian mountain range.

After submitting the items and tabulating the scores, he was finally ranked 19th. It was neither too high nor too low. It was perfect.

The first place was naturally taken by Lei zhentian.

According to these results, the top 200 or so people would be qualified to enter the equal heaven Department.

These people were naturally overjoyed, while those who failed could not hide their disappointment and left in dejection.

This test had also come to an end.
