

The Mightiest Little Peasant Chapter 1430

“He ran away!”

“Tsk! What the hell!”

The crowd let out a loud hiss.

To think that this Zong guy had just vowed to fight three hundred rounds, but in the end, he didn't even fight a single round before running away with his tail between his legs. This was simply too embarrassing.

“Hey! He couldn't be blamed! Don't you guys know who your opponent is?”

There were also people who defended him.

“That's true!”

Everyone looked at the stage and gradually felt relieved.

It wasn't that the one surnamed Zong was too timid, but his opponent was too powerful. A true dragon Bone, a strong physical body, and a celestial grade talent. He was also equipped with several Supreme great DAOs.

The most important thing was that he was big bro Dadan, that extremely bold and legendary figure.

Furthermore, he also cultivated the Dao of slaughter. He was clearly an extremely brutal and vicious person.

If it were them, they would definitely run as well.

“True dragon Bone, celestial grade. This guy is qualified to be my opponent!”

Ye Wudi took a step forward from the battle God mountain's camp, and his body was filled with an amazing fighting spirit.

“Ye Wudi is going to make a move?”

Everyone was shocked.

Ye Wudi was the number one of war god mountain and one of the top human masters in this trial. He could compete with golden ROC, Lei zhentian, and others.

If it was him, he should have no problem defeating that Shi guy.

After all, that Shi fellow was not that powerful.

“Hmph! Surnamed ye, don’t interfere. This is the business of our heaven-equal Department!” Lei zhentian roared in anger.

He narrowed his eyes and glared at Tang Hao with a sinister gaze. His expression was dark.

He had never thought that this guy was actually brother audacious, the bastard who had knocked him unconscious and made him lose face.

“That’s good! Let’s forget about all the Old and New grudges today!”

He gritted his teeth and said fiercely.

Then, he looked around and shouted, “He’s mine, don’t you dare snatch him from me!”

Ye Wudi stopped and shrugged.””Alright! I’m happy to see the people of the equal heaven Department killing each other! Anyway, you’ve defeated him, so we still have a battle to fight!”

“Good! I’ve long wanted to test your ye clan’s invincible golden body! Let’s see if your ye clan’s golden body is more powerful or my innate divine eyes!” Lei zhentian shouted.

Xiao Yan, Yu Shimin and the rest, who were originally ready to make a move, retracted their aura and were not prepared to fight with Lei zhentian.

“Shi, do you dare to accept my challenge?”

Lei zhentian shouted as he glared at Tang Hao.

“Why wouldn’t I dare?” Tang Hao retorted coldly.

“Hahaha! Good! You’ve got guts!” Lei zhentian laughed out loud as he stomped the ground and soared into the sky, landing on the fighting ring.

“Even Lei zhentian has made his move. There’s no suspense in this battle!”

The crowd discussed in low voices.

They all had the same opinion on this battle. Even though that Shi guy was very powerful, he was definitely not Lei zhentian’s opponent. That pair of divine eyes was a gift from the heavens, and its divine power was unpredictable.

Moreover, the cultivation of this man surnamed Shi was also a little low, only at the level of four, while Lei zhentian was already at the level of five. The gap of a small tier was not so easy to make up for.

They didn’t feel that it was a pity. Lei zhentian was already a top figure. To be able to fight with him was already proof of the power of that Shi.

When the Thunder fell, the Azure Dragon battle platform shook violently. With a roar, the Azure Dragon came to life and soared into the sky, circling around the battle platform.

Then, the other three fighting rings also resonated.

The Vermilion Bird, Black Tortoise, and white Tiger all soared into the sky.

“What’s going on?”

Everyone was bewildered.

“The heavenly deity battle platform is about to appear!” Someone said, “when the strength of both parties reaches the standard, the deity battle platform will appear!”

As he spoke, he raised his head and looked at the sky.

There, a huge ancient fighting stage appeared. It had descended and was placed above the arena.

Tang Hao leaped onto the stage, and Lei zhentian followed closely behind.

With two Swooshes, two figures stood on both sides of the fighting ring, facing each other from a distance. The battle had not started yet, but the two auras had already clashed and collided violently, causing a series of explosions.

“Shi, I’ll return the humiliation you gave me back then!” Lei zhentian roared as his body trembled. With a boom, a shocking pillar of light burst out from his body.

One Dao ring after another appeared behind him.

That pair of golden eyes shone with a brilliant light that was as bright as the stars.

And that day, it suddenly darkened.

The only thing left in the world was that pair of dazzling golden eyes.

“Hiss! Is this the power of the inborn divine eyes?”

Everyone looked up at the sky and couldn’t help but take in a breath of cold air.

That pair of divine eyes had not even been fully activated, but they had already caused the heavens to change. If they were fully activated, what kind of shocking power would they have?

“Shi, take this!”

Lei zhentian roared and raised his hand. A huge Golden Palm print appeared and slapped down.

Tang Hao grunted, but he was not afraid. He also reached out and formed a handprint.

Bang!

The two Golden Palms met in the air and clashed.

In an instant, endless golden light exploded, engulfing the world.

Tang Hao's body trembled slightly. He was at a slight disadvantage. After all, his cultivation base was much weaker. If he had not been a God grade talent, he would not have been able to block the attack.

"Hahaha! Shi, let's see what you have to fight with me! I'll let you understand that I, Lei zhentian, am the number one in the equal heaven Department, not you!"

Lei zhentian howled as his expression turned malevolent and crazed.

He laughed and clapped his hands continuously, creating countless giant palms that covered the sky and the earth.

Peng Peng Peng!

A series of loud sounds exploded on the peak of the divine mountain like muffled Thunder.

Tang Hao kept swinging his palms to meet his attacks. At the same time, his body trembled slightly as he moved his feet backward.

"Hahaha! It felt great! It's great!"

Lei zhentian laughed out loud, "now, let's have a taste of the power of my Thunder clan's Mystic skill!"

As soon as he finished speaking, the lightning mark between his brows suddenly lit up and emitted a bright glow. Then, there was a rumbling sound in the sky.

Rolling lightning appeared and struck down.

Lei zhentian rose into the air and surrounded himself with thousands of lightning bolts. His divine might was awe-inspiring, as if he was an ancient God that controlled lightning.

“I almost forgot. This Lei zhentian is also a genius of the Thunder clan. The Thunder clan is an ancient alien race that is born with the ability to control lightning. I don’t think he needs to use his God’s eye to win.”

Everyone raised their eyes and looked at this scene in shock.

In the sky, lightning was rolling and surging towards the fighting ring. At the same time, there were more than a dozen different types of lightning in different colors surging out from Lei zhentian’s body.

The lightning gathered together and turned into a Thunder God that was thousands of feet tall. It stood behind Lei zhentian.

He looked down at Tang Hao from above and slammed his palm down.

The Thunder God let out a deafening roar, raised his giant palm, and slapped down.

This giant palm was formed by five-colored lightning and exuded a terrifying power.

Tang Hao’s pupils contracted, and his expression changed.

This attack was quite powerful.

He didn’t dare to be careless. His body shook and he used all his power to activate his Dao origin. The four great Dao fruits appeared. Around him, flames gushed out and turned into a fire Dragon.

He picked up the Tribulation artifact-level ancient sword again, stomped his feet, and soared into the sky, slashing down with the sword.
