

My Disciples 311

Chapter 311 Makes you cheap!

The moment I saw Liu Ziru planning to make a move.

Actually, Lu Changsheng subconsciously wanted to activate the Nine Serenities and Underworld Formation.

However, after thinking about it, I stopped.

First, the other party did not intend to kill him.

The shot is just a test, there is no need to use the ultimate move.

The second point is also the most important point.

Excessive exposed hole cards are not good...

And saw Liu Ziru running his whole body strength.

In an instant.

Raise your eyelids slightly.

Liu Ziru had already appeared beside Lu Changsheng.

Raised his palm, and gently stamped towards Lu Changsheng.

Although it seems that the movement is very light.

However, the surrounding aura seemed to be evacuated at this moment!

Space collapsed layer by layer at this moment!

Just a light palm can achieve this effect.

It can be said that it is stronger than those who are strong in the imperial realm!

And Lu Changsheng did not panic.

In his eyes.

Liu Ziru may be stronger than those in the imperial realm.

But he is not weak either.

After all, when he was on the road to heaven.

He single-handedly singled out many powerful emperors!

Several people were injured, and at the same time, several people were killed.

And I haven't used my full strength yet!

Presumably, he is also an existence beyond this so-called imperial realm.

so.

Lu Changsheng didn't think he would lose.

I saw that he didn't get up.

Instead, he raised his palm and struck back at Liu Ziru's palm.

In this palm.

There is no aura fluctuation at all.

Did not cause any changes in the world.

It looks like an ordinary palm.

But, precisely because of this.

A sense of danger rose in Liu Ziru's heart!

After all, the opponent is in the top ten of the dark list.

It is the person named and recruited by the big man in the dark field!

If the other party is an ordinary person without aura, how could he appear on the dark list?

You know, even if you appear in the last place on the dark list.

That is also a top powerhouse!

However, as a top ten existence in the dark list, how could Lu Changsheng be weak?

so.

There is only one possibility.

The strength of the opponent far exceeds him!

Has reached the realm of returning to basics.

Every trick that is displayed.

The aura is restrained in it, without the slightest leakage!

This kind, even Liu Ziru can't do it!

This can be seen.

On this point alone.

Liu Ziru was completely defeated!

However, the palm has already been slapped.

It is bound to be impossible to retreat.

Although Liu Ziru had a sense of danger in his heart, he still did not back down.

That palm was still printed on Lu Changsheng's palm.

But.

Just for a moment!

Liu Ziru felt his palm, as if hitting a huge mountain breaking through the sky!

It seems to be the hardest defense in the world!

Can't shake the opponent at all!

At the same time, I felt a sense of powerlessness!

And the next moment.

In Lu Changsheng's palm, with a slight shake, a huge spiritual energy gushed out!

And this gushing aura.

It also caused Liu Ziru's complexion to change drastically!

This gushing aura.

He has no way to stop him!

is also simply unstoppable.

Under this palm.

Liu Ziru hummed in a low voice, but did not fly backwards.

Instead, his hands fell powerlessly!

The aura gushing out.

It was like fighting cattle across the mountain.

penetrated Liu Ziru's body, and continued to spew towards the rear!

It seems that it is time to hit the Tibetan Taoist Academy.

A green light quietly emerged.

Among the green light is a willow branch!

I saw willow branches fluttering slowly in the green light.

Block the spewing spiritual energy down.

This prevents the end of directly destroying the entire southern region...

At the same time, Liu Shu was also a little surprised.

Lu Changsheng's strength is getting stronger and stronger.

I am afraid.

Have reached that state...

Liu Ziru's mouth was dripping with blood.

Hands hang down weakly.

His eyes were a little dull for a moment.

However, when he reacted.

Severe pain came from all over the body!

It seems that the internal organs have been displaced...

Fortunately, he was wearing an extremely high-grade inner armor.

Otherwise, I'm afraid he would have been slapped to death by this palm...

Liu Ziru looked down at his chest.

The inner armor that had already been shattered into powder.

Can't help laughing bitterly.

At the same time, I was horrified.

Just such a light palm.

Not only resisted his attack.

It even directly pierced through his aura protection and chest inner armor!

Moreover, let his injury become so serious.

In a few years, I'm afraid I won't be able to recover...

Liu Rushi thought to himself.

Top ten in the dark list?

Is this fake?

With the strength of the person in front of him, I'm afraid he can already enter the top three!

To know.

The top three in the dark list.

Even if the five-star deacon personally wooed him, he couldn't win him over!

at the same time.

Dark Realm is also unwilling to offend the top three people too much.

It can only be done slowly in the dark.

but.

On the contrary, if Liu Ziru wins over Lu Changsheng.

His status in the dark realm will be further increased!

Suddenly, Liu Ziru had a bold idea in his heart...

At this time.

Lu Changsheng put away his palm, and at the same time, threw out a elixir, and said, "Take it and go. I'm really not interested in your dark realm, so don't waste your time thinking about it."

After finishing speaking, he closed his eyes and wanted to continue to sleep.

After Liu Ziru ate this pill.

The injuries in the body began to recover at a terrifying speed under a burst of green light!

At the same time, the lack of aura is also filled in an instant!

This... what kind of elixir is this?

Liu Ziru was stupid again and again!

His realm is not so high!

This elixir can directly fill up his lack of aura?

Can he recover from such a serious injury?

If you let him recover by himself.

It is impossible to fully recover every seven or eight years...

What Lu Changsheng didn't know was.

Liu Ziru's desire to win over Lu Changsheng became more urgent...

If Lu Changsheng knew what he was thinking.

I am afraid that I will regret throwing out this elixir...

Liu Ziru took a deep breath and said seriously: "Senior, I won't give up. Since you don't want to join the Dark Realm for the time being, I will always follow you."

Hearing this, Lu Changsheng rolled his eyes.

What is temporary?

It is impossible for me to join the dark field in this life!

etc...

No!

Then I will always follow you?

What's the meaning?

Lu Changsheng hurriedly opened his eyes and sat up, looked at Liu Ziru, and said, "What did you say later? Say it again!"

Liu Ziru replied: "Then I will always follow you."

Lu Changsheng slapped his forehead suddenly.

Depend on!

It's over! This is it!

Liu Ziru sat down on his own, and said with a smile: "Senior, you don't have to worry about me causing trouble for you."

"On the contrary, if you have something you want to do, I will try my best to help you."

"So, until you promise me to join the Dark Realm, I will follow you."

After speaking, Liu Ziru disappeared in place.

However, Lu Changsheng can still feel it.

Liu Ziru is not far from the thatched cottage...

Lu Changsheng stared blankly at his hand.

Then he gritted his teeth and patted his palm.

"Let your hands be cheap! Let your hands be cheap!"

"Huhu... It hurts, it hurts..."

Chapter 312 Quota Competition

In an inn in the South Region.

Here, the distance from the Nanyu Tibetan Taoist Academy is extremely close.

Liu Ziru lived in it.

At this moment, in front of him, there is an illusory projection.

The projection is in the dark.

The whole body is covered by darkness.

Can't see its face and figure.

Only by vaguely seeing the outline of a person can it be confirmed that there is a person sitting in the darkness.

In that dark place, a voice came out.

"How are things going?"

Liu Ziru truthfully replied: "Rejected."

"oh?"

"After you mentioned the power of the Dark Realm, did you still refuse?"

Liu Ziru nodded and said, "That's right, and the opponent's strength has exceeded my expectations."

"Even if I try my best, the opponent can easily break through. In his hands, I don't have any strength to resist."

"So, the opponent's realm is at least one realm higher than mine, or more than one realm."

As a five-star deacon.

Liu Ziru's strength in the dark field can be said to be above average.

According to Liu Ziru's statement.

The figure in the dark said: "Then, we can also confirm that the ranking in the dark list is wrong this time."

"Do you have any idea?"

"Do you want to send another five-star deacon to help you?"

Hearing this, Liu Ziru shook his head, and said with a wry smile: "After my observation, a person like him cannot be impressed by just two or three people."

"I plan to monitor outside for the time being and act according to the situation."

The figure in the dark seems to be nodding, "In that case, I will do as you say."

"However, this matter must be completed. Now, the sky will change drastically, and the pattern of the dark domain will also change. We must win over the people on the dark list as soon as possible."

Liu Ziru nodded and said, "I understand."

Finished speaking.

The projection in front of Liu Ziru disappeared.

...

Twenty days is nothing but a practitioner meditating.

Close your eyes and open your eyes, and go quickly.

It's like a white horse passing by.

Unbounded domain.

Yunqi City.

The words Kunlun Tianchi appeared again in the ears of the ascetics in Yunqi City.

This Kunlun Tianchi.

is the Borderless Domain, a treasure land in Kunlun Snow Mountain.

The Heavenly Lake is filled with pool water made up of pure aura!

As long as you don't break through the emperor's realm, you can enter the Kunlun Tianchi to absorb the pure spiritual energy and practice in the pool.

Even more interesting.

Cultivate in Kunlun Tianchi, the deeper you dive, the more stable your foundation will be.

Nothing more.

Until now, no one has been able to enter the deepest part of Kunlun Tianchi.

There are rumors that.

In the deepest part of Tianchi Lake, there is a peerless fetish!

Going forward, there is a strong man in the Dao realm who wants to enter the Kunlun Tianchi to have a glimpse of what's going on.

However, they were rejected by Kunlun Tianchi and could not enter it!

This made those ascetics who were staring at him stop thinking.

so.

Kunlun Tianchi is a dream place for ascetics under the emperor's realm!

but.

This kind of place will naturally have a quota limit.

Assigned to Yunqi City, there are only four places.

To be fair.

The three major families of Yunqi City, as well as the City Lord's Mansion, will send geniuses below the emperor's realm among the families to compete for places!

Use this to determine the ownership of these four places!

Among these sessions.

The City Lord's Mansion will occupy two places each time.

The remaining two quotas flow among the three major families.

Of course, the Yang family has not grabbed this spot for several years.

As a result, the power of the Yang family is becoming more and more tight in this Yunqi City.

The strength of the Yang family is also weakening day by day!

At the moment.

In the meeting hall of the Yang family.

Ye Qiubai and the three arrived as scheduled.

Yang Zhenhuai looked at the three of them, and said with a smile: "Our Yang family only has these three competition places, so I will give them all to you guys."

Ye Qiubai smiled, looked at Yang Qi who was at the side and asked, "Will your son participate?"

Hearing this, Yang Qi smiled wryly and shook his head, and said, "I am still aware of my strength. Even if I participate in the quota competition, it is likely that I will not be able to get a quota."

"So, it's better to give up the places in this competition to Brother Ye, maybe, you can also win a lot of prestige for our Yang family!"

Hearing this, Ye Qiubai nodded.

Yang Zhenhuai also smiled and said: "Okay, since that's the case, let's go."

The competition for places in Kunlun Tianchi was set up at the competition stage in the City Lord's Mansion.

Originally, only the three major families and people from the City Lord's Mansion came to watch.

But because of the participation of Ye Qiubai and the other three.

The people from the Mercenary Guild wanted to take a look.

After all, Ye Qiubai, Shi Sheng and Xiao Hei are the newly promoted mercenary group with great reputation.

They want to see it too.

Do these three have exaggerated cross-border combat capabilities as rumored?

Luo Yun, the scale armor mercenary group, also naturally came here.

Seeing Ye Qiubai and the others follow Yang Zhenhuai to the scene.

Luo Yun smiled emotionally: "At that time, I thought it was three little stunners."

"Unexpectedly, it has only been more than a month, and he has already become a man of the hour in Yunqi City."

He Lin, the leader of the scale armor mercenary group, nodded with deep feeling.

Accepted the **** mission at the beginning, and made two shots during the **** mission.

Predicting the enemy's prophet, beheaded more than a dozen people in the False God Realm in a row.

Fight across borders and kill the half-emperor who is qualified to attack the emperor's realm.

Up to now, he has become the key figure in the dispute among the three masters of Yunqi City, turning things around.

This Yunqi City is in the midst of recent major events.

There are figures of thatched cottage mercenary group!

...

On the other side, the heads of the Kang family and the Li family also looked at the three behind Yang Zhenhuai.

His complexion was extremely complicated.

It was these three juniors who completely disrupted the plan this time!

At the same time, I felt extremely uncomfortable in my heart.

The Yang family gave all three places to these three people.

Does this allow the two of them to play?

Those three people, although they did not reach half emperor.

However, he has the strength to compete against the Half-Emperor powerhouse who is qualified to hit the Emperor Realm.

One of them could even be beheaded!

How does this make them play?

This time, I can only come to make soy sauce...

Although there are four places.

However, don't forget about the City Lord's Mansion...

The City Lord's Mansion is the strongest force in the true sense of Yunqi City!

in.

Heard the message.

The son and daughter of the city lord's mansion also returned from cultivation in the inland powers to participate in this competition for places.

so.

These four places are not shared by the two of them...

can only go through the motions.

At this time.

On a high platform.

A middle-aged man in golden brocade clothes appeared on it.

Yang Qi explained from the side: "This is the lord of Yunqi City, Zheng Yongan."

"It is also the strongest existence in this Yunqi City, a strong man in the late stage of Emperor Realm!"

Ye Qiubai nodded.

At this time.

Zheng Yongan announced the rules of this competition on the high platform...

Chapter 313 Genius and Genius?

The rules are as follows.

In the competition, the three major players, including the City Lord's Mansion, have three entries.

Competition, only one round.

That is the simplest one-to-one.

Each time, it is decided by lottery.

As for the loser group, you can continue to challenge the people in the winner group.

supersedes the winner of its Upper Bracket.

at last.

The winner's group will play one-on-one.

The last four will be the ones who will represent Yunqi City and go to Kunlun Tianchi!

After telling the rules.

As the lord of Yunqi City, Zheng Yongan took out a bucket of bamboo sticks.

On the bamboo stick, the names of the contestants are recorded.

"Now, I will draw lots. Of course, if you think there will be fraud, you can also bring it up."

Everyone smiled kindly.

I don't think that a strong man like Zheng Yong'an would do such a detrimental thing under the watchful eyes of everyone.

After all, he is the lord of a city.

Some things can or cannot be done.

He is counted.

not to mention.

With the strength of the City Lord's Mansion, there is really no need to do such thankless things.

Zheng Yongan saw that no one objected, so he began to draw lots.

"Li Pei from the Li family, against Zheng Haomiao of the City Lord's Mansion."

Zheng Haomiao!

It is the son of the city lord Zheng Yongan!

According to rumors, he was favored by the elders of the first-class forces in the interior, and he was accepted as a personal disciple.

Now, the strength has reached the half-emperor level!

Of course, it is a half-emperor who has the ability to hit the emperor's realm!

Yang Qi also reminded: "Brother Ye, this Zheng Haomiao is probably one of your biggest opponents in this competition."

"His strength, compared to the previous Elder Li Yun, is probably stronger than the first line."

Li Yun.

is the Half Emperor powerhouse who was beheaded by Xiao Hei.

Ye Qiubai nodded, but didn't pay much attention, and asked, "One? Are there others?"

Hearing this, Yang Qi explained: "The other person is also from the City Lord's Mansion. She is the daughter of the City Lord Zheng Yongan, Zheng Yongqi."

"His strength is extremely mysterious. No one has seen her make a move, and no one knows which force she has been recruited by."

"However, her strength is definitely not simple!"

"So, brother Ye, you need to be more careful when you meet."

"However, there are only these two people who need attention, and there are still two places. With the strength of Brother Ye, you can naturally get it."

Ye Qiubai, Shi Sheng and Xiao Hei smiled at each other.

It seems that Yang Qi thinks that they are not very optimistic about the situation of these two people in Shangcheng Lord's Mansion!

However, he didn't say anything.

continued to focus on the competition arena.

They want to see it.

What kind of strength does this Zheng Haomiao have.

Not only Ye Qiubai and the other three.

The rest of the people were also staring closely at the stage.

They also wanted to see how strong Zheng Haomiao, who was accepted as a personal successor by the first-class inland forces, was.

Or in other words, how different is the strength compared to those monks in border cities like them.

On the competition stage.

The two are already in place.

Zheng Haomiao's face was calm and calm, and he didn't look nervous at all.

And Li Pei standing opposite him.

There was a bitterness in his eyes.

Although he is in the Li family, he is well-known in Yunqi City.

is also known as a genius.

Now, it has reached the late stage of False God Realm.

However, in the face of Zheng Haomiao, a direct disciple of a first-class inland force.

And people who have reached the state of half emperor.

Naturally, there is no hope.

Only Zheng Haomiao said lightly: "Go down by yourself, I don't want to waste time."

Proud!

This is Zheng Haomiao's first impression on everyone!

However, Zheng Haomiao's talent and strength, as well as his identity, also make him qualified to be so crazy!

Ye Qiubai smiled at the bottom, "If Master knows that we are outside, like this person, we will probably be beaten to death."

Hearing this, Shi Sheng and Xiao Hei couldn't help laughing.
really.

It is probably not an exaggeration to say that I was smoked to death...

Li Pei, who was opposite him, took a deep breath, and said solemnly: "We monks, don't retreat easily, even if I am not your opponent, I still want to try."

Below, Li Man, the head of the Li family, nodded heavily when he heard these words.

Although Li Pei's talent is not as good as Zheng Haomiao.

However, Li Man is extremely happy to have such a heart.

Aspirants, if you are afraid of this and that, what kind of Tao should you practice?

Just go home and farm!

However...it does not include Lu Changsheng who cheated...

Zheng Haomiao didn't show any expression, nodded and said, "You're brave, so be careful."

Zheng Yongan said above: "It's time to start."

The voice fell.

Li Pei actually took the initiative to step forward!

Blast Zheng Haomiao with a punch!

Take the initiative!

Take the lead!

This is Li Pei's only chance!

So, Li Pei used all his strength in this punch!

Zheng Haomiao had his hands behind his back, his face full of indifference.

Until Li Pei bullied him and approached him.

Only then did he clap his palm.

This light palm!

But an amazing aura burst out!

Li Pei's face changed, and he punched the palm print!

However, in the next second, he spurted a mouthful of blood and flew out backwards!

fell directly outside the competition stage!

Seriously injured!

Zheng Haomiao didn't take a second look, he turned and left the competition stage.

Zheng Yongan also announced that Zheng Haomiao won.

The people below are amazed.

as expected.

As a late-stage False God Realm Li Pei, he couldn't even catch Zheng Haomiao's palm!

It can be said to be crushing!

Its strength is truly terrifying!

He is also worthy of being accepted as a personal disciple by the first-class inland forces.

Lives up to its name...

Ye Qiubai also narrowed his eyes slightly.

really.

This person's strength is very strong.

Even compared to the Half-Emperor outside Longqi City, or even Li Man, they are not far behind!

Even going to the front line!

And the next duel.

Then it was Shi Sheng's turn.

He was facing a late-stage False God Realm member of the Kang family!

Everyone looked over curiously.

Shi Sheng.

is one of the protagonists among the major events that happened in Yunqi City recently!

Its strength is also quite extraordinary!

However, there are also many people who only listen to their names and do not see their people.

So, I want to see how strong Shi Sheng is!

When the game starts.

When Shi Sheng displayed the power of the stars.

Everyone was shocked!

The power of the stars!

The method of cultivation that has been lost for countless years!

Now, it has reappeared in the world!

Even the head of the City Lord's Mansion, Zheng Yong'an, looked at Shi Sheng in surprise.

Zheng Haomiao also had burning eyes.

The power of the stars really surprised him.

However, it's a pity that his realm is only in the late stage of False God Realm.

If the realm is the same, the ending may be different.

Besides, a cold woman asked: "Brother, are you sure you can meet him?"

Zheng Haomiao smiled and said: "Although the power of the stars is mysterious and powerful, the realm is still here."

Shi Sheng is in the late stage of False God Realm.

And he, Zheng Haomiao, has now reached the state of a half-emperor!

The gap between realms, how can it be so easy to bridge?

not to mention.

He is also a genius.

Between a genius and a genius, cross the realm?

It's even harder!

Chapter 314 Ye Qiubai makes a move

Shi Sheng and the late Kang family False God Realm.

The duel between the two was not surprising.

Shi Sheng dropped his axe, and the opponent flew out of the competition arena.

That's it.

There are only two people left in the two families of Kang and Li.

middle.

Xiao Hei, and Ye Qiubai also played once.

At the end.

I don't know that Kang and Li's family have had bad luck these days.

He was kicked out of the game by the City Lord's Mansion and Ye Qiubai.

This also determines the candidates for the winner group.

Three members of the City Lord's Mansion represented by Zheng Haomiao.

Among them, Zheng Yongqi also made a shot, but it was a one-hit instant kill.

Can't see the depth of strength.

However, the realm is also in the half-emperor realm, which can be confirmed.

Today.

The candidates for the winner group have been determined.

Zheng Yongan took the stage again and said: "The loser group can choose the winner group again and challenge them. If the challenge is successful, they can take their place."

The six members of the loser group smiled wryly and shook their heads.

These six people, how do they challenge?

Go up and be abused again?

See No response.

Zheng Yongan was not surprised either. He looked at the winner group and said, "You six, do you need to rest and adjust?"

Zheng Haomiao shook his head, expressing that he didn't need it.

Zheng Yongqi and another man from the City Lord's Mansion didn't speak, but obviously they didn't need it either.

Ye Qiubai and the others also shook their heads.

The six of them did not consume too much aura in the previous game.

Basically, one move solves the battle.

On the other side, the mercenary guild and other people watching the battle were also discussing.

Exactly who will get their slot.

"The three members of the Caotang mercenary group, although their realm is much lower, they all have the ability to fight across borders."

"Yes, and able to kill the half-emperor who is qualified to attack the emperor's realm."

"However, don't forget that Zheng Haomiao and the other three are also half-emperors who can hit the emperor's realm. What's more, their strength and talent are stronger than Li Yun and the others."

"Well, Zheng Haomiao and Zheng Anqi are both geniuses, and they are geniuses for each other. How can the horizontal gap brought about by the realm be so easy to bridge?"

For a while, there were different opinions.

It's just that everyone is more inclined to the three people in the City Lord's Mansion.

However, the Caotang Mercenary Group can get at least one quota, which is pretty good.

Yang Qi also said solemnly: "Brother Ye, Zheng Haomiao and Zheng Yongqi are much stronger than Li Yun and the others, so be careful."

"After all, they were accepted as personal disciples by the elders of the first-class inland forces."

Ye Qiubai smiled and nodded.

He already has a preliminary understanding of Zheng Haomiao's strength.

The only thing he can't see through.

It was Zheng Yongqi.

He always felt that Zheng Yongqi's strength was a bit weird...

seems to be suppressing something?

Shi Sheng also discovered this, and said: "Be careful with that Zheng Yongqi."

Xiao Hei muffled: "Leave it to me."

Ye Qiubai smiled and said, "So sure?"

There was a hint of disdain for the world in Xiao Hei's eyes.

Maybe even he himself didn't notice this change.

Since recovering a small part of the memory fragments, Xiao Hei's character has become more and more arrogant, and his contempt for the enemy...

Zheng Yongan said at this time: "The winner's group, you can choose your opponent yourself."

And at this time.

Another person from the City Lord's Mansion stood up and pointed at Ye Qiubai.

This person is also in the Half Emperor Realm.

Ye Qiubai drew his sword and went up.

Does this mean he is the weakest?

Obviously, both Zheng Haomiao and Zheng Yongqi are stronger than this person.

But if he wants to get all three places, he must choose Ye Qiubai, who seems to be the weakest among the three.

Shi Sheng possesses the power of stars that has been lost for countless years.

Its strength and talent are self-evident.

Xiao Hei, in Yunqi City, crushed and killed Li Yun with his own power.

And this person's strength is comparable to that of Li Yun.

So, if he wants to get a spot, he will naturally choose Ye Qiubai who is not so famous in Yunqi City.
but.

Obviously, the news from the City Lord's Mansion is not that well-informed.

Didn't know that Ye Qiubai also killed a Half-Emperor by himself.

The man opposite Ye Qiubai took out a long stick, pointed at Ye Qiubai, and said, "Are you ready?"

Ye Qiubai held the Dark Demon Sword and didn't speak, but showed his attitude.

The man with the long stick burst out with the aura of a half emperor!

Rush towards Ye Qiubai!

Ye Qiubai did not move.

Zheng Haomiao and Zheng Yongqi stood together, watching this scene with their arms crossed.

"Is he the sword cultivator among the three?"

"I want to see how strong he is, and he can make my father tell me to pay attention."

And at this time.

Centered on Ye Qiubai.

A monstrous sword intent soared into the sky!

Enclose the entire competition arena!

Everyone felt this sword intent and couldn't help but marvel.

Sure enough, as rumored.

Ye Qiubai is a Great Sword Sect!

At such a young age, he has already reached the realm of the Great Sword Sect.

Only one step away from becoming a Juggernaut.

This kind of kendo genius is truly terrifying!

And the man with the long stick felt the sharp sword intent, which actually made him feel a sense of threat.

Can't help but be more careful in my heart.

The long stick in his hand suddenly swung out!

It turned into a shadow of sticks all over the sky.

At the same time, they smashed Ye Qiubai's head!

Ye Qiubai pointed out.

In the sword field, apart from the sword intent, there are four other artistic concepts!

Transformed into a sword array, attacking the man with the stick!

Four Absolute Sword Formation!

is the attack method of the Four Absolute Sword Masters!

And those stick shadows.

Under the attack of the Four Absolute Sword Formation, everything came to naught.

The man with the long stick rushed out of the Four Absolute Sword Formation, waved the long stick in his hand, and smashed it at Ye Qiubai!

Ye Qiubai's face was condensed, and he slashed out with the dark magic sword in his hand!

Heavenly Demon Nine Swords, Ninth Sword!

Boom!

The long sword meets the long stick!

Waves of air burst out on the competition stage!

Zheng Haomiao was slightly surprised: "At the early stage of the False God Realm, has he withstood this full-strength blow? There is some way."

The cold woman on the side, Zheng Yongan also raised her eyebrows slightly.

Even the man with the long stick was shocked!

Such a big horizontal ditch in the realm actually stopped his stick?

You know, he didn't hold back at all!

However, the next moment, danger came from my heart!

I saw the monstrous sword intent in the sword field, at this moment, from all directions, it turned into phantoms of giant swords, combined with the formation of four absolute swords, and shot towards his whole body!

The man with the long stick gritted his teeth slightly, he could only shake the long stick in his hand, and forcibly shook Ye Qiubai away.

Immediately, they kept waving their long sticks to resist the huge swords!

With the sword field of the Four Absolute Sword Formation, the power is naturally extraordinary.

And at the same time.

Ye Qiubai holds the dark magic sword in his hand, exuding a sense of endless life!

Gathered on the blade of the Dark Demon Sword.

The Sword Sutra of Taichu.

Ping Shanhe!

Swing a sword!

The sword light swung out!

Slash towards the man with the stick!

The man with the long stick also changed his expression drastically when he faced the Four Absolute Sword Domain.

With a loud roar, the long stick in his hand turned into a huge stick shadow!

Cut out horizontally!

Cut the sword shadow into pieces!

There is no pause.

Ye Qiubai's figure came when the sword glow shattered!

The sword pointed at the eyebrow of the man with the long stick.

The outcome has been divided.

Chapter 315 Kneeling on the knees, shaking the Dao heart!

Everyone looked at the scene on the competition stage in shock.

None of them expected.

Ye Qiubai was able to resolve the battle so quickly.

From the beginning of the battle to the present, it only took a few minutes.

You know, Ye Qiubai is only at the early stage of False God Realm now!

And what about the man with the long stick on the side of the City Lord's Mansion?

is a strong Half Emperor!

How big is the boundary span?

Zheng Haomiao's eyes also became slightly serious.

It is indeed not easy to be able to do this with the strength of the early stage of the False God Realm.

And, in his eyes.

Ye Qiubai is not only advanced in the realm of kendo, but also extremely powerful in many kendo methods!

Even more terrifying.

Ye Qiubai didn't make any extra moves!

At the same time, every sword cast, every blow released is just right!

Between the attacks, the connection is also pleasing to the eye.

It can be said.

Ye Qiubai's swordsmanship is extremely advanced!

This is also due to Ye Qiubai's fighting experience brought by years of leapfrog fighting.

This made Ye Qiubai's swordsmanship stronger and stronger.

The long stick man's eyes widened and his pupils shrank.

Looking at Ye Qiubai who had an indifferent expression in front of him.

And pointed at the center of his eyebrows, the sword intent spewed out by the sword finger seemed to pierce his eyebrows.

He never felt it.

Death, so close to him!

Ye Qiubai chuckled lightly and said, "You lost."

The man with the long stick nodded, admitting defeat.

Ye Qiubai withdrew his fingers.

"how did you do it?"

The man with the long stick looked at Ye Qiubai with a complex expression, and asked, "How can you calmly face such a big difference in realm?"

Face it calmly?

Ye Qiubai put away the Dark Demon Sword and said with a smile: "It's just that I have been fighting across borders all my life, and at the same time, I have never lost a single defeat."

"If you can do the same, you will naturally be able to face it calmly."

After speaking, Ye Qiubai stepped down.

The man with the long stick looked horrified.

Fighting across borders all the time.

Undefeated?

How arrogant and confident words?

If it is put in someone else's mouth, the man with the long stick may not believe it.

However, he believed that what Ye Qiubai said was true.

And immediately followed.

Zheng Haomiao stood up.

pointed to Shi Sheng.

"I want to see how powerful the power of the stars is."

Upon seeing this, Shi Sheng strolled onto the stage.

He took out the Ming Emperor Xuan Ax in his hand.

Feeling the power of stars slowly emerging from Shi Sheng's body.

This power makes people feel mysterious, but at the same time it is extremely deep and thick!

It seems to be able to contain everything in the world!

If in the same realm.

Zheng Haomiao may be afraid of three points.

However, Shi Sheng's current state is only in the late stage of False God Realm!

With him, there is a difference in realm!

How could he be afraid of it?

Zheng Yongan also looked at the competition stage.

There was anticipation in his eyes.

Zheng Haomiao is his heir.

Showed amazing talent since childhood.

Now, it is accepted as a personal heir by the first-class inland forces.

Its strength has been greatly improved!

He wanted to see how much Zheng Haomiao had improved in these years of cultivation!

at the same time.

The people watching the battle also looked at Shi Sheng curiously.

The power of the stars.

An unknown force.

What is the strength?

They don't know either!

Followed by Zheng Yongan, he fell down.

The game has officially started.

Zheng Haomiao looked at Shi Sheng, and said with a smile: "Let's do it, let me see how extraordinary this star power is."

Shi Sheng was not polite.

He wants to be beaten, then satisfy him.

Think here.

The Emperor Ming Xuan Ax in Shi Sheng's hand gathered a huge amount of star power!

The Minghuang Xuan Ax, which was already extremely heavy, became even heavier at this moment!

Immediately.

Shi Sheng stepped forward!

It's like stepping on the stars!

One step down, the competition stage actually made a vibration!

In an instant, he appeared in front of Zheng Haomiao!

Holding up the Minghuangxuan ax in his hand, the ax suddenly fell!

The power of the stars surrounds the ax body.

across the space, holding the shadow of the stars!

An ax fell.

Like stars falling!

Zheng Haomiao can clearly feel the heavy power in it!

This star power is indeed extraordinary.

However, if that's all.

That's nothing to pay attention to either.

Under the eyes of everyone.

Zheng Haomiao stretched out his palm.

In an instant, his palm was covered with red spar!

It's like turning into a piece of ruby!

Crystal clear.

Stretched out his hand, he wanted to grab Shi Sheng's ax with his hand!

This is the method that Zheng Haomiao learned from the first-class sect in the interior.

Ruby hand!

Covered with ruby, it is extremely hard!

At the same time, the huge aura gathered in the ruby.

Can add great attacking force!

It can be said that it is a method of integrating offense and defense.

Zheng Haomiao is also confident.

With the strength of the ruby hand, it is more than enough to resist the power of the stars.
but.

When Shi Sheng's Minghuangxuan ax landed behind Zheng Haomiao's palm turned into ruby.

His complexion changed instantly!

There was an unbelievable color in his eyes!

Heavy!

too heavy!

The weight brought by the Minghuang Xuan ax is not only the weight of the ax itself.

It is even thicker brought by the power of the stars!

Instantly!

Under the astonished eyes of everyone.

Zheng Haomiao actually bent his knees!

Kneel directly on the ground on one knee!

Click click click! !

Cracks appeared on the ground of the competition stage at this moment!

To know.

The competition arena in the City Lord's Mansion has been reinforced with formations!

And this blow.

Not only overwhelmed the powerful Zheng Haomiao.

It's even a shattered competition platform!

Shi Sheng's face was calm, and after he struck out with an axe, he stretched out his other hand.

The power of the stars is constantly gathering in the palm of your hand!

turned into a phantom of a star!

Holding the stars and boulders in your hands!

Slamming at Zheng Haomiao!

Zheng Haomiao's face changed drastically!

Under this axe, does the opponent still have the strength to attack again?

Zheng Haomiao gritted his teeth.

stretched out another hand that turned into ruby!

Want to defend against this star boulder!

Hands turned into rubies.

With the current state of Zheng Haomiao, it will be a huge burden to use it!

However, in this situation, it has to be used!

but.

Even so.

When Zheng Haomiao wanted to resist the phantom of the stars and boulders.

The other knee also crashed to the ground!

The current Zheng Haomiao.

Quite embarrassed.

Get down on your knees.

Not only does it mean that Zheng Haomiao's strength is not as good as Shi Sheng's.

directly shattered Zheng Haomiao's inner dignity!

Today.

Zheng Haomiao's face was pale and colorless.

seems to know the current situation.

A man has gold under his knees.

Kneel down and kneel down to parents.

But now, he is kneeling in front of his opponent!

How humiliating is this?

A mouthful of blood, spit it out!

In his eyes, he also doubted himself.

Zheng Yongan's face changed when he saw this scene.

Immediately shot, waved out with a palm.

Shot Shi Sheng to the back!

said at the same time: "Shi Shengsheng!"

Immediately, Zheng Haomiao, who was full of ashes, was taken down.

Obviously.

This battle shook Zheng Haomiao's heart.

As for a monk.

Dao heart shakes, what does it mean?

Chapter 316 Bullying the small with the big?

Zheng Haomiao grew up with a genius shining on his head.

Grow up in the admiration and awe of everyone.

He was also favored by the elders of the first-class forces in the inland area, and accepted him as his personal disciple.

All kinds of events made Zheng Haomiao's heart extremely inflated.

During the period, there was no setback.

are often able to crush opponents on the same border!

In Zheng Haomiao's eyes, people in the same situation can fight without being defeated.

Not to mention people with low realms?

Can now.

Zheng Haomiao was defeated by a person in the late stage of False God Realm?

Being crushed to the knees?

It can be said that there is no room for fighting back!

It is because of this gap.

This made Zheng Haomiao's haughty heart unacceptable, causing his Dao heart to waver.

Zheng Yongan looked at Zheng Haomiao, who had a pale face and a look of confusion in his eyes, and couldn't help sighing secretly.

His son.

This life has been too smooth.

This also leads to an overly arrogant personality.

Too rigid and easy to break.

He said this truth more than once.

However, Zheng Haomiao is determined to go his own way, insists on not changing, and still despises anyone.

Think of your own talent, don't lose to anyone!

Now, it has turned a big somersault.

There are pros and cons.

If you cross over.

Then, Zheng Haomiao's state of mind will have a great leap forward, and his realm of strength will also change from the past and rise to a higher level.

only.

If you don't step over.

Then Zheng Haomiao's achievements in this life are limited.

This will become an eternal nightmare in his heart...

certainly.

As Zheng Haomiao's father.

Zheng Yongan was still a little displeased, and took a deep look at Shi Sheng.

Shi Sheng felt the castellan's gaze.

also looked at the past.

The eyes are pure, without the slightest panic.

Bland exception.

This surprised Zheng Yongan slightly.

Having been in a high position for many years, the aura and coercion on his body are much stronger than that of ordinary ascetics.

Looking at him, Shi Sheng acted as if nothing happened.

It can be seen how stable his mood is.

Immediately.

Zheng Yongan looked at his daughter, Zheng Yongqi, with deep eyes.

Zheng Yongqi noticed her father's gaze.

With cold eyes, he nodded.

She understood what her father meant.

She also knows what to do.

Although it is a competition.

During the sparring, the world is unpredictable, and it is normal to be damaged.

That's what it says.

However, shouldn't people be more inclined to their own blood relatives?

Seeing his son, he was so hurt.

Although the other party is right, how can it be possible that he will not have emotions?

Some people are rational.

That just hasn't reached the point of irritating him yet.

Once provoked.

Rational people can also become emotional.

And for the next game, there is no need to draw lots.

Even, there is no need to fight.

Ye Qiubai, Shi Sheng, Xiao Hei, and Zheng Yongqi have all confirmed their places.

No one wants to challenge the quota seat.

Zheng Haomiao's heart was shaken.

The man with the long stick also thought he couldn't beat the opponent, so he smiled wryly and shook his head.

This scene.

It also shocked everyone.

None of the three members of the Caotang Mercenary Group entered the Half Emperor Realm!

But they occupy three places in Kunlun Tianchi!

Three of them, all have the ability to leapfrog combat!

Especially Ye Qiubai.

With the strength of the early stage of the False God Realm, he defeated the Half Emperor who was strong enough to hit the Emperor Realm!

It can only be said... too exaggerated.

However, Ye Qiubai's state of kendo is not in line with the state of Taoism.

The realm of the Great Sword Sect has made him surpass his own cultivation realm.

Yang Zhenhuai also smiled happily.

Although the three of them, Ye Qiubai, are not direct descendants of their Yang family.

However, it is in the name of the Yang family to participate in this quota competition.

So, the subsequent division of resources, or the Yang family's reputation and right to speak, has greatly improved!

At the same time, he also looked at Yang Qi with admiration, and said, "Qi'er, thanks to you!"

If it wasn't for Yang Qi's suggestion.

And he did not hesitate to pay to transfer the identity of the heir to the patriarch, and retained the three members of the Caotang Mercenary Group.

Then, the Yang family is really going to cry to death...

But.

Don't wait for everyone to finish the discussion.

Zheng Yongqi's cold voice resounded throughout the competition arena.

"There is another person who hasn't fought before. I want to learn from each other. Otherwise, I just won the place in Kunlun Tianchi. Don't say that I won it by luck."

Everyone looked over.

My heart trembled.

Obviously.

The City Lord's Mansion wants revenge.

Zheng Yongqi wants to challenge Xiao Hei!

Ye Qiubai also looked over, chuckled lightly, and said, "City Lord's Mansion, can't you afford to lose?"

As soon as this remark came out, everyone in the City Lord's Mansion stared angrily!

A series of huge auras crushed towards Ye Qiubai!

Zheng Yongan also looked over indifferently, took a step forward, and said, "Little Huangkou, why do you say that?"

The strength of the late stage of Emperor Realm exploded out!

The sense of oppression was like Mount Tai, pressing down on Ye Qiubai!

Ye Qiubai shrank his pupils and bent slightly.

Immediately, pointing to the sky, the sword pointed out!

The sword field is expanded!

The meaning of the Great Sword Sect rises to the sky!

Want to resist this terrifying force!

Everyone was horrified.

Leaf autumn white.

Actually wanted to use the strength of the early stage of the False God Realm to resist the city lord of Yunqi City, the top powerhouse in the late stage of the Emperor Realm?

Looking at the surging sword intent all over his body, he constantly resisted the oppressive force.

Ye Qiubai still didn't bend his knees.

Zheng Yongan raised his eyebrows slightly.

"You really interest me, let's see how long you can last."

After finishing speaking, stick out a finger.

The coercion has once again increased!

Ye Qiubai frowned slightly.

At this time.

An old man appeared in front of Ye Qiubai.

The coercion on Ye Qiubai's body also disappeared.

The old man looked at Zheng Yongan indifferently, and said: "Your Excellency, the city lord, bullying a junior, isn't it good?"

Yang Zhenhuai immediately said respectfully: "Old ancestor."

The old man is the ancestor of the Yang family!

A strong man in the middle stage of Emperor Realm.

Zheng Yongan frowned slightly, then waved his hand, turned around, and said, "I just want to see the talent of the younger generation."

See Zheng Yongan no longer shoot.

The ancestor of the Yang family turned his head, looked at Ye Qiubai and the three of them, and said, "You are very nice. Being able to get acquainted with you is the best thing the Yang family has done in these years."

After speaking, he disappeared in place.

And at this time.

Xiao Hei on the side took a step forward.

Surrounded by magic!

Stepped on the competition stage, looked at Zheng Yongqi, full of magic!

"Come up."

Just two words, full of irresistible meaning!

Shi Sheng looked at Xiao Hei, smiled and said: "It seems that the woman is going to be miserable."

They are all clear.

Today's Xiao Hei.

Angry!

Zheng Yongan bullies the small with the big.

That being the case.

Xiao Hei also wants to use his own way to treat his own body.

In his eyes.

Zheng Yongqi is not a junior?

Zheng Yongqi was also slightly taken aback.

Excitement!

When the reaction comes.

A look of sullenness flashed across his eyes.

drew a thin sword.

Rapier, covered in the color of ice and snow!

On the hilt of the sword, there are two ice flowers embellished.

Chill surges!

Feel this breath.

Yang Zhenhuai frowned, and said, "This is the aura of the Cold Spirit Sect?"

Han Lingzong.

First-class power in the interior!

Among the first-class forces, it is also an extremely powerful existence!

It is the existence of a strong person in the Dao realm!

Chapter 317 Get up and continue

The status of the Cold Spirit Sect.

Extremely high inland.

Even if it is placed among the first-class forces, it is still an extremely strong sect!

No one thought of it.

Zheng Yongqi actually joined the Cold Spirit Sect!

However, this point has no effect on Xiao Hei.

He just knows.

Zheng Yongqi bullied the small with the big, and wanted to force his brother to kneel down?

Then, he can also use the big to bully the small and oppress his daughter, right?

Or?

Killed her?

Zheng Yongqi held the Frost Foil Sword, looked at Xiao Hei with cold eyes, and said indifferently: "In the matter of learning, life and death cannot be avoided, after all, hands are not important."

Obviously.

Zheng Yongqi is extremely confident in her own strength!

She also had the idea of beheading Xiao Hei!

Xiao Hei didn't speak.

Ye Qiubai smiled and said, "Since that's the case, life or death will matter in this battle?"

Zheng Yongqi was slightly taken aback, where did the other party's confidence come from?

Let's not talk about it, the realm gap between the two.

You know, Zheng Yongqi was accepted as a disciple by the deputy head of the Cold Spirit Sect, and was personally taught by him!

And Zheng Yongqi.

Even possesses the body of an ice spirit.

It is very suitable for the practice of the Cold Spirit Sect!

Zheng Yongqi is confident that even the strongest in the imperial realm can contend!

But what about Xiao Hei standing in front of her?

The strength obviously has not stepped into the realm of the half emperor!

However, Ye Qiubai's words also made Zheng and Zheng Yongqi mean.

And when Ye Qiubai said this.

Yang Qi quickly persuaded: "Brother Ye, calm down! Zheng Yongqi is from the Cold Spirit Sect!"

Ye Qiubai shook his head and said with a smile: "Don't worry, she is no match for my junior."

Not Xiao Hei's opponent?

Yang Qi stared blankly at Xiao Hei on the competition stage.

I saw Xiao Hei's face full of indifference.

Magic flowed in the eyes!

The magic that cannot be suppressed in the whole body has the power to make all living beings surrender!

At this time, Zheng Yongan started with a sound.

Boom!

Around Zheng Yongqi's body, the ice aura was running wildly!

The entire arena was actually frozen!

The entire ground of the competition arena has turned into ice!

Sudden drop in temperature.

It also changed the faces of those watching the battle.

Reiki triggers environmental changes?

Will Xiao Hei be able to resist this powerful artistic conception of ice?

Zheng Yongan also nodded slightly.

Zheng Yongqi's talent is above that of Zheng Yongan.

Now he is accepted as a disciple by the Cold Spirit Sect, and his progress in cultivation also makes him quite proud!

But, Xiao Hei who is opposite her.

But unmoved.

on the contrary.

A wave of magic surged instantly!

Behind him, a huge phantom gathered!

The Demon God is coming!

The specter's eyes glanced at all living beings, with the intention of looking down on the world!

Overlooking all living beings!

As if in his eyes, all living beings are ants!

Immediately.

Xiao Hei took one step forward!

The ice layer under the feet shattered in an instant!

Charged towards Zheng Yongqi!

Like a prehistoric beast!

Three lines appeared on the bodies of Xiaohei and Moying at the same time.

The Eternal Magic Physique, at this moment, is at its peak!

Today.

In Xiao Hei's eyes, it is Zheng Yongqi who is tearing apart in front of him!

Zheng Yongqi frowned slightly.

The ice sword in the hand danced out.

Blossoming ice sword flowers appeared in front of her.

Every sword flower is filled with the meaning of ice!

Bitter cold!

And Xiao Hei, who charged violently, also had streaks of icy scum on the surface of his body.

To delay Xiao Hei's sprint speed.

But?

What's the use of this?

The speed has not decreased in the slightest.

Whenever ice **** appears on Xiao Hei's body, it will be destroyed by the surging muscles!

And the blossoming ice sword flowers also shot towards Xiao Hei at this moment!

Jian Hua at this moment.

It seems to have turned into a sword of ice!

As if to pierce Xiao Hei's body!

Seeing this, Xiao Hei's expression didn't change at all.

While the magic was surging, he punched out!

this moment.

Demonic roar!

The magic surges out!

The phantom of the demon **** punched at the same time at this moment!

It's like destroying cities and mountains!

Boomed on those ice sword flowers!

In an instant.

The ice sword flower instantly shattered!

turned into pieces of ice crystals.

scattered in the space.

Zheng Yongqi did not change color, but smiled slightly.

I saw her holding a sword in one hand and making a tactic with the other!

The ice crystals scattered in the space of the competition platform.

At this moment, it turned into a thin sword of ice!

Turn the direction and shoot towards Xiao Hei again!

Filling the sky with fine swords.

It's like a thousand swords destroying a city!

The small blade of the sword is extremely sharp!

Everyone was amazed when they saw this scene.

Sure enough.

A person who can be accepted as a disciple by the Cold Spirit Sect.

Unusual!

With the rain of swords all over the sky, even the Half Emperor powerhouse present felt that he had no room to resist!

Will only be pierced through the flesh by this rain of swords all over the sky!

Xiao Hei kept swinging his fists.

Blast those thin swords into pieces!

But, how dense is this sky-filled rapier?

There is still a fish that slipped through the net, and landed on Xiao Hei's body!

This is the moment.

Zheng Yongqi's face changed.

This sky-filled rapier.

Turns out it was just white marks left on Xiao Hei's body!

Not even bloodstains flowed out!

Xiao Hei's face didn't feel any pain.

Perhaps he felt that even if the sky-filled rapier fell on his own body, it would be harmless.

then simply gave up the defense and let the rapiers fall from the sky.

And Xiao Hei himself stepped on the competition platform again.

Demonic Qi burst out!

Stepped out of the cracks in the contest platform in an instant!

Speed surge.

Charge to Zheng Yongqi!

this moment.

Zheng Yongqi's complexion also changed!

Wanted to perform the exercises, but saw that Xiao Hei had already bullied her in front of her.

In a hurry, the Frost Sword pierced out!

The fusion of sword intent and ice intent is daunting!

Xiao Hei's face was indifferent, and he gathered his five fingers together, turning his palm into a fist!

Blast out with a punch!

The phantom of the demon **** behind him also punched!

Boom!

Frost foil pierces through the giant fist.

Not having any time to think about.

Zheng Yongqi was directly blasted out!

Regressed dozens of steps and came to the edge of the competition stage!

At the same time, blood dripped from the corner of his mouth.

The originally delicate and white face also showed an unhealthy red at this moment!

Looks poignantly beautiful.

only.

Xiao Hei obviously has no interest in women.

Not to mention the daughter of the enemy.

In his eyes, he is just an enemy who will be torn apart by him!

Boom!

There was a huge shock from the competition platform!

Xiao Hei's figure disappeared in place again!

next moment.

appeared in front of Zheng Yongqi.

One punch, blast out again!

Zheng Yongqi's complexion changed drastically.

Too late to react.

Hold the sword to block!

One punch blasted the competition stage away!

But.

Just in everyone's opinion.

When the game ended like a crushing trend.

Xiao Hei stepped forward in one step.

The phantom of the demon **** behind him stretched out his palm.

Hold Zheng Yongqi who is flying upside down in mid-air!

Suddenly smashed back onto the competition platform!

Click click click!

The tournament stage is broken!

Countless cracks, as fine as a spider's web!

Zheng Yongqi fell down, and blood spurted out!

Xiao Hei stood in mid-air.

Looking at Zheng Yongqi indifferently, he said, "Get up and continue."

At this moment, everyone is silent...

Chapter 318 The magic halberd comes out!

Xiao Hei was in mid-air.

Phantoms come to the world, black air is everywhere!

The entire sky seemed to be turning gray at this moment.

this moment.

Xiao Hei is like a demon **** descending!

Zheng Yongqi, who was lying on the competition stage, was bleeding from his mouth, and his body was broken, looking extremely embarrassed!

Everyone watched this scene in horror.

Obviously.

Xiao Hei does not intend to let Zheng Yongqi go easily!

He really wanted to kill her!

only.

This is the territory of the City Lord's Mansion!

How dare he?

Yang Zhenhuai is also kind to persuade: "Ye Xiaoyou, this is the territory of the city lord's mansion, and the city lord Zheng Yong'an is the strongest person in Yunqi City. At that time, if Zheng Yong'an gets angry, even the ancestors will stop him." No way!"

Ye Qiubai shook his head and said, "Don't worry, I have my own means."

means.

Yang Zhenhuai was slightly taken aback.

Could it be that Ye Qiubai still has a hole card?

Can it compete with the strong in the late stage of Emperor Realm?

However, since Ye Qiubai said so.

Yang Zhenhuai also stopped persuading.

He knew that a person like Ye Qiubai would not talk empty words and pretend to be powerful!

Today.

Zheng Yong'an looked at this scene with a livid face!

The breath of the late stage of Emperor Realm, even if it is not deliberately released.

At this time, it is also uncontrollable revealed!

Obviously.

Zheng Yong'an is angry!

However, he did not expect that Zheng Yongqi would be defeated by Xiao Hei!

And it is still crushing.

The defeat was so miserable!

"enough!"

I saw Zheng Yongan drink it out!

An extremely powerful sense of oppression, crushing towards Xiao Hei with all its strength!

But.

At this time, Ye Qiubai moved.

I saw him coming in mid-air, behind Xiao Hei, and stopped in front of Zheng Yongan.

A jade pendant came out!

Boom!

A sword array releasing a destructive aura!

At this moment, emerge!

In this jade pendant, engraved with the sword array arranged by Lu Changsheng!

Give it to Ye Qiubai for self-defense!

The sword array perfectly resisted Zheng Yongan's aura!

At the same time, Zheng Yongan was shocked for a while!

I saw Zheng Yongan looking at the sword array in front of him with an uncertain expression!

Among them, the meaning of threat.

Even Zheng Yongan, who is in the late stage of Emperor Realm, has to be afraid of three points!

What kind of sword formation is this?

Zheng Yongan said with an ugly face: "Are you really going to do everything right?"

Ye Qiubai chuckled lightly and said, "Master City Lord, life and death don't matter, but your daughter said it in person, but at this time, it's not good to intervene?"

Heard the words.

Zheng Yongan's face became even uglier.

"He is my daughter, is it possible that I want to watch her get killed?"

"And, if he is killed, you will also take action?"

Hear here.

Ye Qiubai said without hesitation: "My junior brother will not lose, and it is impossible to lose!"

The confidence in his tone made Zheng Yongan's expression change again!

And at this time.

Zheng Yongqi on the competition stage, biting her pale lips, got up slowly, and said, "Father, I haven't lost yet."

Hear this sentence.

Zheng Yongan calmed down slightly.

It seems that Zheng Yongqi still has a hole card to play!

Zheng Yongqi stared at Xiao Hei coldly.

There is a bit of fear in the eyes, but also a bit of seriousness.

"I didn't want to use this trick. After all, using this trick will have great side effects for me."

"However, since you want to die, I won't hold back."

Speaking of which.

I saw a pure white snowflake imprint appeared between Zheng Yongqi's eyebrows!

When this snowflake mark appears!

The temperature of the entire space seems to have dropped to absolute zero!

Everyone couldn't help but shudder.

As a last resort, I used my aura to resist this biting ice!

However, they were horrified to find that the aura could not be resisted at all!

This is the meaning of ice.

Like tarsal maggots!

penetrated the aura and entered their bodies!

Ascetics with lower realms have to keep retreating!

But.

It's not over yet.

I saw Zheng Yongqi wiped the blood from the corner of her mouth, and ran her **** finger across the pure white snowflake mark between her eyebrows!

Hurrah!

The wind and snow began to howl!

The pure white snowflake imprint on the center of the eyebrows turned into blood at this moment!

looks coquettish and poignant!

Zheng Yongqi's aura began to soar!

The body shape gradually blended into this blizzard!

The blood-red snowflakes that appeared out of nowhere turned into blood-red rapiers at this moment!

"This is the secret technique of the Cold Spirit Sect. If you can resist it, then I will lose."

"However, you probably don't have this chance..."

The voice just fell.

The blizzard that turned into a blood-red rapier swept towards Xiao Hei with the force of the storm!

The momentum is terrifying!

Watching this scene.

Xiao Hei's eyes were still indifferent.

this moment.

In Xiao Hei's hand, a long halberd appeared.

In the long halberd, there are magic patterns engraved!

In the magic pattern, the magic energy surges!

And when Xiao Hei took out the halberd, his aura surged again!

The phantom of the demon **** behind him also took out a long halberd in his hand!

That's right.

This long halberd.

It was something Lu Changsheng bestowed on Xiao Hei!

Its name is: Nine Heavens Demon Halberd!

This is also the first time Xiao Hei uses this magic halberd.

The demonic nature contained in it actually rushed straight into Xiao Hei's sea of consciousness!

Almost lost my mind!

If it wasn't for the protection of the seal in the sea of consciousness.

Maybe Xiao Hei has completely fallen into a state of obsession!

at the same time.

Xiao Hei took a long breath.

Holding the Nine Heavens Demon Halberd in both hands.

Waved out with a bang!

The demonic energy surged like a tsunami!

Hit the blood-red blizzard!

Boom!

Space, at this moment, a crack appeared!

It seems that this space cannot withstand the overbearing power of this magic halberd!

And this magic halberd fell!

The blizzard that filled the sky happened at this moment.

One blow is broken!

The blizzard dissipated at this moment!

Zheng Yongqi's figure appeared again at this moment!

I saw her kneeling on the ground with her hands on the ground, coughing up blood!

Every time you cough, a lot of blood will be spilled on the ground!

Dye the ground red!

Zheng Yongqi was in pain, and said in horror: "This... what kind of weapon is this?"

Xiao Hei did not answer.

The magic halberd pointed forward, pointed at Zheng Yongqi, and said, "It doesn't matter whether you live or die."

"Since you are defeated, then die."

Finished speaking.

Regardless of Zheng Yongqi's pretty face in fear.

Shoot towards Zheng Yongqi!

The magic halberd smashed out from top to bottom!

Zheng Yongqi in the sky saw this scene and roared loudly.

Shoot with one palm!

Ye Qiubai let out a cold snort, urging the sword formation!

The destructive sword intent turned into a big sword at this moment, facing this palm!

Break it!

And at this time.

Everyone's eyes followed Xiao Hei's magic halberd!

I see.

The magic halberd hit Zheng Yongqi's mortal body directly!

Boom!

The martial arts arena cracked at the sound!

at the same time.

Bloodstains were also sprinkled all over the spot!

Obviously.

Zheng Yongqi fell on the spot!

Everyone was horrified.

Xiao Hei.

Not only killed Zheng Yongqi across the border.

What's more, it's in the territory of the City Lord's Mansion.

In front of the city lord Zheng Yongan, beheaded his daughter!

How bold? !

Chapter 319 The power of the sword array!

Zheng Yongqi.

As the strongest person in Yunqi City, the daughter of Zheng Yongan, the lord of the city lord's mansion.

How noble is your status?

not to mention.

The current Zheng Yongqi was actually accepted as a disciple by the first-class inland power, the Cold Spirit Sect.

In the Cold Spirit Sect, he has a certain status.

Under all kinds of halos.

Was he still killed by this devil-like figure in front of him?

How bold?

Even if he is not afraid of offending the City Lord's Mansion, isn't he afraid of the Cold Spirit Sect?

If you are hunted down by the Cold Spirit Sect.

That is the existence of a strong person in the Dao realm, relying on the strength of the three realms.

Is there any way out?

Yang Zhenhuai watched this scene with serious eyes.

My heart is deep.

He knows that today's matter may not be good.

How to adjust positioning?

is to continue to stand on the same boat with Ye Qiubai and the three of them.

Or... disassociate yourself from them?

Ruo still stands aside.

Then, the Yang family will face more than just the City Lord's Mansion.

It is the monstrous anger of the Cold Spirit Sect!

If it was just the City Lord's Mansion that was in trouble, relying on the strength of the Long Family in Longqi City, the City Lord's Mansion would not dare to act rashly against the Yang Family.

After all, the strength of the Long Family is much stronger than that of the City Lord's Mansion.

It's just that, if it's the Cold Spirit Sect?

A first-class force in the interior.

The Yang family may not be able to escape this catastrophe.

Yang Zhenhuai's eyes were ugly.

Looking at Ye Qiubai who was confronting Zheng Yongan, Xiao Hei who was like a demon god, and Shi Sheng who looked calm and honest, as if he didn't have any worries.

My heart is very tormented.

To be honest, he is very optimistic about the future of these three people.

Talent is so strong.

In the future, it will definitely stir up the situation in the borderless domain!

Of course, the premise is...survive.

As the head of the family, he had to think so much.

You can't ruin the future of the Yang family for your own selfish desires.

this moment.

Yang Zhenhuai, caught in a dilemma...

In the spectator seats.

Luo Yun watched this scene with serious eyes.

She was also thinking about whether to send out the mercenary guild.

The future of the three of Ye Qiubai will definitely not be low.

Saving them is good for the Mercenary Guild.

But the disadvantage is that it is an enemy of the Cold Spirit Sect!

But think about it.

Luo Yun still decided that as long as Ye Qiubai and the three escaped from the City Lord's Mansion alive this time.

Then, report the matter to the guild's senior management and let them make a decision.

This can be regarded as the best of benevolence.

...

And at this time.

Zheng Yongan in mid-air had an extremely gloomy expression.

In the eyes, it seems that the anger is surging!

The fire is enough to burn the city!

Killed his daughter in front of his face?

This kind of thing, whether it is face or liking!

Can't make it through!

Below, Zheng Haomiao, who was in a trance, also came back to his senses. Seeing this scene, he gritted his teeth and let out a dull roar from his throat!

Facing the air, Xiao Hei, who looked indifferent and full of magic, rushed towards the air!

Zheng Yongan saw this.

With anxious eyes, he pointed out.

A wave of spiritual energy enveloped Zheng Haomiao's body and threw him back.

"Hao Miao, don't be impulsive! Leave everything to me."

Zheng Haomiao calmed down.

However, there was still extreme resentment in his eyes!

He knew he was no match for the opponent.

Because of this, he hated himself for not being strong enough!

He wants to become stronger!

Get stronger and get revenge!

Because of this idea, Zheng Haomiao's originally wavering heart was stabilized.

It's just... this direction is a bit off...

Zheng Yongan looked at Ye Qiubai in front of him, afraid of the sword formation in front of him, he didn't make a move, suppressed his anger, and asked in a deep voice: "Shouldn't we give us an explanation for this matter?"

Ye Qiubai chuckled lightly, raised his eyebrows slightly, and said, "Confession? Confession for what?"

"Of course it's your junior brother who killed my daughter."

"Heh." Ye Qiubai laughed sarcastically, and said with some sarcasm: "I don't care about life or death, it was your daughter who proposed it."

"This matter is also agreed by you by default."

"What is there to explain?"

"Is it possible that you want my junior brother to pay for your daughter's life?"

Zheng Yongan's face was gloomy.

The reason why he agreed was because of Zheng Yongqi's self-confidence.

It's also because he thinks that Xiao Hei doesn't have that kind of strength!

This is the default!

However, now Zheng Yongqi was killed?

"Even so, she is still my daughter."

Zheng Yongan shouted in a deep voice: "She was killed in front of me, if I don't avenge her, how can I be a father?"

Hearing this, Ye Qiubai nodded in agreement: "Indeed, if it were me, I would do the same."

Zheng Yongan was slightly surprised: "Oh? Then you promised to hand over your junior brother to me?"

Ye Qiubai shook his head and smiled, "I mean, you can make a move, but whether you can do it depends on your ability."

"You fool me?"

Zheng Yongan looked gloomy.

"Thought so."

Autumn leaves, white clouds and light wind.

Zheng Yongan's complexion turned blue and white, and then he let out a cold snort.

Run the whole body aura.

The strength of the late stage of Emperor Realm exploded at this moment!

Crazy revolving around his body, and then gathered in his palms.

Shoot with one palm!

A palm print like a mountain slapped towards the sword array!

Wants to kill Xiao Hei.

This terrifying sword formation must be eliminated!

Ye Qiubai smiled faintly.

Holding the jade pendant and manipulating the sword formation, the monstrous sword intent converged into a giant sword, facing this huge palm print!

A sword stabs out!

It seems that everything has died down!

The sword intent in it was so violent that it pierced through this space!

Pierce this huge palm print directly!

Zheng Yongan's expression changed.

This sword array actually gave him a death threat!

What level of formation is this?

The sword intent in it is so terrifying!

Even if it's the Sword Master Sword Intent, it's nothing more than that, right?

However, there is no time to think about it.

In order to block this sword.

Zheng Yongan waved his palms, and the monstrous aura gathered in his palms!

Quickly turned into a huge spiritual vortex!

Immediately, in the whirlpool of spiritual energy.

A giant hand actually appeared!

Pinch towards the sweeping sword of sword intent!

Want to crush that sword to block it!

But.

How could the sword array engraved by Lu Changsheng be simple?

Although the rules of the sword are not engraved.

However, its sword intent is still extremely powerful!

Even Ye Qiubai thought about it with emotion.

Master Lu Changsheng's strength, what realm has he reached?

How far has his kendo reached?

It is extremely deep.

Mysterious exception.

Ye Qiubai couldn't see through him as a master.

but.

He has never seen anyone whose strength can compare with Master.

At this time.

The giant hand that appeared in the aura vortex tightly pinched the Sword Intention Transformation Sword in its palm!

But.

Just pinch the moment!

Zheng Yongan's expression changed.

There are bloodstains on both hands!

Blood surges!

The blood vessels in his hand started to burst!

but.

Now, I can only persevere.

Once this sword strikes.

I'm afraid it could kill him!

Puff Chi Chi!

The sword intent is surging wildly!

Zheng Yongan also knew that he couldn't hold on, so he could only shout: "I understand, if you don't make a move!"

But Ye Qiubai still didn't stop...

Chapter 320 Borrowing a knife to kill someone!

stop?

Ye Qiubai sneered inwardly.

How to stop.

Leaving aside, now they have formed a deadlock with Liang Zi of the City Lord's Mansion.

Either you die or I live.

Now stop.

Waiting for the future, the city lord's mansion crazily retaliates against Ye Qiubai and the others?

Ye Qiubai would not be so stupid, nor would he do such a stupid thing!

As long as the enemy.

It is necessary to cut the weeds and eradicate the roots!

Don't hold back anything!

not to mention.

They killed each other's daughter.

Now stop.

will only let their side, followed by a poisonous snake!

One chance.

This poisonous snake will attack with poison!

One hit kills!

Ye Qiubai can't let this kind of thing happen!

Zheng Yongan saw that Ye Qiubai had no intention of stopping, and his face was extremely ugly.

He knew it too.

In this situation, the opponent will definitely not stop.

If it were him, he would definitely do this matter to avoid future troubles!

This is what a smart person does.

Think here.

Zheng Yongan no longer opened his mouth, but pointed to the sky with one hand, pinched his seals!

In the city lord's mansion.

A formation soared into the sky!

The power of the formation was actually blessed on Zheng Yong'an's hands!

turned into a golden phantom armor!

at the same time.

The giant hand protruding from the vortex was also covered with golden armor at this moment!

For a while, the breath surged again!

Yang Zhenhuai's face changed slightly.

He had heard it a long time ago.

In the city lord's mansion, Zheng Yong'an spent a lot of money to invite the formation master from the inland, and set up this kind of formation!

Owned this formation.

Today's Zheng Yong'an.

I am afraid that he is much stronger than the average late emperor realm powerhouse!

But.

Even so.

What's the use of that?

The golden armor transformed by the power of the formation is extremely powerful.

But the power of the sword formation still surpassed the power of the opponent's formation!

The terrifying sword intent surged wildly!

Across this world!

Break through space, destroy mountains and cities!

Put the golden armor on the giant hand.

Agitated ripples!

Make its golden armor tremble constantly!

is at stake!

Zheng Yong'an's expression changed.

Even so, can't it be easily blocked?

Who set up this sword formation? !

Roaring in my heart.

From the ring, one after another treasure was taken out again.

These treasures.

are all high-level items that the City Lord's Mansion has seized or photographed over the years.

Even if it is auctioned on the market, it can be sold for a very high price!

Although Yunqi City is a border city.

But Zheng Yongan is always the lord of this Yunqi City!

Its background is still very deep!

Looking at the treasures, they threw them into the sword array.

But it was directly damaged by the Sword Intent Transformation Sword!

Zheng Yongan's heart was bleeding.

However, seeing the power of the giant sword, it began to slowly decline.

Zheng Yongan didn't care too much.

No matter how much money there is.

How can life be important?

The green hills are kept so that there is no need to worry about no firewood.

Zheng Yongan still understands this truth.

finally.

The power of the sword array began to drop to the lowest level.

After all, it is the array stored by Yupei.

The sword array engraved by Lu Changsheng has only one blow.

Didn't leave too much power.

Zheng Yongan's attack was broken.

When the body is seriously injured and the breath is weak.

The sword array also disappeared...

Zheng Yongan said with a solemn face: "Who are you?"

Can have this sword array.

I'm afraid the background is extraordinary.

Ye Qiubai smiled and said, "This is not something you should worry about."

Heard the words.

Zheng Yongan also had some ideas in his mind, pondered for a while, and said, "Let's go."

Zheng Haomiao on the ground heard these words and immediately shouted: "Father!"

"Shut up!"

Zheng Yongan stared!

Then he looked at Ye Qiubai and said, "Let's leave this matter alone."

Ye Qiubai took a deep look at Zheng Yongan, then turned and left.

He didn't believe Zheng Yongan's words.

However, it is no longer possible to make another shot.

Although the opponent has been seriously injured.

However, after all, he is a strong man in the late stage of Emperor Realm.

This kind of strong man, once he fights for his life.

With the combined strength of Ye Qiubai and the three of them, he might be able to kill him, but he would have to pay a painful price.

In the City Lord's Mansion, Zheng Yongan is not the only one.

The Li family and the Kang family are also watching.

He can't take a chance.

Thinking of this, Ye Qiubai greeted Xiao Hei and Shi Sheng, and left this place.

This matter is temporarily over.

In the spectator seats, Luo Yun looked solemn and left immediately.

He Lin on the side asked: "What are you going to do?"

Luo Yun walked out without looking back.

Leave only one sentence.

"Report to the high-level guild."

He Lin was slightly taken aback.

However, I also understand Luo Yun's intentions.

This kind of talent must be recruited!

is also worth wooing!

Yang Zhenhuai sighed secretly, as if he had decided on something, he held Yang Qi back and said, "Let's go, let's go too."

Yang Qi nodded, trying to keep up with Ye Qiubai and the others.

However, Yang Zhenhuai grabbed him and walked to the other side.

Yang Qi was surprised.

"Father?"

Yang Zhenhuai sighed and said: "The Yang family is a low-level force after all, we can't compete with the Cold Spirit Sect..."

Yang Qi was anxious when he heard this.

But he understood Yang Zhenhuai's reasoning.

He could only leave with Yang Zhenhuai.

When people were discussing one after another, after leaving the City Lord's Mansion.

Looking at the dilapidated martial arts arena and the bloodstains in the collapsed martial arts arena.

Zheng Yongan felt heavy in his heart.

Zheng Haomiao came over and asked angrily: "Father, why did you let them go!"

Zheng Yongan turned around, looked at Zheng Haomiao, and said in a deep voice, "Just avoid the edge."

"After all, we don't know what cards the opponent has."

"That can't be..."

Zheng Yongan waved his hand and interrupted Zheng Haomiao's words.

said: "Hao Miao, you set off immediately, go to the master's gate and the cold spirit sect, and inform them of this matter."

Zheng Haomiao stared slightly.

Immediately, he cupped his fists and turned to leave.

He understood what his father meant.

This is to... borrow a knife to kill someone!

...

And at this moment.

The center of the borderless domain.

There is a huge imperial city!

This imperial city may be a bit bigger than the Southern Region!

And this imperial city is the center of power in the Borderless Domain.

Here stands the ruler of the Borderless Domain.

That is, Boundless Dynasty!

In a hall.

A man is practicing.

At this time, an armored guard came in, cupped his hands and respectfully said: "Your Highness, the Kunlun Tianchi is about to open."

The man opened his eyes and nodded.

Nowadays, although the realm of men has exceeded the entry conditions of Kunlun Tianchi.

However, whenever Kunlun Tianchi opens.

The royal family will send people there.

after all.

Kunlun Tianchi can still discover some geniuses.

Worth wooing.

I saw the man walking out of the hall, looking towards the direction of Kunlun Snow Mountain, and said with a smile: "I don't know if Brother Ye and the others will go."

Immediately, with a chuckle, he shook his head and said, "No, with their strength and talent, they will definitely go."

"See you later, let's see how far your strength has risen..."
