

Chapter 1925 The Return Of The Sanderson Family

The news that his father just broke to him plunged Trevor into deep thought.

The Sanderson family had been in bad shape for a long time. His grandfather and his father were finally going to return. The tables were going to turn at last. After such a long time, the Sanderson family was finally going to be prosperous again.

Trevor cast a cold look at Curtis and said to Ronald on the phone, "Dad, I'm in serious trouble in Clouauro. I can't explain it to you now. I need you to help me invest in the Archer family, and also to destroy the Craig family in Clouauro!"

On the other side, Ronald nodded calmly and replied in a relaxed tone, "No problem. The Archer family is actually a subsidiary of the Sanderson family. It's time to let everyone know that the Sanderson family is finally back. No one can provoke anyone related to the Sanderson family. We'll make an example of that Craig family you just mentioned!"

Curtis didn't have the slightest idea how much trouble he had brought to the Craig family.

Staring at Trevor who looked so serious on the phone, he sneered and said disdainfully, "Do you intend to make the Craig family go bankrupt? The Archer family who was your backer is done. Why are you still so arrogant? No one is fooled by your bluffs anymore. You are just a security guard. Now, you'd better get the hell out of Clouauro!"

Before Curtis finished his words, Braden received an incoming call from Jeffry.

Braden was in a daze just now and it was his phone ringing that snapped him back to reality. He picked up the call in a daze, waiting for Jeffry to announce the bankruptcy of the Archer family.

However, what he heard sent a wave of excitement through him.

"Dad! Our family has come back to life! I don't know who but someone is buying the shares of our group at a high price. The situation is

significantly better now and it keeps improving At last, dad... our group
has been saved!"

At the same time, the master of the Craig family also came out.

He looked flustered and anxious. He walked over to Curtis and asked angrily, "What have you done? A mysterious entity is suddenly attacking our group and now we are almost bankrupt!"

Curtis was stunned. He instantly understood that the young man in front of him was not bluffing just now.

Curtis had just asked his men to destroy the Archer family, but in no time, Raven managed to flip the tables.

Curtis was embarrassed and anxious and he didn't dare to tell the truth to the master of the Craig family. He stammered and explained, "I don't know what is going on. The Archer family is about to be destroyed. There is no means to fight back. How could there be an entity in Clouauro so powerful they can destroy our family?"

On the other side, Trevor didn't want to waste time listening to Curtis. He cast a cold glance at the man and ordered, "Hand over Luisa, or you can be sure your family will go bankrupt today! If you insist on holding her hostage, I will be forced to kill every single member of your family one after the other."

The noise outside drew Luisa's attention, and she came out to see what was going on.

Upon seeing her, Curtis's face darkened and he muttered under his breath, "Damn it! I can't hide it anymore!"

Trevor's gaze also fell on Luisa who had just walked out of the villa. He was instantly overjoyed and shouted, "Luisa! Are you okay? Come to me. I'm here for you!"

As he spoke, he walked over to her excitedly.

However, after being deceived by Curtis, Luisa was on guard against everyone, including Trevor.

Her amnesia was so severe she couldn't even remember Trevor's voice and face.

Even though she was sure that Curtis was not her fiancé, Trevor, and that he was a bad guy, she still didn't believe that the person in front of her was Trevor.
