

Mr Nian 211

Chapter 211: Madam wants to go to the hospital to abort the child (1:

The sound of the rain gradually died down, and it almost stopped.

The lake was sparkling, the withered yellow leaves fell, and the water surface shook. The traces of fish that were scared away could be vaguely seen.

In the pavilion, there was only the man kneeling on the ground.

His back was bent, and his posture was like a statue. His expression was unclear, as if he had not moved for a long time.

“Swish-”

His phone rang.

His stiff arm moved a little, and his large palm reached into his pocket.

His listless eyes gradually darkened.

On the screen, Lu Zhui’s name flashed.

He stared at it for a long time, and when the vibration was about to stop, he pressed the answer button.

The person on the other end was a little anxious. young master, young Madam and second young master have gone out.

He squeezed out a word from his throat, ”

“Yingluo, yes.”

the servant found her phone under Madam’s pillow just now. The only call she made was to the hospital to make an appointment for ran ran’s surgery.

Nian lie’s thick eyelashes fluttered, as if he had lost his voice. He was unable to say a word.

“Yes.”

Madam, Madam, Madam, are you going to the hospital to abort the child? ”

Lu Zhui was so anxious that he blurted out when Nian lie didn’t reply to him. young master, if Madam aborts the child, she won’t be able to stay by your side anymore!

“.....”

After a long while, when Lu Zhui thought that no one was listening on the other end, Nian lie’s low, hoarse, and gentle voice was heard.

“Lu Zhui,”

Inexplicably, Lu Zhui’s heart tightened.

“I’m tired.”

Lu Zhui was shocked and couldn’t say anything.

He suspected that he had heard wrong!

No matter how big the negotiation table was, Nian lie was always calm and wise. He never showed any signs of fatigue.

What happened to Yingluo?

On this side, Nian Gu stood up with difficulty.

His emotionless eyes landed on a couple holding an umbrella not far away.

He watched as they approached him with embarrassing smiles and walked past him on the path by the lake.

“Young master!”

Lu Zhui’s hesitant voice could be heard from the phone.

Nian Xi watched as the couple, who were supporting each other, walked away and disappeared at the end of the road in the mist.

Perhaps it was because of the cold, but his lips were sickly pale.

It slowly opened and closed.

“Let her be,”

Without waiting for him to ask further, Nian lie hung up the phone with one hand.

She was powerless and anxious, afraid that he would regret it if she was a step slower.

His eyes were listless as he stared for a long time.

Before the great sorrow and hopelessness enveloped him, he cleared all the memories in his mind.

Even his heart had been cleaned up.

Whether it was love, hate, or unwillingness, it was the same.

At this moment, he didn’t want to chase anymore.

“.....”

She closed her eyes, and a tear fell from the corner of her eye and bloomed on the ground.

When he opened his eyes again, other than a slight redness, Nian lie’s eyes were devoid of any sorrow.

The rain stopped.

He walked out of the pavilion.

His back was still straight, but it was not as firm and strong as when he came.

As the Nian Corporation was already under Nian Junting's control, Nian lie couldn't return to the company.

He turned around on the road and drove around aimlessly.

No one knew how much he had suffered, and no one could understand how much his heart hurt when he made that decision.

Nian lie only returned in the afternoon.

From a distance, he could hear Nian Che's excited and high-pitched voice even before he entered the house.

sister-in-law, save me! Hurry up and save me!

I'm going to die. Sister-in-law, please save me, Yingluo. I'm going to die.

"Quickly hit it, it's going to die! Wow, yay, sister-in-law is amazing!"

"....."

Nian lie furrowed his brows and quickly walked into the living room.

Two figures were sitting on the ground in front of the huge TV. On the TV was a digital game that had been popular for a long time.

The happiness on the man's face was beyond words, and beside him, the woman's face, which had never smiled all day, actually had a touch of real joy!

In that instant, Nian lie's thoughts were suddenly in a mess.

Chapter 212: I don't want this child (1:

He stopped in his tracks and looked at her side profile almost greedily.

Nian che was dancing with joy, not acting like a young master.

She turned around and saw Nian lie standing at the door, not moving.

"Brother, you're back. Why didn't you say anything?"

The smile on ning Qing's lips faded when she heard this.

She put down the controller and got down with Nian Che's help.

Nian lie noticed the change in her and rushed forward.

His posture and aura were a little scary.

Nian Ying stood in front of ning Qing and quickly explained, " brother, don't be angry. I was the one who insisted on taking sister-in-law out for a walk. Please don't blame her.

"....."

Nian Che's hands were in a gesture of surrender.

it's my fault. My sister-in-law couldn't stand me missing her, so she agreed to go out with me. If you want to hit or scold me, come at me. Don't bully my sister-in-law.

No matter what Nian che said, his eyes were fixed on ning Qing's face, not moving an inch.

After a few seconds of silence, he said with difficulty, "

"Yingluo, how are you?"

His heart turned over and over, and he was so tormented that he was about to lose his mind.

The woman's delicate eyebrows did not move at all.

very well, " Nian che replied on her behalf. we just went out for a walk, but Xuxu didn't do anything.

These words had the meaning of "three hundred taels of silver without any evidence" in it.

Nian lie ignored him and only looked at ning Qing.

His heavy gaze moved back and forth on her face.

Ning Qing could not help but frown.

The corner of his clothes was pulled.

Ning Qing felt a little helpless. However, she still went along with Nian Che's words. the air outside is good. I didn't catch a cold.

He paused and then said,

Nian che is doing this for my own good. Don't blame him.

Nian lie's thoughts were blocked. The blood in his body flowed rapidly, causing his palms to heat up.

Her eyes also turned red.

"Alright," he said.

He suppressed his grief with great difficulty, his dark pupils not moving at all.

huh? " Nian ye said disdainfully, " you're making me a third wheel again. What have I done? "

Nian lie didn't scold him, which was rare.

Instead, he went to ning Qing's side and helped her sit down.

The " is it painful " that he was about to say became " are you tired ".

His careful actions made it impossible for ning Qing to refuse.

She shook her head and let go of his hand after sitting down.

I'll ask the kitchen to prepare some tonics. You should rest well.

“Yingluo, yes.”

Nian lie walked to the kitchen and Nian che quickly sat down.

“Sister-in-law, please don’t tell my brother about what happened today,” he said with a face full of regret.

If his brother knew that he had brought his sister-in-law to the hospital for surgery, he would definitely kill him!

In fact, he didn’t know that ning Qing had gone to the hospital for surgery.

When she stood in front of the clinic, he could not help but recognize the word “ Gynecology “.

When his sister-in-law said indifferently, “ I’m pregnant, but I don’t want this child, ” he was almost scared out of his wits on the spot.

A child?

So, he was right. Was the vomiting really from pregnancy?

Before he could celebrate the fact that he had a little nephew or niece who was about to be born, he had to accept the fact that ning Qing did not want the child.

He refused at first, then wanted to run away. He would never dare to acquiesce to this behind his brother’s back.

At that time, ning Qing’s face was deathly still, without any anger.

Such a beautiful face, without a trace of the joy of being a mother.

There was only endless despair and sorrow.

She said, “ Nian che, I can’t be with him anymore. I don’t want this child.

“Help me.”

At that moment, he was also possessed and couldn’t bear to do it, so he actually agreed to her!

Chapter 213: You’ll only push her further and further away (1:

The more Nian che thought about it, the more regretful he felt. In a moment of desperation, he grabbed ning Qing’s hand.

sister-in-law, don’t tell my brother. Can you not even mention this? he’ll kill me if he knows!

Ning Qing looked at his approaching face and felt helpless.

this is my decision. It’s none of your business, Nian che. You don’t have to be afraid of Qianqian.

“Don’t be afraid of what?”

A male voice suddenly interrupted.

Nian che shuddered. When he saw Nian lie return, his smile froze.

“It’s nothing, brother Xuxu. Don’t you make a sound when you walk?”

He was shocked.

Nian lie remained silent.

He looked down and saw their tightly clenched hands.

Nian che felt a chill run down his back and he quickly retracted his hand.

I’m going to have a private conversation with sister-in-law. Don’t look at me like that.

His eyes were deep and cold.

Nian che lowered his head, not daring to look at him.

He went straight to ning Qing’s side, held her wrist, and pulled her up.

“Go back to your room and sleep for a while.”

Ning Qing pursed her lips. She could hear the unquestionable tone in his voice.

She followed his movements and got up.

Nian che looked at ning Qing for help, but she did not even turn her head.

By the time he was done, Nian lie was already sitting in front of him.

His eyes were filled with scrutiny.

“Where did you guys go?”

Nian Che’s face stiffened. Didn’t I tell you? I just went for a spin.

“Nian che.”

Nian Che’s neck shrank when he heard the word ‘faint’. He didn’t dare lie.

“Hanhan went to the hospital.”

Nian lie was well aware of this.

His heart was clenched tightly, and he was trembling in pain, but he also hid a trace of hope that he knew it was impossible.

What if Xuxu couldn’t bear it?

What if Yingluo regrets her decision and wants to keep the child?

Countless possibilities were like vines, wrapping around his body, strangling him to the point of suffocation.

However, the expression on his face did not change at all. His black eyes were deep and cold, making it impossible to see what he was thinking.

“.....”

Nian che couldn't hold on under his immense pressure.

He seemed to be the least restrained in their family, but in fact, he was also the one with the lowest status.

He looked like he was not afraid of anyone, but he was actually afraid of everyone.

Nian che was extremely frustrated. Alright, alright, I know I'm in the wrong. But if sister-in-law wants to go, I can't stop her. Besides, there wasn't any Wanwan in the first place.

“Shut up,” he said.

The words were in his throat, and he had to spit them out.

“It's all because you always bully her. Otherwise, why would she not want to keep the child? That child is also her Yingluo.”

“I told you to shut up!” Nian Xi's eyes almost popped out of their sockets.

Nian che shuddered again, his lips moving a few times.

Looking at the man's pale face, she couldn't help but say, “if you want to be fierce, be fierce to me. Don't blame my sister-in-law. She's already in enough trouble.

Don't blame me for not warning you. If you continue to treat her like this, you will only push her further and further away.”

Nian lie's entire body was suffused with a sorrowful aura.

Grief, sadness, anger, and hatred.

They scattered in all directions.

There was also a deep sense of powerlessness and depression.

He suppressed his emotions that were about to explode. He half-closed his eyes, and his eyes were unclear.

Three words came out of his thin lips, “

“Get lost.”

Nian che was frightened by him. Just as he was wondering if he had misunderstood, Nian lie raised his head.

His eyes were bloodshot as he stared at him without blinking.

It was obviously fierce, but it made people feel extremely sad.

“Brother, you've misunderstood Yingluo.”

“I told you to get lost!”

He roared in anger, and the veins on the back of his hand on the armrest popped out.

His mind was filled with her image in the hospital and he couldn't hear anything.

"....."

She did not know when Nian che had left.

After a long time, the sky started to darken.

His body was stiff and in pain as ning Qing left the room.

She scanned the room and realized that Nian che was not around.

"Did he go back?" she asked.

From a distance, Nian Jing looked at her.

Instead of answering, he asked, "

"What did you go to the hospital for?"

Chapter 214: She left the child behind (1:

He asked despite knowing the answer.

Ning Qing clenched her fists and did not answer him.

He stopped asking.

The two of them maintained this strange way of getting along as they ate dinner.

After the meal, Nian lie said, " I'm not done with work. he went to the study room without looking back.

Ning Qing recalled what Nian che had said about him being stripped of his power, and her emotions became indescribable.

But she didn't say anything. She went back to her room, washed up, and lay in bed.

At ten O'clock in the evening, Nian Yu returned to the bedroom.

The bedside lamp was on, and the dim yellow light shone on the woman's side profile, making her look gentle and peaceful.

She had fallen asleep.

It was done in an extremely uncomfortable position.

"....."

Nian lie walked closer, his dark eyes looking down.

It fell on the book that she was holding.

The title of the book was the Encyclopedia of gestating.

He had asked someone to buy this book for her earlier. He was afraid that she would be bored, and he hoped that it could arouse her love for the child.

He had never seen her do so before.

But now, she picked up this book.

The emotions that she had just collected were about to burst out again.

Nian lie reached out and took the book, accidentally waking ning Qing up.

Ning Qing rubbed her eyes and said, " you're back.

Nian Yu closed his book expressionlessly. sleep well if you're tired.

Then, he turned around and walked to the bathroom.

"I'm going to take a shower."

When he passed by the sofa, he stopped.

He threw the book in his hand into the trash can.

Ning Qing saw him and asked, " what are you doing? "

She hurriedly got out of bed and took the book out of the trash can.

The way she looked at Nian lie was not very friendly.

"I haven't finished reading it."

Nian lie's breathing stagnated as he looked away with a deep gaze.

"As you wish."

His tone was a little unpleasant. Ning Qing was probably still in a daze from her sleep, so she tugged on his sleeve.

"Why are you so fierce?"

Nian Gu tried to control himself, but the suppressed emotions he had suppressed for a day were already out of control.

He pushed her hand away with a lot of strength.

Ning Qing's body was unstable, but she managed to hold onto the sofa in time.

"Nian lie, what's wrong with you: : she raised her head and complained.

How had she provoked him?

Nian lie didn't look at her.

His jaw was clenched tight, and the arc was clear.

“You’re still going through so much trouble after the surgery. Ning Qing, aren’t you tired of pretending?”

He told himself that he would only let her watch from the side once in a million times. Would she be so heartless?

Although he was mentally prepared, he still couldn’t control himself when he faced her, who pretended that nothing had happened.

Ning Qing’s mind went blank for a moment, then she understood something.

The color on his face faded a little.

“Yingluo, you know about it?”

Nian lie laughed coldly. my younger brother will take you to the hospital for surgery. You really came up with this idea.

“.....”

Nian che is simple-minded and always sides with you. You’re using him like this. Where’s your heart? ”

Ning Qing was confused by his almost roaring accusations.

She finally received the message in his words. She was so busy trying to explain, but Nian lie had already turned around.

His back was wide, and he exuded coldness and ruthlessness.

“Lie down on the bed and recuperate. Then, you can return to your parents’ side as you wish.”

“.....”

“I won’t keep you.”

After saying these heartless words, the man walked into the bathroom and slammed the door.

Ning Qing stood by the sofa, feeling aggrieved and uncomfortable.

She really was a lunatic.

A moment of compassion made her keep the child in her belly.

She told herself that it was not for him, but because her body could only bear this one baby, so she kept him.

She was filled with compassion and heartache. She struggled repeatedly between “ keeping ” and “ killing ”, but in the end, she did not dare to step into the operating room.

Her face was full of tears, but she left the child behind.

She had never expected him to have such a reaction!

Chapter 215: I’ve never said that the child was mine (1:

Ning Qing lifted her hand to wipe away the sourness in her eyes.

She just stood there, stubbornly staring at the bathroom door.

About ten minutes later, Nian lie came out in a bathrobe. She was still standing there.

He also realized that his tone just now was too harsh, so it was not good to speak again at this moment.

He walked past her in silence.

Ning Qing blinked at the water droplets that flew out of his hair when he was drying it.

"Nian lie," ning Qing called out to him.

He stopped.

you're mistaken: " she said calmly after taking: deep breath: I didn't do the surgery.

Nian lie's hand, which was drying his hair, froze.

At this moment, ning Qing was very honest.

"Before today, I really wanted to abort the child, because I knew that you kept me because of him," she said.

She looked at his back stubbornly, her voice trembling slightly.

"I really don't want to keep him. He's like a time bomb to me. Whether I leave him to you in the future or you're willing to let him stay by my side, it means that our relationship will never end."

"....."

"I wanted to be cruel."

Unknowingly, ning Qing's eyes were filled with tears again.

before I entered the operating room, I wanted to cut off all this heartlessly, but the child ...

She bit her lip and shook her head.

She couldn't explain what she was thinking at the time, but she really felt that she didn't want to lose this child.

If she really only had one child in her life ...

She didn't want to admit it, but she had to admit that in the past few months, the only thing that had accompanied her through the darkness and numbness were her children.

How could she be so cruel as to take his life?

He was the one in the wrong, and she was the one in the wrong.

Not this child who had not had an accident yet!

"I can't bear to leave him," she said, trembling.

Because he was not only Nian lie's child, but also her own!

He wanted her to peel him off from her body, crush his small body, and twist it into a pool of blood and flesh.

No, she could not do it!

Ning Qing gritted her teeth and did not dare to cry out loud.

The figure did not move for a long time.

In the next moment, he threw away the towel and walked towards her.

He pulled her petite body into his arms and buried his head in her neck.

His voice was obscure and difficult to understand, and it was obviously trembling.

"I'm sorry," she said.

Ning Qing bit her lip, tears streaming down her face.

"I was wrong, ning Qing. It's my fault."

He apologized again, causing her to cry even more.

It seemed that ever since she became pregnant, her mood had been unstable.

If things didn't go her way, she would become a terrible person.

Nian Yu let go of her, his eyes filled with guilt.

Ning Qing took a step back and wiped her face. She raised her chin and said, "don't think too much. I didn't do it for you.

Nian lie's eyes dimmed. I know.

Ning Qing's voice was hoarse.

"Don't cry."

"....."

"It's not good for him if you're in a bad mood."

Ning Qing knew he was talking about the child and sniffed.

She looked at him with her clear and clean eyes.

"In the future, will you take him away?"

Under the light, Nian lie's face was dark and unclear.

Ning Qing's sobbing tone was still obvious.

Bai Qingqing is pregnant with your child, and you'll be marrying her soon. You're already pregnant with her child, so can you leave this child to me? "

She had lowered her high and mighty attitude for so many days, and there was a hint of begging in her humbleness as she tugged at the corner of his bathrobe.

Nian lie looked at her intently. I'm sorry, I can't.

A trace of despair flashed through her clear eyes.

Nian lie could see it clearly.

The corner of his clothes loosened.

Ning Qing's lips twitched sadly, as if she was talking to herself, "

"I knew it, how could you follow my heart, you won't let me live well" child ""

She covered her face with both hands to hide her dazed look.

Nian lie grabbed her hand, forcing her to look him in the eye.

Then, his voice was so low that it could barely be heard.

He seemed to have endured it for a long time.

He spat out these words with difficulty, "

"Ning Qing, I've never said that the child was mine."

Chapter 216: We must abort the child (1)

Ning Qing was shocked and stood still.

His mind was blank.

However, the next moment, she broke free from his grip and her eyes were filled with misery.

"I know you want this child, but you don't have to lie to me."

Because no matter what, she would not believe it.

"Just wait a little longer. You'll understand," Nian lie said hoarsely, knowing that she would react this way.

Ning qingting didn't understand, and she didn't want to understand.

Shaking his head, he said, " I'm tired.

She walked past him without looking at him.

Nian lie listened to the sound of the face rubbing against him in a soft voice.

A faint self-deprecating smile flashed across his face.

His chest was shaking, again and again.

The joy and excitement from just now still lingered in the air.

After a while, he adjusted his state of mind and returned to bed.

Seeing that she was shrinking to the side in rejection, the idea of pulling her into his arms disappeared.

He closed his eyes and fell asleep.

In the middle of the night, the rapid breathing of the person beside her could be heard.

The violent struggle woke the half-asleep man up.

Ning Qing's face was full of pain, and her forehead was covered in sweat. She waved her hands desperately and muttered, "

"Don't hurt him, Yingluo, don't touch him. Save me, Yingluo, save the child!"

Nian lie was no longer sleepy. He grabbed her wildly waving hand and tried to wake her up.

"Ning Qing, wake up!"

don't worry about the child. I want to protect the child. I beg you, don't hurt him!

The woman in the nightmare couldn't hear. Her voice trembled, and her eyelashes trembled like crazy, but she showed no signs of waking up.

Nian lie's right cheek burned with pain from her slap, but he didn't care.

He gritted his teeth. ning Qing, wake up. The child will be fine. You're just dreaming!

The woman shook her head, tears flowing from the corner of her eyes.

In the dream.

Ning Qing was lying on the cold operating table. Her limbs were tied up by something, and no matter how hard she struggled, it was useless.

The cold white light shone on her head.

She looked at the light beam, which was so piercing that her eyes hurt.

Despair and sorrow filled the air.

She didn't know why she felt this way, and her mouth subconsciously muttered, "don't hurt him, I beg you!"

She did not even know who she was begging for.

She could only see from the corner of her eye that the door of the operating room was not closed. The lights outside were on, and she could hear the noise.

In the corner, a man stood there with two Men in Black behind him. The doctor in front of him was humble and humble.

"No matter what happens to her, we must abort the child."

His cold words were like a stream of ice, flowing through ning Qing's blood and limbs.

These words, this voice ...

They seemed familiar.

Ning Qing's face was hit by a hammer.

The moment the headache started, the sound of the door closing could be heard.

He had a splitting headache, was drenched in sweat, and his vision was blurry.

She couldn't see the doctor and nurse's faces clearly, but her mobile hands were gripping the corner of the white coat tightly.

His nails were flying.

Blood seeped out.

"Doctor, please don't hurt him. It's my fault. Please punish me!" She cried. Don't hurt the child, he's innocent!"

The doctor did not say a word and coldly shook her hand off.

A terrifying sense of despair hit him.

He was forced to open his legs.

Ning Qing's eyes were dull and dead.

He could clearly feel the cold machine entering his body, and the pain was excruciating.

Tears of blood were forced out.

At that moment, a burst of power burst out, and he bit the tip of his tongue.

She finally opened her frightened eyes when she felt the pain.

What entered her eyes was Nian lie's nervous, handsome face.

"How are you? Don't be afraid, I'm here. Ning Qing, don't be afraid."

The words of comfort came out of his mouth, with an imperceptible trembling and fear.

Ning Qing's lips were tightly pursed.

In extreme fear and despair, she crashed into his arms.

Chapter 217: I will protect you and the child (1:

She clutched his neck tightly, her face covered in tears and sweat.

Nian lie hugged her back tightly and patted her gently. it's just a dream. Ning Qing, don't be afraid.

Ning Qing's heart clenched.

That kind of fear and terror was too real, as if she had really experienced it.

"Nian lie, Nian lie."

She repeated his name over and over again, and her nasal voice was obvious.

"It's fine, it's fine now."

He didn't know what else he could do other than comfort her.

"What did you dream of?" he asked after ning Qing had calmed down.

She withdrew from his arms and her eyes flickered.

Nian Xi held her shoulders and wanted her to look at him.

"Don't lie, ning Qing. Tell me, who did you dream of?"

Ning Qing was still trembling, but her heart settled a little under his firm question and affirmative gaze.

"The hospital's operating table is saying that someone wants to abort my child," she said.

She was a little confused. She lowered her head and covered her stomach, feeling the fetus that she could not feel yet.

Therefore, she didn't see the sudden change in Nian lie's expression.

He stared at her in fear, and it felt like a fish bone was stuck in his throat. The pain was unbearable.

"Don't be afraid, it's just a dream."

"But Yingluo"

This dream was too real.

Nian Xi held her shoulders tightly, his tone firm.

"I will protect you and the child."

"....."

"Trust me,"

The dust settled.

Perhaps it was because his expression was too determined, or perhaps it was because she was too fragile and needed someone to rely on.

At that moment, ning Qing nodded.

She believed his words.

Nian lie's facial features softened, and he caressed the top of her head. it's still early. You should sleep a little longer.

“Alright,” he said.

Ning Qing took a few deep breaths and lay back down under his comfort.

“I’m here, don’t be afraid.”

She heard his promise before she closed her eyes.

The inexplicable fear in her heart slowly faded away.

Nian Xi pulled the blanket over her.

He placed his large palm on her lower abdomen and patted it gently.

After a while, the woman’s even breathing could be heard.

“.....”

He looked at her slightly pale face and a few strands of hair that were wet on her forehead.

His dark eyes were surging with emotions.

It blended in with the night sky outside the window.

Nian lie was no longer sleepy.

He only looked at her without blinking, afraid that she would wake up from her dream again.

Fortunately, ning Qing was quiet for the rest of the night.

When she woke up in the morning, she opened her eyes and saw the man’s tired face. She was in a daze for a long time.

Nian lie’s expression was gentle. you’re awake.

Ning Qing looked at the dark circles under his eyes and the obvious blood vessels in his eyes. She wanted to say something but stopped.

Nian Xi got out of bed. if you’re awake, then get up. Let’s go downstairs to eat something.

He walked to the bathroom and returned a few minutes later.

His short black hair was wet with water droplets, and when he came to her side, it was still cold.

“Why didn’t you go to the office?” ning Qing asked.

The light in Nian Xi’s eyes flickered, but she said in a normal tone, “ I’ve been a little tired recently. I want to rest for a while and keep you company.

He picked up the dry towel on the back of the chair and started to rub his hair.

Water droplets sprayed everywhere and fell on ning Qing’s face.

It was slightly cold.

Her expression was complicated. you didn’t sleep last night.

Nian lie paused for a moment before he continued.

He gave a soft “hmm.”

Ning Qing did not feel good.

“I’m just afraid that you’ll wake me up again and make me unable to sleep,” he added.

Ning Qing pursed her lips and said, “ I’m sorry.

Her face was pinched.

The man’s reprimanding voice fell.

you always like to smacked your lips. What kind of habit is this? ”

Ning Qing frowned. Wasn’t he being a little too nosy?

She didn’t want to be so intimate with him.

So, she endured her trembling heart and waved his hand away.

He got out of bed and went to the bathroom to wash up.

Nian lie looked at his empty hand, his eyes dimming.

Chapter 218: Don’t let her know about this (1)

The two of them went downstairs for dinner. Nian lie sat on the sofa, not showing any intention of leaving the house.

Ning Qing didn’t care much.

She had thought that he was just saying it casually.

Even if he didn’t go to the office, he still had to attend to the wedding and visit Bai Qingqing.

However, for the next week, he was at home, eating and living with her every day.

No matter what she did, he would always be by her side.

Ning Qing didn’t like this feeling. It was as if she was being watched by him.

However, she was also very vexed.

Some time ago, she often had dreams. Although the dreams were not clear and she could not remember what she had dreamed of after waking up, the fear and pain in her dreams were very deep.

Because of Nian lie’s return, she had fewer chances to have such dreams.

She thought that she had gotten rid of it, but during this period of time, those terrible dreams came back again.

She was in a bad mood.

When she was awoken by nightmares in the middle of the night, she could only lean on Him, who was sleeping beside her.

Ning Qing hated this feeling.

Yet, she unconsciously relied on him.

*

It was a cool day.

Nian lie accompanied her to the hospital for a prenatal examination.

It was a simple examination, but ning Qing was terrified of the cold machine and the doctor.

He had no choice but to sit beside her and hold her hand. don't be afraid, ning Qing. It's just a checkup.

The woman's face turned pale.

She only lay down after he comforted her.

The cold and smooth liquid was applied to her lower abdomen.

Her body was so stiff that it was beyond recognition.

The examination had only lasted a few minutes, but to ning Qing, it felt like a century.

After a few examinations, she could not stand steadily.

She didn't even want to hear the results and dragged him away.

Nian lie knew that she had not been in a good mental state recently, so he went along with her wishes and asked Lu Zhui to get the results of the checkup in private.

They returned home in silence.

"Do you want to take a walk?" Nian Jin asked as he helped ning Qing into the neighborhood.

Ning Qing shook her head and said, " I'm tired.

alright, " Nian Yu said patiently, looking at her exhausted face. let's go back and rest.

After she returned, ning Qing went straight to her room to rest.

Nian lie sat on the edge of the bed and only walked out after he saw that she was fast asleep.

Lu Hui came back and handed him the examination report.

she doesn't sleep well. She often has nightmares. Did the doctor say anything about her? " Nian lie asked after he had finished examining her.

Lu Zhui wanted to say something but stopped.

say it. Nian Jue's spirit was cold.

the doctor said that it's probably because of the things that young Madam has experienced in the past. Now that she has a child, she's subconsciously comparing the current situation to the past. She's afraid that something will happen to the child, so she's like this.

"She doesn't remember those things," Nian lie's expression suddenly sank.

Lu Zhui carefully raised his head and looked at the man who hadn't had a good night's sleep for the past few days. It's true that young Madam doesn't remember, but the things that she has experienced will always leave a memory in her mind. This is like a picture that has been drawn with a pencil. Even if you erase it, there will still be a mark.

Nian lie's breathing grew heavier as he held the paper in his hand.

"What else did the doctor say?"

he also said that the medicine that young Madam used back then was not stable. The more she was stimulated, the more likely she would remember.

His fingertips rubbed the paper.

The shape of the fetus was faintly discernible on it. It was not very clear, but it had already taken shape.

Lu Zhui continued.

master, according to the doctor's diagnosis, the young Madam's dream should be a sign that she's recovering her memory.

The large palm suddenly clenched.

The paper was crumpled into a ball.

Lu Zhui's heart trembled in fear. I know, " Nian lie said calmly:

"Don't let her know about this," he added:

Chapter 219: But we're going to get married in: few months (1:

Lu Zhui nodded.

"If there's anything else, just say it."

"Young master, the people from the old mansion have investigated. We're surrounded by them now, but they're not making any moves.

Besides, master Yan also came and had several conflicts with our people at the entrance."

Nian lie's face was covered in a layer of frost, and his eyes were cold.

Lu Zhui hurriedly said, " I've already instructed my subordinates not to let him in. However, young master, you've been out of the public's sight for so long. If young master Yan follows you here, he might attract everyone's attention.

This was not a good thing for ning Qing and Nian lie.

Nian lie's eyes gradually turned cold, chilling to the bone. get someone to chase him away.

Lu Zhui glanced in the direction of the bedroom. master Yan is too stubborn. He said that he had to see young Madam first.

A dim light flashed across his black eyes.

"If you can't get him to come, then get the Yan family to bring him back," Nian lie replied coldly.

Although most of the Yan family's business was overseas, Yan Sichen had forcefully pulled back a few industrial chains after he returned to the country in order to take root in China.

House Yan's grandfather and father had never agreed to it, and his mother was even more worried that he was still too old and didn't have a woman by his side.

Now, instead of focusing on the company, he was chasing after ning Qing all over the world.

Ha. &Nbsp;

Those who knew would think that he was devoted to love.

Those who didn't know would only say that he was distracted and didn't put his mind on business.

Lu Zhui instantly understood Nian lie's words. I'll arrange for someone to inform the banquet master.

mm. Nian lie wasn't as calm as he was before.

Lu Zhui thought for a moment and said, "young master, miss Bai wants to see you. She said that she's called you dozens of times, but you didn't pick up." &Nbsp;

Impatience appeared in Nian Yu's eyes, and he looked over coldly.

"You didn't tell her that I'm going overseas for business?"

"I did, but she still wouldn't let me off."

Lu Zhui looked troubled and aggrieved.

He could climb a mountain of daggers or plunge into a sea of fire, but he must not deal with women.

Especially those who were scheming, had no eyesight, and only knew how to cry and make a fuss.

"Young master!"

"That's enough,"

Nian lie could tell that he was feeling unwell and pursed his thin lips tightly.

He took out his phone and made a call.

It didn't ring twice before the other side picked up.

Nian lie had just called out " Yingluo " when a woman's coquettish voice of complaint was heard.

“Brother Ben, why have you been ignoring me for so long? Why did you only call me now? I’m so sad, do you not want me anymore?”

As there was no one around, the phone’s volume was not loud, but it was very clear.

Nian Xi glanced at Lu Zhui, who lowered his head even more.

He turned his body slightly and said in a calm tone, “ I’ve been busy with work these few days.

you didn’t even tell me that you were on a business trip. Yueyue, did you go and find another woman? ”

“I’m in the middle of a business meeting. I’m very busy.”

Bai Qingqing felt extremely aggrieved. you should’ve told me you were busy. I know I wasn’t sensible in the past, but don’t be angry with me.

Nian Xi paused. I’m not angry.

“If you’re not angry, why didn’t you come to find me after so long?”

He said that he had gone overseas, but he didn’t even come to say goodbye to her. Every time, he would let his damn assistant come to her to put her off.

On the phone, the man was neither fast nor slow, nor did he appear gentle and warm.

the company needs to be managed. I don’t have that much time to spend on you every day.

Perhaps his tone was too quiet, very different from his past self.

Bai Qingqing’s face turned pale, and she gripped her phone tightly.

I know. I don’t want you to be around me every day, but we’re getting married in a few months. We’ve never discussed anything about the wedding, Hanhan.

Chapter 220: When I’m back, let’s go take wedding photos (1:

I’ll get Lu Zhui to contact them. You can decide on the rest.

Compared to before, he was acting too cold.

Why did it suddenly become like this?

Bai Qingqing’s mind went blank.

Her memory went back to the time when she had an argument with ning Qing. After Nian lie had said those harsh words to her, he had never come to see her again.

Could it be because of ning Qing?

Did he fall in love with her again because he had lost her?

Are men so cheap?!

Bai Qingqing was greatly shocked and at a loss.

“Zhenzhen.”

The woman trembled, lowered her voice, and sobbed. I, Hanhan, I know. I was insensible. I shouldn't have bothered you when you were busy with work. I'm sorry, I won't do it again. I, Hanhan.

As she spoke, she began to cry.

Her melodious cries did not bring back much of Nian lie's warmth.

“Yingluo, I don't like the way you cry,” he even said coldly.

Bai Qingqing subconsciously shrunk her neck back, her other hand placed on her bulging stomach, her fingers gradually closing.

She was still sobbing softly.

I'm sorry. I just wanted you to accompany me and the baby, but it's okay. Brother che, even if you're not by my side, I'll try my best to be a good mother and take care of myself and the baby. Don't be angry with me. I'll be obedient.

He felt a little frustrated.

The urge to lay her cards on the table suddenly became stronger.

Nian lie endured it and didn't hang up the phone. His dark eyes were as deep as the ocean, bottomless.

He softened his tone. I don't blame you. Stop crying.

The woman was still crying.

Nian lie didn't continue coaxing her. He only listened to her cry in silence.

This atmosphere made Bai Qingqing feel terrified.

She didn't dare to cry anymore. brother yang, ” she asked weakly, ” do you not love me and the baby anymore? ”

Nian lie's face was expressionless, but his voice was much gentler. Huahua, don't let your thoughts run wild.

“I'm sorry,” she said.

“Be good and take care of yourself and the child.”

Bai Qingqing bit her lip and replied timidly, “alright, I'll wait for you to come back.” &Nbsp;

Nian Xi looked at the tightly shut door, his vision blurring for a moment.

His black pupils expanded and then gathered, becoming focused.

“Wait for me to come back, we'll go take our wedding photos,” he said, half-jokingly.

Take wedding photos!

All the questions and fear in Bai Qingqing's heart flew away in an instant.

"Alright!" She held the phone and suppressed her excitement.

The call ended.

The woman who was still thinking about all sorts of things just now fell onto the sofa and couldn't help but laugh.

Five minutes ago, that person had sent her a message, saying that Nian lie had not gone on a business trip, but was accompanying ning Qing.

She was both afraid and jealous. She couldn't figure out what Nian lie was thinking.

However, when she heard him say "take wedding photos", she felt as if she had taken a calming pill.

Who was Nian lie?

He was a man who was famous in the entire Ying city and even the whole country. He stood at the top of the mountain. Who did he need to please?

In other words, if he really didn't love her and their child, why would he marry her?

The more Bai Qingqing thought about it, the more she felt that this was the case. As she fantasized about the day she would wear a wedding dress and marry him, the corners of her lips couldn't help but curve up, exuding a strange confidence.

She was not a fool like ning Qing.

As long as she married Nian lie and became the young Madam of the Nian family, no one would be able to take her down.

On the other end, Nian lie hung up the phone and threw it to Lu Zhui in disgust.

The cold-faced man ordered,

"Get someone to keep a close eye on her."

"Yes."

Lu Zhui was about to leave when Nian lie called out to him.

"....."

"Young master?" Lu Zhui was puzzled.

A trace of struggle flashed past Nian lie's dark and deep eyes.

Then, it fell into the abyss and ceased to exist.

"Go to the hospital and bring the medicine back."
