

## My Disciples 381

### Chapter 381 Surrounded!

Unbounded domain.

Deep in the critical mountain.

Mu Qingqing and others have already arrived here.

However, when they came here.

But found that the ground was full of corpses...

There are silver armored guards.

There are also extraterritorial evil races.

Of course, there are even more bones and remains of the imperial army...

Among them, there are even the corpses of two strong men in the distraction state!

Looking at this scene, everyone's faces were heavy.

It seems that something really happened.

All distracted people were killed.

So, what about the others?

Everyone looked at Mu Qingqing, waiting for her decision.

After all, she is the current leader.

Mu Qingqing looked at these corpses with the same heavy expression.

There should be a few people left...

And these people should have detected something, and now they may be desperately fleeing and hiding.

Avoiding the attacks of the evil races outside the territory.

is forward?

Save those people and get the information.

Still say, back away.

Give up intelligence, and give up other colleagues...

Obvious.

If you retreat at this time.

Not just lost intelligence.

Similarly, people will lose their hearts.

Who would follow a leader who easily gave up his subordinates?

On the bright side, although he can't say anything, he can even say he understands.

However, my trust in this commander actually dropped drastically!

People's hearts are scattered.

Then, Mu Qingqing is not worthy to sit in the position of leader.

He is no longer worthy of military power.

The answer is obvious.

At this moment, Mu Qingqing can only choose to move on, save the remaining people, and obtain information!

Therefore, Mu Qingqing commanded: "Search this area with all your strength, look for clues of other people, and at the same time, check to see if there are any traces left around."

The few remaining people may leave a signal here to indicate where they have gone.

Heard the words.

Everyone's spirits lifted.

The awe and trust towards Mu Qingqing are even stronger!

Ye Qiubai looked at this scene and nodded slightly.

Looking at Mu Fusheng at the side, he said, "Your sister is not bad."

Hearing this, Mu Fusheng looked proud, put his hands on his hips, and said, "That is, don't you look at whose sister it is."

Ye Qiubai rolled his eyes speechlessly, this guy didn't praise him again.

Why is it so floating?

"However, it is far from your personality."

"If it were you, I'm afraid you'd just retreat right away?"

Mu Fusheng unexpectedly shook his head.

Ye Qiubai was slightly surprised to see this situation.

"Then I misread you, and you would take such a risk? It seems that I will change my view of you in the future."

Hear this.

I saw Mu Fusheng scratching his head in embarrassment, and said: "No, I mean, I won't come in at all."

Ye Qiubai: "..."

All right!

It is my fault!

I am too high to see you old!

Xiao Hei and Shi Sheng on the side couldn't help laughing too.

Their new juniors are too busy.

But this character...

How do you look like Master...

No wonder Master smiled so happily when he accepted him as an apprentice.

It's really not a family, if you don't enter a family...

At this time.

A lieutenant under Mu Qingqing yelled: "Your Highness, there is a discovery here!"

Mu Qingqing heard the sound and walked over immediately.

I saw the lieutenant general pointing to a broken tree trunk, saying: "Your Highness, look here."

Mu Qingqing followed the lieutenant general's fingers and looked over.

I saw a sword engraved on the tree trunk where it pointed.

The sword body is very thin and the hilt is very wide.

The details were also deliberately done by Mu Qingqing at the time.

This is a code set up in the army!

The direction pointed by the tip of the sword is the east!

That is to say, the few remaining people ran to the east!

Without further ado.

Mu Qingqing immediately waved her slender hand and said loudly: "Let's go! Pay attention to the clues around you!"

Hearing the words, everyone set off immediately!

In the process of heading east.

They didn't just find two more bodies.

and traces of fighting!

found some clues.

Follow the clues to change locations.

After half a day.

They finally felt the aura fluctuations!

In the black mist.

Aura is restricted.

If it weren't for the surrounding area of Critical Mountain, many large formations for the purification of the world have already been set up.

To a certain extent, it limits the ability of the black mist.

Then, I'm afraid they won't be able to detect this aura fluctuation!

Five hundred miles ahead of them.

Has black evil power, and the collision of aura!

only.

These four auras are extremely sluggish...

Feel this.

Mu Qingqing led everyone there immediately!

Wait until they get here.

My eyes are about to burst!

I saw the original four people.

One of them was caught by those extraterritorial evil races, under the noses of Mu Qingqing and everyone.

Was torn into pieces by an evil race from outside the territory, and put it in his mouth!

And this extraterritorial evil race has obviously reached the strength of the distraction state!

Compared with the general distraction state, it is a bit stronger!

The remaining three people are three strong people in the distraction state.

One of them is Commander Shining Armor!

Commander Yinjia also saw the arrival of Mu Qingqing and everyone, and immediately shouted:  
"Your Highness, leave quickly!"

While talking, he threw a long gun!

There is a scroll tied to the body of the spear!

Mu Qingqing took it, but didn't open it.

Among them, it must be the intelligence clue they bought with their lives!

The extraterritorial evil race looked at this scene, licked the bright red blood at the corner of his mouth, and enjoyed it in his eyes.

Looking at Mu Qingqing and the others, there was greed on his face!

"Is there another food delivered to your door?"

"Looking at the quantity, it's enough for my subordinates to share."

"So, want to leave? I'm afraid I won't be able to."

After speaking, he waved his hand.

In the black mist around Mu Qingqing and the others, several commander-level blue-faced evil clansmen stood up.

Surround everyone!

The three powerhouses in the Distraction Realm, including Commander Yinjia, all had ugly faces.

This distracted alien evil race in front of him is too powerful!

Even if the three of them join forces, they will be suppressed.

not to mention.

There are other extraterritorial evil races here.

As a result, there are only three people left in their team...

Looking at this scene, Mu Qingqing's expression was extremely ugly.

"I'm not unprepared."

Since we are here.

Mu Qingqing naturally wants to ensure safety.

So.

Mu Qingqing took out a scroll.

The two distraction-level powerhouses around saw this scene, and they also nodded slightly, stood around Mu Qingqing, and stretched out their hands.

One after another spiritual energy began to pour into that scroll!

Among them, there is a world-cleaning formation engraved!

It's just that, for portability, it's put in a scroll.

In order not to reduce the power.

It needs to be fully activated by a strong man in the distraction state to pour aura into it!

However, it all takes time...

Mu Qingqing looked at Mu Fusheng, said solemnly: "Brother, I'll leave this to you first, please, I must last for a stick of incense."

Heard the words.

Mu Fusheng did not refuse.

At this point, there is no turning back.

It is also impossible for him to use the Heavenly Thunder Escape Talisman, although he can take away a few people.

But half of the people will fall here.

It is impossible for Mu Fusheng to do this!

Chapter 382 Seduction!

As a prince.

The heir appointed by Mu Zhengting, the head of the Boundless Dynasty.

Although Mu Fusheng is not in good shape on weekdays.

Nor is he conscious of being the heir to the emperor.

However, in terms of the responsibilities that should be assumed.

Mu Fusheng still wouldn't refuse.

Ruomu Fusheng is a person without responsibility.

Nor will Mu Zhengting entrust him with important tasks.

Similarly, he will not accept the status of the heir to the emperor.

So, for Mu Qingqing's request, Mu Fusheng agreed without hesitation.

And now.

The strength gap between the two sides is obviously a bit big.

Even with Yin Jia leading the three, and Mu Fusheng's camp, there are only eight distraction-level powerhouses.

As for the evil race outside the territory, there are ten known members!

In terms of peak combat power, there is already a difference between the two.

In this kind of battle situation, the gap in peak combat power often affects the whole situation.

Now, what Mu Fusheng should consider is how to win more with less and hold back the ten distracted opponents.

But.

Don't wait for Mu Fusheng to think about it.

Actions have been taken for convenience.

Although there is an advantage in peak combat power.

But this evil general-level leader didn't care in the slightest. (I made a mistake above. The rank division of the evil race outside the territory is: evil soldiers, commanders, evil generals, and evil kings. The level of evil generals is compared to the level of gods.)

Looking at the scroll in Mu Qingqing's hand, she immediately waved her hand and said, "Kill her."

Suddenly, ten evil generals attacked at the same time!

rushed towards Mu Qingqing!

Seeing this, Mu Fusheng's face was solemn.

Sure enough, people who can reach this level are not stupid.

Keep your hands?

nonexistent.

As for the enemy, it is natural to blast and kill them with all your strength!

If the identities were reversed, Mu Fusheng would do the same.

See it.

Mu Fusheng also immediately made a countermeasure.

"Don't take the initiative to attack, those who are distracted, release the defensive barrier with all your strength!"

"People in the imperial realm, pay attention to the sudden attack of the evil soldiers around."

"At the same time, always pay attention to the black mist to prevent sneak attacks from other evil races outside the territory."

The gap in peak combat power is so large.

If you take the initiative to attack, it is tantamount to moths to the flame, looking for a dead end.

Doing so is the optimal solution.

At the same time, Mu Fusheng looked at Ye Qiubai and the others, and asked, "Three senior brothers, if the three of you attack with all your strength, can you stop a distracted one?"

Distraction!

It is more than one grade behind Bandi.

It can be said that a person in the state of distraction can kill a person in the state of emperor with one finger, let alone a half-emperor?

But.

If the three of Ye Qiubai used their hole cards, they would also not be able to resist the people of the imperial realm.

heard what Mu Fusheng said.

Ye Qiubai nodded, and said, "Of course you can stop it with all your strength, but is there another one?"

Mu Fusheng pointed at himself with a wry smile, and made an unexpected decision.

"The remaining one is up to me."

Mu Fusheng himself is a strong person in the late stage of the Emperor Realm.

Although usually do not show mountains and dews.

In fact, the talent is extremely outstanding.

As the heir to the emperor, he also has the resources of the boundless dynasty to fully tilt.

Mu Fusheng's realm is naturally not too bad.

However, Mu Fusheng's actions made Ye Qiubai slightly taken aback.

After all, Mu Fusheng's personality is similar to that of his master.

First, never do things you are not sure about.

In the late period of the Emperor Realm, there is a world of difference from the Distraction Realm!

This is not the gap between Half Emperor and Emperor Realm.

The higher the realm, the harder it is to cross the realm.

It has reached the level of Emperor Realm.

It is almost impossible to cross the border to deal with the strong in the distraction state.

At least, in the unbounded domain, this has never happened!

Secondly, Mu Fusheng will never put himself in danger!

As is the case now.

There is no doubt that Mu Fusheng's risk factor is extremely high.

If you don't handle it well, you will be killed by the opponent!

become food, nourishment...

However, when Mu Fusheng said such words, he naturally had his own thoughts.

Ye Qiubai and the others nodded and said, "Be careful."

Mu Fusheng also nodded.

After the four reached a consensus, Ye Qiubai and the three rushed towards one of the evil generals!

The shadow is coming!

Four Absolute Sword Domains!

Star-studded!

Go all out!

At the same time, Xiao Hei had already taken out the Nine Heavens Demon Halberd in his hand.

Ye Qiubai also took out Qingyun Sword!

Shi Sheng also used the power of the star core, and now it is dark, his strength has skyrocketed!

Seeing this, Mu Fusheng took a deep breath, and his figure flashed.

The man had already appeared in front of an evil general.

And this evil general is the evil general who is currently commanding the evil race outside the territory!

The evil general raised his brows slightly, looked at Mu Fusheng with interest, and said in a dark voice, "Oh? Ants in the late stage of the Emperor Realm, dare to face me like this?"

"So impatient to become the nutrient in Ben's body?"

Mu Fusheng frowned.

If it is not the case that you cannot go back.

Mu Fusheng swears that even if he is killed, he will not do such a dangerous thing!

I saw Mu Fusheng looking at this evil general, with a sneer in his tone, and said with a sneer: "Then you can try, can I, an ant in the late stage of the Emperor Realm, be able to withstand your attack?"

Hearing this, the evil general sneered.

Keep pointing out.

A dark, condensed form of black mist, the extremely concentrated rays shot towards Mu Fusheng's chest!

This attack, I am afraid that even a strong distraction would not dare to take it lightly!

Mu Fusheng also became serious.

Give a low drink.

A series of defensive barriers appeared in front of him!

The black ray is powerful, directly penetrating through the layers of barriers!

When I got to the last floor, I was blocked!

I saw Mu Fusheng holding a jade pendant in his hand.

This jade pendant is filled with the aura of a strong man in the distraction state.

When the black ray dissipates.

This jade pendant also shattered!

turned into dust and scattered in the black mist.

Obviously, this is nothing more than a one-off.

The evil general raised his eyebrows slightly.

But there is no surprise.

In the hands of these human races, some life-saving cards are too normal.

only...

"Although I don't know how many such jade pendants you have, but you can't use them inexhaustibly, right?"

Finished speaking.

The evil general will point out with three fingers again!

Three black rays shot towards Mu Fusheng again!

Mu Fusheng looked at this scene, and said silently: "It's almost..."

Immediately, three jade pendants were thrown out again!

Resist the three black rays again!

As the heir to the emperor, there are naturally many things to save his life.

not to mention...

Mu Fusheng also had other plans.

The evil general frowned and said, "Is there any more?"

Mu Fusheng spread his hands and said, "Who knows?"

Immediately, his figure flashed and disappeared in place.

Fleeing towards the other party frantically!

At the same time, fully perceive the evil general behind.

When he saw the evil general chasing him over.

Mu Fusheng then laughed.

"That's right, I'm finally about to take the bait."

Chapter 383 The evil general is stupid...

Mu Fusheng, as the heir to the emperor.

The brain is naturally easy to use.

The front is tough.

Certainly not the opponent of this distracted general.

But hold on.

But there is a way.

As a strong distraction.

At the same time, there is an extraterritorial evil race who has an exceptional sense of superiority in front of the human race.

When facing Mu Fusheng in the late stage of Emperor Realm, he was naturally very proud.

So, Mu Fusheng took advantage of this.

Take the initiative to expose a negligible hole card.

Withstood the evil general's attack method.

However, at this level, this position.

Naturally, the brain is not stupid or reckless.

So, if you just use it once and run away, the other party will definitely not be fooled to chase him.

So, Mu Fusheng used it several times, and he controlled the opponent's emotions very well.

Then release the information that he no longer has that defensive jade pendant.

before fleeing towards the distance.

In this way, the other party may take the hook and catch up.

Mu Fusheng heaved a sigh of relief.

The first step is considered complete.

The second step is to bring this evil general.

In this critical mountain.

Traveling in mountains and rivers.

After the end there, my mission will be completed.

The evil general, who was getting closer to Mu Fusheng, looked at the back of Mu Fusheng who was getting bigger and bigger, and said with a sneer, "Escape? Do you think your speed is faster than mine? Or, do you have any tricks to save your life?" Didn't use it?"

Mu Fusheng replied, "What do you think?"

He kept calculating the effective attack distance of the evil general in his mind.

Wait until the evil general snorted coldly, came behind Mu Fusheng in an instant, and stretched out the palm with the sharp claws.

Mu Fusheng immediately used the Thunder Escape Talisman.

Escaped five hundred miles away!

The attack of the evil general also failed.

One claw hit the ground!

In an instant, the ground began to crack!

Countless cracks continue to extend, and the ground collapses!

The entire critical mountain seemed to tremble at this moment.

It was as if a major earthquake had occurred!

Sky Thunder Escape Talisman, the escape distance is definitely more than five hundred miles!

Even if you escaped from Critical Mountain directly, it would be very easy.

But.

Once done.

This evil general will not continue to chase him.

Doing this, everything before it will be meaningless.

So, Mu Fusheng made this move.

The purpose is to escape the attack of the evil general.

At the same time, give him the feeling that he can catch up.

In this way, the evil general can continue to pursue.

At the same time, the emotions in my heart will become more and more anxious!

But after the mood is affected.

The brain will also become difficult to use.

The evil general looked at this scene, his face darkened.

"Symbol? You humans have a lot of small tricks, but these are not popular after all."

"If it's not your own strength, it's hard to be elegant!"

After finishing speaking, he flashed his figure again, and chased after Mu Fusheng!

Mu Fusheng responded unceremoniously: "So what? You have your own strength, didn't you kill me in seconds?"

"People in the God Realm are all distracted, so they can't even kill me, a little ant in the Emperor Realm?"

The evil general is now only a dozen meters away from Mu Fusheng!

Hear this.

With a gloomy face, he snorted coldly: "Noisy!"

The voice just fell.

Wings swing!

A black wind turned into sharp black swords and swept towards Mu Fusheng's back!

The surrounding gravel is flying.

In the strong wind, it turned into dust.

The trees rattled.

Boulder Smash!

Where the black wind passes by, it can be said that there is no grass growing!

The black evil power remains in this land.

I'm afraid, even if more than a hundred years have passed, it will not be able to radiate vitality again.

Mu Fusheng saw this.

Once again pinched out a Thunder Escape Talisman!

Fleeing for a hundred miles to the side!

And this moment.

The evil general seems to have expected it.

When Black Gangfeng made his move, he began to pay attention to Mu Fusheng's movements!

Between every move.

It's all in his eyes!

The moment Mu Fusheng pinched and exploded the Heavenly Thunder Escape Talisman!

The evil general will fully activate the Qi machine!

Covering thousands of miles!

Lock all the space distortion forces around here!

As soon as the space starts to distort, shoot directly!

But.

To the surprise of the evil general, there was no spatial distortion.

Mu Fusheng turned into a thunderbolt and rushed into the sky.

Then it fell a hundred miles away on the left!

Perfectly escaped this terrifying black wind.

and the evil general's qi mechanism is locked!

"Why?!"

In his understanding.

Escape character type seal.

All rely on the power of space.

Achieving medium and short-distance space shuttle!

And once the power of space is used.

It will inevitably cause space distortion at the starting point and the landing point!

so.

It is impossible not to be noticed by the evil general's aura!

And reach the landing point one step ahead of time, and attack!

But.

After Mu Fusheng cast the escape talisman.

There is no space fluctuation around it!

Not even a single bit of space power was produced!

But still escaped a hundred miles away!

How is this done?

What the evil will not know is.

Tianlei Escape Talisman.

It is not to use the power of space to travel through space.

Instead, find another way.

Harness the power of thunder!

Be transformed into a thunderbolt, and the breath will be revealed when the body comes first!

Among them, the reason that the speed of light is faster than sound is also used.

General thunderstorms.

When the thunder falls.

Often everyone will see the thunder fall first.

After a short time, the sound of thunder rolling will be heard!

One truth.

This is also the ingenuity of the Heavenly Thunder Escape Talisman!

The evil general became more and more anxious.

He was extremely angry!

Facing a human ant in the imperial realm.

I made several attacks in a row!

But didn't even touch the opponent's body?

Moreover, the opponent doesn't seem to have suffered any damage!

This is completely unacceptable to the extremely proud extraterritorial evil race in the face of human beings!

Emotional restlessness.

As a result, the thoughts in my heart became slower and more reckless.

roared.

Waving the wings behind him, swinging the extremely thick tail, he chased towards the direction where Mu Fusheng was!

Just count the breath time.

He has arrived at the location where Mu Fusheng is!

Turn around.

The giant tail was thrown out violently!

Where the giant tail passed, there were cracks in the space!

The sound of the sonic boom keeps ringing!

It can be seen that its power is great.

However, Mu Fusheng did not use the Heavenly Thunder Escape Talisman this time!

Instead, turn around.

Watching this scene.

The evil general sneered in his heart.

Such ingenious escape symbols should have been exhausted.

"Then do you have any tricks to resist my move now? Ants!"

Mu Fusheng stopped, naturally on purpose.

Take a deep breath.

Give a low drink.

Immediately.

Around yourself.

There are layers of barriers appearing!

And above his body, the light of the sigil shone wildly!

From the neck down to the soles of the feet!

are exuding the brilliance of the seal!

The barriers were so densely packed that they surrounded Mu Fusheng by seven or eight meters!

See this scene.

The evil general is stupid.

I can't fix it for him...

Chapter 384 Playing around...

The whole body is shining with the brilliance of defensive symbols.

It can be said.

This is armed from the ground up.

Barely armed to the teeth...

However, this is quite normal for Mu Fusheng.

A little more defense.

Wouldn't it be nice to let yourself be attacked by a strong person, or to save your life during a sneak attack?

The defensive symbol, since it was created by the world.

That naturally has its role.

Why not?

This is the blood and sweat of our ancestors!

Which can be wasted?

The evil general in front of Mu Fusheng looked at this scene and was dumbfounded.

A seven or eight meter thick defensive shield.

Is this something that an individual can do?

Among the human race, not everyone said it.

Ascetics compete with heaven and earth.

If you are afraid of your hands and feet, you will not be able to break through?

Then, why does this person in front of him have such a thick shield?

This is different from the human race he has encountered before!

"Are you... so greedy for life and afraid of death?"

Mu Fusheng was in the middle of the seven or eight meter thick shield, spread his hands out upon hearing the words, and said, "What's wrong with being greedy for life and fearing death? Isn't the purpose of cultivating Taoism for a long life? If you die here bravely, what's the point?"

Evil General: "..."

So \*\*\*\* makes sense!

Can't refute it at all!

However, this evil general also didn't think that even with this seemingly extremely thick shield, he could withstand his attack!

You know, he is the existence of evil generals among the evil races outside the territory!

The target of the evil general is the human race's strong distraction.

at the same time.

Compared to the general strong distraction state, it is a bit stronger.

Such strength.

How could he be a human ant in the late stage of the Emperor Realm?

Relying on the power of this so-called seal to resist?

One hit won't work.

Then two strikes!

If two strikes are not enough, three strikes!

Can't this defensive rune be inexhaustible?

thought of this.

The evil general no longer hesitated.

Gather endless evil power between the hands and claws!

The black mist in the critical mountain seems to gather between the claws of the evil general!

On the claw, there was even a black vortex!

And this moment.

The evil general shouted!

Shoot with one claw!

This blow.

It seems to shatter the space!

The strength of the evil general level is undoubtedly revealed at this moment!

This time.

Evil will have no reservations!

With this blow, he will directly break the defensive shield that is thicker than a turtle shell!

Then kill the hateful ant among them!

Only in this way can the anger in the heart of the evil general be relieved!

Boom!

The claws of the evil general slapped on the six to seven meter shield at this moment!

Above the shield.

There are waves of ripples, like a huge stone falling on the surface of the lake, stirring up thousands of waves!

Dao Dao ripples are centered on the position where the claw hit, and continue to spread towards the surrounding area!

There were roaring sounds!

Instantly!

The outermost shield shattered!

at the same time.

Second floor, third floor!

This claw directly broke through Mu Fusheng's four-meter defensive barrier!

But.

At the position of three meters, it stopped!

Xie Jiang was slightly taken aback.

Not completely broken?

Mu Fusheng looked at this scene and nodded slightly.

It appears that this was successful.

In the first four floors, Mu Fusheng used the second-ranked defensive sigil among his sigils.

And the last three layers use the sigil written in the book of sigils!

This sigil can perfectly disperse the converging attacking power!

Let this cohesive force be scattered around the defensive barrier!

In order to weaken the attack power of this killing force.

at the same time.

The first four floors have already weakened the strength of a wave.

In this way, it was perfectly resisted.

As for, why not use all the defensive sigils written by the book of sigils.

The reason is very simple.

It can make the evil general feel at ease.

The first four layers are easily broken.

It is easy for the evil general to feel slack in his heart.

thinks this sigil is nothing more than that.

You only need to use all your strength to break through easily!

However, it is precisely this laxity that is used.

and the previous arrangement.

Perfectly withstood this blow!

At the same time, let Mu Fusheng inside not suffer any harm!

Why do you say that Mu Fusheng's city is very deep.

This is also the reason.

It can be said.

Mu Fusheng has thoroughly studied the enemy's psychology.

Be able to guess the psychology of the other party.

And control the other person's mind.

In this way, in the confrontation, at the same level, they can crush the opponent in the whole process.

And fighting across the border can also have a slight chance of winning.

As for the evil race like the evil general, who have surpassed many realms.

Be able to better resist the opponent's attack without getting hurt.

The evil general roared!

When did he suffer this kind of grievance?

As an evil general-level evil race, he is even somewhat stronger than these ant-like distracted human races.

Now, there is even a late Emperor Realm.

Ants whose realm is one level lower than his can't be killed instantly!

Still being teased like this by the other party all the time!

How could this arrogant evil general endure?

Looking at the evil general in front of him who has completely fallen into a state of anger.

Mu Fusheng nodded slightly.

It doesn't look like a lot of means.

But there are countless psychological tactics mixed in it.

Achieving this step is considered a success.

It was completely within Mu Fusheng's expectations!

If we talk about this battle.

is a movie.

Then Mu Fusheng is the director and screenwriter!

The development of the plot.

Shooting details.

It is completely in the hands of Mu Fusheng!

Don't wait to think about it.

The evil general's second strike has already been done in anger!

This attack.

Compared to last time, it is even more powerful!

Clenched fists with both hands, and slammed towards the only three remaining shields!

The black mist is surging wildly!

The evil power roared continuously in the evil general's fists!

A blow under the rage.

It is even more powerful than the previous attack!

Mu Fusheng's face was slightly solemn.

touched the ring with his hand.

Seeing Mu Fusheng's actions.

The evil general's mouth twitched slightly.

He suddenly had an ominous premonition...

But.

There are some things that often come from fear.

Just when the evil general thought so.

The ring on Mu Fusheng's finger shimmered.

In it, another sigil unexpectedly appeared!

That rune.

Lightning flashes...

It's over...

And when the evil general's fists slammed on the three-layer shield.

Booming explosion!

The three-layer shield began to have cracks!

Just when these three layers of shields were about to burst.

Mu Fusheng waved his hand towards the evil general, with a smug smile on the corner of his mouth.

"Bye-Bye."

Immediately, he crushed the Heavenly Thunder Escape Talisman in his hand.

Instantly.

Mu Fusheng turned into a beam of thunder and reappeared a hundred meters away...

The evil general has blasted away the last three shields at this moment...

However, both fists landed in a piece of air.

And what about Mu Fusheng?

At 100 meters away, looking at him jokingly...

Chapter 385 Hidden Strength

Spirit Realm.

In Yunhuang Palace.

Lu Changsheng sat at the round table.

And in front of the round table, there is a fragrant and delicious fish soup.

Ask Lu Changsheng why he is here?

Naturally, it was glutton Hongying's first-hand fish soup.

In the thatched cottage.

The soup made by Hongying is a must.

So, every time I cook, the soup is made by Hongying...

Hongying looked at Lu Changsheng drinking the soup slowly, and said with a smile: "Master, my craftsmanship hasn't deteriorated, has it?"

If outsiders see that the empress of the Yunhuang Empire, who is in command of the Heavenly Spirit Realm, is wearing a simple and elegant apron, looking at a man with a smile, and cooking soup for him.

I'm afraid my jaw will drop...

However, the National Teacher and the Nine Heavens Department and others on the side are no longer surprised...

Only in front of this man who is too strong to speak.

is Hongying's master.

Their king will show this expression.

will become like a little girl...

And heard Hongying's question.

Lu Changsheng curled his lips, and said: "The craftsmanship has regressed a little bit, and the rest of the spices have been added a little bit, covering up the umami taste of the fish itself."

"Even if you are practicing, even if you want to manage the national teacher, don't forget the practice of cooking!"

National Division:...

Nine Heavens Department:...

It would be nice to make soup for you, so many requests? ?

However, their empress did not complain, instead she said with a smile: "Okay, I understand, I will practice every day from now on."

Hearing this, Lu Changsheng nodded his head: "A child can be taught."

So ever since.

National Division and Nine Heavens Department are even more speechless...

At this time.

Hongying said: "By the way, I heard that Master has accepted a new disciple?"

This news was naturally told to him by senior brother Ye Qiubai.

Although far apart.

Crossed countless realms.

But there is still information transmission between brothers and sisters.

This is also due to the sound transmission jade pendant made by Lu Changsheng.

seems to be able to ignore the spatial distance.

Reach wireless distance for information transmission.

After taking a sip of the soup, Lu Changsheng nodded with a smile, and said, "You new juniors are much better than you."

Hongying asked with a smile: "Oh? How is it so powerful? How can it be so praised by Master?"

There are five of them.

But Lu Changsheng rarely heard words that praised them.

Praise a person so unabashedly.

This is the first time.

Lu Changsheng explained: "You new juniors, you have already realized the true meaning of cultivating the Tao!"

"Know what you can do and what you can't."

"Even if what you do is something, you will be extremely cautious!"

"Besides, the handling of traces is also top-notch! I don't need to teach him these at all!"

"on the contrary..."

Lu Changsheng glanced at Hongying with disgust, and said, "Look at you, I can't teach you no matter what!"

Hongying smiled wryly.

It seems that he is a younger brother who is very similar to the master in character.

"But..."

"but?"

"The most satisfying thing about your new junior brother is that you can hide your strength."

Hongying became interested, and said oh: "So, in fact, the real realm of this junior brother is very high?"

"I don't know if it's tall or not."

Lu Changsheng said with a smile on his face: "Even if he faced me, he still didn't show his true cultivation. He used many means to hide his realm to hide his true realm."

"Look, learn more from your junior brother!"

in this case.

Hongying is really interested in meeting this new junior.

After the matter in the Heavenly Spirit Realm is over.

Hongying then handed over the affairs of the Yunhuang Empire to the State Teacher.

You can go to the borderless realm to make a living.

...

at the same time.

Unbounded domain.

In the critical mountain.

The evil general panted slightly, his originally black pupils were already filled with angry red!

Looking at Mu Fusheng in front of him, he said, "Why do you still have escape symbols?"

Mu Fusheng spread his hands and said, "I didn't seem to say that I have run out of talismans, did I?"

Evil General: ...

Seems to be the case.

Then why didn't you just use it directly!

This human race is too insidious!

suddenly.

The evil general calmed down, thinking about what Mu Fusheng did before.

Recalling previous behaviors.

The evil general understood, looked at Mu Fusheng and said coldly: "Ant, you want to hold me back?"

Mu Fusheng smiled without saying a word.

After delaying for so long, he should have found out.

If none of this can be found.

is not worthy of standing in the current position.

"However, do you think that if you hold me back, that side will be able to win?"

"You may not underestimate our evil race."

Mu Fusheng smiled and said, "I don't care what happens to them. What I need to care about is you."

"Hehe, it's up to you?"

The evil clan sneered and said, "I'll take care of you later."

After finishing speaking, the evil general came back to his senses and prepared to return to where Mu Qingqing and the others were!

But.

this moment.

Behind the evil general, there is a monstrous aura spreading across this critical mountain!

The evil general sensed this breath and turned around suddenly.

There is an incredible color in the eyes!

This breath is the early stage of the distraction state among the human race!

It was not someone else who burst out with this breath.

Around here, there is no one else!

It was Mu Fusheng!

Xie Jiang narrowed his eyes slightly, looked at the smiling Mu Fusheng, and said, "You have hidden your realm?"

Mu Fusheng said: "Who stipulated that it is not allowed to hide the realm?"

"However, in my realm, if I want to hold you back, it should be possible, right?"

Before the realm was not exposed.

It is because even if the strength of the early stage of the distraction state is exposed.

It is not the opponent of this extraterritorial evil race.

You must know that the evil general-level evil race is a bit stronger than the average late-stage powerhouse in the distraction state.

exposed the early stage of distraction.

can only barely resist.

When it comes to the state of distraction, even a small state is extremely difficult to cross!

Not to mention several?

so.

Using tactics to delay for so long.

Now showing the strength of the early stage of distraction, continue to delay.

Only in this way can the procrastination time be maximized!

It's easier to play over there!

Evil will be noncommittal.

This cunning human being was able to hold him back for so long at the late stage of Emperor Realm.

What's more, what's more, the strength of the early stage of the distraction state is displayed now?

"But, even if you hold me back, so what?"

"Most of the distraction over there is in the middle stage."

"At the same time, there is one less."

"With such a gap in strength, how can we fight?"

Mu Fusheng disappeared in place.

The next moment, he appeared in front of the eyes of the evil clan, and punched out!

"I said, it's none of my business over there, my task is to hold you back."

The evil general sneered: "Finally no external force? But, how can you resist my attack without external force!"

After saying that, he punched out with the same punch!

But at this very moment...

The corners of Mu Fusheng's mouth turned up slightly.

Fists open instantly!

Turn fists into palms!

And in the palm of his hand, there is another symbol with lightning flashing...

Chapter 386 The Lightning Symbol of the Pure World God!

When Mu Fusheng made a move.

The evil general is actually happy in his heart.

Because this shows that the ants finally dare to confront themselves head-on!

Then he will be able to avenge his shame!

Kill this annoying cunning ant in one fell swoop!

But.

When she saw the corner of Mu Fusheng's slightly raised mouth.

There was a bad feeling in the heart of the evil general.

Look again at Mu Fusheng's fist opening.

In the palm, there was a symbol filled with lightning.

Evil is paralyzing people...

what the \*\*\*\* is this?

Aren't you trying to hold me back?

Do you hesitate to expose your hidden strength?

But, what do you mean by using the sigil now?

If you don't use the sigil, you won't fight, right?

At the moment.

The mood of this evil general is like going through an extremely exciting roller coaster.

Sometimes landed at a ninety-degree angle.

After landing, it rose at an extremely fast speed.

Then continue to land...

Ups and downs...

People with heart disease should play with caution...

Mu Fusheng did this, naturally, to let the evil general relax his vigilance.

It's all a chain of mental calculations.

All in this moment, fully blooming!

The talisman in the palm is not the thunder escape talisman.

is not a defensive symbol either.

It's a real killing talisman that pays ten for the fake one!

These months.

Mu Fusheng didn't just throw himself into the Book of Seals.

While resting, he kept thinking about Jiujiu Hongmeng Tianlei.

The means of killing.

Earth-shattering!

It can be said to be a big killing technique!

Cooperate with Tian Lei Dao Drive.

Mu Fusheng was originally good at the artistic conception of thunder.

Now has more affinity for the thunder attribute!

It can be said that the body is thunder.

Take control of Thunder Avenue, no problem!

Nowadays, ninety-nine people are covered by thunder.

Cooperate with the way of killing the sigil in the book of sigils!

This killing symbol carved out of seals!

Strengthen your ninety-nine Hongmeng technique of thunder!

Using this to create a killing power beyond one's own realm!

One time.

Mu Fusheng's body was filled with thunder!

The original calm starry sky!

At this moment, dark clouds loom.

Among the dark clouds.

Thunder flashes!

Brontosaurus rolling!

From time to time, thunder dragons roared and roared!

But these thunderstorms are different from the usual lightning strikes.

The power of destruction is even greater!

at the same time.

In this thunder.

Full of purification power!

This is beyond the purification power of ordinary thunder.

is the effect brought by Mu Fusheng's special seal.

When he knew he was coming to Critical Mountain.

already guessed.

The enemy this time may be the evil race from outside the territory.

And what is the nemesis of the evil race outside the territory?

The power of Taoism!

One of the most fundamental powers of the power of Taoism is the power of purification.

Thunder also has the power of purification.

So.

What Mu Fusheng has to do is to strengthen the purification power when he uses the thunder killing power!

Like that.

The strength of the attack on the evil race outside the territory.

It will be more effective than strengthening the killing power of Thunder itself!

More powerful!

The evil general watched this scene.

Feeling the power in it, the blue eyebrows were tightly knit together.

The power of purification.

Even with his strength, it feels a bit tricky!

The cunning ant in front of him.

Although scheming.

However, the released attack is not weak at all!

Compared with people of the same realm, he is much stronger!

Think here.

Evil generals dare not be careless.

A body of evil power was released suddenly!

merged with the surrounding black mist, turned into black winds, and swept towards Mu Fusheng!

At this time, Mu Fusheng also slapped it with one palm!

With thunder in the palm of your hand!

One after another, the world-purifying thunder dragons swept out from the dark clouds!

Following Mu Fusheng's palm shot!

At the same time, they faced the black winds!

The black mist howled.

Brontosaurus roars!

Two completely opposite forces.

Collided at this moment!

Thunder Dragon's huge body released thousands of purification \*\*\*\* thunders, and slammed into those black winds fiercely!

Immediately!

The power of purification shines!

The black mist carried by the black gale, at this moment, it seems that the ice layer has met the lava!

"Zizi" sound!

Start melting!

And the other side.

Mu Fusheng's palm carries the power of purification \*\*\*\* thunder.

Clapped the palm of the evil general together!

This is not a kid's play house, clap your hands.

But life and death.

Either you die, or I die, the battle between dragons and tigers!

Two forces collide crazily!

Mu Fusheng's realm is much lower than that of the evil general.

Also because of the blessing of the Purification God Thunder Seal.

The power of purification has soared unprecedentedly!

At this time, he was not at a disadvantage!

Although it was a coincidence.

Used the power to restrain the evil races outside the territory.

However, compared to the general evil generals in the late stage of the distraction state, they are somewhat stronger.

In the hands of Mu Fusheng, he didn't get any benefits!

This kind of record.

If passed out.

Mu Fusheng's status as the heir to the emperor of the Boundless Dynasty will be more secure!

The heir to the emperor who was originally inconspicuous.

It turned out to have such a high combat power.

and means of planning.

and monastic talent.

That kind of people.

Isn't he the perfect heir to the emperor?

At that time.

Who would use the matter of monastic talent to protest this order issued by the emperor Mu Zhengting himself?

The evil general also looked extremely ugly.

Although the opponent has the power to restrain him.

However, just like this, he competed with an ant in the early stage of distraction.

It made him very uncomfortable!

This time.

There are no escape symbols, and no defensive symbols!

is the real deal head-to-head!

However, he still didn't kill the cunning ant in front of him.

Isn't this slapping him in the face?

not to mention.

If you drag him here.

What about over there?

Although the peak combat power is completely won.

Even the number of evil soldiers and commander-level evil races is more than the opponent.

Such a gap in combat power.

is nothing to worry about.

But don't forget.

The scroll in that woman's hand!

The opponent cannot escape.

Still have to stay here.

It can be seen that it is certain!

There must be no mistakes in this plan!

Even if there is even the slightest possibility.

Kill it in the cradle too!

so.

He can't be dragged here forever!

It's just... no matter what.

No matter how much you spend your full strength to attack.

But still unable to beat Mu Fusheng back...

The seemingly inexhaustible defensive symbol.

and the elusive talisman.

Makes him feel like he's been punched in cotton!

Time passes by every minute and every second...

Not a minute has passed.

The uneasiness in the heart of the evil general is getting deeper...

Right now...

In the far sky!

The black mist was dispelled by a light of pure world!

Soaring into the sky!

The evil general looked at this scene, his face changed drastically!

Mu Fusheng heaved a sigh of relief.

Finally finished.

but...

Still can't let him go.

Drag if you can.

It would be best to drag it over there to end the battle...

So, after Mu Fusheng used the Heavenly Thunder Escape Talisman, he stuck to it again...

Chapter 387 All cards are played!

At the moment.

Ye Qiubai, Xiaohei and Shi Sheng shot at the same time.

Delaying an evil general at the level of distraction!

And three people.

Only one person is in the early stage of Emperor Realm.

However, the strength that has exploded now.

But it made all the distracted and strong people look sideways and shocked!

Whether it's the unsheathed simple long sword in Ye Qiubai's hand.

The power of kendo rules emanating from it!

It's still the pitch-black Nine Heavens Demon Halberd in Xiao Hei's hand that exudes monstrous magic!

Or under the stars in the dark night, the light of the stars gathered.

Shi Sheng who released the power of heavy stars!

The strength that erupted at this moment made all of them feel an extremely unrealistic feeling.

These are two half-emperors, the power that one emperor can emit in the early stage?

As we all know, the higher the realm, the harder it is to cross.

Is the level of distraction high?

It can be said that in this latitude, he has already stood at the level of a first-class master.

As for the peak, it is naturally in the Dao state.

But.

The three of them, but with the strength of the Emperor Realm and the Half Emperor Realm, forcibly held it back!

What kind of talent is this?

The strength of cross-border operations is so strong?

Although Mu Qingqing was activating the formation, she had no time to make a move.

However, he was able to observe the situation in all directions.

The ones who surprised her the most were Ye Qiubai and the others.

How is this done?

Even if it is the super evildoers of those ancient families.

The top talent in the dynasty.

Can't do this either!

Mu Qingqing thinks that although her cultivation and fighting talent is not top-notch, it is definitely not bad.

Years of experience in the battlefield makes her very rich in actual combat experience!

However, if she is in Half Emperor, or Emperor Realm.

can't do this to this extent!

Just like Ye Qiubai's ability to fight across borders, this is no longer something humans can do.

It can be said that it has surpassed her understanding!

It also exceeded the understanding of everyone present!

The evil general who faced Ye Qiubai and the other three.

The more you fight, the more surprised you become.

Although, in the battle, you can take advantage.

But this advantage can be resolved every time by the opponent's three human ants!

Especially the sword in their hands, and the magic halberd.

It made him feel palpitations!

The power of rules!

As the evil race in the mid-latitude realm.

Naturally, I have heard of this power.

However, in this low-latitude boundary, how can anyone realize the power of rules?

Even if it is him!

I have only heard of it, but I have never felt it myself!

Attack with all your strength no matter what.

None of them can cause substantial damage!

This made the evil general feel absurd and angry.

And at this time.

Mu Qingqing is holding a scroll.

The World Purification Formation has been completed at this moment.

After the infusion of spiritual power by many strong men, the formation has been activated.

In the scroll, there is a dazzling light!

One after another, the power of Taoism swept out from the scroll like a gust of wind!

The black mist within a hundred miles was dispelled at this moment!

Those evil soldiers were under the influence of this world-cleaning formation.

No protection from black mist.

Was directly melted by the power of Taoism!

There were bursts of strange screams!

As for the commander-level extraterritorial evil race, they were more or less affected!

This made those human ascetics in the Emperor Realm and False God Realm feel relieved.

Looking at the formation of the Jingshi Great Formation.

The faces of the nine evil generals all sank.

This formation is too restraining for them.

The power of Taoism and the power of purification all restrain their existence!

Even if he is an evil general, his strength will be reduced!

And this moment.

Ye Qiubai narrowed his eyes slightly.

In the eyes, there are rays of divine light!

it's time.

Directly took out three elixir to restore aura and heal wounds.

Put it in your mouth.

Aura burst out at this moment!

Holding Qingyun Sword in both hands.

Hold the hilt in one hand and the scabbard in the other!

Want to pull it out!

at the same time.

Xiao Hei received Ye Qiubai's attack signal.

Almost at the same time.

A low growl!

The magic energy is surging wildly!

The phantom behind him is extremely solid at this moment!

The three layers of lines on the surface of the body represent fire, ice and killing intent respectively!

appeared on the huge phantom holding the Nine Heavens Demon Halberd behind him!

The Demon God is coming!

And the other side.

It seems to be connected with Ye Qiubai and Xiao Hei.

Shi Sheng also bloomed endless stars at the same time!

The stars in the dark night, the faint starlight on each star, at this moment, seemed to converge on Shi Sheng's body, like a spotlight!

Chaos star record, star core!

Hold out one hand, as if suppressing Jiuyou!

this moment.

The strength of the three of them has completely exploded!

Qingyun Sword was drawn out.

A section of the blade was revealed to the world at this moment!

The power of the kendo rules is crazily emerging!

Like a tornado, sweeping across this land!

Everyone felt the power of this kendo rule, and their faces were horrified!

What level of sword power is this?

Has such power?

The wounded silver armor commander looked at this scene with a solemn expression.

He once saw the suzerain of the Xingyun Sword Sect, Jian Wufeng make a move.

Jian Wufeng is the number one expert in swordsmanship known today!

The realm of swordsmanship is in the supreme realm!

And even if it is the sword of the supreme realm.

At this moment, it is compared to the power of kendo rules exuded by Qingyun Sword in Ye Qiubai's hand.

is not as good as it is!

This kind of power seems to pale in comparison to the power of swordsmanship in the whole world!

If you talk about sword intent, you have realized the correct way to use the sword.

Then, the power of the rules of the sword is to completely control the sword and turn it into one's own use!

is the true meaning of swordsmanship!

The power in it makes people look pale!

Xiaohei summoned the demon god, and the demon energy gathered behind him.

At this moment, Xiao Hei is like a real demon god!

Control the magic way in the world!

Make people surrender!

Even the state of mind of a strong distraction can't help but be affected at this moment!

Shi Sheng's star power is incomparably vast!

The power of suppression is also extremely mysterious!

Such a powerful power of the stars also made everyone think that the loss of the cultivation method of the power of the stars is a great loss to the world of human cultivation!

The three of them shot simultaneously.

All cards are out!

This evil general also had to pull himself together.

His brows were tightly knit together.

In the body, all the evil power is released!

Nothing more.

Under the influence of the World Purification Formation.

Strength has been suppressed!

Today's evil generals can only display 70% of their former strength!

And this moment.

The attack of the three people has been released.

The power of the kendo rules turned into a tornado.

Demon God Phantom held the Nine Heavens Demon Halberd, and slashed towards the evil general!

The power of the stars turned into stars in the sky, gathering the power of the core of the stars, like a star meteorite, carrying endless suppressing power, and suppressing the evil general!

this moment.

The critical mountain seems to be about to collapse!

The movement in it also attracted the attention of the border city of Boundary Mountain!

There are even top powerhouses who have noticed the violent aura of Critical Mountain!

Chapter 388 You don't seem to have a clue...

Starfall Sword Sect.

In the main hall, Jian Wufeng is carefully cleaning the Wufeng giant sword in his hand.

At this time, it seemed that he had noticed something.

looked up to the east.

There is the direction of the critical mountain.

"The power of the sword?"

Jian Wufeng can feel that the power of the sword is not as strong as that of the super strong man at that time.

However, it seems to come from the same source.

And that super strong man is Ye Qiubai's master.

The matter of the Boundary Mountain, they have also heard about the Starfall Sword Sect.

"Could it be that Jianzi has gone too?"

After thinking about it.

Jian Wufeng put away the Wufeng giant sword, picked up the white handkerchief, put it in the sword pool and washed it.

Summoned the peak masters of the other three peaks, and said: "From now on, the Xingyun Sword Sect will enter the state of preparation for battle."

The master of Sanfeng's face was solemn, and he didn't ask why.

No need to ask either!

The matter of Boundary Mountain has spread all over the world!

Since it is time to prepare for the battle, it is determined.

The critical mountain change was caused by the evil race outside the territory!

The meaning of the existence of the Star Meteor Sword Sect.

Since Xingyun Jianhuang founded Jianzong, nothing has changed.

The original intention is still there!

Act as a guardian and kill all the evil races outside the territory!

...

the other side.

Boundless Dynasty.

Mu Zhengting put his hands behind his back and looked up at the eastern sky.

There, there is a faint flow of violent power.

"Is it the power of rules recorded in ancient books?"

"It seems that this kid Fu Sheng has worshiped an incredible master..."

Immediately, Mu Zhengting turned around and left.

Prepare for battle!

How much trauma did the extraterritorial evil race cause to the low-latitude realm?

Now, since it has been known that the other party is going to make a comeback.

Naturally, it is necessary to prepare in advance!

Can't let the past happen again!

...

All parties are moving!

Look at the critical mountain again.

Ye Qiubai and the three played all their cards!

Three attacks that surpassed the realm unexpectedly severely injured the evil general!

And at this time.

The evil general who was held back by Mu Fusheng has also returned.

Looking at the scene in front of him, his face was extremely ugly.

The World Cleansing Formation is completed.

Even his strength has been weakened by 70%.

The rest of the evil soldiers were directly melted under the influence of the World Purification Formation!

The commander-level evil race also suffered heavy losses.

The tide is gone!

The evil general's face was ugly, and he roared: "Withdraw!"

After finishing speaking, take the remaining commander-level evil race and the rest of the evil generals and withdraw from this place.

Melted into the black mist hundreds of miles away...

See this scene.

Mu Qingqing did not order the pursuit.

First, engrave the Great Formation of the World in the form of a scroll, and the power released is limited.

The range of influence can only be within a hundred miles.

So, hundreds of miles away, there are still black mist.

Entering the black mist, the vision is limited, the range of perception is limited, and the strength will also be suppressed.

Second, although it temporarily repelled the evil race outside the territory.

However, one's own vital force dies, and it is wounded.

It can be said that the casualties were heavy!

Such combat power does not meet the requirements for pursuit.

So, on those two points.

Mu Qingqing will not be dazzled by the temporary and tragic victory and order the pursuit.

What's more, the commander of Yinjia naturally gained some information.

Today, most importantly, look at the content of the intelligence.

Use this to decide the follow-up matters.

Combining these three points, Mu Qingqing waved her hand and said: "The injured stand in the middle of the line, and those who are slightly injured or still have combat effectiveness surround the outer circle. Always pay attention to the situation around you and retreat!"

Everyone didn't say anything, and started to retreat according to Mu Qingqing's instructions.

Mu Fusheng also returned to the team at this moment, and after reporting the situation with Mu Qingqing, he came to Ye Qiubai's side.

"I've heard everything."

Mu Fusheng whispered: "Brother, do you have any other hole cards?"

Ye Qiubai was taken aback for a moment, then shook his head and said, "The Qingyun Sword just now is already my strongest method."

Shi Sheng and Xiao Hei also nodded.

Further up.

I'm afraid it's desperate.

Mu Fusheng covered his forehead and sighed: "That's fine, this time there is no way, but next time you can't show your hole cards!"

"Even if it is exposed, you have to keep the rest of the hole cards, or stronger hole cards, understand what I mean?"

Ye Qiubai had a funny face, nodded and said: "Okay, okay, I got it."

"I guess, Master's favorite disciple in the future will be you."

This character, you don't need to guess, it must be in line with Master's appetite.

This temperament, although not as good as the master.

But that's about it...

Lu Changsheng didn't want to cause trouble at all, and tried every means to avoid cause and effect.

Mu Fusheng didn't want to cause trouble, but he wasn't afraid of it either.

However, after causing trouble, even if there is a fight, there will be a bunch of backup players, and after dealing with it, the battlefield will be cleaned carefully.

Can't leave a tail.

I saw Mu Fusheng touching his chin, thinking: "I will let people move around later, so that the people here will not tell what you have done."

"Although it's not very useful, at least I won't know the details of your actions. This should make up for it."

Ye Qiubai shook his head and laughed: "You, I think I will give up my status as the most beloved disciple in the future to you."

Heard the words.

Xiao Hei and Shi Sheng looked at Ye Qiubai in horror.

Didn't find it!

Brother, it turned out that he still couldn't recognize himself clearly...

Most loved?

Why do I feel that Master even wants to strangle you to death?

Everyone was vigilant all the way around.

Although it temporarily repelled a small part of the power of the evil race.

However, it is also possible that the opponent will kill a carbine and ambush in the black mist.

Block the return route of Mu Qingqing and others.

but.

Fortunately, not much happened.

Everyone returned to Longqi City.

At this moment in Longqi City, several forces have come again!

Among them, they include the various sects, the Starfall Sword Sect, and the Boundless Dynasty!

Xingyun Sword Sect, Zhang Yunzong is here!

The person coming from the imperial dynasty is the imperial army directly under the emperor Mu Zhengting, the commander of the golden armored imperial army!

And the commander of the Golden Armored Forbidden Army is a half-step powerhouse!

Mu Qingqing returned to Longqi City, nodded slightly to everyone, and said, "Follow me."

Everyone went to the chamber.

Ye Qiubai and the other four were naturally among them.

Mu Fusheng needless to say.

Where are Ye Qiubai and the others?

After the battle in the critical mountain.

People will no longer underestimate the strength of these three people.

on the contrary.

Will take the initiative to curry favor.

Such a talent for cross-border combat only needs to grow up.

Maybe he will be the top powerhouse in the future!

Even scarier!

That kind of people.

Don't apologize for looking down before, and then get closer.

Instead, the stalemate continued.

Isn't this an idiot?

Everyone came to the chamber.

Mu Qingqing looked at Commander Yinjia.

Waiting for his intel.

I saw Commander Yinjia solemnly said: "There is only one piece of news. The purpose of the evil race outside the territory this time is to seal off the critical mountain, and they are going to the Demon Abyss!"

Moyuan!

is on the other side of the critical mountain.

is a forbidden zone of life in the borderless domain!

Chapter 389 Assemble, ready to go!

Mo Yuan.

is one of the three restricted areas of life in the borderless domain.

The dangers are numerous.

Even if a strong person in the Dao realm enters, there is a possibility of death.

The restricted area of life here is on the other side of the critical mountain.

It is also one of the reasons why the Boundless Dynasty strictly prohibits stepping on the critical mountain.

Among them, the Supreme Demon may be sealed!

Of course, the main reason is that on the other side of the critical mountain, the evil race outside the territory is being suppressed.

...

In the chamber.

Mu Qingqing frowned and said, "The evil races outside the territory are interested in the Demon Realm? Do you know the reason?"

Commander Yinjia also shook his head and said: "I don't know, the reason has not been investigated."

The Golden Armored Commander who came here was also puzzled and said: "Even if we are in the Demon Abyss, we don't know what is in it. How can the evil race outside the territory know? And they are interested in it."

"Could it be that there is a way to completely relieve their suppression in the Demon Abyss?"

"That's unlikely, but it's definitely not a good thing that the evil races outside the territory are interested in Moyuan."

"Yeah, at least it doesn't do us any good!"

For a while, there were different opinions.

However, the conclusion drawn is also very simple.

Must stop the actions of the evil race outside the territory!

It is precisely because I don't know what is in the magic abyss.

to block!

In case you get something in the Demon Abyss.

Make their plans a success.

May be for unbounded domains.

Even the entire low latitude, causing devastating damage!

They don't allow this to happen.

Mu Qingqing immediately said: "I'll report to my father first."

Everyone nodded.

This matter must be handed over to Emperor Mu Zhengting to decide.

The other party.

After Xiao Hei heard the word Mo Yuan, he frowned slightly and fell into deep thought.

After Ye Qiubai found out, he also understood what Xiao Hei was thinking.

"It seems that we are going to the Demon Abyss as well."

Xiao Hei nodded.

Mo Yuan is the clue that Xiao Hei got when he obtained the first memory fragment.

Among them, there may be a second memory fragment hidden!

There may be other clues hidden too.

However, this must be related to Xiao Hei!

So, Xiao Hei must go on the trip to Moyuan.

Mu Fusheng on the side heard the conversation between the two.

Can't help being slightly taken aback.

However, Mu Fusheng didn't object to anything this time, but nodded and said: "Then I'll go and carve some more seals later."

This matter must be extremely important to Xiao Hei.

So Mu Fusheng will not stop it.

On the contrary, we will do our best to help.

If it is something that can not be done, then Mu Fusheng will stop it.

Avoid tainting cause and effect.

After the news reached Mu Zhengting.

Mu Zhengting also agrees with Mu Qingqing and others.

Immediately.

Mu Zhengting immediately summoned the suzerains of the various sects to discuss the matter.  
final decision.

Among them, even the three major families!

The results of the discussion are as follows.

The Boundless Dynasty, the three major families, each sent a strong Daoist.

First-class forces, send a half-step to join the road!

The rest of the forces sent distractions, as well as several imperial realms!

At the same time, in this case, send out Tianjiao-level figures from various sects!

they think.

Although Moyuan is known as the restricted area of life.

It's okay if you don't touch it on weekdays.

But now, in this situation where I have to go.

We will send out all kinds of Tianjiao!

Although Moyuan is known as a strong person in the Dao realm, there may be a forbidden life zone where there is no return.

However, danger is always accompanied by great opportunities.

Once there is an opportunity in it.

Then, these Tianjiao will be able to grow quickly!

The evil race from outside the territory is about to attack.

No...it has already begun to take shape!

The Tianjiao of the younger generation must grow up quickly!

Otherwise, when the war starts.

More will die.

All the forces have decided to discuss and approve this.

Immediately, all the major sects sent out their own Tianjiao figures one after another!

The Boundless Dynasty sent Mu Fusheng, Mu Qingqing, and the second prince Mu Yunsheng.

The second prince, Mu Yunsheng, doesn't care about world affairs.

He has no intention of political affairs, nor military power, he only seeks the way.

It can be said that among the Boundless Dynasty, the existence with the highest internal recognition of cultivation talent!

Of course, Mu Fusheng is behind the scenes.

After all, Mu Fusheng has been hiding his own strength...

It's not good to be too pushy.

The Starfall Sword Sect sent out what is known as the critical point of the revival hope of the Starfall Sword Sect.

That is, the direct disciple of the suzerain Jian Wufeng!

At the same time, the other peak masters of the three peaks also sent out their most outstanding disciples.

Three masters.

The Mu family sent Mu Cisheng.

The Gu family sent the eldest son Gu Hedong.

The He family sent He Junming!

It can be said.

This time the action.

All the best!

Countless Tianjiao heard the news and moved!

Tianjiao among various casual cultivators also got the news and went to Longqi City one after another!

Here's an opportunity!

Moyuan is dangerous though.

But there may be a shocking chance!

Just get the chance.

will be able to take it to the next level.

Even comparable to those sect arrogance!

can only say.

If there is no dream, what is the difference with salted fish?

It's just that the price... is a little high.

Just two days.

Longqi City is full of talents from all walks of life, as well as casual cultivators.

The entire Longqi City is impenetrable!

Even outside Longqi City, or in places close to Boundary Mountain, people have already arrived ahead of schedule.

In the chamber.

Mu Qingqing has received orders from Mu Zhengting.

Maintain the team, cross the critical mountain, and go to the Moyuan!

Stop the actions of the evil race outside the territory at all costs!

After getting this instruction.

Mu Qingqing immediately began to separate the team.

himself as the commander-in-chief.

Mu Fusheng is the commander of the first team.

Ye Qiubai, Shi Sheng, and Xiao Hei are all among them.

At the same time, there are other Tianjiao in the first team.

Among them is one of the three major families, the pride of the Mu family, Mu Cisheng!

Among them, the one with the highest level of cultivation is naturally the Golden Armored Commander who is half-stepped.

And those who are strong in the Dao realm will not participate in this command.

They have crossed the critical mountain.

Find the way for everyone!

Peak combat power is all about controlling the battle situation.

Get ready and leave today.

Mu Fusheng took out three accepting rings, distributed them to Ye Qiubai and the other three, and said, "Senior brother, among them are a bunch of Heavenly Thunder Escape Talismans and defensive talismans, if something goes wrong, don't try to be brave! "

"If you keep the green hills there, you won't have to worry about no firewood!"

Ye Qiubai looked at Mu Fusheng's breath fluctuating.

Knowing that these few days, he has been overloaded with seal cutting and seal cutting, he couldn't help feeling warm in his heart.

Patted Mu Fusheng on the shoulder, said: "Don't worry, our seniors, as many people go in, naturally as many people come back, there will be no one missing."

Shi Sheng also smiled and nodded.

Xiao Hei is holding the ring, looking at the direction of the critical mountain dully, not knowing what he is thinking...

At this moment, all preparations are complete, the goal is to cross the critical mountain and head to the Demon Abyss!

Chapter 390 Breakthrough Juggernaut, live up to the trust!

Critical mountain.

The black mist still exists.

However, he did not meet the evil race outside the territory again.

It seems that the world has evaporated.

but.

can also figure it out.

For the big move of the evil race outside the territory, it is natural to mobilize the team.

I'm afraid, they have already gone to the Demon Abyss!

On the way to Critical Mountain, there is no obstacle, and it is easy to cross.

Within a day, they came to the other side of the critical mountain.

The other side leading to the critical mountain is a natural moat, blocking the entire critical mountain range!

Seeing this piece of sky, Judgment couldn't help but sigh.

This heavenly chime is man-made.

At that time, the Starfall Sword Emperor and many strong men were the leaders.

After suppressing the evil race outside the territory, he turned his flesh and blood into heaven!

Completely isolate the other side of the critical mountain!

Of course, there is a gap in one part of the sky.

Here is the only passage that can pass through the critical mountain range and reach the other side.

In this gap, there is a formation.

only.

This formation has now been torn open a gap.

Naturally, it was the work of the evil race outside the territory!

Everyone passed through the gap.

In the eyes, there is a plain full of black atmosphere!

The plain has been assimilated by black evil power and turned into a black land!

Not a blade of grass grows!

There is no breath of any creature!

And in the sky above, there is a huge formation, faintly visible.

It is the formation of the world!

It's just that this formation of world purification has also been shrouded in a huge black mist.

Unable to send effect.

This is tens of thousands of years.

The result of the continuous erosion of the evil races outside the territory through the black mist.

At the same time, in front of the plain, there is a broken sculpture of a nine-foot long sword inserted into the plain!

It is incompatible with the black earth here!

Ye Qiubai recognized the sword immediately when he saw it.

This nine-foot long sword.

It is the sword of the Xingyun Sword Emperor, and it is also the nine-foot Xingyun sword in his hand now!

Zhang Yunzong on the side said in a deep voice: "That sword is engraved with the soul of the sword emperor's predecessor, and it is for suppressing the evil race here!"

Ye Qiubai nodded.

Eyes full of respect.

It can use its own flesh and blood to turn into a heavenly horn.

He used his own soul as the heart of the formation to suppress the formation!

You must know that this approach will prevent the Xingyun Sword Emperor from entering reincarnation forever!

A person who can do this for the sake of the world.

Isn't it admirable?

Ye Qiubai bowed deeply towards the sword.

Didn't get up for a long time.

And this moment.

The Nine-foot Star Meteor Sword began to tremble!

At the same time, the somewhat damaged sculpture of the Nine-Foot Star Meteor Sword located in the center of the black plain also began to tremble!

this moment.

The black plain began to shake!

It's like a precursor to an earthquake!

Everyone looked at the Xingyun Sword sculpture in horror.

what happened?

Who touched this long-silent Xingyun sword sculpture?

Only Zhang Yunzong and Jijian looked at Ye Qiubai.

can do this kind of thing.

Only Ye Qiubai!

Heir of the Starfall Sword Emperor!

Ye Qiubai straightened up, as if he had been summoned, and walked towards the Xingyun Sword sculpture step by step.

Jinjia Commander looked at this scene, frowned slightly, and shouted: "Ye Qiubai, don't act alone!"

"If you act like this, it is likely to destroy the overall situation!"

The black plain was originally the outskirts of the suppression of evil races outside the territory.

Today.

The evil race outside the territory has already torn a little seal.

In this plain, no one knows what will be there.

It is also reasonable for Commander Jinjia to say so.

Zhang Yunzong looked at Commander Jin Jia and said, "Let him go."

The golden armor commander frowned and said: "Focus on the overall situation!"

After speaking, seeing Ye Qiubai still going his own way, walking towards the Xingyun Sword sculpture.

Then prepare to block it!

Just stretched out his hand.

A breath fell from the sky!

This is a sword intent!

A sword intent with the highest level of swordsmanship!

The commander of the golden armor changed slightly, and looked up at the sky.

No one is seen.

But heard a word spread throughout the plains!

"Let him go, I will watch."

The golden-armored commander's face darkened slightly.

This sword intent, this voice, he recognized.

is the suzerain of the Starfall Sword Sect.

A strong man in the Dao realm, the sword has no front

That's right.

This action.

Jian Wufeng came here in person!

He can't let Ye Qiubai get into trouble with them!

This is the hope of Starfall Sword Sect!

not to mention.

The master behind Ye Qiubai is too scary...

If something happens to him.

Maybe something big will happen.

However, the golden armor commander stopped.

Jian Wufeng still wants to give him face.

not to mention.

They are not of the same level.

Jian Wufeng is a strong man in the Dao Realm, the supreme state of the Dao of the Sword, known to be the number one person in the Dao of the Sword in the Borderless Realm!

Ye Qiubai walked slowly in front of the Xingyun Sword sculpture under everyone's gaze.

There is half a meter between the two.

And here.

Ye Qiubai's Nine-Foot Star Meteor Sword trembled more and more violently!

The star meteor sword sculpture in front of you.

It seems that the Nine-Foot Star Meteor Sword is synchronized, and it is also shaking constantly!

Ye Qiubai subconsciously caressed the body of the Xingyun Sword sculpture.

Instantly!

A sword intent.

Covered Ye Qiubai!

This sword intent is very familiar.

is the sword intent of the Starfall Sword Emperor!

this moment.

Ye Qiubai's kendo realm has improved crazily!

It was at this moment that he directly broke through the realm of the Juggernaut!

One time.

On the entire black plain.

Sword intent whistling!

Transformed into a real sword intent, soaring into the sky!

The sword intent seemed to turn into a vast ocean!

Gallop on the black plains!

Everyone looked at this scene, sideways in horror!

This age.

This realm.

Has the way of the sword already broken through to the level of a Juggernaut?

How strong is this kid's kendo talent?

Mu Qingqing was slightly surprised when she saw this scene, but there was no big disturbance in her heart.

After all, she has seen Ye Qiubai's fighting ability.

Able to reach the half-emperor state, although the two teamed up to fight, and even seriously injured an evil general who was in the distraction state!

This talent.

It's normal to reach this level.

He smiled bitterly, but there was no jealousy in his eyes, more of a fighting spirit!

At the beginning, Ye Qiubai was not considered by Judgment.

After arriving, treat it as an opponent.

And now, think of it as a mountain!

A mountain to climb!

In the sky.

Jian Wufeng looked at this scene and smiled slightly.

Besides, a middle-aged man said: "Is this a disciple of your Starfall Sword Sect?"

Xingyun Sword Sect shook his head and said with a smile: "No, but he is the hope of Xingyun Sword Emperor's inheritance."

The middle-aged man was silent.

Ye Qiubai closed his eyes, frantically absorbing the sword intent around him.

After he absorbed it, he opened his eyes.

With a solemn face, he bowed to the Xingyun Sword sculpture again!

And at this time.

In his mind, a illusory appeared.

Familiar and unfamiliar voices.

"give it to you..."

Ye Qiubai's face was serious.

"Living up to the trust!"
