

Chapter 2016 The Real Manipulator

"After investigating for a long time, I think I have found the identity of the backstage manipulator. It should be Kenny, Henrik's uncle!" Trevor said with a gloomy face.

Luisa was stunned upon hearing this and her eyes widened. She considered Kenny to be old school and didn't think him killing the assassin was a big deal.

She felt that if the gun had been in front of her, she would also have fired without hesitation.

Confused, Luisa asked seriously, "Trevor, what makes you think that Kenny is the manipulator?"

Of course, Trevor wouldn't hide anything from Luisa. He looked at her and explained, "Remember the last time we visited Henrik's grandfather? You should know that some of the Wright family's drugs have the side effect of impairing people's ability to think and make them obedient."

When we met Henrik's grandfather, I deliberately mentioned the Wright family's secret medicine, which led Kenny to start the conversation with me. If he had nothing to do with all this, then he shouldn't know anything about the secret medicine of the Wright family. When I realized that he knew so much about the medicine, I began suspecting him."

Luisa was in utter shock. However, she listened carefully to Trevor and refrained from interrupting him.

"Besides, do you still remember that it was Kenny who asked you and me to join Henrik and Cecelia in cutting the cake? I felt something was wrong almost immediately. Normally, only the birthday person and their immediate family can cut the cake. So there was no reason for Kenny to ask you and me to help cut the cake."

That brought me to a clear conclusion. Kenny knew there was an assassin at the banquet, and he asked the four of us to cut the cake so the assassin could easily kill us at the same time. I also noticed something quite peculiar when Kenny shot the murderer. Despite his troubled appearance, his eyes were perfectly calm.

An ordinary person will have difficulty aiming correctly and won't be able to shoot straight at someone's head when they are in a situation of anxiety. However, Kenny landed a perfect shot. This shows that he is not the simple man he makes himself out to be. Once you figure that out, you understand that it wasn't out of panic that he killed the assassin. Instead, Kenny must have killed the assassin to silence him."

Trevor's tone was very serious as he explained his deduction to Luisa.

He still remembered that look on the assassin's face when he asked about the assassin's companion. The assassin had then looked at Kenny in shock.

Trevor quickly figured out that Kenny must have killed the assassin's companion.

After hearing Trevor's explanation, Luisa's face turned pale.

"Trevor, let's call the police!" she said seriously. She wanted Kenny to be sent to rot in jail for all his crimes.

Trevor smiled and replied patiently, "This matter is related to Mobius. The police cannot solve it."

After saying that, Trevor pulled out his phone and called Jasmine. He asked Jasmine to send the Klein Tactical Team to the Wrights' house immediately.

The banquet was over now and all the guests had left already. Only the members of the Wright family were present. The tactical team could therefore carry out their mission more efficiently.

When Trevor hung up the phone, Luisa asked in surprise, "Honey, are you going to take action so soon? Won't you be putting the enemy on alert?"

Trevor shook his head and said, "Kenny's hesitant demeanor is just a facade. In fact, he is a cruel and determined person. Just the way he shot the assassin showed his true nature. We must therefore act immediately. He shouldn't have time to prepare his next attack."

After saying that, Trevor turned his head and looked in the direction of the Wrights' house with a complicated expression.

He hoped that Henrik would listen to him and leave the Wrights' house with Cecelia as soon as possible.

As Trevor and Luisa were about to leave, they heard the sound of an

explosion coming from the Wrights' house.

Trevor immediately freaked out. He was actually worried about Henrik and Cecelia.

"Luisa, you go back to the villa first. I'll go to check what's going on in there," he said.

While Trevor was worried about Henrik and Cecelia's safety, Luisa was worried about Trevor's. She shook her head and said firmly, "I'll go with you! We should go through everything together!"

Seeing that she was determined to go with him, Trevor had no choice but to agree. "Alright! I'll give you Klein Tactical Team's ID card. When they arrive, you lead them into the Wrights' house."

He handed the identification card to Luisa as he spoke.

Luisa took it and said softly, "Okay! Be careful!"

Trevor nodded before hurrying to the Wrights' house.

When he entered the house, the scene in front of him left him in shock.
