Chapter 33 Willow: You seem to be unable to recognize yourself...

Countless thunder dragons poked out their heads from the dark clouds and looked at Lu Changsheng!

Immediately swooped down towards Lu Changsheng!

Thunder roars!

It's like a disaster that will destroy the world!

Lu Changsheng swooped down facing the countless thunder dragons!

Lightning kept striking around, but unfortunately they couldn't penetrate Lu Changsheng's aura defense.

With a radius of ten miles around Lu Changsheng's body, it is like a pure land outside the world, no lightning can strike here!

At this time, Thunder Dragon had already reached Lu Changsheng's aura protection field!

Boom!

Brontosaurus crazily poured over the barrier!

However, on the barrier, there can only be ripples one after another.

But I can no longer make an inch.

Even a penny!

Lu Changsheng pointed out with his finger, and a finger directly penetrated Thunder Dragon!

The thunder dragon turned into a little thunder light, which dissipated in an instant!

The faces in the sky focused their eyes, and said in a deep voice: "Fellow Daoist, you must be trapped in this universe too? If you don't stop me, we will send you fellow Daoist out of this universe."

Lu Changsheng asked back: "Why should I leave?"

In the Tibetan Taoist Academy, he can fish for himself, and someone cooks for him.

In the thatched cottage, there was no conspiracy.

It's totally stress-free, okay?

So why did I leave here and go to other places to suffer.

Stupid?

That face obviously didn't expect Lu Changsheng's answer, and said ruthlessly: "Fellow Daoist, if you don't listen to the advice, I'm afraid that even you won't be able to resist when we come in the future!"

Forehead...

Speaking to the other side, Lu Changsheng couldn't help but feel a little hypocritical. Will he be able to fight by then?

However, for the sake of your own fishing life not to be destroyed.

Lu Changsheng could only pretend to be relaxed, and said, "Then remember to bring more people next time."

Um.

Saying this should be able to bluff the other party, right?

That face took a deep look at Lu Changsheng, as if he wanted to imprint it in his mind.

"I will remember what fellow daoist said, next time I set foot here, I will definitely bring more powerful people to satisfy fellow daoist."

After speaking, the face disappeared in this world in an instant.

The enchantment disappears!

Kongliu Lu Changsheng with a sluggish face.

I... seem to be playing off?

No, no, no, what should I do if the other side really wants to bring a bunch of people to me but I can't beat them?

Hurry up and get ready!

After speaking, Lu Changsheng disappeared in place.

After a while, he returned to the thatched cottage.

Walking up and down the cliff, he kept muttering: "There is also a formation, and the cultivation base cannot be improved in a moment. What else can I prepare?"

Willow on the side heard these words, and couldn't help but let out a curious voice.

"what happened?"

Seeing this, Lu Changsheng explained the matter again.

Hearing this, a helpless voice came from the willow tree.

"Are you being too cautious?"

Lu Changsheng shook his head and said, "Is this still prudent? I'm afraid that I won't be able to defeat the opponent if I don't have enough cultivation! After all, I don't even know how far I have cultivated!"

Over the past few decades, I have been signing in, and the rewards for cultivation are also calculated according to the year.

Ghost knows what realm I have reached!

Willow was a little speechless.

Even she couldn't fully understand Lu Changsheng's realm.

And even she can't fully see through it, how can anyone in this universe threaten Lu Changsheng?

What's more, there is also the Nine Nether Yellow Spring Formation here.

This is one of the top ten killing formations in ancient times!

And it's not the ancient times of this low-latitude universe, it's a higher-level existence!

Seeing that Lu Changsheng was still worrying about it, Liu Shu didn't want to say any more...

The little bird on the side saw this scene, and felt a little speechless.

...

When Ye Qiubai and Hongying returned to the thatched cottage, they were about to meet Lu Changsheng.

Then I saw Master muttering to himself on the cliff.

"Do you want to run away?"

"No, then I have to change places. I'm afraid other places are not as comfortable as here."

"Uh... Master, what happened?"

Ye Qiubai leaned forward, scratched his head and asked, "What bothers Master so much?"

Hongying also looked at Lu Changsheng curiously.

She also really wanted to know what could hinder the unfathomable Lu Changsheng.

Lu Changsheng was overjoyed when he saw the two of them coming, and quickly pushed the two of them and said, "Hurry up, you two hurry up to practice!"

One is the Hunyuan sword body.

One is reincarnation Eucharist.

And both of them have the qualifications to become emperors!

I don't understand how to cultivate, so let his two disciples cultivate to the level of the Great Emperor?

At that time, won't I be able to fish again?

Thinking of this, Lu Changsheng added another sentence: "Don't come out if you haven't cultivated to the Great Emperor!"

Ye Qiubai: "..."

Hongying also stroked her forehead helplessly.

Their master seems to be ignorant of their own strength!

Even as an empress, she has never seen those sky-reaching means!

As far as the formation above the thatched cottage is concerned.

Even in her heyday, she might not be able to resist!

after.

Xin Hongyi came to the thatched cottage and asked Ye Qiubai to discuss.

Hongying continued to practice the Nine Revolutions of Reincarnation Kungfu to stabilize her realm.

Lu Changsheng thought about it, he can't rely entirely on his disciples!

I have to practice myself too!

But how to practice?

There is no way to practice.

I have never practiced before...

Forget it, let's sleep.

Relying on daily check-in to receive repairs...

Since the Blood Prison Secret Realm.

Another two days passed.

At the moment.

General has returned to the Sunset Empire.

"Prince, the mission failed..."

I saw the general knelt on one knee in front of a man in a brocade robe, and said with an ugly face: "We underestimated Ye Qiubai's strength, Shadow Killer, and all four of my personal guards were killed."

Huang Tianming teased the canary in the cage, and his expression didn't change when he heard these words.

"Well, I understand, pass on the death of the three assassins in Shadow Killing to them."

Shadow kill.

Once you accept the task, you will not give up until the task is completed!

Three killers died this time, and more and stronger killers will definitely be sent to complete the task in the future!

Huang Tianming smiled and said: "It's just a commoner of the Southern Barbarians. There is no need for us to spend so much effort to do it ourselves. Let Yingsha do it."

General nodded and said: "Yes, I understand."

"Oh, right."

Huang Tianming suddenly turned cold, and said: "Since the mission failed, go to the prison forest to accept punishment."

prison forest.

The place where the people of the sunset dynasty heard about it!

is the place used to punish sinners in the dynasty!

The means are extremely cruel.

Even as a general at the peak of Shui Yi Jing, his heart trembled when he heard the words!

However, he dared not refuse.

After all, Huang Tianming's method is more terrifying than the prison forest in the dynasty...

The general is gone.

Huang Tianming didn't turn his head, and said softly: "Stop eavesdropping, Ye Qiubai is not dead yet."

A woman came out from behind, bit her lip and said nothing.

Huang Tianming put the birdcage on the stone table, turned to look at Jiang Chan, and said with a smile, "Although he didn't die, it will happen sooner or later, so don't do other outrageous things, otherwise..."

"Even if you are my future wife, the queen of the setting sun, I will not show mercy!"
