

My Disciples 1001

Chapter 1001 The merger of the two cases, [click here!](#)

After Lu Changsheng left.

Patriarch Jin said: "Everyone, what are your plans now?"

Mu Fusheng looked at Xiao Hei and said, "Now, you should be able to go to that place, right?"

The place Mu Fusheng refers to is naturally Xiao Hei's three souls and seven souls.

Xiao Hei shook his head and said: "I still need to stabilize my strength. The blood power I absorbed before has not been completely stabilized."

Ye Qiubai nodded, and said: "I also need to make a breakthrough. After fighting these days, I feel that I have a deeper understanding of my sword intent."

Originally, Ye Qiubai had already stayed in the Immortal Sword Realm for a long time, and after the trip to the Immortal Realm and the dragon vein experience, he had also reached the edge of breakthrough.

However, if other sword cultivators know Ye Qiubai's thoughts.

I'm afraid I will be **** off...

How long has it been, and is it time to break through the realm of swordsmanship again?

Some sword cultivators are unable to break through the Immortal Sword Realm throughout their entire lives, or cannot continue to climb upwards.

Ye Qiubai is still too slow?

Heard several people's conversations.

Patriarch Jin said with a smile: "In this case, let's practice in this Tianhe Starfield. It just so happens that your master has collected all the background information of the three major forces, and you can choose from them that are useful to you, and practice and stabilize them. ."

Fang Qiong said, "This is what Master gave you."

Ji Liuzhi shook his head and said with a smile: "Actually, except for Xiao Hei, your cultivation methods are very different from ours."

"So, it doesn't matter if you take resources from it."

Patriarch Jin also added at this time: "I and Palace Master Ji also know what you think, don't worry, Senior Lu will solve the three major forces and let our two sects take over the dragon's veins, which is already a great benefit."

"Actually, we owe Senior Lu a lot."

"So, even if you take all these resources away, we won't have any opinions, or in other words, it's not too much to treat it as our repayment."

Fang Qiong wanted to say something else.

Mu Fusheng held Fang Qiong, nodded with a smile and said, "In that case, then follow the arrangement of the two seniors."

Patriarch Jin grinned when he heard the words: "It should be like this."

"Okay, everyone, let's go to my Golden Winged Roc clan to practice. After all, Yaochi Immortal Palace is full of female disciples, so it's not very convenient."

Ji Liuzhi also nodded.

In Yaochi Fairy Palace, very few men came in and out.

Unless it is a special matter, men are prohibited from entering the fairy palace in Yaochi.

Ye Qiubai and the others also followed Jin Wuwu to the Golden Winged Roc clan.

Jin Wuwu and Ji Liuzhi are here to guard Ji Qianyao's cultivation.

On the one hand, divide the dragon veins.

It's just that the increase of dragon veins to Zongmen can only be effective for one Zongmen.

This is also the most troublesome point for the Golden Winged Roc Clan and the Yaochi Immortal Palace.

Sudden.

Patriarch Jin had a very bold idea in his heart, and said tentatively: "How about merging the two sects?"

Ji Liuzhi's pupils trembled slightly, "The two cases merged?"

After speaking the thought.

Patriarch Jin's thoughts became clearer and clearer, and he said: "Dragon veins only have luck bonuses for one sect, so our two sects are bound to be unable to back down on this matter, right?"

Ji Liuzhi nodded.

This is natural.

Patriarch Jin continued: "Now, our Golden Winged Roc clan is cooperating with Xiao Hei, and Ji Qianyao of your Yaochi Immortal Palace is also inextricably related to Senior Lu, and Xiao Hei is Senior Lu's disciple, so at this time, it is bound to be better to unite."

Ji Liuzhi continued to nod.

"Then, under these factors, merging is the best choice. With the increase of the dragon veins, the resources of the two sects, and the connection with the former demon master, do you think this will allow us to have Opportunity to step into the god-level power?"

Speaking of this, Ji Liuzhi's expression was already shaken.

What Patriarch Jin said is true.

With so many unique advantages, if they are combined and integrated into one body, the chances of the sect stepping up to the **** master level will be greatly increased.

If there is no merger, the advantages will be divided into two, and the future benefits do not seem to be as high as those brought by the merger...

Ji Liuzhi asked at this time: "If they are merged, how will the two cases be distinguished?"

After all, the Yaochi Immortal Palace and the Golden Winged Roc clan have completely different cultivation paths.

"It's very simple." Patriarch Jin smiled and said, "After the merger, the sect will be divided into two factions, one for the Golden Winged Roc clan and one for the Yaochi Immortal Palace."

"As for the position of suzerain, the two of us will be in charge for the time being, but over time, one sect, two suzerains will inevitably have adverse effects. Therefore, it depends on whether it is Jin Wukong who becomes the **** master first, or Ji Qian Yao."

Ji Liuzhi smiled: "Are you so confident in Jin Wuwu?"

Patriarch Jin smiled and said, "That's natural."

That's it.

In the future records.

The merger of the two cases is known as the boldest and most correct choice.

...

Dark Field.

When entering the dark field.

Lu Changsheng covered up all his aura, and no one noticed when he entered the dark area.

"Well, it seems that this method of covering up the breath is very useful, and it can be passed on to those brats."

Lu Changsheng thought to himself.

This is the Gui Xi Art developed by Lu Changsheng.

Able to suppress one's breath to the lowest level, almost to nothing.

but.

If other forces find out that someone can enter the dark area without being discovered by anyone, I am afraid it will cause an uproar!

Horror all beings!

The dark domain ranks first in the entire high-latitude domain in terms of intelligence collection.

Of course, in terms of anti-reconnaissance, it can naturally be top-notch.

Even if someone who is strong in the God Master Realm enters the Dark Realm rashly, he will probably be noticed.

At that time, a strong man from the God Master Realm sneaked into the Dark Realm, wanting to get all the information about the Dark Realm.

However, it was discovered on the spot...

It can be seen how powerful Lu Changsheng's Turtle Breath Art is.

Immediately, Lu Changsheng released his perception slightly, and after a while, he noticed where the Dark Lord was.

With a slight step, in a blink of an eye, he arrived in front of the Dark Lord.

Seeing Lu Changsheng, the dark master was horrified, but he didn't show it on his face. Instead, he smiled and said, "Senior's strength is really unfathomable. Fortunately, the dark domain is not hostile to you, otherwise the dark domain may be killed by you." Take whatever you want."

Able to enter and exit the dark area at will without being discovered.

This level of strength is naturally a bit terrifying.

The words of the Dark Lord also implied a meaning.

That is, it is impossible for the dark domain to do anything that is not good for Lu Changsheng.

heard this sentence.

Lu Changsheng nodded.

No longer mentioning letting the dark domain suppress the affairs of the Milky Way Star Domain.

Having said that, I will naturally do the same.

Conversations between smart people are never very clear, and a little bit will make everything clear.

Chapter 1002 Liu Ziru: I feel like I'm being treated as an idiot...

Liu Ziru.

Now his face was pale, panting heavily, and he stood blankly in front of Ye Qiubai and the others.

Seeing this, the four of them were taken aback.

The commander of the Golden Feather Army was also slightly dumb. As a strong man in the high-latitude realm, he naturally knew of Liu Ziru's existence.

A five-star deacon in the dark realm.

Although it is hidden in the world, it can still be known to some powerful and powerful people.

"Deacon Liu, why are you here?"

Liu Ziru ignored the commander of the Golden Feather Army, but looked directly at Ye Qiubai, and hurriedly said, "Where is your master?"

Ye Qiubai pointed far away, pointing to the outside of the Tianhe Star Territory, and replied: "He has already left, hasn't Senior Liu been with Master all the time? Why are you so anxious to find Master all of a sudden?"

Crap!

After listening to Ye Qiubai's words, Liu Ziru wanted to die, and almost burst into tears!

He did not stop at the back, and chased with all his strength!

From the world of longevity, across two latitudes and countless realms, came to the Milky Way star field!

As a result, Senior Lu has already dealt with the matter here, and left?

Thinking of this, Liu Ziru asked cautiously: "Then... Senior Lu, has he met the saintess of Yaochi?"

Mu Fusheng understood in an instant.

I felt a little funny in my heart.

He coughed, with a smile on his face, but he had to resist the corners of his mouth that turned up from time to time, and said: "Ahem...that...that, not only met, but also guided the cultivation of Ji Shengnv. "

Hear here.

Liu Ziru raised her head and put her head in her hands, wanting to cry but no tears.

The expression is like holding a shit.

Not only met, but mentored.

Doesn't that mean that the cause and effect have deepened?

I want to land on the character of Changsheng.

Liu Ziru's eyes slowly lost their brightness.

Like a salted fish that has lost its dream.

wanna die.

This is the truest portrayal of Liu Ziru's heart today.

Immediately, after calming down, I saw Mu Fusheng's twitching corner of his mouth again.

Pointing at Mu Fusheng, he cursed: "What are you laughing at?"

Mu Fusheng waved his hand and said, "I think of something happy."

"What happy thing?" Liu Ziru's expression froze.

Mu Fusheng said: "I feel that the realm is about to break through."

On the other hand, Ye Qiubai couldn't help laughing, then wiped his face and forcibly held back.

Liu Ziru: "What are you laughing at?"

Ye Qiubai shook his fingers, took a deep breath, and said, "I also feel that my swordsmanship is about to break through."

Liu Ziru: "..."

Suddenly, Liu Ziru felt as if he was being treated as a fool...

He is a five-star deacon in the dark field, but he was treated as a fool by the juniors?

Then sense their breath.

Damn it, it's really **** about to break through!

Gan!

Liu Ziru stomped her feet and didn't know what to say for a moment.

The commander of the Golden Feather Army on the side was a little horrified when he saw this scene.

The forces behind them all have a good relationship with the Dark Realm?

Even the five-star deacons in the dark domain seem to be subordinates of their master?

Liu Ziru asked at this time: "Then where is Senior Lu now? Could it be that he went back?"

Now, Liu Ziru just wants to admit his mistake quickly and seize the opportunity.

Otherwise, it's time to go back to the world of longevity. Huang Qian told Lu Changsheng that Liu Ziru was still laughing at the time, and didn't even think about reminding you of this matter...

Think here.

Liu Ziru feels that her life is completely gray and white, and there will be no color.

In the future, it will always be used as a sandbag, as a tool man...

Fang Qiong on the side shook his head and said, "I don't know, Master didn't tell us."

The voice just fell.

Suddenly, a message came from the token in Liu Ziru's arms.

This is a token exclusive to the dark domain.

Whatever the news, the dark master relies on tokens to pass orders.

The content is: Senior Lu is in the dark area.

Dark Zone?

What to do in the dark field?

After Liu Ziru put away the token, his expression changed extremely quickly.

Rubbing hands together, looking at Ye Qiubai and the others, flatteringly said: "When the time comes, remember to tell Senior Lu a good word about me."

Mu Fusheng smiled and said: "Senior Liu... we have run out of training resources recently..."

Liu Ziru's face darkened when he heard the words, but without hesitation, he immediately threw out a space ring.

"Is it enough? I'll tell you Uncle Liu if it's not enough."

Ye Qiubai rubbed his hands together, but he didn't say anything.

Liu Ziru threw out another one, with pain in his face, he said: "If there are more, it will be gone."

"Thank you, Senior Liu."

Liu Ziru left without looking back, as if the soles of her feet had been oiled.

He was afraid that if he didn't leave again, he would be ripped off to death by these little bastards!

Leave only one sentence.

"Remember to explain your affairs!"

...

on the other hand.

In the dark area, it seemed extremely calm.

The deacons are constantly dealing with their own affairs.

Didn't realize that Lu Changsheng had sneaked into the hinterland and came before the Dark Lord.

The dark master looked at Lu Changsheng, smiled and said: "Senior Lu, I understand what you want to say, don't worry, I still understand which is more important."

Lu Changsheng nodded.

"However, Senior Lu, I have a piece of news here that you should be very interested in." The dark master looked at Lu Changsheng who was about to leave, and said with a smile, "I wonder if Senior Lu wants to know?"

"In no mood."

These two words, Lu Changsheng blurted out.

There is no hesitation at all!

Still want to know?

Staying this appetite?

Lu Changsheng was a human being in two lifetimes, and he was an ultimate social animal in his last lifetime. How could he not know about this trick?

Usually, this tantalizing act.

It is often to exchange more benefits from another person.

Or in other words, use this to grasp this person.

Is Lu Changsheng the kind of person who will be manipulated?

The dark master was also slightly taken aback.

Obviously, he didn't expect Lu Changsheng to refuse so quickly?

How can we talk about business!

It's like punching cotton.

The other party has no desires or desires, how can I go about my routine?

The dark master quickly stopped Lu Changsheng from walking, and quickly shouted: "Senior Lu, wait, you really need this news, it comes from the demon world!"

Lu Changsheng paused.

To be honest, if you really want to say that, then you really need it.

However, this is not a way to control Lu Changsheng.

Yao really easily agreed to the dark master's condition.

That will bring about even greater karmic troubles.

Said so.

Lu Changsheng still said: "Then tell me about your conditions."

Well, it smells so good...

The dark master breathed a sigh of relief, and then tried to ask: "Senior Lu, our sect guard formation in the dark domain wants to strengthen it. I don't know if Senior Lu can do it. If not, it doesn't matter. This message is for Lu Seniors are fine too."

In the dark realm, Mr. Yang, the old man who sensed the secrets of the dark realm, had already sensed the imminent disaster in advance, and it was likely to affect the dark realm.

For Dark Zone.

The Dark Lord made this request.

Lu Changsheng blinked and said, "Just this little thing?"

Chapter 1003 Liu Ziru: Sorry, I betrayed

"Just such a small thing?"

The dark master was a little dazed, nodded and said: "On this matter, I need the help of Senior Lu."

Lu Changsheng said in disbelief: "Is there really no other hidden incident? You won't use this matter to ask me to do other things?"

The dark master couldn't laugh or cry: "It is true that there is no senior, so don't worry, just strengthen our current formation."

They are very embarrassing things.

However, in front of Lu Changsheng, it was so easy to say.

But this is also the case, after all, the strength is not at the same level.

Lu Changsheng would not easily say that this is a trivial matter.

When entering the dark domain for the first time, Lu Changsheng had a clear perception of the surrounding conditions of the dark domain.

Up to the guardian array, down to the personnel composition.

Is there any hidden old man hiding behind.

Is there any hidden trap that will pose a threat to Lu Changsheng.

After knowing the strength of the guardian array, there is no threat to oneself.

Lu Changsheng would say that strengthening the sect-protecting array in the dark domain is nothing more than a small and easy thing.

The dark master said: "Did the senior agree to this matter?"

Lu Changsheng coughed: "If that's the case, let's take a look."

The dark master was overjoyed and said: "Senior, please follow me."

Following behind the Dark Lord, Lu Changsheng was vigilant about his surroundings.

The Zhuxian Sword Formation has already begun to circulate in the body.

If the dark lord has murderous intentions towards him at this moment, and there are many old grandpas and powerful men lurking behind, Lu Changsheng can also use the Zhuxian sword array to protect himself in time.

Not too long.

Go through countless secret doors.

The Dark Lord brought Lu Changsheng to a hall.

Above the clearing.

The eight dark gold stone pillars are distributed in different directions.

In the center surrounded by the eight dark gold stone pillars, there is a circle that is constantly revolving.

On the magic circle, there is a terrifying aura, as if it is real.

It actually condensed into a galaxy!

Floating on the dome of the hall!

The power in the galaxy spreads throughout the dark field, guarding the safety of the dark field.

The dark master explained beside him: "Dark **** star killing formation, this is an ancient formation technique brought by the first generation of dark masters, if the killing formation is activated, even the full defense of the **** master realm powerhouses will not be able to retreat completely."

Lu Changsheng asked: "If the strong in the Divine Master Realm can defend against it, why should it be strengthened?"

Among the high-latitude realms, the strongest known is the Divine Master Realm.

The Dark Lord smiled bitterly, and said: "The reason for this is related to the information given to Senior Lu."

"I would like to hear the details." Lu Changsheng said.

"Mr. Yang felt an ominous sign a few days ago, so he spent a lot of money to observe the secrets of the sky."

The Lord of Darkness said with a solemn face: "The heavenly secret shows that there will be great changes in the Demon Realm, and the huge changes will not only affect the fairy world, but will also affect the entire mortal world."

"At that time, the pattern of the mortal world will be completely overturned, countless forces will perish, and the division of forces will be completely reshuffled."

"In order for the dark area to survive this reshuffle, we must try our best to improve to a higher strength in a short period of time, at least to protect ourselves."

Speaking of which.

The Lord of Darkness turned his head, looked at Lu Changsheng solemnly, and said solemnly: "This is also the reason why I want to ask Senior Lu to help the dark realm improve the formation."

Lu Changsheng nodded.

The information they got was true without accident.

After all, the Immortal Emperor had told him that after the Demon Realm broke through the seal, the Mortal Realm would bear the brunt!

Catastrophe, that's what we should talk about.

However, he already knew this information...

Just thought of this.

The dark master seemed to have the ability to read minds, and continued: "The next step is to give Senior Lu a message."

Lu Changsheng turned his head sideways.

"The main reason for affecting the demon domain and initiating disasters in the mortal world is actually because of one person."

one person?

Lu Changsheng frowned.

"That's right." The Dark Master nodded and said, "It's because of one person, that person has the blood of the superior of the Demon Realm, and the main reason for the catastrophe that the Demon Realm initiated in the mortal world was to find that person."

"With the strength of Senior Lu, and he has been to the Immortal World, I think this information may be related to Senior Lu, or it will be helpful to Senior Lu."

When it comes to this.

The dark master stared at Lu Changsheng's expression change.

Lu Changsheng's expression didn't change, and he nodded flatly: "It will indeed help, so that I can also prepare in advance to prevent the evil realm from threatening me."

Is it just to prevent the demon domain from threatening you?

The dark master was puzzled.

As far as he knew, among Lu Changsheng's disciples, there was a body cultivator with the blood of the demon god, and that body cultivator was the amazingly talented demon master back then, whom the dark domain wanted to absorb One of the key objects.

However, Lu Changsheng didn't know anything about his expression. Could it be that there is really no connection between them?

Can't see anything, or rather, can't see any clues.

The dark master can only say: "Senior, how about we start?"

Lu Changsheng nodded.

Start to transform and strengthen the array in the dark field.

But strengthening it.

You have to guard against it.

At least you can't threaten yourself.

Therefore, in the formation, we must add some other small mechanisms.

For example, with a single thought, you can disintegrate this formation.

Another example is being able to directly control it.

Let everyone in the dark domain no longer be able to control this killing array.

Of course, these small organs still have to be hidden to the deepest point, at least so that they cannot find them.

After thinking about these things clearly, Lu Changsheng began to transform the Dark God Star Killing Formation...

The dark master saw that Lu Changsheng had started to strengthen the formation, so he walked out silently.

Go through the secret door and return to the main hall.

I found that Liu Ziru's face was anxious and pale, and her breath was a little sluggish.

The dark master was slightly startled when he saw this, and asked: "Liu Ziru, what are you doing? Are you being hunted down?"

Liu Ziru took a breath, smiled wryly and said, "No, I'm just going on the road with all my strength and I'm tired."

Dark Lord: "..."

"Let's not talk about anything else." Liu Ziru hurriedly asked, "Where is Senior Lu?"

The dark master replied: "I am helping to improve the formation."

Looking for senior Lu to improve the formation?

Liu Ziru's eyes widened.

"What? Is there a problem?" The dark master frowned.

Liu Ziru shook her head subconsciously.

"No problem, no problem. With Senior Lu's strength, the improved formation will naturally be stronger."

However, he smiled wryly in his heart.

Looking for senior Lu to improve the formation...

I'm afraid the dark area will be controlled by Senior Lu in the future...

After all, with Senior Lu's character, he would naturally add some mechanisms that are beneficial to him...

its not right!

Am I not a five-star deacon in the dark domain? !

Why did you help Senior Lu hide this matter?

Liu Ziru slapped his forehead.

It's over.

I'm sorry Dark Lord, I betrayed...

[Chapter 1004: Liu Ziru seems to be very happy \(14\)](#)

The dark **** star is outside the killing array.

Liu Ziru fell into deep self-blame.

The dark master looked at Liu Ziru's extremely tangled and distorted expression, frowned and said: "Okay, go outside and wait, it should take a while, and I will give you a task by the way. It has been a long time since you followed Senior Lu. The task is arranged."

After finishing speaking, the dark master took Liu Ziru with him, intending to go outside.

But it was at this moment.

Behind the secret door, killing intent began to surge out from it!

The Dark God Star Killing Formation hides extremely deep, but even so, the strands of berserk killing intent turned into a sea of stars and squeezed out from countless gaps.

Soon, it filled the entire dark field!

The deacons in the countless dark areas looked up at this scene in amazement.

Some deacons looked surprised.

There are also deacons with horrified expressions.

The deacons below the four stars do not know the existence of the Dark God Star Killing Formation.

So they will be surprised.

In the dark field, where does this breath come from?

Has an enemy invaded the Dark Realm?

But those who were horrified were some deacons with four stars and above.

They knew about the dark **** star killing formation, even though they were already at a very high level before.

But in terms of the breath released now, this is obviously several levels higher!

Could it be that the dark master asked someone to upgrade the dark **** star killing array?

It is already a formation that can fight against the God Master Realm, it is already a **** master level killing formation, can it be improved?

That array mage will be such a powerful existence!

A four-star deacon is even thinking in his mind, is there still such a formation master in the entire high-latitude boundary?

...

Outside the secret door, the dark master frowned, with a wry smile on his face.

How long has it been...

Liu Ziru looked at the dark master's expression, patted the dark master's shoulder, and said with a sigh, "Just get used to it, Senior Lu is like this."

The dark master pointed to the secret door and asked: "It's always been so fast? This is a god-level killing array..."

Liu Ziru nodded.

I secretly complained in my heart.

God-level killing array?

Senior Lu's strength, I am afraid that he has long surpassed the level of a **** master, and even the **** master Haotian will act according to the face of senior Lu...

A small god-level formation...

I also thought that Lu Changsheng might set up traps in the dark **** star killing array...

Hey, anyway, with Senior Lu's character, as long as the dark domain doesn't do anything harmful to him, he won't activate the mechanism in the dark **** star killing array.

So be it.

There should be no problem.

Think here.

Liu Ziru felt relieved.

It's just that Liu Ziru may not have noticed it himself.

What he was worried about was not whether something would happen to the dark realm, but what he was worried about was that the dark realm would turn against Lu Changsheng...

At this time.

The murderous aura in the sky suddenly dissipated.

Did not leave any breath, as if it had never appeared before.

The secret door is also opened at this moment.

The figure of Lu Changsheng appeared in front of the Dark Lord and Liu Ziru.

The dark master asked concerned: "Senior, do you need to take a rest first?"

Lu Changsheng glanced at Liu Ziru, with a half-smile in his eyes.

Seeing this, Liu Ziru shrank her neck, and her back instantly felt completely cool...

It's over, Barbie Q is over...

After that, Lu Changsheng looked at the Dark Lord, his face turned pale instantly, his footsteps staggered, and his body swayed for a while.

"The consumption is a bit high, but it doesn't matter, the formation has been successfully strengthened, you can go and have a look."

Liu Ziru sneered when he saw this scene.

Hehe, senior Lu, senior Lu, you are pretending too much.

At this level, are you still tired?

Moreover, with the insight of the dark master, you can definitely see that your acting skills are... not good...

I haven't finished thinking about it yet.

Liu Ziru opened his mouth wide, looking at the dark master in disbelief...

I saw that the dark master quickly waved his hand and said: "Don't worry, senior Lu will go to the side hall to rest first? We have a lot of recovery pills in the dark field, you can use whatever you like!"

It seems that I really believe it...

Is that okay too? !

Liu Ziru slapped his forehead, expressing that he is not well.

Lu Changsheng glared at Liu Ziru calmly, then waved his hand at the dark master and said, "No need, I still have something to do, so let's go first."

"By the way, don't post the news you gave me."

Hearing the words, the dark master nodded: "It is natural, this news is impossible to appear in other places, not to mention, even if it is a god-level force, if they want to buy this news, they will have to pay a price they cannot afford."

Lu Changsheng nodded.

walked straight outside.

directly brushed Liu Ziru's shoulder.

Liu Ziru heaved a sigh of relief.

I just thought that I don't need to follow Lu Changsheng back immediately, and return to the Longevity Realm after his temper stabilizes and he forgets about this matter.

But this is the time.

Lu Changsheng turned his head and said with a half-smile, "Xiao Liu, why don't you go back with me?"

Liu Ziru's relaxed body froze again in an instant!

The whole person is like a tall and straight spear, standing straight!

I saw Liu Ziru turned his head mechanically, looked at Lu Changsheng with a smirk and said, "Heh...haha...hahaha, the dark master still has tasks for me, Senior Lu, I will come back later."

However, before Lu Changsheng nodded.

The dark master smiled and patted Liu Ziru on the shoulder, and said with a smile: "It's okay, follow Senior Lu and help Senior Lu. I will do the same task for others."

Liu Ziru showed a smile uglier than crying, "I, a five-star deacon, haven't done a mission for so long, am I not very gregarious? This is not in line with the rules of our dark domain, Dark Lord, are you right?" ,right?"

When he said this, Liu Ziru was still blinking madly at the dark master.

It's a pity that the dark master didn't understand Liu Ziru's meaning, and said with a smile: "It's rare that you have such a heart, but helping Senior Lu is your most important task now, and only you can do it, so it's not out of touch. He is still the five-star deacon of our dark domain."

I thank...

I thank you mom!

If it weren't for the fact that he couldn't beat the Dark Lord himself.

Liu Ziru really wanted to punch the dark master's face that looked cheap to him!

Lu Changsheng also smiled behind him at this time and said: "Did you hear Xiao Liu? Come back with me, there are still very important things to do when you go back."

When Lu Changsheng laughed, the laughter fell in Liu Ziru's ears like a ghost.

And when he mentioned the three words "very important", he deliberately gritted his teeth and said it again...

Liu Ziru, with a look of lovelessness on his face, followed Lu Changsheng and left the dark area directly.

The dark master watched the two leaving from behind, and smiled.

It seems that Liu Ziru is doing well by Lu Changsheng's side, so happy.

Chapter 1005 Liu Ziru: I still have a choice... (24)

After Lu Changsheng took Liu Ziru out of the Dark Realm.

The dark master turned around, first of all, he felt the strength of the dark **** star's killing array.

After a while, an old man also came here.

The old man is exactly Yang Lao.

The Dark Lord looked at the Dark God Star Killing Formation, and asked solemnly: "Old Yang, how much has the Dark God Star Killing Formation improved?"

With the current strength of the Dark Lord, it is really impossible to see the mystery of this level formation.

As everyone knows, Elder Yang also has a very dignified expression, and said slowly: "The current dark **** star killing formation, even if placed in the fairy world, is also a top-notch formation."

"What's more, it only took two sticks of incense for Lu Changsheng to improve the formation..."

Two sticks of incense can be improved to this level.

This can't help but make Mr. Yang feel horrified...

The dark master said with emotion: "It seems that Senior Lu's strength is still not in sight. We can only make good friends with this kind of strong, not evil."

Old Yang nodded: "Fortunately, the relationship between Dark Territory and Lu Changsheng is still developing in a good direction."

"Then do I need to inform Liu Ziru to pay more attention?" The dark master turned to look at Old Yang.

Old Yang shook his head: "You don't need to deliberately wake up, just let nature take its course. If you are too deliberate, it will be too late."

The Dark Lord nodded upon hearing this.

"What was Lu Changsheng's reaction to that news?" Elder Yang looked at the Dark Lord.

After recalling, the dark master described the scene.

Mr. Yang frowned slightly, and said: "It seems that it has something to do with him. Lu Changsheng is a person who can't be detected by the detection of heavenly secrets. The catastrophe that happened today may be related to Lu Changsheng. Whether he participated in the catastrophe or it will be unknown if the catastrophe is lifted..."

The Dark Master nodded: "I just hope that this catastrophe won't affect our Dark Realm..."

...

On the way back to the world of longevity.

Liu Ziru looked at Lu Changsheng, not daring to speak.

Lu Changsheng didn't even look at Liu Ziru.

This made Liu Ziru panic.

After returning to the world of longevity.

Huang Qian's first words when she saw the two of them were.

"Oh? Xiao Liu didn't have any injuries, shouldn't she?"

Liu Ziru almost ran away without turning around.

Sister, I have already been buried in the soil from the neck down, if you continue, I will be buried alive!

Lu Changsheng waved his hand, and a bamboo chair appeared behind his buttocks.

After sitting down.

crunching...

It was this kind of sparse and ordinary sound that made Liu Ziru feel a sense of danger...

Lu Changsheng looked at Liu Ziru with a smile and asked, "Tell me, do you have anything to explain?"

Liu Ziru's expression froze, and then he stammered: "Senior Lu...you...you listen to my sophistry...oh no, listen to my explanation!"

Lu Changsheng raised his chin with a smile, and said, "Please start your performance."

"This is Senior Lu." Liu Ziru said with tears in his eyes: "I actually thought that Ji Qian Yao would be in the Tianhe Starfield, but when I thought about it, you left, and I chased after you for a long time."

"But you know, with Senior Lu's strength, how can I catch up with you?"

The more Liu Ziru talked, the more confident his expression became, and he said in a straight line: "When senior arrived in the dark region, I chased after the Tianhe star region. When I arrived in the dark region, senior Lu also saw it. The appearance of me after I rushed on the road with all my strength. What a mess!"

"Oh, is that so?" Lu Changsheng asked with a half-smile.

"Yes! It's absolutely true!" Liu Ziru nodded heavily: "If you don't believe me, just ask..."

Just looked at Huang Qian, then turned his head suddenly, and said solemnly: "Don't ask, what I said is correct, and I didn't deceive Senior Lu!"

Lu Changsheng looked at Huang Qian.

"It seems that there is something inside? Huangqian, do you want to add something."

Hearing this, Liu Ziru's complexion changed drastically, and he quietly walked to the blind spot of Lu Changsheng's vision, then put his palms together towards Huang Qian, begging continuously.

Seeing this, Huangqian smiled slightly and said, "Of course I know."

"What Koyanagi said is indeed true."

Liu Ziru just breathed a sigh of relief.

Huang Qian changed the topic, and said: "But..."

but?

"However, after you left, Xiao Liu's first reaction when he thought of this matter was not to chase you directly, but to laugh so hard that tears almost came out, and he was still talking while laughing."

I saw Huang Qian imitating Liu Ziru's expression, "I'm afraid this trip, Senior Lu's head will hurt..."

"Right, that is it."

See this scene.

Liu Ziru froze instantly, dumbfounded, and stunned.

No, sister, you? ? ? ?

Okay, okay, play like this, right?

You not only said it out, but also added more details, exaggerated, and expressed it!

What hatred, what resentment!

Liu Ziru wanted to fight, but Huangqian couldn't beat him either!

At this time.

A voice that Liu Ziru didn't want to hear the most now, pressed her head over her face.

"Oh? Really, Xiao Liu, it seems that you were gloating at that time?"

Liu Ziru twisted her neck, looked at Lu Changsheng with a mournful face, and immediately knelt down with a "plop".

"Senior Lu, it's really not such an exaggeration. How could I treat you like this?"

"You should have your own ideas! It's clear at a glance who to trust!"

Huangqian's expression is so exaggerated, she must be exaggerating the facts!

Lu Changsheng nodded and said, "You are right."

Liu Ziru heaved a sigh of relief.

"But I believe in Huangqian."

Liu Ziru wanted to die.

"Okay." Lu Changsheng suddenly took out dozens of bottles.

Inside are all pills of different colors.

Even, some pills exude an indescribable smell...

Liu Ziru instantly felt a drum beating in her heart.

Just listen to Lu Changsheng pointing at these bottles and cans with a smile, and said: "I won't beat you up anymore, just try these new pills I created."

"Don't worry, you won't die if you eat it. Even if you die, I will try my best to save you."

Liu Ziru's face was pale.

"I have other options..."

"Why don't you beat me, Senior Lu..."

Lu Changsheng said with a smile: "No, but you can choose to have me beat you until you have no strength to resist, and then pour the elixir into your mouth."

Liu Ziru walked towards the bottles with tears in his eyes.

"If I leave, Senior Lu, please treat our Liu family well."

Lu Changsheng nodded with a smile.

...

Tianhe Star Field.

Ji Qian Yao has woken up from the state of cultivation.

Now she has successfully reached the middle stage of the God Emperor Realm.

The improvement brought about by the fusion of Primordial Purple Qi and Yaochi Heart Sutra is incomparably huge!

Ji Qian Yao looked at the master at the side, and asked, "Master, is he gone?"

Ji Liuzhi nodded.

Ji Qian Yao looked out of the Tianhe star field, as if looking for the shadow of Lu Changsheng.

Looked at it like this for a long, long time, then sighed slightly, the fighting spirit rekindled in his eyes.

"The next time we meet, I must have the strength to help Senior Lu!"

Chapter 1006 Overall improvement, Yunmeng Swamp! (34)

What Ji Liuzhi looked at his disciples most was not Ji Qian Yao's talent.

It's actually Ji Qian Yao's mentality.

It's not that talent is not important, talent is a necessary factor to reach the top.

However, if you have talent but don't have the mentality to reach that point, you won't be able to reach the top.

Ji Qian Yao may feel depressed for a moment when encountering setbacks, but after the depression passes, all will turn into motivation.

Even if Lu Changsheng wouldn't look at Ji Qian Yao more now.

Ji Qian Yao will also take this as a goal and strive to improve her own strength.

Ji Liuzhi believes that one day, Ji Qian Yao will become Lu Changsheng's helper.

At this time, Ji Qian Yao suddenly asked curiously: "Master, since there is no competition among the three major forces, how do we and the Golden Winged Roc clan divide the matter of the dragon vein?"

Ji Liuzhi shook his head with a smile, and said: "There is no distribution. In the past few days, many major events have happened. One of them is the merger of our Yaochi Immortal Palace and the Golden Wing Dapeng Clan."

Merge?

Ji Qian Yao's eyes widened.

"Is it for the dragon veins?"

The particularity of the dragon veins can only provide a boost to luck for one sect, which Ji Qian Yao naturally knows.

Ji Liuzhi nodded and shook his head: "Actually, the dragon vein is just an opportunity, a fuse."

Speaking of this, Ji Liuzhi looked towards the horizon, which seemed to be the direction Lu Changsheng left.

"We have one thing in common with the Golden Winged Roc clan, that is, we have a good relationship with Senior Lu."

"And our merger is because of this, so that we have the opportunity to attack the god-level forces."

Assault on the god-level forces and get on the line of Lu Changsheng.

is the main reason for the two mergers!

Ji Qian Yao nodded, and she also understood the reason.

Since this is the case, there are only advantages and no disadvantages for the two cases.

"Okay, the merger of the Zongmen still needs to discuss the details, let's go back to the Zongmen to practice first."

Hearing this, Ji Qian Yao nodded.

...

the other side.

Among the Golden-winged Roc clan.

After several days of retreat and practice.

Under the accumulation of countless resources from the three major groups and the resources given by Liu Ziru.

Mu Fusheng's superficial state has reached the half-step **** king state.

Fang Qiong has also been promoted to the early stage of God King Realm.

Xiao Hei's physical body has undergone tempering, and its physical strength has further stabilized.

That drop of blood essence from Lu Changsheng strengthened the heart extremely amazingly.

The heart can be said to be the transportation hub of the blood. When the heart is strengthened, it will naturally greatly improve the ability of Xiao Hei's blood.

It's just that if you want to break through the realm, you need more practical training.

Ye Qiubai had the greatest harvest.

The realm has reached the early stage of the God King Realm!

This is also due to the fact that resources have greatly improved Ye Qiubai.

Xiao Hei's body, Fang Qiong's formation, and Mu Fusheng's lightning-attribute talisman.

The corresponding resources are actually very few.

As a sword cultivator, Ye Qiubai will naturally be very fast if he follows the ordinary path of cultivation.

Moreover, with Ye Qiubai's Dao foundation stabilized to an extremely terrifying situation.

Breaking through the strength of foreign objects will not lead to instability of the realm at all.

When breaking through, it can be said that it is a matter of course!

It's not just the realm of cultivation.

Even the realm of kendo has reached the realm of divine sword!

Even got the Silver Dragon Sword.

When they reached the realm of Excalibur, the commander of the Golden Feather Army and the head of the Jin Patriarch also saw this scene.

Can't help but sigh with emotion.

"Senior Lu's disciple is really extraordinary..."

"That's right, a sword cultivator can reach the realm of the divine sword if he is in the realm of the **** king... It can be said that it is unheard of. Even the current Hunyuan Sword Master of the Hunyuan Sword Sect is still in the realm of the divine sword!"

"Well, after the realm of the Excalibur, that is the realm of the origin of the Dao of the Sword. Even the Hunyuan Sword Master has stayed here for tens of thousands of years without being able to break through. It seems that he is looking for some kind of opportunity."

"The Hunyuan Sword Master used to be extremely arrogant and arrogant, but now he is steady, in-depth and simple. There are rumors outside that the Hunyuan Sword Master is preparing to break through the original state of the sword..."

Patriarch Jin nodded: "No matter what, Ye Qiubai's swordsmanship talent will only be more terrifying than the Hunyuan Sword Master. As long as this son does not fall halfway, he will definitely surpass the Hunyuan Sword Master's achievement."

Speaking of which.

Patriarch Jin began to rejoice in his decision.

At this time.

The four of Ye Qiubai came hand in hand, and said with a smile, "Thank you, Patriarch Jin."

Patriarch Jin waved his hand and said, "We didn't do anything, it's all thanks to your master."

"However, you should also go to wander next, right?"

Mu Fusheng nodded: "With the current strength, I should be able to barely deal with it."

The land of the three souls marked on the map can now be explored.

In the message from Demon God Xuanjia, the minimum standard to go is that Xiao Hei has reached the peak of the general level.

Now the physical strength is comparable to the early stage of the God King Realm.

Combat strength may not be able to catch Xiao Hei's fist head-on in the late stage of the God King Realm.

Naturally, it is enough to go.

The commander of the Golden Feather Army asked with concern: "Do you need to send someone to go with you? Your current situation is too dangerous after all."

Xiao Hei's identity has been exposed.

Has been targeted by Demon King Domain.

The other party will naturally not allow Xiao Hei to grow up smoothly.

Mu Fusheng shook his head and said: "No need, relying too much on external forces is also a drag on our growth."

Ye Qiubai, Fang Qiong, and Xiao Hei looked at Mu Fusheng at the same time.

They knew that what Mu Fusheng said was definitely not literal.

It must be because they are afraid of owing too much favor to the Golden Winged Rocs...

Otherwise, if there is no need to owe favors, Mu Fusheng would like to protect all the members of the Golden Winged Roc clan at all times!

This kind of thing, Mu Fusheng is definitely able to do it...

"Well, if you want something, you can come to find it within our ability." Patriarch Jin promised.

Ye Qiubai nodded, cupped his fists and said, "Then thank you senior, and we will take our leave first."

After the four left.

Gold-winged Roc clan and Yaochi Xiangong began to merge, and at the same time took over the Dragon Vessel.

...

After the second day.

the other side.

Demon King Domain, in the Demon King City.

Mo Ji sat on the throne, looked down and asked, "Have you found his whereabouts?"

Below, Mo Ge shook his head: "After the God's Descend Starfield, there was the cover of the Great Elder of the Haotian Shenzong, and we did not track down the other party's whereabouts."

Mo Ji's face was ugly.

Just as he was about to get angry, the magic hat suddenly appeared in the Demon King's Palace, and the magic hat said in surprise, "Brother...the devil, we have found his whereabouts!"

Mo Ji even temporarily forgot that Mo Li called him big brother, not the devil lord.

"where?"

The magic hat said: "Yunmeng Swamp."

Yunmeng Swamp?

Mo Ji frowned: "Life restricted area? What are you doing there?"

"No matter what, send someone over there first, be there, and kill him!"

Chapter 1007 Outside Yunmeng City (44)

Yunmeng Swamp.

One of the restricted areas of life in the high-latitude boundary.

It is located in the Yunmeng star field.

At the same time, Yunmeng Swamp occupies 80% of the Yunmeng Starfield.

This has also led to the fact that there are very few cultivation resources that can be sustainably collected and utilized.

If you want to get more and more advanced resources, you can only take big risks and go to Yunmeng Swamp to seek them.

Therefore, the division of forces in the Yunmeng Starfield is also extremely special.

Here, he doesn't have any sect.

Yunmeng City is the only town in the Yunmeng Starfield.

In this town, there are two major forces, the Alliance of Talisman Masters and the Alliance of Array Masters.

The two major factions, as the name suggests, are dominated by talisman masters and formation masters.

Therefore, in Yunmeng City, the City Lord's Mansion, the Alliance of Talisman Masters, and the Alliance of Formation Masters are the leading ones.

Once out of Yunmeng City, the outside is a lawless place.

Countless outlaws licking blood, burning, killing and looting, doing all kinds of evil!

There are many evil cultivators!

No one will take care of it, and no one wants to take care of it.

No resources, difficult to manage.

The City Lord's Mansion, the Alliance of Seal Masters and the Alliance of Formation Masters, how can they spend energy to manage it?

Even, if people from these three major forces left Yunmeng City.

The outlaws outside will kill and rob without any hesitation!

Therefore, even people from the three major forces will not go out easily.

However, sometimes there is no other way, and people from the three major forces will still go out.

At the moment.

It is a hundred miles away from Yunmeng City.

In a dense forest, there was a man with a weak breath, and a man in white clothes already stained with blood was leaning on the tree trunk. His face was pale and bloodless, and even his lips were a little pale.

Obviously, the limit has been reached.

Behind the man, there was a woman in a goose-yellow veil, lying on the ground, her face was flushed, and her breathing was extremely abnormal.

It seems to be drugged.

"Yin Shilian, this is already the case, so don't resist."

As soon as the words fell, five brawny men with bare arms came over with big knives on their shoulders.

One of the men sneered: "Give up struggling, maybe it can give you a good time."

Yin Shilian clutched his broken arm, breathed heavily and shouted: "Jiang Tong, aren't you afraid that our Fuzhuan Master Alliance will liquidate you!"

Jiang Tong is obviously the leader of the five.

I saw Jiang Tong and the four people behind him laughing wantonly.

"The Alliance of Seal Masters? In Yunmeng City, you may still be afraid of three points, but this is outside Yunmeng City! Even if you are killed, do your Alliance of Seal Masters dare to fart?!"

Yin Shilian's face was ugly, he knew that they were telling the truth.

The Fuzhuan Master Alliance and the Formation Master Alliance are a walking treasure house for them.

After all, these two professions are very rich.

There are a lot of resources on the body.

However, at the end of the road, Yin Shilian still wanted to struggle.

"What about Cheng Yao? She is the daughter of Lord Yunmeng!"

The person behind Jiang Tong was licking a big knife with an obscene smile on his face.

"What we want is Cheng Yao, Cheng Yao is the number one beauty in Yunmeng City, do you think we can let it go?"

Jiang Tong took the words and said with a sneer: "After the five of us have a good time, let the old thing of City Master Yunmeng come to redeem them! Then our cultivation resources will be enough."

After all, Yunmeng Starfield has too few training resources.

The outlaws outside Yunmeng City practice by robbing the people in Yunmeng City.

Of course...cannibalism too.

Although Cheng Yao is unconscious at the moment, she can still hear the voices from the outside world.

I want to get up, but my whole body is limp.

"Okay, don't struggle." Jiang Tong laughed and said: "We spent a lot of money to buy this soft breeze from the black market. Even if you are in the late stage of God King Realm, you will be stunned!"

"Brothers, start to work, don't delay any longer, so as not to cause complications!"

"Bring Cheng Yao back when the time comes, and you can play with it freely, hahahahaha!"

When the four people behind Jiang Tong heard these words, they rushed towards Yin Shilian like chicken blood!

Seeing this, Yin Shilian gritted his teeth and wanted to fight back, but he had already reached his limit, and his aura had almost been emptied...

And at this moment.

There are sword intents surging!

turned into five long swords and shot towards Jiang Tong and the other five!

The five people were shocked when they saw this.

All broke out at the first moment of the strength of the middle stage of the God King Realm!

Jiang Tong has reached the late stage of God King Realm!

Under full attack, the long sword was still defeated.

When looking forward again.

Then he found that there were four people standing in front of Yin Shilian.

"Is this the Yunmeng Starfield?" One of the men who was holding a pure silver long sword with a dragon pattern on it looked around and asked nonchalantly.

A man with a strong build and dark skin nodded and said: "According to the information in the Demon God Xuanjia, it should be here."

Fang Qiong looked to both sides, frowning slightly: "The aura here seems a little thin."

Mu Fusheng sighed helplessly, and said, "You will know when the time comes, just ask, for example, the two behind us."

It was Ye Qiubai and the others who came here!

When I passed by here, I found that there were aura fluctuations here.

After observing from the side, I also heard that Yin Shilian and Cheng Yao seemed to be the key figures of the big power.

So Fang Qiong proposed to save them, and then he could ask for news as a matter of course.

Mu Fusheng originally wanted to find out by himself.

As a result, Ye Qiubai and Xiao Hei agreed directly, saying that it was the most convenient way.

So, there is the present scene...

Jiang Tong looked at Ye Qiubai and the others with an ugly face, and shouted: "Who are you? How dare you stop me from doing things?"

Ye Qiubai shook his head and said: "It's just that we have something to ask these two people, so please leave."

"Are you kidding me!" one of the men roared, "Even the three forces in Yunmeng City can't threaten us, you, a person in the early stage of God King Realm, how can you have the guts to stop us from doing things?" ?"

Jiang Tong snorted coldly: "Since this is the case, then I will kill you too. It just so happens that the more resources for cultivation, the better."

After finishing speaking, he led the other four people towards Ye Qiubai and the others!

Yin Shilian urgently reminded: "Be careful, they are all in the middle stage of the God King Realm, and one of them is in the God King Realm..."

However, the words are not finished yet.

I saw a black shadow rushing out directly.

Stretched out both hands, and grabbed the faces of two of the mid-stage God King Realm rushing forward.

Immediately, the figure continued to charge forward.

Take the two out, palms down, grabbing their faces and smashing them directly into the ground!

Boom!

The ground instantly cracked!

It was like an earthquake!

There is no chance of resistance!

Chapter 1008 Xiao Hei makes a move!

Xiao Hei's sudden shot.

Everyone froze in place.

The two stout men in the middle stage of the God King Realm had almost no room to resist, so Xiao Hei grabbed their faces and smashed them directly into the ground!

At the moment.

The two men were lying flat on the ground, facing up, but their heads were completely embedded in the ground!

Jiang Tong looked at this scene with an ugly face, "Let them go, do you know the Blood Wolf faction?"

Behind.

Yin Shilian clasped his broken arm and explained: "The Blood Wolf Sect is one of the strongest forces outside Yunmeng City. It is composed of countless desperadoes. Their main task is to kill the monks coming out of Yunmeng City. , if he is an important person, he will be captured alive, so as to ask the forces in Yunmeng City for a large amount of cultivation resources."

Jiang Tong sneered: "It's good to know, since that's the case, why don't you let them go quickly?"

Heard the words.

Xiao Hei didn't respond at all, his hands were still holding the heads of the two men, and they were firmly pressed against the broken ground.

Those two people were constantly struggling with their hands and feet, and their breath was surging!

It's a pity, but Xiao Hei still can't be shaken!

Xiao Hei suddenly grinned, and a **** murderous intent flashed in his eyes.

"Are you threatening me?"

When Jiang Tong saw Xiao Hei's expression, his heart trembled!

Without waiting for him to speak.

The muscles of Xiao Hei's two arms suddenly swelled!

Black blood is surging wildly!

With a bang, force hard.

Poof!

Two sounds like watermelon cracking sounded like thunder on the ground.

Two streams of blood burst out from the ground!

The two stout men also completely stopped struggling at this moment.

Yin Shilian looked surprised.

Outside Yunmeng City, is there anyone who dares to completely offend the Blood Wolf faction?

Although the forces outside Yunmeng City are unstable internally.

However, when they are in unison, they are extremely united.

If you kill someone from the Blood Wolf faction, you will be listed on the red list by the Blood Wolf faction.

is the one who must be killed!

As long as the opponent is outside Yunmeng City, they will immediately carry out endless pursuit!

When Jiang Tong saw this scene, his face became completely gloomy.

"You are really bold."

At this moment, Jiang Tong directly took out a scarlet talisman.

Yin Shilian's face changed suddenly when he saw this scene.

"Quick retreat! This blood-colored talisman is used to summon the blood wolf faction nearby!"

"Once under siege, none of us can escape from here!"

However, the four little blacks did not move at all.

On the contrary, Ye Qiubai looked at Mu Fusheng with a smile and asked, "Can it be solved?"

Mu Fusheng spread his hands and said, "It's already been arranged."

Arranged?

Yin Shilian looked puzzled.

What's the arrangement?

Jiang Tong heard Ye Qiubai's conversation and sneered: "You can only be arrogant now."

After finishing speaking, he threw the **** talisman in his hand to the sky!

As Jiang Tong pinched the seal with both hands, the **** talisman began to release **** aura crazily in midair!

"Hahahaha! When the support from our blood wolf faction arrives, don't any of you... escape?"

As he spoke, the wild laughter on Jiang Tong's face became stiffer.

Looking at the **** breath in the air.

But at this moment, it cannot be completely diffused...

It seems that there is an invisible barrier around it, preventing the spread of **** breath!

I saw that Mu Fusheng pinched seals with one hand, and around them, there were pieces of talisman seals, which began to appear!

And these talisman seals are continuously connected in this space, forming an enchantment, completely surrounding this place!

As a result, Jiang Tong's blood-colored talisman could not send a message at all!

Seeing this scene, Jiang Tong's face was extremely ugly.

Yin Shilian also showed horror in his eyes.

Immediately turned his head to look at Mu Fusheng, and asked, "Which master's disciple are you?"

It was the first time he had seen this connection of talismans.

Moreover, even if he knew this method, with his soul power, he would definitely not be able to use it like Mu Fusheng!

At least twenty talisman seals, connected seamlessly!

This method requires too much soul power.

Mu Fusheng shook his head and said: "The teacher is very quiet, so he doesn't reveal his name to the outside world."

There is nothing wrong with it, and there is nothing wrong with what Mu Fusheng said.

Lu Changsheng indeed has this kind of personality.

Yin Shilian also nodded to express his understanding.

Many talisman masters and formation masters like to live in seclusion, pondering various talismans and formations in a quiet environment.

Jiang Tong's face was extremely ugly at this time, and he said: "Are you really going to do something? With our strength, even if you want to kill us, we will definitely kill a few people instead!"

Threatening now?

But, is Xiao Hei someone who will be threatened?

I saw Xiao Hei grinning, with endless demonic energy surrounding his eyes.

Fighting intent and killing intent merged and rushed out, sticking to the extreme around him!

"Since you are so powerful, that's fine, don't let me down."

Behind, Fang Qiong was stunned and said: "Senior Brother Xiao Hei, do you want to do it yourself?"

Ye Qiubai patted Fang Qiong's shoulder, and said with a smile, "Your Brother Blackie is like this, just get used to it."

Mu Fusheng shouted from behind: "Pay attention to their backhands, brother!"

Xiao Hei nodded.

Without waiting for the other party to continue talking, he rushed towards Jiang Tong and the three of them!

Jiang Tong and the three had extremely ugly faces.

The physical state of the other party is obviously only in the early stage of the **** king state.

One shot.

Just want to eat all three of them?

It is too arrogant.

"Go! Don't hold back, try to kill him with one blow!"

After finishing speaking, Jiang Tong held a big knife and rushed towards Xiao Hei with the other two!

While rushing forward, **** murderous intent gushed out from behind the three of them crazily!

That **** killing intent actually condensed into a **** giant wolf!

And the knife of the three.

turned into the sharp teeth of the **** giant wave!

Bite towards Xiao Hei!

The breath of the three reached its peak at this moment.

Seems better than ever!

Yin Shilian behind him even shouted: "Be careful!"

Xiao Hei didn't seem to hear it.

Seeing the aura of the three leaked, they couldn't help showing their madness!

"This is interesting, so that I can kill you with confidence."

The voice just fell.

Behind Xiao Hei, the demon **** descends!

The black magic energy began to spread crazily in this space!

The power of the blood, suppress it directly!

Xiao Hei's attack didn't even touch Jiang Tong and the others.

The power of this bloodline suppressed the blood-colored giant wolf behind Jiang Tong and the others!

Wolf, very proud.

But at this moment, timidity appeared in his eyes.

A sob came out of his mouth.

Jiang Tong and the three felt the power of this blood, and their expressions changed drastically.

But without waiting for their reaction.

Xiao Hei's fist wearing the demon god's mysterious armor has already landed fiercely on the sharp teeth of the **** giant wave!

Click!

A crisp sound.

Sharp teeth break.

Break it!

Chapter 1009 Mu Fusheng, caught fire

Xiaohei's physical strength.

After strengthening the heart with the Demon God Xuanjia, the dragon blood, and Lu Changsheng's blood essence.

reached a new level.

It can be said.

Even if Xiao Hei doesn't use the Nine Heavens Demon Halberd, he doesn't even wear the Demon God Profound Armor.

His physical body is not comparable to ordinary weapons.

When the physical body has been cultivated to a certain level, then every inch of his skin, every limb, and even every hair can become a sharp and hard weapon.

So, when the knives of Jiang Tong and the other three met Xiao Hei's fierce punch.

Three people's knives have no chance to resist.

directly shattered!

This made Jiang Tong, the three of them, and Yin Shilian behind them all look horrified.

Is this something that a physical cultivation at the early stage of the God King Realm can do?

If you don't look at the strength of your physical body, I'm afraid they would believe it's God Emperor Realm...

The shattering of the blade, and the remaining fist strength, were directly transmitted to their bodies.

Even if the broadsword has already endured most of the force.

The rest of the fist strength was distributed to the three of them, causing them to take a few steps back again and again.

Jiang Tong looked horrified, "Why are you..."

However, the words are not finished yet.

Xiao Hei grinned and rushed in front of them.

"Don't let me down, is this the strength?!"

Two fists smashed into the chests of the other two middle-stage God-King Realm men at the same time!

The faces of the two stout men changed in shock, and the swords had been shattered.

Then it can't be used, so I have to discard the big knife and protect my chest with both hands.

The blood-colored giant wolf also blocked its body in front of the two of them!

Use this to meet Xiao Hei's terrifying punch with all his strength!

The diameter of the punch, the space is constantly distorted!

Under the fist wind, the surrounding land was lifted up!

Two fists slammed heavily on the body of the Scarlet Giant Wolf!

Boom!

Under a loud noise.

Two holes were punched out of the body of the Scarlet Giant Wolf!

Those two holes turned into blood and scattered in the space.

The blood-colored giant wolf dissipated immediately after whimpering!

But.

Xiao Hei's attack did not stop because of this!

Just listen to Xiao Hei's shout!

The footsteps suddenly stomped on the ground, and the whole body rushed forward, the strength and wind of the fist did not decrease but increased!

It hit the chests of the two of them straight!

Click click click!

Fist to the flesh!

A crisp bone-crushing sound resounded in this space!

The two of them didn't even make a sound of mourning, the inside of their bodies were directly smashed into pieces by Xiao Hei's punch!

Only the skin was left, without the support of bones and internal organs, it fell to the ground like an empty skin...

Jiang Tong is worthy of being a desperado.

He knew that his two subordinates could not be rescued, so he took the lives of the two of them as bait, directly on the side, clenched his fists, and smashed them on Xiao Hei's back like a sledgehammer!

Click!

Xiao Hei's back bones began to shatter, blood oozed from the skin on his back, and his clothes were also stained blood red!

The body rushed forward.

See this scene.

Yin Shilian looked anxious: "Hurry up and save him!"

Sure enough, it was too much for one person to deal with three people.

Moreover, there is also the suppression of the realm.

Being able to kill two people in a one-to-three situation is already extremely monstrous.

Ye Qiubai smiled lightly, shook his head and said, "I don't need help, just watch."

You don't need help yet?

If you don't help, you will die!

Yin Shilian was extremely anxious, but with his current state, he could only be anxious here.

Jiang Tong looked at Xiao Hei who fell down, and laughed loudly: "It seems that you are nothing more than that."

"It's just a flower living in a greenhouse, without the experience of life and death, don't you pay attention to the surrounding situation?!"

"However, since you have offended us, then go to die."

Jiang Tong grinned grimly, and grabbed Xiaohei's Tianling Gai directly.

Want to shatter his soul!

But at this moment.

Xiao Hei turned over and grabbed Jiang Tong's hand directly.

Jiang Tong's face froze, and he kept moving his arms, trying to struggle, but Xiao Hei's palms were like iron tongs.

How can it be? !

Obviously, he had already hit Xiao Hei with all his strength.

Even if you don't die, there is definitely no possibility of continuing to fight!

Jiang Tong was full of disbelief, watching Xiao Hei slowly stand up.

There was a clicking sound on his back.

It's not the sound of shattering, but the bone is growing, repairing!

Wisps of white steam emanated from Xiao Hei's back.

Watching this scene.

Jiang Tong couldn't believe it, and shouted: "Who are you?!"

How did this bloodline ability work?

Unfortunately.

The news of God's Descend to Starfield did not reach their ears.

Xiao Hei didn't speak, but raised his head and grinned.

Xiao Hei's smile at this moment, in Jiang Tong's eyes, is like a demon crawling out of the abyss...

Heart palpitations!

"The strength is not bad."

Xiao Hei smiled and said, "But, it's not enough to kill me..."

Speaking of which.

Xiao Hei twisted his wrist.

Following Jiang Tong's painful roar, his arm was instantly twisted like a twist!

Then suddenly pulled.

Jiang Tong's twisted arm was instantly twisted off by Xiao Hei!

Jiang Tong held his broken arm and kept backing away, looking terrified, wanting to turn around and run away.

But how could Xiao Hei give him this chance?

With a lunge, he rushed in front of Jiang Tong, and punched him in the face!

Poof!

Blood light suddenly appeared.

The head exploded directly!

Even the divine soul dissipated under this punch!

A headless corpse, weak and falling backwards.

This is the end.

Yin Shilian looked at this scene with horror.

"You... who are you? In Yunmeng City, it is impossible for people like you to exist..."

Xiao Hei clapped his hands and said, "You don't care who we are, you just need to remember that we are the ones who saved you."

Yin Shilian nodded: "Naturally, please follow me to Yunmeng City. If you stay too long, the Blood Wolf faction will react, and we will be in trouble!"

Xiaohei and the others nodded.

But Cheng Yao has already lost consciousness. Although she has recovered under the elixir, she has also collapsed.

Unable to walk on their own.

In Yin Shilian's state, it would be good if he could walk by himself.

Ye Qiubai four people, you look at me, I look at you.

Ye Qiubai raised his hand first and said, "I have a family, you can do whatever you want."

Xiao Hei took a step back.

Fang Qiong laughed directly: "Brother Pastor, come here."

Mu Fusheng's eyes widened.

pointing at himself.

"!?"

Are you kidding me?

I don't want to get caught up in the fire!

However, the three were forced to make a unanimous decision.

Mu Fusheng still couldn't resist, so he could only weep without tears and put Cheng Yao on his back.

Face full of lovelessness.

Yin Shilian watched this scene, speechless.

Cheng Yao is the number one beauty in Yunmeng City, with a good family background.

But you...why do you look so disgusted?

[Chapter 1010: Modesty and Elegance Mu Fusheng \(14\)](#)

In Yunmeng City, the City Lord's Mansion, the Fuzhuan Master Alliance, and the Formation Master Alliance are the three major forces in parallel.

The city lord's mansion, the daughter of the city lord Yunmeng, is now Cheng Yao on Mu Fusheng's back.

Whether it is inside Yunmeng City or outside Yunmeng City.

Cheng Yao is a well-known existence, her beauty and talisman talent are unique.

Countless ascetics admire Cheng Yao.

Over the years, although Cheng Yao seemed friendly, she always smiled at everyone.

But I haven't really seen anyone get close.

If Yin Shilian hadn't been injured, he would never have missed this opportunity.

Ke Mu Fusheng four people...

Hey, no more.

It is also possible that the other party is not interested in this kind of thing at all.

Along the way.

Cheng Yao also gradually regained consciousness.

But the limbs are still weak, and the aura in the body is extremely barren.

Can't walk on his own at all.

Seeing himself being carried on the back by a man, his face was blushing, too beautiful.

Mu Fusheng was also relieved to see that Cheng Yao did not speak.

This is the best, but please don't talk to me...

On the way back to Yunmeng City.

Ye Qiubai also asked about the basic situation of Yunmeng City.

For example, the three major forces.

For another example, why under such extreme circumstances, the Union of Seal Masters and the Alliance of Formation Masters did not choose to leave the Yunmeng Starfield.

The reason.

is for the resources in Yunmeng Swamp.

According to legend, there is a kind of soul treasure in it, named Yunmeng Soul Fruit.

After taking Yunmeng Soul Fruit, all illusions will be invalid for this person.

At the same time, the power of the soul will also be greatly improved!

This is a fatal temptation for a talisman master or a formation master!

Not only Yunmeng Soul Fruit, but also the treasures of heaven and earth, are also very suitable for talisman masters and formation masters.

And for this trip, Yin Shilian and Cheng Yao wanted to go to the outskirts of Yunmeng Swamp to find a material for seal carving.

Unfortunately, people from the Blood Wolf faction got the news and surrounded them.

Ye Qiubai asked: "Your actions must be covert, but the other party is able to intercept and ambush you in your course of action, which means that there may be members of the Blood Wolf Sect in the alliance of talisman seal masters. "

Yin Shilian nodded solemnly, "I also have this idea. There are not many people who know our route. I will look it up when I go back."

In the alliance of seal masters, if there is an undercover agent from the blood wolf faction, it will be a devastating blow!

All future actions will be known by the Blood Wolf faction in advance, and then they will be arranged in advance!

Suddenly, Yin Shilian looked at Mu Fusheng and asked: "Brother Mu, you are also a talisman master, do you want to join our talisman master alliance?"

It seemed that he was afraid that Mu Fusheng would refuse.

Yin Shilian continued: "Don't worry, the Fuzhuan Master Alliance is not a sect force in the traditional sense. It does not restrict a person's freedom, but only provides a platform."

"All tasks, you can take them as you like. After you complete them, there will be generous rewards. At the same time, there are many useful things for talisman masters to trade in the talisman master alliance."

"What's more, with Brother Mu's talisman strength, I'm afraid he will soon be able to get the attention of the alliance elders."

Mu Fusheng hesitated.

According to his personality, he would definitely not join this kind of force.

It is said that it does not restrict a person's freedom, but when something happens, he still cannot be alone.

but.

The Union of Seal Masters and the Alliance of Formation Masters both have more information about Yunmeng Swamp.

At the same time, they also launched an operation against Yunmeng Swamp.

If you join one of the forces, it will be more convenient for you to go to Yunmeng Swamp later.

After thinking about it.

Mu Fusheng nodded and said, "Okay, I'll join."

Yin Shilian's eyes brightened, and he said slightly loudly: "After I go back, I will recommend it to Master! He must be very happy to let you join the Union of Seal Masters!"

Heard the words.

Mu Fusheng shook his head, and said, "No need, I just take part in the assessment myself."

Yin Shilian was slightly taken aback.

Mu Fusheng smiled: "It's too ostentatious, not to mention, if you can't even pass the assessment, then what's the use of joining the alliance of talisman masters? You will only be scolded by others."

Cheng Yao, who had been listening silently behind Mu Fusheng's back, also had bright eyes.

After hearing this, Yin Shilian also nodded slightly: "Yes, with Brother Mu's strength, it is too easy to pass the examination."

"In that case, I respect Brother Mu's decision."

Mu Fusheng nodded.

Besides, Fang Qiong also said suddenly: "Then should I go to the Alliance of Array Masters?"

Yin Shilian asked in surprise: "Brother Fang is a formation master?"

Fang Qiong nodded.

"It's best to be able to enter." After all, Yin Shilian has never seen Fang Qiong's formation strength.

However, the threshold for the Alliance of Array Masters is also extremely high.

It is not accessible to ordinary array mages.

Of course, this is not to say that the threshold of the Fuzhuan Master Alliance is not high...

It's just that what Mu Fusheng showed is too amazing.

Yin Shilian would say that.

Ye Qiubai smiled and said: "Junior Brother Fang said, a formation master alliance will naturally be able to enter."

Fang Qiong's formation talent is estimated to be comparable to few people.

Yin Shilian nodded with half-belief.

"Those two brothers, what should you do?"

Fang Qiong and Mu Fusheng turned their heads to look at Ye Qiubai and Xiao Hei.

Besides, Yin Shilian suddenly said: "The talisman masters and array mages are relatively weak in actual combat, so they are allowed to bring guards..."

The implication.

Ye Qiubai and Xiao Hei can enter the alliance of talisman masters or alliance of formation masters as their guards.

Mu Fusheng suddenly let out a smirk, looked at Ye Qiubai and said, "Senior Brother, Senior Brother Xiao Hei, then I can only wrong you first?"

Ye Qiubai: "..."

Xiao Hei: "..."

Mu Fusheng breathed a sigh of relief, and said, "Oh, the guards should listen to me, right? I can't just do what the guards do if I say so?"

Ye Qiubai, Xiao Hei: "..."

"Oh, if you don't obey me, I'll have a headache."

Heard the words.

Ye Qiubai couldn't bear it any longer, and said with a sullen smile: "Brother Priest, maybe I can let you taste the rice cooked by your little black brother."

Mu Fusheng's face turned pale in an instant!

Xiao Hei frowned, rubbed his fists and said: "Although I don't know why my food makes you so disgusted, but if you continue to talk, I don't mind trying you first."

"Just now I haven't played well yet."

Mu Fusheng couldn't wave his hands, and supported Cheng Yao with both hands, he had to shake his head quickly and said: "No, no, no, two senior brothers, it was my mistake, I committed the crime later on, I'm really sorry, I won't dare to do it again!"

See this scene.

Behind Cheng Yao couldn't help laughing out loud.

Laughter is soft, like the sound of a clear spring.

When Mu Fusheng heard it, not only did he not enjoy it.

Instead, I panicked.

It's broken, it's broken, I can't talk more.

Although the idea is narcissistic.

But Mu Fusheng still doesn't want Cheng Yao to think about all the things along the way...

Beauty is a disaster! !
