

The Mightiest Little Peasant Chapter 2432

Tang Hao snorted as he watched the great void sect master and the others leave.

When he was still at the seventh tribulation, the six great paragons could not kill him. Now that he had advanced to the eighth tribulation, why would he be afraid of them?

Although he had just advanced, he had a wisp of Black Yellow ancient Qi and the mystery of the chaotic immortal body. His physical body was strong enough to fight against an old venerable sovereign.

He retracted his gaze and continued to investigate the divine mountain with the Vermillion Bird path master and the others.

There were many ancient formations and restrictions left on the divine mountain. Some of them were very powerful and were the protective formations of the Rulai divine sect. Even an eight tribulation venerable Emperor would have to spend some effort to break them. Therefore, they had not finished exploring the divine mountain even after so long.

“Alms bowl again!”

Tang Hao retrieved a golden alms bowl from the ruins of a temple.

This was a seven tribulation Buddhist treasure!

“It’s still in good condition!”

After examining it for a while, Tang Hao reached out his hand and put the alms bowl away. It was a seven tribulation treasure, after all, so he could not waste it.

“Eh? What’s that?”

After exploring for a while more, a golden divine light suddenly shot into the sky not far above his head, attracting his attention.

Upon closer inspection, it was a huge golden seal with a golden body of Tathagata carved on it, giving off ten thousand rays of Buddhist light.

“It’s the golden seal of Buddha!”

In an instant, everyone exclaimed in shock.

All the venerable sovereigns present had noticed the golden seal that had appeared.

“It’s the golden seal of Buddha!” Next to Tang Hao, the spirit treasure path master looked over and nodded. Then, he furrowed his brows and looked regretful. “What a pity. One of the corners is broken!”

As he spoke, he raised his hand and pointed at a corner of the golden seal.

Tang Hao followed the trail and saw an opening.

“What a pity!” He also sighed.

The Tathagata golden seal was the most powerful nine tribulations Buddhist treasure, and its power should be similar to the No beginning Bell in Yu Shiyuan’s hand. It was the most powerful weapon among the nine tribulations weapons, but its power was greatly reduced after one of its corners was broken.

If it had been an eight tribulation weapon, it could be repaired once it was damaged. However, this was a nine tribulation weapon and it could not be repaired at all. That was why the Lord of numinous treasure path sighed.

“Even if it’s broken, it’s still the golden seal of Buddha!”

A venerable sovereign shouted and made a move. He rushed directly toward the golden seal and reached out his hand to grab it.

“Hmph! This is an item of the Buddhist sect, don’t even think about touching it!”

Along with a furious roar, the pagoda descended from the sky and a giant Golden Buddha rushed out. He waved his giant palm and slapped toward the venerable sovereign.

Bang Bang Bang!

For a time, the sound of an explosion shook the sky.

The aftershock of the battle between the eight-tribulation venerable emperors distorted the void in all directions.

Tang Hao stood with his hands behind his back and watched the battle quietly.

If the golden seal was in good condition, it would be worth a try. However, since it was damaged, it was not worth fighting with these venerable sovereigns for such a treasure.

After all, he had just advanced, his cultivation level was still low, among these venerable sovereigns, many of them had some fortuitous encounters in the black and yellow tower and had already opened their second immortal aperture, their cultivation levels were much higher than his.

There was also the Mahesvara Buddha, who was even stronger.

Tang Hao could see that Mahesvara Buddha’s strength had increased a lot compared to the time in the black and yellow tower.

“This dipamkara temple ... Has quite a lot of incense offerings!” Tang Hao mumbled.

Numinous treasure Dao master and the others didn’t attack either. They were just watching.

About ten minutes later, the battle stopped. The venerable sovereigns withdrew from the fight one after another. In the end, it was Mahesvara Buddha who successfully won the golden seal.

“At least the cultivation of three apertures! You’re much stronger than last time!”

Numinous treasure Dao master’s expression was grave.

The more powerful the Mahesvara Buddha was, the worse it would be for the 33 heavens.

“How can you Celestials taint the sacred item of my Buddhist sect!”

The Mahesvara Buddha kept the golden seal and looked around coldly.

Then, he shrunk his body and turned into a golden light. He went back into the small Pagoda and rushed up the divine mountain.

“Let’s continue exploring! Since the golden seal is here, it’s very likely that the Kasaya and the Buddhist scriptures are also here!” Numinous treasure Dao master said.

“Alright!” “Okay!” Tang Hao nodded.

Compared to the golden seal, he was more concerned about the Kasaya. After all, it was an immortal artifact. Even if it was broken, the golden seal couldn’t compare to it.

This search lasted for more than an hour. Many treasures appeared in all directions, but there was still no sign of the Kasaya or the Buddhist scriptures.

“I’ve already turned it inside out. There’s nothing left. The Kasaya and the Buddhist scriptures are not here!”

“That shrine ... Is probably not there either!”

The venerable sovereigns were a little disappointed.

In the end, there was only a damaged golden seal on the mountain, which was snatched away by the Mahesvara Buddha. It was a wasted trip.

“Could it really not be here?”

Tang Hao examined the divine mountain again and shook his head in disappointment.

Every corner of this divine mountain had been turned over. If there was any secret treasure vault, he would have found it long ago.

“There should really be no more!”

The Vermillion Bird path master and the others searched the area once more and shook their heads in the same manner.

Many venerable sovereigns headed for the exit. They had searched the place but found nothing, which meant that there was really nothing here.

“Haotian, shall we go too?”

The Vermillion Bird path master turned around and asked Tang Hao, “we’re in the crack in the void. It’s a good place to stay!”

Tang Hao hesitated. It was not a good idea to stay in this place for long. After all, Mahesvara had a grudge against him. It would be bad if Mahesvara attacked him. However, he was not willing to leave now. If there was something more to the mountain, it would be a pity if he left.

“Right, that guy!”

Suddenly, Tang Hao’s mind flickered. He looked up and saw that the small Pagoda was still lingering on the peak of the divine mountain. It did not seem to have any intention of leaving.

“No rush! I think there’s something more to this mountain!”

Tang Hao narrowed his eyes and stared at the small Pagoda for a long time. Then, he suddenly grinned.

Among all the people here, the one who knew the most about the Tathagata divine mountain was none other than the ancient guardian Buddha. He had probably come to this divine mountain several times and knew some secrets that the people of the immortal sects didn’t.

Since he didn’t leave, it meant that there was still a mystery to this place!

Moreover, Tang Hao could tell that the small Pagoda was staring at the huge Buddha statue on the mountain peak.

“Could it be that there’s a mystery to this Buddha statue?”

Tang Hao thought to himself.

At once, he sent out a divine sense and swept toward the Buddha statue, starting to investigate.
