

My Disciples 1011

[Chapter 1011: Mu Fusheng, Longyang is good?](#)

Yunmeng City.

Yin Shilian brought Ye Qiubai and others into the city.

Cheng Yao also regained some strength before entering Yunmeng City.

There is no need for Mu Fusheng to memorize it.

This also made Mu Fusheng heave a sigh of relief.

Didn't you say that Cheng Yao is the number one beauty in Yunmeng City?

is also the biological daughter of City Lord Yunmeng.

With this kind of power, this kind of reputation, others will definitely know Cheng Yao at a glance.

If he still carries it by then, Mu Fusheng will probably be famous in the entire Yunmeng City!

This is not what Mu Fusheng wants to see.

The scene in Yunmeng City.

Although it is not very prosperous.

After all, in terms of the environment of Yunmeng Starfield, there is no energy to build a city that is too prosperous.

But comparing the scene outside the city, it can also be said that it is a sky and a ground.

is affected by the situation.

There are no mediocre people in Yunmeng City.

Basically everyone has a heavy look on their face.

Even the pace of the feet is much faster than other places.

appeared extremely anxious.

The sky full of dark clouds is full of darkness.

It made Yunmeng City, which already looked like the Great Wall of Steel, look extremely heavy.

At this time, in front of everyone, a group of ascetics wearing silver armor, who looked like an army, quickly stepped forward.

Mu Fusheng and the others frowned slightly.

Yin Shilian said beside him: "Don't worry, this is the personal guard of Lord Yunmeng."

When dozens of pro-guards walked up to Cheng Yao, a path split from the middle.

A middle-aged man wearing a robe embroidered with white clouds and gold-edged tattoos stepped out of it.

I saw him look anxious, looked at Cheng Yao and asked anxiously: "Yao'er, are you okay? The blood wolf faction didn't do anything to you, did it?"

Cheng Yao's eyes turned red, she shook her head and said, "It's okay, dad, there is a noble person to help."

"oh?"

Immediately, Yin Shilian stepped forward and told the whole story.

City Master Yunmeng nodded, looked at Yin Shilian and said, "Thank you very much, Shilian."

Immediately, he looked at Mu Fusheng and the others, nodded solemnly and said, "Four little brothers, thank you for helping my little girl. If it weren't for you, the consequences would be disastrous."

Mu Fusheng and the others waved their hands.

"I won't say any more polite words. If there is anything going on in the future, just tell me what happened in Yunmeng City." City Lord Yunmeng patted his chest, then looked at Yin Shilian, and said, "Also, Master Fuzhuan The league needs to be cleaned up."

Hearing this, Yin Shilian's face tightened.

He hasn't expressed his conjecture yet.

But City Master Yunmeng confirmed from their words that there were undercover agents from the Blood Wolf Sect in the Fuzhuan Master Alliance.

It is also worthy of being able to sit on the seat of the city lord and protect Yunmeng City from persecution under the threat of countless outlaws outside the city...

"Okay everyone, I still need to bring my little girl back to the City Lord's Mansion to heal her wounds. If you don't mind, please come to the City Lord's Mansion to rest. After the healing is over, I will entertain you in person. Please forgive me."

Cheng Yao also looked at Mu Fusheng.

Mu Fusheng noticed the gaze, but didn't look back.

Ye Qiubai clasped his fists and said: "We also have the purpose of seeking information. The matter has been settled, so we will go about our own affairs."

After hearing this, the city lord glanced at Ye Qiubai appreciatively.

If it was someone else, he would definitely get some benefits from him.

Although it should be so.

But Ye Qiubai and the others did not do this. Instead, they said that they were clear, which made it easier to gain the favor of the city lord.

This is much better than asking for benefits directly.

Directly taking the benefits is the real clean-up...

It can be seen that Ye Qiubai and the others are very serious.

However, City Lord Yunmeng was wrong.

Ye Qiubai and the others didn't want more benefits.

And according to Mu Fusheng's intention, if there are less forces involved, the less involved.

Otherwise it will evolve into the same way as before, take a secret treasure, and start a frenzied war with all the major forces in the entire star field...

Afterwards, City Lord Yunmeng took Cheng Yao back to the City Lord's Mansion.

Yin Shilian led a group of people towards the alliance of seal masters.

On the way, Yin Shilian looked at Mu Fusheng, and asked with a smile: "Brother Mu, to be honest, I really envy you. You are the first one Cheng Yao looks at with this kind of eyes. I can see that she should be right. You are interesting."

Mu Fusheng was startled, and immediately waved his hands and said, "Is it interesting? I'm sure not. How long have you seen each other?"

"And don't you have any liking for Cheng Yao?"

Yin Shilian smiled wryly: "In Yunmeng City, almost all the men in the world want to become Taoist couples with Cheng Yao, but Cheng Yao's vision is too high... No, I can't say too high, it should be said that it is too unpredictable. Definitely not."

"However, are you to Cheng Yao..."

Before Yin Shilian finished speaking, Mu Fusheng interrupted him, saying, "I'm not interested in women."

"???"

Yin Shilian suddenly looked at Mu Fusheng with horror on his face, and then immediately took a few steps back, away from Mu Fusheng!

Ye Qiubai and the others didn't have any expressions, but they knew Mu Fusheng's character.

But still silently took a few steps away.

Mu Fusheng sneered: "Don't even mention whether I have Longyang Zhi, even if I do, I don't like you."

Yin Shilian said that his heart was stabbed.

Although I am very fortunate, I did get hurt.

The Fuzhuan Master Alliance is located in the north of Yunmeng City.

At the same time, it is also one of the most prosperous locations in Yunmeng City.

The other is the Alliance of Array Masters.

After all, these two paths of cultivation have the same profound background as alchemists.

In front of them was an extremely tall cylindrical stone tower.

Towering into the sky.

On it, each layer is pasted with a talisman seal.

There was an extremely heavy breath on the talisman seal.

It looks extremely ancient.

At this time, Yin Shilian who was on the side said proudly: "These talismans are mountain talismans, which can withstand a full-strength blow from the half-step God Master Realm, although they can only resist once."

Mu Fusheng smiled and nodded: "It's very powerful, and I can't see through the structure of the talisman at all."

In the back, Fang Qiong whispered: "Why do you feel that the pastor brother actually sees through, but is just perfunctory?"

Ye Qiubai and Xiao Hei said at the same time: "Get rid of the feeling."

"Okay, brother Mu, follow me in, I will take you to the assessment place."

Mu Fusheng nodded.

When coming over.

Yin Shilian informed Mu Fusheng of the rules.

The assessment threshold of the Fuzhuan Master Alliance is extremely high.

First of all, the assessment is divided into two types, one is to become the backbone of the Fuzhuan Master Alliance, and the other is to be a freelancer.

Mu Fusheng naturally wants to participate in the second type.

Then, the grades will be divided according to Tiandi Xuanhuangna.

Yellow level, you need to seal the engraving of the divine weapon realm talisman seal.

Mysterious level, the **** general realm talisman seal.

Prefecture level: Divine king realm talisman seal.

Heavenly level: Divine Emperor realm talisman.

[Chapter 1012: The magic hat arrives, the assessment begins](#)

There are four levels of Tiandi Xuanhuang.

Advertises the level in the alliance of seal masters.

The level not only symbolizes strength, but also unlocks more permissions in the Fuzhuan Master Alliance.

The higher the level, the higher the floor, and the better resources can be traded.

For example, at the level of heaven, one can sit on an equal footing with the elders of the Fuzhuan Master Alliance.

At the same time, you can get the opportunity to observe the mountain talisman three times.

Although the chances of being able to fully understand how the Mountain God Talisman is carved are extremely small, understanding the half-step god-level talisman seal will be of great help to a talisman seal master!

Yin Shilian asked with a smile: "Brother Mu, if you don't let me talk to the master, then you can only start from the lowest yellow level assessment. After the yellow level, you can proceed to the mysterious level assessment, and so on."

Mu Fusheng nodded.

It doesn't matter.

He only planned to get a yellow grade.

As long as you can get the clues of Yunmeng Swamp, or be able to receive tasks related to Yunmeng Swamp.

Immediately after.

Yin Shilian took Mu Fusheng to sign up.

The next yellow-level assessment will start in two days.

During this period of time.

The four of Mu Fusheng lived in an inn not far from the Union of Fuzhuan Masters.

Of course, Yin Shilian once helped the four of them arrange accommodation.

But after Yin Shilian left, Mu Fusheng took Ye Qiubai and the others to find another inconspicuous place.

Although there is nothing wrong with Yin Shilian now.

But what if?

What if Yin Shilian has a problem?

What if Yoon Shilian discloses their information to the person in question?

Didn't I say that there are undercover agents from the Blood Wolf Sect in the Alliance of Seal Masters?

They have now become enemies with the Blood Wolf faction.

Mu Fusheng naturally had to be careful everywhere.

...

Yunmeng Starfield.

Blood Wolf faction station.

A man with a **** wolf's head tattooed on his shoulder was sitting on a tiger skin wooden chair with a golden knife hanging beside him. On both sides, there were two men dressed in revealing tulle, which could not conceal any graceful and fiery emotions at all. The seductive woman with the body is holding the man's arm.

"Boss, Jiang Tong and the others lost contact."

The leader of the blood wolf faction, that is, the man on the tiger skin wooden chair, is called the wolf king by the outside world.

The wolf king opened his eyes slightly, and said lightly, "Dead?"

"Their bodies were not found, not even a trace." The man below frowned and reported: "But it is no longer possible to lock their location through the blood wolf talisman."

The blood wolf talisman is the **** talisman that Jiang Tong threw out back then.

Wolf King snorted coldly: "That's dead, but the traces were erased by someone with a heart."

"Then boss, what should we do?"

Hearing this, the Wolf King said in a deep voice: "We don't know the rules of the Blood Wolf Sect? Naturally, we have to investigate to the end. If we find out, no matter what method we use, we will smash him into thousands of pieces!"

"Otherwise, how can we continue to hang around in this area? How many other people must laugh at our blood wolf faction?"

Land outside the law.

Among the forces, the relationship between people is not deep.

They only focus on how much benefit you can bring me.

Otherwise.

is face.

Don't pay attention to life at all.

The man below nodded: "I understand, I took people to search myself."

Wolf King nodded: "Ask him, he should be able to find some clues in Yunmeng City now."

"If he can't find any clues, it means that those forces did what they did..."

The man nodded and left.

At this time.

The wolf king suddenly looked forward.

Then he waved his hand and said, "Both of you, go down first."

The two seductive women dragged their clothes on the ground and got up immediately, then left.

Dare not delay.

After the two women left.

A man in black robe suddenly appeared in front of the wolf king.

The man smiled and said, "Wolf King, long time no see."

When the wolf king saw the man in black robe, he changed from his previous aloofness and showed a flattering smile on his face.

"Brother Moli, why did you come to Yunmeng Starfield?"

Mo Li said lightly: "Of course there is something to do."

Then, he threw out a portrait and threw it to the wolf king.

Wolf King took a look and wondered, "Who is this person?"

The magic hat said: "The former devil master."

The wolf king was so frightened that his hands shook.

The portrait unconsciously fell to the ground.

Mo Li continued: "He has come to the Yunmeng Starfield. You Blood Wolf Faction has a lot of people in this starfield, so I want you to help find it."

The wolf king smiled wryly in his heart.

It seems that I have been involved in a deep and invisible vortex.

Mo Li's words, it is impossible for him not to agree.

Disagree, that is death.

If you agree.

Then if something goes wrong, pull and mobilize the whole body.

Blood Wolf faction will also cease to exist!

Dilemma!

Mo Li looked at the wolf king's tangled expression, frowned slightly, and a stream of black breath leaked out, pressing on the wolf king's body.

Although the wolf king has reached the middle stage of the God Emperor Realm.

But in front of the magic hat, he was still no match for him.

What's more, behind him is the Demon King Domain!

"What, disagree?"

Wolf King waved his hand immediately, and said with a smile: "How could it be, what Big Brother Mo Li ordered me, I will naturally go through fire and water without hesitation!"

"I will send people to search for clues about this person! As soon as I have information, I will report to you, Brother Mo Li, as soon as possible!"

Magic hat nodded.

"When things are done well, your benefits are indispensable. At least it can help you overwhelm the other forces and become the wolf head of this area."

Heard the words.

Wolf King's eyes lit up.

The conditions promised by the magic hat made the wolf king feel that maybe this risk is worth taking!

"I'm going!"

...

Two days passed in a flash.

The assessment of the Fuzhuan Master Alliance also started on this day.

In Yunmeng City, those who want to join the Alliance of Talisman Masters will gather on this day! certainly.

There are very few people who can become talisman masters.

So it is in the main hall on the first floor of the stone tower.

Not many people came to the assessment.

There are only a dozen of them.

Among them, Mu Fusheng is included.

also includes Cheng Yao...

People on the side were talking about it.

"Cheng Yao? The city lord's daughter? Why did she come to participate in the talisman master assessment?"

"Her talisman talent is so high that some elders even wanted to accept her as a personal disciple. At that time, Cheng Yao didn't agree. How could she take the initiative to come here to participate in the assessment this time?"

Hear the discussion of the crowd.

Beside Yin Shilian, Fang Qiong smiled and said, "Did you come here for Brother Pastor?"

Ye Qiubai nodded: "It's probably close."

Xiao Hei grinned: "Sometimes he has a headache."

Mu Fusheng naturally took these words into his ears.

At this moment, I even noticed a faint sight coming from the left rear.

No need to look, you know who it is!

well...

I have always been careful.

How could the car overturn at this time?

What a crime!

[Chapter 1013: Look, why is there a dog \(13\)](#)

The examination method for the yellow rank is very simple.

It means that a talisman seal at the level of a magic soldier must be carved on the spot.

For Mu Fusheng, it couldn't be easier.

At the moment.

A middle-aged man walked in front of the examiners.

Only the man said: "I am the examiner of this assessment, and you must have known the rules."

"As long as you can carve a talisman of the level of a divine soldier within two days, it will be considered a success."

"So now, you can start."

at the rear.

The talisman master who was watching said with a smile: "It is still a bit difficult to carve a talisman of the level of a magic soldier in two days."

"For them, it is naturally a bit difficult. Back then, when we passed the entrance examination for Huang-level talisman masters, the fastest time was half a day."

"Let's see if this record is broken this time."

Yin Shilian looked at this scene, also smiled and said: "The talisman at the level of magic soldiers should not be difficult for Brother Mu."

Although I haven't seen Mu Fusheng seal talisman carving, but judging from the terrifying method of using talisman.

Passing this yellow-level assessment should not be difficult.

"It depends on how long Brother Mu can spend to complete it. One day must be enough."

Ye Qiubai smiled and said: "I'm afraid one day is not enough."

Xiao Hei and Fang Qiong also nodded in agreement.

Um?

Yin Shilian was puzzled.

Could it be that Mu Fusheng is weak in seal cutting and seal cutting?

However, what he didn't expect was.

Ye Qiubai and the others thought that it was not because Mu Fusheng was not strong enough to engrave a magic-level talisman seal in one day.

Instead, with Mu Fusheng's personality...

Certainly not for the sake of this petty profit, to quickly engrave talismans to attract the attention of others.

Since the requirement is two days.

Then Mu Fusheng will definitely spend the last bit of time before carving out the seal.

Otherwise, it's just a magic-level talisman seal, and I'm afraid it only takes a few minutes to carve it out...

Mu Fusheng held the holy talisman Xuanlei pen, and he had this kind of thought in his heart.

However, it is not only necessary to press the time to complete the seal cutting.

At the same time, you have to think about which kind of talisman to choose for engraving, so as not to attract the attention of others.

The talisman seals on the Book of Talismans and Ways definitely cannot be carved.

In that case...then seal an ordinary killing talisman.

Thinking of it, Mu Fusheng pretended to move the talisman pen slowly.

The rest of the people also started seal cutting immediately.

Among them, a few people have the highest degree of attention.

Cheng Yao is one of them.

As the number one beauty in Yunmeng City, she has shown an amazing talent on the way of Fu Zhuan.

The other person is Yan Xuan, a casual cultivator in Yunmeng City.

Yan Xuan's talisman master talent is also extremely high.

At the same time, they have already been able to carve talisman seals at the level of masters. Even the alliance of talisman seal masters has invited Yan Xuan.

However, Yan Xuan said, if Cheng Yao does not participate, then I will not participate either.

That's right.

Yan Xuan is also one of Cheng Yao's suitors.

It's just that Yan Xuan's talent is higher.

"This Yanxuan really has some personality. He has to wait for Cheng Yao to come to participate before he comes together."

"Unfortunately, Cheng Yao seems to ignore this Yan Xuan."

"However, Yan Xuan is quite capable. I don't know if he can break the record."

Just when all the talisman seal masters were concentrating on trying to quickly and successfully carve the talisman seals.

Even, there was a lot of commotion, and the breath was amazing.

On the other hand, what about Mu Fusheng?

The first time I wrote the lines on the talisman paper, the talisman paper was directly broken because of the wrong seal carving lines.

This also made the people around shake their heads involuntarily.

"How long has passed, it has already failed."

"This person probably doesn't have the ability to carve magic-level talisman seals, but he just wants to try his luck."

"In every assessment, there will be such a person. It is not surprising. Let's look at the others."

After finishing speaking, he turned his eyes away, and Mu Fusheng was completely ignored.

Even Yin Shilian frowned slightly.

Could it be that... Mu Fusheng just made achievements in the power of the soul?

In fact, there is not much talent in seal cutting and seal carving?

Behind him, Ye Qiubai, Xiao Hei, and Fang Qiong couldn't help giving their thumbs up, but they were quite speechless in their hearts.

In order to divert the attention of others.

In order not to be noticed.

It is really you who can do this!

Time passed by one minute and one second.

Half a day passed quickly.

The entire first floor of the stone pagoda is filled with a huge aura of talismans!

At this moment, everyone's horrified eyes are all looking in one direction.

The talisman pen in Yan Xuan's hand continued to draw vertical and horizontal lines on the talisman paper.

There are afterimages, which continue to be born.

The texture on the talisman paper is also approaching perfection!

"For a long time, it seems that Yan Xuan is about to equal the record."

"This person is likely to be favored by the elders above and accepted as a disciple. Of course, as long as Yan Xuan nods."

Not too long.

The aura of talisman seal surges!

One piece can be called the best in the entire magic seal, and it is completed at this moment!

Immediately, Yan Xuan glanced at Cheng Yao, who was also coming to an end, and then picked up the talisman and handed it to the middle-aged man.

The man nodded, took a look, and a smile appeared on his serious face.

"Yan Xuan, are you interested in joining my alliance of seal masters? Of course, I mean becoming a backbone."

Backbone, it is equivalent to entering the interior of the alliance of talisman masters.

Lost some freedom, but can enjoy more resources.

However, it is also a very good choice for a talisman master to join the talisman master alliance.

Yan Xuan shook his head, looked at Cheng Yao and said loudly: "As long as Cheng Yao joins, then I will join."

The man understood what he meant, and nodded, but did not invite again.

Although Yan Xuan's talent is very strong.

But the Alliance of Talisman and Seal Masters will not humbly beg a junior to join.

If you get to this situation.

Then the Alliance of Seal Masters will exist in name only.

After Yanxuan.

Another half day.

Cheng Yao also completed the seal carving.

However, Cheng Yao's achievements surprised everyone even more!

because.

The answer sheet that Cheng Yao handed over during this day was actually a talisman of the rank of a **** general!

The middle-aged man's eyes were bright, "Cheng Yao, you..."

But the story is not finished yet.

Cheng Yao shook her head and said, "I'll take a look first, and I'll reply after everyone has finished the assessment."

The middle-aged man's brows twitched.

I was a little puzzled.

The place where others want to join when they squeeze their heads, why put it on the two of you, so cheap?

Yan Xuan walked towards Cheng Yao and said with a smile, "Is it because I haven't joined yet?"

Hearing this, Cheng Yao glanced at Yan Xuan, smiled, but did not speak.

Yin Shilian, Ye Qiubai, Xiao Hei, and Fang Qiong, who learned the reason of some things, really suddenly felt that Yan Xuan was a bit pitiful...

Look.

Why does it seem that there is a dog there.

arely revealed to the outside world.

Looking at it now, I am afraid that Cheng Yao's talent as a talisman master is higher than they imagined.

No wonder the elders of the Fuzhuan Master Alliance went to the City Lord's Mansion in person, intending to accept Cheng Yao as a disciple.

but.

After completion.

Everyone found something wrong.

I saw Cheng Yao's eyes, basically the whole process fell on the talisman master who failed once at the beginning.

Think of what Cheng Yao said before.

Everyone's eyes couldn't help but feel a little strange.

Could it be possible, because this person hasn't finished yet, Cheng Yao said to wait for all the examiners to finish before discussing whether to join the Fuzhuan Master Alliance?

Think back to before.

The elder went to the city lord's mansion to accept disciples in person, but Cheng Yao declined.

But he has to come now to participate in the assessment of the Fuzhuan Master Alliance.

Could it be because of this person?

Yan Xuan also gradually reacted.

His face couldn't help but slowly became gloomy, and he looked at Mu Fusheng, but he felt a little strange in his heart, why would Cheng Yao like this kind of person?

And at this moment.

Mu Fusheng, who was being watched by everyone, naturally felt the warm gazes from his surroundings.

I couldn't help crying in my heart.

I feel numb, and it's hard for others not to notice me.

As a result, I pay more attention now than before!

Let's just say that beautiful women are troublesome women!

Mu Fusheng wants to cry but has no tears.

What did I do to make you look at me like this, tell me quickly, I can't change it if you tell me...

is now being followed by so many people.

Mu Fusheng couldn't do anything to look away.

I can only start to show off my acting skills...

So, during these two days.

Mu Fusheng crazily misdrawn a piece of low-level magical-level talisman several times.

It wasn't until the last moment that the seal cutting seemed to be completed without any danger.

Mu Fusheng picked up the talisman, wiped the sweat off his forehead, took a long breath, and said, "It's finally finished, it's really not easy."

Ye Qiubai: "..."

Xiao Hei: "..."

Fang Qiong: "..."

evolved into this.

I don't even want my face!

Cheng Yao was also slightly relieved.

Yan Xuan, who was on the side, saw Cheng Yao's expression, and was jealous for a while.

Is this kind of person worthy of you, Cheng Yao?

However, Yan Xuan was smart, so he didn't say these words out loud.

After all, Cheng Yao seems to have begun to have a little interest in Mu Fusheng.

Although Mu Fusheng's talent is not good.

But if you say bad things about the other party in front of Cheng Yao, it will only increase your disgust.

This is not worth the candle.

It's better to use talent and strength to let Cheng Yao understand who is really worth entrusting to her later!

After Mu Fusheng handed over the talisman to the middle-aged man, the man didn't show any expression, just nodded slightly and said: "Passed."

So far.

The assessment is also over.

Among a dozen or so people, four failed.

This pass rate is considered normal.

At this time, Cheng Yao walked up to Mu Fusheng, with two pink clouds floating on her cheeks, and with a shy smile, she said: "At that time, my injury was too serious, so I couldn't thank you properly, please ask Mu Fusheng to thank you." Forgive me, son."

Mu Fusheng: "..."

No, staying away from me is the best reward for me.

"No need, you have also given us the information we want, so it will be considered clear." Mu Fusheng waved his hand.

The implication is that buddy doesn't want to have any follow-up relationship with you, so please stay away from me!

However, Cheng Yao didn't seem to understand, but she still smiled and said, "Young Master Mu, didn't you inquire about Yunmeng Swamp before? I'm afraid the City Lord's Mansion won't know too much about this news, but there are still many rumors about the Fuzhuan Master Alliance." News from Dream Swamp."

"It's just... Mr. Mu may still need to work hard to become a Xuan-level talisman master before he can get in touch with some tasks in Yunmeng Swamp."

When Mu Fusheng heard this, his face froze slightly.

What do you mean?

So Lao Tzu has been acting for so long and won the title of a Huang-level talisman master, but he still can't get information about Yunmeng Swamp, right?

Think here.

Mu Fusheng turned his head to look at Yin Shilian, with an uneasy expression on his face.

Yin Shilian scratched his head, and smiled embarrassedly: "I thought Mr. Mu had the strength to rush directly to the Xuan-level talisman master."

"Want to become a Xuan-level talisman master?"

At this time, Yan Xuan suddenly sneered, and said: "With your current strength as a talisman master, maybe you should practice steadily for decades before we talk about it, otherwise, with your current talisman seal cutting at the level of Shenbing Under extremely difficult circumstances, it is simply a dream to pass the Xuan-level assessment."

Speaking of which.

Yan Xuan looked at Cheng Yao again, and said gently: "Cheng Yao, with your strength, it is enough to pass the Xuan-level assessment, why don't we just pass the Xuan-level talisman master?"

Cheng Yao glanced at Mu Fusheng, but shook her head and said, "I won't take the exam, Mr. Yan, please go ahead."

Hearing this, Yan Xuan frowned slightly.

But at this time.

But Mu Fusheng stood up, looking at the middle-aged man, and asked: "The mission in Yunmeng Swamp, only Xuan-level talisman masters are qualified to take it?"

The middle-aged man glanced at Mu Fusheng strangely, and nodded: "Although so, there is a reason why Yunmeng Swamp is called the restricted area of life. I advise you, don't make unrealistic fantasies."

"Thank you." Mu Fusheng nodded and said, "But can I continue to participate in the Xuan level assessment?"

The middle-aged man was slightly taken aback.

Cheng Yao, Yin Shilian, Yan Xuan, and the people around were taken aback.

Brother?

Are you OK?

You, a person who can't even carve magic-level talisman seals, still want to participate in the Xuan-level assessment?

Then you need to engrave a god-level talisman seal!

The difference in difficulty between the two is not a little bit!

Yan Xuan also persuaded from the side: "My fellow Taoist, don't be impulsive. If you make a mistake in carving a talisman that does not belong to your own realm, it may lead to backlash, and the gain will outweigh the loss."

But I don't know if it's a lie or a fake.

The middle-aged man looked at Mu Fusheng, but he didn't say anything, but asked: "Yes, yes, but are you sure?"

Mu Fusheng nodded.

no solution anymore.

For the sake of Senior Brother Xiao Hei, I can only do this.

Otherwise, joining this alliance of talisman masters will be useless.

At this moment.

Cheng Yao also stepped forward and said, "Then I will also take part in the Xuan-level assessment."

Yan Xuan: "..."

Mu Fusheng: "..."

This eccentricity is too partial!

The surrounding viewers almost didn't laugh out loud.

They all feel sorry for Yan Xuan.

But Mu Fusheng persuaded earnestly: "Miss Cheng Yao, you must not force yourself to test things you don't like because of some external things."

The outside world naturally refers to him, Mu Fusheng himself.

Cheng Yao shook her head with a smile and said: "It's not that I don't like it, I still like the way of talisman."

Mu Fusheng was helpless.

Is this girl a little out of her mind?

Don't understand this?

Now, Mu Fusheng feels like he punched cotton...

[Chapter 1015: Sin! \(33\)](#)

When the yellow-level assessment is over, someone proposes to continue the mysterious-level assessment, and usually two incense sticks of rest time will be given.

During this rest period.

Mu Fusheng immediately ran away from Cheng Yao.

Can't give her any chance!

Then he looked at Xiao Hei, and said with an extremely resentful expression: "Senior Brother Xiao Hei, for you, I paid a huge price this time!"

Xiao Hei scratched his head and grinned: "I will make it up to you then."

"for example?"

"For example, I will cook for you myself."

Mu Fusheng's expression changed immediately, then he patted his chest heavily, took Xiao Hei's arm, and laughed loudly: "Hahaha, brother, whoever we are with, don't be so polite, I was just joking just now, we have such a good relationship between brothers and sisters, how can we say the word "compensation"? What a blessing!"

It can be said.

Mu Fusheng's desire to survive is already full at this moment.

Yin Shilian asked from the side: "Brother Mu, are you sure about the Xuan-level assessment?"

Then pondered for a while, "Why don't I talk to Master, it shouldn't be a big problem for you to become a Xuan-level talisman master."

Yin Shilian's master is a powerful elder of the Fuzhuan Master Alliance.

These things can still be done.

After all, a Xuan-level talisman master can't affect anything.

Mu Fusheng shook his head and said: "Since I said it, I have my reasons, so thank you Brother Yin for your kindness."

Yin Shilian smiled wryly.

It's so hard to carve the divine soldier-level talisman, how can I go about engraving the divine general-level talisman...

But Mu Fusheng said so.

Yin Shilian couldn't say anything more.

...

The time for two sticks of incense passed in the blink of an eye.

The middle-aged man opened his eyes on the spot, and said loudly: "Those who want to continue the Xuan-level assessment can start."

"Rules, within three days, the seal will be carved with a master-level talisman."

The difficulty of the general-level talisman seal is much more difficult than that of the magic soldier.

An extra day is also very reasonable.

The only ones who want to participate in the Xuan level assessment are Yan Xuan, Cheng Yao and Mu Fusheng.

The number of onlookers around has not decreased.

They were all very curious about how sure Mu Fusheng was, and he would take the initiative to continue to participate in the Xuan-level assessment.

Cheng Yao glanced at Mu Fusheng worriedly, and then started carving seals.

For her, there is no difficulty in engraving seal seals with god-level talismans.

Yan Xuan also smiled confidently.

His talisman talent is also very high.

Immediately, he glanced at Mu Fusheng, with a hint of sarcasm in his eyes.

It's up to you to see if you are really capable, hiding your clumsiness, or just trying to please the public.

Then seal cutting also started.

This time, Mu Fusheng was no longer the same as before. A mistake occurred not long after the beginning, which caused the talisman to be torn.

If you continue like this, it will be too fake.

Now, he can only show a little bit of strength to let others know that he actually has the ability to engrave divine general-level talismans.

It's just not too fast, it's good to stop here.

Continue to pretend, if he pretends too much, those who are interested will guess that maybe the god-level talisman is not his real strength.

So.

This time, Mu Fu was born in the eyes of everyone.

He is no longer the kind of talisman master who keeps making mistakes.

On the contrary, it is steady and steady.

Although the seal cutting speed is not fast, each stroke is extremely stable.

This made everyone's eyes brighten.

"This person...was hiding his strength before?"

"It should be. If you haven't reached this level, you won't be able to perform such a stable seal carving."

"It's pretty low-key."

"However, it seems that the hidden strength is probably limited to the god-level talisman, otherwise it wouldn't be so slow."

Yin Shilian was a little surprised when he saw this scene.

No wonder Mu Fusheng offered to continue participating in the Xuan-level assessment!

Even the middle-aged man nodded slightly.

Cheng Yao, who was carving talisman seals, glanced slightly, and was relieved after seeing Mu Fusheng's situation, the corners of her mouth slightly raised, and continued to start seal cutting.

Yan Xuan frowned.

So what if you hide your strength?

The speed of seal cutting is so slow, the strength and talent are still not as high as mine!

Think here.

Yan Xuan calmed down and devoted himself to seal cutting.

The dancing speed of the talisman pen in the hand also began to get faster and faster!

Started to speed up!

This made everyone sigh at Yan Xuan's strength.

...

After a day.

Cheng Yao and Yan Xuan completed the seal carving at the same time.

After the inspection by the middle-aged man, he nodded and handed two Xuan-level medals to Cheng Yao and Yan Xuan respectively.

Then everyone's eyes fell on Mu Fusheng.

Still slow, but no errors occurred.

The aura of the talisman began to flicker.

is the breath of a god-level talisman.

There was still a quarter of an hour before the end of the third day.

The holy talisman Xuanlei pen in Mu Fusheng's hand ticked slightly.

The seal carving of the last line on the talisman paper is completed!

The breath of thunder and lightning began to flicker!

God-level talisman seal was finally completed after "untold hardships".

At least, that's how it looks to outsiders.

Mu Fu let out a deep breath, wiped off his sweat as usual, and handed the talisman to the middle-aged man.

After the inspection, the middle-aged man nodded and said, "Passed, you are not bad, do you want to join the alliance of talisman masters and become the backbone?"

Mu Fusheng smiled and shook his head: "I still like to be more free."

The man nodded: "Then I won't force it, but sometimes exchanging freedom for resources may be more suitable in this Yunmeng Starfield."

After finishing speaking, he handed the Xuan-level medal to Mu Fusheng.

Cheng Yao on the side heard that Mu Fusheng would not join, so she also looked at the man and said, "Senior, since that's the case, I won't join either."

The middle-aged man smiled wryly in his heart.

But I can only nod helplessly.

Looking at this scene, the people around were dumbfounded, but Yan Xuan's face was as gloomy as it could be.

This time, he no longer catered to Cheng Yao's decision, but looked firmly at the middle-aged man and said, "Senior, I'll join."

Yunmeng Starfield lacks resources.

Cheng Yao looks down on him now.

Yanxuan planned to use the resources of the Fuzhuan Master Alliance, combined with his own talent, to completely trample Mu Fusheng under his feet!

The middle-aged man raised his eyebrows: "Oh? Well, then you can follow me to the sixth floor of the stone pagoda."

The first floor of the stone tower is the assessment area.

The second floor is where only Huang-level talisman masters can step in.

Mysterious level can enter the third floor, and so on, until the sixth floor, where the backbone of the Fuzhuan Master Alliance can enter.

Mu Fusheng ignored Yan Xuan.

It's just a bit of a headache, as expected, women who are troublemakers often provoke a lot of enemies when there is nothing wrong with them...

After the assessment is over.

Mu Fusheng came to Ye Qiubai and the others, and said, "Junior Brother Fang, do you want to take the assessment too?"

Fang Qiong smiled and nodded: "That's exactly what I mean, and then I can inquire about the news of Yunmeng Swamp from both sides."

Yin Shilian wondered, "Brother Fang is so confident?"

Fang Qiong smiled: "It shouldn't be a big problem."

At this time.

Cheng Yao also walked over step by step, with a smile like the first melting of winter snow, and asked: "What do you want to do next? Do you want to accept the task? Can you let me join?"

Mu Fusheng: "..."

What a crime!

[Chapter 1016: The name of Fang Qiong shocked Yunmeng!](#)

Mysterious-level talisman masters can enter the second floor of the stone tower to accept tasks.

On the second floor, you can already get in touch with the tasks of Yunmeng Swamp.

However, it is still necessary for Fang Qiong to also get the medal of the Xuan-level Array Master in the Array Master Alliance.

after all.

Whether it is the Alliance of Seal Masters or the Alliance of Formation Masters, only one person is allowed to carry a **** to do the task.

At the same time, if Fang Qiong joins the Alliance of Array Masters, he may be able to gain access to other information about Yunmeng Swamp.

Two-pronged approach can maximize efficiency.

Two days later.

Fang Qiong also successfully completed the assessment from the Array Master Alliance and became an Earth-level Array Master.

It is different from Mu Fusheng.

Fang Qiong did not hide his strength.

When the annihilation and killing array was launched, and the moment it was condensed in less than a cup of tea.

It has shocked the entire Alliance of Array Masters!

With the power of the current annihilation and killing array, at least it has reached the level of a **** king.

The god-level formation is condensed in less than a cup of tea, even some elders of the formation master alliance can't do it!

This also directly alarmed the leader of the Alliance of Array Masters.

The leader of the alliance appeared directly, intending to take Fang Qiong as his apprentice.

And offer extremely generous conditions.

When Fang Qiong reached the level of a god-level formation master, he directly handed over the position of leader to Fang Qiong!

But Fang Qiong did not agree, but indicated that he had a master to decline.

This also made the leader feel quite sorry, but he also said with emotion: "I want to see, who is the **** who can train a formation master like you."

Fang Qiong's reputation resounded throughout Yunmeng City!

In Yunmeng City, many people were curious about who Fang Qiong was, and why this monster had never been heard of before.

After Mu Fusheng and Fang Qiong both received rank medals.

Ye Qiubai became Mu Fusheng's guard, and Xiao Hei followed Fang Qiong to the third floor of the Alliance of Formation Masters.

Mu Fusheng brought Ye Qiubai to the second floor of the Fuzhuan Master Alliance.

However, two followers, Cheng Yao and Yin Shilian, also followed.

This also made Mu Fusheng extremely helpless.

Already rejected the request of the two to join their team.

But Cheng Yao used the excuse that I was also here to pick up the task.

Yin Shilian wanted to see what kind of mission Mu Fusheng and the others would choose.

In the second layer.

The number of people is obviously much smaller than that of the first floor.

On this floor, only dozens of people can be seen walking around, surrounded by wooden tables, on which are placed various treasures related to talismans and seals.

This is where the talisman masters barter for things.

The task notice was posted on a stone tablet.

There are a wide variety of tasks, and there are all kinds of tasks.

For example, a request to engrave a specific talisman, such as looking for a certain material, or an escort.

These three tasks are the most welcome.

After all, the risk factor is not too high.

However, on the stone tablet, some blueprints marking the tasks look a bit worn out, and even the corners have been cracked. Obviously, no one has cared about it for a long time.

Obviously, none of these are tasks related to Yunmeng Swamp.

This is also normal.

Mysterious-level talisman masters are no more than super generals, and entering the restricted life zone of Yunmeng Swamp, even if it is only the outermost periphery, the death rate is surprisingly high.

It is normal that no one will take these tasks.

Yin Shilian looked at those missions with a slightly dignified expression, and said: "Although the missions related to Yunmeng Swamp that Xuanji can receive are the most peripheral ones, they are also extremely dangerous. In addition, those extrajudicial forces outside the city They all like to send people with higher realms to guard, so the death rate is extremely high for us."

Cheng Yao also nodded beside him: "After all, most of the resources of the Alliance of Talisman Seal Masters and the Alliance of Array Masters are obtained from Yunmeng Swamp, so those forces simply lurk outside the swamp."

Hearing this, Mu Fusheng and Ye Qiubai nodded slightly.

In this way, the main threat is man-made.

"Then which mission do you want to take?"

Cheng Yao asked curiously.

Mu Fusheng did not answer, but carefully watched the task above about Yunmeng Swamp, weighing the pros and cons.

Although any mission related to Yunmeng Swamp is acceptable.

However, for Mu Fusheng, the danger and feasibility must be considered.

Suddenly, Mu Fusheng saw a mission in it.

"It is necessary to plant induction talismans at four locations outside Yunmeng Swamp."

Below, there is a map. The places that need to be marked on the map are extremely obvious.

The induction talisman is to monitor the changes in Yunmeng Swamp at all times.

After all, it is a forbidden area for life, and the risk factor is too high.

In addition, in the Yunmeng Swamp, there will be hallucinogenic fog floating in the air and aura, and from time to time there will be monsters looking for food outside.

Therefore, the induction talisman is necessary.

Mu Fusheng pointed to the task, looked at Ye Qiubai and asked, "Brother, how about this task?"

Ye Qiubai looked at it, nodded and said, "Yes, it happens that what we need most is a map."

Moreover, Mu Fusheng can also use means in the induction talisman, for example, put in his own power of soul for his own exploration.

Ye Qiubai can naturally think of this point.

"Do you want to take this task?"

Suddenly, Yan Xuan walked over from the side, wearing a black Taoist robe, with the word "Fu" engraved on his chest.

This is also a symbol representing the backbone of the Seal Master Alliance.

Mu Fusheng and Ye Qiubai didn't pay attention to Yan Xuan, but directly took off the task and walked towards an old man sitting in front of the wooden table in the middle.

Seeing that the two of them ignored him at all.

Yan Xuan's face was also slightly gloomy. When he looked at Cheng Yao, he saw Cheng Yao also followed, which made him even more frustrated.

Looking at the task panel, his face hesitated, and after stretching out his hand, he stopped in mid-air.

However, thinking of Cheng Yao's back, Yan Xuan felt ruthless, and still revealed a task related to Yunmeng Swamp!

"Senior, we are going to accept this mission." Mu Fusheng put the mission blueprint in front of the old man.

The old man raised his eyebrows and said softly, "Do you know the danger?"

Mu Fusheng nodded.

Seeing this, the old man didn't say much, and handed four talisman seals and a map scroll to Mu Fusheng.

"After the completion, the alliance will notice the breath of the induction talisman, and the reward will be given to you after completion."

Mu Fusheng took it, and when he wanted to leave with Ye Qiubai.

Cheng Yao whispered from the side: "How about I go with you? At least my understanding of Yunmeng Swamp must be deeper than yours."

After all, she is the daughter of the city lord.

Mu Fusheng shook his head: "We cannot guarantee your safety."

After finishing speaking, he left with Ye Qiubai without looking back.

Cheng Yao's expression darkened upon seeing this, Yan Xuan approached and said: "Cheng Yao, they are not strong enough, so naturally they dare not take you, why don't you come with me?"

Cheng Yao's gloomy expression quickly faded away, she looked at Yan Xuan and smiled slightly, then shook her head: "No need."

After finishing speaking, he also took off a piece of the mission of Yunmeng Swamp, handed it to the old man and walked outside.

Yan Xuan looked at Cheng Yao's back, rubbed his palms tightly, his eyes flickered, he didn't know what he was thinking.

[Chapter 1017: Dangerous path, Eagle Emperor Cheng Xu!](#)

The place where the four gathered was at the north gate of Yunmeng City.

Mu Fusheng and Ye Qiubai came here first.

Finding that Fang Qiong and Xiao Hei hadn't come yet, they waited here.

At this time, Ye Qiubai looked at Mu Fusheng with a sudden smile, and asked, "Why, Cheng Yao is not very good, whether it is character talent or beauty, why don't you think about it?"

Mu Fusheng rolled his eyes, "Brother, which pot do you not open and carry, right? It's not like you don't know my temperament. You can find a Taoist partner, but it must be done before I reach the point where no one can pose a threat to me." under the circumstances."

That is when you reach the peak of the fairy road.

"What's more, how long has it been since the eldest brother went back to see his sister-in-law?"

Ye Qiubai shook his head helplessly: "When I went back to the low-latitude boundary, I went to Mu's house. At that time, I said that Ziqing seemed to have gone to other places."

"Why do you want to go out and venture by yourself?" Mu Fusheng was puzzled.

Obviously it would be better to have resources by Ye Qiubai's side.

Ye Qiubai smiled bitterly: "It seems that the gap is too big now, so he didn't want to drag me down, so he went by himself without leaving a location."

Mu Fusheng patted Ye Qiubai on the shoulder, and said: "Okay, don't worry, my sister-in-law is also a lucky person."

Ye Qiubai nodded.

While the two were discussing.

Fang Qiong and Xiao Hei came together.

Not far behind them are Cheng Yao, Yin Shilian and Yan Xuan...

Seeing this scene, Mu Fusheng almost lost his eyes.

Cheng Yao pursed her lips and said with a light smile, "I also accepted a task and wanted to hone myself."

All said so.

Mu Fusheng couldn't say anything.

Yin Shilian said with a smile: "Master told me to take care of Cheng Yao."

Yin Shilian's master, that is, the elder of the Fuzhuan Master Alliance, originally came from the City Lord's Mansion. Although he has now joined the Fuzhuan Master Alliance, the relationship between the two is still not shallow.

Naturally, Cheng Yao will take more care of her.

Yan Xuan remained silent.

"Okay, let's go." Ye Qiubai smiled and waved his hands.

Xiao Hei, Mu Fusheng, and Fang Qiong nodded and headed towards Yunmeng Swamp according to the map.

Cheng Yao's eyes were slightly sad, but she still followed.

On the way.

Mu Fusheng and Ye Qiubai also learned about Fang Qiong's mission.

However, it is an urgent task, and the difficulty will be somewhat high.

Go to the middle of Yunmeng Swamp and rescue the two earth-level formation masters of the formation master alliance.

Although the difficulty is several times higher than the task that Mu Fusheng took over.

But I have to say that Fang Qiong's choice of this mission is very suitable for them.

After all, if the two earth-level formation masters are rescued, more information can be obtained from their mouths.

The reward for the final mission is also information about the depths of Yunmeng Swamp and a concise method of arranging a god-king formation.

information.

is what Ye Qiubai and the others need most.

After all, the information of Yunmeng Swamp is beyond the reach of ordinary people.

It involves almost all the resources of Yunmeng Starfield, so the information about Yunmeng Swamp is only in the hands of the top three powers in Yunmeng City.

This is not trying to monopolize cultivation resources.

Rather, they knew that in Yunmeng City, and even among the three major forces, there would definitely be undercover agents from forces outside Yunmeng City.

In order to prevent the forces outside Yunmeng City from getting more resources, their strength will increase greatly, and they can completely threaten Yunmeng City.

The three major forces decided to hold the resource information of Yunmeng Swamp in their own hands.

The route of several people is extremely careful.

At the same time, they were all affixed with concealed breath talismans to avoid the targeting of those outside the law.

only.

Even so, there are only three routes from Yunmeng City to Yunmeng Swamp.

These three routes have long been known to those outlaws.

No matter how concealed it is, it is impossible to completely avoid it.

In a mountain path.

This road is extremely dangerous, with cliffs and cliffs, and monsters.

Although the most dangerous.

But it is also the route with the fewest outlaw fanatics.

It's just that, even so, it cannot be avoided.

All the people who were speeding forward on this road suddenly had a dozen figures appearing in front of them.

I saw that these eleven people had grim smiles on their faces, holding all kinds of weapons in their hands, and looked at Mu Fusheng and the others greedily in their eyes.

It's like looking at prey.

Mu Fusheng and the others did not panic, after all, if you want to go to Yunmeng Swamp, this is something you have to go through.

It's just, if there is no Cheng Yao, Yin Shilian and Yan Xuan.

Mu Fusheng had long thought of a countermeasure, and directly used the talisman in the space ring to quickly deal with the opponent.

Then clean up the traces and move forward quickly.

But with Cheng Yao and the three of them walking together, Mu Fusheng couldn't do this anymore.

In Yunmeng City, there are also undercover agents.

It is natural to keep the hole cards.

"A few big fish came instead."

Among them, a man at the peak of the God-King Realm stood at the first place and said with a sneer, "Even the daughter of that old thief, City Lord Yunmeng, has left the city."

"In this case, then leave the resources on your body, and then obediently lead him to death. As for Cheng Yao, let us brothers have a good time, and then ask for a ransom from the owner of Yunmeng City!"

"In this way, it may relieve some pain."

Cheng Yao's face darkened slightly.

Yin Shilian was also dignified.

Yan Xuan stood in front of Cheng Yao, and said coldly: "Perhaps, you are not enough?"

Although Yan Xuan is a talisman master, he has also reached the peak of the God King Realm.

"Is it really not enough?"

Suddenly, behind the group of people, an old man with a hooked nose suddenly appeared with a hunched posture and a cane.

No sound!

See this person.

Yin Shilian's face was shocked.

Even Yan Xuan's confident expression gradually faded away, revealing a gloomy look.

"Eagle Emperor Cheng Xu, a strong man in the early stage of the God Emperor Realm..."

Early stage of God Emperor Realm.

Has reached the level of the alliance elders.

At the same time, the name Eagle Emperor is not only famous outside Yunmeng City, but its notoriety is also resounding throughout Yunmeng City.

Not only is he vicious, but he is also good at attacking the heart, constantly instigating against the arrogance or the strong in Yunmeng City.

Cheng Xu opened his mouth and smiled, revealing the few yellow teeth left.

It looks extremely sinister.

"It's just reached the critical period of breakthrough. With the bargaining chip of the city lord's daughter, the resources obtained in exchange are enough."

After finishing speaking, he didn't say anything, but saw the crutch in Cheng Xu's hand shaking slightly, and in an instant, he appeared in front of Yan Xuan, his skinny palm directly grasping Yan Xuan's neck.

"After following for so long, you seem to be interested in the city lord's daughter, but the other party seems to despise you."

Cheng Xu's words were full of temptation.

"Why don't you join us, and when Cheng Yao is caught, I'll let you play for a few days first?"

"In this case, won't you be able to get her temporarily?"

Heard the words.

The faces of Yin Shilian and others changed drastically.

Mu Fusheng's eyes were also flickering, looking at Yan Xuan with an imperceptible murderous intent in his eyes.

Yan Xuan already had a feeling of hatred for him. After the experience of the past few days, maybe it is really possible to agree to the temptation thrown by Cheng Xu.

If Yan Xuan agrees, there will be one more talisman master, which is extremely disadvantageous to them.

So as long as this sign appears.

Mu Fusheng will make a thunderous move, so kill him first!

[Chapter 1018: Bottom line, Mu Fusheng initially showed his strength!](#)

In the palm of Eagle Emperor Cheng Xu.

Yan Xuan kept tugging at Cheng Xu's skinny hand, but he couldn't shake it at all.

Gradually, the face became congested and became purple, and the lips turned white.

Cheng Xu smiled and said: "How about it, do you want to consider what the old man said, so that you can fulfill your wish and save your life."

Rear.

Yin Shilian quickly shouted: "Yan Xuan, don't listen to him! Even if you join them, they will torture you in every possible way!"

"Um?"

Cheng Xu looked at Yin Shilian, and pointed out.

In an instant, there was an invisible energy, which directly hit Yin Shilian's chest!

Yin Shilian's eyes widened suddenly, and a mouthful of blood spurted out wildly, like a kite with a broken string, it fell backwards.

"In such a hurry to seek death?" Cheng Xu grinned, and said viciously: "Shut up obediently, maybe it can relieve some pain."

Immediately, he turned his gaze to Yan Xuan again, and asked, "Have you made up your mind? I know you can't speak now, so if you make up your mind, just nod your head."

Yan Xuan's eyes flashed, and then he nodded slowly.

Cheng Xu grinned and let go of his hand.

And saw this scene.

Cheng Yao's expression sank.

Yin Shilian also had a sad expression.

The killing intent in Mu Fusheng's eyes could no longer be concealed.

Just when Lei Ting was about to strike and kill Yan Xuan.

Suddenly, a god-level talisman appeared in Yan Xuan's hand, and he threw it towards Cheng Xu's chest!

A series of flames condensed into a giant flaming lion and rushed towards Cheng Xu!

Burn space!

A look of surprise appeared in Cheng Xu's eyes, and then he let out a cold snort, and threw the crutch in his hand at the flaming giant lion.

It was easily smashed into pieces, turned into sparks, and dissipated in this space.

The talisman seal was also torn to pieces at this moment.

I only heard Yan Xuan covering the purple scar on his neck, looking at Cheng Xu and shouting angrily: "I like Cheng Yao, but even if I can't get it, I won't be with you evil people!"

"What I want, I will naturally obtain it through my own strength and through fair and honest means!"

There is a kind of ascetic.

He has no bottom line, so he will become evil and harm the world.

There is also a kind of ascetic. Although his style of work does not seem to be very good, he has a bottom line in his heart.

No matter what happens, he will not cross this line, or even abandon it.

heard this.

The murderous intent in Mu Fusheng's eyes did not disappear, but locked on Cheng Xu's body.

Cheng Yao breathed a sigh of relief, looking at Yan Xuan with a gleam of admiration for the first time.

Cheng Xu's face was extremely stern.

He only heard three times in succession, "Good! Good! Good!"

Every sound will be louder and heavier than the previous one!

"Upright? If you have no strength, how can you be upright?" Cheng Xu grinned grinningly, and slammed the crutch in his hand towards the ground. In the ground, there were purple and black snakes crawling out of the ground!

densely packed, there are hundreds of them.

It looked extremely terrifying.

The purple and black poisonous snakes crawled towards Yan Xuan at high speed under Cheng Xu's control.

"Since you want to die, then die under the poisonous heart."

This is where Cheng Xu is so vicious.

Yan Xuan looked at this scene, his face turned pale.

He knew that it was impossible for him to resist this blow, as long as he was entangled by these hundreds of poisonous snakes, he would definitely die!

Before he died, Yan Xuan turned his head and looked at Cheng Yao.

His eyes were firm, but there was a bitter smile on his face.

The corners of his mouth twitched slightly.

seems to be saying goodbye.

But, at this moment.

A piece of talisman suddenly appeared around.

These talisman seals surrounded this dangerous mountain road and turned it into a barrier enchantment!

Isolate the internal breath and block the external perception!

At the same time, thunderbolts kept flashing at this moment!

Accompanied by the roaring sound, it turned into a thick beam of thunder and directly submerged the hundreds of poisonous snakes inside!

Boom!

A smell of charred stench wafted out of the thunder beam.

The hundreds of purple and black poisonous snakes also dissipated in an instant!

Cheng Xu looked shocked, "Who is it?!"

Release perception, find out the source, until you see Mu Fusheng floating in mid-air.

Among the horrified eyes of everyone.

Mu Fusheng's expression was incomparably cold, and there was a talisman with the power of thunder fluttering on both hands.

And around his body, there are three kinds of terrifying thunder power surrounding him!

Xuanyin Zilei, Heavenly Punishment Thunder, Sixty-Nine Heavenly Thunder!

At this moment, Mu Fusheng seemed to have turned into a **** of thunder.

All the lightning methods in the world are under his control!

"Mu...Brother Mu, you?" Yin Shilian's eyes were shocked.

Cheng Yao and Yan Xuan also showed a look of horror.

More than just its strength.

is the talisman in his hand!

The talisman has obviously reached the emperor level!

They could clearly feel that the power of thunder filled in these two god-level talismans was exactly the same as the power of thunder emanating from Mu Fusheng's body!

This also means.

These two god-emperor-level talisman seals were all carved by Mu Fusheng himself!

But...

The scene of Mu Fusheng taking the test of a talisman master unconsciously appeared in the minds of the three of them.

Even the god-level talisman will make mistakes.

The god-level talisman seal was also stumbled, and it was barely completed until the last moment.

Now, you tell me that you are a **** emperor level talisman master? !

Yan Xuan's face was full of shock, but gradually it turned into a wry smile.

No wonder Cheng Yao pays so much attention to him.

It turns out that the strength is so high.

He was just hiding his true strength, but he thought that his true strength was the result of the talisman master assessment at that time...

Yin Shilian clutched his chest, got up from the ground, and said with a wry smile, "No wonder he has the guts to take on the mission of Yunmeng Swamp."

Cheng Yao's eyes were shining brightly, but she didn't know what she was thinking.

And what about Ye Qiubai, Xiao Hei and Fang Qiong?

There was no trace of surprise on his face, but he looked extremely calm!

Fang Qiong smiled and said, "Finally, Brother Priest has shown his true strength. I thought he would continue to hide."

Ye Qiubai looked at Fang Qiong with a smile, and said meaningfully: "How do you know that this is his true strength?"

Fang Qiong was slightly taken aback.

Xiao Hei nodded in empathy.

What kind of person is Mu Fusheng?

The personality is closest to the master!

At the same time, I like to hide my cards very much.

Others often only have one or two hole cards.

But what about Mu Fusheng?

Will be under one hole card, think it may not be enough, and hide another one.

Then I felt that if this one didn't work, I kept hiding it!

so.

Ye Qiubai and Xiao Hei wouldn't believe that Mu Fusheng's true strength is only here.

Only Fang Qiong hadn't been introduced for long before Mu Fusheng thought it was so simple...

[Chapter 1019: Destined, but no part](#)

The eleven outlaws in the rear looked shocked at this scene.

This level of strength has completely reached the God Emperor Realm!

is an existence they are not qualified to provoke!

However, when he looked at the Eagle Emperor Cheng Xu, he was slightly relieved.

With Eagle Emperor Cheng Xu around, even if he couldn't eat them, he could easily retreat if he wanted to.

Cheng Xu raised his head at this moment, looked at Mu Fusheng with a gloomy face, and said: "I never thought that there is a powerhouse of the God Emperor Realm hidden here."

"If the two of us fight, we may both pay a huge price, and you will definitely pay more..."

Yin Shilian explained below: "Mu...Senior Mu, be careful, the eagle emperor Cheng Xu's methods are extremely vicious. His poisonous snake can be summoned anytime and anywhere, and it is impossible to guard against it. It will also drop in strength!"

Mu Fusheng nodded slightly.

Then he looked at Cheng Xu.

Cheng Xu sneered: "That kid is right, why don't you just leave and allow you to take the two of you away, of course Cheng Yao is not allowed."

Mu Fusheng did not speak.

Instead, he threw out the talisman in his hand.

Following the throwing of the two talisman seals, on their cuffs, one by one talisman seals, surrounded in groups towards Cheng Xu!

Under Cheng Xu's shocked gaze.

These talisman seals are like spider webs, completely enveloping Cheng Xu!

And these talismans are all god-emperor-level talismans!

Mu Fusheng obviously didn't want to give Cheng Xu any chance to stand up.

After the talismans surround it.

Mu Fusheng pinched his hands and shouted in a low voice: "Thunder Prison Shock Talisman, explode!"

The Thunder Prison Shock Talisman is the fourth talisman in the Book of Talismans.

The first one is the Heavenly Thunder Escape Talisman, the second one is the Nine Layers Thunder Shield Talisman, and the third one is the Good Fortune Talisman.

The Thunder Prison Shock Talisman is a real killing talisman!

Instantly.

Strips of blue lightning flashed from the talisman seals!

Cheng Xu's screams also came from it: "Who are you?!"

However, the voice just fell.

Mu Fusheng didn't pay attention at all.

directly stimulated the explosion of the Thunder Prison Shock Talisman.

this moment.

Lightning of thunder burst out, like an infinite prison, surrounding Cheng Xu's body.

What's strange is that when the talisman exploded, it didn't emit the slightest sound.

Like those streaks of thunder, the terrifying power has already annihilated the surrounding sounds.

Surging with the thunder.

Cheng Xu's aura completely disappeared into the sea of thunder.

The surrounding rock walls and the mountain road below were also silently turned into dust in the thunder.

Fortunately, Mu Fusheng controlled the scope of the explosion, otherwise, the entire mountain road would have completely disappeared under Mu Fusheng's talisman!

Eagle Emperor Cheng Xu.

The generation of God Emperor Realm powerhouses whose notoriety resounded throughout the Yunmeng Starfield died so seemingly extremely simply.

There is no chance of resistance.

It is completely crushing in terms of strength!

After doing all this.

Mu Fusheng did not stop, but turned his gaze to the eleven people in front.

These eleven outlaws watched Cheng Xu being directly crushed and killed, their faces were dull, and before they could react, they saw Mu Fusheng's gaze cast over.

"Senior, don't worry! Let's go straight away and won't provoke you again..."

However, the words are not finished yet.

A purple thunderbolt in Mu Fusheng's hand turned into eleven thunder spears and threw them at eleven people respectively!

no doubt.

The thunder spears condensed from Xuanyin Zilei, these eleven people in the God King Realm have no possibility of resisting at all.

was directly penetrated through the body.

The flashing Xuanyin Zilei exploded from their bodies again!

Thoroughly crush their bodies and souls!

No trace exists!

Then.

Mu Fusheng did not stop.

Instead, he carefully observed his surroundings.

Wipe away those places that may have breath.

Without any trace.

Mu Fusheng withdrew his aura and returned to Ye Qiubai and the others.

Ye Qiubai patted Mu Fusheng's shoulder with a smile, and said, "Okay, you are hiding very deeply, kid."

Xiao Hei also nodded beside him, looking at Mu Fusheng, his eyes full of fighting intent: "Fight with me then."

Mu Fusheng: "..."

Speechless!

Fang Qiong looked at Mu Fusheng in a daze, and said, "Brother Pastor, I heard from the two senior brothers that this is not your true strength?"

Mu Fusheng's expression froze, and then he quickly covered Fang Qiong's mouth, and looked around: "Be quiet about your ancestors, there are still outsiders here!"

Although the three of Yin Shilian didn't hear it, it's right.

"Okay, let's move on." Ye Qiubai smiled and said, "It's a waste of time."

"etc."

Mu Fusheng said aloud: "There is one more thing."

What's up?

Ye Qiubai and the three looked at Mu Fusheng curiously.

I saw Mu Fusheng walking in the direction of Yin Shilian, Cheng Yao, and Yan Xuan.

Then he took out three talismans with the power of black dead energy and thunder from the space ring.

"These three, stick them between your eyebrows."

Yin Shilian was slightly taken aback, and asked, "What is this?"

Mu Fusheng said indifferently: "Thunderbolt Killing Talisman, if you tell what happened today, I can knock your soul out of your wits with just a single thought."

Yin Shilian, Cheng Yao and Yan Xuan turned pale slightly.

Yan Xuan frowned and said, "Is that why you don't trust us?"

"Why should I trust you?"

Mu Fusheng's merciless rhetorical question made Yin Shilian and the others froze.

"I haven't known you for long, let alone have any relationship, how can I trust you?"

In the world of monasticism, people are unpredictable.

Mu Fusheng naturally wouldn't let go of any possibility that could threaten him because of this little thing.

Even if Cheng Yao has a crush on him.

is also like this.

A good impression that has not experienced the tempering of life and death cannot stand scrutiny. not to mention.

This should also be able to completely dispel Cheng Yao's thoughts.

Why not do it?

Cheng Yao's face changed slightly, then she smiled slightly, took one of the thunderstorm life-killing talismans from Mu Fusheng's hand, and stuck it directly between her eyebrows.

Soon, the talisman blended into the eyebrows.

Cheng Yao didn't feel any discomfort, she looked at Mu Fusheng and said with a smile: "The time we met is too short, it's normal for you to have such thoughts, don't worry, I won't blame you either."

Mu Fusheng nodded slightly.

Yin Shilian and Yan Xuan looked at each other, sighed slightly, and also stuck the talisman on his brow.

Seeing this, Mu Fusheng said: "As long as you don't do anything that is not good for us, nothing will happen."

After finishing speaking, Mu Fusheng turned his head and continued walking with Ye Qiubai and the others.

Cheng Yao saw that Mu Fusheng turned his back to her, and then gave a wry smile.

There is fate, but no points.

[Chapter 1020: Entering the swamp, the dark tide is surging!](#)

Outside Yunmeng City.

Blood Wolf faction station.

Wolf King stood in front of several high-level officials with a gloomy face, and asked, "Have you not found out yet?"

The senior executives shook their heads with trembling pupils.

Click!

The golden sword in Wolf King's hand suddenly swung, and in an instant, the surrounding stone chairs and houses were split into two!

The cutting surface is like a mirror, extremely smooth.

"What is the use of you?!"

The wolf king's face was furious, "Jiang Tong and the others were killed by someone, you couldn't find out, now I gave you portraits, and you can't even find out the individual!"

If you still can't find it.

When the time comes, how will he explain to Mo Li?

It seems easy to talk, but if the other party is not satisfied, the wolf king believes that the magic hat will definitely wash the blood wolf faction!

One of the senior executives said tremblingly: "Wolf King, if it was before, it would not be difficult to find a person in Yunmeng City with a portrait."

"However, after Jiang Tong's death, the entire Yunmeng City became more and more heavily guarded, and our people could not infiltrate it. At the same time, inside Yunmeng City, the three major forces are trying their best to find undercover agents. At this critical moment, There's no way to move at all."

"If we really want to bring news from Yunmeng City at any cost, I am afraid that none of the undercover agents we have planted will be spared..."

Hearing this, the wolf king's face was extremely gloomy.

The blood wolf faction's undercover agents in Yunmeng City can be said to be extremely important.

Because it can provide them with the time, route, and manpower strength of the three major forces in Yunmeng City to leave the city.

The help brought to them was enormous.

So, if he really had to sacrifice his undercover agent, the Wolf King was still a little unwilling.

At this time.

Mo Li suddenly appeared beside him, patted the wolf king on the shoulder with a smile, and said, "If the undercover is gone, we can continue to train. What's more, if this task is completed, how many undercover agents will be missing? Isn't the undercover just here?" Is it used at a critical moment?"

Wolf King's body froze. Although he didn't turn his head, he could already feel that the hand on his shoulder was pouring into his body with a steady stream of magic energy.

And the wisps of devilish energy condensed into a black hand in the wolf king's body, gently pinching his heart...

As long as the next answer of the Wolf King doesn't match Mo Li's thoughts, I'm afraid this black hand will immediately squeeze the Wolf King's heart with force...

"Think about it carefully?" Mo Li tilted his head, with a "harmless to humans and animals" smile on his face.

Seeing this, the Wolf King gritted his teeth, looked at those high-level officials and said, "Immediately notify the people in Yunmeng City, let them find this person's information, and bring the information out...at all costs!"

The high-level officials looked at each other, but they could only nod in the end.

Seeing this, Mo Li let go of his hand, patted the wolf king's head again, and said with a smile: "Don't worry, after the matter is completed, the Demon King's Domain will not treat you badly."

Wolf King showed a smile uglier than crying, nodded and said: "It is my honor to be able to work for Brother Moli."

...

Yunmeng Swamp.

It was muddy, uninhabited, and full of potholes.

Looking around, it seems to be boundless. Even if you walk for hundreds of years, you can't cross this swamp.

It seems that as long as you step into it, the future is a swamp, which makes people sink deeper and deeper.

Not to mention a way out, once you get stuck, you can never pull it out again.

Above the swamp, there is a misty area, surrounded by clouds and mist.

If you don't look down at the swamp, it may still look like a fairyland.

However, Yin Shilian, Cheng Yao and Yan Xuan did not dare to underestimate this fairyland-like place, and their faces were extremely solemn.

These condensed clouds of gas are highly hallucinogenic!

If the strength is not enough, the mood is not firm enough.

After inhaling these gases, they will fall into the illusion and cannot struggle, and the body will also sink into the swamp, where the spiritual energy will be gradually consumed, and finally drown in the illusion and die...

At this time, Yin Shilian said: "With our current strength, we can only operate in this peripheral area, and we can't stay for too long. Once the time is too long, it will lead to falling into a hallucination."

"So, if you want to complete the task, you must complete it within one day, otherwise you will not be able to come out."

"This is still without the interference of those monsters in the swamp."

Immediately afterwards, Yin Shilian looked at Mu Fusheng again, and said in a complicated tone: "Of course, Senior Mu's strength can enter the middle stage."

Mu Fusheng nodded, and then took out the mission map, "Go and complete my mission first, and then go to the middle."

Say it.

Whether it was Mu Fusheng, Ye Qiubai, Xiao Hei, or Fang Qiong, they all took out a pot of jade bottle from the interspatial ring, poured out a elixir from it, and put it in their mouths.

Seeing this scene, Cheng Yao asked curiously: "What kind of elixir is this?"

Ye Qiubai smiled and said: "Our junior sister refined it, and it can be used to resist illusions."

That's right.

This elixir was also created by Mu Wan'er herself, named Yunhuan Dan.

Can block any illusion under the realm of God!

In the Xianyuan Tongtian Mountain, after experiencing the Xianyuan illusion formation, Mu Wan'er suddenly had a whim, and wanted to refine a kind of elixir that could block the illusion.

So there is the current Yunhuan Pill.

And after listening to Ye Qiubai's words.

Yin Shilian and the three of them were extremely horrified.

There is a elixir that can relieve the illusion.

But they have never heard of the elixir that blocks the illusion in advance!

And they are from their sect...

A god-level talisman master, an earth-level formation mage, and now another alchemist...

Who is the master behind them?

Cheng Yao suddenly said: "Can you sell this elixir to us? Don't worry, whether it is the City Lord's Mansion or the other two major alliances, they are willing to spend a lot of money in exchange for Yunhuan Pill."

With this elixir, they will be able to obtain more resources in Yunmeng Swamp!

Ye Qiubai shook his head: "The Yunhuan Dan in our hands is also extremely limited, it's a pity that Junior Sister is not here now."

Hearing this, Cheng Yao shook her head helplessly.

Immediately, Ye Qiubai distributed three Yunfandans to Yin Shilian and the others.

"It will be regarded as your reward for leading our brothers and sisters."

Several people took it together.

Step into the Yunmeng Swamp.

From the moment you step into the swamp.

They felt their feet sink in.

In Yunmeng Swamp, the threat of the mist of illusion is not the only one.

In the swamp, as long as they fall into it, they can feel a huge force, trying to pull them into the swamp forcibly!

When the aura is used to cover the feet, you can stand firmly on them.

It's just a stick of incense time after they enter it.

Dozens of figures entered it at the same time!
