

My Disciples 291

Chapter 291 5.3 million yuan crystal

Yuanjing.

is the currency of an unbounded domain.

Among them, there is extremely pure aura!

can be used to absorb cultivation.

But more, it is used to exchange for other items.

And half a million crystals.

What is the concept?

Yunqi City, although it is a border city, has poor resources.

The power of the Yang family is not worth mentioning in the entire borderless domain.

However, it is a family after all!

The 500,000 yuan crystal is already equivalent to 80% of the Yang family's property!

It can be seen how much the auctioneer values this bottle of elixir!

One piece.

It can instantly restore the aura of the peak powerhouse in the Dao realm!

This is equivalent to a second life!

What's more, there are four of them!

Four Lives!

The auctioneers who were sitting on the bottom floor, when they heard the bidding, smiled wryly and shook their heads.

This bottle of elixir is no longer something they can compete with.

Among the three boxes on the second floor, they are all first-class forces in the Borderless Domain!

Dong Xiaoqin also smiled, and said: "This senior bid 500,000 yuan crystals, is there any price increase?"

The voice just fell.

In the left box on the second floor, there is a female voice in it.

"Eight hundred thousand yuan crystals."

This time, he did not wait for Dong Xiaoqin to speak.

The voice in the box on the right came out: "One million."

One million yuan crystal.

Even if the Yang family is sold.

can't take it out...

Dong Xiaoqin smiled and said, "One million pieces, is there any price increase?"

There was a burst of laughter from the box in the center of the second floor.

"Both of you, don't you intend to compete for the inheritance and that fetish?"

The left box: "I don't bother you to worry about it, 1.2 million."

Right side box: "Why don't I give you a face, let the inheritance pass to you, and the elixir belongs to us? One and a half million."

Central box: "Hehe, you are still so shameless... two million!"

Three-party price increase.

The people who were sitting were stunned.

This adds up to two million?

Sure enough, these top forces have too deep foundations!

is incomparable to these forces...

The third floor, in the Zijin box.

Ye Qiubai and the three watched this scene quietly.

"Two million, I don't know how much."

"Looking at them like this, there should be quite a few of them."

Ye Qiubai was also thinking.

Do you want to go back to the wild realm and let the master refine it again?

Anyway, every time Master refines this kind of elixir, it is refined one furnace after another.

And the speed is extremely fast!

If Lu Changsheng knew about Ye Qiubai's "dangerous" thoughts.

I'm afraid I have to kill him on the spot!

Damn it, this unfilial person!

Always trying to trick his master in different ways!

...

Dong Xiaoqin had a smile on her face. This price has not yet reached her expectations.

Therefore, he continued to add fuel to the fire, saying: "These four pills may not appear in the future."

"After all, we don't know which senior made it."

"So, everyone who wants to auction, you must seize the opportunity."

As soon as the words came out.

Although everyone knows Dong Xiaoqin's intentions.

However, he still bit the hook.

The female voice in the left box: "Two and a half million, this elixir, our Cold Spirit Sect is bound to get it."

Cold Spirit Sect!

Everyone's expressions changed slightly!

One of the first-class forces in the borderless domain!

In his sect, only female disciples are accepted.

At the same time, you need to cultivate the artistic conception of ice!

Strength background, extremely strong!

Right box: "Hehe, so it's the fairies of the Cold Spirit Sect. If it's something else, I, the Red Flame Sect, don't mind giving the fairies a face, but... 2.75 million!"

"I, the Red Flame Sect, also want this elixir!"

Red Flame Sect.

It is extremely similar to the strength of the Cold Spirit Sect!

is also one of the first-class forces in the borderless domain!

In the central box, there was a faint laugh: "You two, I wonder if you can sell our Good Fortune Gate?"

Gate of Creation!

Among the first-class forces, it is also a top-level existence!

Compared to the Cold Spirit Sect and the Red Flame Sect, it is stronger.

In the boxes on both sides, the expressions also changed slightly.

"I didn't expect that the Good Fortune Gate also came to this border city?"

"What? Good fortune gate likes to bully others?"

"Hehe, let's compete fairly, three million!"

One time.

None of the three parties would make concessions.

Caused the price to skyrocket all the way!

Soon, the threshold of five million yuan crystals has been broken!

To this level.

Both the Cold Spirit Sect and the Red Flame Sect hesitated.

After all, the Yuanjing they brought over were all prepared to **** the last fetish.

Ganeng from Good Fortune Sect smiled, and said with a sarcasm: "Why, don't you bring enough Yuanjing? Why don't you add more, let's call it a day."

The fairy of the Cold Spirit Sect did not speak.

However, there is no markup either.

Obviously, he gave up the fight.

The great power of the Scarlet Flame Sect gritted his teeth and said, "5.2 million..."

In his tone, he was no longer as firm as before.

I can tell.

This is also the last bottom line of the Red Flame Sect!

Dong Xiaoqin also held a small hammer and raised her arm, ready to hit the wooden table beside her at any time.

"5.2 million yuan crystals, is there any price increase?"

At this time, Good Fortune Gate chuckled and said loudly: "Five million and three hundred thousand."

heard the price increase of the Good Fortune Gate.

Everyone is noisy.

5.3 million yuan crystals!

What a huge number!

Letting them take it would probably hurt their sect's power!

Red Flame Sect also snorted coldly, and fell silent.

Dong Xiaoqin also smiled and swung the wooden hammer in her hand.

boom.

First click.

"Is there any price increase?"

After finishing speaking, he swung down the small hammer again.

until three taps are completed.

Three beeps.

Dong Xiaoqin smiled and said: "Okay, these four elixirs belong to the seniors of Good Fortune Sect."

Da Neng from Good Fortune Gate said with a smile: "I have accepted it."

People from all forces congratulated.

Silence resumed again.

Waiting for the second lot.

The first piece, and the finale lot.

For the forces of Scattered Seats, although it is extremely attractive.

But they don't have the strength and background to pursue!

So, they set their sights on the lot in the middle.

An auction held by the Shengyin Chamber of Commerce.

Even if it is the middle lot.

will not disappoint them either.

At this time.

In the Zijin box on the third floor.

There is a knock on the door outside.

Ye Qiubai smiled: "Come in."

The door is pushed open.

A maid came in and handed out a purple card with respectful hands.

said: "This is the Zijin Card, the card with the largest credit limit in the Shengyin Chamber of Commerce. Among them, there is a space formation with 5.3 million crystals in it. The lady asked me to give it to you."

Ye Qiubai took it, and questioned: "5.3 million? Isn't there still a commission?"

The maid said with a smile: "Miss said, it's a gift for everyone."

Afterwards, the maid went out and closed the door behind her.

Ye Qiubai looked at Dong Xiaoqin on the stage and smiled.

"As expected of the Shengyin Chamber of Commerce, it is quite good at doing business."

Chapter 292 Star Stone

The auction will continue.

During the period, the products that appeared also caused the forces in the seats to boil.

Shengyin Chamber of Commerce is, after all, the number one chamber of commerce in the Borderless Domain, not one of them.

The auction held by it will naturally not be simple.

The next product caught Shi Sheng's attention!

I saw it on the auction stage.

The pedestal rose slowly, holding a fist-sized stone on it.

The stone is in a spherical shape, without the slightest bulge, and without the slightest wear!

It looks very smooth.

However, Shi Sheng felt a very familiar force on the seemingly ordinary boulder!

This power is the power of stars!

At this time, Dong Xiaoqin said with a smile: "This lot is a priceless treasure for useful people, but for useless people, it appears extremely ordinary, even just a piece of waste rock."

"Everyone should be able to feel that the inside of this stone is full of the power of stars!"

"The power of the stars is an extremely special existence among ascetics. Now, the method of cultivating the power of the stars has also been lost."

"That's why we put this stone in the middle, not the first or finale."

Everyone nodded slightly after hearing this.

means agree.

Indeed, the power of the stars is recorded in ancient books.

The powerful people also understand.

However, the method of cultivating the power of stars has long been lost.

Therefore, there is nothing wrong with what Dong Xiaoqin said.

This stone only has a great effect on ascetics who have the power of stars.

However, for those who do not cultivate the power of the stars, they are just a piece of waste rock.

Dong Xiaoqin was not disappointed when she saw everyone's disinterested expressions, after all, it was normal.

In the borderless domain, there may not be a single person who cultivates the power of stars!

"Okay, next, the auction of the Star Stone will start. The starting price is 50,000 yuan."

Fifty thousand, placed in the Shengyin Auction, is already considered the lowest priced auction item.

And it is estimated that few people will shoot.

Unless there are so many crystals that there is nothing to do.

Of course, there are often some forces that are interested in these things.

"50,000 yuan crystal."

is the Good Fortune Gate!

Red Flame Sect sneered: "Why, there is a great ability to cultivate the power of stars in the Good Fortune Gate?"

His tone was full of resentment.

Obviously, still angry at the tit-for-tat during the first round of auctions.

Gate of Creation chuckled, and responded unhurriedly: "Anyway, it's not expensive. If you buy it for research, you may be able to study the cultivation method of the power of stars, don't you think?"

The fairy of the Cold Spirit Sect said: "If the method of cultivating the power of stars can be figured out so easily, it won't mean that no one has practiced it for hundreds of thousands of years."

And in the Zijin box on the third floor.

Ye Qiubai looked at Shi Sheng's expression, smiled slightly, and said, "Little brother, does this work for you?"

Shi Sheng nodded heavily: "The power of the stars contained in it is enough for me to practice without going into the dark night, when the stars come."

That is to say.

As long as he has this star stone, Shi Sheng can practice during the day!

At the same time, you can also use the power of the stars to do many things.

Since so...

Ye Qiubai disguised his voice and said, "Sixty thousand crystals."

Everyone raised their heads and looked at the Zijin box.

This is the first voice heard in the Zijin box!

The Good Fortune Gate also raised its head lightly and looked towards the third floor.

However, he still clasped his fists and said: "Since the seniors on the third floor want this stone, then we at the Good Fortune Gate will not fight."

Obviously.

The power of Good Fortune Gate thinks that the person in the Zijin box is a top powerhouse!

Therefore, the attitude is also extremely respectful.

After all, those who have Zijin Token still need to be respected.

This kind of person cannot be an enemy.

Otherwise, it will bring disaster to Good Fortune Gate!

Purple Gold Order, the Shengyin Chamber of Commerce has only issued three in the past tens of thousands of years! (They still don't know about giving Ye Qiubai them)

Ye Qiubai also pretended to say: "Thank you very much."

Da Neng from Good Fortune Gate was delighted, cupped his fists and replied, "Where, I wonder if I can invite senior to Good Fortune Gate as a guest?"

The face of the powerful man of the Red Flame Sect changed.

If the people from the Gate of Good Fortune and the strong man with the Zijin Token are really connected, it will not be a good thing for them!

Just wanted to say something.

Red Flame Sect almost couldn't laugh out loud at the words that came out of the Zijin box.

"No need."

The power of Good Fortune Gate sighed slightly, but didn't think much about it.

After all, in their minds, it would be a ghost to think that a strong person of this level can get into a relationship so easily.

Dong Xiaoqin was not surprised either.

This stone is probably only photographed by the man who cultivated the power of the stars before.
but.

This was also done deliberately by the Shengyin Chamber of Commerce.

If it is on weekdays, Shengyin Chamber of Commerce will not auction this kind of stone, but will receive it in its own inventory.

After all, this kind of thing, if you say it is useful, it is useful, if you say it is useless, it is indeed useless.

Selling can not sell at any high price.

Why not keep it for yourself, in case it is useful in the future?

But.

When Shi Sheng came.

Dong Xiaoqin changed her mind.

Let this star stone be put on the auction stage.

You might ask, why not just give it to him?

Sometimes, if you try to win over the other party too deliberately.

This will be counterproductive.

That's why Dong Xiaoqin put this stone in the auction.

After all, only Shi Sheng would take pictures of it.

After the small wooden hammer fell three times.

Dong Xiaoqin smiled and said: "Well, this star stone belongs to the distinguished guests in the Zijin box."

The auction is slowly going on.

Among the scattered seats, although it is in full swing.

However, the second floor, or the three of Ye Qiubai.

are not interested in the subsequent auction items.

They are all waiting for the finale two pieces!

The first one, the inheritance of the strong in the Dao realm!

The second one is that fetish.

finally.

Half a day passed.

Dong Xiaoqin said with a smile: "Presumably, the reason why everyone came to our Shengyin Auction this time is for two things."

"Now, what we are going to auction is what should have been placed in the first auction, the inheritance of the strong in the Dao realm!"

After speaking, the pillars went up.

on the pillars.

There is a scroll of sheepskin that has turned yellow, lying quietly on the pillar platform.

Nothing happened.

However, it has attracted everyone's attention.

Because, among them, the inheritance of a strong man in the Dao realm is recorded!

He Dao Realm.

Even in the borderless domain, there are not many!

The ascetics who can step into the Dao realm are the top powerhouses in this realm, even in the entire low-latitude realm!

Dong Xiaoqin smiled and waved the small wooden hammer in his hand, and said: "Next, the inheritance auction will be held!"

Chapter 293 Demon Abyss Token!

After Dong Xiaoqin's explanation.

Everyone knows.

This has turned yellow and looks extremely old. In the sheepskin scroll, it is recorded that a strong man in the Dao realm who practiced swordsmanship inherited the skills!

Among them, there is his lifelong comprehension of swordsmanship, as well as the swordsmanship he has practiced!

This is a great temptation for a monk, especially a swordsman!

"The starting price is 400,000 yuan crystals, and each price increase cannot be lower than 100,000."

When Dong Xiaoqin's voice just fell.

Then some scattered forces shouted: "500,000!"

Immediately afterwards, another force shouted: "Seven hundred thousand!"

For the scattered forces, if they can get the inheritance of this powerful Daoist, it will undoubtedly bring a huge improvement!

Of course, the three first-class forces on the second floor are also quite interested in the inheritance of this powerful Daoist.

The great power of the Red Flame Sect laughed and said: "The Good Fortune Gate has already spent such a high price to **** the elixir. Now, I am afraid that there is no room left to fight for inheritance, right? One million yuan crystals."

The fairy of the Cold Spirit Sect chuckled, and although she didn't mock, she still quoted the price. "1.2 million."

Hear the bidding price of two first-class forces.

The faces of the forces scattered below also changed slightly.

It's not just because of lack of foundation, not having the strength to fight for it.

It is because they dare not offend these three forces.

The background and strength of the other party are far behind them!

Hearing their sarcasm, Good Fortune Gate couldn't help but look a little ugly.

However, there is no regret in my heart.

After all, compared with the inheritance of the strong in the Dao realm, the effects of these four pills are greater.

And what follows is the competition between the Red Flame Sect and the Cold Spirit Sect.

The price has soared all the way.

Soon came two million yuan crystals!

And when it reached 2.5 million.

The Cold Spirit Sect suddenly stopped quoting!

Chi Yanzong was also slightly taken aback.

Immediately, he realized that the opponent's purpose was not to inherit the Dao realm!

It's the next fetish!

The reason why the price was quoted high was to reduce the financial resources of the Red Flame Sect.

Seeing this scene, Good Fortune Gate couldn't help laughing and said, "Fairy is really good at tricks!"

After being dazed for a while, Chi Yanzong also sneered: "Even so, do you think you can easily obtain the later fetish?"

Three forces, the ultimate goal is that fetish!

Nature is well prepared!

Dong Xiaoqin also dropped the small wooden hammer, and said: "Congratulations to everyone in the Scarlet Flame Sect."

In the Zijin box, Xiao Hei asked: "Brother, don't you want it?"

Ye Qiubai is the sword cultivator.

The inheritance of the Sword Cultivator and Dao Realm should also be helpful to Ye Qiubai.

Shi Sheng also looked at the past, a little puzzled.

Ye Qiubai smiled, and said indifferently: "Although I am a little moved, it is not for this sake."

"After all, do you think the swordsmanship given by Master is weaker than this so-called Hedao Realm inheritance?"

Both of them shook their heads decisively!

"What's more, I can't eat too much. I have a lot of swordsmanship now. After comprehending these, I can improve my swordsmanship realm, so that I can become stronger."

Xiao Hei suddenly realized.

...

Next.

In the venue of the Shengyin Auction.

fell into a moment of silence.

Although suddenly fell silent.

But the atmosphere became faintly more and more anxious...

because.

The last lot will be released soon.

Almost all forces came for this fetish.

This is also the reason why Shengyin Chamber of Commerce makes an exception to hold auctions in this border city.

At this time, on the auction stage, an old man quietly appeared on the stage.

Even, no one found out when this old man stood on this auction platform!

Obviously.

This old man is a strong member of the Shengyin Chamber of Commerce!

People from Good Fortune Gate, Red Flame Sect, and Cold Spirit Sect all have shrunken pupils.

"Unexpectedly, even one of the eight major offerings of the Shengyin Chamber of Commerce came here."

"Sword Liancheng, the top sword cultivator in the Borderless Domain at that time, later joined the Shengyin Chamber of Commerce, and now, it has reached the early stage of the Dao Realm!"

He Dao Realm.

It can be said that it already represents the strongest combat power in this realm!

"It seems that the Shengyin Chamber of Commerce attaches great importance to this auction..."

Jian Liancheng came here.

It is also to prevent someone from being unable to resist fighting directly after the fetish appears!

Dong Xiaoqin said with a smile: "I think you all know Senior Jian. Since you know him, don't have ulterior motives!"

"Next, I will reveal the identity of the fetish."

After finishing speaking, he immediately pulled the red cloth away!

A monstrous demonic energy!

At this moment, soar into the sky!

Everyone's expressions changed in shock!

This demonic energy actually affected their minds!

Countless breaths burst out at this moment.

Resist this powerful demonic energy!

Dong Xiaoqin is fine because Jian Liancheng stood in front of him.

Even he needs to pull out the scabbard slightly to be able to resist it.

In the Zijin box.

Xiao Hei's originally dazed eyes suddenly raised his eyebrows at this moment!

A pair of eyes fixed on the pillar below!

This devilish energy seems to have the same origin as him!

From Xiao Hei's body, uncontrollable demonic energy came out...

Fortunately, on Xiao Hei's chest, the willow leaves of the willow tree emitted a green light.

Suppress this demonic energy so that it will not spread to the outside world.

Ye Qiubai also seemed to see Xiao Hei's abnormality, and asked with a frown, "Xiao Hei, does that thing have something to do with you?"

Xiao Hei shook his head, frowned tightly, and said in a deep voice: "I don't know what it is, but it must have something to do with me."

The token on the pedestal, the magic energy released from it, and the magic energy in his body reflected in the air!

Ye Qiubai nodded and said, "Don't worry, we'll take a picture of it."

Xiao Hei's appearance is rare.

Presumably, the black token on it has a great effect on him!

Xiao Hei also nodded.

Dong Xiaoqin was on the auction stage, behind Jian Liancheng, and said with a slight smile: "You must have felt it, this is a magical fetish."

"We don't know the specific function, but why is it called a fetish?"

"It's because it comes from the Demon Abyss..."

"Demon Abyss, one of the restricted areas of life in the Borderless Domain, when we people from the Shengyin Chamber of Commerce explored it, at the cost of countless strong people, we only brought out this token!"

"Presumably, it has a great effect."

"So, there is no starting price, and there is no limit to increase the price, everyone, the highest bid wins!"

The voice of Good Fortune Gate came out soon!

"Five million yuan crystals!"

The people who were scattered all sat down.

It has nothing to do with them.

Not only financial resources are not enough.

Moyuan?

This life restricted area, even if they get the token with their strength, I am afraid they will not be blessed...

Chapter 294 is in full swing!

In the borderless domain.

There are three recognized restricted areas of life.

The first place, the Dragon Burial Plain, is rumored to have buried a real dragon corpse in this Dragon Burial Plain!

But even though the real dragon is dead, its majesty still exists!

The plain is filled with the coercion of the dragon, and... the monstrous grievance of the real dragon!

According to legend, a top force went to the Dragon Burial Plain ten thousand years ago.

However, there were countless casualties.

After coming out, not only did they get nothing, but the top experts who came out also seemed to be cursed.

In three years, they lost their minds and slaughtered everywhere!

In the end, he was killed by several strong men!

At that time, it was speculated that it was because of the real dragon's grievance...

The second place, where Pluto died.

Also possessed appalling underworld energy, but was a top evil cultivator, buried here!

And this third place.

is what everyone calls Moyuan.

Located beyond Critical Mountain...

No one knows what's in it.

However, at the entrance of Moyuan, there is a stone tablet, on which the word "Moyuan" is engraved.

Therefore, it is called Moyuan.

so.

When Dong Xiaoqin told the origin of this fetish.

Everyone will show such expressions!

"This token was brought out by our Shengyin Chamber of Commerce at a great price."

"We ourselves can't find out the mystery, but it is undeniable that this Demon Abyss Token is the 'key' to unlock the important thing in the Moyuan."

Speak.

Among the scattered seats, a powerful voice asked: "Then why doesn't the Shengyin Chamber of Commerce hold it by itself?"

Dong Xiaoqin didn't answer, but looked at Jian Liancheng at the side.

Jian Liancheng replied on his behalf, "Moyuan's reputation must have been heard by everyone."

"Even if our Shengyin Chamber of Commerce obtains the things in it, I am afraid that its strength will be greatly damaged."

"We are just a chamber of commerce. After weighing the pros and cons, we decided to give the opportunity to everyone here."

This explanation is very reasonable.

Everyone couldn't refute again.

The Shengyin Chamber of Commerce is powerful and has a terrifyingly deep foundation.

There is really no need to take this risk.

Even if you don't get it.

The Shengyin Chamber of Commerce is still the number one chamber of commerce in this borderless domain, and this position cannot be shaken!

Dong Xiaoqin waved his hand with a smile, and said: "So, everyone knows the reason, and our Shengyin Chamber of Commerce decided to auction this token."

"The starting price is 0, and you can increase the price. Everyone is free, and the highest bidder wins."

The voice just fell.

No one is running an auction.

The forces among the scattered seats were even more silent.

Let's not talk about whether they have the background to take this token.

Even if you get it, you probably don't have the qualifications to explore the Demon Abyss.

Only the top powers in the interior have this qualification.

In the second layer.

Gate of Good Fortune smiled and said: "Why, you two don't want it?"

Red Flame Sect Da Neng sneered: "What's the hurry, why don't you raise the price first?"

Fairy Han Lingzong didn't say a word.

Presumably, I don't want to bid first.

However, when the three of them are afraid of each other.

In the Zijin box on the third floor.

Ye Qiubai's disguised voice came out.

"Three million yuan crystals."

Everyone's expressions changed.

All of them looked up at the purple-gold box on the third floor that shone with faint purple light.

Gate of Creation also frowned slightly.

People on the third floor also want to **** this token?

Then, this matter may not be easily settled...

Dong Xiaoqin also looked at those charming red phoenix eyes.

I was a little surprised.

They also want this token?

However, if behind them, the master who made these four elixirs made a move, I am afraid that they are really qualified to explore the magic abyss.

"Okay, the VIPs in the Zijin box offer three million yuan crystals, everyone, is there any price increase?"

The Fairy of the Cold Spirit Sect said: "I'm sorry senior, our Cold Spirit Sect is bound to get this token! Four million yuan crystals."

"Four million, is there any price increase?"

Red Flame Sect not to be outdone, smiled and said: "Coincidentally, our Red Flame Sect is also a little curious about this token, five million yuan crystals!"

Da Neng from Good Fortune Sect sneered, his tone full of sarcasm, and said: "With the background strength of the two sects, are you capable of exploring the Demon Abyss? Let me, Good Fortune Sect, take the lead and explore this Demon Abyss for everyone What danger is there, six million yuan crystals!"

The forces in the scattered seats watched this scene.

There was a burst of panic.

Every price increase has reached a million yuan crystals!

Sure enough, the first-class forces in the interior are all rich and powerful!

The depth of the background is beyond their comparability!

Six million...

Ye Qiubai frowned slightly.

The four pills they auctioned only got more than five million yuan in crystals.

Today, this number has been exceeded.

However, seeing Xiao Hei's dignified expression, this token is probably very important to Xiao Hei! thought of this.

Ye Qiubai called the maid and said, "Go and ask Ms. Dong if you can borrow some Yuanjing on credit first. After the auction is over, Ye will give them something they are interested in in exchange."

The maid was taken aback for a moment, then nodded without asking any further questions, and backed out.

Afterwards, on the auction stage, I said something to Dong Xiaoqin.

Dong Xiaoqin smiled lightly, and said something to the maid.

The maid came to the box.

Smiled and said to Ye Qiubai: "Miss said, yes, you have Zijin Token and Zijin Card, you can borrow 20 million Yuanjing on credit at Shengyin Chamber of Commerce without any mortgage."

Ye Qiubai nodded.

The Shengyin Chamber of Commerce deserves to be the number one chamber of commerce in the Borderless Domain.

Well deserved.

With 20 million yuan crystals.

Ye Qiubai also gained confidence, and bid: "Ten million yuan crystals."

As soon as the words came out!

The three first-class forces on the second floor were all shocked!

Is the strength so deep?

Directly raise the price to 10 million yuan crystals?

Among the scattered seats, they also looked at this scene with horror on their faces.

Who is the big man in the purple and gold box?

The tone is so flat, so the price is increased to 10 million?

Or, to them, this ten million is just a small sum?

Dong Xiaoqin said with a smile on the stage: "The VIPs in the Zijin box bid 10 million yuan crystals."

On the second floor, in the box of Good Fortune Gate.

The two old men looked at each other, gritted their teeth and said, "We must obtain this token at the Good Fortune Gate."

"The things contained in it may make the Good Fortune Gate stand on the top of this borderless domain!"

Finished speaking.

One of the old men gritted his teeth and said, "Eleven million yuan crystals!"

The power of the Red Flame Sect was slightly startled, and cursed: "Is Good Fortune Gate crazy!"

"Before taking the pill, more than 5 million yuan has been spent, and now they have bid 11 million yuan for crystals. Where did they get so many crystals?!"

The fairy of the Cold Spirit Sect sighed softly, and gave up the fight.

Clearly, this was way over their budget.

Chapter 295 Undercurrent surges

No one thought of it.

After only a few bids.

The price has already reached 11 million yuan crystals.

It can be said that among the previous auctions of Shengyin Auction, this is also rare.

Not to mention the auction held in this border city?

The great power of the Red Flame Sect gritted his teeth.

This time they traveled thousands of miles to come to Longqi City for this Demon Abyss Token!

However, this price can be said to have far exceeded their expectations...

In the box of the Red Flame Sect.

A man covered in a black robe said: "No matter what the cost, take a picture, and the benefits will be indispensable to you."

heard the man's words.

The great power of the Red Flame Sect calmed down, looked at the man in black robe, and said respectfully: "I understand."

Immediately, the price was quoted.

"Twelve million pieces!"

Twelve million!

Added another one million yuan crystals!

I am afraid.

The price of this Moyuan Token is about to exceed 15 million.

The Da Neng of Good Fortune Sect looked in the direction of Red Flame Sect, frowned slightly, and said in doubt: "The background of Scarlet Flame Sect shouldn't be so strong."

"Twelve million is enough for the Red Flame Sect to consume a lot of resources."

"Even, it can be said that it hurts the bones!"

A sect, or a family power.

The working capital that can be used is actually much less than the background on the surface.

The working capital of 12 million yuan crystals.

Even for a first-class force like the Red Flame Sect, a lot of resources will be used!

It can be said that it is impossible to take it out easily!

Among the Red Flame Sect, who is going to take this Demon Abyss Token, and what is its function?

The power of Good Fortune Gate can't figure it out.

While they were thinking, Ye Qiubai's disguised voice came out without hesitation.

"14 million pieces!"

Everyone's face changed in shock!

Directly increase the price by two million!

In the tone, it is still flat!

Whether it is the Red Flame Sect or the Good Fortune Gate, their faces have changed.

Dong Xiaoqin on the stage also took a deep look at the Zijin box.

There are some means...

Actually, this is indeed a scheming scheme by Ye Qiubai.

They were originally in the Zijin box on the third floor.

The other party didn't know who was in the box, but thought that with the Zijin Token, the person in the Zijin box was absolutely extraordinary!

And every time I increase the price so high, it will only make others feel confident!

In this way, a smoke bomb will also be released.

Let the other party think.

Ye Qiubai's financial resources are very strong, and he doesn't take these things seriously!

In this way, it will be easier to win this Demon Abyss Token.

as expected.

After weighing the pros and cons, Good Fortune Gate snorted coldly and said, "Then congratulations to the seniors in Zijin Box, I, Good Fortune Gate, will withdraw."

Fourteen million.

Although the Yuanjing brought by Good Fortune Gate, there is still capital to fight for it.

However, it is extremely limited!

The other party is so confident, there must be more crystals!

If the first auction did not cost a lot of money to bid for the four elixirs, maybe the Good Fortune Gate would still hope to compete!

But now.

Obviously disqualified...

In the box of the Red Flame Sect, Da Neng's face changed slightly.

"Your Excellency, 14 million is already more than the Yuanjing we brought."

The figure in the black robe nodded, raised his head, and took a deep look at the Zijin box with a penetrating gaze.

It seems that they want to see through, who is fighting with them in that box!

"Forget it, let this token be covered in their hands for a while."

"If you cover the heat, you can let go."

The powerful pupils of the Red Flame Sect shrunk.

"Your Excellency, do you mean...?"

The black-robed man said in a serious tone, "Literally, this Moyuan Token is extremely important to us, and we must obtain it by any means!"

"But... the other party is someone who has the Zijin Token!"

Purple Gold Order.

The Shengyin Chamber of Commerce has only issued three pieces so far!

Not even the emperor of the Boundless Dynasty.

It can be seen how important it is!

At the same time, how powerful will the person who owns the Zijin Token be?

"so what."

The black-robed man's body is surrounded by black devilish energy.

The Red Flame Sect on the side could feel the magic energy, and took half a step back slightly.

Release the aura to resist these demonic auras.

"Against us, hinder our plan, no matter who it is, it must be eradicated!"

"What's more...have the Zijin Token? So what..."

Of course, the power of the Red Flame Sect did not hear the last sentence.

However, since the person in front of him said so, the Scarlet Flame Sect could only remain silent.

After all, they can't afford to mess with each other!

...

Dong Xiaoqin glanced around, but her gaze was still focused on the three boxes on the second floor.

"14 million yuan crystals, do you have any price increases?"

Seeing that no one made a sound, Dong Xiaoqin dropped the small wooden hammer in his hand.

Until the third stroke.

Dong Xiaoqin said with a smile: "Congratulations to the distinguished guest of Zijin Box, who has obtained this Moyuan Token!"

"Also, I would like to remind everyone that if someone goes out to kill people and steal goods, they will be blacklisted by our Shengyin Chamber of Commerce."

"Of course, it's out of the sight of our Shengyin Chamber of Commerce, it's up to you."

As soon as the words fell.

It also means that this time the Shengyin Auction is officially over.

People from various forces are also leaving the field one after another.

certainly.

There were also people sitting where they were, wanting to see who the person in the Zijin box was!

Can get Zijin Token!

In the box of the Red Flame Sect, the man in black robe said: "Get ready."

After speaking, the man in black robe disappeared in place.

The power of the Good Fortune Gate sighed, but after all, they had nothing to do with them.

I wanted to get to know the people in the Zijin box, but after thinking about it, I decided to leave.

This kind of person probably won't show up easily.

As for the Cold Spirit Sect?

left early.

Ye Qiubai and the others had already walked out from another door in the Zijin box.

This door can lead directly to the lounge of the Shengyin Chamber of Commerce.

This lounge is the exclusive lounge of the Zijin Box, and it is also used to collect the lot secretly.

When the three of Ye Qiubai came to the lounge.

Dong Xiaoqin, and Jian Liancheng, one of the top ten offerings of the Shengyin Chamber of Commerce, are already waiting here.

See Ye Qiubai and the others arrive.

Jian Liancheng opened his eyes, and took a slight look at the three of them.

Finally, he set his eyes on Ye Qiubai.

"Well, a sword repaired the seedlings."

Dong Xiaoqin took a step forward, took out two boxes with a smile, and said, "All your auction items are here."

Ye Qiubai took it with a smile, and said, "Thank you, Ms. Dong."

Dong Xiaoqin covered her mouth and smiled lightly: "You're welcome, it's just our Shengyin Chamber of Commerce's investment in you."

Ye Qiubai nodded, and said, "The 14 million, I'll barter it, that's fine."

Dong Xiaoqin was slightly taken aback, "Don't be so anxious."

However, the voice did not end.

Ye Qiubai had another jade bottle in his hand...

Chapter 296 Murder Intent

Looking at the jade purification bottle in Ye Qiubai's hand.

Dong Xiaoqin was startled, and said, "Elixir?"

Ye Qiubai nodded and said, "Pillion."

"It should be enough to use this to offset the 14 million yuan crystals."

Dong Xiaoqin and Jian Liancheng looked at each other.

Both of them could see a trace of solemnity from each other's eyes.

What kind of elixir can be worth 14 million yuan crystals?

Of course, Dong Xiaoqin didn't think that people like Ye Qiubai would bluff.

Since he took out this elixir, he is naturally confident.

It is better than the four pills just now!

Dong Xiaoqin took it with a serious face.

There is only one pill in this jade bottle.

It is a red pill, and on the body of the red pill, there are three extremely simple golden lines engraved.

Around the lines, it seems to be engraved with Zhu characters.

A faint golden light shone.

This elixir was also refined by Lu Changsheng before.

It is called the Red Dragon Vajra Pill.

After taking it, not only invisible dragon scales will appear on the surface of the body, but these dragon scales can resist the full blow of the strong.

As for how strong it is?

Even Lu Changsheng himself didn't know.

However, the breath contained in it.

But Jian Liancheng frowned slightly.

After Ye Qiubai mentioned this effect, Dong Xiaoqin also looked serious, looked at Jian Liancheng and asked, "Uncle Jian, can you break it?"

Jian Liancheng shook his head just because of the aura emanating from it, and said, "I'm afraid that even if we attack with all our strength, we won't be able to break through the defense."

Able to resist the full blow of a strong person in the Hedao realm!

Then, it can also mean that the value of this elixir will not be lower than the previous four elixirs!
but...

Dong Xiaoqin shook her head slightly and said, "This effect alone may not be enough."

Ye Qiubai smiled and said, "Don't worry, we haven't finished yet."

Any other functions?

In Dong Xiaoqin's slightly astonished eyes.

Ye Qiubai continued: "After the dragon scale is covered, the dragon breath contained in it will subtly change the physical strength of the user."

"At the same time, it can further temper the muscles and bones of the user!"

so.

This elixir can not only save life, but also withstand the blow of a strong person in the Dao realm.

It can also change the body and bones of a monk!

Jian Liancheng asked with a serious face: "No matter what realm, can it be enhanced?"

Ye Qiubai nodded with a smile, and said, "Theoretically, it is like this."

after all.

These are the original words of Master.

But have not tried.

Before, he had already taken a pill that was better than this to temper his body.

The pill that Lu Changsheng refined was only for Ye Qiubai's life.

Ye Qiubai still has two rings.

Jian Liancheng couldn't help but gasped.

If so.

Then the 14 million yuan crystals, I am afraid that their Shengyin Chamber of Commerce took advantage of it!

You must know that cultivation has reached this level.

Muscles and bones are hard to change and strengthened.

If you strengthen your muscles and bones on this basis, you will be able to break through the situation more smoothly in the future.

If you compare the aura in your body to water.

Then, the flesh, the sinews and bones, are the water bottle.

The bottle is not big enough, inclusive enough, and not hard enough, so how can it hold more spiritual energy?

Ye Qiubai looked at the expressions of the two, smiled and said, "Why, isn't this enough?"

Dong Xiaoqin nodded and said: "Enough, but, are you sure you don't want to keep this pill for yourself?"

Ye Qiubai and the three looked at each other and smiled.

Their bodies, muscles and bones can be said to have reached an extreme.

There is no need to take this pill anymore.

See it.

Dong Xiaoqin nodded, took the jade bottle, and put it back into the ring.

Ye Qiubai was also preparing to say goodbye, saying: "In that case, let's say goodbye first."

Dong Xiaoqin smiled and sent the three of them to the door, saying: "If you need anything in the future, you can come to me."

"Of course, after this incident, I will also leave Longqi City."

"If you want to find me, you can come directly to the Boundless Imperial City, or you can send me news through the Shengyin Chamber of Commerce's residence."

Ye Qiubai nodded.

The three left.

Looking at the backs of the three of Ye Qiubai, Dong Xiaoqin said, "Uncle Jian, who is behind them?"

People who can refine this kind of elixir, I am afraid that there are not many people in the entire low-latitude boundary.

Jian Liancheng shook his head and said, "This kind of elixir has never been heard of, nor seen before."

Dong Xiaoqin had never met them either, so she could only sigh and said, "Forget it, let's maintain the relationship with them first, and one day I will be able to see the people behind them."

"But Uncle Jian, I have to trouble you to protect the three of them for a while."

Jian Liancheng nodded slightly, not surprised by this.

With a flick of his figure, he disappeared in place!

Dong Xiaoqin looked up at the sky and murmured softly: "We can't let them die... Otherwise, the investment of Shengyin Chamber of Commerce will fail..."

...

The streets of Longqi City are much more prosperous than Yunqi City.

This can be seen from the realm of these casual cultivators.

It is a level higher than Yunqi City.

On the way, Shi Sheng asked suspiciously: "Senior brother, that elixir, according to what they mean, is obviously worth more than fourteen million yuan crystals."

Xiao Hei also looked at Ye Qiubai with a puzzled expression.

Ye Qiubai chuckled lightly, with deep eyes, and said: "Of course I know, but that elixir is not only used to pay off debts, but also to show them our strength."

Only in this way.

The Shengyin Chamber of Commerce will pay more attention to Ye Qiubai and the three of them.

In this way, more convenience can be provided.

not to mention...

Ye Qiubai glanced around, and said: "Have you noticed that after we left the residence of the Shengyin Chamber of Commerce, there were several ascetics who targeted us and followed us."

Xiao Hei nodded.

He also found some killing intent, but he didn't expose it.

Shi was born in the daytime, and the power of the stars cannot be exerted to the extreme.

However, under Ye Qiubai's reminder, he also found those faint auras.

Ye Qiubai continued: "Then, the elixir I gave also makes sense..."

The three of them left Longqi City.

Prepare to return to Yunqi City and hand over the task.

The rules of the mercenary guild.

Where you accept the task, you must hand it over there.
after all.

This is also the "performance" of the Yunqi City Mercenary Guild.

When the three left Yunqi City.

When walking among the critical mountains.

The surrounding area is already deserted.

The night is slowly coming...

The sky is full of stars, hanging above this dark sky, dotted with starlight.

is also at this moment.

Shi Sheng's face darkened slightly, and said: "Brother, it seems that they can't hold their breath anymore."

Ye Qiubai also smiled and said, "I know how to choose a position."

Looked around.

Here, there are only two exits, front and rear.

However, Ye Qiubai does not intend to run away blindly...

Chapter 297 The killing intent suddenly appears!

In the dark night.

Under the sky full of stars, the killing intent was not concealed, and it became more and more obvious that it enveloped Ye Qiubai and the three of them.

Under this starry sky, Shi Sheng's overall strength has been enhanced.

At the same time, perception is also included.

Sensing the surroundings, Shi Sheng opened his eyes, a starlight flashed in his eyes, and said: "There are eight people, seven of them are in the realm of Half Emperor, and one is above Half Emperor."

Above the Half Emperor.

But Shi Sheng could detect it, that is to say, Emperor Realm...

Ye Qiubai chuckled lightly: "The handwriting is quite big."

Ye Qiubai was not surprised by this.

After all, they had already thought of this after they won the token of Mo Yuan.

Which one of the boxes on the second floor?

Or is it that all three of them are involved?

However, Ye Qiubai did not take into account the power of scattered seats.

There are two reasons.

Although the temptation of Moyuan Token is great.

First, Ye Qiubai and the others are the owners of the Zijin Token. If they make a move, it will be against the Shengyin Chamber of Commerce.

With their strength, they are not qualified to compete against the No. 1 chamber of commerce in this borderless domain!

Secondly, take 10,000 steps back, even if they got this Demon Abyss Token from Ye Qiubai.

Nor do they have the strength to explore the Demon Abyss.

Moyuan, as one of the three life forbidden areas in the borderless domain.

What does the restricted area of life mean.

Extreme danger!

Even if a strong person in the Dao realm enters it, there is a great possibility of falling!

And how could these scattered forces explore it?

So, there are only three first-class inland forces in the second-floor box.

Ye Qiubai laughed softly: "Everyone can be considered as seniors. Do you still need to hide from the three of us?"

After a long while, there was a voice responding in this unusually silent valley.

"The little baby has a good heart, and she is not afraid of danger."

As soon as the voice fell, eight figures surrounded Ye Qiubai and the three of them.

The faces of the eight people were all covered by aura, making it impossible to see their true faces.

"But...do you have Zijin Token?"

A Qianyuan Realm, and two junior characters who seem to be in the False God Realm.

There is a purple gold order?

This is too unbelievable.

Depending on the strength, it is impossible.

Look at the forces behind it? The Zijin Order of the Shengyin Chamber of Commerce does not depend on its power.

Looking at talent?

This realm is not outrageous!

It's none of their business anyway.

Their task is only the Demon Abyss Token in the hands of Ye Qiubai and the other three!

"Since you have discovered us, you should also know the purpose of our waiting."

"Hand it over, I will give you a happy time."

It is impossible to let them survive.

After all, no future troubles can be left behind, and the roots must be removed after cutting the weeds.

Ye Qiubai chuckled lightly, pulled out the Dark Demon Sword, and said, "You're going to die anyway, why don't you try your best to fight for that chance of survival?"

After finishing speaking, Jianzong's sword will soar into the sky!

The Sword Domain centered on Ye Qiubai, covering these eight people!

Jianzong...

There are some tricks.

The eight of them frowned slightly and looked at Xiao Hei on the other side.

I saw three lines appearing on Xiao Hei's body at the same time, and his physical strength skyrocketed!

The terrifying physical strength, between Xiao Hei's gestures, actually made the air burst into sonic booms...

The one who frightened the eight of them the most was the man who looked a little simple and honest.

The power in the body is actually fused with the power of the stars!

Strains of profound star power bloomed from Shi Sheng's starry sky dantian at this moment!

The power of the stars!

The practitioner of the power of the stars, who had been lost for countless years, reappeared in the eyes of everyone at this moment!

If this is the case, then they can understand why the Shengyin Chamber of Commerce handed over the Zijin Token to these three juniors...

at the same time.

It also caused endless killing intent in the hearts of these eight people...

Since this kind of person has been offended, if you don't get rid of it as soon as possible, you will only leave trouble for the future!

"In that case, let's do it."

The Emperor Realm powerhouse didn't have any more nonsense.

Directly ordered the other seven people to make a move.

He himself also swung his hands suddenly!

The terrifying aura of Emperor Realm erupted at this moment!

Surrounded this area directly!

It can be said that the escape route of Ye Qiubai and the others was blocked.

This is also the horror of the strong in the imperial realm.

Such a large cage can be maintained without relying on the power of the formation, but only needs its own huge aura!

Emperor realm powerhouses can communicate with the power of heaven and earth to a certain extent.

The formation method also used the natural power of heaven and earth.

Speaking of it, different routes lead to the same goal.

However, he didn't know that Ye Qiubai and the others had no intention of retreating at all.

Watching the seven people rushing forward suddenly.

The eyes of Ye Qiubai and the others were filled with awe-inspiring fighting spirit!

The sword is full of power, and the sword field is overwhelming!

Strands of sword intent converged into a long river of sword intent, which turned into a dark giant sword again.

Following Ye Qiubai's movement, the handle of the great dark sword was also cut off!

Heavenly Demon Nine Swords, Ninth Sword!

Xiao Hei clenched his fists tightly, put them around his waist, and stomped on the ground fiercely!

Boom!

At this moment, the ground cracked!

Countless cracks continue to extend!

"Fight!"

A low growl!

Xiao Hei is like a prehistoric beast that has escaped from its cage!

Ramped towards the three Half Emperor powerhouses in front of him!

Shi Sheng was also not to be outdone.

The power of the stars converged on the Minghuang Xuanaxe in Shi Sheng's hand!

There was a buzzing sound.

It looks extremely deep and thick!

Facing the front, chopping out!

Like falling stars.

The prestige erupted by the three of them made the seven of them horrified!

These three attacks actually made them feel threatened!

The eyes of the powerful man in the imperial realm suddenly burst into murderous intent!

These three people must not stay!

At this level, an attack capable of beheading a Half-Emperor can be unleashed.

Once such a person becomes an emperor, the consequences will be disastrous!

Think here.

Emperor realm powerhouses no longer watched the battle.

With one step forward, the imperial aura suppressed the three of them!

Ye Qiubai and the others suddenly stopped.

A strong man in the imperial realm is really extraordinary.

At this level, how can such a large horizontal gap be easily made up?

And those three attacks were also directly resolved by this emperor-level powerhouse with a slight wave of his hand!

The attacks of the seven Half Emperor powerhouses also came one after another!

Ye Qiubai looked at this scene, but he didn't panic at all, but smiled and said, "Aren't you going to make a move?"

As soon as the voice fell, he did not wait for everyone to respond.

A sword fell from the sky!

landed in front of Ye Qiubai and the others.

Received all the seven attacks.

However, the sword did not move at all!

Everyone was shocked!

The Emperor Realm powerhouse was also horrified: "Which senior is it? It's better for seniors not to interfere in this matter, lest..."

However, when an old man appeared beside the sword, the pupils of the powerful man in the imperial realm shrank suddenly.

The old man glanced at him lightly and said, "For what?"

Chapter 298 The Power of the Dao Realm!

Looking at the old man in front of him.

The Emperor Realm powerhouse looked horrified.

How is it possible, how could he make a move?

And the other seven Half Emperor powerhouses obviously couldn't recognize the identity of the old man.

However, looking at the old man in front of him, he blocked their attack with a sword.

Presumably, the strength is far superior to them!

This also made the seven Half Emperor powerhouses not dare to take action easily.

A monk who can reach this level.

The brain is not stupid.

It's not like those brainless people who don't know how to measure the opponent's strength, feel that they are number one in the world, and then directly attack and get killed.

Such a person does not exist.

It is also impossible to cultivate to the half-emperor state alive!

The old man raised the broad-handled epee suspended in mid-air, looked at the eight people indifferently, and said, "Why, do you still want to take revenge on me, or the forces behind me?"

During speaking.

The sword intent revealed by the old man unintentionally made everyone present feel a sense of piercing!

Extremely sharp!

Ye Qiubai's eyes narrowed slightly.

This person, with his kendo cultivation, has already reached the level of a Juggernaut!

Moreover, this sword intent even surpassed the strength of Ye Qiubai's sword intent from the Heavenly Demon Sword Master and others!

I'm afraid...it's not just the Juggernaut.

And those seven Half Emperor powerhouses also looked horrified.

The sword intent revealed unintentionally.

It made them feel the threat of death in their hearts!

This kind of strength... is not something they can compete with!

The Emperor Realm powerhouse also clasped his fists and bowed quickly: "Senior Jian, we have absolutely no such intentions, but the Demon Abyss Token is too important to us to make such a bad move!"

The old man is one of the top ten offerings of the Shengyin Chamber of Commerce!

A strong sword repairer in the early stages of the Dao Realm, with swords connecting cities!

Jian Liancheng's tone was cold, with a faint killing intent, and said, "Then do you know the identities of these three little friends?"

"They all have purple gold tokens on them, and they are the distinguished guests of my Shengyin Chamber of Commerce!"

"Do you dare to use the trick of killing and stealing goods on them?"

"Isn't this against our Shengyin Chamber of Commerce?"

heard the news.

The Emperor Realm expert, as well as the other seven Half-Emperor experts, all stared, their pupils constricted suddenly.

Unbelievable color all over the face!

What?

All three of them have Zijin orders? !

How can this be!

The Emperor Realm expert hurriedly said: "Senior Jian, we didn't know about this before, please forgive me, I will leave now, and I will definitely not trouble these three little friends in the future."

"leave?"

Jian Liancheng's eyes remained flat, like the surface of a lake without the slightest fluctuation.

There is no wave in the ancient well.

However, it was also because of this plain and unusual look in his eyes.

The hearts of these eight powerhouses trembled!

"What do you think, if you are allowed to leave, what will the outside world think of our Shengyin Chamber of Commerce?"

"Or, what do these three little friends think of us?"

gave the Zijin order.

But after leaving the city, someone came to kill people and steal goods!

Doesn't this represent the incompetence of the Shengyin Chamber of Commerce? !

Then what is the value of this Zijin Token?

For a chamber of commerce.

Credibility and prestige in the eyes of others!

are an indispensable part!

The face of the strong man in the imperial realm changed drastically. He took a step back, and the aura in his body began to run wildly, ready to escape at any time!

However, he was still unwilling to give up hope, and quickly said: "Senior Jian, don't worry, we will never spread this matter!"

"If it's rumored, the eight of us, come and meet!"

Jian Liancheng shook his head.

Looking at the epee in his hand, holding a wide hilt in one hand, and caressing the huge sword with the other hand.

As if he took this broad-handled epee as his lover.

"There are some things that only the dead can completely rot in their stomachs."

"And killing you will not cause any trouble to the Shengyin Chamber of Commerce. Why should I let you survive and let the Shengyin Chamber of Commerce bear this invisible danger?"

The story of the farmer and the snake.

It is not uncommon in the monastic world.

It is not surprising to see people like Jian Liancheng who have been practicing for such a long time.

so.

Jian Liancheng couldn't fully believe the promise made by a living person.

Only dead people.

can bring the secret into reincarnation together...

"However, if Senior Jian let us go, presumably, the forces behind us will also repay the Shengyin Chamber of Commerce!"

"unnecessary."

Jian Liancheng interrupted the words of the strong man in the imperial realm, raised his eyebrows, and slowly lifted the heavy sword in his hand, and said lightly: "Shengyin Chamber of Commerce does not need your surrender."

in other words.

You are not worthy...

And Jian Liancheng's patience seemed to have been worn out.

Don't wait for the strong in the imperial realm to make the final struggle.

The broad-handled epee in his hand swung lightly!

this moment!

Aura is surging in this world!

The rumors are everywhere!

Boom!

The entire critical mountain range seems to be hit by a giant at this moment!

Constant vibration!

Ye Qiubai and the three of them all changed their expressions slightly, and their bodies couldn't stop moving backwards!

That huge stream of aura, like the power of heaven and earth, gathered in one body!

Even if Jian Liancheng turned his back on them, he didn't release his aura towards them!

Ye Qiubai and the other three also had a feeling of being irresistible!

Is this a strong person in the Dao realm?

This is not at the same level as the powerful men in the imperial realm they have seen before!

This huge aura fluctuation is like a sky and an earth!

The eight people who faced Jian Liancheng head-on were even more tragic at this moment.

Among them, there are two Half Emperor powerhouses, who are closest to Jian Liancheng!

Under the squeeze of this surge of aura.

was directly crushed into a blood mist!

Not even the soul left behind!

Just the eruption of spiritual energy caused the two Half-Emperor powerhouses to be driven out of their wits!

What kind of terrifying strength is this?

The powerful man in the imperial realm exerted his aura with all his strength to resist the huge aura coming from the impact!

Frightened in my heart.

Under the Dao, even the Emperor Realm is nothing but ants!

This is really good.

I am like an ant in front of Jian Liancheng, a strong man in the Dao realm!

The remaining five Half Emperor powerhouses also gritted their teeth and wanted to retreat at this moment.

However, Jian Liancheng never gave the opponent this chance.

That wisp of sword intent follows like a shadow!

In an instant, it directly penetrated the brows of the five Half-Emperor powerhouses!

There is no obstacle at all.

In an instant!

Sword Intent kills instantly!

The strong man in the imperial realm watched this scene and gritted his teeth.

Can't wait any longer.

Directly burned the essence and blood in the body, as well as the aura in the dantian!

Strength soared at this moment!

In just a short time, he broke through the aura pressure that Jian Liancheng exerted on him!

Immediately, he took out a jade pendant.

Crushed suddenly!

A sense of space.

Forcibly run at this moment!

This Emperor Realm powerhouse wants to escape!

Available at this moment.

Shi Sheng shot, the power of the stars in the sky, at this moment, sprinkled around the body of the strong man in the imperial realm!

Chapter 299 The Law of Reincarnation

The power of the stars.

Not only has great power, but also mysterious and heavy.

At the same time, it also has the power of sealing!

However, relying on Shi Sheng's current star power.

Even in the dark night, it is impossible to completely suppress the space teleportation brought by foreign objects.

but.

It is still possible to delay for a while.

Around the strong man in the imperial realm, the space ripples generated by the power of space stagnated for a moment at that moment.

One breath time.

For Jian Liancheng, a strong man in the Dao realm, he can already do a lot of things!

I saw Jian Liancheng suddenly stretched out a hand, facing the strong man in the imperial realm, holding the cage with five fingers!

It was just a moment, the power of space generated around the strong man in the imperial realm was instantly shattered at this moment!

at the same time.

The jade pendant in the hands of the strong man in the imperial realm also "clicked" to shatter at this moment!

See this scene.

The face of the strong man in the imperial realm changed drastically!

A look of despair appeared in his eyes.

At this moment, the last hope is also shattered.

Jian Liancheng looked at this strong man in the imperial realm, and said coldly: "Tell me, which faction are you from."

"Gate of Creation? Or Red Flame Sect?"

As for why the Cold Spirit Sect was not mentioned.

It is also because there are no men in the Cold Spirit Sect.

They recruit women.

After all, the exercises of the Cold Spirit Sect are only suitable for women to practice.

The strong man in the imperial realm smiled miserably, and said: "Anyway, they will die anyway, so why do you say that?"

"However, before I die, I want to ask, how did you do it?"

His eyes turned to Shi Sheng.

Shi Sheng didn't speak.

For dying people, and those who want to kill them.

Shi Sheng didn't have anything to say.

Jian Liancheng was unwilling to delay.

Since the other party refuses to say anything.

That is nothing to ask.

thought of this.

Sword Liancheng pointed out!

A sword intent shot out from between the two fingers, and directly penetrated the eyebrows of the strong man in the imperial realm!

this moment.

This Emperor Realm powerhouse.

Like an ant, in the hands of Jian Liancheng, he has no power to resist, and he is completely wiped out!

At this point, Jian Liancheng also withdrew his aura.

The coercion of aura raging around.

is also at this moment.

Slowly dissipates.

It's just that the cracked mountain peaks are also showing that there used to be a top expert who once shot here...

Jian Liancheng turned his head and looked at Ye Qiubai and the others.

Ye Qiubai cupped his fists and said with a smile, "Thank you, senior."

Jian Liancheng waved his hand, stared at Ye Qiubai, and said, "After giving that elixir, you already knew that we would protect you in secret, right?"

Ye Qiubai smiled, but did not speak.

But Jian Liancheng also understood from Ye Qiubai's expression.

After Ye Qiubai revealed twice that the forces behind him were not easy.

Jian Liancheng vaguely guessed.

The other party is revealing his background.

Let the Shengyin Chamber of Commerce pay more attention to their three senior brothers.

"However, I won't ask who the power behind you is, after all, it has nothing to do with me."

Regarding Jian Liancheng's current strength.

As long as you don't die.

will not die.

"You are also a good seedling of sword cultivation, don't put your mind on these, this is after all a path, the heart of sword cultivation must be pure."

Heard the words.

Ye Qiubai nodded.

This time, he put away his smile, clasped his fists with a serious expression, bowed slightly, and said, "Thank you for reminding me, senior."

The grace of awakening.

Jian Liancheng deserves Ye Qiubai's gift.

Seeing this, Jian Liancheng also nodded slightly, and looked at Xiao Hei.

To tell the truth, among those present.

What he can't see through the most is this dark-skinned body repairer.

In his body, there is a black mist.

Among them, it is full of monstrous devilish energy!

Even with the strength of Jian Liancheng, he couldn't see through what was in it.

Immediately.

Looking at Shi Sheng, his eyes were slightly surprised.

A practitioner of the power of the stars.

You know, the power of the stars has been lost for countless years.

Among the ancient books, there are only a handful of records about the power of the stars.

However, Jian Liancheng knows that once the power of the stars is cultivated to great success, he can activate the power of the stars!

Its power is enough to destroy a realm!

In addition, the power of the stars released by Shi Sheng before actually blocked the space transmission of the space jade pendant!

Although only a second.

But be aware.

Shi Sheng's current strength is only in the False God Realm!

"The younger generation is awesome..."

Miss did this beautifully.

Maybe, this incident will change the situation of the Shengyin Chamber of Commerce...

At the same time, it will become the most correct thing the lady has done in her life.

After Jian Liancheng sized up the three of them, he said, "Afterwards, you will have to rely on yourself."

"The road of cultivating the Tao still has to be completed by yourself."

After speaking these words.

Jian Liancheng disappeared in place.

Ye Qiubai, Xiao Hei, and Shi Sheng all clasped their fists in the direction where Jian Liancheng left.

"Okay, let's find a place to retreat for a while."

after all.

Xiao Hei needs to study this Moyuan Token.

Shi Sheng also wanted to comprehend the Star Stone.

Ye Qiubai himself, also under the sword intent released by Jian Liancheng before, faintly felt some emotion!

The realm also began to loosen.

Xiao Hei and Shi Sheng both nodded.

...

the other side.

Savage frontier.

Nanyu Thatched Cottage.

At the moment.

National Teacher, Kong Jianghan, and Jiutianbu all stared at Hongying who was lying cross-legged on the ground, still in the realm of heaven and man!

Lu Changsheng on the side released the law of reincarnation and wrapped Hongying in it.

Hongying is constantly feeling the power of the Tao!

Now, it has lasted for half a month!

Little Bird also asked: "Can the realm of heaven and man last for such a long time?"

Within her clan.

I have never seen a realm of heaven and man that can last for half a month!

Do you think the realm of heaven and man is Chinese cabbage?

But here it is.

Little Bird really began to doubt his own understanding...

This realm of heaven and man seems to be like Chinese cabbage, worthless...

heard the bird's question.

Liu Shu replied: "The realm of heaven and man is accompanied by talent and perception. With the power of his principles and Hongying's talent, it lasts for half a month. Don't be surprised."

Kong Jianghan was outside, feeling the power of the law, and said with emotion: "It's really too short-sighted. The power of such powerful rules has obviously surpassed the artistic conception..."

And he has never seen such power.

The national teacher also nodded.

Has he seen it before?

Looking at Lu Changsheng with a calm face, he felt a storm in his heart!

Where did this man come from?

And it was at this moment.

Under the power of Lu Changsheng's Dao Principle.

Hongying suddenly opened her eyes.

Around her body, the power of artistic conception is changing!

The power that emanates slowly, the rhyme in it.

is actually slowly getting closer to Lu Changsheng's power of Taoism...

Chapter 300 Control the heavens in this world!

The power of Taoism.

is the purest power of rules in this world.

If we say that the artistic conception is to feel the natural force between the heaven and the earth.

Then, the power of Taoism is the power of rules that directly control this world!

Between the two, it doesn't sound like much of a difference.

However, there is a huge difference between feeling and controlling!
at the same time.

If there is no power of rules.

In this world, there will be no way of heaven.

Put it another way.

The way of heaven is also a kind of power of rules.

If Hongying can control the law of reincarnation, to a certain extent, it can restore the order of heaven in the barren realm!

so.

Hongying also became the master of the way of heaven in the barren realm.

Today.

Hongying has awakened from the realm of heaven and man.

I saw her standing up, and the meaning of reincarnation surrounding her was constantly changing at this moment!

An extremely mysterious power that communicates with heaven and earth gradually replaces the meaning of reincarnation!

Jiutianbu looked at this scene with surprised faces.

Is it going to be done?

Seeing this, Lu Changsheng stretched out his hand, and the power of the law of reincarnation, communicating with the world, surged crazily around Hongying's body!

Since you are about to comprehend, add fire.

At this moment, although Hongying is awake, she is still comprehending the power of the law of reincarnation around her in her mind.

Thinking, what is the power of Tao?

What is the difference between the power of rules and the power of artistic conception?

It seems that she has seen what Hongying is thinking now.

Lu Changsheng said softly: "The power of rules, communicate the laws of heaven and earth, control the power of nature, and turn it into your own use."

Communicate the laws of heaven and earth?

Hongying heard what Lu Changsheng said.

Recalling the past, Lu Changsheng used the way of the sword to fight.

For example, in the Nine Netheresses, the sword that was cut out.

Compared with ordinary sword artistic conception, I don't know how much stronger it is.

Isn't that the communication of the power of the rules of heaven and earth, and turning it into one's own use?

Thousands of ways lead to the same goal.

Whether it is the way of the sword or the way of reincarnation.

After all, it is the power of rules.

The method of controlling and using is actually the same.

Recall the scene where Lu Changsheng used that sword.

What Lu Changsheng said just now, and his own understanding confirmed each other.

The meaning of reincarnation around Hongying's body, the speed of transformation is also accelerating at this moment!

She can feel that she seems to be able to communicate the power of the rules of the world...

Another three days passed.

this moment.

Under everyone's expectant and horrified eyes.

The meaning of reincarnation around Hongying completely transformed at this moment!

That wisp of power is perfectly integrated with the power of rules between heaven and earth!

The national teacher smiled and said: "Your Majesty finally succeeded."

Kong Jianghan also looked at Hongying who seemed to be integrated with the power of the rules between heaven and earth.

The horror in my heart is inexplicable.

Although they are both in the early stage of Emperor Realm.

However, if both of them shot at the same time.

I'm afraid, I can't even sustain a single blow...

Lu Changsheng watched this scene.

also let go of his heart, and sat back on the bamboo chair.

Withdrew the law of reincarnation flowing around Hongying's body.

Finally got it done.

Now, there is only the last step left, and this step needs to be completed by Hongying herself.

That is to borrow the heart of the realm to increase the concentration of aura in the wild realm!

Hongying felt the law of reincarnation rolling in her body, and held up the heart of the realm.

Take a step, and come between the clouds in the sky!

The power of reincarnation shrouded the heart of the realm!

Fully activate the heart of the realm!

At this time, a voice came from the heart of the realm.

"Originally, the person I chose to control the way of heaven was your master."

"However, he declined."

"However, your talent is not bad now, and it is more than enough to control the heavens in this world."

Hearing this, Hongying nodded.

The heart of the realm was originally related to the way of heaven.

If we talk about the heart of the realm, it is the dantian of this realm.

Then the way of heaven is the spirit and body of this world.

Carrying the heart of the realm!

And now.

Hongying has already controlled the power of the law of reincarnation.

Through the power of rules, rebuild the way of heaven in this world!

The heart of the realm.

At this moment, a dazzling light also burst out!

A huge aura erupted from the heart of the realm!

Scattered in every corner of this boundary!

seems to feel something.

The ascetics in this world were all slightly taken aback.

They can clearly feel that the concentration of aura around them is increasing crazily!

what happened?

Medium domain.

The General Academy of Tibetan Taoism Academy.

Dean Yan looked up at the sky, chuckled lightly, and said, "It seems that Your Excellency the Empress has succeeded."

Besides, Lin Rufeng also smiled and said: "The cultivation civilization in the barren realm will also get better and better."

Immediately, the two lightly touched the wine glasses in their hands, and said with a smile: "Next, it's time to unload the burden on your shoulders."

"Yeah, after finding the heir, we can go out and see the world outside."

"But Lao Lin, have you found an heir?"

Think here.

Lin Rufeng's face sank, and he laughed and cursed: "I originally planned to let that boy Liang Feng take over my position, but he joined Qingyun Sword Sect!"

Dean Yan laughed when he heard the words: "I'm afraid there is your instruction in this!"

"You old fox!"

...

Hongying in mid-air.

I can clearly feel it at this moment.

Everything in the wild world is under her control!

Hongying is the way of heaven in this world!

And it seems to get feedback.

Hongying's realm also broke through to the middle stage of Emperor Realm at this moment!

Strength skyrocketed again!

After a flash, he returned to the thatched cottage, looked at Lu Changsheng and said with a smile, "Master, I succeeded."

Lu Changsheng waved his hand and said, "Successful? If you succeed, hurry up and make fish soup for me to nourish my brain as a teacher."

Hongying nodded with a chuckle, put on her apron, and walked to the kitchen...

National Division and Nine Heavens Department watched this scene.

They all have weird faces.

Even if you control the heaven in this world.

Their Majesty still cannot escape the fate of a cook...

And Lu Changsheng closed his eyes at this moment, as if he had fallen asleep.

Actually, it was the system in my mind that made the sound.

【Congratulations to the host for completing the task of developing Hongying, the reward is now released】

【The first physique of all ages: the primordial primordial physique】

Lu Changsheng immediately accepted.

Immediately, a certain change occurred in his body!

On top of the vast sea of consciousness.

There are wisps of gas appearing.

Presumably.

This is the ray of primordial spirit, right?

However, a little less...

system:...

【Host, the primordial aura before the beginning of the world is already here. 】

Lu Changsheng also made complaints about it.

But after thinking about it, you can DIY your own world.

Lu Changsheng became excited again.

After drinking the fish soup.

Hongying said goodbye to Lu Changsheng.

"Master, after I finish the affairs of the Heavenly Spirit Realm, I will send people to the Wilderness Realm to preach."

"After that, I will also go to the borderless domain."

Lu Changsheng's face turned bitter.

Hongying asked: "What's wrong, Master?"

Lu Changsheng replied: "...After you go, try your best to cause as little trouble as possible."

Hongying: "..."
