

TINY GENIUS ALERT! MOM & DAD BETTER MAKE PEACE

Chapter 9: The Most Untouchable Business Tycoon

Moreover, this man is... Rong Mochen, the most untouchable business tycoon in Z City, a financial aristocrat with assets worth billions.

And even billions in assets is just the media's presumptuous guess, no one knows the exact amount.

Thinking of Jin Jumo's reaction just now, Yu Yinluo frowned slightly, looking suspiciously at Jin Jumo.

Unexpectedly, the person was nowhere to be seen.

A slender figure flashed out of the men's restroom like lightning, rushing into the women's restroom opposite, and with a slam, shut herself in one of the toilet cubicles.

Jin Jumo covered her face, pressing her cheek against the side of the toilet, her chest rising and falling rapidly, the tips of her ears so red they seemed like they could drip blood.

Three seconds later, Jin Jumo raised her head, calmly patting her face, with a look that said, "Who hasn't gone to the wrong restroom when they were young?"

The next second, Jin Jumo bit her lower lip in frustration. Was she stupid or what!

Why didn't she realize earlier that the "dance party" Rong Mochen mentioned was the same one Ying Jingyao talked about?

What to do now?

If Rong Mochen found out that the reason she refused him was to accompany another man to the dance party, haha, she probably wouldn't even have time to pick out her cemetery before he ripped her apart!

Jin Jumo's delicate eyebrows furrowed aggressively towards the bridge of her nose, and the thought of escaping before he found out swelled increasingly in her mind.

"Knock, knock..."

The door panel was knocked on from the outside.

No way...

Jin Jumo jerked her head up, her voice trembling, "Who is it?"

"I'm sorry, I need to use the restroom... urgently." The voice outside sounded pained, not any calmer than Jin Jumo.

"..." Jin Jumo twitched her mouth.

"Sister, I... really... need to go." The person outside was almost in tears.

"..." Jin Jumo closed her eyes, took a deep breath, and had to open the door.

Looking at the little girl at the door holding her belly with a distressed expression, Jin Jumo almost admired herself, feeling a sudden urge to laugh at that moment. f.r elewebnov(e)(l).c om

Suppressing her smile, Jin Jumo stepped aside to let her in.

The little girl nodded gratefully at Jin Jumo and hurried inside.

Jin Jumo stared at the door that just closed in front of her, then looked at the other occupied stalls, and sighed faintly in her heart.

Just as Jin Jumo was preparing to leave, the door in front of her suddenly opened again, and a delicate, fair face peeked out, winking playfully at Jin Jumo, "My name is Mu Yan." With that, she closed the door.

Jin Jumo, "..."

After leaving the restroom, Jin Jumo had no intention of returning to the dance party. But her phone and bag were in Ying Jingyao's car, so she couldn't contact him, nor could she walk straight back to school dressed like this.

Thinking it over, Jin Jumo decided to find a secluded place to hide out and wait for the dance to end before going to find Ying Jingyao.

Jue Shi Hotel is a five-star diamond hotel offering entertainment, dining, and accommodation, frequented by high-society individuals with some social standing in Z City.

Therefore, the decor style and architectural scale of Jue Shi Hotel are both reasonable and exquisite, even grandiose.
