

Chapter 497 Full Of Confidence

Before Isaac could reply, Jaylen interjected, "But it's understandable. Someone died at the wedding venue. That's incredibly unlucky. It's only natural for you to cancel the wedding."

Jaylen didn't consider himself an outsider at all. He nonchalantly sat down on the sofa, crossing his legs.

"Have you seen the news? Many people are speculating that the person who died is your lover and that she jumped off the building because you were getting married. Tut, tut, isn't this an injustice to you?"

Isaac casually took a seat in his executive chair, exuding an air of laziness and indifference. "Are they accusing me wrongly, or are you accusing me?"

"I didn't say anything to accuse you. They said it," Jaylen replied, spreading his hands.

He acted innocent.

"You didn't say it directly, but you gave the order behind the scenes."

Isaac's posture remained relaxed. "My wedding had to be postponed. What have I truly lost? Camila is still my wife. The possessions I acquired are still mine."

Thinking about his own losses, Jaylen clenched his teeth in anger.

The muscles on his face quivered uncontrollably.

Due to Isaac's actions in the past, he not only lost talented individuals, but also had to terminate several business deals because of their departures.

And that wasn't even the worst part.

Two of them were his capable assistants.

And now they had betrayed him.

They even leaked confidential company information.

What Jaylen faced now was the impending bankruptcy of his company.

There was no room for smiles anymore.

Only hatred filled his eyes.

"Isaac, you were the one who set me up first!"

Isaac sneered. "The thief cries 'Stop thief!'"

"If I lose everything Isaac, I won't let you live a good life."

After saying that, Jaylen pulled out his phone and sent Isaac a short video via email!

"Take a good look."

Jaylen stood up and declared, "My intention was to instigate someone to commit suicide at your wedding so that the event couldn't proceed smoothly. Even if you go ahead with the wedding it will forever be shadowed. But I never expected that they would provide me with evidence. So I think I should make good use of it, shouldn't I?"

Isaac narrowed his eyes, observing Jaylen's self-assured expression.

He opened the email.

Then he clicked on the video.

The content began playing.

The scene of the altercation between Camila and Lilith unfolded in the video, with Aldrin soon making an appearance... Aldrin pulled Lilith away, pushed her once, and then pushed her again...

The video captured a clear record... Of how Aldrin pushed Lilith down!

Jaylen tightly held this crucial evidence in his hand.

The situation had become tricky.

Regardless of their relationship, once Jaylen released the video, it would be difficult to save Aldrin!

After all, the evidence was undeniable!

With a stern expression, Isaac called for Alick.

Soon, Alick arrived.

Isaac instructed Alick to watch the video.

"Didn't you assure me that you deleted all the surveillance videos that could implicate Camila?"

Isaac's tone carried a mix of anger!

His anger stemmed from the fact that Camila would be implicated if the video were to be released.

After all, there was a loss of life involved.

The news was spreading rapidly.

There were numerous speculations surrounding Lilith's death.

Everyone knew that Isaac was preparing for a wedding ceremony.

Many people were aware that Camila was the bride.

But Camila appeared at the scene of Lilith's death.

People would assume it was a love-related killing based on online rumors.

And it was Aldrin who was responsible for Lilith's death.

Aldrin happened to be Camila's younger brother.

This relationship further placed Camila at a disadvantage!

Without a doubt, Camila was being pushed into the spotlight of public opinion.

Alick was confident that he had deleted all the videos. However, upon seeing the complete video, it was evident that it had been saved before his deletion.

"Jaylen must have been monitoring it because he was the mastermind. It must have been saved promptly. I was too late."

Isaac calmed down at this point.
