Meet My Brothers by Red Thirteen in Chinese chapter 16-“Big brother, since you finally came back, then you can do me a favor, I have a friend’s grandmother who is not in good health and needs surgery. At present, only the third brother can achieve 100% success of the operation, but the third brother has always refused to agree. ” Lin Dongye’s expression turned cold: “You’re talking about the grandmother of that kid of the Huo family, right? That man is married, what are you still doing here?”

“Big brother, he recently got divorced, after all, Brother Han Hui doesn’t like that woman at all. I believe that after these three years, Brother Han Hui will definitely find out who is the right person for him. ” Lin Xi was a little anxious: “Big brother, that operation is a trivial matter for the third brother! You can help me persuade the third brother, he listens to you the most.” ” This is her bargaining chip for marrying Huo Hanhui!

“No, I can’t. ” Lin Dongye hung up the phone directly, although Lin Xi was only adopted, he didn’t want his sister to marry a cold-blooded and ruthless man like Huo Hanhui, and he was divorced Lin Dongye glanced at the group of people who loved each other, this was a small group they had re-established, and he didn’t want Lin Xi to know that his sister had found this matter for the time being At least we’ll have to wait until they coax my sister Lin Dongye turned around and returned to the living room: “Little sister, they are all here in the evening, let’s have a meal together.” ” “Tonight?”

Zhao Xixi remembered that she had promised Grandma Huo to go to dinner in the evening, and she hesitated: “But I have already made an appointment with my friend.” ” “It’s okay, it’s okay, we’re not in a hurry, anyway, so many years have passed, and we’re not in a hurry for a while. ” Zhao Xixi saw the caution on her eldest brother’s face, and she pursed the corners of her mouth: “I will come back early.” ” Lin Dongye rubbed her hair: “Go out to dinner with friends, is the money enough?”

Zhao Xixi’s body stiffened, a little unaccustomed to her brother’s intimate actions, and she replied a little unnaturally: “Enough.” ” She turned around and went back to the room to change her clothes, but the eldest aunt followed in and lowered her voice: “Are you going to Huo’s house?”

“Auntie, you guessed it. After all, Grandma Huo is very good to me, and I have to go over and explain it to Grandma Huo no matter what.” “Xixi, I didn’t tell your brother about your marriage and divorce, but I don’t worry about you going to Huo’s house.” “Don’t tell them about this, I’m worried that the eldest brother will get into trouble if he goes to Huo Hanhui with an impulsive personality. Let a sleeping dog lie.” The eldest aunt didn’t speak in the end, but her eyes were red: “There will be no need to be wronged in the future, we are not rare to those rich people.” Zhao Xixi nodded, she changed her clothes and looked at herself in the mirror, and touched her lower abdomen again. She will start her life again with her children. She changed her clothes and went out, and her eldest brother Lin Dongye followed her downstairs: “Little sister, where are you going, I’ll send you.” “No, I’ll take the bus.” By bus?

How can his sister Lin Dongye take the bus? He also specially prepared countless luxury cars for his sister!

But he finally held back, after all, he was just a house seller now. It happened that Lin Dongye saw a taxi parked on the side of the road, so he hurriedly stopped it and gave a hundred yuan to the driver: “Take the car, the bus is too crowded.” Big brother still has this money.” How could he be reluctant to let his sister take the bus, he now wants to compensate his sister for all the debts he owes for many years. Zhao Xixi couldn’t resist in the end, but still got into the taxi, and she waved her hand to Lin Dongye outside. The corners of her mouth rose slightly, and it seemed that it was really nice to find her family — xiu Zhao Xixi took the car directly to the Huo family’s old house, she looked at the familiar building in front of her, and was a little entangled in how to talk to Grandma Huo about the divorce. She took a deep breath and walked into the Huo family’s old mansion. A young woman walked over from the courtyard next to her: “Zhao Xixi, this time you actually took a taxi instead of walking by bus, why did you finally not pretend to be a good wife and mother, and began to spend our Huo family’s money to live a comfortable and comfortable life?”

Meet My Brothers by Red Thirteen in Chinese chapter 17-In the face of Huo Shanshan’s ridicule, Zhao Xixi was indifferent, Huo Shanshan has always looked down on her all these years, and she likes to say that she is willing to marry Huo Hanhui, who is dying, just for money. She had been tolerating it before, but now that she has divorced Huo Hanhui, there is no need to endure it any longer. Huo Shanshan looked at Zhao Xixi in front of him proudly: “What are you still doing in a daze, hurry up and go to the kitchen to cook, remember to be my favorite Buddha jumping over the wall.” Zhao Xixi retracted his gaze and fought back quietly: “Grandma invited me over for dinner, not the

maid who asked me to come over to cook.” ” “Zhao Xixi, what do you mean by this? You are so bold now, you don’t even want to cook, I must tell my aunt!”

Zhao Xixi didn’t pay attention to Huo Shanshan beside her, she walked into the hall and saw two people sitting on the sofa One is her former mother-in-law, Mrs. Huo, and the other is her ex-husband’s Bai Yueguang Lin Xi She didn’t expect to meet Lin Xi at today’s dinner Huo Shanshan rushed in and bumped her shoulder, and began to complain loudly: “Auntie, I asked Zhao Xixi to go to the kitchen to cook, but she actually refused!

As soon as the words fell, Mrs. Huo, her mother-in-law, really had a cold face: “Zhao Xixi, as a daughter-in-law, you don’t even cook food, so what’s the use of you? Tell me what you and your family can do besides spending our Huo family’s money? Let you cook can be regarded as lifting you.” ” Lin Xi smiled and said, “Aunt Huo, don’t be angry, it’s not good for your health.” ” “Xixi, I get angry when I see her, although your name is xixi, but she is a woman from a slum, how can she compare with a daughter like you. Your family background is so good, and you have come back from studying abroad, you are beautiful and capable, you are the perfect daughter-in-law in my mind. ” Lin Xi’s eyes flashed with smugness: “Auntie, she is an orphan, I can understand her.” ” “Hmph, what’s there to understand. Orphans should do their duty, don’t dream of flying on the branches, my son is so good, he will go up in the future, how can he be held back by a poor girl. The door is not the right household, I did not agree to this marriage at the beginning, but unfortunately the old lady insisted on going her own way. ” When Zhao Xixi heard these words, she didn’t know how much she had heard in the past three years, and her heart had long been numb She looked at the maid next to her, “Where’s Grandma?”

“The old lady is sleeping in the room, probably not up yet. ” Zhao Xixi frowned: “Grandma’s health has not been good lately?”

She was a little worried about Grandma Huo’s physical condition Huo Shanshan said deliberately: “Zhao Xixi, look at how many things Sister Xixi came to buy, century-old ginseng, as well as precious Chinese medicinal materials, and a bracelet, these are all worth a lot of money.” Look at you again, come here empty-handed. I don’t understand the basic truth of visiting guests, it’s really unruly!”

Lin Xi glanced at the expensive gifts on the table lightly, and said deliberately: “Shanshan, these are actually nothing, very ordinary gifts.” ” “Sister Xixi, these are indeed very ordinary for rich people like us, but some people who have no money at home can’t earn so much money in this life. That’s why some

people are desperate to marry in the first place. ” Mrs. Huo snorted coldly, feeling that Huo Shanshan was too right, because she married a daughter-in-law who couldn’t be on the stage, she didn’t know how many noblewomen she had laughed at But the son was indifferent and waited for three years before divorcing Zhao Xixi didn’t want to listen anymore, she looked at the maid and said, “I’ll go prepare the soup that grandma likes to eat.” ” “That’s great, the old lady doesn’t have much of an appetite lately, and she likes to eat the food you cook. ” Zhao Xixi went directly to the kitchen, not wanting to take care of the three women in the living room In the Huo family, Grandma Huo is the only elder who treats her well, and she doesn’t want to make it too ugly and embarrass Grandma Huo She was alone in the small stove and stewing medicinal soup She was still thinking about how to tell Grandma Huo that she and Huo Hanhui had divorced Lin Xi walked in: “Zhao Xixi, do you think that if you come to stew soup, you can let the old lady make the decision for you? Let me tell you, this time I invited a famous top heart surgery expert to operate on the old lady.” As long as the operation is successful, the old lady will definitely not stop my marriage with Brother Hanhui. ”

Meet My Brothers by Red Thirteen in Chinese chapter 18-Although the eldest brother and the third brother have not yet agreed, she is confident that the third brother will agree to operate on Grandma Huo!

She saved the life of the dead old woman of the Huo family, and when the time comes, she can’t stop herself from marrying Huo Hanhui Zhao Xixi knew that the old lady had an old heart problem, but she couldn’t find a suitable person for the operation It’s good that at least grandma’s body can recover Zhao Xixi got up from the stool: “Then congratulations in advance on your infertility and grandchildren, please let go.” ” Lin Xi’s eyes turned cold, this woman still dared to talk back, she reached out and pushed the small stove, and the casserole instantly tilted towards Zhao Xixi “Be careful!”

A man rushed in, Zhao Xixi turned around and saw Huo Hanhui, but he protected Lin Xi In the next second, the hot soup poured onto the back of her hand, but she didn’t feel much pain, at least not as distressed as her heartache Zhao Xixi hurriedly poured cold water on the back of his hand to cool down, and Lin Xi’s coquettish voice came from his ears: “Brother Hanhui, my hands are burned, it hurts.” But don’t blame her, I guess she didn’t slip her hand on purpose. ” When Zhao Xixi heard this, a hint of mockery flashed in his eyes, and he didn’t even look back In the next second, the man pulled her arm: “Zhao Xixi, I didn’t expect you to be like this”

Huo Hanhui lowered his eyes and saw that the back of his hand was blistered, red and dazzling. He pursed his thin lips and left the rest of his words unspoken. Zhao Xixi raised his head: "I didn't expect me?"

"Zhao Xixi, I didn't expect you to be so vicious and deliberately hurt Miss Lin!"

The mother-in-law strode in and saw Lin Xi holding her wrist, she didn't ask, she raised her hand and slapped Zhao Xixi. Zhao Xixi's eyes were stained with sarcasm, and when she was about to hide, there were hands in front of her. She looked at the man in front of her in a daze, his arm blocked her mother-in-law's slap, she didn't expect him to help her at all!

Not only her, but probably everyone didn't expect it. The mother-in-law was a little angry: "Son, don't stop me from teaching her!"

Huo Hanhui's expression was cold: "The boiler fell to the ground just an accident." "What an accident?" the mother-in-law clearly disagreed. Lin Xi next to her gritted her teeth, Brother Han Hui actually believed that it was an accident, she immediately said pitifully: "Auntie, this is really an accident." Zhao Xixi didn't deliberately push over the stove, after all, she was also injured. "Hmph, who knows if she deliberately used bitter meat tricks. Xixi, let's hurry up and let the family doctor take a look, you are a daughter, if you have any scars on your body, then how can you get it?"

When Lin Xi was about to leave, he glanced up at Huo Hanhui: "Brother Hanhui." Huo Hanhui looked ahead and threw a sentence to the people behind him: "Go to the hall." The back of Zhao Xixi's hand was hot and painful, she glanced at the soup that had been spilled all over the ground, sighed and followed to the hall. Soon, the family doctor came in a hurry. Huo Hanhui glanced at the blisters on the back of Zhao Xixi's hand, and his gaze deepened a lot: "What are you doing standing, go over and sit!"

Zhao Xixi lowered her eyes and walked over, but was pushed away by her mother-in-law: "Don't be an eyesore here, Doctor Liu, hurry up and show Miss Xixi, don't leave a scar."

Meet My Brothers by Red Thirteen in Chinese chapter 19-Lin Xi sat in his position and glanced at Zhao Xixi proudly. Zhao Xixi stood still and didn't move, as if she didn't care at all, and the man next to her suddenly glanced at her, and finally didn't speak. After Dr. Liu put down the medicine box, he began to check Lin Xi's wrist, and found that it was only a little red, not even the skin was broken, and Dr. Liu's expression was a little complicated: "You don't need

to look at this.” ” “Why don’t you look at it, if you delay the condition, can you afford to take this responsibility?”

Dr. Liu pushed his glasses: “Because in another half an hour, this injury will heal me.” Young grandmothers need treatment the most, and if they are not treated well, they may leave scars. ” For a moment, the air was somewhat quiet Lin Xi was unwilling to say, “Auntie, let’s show her first.” I’m not in a hurry. ” “What’s not in a hurry, you’re a daughter, she’s an orphan from a slum, what qualifications do you have to compare. She couldn’t die with a scar. But you’re different, if you leave a scar, your brother will know about it and think we’re bullying you. ” Lin Xi smiled: “Auntie, I won’t tell my brother.” ” The mother-in-law immediately breathed a sigh of relief and looked at Zhao Xixi with a cold face: “Did you hear it, Miss Lin is beautiful and kind, and there are a lot of adults who don’t care about you, and don’t say thank you!”

Zhao Xixi’s expression was calm: “I didn’t push her at all.” ” “Zhao Xixi, you are still quibbling, who else can you be? A woman like you is jealous that Miss Lin is the daughter of a rich family, and it is normal to deliberately hurt people. I’ve seen a lot of your little tricks. I order you to apologize to Miss Lin quickly!”

Huo Hanhui frowned when he heard his mother say such ugly words: “Mom, I said that the stove fell to the ground by accident. ” Why didn’t I find out that my mother targeted Zhao Xixi so much before “Son, you are all divorced, why are you still helping this woman speak. Besides, today is a family dinner, what do you want this woman to do, it’s really unlucky. ” “Who’s divorced?”

The old lady’s voice came, the elevator door opened, and Mrs. Huo came out in a wheelchair, she glanced at the people present: “Say, who is divorced?”

Huo Hanhui hurriedly took over: “Grandma, no one divorces, you heard it wrong.” ” “Yes? Sure enough, when people get old, their ears are not good. Sissy, come over and let grandma see, why have you lost weight again?”

Zhao Xixi came to the old lady and held the old man’s hand: “Grandma, I’m not thin, I’m still fat.” ” “Nonsense, grandma, I don’t have good ears, but my eyes are fine. If Han Hui bullies you, you must tell your grandma so that you can help you get angry. ” After Mrs. Huo finished speaking, she grabbed her hand and said very worriedly: “What’s wrong with your hand? Oh my God, hurry up and ask the family doctor to show you, it must be very painful, right?”

A touch of bitterness flashed in Zhao Xixi’s heart, in fact, Grandma Huo was really good to her, except for the eldest aunt, only Grandma was the best to

her, and she was very grateful to this old man Zhao Xixi sat on the sofa, and the family doctor gave her medicine, and then said: "Don't touch the water for the next few days, wait for the wound to heal slowly." "Sissy, you tell grandma, how did you get hurt?"

Zhao Xixi glanced at Lin Xi over there, and a trace of emptiness flashed in Lin Xi's eyes. Mother-in-law Li Rulan immediately spoke: "Zhao Xixi, what do you mean, obviously it was an accident just now, is it possible that you still want to slander someone? Miss Lin was kind enough to help you, and she was also injured." Mrs. Huo roared over: "Shut up, who let you speak?"

Mother-in-law Li Rulan suddenly closed her mouth, but her face was not very good-looking, her mother-in-law has never been willing to see herself, and she only likes Zhao Xixi, a woman from the slums Zhao Xixi said calmly: "Grandma, this is just an accident, I was distracted when I was stewing soup." When Huo Hanhui heard her explanation, his eyes deepened a lot, with her grandmother's support, she didn't make trouble?

Meet My Brothers by Red Thirteen in Chinese chapter 20-"Silly boy, there are so many servants at home, I have long asked you not to cook, but you just don't listen." At this time, Lin Xi took the initiative to walk over: "Grandma Huo, are you feeling well lately? I came over this time and brought you a lot of Chinese medicinal materials, which can be used to replenish your body." Zhao Xixi stood beside him, lowering his eyes and not speaking Old Madam Huo's tone was detached: "Miss Lin, didn't I tell you that you won't use it in the future? Today is our family dinner, so I won't leave you for dinner." Lin Xi's expression was a little unbearable, as the eldest lady of the Lin family, when had she been wronged like this over the years?

This dead old woman really doesn't know how to lift!

A dark color flashed in Lin Xi's eyes, but he still had a smile on the surface: "Grandma Huo, then I'll come to see you next time." When my third brother finds time, I can come and operate on you, and then you will be cured. In this way, Brother Han Hui can also rest assured." Mrs. Huo snorted coldly: "I'm in good health, I don't need any surgery, Xixi, let's go and eat." Zhao Xixi held the old man's hand, she knew that Grandma Huo didn't want to embarrass herself But how could she be willing to refuse Grandma Huo's chance to recover for herself?

She walked a few steps, and suddenly glanced back, and sure enough, Huo Hanhui personally sent Lin Xi out of the gate together. This result is not unexpected, is it?

Zhao Xixi quickly adjusted her mentality, after all, they are all divorced, and these have nothing to do with her. After sitting down in the restaurant, Mrs. Huo turned her head: "Mother Liu, you call that stinky boy back to me." It's all eaten, where else does he want to go?"

Zhao Xixi added soup to the old lady: "Grandma, you eat first." It's a pity that the soup that was originally stewed for you was spilled by me. "It's not a pity, it's your hand, what if you have a scar." Faced with Mrs. Huo's concern, Zhao Xixi really had a guilty conscience, she put down the bowl: "Grandma, there is something I want to tell you." Old Mrs. Huo looked up: "What's the matter?"

"I advise you to do the surgery." Huo Hanhui walked into the restaurant, pulled out a chair and sat next to Zhao Xixi, and his arm touched her shoulder. When Zhao Xixi heard the word surgery, she glanced at the man next to her, and his expression was a little incomprehensible. Did he just deliberately interrupt himself?

Old Mrs. Huo snorted coldly: "My body is fine, I don't need any surgery." I know better than anyone what Lin Xi had in mind. Tell her to stop dreaming. " When she said this, the old lady also glanced at her mother-in-law Li Rulan with a warning. Huo Hanhui wrinkled his brows: "One yard is one yard, don't mix it up." "It's the same thing with me." Mother-in-law Li Rulan whispered: "Don't be instigated by some people, you don't even want to do surgery, that is a famous top heart surgery doctor, and the success rate of surgery is 100%." They are Miss Lin's three brothers, if it weren't for Miss Lin, we wouldn't have been able to invite them. " Zhao Xixi lowered his eyes and looked at the plate in front of him, and suddenly lost his appetite. She didn't expect her grandmother to refuse surgery for herself, how could she be!

But she failed her grandmother because she had already signed the divorce agreement.
