

## The Mightiest Little Peasant Chapter 2941

"I am the first hall Master of the heaven desolate Hall, Daoist Tiangang. Greetings, fellow Daoist!"

The old man flew out of the ship and cupped his hands.

"What's the matter?"

Tang Hao said.

"Nothing much. I'm just here to pay a visit to my fellow cultivator. I'm fortunate enough to witness your divine power in Xuanyuan Galaxy. I really admire you for defeating the Xuanyuan clan by yourself. It's an unprecedented and magnificent feat!"

"Fellow Daoist's divine power is truly earth-shattering ..."

The old man's face was full of smiles as he tried his best to flatter.

"Just tell me what your purpose is!" Tang Hao waved his hand.

Daoist Tiangang immediately laughed and said, "Fellow Daoist, you should know that there is some friction between the heaven desolate Hall and the Xuanyuan clan!"

"I've heard of it!"

Tang Hao nodded.

This celestial realm was named after Tianhuang and should have been the most powerful force in this celestial realm, just like the Daluo heavenly Palace and the sky reaching school. However, in fact, the reputation of the Tianhuang Palace was not even as good as that of the Xuanyuan clan.

"The enmity between our two families has been going on for a long time. Now that we have seen them being defeated, our heaven desolate Hall is naturally happy. We are also very grateful to you, fellow Daoist. Therefore, I would like to invite you to join our heaven desolate Hall and become our guest elder."

Daoist Tiangang said with a smile.

"Fellow Daoist, don't be in such a hurry to reject me. There are many benefits to joining my heaven desolate Hall. My heaven desolate Hall is the inheritance of the immortal Emperor and is extremely prominent in the upper realm. Once you join, you will be able to enjoy the protection of my heaven desolate Hall in the upper realm after you ascend."

"Also, the heavenly desolate Hall has a deep foundation and many celestial treasures. If you have any needs, we can satisfy them!"

Tang Hao raised an eyebrow when he heard that.

Indeed, the status of the heaven desolate Hall was quite extraordinary. After all, with the name of the inheritance of the heaven desolate immortal Emperor, there would be many benefits after joining.

He still did not know what was going on in the upper realm. If he could find such a backer, it would not be a bad choice.

“Alright!”

After a moment of silence, he nodded.

“Hahaha! That’s great!”

Daoist Tiangang was overjoyed.

He was so excited that he was about to dance with joy. When he released this news, the Xuanyuan clan would be furious!

Let’s see how the Xuanyuan clan can still act arrogantly in front of the heaven desolate Palace in the future!

“Fellow Daoist, come, come. This is the elder’s token of my heaven desolate Hall. You have to hold it well. Let’s take a picture together!”

The old man handed Tang Hao a token, then a crystal ball. He took a picture with Tang Hao.

“Fellow Daoist, take care! When you have time, remember to visit the heavenly desolate Hall. Whenever you want to ascend, you can come and find me.” The old man waved his hand enthusiastically and turned to leave without asking any more questions.

“This old man is interesting!”

Tang Hao chuckled as he watched him leave.

So this guy was just trying to anger Xuanyuan.

He looked at the token in his hand and put it away solemnly.

Perhaps, this thing would come in handy in the future.

Then, he urged the star Shuttle to continue forward.

It took him ten days to leave the Tianhuang celestial realm, and half a month to enter the Tongtian realm.

He strolled around the Tongtian domain. The spiritual void realm was developing very fast here, and some forces could already see the statues of saints. After a while, it was estimated that the news would spread throughout the entire Tongtian immortal domain.

At that time, he would be able to collect countless spiritual essences and the power of incense.

He returned along the path he came from, and along the way, he investigated the development of the spiritual void realm.

The situation in every celestial realm was different. Some had great resistance, so it was not good to develop. Some had little resistance, so it had already spread.

In five months, he had passed through five immortal domains.

“Still no news?”

In the Xuan Xiao immortal domain, which was three immortal domains away from big Luo, he had received news from big Luo through the spiritual void realm.

A year and a half had passed, but they still hadn't found the passage in the origin immortal domain.

Tang Hao was a little depressed.

Logically speaking, there should be a passage to the origin immortal domain.

“Maybe this passage is too well-hidden, or maybe the passage disappeared because of the changes in the void. That's possible!” He guessed.

However, although there was no news of the passageway, his clones had found out another piece of information.

“A terrifying mad dragon? Anything? And he's extremely powerful?”

Tang Hao's expression turned strange when he heard the news.

This description ... Why does it look so much like that Black Dragon with cerebral palsy!

Could it be that the Black Dragon had also come out?

“The Taiwei immortal domain ... Isn't that far away!”

He took out the star map and looked at it. The place where the Mad Dragons were wreaking havoc was the Taiwei immortal domain, which was three immortal domains away.

It was said that this mad dragon had appeared a long time ago and wreaked havoc for so long that no one could control it. That was why it had been spread from the Taiwei immortal domain.

“Let’s go and take a look. If it’s really that Black Dragon with brain damage, we might be able to find the way back!”

Tang Hao immediately changed his direction and headed toward the Taiwei immortal domain.

Three months later, he arrived at the Taiwei immortal domain.

“What did that mad dragon look like? Black! A brutal black Dragon was too terrifying! I don’t know how many people have been eaten by that Black Dragon, and many of them are nine tribulations Saint ancestors!”

“You’re not from this celestial realm, right? Was he also here to slay a Dragon? I advise you not to go. Go back to where you came from! That Dragon isn’t easy to kill, going there is only death!”

He found a ninth-rank planet and went in to ask about the Mad dragon. Those people all had frightened faces.

“That’s an ancient demonic Dragon. Its strength is extremely terrifying. In the past, there were bold people who went there every day in the hopes of slaying the dragon. But in the end, they never returned.”

“You’re really going! Don’t blame us for not warning you!”

They looked at Tang Hao as if he was an idiot when they saw that he was insistent on going.

Another hothead, what a fool!

“Spirit ring planet!”

Tang Hao took out the star map and looked at it after they left the planet.

He could basically confirm that it was the Black Dragon with a cerebral palsy, and it had appeared more than two years ago. It was estimated that the Black Dragon had come out of the Pangu world not long after the end of the Great War and had been wreaking havoc in the Taiwei immortal domain.

Over the past two years, the Black Dragon had harmed many planets. Now, it was entrenched on the spirit ring planet, the best ninth-grade planet in the immortal realm.

As for this star, everyone had run away, and it had become a useless star.

Traveling at full speed, he was close to the spirit ring planet after five days.

“What?”

From afar, he could see that there were many large starships parked near the spirit ring planet. Counting them, there were twelve of them.

“It seems that they are the twelve giants of the Taiwei immortal domain!”

The strength of the origin immortal realm was actually not very strong. He had been to so many Immortal Realms, and many of them were much stronger than the origin immortal realm. There were only nine major powers in the origin immortal realm, but there were twelve here.

“Let’s go and take a look!”

After watching for a moment, he put away the star Shuttle and flew over there alone.
