Chapter 2027 The Supplier Of Newmere Cosmetics

Trevor gave Jasmine a call, instructing her to handle Kenny's body properly.

After that, he took Luisa and bid farewell to Henrik and Cecelia, bringing the Wright family issue to a close.

As Trevor strolled with Luisa, he grinned and inquired, "Luisa, have you made any decisions on who will be the bridesmaid? It's our wedding; let's make it spectacular."

After some contemplation, Luisa responded, "I'd like Zoie to be my bridesmaid. She is the secretary at Newmere Cosmetics, putting in a lot of effort. If she's my bridesmaid, she can take a break for a day."

A smile played on Trevor's lips upon hearing Zoie's name. "Back when I was posing as Dragon, Zoie assisted me in wooing you. She deserves an invitation to our wedding."

Blushing Luisa cast a coy glance at Trevor.

So, they opted to surprise Zoie, making an unannounced visit to Newmere Cosmetics where she worked.

Upon arriving at the company, they coincidentally crossed paths with Zoie.

She was storming out of a meeting room, clearly upset.

Spotting Luisa, Zoie momentarily concealed her irritation and greeted Luisa with surprise. Running over, she grabbed Luisa's hand and questioned, "Luisa, what brings you here?"

Observing Zoie's gloomy demeanor, Trevor directly inquired, "Zoie, what had you all riled up back there?"

Shooting a quick glance at Trevor, Zoie furrowed her brows and spoke cautiously. "This is classified company info. Can't spill the beans to you."

She then drew Luisa to the side.

Noticing Luisa's strong bond with Trevor, Zoie whispered, "Luisa, what's the deal between you and Trevor?"

Sporting a sweet smile, Luisa replied, "We're engaged. Also, we are planning to tie the knot soon. We dropped by Newmere Cosmetics to extend an invitation for you to be my bridesmaid."

Zoie, baffled, couldn't comprehend why her bestie had fallen for Trevor. "Luisa, didn't you endorse the pursuit by Dragon?"

Wearing a quirky smile, Luisa stated, "I kinda did, but kinda didn't."

On the sidelines, Trevor overheard the conversation and burst into laughter.

Zoie gazed at them, shaking her head in confusion.

What was Luisa getting at?

Zoie yearned to inquire further, but a lecherous and repulsive male voice from the meeting room interrupted the conversation.

"Miss Zoie, how about reevaluating my proposal? If you choose to accept, you'll snag a higher position at Newmere Cosmetics. Wealth and treasures will be yours!"

Zoie's expression soured at this proposition.
