

My Disciples 221

Chapter 221 found anomalies

Spirit Realm.

In Tianlingzong.

There is a side hall.

And in this side hall, there is a huge formation.

An old man sat cross-legged in the center of the formation.

However, the old man's brows are now frowning.

This formation is a formation used to perceive the breath of the lower world.

And the large perception array across the boundary consumes a huge amount of background and materials!

The money spent every day is an astronomical figure.

The purpose is to perceive whether the heart of the realm is born.

However, now the old man can't feel the breath of the lower world!

"How is this going?"

The old man has been sitting here for thousands of years.

Never encountered this situation before.

So, the old man transmitted the situation to Kong Jianghan, the suzerain of Tianling Sect.

Kong Jianghan frowned and came to the side hall.

"what happened?"

The tone is dignified.

After all, this matter is extremely important.

directly affected their plans.

The old man shook his head and said: "I don't know, this situation has lasted for two days, and now, I still can't perceive the situation in the lower realm."

Kong Jianghan thought for a while, and said, "Could it be the influence of spatial turbulence?"

The two boundaries are thousands of miles apart!

Among them, there are countless space turbulence and space storms.

The old man shook his head decisively and denied this factor.

"This large formation has lasted for tens of thousands of years. During these tens of thousands of years, how many large-scale destructive space storms have occurred between the two realms?"

"However, it still cannot affect the operation of this large formation. Now, it is naturally not caused by spatial turbulence."

Kong Jianghan nodded.

What the old man said is the truth.

None of this really happened.

And Kong Jianghan wanted to say, could there be a problem with the formation?

After thinking about it, he denied himself and shook his head.

If there is a problem with the formation, the old man, as the person who controls the formation, will naturally be able to feel it immediately.

Since he didn't mention this problem, it is natural that something went wrong in the formation.

The old man's eyes were gloomy, and he expressed his thoughts.

"Could someone be messing with it?"

messing with it?

Kong Jianghan thought of the other six people, but shook his head decisively.

"Impossible, doing so will not do them any good."

"They alone cannot subdue the heart of the realm."

"And once we get the Heart of the Realm, it's not just our Heavenly Spirit Sect who will be promoted, it will also be good for them."

The old man nodded.

"Just, if it wasn't them, who would it be?"

Kong Jianghan fell into deep thought.

Suddenly, the figure of a man in white robe appeared in his mind.

Could it be... him?

At the beginning, the formation he arranged directly crushed the phantoms of the seven of them!

Let them have no chance to resist!

So visible, if he wanted to block the breath of the lower world, that man really could do it!

Kong Jianghan expressed his thoughts.

After hearing this, the old man's face was serious, and he said, "If that's the case, suzerain, I suggest you send someone to check it out immediately."

"Since the opponent has set up a shielding formation, it is very likely that something major has happened in the lower realm!"

Hearing this, Kong Jianghan also nodded.

He also has this intention.

ordered: "Jiang Lao, you continue to control the formation here, and I will arrange it."

The old man nodded, closed his eyes, and tried to continue to perceive the breath of the lower world.

Kong Jianghan left the side hall.

Immediately called the Great Elder over.

said: "Immediately take some elders and disciples to the Wilderness Realm to see if there is a formation blocking our surveillance!"

The Great Elder did not refuse, and nodded.

Immediately took people to the wild land!

Kong Jianghan walked to the front of the hall, looked at the sea of clouds at his feet, with a solemn expression.

What purpose does the other party have?

If it is really for the heart of the realm, it will conflict with their plan.

It will even affect their ten-thousand-year plan.

Kong Jianghan's eyes showed a fierce light, and wisps of extremely domineering aura were revealed inadvertently!

The sea of clouds began to boil instantly!

It's like the sky is falling!

This aura is much stronger than those in the False God Realm.

I'm afraid that those so-called False God Realm powerhouses are not even qualified to contend under this aura.

Kong Jianghan looked at the boiling sea of clouds and whispered: "No one can stop our plan."

"If anyone wants to stop it, no matter who you are or where you come from..."

"God blocks and kills God."

"Buddha blocks and kills Buddha!"

This plan is too important for Tianlingzong, and even the entire Tianling Realm...

...

At this moment, outside the barbaric territory.

In the road of heaven.

The Great Elder brought ten people here.

Looking at this place, I didn't find anything unusual.

Behind him, an inner sect elder of Tianlingzong asked: "Great elder, what happened?"

The Great Elder shook his head and said, "Check around and see if there are any formations."

Everyone heard the news, although they didn't know what happened.

But still do it.

In Tianlingzong.

Zongmen status means everything.

The class is extremely strict.

And this has an upside too.

Easy to manage.

The Great Elder was not idle, he closed his eyes, and breath burst out!

Much better than the False God Realm!

However, he did not reach the Emperor Realm.

In the half-step emperor state!

From here, we can see the strength of Tianlingzong.

Just one Great Elder has already reached the Half-Step Emperor Realm!

The breath covered the entire Tianlu!

Check whether there is a shielding formation around.

When the breath extends to the end of the heavenly road, as long as you take a step forward, you will enter the wild realm.

it's here.

His breath was blocked.

The Great Elder suddenly opened his eyes.

Found the problem!

On the other side where they stood, there was a faintly visible formation, blocking the entry of outside breath!

"Sure enough, the suzerain did not guess wrong..."

The Great Elder frowned solemnly.

If this is the case, things will be troublesome.

The great elder said to an inner sect elder beside him: "Go and inform the suzerain that a shielding formation has been arranged here, and ask him if his plan has changed in the future."

The elders of the inner sect listened to the suzerain.

Knowing the seriousness of the problem, he didn't dare to stop, and immediately took out the sound transmission jade pendant.

For sound transmission across boundaries, if it does not reach the imperial realm, it must rely on foreign objects.

Even the Great Elder who is half-step emperor can't transmit sound with his own strength.

At this moment, the elder commanded again: "Pingling, go and destroy that shielding formation."

Pingling is an inner disciple of Tianlingzong.

Strength is at the early stage of False God Realm!

Pingling nodded.

Go forward.

Run the aura in the body, and blast towards the shielding formation with a palm!

However, this palm print is like a mud cow entering the sea.

Didn't make any ripples!

This made Ping Ling frown slightly.

This formation in the lower realm can still resist his attack?

Thinking of this, Ping Ling was not convinced, and walked forward.

He took out a long knife in his hand!

A wave of knife intent rose up!

Chapter 222 Jianmu trapped dragon, annihilation array kill!

At the moment.

Nanyu Tibetan Taoist Academy.

In the thatched cottage.

Lu Changsheng was basking in the sun on a deck chair.

Elegantly called, nap.

At this time, he opened his eyes slightly and said, "We were discovered so soon?"

"It seems that the other party is not an idiot..."

"However, I actually forgot to set up a concealment formation, so I have to learn from it in the future."

Speaking of concealment formations...

Lu Changsheng thought for a while.

"I don't seem to have deliberately studied the concealment formation."

"Well... let's study it as soon as you wake up."

"No, let's do it tomorrow."

"Anyway, it's not needed for the time being."

Thinking of this, Lu Changsheng closed his eyes happily again.

Enjoying the afternoon.

...

At this moment, outside the border of Manghuang, on the road to heaven.

Pingling holds a long knife and rushes towards the shielding formation!

With a low shout, he holds a knife in both hands.

The wisps of knife intent covered the long knife!

On the blade body, the sword intent transformed into a ten-meter-long sword with the intent of the sword!

From top to bottom, he slashed towards the shielding formation!

The breath is terrifying, as if it wants to split this space!

Pingling even thought contemptuously in his heart.

The space in this boundary domain is really fragile.

Even my attacks can affect the space.

One can imagine how weak the monastic civilization in this realm is.

However, I just thought of this.

Pingling was under the horrified eyes of the Great Elder.

Disappeared inexplicably?

Not even the long knife remained.

It seems that there has never been such a person, such a knife.

How is this going?

The Great Elder and the others looked at this scene with serious hearts.

Quietly, without any aura fluctuations.

Even he didn't even see where the attack came from.

Pingling fell directly?

You must know that although Ping Ling is only an inner disciple of Tianlingzong, he has already reached the strength of the False God Realm.

As far as he knows, the False God Realm can already be regarded as the top powerhouse in the wild world!

However, it is such a person.

Was killed silently?

Not even a single ashes left!

At this moment, the elders of the inner sect have passed the news to the sect.

He naturally also saw this scene, came to the elder, and said solemnly: "There is something evil here."

The Great Elder nodded, his eyes filled with fear.

If you let him come, you can also do this.

After all, although the half-emperor realm has not stepped into the emperor realm.

However, the difference with the False God Realm can be said to be a cloud of mud!

Countless people are stuck at this step and have not stepped forward.

If he did it, Pingling could also be instantly killed.

It's just that it won't be annihilated quietly like this, without any aura fluctuations!

The Great Elder looked at the Inner Sect Elder, and asked, "What does the suzerain say?"

The elder of the inner sect replied: "The suzerain said, break the shielding formation, and then wait for the order."

Break the array.

Only in this way can we observe what happened in the lower bound.

The Great Elder nodded, then looked at the other eight people, and said, "Everyone, let's fight together."

This formation is really a bit evil.

He will not break the formation alone just to show off his abilities.

Now, I don't know the specific depth of the opponent's formation, so it's better to be more stable.

Everyone nodded after listening.

Start to unleash your realm!

Aura burst out at this moment!

Among them, the lowest level is the early stage of the False God Realm!

The rest are all late-stage False God Realm, and great elders who are in the Half-Emperor Realm!

This kind of lineup can be said to be able to sweep any force in the barren realm.

Of course, except for the thatched cottage they don't know about...

For a while, the space is tearing apart!

Tianlu began to tremble continuously.

Obviously, it was difficult to bear this aura fluctuation.

However, the Great Elder and the others didn't care about these.

The wild realm, if it is destroyed, it will be destroyed, as long as the things can be obtained.

Nine people took a step forward together.

They all launched their own attacks!

In a short time, three palm prints, one sword intent, four fist strengths, and one spear glow!

They all blasted towards the concealment formation!

Breath is boiling!

The sky trembles!

Eight False God Realm powerhouses, and one half-step Emperor Realm, are enough to make the wild world shatter!

And just when those nine attacks were about to fall on the shielding formation.

Around the Tianlu, there are branches of Jianmu branches, winding towards the nine attacks!

Jianmu trapped dragon array!

is the first trap set up by Lu Changsheng!

The branches of the Jianmu tree were entangled together, forming a disc shape.

Block those nine attacks!

The nine attacks landed on the Jianmu branch.

Suddenly, a loud noise came out!

The space begins to crack!

Black holes one by one, spread the turbulent flow of space, wantonly in the sky!

The road to heaven was already in dilapidated condition.

The space here is naturally vulnerable!

The nine members of Tianlingzong looked at the scene in front of them.

When the smoke dissipates.

The nine of them were all shocked!

The intertwined Jianmu branches were not damaged in the slightest!

Still exuding vitality!

There are streaks of green light shining around the branches of the Jianmu tree!

this...

The great elder looked dignified.

He knew that he might have encountered a hard stubble.

The level of the Jianmu trapped dragon formation is obviously beyond their imagination.

However, what surprised the Great Elder was.

Is there such a terrifying array mage in the wild world?

Such a formation, even if placed in the Heavenly Spirit Realm, can be regarded as a top-level formation!

However, he didn't wait for him to think too much.

Around them, the space began to squeeze continuously!

Space blockade array!

Even the aura in their bodies began to function in a very obscure way.

It seems that there is something blocking the meridians!

This made the nine people change their colors one after another!

It's not over yet.

The Jianmu trapped dragon formation also released Jianmu branches one after another, shooting towards them!

However, this is not what makes the Great Elder afraid.

Faintly, he sensed that an extreme danger was coming towards them!

Thinking of Pingling's bizarre death before.

The Great Elder immediately shouted: "Be careful, defend yourself!"

Reminder at the same time.

The Great Elder wanted to retreat, but the surrounding space was blocked, making it impossible for him to retreat immediately.

As a last resort, I can only release the full power of the Half Emperor Realm!

Barriers appeared around him!

At this time.

The crisis came as expected.

The barriers began to annihilate at a speed visible to the naked eye!

Looking at other people, they didn't react, or the defense didn't work!

There are also people who are blocked by aura. Although they react, they cannot release aura to defend!

He was killed on the spot!

Except for the Great Elder of the Half Emperor Realm, at this moment, those eight people died directly!

The Great Elder gritted his teeth, bit the tip of his tongue, and a mouthful of blood gushed out!

Immediately, the space was forcibly torn apart and appeared hundreds of feet away!

This escaped a catastrophe.

However, using this trick cost him a huge price.

At least three years, it is impossible for his realm to recover!

The Great Elder glanced at Tianlu with lingering fear, covered his chest, and headed back to the Heavenly Spirit Realm in embarrassment.

He must bring this news back!

Chapter 223 Undercurrent surges

Aura storm, the deeper you go, the stronger the storm becomes.

At the back, even these nine False God Realm powerhouses can only resist with difficulty.

Finally, after half a day.

Passed through this aura storm.

And in front of everyone, a shining spherical object appeared in front of them.

If we say that the aura storm is composed of many violent auras, wantonly destroying the world.

Then, this gleaming spherical object is the gathering of all the pure spiritual energy in the world.

Integrates the aura of heaven and earth!

Compressed!

The aura in it, those False God Realm powerhouses saw it, and they were all shocked!

At the same time, it also made everyone salivate!

Such a pure and huge collection of aura.

If they get it.

Perhaps it is possible to break through to that legendary realm!

That is... Emperor Realm.

Since the fall of the last empire in ancient times.

There will be no more powerful emperors in this world.

Because of what?

The first point is the background issue.

After the Battle of the Heavenly Road, countless sects and aristocratic families disappeared forever in this continent with their inheritance.

As a result, there are very few exercises that can support a person to reach the emperor's realm.

This is why.

One of the reasons why countless people do not want the Yunhuang Empire to be rebuilt.

Because of the reconstruction of the Yunhuang Empire, it means that the campaign plan will inevitably be restarted!

The second point is aura.

This is also the main reason.

It was also after the war on the road to heaven.

This continent has been too traumatized.

Causes the aura to be extremely thin!

Even if one wants to cultivate to the False God Realm, it is extremely difficult.

Only those sons of arrogance have a chance.

And cultivated to the imperial realm?

Impossible, the aura reserves in this realm.

It is not enough to be born as an emperor!

You know, to break through to the Emperor Realm, the aura needed is huge!

That's why they are so jealous of this aura aggregate in front of them!

There was an undisguised look of greed in his eyes!

The Buddhist old man looked at the thing in front of him, showing greed as well!

It's just that his greed is different from other people's.

Because, this thing in front of me is what the upper realm wants!

If the Buddhists get this thing and give it to the upper realm.

That also means that Buddhism can go to the upper realm!

Arrived in the upper realm, still worried about lack of aura?

Beifeng, the lord of Beiyuan City, sighed in his heart: "Is this the heart of the realm that those people said..."

"But what do they need this thing for?"

"No, this is not what I should consider, the heart of the realm, I must get it!"

The life and death of Beiyuan City are in the hands of those people.

Only when you get it can you live!

Beifeng is well aware of the horror of that group of people, and he might even swallow the heart of the realm all by himself and reach the realm of the Great Emperor.

In their hands, it will still die ugly...

The thatched cottage, Ning Chen wondered: "What the **** is this?"

Hongying explained: "The heart of the realm."

Ning Chenxin and the three looked at Hongying.

The heart of the realm?

Hongying nodded and said: "The heart of the realm, as the name suggests, is the heart of this realm."

"Contains the purest spiritual power in this realm, and gathers the beauty of heaven and earth, so it takes shape."

"And if this heart is damaged, it means that this realm is completely destroyed and becomes a barren land without aura."

If there is no aura.

There will be no creatures in this realm.

At that time, the sky will collapse and everything will not be able to grow.

Ordinary people will also suffer from the disaster of extinction.

Hongying said with emotion: "At that time, fighting the heavenly road was not just for going to other realms."

"It's also because people from outside the domain want to get the heart of this domain."

Hearing this, Ning Chen nodded solemnly.

The realm is destroyed, and mortals cannot survive.

This is unacceptable to Ning Chenxin.

His heart is to hope for peace in the world, but everyone is dead.

The so-called peace, what is the meaning?

"Don't let others get the heart of the realm!"

Ye Qiubai and Xiao Hei also nodded.

At this moment.

A False God Realm expert spoke.

This person is a giant in the Eastern Region and the ancestor of the Eastern Extreme Sect.

Ren Dongsheng.

Dongjizong, on the surface, there is no False God Realm powerhouse, but this time the birth of the gods has attracted countless old monsters.

Ren Dongsheng was one of them.

Just let Dongsheng have a strange tone, looked around, and said: "There is only one god, how should I distribute it?"

heard what Ren Dongsheng said.

Everyone present was silent.

Silence is terrible!

Needle drop can be heard!

Even the sound of a person's throat rolling can be heard.

Finally, a junior in Qianyuan Realm muttered in a low voice: "One is not enough..."

Indeed, there is only one fetish.

Here, there are so many sect forces.

Suddenly, Beifeng smiled and said: "As I said at the time, the spiritual energy storm is joining forces for the time being. As for whether we can get the fetish, it depends on our own ability."

Each according to their ability?

Everyone looked at each other in blank dismay.

With a fierce look on his face.

Each according to their ability, that is to say, a big melee.

Here, countless sects and aristocratic families are fighting, and this continent is bound to be reshuffled!

This also made everyone fearful.

Looking at the expressions of everyone.

Beifeng smiled lightly, and there was a hint of success in his eyes.

"Of course, melee is impossible, so what we have to do now is to kick some forces out of the game first."

When everyone heard the words, their faces changed slightly!

Ye Qiubai also looked down at Beifeng.

Are you thinking about this?

If the guess is correct.

The first goal of Beifeng is their thatched cottage!

President Yan and Lin Rufeng seemed to be aware of it, and they all led their subordinates towards the thatched cottage.

In case the opponent makes a sudden shot.

Ren Dongsheng said with a smile: "I don't know who the Beifeng City Lord wants to kick out first?"

Beifeng will naturally not be included.

Instead, he pointedly said: "Of course, I want to see what you guys think. Here, which forces are not qualified to participate in this competition."

When Beifeng finished speaking.

Almost all forces looked at the cottage.

It's not because Caotang's strength is not enough.

But because, thatched cottage is the backing of Empress Yunhuang!

And many forces do not want the Yunhuang Empire to rebuild!

Everyone gradually understood what Beifeng meant.

He wants to kick Caotang out first!

And this opinion, everyone agrees.

The Buddhist old man also stood up at this time, clasped his hands together and said: "Since you don't want to point it out, I will make a statement first."

"Everyone in the thatched cottage, just give up this fight."

And when the Buddhist old man finished speaking these words.

Behind him, two old men walked out.

And these two old men are both in the early stages of False God Realm!

Behind the three, there are six golden-clothed Bodhisattvas and Tsing-clothed Bodhisattvas!

Such forces.

It surprised everyone.

The strength of Buddhism is beyond imagination!

The revelation of the strength of Buddhism also made some of the forces make up their minds.

Slowly leaning towards the Buddhist gate.

Among them, Dongjizong is included!

Chapter 224 Chaotic battle begins!

Watching this scene.

Beifeng smiled and said: "It seems that everyone has already made a decision."

Beside them, many forces have already approached.

Among them, the ancestor of Dongji Sect, Ren Dongsheng.

Still the other two False God Realm powerhouses!

They are the Styx Sect of the Central Region and the He Family of the Western Region!

At this time, Beifeng's side already had six False God Realm experts.

and several people from Qianyuan Realm!

Although the head of the Murong family died, other strong members of the Murong family also stood on Beifeng's side.

This force is terrifying!

There are also forces, choose to wait and see.

After all, standing in line now is betting on the future of the entire sect.

Once lost.

means losing everything.

Dean Yan looked at this scene with a gloomy expression, and said with a smile, "City Master Beifeng has a good plan."

Beifeng smiled and waved his hands, "Why Dean Yan made such a statement is just everyone's expectation."

"Not as good as everyone in the thatched cottage, how about leaving the stage?"

"In this way, deaths in battle can also be avoided."

Obviously, this last sentence is a threat.

Ye Qiubai was unmoved.

threaten?

Have they received fewer threats these years?

It's just that the person who threatened them is already dead.

Ye Qiubai smiled and said: "Death is inevitable, but in life, if you are afraid and don't fight, then what kind of Taoism and longevity are you pursuing?"

"only..."

Speaking of this, Ye Qiubai's eyes were extremely cold, and the sword intent on his body came out!

Jianzong Sword Intent, soaring into the sky, lingering in this space!

Shocking!

"The forces that once threatened us have all been wiped out now. City Lord Beifeng, and everyone, are you really not afraid?"

Whether it is the dynasty in the southern region or the sunset dynasty in the northern region.

They used to be on the opposite side of Ye Qiubai.

However, none of them went to perish.

Beifeng's face also sank.

Ren Dongsheng laughed back in anger: "Afraid? Based on your current situation, how can you be our opponent?"

Now, in the thatched cottage, only Dean Yan and Lin Rufeng are in the False God Realm.

In the top row.

is already behind Beiyuan City.

The Buddhist old man put his hands together and said: "Benefactor Ye, peace is the most important thing, so as not to cause a fight, it will be too late to regret."

Ye Qiubai just wanted to say something.

But I saw a figure in red, holding a spear, walking to the front, his brows were full of heroism.

There is even a sense of disdain for the world!

"Since this is the case, why not try it."

It was Hongying!

Ye Qiubai smiled and took a step back.

Now, the home game is handed over to Hongying.

Wrapped in a red robe, automatic without wind, the meaning of looking down on the world, let everyone see it, and they can't help feeling inexplicable.

The man in front of him was born to be an emperor!

Let everyone have a sense of surrender!

"Oh? The little girl is not very old, but her tone is not small."

The patriarch of the He family in the Western Regions, He Cheng chuckled and said, "I think you are not in the Qianyuan realm, how can you compete with us?"

Hongying's true identity was unknown to many people present.

Didn't even know she was Empress Yunhuang!

Beifeng also said in a deep voice: "Caotang, are you sure you won't retreat?"

The voice fell.

Ye Qiubai and the others all took a step forward!

Breath burst out!

Not in the False God Realm.

However, she is not afraid of the False God Realm!

And their actions also represent their attitudes!

"Well."

"Everyone, let's do it."

Suddenly, the six False God Realm powerhouses burst into breath!

The three old men from the Buddhist sect folded their hands together. Behind them, phantoms of Asura appeared!

Golden light is shining!

Ren Dongsheng, using his eyes as a tool, seemed to be flowing with purple clouds.

The wisps of purple clouds seem to turn into sharp swords!

appeared around him!

He Jiahe City stepped on the ground slightly, and the surrounding ice began to crack!

The land of the ice field trembled!

The Supreme Elder of Styx Sect even took out a scepter.

There is a river of Styx flowing around the scepter.

The aura emanating from the six False God Realm powerhouses at the same time made everyone in the Qianyuan Realm present feel a sense of suffocation!

As for the Hongying four, facing this aura, there was no change.

At the same time, the breath exploded, resisting the six breaths of the False God Realm!

Lin Rufeng and Dean Yan looked at each other, nodded slightly, and stood up as well!

Since I have decided to stand behind thatched cottage.

Then we must implement it to the end.

not to mention.

There is another extremely terrifying existence in thatched cottage.

Even if they can't beat them, they don't believe that the head of the thatched cottage will let his disciple die here?

Without any hesitation, the breath exploded!

But.

This force.

But not favored by others.

On the side of the thatched cottage, there are only two False God Realm experts.

As for Beiyuan City, there are six of them!

It can be said that there is no chance of winning!

The head of the Mu family sighed slightly when he saw this scene.

"I'm afraid, if the person in the thatched cottage doesn't make a move, he has no chance."

Patriarch Li Jia smiled and said, "Patriarch Mu is not going to stand in line?"

He does know.

The little princess of the Mu family is now in the thatched cottage.

It's just that the other party hasn't accepted her as an apprentice yet.

The Patriarch of the Mu family said in a low voice: "Let's take a look for now, I also want to see if the disciples of thatched cottage are as powerful as the rumors say."

Hear this.

Leaving home, the Patriarch is already certain.

The Mu family is on the side of the thatched cottage.

It's just that, until the critical moment, he won't make a move.

At this time.

Ren Dongsheng took the lead!

In the eyes, there are purple swords shot out!

The target is Ye Qiubai!

Lin Rufeng laughed loudly, and stepped forward holding the sword, the sword intent was surging.

"Ren Dongsheng, since you have half-stepped into the coffin, don't come out to hang out."

Ren Dongsheng snorted coldly.

The two are fighting together!

Dean Yan glanced at Ye Qiubai and said, "Be careful."

After finishing speaking, he also collided with He Cheng.

Ye Qiubai didn't show any nervousness on his face, and said with a smile, "How to distribute?"

Xiao Hei scratched his head and muffled: "I can handle two."

Ning Chen smiled heartily: "Let's have one for each person, it's fairer."

There was warmth in Hongying's eyes, she knew it.

It happened because of him.

And brothers, still without any fear, fight for her!

"In this case, the old ghost of the Styx Sect will be handed over to me."

After finishing speaking, Hongying rushed out with a spear in hand!

Ye Qiubai also laughed loudly, holding the dark magic sword, and went towards an old man from the Buddhist sect!

Sword field, suddenly unfolded at this moment!

Ning Chen held the Taoist scriptures in his heart.

shouted lightly: "Lin, soldiers, fights, those who are, all!"

Character attack, turned into a heavenly general wearing divine armor, holding a golden scale gun, and rushed towards the Buddhist old man!

Xiao Hei grinned, his fighting spirit was raging, two lines of fire and ice covered his body!

Slam on the ground!

The ice layer is broken!

Charged out like a prehistoric beast that had escaped from its cage!

The four people in the thatched cottage, although their realm has been completely suppressed.

However, the aura that erupted was no weaker than the four False God Realm powerhouses!

Beifeng's expression became even more serious when he saw this.

If you want to get the heart of the realm.

Suppress the reconstruction of the Yunhuang Empire.

Must get rid of thatched cottage!

Chapter 225 Zhan Ming Ao

Melee battles are imminent!

On the side of Beiyuan City, the six False God Realm powerhouses are all top existences standing on this continent.

What shocked others even more.

The hidden strength of Buddhism is so profound!

Actually dispatched three False God Realm powerhouses directly!

A faction, on the surface, has three False God Realm powerhouses, what is this concept?

It can be said that Buddhism is the strongest force known today on this continent.

On the side of the thatched cottage, there are only Dean Yan and the suzerain of the Yinjian Sect. Lin Rufeng is a strong person in the False God Realm.

Xiao Hei can also be counted. After all, everyone has seen the scene of one person slaughtering two False God Realm monsters in the aura storm.

However, even so, there are only three False God realms!

Standing opposite them are six people!

This is a huge gap in strength.

It also made everyone look down on thatched cottage.

I saw Hongying holding a reincarnation spear, and wearing a red robe fluttering grinningly in this snow-white ice field!

The wind is bitter.

The long spear in his hand has the meaning of reincarnation swirling around it!

The tip of the gun has a fire snake spit!

The breath is extremely terrifying!

Ming Ao, the elder of Minghe Zongtai, holds a scepter, and around the scepter, there seems to be a faintly visible river of Styx flowing.

In that small Styx, there was a gloomy atmosphere.

It makes people feel terrified!

Styx Sect, claiming to be the spokesperson of the underworld.

Instead of the underworld, come to this world to collect souls!

Ming Ao looked at Hong Ying, who was holding a spear in both hands, and rushed towards him with a red afterimage.

His eyes are flat.

The other party is just a junior in Qianyuan Realm.

What threat is there to him?

Ming Ao's lips were chapped and shriveled, just like an old farmer who works every day.

His eyes were deeply sunken, and there was an inexplicable expression in the dark pupils.

"The disciple of thatched cottage is well-deserved."

"However, after all, it hasn't grown up yet."

The voice just fell.

Ming Ao lightly waved the scepter in his hand, and the Styx surrounding the scepter turned into substance at this moment!

A rolling river of the underworld sweeps Hongying at this moment!

The already extremely cold extreme arctic ice sheet.

At this moment, it was filled with eerie air-conditioning.

If we say that the coldness of the extreme arctic ice sheet is deep into the bone marrow.

Then, the coldness brought by this river of Styx goes deep into the souls of everyone!

Hongying's face did not change at all.

When the breath of the Styx came over like a stormy wave.

Hongying's body will also have a solid city wall cast by the meaning of reincarnation.

Isolate the breath of the Styx!

Seeing this, Ming Ao nodded slightly: "In the Qianyuan realm, you can resist the breath of the Ming River, which is really good."

"If it wasn't for standing on the opposite side, I'm afraid the old man wouldn't be able to resist accepting you as his disciple."

Accept Hongying as a disciple?

Hongying didn't speak.

But the contempt in his eyes was extremely obvious!

Ming Ao frowned, and said with a heavy face, "Why, do you think old people are unworthy?"

"How do you match?"

Ye Qiubai released the Sword Domain and collided with the phantom of Asura released by the Buddhist elder.

laughed loudly and said, "Are you worthy of being compared with Master?"

Lu Changsheng's strength is unfathomable.

Even a False God Realm expert can kill with one finger!

Ming Ao is only at the early stage of False God Realm, so how could he be the master's opponent?

Hongying didn't speak, but her expression meant that she agreed with Ye Qiubai's words!

Ming Ao snorted coldly: "Big words are shameless."

After finishing speaking, he waved the scepter in his hand, and the breath of Styx rose instantly!

Formed an all-directional trend, rolling towards Hongying!

Hongying stabbed out with the reincarnation spear in her hand!

The meaning of reincarnation and the artistic conception of fire complement each other, and they converge into a spear light, which cuts towards the stormy waves of the Styx that are coming!

But this scene made the people present think that they were just overthinking themselves.

The people in the thatched cottage, although they have strong talents, can fight at a higher level.

However, the gap between False God Realm and Qianyuan Realm is too far after all.

not to mention.

The Supreme Elder of Styx Sect was a very famous figure before he retired!

At that time, I heard that there was a city lord who was disrespectful to Styx Sect in words.

Afterwards, Styx Sect didn't say anything.

When everyone thought that Styx Sect did not dare to cause trouble and was too weak.

Ming Ao made a move.

At that time, Ming Ao was in the half-step False God Realm.

One person went to that city, used the scepter in his hand, summoned the Styx, put away the souls of hundreds of thousands of people in that city, and imprisoned them in the Styx forever!

That city became a dead city...

With his own strength, he slaughtered the entire city.

Millions of dead bodies!

After doing this, the Styx Sect became more and more famous, and no one dared to underestimate this sect.

Ming Ao also retired.

Now, after leaving the customs again, he has broken through to the False God Realm!

One can imagine how terrifying Ming Ao is now?

Hongying is just a Qianyuan Realm junior, so how can she be Ming Ao's opponent?

Beifeng also heaved a sigh of relief watching this scene.

"Leaving the disciples of thatched cottage here can be regarded as solving a future problem."

"As for the mysterious master behind them, let those people solve it..."

When thinking of that group of people, Beifeng's face clearly showed fear and...fear!

Whether it is strength or means.

In front of them, all living beings are like ants!

At this time.

Under the plain eyes of everyone, as if the victory or defeat is a foregone conclusion.

The gun light collided with the Styx river!

In an instant, the burst of breath actually made the surrounding cold wind stagnate for a moment!

The surrounding ice layer is broken inch by inch!

Only the heart of the realm did not waver in the slightest.

Ming Ao's complexion also changed slightly at this moment.

Because, he found that Styx did not swallow the gun light in an instant.

Instead, he was blocked.

Presenting the potential of the chambers to compete!

Is this something a person in Qianyuan Realm can do?

Ming Ao snorted coldly.

The scepter in his hand waved again.

The Styx River seemed to be boiling, with countless bubbles floating out, and then exploded!

And every time a bubble explodes, there is a gloomy black ghost rising up.

The clusters of dark energy, from small to large, gathered into a giant ball of dark energy!

Slowly drifting towards that gun light!

As long as it is pierced, the ghost energy in it will explode!

The damage caused by the outbreak cannot be estimated.

Hongying didn't back down from this giant ball of dark energy.

With calm eyes, holding a reincarnation spear in both hands, he stepped out with two straight long legs, posing a gun posture.

The meaning of reincarnation, with Hongying as the center, rises up!

is behind her.

Converge into a huge gun of reincarnation!

Immediately, it pierced towards the giant ball of dark energy!

Li Yan, the Patriarch of the Li family, watched this scene with a solemn expression.

"Ming Ao's method cannot be won by brute force."

"Once it is pierced with brute force, the dark energy in it will burst out. How can a person in the Qianyuan realm be able to bear it?"

Even Lin Rufeng, who was fighting not far away, reminded: "Little friend, it's better to retreat here first."

Only Dean Yan said with a smile while slapping his palm, "Rufeng, she doesn't need you to worry!"

Think of Hongying's identity.

Lin Rufeng also burst into laughter.

A generation of empresses, if they didn't have the will to win, how could they act recklessly?

Chapter 226 Victory

The last female emperor in ancient times, even if her cultivation has not recovered now.

How can its background and combat experience be weak?

It can be said that among all the people present, in terms of combat experience, no one can compare to Empress Yunhuang.

Since she didn't hesitate, she stabbed this shot.

There must be absolute certainty!

Ming Ao also looked frivolously.

His attack.

It cannot be broken by brute force.

If it is forcibly pierced, how can she resist the ghost energy in it?

Even people from the same situation would not dare to do this easily!

However, the disciples of thatched cottage are so powerful in the rumors.

How could you do such a reckless thing?

For a while, Ming Ao couldn't tell whether the opponent was sure of his own strength.

Or blind pride?

However, no matter what, what Hongying did.

Right in Ming Ao's arms!

"Since you choose to die at the fastest speed, then the old man will fulfill you."

Under the control of Ming Ao, the giant ball of underworld gas travels together with the river Styx.

Attacked towards Hongying!

At this moment, that huge phantom of the reincarnation spear pierced out!

The tip of the spear that was shining with cold light pierced the giant ball of Nether Qi!

Boom!

There was a loud noise.

The giant ball of dark air is like a puffer fish!

Under the piercing of the phantom of the spear.

With the extension of cracks, the giant ball of Nether Qi began to expand!

It's going to explode!

When everyone saw this scene, they all retreated one after another with serious faces.

The Patriarch of the Li Family and the Patriarch of the Mu Family jointly supported the aura barrier.

Protect those in your own family.

After all, once this huge underworld energy explodes.

People under the False God Realm can't resist at all!

Ming Ao gave a sinister smile and said, "Young man, it is a good thing to have absolute confidence in your own strength."

"However, sometimes overconfidence will kill me!"

The voice just fell.

But Hongying's lips were slightly curved, like a crescent moon.

The face is calm and natural.

It seems that they don't care about the giant ball of ghost energy that is about to explode!

Ming Ao looked at Hongying's expression, and couldn't help feeling a bad feeling in his heart.

And the next moment.

This bad feeling has become a fact.

I saw the red-tasseled jade hand protruding out, with five fingers spread out, and then, suddenly clenched!

The phantom of the reincarnation spear suddenly dispersed at this moment!

Re-transformed into strands of reincarnation!

Wrap the giant ball of ghost energy that is about to burst!

this moment.

The Nether Air Giant Ball also swelled to an extremely terrifying level.

At least ten times larger than the original size!

is like a hill.

Sudden.

The giant ball of dark air exploded!

The dark energy in it also exploded at this moment!

Countless ghost energy, like shock waves, rushed towards the surroundings!

And the meaning of reincarnation turned into an encircling circle, surrounding the giant ball of dark air.

The waves of dark energy impacted on the circle formed by the meaning of reincarnation, causing ripples.

began to tremble violently!

Seeing this scene, someone shook his head and said, "How could Qianyuan Realm resist this move..."

"Even if you are a strong person in the False God Realm, you must be cautious."

"Although the disciples of the thatched cottage are as monstrous as the rumors say, how can the gap in realm be crossed just by saying..."

"That's right, the gap between the False God Realm and the Qianyuan Realm is like a horizontal ditch. The higher the realm, the more obvious the defects brought about by the realm gap."

Everyone was talking.

However, no one has expectations for Hongying.

Because the opponent is too strong.

Because Hongying is just a small Qianyuan Realm person.

Ming Ao looked at the violently trembling samsara barrier, and also sneered.

The ghost energy contained in this giant ball is extremely huge.

Power is needless to say.

People in the same land would not be so conceited that they could completely resist this blow.

How can a junior in Qianyuan Realm do it?

In contrast, Hongying.

His face was still calm.

Without the slightest fear and fear.

Some are just confident in their own strength.

Are you still confident at this time?

Ming Ao shook his head, it seems that it is still the arrogance brought by talent.

In this way, sooner or later, they will die in the process of building roads...? !

Ming Ao looked at what happened in front of him, his sunken eyes gradually widened at this moment!

Eyes full of unbelievable color!

The barrier formed by the meaning of reincarnation, at this moment, unexpectedly stabilized!

And it doesn't end there.

Under Hongying's control.

The meaning of reincarnation slowly closes the encircling circle.

Slowly compress the rampant and wanton dark energy!

It is necessary to recompress the erupted Nether Qi.

Even Ming Ao can't do it by himself!

However, the woman in red in front of her did it.

"How can it be?!"

Ming Ao lost his voice.

Hongying didn't care about it, and gradually compressed the wanton dark energy into a small ball.

Immediately, with a move of the hand, the ball came to Hongying's palm.

smiled: "There are some methods, but I don't know if you can resist it yourself."

After finishing speaking, he waved his hand lightly.

And the Ming Qi compressed into a small ball shot out towards Ming Ao at this moment!

Seeing this scene, Ming Ao's expression changed drastically!

The size has changed.

The power in it has also changed!

Compressed into such a small aggregate, its power is self-evident!

The harder you press, the more terrifying it will be when it rebounds!

Ming Ao held the scepter in both hands and let out a low drink.

The Styx River gathered around Ming Ao's body, forming a barrier!

Want to resist!

At this moment, the underworld gas ball crashed into the underworld river.

Like a balloon, it bursts at the touch of a button!

Underworld energy, at this moment, burst out again!

This eruption is more powerful than the one released by Ming Ao.

The impact should be stronger!

The wanton Nether Qi shattered the surrounding ice directly!

The space, trembling at this moment, began to make a "tearing" sound, and cracks appeared one after another as if visible to the naked eye!

Everyone's face changed drastically, and they began to retreat continuously.

At the same time, they also released their own aura together, constantly resisting this dark energy storm!

After a while.

The dark energy completely disappeared.

At the place where Ming Ao was.

There is a huge pit!

And Ming Ao's figure gradually appeared in everyone's field of vision.

I saw Ming Ao today.

Breath is extremely sluggish.

half kneeling on the ground.

Using the scepter to support his body so as not to fall down.

However, his breath of life is constantly passing away at this moment!

Obviously.

This blow dealt a devastating blow to Ming Ao!

Ming Ao asked in a low voice, "How...how did you do it?"

Hongying's face was cold and arrogant, "Is it difficult?"

heard this answer.

Ming Ao smiled wryly.

Unexpectedly, he would be defeated by a junior in the Qianyuan realm.

Really ridiculous.

thought of this.

Ming Ao's aura also completely disappeared!

Chapter 227 Empress Identity!

Ming Ao's death.

Like a hammer, it hit everyone's minds.

In the eyes, everything is unbelievable!

Although, from Qianyuan Realm to False God Realm, there is only one realm difference.

But how big are the horizontal grooves?

If it was Shui Yijing who crossed the border and killed the person in Qianyuan Realm, then they could still understand.

However, from the Qianyuan Realm to the False God Realm, it is enough to make everyone horrified!

The higher the realm, the difficulty of fighting across the realm will increase several times, even dozens of times!

It's no wonder that people from other sects and aristocratic families were not optimistic about Hongying.

is able to do this after all.

too difficult...

However, Hongying did it.

Killed the False God Realm with the Qianyuan Realm.

but.

In the eyes of Ye Qiubai, Ning Chenxin and Xiao Hei, it was all taken for granted.

Even after Lin Rufeng and Dean Yan were amazed for a short time, they thought about it and figured it out.

A generation of ancient empresses.

The exercises and martial arts practiced are top-notch.

Combat awareness surpassed everyone present.

Not to mention, it has an extremely profound background.

And... she is also the apprentice of the mysterious hall master of the thatched cottage.

The terrifying existence who can kill the strong in the False God Realm with one finger!

Under the blessing of these auras.

If you can't fight across the border, that would be puzzling!

And Hong Ying's victory.

Beifeng's face was covered with a haze.

So talented.

So powerful!

Qianyuan Realm can kill False God Realm powerhouses unscathed.

When she steps into the False God Realm, how many people on this continent can overwhelm this woman?

If it wasn't for the orders of that group of people.

Beifeng will never risk his life to provoke such a peerless genius!

Instead, she will try her best to curry favor and try to make her owe favors!

This is the correct way.

pity...

Beifeng shook his head lightly and sighed silently.

Different positions.

Beiyuan City also had to stand on the opposite side of thatched cottage.

And the other side.

Xiao Hei's battle is also over.

Extreme violence!

It broke the diamond body of the Buddhist old man like a broken one.

And blow that phantom of Asura to pieces!

Physical strength completely crushed the Buddhist old man!

I saw that at this moment, Xiao Hei was pinching the head of the Buddhist old man, changing from the simple and honest before.

His eyes are cold, with awe-inspiring fighting spirit.

On his other fist, another **** streak appeared!

Holding the head of the Buddhist old man with one hand, he stood on the collapsed ice field.

The eyes with monstrous demonic energy looked around.

Everyone who looked at Xiao Hei couldn't help but lower their heads.

There are even people with unstable moods, their knees are slightly bent, and they kneel on the ground!

Now Xiao Hei,

It's like a devil emperor coming!

Although Ning Chenxin and Ye Qiubai did not end the battle.

However, the two Buddhist elders looked serious.

Asura's phantom has long been shattered, and his body is injured!

Looking at this scene, they had no intention of fighting, and retreated to Beifeng.

One can imagine.

Beifeng's strategy ended in failure.

Didn't get rid of anyone in thatched cottage, on the contrary, we have lost two False God Realm powerhouses!

The four of Hongying stepped forward side by side.

"Do you want to fight again?"

The tone is arrogant!

Stylish figure!

However, today they have this qualification!

Beifeng looked ugly, and said: "The Caotang really lives up to its reputation. If so, you are also qualified to participate in the fetish competition."

qualified?

Hongying chuckled, with cold eyes, looked at Beifeng and said, "Of course we are qualified."

"But, it seems that you don't have the qualifications?"

Heard these words.

Beifeng's expression suddenly changed.

"Do you want to kill them all?"

Ye Qiubai held the dark magic sword in his hand, and said lightly: "Then why not? If we think about it, the remaining vitality you have now, do you think it is enough?"

Beifeng did not refute.

Because what the other party said is the truth.

Ye Qiubai and Ning Chenxin have the strength to suppress the strong in the False God Realm.

And Hongying and Xiao Hei are even more capable of crushing people in the False God Realm!

What's more, the opponent also has Lin Rufeng and Dean Yan, two famous False God Realm experts.

If they want, they can kick Beifeng and his team out anytime!

Looking at this scene, Dean Yan said with emotion: "Rufeng, I suddenly feel that we are getting old."

Lin Rufeng nodded with a gentle smile in his eyes, "The waves behind the Yangtze River drive the waves ahead, times have changed."

"That's right...now, it's their time."

"I don't know where they will go in the end."

Lin Rufeng smiled and said: "Anyway, we will definitely not be able to see the backs of these boys!"

Dean Yan also laughed.

"you..."

However, before Beifeng finished speaking, his expression suddenly changed!

Because, he found that Hongying was already holding a spear and charging towards him!

Ye Qiubai also grinned, turned his palm slightly, and the sword field spread out!

"It's been a long time since the mother saw that this brat was not pleasing to the eye."

Um?

No, why did you fail to learn from Master?

However, it is quite cool to say something like this.

Ye Qiubai shook his head and smiled lightly, the dense sword sect artistic conception in the sword field gathered into a long river of sword intent, sweeping towards Beifeng and his party!

Buddhist people immediately said: "Amitabha, we will quit."

After finishing speaking, the two Buddhist elders withdrew ten Bodhisattvas and left the place.

Ren Dongsheng also had an ugly face.

He knew, he bet wrong.

With resentment in his eyes, he glanced at Beifeng and said, "I won't participate either."

After finishing speaking, he also took Dongjizong and retreated from this land of right and wrong!

The wall fell and everyone pushed!

Beifeng's face was ugly, and he shouted: "Do you think that if you run away now, they will let you go..."

The words are not finished yet.

Hongying's reincarnation spear has arrived!

Pointing at Beifeng's eyebrows!

Want to take his life!

How could a generation of empresses not have any temper?

Before, Yang planned to frame thatched cottage.

Now it is even inciting other sect families to oppose the thatched cottage, get rid of them!

In Hongying's heart, Beifeng was already doomed!

Beifeng gritted his teeth, and the strength of the half-step False God Realm exploded at this moment!

Hit out with one palm!

In the palm print, there is the power of ice and snow!

But, so what?

In Hongying's hands, a strong False God Realm has no power to resist.

Just a half-step False God.

How could it be Hongying's opponent?

Just moments.

The palm print with the power of ice and snow was instantly shattered by the spear in Hongying's hand!

Castration continued.

The meaning of reincarnation wraps the tip of the gun!

Does not have any offset.

Among the desperate faces of Beifeng

pierced into his dantian!

The meaning of reincarnation swept through Beifeng's dantian!

Like a storm of reincarnation!

Destroy his dantian completely!

At this moment, Beifeng lost all his cultivation!

Similarly, the opportunity to practice Taoism was also lost.

Hongying held a spear in both hands and nailed it to the ice.

One foot stepped on Beifeng's face.

Looking around, a sense of imperial aura arises spontaneously!

"This Emperor, if you want to rebuild the Yunhuang Empire, those who are not convinced can stand up."

Hongying's calm tone.

Like the sound of rolling thunder!

Resounded in the hearts of everyone present!

Chapter 228 Fighting against Secretin

The woman in front of her is Empress Yunhuang.

This news shocked everyone!

This is the last great emperor in ancient times!

Now, reincarnated into the world, the glory of the empress is still blooming!

With the Qianyuan Realm, easily kill the False God Realm powerhouse.

Now, even more domineering and awe-inspiring, the imperial will explodes!

Stepping on the head of Beifeng who looks like a stray dog.

Said his identity.

And let those who refuse to accept the reconstruction of the Yunhuang Empire stand up.

But.

At this time, after seeing Hongying's strength, who would dare to stand up?

False God Realm is not enough for her to kill!

However, everyone was stunned at this moment.

No wonder he has the ability to cross the border and kill the strong in the False God Realm.

Beifeng lost all his cultivation at this moment, and fell at Hongying's feet like a dead dog.

Hearing Hongying's words, her face turned ashen.

No wonder, Hongying has such terrifying strength.

As for himself, he kept belittling the Yunhuang Empire in front of Empress Yunhuang without knowing his life.

They are inciting many sects to oppose the reconstruction of the Yunhuang Empire.

Isn't this courting death?

"Your Excellency, I..."

Beifeng was about to say something.

In his body, the meaning of reincarnation broke out again!

Turn it into ashes directly!

Beifeng was not given a chance to finish speaking.

angered the empress, at this moment, how can he survive?

Withdrawing the reincarnation spear, Hongying looked around again.

Emperor's will burst out!

"Those who are dissatisfied can stand up."

Rehash the old story.

When Hongying's words fell.

Behind her, nine men appeared instantly!

Kneeling together on one knee, looking excited, said: "Welcome the Empress!"

They are welcoming the rebirth of the Empress!

In the vision of welcoming the rebirth of the empress in this continent!

Tens of thousands of years of waiting.

Finally waited until the success of Hongying IX's reincarnation, returning to the wild world!

These nine people are naturally the Nine Heavens Department.

And these nine people are all False God Realm!

The leader, Yun Zhan, the leader of the Nine Heavens Department, is in the middle stage of the False God Realm!

Looking at these nine people, everyone was even more horrified.

Nine False God Realm.

This lineup is enough to sweep any power in the mainland!

Is this the foundation of the Yunhuang Empire?

Is this the strength of the last empire in ancient times...

Seeing this lineup, how could anyone stand up and object?

Those who are dissatisfied can only hold back.

Can't hold back?

There is only one dead end.

Ye Qiubai and the three saw this scene, smiled at each other, and did not step forward.

At this time, it was Hongying's home game.

As the emperor, Hongying is also very good at controlling people's hearts.

Do not act before, do not reveal your identity, first, it is not necessary.

The second and most important reason.

That is, it has not yet come. If you reveal your identity at that time, I am afraid that some people will stand up and oppose it.

And once someone stands up to oppose it, it will arouse resistance in many people's hearts.

Once this happens, even if it is forcibly suppressed, it will cause dissatisfaction among many people.

The effect is not good.

And now, he shot to crush the False God Realm and killed Beifeng.

Suppressed the forces present.

Now reveal your identity and let others know that Hongying is Empress Yunhuang!

At this time, no one will take the opportunity to jump out and object.

Prestige is deeply rooted in the hearts of the people.

In this way, when the Yunhuang Empire is being rebuilt, there will be fewer people opposing it.

After that, take the heart of the realm, and the goal will be achieved.

Lin Rufeng smiled and said: "Being able to become a great emperor, in the ancient times when the strong were like clouds, it is not unreasonable for the Yunhuang Empire to be the sole ruler of this continent."

Dean Yan nodded in agreement.

This means, although it sounds simple.

However, when to implement it is extremely difficult.

Hongying looked around again, seeing that no one had stepped forward, so she withdrew her gaze.

Emperor's intention at this moment also slowly dissipated.

Put your eyes on the heart of the realm.

Still shining brightly.

Huge aura gathers in the heart of the realm.

Immediately, go forward.

Stretch out the jade hand.

released aura, enveloping the heart of the realm.

want to have it in the bag.

Everyone saw this scene, although there was greed in their eyes.

But he dared not step forward.

The opponent has eleven False God Realm powerhouses, how to fight for such a lineup?

Can only watch Hongying's next move helplessly.

The heart of the realm, surrounded by aura, also felt the pull of Hongying.

Alas, although the best candidate is the man before.

But the other party obviously didn't like it.

Now, I can only choose the woman in front of me.

No hindrance.

The heart of the realm flashed directly into Hongying's dantian.

The fetish competition is over.

Everyone could only sigh slightly.

There is no way to watch this scene.

Ye Qiubai and others did not have any comments.

After all, it is my family.

It doesn't matter who gets it.

When Hongying received the heart of the realm.

Turning around, looking at the crowd, he said loudly, "Do you know what this is?"

Heard Hongying's question.

Everyone was slightly taken aback, then shook their heads.

"This is the heart of the realm, and it is the heart of our realm."

"Then do you know why this emperor fought on the road to heaven?"

Conquer the heavenly road.

It was also the beginning of the decline of this realm.

Hongying looked up at the sky.

His eyes seemed to go beyond this boundary.

The tone is quiet.

"Our realm is just a drop in the ocean of this universe."

"Belongs to the lowest realm, the aura is thin."

"Reaching the emperor's realm is already the limit."

"The original ascetics, if they want to improve again and pursue longevity, they can only leave this realm and go to a higher place."

Some False God Realm experts know this secret.

The barbaric realm is just a low-level realm.

However, the juniors did not know this news.

They only know that this continent is already everything.

Never thought about what else is outside this boundary.

Like a frog in a well.

"At the beginning of the war on the road to heaven, there were two purposes."

"One, is to pursue a higher realm, to pursue longevity."

"The second is the conspiracy of people from the Outlands."

Conspiracy?

Reminiscent of the heart of the realm.

Reminiscent of what Hongying said before, some people have vaguely guessed what this conspiracy is.

"They want to capture the heart of the realm."

"The heart of the realm is the heart of this realm. If the heart is taken away, then it will be the time for this realm to perish."

"So, fighting the heavenly road is not only for oneself, but also for the pursuit of a higher realm."

"It is to protect this boundary."

Hongying looked at everyone with a serious tone.

"This continent will not have any spiritual energy!"

"You, too, will die."

"This kind of thing, will you agree?"

"Wouldn't you rise up to resist and pursue that ray of life?"

When Hongying said this secret.

Everyone also understood.

Why the Yunhuang Empire will do everything possible.

At that time, all the sect forces in the mainland will follow the Yunhuang Empire to start this battle of the realm!

If there is no war, there will be extinction!

Only by fighting will you have a chance!

Hongying said loudly: "The other party has not given up on the conspiracy, and it may not be long before they will come to this realm again and seize the heart of the realm!"

"And the reincarnation of this emperor, the purpose of rebuilding Yunhuang is to fight again!"

"You are prepared to suffer and meet destruction."

"Or follow the emperor, guard this realm, and pursue longevity?"

Chapter 229 Lu Changsheng: Can you stop slandering me?

Conquer the heavenly road.

Not just to go to the upper realm, to pursue a higher realm.

In order to achieve the purpose of longevity.

It is to protect this territory.

Don't let the people from the outer domain take the heart of the realm, which will cause the aura to disappear and the continent to be extinct!

When everyone heard this information, they couldn't help being silent.

In the ice field, with the disappearance of the heart of the realm, the aura storm gradually dissipated.

Only the unchanging biting cold wind is still blowing on everyone's body like ice skates.

Hongying is wearing a red robe, tied around her waist with a blue ribbon.

Holding a spear, there is a cold arrogance in his eyes, and the determination not to return Loulan until he breaks it.

Look around to see which forces will choose to join in their support.

At this time, Lin Rufeng walked out first.

With a serious face, he clasped his fists and said, "The Hidden Sword Sect of the Central Region, is willing to join the Yunhuang Empire to resist foreign enemies together!"

Dean Yan was taken aback for a moment, then cursed secretly, "Old fox."

Following Lin Rufeng, he stood up and clasped his fists, and said in a concentrated voice: "Central Region Tibetan Taoist Academy, willing to join the Yunhuang Empire to resist foreign enemies."

Yin Jianzong, and Tibetan Taoist Academy.

are all one of the giants in Zhongyu.

Famous.

Now, the two giants claim that they want to join the Yunhuang Empire, which can't help but make the hearts of some forces a little erratic.

If you don't join, if the Yunhuang Empire wins later, the benefits will be huge.

If you join, once you fail, there is only one ending.

That is complete destruction!

This decision will bet on the life and death of a sect family.

How to choose.

It stumped many high-level sects.

At this time, a middle-aged man came out and said in a loud voice: "The Mu family in Zhongyu is willing to join the Yunhuang Empire."

Mu family in Zhongyu!

is also one of the giant forces in the middle domain.

The middle-aged man standing out at this moment is the current head of the Mu family, Mu Heze.

Ning Chen looked at Mu Heze heartily, and asked softly, "Is he Wan'er's father?"

Ye Qiubai smiled and nodded.

Mu Wan'er is the little princess of the Mu family in Zhongyu, this is a fact known to everyone in the cottage.

Today, there are already three major forces joining the Yunhuang Empire.

At this time, the joining of the Mu family became the straw that overwhelmed the balance of some forces.

There are some first-class forces, and they all stand up and express their willingness to join the Yunhuang Empire.

What they thought in their hearts was that the battle failed, and it was a dead end anyway.

It is better to fight with the Yunhuang Empire. After success, they will be the first batch of forces willing to join the Yunhuang Empire, and they will definitely get more benefits!

They bet the future of the sect on the Yunhuang Empire.

Of course, there are still a large number of forces still choosing to wait and see...

After that, the group prepared to leave the Arctic Ice Field.

The faction that chose to be tied to the same boat as the Yunhuang Empire wanted to ask how it would develop in the future.

Hongying said: "Develop on your own, wait for the summoning."

They also left separately.

Ye Qiubai came over, patted Hongying's shoulder with a smile, and said, "Junior Sister, this is the first step."

Under the strange eyes of Jiutianbu, Hongying smiled and nodded, "Thanks to the brothers and sisters."

"You are welcome as a family."

"Too."

Looking at this scene, the Nine Heavens Department looked at each other in blank dismay.

When had they ever seen a man pat the empress on the shoulder so intimately?

In ancient times, if someone wanted to get close to the empress, his hands would be cut off.

It seems that Her Majesty the Empress has really changed.

After joining thatched cottage...

After that, Ye Qiubai and the others were also preparing to return to the thatched cottage.

And the events of the extreme arctic ice sheets.

Also spread throughout the continent!

The second disciple of the Caotang is the reincarnated Empress Yunhuang.

With the strength of the Qianyuan Realm, easily crush and kill the False God Realm powerhouse!

Immediately, Beifeng, the lord of Beiyuan City, was killed forcefully, stepped on his corpse, and told the story of Mixin who fought on the road to heaven in ancient times!

This surprised everyone even more.

It turns out that apart from their realm, there are stronger people in Outland.

They are just the lowest realm.

The people from the outer domain, for the heart of the realm, came to this domain to fight against the Yunhuang Empire and all the forces on the mainland!

Once the heart of the realm is taken away, then, wait for this realm, wait for them.

Only extinction.

"It's no wonder that the Yunhuang Empire in ancient times, as well as all the forces on the mainland, are united as one, united and launched a war at all costs."

"At the beginning, the Yunhuang Empire was so powerful, and there were even more powerful ones among those forces. Their prestige has reached its peak."

"If it is only for the pursuit of a higher realm, it is impossible to mobilize the power of the whole continent."

"No wonder..."

However, the people in Outland still have the same evil intentions.

Still want to win the heart of the realm.

As for the wild realm, whether it is extinct or not is none of their business.

Therefore, some forces who heard the news decided to join the Yunhuang Empire.

Not only for profit, but also for the future of the sect!

Someone also sneered: "Since people from Outland want the Heart of the Realm, why don't we negotiate with them?"

"On the condition of the heart of the realm, why don't we follow to the upper realm?"

"Why pay the price of life and death to start a war?"

For a time, the two statements were transmitted in the four domains.

However, now, no one can stop the reconstruction of the Yunhuang Empire.

Even if Hongying didn't recover to the emperor state.

Now, as the empress Hongying, although she is not in the Qianyuan realm.

But it can still shock and kill False God Realm powerhouses.

As for her subordinates, they were once famous, the Nine Heavens Department who conquered most of the country for the Yunhuang Empire.

is all regression.

Nine people are all False God Realm.

Among them, the head of the Nine Heavens Division is in the middle stage of the False God Realm!

With such a lineup, who is qualified to prevent the reconstruction of the Yunhuang Empire.

Or, who would dare to stand up and object?

At least, no one dares to stand up on the bright side.

The center of the discussion is Hongying.

Now he has returned to the thatched cottage with Ye Qiubai and others.

"Master."

The four of them stood respectfully in front of Lu Changsheng.

Lu Changsheng curled his lips, and said in disgust: "Come back from causing trouble?"

Ye Qiubai: ...

Hongying: ...

Xiao Hei: ...

Ning Chenxin: ...

"However, there is progress this time, at least I didn't make a move."

Seeing Lu Changsheng nodding his head, he said these words seriously.

Qin Tiannan who was standing beside Shi Sheng couldn't help covering his face.

Under the hand is the face as black as the bottom of a pot.

Shi Sheng asked naively: "Master, what is the meaning of saying that?"

Qin Tiannan: "...No deep meaning, just for laziness."

Shi Sheng: "???"

Qin Tiannan patted Shi Sheng's head, and said with compassion: "Shi Sheng, from now on, you have to get used to your master's behavior."

Lu Changsheng's voice immediately came over.

"Uncle Qin, if you slander me like this again, I won't do anything for you in the future!"

Slander?

Don't you have a compulsion in your heart?

Ye Qiubai and the others also covered their faces.

They are all drunk...

Chapter 230 Freshmen Competition

On the second day, Hongying adjusted her condition to the best.

took out the heart of the realm.

Lu Changsheng couldn't help being dumbfounded when he saw this scene.

Before this guy wanted to follow him, but he refused.

Now, it is in the hands of his disciples again?

The Heart of the Realm naturally also discovered Lu Changsheng, and couldn't help laughing.

Although he didn't let this man take control of himself.

However, it was actually taken by his disciples, so it's not too bad.

Hongying looked at the Heart of the Realm in her hand.

Sit cross-legged.

began to absorb the aura in it.

Now, she urgently needs to recover her strength!

The aura in Boundary Heart's heart was enough to make her recover a lot.

Qin Tiannan looked at Hongying's cultivation, and told Lu Changsheng his purpose: "The freshman competition is about to begin."

Freshman contest.

is the repertoire of Zodo Academy.

After each enrollment, there will be a competition for freshmen.

The new students admitted to the hospital will conduct a competition, rank, and then issue rewards.

The purpose is to let those new students recognize their own strength.

Ignite their hearts to practice hard.

At that time, Ye Qiubai participated in the freshman competition and won the championship.

Lu Changsheng spread his hands and said, "The freshman contest has nothing to do with me."

Hearing these words, Qin Tiannan rolled his eyes and said, "Didn't you just accept Shi Sheng as a disciple and let him participate."

Now, only Shi Sheng in thatched cottage meets this condition.

But let Shi Sheng go.

Didn't he expose his strength?

It's only been a long time, and it has already reached the late Qianyuan stage. If others know about this.

Will he still have a place of peace in the future?

Everyone will try their best to join the thatched cottage!

Then how can you fish.

Thinking of this, Lu Changsheng quickly shook his head and said, "No, no, no, Shi Sheng still needs to practice, so he won't make a fool of himself."

Ye Qiubai and Ning Chenxin had already learned about Shi Sheng's strength, and couldn't help shaking their heads and laughing.

Master obviously didn't want to make too much publicity.

Still his usual style.

However, let Shi Sheng play to participate in the freshman competition.

It's a bit too bullying indeed.

After all, he has reached the late Qianyuan stage.

Even Ye Qiubai was a little surprised.

At the beginning, when recruiting students, Ye Qiubai personally tested Shi Sheng.

At that time, Shi Sheng was only in the Purple Mansion Realm, but now he has reached the late Qianyuan Realm.

This realm is higher than him!

Ye Qiubai couldn't help feeling a little strange.

Why do the disciples accepted by the master become more perverted than each other.

Isn't this embarrassing him as a big brother!

However, just think about it.

Ye Qiubai was still happy for his younger brothers and sisters in his heart.

is also rejoicing, the thatched cottage is getting bigger and bigger.

When Qin Tiannan heard what Lu Changsheng said, he couldn't help but have black lines on his forehead.

This brat...

"No matter what, Shi Sheng must participate. He is not only a disciple of thatched cottage, but also a student of our Tibetan Taoism Academy!"

Hear here.

Lu Changsheng could no longer refute.

He was able to refute everyone in the world, but for Qin Tiannan, the elder who had seen him grow up since he was a child, he just couldn't get tough.

"Okay...but..."

"Uncle Qin, you understand."

While talking, he showed a wicked smile, approached Qin Tiannan, and smacked his lips.

"Understand?" Qin Tiannan pretended not to understand, "Understand what?"

"Hey, Uncle Qin, it's boring for you to do this, I've already taken a step back."

"If this is the case, even if I agree, maybe Shi Sheng himself will not be willing?"

"You brat..."

Qin Tiannan was helpless, knowing that this guy wanted to take advantage of the opportunity.

"But your strength is so strong, our temple is small, how can there be anything you value?"

Lu Changsheng also smiled indifferently and said: "Indeed, there is nothing good worth my thinking."

you fucking...

Why do these words sound so harsh?

"However, I don't want those things, I just want a promise from you, Uncle Qin."

promise?

Qin Tiannan was taken aback, and subconsciously asked: "What promise?"

Lu Changsheng said: "In the future, you can't force the disciples to enter the thatched cottage without my permission."

"Even if it is a person in the academy, it will not work."

Qin Tiannan turned black.

It's okay if you don't talk about it, but he gets angry when he mentions it.

"It's as if I wanted you to agree with me before!"

But Lu Changsheng insisted: "Just say you agree or disagree."

"Okay, okay! I promise you."

"That's good."

Lu Changsheng heaved a sigh of relief.

Qin Tiannan also heaved a sigh of relief.

If it's just this requirement, then it's fine.

Finally, he didn't make any excessive demands.

However, in the freshman contest, after Shi Sheng entered the field, Qin Tiannan would not think so...

"Okay, the competition starts tomorrow, you ask Shi Sheng to prepare well."

After saying this, Qin Tiannan got up and left.

Lu Changsheng heaved a sigh of relief, "Finally left."

At this moment, Xiao Hei came over, scratched his head honestly, and said, "Master, Dean Qin asked me to tell you something just now."

"What's the matter?"

"He said, borrow a few bottles of wine to drink."

"What did you say?!"

Lu Changsheng was shocked, and hurried to the middle of the wine shop, looking at the wine jar that was nearly half missing.

shocked.

How many bottles do you call this?

The bottle is made of a wine mug?

On the way back, Qin Tiannan glanced at the wine jars in his hand, and couldn't help grinning.

I have to say, this wine tastes really good.

It's much better than those spiritual jelly liquids outside.

And it's on top!

Even with his state, he couldn't suppress that drunkenness.

"Hey, no wonder this brat is usually so stingy, he only gives a small cup every time."

"Finally, I can pass my addiction today."

"Be filial to me!"

After talking to himself, he went back a little faster.

He can't wait to drink all night!

...

On the other hand, Hongying is now absorbing the pure spiritual energy in the heart of the realm.

Can't help feeling in my heart.

This spiritual energy is many times purer than the external spiritual energy.

If one could absorb this aura at any time during cultivation, then in ancient times, one would not have lost so badly during battles.

In a low-level realm like the wild realm.

A place where aura is thin.

Back then, Hongying was able to cultivate to the emperor level, which shows her talent.

Now, absorb the pure aura in it.

Hongying's realm has reached the half-step False God like a matter of course!

Go towards the threshold of False God Realm!

Ye Qiubai watched this scene from the side, and said, "I don't know what level Junior Sister can recover to."

Ning Chen also shook his head.

"However, at least it can reach the False God Realm."

After a day.

Hongying broke through to False God.

After entering the False God Realm, the soul turns into a divine soul!

Compared with the Qianyuan Realm, I don't know how much stronger it is.

If Hongying at this time fought against Ming Ao again, he might be able to kill him in one blow!

On the other side, Shi Sheng was also instructed by Lu Changsheng to go to participate in the Freshman Competition.
