

Mr Nian 191

Chapter 191: Look carefully, who's pestering who?

However, when she caught a glimpse of Nian lie, her expression changed to a weak and pitiful one.

"Sister, why are you here? Did you come here with brother Ben?"

No matter how many times she faced her, ning Qing could not remain calm.

However, before she could say anything, Bai Qingqing said, "

sister, although I don't mind you and brother Yan appearing together, you're already divorced. If someone else takes a picture of you, some things will be hard to explain.

miss Bai, this is between young master and Madam: " Lu Zhui said on ning Qing's behalf: you should stay at home and take care of your baby.

He already hated Lu Zhui, but now he still dared to speak up for this b * tch ning Qing!

Bai Qingqing glared at him fiercely, her voice still gentle and weak.

but I miss brother che. The baby has been moving a lot these past two days. She must be missing her father. Besides, I came because brother che asked me to.

When she said that, she even deliberately stuck out her slightly bulging belly, as if she was deliberately showing off.

Lu Zhui glanced at ning Qing and then at her.

"Don't talk nonsense, how could young master be afraid?"

Seeing that he was about to expose her, Bai Qingqing immediately called out, " brother Zheng, " interrupting him.

Then, ning Qing saw her walk past her and rush toward the man behind her.

Without looking at the man's expression, Bai Qingqing rushed into his arms.

She looked up, her eyes hazy with tears.

"Brother Yi, why did you only come out now? I've been waiting for you for a long time."

Seeing this scene, ning Qing's heart, which had been moved by his words " this is my woman ", instantly sank to the bottom.

Nian Xi's eyes were dark, and his face was expressionless.

He didn't react at all to her hug.

"Why are you here?" he asked.

The woman in his arms froze. She glanced in ning Qing's direction and twisted her waist.

I miss you. I heard that you're here to meet a client, so I came to see you.

"I remember telling you to stay at home."

The man pushed her away, his tone not very good.

Bai Qingqing's eyelids twitched. but I miss you, Qingqing.

His figure swept past her and rushed to the woman who was about to leave.

Afraid that ning Qing would misunderstand him again, Nian Jin quickly stepped forward and blocked her way.

"Ning Qing, listen to me, Zhenzhen."

"There's nothing much to say."

Ning Qing's expression did not change at all.

she's the wife you're marrying into the family. If you want to explain, you should explain to her.

Nian lie's anxious gaze was fixed on her face, but he could not find any trace of concern.

His heart ached.

"I didn't ask her to come," he said.

"It's not important,"

She stubbornly did not look at him, and he was so powerless that he did not know how to explain.

The two of them were in a silent stalemate.

This triggered Bai Qingqing's anger and hatred.

She rushed directly at ning Qing, full of resentment.

"You've already divorced brother Ben. Why are you still clinging to him? Even if I'm magnanimous, you want him to be so considerate to you in front of me? ning Qing, don't you think you're going too far?"

His body was pulled over by a strong force.

Ning Qing staggered and almost fell.

It was still Nian Xun who was quick to react and pulled her into his arms.

"Bai Qingqing!"

He scolded in a low voice, and the woman's body trembled.

She met his angry eyes.

"I didn't do it on purpose," she pitifully said, her pink lips pouting.

Nian lie suppressed his anger. if you continue to be so unreasonable, don't go out again.

Bai Qingqing felt aggrieved, and her eyes turned red.

He looked at the woman in his arms.

Ning Qing clearly noticed the hatred and resentment in her eyes, and she lowered her eyelids.

Her stiff body relaxed and she leaned into his arms.

miss Bai, look carefully. Who's the one pestering who? "

Chapter 192: If you don't want to get married, you can cancel the wedding

She was deliberately provoking her, and Bai Qingqing's blood surged.

"What nonsense are you talking about? brother yang is just pitying you!"

The corners of ning Qing's lips lifted slightly, and her eyes flickered with a bit of charm.

"Then ask him if he pities me."

"Brother yang!"

The woman's soft, almost boneless hand was on his chest, and her warm breath tickled his nerves.

Even though he knew that she was only using him at this moment.

The emotions in his dark eyes became more and more complicated.

Ning Qing left his arms at the right time.

"You're nothing more than this," he said lightly.

Nian lie's arms froze.

Ning Qing took two steps back, her index finger hooking her scattered hair and hanging it behind her ear.

"I'm sorry, I'll leave first and won't disturb you."

With that, he straightened his back and left.

Bai Qingqing glanced at Nian lie's expression and instantly hated his nonchalance.

"Ning Qing, you're a marriage-breaker!"

She dodged Lu Zhui's hand and rushed forward without hesitation.

He pulled her hand and was about to slap ning Qing's face.

Ning Qing could not avoid it in time and closed her eyes reflexively.

"Pa-"

The sound of a slap.

Ning Qing did not feel any pain.

“Young master!”

Lu Zhui cried out in surprise, and ning Qing opened her eyes with difficulty.

What she saw was his broad back.

His deathly still heart suddenly trembled.

Nian lie’s head was slightly lowered, his short, messy hair covering his forehead, and his face was slightly tilted to the right.

Bai Qingqing didn’t expect that he would take the slap on ning Qing’s behalf and was instantly at a loss.

brother Yi, I’m sorry. I didn’t do it on purpose!

“.....”

“Does it hurt? Yingluo didn’t want to hit you, it was her! It’s all her fault!”

As she spoke, she rushed towards ning Qing, who was behind him.

He was stopped by an arm that stretched out halfway.

A handcuffed-like hand grabbed her wrist.

With just a little force, her expression changed drastically from the pain.

“Brother Yan, it hurts Yingluo.”

Nian lie raised his head and didn’t show any expression.

But it was more terrifying than ever.

His sharp eyes were fixed on her.

Without blinking, the haze spread.

Bai Qingqing shuddered a little, then heard him say, ”

“Are you done?”

Bai Qingqing glanced at ning Qing, her tender little face scrunched up.

“We’re about to get married, but she’s still clinging to you. It’s clearly her fault! Brother Ben, I’m chasing away the third party in our marriage!”

“A third party?”

Ning Qing, who had been silent, finally spoke.

Bai Qingqing, think carefully about who’s the third party between the three of us.

brother Ben doesn’t love you. You’ve been his wife for the past few years in name only. The person he really loves is me!

The corners of his lips were filled with ridicule.

Ning Qing's eyes were half-closed, and those eyes that had only been sad for days finally had a different color.

She retreated from behind him, avoiding the two of them like wolves and tigers.

He looked the two of them up and down a few times, then his gaze swept past Bai Qingqing's stomach. The other party hurriedly moved sideways to block his gaze.

Ning Qing sneered.

"You two are indeed a good match."

After he finished speaking, he left without any hesitation.

Lu Zhui glanced at the stiff Nian lie, nodded, and quickly chased after him.

On the spot, Bai Qingqing was crying like a Pear Blossom bathed in rain.

"Nian lie, what do you mean? We're about to get married, why are you still entangled with her? Or is it that you're just joking when you said that you're getting married to me? you've been lying to me!"

"Do you want to marry me for the sake of our child, or do you actually not want to marry me at all?"

"Say something!"

"That's enough,"

Nian lie interrupted her with a cold face. There was not a trace of gentleness in his words.

"If you want to get married, I'll agree."

"....."

"If you don't want to get married, you can cancel the wedding."

Bai Qingqing's eyes widened. She couldn't believe that these words had come out of his mouth.

He only had ning Qing in his heart, and he didn't want to deal with her.

"Bai Qingqing, don't be so unreasonable."

With that, he let go.

As she shouted, he got into the car without looking back.

Chapter 193: She's gone, why are you looking for me?(1:

After returning to the new address, Lu Zhui said that ning Qing had already eaten and fallen asleep.

Feeling vexed, Nian lie loosened his tie.

"How did she find me?"

Lu Zhui said, " the people who were watching her said that miss Bai went out to take a taxi. She came straight for you. She should have received the news in advance.

Nian lie loosened his tie and unbuttoned his shirt.

"Get someone to keep an eye on her and don't let her out of the house again."

"Yes."

Lu Zhui left.

Nian lie didn't rush into the room. Instead, he went to the wine cabinet and picked out a bottle of aged red wine.

His well-defined hand held a wine glass and swirled the purple-red wine inside. The wine fragrance was rich.

Some long-lost memories wrapped around him like vines.

"....."

His blood was flowing backward, and he felt cold from head to toe.

A long time passed.

He stayed in the room for a long time, until the sky was slightly bright, and a few bottles of cold wine had been downed, but he still did not take a step into the room.

In the morning, Lu Zhui came again. Nian lie had just washed away the smell of alcohol from his body.

He glanced at the door and strode away.

Of course, ning Qing did not know that he had come.

Last night, she had a hard time sleeping. When she fell asleep in a daze, her body hurt badly again.

He got out of bed, took a hot shower, and went out.

The spacious living room was empty, and the air was filled with the fragrance of wine.

Her nose twitched. The leeches from before no longer existed.

Without thinking too much about it, ning Qing entered the kitchen and found that there were new servants in the kitchen, including the person standing at the door.

miss ning, assistant Lu asked us to take care of your daily needs. If you need anything, please let us know.

Ning Qing didn't have any other emotions. I know.

After she left the kitchen, she sat on the sofa in a daze and looked around.

Everything was there except for a phone.

From now on, this would be her cage.

He would never know when he would be able to escape.

On the other hand, the atmosphere in the Nian corporation's president's office was extremely tense.

Nian lie, tell me clearly. Where is Qing Qing?!

Nian lie raised his head and glanced at the man who had rushed in.

"Mr. Nian, I'm sorry. I didn't stop Yingluo."

The Secretary pulled a long face. Nian Jing gave her a look, and she left the room, closing the door.

Nian lie sized up Yan Sichen. His originally gentle features were now full of urgency, and his clothes were wrinkled. He looked extremely dejected.

He didn't even put down his pen.

"She's gone. Why are you looking for me?"

Yan Sichen couldn't bear to see him acting so nonchalant and took two steps forward.

"Stop pretending! Qingqing's parents took her to the hospital and she was gone when she came back. Who else could it be if not you?"

"You know that she went missing in the hospital. You should ask the doctor."

Yan Sichen was very angry, and the gentleness in his eyes disappeared.

"Don't play riddles with me! Her mother is always crying at home, and her father has no other choice. Who else but you can make these two elders have no way out?"

In front of the office desk, Nian lie paused in his drawing.

as Qingqing's parents, everything they do is for her. What right do you have to deprive them of the chance to think for their daughter? "

they want to abort my child, " Nian Yu raised his eyes and said with an ambiguous tone. &Nbsp;

Yan Sichen was shocked and then furious.

"It really is you!"

When ning Qing had told him about it, he had wondered if it was Nian lie!

However, there was no evidence to prove that it was him. Later, he was delayed by other things and forgot about it.

If ning Qing had not been found to be pregnant, he would not have thought of him at all!

Thinking of the woman with red eyes, Yan Sichen felt heartache and anger.

"You're despicable!"

Chapter 194: I never said that I didn't want her (1:

“.....”

you divorced her and got together with another woman, but she didn't cry or throw a tantrum. It wasn't easy for her to leave you, but you had to drag her to hell!

Nian lie's tone was cold.

“I've never said that I didn't want her,”

Yan Sichen gritted his teeth. but she thinks you don't want her anymore!

Ning Qing's sad scenes flashed through his mind like a slideshow.

Yan Sichen's eyes turned red as he looked at the man who was silent.

“She forgot everything and could have started all over again, but you were the one who refused to let her go! Everything she's going through now, including the death of ning su, is all the pain you've caused her!”

“.....”

you actually used that method to make her pregnant. Are you only going to let her go if she really dies?
”

The man's accusation was heart-wrenching.

The image of a woman who had fainted from crying appeared in Nian lie's mind.

A touch of sadness seeped through his eyes, but it changed in the next moment.

No sorrow, no anger.

“I will take good care of her.”

“You're shameless!” Yan Sichen scolded angrily.

Nian lie put down his pen, and a cold aura burst forth from him.

He raised his cold eyes, and the dark light in them was enough to make people feel cold.

He opened his thin lips. Yan Sichen, I'm allowing you to stand here because of her. This doesn't mean that I'm generous to everyone.

“.....”

“You'd better stay out of my business with her.”

His words were filled with hostility.

Yan Sichen clenched his fists and his face was slightly twisted, but he was not afraid at all.

I have no interest in your Affairs. I only care about Qingqing.

Nian lie raised his cold eyes. Yan Sichen, don't you understand? "

He stood up slowly and pressed his clean and good-looking palms on the desk. His upper body leaned forward, revealing his sexy collarbones and strong muscles through his slightly open neckline. He looked a little more evil and cold.

"She's pregnant with my child. Whether it's her or the child, it has nothing to do with you."

As he said that, Nian lie's expression darkened.

One sentence exposed his thoughts.

don't even think about being a Knight to protect her. You don't have the chance or the right to move her.

Yan Sichen's face turned pale.

His fists were clenched tightly.

The phone happened to vibrate, and the desktop vibrated as well.

Nian Yu glanced at it, then straightened up and picked up the phone.

Yan Sichen looked at him, who was a man of few words, and for a moment, his eyebrows furrowed and his face showed some nervousness and panic.

okay, keep an eye on her. I'll be back soon.

: Is it Qingqing?: Yan Sichen asked anxiously. What's wrong with her?"

Nian Xi hung up the phone and returned to her usual calm self.

"You have no right to care about her," he repeated his words.

"Whether I'm qualified or not, it's up to Qingqing!"

Nian Jin took off his suit jacket and put it on, obviously going out.

When he passed by him, he stopped and glanced sideways.

"I thought you knew something about her, but it seems I was wrong."

Yan Sichen's body stiffened and his eyes were in a mess.

"What do you mean by that?"

"I don't have time to chat with you about such meaningless things."

Nian Xi brushed past his shoulder and left with large strides.

Yan Sichen stood rooted to the ground, dazed for a long time.

She laughed bitterly as she thought of his words.

His understanding of Qing Qing was that once she had set her mind on a path, she would go all the way in the dark.

So, if she treated him as her brother, he would never have the chance to get her love?

Even if she had forgotten everything, she would still love Nian lie.

Was this the difference between them?

Probably Yingying was.

But he didn't want to admit it.

This time, he would not admit defeat.

Chapter 195: You can do whatever you want (1:

Nian lie got someone to keep an eye on Yan Sichen in private and rushed back home.

In the living room, the servants and Lu Zhui were surrounding the woman on the sofa.

"Young master!" They called out in unison upon seeing him enter.

Nian lie looked at the pale-faced Ning Qing and asked with concern, "

"What's wrong? are you feeling unwell?"

Ning Qing was a little surprised to see him.

She had just taken a shower and noticed that there was a little blood on her face. She was afraid that something might have happened to the child, so she told the servant.

She didn't expect them to tell Nian lie.

Ning Qing pursed her lips. it's nothing.

Nian lie was anxious. He glanced at the servants around him.

The servant immediately said, " Madam had blood stains when she was taking a bath. The child's condition should be unstable. Young master, it's best to send her to the hospital for a checkup.

Nian lie looked at her from head to toe. The woman's face was small to begin with, but it seemed to have gotten even smaller in the past two days.

"Lu Zhui, get the car ready!" He ordered in a bad mood.

Ning Qing was shocked.

Before she could say "no," the man had already bent down and picked her up from the sofa.

Ning Qing cried out in surprise and subconsciously wrapped her arms around his neck.

When he realized the situation, he refused, "

“I’m not going to the hospital!”

Nian lie’s arms were like iron, shackling her tightly.

He walked steadily and did not take her words to heart.

Ning Qing glared at him. let me go. I’m not going to the hospital!

Only then did Nian lie lower his head, his expression not as reserved and steady as usual.

“You’re not feeling well, why aren’t you going?”

“.....”

“Do you want something to happen to yourself or your child?”

The tone of his reproaching was a little heavy.

Ning Qing’s face was even paler than before.

Nian lie also realized that he had been too harsh. After a moment, he said, ”

“If you’re not feeling well, you have to say it. Otherwise, if you drag it out until the end, you’ll be the one in pain.”

Ning Qing’s heart palpitated as she smelled the faint scent of pine wood on him, mixed with a little tobacco.

She restrained herself and turned her head away.

She did not want to be affected by him.

“Ning Qing, be good,” Nian lie said gently.

“.....”

Thus, he carried her all the way out of the door and rushed to the hospital.

After a round of examination, he only told ning Qing, ” stay in a good mood and don’t worry about anything. Your health will recover naturally.

As she lay on the bed, she saw the doctor give Nian lie a look.

She did not say anything.

After the doctor left, Nian Jin relaxed and sat down beside her.

“Ning Qing, listen to the doctor. Don’t be unhappy.”

“What’s there to be happy about if I don’t have freedom?” ning Qing replied.

Nian lie’s expression darkened, but his tone remained gentle.

as long as you don’t run around, you can do whatever you want. Let the maid accompany you.

Ning Qing's heart clenched, and the words " I want to leave you " were stuck in her throat. She could not say it out loud.

Looking at her pale face, Nian lie couldn't help but touch the side of her face with heartache.

Ning Qing's bright eyes froze, and she turned her face to the side.

Seeing her resistance and wariness, his hand did not touch her face in the end.

"Lie down for a while and don't move. I'll be back soon."

He hung his hands, stood up, and left the ward.

After waiting for about ten minutes, Nian lie still hadn't returned.

Ning Qing got out of bed and looked out the window.

The second floor was at a distance that was neither high nor low.

As she pondered, she glanced at the bed sheets and quilt covers from the corner of her eye, and an idea formed in her mind.

She walked to the bed and removed the blanket.

Gritting her teeth, she used all her strength to tie a dead knot with the bedsheet.

Her heart was beating wildly, and she could not hear anything.

"Pa da-"

The door suddenly opened.

Chapter 196: You can't escape _1

A nurse came in with medicine and saw ning Qing standing by the bed. you're not feeling well. Don't walk around. Lie down.

Ning Qing blocked the knot with her hand and looked at the man warily.

The nurse put down the medicine, walked over in her high heels, and forcefully helped her to the bed.

Then, he paused and saw the dead knot.

Ning Qing thought that she would tell on her, but she did not say anything.

"....."

The air froze for a few seconds.

"Where's the person who sent me here?: ning Qing tried to change the topic as she noticed the commotion outside.

"In the doctor's office."

She handed her the medicine and a cup of water.

“Take your medicine.”

Ning Qing looked out the door again, her mind spinning.

“Is there anyone outside?” he asked casually.

The nurse replied sternly, “ No.

Ning Qing’s eyes lit up and she took the glass of water from her hand.

After some thought, she put down her hand.

I didn’t bring my phone, ” she said. can you lend me your phone for a while? I want to make a call.

The nurse looked at her with a strange expression.

“I want to give my parents a call: : ning Qing looked at her and told her the truth:

The nurse did not reply.

“Take the medicine first, then I’ll give it to you,” the woman said, just as ning Qing was feeling strange.

She looked at the expressionless woman and wanted to fight for it.

I haven’t seen my parents in a long time. I want them to come and see me. Can you let me contact them first? it won’t take long. It won’t waste too much of your time.

The nurse lowered her eyes and carefully scanned every inch of her face.

Seeing that she was really desperate, she did not want to force her, for fear that she would see through her.

Hence, the nurse took out her phone from her pocket, pressed a few buttons, and handed it to her.

“Thank you!”

Ning Qing’s eyes lit up. She put the glass of water and medicine on the cabinet and took the phone.

“Hurry up,” the nurse warned coldly.

“Alright,” he said.

Ning Qing carefully got out of bed, glanced down, and then walked into the bathroom.

The woman’s face was expressionless, watching her every move.

After she closed the door, her emotionless eyes fell on the pills.

In the bathroom, ning Qing’s happy expression suddenly changed.

There was something wrong with that woman.

The strong perfume on her body was completely different from the nurses who worked in the hospital all year round.

Moreover, she was wearing ten-centimeter high heels.

The nurses in the hospital were busy all day long. Who would wear such inconvenient shoes?

The only possibility was that she was here for her.

The more ning Qing thought about it, the more afraid she became. She no longer had the intention to escape.

She leaned against the wall and secretly locked the door. Then, she dialed Nian lie's number.

After all, no one but Nian lie could save her from her current predicament.

"Beep-beep-"

The phone rang a few times, but no one picked up.

Ning Qing was flustered, and her hands were shaking.

He dialed again.

The person outside seemed to have felt something and walked towards the door.

"Shua shua-"

There was a knock on the door.

Ning Qing's hand trembled, and she hung up the phone that had just been answered.

"Are you done?" the woman asked.

not yet. ning Qing clutched her chest and tried her best to remain calm. my parents might have been delayed by something.

"Then come out first, we'll call later."

Tears welled up in ning Qing's eyes. She tried to call Nian lie again, but he hung up immediately.

It was probably treated as a harassment call, but what should she do now!

Nian lie Xuanji

Because of her nervousness, ning Qing's stomach also started to hurt.

"Wait a minute, I'll try again," she begged with tears in her eyes.

The woman tried to turn the doorknob and found that it was locked from the inside. She instantly understood everything.

"You're pretty smart, but you can't escape," she said to ning Qing.

Chapter 197: So, ning Qing, you're lying to me (1:

Ning Qing hid inside, not daring to make a sound.

The woman's gaze towards the bathroom became cold and fierce. She wanted to kick the door open and hit him.

A voice came from the door.

She gritted her teeth, ran to the window, and jumped down.

The door was pushed open, and a group of people entered the ward.

Nian lie's steps were chaotic, his dark eyes filled with panic. His gaze swept across the entire Ward and finally landed on the bathroom.

He quickly walked over.

He twisted the door, but it didn't open.

He knocked hard on the door, the rhythm a little messy.

"Ning Qing? Ning Qing! Are you in there?"

Five seconds later, there was a rustling sound from inside.

The door was pulled open. Ning Qing was holding her stomach with both hands, her face pale and her eyes watery.

Seeing that it was him, she relaxed and her body went soft.

"Ning Qing!"

Nian Yu quickly caught her falling body and carried her to the bed, then examined her body.

Ning Qing held his flustered hand and shook her head. I'm fine.

Nian lie's eyes darkened. what's wrong with you? "

Ning Qing pointed at the window, her breathing uneven.

"The woman ran out of the window."

Nian lie gritted his teeth. Lu Zhui, go after her!

Lu Zhui left with the group of people.

He held her in his arms and held her cold hands.

She was so scared that her whole body was trembling slightly. She even forgot that she was afraid of him and only clutched the clothes on his chest tightly.

The more she acted this way, the more Nian lie's heart ached.

After a while, he deliberately softened his voice and said, "ning Qing, let go of me first. I'll call the doctor." &Nbsp;

"Don't!"

She was overly afraid and felt a little abnormal.

Nian Jing furrowed her brows tightly. She had no choice but to ask the people at the door to get a doctor.

However, even though the doctor was in front of her, ning Qing did not let go.

be good," Nian lie consoled her patiently. let the doctor examine you and the child.

Ning Qing grabbed him tightly and shook her head. I'm really fine, Yingluo.

She repeated her words over and over again, but Nian lie didn't see any injuries on her.

The doctor also asked a few questions such as "does your stomach hurt?" after getting a negative answer, he left with a peace of mind.

"....."

Nian lie and her were the only ones left in the small Ward.

Ning Qing took a while to calm down and suppress the fear in her heart. She was a little embarrassed and wanted to leave his arms, but he pressed her shoulders down.

She looked up and met his deep eyes.

what happened?" she asked.

Why did she look so scared?

Ning Qing bit her lip. She thought about how she had lost this opportunity to escape and how she would be locked up for an unknown period of time. Her life and safety were the most important.

She told him everything that had happened.

Nian lie's expression darkened as he listened.

Finally, he looked at the medicine on the cabinet. she asked you to take this?"

Ning Qing had already left his arms and was sitting in a single chair, her hands instinctively protecting her stomach.

She nodded.

Nian lie called someone in.

"Send it for testing."

"Yes."

Ning Qing hung her head low and looked very listless. She looked at the little one, which made her heart ache.

Nian Xi stood up and reached out to caress her head.

His peripheral vision swept past a certain spot on the edge of the bed.

The bed sheet and the quilt cover were tightly entangled together, and the huge dead knot hung down, almost hanging to the ground.

The light in his eyes gradually faded.

His long fingers hooked the knot and he faced her.

Nian lie's heart sank when he saw the sudden change in ning Qing's expression.

Ning Qing shook her head and wanted to explain, "no, I'm not trying to run away, Zhenzhen."

The word 'escape' was clearly heard by Nian lie.

No matter if it was gentleness or worry, they were all gone.

He took a step forward and blocked her in the chair, leaving her no room to retreat.

"So, ning Qing, you were lying to me about what happened just now."

Chapter 198: Since you love to cry so much, will the baby be like you in the future?

Ning Qing's face turned pale.

I didn't," she said seriously. that person really wanted to harm me. Nian lie, I didn't lie to you.

"....."

He did not answer.

He only looked down at her, his eyes half closed and his expression unclear.

Ning Qing still wanted to say something, but the shadow in the air retreated.

With his back facing her, Nian lie silently strode out of the ward.

Ning Qing did not know why, but a sense of grievance rose from the bottom of her heart.

She did have the thought of escaping, but that woman's appearance was an accident and real.

She did not lie to him.

But he did not believe her.

She sat there without moving.

In the hospital's surveillance room, Nian lie and a few others were standing there, facing the surveillance cameras that took up most of the wall.

He put his hands on the table and watched the woman in a nurse's uniform enter ning Qing's ward. She didn't come out even after he entered.

The video on the other side showed that she was unscathed after jumping down from the second floor, and she headed all the way to the back door of the hospital.

Nian Yu pinched the bridge of his nose, feeling a little tired.

: Where is he: "he asked the person behind him.

Lu Zhui's breathing was heavy. I've caught her. However, her mouth is sealed tightly. She should have received professional training.

Nian lie's dark eyes were half-closed, and his killing intent was heavy.

"I don't care what method you use. I want to pry her mouth open."

"Yes."

Nian lie returned to the ward. The woman was still in the same position as when he left.

Because of the accident just now, her face was a little more afraid, her cheeks were redder than usual, and she was also a little angry.

Ning Qing was afraid that he was still angry, so she stood up, not knowing where to put her hands and feet.

Nian Xi's heart softened.

He walked up to her, and ning Qingxin was flustered.

Nian lie, I'm really not lying to you. That person is Qianqian.

"I know,"

He pursed his thin lips.

Ning Qing's anxious eyes looked around his face, and she felt even more aggrieved.

Her tears fell without warning.

Nian lie was taken aback. Then, he held her hand in a panic.

"Why are you suddenly crying? Are you uncomfortable? I'll get the doctor to come."

Ning Qing held his hand and stopped him from leaving.

Nian lie's puzzled gaze fell on her.

She wiped her tears and shook her head, unable to say anything.

However, he immediately understood what she meant, and tenderness seeped out of his eyes.

"Alright, I shouldn't have been fierce to you. I apologize. Don't cry, okay?"

After hesitating for a moment, he hugged her back and pulled her into his embrace.

"....."

Ning Qing knew that she should not be like this now.

But she didn't know why, just being misunderstood by him made her feel so bad, like a thousand ants were biting her heart.

He had misunderstood her before.

He had been cruel and heartless every time, but she would not cry so weakly to him.

Did she become delicate?

Nian lie patted her back again and again in an extremely gentle manner.

"It's my fault. I didn't understand the situation. Don't cry. It's not good for you and the baby."

"....."

Nian lie thought of something, and a smile appeared on his handsome face.

"Ning Qing, you're already a mother, but you still cry so much. Do you think our baby will be like you in the future?"

His tone was very gentle, as if he was infinitely indulgent and pampering her, but also as if he was looking forward to the future.

However, the more he coaxed, the sadder the person in his arms became.

He sighed helplessly and let her cry enough. When she felt awkward, he pushed her away from his arms.

"Are you done crying?"

Ning Qing only felt embarrassed and awkward at this moment. Her eyes darted around, wishing she could find a hole to hide in.

Nian lie glanced at her wrinkled chest and didn't say anything.

"I'm sorry," ning Qing said.

Chapter 199: You were good to my sister in the past (1:

He had dirtied the clothes because of her.

"I'm fine," Nian lie replied quickly.

"....."

"As long as you stop thinking of unrealistic things, you can do whatever you want," he said.

This sentence again.

Ning Qing knew that he was insinuating that she wanted to run away, and her mood suddenly became complicated.

Nian lie didn't give her any time to let her thoughts run wild. let's go home.

He took her hand, not allowing her to refuse.

The group returned to Yunyan No. 1.

Afraid that something would happen to her again, Nian Jing didn't go to the office today.

After dinner, ning Qing went to take a shower.

On the balcony, there was a cool breeze.

The night sky turned into ink.

Nian lie stood there, and Lu Zhui's voice came through the phone.

young master, she relented. She's a professional killer, but she was hired by someone. She said that the other party didn't let her harm young Madam.

I've sent someone to check the number she gave. It's not in service, but the signal source came from the old mansion. I'm afraid it's the old master and Madam's idea.

the medicine has also been identified. It's Zhenzhen's abortion medicine.

In an instant, the wind and clouds surged.

Thousands of waves surged, and a brutal aura surrounded his body.

In the end, the darkness of the night slowly returned to normal.

"Yes."

"Young master, what should you and young Madam do next?"

Nian lie's voice grew deeper and deeper after he said that word.

"He's meddling too much."

His dark eyes flickered under the light from afar.

If he didn't give his father some resistance, he would probably think that he was easy to manipulate.

"Lu Zhui, pass on the word. Pull out all the assassins we've planted."

"Then what excuse should we give?"

"As you wish," Nian lie replied coldly.

Lu Zhui hesitated. how are you going to explain this to old master? "

Nian Ying looked into the distance, his gaze deep and cold.

He couldn't see through it.

"There's no need to explain to him,"

The call ended.

His body felt cold, as if a storm was coming.

He stood there as if he was standing on the peak of a mountain, overlooking everything around him. His figure was steady and motionless.

The bathroom door opened.

Ning Qing was wearing a bathrobe, her wet hair resting on her right shoulder. She looked at Nian lie on the balcony and could not help but gather her chest.

She was not used to having him by her side, so she rubbed her hair and climbed into bed.

Nian lie quickly walked over and held her flat stomach.

“Your hair hasn’t been dried. Why are you running?”

His large palm was burning her waist, and ning Qing’s body stiffened.

Nian Xi pulled her to the side of the bed and took out the hairdryer from the drawer.

Ning Qing understood and reached out to take it.

“I’ll do it myself!”

“.....”

Nian Xi raised his hand, but she couldn’t reach it.

There was not much emotion in his lowered eyes, but she still felt an inexplicable resistance and fear.

His fingers curled up and he silently retracted his hand.

There was a buzzing sound in her ears. The man’s fingers ran through her wet hair and touched her scalp from time to time.

An electric current ran through her scalp, causing her to shiver.

Nian lie didn’t seem to notice. He played with her hair with familiar movements.

Ning Qing’s heart trembled, and she blurted out.

“Would you do such a thing for Bai Qingqing?”

The moment she finished speaking, she regretted it.

“What did you say?” Nian Jing asked after the breeze stopped.

Ning Qing shook her head.

That moment of demonic possession made her not like herself.

Nian lie looked at the top of her head, his eyes dark and light.

“I won’t,” he said.

“Where’s my sister?: ning Qing asked.

At the mention of ning su, Nian Yu's eyelids twitched.

"Would you believe me if I said I didn't?"

Ning Qing naturally did not believe it.

She held the bathrobe in her hand and tried to control her tone.

"You were good to my sister in the past."

Chapter 200: You're not in good health, don't do anything dangerous (1:

The sound of the hairdryer covered up her question.

Nian lie's long fingers ran through her hair again, slowly combing it.

The woman's dark and soft hair was straight and delicate. If it were longer, anyone would probably be envious and like it.

He thought of the years when she had been lying in bed.

She relied on medicine to maintain her life, and her body was so thin that she didn't look like a 20-year-old woman.

Her long hair had been cut to her ears, and she was no longer as gentle and smart as before. She just lay there lifelessly, wondering if she would lie there for the rest of her life.

It was still alright.

She woke up.

Perhaps he was thinking too deeply, but one of his men suddenly let out a soft cry.

"I'm scalded!"

Nian Xi's hands trembled. She quickly turned off the hairdryer. I'm sorry. Does it hurt? "

"....."

Ning Qing touched the spot where she had been scalded and lowered her concerned face.

She quickly looked away and shook her head.

Nian lie lowered his upper body and pulled at her hair, trying to see if she had been scalded.

His handsome face was right in front of her. Even from the angle of death, it could not hide his clear outline and intoxicating face.

Ning Qing's heart was beating a little fast.

She was so angry that she complained, " you're just a young master who's always been given everything. If you don't know how to dry your hair, then don't. I'm not forcing you.

It was originally a complaint, but when it came out of her mouth, there was a soft and pampered taste.

She was shocked.

Nian lie also paused.

The atmosphere was very subtle.

No one spoke for a long time.

Ning Qing's face heated up as she scolded herself in her heart.

She turned around and met Nian lie's smiling eyes.

I'm sorry. I was careless. I'll be more careful in the future.

In the future

Her heart suddenly trembled, and some emotions overflowed, so fast that she couldn't control them.

Nian lie caressed her head.

When she tried to Dodge, he turned on the hairdryer again.

The buzzing sound soothed the awkwardness and helplessness she felt when she was with him.

This time, they didn't say a word until he finished.

With the hairdryer's thread wrapped around Nian Xi's hand, ning Qing touched the back of her head, lifted the blanket, and got in.

She didn't want to face him.

She didn't want to get along with him in this way.

It was too strange.

The woman hugged the blanket and covered her face with her back facing him.

She was exhausted after a long day.

She fell asleep in a daze.

The left side of the bed sank. She frowned in annoyance and turned over.

It could have been a few minutes, or it could have been dozens of minutes.

When the heat came over, she subconsciously moved closer.

"....."

Nian lie looked at her small, clean face and her Sleeping Beauty. He even rubbed his head against the pillow and fell asleep peacefully.

His tensed body slowly relaxed, and his large palm touched her lower abdomen.

Her heart softened.

—

—

Nian Jin stayed by ning Qing's side for a few days, but his work at home was not very smooth.

Since Nian Junting had arrived at the company, he could no longer accompany ning Qing.

I have something to do at the company. Be good at home and don't mess around.

He touched ning Qing's face. She still resisted, but she would not hide anymore.

"I know."

Nian lie said, " you're not in good health. Don't do anything dangerous. There are people in the villa. If you need anything, just tell them to do it. Understand? "

Ning Qing's expression froze.

Looking at his nonchalant expression, she suspected that she had misheard the threat in his words.

She couldn't smile.

Nian lie didn't pay much attention to her. He caressed her soft cheeks with his fingers once, twice.

"It's cold, go put on a coat before coming down."

"Hello, Yueyue."

Unable to refuse, she turned and went upstairs.

Nian Xi watched as she disappeared at the end of the stairs.

Then, he turned around and walked out of the door.

At the door, Lu Zhui was following closely behind.

Nian Yun's face was cold and hard, not as gentle as before.

"How is it?"

old master has already arrived at the company with second young master. They're having a board meeting. It seems like old master is unhappy about you removing the spies.
