

The Mightiest Little Peasant Chapter 1769

“The heavenly grandmother pond is a deity’s pond! It’s filled with immortal energy and there are many ancient immortal fish growing inside!”

“These immortal fish are rare. Their flesh and blood are Supreme spiritual essence. Two or three immortal fish are equivalent to a divine medicine!”

Everyone was excited when they talked about the heavenly laochi.

They had long heard of the heavenly Granny Pond.

The heavenly Granny Pond was a place where mighty figures from the ancient times reared fish. The fish were not ordinary, but immortal fish from the ancient times. The divine mountain was filled with immortal Qi, and over time, these immortal fish had absorbed a large amount of immortal Qi. Their flesh and blood contained astonishing spiritual essence.

Moreover, there were many kinds of immortal fish with many wonderful uses. Some could increase qi and blood, strengthen the body, some could strengthen the primordial spirit, and some could even bring the dead back to life and grow flesh from bones. It was extremely magical.

Now that he was at tianlao mountain, he definitely had to go to the tianlao pond. As long as he could get a celestial fish, he would have made a profit.

However, it was said that these immortal fish were very difficult to catch. They couldn’t go into the water and could only be caught, but they couldn’t catch many. Every time the divine mountain descended, they could only catch a few dozen immortal fish at most.

One must know that there were nearly 100000 people who came to tianlao mountain every time, and only 100000 people would be able to catch dozens of immortal fish. This was enough to show how difficult it was to catch these immortal fish.

“I’m telling you guys, this time, I’m fully prepared. I’m going to show off my skills at the heavenly grandmother pool and catch eight to ten fish. Then I’ll be rich.”

In the crowd, someone patted his chest and said. As he spoke, he raised his hand and a Golden Fishing Rod appeared in his palm. The dazzling golden light on the rod was dazzling.

“Waa! It’s so eye-piercing!”

Everyone covered their eyes and exclaimed.

“Hahaha! It’s not an exaggeration to call it the best fishing rod in the world. According to the records of the Luo clan, this fishing rod has already caught 152 celestial fish in the heavenly Granny Pond. ”

The Holy Son of the Luo clan raised the divine rod and showed off.

The crowd exclaimed in surprise.

The Luo clan was indeed good at fishing. It was said that many old monsters in the Luo clan liked this.

“Tsk! What world’s best rod? stop bragging! Is your Luo clan shameless? how can your broken rod compare to the divine rod of my Baili clan? you only have 152 rods, but my Baili clan has more than 160.”

Soon, someone in the crowd sneered. It was the Saint son of the Baili clan.

In his hand, he also held a fishing rod. It glowed with silver light and was engraved with countless runes. There were also illusionary stars rotating around the rod. It was a beautiful sight.

“F * ck!”

In the crowd, Tang Hao was a little confused.

The previous one was golden and dazzling, but this one was like a dream, beautiful beyond words.

“Is this still a F * cking fishing rod?”

Tang Hao was shocked.

He had never seen such a gorgeous fishing rod!

He had also fished a few times and was quite good at it. However, it was a long time ago, on the first continent of the Qi Yuan planet.

Before entering, he had heard about the situation at the heavenly granny pool, so he had forged one himself. After all, he had forged it in a hurry and had not passed the Tribulation. It was only a Dao weapon, far from the level of a tribulation weapon.

At first, he thought that it was just a fishing rod, and it was fine as long as it could be used. But he didn’t expect that the fishing rods that these guys took out were more and more abnormal.

In front of these people’s fishing rods, his rod was clearly a piece of junk.

“Our Zhong clan is not weak either. Look, the shaft is made of mountain sea bamboo, and the thread is made of the tendon of a thousand-year-old black flood Dragon. It took our ancestors a lot of effort to make this fishing rod.”

Not to be outdone, the Zhong clan’s Saint child jumped out and took out his fishing rod to show off to the crowd.

“Mountain sea bamboo! That’s one of the three great wondrous bamboos, and it’s hard to find in the entire world. This is a huge investment.”

Everyone was envious.

“Tsk! The mountain sea bamboo is nothing. The Shen clan also has the three great wondrous bamboos! The fishing rod of the Shen family is made of a section of longevity bamboo, and the thread is the tendon of a flood Dragon!”

The Shen clan was not convinced. The Holy Son jumped out and grabbed a fishing rod that was as bright as Jade.

“Waa!”

Everyone was amazed. They all looked at the Holy Son of the Shen family with envy.

And among these gazes, there was a particular fire.

“Mountain sea bamboo! The longevity bamboo! Good Lord, the two great wondrous bamboos are here!” Tang Hao gulped. He stared at the two fishing rods, his eyes red.

He already had one of the three great bamboos. As long as he could get his hands on these two bamboos and use the celestial water to grow them, he would have all of them.

“My grandson’s family isn’t bad either ...”

Then, the Holy Sons jumped out one by one with fishing rods in their hands. They were all shining with divine light. They were either gorgeous or domineering. Tang Hao was dazzled.

They compared themselves to each other and fought with joy.

As they fought, they rushed forward, and after a while, a huge pool appeared in front of them. The surface of the pool was covered with mist, hazy and illusory.

“What dense immortal Qi!”

Everyone looked around and exclaimed in shock.

The immortal Qi in the heavenly grandmother pool was obviously much higher than in other places.

After the group of people rushed to the edge of the pool, they began to find a place to sit down. They took out fishing rods and bait and began to fish.

“This time, I’ll definitely catch one!”

“Bah! One fish is nothing, I’m going to catch eight or ten!”

Before fishing, they all patted their chests and boasted.

“Move! Move aside!”

Tang Hao squeezed his way through the crowd and finally found a seat. There were simply too many people. There were more than a hundred thousand people this time. Even if one-third of them were here, there were still more than thirty thousand people.

Although the pond was huge, it could not accommodate more than 30000 people fishing at the same time.

After he took his seat, Tang Hao took out his fishing rod and placed it in front of him.

Someone on the side glanced over and was immediately stunned. His eyes widened and he looked at the fishing rod in disbelief.

“What ... What is this?”

“A fishing rod!” Tang Hao said.

“This ... This is a F * cking fishing rod?” That person was speechless.

How could there be such a broken, lousy fishing rod?

Logically speaking, most of the people who came here were geniuses of the clan, so they would naturally have high-quality fishing rods provided by the clan. Even if they were not from the clan, they would not be so shabby and hold such a broken fishing rod.

“F * ck! What a lousy fishing rod!”

“Who is this? Which family? It’d be strange if this lousy fishing rod could catch a fish!”

Hearing the noise, the people around turned around. They were a little speechless at first, but then they laughed mockingly.

It was difficult for them to catch one with such a good fishing rod, so it would be a wonder if they could catch such a piece of junk!

Tang Hao was calm when he heard the sneers around him. He looked around and smiled, putting on the look of a master. “You guys! Too naive! Do you look at the fishing rod when fishing?”

“Wrong! It was all about skill! Today, I’ll show you the power of a little Fishing Master!”

When everyone heard this, they were all stunned.

After being stunned for a moment, there was an even louder burst of laughter.

“Hahaha! This guy is really boastful!”

“Aiyo! I’m dying of laughter, you’re still a little fishing expert!”

They were convulsing with laughter.
