

More Than Lust(69) Together!) -

Authors pov

Grace blushed and pushed him on the bed. Dominick laid on the bed as she hovered over him.

She kissed him passionately before taking off his pants.

Grace kissed his jaw and neck making him groan.

She pampered kisses on his chest slowly travelling downward.

He sucked in breath when she touched his hardness. Her small hand gripped his length and started massaging it.

His head rolled back when she licked the tip, she slowly took his length in wrapping her warm mouth around it. He gulped when spark travelled in his body. He would have take control but he was immovable because of his injured arm.

He slide his hand in her hair and fisted it but didn't forced it. Her gagging told him that she is struggling.

Grace sucked on it and bobbed her head up and down, he is huge for a beginner like her. Her eyes watered and she tried to breath through nose.

"I am cuming"

Dominick breathed out.

She squeezed his balls and he let himself go. He threw his head back and grunted in pleasure.

Grace wiped her mouth and looked at him. Dominick sat up and pulled on his lap making her strangle his waist.

He kissed her neck and chest making her moan in pleasure. First time Grace let go and drown in pleasure. It felt good to let it go. She wasn't feeling guilty anymore. This man was feeling like a stranger now. She could feel connection building between them, not only her body but her soul was liking it too.

"I am not good at it"

She blushed.

He Smirked.

"Don't worry, we'll get enough chances to make you perfect..."

Grace smiled and roamed her hands on his chest. She kissed his chest slowly while rubbing her wetness on his length and bringing it back to life.

She got rid of her clothes and slowly took his length inside, Dominick kissed her neck and Played with her breasts.

"You have no idea how much I was waiting for this moment."

He breathed out and she moaned in response.

Her walls clenched around his length as she ride him passionately. He grabbed her thigh with his hand and looked at her with her with satisfaction.

She made him cum once again and her whole body trembled when she climaxed with loud moan.

She fell on his chest while panting heavily. He kissed her forehead and wrapped his free hand around her waist.

"I am sorry Grace... I am sorry for whatever I did to you and the way I treated you..."

He said.

"Thanks for saving my life"

She replied resting her head on his chest.

"I am not angry anymore but i expect you to communicate with me before making any decision... You can't just drag me in your life or throw me out whenever you want. You should ask me, what i want."

"Okay, I promise"

He replied.

"I wish, we could have get better beginning... I had any idea that i am going to fall for this cute bunny then i would have prepared myself for better."

Grace chuckled.

"What made you think that i would have choose the Mafia boss... I wouldn't have stand beside you let alone dating you."

"Okay then it's good that we met like this."

He chuckled.

"But you are not that scary... I was scared for no reason."

She smiled.

"It's yours fault... You fainted because of it."

He laughed.

She hit his chest playfully.

"It's not funny... I was dehydrated at that time. It wasn't because of fear"

She pouted but he didn't stop laughing at her.

She smiled looking at his laugh.

"Laugh, i am going to complain about you to Maa."

She said and he stopped laughing.

"Okay sorry"

He chuckled.

"I brought you food but____"

She looked at the cold food which was on the table.

"Do you want to come down to eat with everyone?..."

She asked.

"Okay, let's go."

He nodded.

They cleaned themselves and she helped him to wear clothes. Dominick was never happy like this. He almost lost hope but everything became normal.

He realised that his father was right, he couldn't have her with his fear but she herself came to him when he took care of her. Now he understood how his father managed to keep his mother happy even after so many years of marriage.

"Make my hair... I can't use my hands"

He demanded.

"You were fine in bed"

She teased making him chuckle.

Grace fixed his hair.

"God! You are so tall..."

She huffed.

"I am perfect, you are short."

He replied.

"Excuse me"

She looked at him offended.

"But you look cute..."

He kissed her nose tip making her blush.

They both walked downstairs, everyone was sitting in living room.
All of them smiled when they saw Grace and Dominick together.

"Oohhoo! someone is smiling"

Raajnandini teased Dominick.

Anamika smiled at Grace.

"You two look good together... Stay like this, always!"

"Come on now, i am hungry..."

Alexander said and looked at Dominick.

"Don't forget we have guest to take care of."

He was talking about Rafael. Dominick Smirked at him.

"Later! we have so much things to do... We didn't do anything properly. Maa, we have new year party in two days."

Raajnandini said.

"It's okay, I'll take care of it."

Massimo said.

"Thank you Father in law, you are so sweet."

Bella teased and Massimo Groaned making everyone laugh.

"Alex for fuck sake, keep your annoying wife away from me"

Massimo said and Alexander chuckled.

"How can you call me annoying... I thought you love me."

Bella suppressed her laugh while faking her sad pout.

"You didn't even give me Christmas gift..."

"At least spare him Bella"

Alexander clasped her naughty mouth.

"I swear, even devil will run away from this girl."

He cursed and dragged her towards the dining hall.

Everyone laughed at them.

"What did she gifted you?"

Anamika asked Massimo.

"Pink toy gun"

Massimo rolled his eyes and Anamika burst out laughing along with everyone.

"At least yours is calm one... I don't know what Alex has got."

He said to Dominick.

Dominick smiled at Grace.

They all had dinner together while talking and laughing. It was a big happy family.

Dominick couldn't take his eyes off of grace. She was looking happy. He captured this moment in his eyes to carve it in colours.

He doesn't want to end this moment. He can happily take thousands more bullets for her.

Grace got busy with girls, they were excited for new year.

"are you done eye fucking your girl? I have a Christmas gift for you"

Alexander Smirked at Dominick.

They both sneaked towards the basement while everyone was busy.

"You have no idea how difficult it was to keep him alive"

Alex huffed.

"But i thought you will love to do it by yourself."

Dominick entered the basement and Smirked looking at Rafael's condition.

"You never disappoint me, Alex."

He chuckled.

"But you left nothing for me... You enjoyed it by yourself"

He looked at Rafael.

"How did you even thought that I'll let you have her... She is mine and she will always be mine."

Rafael was almost half dead, Alexander has tortured him to death. He started screaming when he saw Dominick.

Dominick kicked his chair angrily making it fall on the floor along with bounded Rafael.

His screams died when Dominick shot him dead.

"Do I have blood on my clothes?"

He asked Alexander.

"Nope, perfectly clean"

Alexander Smirked.

"I don't want to scare her... It's just getting normal"

Dominick fixed his shirt and walked out. He went to Grace and sat there like he didn't just killed a man.

Authors pov

Three months later.

Grace looked around and carefully sneaked inside their bedroom. She grinned evilly when she saw Dominick sleeping on the bed.

She tiptoed towards him and snatched the bedsheet away but her face turned confused when she saw pile of pillows instead of Dominick.

"Ahhh"

She screamed when he grabbed her from behind.

"Caught you."

Dominick caged her against the wall.

"I am playing this game since childhood... You can't win against me."

He Smirked.

"This is cheating."

She pouted.

"I want to colour you first."

It was Holi and They were playing with colours.

"First tell me what do you know about Holi."

Dominick asked.

"Umm... Okay, maa said it's a festival of colours and it celebrates spring, love and new life... She also told us story but I can't explain, it little difficult."

She said.

"Can I colour you now."

She asked showing him her fists which were full of powder colour.

Dominick smiled and released her hands. Grace grinned and smudge colours on his cheeks.

"My turn now."

He Smirked.

Dominick grabbed her arms and pulled her closer. He rubbed his cheek on hers colouring her with love and happiness. Grace blushed when he did that.

"Red suits you"

He pecked her lips.

"It's so much fun..."

She said excitedly.

"Everyone is wearing white and we are going play songs in few minutes, we all are going to dance. Do you know, there are so many sweets, it's smelling delicious in the kitchen... This festival is so much fun."

Dominick smiled at her excitement. It's been three months since they are living happily. She has filled his life with happiness.

Grace sometimes cried because she can't become pregnant but Dominick assured her that they will surrogate when it's a right time. They made peace with the fact that not every woman is healthy enough to carry a child and it's fine, it doesn't make her any inferior. People need to understand that this is not the only important thing in woman's life. And surrogate child doesn't make her less mother, it will be her child and she will love that kid more than herself.

Dominick Never treated her different because of that, and it made their relationship more stronger.

Grace has shown incredible growth in her field, she has handled the finance department very efficiently.

Her father is doing well in rehabilitation and actually showing improvement. She couldn't help but cry whenever she sees him trying to to fight his addiction but she is happy that he is trying and all thanks to Dominick.

In these three months she has got connected with him like nothing before. She realised how much he loves her and how much she needs him in her life. She realised that she is in love with him too. He never missed any chance to make her happy and smile.

"Dominick i want to tell you something."

She said nervously.

He looked at her.

"Hmm"

Grace tried to recollect what Anamika has taught her.

"Main tumse pyar karti hu" (I love you)

She said and Dominick looked at her shocked. It was looking cute in her American accent.

"What did you say?"

He asked in disbelief.

"Te amo" (i love you)

She said in Italian.

Dominick smiled widely and captured her lips in passionate kiss.

"I love you too..."

His heart fluttered when she finally confessed it to him.

"Who is teaching you all this?"

He chuckled.

"Everyone... And it's so fun."

She smiled.

"Alex has taught me something."

"What is it?"

He knows that alex can only teach her bad things.

"Tum pagal ho"

She said and Dominick shook his head.

"Do you know what does it mean."

He asked and she nodded.

"It means you are crazy."

She laughed and ran away after tickling him.

"Brat"

Dominick cursed and started running behind her.

Corridors filled with their laughter.

Grace screamed when Dominick caught her and picked up bridal style.

"Okay then let's do something crazy."

He Smirked.

"Ohh no!"

She shook her head.

"Ohh yes!"

He grinned evilly.

He carried her outside and threw her in a pool of colourful water.

"Happy holi my wife"

He teased her.

"And happy Holi brother."

Alexander came from behind and kicked him in the pool with evil grin.

"Alex you bastard."

Dominick cursed and Grace laughed.

"Maa!"

Grace screamed when he looked at her evilly.

"Dominick!"

Anamika yelled his name.

"WHAT?"

Dominick and Alexander yelled at the same time making Anamika look at them madly.

"You two stick to your names otherwise don't change it in first place..."

She scolded.

"I am talking to Dominick who is in pool... Don't play in water it's dangerous, come out both of you."

She scolded.

"Okay!"

They yelled in response and She smiled remembering how they used to yell just like this when they were kids.

Dominick grabbed grace by waist and pulled closer.

"Looks like my mother cares for you more than me."

"Thanks for giving me this family."

Grace pecked his lips.

"It feels like a dream... I never thought that it will end up like this..."

She smiled.

"This is not the end... It's just a beginning."

He smiled looking at her adoringly.

"I knew it's more than lust... You have no idea how happy I am to hear those words from you... Say it again."

Grace wrapped her arms around his neck.

"I love you..."

"Again"

He smiled.

"I love you"

She smiled.

"Promise me you will never leave me"

He demanded.

"Not in this life"

She replied.

"You are stuck with me forever...."

"And i am in love with this Forever"

He said and captured her lips in passionate kiss.

Their tongues started dancing together as they forgot the world around them.

Their dark journey come to an end and started a journey of love and happiness. He changed himself for her love and she forgive him for his love.

Her sufferings finally came to end, she is living better life than she ever did. His parents Loves and care for her more than him. She got two sisters like Bella and Raajnandini. Mother like Anamika and brother like Alexander who treats her exactly the way he treats Raajnandini.

She was upset with God but now she is thanking him for everything.

"Someone please tell them that they are in public"

Raajnandini said.

"Close your eyes."

Alexander chuckled.

"Let my man enjoy his moment."

They laughed looking at the Romantic couple, they were lost in each other.

Dominick rested his forehead on hers.

"It's just a beginning..."

He breathed out and she smiled.
