

My Disciples 151

Chapter 151 Confucian emperor solves doubts

The legacy of Ning Chen's heart.

Its owner is the only great Confucianist in ancient times!

Was honored as Confucian Emperor!

The Confucianism established by Emperor Confucianism was a place of pilgrimage for countless people who believed in Confucianism and Taoism at that time.

I saw Emperor Confucian sitting cross-legged opposite Ning Chenxin.

"Then what do you think?"

Ning Chen's face was gloomy, and he sighed: "Xiaosheng has traveled all over the mainland these years, preaching to those who have no cultivation level."

"What I want to do is to let mortals have the heart of cultivation."

"but..."

Recall what Buddhism did before.

Ning Chen had a gleam of anger in his eyes, and said in a deep voice: "Buddhist people, in order to make others believe in Buddhism, they will do everything they can."

"Even if the mortal villages don't want to believe in Buddhism, they let the monsters enter the village and kill the mortals in the village, and they just watch it coldly."

"Even laughing out loud."

"And this scene, not only Buddhists, but other people who practice Taoism, don't care about these."

"If you have nothing to do with it, you won't even take a look at it."

"It seems that the life and death of the common people in this world has nothing to do with them."

Emperor Confucianism was silent for a long time after hearing this.

These things, even in his era, were common.

There are too many people practicing Taoism.

Can't manage, can't manage.

"Then what do you want to do?"

Ning Chen shook his head heartily, and said: "Originally, Xiaosheng thought that if he spread the idea of Tao to them, he would be able to make a difference, but..."

The words are not finished.

But Confucian Emperor could feel the helplessness and sadness in Ning Chenxin's tone.

And at this moment.

Emperor Ru looked at Ning Chenxin with a hint of admiration in his eyes.

Once upon a time, he also had this idea.

However, he found that he was not capable of managing all cultivators in the world.

No matter how strong the strength is, it will not help.

Even, when faced with some choices.

Emperor Confucianism would also choose selfishness.

Thinking of this, Emperor Confucianism couldn't help but sigh: "You are better than me."

Emperor Confucian's words, if someone who knows him heard.

I don't know how many uproars will be caused.

after all.

Be able to make Confucianism one way, the strongest person at that time.

Say the words "You are better than me".

It can be said that Ning Chenxin was given the highest affirmation.

Emperor Confucianism slowly shook his head and said, "Your name is Ning Chenxin?"

Ning Chen nodded heartily.

"Ning Chenxin, your obsession with Tao is deeper than me, and you will surely surpass me in the future."

"However, your thinking is slightly deformed."

Heard the words.

Ning Chen was stunned.

Deformity?

Is his thinking, what he thinks in his heart, wrong?

Emperor Confucianism seemed to see what Ning Chen was thinking, shook his head and said, "I didn't say that your way is wrong."

"How big is the world?"

"Whether it is our boundary, the outside world is also unknown, presumably, it is more prosperous than our boundary."

He also participated in that battle that year.

Emperor Ru knew very well how terrifying people outside the world were.

When facing those people, how powerless they are as powerful ascetics.

"Only in our area, there are tens of thousands of people practicing Taoism."

"Every person who cultivates the Tao has his own Tao."

"Some people are cultivating themselves crazily in order to live forever."

"Some people ignore the common people in the world for the sake of power."

"Some people only care about themselves for the sake of pleasure, regardless of the common people's thoughts."

Ning Chen listened to these words and fell into deep thought.

Emperor Confucianism followed good guidance and said softly: "You can follow your own way and hope that the world will be peaceful. There is nothing wrong with people being united and prosperous without fighting."

"Rather, it's the foundation of your path."

"You can't change everyone, all you have to do is keep your heart."

Stick to your heart?

Ning Chenxin raised his head and looked at Emperor Confucian with a soft expression in front of him.

"Yes, stick to your heart, you can pursue this way, but you can't change the thoughts of practitioners in the world."

"Because, I can't manage it."

"Only when you are strong and your influence reaches a certain level can you influence a group of people to the greatest extent."

When he said these words, Emperor Confucianism felt a little guilty.

After all, after the establishment of Confucianism.

It has become a place of pilgrimage for Taoists all over the world.

Emperor Confucianism could not help but do something against his heart for the development of Confucianism.

He, at the time, deceived himself with unavoidable reasons.

As for Ning Chenxin, it is not easy to stick to one's heart in troubled times.

Emperor Ru didn't want him to be his second self.

After cultivating to a high level, I lost my original mind...

Ning Chen thought over and over again what Emperor Confucian said.

Stick to your heart?

What is the original mind?

Change the minds of others so that they can also save the weak.

Isn't this Ning Chenxin's original intention?

Seeing this, Emperor Confucianism didn't bother him either.

He knew that after all, Ning Chen needed to let Ning Chenxin think on his own.

Only he himself can get out of this fog of confusion.

Only when you break through this fog can you be firm in your own way.

Ning Chen was lost in thought.

What Buddhism does.

Great forces ignore common people.

Only care about yourself.

These things lingered in Ning Chenxin's mind.

Back then, Ning Chenxin had asked Lu Changsheng this question.

Lu Changsheng didn't say much.

Only said four words.

No shame in my heart.

At that time, he also felt that he understood the meaning.

The realm of Confucianism and Taoism has also made breakthroughs.

But this time, what Emperor Confucian said to him was more detailed.

Can't affect everyone?

Just stick to your heart?

While thinking, Ning Chenxin's body gradually glowed with wisps of rainbow light.

Among them, there is Confucianism and Taoism!

yes.

No matter how strong the strength is, it can only affect everyone in a wider range.

However, it is impossible to make everyone like him.

After all, everyone's way is different.

But Ning Chenxin couldn't do this.

Then, just stick to your heart.

Strengthen strength and continue to preach.

Spread your ideas to more people!

Use this to increase your influence.

As long as you do it yourself.

Aim for this and you'll be fine.

No shame in my heart.

This is the true meaning of Lu Changsheng's words.

Until this moment.

Ning Chenxin really understood it.

And thus, entered the realm of heaven and man!

Emperor Confucianism smiled slightly upon seeing this.

It seems that he has come out of the fog.

Then, in front of his eyes is a bright road.

As long as it doesn't fall halfway.

In the future, this son's achievement will surpass himself.

Maybe.

Emperor Confucianism thought to himself, in the hands of Ning Chenxin, what he could not do in his time could be accomplished?

Seven days passed slowly.

Ning Chenxin woke up from the realm of heaven and man.

Now, his Confucianism and Taoism have become more advanced.

Look forward.

Emperor Confucianism has long since disappeared.

Only one book was left.

The Confucian classics are written on it.

Open the Confucian classics.

Emperor Confucianism's voice sounded.

"This is my lifelong understanding of Tao. You don't have to follow my way. My way is only for your reference."

"Now you have your own Tao and your own understanding. My Tao is just a reference for you. When you are confused, I hope it can be useful to you."

The voice ends here.

Ning Chenxin bowed in the direction where Emperor Confucian disappeared.

The grace of solving doubts.

Worth worshipping.

Chapter 152 Li You Conceals

"To be able to make Emperor Confucian say such things, His Majesty's junior is a genius."

Ning Chenxin had a conversation with Emperor Confucianism in the inheritance relics.

Hongying and Da Guoshi could see clearly from the light curtain.

The two of them naturally heard the conversation.

Hongying chuckled lightly and said, "It won't be easy for the third junior brother to be favored by the master and be accepted as a disciple."

The Grand Master nodded.

It seems that His Majesty's master is really not an ordinary person.

The qualifications of his apprentices are all superb.

Ye Qiubai's kendo is unique.

Xiao Hei's physical body is invincible.

Ning Chenxin's realm of Confucianism and Taoism has been recognized by the Emperor Confucianism.

You must know that in their era, Emperor Confucianism was known as the only orthodox existence of Confucianism and Taoism in the world.

And what Emperor Confucianism said.

Ning Chenxin's achievements will surely surpass him in the future.

In this sentence, only the national teacher knows the amount of hidden gold contained in this sentence.

As for Hongying, she took it for granted.

At the moment.

Ning Chenxin, Xiao Hei, and Mu Wan'er all obtained the inheritance.

And Ye Qiubai has also comprehended the artistic conception of fire and wind.

Liang Feng and Murong Ce looked at each other helplessly.

"I knew this pervert would understand it one step ahead of us."

Murong Ce can also understand Liang Feng's mood.

Beside this kind of evildoer, no matter who it is, it will be eclipsed.

Liang Feng's mentality is already pretty good.

Ye Qiubai sat cross-legged on the cliff.

Take out the Dark Demon Sword from your hand.

The artistic conception of ice exuded by the Ice Sword Spirit.

The meaning of endless life gushes out from the body, this is the sword scripture of Taichu.

The artistic conception of fire and the artistic conception of wind turned into raging wind and fire, appearing on both sides of the body!

at last.

A sword intent shot up from the body!

Five moods.

This is also a prerequisite for gathering the Four Absolute Sword Formation!

this moment.

Between heaven and earth, a golden rainbow light appeared.

In the rainbow light package, there is a scroll of sheepskin.

The rainbow light slowly fell in front of Ye Qiubai.

Ye Qiubai took it with both hands.

After opening the sheepskin scroll.

Among them, there are four big characters.

Four Absolute Sword Formation!

This is the inheritance scroll.

At the same time, the information in the sheepskin scroll turned into a torrent and flowed into Ye Qiubai's eyebrows!

This scene really made Liang Feng and Murong Ce envious.

Another sword master inheritance.

fell into Ye Qiubai's hands.

Liang Feng smiled wryly: "This guy, you don't know how to leave me some soup."

Murong Ce shook his head helplessly: "After all, the inheritance will only be based on the best. Here, since Brother Ye is the best, the inheritance will naturally be handed over to him."

"That's true."

The two had no choice but to comfort themselves and accept this fact.

...

The Grand Master looked at this scene and said with a smile: "It seems that the inheritance of the Four Absolute Sword Masters has also fallen into His Majesty's sect."

"In this way, the secret realm should also disappear."

Hongying looked at the national teacher and said, "National teacher, won't you go out with me?"

The Great Master shook his head, and said: "At the beginning, the old man sealed himself here, the first reason is to preserve the legacy of inheritance."

"Secondly, it is to block your aura so as not to be discovered by those people on the road to heaven."

"So, until His Majesty's strength is fully recovered, I will continue to stay here."

"In the future, when His Majesty fights the heavenly road again, the old man will come to help."

Hearing this, Hongying nodded.

...

In the secret realm, ten days have passed.

Many people have already left from the secret realm.

Some people are happy, some people are sad.

Some people fall, some gain, and some return empty-handed.

Jian Chaomian has acquired the inheritance of a half-step sword master.

The harvest is not cheap.

Shi Sheng also received the inheritance of tempering his body.

Zhang He was unfortunately defeated in the process of competing with Shi Sheng.

What attracts the most attention is the recently rumored Three Great Talents.

Leaving home and seclusion.

Murong Family Murong Ce.

and Buddhist disciples!

Li You appeared first.

And Liyou's aura is sluggish, and his face is gloomy!

Everyone looked and was shocked.

It seems that Li You suffered a lot in the secret realm.

Who on earth is able to push Li You to such an extent?

Is it Murong Ce, one of the three born arrogances, or a disciple of the Buddha?

The people who left home saw Li You and walked forward.

The old man Yin Yi, who was the leader among them, asked in a deep voice: "Li You, what's going on?"

"Didn't get the inheritance?"

In the hearts of everyone in the Li family, Li You is the hope for the rise of the family!

He is the person who has awakened his blood most thoroughly in the past thousand years.

It can be said that leaving home on Li You has consumed a lot of resources.

Li You said bitterly: "I didn't get the inheritance, and was blocked by others."

"who?"

The shadowy old man headed by him showed murderous intent.

Leaving home in Central Territory, it is one of the three hidden families.

Its power is the giant power of the Central Territory.

Even facing the Tibetan Taoist Academy, the Yinjianzong, or the Danzong, they are not too lenient.

Who else dares to grab things from the hands of Li Jia?

At this moment, Li You did not mention Ye Qiubai.

Instead, he shook his head and said, "I don't know."

"Um?"

Yin Yi old man frowned: "What does it look like, what are its characteristics?"

"I'm covering my face, I can't see clearly."

Liyous move is actually because he doesn't want Lijia to trouble Ye Qiubai.

Ye Qiubai's strength and talent made him feel scared for a while.

Just overflowing the water, can display such a powerful sword.

Just a random strike of the sword can make him feel extremely powerless, and under full force, he can only escape by self-destructing.

Just talk about this point.

Ye Qiubai should not be provoked!

Once provoked, there must be a 100% chance of beheading.

Otherwise, if you become an enemy of him, you will be troubled in the future!

The whole leaving home may be ruined!

not to mention.

For an evildoer like Ye Qiubai, wouldn't there be a powerful master or influence behind him?

Li You didn't want to take this risk.

Now, there is no life-and-death hatred.

Although they cannot be friends, at least they cannot be enemies either.

The old man Yin Yi took a deep look at Li You, nodded his head, and said, "Since this is the case, then so be it, follow me back to leave home to recuperate."

Li You nodded, and left the Southern Region with everyone from his family.

Immediately afterwards, a bald young man wearing a golden Buddha light left the secret realm.

The bald young man had a smile on his face.

Everyone looked over.

However, it is impossible to see what the state of the bald youth is.

I couldn't help being surprised.

This person is probably a Buddhist disciple of Buddhism.

Buddha nodded slightly to the crowd and left the place.

Look at the appearance.

It seems that he has gained something in this secret realm.

Everyone came out one after another.

Among them, there is a figure in black robe.

Others only saw a black light flashing away from this space.

No one cares.

And that ray of black light is heading in the direction of the North Territory.

...

Half a day has passed.

In the sunset dynasty.

The black light landed here.

The figure in black robe came to the gate of the palace.

The imperial guards looked vigilant when they saw this scene.

Draw out their spears one after another and surround the black-robed figure.

"Who came here, dare to trespass on the palace!"

Chapter 153 Huang Tianming's plan: Integrate the Northern Territory!

"Who came here, dare to trespass on the palace!"

Hearing this, the figure in the black robe lifted the black hat.

revealed the face in it.

All the imperial guards were taken aback for a moment, and then backed away in panic. They put away their spears one after another, and knelt down on one knee!

"Eldest Prince, I don't know it's you, please forgive me!"

Seeing this, "Huang Tianming" slightly curved his mouth, and said with a smile: "Whoever doesn't know is innocent, get up."

"Report to the emperor, and say that I will see you tomorrow."

The imperial guard heard the words, immediately said yes, and ran towards the palace.

No one saw it. In Huang Tianming's eyes, there was a gleam of coldness.

...

It didn't take long.

"Huang Tianming" was summoned.

Huang Yitong sat on the throne, looked down at Huang Tianming walking in.

said lightly: "Not bad, at least he's still alive."

Obviously, Huang Yitong hasn't seen anything unusual yet.

"Huang Tianming" imitated Huang Tianming's tone and character from his memory, and said: "See Father Huang."

"Get up."

Huang Yitong waved his hand and said, "What have you been doing these days, recuperating?"

Huang Tianming smiled and said, "After that, I went to the secret place in the southern desert."

"oh?"

When the secret realm was mentioned, Huang Yitong became interested.

After all, this time, the Sunset Dynasty did not send anyone to the secret realm.

The current Sunset Dynasty seems to be planning something secretly.

Huang Yitong looked Huang Tianming up and down, and said, "It seems that you have gained something in the secret realm?"

Hearing this, Huang Tianming nodded, "Indeed, I have gained something and got an inheritance."

It was confirmed by Huang Tianming.

Huang Yi agreed: "It seems that it is not useless."

"What kind of inheritance did you get?"

Hearing this, Huang Tianming stretched out his hand, and wisps of black air emerged from his hand.

In that wisp of black air, there is a palpitating breath!

Even Huang Yitong can feel the extraordinary in it.

Seeing this, Huang Yitong said with a smile: "Not bad."

"Although the result of this incident is not very good, but you can learn from it and inherit it, which really impresses me."

before.

Huang Tianming's cultivation talent is not too high.

What Huang Yitong likes is Huang Tianming's heroic state of mind.

And this time, with the inheritance, it seems that the strength has also improved a lot.

It was a blessing in disguise.

At this time, Huang Tianming explained the purpose of coming, and said: "Father, I don't know about the matter with Ye Qiubai. Who is taking over now?"

Hear this.

Huang Yitong slightly raised his eyebrows, "Why, do you still want to take over this matter?"

Huang Tianming nodded, and said: "Of course, this matter started because of me, and naturally it will end because of me."

Want to completely annihilate the soul of "Huang Tianming" in his body, and seize it perfectly.

It is necessary to fulfill the wishes of the host.

Only in this way can the soul that originally belonged to Huang Tianming be completely at ease and achieve a perfect seizure.

Otherwise, hidden dangers will eventually form in the future.

You must know that the instability of the soul may cause serious problems in the process of cultivation in the future.

Huang Yitong did not speak, but stared at Huang Tianming indifferently.

The aura of the king was suppressed on Huang Tianming's body.

The expression of "Huang Tianming" didn't change at all, and there was a slight smile.

seems extremely calm.

A long while.

Huang Yitong said: "It seems that you have full confidence this time."

"certainly."

When Huang Yi said these words, Huang Yitong saw that Huang Tianming's face did not change at all.

The tone is also particularly affirmative.

It seems that the winning ticket is already in hand.

It seems that after coming out of the secret realm, it becomes different...

"Then what do you want to do?"

Huang Tianming smiled calmly: "First of all, let's integrate the Northern Territory first."

The language is amazing!

Huang Yi was taken aback.

Integrate the Northern Territory?

Although the strength of the Sunset Dynasty is the strongest in the Northern Territory, there are so many forces in the Northern Territory.

If the opponents unite, even the Sunset Dynasty will eventually hurt their vitality.

What's more, now the Shura Iron Cavalry has also been completely wiped out.

The worship also ran away for most of the time.

As for the hidden power, it cannot be dispatched unless it is absolutely necessary.

Thinking of this, Huang Yitong frowned and said, "Are you so confident?"

Huang Tianming smiled, and a black air burst out from his body!

The black air is full of screams!

Can affect people's mind!

Huang Yitong's face was slightly solemn.

At this moment, Huang Tianming's realm has reached the late Qianyuan realm!

It's just a legacy.

Can improve his strength so much?

In terms of realm, have you almost caught up with yourself?

"However, it's just that, and it can't integrate the Northern Territory."

The voice just fell.

In front of Huang Tianming, three coffins appeared!

Huang Tianming slapped the coffin with his palm.

The coffin lid soars into the sky!

In the coffin, there was a corpse gas, filling the entire hall!

In the coffin, there are three corpse puppets!

But what frightened Huang Yitong was not the monstrous corpse aura.

It's the realm of these three corpse puppets!

None of them, they are all half-step false gods!

Three half-step false **** puppets?

Huang Yitong said in astonishment: "This... is also obtained from the inheritance?"

Huang Tianming nodded.

Seeing this, Huang Yitong laughed loudly, "Okay! Okay! Then, let's listen to what Tianming said and integrate the Northern Territory first!"

With these three puppets of half-step False Gods, plus Huang Yitong, and now Huang Tianming.

In the entire Northern Territory, no force is their opponent!

Immediately, Huang Yi threw out a Tiger Talisman.

Huang Tianming took over.

"This tiger talisman is in charge of the military power. From now on, I will start planning. I will leave this matter to you."

Huang Tianming smiled, and walked out of the palace hall after paying his respects.

Although the "Huang Tianming" at this time can rely on himself to kill Huang Yi and destroy the Sunset Dynasty, and then do these things by himself.

However, after all, it may cause the remnant soul in the body to resist.

In doing so, the loss outweighs the gain.

These things don't take much time anyway.

It happened to restore strength first, and at the same time fulfill Huang Tianming's own wishes.

When the time comes, just destroy this sunset dynasty.

Thinking and thinking.

"Huang Tianming" came to the Liyuan.

Was it because of this woman that Ye Qiubai was offended?

Doing such stupid things just for the sake of women.

"Huang Tianming" couldn't help feeling contempt in his heart.

If you want to walk on the supreme road, how can you be entangled in your children's private affairs?

However, when he saw the woman in the pear garden.

But he was taken aback.

Immediately ecstasy!

He knew why Huang Tianming would do such a stupid thing.

Sitting in the courtyard, Jiang Chan, who was full of sorrow, also spotted Huang Tianming walking over at this moment, stood up, bowed and said, "Elder Prince."

Huang Tianming walked in with a smile, sticking out his hands.

Jiang Chan's expression changed, and he just wanted to dodge.

But was locked by a breath, unable to move!

He could only look at "Huang Tianming" approaching with his hands in despair.

One hand was inserted between Jiang Chan's eyebrows, and the other hand was placed on Jiang Chan's dantian.

Feel it.

My heart is ecstatic!

"God really helped me too!"

Chapter 154 The plan is launched, and the Northern Territory panics!

The secret realm is closed, and the survivors all return to various forces.

Some people harvest, some people return empty-handed.

However, this is not what the great forces care about.

This time, the level of the ancient secret realm surpassed all previous secret realms!

And the birth of this ancient secret realm also heralded.

The world of great controversy has officially kicked off.

First, the Tianjiao of the mysterious clan was born, and then the hidden master appeared.

Buddhism, which has always been low-key, also has Buddhist disciples walking in the world.

The geniuses of all races were born in this era.

This is one of them.

The second thing that shocked the entire continent came from the Northern Territory.

Sunset Dynasty.

Because of Ye Qiubai's incident, he was deflated several times, leading to the long-lost Sunset Dynasty.

At this moment, a surprise attack was launched on the forces in the Northern Territory!

Its strength does not need the name of the number one force in the Northern Territory.

In the first battle, a giant force in the Northern Territory was wiped out with lightning speed!

And that giant power.

Even among the other four domains, it is quite famous.

is the Juezhen sect who majors in Array Dao.

Its formation path background is second only to the Heavenly Array Gate in the Central Territory.

so.

The strength background of Juezhen Sect is naturally not weak!

If it weren't for the strong False God Realm to take action in its protective array, it wouldn't be able to break through in a short time!

The Sunset Dynasty, after the annihilation of the Zhenzong.

Killed everyone from top to bottom without leaving any future troubles!

Finish these.

Did not take back the troops, and continued to go south.

Below the Juezhen Sect is the Qingyuan Sect.

It is also a big force in the Northern Territory.

At the moment.

Qing Yuanzong was in a state of misery!

The flames of war spread within the sect.

The lord of the Qingyuan Sect looked at this scene with a look of pain on his face.

Immediately, he looked angrily at the young man in front of him, and said angrily, "Huang Tianming!"

"Your Sunset Dynasty has done such inhumane things, aren't you afraid that the entire Northern Territory will unite to resist your Sunset Dynasty?!"

"Huang Tianming" smiled with a sinister smile, carrying a coffin on his back, and said: "So what, do you think I haven't thought about this?"

The head of the Qingyuan Sect was taken aback.

yes.

He is now also dazzled by anger.

Didn't want to understand the truth.

If the Sunset Dynasty has no plan to deal with it, it will not have absolute strength.

How could they do such a thing?

It's just that the Qingyuan Sect Master couldn't figure out something.

Where does the confidence of the Sunset Dynasty come from?

It can make him confidently resist the forces of the entire Northern Territory!

To know.

Although the strength of the Sunset Dynasty is number one in the Northern Territory.

However, if the Northern Territory forces unite, the Sunset Dynasty will not be able to resist!

The suzerain of Qingyuan Sect had an ugly face, and asked, "You guys, could it be possible that you are the ones who united with other forces?"

Huang Tianming didn't answer at this moment, but reached out.

A black mist rolled towards Chairman Qing Yuan Zongzong in an instant!

The head of the Qingyuan Sect was startled, and quickly moved to resist.

However, in the face of the black mist, the master of Qingyuan Sect was helpless.

In the black mist, a hand gathered by the black mist sticks out!

Squeezed the Tianling Gai of Qingyuan Sect Master!

"you..."

Just spit out a word from his mouth.

The body of the master of Qingyuan Sect is aging at a speed visible to the naked eye!

The hand gathered by the black mist was actually absorbing the vitality of the Qingyuan Sect master!

The body of Qingyun Sect Master began to wither.

The complexion also changed from bloodless to livid, and immediately, it was like dead wood again.

Vitality, flesh and blood, and body life, seem to have been sucked out by this black mist-gathering hand!

It's just time to count interest.

The body of Qingyuan Sect Master seems to be only a skin!

Huang Tianming stopped.

Looking contemptuously at the body of the suzerain of the Qingyuan sect, he snorted coldly and said, "Is this the suzerain? There are so many impurities in the flesh and blood."

"It's not as good as the Suzerain of the Juezhen Sect."

"People in this era really can't do it."

After saying these words, Huang Tianming turned and left with the coffin on his back.

Another incense stick of time passed.

Qing Yuanzong was completely destroyed!

Similarly, all the members of the sect were slaughtered, leaving no population behind!

The news spread like a plague to the entire Northern Territory!

Beiyu Tibetan Taoist Academy.

Yunjing and Wood were discussing this matter in the main hall.

Woodshi's face was serious, he looked at Yun Jing and said, "Old Yun, the Sunset Dynasty is coming in a menacing way, I'm afraid it won't stop here."

The Sunset Dynasty, after crushing Juezhen Sect and destroying Qingyuan Sect.

Did not withdraw the main force to the dynasty.

Instead, he was stationed in Qingyuanzong to cultivate his body.

Yun Jing nodded and said: "The setting sun dynasty is ambitious. It seems that they want to attack the forces in the northern region."

"How dare he!"

Wood was full of scowls, and beat the case!

"Is he really not afraid of the Northern Territory forces uniting?"

Yunjing pressed his hand, and said lightly: "Deshi, you need to calm down when encountering major events. How can you think about problems like this?"

"The Sunset Dynasty naturally has the confidence to do this."

"Otherwise it's just suicidal."

Wood took a long breath, sat down on the armchair, and said, "Old Yun, what should we do now?"

Yunjing serves as the Dinghai Shenzhen of Beiyu Tibetan Taoist Academy.

Number one swordsman in the Northern Territory.

is the existence second only to Huang Yi.

is the seventh-ranked existence in the Four Domains Martial Arts List.

Hearing this, Yun Jing narrowed his eyes slightly, "Let's unite with all the forces in the Northern Territory, the coming of the Sunset Dynasty is not good."

"Among all the forces in the Northern Territory, establish a ship channel, so that when the Sunset Dynasty is dispatched, it will have the power to resist."

Wood nodded, "I'll do it now."

Just when Wood wanted to leave.

"etc."

When Yunjing stopped Wood, he added: "Don't be careless. Since the other party dares to launch a war, they are ready to deal with the forces in the Northern Territory."

"Let the students and elders of the Tibetan Taoist Academy return quickly, and at the same time, let people from other forces move closer to the Tibetan Taoist Academy."

Wood nodded.

Walk out quickly.

Yun Jing sighed, walked out of the hall, and looked at the sky.

The sky at this time is covered by dark clouds.

A gray one.

No sunlight can penetrate the clouds.

At this time, it began to rain.

It seems that the whole Northern Territory is crying.

Yun Jing stretched out his hand, let the raindrops fall on him, and said, "The Sunset Dynasty... What exactly is relying on?"

In his heart, there was a faint bad feeling.

It seems that this incident will not be simple.

...

The scene returns to the Southern Region, Tibetan Taoist Academy.

Ye Qiubai and his party have returned to the thatched cottage.

Now, he also learned the news.

Ye Qiubai frowned.

Was the strength of the Sunset Dynasty originally so strong?

"Master, I want to go and see."

Lu Changsheng was about to speak, but was interrupted by Qin Tiannan.

"Qiu Bai, don't be impulsive."

"Right now, we still don't know what the Sunset Dynasty is relying on."

"Right now, all we have to do is wait and see."

Hearing this, Ye Qiubai could only nod his head.

The current him is not enough to change the whole situation of the battle.

In this kind of war, after all, his realm alone is not enough.

Lu Changsheng glanced at Ye Qiubai and said, "Don't think so much, just practice."

Chapter 155 Undercurrent surges

The entire Northern Territory has fallen into panic.

Wherever the Sunset Dynasty passed by, not only the sects were exterminated, but even the casual cultivators on the way were not spared!

What surprised everyone was that.

The corpses of casual cultivators and mortals are all left with only a skin.

No flesh and blood, no skeleton!

As if being drained dry.

This also caused people to panic.

All started to escape from the Northern Territory and head to other domains.

Behind the battle line.

Huang Yitong also heard the news, and looked at Huang Tianming who was practicing calmly in front of him.

At this moment, he was a little strange to Huang Tianming.

Huang Yitong frowned and said, "Tianming, your actions are too damaging to the peace of heaven."

Huang Tianming closed his eyes, and slowly responded: "Why not?"

"This is not conducive to the establishment of the Sunset Dynasty in the Northern Territory in the future."

"Even if you rule the entire Northern Territory, you will lose the hearts of the people!"

Hearing this, Huang Tianming opened his eyes and sneered, "People's hearts? What is that?"

Huang Yitong was taken aback.

"In this world, only the strong have the right to speak."

"The weak will only be slaughtered. As long as they are strong enough and their fists are big enough, what if they don't have the hearts of the people?"

"Don't other people still need to submit to you?"

Huang Yitong's face was gloomy.

The Huang Tianming in front of him, even he is a little unknown.

However, today's emperor is unified, and it is hard to say anything, so he sighed and said:

"Tianming, the establishment of a dynasty requires not only strength, but also the hearts of the people. I hope you can understand this."

Huang Tianming did not respond.

It's just that he scoffed at Huang Yitong's statement.

Let's not say that he doesn't care about the life and death of the Sunset Dynasty at all.

Even so, as long as one has strength, how can one not gain a foothold?

...

On the other side, in the thatched cottage.

Everyone started to practice again.

Mu Wan'er returned from the secret realm, and began to study the pill even more assiduously.

Have a lot of whimsical ideas, refining a lot of useful pills.

Ning Chen closed himself in the room, thinking about his way and what to do in the future.

Xiao Hei is going to the Northern Territory.

After the secret realm.

The first layer of Xiao Hei's Eternal Demon Physique has already been cultivated.

Today, the second layer is where extreme cold is required.

However, there is no extremely cold place in the southern region.

Even if it is a sword spirit of ice, the general artistic conception of ice cannot be called extremely cold.

After that, in what Hongying said.

The extreme north of the Northern Territory.

may own this place.

Xiao Hei then set off to the extremely cold place in the Northern Territory, tempering his physical body and cultivating the Eternal Demon Body.

Hongying practiced all day, trying to restore her strength as soon as possible.

As for Ye Qiubai, although he is still practicing.

But Mu Ziqing could tell that Ye Qiubai's heart was not peaceful.

I often look in the direction of the North Territory while practicing.

At this moment, Ye Qiubai finished his training, looked towards the direction of the Northern Territory, and couldn't help but sighed deeply.

Mu Ziqing stepped forward, sat cross-legged beside Ye Qiubai, and said softly, "What's the matter, are you thinking about the Northern Territory again?"

Ye Qiubai smiled wryly and nodded.

Sunset Dynasty is a knot in his heart.

is also his first target.

Once upon a time, he said with a sword.

Holding the sword in the future, stepping down the setting sun!

Now, the Sunset Dynasty has launched a war to integrate the Northern Territory.

Make people's lives difficult.

He is not a good person.

However, when encountering injustices, we will also help them resolve them.

Mu Ziqing seemed to see what Ye Qiubai was thinking, and said comfortingly, "I think Dean Qin and Senior Lu are right. Now, what you need is to improve your strength."

"After all, with the current you, it is not enough to change the situation of the battle."

Since solving physical problems.

Mu Ziqing's realm is also improving rapidly.

Ye Qiubai smiled wryly: "Why don't I know this, but I can't calm down in my heart, and there is no way to solve it."

For that.

Mu Ziqing couldn't help Ye Qiubai solve his knot.

Besides, Lu Changsheng, who was lying on the chair, looked at Ye Qiubai and said, "Okay, don't think about it, come with me."

After speaking, Lu Changsheng got up and walked towards the back of the thatched cottage.

Ye Qiubai was taken aback for a moment, and then followed.

Behind the thatched cottage is a deep mountain.

Following Lu Changsheng into the deep mountains, walking, came to a waterfall.

The scale of the waterfall is not large.

But the current is very intense.

Beating into the lake, like a meteor falling, it caused countless splashes.

formed a water-colored curtain.

And in the water-colored curtain, there is a huge stone.

On the boulder, there are countless sword marks, gun holes, and fist marks engraved on it.

However, the boulder still stands in the middle of the lake.

Standing firm, under the torrent of the waterfall, there is no trace of corrosion!

Lu Changsheng walked to the side of the lake, pointed to the boulder and said, "That boulder is the place where the old man asked the disciples of the thatched cottage to practice."

Old man?

Ye Qiubai was taken aback for a moment, and then he realized it.

is the owner of the thatched cottage of the previous generation.

"You, just practice your sword on it. When you can carve hundreds of sword marks on that boulder, I will allow you to go to the Northern Territory."

Hearing this, Ye Qiubai nodded.

Jumped up and came to the boulder.

However, just standing on the boulder.

The torrent waterfall will fall down!

hit Ye Qiubai's body!

Ye Qiubai's face changed, the torrent waterfall weighed ten thousand catties, and when it hit him, he could feel severe pain in his body!

Moreover, even if it is an ordinary stand, it cannot stand firmly on it!

"Oh, by the way, only wooden swords can be used."

Heard what Lu Changsheng said.

Ye Qiubai gritted his teeth and took out the wooden sword, intending to swing the sword, but when he swung the sword, he couldn't stand still because of the impact of the rapids.

fell into the lake!

Ye Qiubai looked dignified, broke through the water, and stood on the boulder again.

However, the situation is still the same as before.

Stands are unable to stand firm.

Looking at this scene, Lu Changsheng heaved a sigh of relief.

This waterfall is not ordinary at all, and there is a weight formation engraved in it.

Moreover, after his improvement, the strength of this weight formation is even stronger than before.

in order.

It is to let Ye Qiubai stay in the thatched cottage.

Don't go out and cause trouble for me!

What happened in the North Territory, and what does it have to do with him.

Otherwise, Ye Qiubai will definitely cause a lot of trouble when he goes to the Northern Territory, and then let him wipe his ***** again.

It's hard to stop the meeting, let him practice here first.

Lu Changsheng thought so.

Glancing at Ye Qiubai who fell into the lake again, he nodded in satisfaction.

Turned his head and left.

It should be enough for Ye Qiubai to practice for a while, right?

...

Time quickly passed a month.

The battle in the Northern Territory is still fierce.

However, due to the fact that various forces are united together.

So, like the previous sect being destroyed, it is much less.

The Sunset Dynasty also made corresponding plans.

The soldiers are divided into three groups.

The team is led by the three powerful under the emperor's seat.

Surround and intercept the forces in the Northern Territory.

And beside the three powerhouses, there are three coffins.

In order to prevent the strongmen from the Northern Territory from making a surprise attack.

The emperor unified the palace.

Huang Tianming carried out an ambush in the dark.

For a while, the forces in the Northern Territory were unable to make a corresponding response plan!

Chapter 156 Northern Territory calls for help!

Rapid Waterfall.

Above the boulder.

Ye Qiubai swung his sword as if he forgot to eat or sleep.

Now he has been able to stand firm on the boulder.

Moreover, thirty-three sword marks have been carved on the boulder.

I thought that Ye Qiubai believed that his current state of swordsmanship could quickly complete the goal required by the master.

Hundreds of sword marks.

But who knows, this boulder does not seem to be an ordinary stone.

It is extremely hard!

Even the torrent waterfall that has been applied with a weight formation can't have any impact on this stone!

During this month.

It took Ye Qiubai ten days to stand firmly on the waterfall.

It took twenty days to make thirty-three sword marks.

period.

Mu Wan'er sent some pills that she researched.

It can speed up Ye Qiubai's physical recovery.

Mu Ziqing is also here often, watching Ye Qiubai practice.

Above the boulder.

Ye Qiubai looked at the boulder in front of him, and swung the wooden sword in his hand.

The sword intent roared!

Finally, another sword mark was left!

During this period of time, he had thought of a way to make his sword faster and sharper.

Use this to speed things up.

However, it is still useless.

Each sword mark left requires thousands of full-strength slashes!

Gradually, Ye Qiubai stopped thinking about it.

He gradually understood.

My current self is too impetuous.

He really wanted to improve his realm.

So much so that the improvement of swordsmanship has become slow.

Practice, don't be impetuous.

Kendo is even more so.

thought of this.

Ye Qiubai sat cross-legged on top of the boulder.

Meditate, calm down.

Hongying came over at this time, seeing Ye Qiubai's actions, she couldn't help smiling.

"It seems that the brother has discovered the intention of the master."

Mu Ziqing, who was sitting cross-legged on the side, listened with a smile on her face.

"Although Senior Lu looks lazy on weekdays, regardless of your cultivation, in fact, he can still find out the problem and help you solve it."

Hearing this, Hongying nodded in agreement.

It is very difficult to meditate in the presence of external distractions.

What's more, it is under the torrent waterfall blessed by the formation.

Under the hammer of the waterfall, it is even more difficult to get rid of distracting thoughts.

The whole process lasted for three days.

Ye Qiubai finally opened his eyes.

Slowly got up and pulled out the wooden sword.

At this moment, Ye Qiubai's spirit has returned to its peak state.

Did not suppress it deliberately.

Wisps of sword intent emerged from the body, slowly wrapping around the wooden sword.

No leaks.

Immediately, a sword cut out.

There are no fluctuations.

No movement.

However, when the sword hit the boulder.

But there is a deep sword mark engraved on it!

This time, it was just a sword.

Then the sword mark was carved!

After a sword.

Aura burst out!

It turned into a spiritual vortex, surrounding Ye Qiubai's body.

Breakthrough!

original.

In Ye Qiubai's dantian, the spiritual energy has reached a full state.

The second dantian, in the dantian of the sword.

has also gathered aura.

Breakthrough is just a matter of course.

The mood is here.

will be able to break through!

The aura vortex absorbs the pure aura around it.

In the thatched cottage, there is engraved a spirit-gathering formation.

Aura is extremely pure and thick.

After the vortex completely merged into Ye Qiubai's body.

Breath burst out!

Breakthrough to the late stage of Water Overflow!

...

Twenty days passed again.

Ye Qiubai came down from the boulder.

Today, there are hundreds of sword marks on the boulder.

After this training.

Ye Qiubai had a breakthrough in his realm.

His understanding of kendo has improved a lot.

Now he is facing Li You.

Use the Demon Nine Swords.

I'm afraid that the other party will explode himself, and he will have to pay a huge price, and may even die directly.

Ye Qiubai walked out of the mountains and returned to the thatched cottage.

Lu Changsheng is watering and fertilizing the vegetable garden.

Seeing Ye Qiubai approaching, he said, "Huh? Finished?"

Ye Qiubai clasped his fists and respectfully said, "Master, I'm done."

"Thanks to Master's reminder, otherwise I might be stagnant because of this."

Hearing this, Lu Changsheng was taken aback.

Huh?

What did I remind you of?

I don't seem to be doing anything, am I?

Just when Lu Changsheng was about to say something.

Qin Tiannan is here.

Seeing this, Lu Changsheng's face darkened.

Every time Qin Tiannan came, nothing good happened.

as expected.

Qin Tiannan had a solemn face, walked up to Lu Changsheng, and said in a deep voice: "The Sunset Dynasty's attack is getting more and more fierce, and the forces in the Northern Region are almost unable to hold on."

"Now, the Northern Territory Tibetan Taoist Academy is already asking for help from the Eastern Territory, the Western Territory, our Southern Territory, and even the General Academy."

What did I say?

Lu Changsheng was speechless.

Ye Qiubai's expression sank, and he said, "Master."

Looking at Ye Qiubai's dignified and persistent eyes, Lu Changsheng couldn't stop him anymore, so he waved his hand and said, "Go if you want."

Ye Qiubai was overjoyed.

Qin Tiannan nodded and said, "Then I will take Ye Qiubai to the Northern Territory."

At this moment, Hongying at the side said, "Take Yun Ming with you."

Ye Qiubai nodded.

With his current strength, it is not enough to change the situation of the battle.

And Yun Ming's current strength has also recovered more than half.

Reached the half-step False God Realm.

Yun Ming naturally would not disobey Hongying's order, so he picked up his spear and walked to Ye Qiubai's side.

Seeing this, Qin Tiannan nodded slightly, and said: "Okay, then we will set off immediately."

Just when Ye Qiubai and the others were about to leave.

Lu Changsheng stopped, "Wait."

Ye Qiubai turned around.

I saw Lu Changsheng throwing a small sword.

Ye Qiubai took it, and asked doubtfully, "Master, is this?"

Lu Changsheng waved his hand, and said impatiently: "Take it, it will save your life at a critical moment."

Lu Changsheng already knew that Ye Qiubai would go to the Northern Territory.

So he made this small sword and asked him to take it.

Ye Qiubai felt warm in his heart, and said with a smile, "Thank you, Master."

After finishing speaking, he left with Qin Tiannan.

Hongying looked at Mu Ziqing who was at the side, and said, "Aren't you going to follow?"

Hearing this, Mu Ziqing shook her head, looked at Ye Qiubai's leaving back, and said, "Now I have no realm, but no combat experience, and following up will only add to the chaos."

...

at this time.

There are already many sect families in the Northern Territory, who have abandoned the mountain gate and moved closer to the Tibetan Taoist Academy.

Close the battle lines.

Because, the Sunset Dynasty's offensive became more and more fierce.

Three groups sent troops at the same time, suppressing all the forces in the Northern Territory.

Although the loss is huge.

But in order to preserve the vitality of the sect, they had to do so.

Beiyu Tibetan Taoist Academy.

Inside the meeting hall.

Many suzerains and patriarchs gathered together.

The hall is full of dignified atmosphere.

One person said: "Dean Wu, haven't the supporters arrived yet?"

Someone else took the call and said, "If you don't come, I'm afraid, the second line of defense we set up will be breached."

Wood was silent at the time, and the support message has been sent.

Now we can only wait!

Chapter 157 Planning!

The Northern Territory Alliance has established three lines of defense.

The first line of defense is based on the Valley of Warcraft, where formations and manpower are set up.

Due to the setting sun dynasty, the soldiers were divided into three groups.

Siege the Valley of Warcraft!

Now, it has been declared broken.

Second line of defense.

Use the Tianqing Mountains across the Northern Territory as a natural barrier!

Many ambush formations were laid.

and strong men with various forces are stationed here.

To the east of the Tianqing Mountains is the Beiyu Tibetan Taoist Academy.

The west is occupied by the Sunset Dynasty!

And here, the three teams of the Sunset Dynasty can only pass through the narrow valley in the west if they want to break through this place.

The rest of the Tianqing Mountains towered into the sky.

The further up the mountain, the more monsters there are, and the stronger they are.

It can be said that if the Sunset Dynasty wants to bypass the valley, it must suffer heavy losses!

Therefore, this narrow valley is also known as the Valley of Scourge.

Although it is easy to defend but difficult to attack here.

However, once it is forcibly broken through.

Then, the Sunset Dynasty will occupy most of the Northern Territory!

And the third line of defense.

It is the Beiyu Tibetan Taoist Academy, with the help of the academy's large formation, to make the final resistance!

If still lost.

Then, they can only retreat collectively to the extreme north of the Northern Territory.

The extreme north is extremely cold.

Ordinary practitioners simply cannot survive in it.

Of course, this is also the last way to retain the remaining talents of the sect.

Once you get to this point.

Maybe they can only hide in the extreme north and recuperate.

This is the last security measure.

Unless it is absolutely necessary, the forces in the Northern Territory will not enter the extreme north.

After all, the living conditions in that place were too harsh.

Even as a monk, it is difficult to survive.

...

And this time.

Beiyu Tibetan Taoist Academy.

Wood suddenly looked at the sky and breathed a sigh of relief.

"Here they come."

The voice just fell.

In the sky, there are three ships arriving.

are the Tibetan Taoist Academy in the Southern Region, Eastern Region, and Western Region respectively.

Everyone greeted them one after another.

The ship landed.

People from the Eastern Territory walked out first.

The person who leads the team is also known to people from various forces.

It is Yu Su, the vice president of the Eastern Tibetan Academy of Taoism.

The disciples who followed him were led by Shi Sheng, a disciple of Tianjiao from the Tibetan Taoist Academy in the Eastern Territory.

People from the Western Regions followed closely behind.

It was Zhang He, the arrogance of his genius, who led the team.

And the Southern Region finally walked out.

Qin Tiannan came here in person.

The people following behind are naturally Ye Qiubai, Yun Ming, Xin Hongyi, Zhong Wu and others.

Wood stepped forward.

Said with a serious face: "There is no time, please move to the meeting hall, we discuss countermeasures."

Looking at Wood with serious eyes, everyone nodded without saying anything.

In the conference hall, there is an array.

On the array disk, the information of the northern defense line is marked in detail.

and the place where the three-way army of the sunset dynasty passed.

Naturally, the places where the three armies are stationed and the routes of attack are unknown.

Qin Tiannan took the lead in saying, "How is the situation?"

Wood sighed slightly, shook his head, and said, "The situation is very bad."

"The strength displayed by the Sunset Dynasty exceeded our expectations."

"The first line of defense was breached in just one day."

"Now, we have retreated to defend the Azure Mountains, intending to stop the Sunset Dynasty in the Valley of Scourge!"

The deputy dean of the Eastern Region Tibetan Taoist Academy, Yu Su, frowned, and said in doubt: "We have also heard about the strength of the Sunset Dynasty. Although it is powerful, it cannot break through the Northern Region Alliance so easily, right?"

"The Sunset Dynasty hides its power."

At this time, a voice came from behind everyone.

At the entrance of the main hall, an old man walked slowly.

Concentrated voice said: "The old man planned to intercept one of the troops three days ago, but the other party also has corresponding protective measures."

The speaker is Yunjing!

The number one swordsman in the Northern Territory is the most powerful existence among those present!

However, Yun Jing's aura is a bit sluggish now!

Facing Yun Jing, Yu Su didn't dare to be negligent, and asked quickly: "Mr. Yun made a move? How is the situation?"

Yun Jing sighed, and said: "As you can see, not only did the opponent's vitality not be consumed, but the old man was seriously injured."

Everyone was in an uproar!

"In the opponent's army, there is a corpse puppet, and the strength of that corpse puppet has reached the half-step False God Realm!"

"Its physical body is even more powerful. The old man was able to escape from its grasp because he had tried his best."

Corpse puppet!

Qin Tiannan's face changed in shock: "Isn't the method of making corpse puppets long lost?"

In the way of puppet.

has countless branches.

The corpse puppet is the most unacceptable among them, the production method is horrific, and the extremely evil puppet art!

Because it was too evil, it was destroyed by many powerful people in ancient times, and no inheritance was left behind!

Now, the corpse puppet returns to the world.

How can everyone not feel horrified?

Yun Jing said solemnly: "I don't know, but there may be more than one corpse puppet. There must be corpse puppets sitting in the army of the three parties to prevent the strong men from going to attack."

Three corpse puppets of half-step False Gods.

Everyone fell into silence.

Wood saw the morale was low, he let out a deep drink, and said: "Now is not the time to be silent, and it is the right thing to stop the Sunset Dynasty as soon as possible."

Yu Su asked: "Dean Wu, do you have a plan?"

Wood nodded slightly, and said: "Due to the existence of the Valley of Scourge, the Tianqing Mountains are easy to defend and difficult to attack. We will take advantage of this and send more people to arrange formations in the Valley of Scourge. It is good to defend here."

"As long as we defend this place, we will be able to get support from the General Hospital."

Someone questioned: "Why hasn't the support from the General Institute of Tibetan Taoism Academy come yet?"

Wood said solemnly: "The previous king of the Sunset Dynasty is not dead, and has broken through to the False God Realm. With his surveillance, the General Court cannot act rashly."

False God realm powerhouse!

Everyone was horrified, and then understood.

After all, a False God Realm powerhouse can already be said to be the pinnacle power of this continent.

And once the strong False God Realm insists on blocking a force.

Even people of the same realm cannot stop them.

Thinking of this, everyone can only nod, agreeing with this plan.

At this time, a young voice sounded.

"I think blindly defending may not be realistic."

Um?

Everyone was taken aback, looking at the source of the voice.

is Ye Qiubai.

Qin Tiannan and Yun Jing also looked over, slightly taken aback.

I saw Ye Qiubai stepping forward.

points to the location of the Valley of Scourge.

"Although this place is easy to defend and difficult to attack, you must know that the opponent is known to have three half-step false **** corpse puppets."

"Once the opponent breaks through forcefully, it may be difficult to defend."

"We would also have a lot to lose by gathering our men here."

Someone yelled angrily: "A hairy boy, what can I tell you? What else can I do if I don't keep it?!"

Yun Jing interrupted this person, looked at Ye Qiubai, and said seriously: "What do you think?"

Ye Qiubai's eyes shifted to the outside of the Valley of Scourge.

said softly: "I think we need to take the initiative and conduct an ambush outside."

Chapter 158 The night is dark and the wind is high!

Ambush outside the Valley of Scourge?

Ye Qiubai spoke surprisingly.

Everyone was a little dazed.

Among them, the head of the Tianqing Sect whose sect is located in the Tianqing Mountains frowned and said, "Boy, do you know what you are talking about?"

"With such a good terrain in the Valley of Scourge, don't stick to it, and run out to ambush?"

"Do you know that the opponent's strength is far superior to ours now?"

"What's more, there are three corpse puppets who are half-step False God Realm."

After hearing this, everyone nodded.

Obviously, they also agreed with Wood's plan.

It is safest to guard the Valley of Scourge and wait for the support of the General Academy of Tibetan Taoism.

Wood did not speak, and looked at Ye Qiubai quietly.

Yun Jing said, "Tell me your opinion."

Ye Qiubai, as that senior's apprentice, naturally wouldn't be a simple-minded person.

Moreover, as a sword cultivator, he has a sword heart.

Looking at things, Ye Qiubai can see more aspects and hidden dangers than others.

Ye Qiubai glanced at Yunjing, nodded and said: "It is precisely because the opponent has three corpse puppets who are half-step False Gods. Regardless of the corpse puppets, the opponent's overall strength is also above ours."

"If we stick to this place, we will inevitably suffer heavy losses. Even when we are recuperating, if we release the corpse puppets, no one can stop them, and we will soon be broken through."

Heard the words.

Everyone was lost in thought.

Ye Qiubai's words are indeed not unreasonable.

In the Northern Territory Alliance, Yun Jing is probably the only one who can hold a corpse puppet in a short time.

What's more, now that Yun Jing has been seriously injured, it is impossible to make a move for a while.

The gap in peak combat power has led to the fact that the Northern Territory Alliance is now one-sided.

Being constantly crushed by the Sunset Dynasty, the embarrassment of breaking through the defense line.

Ye Qiubai pointed to the center of the array, outside the Valley of Scourge, there was a great rift valley.

traverses in front of the Tianqing Mountains.

It is reported that this rift valley did not form naturally, but was broken by two peerless powerhouses who were friends.

At this point, it cracks, forming the Great Rift Valley.

"The other party knows that the Sky Blue Mountains are easy to defend and difficult to attack, so naturally, they will also subconsciously think that we will defend to the death in the Valley of Scourge."

"And we are taking the initiative to attack at this moment, ambush in this Great Rift Valley."

"The other party was unprepared, and when we crossed the Great Rift Valley, it was the moment for us to take action."

Wood asked at this time: "So, what should I do if I am retained and wiped out by the people of the Sunset Kingdom?"

Ye Qiubai explained: "So, we need to form an assassination team that focuses on speed."

"At the same time, let someone respond from the rear."

"One hit and retreat, there must be no greed."

Ye Qiubai finished speaking.

Everyone was silent.

After hearing this, Yun Jing laughed and said, "It's better to take the initiative to attack than to stick to it."

"Good! Good, Qiu Bai's plan is good."

"First, it can consume the vitality of the Sunset Dynasty and make the opponent fearful."

"Second, if it succeeds, it will greatly boost our morale!"

Everyone is also thinking about the feasibility of this plan.

After thinking about it, I also think it is feasible!

Wood also nodded, "This plan is good, and I support it."

Yu Su looked at Ye Qiubai and said with a smile: "Young people are awesome, no wonder Shisheng praised you all day long after returning."

Qin Tiannan also smiled and glanced at Ye Qiubai, his eyes were full of pride.

Although Ye Qiubai is the disciple of that boy Lu Changsheng.

However, they are also members of their Southern Tibetan Academy of Taoism.

after.

Everyone made arrangements in their hands.

There are two requirements.

One is to be fast.

Secondly, the moves must be quick, precise and ruthless.

What meets this point is to have the artistic conception of wind.

Similarly, sword repair is also very consistent with this point.

With the sword facing the crown, Ye Qiubai and Ye Qiubai were selected without a doubt.

Divided into three ambush teams.

Ambush the three-way army of the Sunset Dynasty.

The first one is the sword cultivator headed by Ye Qiubai Jian Chaomian!

The second branch was led by the great elder of the Sky Blue Sect.

According to the Tianqing Sect, the main practice method is to focus on the artistic conception of wind.

As for the great elder of the Sky Blue Sect, his strength is also at the early stage of the Qianyuan Realm.

The third branch was led by Yu Su, the vice president of the Eastern Region Tibetan Taoist Academy.

Yu Su's strength is not weak, but he is ranked 28th on the Four Regions Martial Arts List, and his strength is also in the middle stage of Qianyuan Realm.

The person who responds.

It was Qin Tiannan who took the lead.

As for why not directly send out Wood and other strong people.

After all, in the Northern Territory Alliance.

A strong man like Wood was naturally locked by the opponent's aura.

As long as you go out of the Tianqing Mountains, the opponent's strong will be aware of it.

The time for action is set tonight.

Time is running out.

Everyone didn't say anything more, and the members of the three ambush teams went to prepare separately.

Someone prepares the sigil.

Someone is preparing a treasure.

There are also people who are calming down.

Strive to restore your energy to the peak when the night comes.

In this way, you can maximize your strength in a short period of time.

In the world of practice.

Whether it is a few years, or decades, or even a century, it is all in the blink of an eye.

What's more, it's only half a day.

soon.

Twilight falls.

In the sky, it was pitch black.

The moon also hid its face in the dark clouds.

It can be said that this time is the most suitable situation for ambush!

...

The Tianqing Mountains are like a **** of heaven.

Its mountain peaks soar into the clouds.

On the mountain peak, there are countless powerful monsters.

Even Qianyuan Realm experts are not sure that they can cross the Tianqing Mountains without injury.

The only safe passage is the Valley of Scourge.

The Valley of Scourge divides the Tianqing Mountains into two.

The mountain walls on both sides are as smooth as a mirror.

I have to sigh with emotion, the uncanny workmanship of nature.

And at this moment.

Three ambush teams have arrived in the Valley of Scourge.

As the leader of the supporting team, Qin Tiannan said to Ye Qiubai and the others: "One hit kills, don't be greedy, remember?"

Everyone nodded their heads.

This is war, not child's play.

There is a tight string in everyone's heart.

Don't dare to relax in the slightest!

"Okay, let's go."

Following Qin Tiannan's orders.

Everyone put on the black cloak with the blessing of the concealed breath formation, and galloped out of the valley!

Outside the valley, there is an endless wasteland.

And in the middle of the wasteland, there is a big rift valley that spans the entire Tianqing Mountains!

This Great Rift Valley is the location of the ambush.

Ye Qiubai and others are on the left wing of the Rift Valley.

The elder of the Azure Sect is on the right.

The most powerful team, Yu Su, the vice president of the Eastern Tibetan Taoist Academy, led the ambush team to the center.

This is also to be able to provide timely support to both parties.

However, once it is left.

I am afraid that everyone will leave directly.

Because once the rescue is rushed, the opponent's high-level forces will block it.

The loss will be further expanded.

Ye Qiubai and others are hiding beside the rift valley at this moment.

No one speaks.

Only gusts of wind were blowing on everyone's backs.

The night is dark and the wind is high.

Killing Night!

Chapter 159 Successful ambush!

The moon is dark and the wind is high.

Gale gusts.

The wilderness is extremely flat, without any trees, flowers and plants, and you can see everything at a glance!

Only in the location of the Great Rift Valley, there are a few boulders.

And the three ambush teams were hidden behind the boulder.

Rift left.

is where the ambush team led by Ye Qiubai is located.

At the moment.

Everyone's eyes were full of seriousness.

No one dared to speak.

Once the sound is made, it may be detected by the other party's spies.

As for sound transmission, it can naturally be detected by the opponent's high-level powerhouse.

Therefore, everyone can only communicate with eye gestures.

Now, the only thing to do is to prepare for the attack, hide behind the boulder, and wait quietly for the soldiers of the Sunset Dynasty to cross the Great Rift Valley!

At the moment.

The clouds covered the entire sky tightly.

Moonlight cannot pass through.

The Great Rift Valley is bottomless.

In the rift valley, wisps of cold air came out.

It seems that there are ghosts killing their lives!

It's like the abyss of the Nine Nethers.

It was at this moment.

From the opposite side of the Great Rift Valley, there was a sound of trembling the earth!

Everyone's face turned cold!

coming!

On the opposite side of the Great Rift Valley, the dark army is marching here!

However, this is not an ordinary army.

Above the army, there is a black mist rolling.

In the black mist, there are even ghosts wandering, and there are roaring sounds from time to time!

The breath is extremely frightening.

It is no wonder that such an army will continue to break through the defense line of the Northern Territory Alliance!

However, what makes everyone puzzled is.

Why did the army of the Sunset Dynasty suddenly become so strange, and its strength increased so much?

Even if it is placed in the middle domain, it can only be owned by giant forces.

Ye Qiubai frowned slightly.

Another corpse puppet.

It's this evil army again.

Reminiscent of the recent actions of the Sunset Dynasty, where it has gone.

Slaughter all mortal casual cultivators.

As for those mortal casual cultivators, there is only a skin left, without flesh and blood and skeleton.

Is this the result of the Sunset Dynasty's joint foreign aid?

Which force is it that possesses such a strange skill?

Ye Qiubai has no time to think about it.

The other party has come to the mouth of the Great Rift Valley.

At this time.

The other party has two strong men in the middle stage of the Qianyuan Realm flying out.
came to the top of the Great Rift Valley.

Immediately, both of them spread their hands.

Above the Great Rift Valley, there is actually a bridge constructed by spiritual energy!

Connects the two sides of the Great Rift Valley.

"Speed through."

The voice fell.

The evil army marched forward again, stepping onto the spiritual bridge one after another.

Walk towards the opposite side of the Great Rift Valley.

Ye Qiubai behind the boulder glanced at the two mid-Qianyuan realm powerhouses above.

suddenly think of.

If these two strong men in the mid-Qianyuan stage can be killed in an instant, then these troops walking on the bridge will directly fall into the rift valley!

The Great Rift Valley is bottomless, as long as you fall, you will naturally not be able to survive.

After all, the army's personal strength is not enough to defend against the sky.

thought of this.

Ye Qiubai gestured to Jian Chaomian and the others.

Pointing to the two Qianyuan Realm powerhouses who vacated above, then sat down and wiped their necks.

Everyone understands.

Immediately, Jian Chaomian and the others pulled out their swords and made a starting gesture.

Ye Qiubai also pulled out the Dark Demon Sword.

Go for one-hit kills!

At the same time, the other hand raised three fingers.

At this moment, a finger bent down.

At the same time, the army of the Sunset Dynasty has also marched to a third position.

Ye Qiubai stared at the opponent's position closely, and bent one finger again.

The army is still moving forward.

The black mist rolled, extremely turbulent.

The ghost roared like a monstrous ghost!

When there is a large army marching to the middle position.

Ye Qiubai clenched his fist violently!

At the same time, everyone drew their swords at the same time!

At this moment, strands of Sword Intent to the Sky let out waves of sword chant!

Jian Chaomian directly used the strongest attack, attacking the two Qianyuan Realm powerhouses above!

Everyone is the same, dare not have the slightest reservation!

In the battlefield, especially in this kind of ambush, when the enemy is strong and we are weak, there is no such thing as keeping hands and strength!

Once you keep your hands, then you may fall short.

And the price of failure, there is no other, only one way.

That is a dead end!

No one wants to die.

So everyone used 200% of their strength to kill the two Qianyuan Realm powerhouses above!

The strong man above reacted.

Want to get away and escape.

But I found that my whole body was full of sword intent!

I saw Ye Qiubai spread his hands.

The sword field is expanded!

Blocked the way of the two of them!

As for the two Qianyuan Realm powerhouses, under the attack of the crowd, they could not escape.

Because of haste, I was overwhelmed!

Soon, he suffered large and small injuries!

At this time, Ye Qiubai raised the Dark Demon Sword in his hand.

shouted in a low voice: "The devil is coming!"

The Seventh Sword of the Heavenly Demon Nine Swords!

Under the Dark Demon Sword that has been promoted to a spiritual weapon, the power of the Heavenly Demon Nine Swords is more powerful than ever.

Under the tumbling black sword intent, a black slash suddenly came out!

Under the monstrous devilish energy.

The movements of the two Qianyuan Realm powerhouses were all stagnant.

Their minds have been temporarily affected!

It is like a short circuit in the circuit.

Didn't react yet.

Often, in the battle between ascetics, at this moment, the winner and loser can be determined, and life and death can be decided.

What's more, there is a chill seeping out of this black slash.

It made the movements of both of them feel sluggish.

In addition, the two of them were already injured, and their blood was rolling.

The aura in the body cannot be fully controlled for a while.

Facing this slash.

I can only watch it come over!

In an instant!

The two Qianyuan Realm powerhouses were cut into two by this slash!

The soul is also beheaded!

At this time.

The army below also reacted.

"Enemy attack!"

After saying these two words, due to the death of two Qianyuan Realm experts.

The aura bridge disappeared without anyone supporting it.

A large number of troops fell directly into the rift in panic!

The army in the rear, because they hadn't fully set foot on it, saved their lives!

At the same time, in the rear of the army, a huge aura erupted and spread towards the Great Rift Valley!

"BOLD!!!"

Ye Qiubai had put away the Dark Demon Sword at this time, and shouted: "Withdraw!"

As soon as the voice fell, everyone rushed to the rear and left!

Wait until the owner of that breath comes above the Great Rift Valley.

Ye Qiubai and others have already left this place.

Although they could see their backs, the men in general armor did not dare to pursue them.

Because, over there is the Valley of Scourge.

And the other party dared to launch an ambush at this time.

It proves that there will also be strong opponents from the other side.

This dumb man has to suffer, so he can only eat it.

At the same time, he will also be punished by the Sunset Dynasty.

Think of the means of the eldest prince in the dynasty.

The man in the armor suddenly lost his mind.

Glancing at the army below, which had lost nearly one-third of the army, the man in the general armor gritted his teeth and brows furiously!

growled towards the army: "Count the number!"

Chapter 160 Sudden mutation!

Ye Qiubai and his party, who had already left, let out loud laughter as they ran wildly.

"Excellent!"

"That's right, brother Ye, your strategy is really clever. You have killed so many people on the other side without any loss."

these days.

The Northern Territory Alliance has been unilaterally slaughtered by the people of the Sunset Dynasty, constantly breaking through the line of defense.

Let everyone hold their breath in their hearts.

At the same time, morale is also very low.

Now, this time the ambush has achieved such a great effect that everyone is extremely excited!

Jian Chaomian also smiled and said: "Brother Ye, I haven't seen you for a long time, and your strength is getting stronger and stronger."

Ye Qiubai, who had reached the late stage of Shui Yi Jing, made Jian Chaomian feel a little helpless.

Originally, Jian Chaomian took Ye Qiubai as the target of pursuit.

These days, under the guidance of Yun Jing, and the harvest in the secret realm.

All of these have greatly increased Jian Chaomian's strength.

I thought the gap with Ye Qiubai would be narrowed a lot.

But now it seems.

The gap is getting bigger and bigger.

Ye Qiubai smiled.

A group of people returned quickly.

Soon, they arrived at the place where Qin Tiannan was.

Qin Tiannan couldn't help heaving a sigh of relief seeing Ye Qiubai and the others return.

Ye Qiubai is a proud disciple of the Tibetan Taoist Academy in the Southern Region.

Naturally, he will pay special attention to him.

What's more, if something happens to Ye Qiubai here.

He also couldn't explain to Lu Changsheng.

People are brought out by him.

Naturally, it must be taken back intact.

Ye Qiubai looked around and asked, "Dean Qin, where are the other two teams?"

Qin Tiannan shook his head and said, "I don't know, you are the first one to come back."

Ye Qiubai nodded.

A group of people are waiting here.

After tens of minutes passed, the team led by Yu Su also returned smoothly.

It's just that Yu Su's body seems to be injured.

But it doesn't hurt too much.

Yu Su came here, saw Ye Qiubai and his party, and said with a smile: "It seems that you are going well."

Ye Qiubai didn't smile, and asked, "Where is the team led by the elder of the Sky Blue Sect?"

Yu Su was taken aback, shook his head and said, "On the way back, I didn't see them."

Hear here.

The expressions of Qin Tiannan and Ye Qiubai both changed.

Logically speaking.

The three armies of the Sunset Dynasty attacked at the same time and crossed the Great Rift Valley together.

Then, the time for the ambush will be similar.

Now, almost an hour has passed, and the great elder of the Sky Blue Sect still hasn't returned.

That also means that the other party is in trouble!

Yu Su obviously thought of this too, his face froze slightly.

Someone smiled wryly: "I'm afraid that team is in danger."

At this time, in the distance of the Great Rift Valley, bursts of spiritual energy erupted!

Everyone looked over.

Yu Su said solemnly: "That aura is the aura of the great elder of the Sky Blue Sect, and they were held back."

The voice fell.

Everyone's hearts sank slightly.

At that time, among their plans, if an ambush team failed, it would be delayed.

Then, they can only be left to fend for themselves.

Because, once the other squads go to the rescue.

The loss may be greater.

It can be said.

The ambush team led by the great elder of the Azure Sect has been sentenced to death by everyone.

Yu Su sighed slightly, and said: "There is no other way."

Ye Qiubai saw that everyone's morale was a little low.

I secretly thought it was bad.

This time's plan.

Not only consumes the vitality of the Sunset Dynasty.

Then delay the opponent's attack time.

More importantly, revive the morale of the Northern Alliance.

An alliance loses morale in war.

Then, it is not far from failure and perdition.

It is conceivable that although two teams survived the ambush and returned.

However, because of the fall of the Great Elder of the Azure Sect and his party.

I'm afraid it will still affect morale.

Then, it is also disadvantageous for the subsequent battle situation.

Think here.

Ye Qiubai's heart sank.

No, doing so will only fall short.

Therefore, Ye Qiubai looked to the right side of the Great Rift Valley, the direction where the breath exploded.

His eyes were determined, as if he had made some kind of decision.

Said in a deep voice, "Let me go."

Um?

Are you going?

Everyone looked at Ye Qiubai in astonishment.

Ye Qiubai looked at the right side of the Great Rift Valley, and said in a deep voice: "I will bring them back, otherwise, this operation is of little significance."

Qin Tiannan also seemed to understand what Ye Qiubai meant.

But shook his head, firmly refused: "No, I don't agree."

Ye Qiubai's talent is destined to represent, as long as he doesn't die halfway.

Then, in the future, he will be among the peak powerhouses in this continent.

There will definitely be someone like Ye Qiubai.

There is no doubt about it!

Yu Su also said seriously: "The other party is powerful, so what's the use of you going?"

Let alone Ye Qiubai, even he is not sure about it!

Ye Qiubai didn't think so.

If he wants to go, only he can escape smoothly.

After all, he has the small sword given by his master on his body.

and Qingyun Sword.

Even if he doesn't succeed, there's nothing wrong with escaping.

Ye Qiubai said: "Don't talk about it, if you don't go, you have to go. Here, only I am more suitable."

"Dean Qin needs to respond here, and Dean Yu is injured again. Apart from the two of you, I am the only one who is more suitable here."

Now, Ye Qiubai, who has reached the late stage of Shui Yi Jing and has a more advanced swordsmanship.

Even if it was a strong man in the late Qianyuan Realm who was dispatched, he might not be Ye Qiubai's opponent.

Unless the opponent sends out corpse puppets.

Yu Su was silent.

Qin Tiannan calmed down, looked at Ye Qiubai, and said quietly: "Decided?"

"Decided."

No hesitation, no hesitation.

The three words are very affirmative.

Seeing this, Qin Tiannan could only sigh secretly.

"If it doesn't work, just go back."

Ye Qiubai nodded.

Jian Chaomian and his party did not say anything.

Nowadays, it is useless to say anything.

Because with their strength, they will only hinder Ye Qiubai.

"I am leaving."

As soon as the voice fell, Ye Qiubai put on a black robe, disappeared in place, and flew towards the right of the Great Rift Valley!

Jian Chaomian looked at Ye Qiubai's back and clenched his fists.

He is at the moment.

I felt my own strength, how powerless I was when dealing with this sudden situation.

Even, it will hold Ye Qiubai back!

no.

Have to work harder...

Not too long.

Ye Qiubai has come to the place where the breath erupts.

I see.

The army of the Sunset Dynasty has successfully crossed the Great Rift Valley!

The Sky Blue Sect Great Elder and his party all suffered injuries of varying degrees of severity.

Even, the original team of ten people now has only six people left!

In the process of defending, retreat backward.

It's just that the opponent has three strong men in the late Qianyuan stage leading the team.

The attacks of the three made it impossible for the Great Elder of the Azure Sect and his party to leave this place!

At the moment.

The elder of the Azure Sect smiled wryly.

It seems that the bad luck is getting worse...
