

## Chapter 1987 Can You Represent The Wright Family

Trevor smoothed Luisa's messy hair and whispered tenderly, "I'm listening Go ahead!"

Luisa hesitated for a few seconds before finally muttering, "Do you like..."

She was going to ask him if he liked Cecelia, but before she had time to mention Cecelia's name, she saw two people approaching from a distance.

They were Cecelia and Henrik.

As soon as Luisa saw them, she shut up almost immediately.

Duran, on the other hand, was overjoyed when he saw Cecelia and Henrik.

Even though Duran didn't like Henrik and Cecelia was Henrik's sister, he felt differently about Cecelia. After all, Cecelia was older than Henrik and she was more mature. Duran therefore thought that Cecelia would be on his side because she would want to protect the honor of the Wright family.

With this in mind, Duran quickly stood up and shouted, "Cecelia, you come just in time! Trevor is constantly bullying people in Dreles just because he is the young master of the Sanderson family. He even had the guts to come to our family's business and hit me. It is clear that he has no respect for the Wright family. Cecilia, call all the bar security here. Trevor must not leave until he gives us an explanation for his actions."

While speaking Duran gave Trevor a stern look.

The meaning in his gaze was crystal clear.

He wanted Trevor to know he was screwed!

Duran's feeling of triumph did not last, however, as Cecelia's response caused his face to darken.

"Duran, how could you, as a member of the Wright family, lower yourself to the point of stalking Luisa? Such actions bring shame to the Wright family!"

Cecelia's brows furrowed tightly as she spoke, and there was obvious anger and disdain in her eyes.

Duran was speechless. Something was wrong. How could both Cecelia and Trevor know that he had followed Luisa?

Cecelia was right. As a member of the powerful Wright family, what he did was humiliating.

Feeling embarrassed, Duran quickly changed the topic. "That's not the point. As you said, I'm a member of the Wright family, just like you. You have no right to scold me."

Cecelia couldn't believe someone could be so unreasonable.

Trevor had been quiet for a long time, and now he had enough. He glared at Duran and said sternly, "You'd better stay away from Luisa. If you dare to harass her again, not even the Wright family will be able to protect you!"

Trevor's threat secretly made Duran happy. Such words were a clear provocation of the Wright family.

Duran thought he could use Trevor's words to make a scene then and there.

So, with that in mind, he pointed a finger at Trevor and snapped, "Damn it! Did you just declare war against the Wright family? Answer me!"

Duran was yelling so loudly and acting so arrogant that Henrik couldn't stand it any longer.

Without warning, Henrik stepped forward and slapped Duran hard across the face. The slap was so hard that Duran was knocked down at once. His face turned red and swollen.

Henrik's eyes were red with anger and he roared at Duran, "Do you think you can speak for the Wright family? How dare you say Trevor declared war against the Wright family?"

Lying helplessly on the ground, Duran's eyes were red and he covered his swollen face. He deeply regretted his reckless words. At this point, all he wanted was to leave here as soon as possible.

Unfortunately, Trevor had no intention of letting him go.

With a cold face, Trevor stepped on Duran's leg.

"Trevor! What... What are you doing? Don't..." Duran shouted in panic.

Ignoring Duran, Trevor looked at Luisa in his arms, and asked in a soft voice, "Luisa, did this man harass you earlier tonight? If he did, just tell me. I'll break his leg as a punishment"

Trevor's tone was calm, but what he said was enough to make Duran shiver.

Since Cecelia and Henrik were there, the security guards of the bar had no intention of interfering. So, they wouldn't stop Trevor even if Trevor really decided to break Duran's leg.

Duran was so scared that his whole body trembled and he looked at Luisa with pleading eyes.
