

Meet My Brothers by Red Thirteen in Chinese

Meet My Brothers by Red Thirteen in Chinese chapter 26-If this news gets out, I'm afraid she will be silenced!

Huo Hanhui pursed his thin lips: "Woman, don't think too much, I just showed my grandmother for acting, and I wasn't interested in you at all." Zhao Xixi stood up: "Then I can go, right?"

"Stop, if grandma knows that you left alone at night, how will you let me explain?"

Zhao Xixi thought of her grandmother's slightly cool hands, and she hesitated: "When will grandma's surgery be arranged?"

"Don't you hear that she refuses to have surgery." Huo Hanhui furrowed his brows: "Before grandma agrees to the operation, don't tell her about our divorce by agreement." "Good." Zhao Xixi agreed without any hesitation: "I will also persuade grandma to agree to the operation." Huo Hanhui's expression looked a little better: "Sleep." Zhao Xixi took out his mobile phone and sent a message to his aunt: [Auntie, I won't be back tonight, you can help me explain to my eldest brother.] She promised to go back, but she really can't leave now Grandma Huo's health is indeed not as good as before, and she can't let Grandma Huo worry about other things before the operation Anyway, I've endured it for three years, are these days still missing?

After Zhao Xixi sent the message, he subconsciously looked for a small sofa, but he didn't find it, and there was only one bed left in the room She walked to the cloakroom: "I remember there is a spare quilt, I'll lay out the floor, it's summer anyway." Zhao Xixi opened the cabinet and found that there was no quilt inside No, there used to be The man's voice came from behind him: "This is deliberately arranged by grandma." Zhao Xixi also reacted, it seems that grandma really hopes that she can have a child, but unfortunately she can't tell grandma about her divorce from Huo Hanhui now She was a little embarrassed, looking at the only big bed and the only quilt in front of her, and was a little embarrassed: "Then what should I do?"

“Just sleep like this, don’t worry, if I want to touch you, I won’t have to wait until now.” Zhao Xixi’s eyes showed a hint of mockery, too She was lying on one side of the bed, uncovered, but was the air conditioner a little cold?

The man handed over the quilt: “You cover, I’m not cold.” Zhao Xixi was not polite, she is now pregnant and can’t catch a cold Huo Hanhui slept on the other side, a little sleepless He glanced at the woman lying with his back to him, and his gaze became a little complicated, and he had an indescribable feeling After half a ring, Huo Hanhui closed his eyes, and not long after, a small thing rolled into his arms and rubbed against his chest The man lowered his eyes and looked at the woman who took the initiative to roll over, but he put away his sharp teeth during the day and became much more well-behaved.

Meet My Brothers by Red Thirteen in Chinese chapter 27-It’s also a lot more pleasing to the eye — The next day, when Zhao Xixi woke up, he found that the bed next to him was empty She glanced at the time, Huo Hanhui should have gone to exercise at this point, they have lived together for three years, and they know his living habits well Zhao Xixi didn’t feel sleepy, and she had some acid regurgitation, she got up and went downstairs to make herself a glass of lemonade and make a little biscuit As soon as she got it, she saw Huo Hanhui coming out of the gym, and the man subconsciously walked towards her Huo Hanhui saw the lemonade next to the dining bar, as well as the familiar snacks, the man’s expression eased a lot, it seems that this woman has been trying to get away with it for the past two days, and deliberately sang against it to attract her attention Isn’t it time to prepare things obediently?

The man approached with a noble and cold face, Zhao Xixi picked up the lemonade and plate in his hand, turned around and left She didn’t even look at him, she didn’t leave him anything Huo Hanhui stood in front of the dining bar, he glanced at the empty cup, poured a glass of warm water to drink, lowered his eyes and saw the remaining lemon slices on the table, and suddenly felt that the warm water was not delicious at all After all, in the past, after he finished his workout, she would prepare lemonade and even a small snack to replenish energy He turned his head and saw her sitting on the couch eating, and his eyes became a lot more complicated Zhao Xixi felt the man’s gaze, and she tried her best to calm herself down and not show her timidity It didn’t take long for Grandma Huo to get up Zhao Xixi accompanied Grandma Huo to breakfast, her appetite became very good, and the amount of food was much larger than usual Huo Hanhui noticed that she had eaten four buns, two fried dough sticks, and a bowl of porridge This woman is usually so edible?

After breakfast, Grandma Huo suddenly took out an invitation: “Xixi, grandma helped you get a place in the competition.” ” Zhao Xixi saw the invitation: Hundred Flowers International Design Competition She was a little surprised: “Grandma, when did you do this?”

“Didn’t you send me some decoration drawings some time ago, and I just heard that there was this competition, so I helped you get a place. Sissy, go and give it a try, grandma thinks you can do it. ” Zhao Xixi looked at the invitation and sighed a little, she had planned to participate in this competition before, but later because she married into the Huo family, she put all her focus on Huo Hanhui and abandoned her previous hobbies Huo Shanshan walked over proudly: “Zhao Xixi, this competition is not an ordinary competition, depending on your half-baked level, don’t be embarrassed, so as not to lose the face of our Huo family.” ” Grandma Huo immediately spoke: “Huo Shanshan, you person who hasn’t even got a college diploma, shut up for me!”

After Huo Shanshan was exposed, she was so angry that she turned around and ran away She remembered that this competition was held by the Lin family, and hurriedly called Lin Xi: “Sister Lin Xi, are you currently in charge of the Hundred Flowers International Competition?”

“yes, I’m currently in charge of some things for this competition, what’s wrong?”

“Sister Lin Xi, grandma also got a place for Zhao Xixi, and her old man is too partial. Find a way not to let Zhao Xixi participate in this competition. ” When Lin Xi heard this, her eyes became a lot colder: “This matter is very easy to do, tomorrow is the last day of competition registration, I can let them end the registration one day early.” ”

Meet My Brothers by Red Thirteen in Chinese chapter 28-Huo Shanshan showed a smug smile: “This is the best, I must go to the scene tomorrow to see for myself, Zhao Xixi happily went to sign up, and found that the expression of the registration has ended, it must be very exciting.” ” The corners of Lin Xi’s mouth were mocking: “Go, remember to come back and describe it to me.” ” She hung up the phone, a woman like Zhao Xixi, who was born in the slums, is also worthy of competing with herself for Huo Hanhui?

— After Zhao Xixi took the invitation card to say goodbye to Grandma Huo, she left the Huo family’s old house There was a man’s footsteps behind her,

and Huo Hanhui's voice was a little surprised: "Do you know how to draw decoration plans?"

No wonder his grandmother mysteriously asked him for a place a few days ago, but he didn't think much about it, and gave it directly to the old man. But he didn't expect this place to be reserved for Zhao Xixi. Zhao Xixi lowered his eyes and didn't speak, Huo Hanhui didn't know anything about her at all, so it was normal not to know "Zhao Xixi, dumb?"

She tickled the hair around her ear, "No." "Lying." "You guessed it, I just don't want to tell you." After Zhao Xixi finished speaking, he bent down into a taxi and left the scene quickly. Huo Hanhui stood in place, he subconsciously pulled his tie, and Zhao Xixi, a woman, became more and more bold.

Secretary Li got out of the car: "Boss, I'm going to be late for work." Huo Hanhui looked at the direction in which the taxi left: "You said that she deliberately went against me recently, is she trying to get away with it?"

Secretary Li hesitated: "I think it should"

"You think so, don't you? I think too." Huo Hanhui turned around and got into the car, he felt that his attention had been on Zhao Xixi's woman for too long, which was not normal. Secretary Li's expression was a little complicated, he thought that the young grandmother probably didn't mean it. Secretary Li sat in the co-pilot: "Boss, if the young grandmother and uncle stop the medical expenses, it is likely that their lives will be in danger, are you sure you want to stop immediately?"

Huo Hanhui lifted his eyelids: "Who made you really stop?"

He just wanted to teach Zhao Xixi a lesson. Secretary Li: "Okay, you are the boss, you have the final say."

— Zhao Xixi was sitting in a taxi and received a call from the hospital, she was a little nervous: "Hey, is my uncle's condition worsening?"

"No, the medical bills have not been paid for several days, so please come and pay the next month's medical bills." Medical bills have been stopped?

Zhao Xixi immediately rushed to the hospital, she took out the savings she had saved in the past three years and paid all the medical bills. This is a

private hospital, although it is expensive, but it is very good for the uncle's recovery But it costs 100,000 yuan a month for medical expenses!

Zhao Xixi rubbed her temples, she almost forgot that the medical expenses had always been given by the Huo family, and now that she is divorced, Huo Hanhui naturally has no obligation to continue to bear the medical expenses She took out the invitation to the contest in her bag, and if she won first place, there would be a million prizes She sent a message to her best friend: [Guoguo, you mentioned the process of the Hundred Flowers International Competition last time, can you send me another copy, I plan to participate in the competition.] [Of course no problem, you guy is finally willing to make a comeback.] If you come to the competition, the first place must be you, your vest is the god in everyone's hearts.] Zhao Xixi touched the invitation in her hand, yes, she wants to start a new life She came home in the car and found that in addition to her eldest brother, there was one more woman, and five young and handsome men, were these her other five older brothers?

The eldest brother Lin Dongye spoke: "Xixi, let me introduce you, she is your sister-in-law, they are your second brother and third brother, and there are three cousins." " Zhao Xixi's mood was also a little complicated, she just nodded slightly, and she didn't know what to say to her brothers, she was inexplicably a little embarrassed The eldest aunt said, "Xixi, the hospital called me and said it was time to pay." " "Auntie, I have already paid the medical bills, you don't have to worry about this. " The second brother Lin Nan spoke: "Xixi, how much is the medical bill, we have money in our hands." " At this time, Zhao Xixi found that there were six pairs of eyes looking at her in unison, full of some kind of longing Mental activity of the six elder brothers: [Sister, you hurry up and say that you need money!] They have a lot of money, and they can't spend it all!

Zhao Xixi shook his head: "My money is enough to spend for a while for the time being, so I don't need it." " It's not easy for her brothers to make money, and she can't hold her brothers back As long as she goes to the competition, she can have a financial resource The six brothers had already taken all the cards in their trouser pockets, but the younger sister rejected them, which was so uncomfortable They can't even spend the money, and sure enough, they're a waste brother!

Liutang Gelin silently hurriedly played a round game: "Xixi is really capable, if you are short of money, you must tell us, you know? You are not alone now, you have a family, you have us." " Zhao Xixi nodded obediently: "I know." " It

is precisely because she has a family that she has to work harder to make money Zhao Xixi looked at the brothers in front of her, and she finally asked the doubts in her heart: "At the beginning, why did you lose me, because I was a girl?"

For a moment the hall was very quiet Lin Dongye raised his head to cover his face, and only after half a sound did he speak in a dumb voice: "Xixi, you are the only girl in our family, and you are also the pearl of our family." We didn't lose you!"

Zhao Xixi paused: "Then how can I become an orphan?"

Zhao Xixi finally asked this question In fact, she wanted to ask from the beginning, but she had a knot in her heart, thinking that her family was very rich, so she didn't want to ask, afraid of hearing that she didn't want to hear the answer But now she knew that the family didn't have much money, and her brothers were very kind to her, so she asked Lin Dongye covered his face, his eyes were slightly red, and he waved his hand: "Old Five, you can explain." " The fifth child is a lawyer, and he will definitely be able to explain clearly and will not let his sister misunderstand Wutang Gelin Yehan pushed the gold-rimmed glasses: "Back then, your parents both died in a car accident, the family's company industry was calculated by competitors, and the family went bankrupt and owed a lot of money. At that time, you were still very young, and the nanny at home also started to be sloppy and accidentally lost you. This search is more than 20 years. " When Zhao Xixi heard these words, her heart knot slowly untied, and it turned out that she didn't mean to lose her Lin Dongye eased up at this time, and his eyes were slightly red: "Xixi, it's all because the eldest brother is not good, and you didn't carefully examine the nanny's character at the beginning, so you will be lost for so many years." " Zhao Xixi's eyes also turned red, and the eldest aunt cried the most: "Xixi, you have finally found your family, it's great." " Zhao Xixi hadn't cried yet, but when she saw her aunt crying, she couldn't help crying The six big men nodded slightly, and it seemed that the first step of the plan had succeeded.

Meet My Brothers by Red Thirteen in Chinese chapter 30-My sister's heart knot needs to be opened a little bit Lin Dongye secretly sent a message to his assistant to solve the medical expenses for his sister — The next day, Zhao Xixi was still woken up by the phone She was confused and connected: "Hey?"

"Zhao Xixi, where did you put my watch?"

Hearing Huo Hanhui's cold voice, Zhao Xixi's drowsiness disappeared instantly. Zhao Xixi sat up: "I don't know, don't ask me." "Xiu Shu.com After finishing speaking, she hung up the phone directly, didn't Lin Xi live with him? Why didn't she let Lin Xi help him find it?"

Dog man, he definitely did it on purpose. Over there, Huo Hanhui pursed his thin lips, Zhao Xixi, a woman, dared to hang up his phone!

Huo Hanhui casually took the watch next to him, turned around and left the villa, so angry that he didn't even eat breakfast. After he got in the car, he asked Secretary Li directly: "Did the hospital call her?"

"Hit. " "Are you sure?"

Since Zhao Xixi knew that her uncle's medical expenses had been stopped, why did she dare to be so tough?

How can she have enough money?

He deliberately called her today, wanting to give her a step down, but that woman actually dared to hang up the phone!

Secretary Li said suspiciously: "I just asked people to check, and my wife's medical expenses have been settled." " "Heh, she estimates that she can only give it for a month. " "No, it was given for ten years. " Decade?

Huo Hanhui pulled his tie: "Where did she get so much money?"

According to the records, after the young grandmother gave a month's medical bills, someone renewed it for another ten years. But I used an anonymous account, and I couldn't find out who it was. " Huo Hanhui opened the car window, the early morning air outside blew in, and he frowned: "Who do you say gave it?"

Secretary Li tentatively spoke: "The man who picked up the young grandmother by helicopter that day?"

Huo Hanhui's face turned black into ashes, he really underestimated Zhao Xixi's ability, and after seeing that he couldn't get any benefits from him, he immediately threw himself into the arms of another man. The man thought for a moment: "Bring the information of the Hundred Flowers International Competition." " After Zhao Xixi was woken up in the morning, he couldn't

sleep She walked out and saw a handsome guy sitting on the sofa, this was her sixth cousin Lin silent, she subconsciously said: "Sixth cousin, you look very much like a certain movie star Lin Shen." " "Ahem, a lot of people say that. Because I'm a professional stand-in for that person. " Lin Wusheng stood up and immediately changed the topic: "Xixi, I bought you breakfast, I don't have anything to walk around with you today, you can buy whatever you need." " From today on, he is the little follower next to Xixi, who calls him the most idle and boring?

Where is it interesting to accompany my sister in filming!

Zhao Xixi took out the competition invitation card in his hand: "Sixth brother, I'm going to a place to sign up." " Although her grandmother took a place for her, she needed to go to the site to sign up in person Lin Wusheng glanced at the invitation, why did he feel a little familiar, isn't this a competition that Big Brother Company is used to holding every three years?

Because the eldest brother is a real estate predator, he will hold a decoration design competition to sell the house I didn't expect my sister to participate in this competition!
