

Chapter 1907 The Banquet Of Craig Family

Connie was confused.

What happened? Why was Jeffrey so surprised while she still had the watch in her hand?

Did Trevor really steal something and they found it?

God seemed to be helping her. Connie couldn't let Trevor continue treating Jeffrey. If Jeffrey completely recovered, she would be doomed.

After a while, Jeffrey finally came out of Trevor's room with a strange look on his face.

He held the badge he had taken from Trevor's suitcase. He was not sure if it was the badge of the Sanderson family, so he decided to take it out and secretly show it to Braden.

The Archer family was very close to the Sanderson family. As the master of the Archer family, Braden naturally recognized the badge at a glance. He was shocked at the sight of it and his jaw dropped.

Braden was about to say something, when he saw Trevor motioning him to keep quiet. Braden understood that Trevor didn't want people to know his true identity, so Braden quickly calmed down and swallowed back his words. He was confused though.

He couldn't understand why the young master of the Sanderson family would hide his identity.

At this time, Braden was both scared and angry. He was scared of Trevor now and he was angry at his daughter. How dare Connie frame the young master of the Sanderson family?

Without a word, Braden turned around and slapped Connie so hard she fell on the floor.

Connie was utterly shocked, and the scars on her face worsened. She said in a confused and aggrieved tone, "Dad, why did you hit me?"

Braden just glared at Connie and snorted coldly. He clearly had no

intention of explaining anything to Connie.

It was well known that anyone who dared to offend the Sanderson family would face very serious consequences. By punishing Connie on the spot, Braden was actually protecting her.

Just then, Braden saw the watch on the floor. It was the watch Jeffry had lost and it fell out when Connie fell.

It suddenly dawned on Braden that it was his dear daughter who was behind all this trouble.

Braden was so furious his face turned red and he roared angrily, "So it's you! How dare you frame up this skilled doctor? How can I have a child like you? Get out of here right now. I don't want to see your face again!"

The shock and intense emotions were too much for Braden to handle and he eventually fainted.

Seeing that she had been exposed and that her father was so mad at her that he passed out, Connie got scared and she fled away in a hurry.

Trevor, on the other hand, wasted no time and resuscitated Braden.

When Braden woke up, he quickly apologized to Trevor out of fear. He had no desire to fall out with the powerful Sanderson family. Braden looked at Trevor with a complicated expression and promised seriously, "Don't worry. I will punish my daughter severely for what she did."

Connie is not a bad person. She just needs more education. I apologize to you on her behalf. Please not bear a grudge against her.

I know the reason you came to Clouauro was to get in touch with the Craig family. The Craig family banquet would be held soon. How about you attend it on behalf of my family?"

Trevor thought for a while.

He figured it would be best to attend the banquet in the name of Archer family than to go there with Ewing.

With that in mind, he agreed.

"Thank you very much, Mr. Archer. Please keep the matter of the Sanderson family a secret. I don't want to expose my identity yet," Trevor said in earnest.

Braden nodded in agreement.

The next day.

Trevor went to the Craig family's banquet with Luisa. He made sure to take the invitation of the Archer family with him.

When they arrived at the door of the banquet venue, they ran into Curtis. Curtis recognized Luisa almost immediately and walked up confidently to her.

This place belonged to him. Curtis acted as a gentleman and said politely, "Miss Burke, I didn't expect to meet you here. You are still so beautiful. Can I invite you in?"

Unfortunately for him, Trevor stopped him with a snort.

"Why are you so shameless? How can you accost a woman when you see she is already with someone?"

Just then, Curtis turned his head to look at Trevor. He immediately recognized Trevor and said angrily, "What is a simple security guard doing here? Don't you even know what this place is?"
