

## Mr Nian 911

### [Chapter 911](#)

911 He can give up on the child (1:

Nian lie's stern voice interrupted him.

He was stunned. He lowered his head and did not speak anymore.

Nian lie couldn't keep his cool anymore.

He had just reconciled with ning Qing, and he had been listening to the child's story.

The child was clearly a scar in her heart that had not healed at all. He did not dare to mention it in front of her these days.

Even though he had the thought of making her pregnant again, a thought was just a thought. He remembered the sarcastic words she had once said to him, "

"With my broken body, I don't need any medicine, and it's impossible for me to get pregnant."

Previously, he had someone do a full body examination on her. Because she had suffered a miscarriage before and had been forced to have a C-section, her uterus had not recovered well and had not been well for the past few years.

As she had said, the chances of a successful conception were almost zero!

It was as if he had been struck by lightning on a clear day, and he sat alone in the study for the entire night.

After he married her, he didn't even dare to mention these things in front of her.

He could give up the child!

But he could not live without her!

Nian lie looked at his younger brother, his face cold. you talk too much!

Nian che was taken aback. Had they not reconciled? Didn't make it clear?

Ning Qing wanted to explain and smile to tell them that she was fine, but her heart was in so much pain that she could not smile at all.

"Not feeling well?" Nian lie asked, his heart aching as he looked at her pale face. "I'll carry you up to rest?"

He put down the bowl and spoon and wanted to bend down to hug her, but she pushed him away.

"I'm fine," she said.

Ning Qing knew that Nian che was looking at her as well. She did not want the two brothers to worry about her. She forced a smile and said, "I haven't told you about my health.

Nian lie's expression changed."Ah ning, sigh."

She shook her head and motioned for him to sit down. three years ago, " she said softly, " after I fell into the river, my body was seriously damaged.

She held onto Nian lie's arm, trying to get some warmth from him, but to no avail.

Nian che furrowed his brows. hasn't she been cured in the past few years? "

She looked at his pale face and shook her head with a bitter smile. my work in HE is very complicated. I got to where I am today through my own efforts. In those three years, I didn't have the time to take care of my body. I've dragged it on until now and I've already lost my vitality. The doctor said that it's almost impossible for me to get pregnant.

When these words were said, the expressions of the few people became serious.

Ning Qing took a deep breath, her eyes glistening. I guess I've brought this upon myself. I was so willful back then and didn't think about the consequences. Now, I'm facing the situation of not having children for the rest of my life, hehe.

"Ah ning, don't say anymore."

Nian lie tried to stop her. He was afraid that she would really give up just like that. He consoled her, " we haven't reached a conclusion yet. Don't give us the death sentence so soon.

Ning Qing held his hand and felt cold all over. She tried harder to lean into his arms, trying to warm her numb and painful heart.

Nian che could see her pain, but he couldn't find any words of comfort.

He just clenched his hands slightly.

Nian lie consoled her with a few words. She kept her emotions in check and no longer showed any signs of sadness.

That night, the three of them had dinner together.

After dinner, ning Qing said she wasn't feeling well and went back to her bedroom early, leaving the two brothers speechless.

In the end, it was Nian che who couldn't bear the confusion and concern for her and took the initiative to break the ice.

"Brother, is what sister-in-law said true?"

On the sofa, Nian lie's legs were placed on the edge of the coffee table, and one hand was placed on the back of the sofa. His posture was not as solemn and formal as usual, and his expression was even more secretive.

His silence confirmed Nian Che's thoughts, but he did not give up and pressed on impatiently, 'is there no other way? Her body can't always be like this, and if we don't have children, what will happen to you and sister-in-law in the future?"

[Chapter 912](#)

912 What if he doesn't love her anymore (1:

His urgent question, in Nian lie's ears, had a different reaction.

Nian lie didn't have much of an expression on his face. His face was faintly emitting a cold aura.

He took out a lighter. There was no cigarette, but he lit it up and extinguished it from time to time.

The process repeated.

"What's the hurry?" Nian lie asked, feeling anxious.

Nian che was stunned.

Nian lie's eyes were dark. He just looked at her without much emotion.

In any case, Nian che couldn't see through her.

Since he didn't answer, Nian lie didn't continue asking. He looked at him coldly and said, " I just said that you're not young anymore and you should be thinking about your future. Why aren't you anxious? "

Nian che didn't expect to be brought back to the topic. He paused for a moment, then said, " as a girl, it's a little too old for you to be unmarried. But brother, I'm a guy. Besides, you and sister-in-law are doing well. I don't want you to be so busy with the company that you'll neglect your family.

"....."

Nian che smiled, " our family has become like this. I don't want anything to happen to my parents. I only want my brother to be happy. I'm not in a hurry.

The ceiling light in the living room was huge, reflecting a different kind of brilliance, adding a sense of rationality and coldness to this warm home.

Nian lie repeated the action in his hands. The light blue flames burned, and there was a faint sound in the air.

For some reason, Nian che became a little nervous.

Nian lie didn't look up. you know the current situation, " he said calmly. I won't hand over the Nian family to you. You don't have the ability to do so.

Nian che chuckled, " of course I know about Wanwan.

"Since you know that, then your time is usually limited."

Nian che didn't understand what he meant.

Nian lie raised the lighter in the air and let it continue burning.

Separated by the flames, his face was somewhat cold.

I admit that I wanted to test you, and you didn't let me down. You managed the Nian Corporation on your own. But Nian che, I didn't keep you busy with the company ever since I came back, so you should have had time to go out and have fun.

“.....”

“But you said you don’t have time. What do you mean?”

A chill ran down Nian Che’s spine, and the corner of his eye twitched.

It turned out that he had been talking about what happened just now.

He didn’t know how to answer. Nian lie continued coldly, “ so, you don’t have time to make friends? or is the company just an excuse for you to not make friends? ”

The smile on Nian Che’s face froze. brother, I didn’t.

Nian Yu retracted his hand and pressed the lighter into his palm. The edge of the lighter was burning his palm.

Qinxiang looked at Nian che, not intending to beat around the bush.

“What are you waiting for?”

Nian che could no longer smile.

are we waiting until we can confirm that she’ll have a happy and blissful life in the future, or does Hanhan want to wait until she and I divorce? ”

Nian Che’s mind whirled like a hurricane. His eyes were a mess as he said, “ brother, I never thought of that!

Nian lie didn’t listen to his denial. His eyes were sharp and without a trace of warmth.

In the end, he still took out a cigarette from the box, put it in his mouth, and lit it.

Nian che, no matter what you think, neither of these two possibilities are possible.

Nian Che’s face turned pale. His brother had confirmed his thoughts. It didn’t matter if he explained or not.

Nian lie casually raised his hand and the lighter fell on the coffee table, making a loud noise.

“Bang!”

In the layers of white smoke, Nian lie’s voice was hoarse and cold.

“I’ll be honest with you, I’ll do my best to give her happiness. No matter what happens in the future, I’ll never let her go.”

what if she doesn’t love you anymore? ” Nian che suddenly asked. No one knew what he was thinking.

### [Chapter 913](#)

913 So What if: don’t have children (1:

Nian lie held the cigarette between his fingers. The temperature around him dropped by who knew how many degrees because of his words.

“If I don’t love her, no one else will.”

Nian Che’s heart felt as if it was being squeezed tightly. I’ve never thought of doing anything to her. I just want her to live well!

He had never thought of letting her know, let alone respond.

He just wanted her to live well and not repeat the pain of the past.

He didn’t want her to suffer, even if she was his big brother.

That was all.

Hearing this, Nian lie’s furrowed brows relaxed a little.

However, he did not retract his sharp gaze, and his eyes were still cold.

“I’m the only one who can be responsible for her life.”

“.....”

Nian che, mind your own business.

Nian che understood that this was his brother’s final warning.

No matter what kind of feelings he had for ning Qing, he could not continue.

He opened his mouth and wanted to reply to Nian lie, but found it very difficult to say ‘okay’. His throat felt like it was being cut by a knife.

next month, I’ll ask Lu Zhui to arrange for you to meet a few young ladies from influential families,” Nian Yu said. He did not get a reply from him.

He couldn’t do it next week, because ning Qing had to go for a hand recovery surgery and he had to accompany her. He didn’t have much time to manage the company, so he had to leave it to Nian che and Lu Zhui.

brother! Nian che retorted in shock, “ I don’t need it!

His cold and sharp eyes came, and he couldn’t say anything.

Nian Jing’s face darkened. if you don’t accept it, you can go abroad.

Nian Che’s face turned even paler.

He didn’t give her any room to refuse.

He had actually done this for ning Qing!

Nian Che’s heart was filled with bitterness, but at the same time, he felt fortunate for her.

His brother really loved her deeply, so he should give her his blessings.

He squeezed out a smile and replied, “let Lu Zhui arrange it. Just tell me.”

This was the first option he chose.

Nian lie's expression didn't soften and he continued to exert pressure on him.

you've taken a liking to her. I'll get Lu Zhui to keep an eye on her. You should make time to cultivate your relationship with her and get married soon.

"....."

Nian Yun took a deep puff of his cigarette, exhaling white smoke. the Nian family only has you and me. We can't cut off the line.

It was a simple sentence, but Nian che understood what he meant.

Ning Qing's body was in such a state. He could not force her to have a child, nor could he let another woman get pregnant with his child.

Since that was the case, the heavy responsibility of the Nian family's continuation fell on Nian Che's shoulders.

my parents may not be kind, but you and I are sons. Our last filial piety can not be broken. We must have an heir.

Nian che met Nian lie's eyes. The words of rejection were on the tip of his tongue, but he just couldn't bring himself to say them.

What could he do?

What did he dare to do?

His brother had brought out the ancestors of the Nian family and the incense offerings from the ancestral temple, wasn't it to make him submit?

The earlier he got married and had children, the sooner he would be able to stop thinking about ning Qing.

His brother was so ruthless.

Nian Che's back seemed to weigh a thousand pounds, making it hard for him to breathe.

: Is there no other way to fix her body?: he asked stiffly, skipping the topic.

If they didn't have children, would they be happy in the future?

"So What if I don't have a child? I don't mind."

Nian lie saw through his thoughts with a single glance and shattered his Last Fantasy.

Nian che lowered his head. His eyes were blurry, and no one knew what he was thinking.

Nian lie lowered his upper body and snuffed out the cigarette in the ashtray. The ashes and the last bit of smoke rose into the sky.

"In the future, don't mention the child in front of her again."

“Hello, Yueyue.”

Nian Xi stood up. When he walked past Nian che, his hands moved slightly, and his dark eyes were deep and difficult to look away from.

In the end, he didn't do anything but leave a sentence, " it's late, you should go back.

Nian che nodded his head in a hurry. He listened to his father's footsteps as he left the living room. Nian che then went up to the second floor and disappeared.

...

He sat there quietly and only stood up after a long time. He walked out of the bright living room and headed outside.

#### [Chapter 914](#)

914 I've quit: long time ago \_1

Nian lie returned to the bedroom. There was only a table lamp on the bed. The light was dim and suitable for sleeping. The bed was bulging.

He slowed down his pace and walked lightly to the bed.

Ning Qing had not been at ease before she went to bed. Her whole body was curled up in a ball, and her posture was the kind that looked very insecure.

Nian lie carefully peeked his head over. When he saw the tears on the woman's face, he felt a sharp pain in his heart.

He reached out to wipe it, but the woman opened her eyes.

“Did I wake you up?” he asked in a low voice.

Ning Qing shook her head. I didn't really sleep.

In fact, she was not asleep at all. She had heard him when he opened the door.

Nian lie wiped away the tears on her face. His heart was in so much pain that it was churning. His voice became gentler as he said, " continue sleeping. Don't think too much.

Ning Qing did not say anything and let him wipe her tears with his fingers. I can't sleep.

Nian lie lay down and hugged her through the blanket. He coaxed her gently. I'm here. Go to sleep.

She leaned close to his chest and smelled a scent that she had not smelled for a long time.

Ning Qing frowned slightly. Nian lie saw her frown. what's wrong? ”

“You've smoked,” ning Qing said with certainty as she sized him up.

Nian Xun was stunned. He didn't expect her to be able to smell it through the blanket.

Ning Qing was not too happy. what are you talking about with Nian che? why are you smoking? ”

"It's nothing," Nian lie said.

She gave him a lukewarm look, and he had no choice but to say a few words.

"I told him about his future and asked him to pay more attention to the people around him."

Ning Qing understood what he meant. do you want him to get married soon? "

Without waiting for Nian lie's reply, she voiced her thoughts.

I think Nian che is doing pretty well. The company needs his help, and he's probably just trying to help you more. He's not thinking about his own matters.

Nian lie didn't like to hear her talk about other men, especially after he found out that Nian Che's feelings for her weren't simple. He didn't feel good when he heard that.

His voice couldn't help but turn cold.

no matter how busy I am, I still have to deal with important matters. I'm as old as him. I'm in charge of the Nian family and you at the same time.

Ning Qing was a little surprised by his change. you're in a different situation from him.

"There's no difference." Nian lie's brows were deeply furrowed. nothing is more important than himself. How long can he walk alone? " I can't be single forever."

His words were a little harsh, probably because he remembered that Nian Che's attitude was similar to hers. He had made several shirks, as if they had an invisible tacit understanding.

Even though he knew that Nian che would not do anything.

Ning Qing nodded. that's true. The sooner he gets married, the less you and I have to worry.

Nian lie didn't like to talk about this matter anymore. alright, let's not talk about this. You sleep first.

"I can't sleep anymore," ning Qing blinked her clear eyes and said seriously.

"I'll coax you."

Ning Qing's heart, which had been down for a long time, warmed up. She did not want him to worry, so she gave him a little push. no, you have to take a shower.

Nian lie was helpless. alright, I'll go and take a shower.

Recently, she had been a little too indulgent with him. After some thought, she pulled on his collar and asked him, " didn't you stop smoking before? "

What she saw was his sexy Adam's apple.

His Adam's apple moved, and a low voice came out.

"Yes."

Nian lie rubbed his chin against the top of her head. you said you didn't like the smell of cigarettes.

“That’s why you endured it for so long?”

From what she remembered, he hadn’t smoked for a few months, and she hadn’t smelled the smell of cigarettes on him.

Nian lie lowered his head and smiled. if you don’t like it, what can I do if I don’t quit? ”

## [Chapter 915](#)

915 You’re my wife\_1

Ning Qing pushed him away slightly. then you’ve broken your precept today.

Nian lie looked at how lively she was and felt even more pampered. yes, it’s my fault. I won’t do it again.

“.....”

Ning Qing wanted to use this as an excuse. He had apologized so quickly that she had nothing to say.

On the surface, he pretended to be forced.

“Fine, I’ll reluctantly believe you, but you’re not allowed to smoke behind my back.”

Nian Xi tapped the tip of her nose. your nose is so sharp. I wouldn’t dare.

Ning Qing was satisfied. She let go of him and let him take a shower.

After washing up, Nian Xi answered a call that lasted for about three to five minutes. Then, she returned to the bed and hugged her.

“What’s the matter?” she asked casually.

“Schedule the surgery.”

Ning Qing’s interest was piqued. have you arranged it? ”

Nian Xi allowed her to find a comfortable position. He placed his palm on her waist and caressed it from time to time.

“Yes, it’s the day after tomorrow,”

Ning Qing thought of her own hand. She would be lying if she said she wasn’t nervous. She hoped so much for her hand to recover that she was afraid that the greater the hope, the greater the disappointment.

Nian lie could tell that she was worried. He comforted her gently. the doctor in charge of the operation is the most authoritative teacher. He has a high level of confidence in this operation. There will be no accidents.

With his assurance, ning Qing’s mood eased a little.

I’ll tell the servants to eat light food these two days. You’re not allowed to stay up late either. Take good care of your body and prepare for the surgery.

“Yes.”

Nian lie's heart softened even more when he saw how rarely she spoke.

He pinched her chin with his long fingers and looked into her watery eyes.

"Ah ning."

Ning Qing was a little stunned, and her eyes were filled with color. what's wrong? "

Nian lie's eyes scanned her entire face, but he didn't see anything unusual.

He touched his molar with the tip of his tongue and his eyebrows moved slightly. ah ning, your hand will recover, your body will recover, and everything will get better as long as you're by my side.

The sudden words of love made ning Qing a little confused.

Nian lie continued, " let's take a step back. If, Wanwan, and I'm saying 'if', your hand really can't recover, I don't mind at all.

"....."

"As long as you're by my side, nothing will stop me from taking care of you for the rest of my life."

His eyes were indifferent, but there were thousands of emotions flowing in them.

The usual coldness and ruthlessness faded away. He only had her in his eyes, sincere and warm.

In an instant, ning Qing understood what he meant.

The corners of her eyes were a little moist, and she smiled. what if I'm paralyzed in bed and can't take care of myself? you'll have to take care of me too? "

Nian lie knew that she had understood him. There was a gentle smile in his eyes.

"You forgot, I've already tried."

Ning Qing didn't understand for a moment. what? "

"The years when you were lying in bed," Nian lie said, looking at her with a meaningful gaze.

"You took care of me?"

Ning Qing was extremely surprised, but Nian lie could not deny it.

She was instantly dumbfounded. She remembered that she had once inquired about what had happened after she had become a vegetable. The nurse had once said that he had paid for all her hospitalization fees!

Ning Qing's fingertips trembled a little. you ...

In contrast to her agitation, Nian lie's tone was mild. you're my wife. You're mine whether you're alive or dead. I can't just leave everything to others.

"....."

How difficult was it to take care of a comatose person? not to mention, she was unconscious and needed someone to wash her body, do limb training, and do physical rehabilitation.

Ning Qing's thoughts were in a mess. He had done all these?

She could tell from Nian lie's expression.

He had done it before.

He often did it and was very skilled.

## [Chapter 916](#)

916 I won't leave you \_1

She didn't know how to express her complicated feelings. Nian lie didn't want her to feel burdened, so he stroked her hair and said, "it's all in the past. I brought it up because I wanted to tell you that no matter what you become, I'll still want you.

Ning Qing was so touched that her heart trembled. Nian lie Xuanji.

He couldn't bear to see her on the verge of tears, so he kissed her gently.

After tossing and turning in bed, he forced himself to leave her beauty. ning Qing, I will never leave you again in this life.

Ning Qing looked at his dark eyes and blurted out without thinking.

She saw his face darken at a speed that was visible to the naked eye.

Just as she was about to explain herself in a panic, Nian lie's gaze tightened on her.

the only way we can separate is if you leave me of your own accord.

Ning Qing did not know why, but she suddenly felt a sharp pain in her heart.

It couldn't be ignored.

Nian lie looked at her slightly pale face and asked, "where are you feeling unwell?" I'll get the doctor to come."

He wanted to get up, but ning Qing reached out to stop him.

She shook her head. She couldn't tell what she was feeling, but it was very uncomfortable.

Subconsciously, she pretended to be fine. no, I'm just a little sleepy.

Nian lie's penetrating gaze lingered on her face for a long time. go to sleep," he said after a long time.

Ning Qing blinked her clear eyes, which were still a little moist, pure and innocent. Her cheeks were flushed, and her lips were even more alluring because of the kiss just now.

He raised his hand to cover her eyes, his voice hoarse and sexy,"if you don't sleep, I can't guarantee that I can control Hanhan."

Before he could finish his sentence, he felt an itch on his palm from the movement of her eyelashes.

He took a deep breath and said " Vixen " before he lowered his head again.

The sound of the flute gradually rose.

The room was filled with amorous feelings.

\*\*\*

Ning Qing was very obedient. She adjusted her mentality and faced the upcoming surgery.

On the day of the operation, Mr. And Mrs. Ning were present, including Yan Sichen.

The few of them waited outside the operating room. For the first time, Nian lie didn't talk to Yan Sichen. He only gave him a look from afar when he came, then went to look at the operating room.

As expected, the surgery was very successful.

Ning Qing was pushed out of the operating room and into the ward.

She lay on the bed obediently, not a trace of discomfort on her face.

After Nian lie informed mother ning, he turned around to ask the doctor about the situation. When he heard that it was very successful, he was relieved to hear that she would rest for another month, and that she should not overexert herself.

When they returned to the ward, Yan Sichen had just heard what mother ning said and his gentle face was filled with gentleness. that's good.

When Nian lie stepped into the ward, the air seemed to have frozen for half a second.

He was unmoved. He walked to the bed and looked at ning Qing with concern.

Yan Sichen and the others saw what happened. Nian lie, how's Qingqing's condition? what did the doctor say? " father ning asked.

Nian lie gave him a polite look and said, " the operation was a success. You just need to rest for a while and wait for your muscles and bones to heal.

Father ning sighed. that's good, that's good.

"....."

There was another long silence.

Yan Sichen had also gotten what he wanted to hear. He got up and tidied his clothes. uncle ning, aunt ning, if there's nothing else, I'll take my leave first.

Mother ning stood up and tried to persuade her to stay. you've come all the way here. Why don't you wait for Qingqing to wake up before you leave? "

Yan Sichen smiled warmly and glanced at the bed. the doctor said that it's fine as long as there's no problem.

“.....”

“I still have something to do at the company, so I won't wait any longer.”

Everyone heaved a sigh of relief.

### [Chapter 917](#)

917 The operation was very successful (1:

Mr. Ning nodded. since it's something to do at the company, you can go ahead. Don't worry about Qingqing. We'll take care of her.

Yan Sichen nodded and picked up his coat from the sofa.

Father ning and mother ning were about to stand up to see him off, but he stopped them.

As he walked past the bed, he looked at Nian lie.

The man frowned. He was holding a glass of water in his hand and applying it to the woman's dry lips with a cotton swab.

After he was done, he picked up a towel and carefully wiped the sweat off her forehead.

“.....”

After doing all this, Nian lie got up slightly and placed the towel aside when he realized that Yan Sichen had not left.

Mother ning walked over. Her tone was light, but her concern was clear.

the doctor said she's fine, so you don't have to worry too much. If there's anything to do at the company, you can go and do it. Her father and I will take good care of her.

Nian Xi paused. it's okay, mom.

“I heard from your assistant that you didn't get much sleep last night.” if you're tired, you can go to the side and rest for a while. Her father and I may be old, but we still know how to take care of people, ” said Mrs. Ning.

In this way, he would be a fool if he still didn't hear her concern.

Nian lie's furrowed brows relaxed a little. don't worry, I know.

Mother ning stopped talking.

“.....”

At the door, Yan Sichen looked down and stood there for a while before walking away.

Nian lie glanced at him out of the corner of his eye. After he closed the door, he straightened his back and said, ” dad, mom, there are some things that I haven't explained clearly at work. I'm going out to make a call. You guys take care of her.

Ning Qing's mother frowned. you don't have to tell me that.

How could she not take care of her own daughter?

Mr. Ning waved his hand and said in a gentle tone, " go ahead. If there's an emergency, you don't have to rush back. Her mother and I are here.

Nian lie nodded and strode out of the door.

At that moment, there were not many people in the hospital corridor. It was abnormally quiet.

Nian lie's dark eyes were deep. His sharp gaze swept across every corner before he headed straight in one direction.

Yan Sichen stood beside the guardrail, looking down at the traffic and high-rise buildings below.

The footsteps behind him got closer and closer until they stopped on his right.

Nian lie didn't have much patience and said in an unfriendly tone, " speak quickly.

He wanted to go back to see ning Qing.

He had promised her that she had to see him when she woke up.

Yan Sichen obviously knew what Nian Junting was worried about. what are you talking about, Mr. Nian?  
" he pretended to be dumb.

"Yan Sichen, I don't have time to play riddles with you." Nian Xi sneered and warned.

He had paused at the door for a moment, obviously having something to say.

"....."

When he called him that, Yan Sichen's lips curved into an imperceptible arc, as if he was mocking him.

He did not expect that the two of them, who had been love rivals for so long, would have such a tacit understanding.

He didn't want to waste any more time. After all, he had been dealing with Nian lie for so long. He didn't have much patience for people and things that he didn't care about.

"Is Qingqing's hand really alright?"

"What do you think?" Nian lie replied coldly, his hands in his pockets.

Yan Sichen laughed. I thought you were deliberately hiding it because uncle ning and aunt ning were around.

Nian lie's eyes were cold. I don't have the habit of lying.

Yan Sichen glanced sideways. I do remember that you've been hiding something from them."

Nian lie's brows furrowed, and his sharp, eagle-like gaze shot over. what do you know!

He was ruthless, but he was relaxed.

This was the first time in so many years.

## [Chapter 918](#)

918 Do you really think you can hide it for a lifetime?

Yan Sichen stretched out his hands and pressed them against the guardrail. His upper body was slightly bent over, and one of his long legs was under the guardrail.

I heard that something happened to Qingqing and she needed a large amount of blood transfusion. As her parents, uncle ning and aunt ning didn't donate blood personally. Instead, a special woman gave her blood.

Nian lie's face darkened, but he didn't care.

I've known about the nings since I was very young, but recently, I realized that there might be something that I didn't know about the nings. So, I sent someone to investigate, and in the end, I found something that had been going on for more than 20 years.

More than 20 years ago

What else could it be?

It was nothing more than the fact that ning Qing and ning su were not the biological children of the ning family! And their true identities!

At that moment, Nian lie's face was beyond dark.

His expression was as cold as ice. In the eyes of others, he was like a dormant wild leopard, waiting for the opportunity to launch a fatal blow to the enemy.

Yan Sichen pretended not to hear her and even his voice was calm.

He did not expose her, only saying, "looking at you, I'm afraid you didn't tell her the truth." &Nbsp;

Nian lie's eyes darkened. so what if I did? so what if I didn't? "

What did it have to do with him?

Yan Sichen turned around, his expression no longer as relaxed as before.

you didn't tell her, which means you're planning to keep it a secret and hide the truth about her birth.

"....."

His face was solemn. she's the party involved and has the right to know the truth, but you only know how to lie to her and hide it from her. Have you ever thought about how painful it is for a person to be deceived by the people around her from the beginning? "

Nian lie hated it when hostages asked him questions, not to mention Yan Sichen.

Not to mention that he was questioning him from ning Qing's perspective.

What right did he have?

no one wants to lie to her. Nian Ying suppressed his anger, his eyes dark.

Just like his parents, he only wanted her to be happy.

Especially him.

Ever since they had reconciled, he had seen her as gentle and lovely, with great hope and kindness for the world.

She was alive and fresh.

Sometimes, he would think that she was still the same person as before, without any change.

However, the truth was that she had gone through the deepest pain he had given her and had also endured that dark time with great difficulty.

It wasn't easy.

She relied on herself to climb through the swamp of fate, tearing through pain and despair, and finally climbed to the shore alive.

And the so-called background and the "truth" from six years ago would only break the current peace.

The truth would make her suffer.

And he didn't want her to return to struggling in despair.

Yan Sichen glanced at him lightly.

"Isn't it hiding something if you don't tell me?"

The darkness in Nian lie's eyes intensified.

"Do you think that you haven't hidden enough from her: : the other party continued in: heart-jabbing manner.

As soon as he finished speaking, he felt a strong force coming from the side.

The clothes on her chest were tightly twisted, and even her breathing became difficult.

Yan Sichen was pressed against the guardrails, and Nian lie's expression was already on the verge of losing control.

His forehead throbbed, and the veins on the back of his hands bulged.

"What are you trying to say!"

Yan Sichen narrowed his eyes and said with difficulty, "I want to say, Nian lie, no matter if it's twenty years ago or six years ago, those things are in the past. However, the truth is the truth. It can't be buried forever.

"....."

The man didn't respond, but he exerted more force.

Yan Sichen's entire back was about to break and his face was pale.

you should remember that three years ago, she already had signs of regaining her memory. Now that so much time has passed, do you really think she can't remember?"

Nian lie's pupils contracted fiercely. Yan Sichen saw this and didn't stop.

"Those things can't be hidden forever."

919 The precursor to memory recovery (1:

Nian lie suppressed his anger with all his might, but his words didn't sound like a reminder. They sounded more like a provocation.

He couldn't hold back his gentle temper for many days, and the hidden violence emerged one after another. her business is none of your business! I don't need you to remind me!"

Yan Sichen's breathing was intermittent, and his eyes gradually became unkind.

"It's true that I don't want to care, but I can't just leave her be after how you've treated her!"

"Bang!"

The iron fist hit the side of his face, and a crisp sound came from his lower jaw.

Nian lie's crushing strength pushed half of his body out of the guardrail, causing the people below to scream.

Yan Sichen held his hand and refused to admit defeat. it's useless for you to vent your anger on me. Even if you push me down today, she'll still remember it sooner or later.

"....."

"You can't possibly think that the peace between the two of you will last forever. Nian lie, this is an illusion. It's just an illusion that you haven't torn away the past."

"....."

"Didn't you say that you're smart and that you can calculate everything? Have you calculated the result of her remembering everything?"

Nian lie's expression was almost contorted. His handsome face was ashen, and his eyes were dark and gloomy. It was extremely terrifying.

"Yan, si, Chen!" He said through gritted teeth.

"....."

He couldn't speak, nor did he resist. His chest slowly suffocated.

All of a sudden, Nian Yu let go of him.

"Cough cough!"

Yan Sichen coughed violently and his tears were forced out.

She saw Nian lie take two steps back, his expression still extremely ugly.

“What’s the use of your medicine?”

Yan Sichen tried his best to hold back his cough and glanced at him.

Nian lie was about to be angered by his expression again. He said slowly, “ that medicine was originally used to treat patients with terminal illnesses. It could weaken their ability to sense pain and also make them forget the painful memories of their illness. However, that medicine was not mature at the time. Cough, cough, cough, cough, cough, cough, cough, cough.

He couldn’t help but cough twice.

His voice was also a little weaker and a little hoarse.

she felt that because of you, she caused the death of ning su and her child, and then was abandoned by you, so she felt sorry for everyone. In her despair, she insisted on participating in the drug experiment.

“.....”

I didn’t agree to it at first. If she didn’t beg me and I didn’t see her suffer, I wouldn’t have agreed to let her use the medicine.

Nian lie had long since understood the past.

But now, listening to Yan Sichen’s description, he still felt cold all over, as if he was in an ice cellar.

He would probably never know what kind of mental journey ning Qing had gone through at that time, to the point where she would use herself as an experiment in despair, just to forget everything about him.

Yan Sichen’s tone softened when he sensed the sadness coming from him.

due to her immaturity, she experienced fainting, vomiting, and headaches for the next three days after taking the medicine. After fainting for the last time, she never woke up again.

He straightened his body slightly. fortunately, she woke up two years later and successfully forgot everything. But I asked the medical team back then. In her condition, it’s likely that she will slowly recall some memory fragments. At a certain time, she will remember everything.

Nian Xi clenched his fists tightly, his palms turning white. He tried his best to suppress his panic and raised his eyes coldly. How long have you been in a daze? ”

Yan Sichen leaned his back against the guardrail. according to the current situation, she showed signs of recovery three years ago. As for her recovery in the past three years, no one knows.

920 Remind him (1:

“.....”

He became serious. I suggest that you find a chance to ask her.

The man let out a cold laugh, and then his eyes became even sharper.

“She’s very smart. If she’s safe and sound for the past three years, my probing will only attract her attention.”

Of course, Yan Sichen knew that ning Qing was smart. His voice deepened a little. I asked you to find an opportunity, not to ask directly.

Nian lie laughed coldly again, the frost in his eyes intensifying.

He felt that he couldn’t get through to him, so he only said, “anyway, contact me when you have results.” &Nbsp;

He was about to leave when Nian lie waved his hand and knocked him against the guardrail.

Yan Sichen’s face turned pale again. He finally couldn’t bear it anymore. Nian lie, don’t push your luck!

If it wasn’t for ning Qing, he would never have told him this!

Nian lie wasn’t afraid of his imposing manner at all. if she’s been thinking about those things for the past three years, ” he asked coldly, ” how long will it take in the future? ”

Yan Sichen glared at him fiercely and pursed his lips.”It could be as long as two or three years, or as short as a few months, a few weeks, or even a few days.”

Nian Yu glared at him. you tricked me!

I’m telling the truth. If she’s seriously stimulated, she might immediately remember!

Nian lie gritted his teeth, his jaw clenched tightly. His expression was frighteningly grave.

Yan Sichen also stopped talking.

“.....”

A deathly silence spread, and the entire corridor became even more eerie and terrifying.

Yan Sichen calmed his breathing and stopped coughing. He slowly panted.

His face was pale, and his hands touched his neck, relaxing the tension he had just felt.

you better not let me hear you say those things to anyone! Nian Yun said fiercely.

Yan Sichen paused for a moment, but the man had already turned around and left. His windbreaker fluttered in the wind, making him look even more cold and unapproachable.

He loosened his collar and shook his head. The side of his face was numb from the pain.

What a cruel and merciless fellow.

He had almost strangled him to death.

I just don’t know if he’s taking my words to heart, Yingluo.

Yan Sichen looked worriedly in the direction that the man had left. He lowered his head, thought of something, and laughed at himself.

That was true.

He didn't have to worry too much about their matters.

Yan Sichen only left the hospital after he regained his senses.

Nian lie hurried to the door of the ward, but he didn't dare to push the door open and enter.

Yan Sichen's words were like a curse that kept ringing in his ears.

He thought of the distant past, as if a knife was stabbing his heart.

If he was in such a state, how could she bear it?

However, would she still be with him if she told him everything?

Now, Nian lie felt like he was standing on a wooden bridge, swaying left and right. He didn't know whether to advance or retreat.

For the first time, this man who had planned everything out had lost his direction!

“.....”

He stood at the door for a long time, forcing the pain away before pushing the door open and entering.

He looked at the bed and subconsciously said, “dad, mom, Wanwan.”

The three people's gazes followed.

This included ning Qing's.

“You're awake!” Nian Xi was stunned, then said in joy.

Ning Qing had just woken up, and there was anesthetic in her hand, so she didn't feel any pain.

When she saw how concerned her parents were, she didn't feel like crying at all. But when she saw how happy he was, for some reason, tears filled her eyes.

Qingqing just woke up and was asking where you went, Yueyue. Qingqing, why are you crying?”

Mother ning was flustered. She wanted to take a tissue to wipe her tears, but she couldn't match Nian lie's speed.

He came to the bed and wiped her tears with his sleeve. His words were filled with panic. don't cry, don't cry.
