

Chapter 503 Don't Show Mercy

Sensing something amiss, Camila quickly shot a look at Harland.

Harland seemed puzzled by her intense stare. "What's gotten into you? Why are you looking at me like that?"

Camila gestured towards Jaylen. "Is he related to you?"

Harland answered truthfully, "Yes, he's my cousin. His mother and mine are sisters."

"Is he sick?" Camila inquired further.

Harland confirmed, "Yes, that's what he told me. He was hoping you could visit him."

Camila bit her lip.

Fine!

This was her carelessness.

She didn't anticipate that Harland and Jaylen were related.

"Why are you so surprised?" Jaylen stood up and walked towards Camila step by step.

Camila backed away cautiously. In the next moment, she spun around, attempting to run away.

But her path was blocked at the door.

A group of intimidating burly men stood in her way!

Finding herself cornered, Camila swiftly turned to Jaylen. "What are you planning?"

"You're a doctor, and I'm a patient. Naturally, I want you to treat me."

Jaylen wore a satisfied grin.

Camila shook her head. "I can't treat your condition. You should see another doctor. And please let me go now. If Isaac finds out that you

caused trouble again, he won't let you off the hook."

Jaylen fixed his gaze on her.

Being stared at by Jaylen, Camila felt so uneasy. "Don't look at me like that!"

Ignoring her reaction, Jaylen turned around and nonchalantly sat back on the sofa.

He told Harland, "You can go back to your work. I don't need you here anymore."

Harland was puzzled. "So you know Camila? Then why did you ask me to help you see her?"

"Don't you see that she's very hostile towards me? There's some misunderstanding between us. She didn't want to see me, so I asked for your help. Thanks for your assistance this time."

Harland glanced at Camila and said, "If there's a misunderstanding you should talk it out. I'm leaving now."

"No..." Camila tried to stop him.

However, Harland interjected, "Could you possibly clear the air and resolve the misunderstanding? After all, we're all acquainted. Wouldn't it be nice to be friends?"

Camila shook her head. "I can't be friends with Jaylen. We are enemies..."

"Ah, so there are misunderstandings" Jaylen motioned Harland to leave. "You may leave now, Harland."

With that, Harland, offering no further words, turned and exited.

Camila called after him, "Harland!"

He still didn't turn around.

Jaylen smirked. "Stop shouting. It's useless. He won't believe you."

Camila glared at him. "What do you want to do now?"

"An eye for an eye, obviously. I'll do to Isaac what he has done to me. He cares about you, doesn't he?"

Camila regained her composure gradually. "So, what's your plan for me?"

"Make him suffer."

Jaylen's grin took a grim turn. "Do you know how he treated me?"

Camila retorted frostily, "No matter how he treated you, you brought it upon yourself. You were in the wrong first. I loathe you, let alone Isaac. The only difference is I lack the means to reprimand you. If I could, I'd punish you far more ruthlessly than Isaac!"

His anger caused blue veins to pop out on Jaylen's face, and he trembled with fury. He mocked and sneered. "You truly are a perfect couple. Both of you have the same character. Well, in that case, I won't show any mercy to you!"

After saying that, he waved his hand. "Come in."

Shortly, a man in a doctor's gown walked in.

He appeared to be a doctor.

Camila instinctively dodged and stared cautiously at the person who entered.

She was uncertain about Jaylen's intentions.

However, she was sure they were not good!

"Do you choose to lie on the bed voluntarily, or should I have the men at the entrance force you down?"

Jaylen's tone was chillingly calm and flat when he spoke.

In the past, he'd been kind towards Camila.

But this time, they were enemies!

Isaac had gone too far.

Now Jaylen was ready to risk everything.

If he couldn't lead a pleasant life, he'd make sure they shared his misery!

Before Camila could respond, Jaylen continued, "I know you're a resourceful doctor, and I've suffered a lot because of you. But this time, you won't escape."
