

The Mightiest Little Peasant Chapter 2734

“He’s right here, you can save him yourself!”

Tang Hao stood with his hands behind his back and said indifferently.

The divine furnace was hanging beside him. The fire inside was blazing, and a scream came out.

“Hmph! I’ll kill you first. Killing a human kid like you is even easier than killing chickens and dogs!”

The burly Hierarch of the Wu family shouted coldly and raised his hand. A purple lightning Spear appeared.

He grabbed the divine spear, activated it with all his might, and threw it out.

Whoosh!

The divine spear turned into a bolt of purple lightning, tearing through the void.

The Hierarch of the Wu family sneered.

This spear attack was his full-power attack. Killing this Dao glimpse realm brat was completely effortless.

He was waiting for this kid to die so that he could retrieve the cauldron and save his genius.

Purple lightning shot through the air and arrived in the blink of an eye.

Tang Hao stood there as the purple lightning struck him. He did not move an inch. He did not even lift his eyelids.

When he was right in front of her, he raised his hand and grabbed her.

The Hierarch of the Wu family was stunned and couldn’t believe his eyes.

Had this human brat gone mad?

How could he dare to use his hand to catch a true God weapon?

In the next moment, he was stunned again. His body shook violently, and his eyes widened so much that they almost popped out of their sockets. His face was twisted from extreme shock.

That kid ... Actually took it!

He had received an attack from his true God weapon with his bare hands!

Was he hallucinating?

Otherwise, how could there be such an absurd scene!

The group of nine-colored Hierarch in the distance was also so shocked that their faces were twisted.

Their eyes were as big as copper bells, and their expressions were dull.

“This gun is not bad!”

Tang Hao took the spear and examined it. He nodded.

He reached out his hand, and the divine spear had already changed owners.

Then, he grabbed the godly spear and thrust it at the Hierarch of the Wu family.

Whoosh!

Pfft!

Two light sounds were heard almost at the same time. Before the Supreme divinity of the Wu family could react, the divine spear had already pierced through his chest.

It was too fast!

It was so fast that he couldn't react at all. The power contained in the spear was even more terrifying. In an instant, it pierced through his armor and then his body. The power contained in the spear spread out, tearing his flesh and blood apart inch by inch.

Pfft!

The Hierarch of the Wu family spat out a mouthful of blood, his face turning pale.

How did this happen?

At this moment, he was extremely terrified.

Wasn't this guy some human race genius? He wasn't even 100 years old. However, how could a human race Supreme Being who wasn't even 100 years old possess such terrifying strength? Was there a mistake somewhere?

He raised his eyes and saw the white-robed figure walking toward him. His heart trembled and his fear reached its peak.

“Come! Come in! It's just nice to make a family bucket!”

The white-robed young man laughed.

The smile was bright, but in the eyes of the Hierarch of the Wu family, it was terrifying and creepy.

He began to tremble, his mind already extremely terrified.

He wanted to turn around and run back to his own camp, but it was too late. The divine furnace suddenly came over and swallowed him in an instant.

The battlefield once again fell into a dead silence.

The nine-colored Hierarch's expression was still dazed.

They still couldn't believe that the Hierarch on their side had been defeated again. A nine-star Hierarch who had been promoted for a thousand years couldn't even defeat a human child who was less than a hundred years old?

They could not accept this at all!

"What's up with this human brat?"

"He's clearly only at the Dao glimpse stage! I can see it clearly. It's impossible for him to be at the Dao integration stage!"

Then, an earth-shattering uproar broke out among them.

"This kid ..." The Messenger of God narrowed his eyes and carefully sized him up again and again, but the result was the same.

"Could it be ... That this brat is really some kind of peerless monster? he's so monstrous that he became a Supreme martial artist before he was even 100 years old, and he wasn't nurtured by the human race's resources?"

Suddenly, he thought of a possibility.

His body trembled, and when he looked at the white-robed figure in the distance again, he was extremely shocked.

Even though this might be hard to believe, it was the only explanation.

This brat was truly a peerless, one-in-a-million monster!

Even in the ancient human race, there were only a few of such people. Now that the human race of Pangu world had declined, how could there be such a person? Could it be that the fate of Pangu world was not over yet?

He took a deep breath, and his expression became extremely gloomy.

"Hahaha! The nine-colored bastard was dumbfounded! You didn't pick the prologue, but you chose the most powerful one on our side. Now you know how powerful it is!"

"Ruler vast heaven is mighty!"

The nine-colored tribe was silent and gloomy, while the human tribe was in a jubilant mood.

Everyone cheered and burst out laughing.

The Five Emperors 'prologue had clearly appeared, but that nine-colored clan idiot just didn't want it and insisted on picking ruler vast heaven. Wasn't he courting death?

"Al! How pitiful! How pitiful!"

On the city wall, Liu heihu raised his head and sighed. He was starting to pity the two nine-Colored People. Of all people, they had to pick that pervert. They were just tired of living!

Even someone as invincible as him did not dare to provoke that freak.

"I also didn't expect that he could reach such a realm today ..."

Winged rain-Dragon said to the ancient Almightyies beside him in a deep voice.

His tone was filled with emotion and pride.

"This guy ..."

In front of the God Spirit Mountain, the end realm gods all sighed.

When this man had attacked the divine Spirit Mountain in a rage, they had never thought that he would have such strength and status a few years later.

"The ancestor of alchemy, the youngest Paragon to live up to a hundred years old, the Lord of the seventh Dao Plaza, the first sovereign of the human race ... He's worthy of these Supreme titles!" On the Sorcerer tribe's continent, there were many exclamations of admiration.

"This human kid is really abnormal!"

On the side of the untainted clan, the ape ancestor shook his head and sighed with envy.

"A hegemon? Is there such a title in the Pangu clan?"

"What? There's still a seventh Dao Palace? Did he rule an entire training hall?"

In the nine-colored camp, all the Hierarch listened attentively and were shocked.

This information was too shocking!

They were so shocked that they couldn't believe it!

Not only had this human boy become a Supreme Being before he was a hundred years old, but he had also opened a Daoist Rite temple in Pangu world and become the first ruler of the human race. What a heaven-defying achievement!

How freakish must he be to achieve such an achievement?

This guy was no longer a young genius in Pangu world. He was a leader, and his status and reputation were no less than Supreme Xuan Hong, who was in charge of the human tribe holy temple!

When they looked at the figure again, they were all extremely shocked.

This guy was a talented demon and his status was so high that he had far surpassed the ancient no beginning.

This was a true heaven-defying existence!
