Meet My Brothers by Red Thirteen in Chinese chapter 6-Huo Hanhui's eyes fell on the dirty snakeskin pocket, and he frowned: "I want to play again, who do you want to pretend to be pitiful this time?" Grandma is not here again!"

After three years of marriage, in addition to disliking her, he has never treated her badly financially The divorce also gave her a large amount of compensation, which was enough for her to have no worries about food and clothing Does she really want to leave, or is she just acting?

Zhao Xixi squeezed the dead mobile phone tightly, she still had some undigested news that her aunt told her that she had found her family, and she once dreamed of being found by her family, and she was no longer alone Zhao Xixi was a little absent-minded, and in Huo Hanhui's eyes, he seemed to have acquiesced Lin Xi pretended to limp and chased out: "Brother Hanhui, she just packed her things to leave, but she just took a dirty snakeskin bag from the kitchen, and it was useless for me to persuade her." " The housekeeper hurriedly added oil and vinegar: "Young master, I just want to persuade the young grandmother not to use this pocket, but the young grandmother refused, and scattered her clothes all over the ground." Obviously, there is a brand-name suitcase that is not used, but she wants to pretend to be pitiful, if it is spread out, she will think that the Huo family has abused her. " The air was exceptionally quiet, and Zhao Xixi listened to the slander of the two of them, standing in place like a log She looked at Huo Hanhui in front of her, wondering what he would say The man's eyes were like torches, and he said coldly: "You don't have anything to say?"

Really!

A hint of mockery flashed in Zhao Xixi's eyes: "What should be said has been said by them, and I have nothing to say." " You won't believe it anyway, so why bother explaining it "Zhao Xixi, are you still not satisfied? What else do you want?"

In his eyes, she was a woman who married him for money Zhao Xixi broke the jar and replied: "I just want to be a rich wife who can only spend money." If you look at other people's wives, they are either shopping or beauty afternoon

tea. After I married you, the place I went to the most was the kitchen, and the farthest place I went was the vegetable market. Three years have passed, but you have been swept away, and you have delayed your youth for three years! I have left everything, and now I don't want to serve, can I?"

She vented her years of resentment in one go, and suddenly felt much more comfortable. Sure enough, if you are a person with no quality, your life will go a lot smoother. "Are you finished?"

Huo Hanhui had doubts in his eyes, he had given her a home card, and the monthly pocket money was one million. Usually, every season, I ask the housekeeper to send big-name clothes and bags and her uncle's medical expenses were also arranged by him. Now that the divorce has given her a large sum of property, enough for her to have food and clothing, he has done his best. She doesn't think that's enough?

"I can't finish it for a while. " "Go on!"

"If you want to hear it, you have to pay for it. " Huo Hanhui's thin lips pursed coldly: "Zhao Xixi, you love money so much, insatiable greed will not end well." " Sure enough, after saying so much, she still thinks that there is less money. Huo Hanhui was a little disappointed, facing Zhao Xixi's stubborn eyes, clean and clear, I really don't understand how this greedy and vain woman who is full of lies can have such clean eyes!

Meet My Brothers by Red Thirteen in Chinese chapter 7-Originally, he never thought of marrying her, but since he married, if she was obedient, he didn't care about her poor background, anyway, he could afford to raise her with more money. But this woman has been making trouble several times, and now she doesn't even want to pretend, and finally shows her true face!

Originally, he should have felt relieved, but when he saw the divorce agreement she signed, he suddenly felt like a fist smashed on cotton, very weak. Zhao Xixi had sadness hidden in her eyes, she pretended not to care, and didn't want to put her self-esteem on the ground for him to step on when she left. At the end Lin Xi saw that the situation was not good, and hurriedly said: "Zhao Xixi, you are in such a hurry to sign the divorce, are you looking for a good home?"

Huo Hanhui's face became a lot colder, and he locked Zhao Xixi in front of him tightly, his eyes were scrutinizing Zhao Xixi. She saw Huo Hanhui's distrustful expression, and she replied not to be outdone: "Yes, as long as the new love

is good enough, no ex can't forget." " The man's eyes were stained with anger: "Eat me and drink mine, raise men outside?"

Zhao Xixi glanced at the clothes on the ground: "Give it back to you." " She just took a few inconspicuous-looking pieces, and she didn't take any of the rest of the designer bags and jewelry Huo Hanhui didn't even look at the clothes on the ground, and his eyes fell on her: "And what you are wearing, I also bought it." " "I'll give it back to you, too. " Huo Hanhui's eyes were slightly cold, staring at her Lin Xi's eyes lit up, and he secretly took out his mobile phone excitedly, wanting to take pictures of this wonderful scene Zhao Xixi stood in place, as if he had been released Little by little, she unbuttoned her shirt, revealing a delicate collarbone and a looming arc The man's eyes shrank, but he didn't expect her to really dare to take it off!

His face turned pale: "Enough! Zhao Xixi, you are the most bottomless woman I have ever seen." Get out, I don't want to see you again!"

After saying this, Huo Hanhui walked towards the hall, his back as cold as ever Zhao Xixi's hand stopped, and mockery flashed in his eyes, didn't he let him take it off?

Her palms were covered with sweat, and she really let it out just now Lin Xi took back his mobile phone with some regret, raised his eyebrows and said arrogantly: "You are willing to be cheap and want to take it off, and you have to see if there is a Kaizi who is willing to pay for you, otherwise it will be in vain if you take it off! Who told you that you have a bad background, you will be an honest civilian in this life, don't want to be a phoenix for Feizhitou." " Zhao Xixi was carrying a dirty snakeskin bag, she sniffed, sometimes she really envied people who were born with a good life Every time she is bullied, she fantasizes that her family can fall from the sky and help herself get angry!

But she also knows that this kind of fantasy only exists in TV dramas, and even if she finds her family now, this kind of scene will not happen At this time, there was a buzzing sound in the sky, and a helicopter stopped on the lawn very domineeringly Several tall black-clad bodyguards got down from the helicopter and walked down menacingly Over there, after Huo Hanhui heard the sound of the helicopter, he stood at the door of the hall and watched the black-clothed bodyguards standing in front of Zhao Xixi's woman The black-clothed bodyguard said respectfully: "Miss Zhao, let's pick you up!"

Meet My Brothers by Red Thirteen in Chinese chapter 8-Pick her up?

Zhao Xixi looked at the helicopter in front of him, and suddenly remembered that his aunt had called him just now and said that he had found his family!

Could it be that the family really sent someone to pick her up?

Zhao Xixi pinched her face, thinking that she was dreaming, otherwise there was really a helicopter falling from the sky and then taking her home?

I've been dreaming for 20 years, and now it's come true Lin Xi sneered: "Zhao Xixi, you are really good at acting, where did you find a group performer, pretending to be quite similar." A pheasant is a pheasant, and no matter how disguised you are, you can't change your poor appearance. Helicopter also, it's probably the first time you've taken a helicopter in your life, Tu Baozi!"

Before Zhao Xixi could say anything, the bodyguard next to her raised his hand and slapped him with a big mouth, so that Lin Xi couldn't stand on his feet and fell into Lin Xi screamed and said: "Zhao Xixi, you dare to let people beat me, do you know who I am, do you know who my brother is, I will definitely kill your whole family!"

Zhao Xixi saw Lin Xi's embarrassed appearance, and she showed a smile: "My brother is still Li Gang." " She turned around and walked towards the helicopter, and Huo Hanhui's slightly angry voice came from behind her: "Zhao Xixi, you stop!"

She paused slightly, and finally didn't turn back into the helicopter Huo Hanhui saw her back getting farther and farther away, and gradually ran faster, and Lin Xi next to him pitifully pulled his arm: "Brother Hanhui, you also saw it, Zhao Xixi actually dared to beat me!"

However, Huo Hanhui didn't look at Lin Xi, his eyes were cold and staring at the back of Zhao Xixi walking up to the helicopter and leaving, his eyes were extremely complicated – this woman was really gone!

"Brother Hanhui, Zhao Xixi must have found a family a long time ago, otherwise how could she divorce on the front foot, and find a rich man to send a helicopter to pick her up on the back foot?"

"Shut up!"

Huo Hanhui's eyes narrowed slightly, he thought that Zhao Xixi was just being reckless just now, and deliberately said this to provoke himself I didn't expect that woman to really find a home!

He immediately called his assistant: "Zhao Xixi was picked up from the villa by a helicopter to check her whereabouts." "Brother Hanhui, do you care so much about Zhao Xixi, she has betrayed you to find another man." "Shut up." The man wrinkled his eyebrows: "I just want to give grandma an explanation." The life or death of that woman has nothing to do with me." Lin Xi gritted her teeth in anger, but she didn't dare to say anything more, almost forgetting that Grandma Huo liked Zhao Xixi very much — On the helicopter, Zhao Xixi looked at the night view of the city, the corners of his mouth rose slightly, and he was finally relieved Half an hour later, the helicopter stopped on the top floor of a seven-star hotel Zhao Xixi got down from the helicopter, and the tall black-clothed bodyguards stood on both sides, all of whom said in unison: "Miss, welcome home!"

Zhao Xixi was taken aback by this battle, is it an exaggeration?

She saw two people standing at the end, one was an aunt, and the other was a serious handsome man in a black suit.

Meet My Brothers by Red Thirteen in Chinese chapter 9-Could this be her brother?

But the eldest aunt said that she had six brothers?

"Sissy, you're back." The eldest aunt rushed up and hugged her: "Your husband's family has suffered, it doesn't matter if you are divorced, anyway, your family has found it, let's start again." Zhao Xixi nodded with red eyes: "Okay." "Come to Xixi, let me introduce you, this is your eldest brother." Zhao Xixi looked at the handsome man approaching, with an elite and cold style, and his temperament was the same as Huo Hanhui's, revealing a momentum that was not angry and arrogant Lin Dongye looked at the petite girl in front of him, very thin, his face was not very good, his chest was jammed, he had always been able to speak well, but now he was speechless Zhao Xixi waited for a long time, and she took the initiative to speak awkwardly: "Hello." Lin Dongye heard this hello and became more uncomfortable, is his sister blaming him?

The man who usually dominates the mall said cautiously at this moment: "Do you have any wishes now?"

Zhao Xixi said suspiciously: “Wish?”

“What do you want to do most right now?”

Zhao Xixi lowered his eyelids: “I want to go home.” ” Lin Dongye’s hand slowly retracted, go home? When she said go home, she should be referring to the home here If she hadn’t lost her little sister at the beginning, she wouldn’t have had such a hard time At this time, the eldest aunt pulled Zhao Xixi: “Don’t worry, your other brothers will be here soon, and it’s not too late to go back after you want to meet them.” A place where there is a family is called home. ” Lin Dongye glanced at the eldest aunt in front of him gratefully, if it weren’t for this woman who had been raising her sister with all her heart, her sister would have had a worse life, he said respectfully: “The room has been booked, let’s go to the restaurant to eat first.” ” Zhao Xixi and his aunt walked together, and in front of them walked the eldest brother whom he had only recognized, and found that the other party seemed to have few words, and he was relatively cold and not easy to get along with But her eldest brother seems to be quite rich!

She went down from the top floor of a seven-star hotel, which was very upscale and had never been to such a place before Lin Dongye thought that his sister was going back to live in that old house, and he was a little out of breath Zhao Xixi looked at Lin Dongye: “What’s wrong with you?”

“Nothing, sand got into my eyes. Little sister, do you want to consider living in a different place?”

He has prepared a lot of houses, and when he goes back, he must choose the most luxurious villa for his little sister!

Zhao Xixi shook his head: “No need, I think the previous home is very good.” That’s where I grew up, no matter how big the villa is, I don’t change it, and it’s not rare!”

Lin Dongye’s words to his throat finally swallowed again Also, it was he who lost his sister in the first place, and he didn’t fulfill his responsibilities at all over the years, so his sister refused to live in the villa he provided.

Meet My Brothers by Red Thirteen in Chinese chapter 10-Lin Dongye’s tone was gentle: “Okay, according to you.” ” Where his little sister can live, he can also live, and he decided to accompany his sister through thick and thin Why don’t you buy that building?

Then vacate the rest of the floors, you can live a maid, and you can serve your little sister anytime and anywhere The idea was perfect When the group came to the hall, Lin Dongye glanced at his mobile phone: “Little sister, your sister-in-law called me, you go over and sit first.” ” Lin Dongye stepped aside, and a woman’s hearty voice came from there: “Husband, I brought a thick stack of house books, as well as the jewelry I have treasured for many years, limited edition bags, and your brother’s car, all of which I have packed.” It’s time to see what your sister likes. ” The man sighed: “These greeting gifts, for the time being, will be slowed down. ” “Why?”

“My sister is not so easy to coax, at least I can’t coax with money!”

“Lin Dongye, I said a long time ago to wait for me to come over, but you have to pick her up in advance. What good words can you say with that mouth, the little girl has been lost by you for many years, and she has lived so badly, there must be resentment in her heart. You’re not a man who can explain, and if you go, you don’t go!”

Lin Dongye rubbed his brows: “What now?”

He was just too anxious, and he happened to be here on a business trip, so he would rush over as soon as possible “What else can I do, you’ve messed things up. Now I can only come to the bitter meat trick. ” “What kind of bitter meat trick?”

“I don’t know, you want to go yourself. Anyway, don’t let your sister know that she has been suffering for more than ten years, and you are enjoying the happiness of being an elder brother. ” Lin Dongye doesn’t seem to understand, he has a big head now Facing his strange and alienated sister, he held it in his hand for fear of falling, and held it in his mouth for fear of melting —— Here, Zhao Xixi took the cramped aunt to the restaurant next to him The eldest aunt lowered her voice: “Your brother’s family seems to be very rich, and you won’t have to suffer in the future.” ” “Auntie, rich people are not so simple, I don’t know why I was abandoned in the first place, maybe I jumped from one fire pit to another?”

“Bah, don’t talk nonsense. There used to be a fortune teller who said that you are rich and noble. ” Zhao Xixi held the hand of the eldest aunt: “He asked the helicopter to come and pick me up, so does he know about me and Huo Hanhui?”

“I don’t know, I’ll just say you work part-time at that villa. I understand that you don’t want to marry Huo Hanhui publicly, I didn’t say anything. ” Zhao Xixi breathed a sigh of relief, that’s good Suddenly, the adoptive parents rushed over and scolded Zhao Xixi: “Zhao Xixi, you ungrateful little hoof, you were an orphan that no one wanted, but our family kindly adopted you.” As a result, now that you have found a rich family, do you want to get rid of us? Our old Zhao family is your benefactor. ”
