

My Disciples 351

Chapter 351 The wind knows the strength of the grass, and the wise must be kind!

What the Great Calamity is, no one knows.

However, the Xingyun Sword Emperor took precautions, this kind of behavior is worthy of respect.

This is the thought in Ye Qiubai's heart.

Jian Wufeng laughed at the side: "You don't have to put too much pressure on this. What you should do now is to work hard to improve your strength."

"The Starfall Sword Sect will be your eternal backing, and all the foundations will lean towards you."

Ye Qiubai shook his head with a smile, and said: "Senior Jian, thank you very much, but there is no need to tilt the resources. I will find you if I really need it."

Heard the words.

Jian Wufeng nodded, and said appreciatively: "Depending on others, relying on external things, it will never be possible to reach the peak. If you have this kind of mentality, I can rest assured."

to be honest.

Jian Wufeng was worried.

Worried that Ye Qiubai would abuse the resources of the Sword Sect after becoming the sword son of the Star Meteor Sword Sect.

Now, it turns out that his worries were unfounded.

After the fact.

Ye Qiubai left.

Jian Wufeng stayed in the hidden pavilion, and an old man walked out from behind the bookshelf.

If Ye Qiubai was here, he would definitely know him. This old man is the gatekeeper of the Xingyun Sword Sect's mountain gate!

"Old Jian, how are you doing?"

The old man nodded, his eyes were not cloudy at all, and they were full of shrewdness.

"The strong wind knows the strong grass, and the wise man must be kind..."

Although the Starfall Sword Sect has declined, its power is far from what it was before.

But the foundation is still deep.

Ye Qiubai was able to resist in this situation... he couldn't use resistance, and he didn't think about it at all!

He can live up to these words!

"Yes, Jianzong, I can entrust it to him."

"This character is really similar to the Sword Emperor..."

The old man was a peerless figure in the same period as the Starfall Sword Emperor.

Be able to make him say this.

is already the highest rating!

Jian Wufeng also nodded with a smile, obviously, he also agreed.

...

After Ye Qiubai left the Secret Storage Pavilion.

Then he found the critical point and joined Xiao Hei and Shi Sheng.

When I saw Judgment, I saw him joked: "If I knew this would happen, I wouldn't bring you to Jianzong."

Ye Qiubai laughed loudly: "Brother Lin is not such a narrow-minded person, is he?"

"Taking some hits is real."

"After all, you are a pervert, your talent and opportunity are really good enough to make you envious."

Critical conversation changed, he pulled out the sword in his hand, and said: "Brother Ye should have nothing else to do now, and I also want to see how much his strength has improved after obtaining the inheritance of the sword emperor's predecessor."

See it.

Ye Qiubai also felt a little itchy.

He also wanted to know how much his strength had improved.

Under critical leadership.

The four of them came to the competition venue.

At the same time, the news did not know where it leaked from.

Countless sword sect disciples have come to the place where the two compete!

After all, it is now hailed as the hope of Jianzong's revival, and the disciple of Jianzong's suzerain is critical.

A duel with Ye Qiubai, who has perfectly obtained the inheritance of the Starfall Sword Emperor and was named Jianzi, whose power is comparable to that of the master of the Sword Sect!

For these two prominent figures.

The sparring between these two people will naturally get the attention of all Jianzong disciples!

In this regard, the critical point did not say anything.

The two of them jumped up and onto the competition stage!

In the eyes of everyone.

Critically took out the saber.

At the same time, Ye Qiubai also took out the Dark Demon Sword.

However, when he saw the saber in Ye Qiubai's hand, he frowned slightly.

"Although a swordsman shouldn't despise his own sword, this sword is quite different from the sword in my hand."

"So, let's take out that Sword Emperor Saber."

The sword in the critical hand is a peak spiritual weapon, and naturally it cannot be compared with the dark magic sword, which is a low-grade spiritual weapon.

Ye Qiubai smiled and said: "If I took out the Xingyun sword, wouldn't it be unfair to you?"

"fine."

Limitedly smiled and waved his hands, his eyes showed eagerness, and said: "After all, I also want to see what is so mysterious about the sword of the Starfall Sword Emperor back then."

Heard the words.

Ye Qiubai shrugged.

From the ring, he took out the Nine-Foot Star Meteor Sword!

Under the sunlight, this nine-foot-long star meteor sword shines brightly!

Among them, there are stars and swords, which are not controlled by Ye Qiubai, floating in this space.

Critical Now that I said so.

That Ye Qiubai would not refuse either.

What's more, this is also the first time he has used the Star Meteor Sword.

To be honest, he also has some expectations, wondering if he can control this legendary Sword Emperor Saber!

Jiangjian also showed desire when he saw the Nine-Foot Star Meteor Sword.

After all, it is the legendary sword used by the Starfall Sword Emperor back then.

The longing for a good sword is the common characteristic of every sword repairer.

Jiangju took a deep breath and said, "Let's do it."

After hearing this, Ye Qiubai was not polite, and raised the Nine-foot Star Meteor Sword in his hand.
to be honest.

This sword is really too long.

When you use it for the first time, you will still feel strange.

But this time, Ye Qiubai did not use the forward sword technique.

Xingyun Sword Art.

Has ninety-nine and eighty-one swords.

Each sword slash will superimpose the power and sword intent of the previous slash!

When the 9981st sword is cut out.

According to the description in Xingyun Sword Art, falling swords are like falling stars!

Stars fall.

It's for Xingyun!

One sword strike can destroy the stars!

However, with Ye Qiubai's current strength, it is obviously impossible to cut ninety-nine and eighty-one swords.

Every time the sword is cut, the power will be superimposed.

Of course, it also requires the physical fitness and realm of the caster, whether they can withstand such power!

The first sword cut out!

Star sword intent, gathered on the sword body!

and the sword intent in Ye Qiubai's body tolerate each other!

And when this sword cut out.

There is a force of repression all around!

Stars already have the power to suppress!

In the Xingyun Sword Art, the power of the stars is also used.

In other words.

Although there is no direct way to directly practice the power of the stars.

But after all, it is also close to the power of the stars.

The people watching below.

also had a serious face.

This heavy, tempered sword intent.

As a sword cultivator, they recognized Ye Qiubai's talent!

Have to obey!

Swordsman, go straight, go straight, think of what you want, there will be no detours, otherwise, you will not be able to go all the way to sword cultivation.

The critical expression is also dignified.

Facing this extremely heavy sword intent, he felt the most vividly.

Just the first sword has such power.

The inheritance of the Starfall Sword Emperor?

Sure enough, it lives up to its reputation!

Being able to use it for the first time made him feel so much pressure.

You know, Judgment is no ordinary genius either!

It can be called the revival hope of Starfall Sword Sect.

Is this just talk?

As for Ye Qiubai's talent?

The criticality is unimaginable, and it will not be compared with this abnormality, it will only make yourself unhappy!

A sword is coming.

Critically raise the sword in your hand, and also use the sword!

The discussion between the two.

Under the watchful eyes of everyone, under the secret observation of the elders and the peak master, the official launch!

to ask Yunzong." The peak master of Jiyi Peak looked at Zhang Yunzong with a smile, and asked, "You have the most contact with that junior, what do you think?"

Zhang Yunzong still has a straight face, as if it will always be this expression.

"Ye Qiubai's talent is stronger than critical."

Words, very simple.

The masters of Zixia Peak and Jiyi Peak did not ask back.

After all, they all understand Zhang Yunzong's character.

Never tell a lie, and never talk in circles.

Be what you are!

Therefore, Zhang Yunzong's strength is stronger than the two of them!

Zhang Yunzong's kendo is purer than the two of them.

"Okay, okay, let's start, let's take a good look."

The three of them stopped talking, and watched the exchange of ideas between the two seriously.

These two people represent the future of Starfall Sword Sect.

As peak owners, they naturally have to pay close attention.

...

Both of them used their swords!

The critical sword intent is also not weak.

As the proudest of the proud, his realm has already far surpassed his peers!

Reached the level of half-step Juggernaut!

On the forehead, there is a sword mark, exuding sword intent!

This is the top skill of Star Meteor Sword Sect!

The level is also not weak.

The critical sword fell!

Slashed with Ye Qiubai's Nine-foot Star Meteor Sword.

But just the moment of contact.

Critical can be accurately felt, the word heavy!

Too heavy!

Ye Qiubai in front of him is like a falling star!

Make it difficult for him to take it for a while!

The realm of the two is the same.

They are all half-step Emperor Realm, Sword Dao Realm, and they are also half-step Sword Masters!

However, there is a gap in strength.

However, Ye Qiubai was not as calm as he appeared on the surface.

Jiangjie is indeed the person hoped by Guanyu to revive the Starfall Sword Sect.

With this sword, Ye Qiubai could feel the sharpness of his sword intent!

Unprecedented sharpness!

Nothing to defend against!

This is how he feels.

In the comparison of the belligerents.

The critical level of kendo is definitely the highest!

At this time.

Critical escape and violent retreat!

It didn't stop until it retreated to the edge of the competition platform.

His face was solemn, and his breath fluctuated a little.

Under this sword, he has an absolute disadvantage!

"As expected of the inheritance of the Starfall Sword Emperor."

Said critically: "Brother Ye, your talent is really enviable."

While talking.

The critical other hand wiped the sword mark on his forehead.

And in the sword seal, also at this moment, with the critical hand, it brings endless sharpness!

Immediately.

The hand with endless sharpness wiped the blade from the beginning to the end!

On the sword body, endless sword intent bloomed instantly!

Countless sword intents surrounded the entire competition arena!

The sword intent is all sharp, as if it can cut off all defenses in the world!

At this time, the critical shot was made.

This sword brought together all his understanding of kendo!

At the same time, it also condenses the way of swordsman he has walked in his life!

Critical today.

Essence, energy and spirit have reached their peak!

During the confrontation with Ye Qiubai.

Although he didn't think about winning.

However, he doesn't want to lose either!

This sword is the pinnacle sword he has never had before!

This sword comes out.

Surprised everyone!

"Brother Lin's sword has improved again!"

"As expected of a critical point... This sword, I am afraid that even if it is me, there is absolutely no possibility of receiving it."

When the people next to him heard these words, they didn't ridicule them.

Because this person is also the man of the Star Meteor Sword Sect.

Half-step Emperor Realm, a genius swordsman who has reached the realm of the Great Sword Sect!

Dark place.

The Master of Jiye Peak rubbed his chin, nodded with a smile, and said: "This sword can be said to be able to pose a threat to the strong in the Emperor Realm. This brat has not wasted my usual teachings to him."

The master of Zixia Peak rolled his eyes, and said in a coquettish manner: "Come on, among the three of us, you are the one who taught him the least!"

Zhang Yunzong did not speak.

Staring at this scene closely.

thought to himself.

A person's life.

There must be a target, or an opponent.

This opponent is stronger than himself.

As long as self-confidence is not frustrated, then, having such an opponent will be the driving force for oneself to move forward!

Just like a critical situation, Ye Qiubai is the imaginary enemy in his heart now.

With Ye Qiubai in front of the mountain.

The critical point is to cross over!

Therefore, only the borderline can slash this sword beyond the realm!

The opposite of critical.

Ye Qiubai stood with his sword in hand, watching the power.

Feeling in my heart.

Sure enough, you can't underestimate Scorpio's love of heroes.

This critical sword, I have to say, made him feel a strong sense of threat!

Facing this sword.

Ye Qiubai became more serious.

At the same time, there was a ray of excitement in his eyes.

I saw him waving the sword in his hand!

One sword after another.

Keep falling!

The power on the sword is also constantly increasing.

That stellar sword intent is getting heavier!

The third sword...

The sixth sword...

The Ninth Sword...

Until the twentieth sword!

Ye Qiubai stopped.

This sword is Ye Qiubai's current limit!

Now, the Nine-Foot Star Meteor Sword in his hand, which is as light as nothing, is as heavy as Mount Tai!

Watching this scene.

Criminal smile and said: "One sword will determine the outcome?"

Ye Qiubai nodded: "One sword determines the outcome."

The voice just fell.

The two of them slashed out with one sword at the same time!

The critical sword gathers all the endless sharp sword intent released in this space!

Gather in this sword!

A slash like cutting the sky and destroying the earth, swung towards Ye Qiubai!

Space is constantly fluctuating!

Under the protection of the formation, the competition platform also began to tremble crazily!

Ye Qiubai is not to be outdone.

Xingyun Sword Art, the twenty-first sword, suddenly cut out at this moment!

When the sword fell, Ye Qiubai's face also began to turn pale!

Boom!

The aura of heaven and earth surged like a tornado with the surge of sword intent on both sides!

The expressions of the spectators under the competition stage all changed, and they stepped back a hundred meters in succession!

Once this sword intent reaches them, it will at least cause serious injuries!

One side is extremely sharp.

The other side is as heavy as a star!

The swords of the two are constantly touching each other at this moment!

On the competition stage, the tremors are also increasing!

However, it is a formation arranged by the former top forces, so naturally it will not be broken so easily.

At this time.

This is a situation where the chambers contend.

The critical endless sword intent, at this moment, was overwhelmed by Ye Qiubai's Starfall swordsmanship!

Critical expression changed!

It is at this moment.

Slash and shatter!

Ye Qiubai rushed forward holding the Nine-foot Star Meteor Sword.

Looking at the long sword that is only one finger away from the chest.

Criminal wry smile: "I lost..."

Chapter 353 The Formation of the Pure World

Spatial Gap.

This is a unique area in the space.

And it is in the low-latitude boundary, in an artificially opened space gap.

Countless evil races of different shapes gathered!

For the evil race.

There is an extremely strict hierarchy.

From bottom to top.

Evil soldiers.

Evil General.

Command.

Evil soldiers, most of them are in the False God Realm!

The evil generals were the blue-faced evil clan back then, and they were cultivators of the imperial realm!

And at the commanding level, it has reached the state of distraction.

As for further up.

is the evil king.

Compatible Dao Realm cultivation base!

And at this moment.

The evil race gathered here.

Several blue-faced evil generals knelt down on the ground, facing a commander-level evil clan!

I saw this commander-level evil race, with pale complexion, long and narrow eyes, filled with evil light!

Those long and narrow eyes narrowed slightly, looking at the several blue-faced evil generals prostrated on the ground in front of them, and said: "That is to say, if you are asked to attack a realm where there are no humans in the distracted state, it will be impossible for you Failed?"

"Have you lost so many evil soldiers and generals?"

Speak.

This leader-level evil clan has a strange and evil light on his body!

A very sinister aura fell on these evil generals!

Let these evil generals tremble uncontrollably!

"The commander... is not incompetent, the opponent has a human being who is good at the power of Confucianism and Taoism."

"Had a huge restraint effect on us."

The commander stroked his sharp chin, said "Oh", and said, "Confucianism and Taoism? Then I can't blame you."

He also knows that the way of Confucianism and Buddhism has the power of purification.

And this power of purification has a great restraint effect on them!

"However, the capital crime is inevitable and the living crime is inevitable."

Hearing this, the evil general trembled, and his eyes were full of fear!

Among the evil race.

Not only is the hierarchy extremely strict.

And the punishment is even more cruel!

Among them, the cruelest item is to become the dish of the evil race compatriots...

Looking at the trembling bodies of these evil generals.

The commander stood up and said: "However, since I don't have any other evil races to use here, I will give you a chance to perform crimes and make meritorious deeds."

"Commander, please speak!"

"Follow me to the Heavenly Spirit Realm."

The eyes of the leader-level evil clan narrowed slightly, and he grinned cruelly, saying: "I want to see who can stop my evil clan!"

...

the other side.

Spirit Realm.

The World Purification Array has been completed.

Its formation is located at the highest level of Yunhuang Palace!

With Yunhuang Palace as the center, use Ning Chenxin's power of Taoism to radiate the entire Heavenly Spirit Realm!

As for this, the requirements and consumption for Ning Chenxin are huge.

to this end.

Ning Chenxin sat beside several top alchemists in this world, and Mu Wan'er was among them.

Provide Ning Chenxin with elixirs for rejuvenation at any time.

Hongying also said solemnly: "Chen Xin, please."

Ning Chen nodded with a smile, and said, "Don't worry, I will never let the other party act recklessly."

Hongying nodded.

Mu Wan'er also clenched her small fist and waved it, and snorted coquettishly, "Brother Chen Xin, as long as I have enough aura in my body, I will be full of heavenly elixir!"

The top alchemists around were all smiling wryly.

This aunt's level of alchemy is higher than theirs.

Satisfied with heaven-level pills?

Although they can also refine heavenly elixir, the success rate is extremely worrying.

At the same time, it takes too much effort and time.

So, what Mu Wan'er said hit them hard.

"Okay, now all the preparations that should be done have been made, just wait for the arrival of the evil race."

Hongying asked: "Will they definitely attack the Heavenly Spirit Realm again?"

The envoy of Boundless Dynasty nodded and said, "I know the habits of the evil race very well."

"They will not attack other realms first. For this group of evil races outside the realm, they regard human beings as the lowest race."

Hongying nodded: "That is to say, it is precisely because they are proud that the inferior races in their eyes have suffered defeat, so they will definitely not let it go, right?"

Man Wujiang nodded: "That's the truth."

Hearing this, Hongying also began to give orders.

The ascetics under the False God Realm all serve as supply personnel behind the war!

After all, the ordinary evil soldiers of the evil race outside the territory all have the strength of the False God Realm.

Letting them participate in the war is just courting death.

Its army is composed of people in the False God Realm.

At the same time, a strong Half Emperor led a team.

Guarding the border cities of the Heavenly Spirit Realm.

Prevent the opponent from coming suddenly!

And all the emperors are scattered in the major hub cities of the Tianling Realm, where they receive and transmit information.

Extraterritorial evil race.

I don't know when it will come.

Hongying and Ning Chenxin need more than just preparations.

It is even more necessary to improve one's own strength.

After arranging things, go directly to retreat!

The strength of the peak combat power is the key to this war.

...

on the other hand.

Lu Changsheng continued to improve the formation.

Various methods were used.

Finally, based on the original foundation, the effect of the Purifying Mantra is even higher.

Afterwards, Liu Ziru was called again, deliberately provoking him.

After getting angry.

This time, Lu Changsheng's formation made Liu Ziru calm down quickly.

Although there are still some flaws.

But it should be enough.

The main reason is that Lu Changsheng doesn't want to improve anymore.

On this day, Liu Ziru came.

The first sentence that came was to say with a vigilant face: "No matter how much you provoke me in the future, I will never be able to get angry and be fooled!"

Lu Changsheng sneered.

If buddy wants to stimulate you.

According to the famous aphorisms of those keyboard trolls in the previous life, are you afraid that they won't stimulate you?

You know, this aspect.

People on Earth are absolutely at their peak.

Looking at Lu Changsheng's expression, Liu Ziru suddenly felt a chill in his heart, and shuddered inexplicably, and said, "Let's not talk about this, the evil clan, they should attack the Heavenly Spirit Realm again."

After noticing that Lu Changsheng was more concerned about the Heavenly Spirit Realm.

Liu Ziru found out.

His two disciples are both in the realm of heavenly spirits and have become the leaders of that realm.

Liu Ziru has been secretly following the news of the evil race.

"How did you know?"

Lu Changsheng asked casually while loosening the soil.

Liu Ziru secretly smiled.

Hooked?

replied: "The forces in the dark domain, although they rarely exist in the low-latitude domain, still have his intelligence network."

"So this aspect can be inquired about."

Lu Changsheng curled his lips and said, "Do you know the exact time?"

Liu Ziru nodded, and said: "The journey has already started, and we will reach the Heavenly Spirit Realm in two days."

Heard the words.

Lu Changsheng put down his work and lay back on the recliner.

He closed his eyes and didn't speak, he didn't know what he was thinking.

Liu Ziru smiled and sat on the side without disturbing.

Finally, Lu Changsheng got up and cursed: "I owe this group of little bastards!"

Chapter 354 What about the evil race? Where did it go?

Seeing Lu Changsheng stand up.

Liu Ziru showed a smile of success.

he knows.

Although Lu Changsheng didn't seem to care about other people on the surface.

He didn't even want to take care of his disciples.

However, in fact, Lu Changsheng will inadvertently inquire about the information of his disciples all the time.

At the same time, follow them.

so.

Liu Ziru can conclude that as long as he says these words himself.

Lu Changsheng will definitely do something.

"Liu Ziru, what realm are those evil races that are about to attack?"

Liu Ziru spread his hands, and said: "The highest one is a commander-level evil clan, who is in the God Realm, and the rest are seven evil generals, the Emperor Realm powerhouse, and some evil soldiers, all in the False God Realm."

Distraction?

Sounds awesome.

Lu Changsheng shook his head and asked, "How does it compare to your strength?"

Liu Ziru shrugged and said contemptuously, "Crush them with one finger."

"That's fine."

After finishing speaking, before Liu Ziru could reply, Lu Changsheng disappeared in place.

Liu Ziru, who stayed in the thatched cottage empty, after hearing these words.

It took a long time to react.

Slightly taken aback.

"No! Why do these words sound so harsh?"

"What do you mean that's all right?"

Liu Ziru's face darkened. In Lu Changsheng's eyes, is he really so weak?

But... in front of Lu Changsheng, he seems really weak.

no!

I must perform in front of Lu Changsheng!

I am also very strong, okay!

After all, Liu Ziru is also a five-star deacon in the dark domain!

...

Along the way, freely shuttle space.

Under the guidance of Liu Ziru.

Lu Changsheng and Liu Ziru came to a space that was still some distance away from the Heavenly Spirit Realm.

here.

The space turbulence is still there.

However, for powerhouses like Lu Changsheng and Liu Ziru, it really has no effect.

scrape on their bodies.

Just like ordinary wind.

"right here?"

Liu Ziru nodded and said, "According to their speed, they will arrive after a stick of incense."

Lu Changsheng nodded, wanting to arrange a formation, which would be safer.

But think about it.

asked: "Are they really weaker than you?"

Liu Ziru's face darkened, and he said, "What do you mean?"

Lu Changsheng scratched his head embarrassingly, and said: "Don't be angry, I don't mean anything malicious, I just want to confirm again, if you are not sure, I will arrange a little bit of formation, so it is safer."

Liu Ziru swears!

If it wasn't for him not being able to defeat this cub.

He will definitely beat him into a pig's head!

What do you mean don't be angry, without malice?

Does he know, as far as this sentence is concerned, the lethality is already great!

Arranging formations?

Hello.

Do you want to be so cautious!

to be honest.

After observing these days, Lu Changsheng's character is simply too cautious.

Although it is said that a lion fights a rabbit with all its strength.

but.

Lu Changsheng can no longer be said to be doing his best.

Cannon to fight mosquitoes!

Nuclear bomb hits cells!

That's what I'm talking about...

"...But." Liu Ziru looked at Lu Changsheng jokingly, and said, "You still care about your disciples."

Lu Changsheng let out a snort, and said, "I just don't want to wipe their **** afterward!"

Liu Ziru shook his head and chuckled.

Really a tsundere.

However, he can be Lu Changsheng's disciple.

They were lucky.

At this time.

There is not much time left for a stick of incense.

Lu Changsheng and Liu Zirui could clearly feel it.

A huge evil aura is coming towards them, overwhelming!

Lu Changsheng was expressionless, but frowned slightly, and said, "This breath is really uncomfortable."

Although it is already very strong.

However, there are still feelings about some uncomfortable things.

Make an analogy.

Just like the people in Beijing on earth, they have long been accustomed to the poor air quality.

However, in smoggy days, I still feel uncomfortable.

The same reason.

Liu Zirui spread out his hands and said, "Then let's deal with them?"

"Do you want me to make a move?"

Just right, show off your strength here!

In this way, he can also restore his image in Lu Changsheng's heart!

Hearing this, Lu Changsheng's eyes lit up, and he said, "That's great!"

Just right, if you don't do it yourself, you can avoid cause and effect to a certain extent!

Wouldn't it be wonderful?

Not right...

Lu Changsheng thought about it for a second.

In case Liu Zirui takes this matter to ask for credit for himself.

What should I do to let him join the dark field?

Wouldn't that be even worse?

Think here.

Lu Changsheng weighed the pros and cons.

According to Liu Ziru, the strength of the Dark Realm must be stronger than these evil races outside the Territory.

From the indifference in his tone and eyes when he mentioned the evil race outside the territory.

And the causal relationship, if it is involved with more powerful people and forces, it is bound to have a greater impact.

so.

Lu Changsheng still decided to do it himself.

"Forget it, after all, this is my disciple's business, and I, the master, should do it."

Heard the words.

Liu Ziru shrugged and stepped back.

This truth can be accepted by him.

It's just a pity that I can't show my strength.

However, it would be nice to be able to observe Lu Changsheng's strength again from a quiet distance.

It's just... just a small distracted evil clan.

I'm afraid it's not enough for Lu Changsheng to exert his strength...

At this time.

Those groups of evil races with wings on their backs and different shapes came here!

At the forefront is the leader-level evil race!

I saw him narrowing his long and narrow eyes slightly, and said, "Inferior race? Why are you here?"

Lu Changsheng took a step forward.

As soon as he held it in his hand, a wooden sword appeared in Lu Changsheng's hand.

He smiled and said, "So, can you understand my intention?"

Looking at the wooden sword in Lu Changsheng's hand.

The commander-level evil race sneered and said, "Human, do you know our identities?"

Lu Changsheng shook his head.

"Do not want to know."

"There is no need to know."

"Oh?" The commander was taken aback and asked, "Why is it not necessary?"

At this time.

The wooden sword in Lu Changsheng's hand moved slightly.

The sword light flashed by!

The commander still had doubts in his eyes, and the shape of his mouth was still consistent with the last sentence he said.

The head is separated from the body.

Even death, did not react!

Lu Changsheng held a wooden sword.

Wearing a white robe.

In the turbulent flow of this space, strolling in the courtyard is like walking in your own back garden.

Step lightly on your feet and step forward.

"Dead people don't need to know too many things."

Immediately, Lu Changsheng turned his attention to the group of evil races behind.

This group of evil races all have terrified eyes!

Among them, several evil generals lost their voices: "Why are there such powerful human ascetics here?"

However, the voice just fell.

Lu Changsheng stuck out his finger!

An extremely sharp sword light rushed into the evil group!

Carnage!

Massacre without any suspense!

...

the other side.

Spirit Realm.

Man Wujiang put his hands behind his back, looked at the sky, and wondered: "Why haven't the evil race come yet?"

Chapter 355 The three major forces are here!

In the unnamed space.

Liu Ziruo looked at her eyes speechlessly.

Lu Changsheng, who was diligently cleaning up the corpses, said helplessly, "Is it necessary to be so cautious?"

Today.

Lu Changsheng was doing what he understood from birth.

Destroy corpses and wipe out traces.

Leave no trace!

It couldn't be discovered by others, it was him who moved.

Therefore, Lu Changsheng not only completely incinerated their bodies with fire.

Even arranged a formation to make their souls disappear in this world.

Good guy...

Destroy corpses and wipe out traces.

Also comes with super service, right?

After finishing all this, Lu Changsheng wiped his forehead, exhaled and said, "It's finally done."

Just when he wanted to leave with Liu Ziru.

Lu Changsheng frowned again, and said, "No."

"What's wrong?" Liu Ziru was slightly taken aback.

Lu Changsheng stroked his chin and said, "Just in case, I'll check again to see if there is anything missing."

Liu Ziru: "..."

...

Two days.

Three days.

until the seventh day.

The envoy of the Boundless Dynasty stuck his chin and stared blankly at the sky.

It's already the seventh day.

Why is there no movement from the evil race?

According to their temperament, it shouldn't be!

Look at the previous situation.

This group of extraterritorial evil races look down on humans extremely.

And has a highly arrogant attitude towards himself.

so.

Once they suffer here.

It is bound to integrate the team immediately and continue to attack them!

But.

Seven days passed.

No fart!

As calm as before.

This also made the army guarding the border a little suspicious of life.

Is it still coming?

However, that being said, they still will not let down their vigilance.

After all, the opponent may still attack them.

Another half month passed.

Hongying exits the customs.

At the same time, the strength has also been raised to the late stage of the Emperor Realm!

Hongying's talent is already extremely strong, but with the accumulation of accumulation, and the support of Lu Changsheng's skills.

The realm has improved extremely quickly.

After Hongying left the customs, she found Man Wujiang and asked, "Is there still no movement from the evil race?"

Man Wujiang spread his hands and said helplessly, "I don't know either."

However, when she sensed the breath in Hongying's body.

I was slightly startled.

This level of improvement is too fast!

How long has it been in retreat before breaking through?

Man Wujiang couldn't help but sigh with emotion: "Your Majesty Hongying, your future should not be limited to this boundary."

"It shouldn't be limited to this empire."

"Although the Yunhuang Empire was built by you and brought you infinite glory, it is often because of this that it becomes a shackle that restricts your future."

Hongying smiled and said: "I also plan to go out for a walk, but I have to wait for things here to settle down."

Man Wujiang nodded appreciatively, "This is what it should be. As long as you have this idea, His Majesty Hongying's future will be limitless in the future. At that time, you can consider joining my Boundless Dynasty."

Hear here.

Hongying smiled lightly.

But did not make a substantive answer.

Boundless doesn't care either.

Shrugged and reminded a few more words, then went out.

On the other side, Ning Chenxin made another breakthrough in the realm of Taoism.

It can be said that Ning Chenxin is not in vain even in the face of the middle stage of Emperor Realm.

The vigilance of the Heavenly Spirit Realm continues.

Preventing the sudden arrival of evil races from outside the territory.

...

the other side.

The instigator, Lu Changsheng, has returned to the thatched cottage.

Liu Ziru's face was pitch black.

However, there was a hint of helplessness in that dark complexion.

With such a cautious personality, it is hard to see that he is a super strong person who is countless times stronger than him!

On the way back.

Lu Changsheng went back more than once to check for any omissions.

Although sometimes I really found some omissions.

However, this is all irrelevant.

For example, eliminate the sword intent in that space.

For another example, forcibly adjusted the turbulent flow in the space that was a little bit confused because of Lu Changsheng's shot, and returned to the original state.

Please...

Spatial turbulence is inherently chaotic, without rules!

Lu Changsheng returned to the thatched cottage, lay down, and muttered: "This time there should be really no problem..."

Liu Ziru said helplessly: "With your strength, there is really no need to do this. Even if the patriarch of the evil clan came here in person, he would not be your opponent."

"Unless they can invite people from the ghost clan."

Lu Changsheng glanced at him and said, "That's right, what if they invite people from the ghost clan to take revenge?"

Liu Ziru: "..."

I am speechless?

"Aren't you going to tell your disciples the news?"

"If they don't know, I'm afraid they will always be on tight alert."

Lu Changsheng shook his head, "Although I helped them take action this time and cleared the obstacles, it's still right to be vigilant."

"Stress makes people progress, and their road is still very long."

"not to mention..."

Lu Changsheng knew that Hongying and Ning Chenxin planned to go to Ye Qiubai and those three little **** in the future.

If all go to the borderless domain.

Wouldn't that cause more trouble?

If they know it's cleared, then they have to go straight to the borderless realm.

Think here.

Lu Changsheng is a bit big.

So, let's keep it secret...

...

the other side.

Ye Qiubai still stayed in the Xingyun Sword Sect to practice.

The strength of the three of them.

Looking at the entire borderless domain, it still cannot reach the top level.

And the outside world.

There are also forces such as Hanlingzong, Xuanmingya, and Shenqiangmen.

Searching for Ye Qiubai.

These sects are all first-class forces!

Moreover, they are all stronger forces than the Starfall Sword Sect!

Jian Wufeng also knew about this news.

That's why he suggested to Ye Qiubai and the others to stay in Xingyun Sword Sect to practice for a period of time.

is also protecting them in disguise.

But.

There is no impenetrable wall in the world.

Ye Qiubai, Shi Sheng and Xiao Hei, when they were in Xingyun Sword Sect.

The undercurrent began to surface!

Hanlingzong, Xuanmingya, Sharpshooter Sect.

The sect headed by these three first-rate forces sent people to the Starfall Sword Sect!

At the moment.

It is above the Star Meteor Sword Sect.

Three majestic figures have come here!

"The Cold Spirit Sect (Xuanmingya, Shenqiangmen) came to visit the Starfall Sword Sect!"

Han Lingzong is an extremely cold and young woman.

Xuan Mingya is an old man with a sinister aura.

And the sharp gun door is a middle-aged man holding a long gun!

The strength of these three people has all reached the peak of the distraction state!

Among them, the middle-aged man from the Sharpshooter Sect has even faintly reached the realm of supreme spear skills!

Everyone looked at the sky with horrified expressions!

The three first-rate forces came together, for what?

At this time.

Xiao Jianfengfeng advocated Yunzong.

The master of Zixia Peak.

and the master of Jiye Peak.

are all soaring into the sky!

came in front of the three of them.

Chapter 356 Declare war!

"I don't know why everyone came to my Starfall Sword Sect?"

The Master of Jiye Peak showed a smile on his face, as if he didn't feel oppressed by the other party.

The evil old man in Xuanmingya is surrounded by endless grievances!

to be honest.

Xuanmingya is more like a sect formed by a group of evil cultivators.

Nothing more.

in unbounded domains.

Evil cultivators are very disciplined and will not randomly disturb the world, so other sects will not attack them in groups.

I just heard this sinister old man with a gloomy face and said: "I heard that Shi Sheng is with you?"

The Qing Leng Fairy from the Cold Spirit Sect also said: "Is Ye Qiubai also here?"

Heard the questioning of the two.

The disciples of the Starfall Sword Sect below were all taken aback.

They came here for Ye Qiubai and the others?

What the **** did it do.

Will it provoke these three first-rate forces?

The Master of Zixia Peak covered his mouth and smiled coquettishly: "Even if they are here, what should you do?"

Zhang Yunzong's other hand was already on the hilt of the sword at his waist.

Obviously, he also expressed his attitude.

The middle-aged man in the sharp gun gate, holding a long gun, said coldly: "I give you two choices."

"Oh? I would like to hear more about it."

"First, hand over the three of Ye Qiubai, and we will leave, and we will live in peace with the Xingyun Sword Sect. After all, we don't want to do what the Xingyun Sword Emperor did. Absolutely."

"Second, if you don't pay, you will bear the consequences."

Zhang Yunzong said coldly: "Oh? What consequences, I want to hear."

Heard the words.

The middle-aged man from the sharp gun gate shook the middle spear.

A sense of spear shooting soared into the sky!

Zhang Yunzong's face was slightly ugly.

"Bai Qikai, your gun skills have reached half-step perfection?"

Just like being above the pinnacle sword master, is the supreme realm.

Then, the pinnacle spear master is also supreme.

And Bai Qikai.

was the well-known Tianjiao of the Sharpshooter School back then.

Now, the state has reached the peak of distraction, and the gun skills have improved rapidly!

Bai Qikai said coldly: "The consequence is naturally that our three major sects will start a war with your Starfall Sword Sect."

"Although the Xingyun Sword Sect is a sect that bears glory, the three of them, Ye Qiubai, all have enmity with us."

The Master of Jiye Peak sneered and said: "Why do you need to be grandiose? Bai Qikai, back then you always spoke out your words, but now, you are acting like this for the treasures under Kunlun Tianchi?"

The fetish at the bottom of Kunlun Tianchi!

This is their real purpose!

If not for this.

Innocence is just the enmity between the following disciples.

How could they make a move?

The death of a disciple is just a fall during the struggle.

Skills are not as good as people.

As a first-class force, this is still clear.

However, the mistake was that Shi Sheng got the hot taro at the bottom of Kunlun Tianchi.

That year.

The Starfall Sword Emperor was not yet the Starfall Sword Emperor.

It's because I reached the bottom and saw the fetish.

It was only in the next hundred years that he made rapid progress, and won the reputation of Starfall Sword Emperor and the number one sword cultivator in this world!

And Shi Sheng got that fetish directly!

How could this not make them jealous?

If you get that thing.

Will their sect be able to create a few characters like the Xingyun Sword Emperor?

"Without further ado."

The sinister old man of Xuanmingya said: "We are here, no matter what, we must let you hand over these three people, if you don't hand over? Then wait for the war!"

Let's go to war!

Three first-class forces.

Xuanmingya is about the same strength as Xingyun Sword Sect.

But the Cold Spirit Sect, and even the Sharpshooter Sect.

are all existences whose strength surpasses them.

These three major wars against the Xingyun Sword Sect at the same time.

Can you really resist it?

only.

The weird thing is.

Disciples of the Starfall Sword Sect.

They all drew out their swords!

Below, staring coldly at the three top distracted powerhouses above!

His eyes were full of fighting spirit.

Without the slightest fear!

For them.

Ye Qiubai, Shi Sheng, and Xiao Hei, although they didn't say they joined the Starfall Sword Sect.

However, they all believed that these three people, especially Ye Qiubai, were already closely related to the Xingyun Sword Sect.

After all, Ye Qiubai is the descendant of the Xingyun Sword Emperor.

This scene.

Zhang Yunzong and the others were quite pleased.

Today's Starfall Sword Sect is not as powerful as it was at its peak.

But his disciples are all first-class sword cultivators!

War?

Don't be afraid!

At this time.

A monstrous sword intent soared into the sky!

covered the entire Starfall Sword Sect!

He Dao Realm!

The supreme state of swordsmanship!

I just felt this breath.

The disciples of the Starfall Sword Sect became excited.

Bai Qikai, as well as the elder Xuanmingya, the fairy of the Cold Spirit Sect, looked forward with ugly expressions.

I saw a middle-aged man approaching with a sword.

Impressively the suzerain of the Starfall Sword Sect, Jian Wufeng!

"Since you want to fight, let's fight."

The short eight characters revealed the meaning of the entire Starfall Sword Sect!

Battle!

They will never hand over Ye Qiubai and the others!

This is the meaning of the Starfall Sword Sect, the whole sect!

Bai Qikai nodded, clasped his fists and said, "If that's the case, let's go to war. I'm afraid Sect Master Jian won't regret it in the future."

"A sword cultivator acts with his heart, when will he regret it?"

The three nodded, turned and left.

They want to notify Zongmen.

Officially launched a battle post to Xingyun Jianzong!

When the three left.

Jian Wufeng gave orders from the suzerain on the spot.

"The disciples and elders who are outside the sect, all are recalled."

"Enter combat readiness."

"At the same time, in the sect, all secret realm exercises are open, and those who meet the realm requirements can enter."

This time.

It was a battle related to the rise of the Starfall Sword Sect.

If you lose.

Then the altar will be knocked down, and it may collapse, or be destroyed directly!

If wins.

Then the cohesion of the Starfall Sword Sect and the sense of belonging to the sect will reach an unprecedented height.

At the same time, it can also buy precious time for Ye Qiubai and the others.

For the talents of the three of them.

It is only a matter of time before hitting the Dao Harmony Realm.

All the disciples nodded solemnly, and went to the secret realm or the place of cultivation to practice.

They have no complaints!

This scene.

All were seen by Ye Qiubai and the others.

Jianjie said in a concentrated voice at the side: "Brother Ye, there is no need for you to feel pressured by this, just practice hard."

"As long as the Starfall Sword Sect is still there, it will naturally become your backing!"

Ye Qiubai nodded.

I was quite emotional in my heart.

Which sects are able to achieve such cohesion as the Starfall Sword Sect?

and righteousness?

He also thought that he could not implicate Xingyun Sword Sect and leave this place.

However, now he can only dispel this idea.

Critically said: "Okay, brother Ye, I'm going to practice too, the big battle is coming, we need to improve ourselves quickly!"

Ye Qiubai nodded.

At this time, Jian Wufeng came here.

I saw him say: "Critical, the Master Sanfeng will take turns to teach."

"As for Qiubai, although I can't teach you, I can still be your training partner."

In just a few days.

If you want to improve your strength quickly, you need to fight!

Chapter 357 Arrived!

The next few days.

The event is continuing to ferment.

Three first-class forces.

Han Lingzong, Shenqiangmen, and Xuanmingya all sent war letters to Xingyun Swordzong.

At the same time, there are several other forces secretly involved.

It can be said.

This time, it is the biggest crisis for Starfall Sword Sect!

"I heard that the Starfall Sword Sect did this to protect Ye Qiu Bai Shisheng and Xiao Hei."

"Ye Qiubaishi gave birth to Xiao Hei? Who are they?"

"Your news is really blocked. These three people became famous in the Kunlun Tianchi battle!"

Immediately after.

After this person told what Ye Qiubai and the others had done in Kunlun Tianchi, the doubtful person was taken aback.

Crossing the border and beheading dozens of Half Emperors!

Among them are the Half Emperor powerhouses who suppress the realm.

What's more, those who can participate in Kunlun Tianchi are all arrogance figures in the sect!

How can it be so easy to leapfrog?

However, Ye Qiubai and the others forcibly killed him with the strength of the False God Realm!

Among them, Shi Sheng even got the fetish in the deepest part of Kunlun Tianchi!

You must know that the Xingyun Sword Emperor made extraordinary achievements because he reached the deepest point and only practiced below for a few days.

Now, Shi Sheng has taken him away. If it grows up, it will probably be more terrifying than the Starfall Sword Emperor, right?

"If it were me, if I had enmity with them, I would do it as soon as possible to avoid future troubles."

"However... the enmity between them only exists among the disciples. Normally, it is impossible to cause such a big commotion, let alone a Zongmen war..."

"Nonsense! A discerning person will know that he is going for that fetish!"

"It's just that the food looks a little ugly..."

"Heh, I am afraid that even the Boundless Dynasty will be tempted by a fetish of this level, let alone this first-class power?"

anyway.

At this moment, Boundless Dynasty.

The emperor, Mu Zhengting, sits high in the hall.

Mu Fusheng, on the other hand, was sitting at the bottom drinking wine.

Seeing this scene, Mu Zhengting couldn't help feeling a headache.

"What do you think of the fetish in Kunlun Tianchi?"

After Mu Fusheng took a sip of the wine, he said with a smile: "Can you have any ideas?"

"Don't you want to get it?"

Mu Fusheng stared and said: "Of course I want to get it."

Mu Zhengting asked with a smile: "Oh? Then you can go for it. After all, this thing contains a huge and unknown secret."

Mu Fusheng shook his head: "If it is in front of me, I will naturally want it, but if it has already been obtained by others, it means that I have no destiny, so why force it?"

Hearing this, Mu Zhengting nodded slightly.

Among the many candidates for succession, why did Mu Zhengting choose Mu Fusheng, who seemed very frivolous and lazy?

The reason is this.

is very smart and sees everything very clearly.

It's easy to say.

But how many people can do this?

In this colorful world, there are so many temptations.

How many people can resist temptation?

"However, can Xingyun Jianzong survive this test?"

Mu Zhengting shook his head and said, "I don't know about that."

Immediately, with deep meaning in his eyes, he looked at Mu Fusheng, and said with a smile: "Why don't you go and have a look? Anyway, you're drinking here all day long and nothing serious."

"Father, you have wronged me." Mu Fusheng showed dissatisfaction, and spread his hands: "This is what I call enjoying life."

"But it's really boring recently."

After speaking, Mu Fusheng got up and walked outside.

Mu Zhengting looked at Mu Fusheng's back, smiled and shook his head.

Get up, walk to the place where Mu Fusheng was drinking just now, pour himself a glass of wine, and take a sip.

"This stinky boy is quite good at enjoying it."

...

Five days have passed.

In the Starfall Mountains, in the dark, there are enemy eyeliners all over.

Obviously, the Xingyun Sword Sect has already started to monitor.

At the same time, this also means that the official war is not far away.

Outside.

Xingyun Sword Sect was lucky to recall all the disciples and elders.

After issuing the gauntlet.

The people of the three major forces began to frantically search for the disciples of Jianzong who were living outside.

Fortunately, there is not much loss.

Break Yunfeng Peak.

Ye Qiubai is competing with the suzerain Jian Wufeng.

certainly.

Jian Wufeng suppressed his realm to the same realm as Ye Qiubai.

However, although the realm is suppressed.

But his understanding of skills and sword intent is still much higher than that of Ye Qiubai.

Ye Qiubai drew out his sword.

Jian Wufeng explained: "The Sword Dao is infinite, and now you have reached the half-step Juggernaut, which can be said to be far superior to your peers."

"And above that is the sword master, the pinnacle sword master, and the realm I am in now, the supreme realm."

"Before, your realm breakthrough was too fast and you needed to settle down. Therefore, what you need to improve now is the realm of swordsmanship."

Ye Qiubai nodded slightly.

Listening to Jian Wufeng's words, the sword in his hand didn't stop.

Or chop, or chop, or stab!

did not use swordsmanship.

Use the most primitive sword skills to improve your understanding of kendo.

And these days, from day one, you can only live three strokes.

By the fifth day, I was able to hold on for a stick of incense!

To know.

Jian Wufeng is the supreme realm of swordsmanship!

How many levels does it have to surpass Ye Qiubai?

Even Jian Wufeng himself was quite horrified.

It can be said.

Ye Qiubai is the person he has ever seen with the highest talent in swordsmanship, bar none!

The absorption of kendo knowledge is too fast.

Not only can it be understood quickly, but it can also be quickly converted into its own use.

to be honest.

If it wasn't for Ye Qiubai's existing teacher, Jian Wufeng would have used all means to take Ye Qiubai as his apprentice.

At this time.

Ye Qiubai was sent flying by a sword!

Jian Wufeng smiled and said: "Very good, I can hold on for two sticks of incense already."

Ye Qiubai stood up with a smile, bowed and said, "Senior taught me better."

"Then why don't you worship me as your teacher?"

Ye Qiubai scratched his head and smiled wryly.

Bringing up old things again.

This is the eighteenth time Jian Wufeng said this sentence.

Seeing Ye Qiubai's troubled expression, Jian Wufeng smiled and said, "Okay, okay, I know you already have a teacher."

"However, I really want to see who is so divine that can cultivate such an excellent disciple as you."

Ye Qiubai also thought of Lu Changsheng.

I don't know how Master is doing, whether he is still sleeping and eating in the thatched cottage.

"Master... is very strong, and I still can't guess where the limit of his strength is."

Jian Wufeng nodded.

Just wanted to say something.

A voice transmission struck.

After listening.

Jian Wufeng's originally relaxed expression slowly sank.

Ye Qiubai, who noticed this, also said with a serious face: "Senior Jian, are they here?"

Hearing this, Jian Wufeng nodded.

"The three major forces have arrived and have reached the Starfall Mountain Range."

Immediately.

Jian Wufeng sent the sound transmission to the peak owners of the other three peaks.

"Pass down the order, all Jianzong disciples, stop practicing and prepare to defend against the enemy!"

Chapter 358 Beidou Sword Formation!

Whether it is the Cold Spirit Sect, the Divine Spear Sect, or the Xuanming Cliff.

are all first-class forces.

Among them, the Cold Spirit Sect and the Divine Spear Sect are even more powerful existences among the first-class forces!

At the moment.

The three major sects have arrived at the Starfall Mountains!

In the Xingyun Sword Sect, all the disciples and elders who retreated have finished their training and have all arrived at the mountain gate!

Among them, Jiye Peak, Zixia Peak and Xiaojian Peak.

Master Sanfeng, stand at the forefront.

The breath of the peak of distraction exploded!

Turn around in this world!

At this time.

Outside the mountain gate, there is an endless breath coming!

The disciples of the three major sects, their breaths flickered!

The Cold Spirit Sect is all female disciples, surrounded by ice!

Their arrival made the temperature in this space seem to drop below zero!

Xuanmingya bears the power of evil!

In the black mist, there is evil whirling!

In the middle, the members of the Sharpshooter School are all holding long spears.

Waves of spear intent, like a heaven-shattering intent, soared into the sky!

These three forces pressed against the whistling sword intent whirling over the Xingyun Sword Sect at the same time!

At this time.

Among the three sects, three figures flashed out at the same time!

These three people are all the peak distraction powerhouses among the three sects!

Among them, Bai Qikai was among them.

Bai Qikai took the lead, holding a spear, and came to the gate of the Xingyun Sword Sect, and said: "Is the Xingyun Sword Sect still not considering other options?"

"If you choose to hand it over now, maybe you can still save some room, otherwise, when we make a move, it will be endless!"

Zhang Yunzong also stepped out with a single step, and the sword intent circled around his body!

The state of swordsmanship has suddenly reached the state of the peak sword master!

I saw him holding a long sword, the long sword was unsheathed, and the sword burst out!

"Men of Jianzong are not afraid of life and death."

"It's just that if you really don't want to die forever, maybe even if Jianzong falls like this, it can seriously hurt the vitality of your three sects?"

As soon as these words came out, all the disciples of Xingyun Sword Sect drew out their long swords!

Combining fighting spirit and sword will, soaring into the sky!

They expressed their attitude in the most direct way!

No matter what choice Xingyun Jianzong makes.

They will all live and die with Jianzong!

As for surrendering, running away halfway?

This does not exist.

Jianzong is their sect and their current home.

Protecting the homeland is our duty!

Not to mention, as a swordsman.

The pride of sword cultivators, or arrogance, does not allow them to back down at this time!

After hearing what Zhang Yunzong said and the reaction of Jianzong's disciples.

Bai Qikai's expression was rather ugly.

The cohesion of the Xingyun Sword Sect can be said to be unmatched by all other sects.

If you really fall into the place of immortality.

Although the Starfall Sword Sect is bound to be destroyed, they will also be greatly injured.

However, this is the end of the matter.

Bai Qikai naturally wouldn't back down.

"In this case, let me see how your swordsmanship has improved."

After finishing speaking, he raised his spear and soared into the sky!

Zhang Yunzong snorted coldly, and when he drew his sword, there was a sword groan!

Followed by the same!

At this time.

The Great Elder of the Cold Spirit Sect was distracted and looked at the master of Zixia Peak.

The master of Zixia Peak smiled lightly, pulled out a soft long sword from his waist, and went up to meet him!

The peak lord of Jiye Peak is the deputy lord of Xuanmingya!

The high-level combat power of both sides has begun to fight!

And at this time.

Among the three cases.

There are three bursts of aura that can change the color of the world!

Everyone looked up at the sky, their expressions suddenly changed.

These three auras are all powerful in the Dao realm!

"Jian Wufeng, come out and talk."

Soon, Jian Wufeng turned into a sword light, appeared in front of the formation, and said with a smile: "Hehe, I haven't seen you for a long time."

"Next game?"

"Next game."

The four of them lifted off at the same time, and in the sky, there was a huge chessboard that appeared out of thin air!

It seems that the creatures of heaven and earth are used as pawns to fight against each other!

The peak combat power of both sides will not make a move.

This is the consensus.

Once the strong in the Dao realm makes a move.

Then it is a devastating blow to the extent of damage to this world!

Boundless Dynasty is also expressly prohibited!

Those who are strong in the Dao realm must fight to the death in a special place!

If you shoot at will.

will be sanctioned by the Boundless Dynasty.

This is what no one wants to see.

Beyond the Starfall Mountain Range.

Countless people gather here.

Looking up at the chessboard in the sky.

"It seems that the Zongmen battle has begun."

"The Starfall Sword Sect's peak combat power, the Starfall Sword Sect is not as good as the three sects working together."

"Well, even the disciples of the sect still have a gap in strength and number."

"Sigh, the Xingyun Sword Sect is probably defeated, but I don't know how many days they can last."

...

Ye Qiubai, Xiao Hei and Shi Sheng also came to the front of the formation.

Although the peak master and suzerain of Jianzong did not allow them to appear.

After all, the opponent's target is the three of them.

If the three of Ye Qiubai were killed.

Then all this is meaningless.

but.

Let them hide behind?

Ye Qiubai and the three of them do not have a deep relationship with the Xingyun Sword Sect.

Let the disciples and elders of Jianzong fight to the death in front, but they watch the show behind?

How can this be!

Jiangjie came to Ye Qiubai's side without saying a word, since he appeared here, there is no need to say anything else.

Saying anything will be superfluous.

After the high-level combat power took action.

Among the three sects, some elders appeared, and they waved their hands.

The three coalition forces are attacking the mountain gate at the same time!

Jiangsu snorted coldly, waved his hand and said, "Sword array is activated!"

All the disciples drew their swords and stood up!

A series of sword intents gathered in the sky above the sect!

The sword intents gathered together, and immediately divided into seven rays of sword light, standing in seven directions.

If you look carefully.

The directions of these seven sword lights are connected together to form the Big Dipper!

Beidou Sword Formation.

The disciples of Jianzong jointly arranged it!

One time.

Among the swordsmen, a destructive sword intent emerged!

Among the three sects, there are dozens of powerful emperors rushing out!

Charge towards the disciples of Jianzong!

If you don't forcefully break open the Big Dipper Sword Formation.

will delay their attack speed to the greatest extent!

During the peak period of the Starfall Sword Sect, it was a superpower that competed with the Boundless Dynasty Chamber, and even faintly surpassed it by a head!

Even if it is in decline now, the foundation is still there.

This Big Dipper Sword Formation is also left over from the peak Sword Sect period.

Naturally strong!

See it.

Ye Qiubai and Judging looked at each other.

nodded.

At the same time, they greeted the dozens of strong men in the imperial realm!

Ye Qiubai won't hold back anything, and draws out the Nine Foot Meteor Sword!

Starting from the Sword Domain, the Four Absolute Sword Formation merged into it!

Four Ultimate Swords of Absolute Beginning!

Half a step behind, Shi Sheng held the Emperor Ming Xuan Axe, and the power of the stars shone!
the other side.

Xiao Hei's whole body was covered by dark magic energy!

The Demon God is coming!

On the surface of the body, three lines of lines are opened at the same time!

Holding the magic halberd, take the lead!

Great War Kai!

Chapter 359 Shi Sheng Shows His Power!

Beidou Sword Formation.

It was performed by thousands of disciples of the Xingyun Sword Sect at the same time!

Once the formation is completed, it will cause great damage to the alliance army of the three first-class forces of Cold Lingzong, Shenqiangmen and Xuanmingya!

Therefore, it is absolutely impossible for them to let the Star Meteor Sword Sect form just like that.

Immediately dispatched dozens of strong men from the Emperor Realm, rushing towards the disciples of the Starfall Sword Sect!

To prevent the formation of the Big Dipper Sword Formation.

As for the Starfall Sword Sect, it's not that they don't have countermeasures.

The emperor-level powerhouses headed by the elders of Jianzong all headed towards the three-party coalition forces!

However, there are so many people joined by the three first-class forces!

Even the strongest in the Emperor Realm are more than three times more powerful than the Star Meteor Sword Sect!

It can be said that this is a one-sided situation.

Ye Qiubai, Shi Sheng, Xiao Hei and Judgment lead the way!

In front of them are all people from the early stage of Emperor Realm.

Shi Sheng was the first to take out the Ming Emperor Xuan Axe, and rushed towards the powerful man in front of him!

The person from Xuanmingya's imperial realm saw Shi Sheng clearly, and couldn't help laughing grinningly: "Oh? You are the one who obtained the Kunlun Tianchi fetish? You really sent it to your door to seek death!"

After all, there are streaks of evil energy in the body, which are released towards the surroundings!

This huge evil force enveloped the surroundings, and then swept towards Shi Sheng like overwhelming!

Shi Sheng was not afraid at all.

In the dantian of the starry sky in the body, the first star is shining brightly!

The Emperor Ming Xuan Ax in his hand is also surrounded by the power of stars.

The Minghuang Xuan Ax, which was already extremely heavy, became even heavier at this moment. When the ax was struck out, it was like a falling star!

"The power of the stars?"

"I'm also here to see what is so mysterious about the power of the stars!"

Beside the strong man in the Xuanmingya Emperor Realm, a man from the early stage of the Divine Spear Sect Emperor Realm holding a long spear also turned to look at Shi Sheng!

When you want to rush.

There is a dark demonic energy passing by!

In that demonic energy is a fist.

The strong man was slightly taken aback.

The spear in his hand swept out!

After forcing the fist back, he was also in mid-air, retreating several meters violently!

"who is it?"

Sharp Spear Sect Emperor Realm's eyes were horrified, and he looked at the front with a solemn face, the "devil head" covered by the monstrous devilish energy that was enough to shock the soul.

The hands holding the gun also trembled slightly.

What a strong force!

What a strong physique!

The person who obstructed it was Xiao Hei!

I saw Xiao Hei's eyes showing a fierce look, looking at this sharpshooter emperor, and said coldly: "If you want to fight, I will accompany you."

Sharp Spear Sect Emperor Realm snorted coldly, shook his hands, and dispelled the remaining strength in it.

Immediately, he took two steps and rushed towards Xiao Hei!

Xiao Hei is not afraid, and raises his fist to face the difficulties!

Shi Sheng, who was not attacked by others, did not have any worries.

The Minghuangxuan ax in his hand was raised above his head.

Stepping out with two steps, he appeared in front of the people of Xuanmingya Emperor Realm in the blink of an eye.

Hand up and ax down!

On the axe, the stars are shining brightly!

There was a sense of suppression, and before the Xuan ax fell completely, that sense of suppression enveloped the whole body of the person in Xuanmingya Emperor Realm!

I saw this Emperor Jing's expression changed!

This sense of suppression is too huge and too heavy!

The person in front of him is also a person in the early stage of Emperor Realm, why does he have such an extraordinary suppressing power over him?

The power of the stars.

Is it really so powerful?

Shi Sheng had a cold look on his face.

Even if it is placed in the front, when there is no fusion of the star core, there are still few opponents in the same realm.

Now, he who has fused the star core has broken through to the emperor realm.

Strength skyrocketed!

People from the same land, how can they be his opponents?

The Minghuang Xuan ax in his hand, like a falling star, smashed down hard!

The person in the Xuanmingya Emperor Realm gritted his teeth, propped up his hands, and gathered evil spirits on the top of his head, trying to resist this axe!

But.

Today's Shi Sheng, how can people in the early stage of the imperial realm be able to resist?

One ax down!

The barrier formed by the evil spirit burst!

The mysterious ax in his hand didn't stop, under the terrified eyes of this Xuanmingya Emperor Realm powerhouse.

From the beginning to the end, chop and chop!

Poof!

Blood spurted out from between this person's body!

One drop of the ax cut this person in two!

Shisheng is powerful.

fell into critical eyes, and couldn't help being horrified.

He is now, although he broke through to the Emperor Realm before.

But if facing Shi Sheng's axe.

I am afraid that you also need to use all your cards to survive!

And this ax is obviously not Shi Sheng's limit!

"Brother Ye, your junior brother is better than you..."

Ye Qiubai on the side smiled slightly, not jealous, but said: "Why, then it will be easier for me as a senior brother?"

"What's more, do you have any?"

Criminal rolled his eyes.

"Damn! You are ruthless!"

After finishing speaking, he stopped a person in the early stage of the imperial realm who wanted to rush past them and kill the disciples of Jianzong!

Ye Qiubai held the Nine-Foot Star Meteor Sword in his hand, and stopped in front of a woman in the early stage of the Emperor Realm.

The whole body is surrounded by cold air.

Wearing white tulle on her face.

Can't see the face clearly.

It's just the graceful figure, the eyes shining like stars, revealing the delicate face under the veil everywhere.

The Fairy of the Cold Spirit Sect, Liu Yemei raised her eyebrows lightly, and said, "Half-step Emperor Realm? You can't stop me."

Ye Qiubai smiled slightly and said, "I have to try."

"Try or die."

"Maybe."

Hearing this, the Fairy of the Cold Spirit Sect didn't say any more. After she nodded slightly, she actually took out the ice blue ribbon from her waist.

Immediately, manipulating the ribbon, it wound towards Ye Qiubai like a spirit snake!

On the ribbon, the meaning of ice is surrounded.

If you are trapped by it, you may be frozen directly!

Ye Qiubai naturally wouldn't stand still in place.

Holding the nine-foot star meteor sword.

A series of sword intents burst out!

Sword Domain was released suddenly.

The Four Absolute Sword Formation is integrated into it!

An illusory giant sword full of four moods stood in front of Ye Qiubai!

Four Ultimate Swords of Absolute Beginning!

"There are ways..."

Fairy of the Cold Spirit Sect said coldly: "It's just that nothing more than that can't make up the gap in the realm. The gap between the half-step emperor realm and the emperor realm is too huge!"

Ye Qiubai did not answer.

Instead, he controlled the Sijue Absolute Beginning Sword, and wrestled with the jetting ribbon.

And himself.

picked up the Xingyun Sword and rushed to this Fairy of the Cold Spirit Sect.

Slash with a sword!

Star Meteor Sword Art!

With a cold snort.

The Fairy of the Cold Spirit Sect raised her palm, and in her palm, an ice blue lotus flower appeared, filled with biting chill!

Immediately, he slapped Ye Qiubai!

Ye Qiubai slashed down with a sword!

as expected.

was directly repelled by more than ten meters!

Even the arm is covered by a layer of ice!

"As expected, Emperor Realm is a watershed..."

but.

Isn't realm just for transcendence?

The matter of cross-border operations.

Ye Qiubai has experienced a lot in these years.

Meanwhile, undefeated!

Chapter 360 Killing the Emperor Realm!

Ye Qiubai shook his hands.

The sword intent rushed into the arm.

Dispel that bone-piercing ice!

Looking at this scene, Fairy Hanlingzong was slightly surprised.

"It's still a little tricky."

She didn't hold back this palm.

However, the half-step emperor-level sword cultivator on the opposite side was able to withstand her blow without any substantial damage, which is already very good.

next moment.

Ye Qiubai didn't have the slightest fear.

Once again, he raised his sword and slashed at the Fairy of the Cold Spirit Sect!

Starfall swordsmanship, the second sword!

This sword gathered the power of the first sword, the two swords merged into one, and cut down again!

Fairy Han Lingzong reached out and made a move.

The silk and satin entangled towards Ye Qiubai!

A sword fell on the silk and satin, but it felt like it was cutting on the cotton without any force.

But.

When the silk and satin slapped on the Xingyun Sword, it made him feel like he was facing a giant dragon!

was directly photographed and flew out!

this moment.

Blood overflowed from the corner of Ye Qiubai's mouth.

No time to wipe.

Silks and satins continue to pursue!

Ye Qiubai's face froze slightly, and then he struck out with the third sword!

Sword intent whistling!

The endless sword intent gathers on the Xingyun sword!

The two collide again!

This time.

Fairy of the Cold Spirit Sect can feel that Ye Qiubai's sword is more powerful than the previous two swords!

"What kind of sword technique is this?"

A sword is stronger than a sword!

No wonder.

This person from the Emperor Realm of the Cold Spirit Sect did not belong to the era of the Starfall Sword Emperor.

So it's normal to be shocked if you don't know the Xingyun Sword Art!

This time.

Ye Qiubai only took five steps back!

The silk and satin did not continue to chase without any pause as before.

paused.

Then it continued to sweep towards Ye Qiubai!

Immediately after.

The fourth sword.

The fifth sword.

...

Until the ninth sword!

The more you fight, the more frightened you become!

this moment.

The fairy of the Cold Spirit Sect even took a step back!

Qi and blood in the body tumbling.

This sword actually hurt her!

This made her look horrified!

Is this the power that a Half Emperor Sword Cultivator should have?

and.

These nine encounters.

Even if Ye Qiubai was not seriously injured, the aura in his body should be greatly consumed!

Can now.

The sword cultivator in front of him is getting braver and braver!

A sword is stronger than a sword!

The strength is getting stronger and stronger!

There is no mistake in the shot!

Make it impossible for her to find any flaws!

It is also impossible to break through the gap in realm with strength.

Don't wait for her to think about it.

Ye Qiubai once again lifted the nine-foot star meteor sword in his hand, the tenth sword, and slashed towards her!

This sword.

Gathered the sword intent and power of the first nine swords!

A sword fell, as heavy as a star!

With endless sharpness!

Slash towards the Fairy of the Cold Spirit Sect!

Fairy Han Lingzong gritted her teeth slightly.

Hands pinching prints at the same time, in front of her, the huge meaning of ice.

They gathered together to form a huge ice-blue lotus flower!

The silk and satin floating in mid-air is wrapped around the ice blue lotus.

"Ice lotus!"

As soon as this method came out, the surrounding temperature suddenly dropped below zero!

In the space, the air was condensed into ice **** and fell down.

The crowd below looked.

It's like a hailstorm started to fall here.

Ye Qiubai's sword was already approaching.

Fairy of the Cold Spirit Sect's magic is also condensed, and she patted it with both hands.

This icy blue lotus flower also drifted towards Ye Qiubai.

The power emerging from it.

It also made Ye Qiubai feel a crisis in his heart!

Leng snorted, and softly shouted: "Four Absolute Swords of Absolute Beginning!"

Suddenly.

The illusory giant sword in the Sword Domain suddenly disintegrated.

Immediately, it turned into sword intents and gathered on the Jiuchi Xingyun sword!

Xingyun swordsmanship, combined with the power of the Sijue Absolute Beginning sword, greatly increased the power of Ye Qiubai's sword!

But.

Because of this, the aura in Ye Qiubai's body was being consumed crazily.

To use this sword.

It takes too much aura!

certainly.

The power brought by it is also directly proportional to it.

At this moment, above the Nine-Foot Star Meteor Sword, there is a dazzling sword glow!

fell suddenly.

Slashed on the ice blue lotus flower!

Instantly!

Sword intent and ice intent exploded!

The two artistic conceptions are constantly entangled and gaining momentum!

Eroding the opponent's strength!

This made everyone around them retreat slightly.

so as not to be affected.

The fairy of the Cold Spirit Sect was dumbfounded.

She knew very well that this situation could not be delayed any longer.

If Ye Qiubai is really allowed to display that sword technique that is like gathering power.

She didn't have the confidence to receive the sword after the momentum was completed.

So, she cast this ice blue lotus flower.

is her bottom line move!

Even people from the same border.

There is also a chance to freeze it!

but...

In contrast, Ye Qiubai.

Not only was it not frozen in an instant, but it also formed a rivalry with it!

This sword cultivator.

Where is the sacred place?

Among the Starfall Sword Sect, besides critical, is there such a powerful swordsman?

If it is true.

When the two were full-fledged.

It is time for the Starfall Sword Sect to revive!

When thinking of this.

Ye Qiubai retreated abruptly!

It's not about being repulsed.

Instead, he took the initiative to retreat!

The ice blue lotus pursued again.

Ye Qiubai once again raised the Xingyun sword in his hand.

Suddenly thrust out!

The eleventh sword!

Gather the power of the top ten swords!

Added the might of the Four Absolute Beginning Swords!

This is Ye Qiubai's strongest attack now!

Aura consumption is too huge!

But.

The power brought by this sword.

But it made the Fairy of the Cold Spirit Sect change color!

No time to think about it.

That sword has already slashed on the ice blue lotus!

Boom!

A loud bang!

The meaning of the ice actually began to surge wildly!

In the center of that lotus flower.

It is also where the Xingyun sword fell.

There, there are a series of cracks, which are beginning to grow!

Ye Qiubai let out a soft drink, and stabbed forward again with the Xingyun sword in his hand!

Actually submerged directly into the lotus flower!

The cracks are getting bigger and bigger.

All over the surface of the lotus!

Like a spider web.

Immediately.

Under the shocked eyes of Fairy Han Lingzong.

It shattered with a bang!

The streaks of ice also dissipated in this space!

The bursting of the lotus.

It also made this Fairy of the Cold Spirit Sect suffer backlash, spurting out a mouthful of blood, her face extremely pale.

Clutching his chest, he looked forward.

But Ye Qiubai rushed towards him coldly!

For this opportunity.

Ye Qiubai can't let it go!

Take advantage of the victory to pursue.

Beat the dog in the water!

Instead of showing a gentleman's demeanor, let the opponent recover and fight again.

This is not a gentleman.

This is an idiot!

Ye Qiubai would not make such a low-level mistake.

rushed to the Fairy of the Cold Spirit Sect.

The other party had no time to respond.

Take a half step back in panic.

Subconsciously picked up the ribbon, wanting to resist this sword!

But.

This is the twelfth sword of Xingyun Sword Art!

This sword gathered all the power of the previous eleven swords!

Cut down with one sword!

The silk and satin were directly shredded by the sword intent!

at the same time.

Ye Qiubai even pierced the chest of this Fairy of the Cold Spirit Sect with a sword!

In that incredible look, the vitality quickly dissipated.

Take half a step to the imperial realm.

Kill the Emperor Realm!

This incident is bound to stir up the situation in the Borderless Domain!
