

My Disciples 331

Chapter 331 Ning Chen's heart wrath!

Above Seoul.

All sects gather!

The leader of the Yunhuang Empire!

Hongying is holding a reincarnation spear, wearing a red armor, three thousand blue silk tied behind her head, fluttering in the wind, very sassy!

Ning Chenxin was half a step behind, holding a Taoist scripture, with Confucianism and Taoism flowing around him!

The massacre of the city.

A wake-up call for the Heavenly Spirit Empire!

Alien creatures, so arrogant and domineering!

Sects big and small will naturally not let it go!

At the same time, the Yunhuang Empire is the leading force in today's spiritual realm.

Naturally, I will not sit idly by!

Mu Wan'er whispered behind Hongying: "Sister Hongying, do you want to call uncle over directly? Wouldn't it be easy to wipe them all out?"

Heard the words.

Hongying chuckled lightly, "Master doesn't like a lot of things, not to mention, you can't rely on Master for everything."

Mu Wan'er, I won't say more.

At this time.

In Seoul, black evil spirits began to surge!

It turned out to be rushing toward Hongying, a mask with fangs gathered into ghosts and gods!

In that fang mask.

They are ten evil creatures with blue faces, fangs, and wings on their backs!

Seeing this, Hongying frowned slightly.

In the bodies of these evil things, she did not feel the aura fluctuations.

Yes, it's just that dark evil spirit!

Compared with those evil cultivators, this kind of evil energy is much purer.

What exactly is this?

Ning Chenxin also frowned slightly.

This kind of evil spirit is the deepest feeling for him.

When facing this turbulent evil spirit, the Confucianism and Taoism in Ning Chenxin began to flow uncontrollably.

The Dao Sutra in the Hand started to flicker with white light!

At this moment, behind Yu Hongying.

The national teacher stood up and asked loudly: "Who are you waiting for, and where are you from?"

"Why do you want to slaughter a city in my Heavenly Spirit Realm?"

Behind the ten green-faced and fang-toothed monsters, there were countless creatures with strange shapes following them.

Its evil spirit is so huge that it is frightening!

One of the green-faced, long-toothed monsters opened his mouth and laughed wantonly, "We, the evil race, are naturally not comparable to inferior humans like you!"

"As for why you want to massacre the city?"

"There is no big reason, it's just that I'm hungry."

hungry?

The national teacher was slightly taken aback.

Immediately, with a gloomy face, he said, "Cannibalism?"

The green-faced evil creature grinned and said, "Is there a problem?"

As soon as the words came out.

Those who are in charge of the big sect forces have a cold back.

Hongying also had a gloomy expression on her face.

Besides, Ning Chen took a step forward with a chill in his eyes.

Mu Wan'er was shocked when she saw Ning Chenxin's expression.

Weekdays.

Ning Chen's heart is extremely gentle, as if nothing will make him angry, and he treats everyone, even beggars on the street, with a pleasant face.

How can there be such a terrifying expression?

Visible.

Ning Chenxin is really angry now.

No purpose, just to eat people?

Then slaughtered a whole city!

This kind of evil thing cannot be kept!

Seeing this scene, the green-faced evil creature grinned wildly!

"What? Can't take it anymore? Don't worry, in the eyes of our evil race, you are just food on the plate!"

Finished speaking.

The green-faced evil thing waved his hand.

The black evil thing behind him rushed towards Hongying with a cloud of evil energy!

Ning Chen snorted coldly, and took a step forward.

Hold the Dao Jing.

The light of Confucianism and Taoism sprinkled on Ning Chenxin's whole body!

And those evil influences.

The people of the sect behind him actually had their meridians blocked by evil energy, which made the spiritual energy unable to work.

It can even occupy the sea of consciousness and erode the soul!

Ning Chen felt heartbroken upon seeing this.

Flip the scriptures.

"remove!"

Spitting out thunder sounds, words follow the law.

A ray of white light, like the light of helping the world!

sprinkled on everyone, dispelling this evil spirit!

Feeling this Confucian and Taoist atmosphere, the green-faced Xiexiu wrinkled slightly.

This breath made them very uncomfortable!

Immediately, the three green-faced evil cultivators around him rushed towards Ning Chenxin!

These three green-faced evil cultivators all have the strength of the emperor!

However, even so, Ning Chen did not retreat or evade, and took a step forward with a Taoist scripture in hand!

The monstrous white light gathered in the body!

Keep away evil spirits!

Immediately, whispered the sound.

"Lin, soldier, fight, person, all, array, row!"

Nine-character mantra, all seven characters come out!

A phantom of a divine general rushed out of the Daoist scriptures!

Wearing a divine armor, holding a divine spear, wisps of golden light converge on her body!

Charge towards the three green-faced evil creatures!

Today.

Ning Chenxin has become the leader of the teaching authority in the wild realm and the heavenly realm.

The study under his seat is the orthodox tradition of the two worlds, no one else!

Under the blessing of this faith.

Ning Chenxin's strength is increasing day by day!

At the same time, while reading the ancient books of the two worlds, I gained many insights.

Today's Ning Chenxin is no less powerful than Hongying!

the other side.

The remaining seven green-faced evil cultivators also rushed towards Hongying and the others!

Hongying let out a cold snort, and pierced out with the Samsara spear in her hand, blocking the other three!

And the remaining four.

It was blocked by Kong Jianghan, the national teacher and the other two strong men in the imperial realm.

After stepping into the realm of heaven and spirit, the national teacher also broke through himself and reached the imperial realm!

As for the rest of the evil cultivators, the Nine Heavens Department will lead people from various sects to stop them!

With the light of helping the world released by Ning Chenxin, those evil spirits can't affect the rest of the people.

The green-faced evil cultivator also noticed this scene.

This scholar must be eradicated!

thought of this.

Three green-faced evil cultivators shot together!

Evil aura surges in the hand!

The wisps of evil energy turned into a mask of green face and fangs, sweeping towards the general!

Ning Chen Xin controlled the general, waving the sharp gun in his hand!

Dispel that evil spirit!

It hit the blue-faced fang mask!

And this blue-faced fang mask, at the moment when it encountered the sharp gun.

White smoke came out!

The blue-faced fang mask formed by the gathering of evil spirits is melting at a speed visible to the naked eye at this moment!

Seeing this, Ning Chen narrowed his eyes slightly.

It seems that his Taoism has a restraining effect on these evil things.

The three green-faced monsters also noticed this, and their faces were ugly.

No longer exerting evil energy, he rushed towards the general with tyrannical physical strength!

These evil things, except this evil spirit.

Its physical body is also extremely tyrannical!

The cyan skin was made of fine iron, and the sharp gun in the hand of the general fell down, but it was unable to cause substantial damage to it!

It can only be repelled.

See it.

Ning Chen flipped through the Daoist scriptures in his hands, and said softly, "Front!"

At this time.

The body of the general has a burst of golden light!

The body shape became extremely huge, with feet on the ground and heads reaching the sky!

At the same time, there were formations of power flowing around him!

At this point, a shot pierced out!

The power of the formation follows.

The sound of thunder is rolling.

The sky changed color, the thunder dragon surged, and an extremely thick thunder struck down!
fell on the sharpshooter!

Sharp gun body, surrounded by purple thunder!

Exorcism Formation Appears!

Under this shot, the three green-faced evil cultivators punched out!

But it was directly broken!

One shot pierced one of the green-faced evil cultivators!

Chapter 332 Mu Wan'er's Idea Turns the Tide of the Battle!

Ning Chenxin now has the strength of the mid-emperor realm.

But if that's all it is, facing these three green-faced monsters, they definitely won't kill one of them so easily!

Just like the red tassel on the side.

Facing the three-faced green-faced evil, you can't capture one person as easily as Ning Chenxin, and you can only maintain the situation of competing against each other!

The national teacher, Kong Jianghan and others have been suppressed all the time!

This is because.

Ning Chenxin's Taoism has a restraining effect on this group of evil things!

Ning Chenxin continued to control the general, surrounded by purple thunder, and rushed towards the remaining two green-faced evil creatures!

Behind, Mu Wan'er did not fight, but it was not useless.

He actually threw the elixir stock in the ring into the hands of his own ascetics!

If someone consumes too much aura.

Throw a few recovery pills!

If the strength is the same, throw a bonus pill over there!

However, with so many people, Mu Wan'er couldn't take care of both.

Thinking of this, Mu Wan'er took out the alchemy furnace and refined the elixir on the spot!

Since the elixir for single use cannot take care of everyone.

Then, what about refining a group bonus medicine?

Divide into multiple servings?

No, this is no different from what we did before.

How to atomize it?

As long as you inhale it, you can get a bonus, wouldn't that be better?

thought of this.

Mu Wan'er's eyes lit up, as if she had caught a certain point.

It is also necessary to prevent being sucked by evil things, and at the same time, there is a bonus!

Thinking of Ning Chenxin's Taoism, it has a restraining effect on evil things.

Then he shouted: "Brother Chen Xin, use your breath!"

Hearing this, Ning Chen pointed out his heart, and a stream of dharma energy gathered in Mu Wan'er's alchemy furnace!

Mu Wan'er started alchemy.

In the process of alchemy, he smiled playfully, as if he had thought of some bad idea...

At this time.

Facing two green-faced evil creatures, Ning Chenxin's pressure dropped sharply!

The **** will hold the Tianlin gun, surrounded by purple thunder, and accompanied by the array of exorcism, he slashes out!

The faces of the two green-faced monsters changed drastically, and they retreated quickly after punching out!

However, it was still affected by the exorcism purple thunder.

Two blue-faced monsters, both spitting gray blood from their mouths!

In that blood, there is evil spirit surging...

One of the green-faced evil cultivators saw that the situation was not good, and shouted: "Hurry up and deal with your side, there is a big stubble here!"

The rest of the green-faced evil cultivators stepped up their offensive after hearing the words!

Among them, Kong Jianghan and other four emperors could only struggle to support...

Rear.

Thunder falls!

It was Thunder Tribulation!

Everyone was shocked.

Who made a heavenly elixir on the battlefield? !

This person.

Naturally, Mu Wan'er is at the back!

Although Mu Wan'er seems playful, her efforts are no less than those of the disciples in thatched cottage!

Secretly, keep practicing alchemy!

Now, it is already possible to refine the heavenly elixir!

I saw Mu Wan'er squeezed two pills in her hand.

These two pieces are both heaven-ranked.

It's just that one is blue, and the other is white...

Mu Wan'er threw out the blue pill first.

Immediately, the blue pill exploded in mid-air!

Form wisps of mist, covering the battlefield!

The ascetics inhaled it, and they all felt refreshed!

The aura in the body is rapidly recovering, and at the same time, the power of the exercises has also increased several times!

Those powerful people were horrified when they felt this scene.

A heaven-ranked pill that can have a group effect?

But.

The evil creatures on the other side also inhaled the breath of these pills.

Physical strength also began to grow!

One of the green-faced monsters laughed at this: "Although the pill is good, it also strengthens the enemy's strength? What's the difference between this and the waste pill?!"

Hearing the words, the expressions of all the powerful people changed.

Both are enhancements.

The situation remains unchanged!

This alchemist, is he mentally ill?

Refined a heavenly elixir, but it didn't work!

Hongying was also puzzled.

Logically speaking, although Mu Wan'er is playful by nature, she shouldn't be so stupid.

Even the group of evil creatures showed mocking smiles.

This woman, although she is extremely talented in alchemy.

But could it be that something went wrong in the alchemy of the brain?

Mu Wan'er ignored the gazes of these people, but cast a sly look at Hong Ying.

Hong Ying was slightly taken aback when she saw this, then smiled and shook her head.

It seems that Wanmei has some bad idea.

Immediately afterwards, he continued to fight against the three green-faced monsters.

At this time, under the terrified or mocking gazes of everyone, Mu Wan'er threw out the heaven-grade pill with a white halo in her hand.

The elixir was thrown on top of everyone's heads.

Then it exploded and turned into the same mist as before!

The powerful people all sighed, but they still inhaled the mist.

If they don't absorb the mist, then when these evil things inhale, their strength will be completely out of balance!

The evil thing also laughed ironically, and began to absorb the power of the elixir unscrupulously, like a whale swallowing it!

However, it was at this moment that many evil things absorbed the power of the elixir.

The physical body did not strengthen as before, but began to produce white flames!

Corroding the physical body at a speed visible to the naked eye!

The evil creatures all let out screams!

what happened? !

The big forces looked at this scene with puzzled eyes.

Could it be that pill just now?

However, these two pills are obviously the same!

The two elixirs refined by Mu Wan'er were both refined from one furnace!

However, they ignored Mu Wan'er's control.

Now, Mu Wan'er's terrifying power of control allows her to be distracted.

Make slight changes to the two pills in one pill furnace!

One of them is the elixir that has not been tampered with.

And this one is added with the power of Ning Chenxin's Taoism!

This achieves the effect of restraining evil things!

Of course, it has no effect on the green-faced evil things in the emperor's realm.

For these little guys, it has a great effect.

Now, these evil things, under the backlash of this medicine without medicine, have directly damaged more than half of them!

After being terrified, the powerful people began to launch a counterattack!

At the same time, Ning Chenxin once again controlled the general, holding a sharp gun, and pierced one of the green-faced evil creatures!

Seeing the green-faced evil thing with Hong Ying, the situation is wrong.

Can't help but look extremely ugly.

How could he have thought that in such a weak realm, he would encounter Waterloo?

So, in order to preserve their strength, they had to shout angrily: "Retreat!"

Immediately afterwards, both hands suddenly grabbed the void and tore apart towards the two sides!

Actually opened up a black hole in space with the power of the flesh!

Immediately, he rushed in first.

The rest of the green-faced evils also escaped control and entered the black hole.

As for those evil things, it was because of Mu Wan'er's elixir that there were casualties here.

However, under Hong Ying's command, three people were left alive and captured back to Yunhuang City!

After all, she wanted to find out where they came from and what kind of creatures they were!

Chapter 333 The Dynasty Comer

On the way back, Hongying looked at Mu Wan'er with a smile, and said, "Sister Wan, you have quite a lot of evil ideas. If it weren't for your elixir, I'm afraid this would still be a tough battle, and the casualties would increase a lot."

"Hmph!" Mu Wan'er put her hands on her hips, her face was full of complacency.

The national teacher also smiled and said: "Miss Mu's alchemy realm is also getting higher and higher. She can actually divert her attention and refine two heavenly elixirs at the same time."

Kong Jianghan asked: "However, why did you refine two?"

If it is to kill these evil things on a large scale, wouldn't one be enough?

To be honest, he has never even seen this kind of group-boosting heaven-level elixir.

This kind of elixir, in a war, can often change the situation of the battle!

It was used like this, although it was not his Kong Jianghan's, but there was still some twitching in his heart.

What a waste!

Mu Wan'er stretched out a finger and explained: "If you just throw out a elixir, the other party will definitely feel suspicious and apprehensive, and they will be vigilant."

"However, if we throw out a elixir without any side effects first, let them let go of their vigilance, and then throw out the elixir with brother Chen Xin's Taoist power, wouldn't it be able to cause the greatest damage? "

Ning Chen nodded with a smile, and said, "Mei Wan has not only learned Master's alchemy, but also Master's caution, which is very good."

Having been with Lu Changsheng for a long time, Mu Wan'er will naturally think about the safest method in her mind.

The group returned to Yunhuang City.

The suzerain of the great power also went to it.

After all, this matter is important, and the follow-up needs to be discussed.

However, the most urgent task now is to pry out effective information from the mouths of the three evil things left behind in Seoul.

Use this to discuss the follow-up plan.

In the dungeon of Yunhuang.

Here, all directions are surrounded by iron pillars. The iron pillars are made of deep-sea black iron, which cannot be broken by those who are not emperors!

Then there is the blessing of the array.

Even if it is to imprison the strong in the imperial realm, it is more than enough.

In this, the aura in the body is suppressed.

Three evil creatures are all imprisoned here!

At this time, Ning Chenxin and Hongying came hand in hand.

This is a big deal.

The two decided to interrogate in person.

Seeing the arrival of the two Hongying, the three evil creatures all opened their mouths wide open, and the sides of the mouths seemed to be torn apart, and they roared loudly at them!

Ning Chen's heart was at this moment, his face was cold, and he pointed out.

The power of Taoism fell on the bodies of the three evil things.

White flames rise up from their fleshy bodies, constantly eroding!

All the evil things roared in pain!

Taking advantage of this moment, Hongying also asked: "Who are you, and where did you come from? Why do you want to massacre the city?"

Three questions in a row.

is what they most want to ask now.

After all, this kind of evil thing has never been seen even in ancient books.

One of the evil creatures sneered: "People? Don't confuse us with you lowly humans!"

"Why did you come here? Why did you massacre the city? Naturally, it was because you were hungry."

After finishing speaking, the three evil creatures still laughed loudly even under the erosion of the power of Taoism!

Seeing this, Ning Chen held his palm, and the power of Taoism increased!

The white flames on the bodies of the three evil creatures were burning like wind blowing flames!

The evil thing in the white flame laughed and shouted: "In the future, when my evil race descends here, it will be the time for you to perish!"

Speak.

Under the erosion of the power of the law, the three evil creatures were annihilated in the white flames.

Hongying's face was a bit ugly.

"Evil Race? If these words are really what these three Evil Race said, I am afraid this time, it is only a small part of the power of the Evil Race."

Ning Chenxin also nodded, and said: "We need to start preparing immediately."

Among this small amount of power, there are ten emperors and several virtual gods!

If the main force descends, how should the Heavenly Spirit Empire stop it?

Ning Chenxin asked: "Senior Sister, do you want me to go back and report to Master?"

Hearing this, Hongying thought for a while, then shook her head and said, "Don't bother the old man, Master."

At this time, the national teacher hurried into the dungeon, cupped his hands at Hongying and said, "Your Majesty, what did you ask?"

Hongying shook her head and said, "I just know they are called the Xie Clan."

"Then please return to the Imperial Palace, Your Majesty. There are envoys from the Borderless Territory, saying that they want to see His Majesty and discuss important matters."

Messenger of the Borderless Domain?

Brother, where are they going?

Hongying nodded, and went to the imperial palace with Ning Chenxin.

At the moment.

In the imperial palace, a middle-aged man was looking around the interior of the imperial palace.

Seeing Hongying coming, she smiled and said, "Your Excellency must be the person in charge of this world, Empress Yunhuang?"

"But I didn't expect to be so young and have such achievements. It can be said that the future is limitless."

Hearing the words, Hongying smiled lightly and said, "I don't know why the messenger came to our Yunhuang Empire?"

Hongying could feel that the aura of this messenger was much stronger than hers!

its realm.

I'm afraid it's above the imperial realm.

An envoy has such strength, and it is worthy of being the borderless domain known as the first low-latitude domain.

Heard Hongying's question.

Not humble and not saying a word, when facing him, still with the breath of a superior, can't help nodding slightly.

The name Yunhuang Empress is not simple.

Immediately, his face became serious, and he said: "I heard that you have already fought against the evil race outside the territory?"

Extraterritorial evil race.

Hongying nodded, and said: "Just yesterday, this evil tribe from outside the region slaughtered a city in my Heavenly Spirit Realm. We will kill them, but it's a pity that many escaped."

The envoy was a little surprised, and said: "It is not easy to win the victory. The strength of the evil race outside the territory, even our Boundless Dynasty, has to unite with all the forces in the realm, and paid a huge price to defeat them. Suppression for thousands of years."

"Now, the seal is loose, and the evil race has taken action."

"This time, their goal may be to start occupying the weak realm, and then they will set their sights on the borderless realm."

Hongying frowned slightly, and asked, "Where did this evil race from outside come from?"

Facing Hongying's problem.

The envoy sighed, shook his head and said: "I don't know, I just know that these evil races outside the territory were not born from the low-latitude realm."

"We haven't figured out their origins yet."

Didn't even figure out the origin?

It seems that the evil race outside the territory is far from being as simple as Hongying imagined.

"Then this time, why did the messenger come here?"

The envoy said: "I came here to protect this area. Although you repelled the opponent this time, next time, these evil races may send out the main force."

"In your immediate neighbours, the Skyfire Realm and Zilei Realm have all been destroyed, and their next target is you."

...

On the other hand, the Southern Domain Thatched Cottage.

Chapter 334 The Power of the Stars at the Bottom of the Pool

In this world.

Ascetics do whatever it takes to live forever.

Among the sects, for the sake of profit, they also fought fiercely!

Maybe one day, it will affect him!

And there is Ye Qiubai, a group of brats...

so.

Lu Changsheng was thinking about the new formation.

In Lu Changsheng's thinking, this formation should be able to purify people's hearts, and at the same time, make the violence in their hearts disappear.

In this way, can the people who are fighting be calmed down?

So.

Calm down a person's state of mind, and in the formation, turn the mantra of clearing the heart into a formation!

Achieve diffusion and strengthen the effect.

As for the purifying effect...

Lu Changsheng thought of his third disciple Ning Chenxin.

The power of Taoism has this effect.

Using the heart-cleaning mantra, combined with the power of Taoism, to form a large formation!

If the two can be fused, will it be possible to stop the people who are fighting?

When I just want to put it into action.

Liu Ziruo came to the thatched cottage on time as before.

And brought a series of pastries and spiritual food in his hand.

So.

Lu Changsheng also forgave Liu Ziruo for disturbing his thoughts.

I saw Liu Ziruo walking over, and said with a smile: "Come on, Senior Lu, try these pastries and spiritual food, these are brought from my realm, I don't know if it suits your taste."

Among the spiritual foods, there are all kinds of treasures from heaven and earth gathered together.

These treasures of heaven, material and earth cannot be formed in the low-latitude boundary.

Lu Changsheng walked over to open the box.

You can feel a surge of aura rising into the sky!

However, this is not very attractive to Lu Changsheng.

smell!

is the most important.

Take a sip.

Um.

not bad.

Lu Changsheng nodded, took a chair and sat down.

Liu Ziruo sat across from Lu Changsheng as if he was familiar with himself.

Start small talk as usual.

"Senior Lu, there has been an interesting incident recently."

Lu Changsheng let out an oh while eating the spiritual food.

What does it have to do with him.

Liu Ziruo was not surprised by Lu Changsheng's reaction.

continued: "The evil race from outside the territory has reappeared in this latitude."

"Now, the Skyfire Realm and the Zilei Realm have been slaughtered, and the current target is the Sky Spirit Realm closest to the Wild Desolate Realm!"

Lu Changsheng's hand paused slightly, and then returned to normal again.

Spirit Realm?

Isn't Hongying in charge?

So, Lu Changsheng asked calmly: "What is the origin of this evil race outside the territory?"

Hearing this, Liu Ziru was slightly taken aback.

This is the only time that Lu Changsheng asked him a question on his own initiative in such a long time!

Could it be that he is interested in the evil race outside the territory?

No, Lu Changsheng doesn't even care about the Dark Realm, how could he be interested in this evil race.

Liu Ziru recalled what he had just said.

As a five-star deacon.

Not only relying on Liu Ziru's strong strength, but also has the ability to observe words and emotions.

Since he is not interested in the evil race outside the territory.

Then, there are only three points.

In the discourse, there have been the sky fire realm, the purple thunder realm and the sky spirit realm.

The former has long been destroyed.

The only surviving Celestial Spirit Realm is the closest to the Savage Realm.

Therefore, Lu Changsheng should be concerned about the safety of the Heavenly Spirit Realm!

Thus, Liu Ziru recorded the Heavenly Spirit Realm in his heart.

Explain the question asked by Lu Changsheng.

"The evil race outside the territory is an evil force in the mid-latitude realm."

"Feed human ascetics to improve their own strength."

"In the mid-latitude boundary, the strength of the evil race is not too strong, but he has a trace of ghost blood!"

Speaking of the blood of the ghost clan, Liu Ziru's expression slowly became serious.

"The ghost clan is a high-latitude boundary force. Although the chances of being a member of the evil clan are very small, once the chance is sufficient and the blood of the ghost clan is activated, they can become a member of the ghost clan."

Lu Changsheng nodded slightly.

In general.

This extraterritorial evil race does not mix well in the middle latitudes.

So, come to the low-latitude realm to feed on the ascetics and improve your own strength.

Then, he has a causal relationship with the high-latitude ghost race.

Um.

Summarize.

Cannot be involved with this extraterritorial evil race.

thought of this.

After Liu Ziruo left, Lu Changsheng sent a voice transmission to Hongying, saying, "Don't start a confrontation with that evil race outside the territory."

And heard Hongying's answer.

Lu Changsheng almost fainted.

"The conflict has already started, and a small team has been wiped out, and the evil race is preparing to send out the main force to attack us!"

So, Lu Changsheng didn't want to talk anymore.

Now, is there still time to sever ties with these disciples?

Online etc.

Quite urgent...

Forget it, let's arrange the formation first.

...

Unbounded domain.

In the Kunlun Snow Mountain.

Now, it has been nine days since the Kunlun Tianchi was opened.

Above the snow mountain, giant beasts stay.

Mu Fusheng put his hands behind his back, looked at the Tianchi below, and said softly: "I hope you can reach the bottom..."

At the moment.

Fifty feet below Tianchi!

Ye Qiubai has already arrived here.

Judgment and Mu Cisheng reached the seventy-foot position.

And Shi Sheng and Xiao Hei came to Baizhang!

Everyone looked at Ye Qiubai with horror on their faces.

Originally, Ye Qiubai was the slowest person.

However, he has now reached fifty feet!

Moreover, the speed of travel is getting faster and faster.

Breakthrough to the late stage of False God Realm!

This also made everyone no longer underestimate Ye Qiubai.

Although slow.

But steady!

A person who can sneak into fifty feet can already be regarded as the arrogance of this group of geniuses!

It is second only to Mu Cisheng and Jiji.

At the moment.

Ye Qiubai moved forward again.

came to sixty feet.

The squeeze feeling surged again!

However, it is not as oppressive as before.

This is also the reason why Ye Qiubai constantly adapts to the oppression of Tianchi Lake.

So, Ye Qiubai sneaked in again and came to Qishizhang!

Twenty feet, all in one go!

Walk with Jiejie and Mu Cisheng!

This made everyone's expressions change.

Even the borderline glanced at Ye Qiubai.

It seems that you underestimated him before?

So, the critical point sneaked in again, and came to eighty feet!

Doesn't seem to want to be surpassed by Ye Qiubai?

Just when everyone wanted to see if Ye Qiubai made any moves.

But not moving.

Ye Qiubai has no intention of arguing about this matter.

Instead of doing this, it is better to steadily improve your strength.

Among them, the stone that is hundreds of feet deep is born.

He could feel that his Dao foundation was becoming more and more stable!

As for improving talent, I have no feeling.

So, Shi Sheng dived down again!

Came to one hundred and fifty feet!

And here.

below.

Shi Sheng can actually feel the existence of the power of stars!

Below Tianchi Lake.

Have something related to the power of the stars?

However, Shi Sheng had to stop when he came here.

The heavy oppression of the power of the stars is much stronger than Baizhang!

Chapter 335 Baizhang!

Under the Kunlun Tianchi Lake.

Starting from one hundred and fifty feet, there is not only pure aura in it, but also the power of stars!

Here we go.

Shi Sheng also began to feel pressure.

The power of the stars is inherently heavy and has the effect of suppressing everything.

Being squeezed by the power of the stars, the circulation of the meridians in the body and the flow of blood are all hindered!

Even the physical body seems to be imprisoned here!

If you can't exit in time, you will be suppressed here, and you will die from this extremely heavy sense of oppression!

certainly.

Shi Sheng already possessed the power of stars.

Here, although it is not like a fish in water, it can absorb the power of the stars here and use it for its own use.

At this moment, the starry sky dantian in Shi Sheng's body also began to have a huge star power poured into it.

In the dantian of the starry sky, there is actually a second star, which has just taken shape!

It's just that this second star is dim.

However, since the second star can be lit, it is already a big improvement.

After all, Shi was born in the dark night and practiced hard.

Use the Star Stone to cultivate.

The second star remained silent.

Now, Shi Sheng has been pleasantly surprised by such an effect.

Ye Qiubai, on the other hand, is at a depth of seventy feet, adapting to the oppression here.

Judgment and Mu Cisheng have already reached eighty feet.

Everyone looked at the three figures.

I don't know which of these three people is stronger or weaker.

As for Xiao Hei and Shi Sheng?

These two perverts have already made everyone numb.

"The Kunlun Tianchi several times in the past, usually only dived to 50 or 60 feet, and then stopped."

"And the best one in recent years is one hundred and ten feet."

"I don't know if these three can break through this depth."

Someone was not very optimistic, shook his head and said: "It's hard to say, Baizhang is a watershed. After Baizhang, the sense of oppression will increase by more than ten times!"

"What's more, that person is now in a high position and authority, and he is already the commander of the Imperial Silver Armored Army!"

"This kind of character can only reach one hundred and ten feet. These three people may have some difficulties."

Of course, there are also people who are optimistic.

"The critical point is the number one person in the inner sect of the Xingyun Sword Sect! At the same time, he is also the closed disciple of the current master of the Sword Sect!"

"Although the Starfall Sword Sect is not as good as before, its background is still strong. It is naturally not a problem to be called the hope of revival of the Starfall Sword Sect."

"Namu Cisheng, although not well-known, is the heir of the Mu family, and his talent is not weak."

"It's not a big problem for these two people to reach the depth of a hundred feet."

"It's just... this Ye Qiubai, I'm afraid it will be difficult."

Heard here.

Everyone looked at Ye Qiubai, who was seventy feet deep.

Now, Ye Qiubai has been stagnant here for a long time.

I'm afraid, it is no longer possible.

Of course, there are also people with high vision who think in their hearts that Ye Qiubai may go very far.

After all, from beginning to end, in their eyes.

Ye Qiubai always fights steadily, although the speed is not fast, but there is no sign of decline!

On the contrary, the more you fight, the more courageous you become.

However, all of this is unknown without seeing the results.

this moment.

The threshold has moved.

Around the body, sword intent began to surge!

He is a great sword sect!

At such a young age, he was able to reach the realm of the Great Sword Sect.

Ye Qiubai also opened his eyes and looked at the threshold.

Among the younger generation, this was the only Great Sword Sect he had seen.

Sure enough, this borderless domain is Crouching Tiger, Hidden Dragon.

Immediately, the critical step was taken!

The sword intent is surging, resisting the squeeze of the surrounding aura!

Came to ninety feet deep!

Mu Cisheng on the side was not to be outdone.

The originally shy and immature face turned cold at this moment.

Eyes were also covered by an ice blue aura!

Surrounded by a ring of ice, under the squeeze of aura, it trembled and produced ripples!

However, Mu Cisheng also took advantage of this to come to Jiushizhang!

Ye Qiubai felt the breath of ice, but it was quite familiar.

No time to think about it.

Ye Qiubai closed his eyes and continued to adapt to the coercion of this place.

Never feel rushed because of the progress of the critical duo.

Seeing this, everyone shook their heads slightly.

Judgment and Mu Cisheng have a chance to break the records of recent years.

However, Ye Qiubai probably stopped here.

Time passed by one minute and one second.

Another seven days passed by in a blink of an eye!

There are still 13 days left until Kunlun Tianchi closes.

Other people in Kunlun Tianchi have stagnated, or they will retreat.

Someone couldn't bear the pressure at the bottom, and watched the situation in the depths from above the Tianchi Lake.

Sudden!

Judgment and Mu Cisheng move forward again!

Reached a hundred feet!

And Baizhang is a dividing point.

The coercion here will increase tenfold!

The two of them just arrived at Baizhang.

His face became slightly dignified.

The sword intent and the halo of ice all over the body are also surging crazily, resisting this coercion!

Ye Qiubai, on the other hand, did not release any power, allowing this coercion to hit the physical body!

Immediately, under the horrified eyes of everyone.

Ye Qiubai finally opened his eyes.

Three steps merge into one step.

Come to Bashizhang!

"Can he go deeper?"

"Eighty feet! Even if it's not as good as Jiji and Mu Cisheng, it's still enough to be proud of."

"Well, this depth has surpassed many cultivators present, not to mention that this person's current state is only in the late stage of False God Realm."

Ban Emperor and False God Realm, although the span is not large, the gap in strength is like a horizontal gap!

Just when everyone thought that Ye Qiubai could not move forward again.

Ye Qiubai frowned slightly, "This is not enough."

After finishing speaking, under the horrified eyes of everyone, he stepped forward!

Come to Jiushizhang!

Can he still move forward?

Ye Qiubai came to Jiushizhang, his figure still kept moving.

Step out again!

Reached a hundred feet deep!

saw this scene.

In everyone's hearts, it was like a calm sea, when a violent storm broke out and set off a stormy sea!

From seventy feet to a hundred feet!

In the middle, there is no pause or hesitation!

It's like passing through the land of no one among thousands of armies!

You know, it took a few days for Jijie and Mu Cisheng to go from seventy feet to one hundred feet!

And what about Ye Qiubai?

It was only at a depth of seventy feet, and after staying for a few days, it came to Baizhang in one breath!

Critical also looked aside with surprise in his eyes.

Didn't expect this person to catch up so quickly!

In the critical heart, the competitive spirit was ignited again.

For him, from the beginning to the end, he is the arrogance of the sect, and he is used to the revival hope of the Starfall Sword Sect!

How could he be surpassed so easily by others?

thought of this.

Critically gritted his teeth slightly.

Give a low drink.

The sword intent surged wildly at the bottom of the Tianchi!

At the critical point between the eyebrows, there is actually a small silver sword appearing!

The sword intent skyrocketed again!

At the moment.

The critical state of kendo has broken through to a half-step sword master!

Take a step forward.

Tie the record of the silver armor leader!

One hundred and ten feet!

Chapter 336 Deepest!

Critical move, not just for yourself.

It is for the resurgence of the fame of the Starfall Sword Sect!

He came to this Kunlun Tianchi, in addition to breaking the shackles of himself, on the other hand, he wanted to let the name of Xingyun Sword Sect spread throughout the entire continent again!
after all.

This name has disappeared for too long.

At the same time, the Starfall Sword Sect...was also deeply hurt by this realm!

Ye Qiubai ignored it.

After reaching Baizhang.

His first impression.

That is, the surrounding pressure began to increase by more than ten times!

The sense of oppression here can be said to be the sum of the coercion of the former Baizhang!

Here we go.

Ye Qiubai's body began to have bloodstains!

If it wasn't for the elixir given by Master, Ye Qiubai's body would be extremely powerful.

I'm afraid, if you don't use sword intent to resist, the oppressive feeling here is enough to make Ye Qiubai's body collapse!

However, even so.

Ye Qiubai was still unwilling to use his sword intent.

Although extremely painful!

However, the harvest is also richer!

The Sword Sutra of Absolute Beginning is running crazily!

The spiritual energy in the meridians is extremely full, and they are transported to the dantian one after another!

Beside him, Mu Cisheng was surrounded by ice rings!

The meaning of ice condensed the surrounding aura into ice, but then broke through.

However, it is extremely effective in resisting this sense of oppression!

Take a step forward.

Walk with Critical!

Critical, Mu Cisheng, both tied the record of Yinjia Commander!

And at this moment.

Besides Kunlun Tianchi, above the giant beasts.

Mu Fusheng had his hands behind his back, his eyes were deep, and he looked down at Kunlun Tianchi, as if he wanted to see through it.

Changing from the usual banter and frivolity, he asked: "Commander Yang, tell me, can they break your record?"

Besides, a man in silver armor cupped his hands slightly, and said: "Reporting to Your Highness, after a hundred feet, the pressure of every ten feet will increase greatly!"

Hearing this, Mu Fusheng chuckled, "Then you mean that no one can break your record?"

Commander Yang did not speak.

However, that confident face has already betrayed what he thinks in his heart.

Mu Fusheng said: "But do you know?"

"The person I met before, I entrusted one thing."

Commander Yang looked up with a puzzled expression on his face.

"I asked them to go to the bottom and see what the mystery of the upper world thing is."

Commander Yang looked horrified!

Tianchi is two hundred and fifty feet deep!

Even if it was him, he was very talented, and in the shortest time, he achieved the position of the commander of the Silver Armor Guards.

is extremely shocking.

However, even he can only reach one hundred and ten feet, which is the limit.

What Mu Fusheng meant was to let those three go to the bottom!

What kind of potential do these three people have.

Can Mu Fusheng be so optimistic?

You must know that although Mu Fu seems to be frivolous and spares his life, he makes many friends in his daily life.

However, in his heart, he is extremely proud!

There are very few people who can be looked up to by Mu Fusheng!

Time passed slowly.

There are only nine days left until Kunlun Tianchi is closed.

And this moment.

Deep in Tianchi Lake.

The scene that happened shocked everyone!

and Baizhang deep.

Ye Qiubai stayed for several days!

During the past few days, Ye Qiubai has been adapting to the coercion of this place.

Now, the adaptation is complete.

Ye Qiubai went deep again!

Take a step forward.

Come to one hundred and ten feet!

Tie the record!

At the same time, Judging and Mu Cisheng still stayed here.

Ye Qiubai didn't go to see these two people.

But go deeper again!

Among the horrified eyes of everyone.

One hundred and twenty feet.

One hundred and thirty feet.

...

It didn't stop until one hundred and fifty feet!

This broke the record of the Shining Armor Commander!

Even directly surpassed the two geniuses, Judgment and Mu Cisheng!

People who were originally not optimistic about Ye Qiubai.

also sighed secretly.

Vision is too low.

Who would have thought that Ye Qiubai started the slowest.

But can reach such a depth?

saw this scene.

At the critical point of one hundred and ten feet deep, I also sighed slightly in my heart.

He knew that it was impossible for him to surpass Ye Qiubai.

It's so easy to reach 150 feet, I'm afraid I can move forward again!

thought of this.

Critical also put away the idea of competition.

Now, all he has to do is to go as deep as possible in this and improve his strength!

At the moment.

Ye Qiubai reached one hundred and fifty feet.

Here he was, he could already see the light at the bottom.

and the power of the surrounding stars!

here.

The sense of oppression has undergone a qualitative change.

With the power of the stars, it will naturally have the effect of suppression!

Ye Qiubai's body blood, as well as the movement of spiritual energy, have been suppressed!

Here comes the moment.

Ye Qiubai also had to show his sword intent!

A sword intent soaring into the sky rises!

Yu Qiubai's whole body boiled!

The meaning of the Great Sword Sect is constantly lingering in this Tianchi!

It was only then that everyone realized that this Ye Qiubai was a sword repairman!

Moreover, it is only now that it is displayed!

Before, didn't Ye Qiubai be able to resist this sense of oppression?

Thinking of this, everyone couldn't help feeling a chill in their hearts.

If this is the case.

Then, this child is really too scary...

And the other side.

Shi Sheng has already left everyone far away.

Came to two hundred and thirty feet!

The power of the stars here.

Extremely huge!

Heavy!

Bottom, a flash of starlight flickers.

Light up the bottom of the entire Tianchi!

Shi Sheng did not resist the power of the stars.

Instead, run the chaotic star record, and gather the power of this huge star in the dantian of the starry sky!

Constantly filled with the dim second star!

reached this step.

The second star, after all, has a gleam of light emerging!

Although the light is extremely weak.

However, it still made Shi Sheng's realm directly break through!

Reached the Half Emperor Realm!

At the same time, the physical body has also been greatly strengthened!

It can be said.

Shi Sheng could feel it.

If he encounters a strong man in the early stage of Emperor Realm again, Shi Sheng may kill him!
at the same time.

In the dantian of the starry sky, the first star also began to twinkle!

It is actually the power of the gathered starry sky, pulling each other and bordering each other!

As if.

The stars and meteorites at the bottom are attracting him!

Shi Sheng moved forward again.

Slow though.

But step by step, he dived deeper.

He wants to see it.

What kind of fetish is this?

And why would it shine brightly with the first star in his dantian in the starry sky!

at the same time.

Whether the talent can be improved as rumored.

Two days.

Shisheng has finally reached the bottom!

Two hundred and fifty feet!

And here.

Has a stone the size of two fists.

This stone is full of pits.

It's just that, in that pit, there are shimmering stars.

Among them, the power of the stars is continuously revealed!

In the dantian of the starry sky.

The first star also began to shine with dazzling starlight!

It actually revealed the dantian of the starry sky, shining on this stone!

this moment.

Shi Sheng and this star meteorite seem to have established some kind of connection!

In his starry dantian, there is a phantom slowly appearing...

Chapter 337 Star Core!

Star meteorite.

According to what Mu Fusheng said, it is a mid-latitude thing.

Then, this kind of fetish is naturally higher than the level of this world.

Shi Sheng stands at the bottom of Kunlun Tianchi.

Around, there is no one else except Xiao Hei who is tempering his body with the help of this squeeze.

Star meteorite, the size of two fists.

fell in front of Shi Sheng.

At the moment.

The first star in the dantian of the starry sky in the body, and the breath in the star and meteorite are pulling each other, as if they want to merge.

And Shi Sheng closed his eyes at this moment, in the dantian of the starry sky, there was a phantom slowly emerging!

"How many years... Chaos Star Record finally reappeared in the world..."

Shi Sheng looked inside his dantian.

Look at this phantom.

Under the light of the stars, this phantom slowly gathered into an elderly figure.

The elderly man has his hands behind his back, his temples are frosty white.

It's just that in those eyes, they are as bright as stars!

"Who is the senior?"

"I?"

The old man turned his head and looked at Shi Sheng with a look of regret in his eyes.

"I don't remember. The old man has been wandering in the long river of time. He has already forgotten his identity in many worlds."

Shi Sheng was slightly taken aback.

Has it been so long that you have forgotten your identity?

So, what period is this old man from?

However, he actually knows the Chaos Star Record?

Shi Sheng asked: "How did senior know about Chaos Star Record?"

Hear here.

The old man's confused and thinking eyes were slightly clear at this moment.

"The Chaos Star Record is a skill created by the master, and the old man will naturally know it."

Shi was shocked.

Owner?

In other words, this old man has a deep relationship with the owner of the Chaos Star Record!

The old man looked at the dantian in the starry sky, the dazzling first star, and the shimmering second star.

sighed: "The Chaos Star Record, even the master, has never succeeded in cultivation, and he has only cultivated to the eighth star."

Shi Sheng asked: "Then why is it recorded in the exercise that the limit of this exercise is to light up nine stars?"

Hearing this, the old man thought for a while, and said: "I don't know, but at that time, I vaguely remembered that the master said that he could perceive and light up nine."

Shi Sheng was silent.

Perception can light up nine?

The old man continued: "Young man, although I don't know where you obtained the inheritance, but the master really wanted to find the inheritor, but to no avail."

"However, the difficulty of practicing this technique is extremely high. Even the astonishing master of the past failed to practice successfully. If you give up now, you may be able to switch to other exercises."

While saying these words.

The old man's star-like eyes have been staring at Shi Sheng.

As if, want to see his answer later.

Shi Sheng did not hesitate at all, his eyes were firm, he nodded and said: "I will not switch to other exercises."

This is the exercise given to him by Master.

Shi Sheng has 100% trust in Lu Changsheng.

heard Shi Sheng's answer.

The old man nodded in satisfaction. He has lived for an unknown number of years.

If a person says he is not lying, he can still tell.

"Since this is the case, then, you should absorb this star core."

Star core?

Shi Sheng was taken aback.

Seeing Shi Sheng's expression, the old man also knew that he was puzzled.

explained: "Back then, the master tried all means, but failed to cultivate the nine stars. He was unwilling, so he put his hope on the inheritor."

"He used all his energy to re-strengthen the eight stars in his body, allowing them to come out of the body and materialize!"

"That is to say, the master of the year cultivated the eight stars in the dantian into real stars."

Shi Sheng was horrified.

Now, the stars in his body are nothing but stars transformed by the power of stars.

Compared with the stars in the sky, there is naturally a huge difference in distance!

The old man pointed to the star meteorite and said: "This is also the master's method. The inheritors need to absorb the eight star cores transformed by the master for their own use."

"In this way, the eight stars are one, and there may be a chance to cultivate the ninth star."

Shi Sheng said: "That is to say, there are a total of eight star cores?"

The old man nodded.

"The core of this star corresponds to your first star."

"Hurry up and absorb it."

Shi Sheng nodded.

no longer hesitated, and sat down cross-legged.

The core of the star, also at this moment, turned into a beam of starlight and instantly merged into Shi Sheng's starry sky dantian!

At the same time, the star core appeared in the dantian.

Start merging with the first star in Shi Sheng's body!

At this time.

After one hundred and fifty feet.

All the power of the stars is gathering towards the bottom!

For a moment, the entire Kunlun Tianchi was surging at this moment!

Set off a monstrous wave!

Everyone opened their eyes, looking at this scene, their eyes were horrified!

what happened?

Why did Kunlun Tianchi, which was peaceful in the past, undergo such a change?

And this change happened at the bottom of Tianchi Lake!

There... what happened?

At one hundred and ten feet.

Jie Ji and Mu Cisheng both opened their eyes.

The pure aura around him has disappeared.

The sense of oppression also disappeared in an instant.

Now, this Kunlun Tianchi is like an ordinary pool of water.

what's the situation?

The two of them set their eyes on the bottom at the same time.

Before Baizhang, those ascetics who were resisting the feeling of squeezing were also looking at the bottom.

Is it impossible...

In the minds of everyone, the two men appeared.

A physical trainer, and a person who cultivates the power of stars...

Ye Qiubai also opened his eyes from cultivation.

The pure spiritual energy and the power of the stars here are brought by the core of the stars.

Now, the core of the star is integrated into the body by Shi Sheng, and these will naturally disappear.

Feeling this scene, think a little bit.

Also understand what happened at the bottom.

Ye Qiubai smiled lightly.

It seems that the junior brother has found the fetish, and has taken it for his own use.

However, the next moment.

Ye Qiubai turned around, took out the Dark Demon Sword in his hand, his eyes were flat, and there was a smile on the corner of his mouth.

Just like this, he quietly looked at everyone.

Protector!

Now that I know that my junior brother is collecting fetishes.

Then prevent being interrupted by greedy people!

At this time, Xiao Hei also rushed up from the bottom and stood beside Ye Qiubai.

Obviously, he also knew what was going to happen.

The two stood one hundred and fifty feet in front of each other, looking at the ascetics above.

Didn't say much.

At this time.

Even a fool knows what's going on at the bottom!

Someone took a step forward and said in a loud voice: "Your Excellency, step aside, let's go down and see what happened!"

Ye Qiubai smiled and said, "Everyone, it's better not to act rashly."

After speaking, the Dark Demon Sword shook slightly in his hand.

Half Emperor's aura, at this moment, suddenly exploded!

Chapter 338 Guardian!

Half Emperor!

That's right, Ye Qiubai had already broken through when he was 150 feet long.

Why did it break through so quickly?

There is no other reason.

Ye Qiubai's foundation is too solid!

It is so stable that it is amazing!

It can be said that as long as there is enough aura, Ye Qiubai can break through anytime, anywhere!

The pure aura here is too rich.

Breakthrough to Half Emperor was also the result of Ye Qiubai's suppression.

felt this breath.

Someone's face changed slightly.

Because they knew that when this sword cultivator entered Kunlun Tianchi, he was only in the early stage of False God Realm.

Now, he has crossed a big realm and came to the realm of the Half Emperor?

But... so what?

If it concerns the interests of everyone, then it is wrong!

One of the Half-Emperor powerhouses held a spear in his hand, and his black hair fluttered, and he said coldly, "Don't you think your Excellency's actions are too selfish?"

"Kunlun Tianchi is a training place for everyone in the Borderless Territory, how can you monopolize it?"

Everyone was stunned when they saw this person.

Man, long gun, black hair!

And can appear in this Kunlun Tianchi, reaching a position of ninety feet.

Everyone has already guessed the identity of this person.

Sharp Gun Gate, Song Ming!

Ten years ago, he had already reached the state of a half-emperor!

However, in order to fully prepare and rush to a deeper place, he has been suppressing the realm. Until now, he officially participated in the Kunlun Tianchi party!

It can be said.

The current Song and Ming realms are infinitely close to the existence of the emperor realm, and their strength is even more qualified to compete with the strong in the early stage of the emperor realm!

And heard Song Ming's seemingly righteous words.

Ye Qiubai chuckled lightly, and said, "Those at the bottom of the pool are for those who are capable."

"If you put that thing in front of your eyes, what choice would you make? Is it possible that you should also respect the general idea and keep this thing here for everyone to practice together?"

"Don't you think it's too hypocritical to say such a thing?"

Ye Qiubai's cynicism.

Naturally, Song Ming couldn't hold back his face, and swept the spear in his hand at all the ascetics present, and said: "Leaving aside these righteousness, do you think that if the three of you take this fetish away, there will be no soup left? To those present."

"Do you think you can get out of here, or stop me from waiting?"

Obviously.

Song Ming wanted everyone present to make a move together!

And other ascetics also have this intention.

One after another released their auras, all the people under the Kunlun Tianchi are Half-Emperor powerhouses!

Among them, there are three more, just like Song Ming, who suppressed the realm and came here!

One of the sword repairmen also smiled and said: "Although you have broken through to the Half Emperor, we still have a lot of people here, so let's get out of the way."

Ye Qiubai smiled.

The Dark Demon Sword shook slightly in his hand!

The meaning of the Great Sword Sect is unfolding at this moment!

Sword Domain!

"You can try."

"Of course, the sword in Ye's hand has no eyes. If there are casualties, don't blame him."

Looking at Ye Qiubai, he said these words calmly.

Both Song Ming and the sword cultivator had ugly faces.

These words can be regarded as an expression of attitude.

Beside Xiao Hei, even more black demonic energy gathered behind him.

The Demon God is coming!

The monstrous demonic energy and Ye Qiubai's sword domain formed two areas.

One left and one right, guarding the stone at the bottom!

Song Ming snorted coldly, and looked at the boundary and Mu Cisheng.

it's here.

Criticality can be said to be the most powerful existence.

An existence that is infinitely close to the emperor's realm, and the swordsmanship realm, has even reached the half-step sword master!

If the critical two can be pulled into the same boat.

Then there is no suspense.

"Critical, what do you mean?"

"These three people seized the things at the bottom of the pool, so that we, and even those who came later, would not be able to get the benefits of Kunlun Tianchi."

Criminal but with a calm face, he cast his eyes on Ye Qiubai.

Ye Qiubai also looked over.

The eyes of the two of them met!

The eyes of both sides are like sharp swords, confronting each other in mid-air!

Critically opened the mouth and said: "Your swordsmanship is very good."

Ye Qiubai also smiled and said: "You are also good."

"In the future, we will learn from each other?"

"Can."

"Starfall Sword Sect, critical."

Having said this, Judgment looked away.

There is no action.

Song Ming saw this scene, his face was gloomy.

Obviously, Judging's attitude is not going to make a move.

Ye Qiubai smiled.

There is a reason for the critical swordsmanship to be able to reach this point.

This person, can hand over...

Beside Judging, Mu Cisheng asked weakly: "Brother Lin, why didn't you make a move?"

Holding the sword in both hands, Junjie said lightly: "The gods, those who are able can get them. Since they have been taken away by the destined, it is useless to force them."

Mu Cisheng nodded and smiled, with the same critical thinking as him.

Missed.

Why force it?

It is his, no matter how much he avoids it, it will be his.

It's not his, no matter how hard you try to chase it, it won't be his.

The reason is very simple.

Many people know it too.

However, few people can really do this...

Because, it's so hard...

At this time.

Song Ming saw that he could not persuade the critical point, so he stopped trying.

Mu Cisheng, although he is from the Mu family.

However, it seems that the strength is not strong.

According to the rumors, Mu Cisheng was weak-tempered and never made a move.

So, Song Ming stopped persuading.

So, he waved the long spear in his hand, and the intention of a gun burst out at this moment!

said: "Everyone, let's make a move, if you don't make a move, the things at the bottom of the pool will be absorbed, then there is really no chance!"

After finishing speaking, I will not say more.

With one step, he waved the spear in his hand!

Under the Heavenly Lake, a huge waterspout danced and swept towards Ye Qiubai!

Besides, the sword cultivator slashed out with a sword in his hand!

Cut out a cross sword shadow, and cut towards Xiao Hei on the other side!

The rest of the ascetics also did not hold back.

Infringed on their interests, how can you show mercy?

At this moment.

A series of attacks swept towards Ye Qiubai and the two of them!

These dozens of people are all in the realm of half emperors!

Below Tianchi, the breath is surging!

And facing this overwhelming attack.

The expressions of Ye Qiubai and Xiao Hei did not change at all.

Xiao Hei's face was cold, and his eyes were covered with magic.

A sense of disdain for the world spreads out again!

Immediately, the Nine Heavens Demon Halberd was held in his hand!

Slashed towards the cross sword shadow!

During the chopping process, the water in the Tianchi Lake seemed to be driven by the halberd at this moment!

turned into a terrifying wave and swept away!

the other side.

Ye Qiubai urged the Sword Domain.

The meaning of the Great Sword Sect converges into a long river of sword intent at this moment!

Immediately.

Four Absolute Sword Formation, blend into it!

Four Wonders · Pingshan River!

A giant sword phantom, slashed at the waterspout that swept in front of him!

Ye Qiubai and Xiao Hei.

Fighting in a group with a dozen or so Half Emperor powerhouses!

Chapter 339 The Four Absolute Beginning Swords!

Ye Qiubai, who was in the early stage of False God Realm, was able to kill a strong Half Emperor by himself.

Now, what about him who has reached the Half Emperor Realm?

How big should the increase in strength be?

Just like now.

While using the sword field, it is blessed with the Four Absolute Sword Formation and the Absolute Beginning Sword Sutra.

The power it displayed already has the power of an emperor!

Below Tianchi Lake, it seems to be occupied by those destructive sword intents!

Even the borderline who watched from the side frowned slightly.

His eyes are serious.

This attack, even if it is him, can only contend with it with all his strength.

The Great Sword Sect in front of him has just been promoted to Half Emperor.

From the early days of the False God Realm, he has continuously broken through to the Half Emperor Realm.

Logically speaking, the foundation of the road is not stable, so it should be stabilized first.

Therefore, the current Ye Qiubai has not really reached the level of a half-emperor.

However, the attack released now has the strength to compete with him!

Critical is a half-step Juggernaut!

Mu Cisheng was also surprised and said: "This sword repairer is strong."

And this four unique Absolute Beginning sword.

Directly slashed at the waterspout that Song Ming swept out with a single shot!

Instantly!

Water splashes everywhere!

The entire Tianchi Lake has set off a stormy sea!

The waterspout, at this moment, was directly cut into water droplets and merged into the pool again.

Ye Qiubai's Four Ultimate Absolute Beginning Sword did not stop because of this.

Fingers out together, sword pointing forward!

Sijue Taichu Sword Phantom, at this moment, then slashed at Song Ming who was holding a long spear!

The phantom of this sword gave him a death threat!

His heart shuddered.

You know, he has been suppressing his own realm, and has not broken through the emperor realm.

Song Ming like this is not something that ordinary half-emperors can compete with!

What's more, he is also the proud son of the sharp gun family.

How could you be so unbearable when facing Ye Qiubai?

Song Ming gritted his teeth.

Forcibly discarded the fear in his heart.

As a gunner, if you shoot like a dragon, you should go forward!

If they were timid before fighting, Song and Ming would not be able to go on with a single shot.

thought of this.

Song Ming let out a low drink, and adjusted his mood in a very short time.

The long spear in his hand was released with the meaning of a series of guns!

The intent of the gun actually surrounds Song Ming's gun body.

looming, like a dragon!

Then, the gun came out like a dragon!

Song Ming leveled the seven-foot spear with one hand.

Bend your elbows and straighten them suddenly!

The gun is like a dragon.

Jiaolong goes to sea!

Straight towards Ye Qiubai's phantom piercing of the phantom of the Four Ultimate Absolute Beginning Sword!

Seeing this scene, Judgment nodded slightly.

Song Ming, although his behavior made him despise.

However, as a first-class force, the arrogance of the Sharpshooter Sect.

Adjusting the state of mind, even with a gun, is not easy.

Song and Ming Dynasty, worthy of the name of Tianjiao!

At this time.

The phantom of the Sijue Absolute Beginning Sword also collided with the long spear that looked like a dragon!

this moment.

The breath spreads towards the surroundings!

Between the intersection of the two.

Actually formed a vacuum zone.

In this vacuum zone, there is no trace of Tianchi water.

At the same time, there are cracks in the space in this vacuum belt, which are emerging!

See this scene.

Ye Qiubai also nodded slightly.

From the wild realm to the border city of the borderless realm.

In the wild realm.

Ye Qiubai can fight across two realms!

Even, using the hole cards can achieve the beheading effect.

Reach the border city of the borderless domain.

can cross a realm.

However, if you want to kill, you need to use all your cards.

And now.

Came inland.

Facing Song Ming.

The realm of the two is half emperor.

Although Song and Ming suppressed the realm, the gap was not too big.

Ye Qiubai not only used the Four Absolute Sword Formation and Sword Field, but also directly used the Sword Sutra of Absolute Beginning!

But it can't kill it directly!

The opponent's attack can also resist this blow for a short time.

It can be said.

The quality of the enemies Ye Qiubai and the others face is getting higher and higher.

At this time.

Song Ming let out a low growl.

One-handed gun, changed to two-handed gun!

At this moment, the attack situation has changed!

Holding the tail of the gun with both hands, he suddenly raised it!

Immediately, it slammed down!

Dapeng spreads its wings!

When it fell down, the barrel of the gun was twisted!

It can be seen how powerful it is.

Ye Qiubai snorted coldly and swiped lightly with his sword finger.

The Four Supreme Swords of Absolute Beginning also slashed towards the long spear at this moment!

at the same time.

On the phantom of the Sword of Absolute Beginning.

A sense of endless life is revealed!

The Sword Sutra of Taichu, Pingshanhe!

Boom!

The two are at war.

Bursts of terror erupted!

At the bottom of Tianchi, there was a big explosion!

People around had no choice but to stop attacking and turn to defensive means, propping up the aura barrier, and resisting the turbulent flow of aura!

Aura turbulent flow, at the bottom of this Tianchi, continuous lasing!

When the turbulence disappears.

Everyone looked towards the warring parties.

Ye Qiubai was still calm, but his breath fluctuated slightly.

Obviously, the attack just now consumed a lot of Ye Qiubai's spiritual energy.

And what about the other side?

When everyone looked at Song Ming, their eyes widened suddenly!

On the side of Song and Ming Dynasties, a spear broke into three pieces at this moment!
at the same time.

On Song Ming's chest, there are two deep sword marks!

From the shoulders to the waist!

Song Ming's face was also full of disbelief.

Looked blankly at Ye Qiubai.

Immediately, his eyes swept over the broken spear.

On the long spear, the meaning of that spear has also disappeared.

Immediately, he lowered his head and looked at his chest with horror in his eyes!

Poof!

Instantly!

The two wounds on the chest spurted out a lot of blood!

Blood slowly flowed into Tianchi, dyeing the pool of water red.

Sharp Gun Sect Tianjiao, Song and Ming Dynasties.

just fell...

Ye Qiubai holds the Dark Demon Sword in his hand, and the other hand is used as a sword finger, closed in front of his chest, controlling the phantom of the Four Ultimate Absolute Beginning Sword in the sword domain.

He stared faintly at the other ascetics who were about to move in front of him.

"Is there anything else you want to try?"

One time.

These cultivators, looking at the sword cultivator in front of them, dare not move!

the other side.

The sword cultivator who suppressed the realm kept attacking Xiao Hei!

Xiao Hei is passively accepting.

However, his expression was extremely calm.

As if he didn't care about the sword repair's attack at all.

Now, it has been tempered in the depths of Tianchi.

Xiao Hei's physical body has strengthened a lot again!

The phantom of the demon **** behind him released dark demon energy, covering Xiao Hei's body.

The sword cultivator kept using his sword skills, slashing in this dark devilish energy!

But it didn't hurt at all!

Now, Ye Qiubai's people have taken care of it.

Xiao Hei also looked away.

Just now, he has been watching the situation of the eldest brother.

This is the end.

Only then came back to his senses, looked at the ugly-looking sword repairman in front of him, and said coldly: "Have you fought enough? I've given you so many moves, so it's my turn to make a move, right?"

Chapter 340 The sword breaks and people die!

As soon as Xiao Hei said this.

Everyone was taken aback.

Could it be that Xiao Hei just now was suppressed, making him unable to make a move?

However, only the sword cultivator in front of Xiao Hei knew.

Suppression?

Suppress the fart!

People didn't even look at him, they kept asking him to attack, and his full-strength sword just cut a hole in the dark devilish energy!

However, in an instant, there was a dark demonic energy to fill the gap.

You can't even break through the external defense, so what's the point?

Even Ye Qiubai shook his head and chuckled when he heard it.

These four junior brothers are getting more and more skinny.

I'm becoming more and more contemptuous of other people...

Thinking about it, it is also the reason why the memory is slowly recovering.

Xiao Hei's status is extraordinary, everyone in the thatched cottage understands this.

At this time.

Xiao Hei was about to make a move, but the phantom of the demon **** also opened his eyes at this moment.

His eyes are full of disdain for the world!

seems to despise everything.

All living beings are ants!

Seeing this scene, Jianxiu suddenly felt ominous in his heart!

Jianxiu's sixth sense can be said to be extremely strong and accurate.

To a certain extent, the crisis can be predicted!

This sword cultivator also naturally believed in his own feelings.

Immediately retreated with a sword cross!

Immediately, he roared: "Is it possible that you are just watching like this? Don't act quickly, otherwise, you still have your share in this Kunlun Tianchi?"

Heard here.

Some ascetics do not want to give up the Kunlun Tianchi, so they do it immediately.

Of course, there are also ascetics who were just about to move, and stopped rationally.

Today.

The strength of the opponent is obviously stronger than them.

And it's not a little bit stronger.

Taking action at this time is just courting death.

Song Ming's end, can't you see it?

Watching a series of attacks sweeping in.

Xiao Hei's face remained unchanged.

Take a step forward.

The pool water shakes!

A series of air bubbles floated around Xiao Hei's body and floated towards the top of his head.

In that bubble, it was filled with black magic energy!

At this time.

Xiao Hei punched out.

Following the blast of this punch, the phantom of the demon **** behind him also raised his huge fist, and blasted towards the attacks one after another!

Boom!

Ripples appeared in the space!

Under the Tianchi Lake, there were bursts of sonic booms!

Boomed on top of the sweeping attacks!

There was a sound of blasting air currents!

The space keeps vibrating.

Under the Tianchi Lake, it was as if an undersea earthquake had occurred, triggering a tsunami!
set off a stormy sea.

Among the stormy waves, it is full of dark devilish energy!

Amidst the demonic energy, everyone present felt that they wanted to surrender!

There are big and small.

People with a weaker mood feel the strongest!

Even the sword repairman could feel that what he was facing was not an ordinary physical repairer.

It's a demon **** looking down on the world!

The critical face is solemn.

Xiao Hei brought him a sense of danger even more than Ye Qiubai!

Before, on the Tianchi Lake, he saw Xiao Hei make a move.

The power of the physical body is extremely powerful!

The dark devilish energy is also daunting!

Now, its physical strength seems to be stronger!

This punch came down.

Critically thinking, how many methods will be used to resist?

I'm afraid you have to directly use the half-step sword master's sword intent to resist it?

At this time.

The attack after attack, under Xiao Hei's punch, was continuously shattered!

However, Xiao Hei's punch was canceled out at the same time.

Attack by dozens of Half Emperor powerhouses.

These people are all the arrogance of the clan!

Among them, there are two existences in the realm of suppression!

Now Xiao Hei can resist all of them.

It's amazing!

Xiao Hei took two steps back.

suddenly grinned.

"That's right, otherwise wouldn't it be too boring?"

The battles these days are all unilateral slaughters!

Now, so many Tianjiao are attacking him at the same time.

It was the fighting maniac factor that flowed in Xiao Hei's blood.

Roar!

With a sudden step, the water in the pool kept stirring!

And Xiao Hei, following the force of the recoil, rushed towards the dozen or so Half Emperor powerhouses!

Seeing this, the sword repairman gritted his teeth and said, "Let's do it together!"

Immediately, he took the lead in swinging the long sword in his hand, drawing a cross sword shadow!

The shadow of the cross sword seems to cut through the space!

Immediately following, was the attack of the other Half Emperor Tianjiao!

For a while, the aura surged!

Mu Cisheng looked at Ye Qiubai who was holding a sword in one hand and didn't intend to make a move, and couldn't help asking: "You...you don't make a move? Your junior seems to be under siege."

Ye Qiubai turned his head to look at Mu Cisheng who looked shy but couldn't help asking questions curiously.

There is a familiar feeling in my heart.

"It's okay, there's no need. If I make a move at this time, I'm afraid I will be beaten up by the fourth junior brother."

Hearing this, Mu Cisheng blinked his eyes.

Um? ? ?

What the hell? ?

Ye Qiubai naturally wouldn't intervene at this time.

When you see Xiao Hei's expression, you know it.

Now Xiao Hei has entered a fighting state.

Xiao Hei, who is in a fighting state, who will stop him?

I'm afraid it's not itchy.

You know, although Xiao Hei looks simple and honest on weekdays, he is very approachable.

However, once the battle starts, it will become like a person.

The fighting factor flowing in the blood will not change with time.

Mu Cisheng followed Ye Qiubai's gaze and looked over.

Xiao Hei kept dropping punches!

Continuously resolve the oncoming attacks!

Status non-stop.

Like a wild beast breaking free from the shackles and rushing out of the cage, it is on a rampage, and no one can stop it!

Seeing Xiao Hei getting closer, the sword repairman gritted his teeth and slashed out with his sword!

Jianzong Realm is undoubtedly released!

Those sword intents turned into sword glows, gathered at the tip of the long sword, and the sword seemed to grow again, and cut towards Xiao Hei!

There was a bloodthirsty smile on the corner of Xiao Hei's mouth.

Although there are already white marks on the body, and even some injuries.

After all, dozens of Half-Emperor-level Tianjiao figures attacked him at the same time.

It's impossible to say that you won't get hurt!

However, how could Xiao Hei feel pain at this moment?

How can these pains compare to the pain tempered in the fire of Nirvana and the extremely cold place in ordinary days?

Three lines, flame, ice, killing intent!

Gathered on the surface of Xiao Hei's body at the same time!

On the fist, not only the power of the ancient magic body is gathered!

Even more dark demonic energy emerged!

At the same time, the phantom of the demon **** behind him also had this change!

Both shot at the same time!

Blast out with a punch!

Without any bells and whistles, it fell fiercely on the long sword of Jianxiu!

Booming, when it hit the sword, there were ripples of air around it!

Click click click!

Just for a moment!

The sword was broken inch by inch!

The sword cultivator kept spurting blood, his face was pale, and he flew backwards!

There is no aura!

Obviously, the sword is broken and people die!
