

TINY GENIUS ALERT! MOM & DAD BETTER MAKE PEACE

Chapter 17: That Scared Feeling

"As she spoke, Jian Liangtong shook her head at Jin Jumo, "Do you think it's a coincidence or did you just get lucky?"

"..." Jin Jumo's throat moved slightly, "New Talent Film and Television Entertainment Company is currently a leader in the entertainment industry, President Rong is a businessman, surely he invested because he saw the development potential of New Talent, right?"

"That's true, but with President Rong, the richest man, backing New Talent, the caliber has undoubtedly been elevated more than one level, don't you think so? In short, New Talent is lucky this time." Jian Liangtong said.

Jin Jumo lowered her eyelashes, picked up the water cup, took a sip, and said nothing.

Jian Liangtong glanced sideways at Jin Jumo, puzzled, "How can you be so calm? Aren't you excited? New Talent is your future potential big boss, what a good springboard for your career!"

Jin Jumo's eyebrows moved slightly, she looked up at Jian Liangtong, "As long as I do my job well, isn't that enough?"

"..." Jian Liangtong pouted, finding herself at a loss for words.

"What about you?" Jin Jumo lifted her chin and asked with a smirk.

Jian Liangtong's expression changed slightly, she huffed, "What do you mean?"

"Don't play dumb, work!" Jin Jumo squinted her eyes, "Isn't that celebrity with the last name Huo specifically asking you to be his agent? What are you planning to do?"

Jian Liangtong seemed to be hit in a sensitive spot, her cheeks puffed up, "I studied film production and aim to be a producer, how could I possibly

become his agent? Who does he think he is, the emperor? Just because he wants me to be, I have to be, why?"

Jin Jumo tightened her lips and said nothing, just looked at Jian Liangtong with a dreamy gaze.

Perhaps realizing her own overreaction, Jian Liangtong's face turned red, she lightly parted her red lips, one hand awkwardly rubbing her neck, her eyes evasively avoiding Jin Jumo.

Jin Jumo's eyes slightly shifted, she suddenly smiled, "Huo Shaojun...heh, interesting."

Seeing the clever smile on Jin Jumo's face, Jian Liangtong felt a chill down her spine, suddenly understanding why men do not like women who are too smart, because...they just can't handle it!

Jin Jumo and Jian Liangtong walked out of Cherish and were about to take a car back to school when Jin Jumo's phone rang.

Jin Jumo took out her phone, glanced at the caller ID, and her pupils slightly froze.

It was...Rong Mochen!

Jin Jumo took a slight breath.

To be honest, after last night, just seeing "Rong Mochen" appear on her phone screen made her feel a bit afraid now.

"Who is it?" Jian Liangtong, seeing Jin Jumo dazed with her phone, curiously craned her neck to look.

Jin Jumo's eyes flickered slightly, she discreetly moved the phone a little, and in a calm tone said, "A voice actor I met when doing a previous commercial voice-over."

"Oh." Jian Liangtong didn't suspect anything.

Jin Jumo is very talented in voice acting, during her university years, many advertisers and producers approached her for voice-overs, so it's no surprise she knows a few voice actors.

Jin Jumo, without avoiding Jian Liangtong, naturally answered the phone.

As soon as the call connected, a deep and indifferent male voice came through.
