

God, the Real Miss Hated Everyone Equally

Chapter 6

Chapter 6

[Who can tell me what is going on?]

[The director and the others, are they really poisoned?]

I was stunned. Pearl is actually so arrogant in private. She even formed a gang to bully Brielle. The director tear just left for less than ten minutes. She didn't even pretend. I didn't expect her to be such a person!]

[The others are not surprised at all. Does everyone in the circle know what her nature is?]

[Quinn, Jaxson and Austin, what happened to you? Pearl gave you some benefits and you formed a team with her to bully Brielle. For this benefit, you don't even consider people?]

[I am really worried about Brielle!]

[Brielle deserves it. She deserves it. Have you forgotten what Brielle did in the past?]

[That's right. Pearl used to be bullied by Brielle. Not long ago, Brielle had been bullying Pearl. Even if Pearl joined forces. with everyone to bully Brielle, she was just giving her a taste of her own medicine. Brielle deserves it, and she is not worth sympathy!]

Just as everyone in the live broadcast room was discussing intensely, the live broadcast mode suddenly changed to a straight line mode.

Then, a small connected window appeared in the live broadcast world.

The figure of the director appeared in the small window.

Behind the director stood a few familiar figures.

"

[Damn, isn't this director? Didn't the director die from poisoning? How is he still alive? Is he a zombie?]

[Those people behind the director are so familiar... I remember now. They are staff members who were poisoned with the director. Are they okay too?]

[What exactly is going on? Director, say something!]

Amidst the discussions on the screen, the director finally spoke. He smiled and said, "Hello, friends. Everything is fine with me and the staff who ate the wild fruit. We were not poisoned, nor did we die. I'm sorry to have make you guys worry."

[Don't talk nonsense. Hurry up and explain what is going on.]

Yes, yes, quickly explain. Why did you pretend to be poisoned and leave the filming site? Why is the live broadcast still ongoing? I

The director looked at the bullet screen and smiled. "This is our new mode of shooting. We will use the hidden camera to secretly shoot and show everyone the most real side of the artist, so that everyone can see the unknown side of the artist."

"We ate wild fruit poisoning and deliberately acted for the artists to see. Let them believe that we left because something happened. We will lower their doubts so that they can show their true self without any worries!"

1666, the director really knows how to play!]

[Other than being awesome, I can't think of a second word. I

[Who would have thought that just at the beginning, the guests would reveal their true colors...]

[Apart from Brielle being arrogant from the beginning to the end, nothing has changed at all. Everyone else's character has completely collapsed, shocking my entire family!]

[I have to say, although this mode is immoral, I like to see it.]

[But this program can only be filmed once, right?]

[Although it is immoral, it is very interesting!]

The director smiled. "Hey, how can you say that I am immoral? I have reminded them that during the filming process, there. may be hidden filming and that they can pay attention to their image at any time. I also wrote this in the contract. Look, I am writing here."

The director took out a contract and pointed at one of them for the audience to see.

[Great. The director is quite well-prepared. He didn't want the guests to sue him afterwards.]

[This kind of secret camera model has never been used by the entertainment industry. The guests also didn't expect that there would be a hidden camera, so their nature is exposed.]

[It is because the directors are too good at acting. I was scared by the scene of being poisoned and vomiting blood. I thought they really died. I am still a medical examiner and I didn't see any flaws.]

[Hahahaha, good, good, good. This is much more interesting than regular shooting!]

The director said, "Alright, everyone, please continue to watch! Everyone can also buy the recommended products in the live broadcast room..."

After the advertisement was over, the director cut off the connection and the live broadcast room resumed its original image.

At the scene, no one knew that there was a hidden camera.

At this time, under the instigation of Pearl, Quinn, Jaxson, and Austin had already surrounded Brielle, preparing to snatch, the half-eaten rabbit in her hand and her backpack.

Brielle's face was calm, and she looked up coldly at the three people.

"I don't have any enmity with you. If you stop now, I won't hurt you."

Austin said, "If you take the initiative to hand over the backpack and the roasted meat, we won't hurt you."

Jaxson: "Don't be so selfish. Everyone has nothing to eat. You are the only one eating alone. How can you be like this?"

Quinn: "Be more self-aware."

Brielle sneered: "It seems that you and Pearl are the same kind of scum, hypocritical, selfish, immoral, and inhumane scum."

Her words scolded all five of them.

Their expressions immediately changed.

Pearl said angrily, "Since she refused your kind reminder, then we can only use the hard method to rob these things. And then give her a lesson!"

"You want to hit me? How?" Brielle looked up at Pearl.

She suddenly stood up. In the blink of an eye, she was in front of Pearl.

"Pat"

A fierce slap landed on Pearl's face.

"Like this?" Brielle asked with a fake smile.

Chapter 6

Then, she quickly kicked Jordan again. "Or this?"

Then, she turned around and punched Jaxson in the eye. His eyes instantly turned into panda eyes.

"Or maybe like this?"

Then, she punched Austin in the chest again, sending him flying two meters away.

Then, she kicked Quinn in the back of her hind leg, and Quinn fell to her knees with a thud.

"Which way do you want to use to me?" Brielle asked with an insincere smile.

Everyone was stunned.

Pearl was the first to recover.

"Ah Brielle, how dare you hit me! I will kill you!"

Pearl screamed and rushed to Brielle.

Brielle dodged to the side.

With a "plop sound, Pearl fell to the ground, gnawed on a mouthful of mud, and half of her teeth were knocked off.

She was so angry that she cried out. She angrily complained to Jordan, "Third Brother, look at Brielle. She only knows how to bully me. You have to avenge for me!"

"Brielle, how did you become like this? Why do you always target Pearl?" Jordan's face was livid.

Brielle tilted her head and asked in confusion, "I only acted according to your requests. How did it become a deliberate act against her?"

Jordan said, "Although you signed the contract and wanted to bully Pearl to highlight her on the program, you are not filming now. You can't bully Pearl! Moreover, you have to have a degree of tolerance for bullying. You kicked Pearl the moment you saw her and even smashed the internal organs on her. These are all too much!"

Brielle shrugged. I'm sorry. In order to prevent you from finding loopholes, I have to do it according to the contract before the director sends out the signal to the end of the filming. I don't want you to say that I'm paddling and that I want to cheat."

Jordan was speechless by Brielle.

Brielle was too lazy to pay attention to them. She turned back and sat down beside the fire. She said lazily to them, "You guys are no match for me. If you don't want to continue being beaten, then get lost."

Jordan gritted his teeth and helped Pearl up before turning around to leave..

"Third Brother, are we leaving just like that? She hit me and caused me to lose half a tooth. I can't accept this!" Pearl's face was filled with resentment.

Jordan said, "What else can we do if we don't leave? We can't beat her!"

Pearl gritted her teeth.

Jordan is too useless. He can't even beat a woman!

The other three people were also very angry, but they did not dare to provoke Brielle. They could only follow behind Jordan and Pearl.

[Damn, is Brielle so good at fighting? She can actually fight lv5? This combat power is amazing!]

[What is this? Other than Pearl, no one else has made a move. Everyone is giving way to her. Don't create a character for her!]

[Brielle's attack speed and posture are obviously trained. Even if they all attack together, they might not be able to beat Brielle.]

What did Jordan mean by that? What is the contract? Why does it sound like they asked Brielle to sign the contract and they deliberately let Brielle bully Pearl during the filming of the program and increased the topic for Pearl?]

[I think so 100... I didn't expect that there would be such an operation. The entertainment industry has made me experience!

1

[How could Brielle sign such a contract? If not for the director arranging a sneak shot this time, she would have bullied Pearl on the program. After this program, her career would be completely ruined. Doesn't she care?]

[She might not have signed it voluntarily. Have you forgotten who the boss of her management company is? That is Pearl's big brother. It is not surprising that he forced Brielle to sign the contract to set Pearl off.]

[That's also Brielle's big brother...]

[From Jordan's attitude towards Brielle, it can be seen that Galley family doesn't like Brielle at all!]

[Brielle is so miserable...]

[Pearl really makes me sick. She dragged a group of people to isolate Brielle and even wanted to steal her things. Why is she so shameless? She was really good at pretending before!]

[I hope Brielle can teach Pearl a lesson. I really dislike this kind of hypocritical angelic bitch!]

Brielle sat beside the fire and finished the other half of the rabbit.

The sky was completely dark.

She took out the tent and set up the tent next to the fire.

It was easy to set up a folded tent. She just needed to hold the pole and fix it.

Then she took out the inflatable bed and stuffed it into the tent.

After tidying up the tent, Brielle took out some toiletries from her bag and threw the bag into the tent. Then, she took the flashlight and walked to the river.

Brielle took off her jacket and pants.

She was wearing sports clothes and sports shorts. Even if she wore them outside, it would not be a problem.

The director originally wanted to cut off the camera on Brielle's side and zoom in on Pearl and the others.

However, after seeing that Brielle was wearing a sports vest and sports shorts, he did not immediately cut off the screen.

If Brielle still had the tendency to continue taking off, he would cut it off again.

The guests needed to go to the toilet. If they did not find a place to hide, they would also cut off the painting.

Brielle did not continue to take off.

She sat on the shore and wet the towel to wipe the sweat off her body.

In this

open

wilderness, even if there was no one around, she would not go into the water naked.

It was mainly because that there wasn't a place to hide; so she had no a sense of security.

Chapte

In the live broadcast room, the audience watched Brielle wash up by the river and was completely boiling. The popularity of the live broadcast room reached a new peak.

[Shit! What did I see? What is that white? I am going to have a nosebleed!]

[Damn, Brielle's figure is actually so good? This is what it means to wear clothes and look thin. She usually wears so conservatively and her clothes are loose. I can't tell that her figure is so good!]

[What Brielle? She is Sister E!]

[Sister E! You are my god!]

[From today onwards, I am Sister E's flesh fan... Ah no, I am a loyal fan!]

[This is definitely the best physical body for Inner Entertainment, right? The skin is white, tender, and firm, and there are abdominal muscles. The muscles on the body are beautiful and not too exaggerated. It is very healthy and beautiful. I love Sister E's figure too much!]

[Be bold. Not only the entertainment industry, there is no one in the entire Asian entertainment industry who has such a good figure. It is healthy and hot. This is what a female star should be like. It is to guide the correct figure of the fans!]

[That's right. It is much better than those stars who are thin like hemp poles and have loose bodies!]

[In the world's entertainment industry, this figure is also quite good!]

[Fuck, everyone look at the small screen. Sister E's home was stolen!]

[Sister E, stop washing. Your tent and backpack have been stolen. Go back and catch the thief!]]

[Pearl and the others are too much. They actually took advantage of Sister E to wash up by the river and stole all her things. They are simply inhuman!]

[What about morals? What about the quality? Really disgusting!]

The audience in the live broadcast room was stunned by Brielle's figure. Their eyes were shining at her figure, and many passers-by instantly became her fans.

They were fiercely discussing Brielle's figure.

They also gave her a name that was quite fitting for her own conditions, Sister E.

As they were discussing, someone suddenly discovered that in another picture of the small window, Pearl and the others. secretly stole her tent and backpack while Brielle was away.

The fans in the live broadcast room instantly became anxious and frantically sent a barrage of messages to remind Brielle.

Unfortunately, Brielle was completely unaware of it.

[Pearl and the others are too much. How can they steal Brielle's things?]

[When Director asked them to prepare to salute, they only wanted to dress themselves up beautifully. They only took some clothes and cosmetics, and they didn't bring any practical things. Now that they have nothing to use, they went to steal Brielle's things. Are they still human?]

[They are really shameless!]

[Damn, I am usully very refined and easy-going; but now I want to curse!]

The fans and audience were furious.

This matter also quickly rushed to the trending topic on the Twitter.

Tonight's Twitter search was all about this variety show.

It just was because the director's operation was too explosive.

Brielle was named Sister E.

How strong was Brielle's combat ability?

Sister E's home was stolen

As soon as this topic was on the trending search, another large number of people entered the live broadcast room.

The number of people in the live broadcast room had already exceeded 100 million!

Moreover, the number of people was still rising!

Many people followed the wind and called Brielle Sis E. At first, they were teasing her, but later, they were too lazy to type and used E instead of Brielle. No one had any intention of disrespecting her.

No matter male or female, old or young, everyone unconsciously called her Sis E. This was also a recognition of her strength.
