

My Disciples 391

Chapter 391 Entering the Demon Abyss

The location of Mo Yuan.

Need to go through the black plain.

Stay till they cross the plains.

In front of him, there was a dark abyss.

Under the abyss, devilish energy surges!

There were bursts of whistling sound.

Like a roar of ten thousand demons!

And beside the abyss, there is a stone tablet.

On the stone tablet, two words are engraved.

Moyuan!

Here is where the Moyuan is!

And came here.

Felt the wisps of black magic energy.

In Xiao Hei's mind, the sealed memory seemed to be loosening and shaking!

He understands.

Under this demonic abyss, there must be something related to his memory.

And at the entrance of the Demon Abyss, there is a force different from the magic energy.

This power is evil power.

That is to say, the evil race outside the territory has already entered the Demon Abyss first!

Mu Qingqing frowned and said, "According to the prior division, enter the Demon Abyss immediately!"

"Now, the evil races outside the territory have seized the opportunity, we must hurry up. Of course, we must also be careful of the evil race's ambush, understand?"

They were able to obtain intelligence.

The evil race outside the territory can naturally guess their next move.

so.

In the abyss of magic, it is normal to place an ambush!

Everyone nodded.

Immediately, under Mu Qingqing's command, they entered the Demon Abyss in batches!

Although, the Borderless Domain has limited knowledge of Moyuan.

However, the basic situation is still understood.

In the past, there were strong Daoists who formed a team and entered it to explore.

Later, the four joined forces, and only two came out...

Of course, valuable information is also brought out.

The Moyuan is divided into nine layers in total.

The upper three floors, the middle three floors, and the lower three floors.

The further down, the more danger.

In the upper three floors.

The level of the monster is probably the strength of the late emperor stage.

The third level is the strength of distraction!

And the next three floors are the strength of the Dao realm!

Although it is of this strength, the threat in it is even more dangerous...

The experts in the Dao Realm sent by each sect have already taken the lead and headed to the lower three floors!

Led by Mu Fusheng, Ye Qiubai, Shi Sheng, Xiao Hei and others entered the Demon Abyss at the same time!

Jump down.

There is no sense of falling.

The roaring demonic energy dragged everyone's bodies!

If you want to go down, you must rely on your own aura to break through this updraft!

Of course, surrounded by monstrous devilish energy.

The movement of aura in the body will also be affected.

After all, magic energy and spiritual energy are not from the same source.

However, this first test is not difficult for everyone.

Amidst the devilish energy, Xiao Hei was like a fish in water, taking the lead to reach the first floor!

Between the eyes, it doesn't look like an abyss.

Instead, there is sky.

has ground.

It's just that the sky is black.

Clouds with demonic energy floating in the sky.

The black earth, the devilish energy floating all the time!

The valleys are vertical and horizontal.

The corpses are everywhere.

Among them, there are the corpses of monsters.

There are also corpses of evil races outside the territory.

This also means that the evil race from outside the territory has already passed through this place.

When ready to move forward.

The golden armor commander is the most powerful person in the team.

Naturally, we must stand at the forefront and lead the way.

At this time.

Xiao Hei stood up and said, "I'll stand at the front."

The golden armor commander frowned slightly, looked at Xiao Hei, and said: "Your strength is not enough, stay behind."

Xiao Hei shook his head, did not listen to the words of Commander Jin Jia, and said: "My physique may be more suitable for this place."

Xiao Hei's words.

Commander Jin Jia was taken aback for a moment.

Physique?

Immediately, Xiao Hei released the Eternal Demon Physique!

Streams of black magic energy swirled around Xiao Hei's body!

Feel this breath.

The golden armor commander was taken aback again, he could clearly feel it.

The aura on Xiao Hei's body is almost similar to the devil's energy in this devil's abyss!

Mu Fusheng also stood up at this time, and said, "Let my brother lead the way."

The golden armor commander nodded.

These people don't seem like reckless people.

After all, he knows the talents of these people.

This kind of arrogance will not ruin his future because of recklessness.

What's more, the prince Mu Fusheng has already stood up to speak, how can he not listen?

Mu Fusheng looked at Xiao Hei, and asked, "Brother, did you find anything?"

Xiao Hei shook his head, and said: "No, but the devilish energy in it seems to be pulling me and guiding me where to go."

Mu Fusheng nodded without any doubt.

A group of people began to move forward.

Enter the black valley.

The aura here is extremely thin.

Therefore, everyone should save their aura at all times.

Replenishing aura can only rely on pills.

Along the way, the corpses of extraterrestrial evil races and monsters can be seen everywhere.

When passing through a basin.

In front of several people, black magic energy began to gather!

In the basin, a magical tornado is formed!

The golden armor leader immediately said: "Be alert!"

And when the tornado dissipated, there were bursts of roaring sounds!

Ten monsters appeared in everyone's field of vision!

And these ten monsters are all in the late stage of Emperor Realm!

When the golden armor commander saw this, he shot directly.

Actually, according to the general situation, it is to be handed over to the juniors to achieve the effect of experience!

It's just that now, there is not much time left for them.

They must catch up with the evil race outside the territory as soon as possible.

The strength of the leader of the golden armor is half-step.

So, even if these monsters are in the late stage of the Emperor Realm, or even higher than the Emperor Realm overall, they will not be opponents of the Golden Armor Commander.

Just counting the time.

Kill these ten monsters!

Everyone moved on.

Through the valley.

Before their eyes, there was a door shining with a dark light.

The door is ten feet high!

The whole body seems to be made of black black iron.

However, this door is tightly closed.

The rest of the team also came here.

Mu Fusheng looked at the door, touched his chin and said, "I'm afraid, as long as you pass through this door, you can reach the second floor, right?"

The voice just fell.

This black door is slowly opening at this moment!

Behind the gate of the gate, there is no sight to be seen.

What is there is just a vortex made of black magic energy!

At this time.

In the vortex, there are two giant hands covered with black hair protruding from it!

A monster with black fangs came out from the black gate.

stood in front of the black gate.

Obviously.

Without defeating him, there is no way to pass through this place.

The leader of the golden armor looked at the leaders of the other teams and said, "Let's go together, let's fight quickly."

This monster with black fangs is half-distracted.

All the powerhouses in the God Realm heard the words, nodded, and rushed towards the fang monster at the same time!

However, just as they rushed to the front.

This fang-toothed beast opened its eyes, and the eyes were filled with blood red!

At this moment, the aura started to skyrocket!

From a half-step distraction, he was promoted to the realm of harmony!

Chapter 392 Xiao Hei's identity?

The sudden increase in the strength of the black fang monster surprised everyone!

Why the sudden increase in strength?

And directly promoted to the He Dao state!

Mu Qingqing, who came afterward, looked at this scene and frowned, as if thinking of something.

"Immediately retreat! Don't join forces! Once you join forces, the strength of the guardian monsters will increase dramatically!"

Jin Jia commanded everyone to back off immediately after hearing the words!

When everyone backed away.

The strength of the black fang monster has also returned to normal strength.

Withdrawing his giant hand, he quietly blocked in front of the black gate.

Looking at this scene critically, said: "It seems that we have to go up one by one."

"This is because I don't want other low-strength people to fish in troubled waters."

Mu Qingqing also nodded, and said: "There is no other way, let's go one by one."

"If the strength has not reached the late stage of Emperor Realm, don't try it."

After all, even if this monster has not improved, it has already reached half-step distraction.

Its strength is naturally stronger than the average human race powerhouse.

The flesh body of a monster is too terrifying!

At this time.

Xiao Hei walked out silently.

Everyone looked over and frowned slightly.

Someone who didn't understand asked: "This kid hasn't even reached the emperor's realm, why dare to go up?"

"Stop him quickly! This is sending you to death."

Of course, some people are watching silently.

It is also extremely good for someone to test the depth of this black fang monster for them.

Mu Qingqing and others participated in the investigation of Boundary Mountain but did not stop them.

After all, they have seen Xiao Hei's strength.

At that time, three people, one in the early stage of Emperor Realm, and two Half Emperors, forcibly and seriously injured an evil general in the late stage of Distraction Realm!

With such strength, I am afraid that there is a chance to fight this half-distracted black fang monster.

But.

How do they know.

Xiao Hei didn't intend to fight.

He just stepped forward subconsciously.

It was as if a sentence was spinning in his mind.

forward...

forward...

So Xiao Hei walked forward.

When he came close to the black fang monster.

This monster with fangs lowered its huge head and looked at Xiao Hei on the ground.

Immediately, a fierce light flashed in his eyes, and he let out a low growl!

The roar shook the sky, and the sound waves turned into whirlwinds blowing the earth!

Raised his giant hand, and crushed Xiao Hei fiercely!

At this time.

Xiao Hei will naturally not sit still!

Three lines open together!

Eternal Magic Physique!

Holding the Nine Heavens Demon Halberd in his hand, black magic gathers behind him!

The Demon God is coming!

Facing a half-step distracted strong man, Xiao Hei must not be careless!

Directly cast Demon God Descending!

But.

The moment when Xiao Hei resorted to the Demon God.

The giant hand of the fang-toothed monster stopped just then.

In the eyes, the fierce light was slowly occupied by the color of fear!

That huge body started to tremble at this moment!

Looking at Xiao Hei's figure.

No... It should be looking at the phantom of the demon **** behind Xiao Hei!

This monster with black fangs started to get scared!

What's happening here?

The crowd behind were all slightly taken aback.

This monster.

What is he afraid of?

Even if you play your hole card, the realm is still in Bandi, so how can you be afraid of a half-distracted monster like you?

Mu Fusheng looked at this scene, but thoughtful.

Ye Qiubai smiled lightly, and said in a low voice, "Stable."

That's right.

At that time, they had guessed that Xiao Hei's life experience, or previous life, might be unusual.

And his life experience is very likely to be inextricably related to the demons.

Now it seems that this is indeed the case.

Xiao Hei was also a little puzzled, quietly looking at this black fangs monster.

He actually bent his knees and knelt down in front of Xiao Hei!

Crawled down and buried his head on the ground!

let out a whimper.

Seems to be...begging for mercy?

This scene shocked everyone!

Why is this?

Looking at Xiao Hei, he was full of surprise and uncertainty!

Even Mu Qingqing frowned, wondering why such a scene happened.

However, after connecting all the clues, there is no clue at all.

The commander of the golden armor was also stunned.

Recalling what Xiao Hei said to him before.

Is it impossible?

Is Xiao Hei related to this Demon Abyss?

If this is the case, then this trip to Moyuan will probably be much easier.

It is not difficult to catch up with the evil race outside the territory!

Xiao Hei tried to ask: "Do you know me?"

At this time.

In Xiao Hei's mind, an incomparably rough voice emerged.

"No, I'm not qualified to know you."

"However, the aura of the demon race on the adult is too pure, and the blood is also extremely pure."

"Even if this is compared to the master's blood, it is much purer."

Owner?

Xiao Hei asked, "Who is the master?"

Warcraft replied: "The master who created the Demon Abyss."

"Why create the Demon Abyss?"

Warcraft shook his head and transmitted the voice: "I am not qualified to know this kind of thing, but, just heard, the master seems to be waiting for someone here."

Xiao Hei nodded slightly.

If you want to get the result, you must go to the deepest part of the Demon Abyss.

So Xiao Hei said: "Let us go there."

Warcraft didn't hesitate, got up immediately, and walked to the side.

Give way to the black door that has been opened behind him.

Everyone was stunned when they saw this scene.

Just now Xiao Hei seemed to be having something with this demon.

After the exchange.

Then let them go?

Is it really that easy?

Xiao Hei turned around and said, "You can go."

Everyone came back to their senses.

Mu Qingqing stepped forward, came to Xiao Hei's side, and said, "We won't ask your identity, but please show me the way."

Anyone with a discerning eye can see it.

Xiao Hei is inextricably linked to this Mo Yuan!

Hearing this, Xiao Hei nodded.

did not refuse.

After all, she is the younger sister of the younger brother.

Everyone stepped into the door.

Into the second layer.

The scene of the second floor.

is no different from the first layer.

However, the overall strength and number of Warcraft have improved!

In the team, there are half-steps and distractions, and it is not a problem to deal with these monsters.

When we came to the gate leading to the third floor.

Already has a level guard monster!

The strength of this gatekeeper monster has reached the early stage of distraction!

But... no matter how high the realm is.

After Xiao Hei stepped forward to communicate, the monster was released again...

Everyone looked at Xiao Hei with strange faces.

This son, what is the origin?

Why haven't I heard of this kind of character before?

Mu Fusheng also asked Ye Qiubai beside him: "Brother, where is the fourth brother from?"

Ye Qiubai smiled and said: "The cottage."

Mu Fusheng rolled his eyes.

...

All the way forward.

All the way down.

Soon, the door to the third floor appeared.

And the gate on the third floor has a hall engraved on it!

Xiao Hei looked up, this hall seemed familiar?

Chapter 393 Mu Fusheng is Very Hurt

The gate on the third floor is different from the previous two floors.

The gate here is full of magic!

It is still made of black black iron, but this gate looks like Mount Tai!

Twenty feet high and wide, it seems to reach the sky!

And above this gate, there is a large hall engraved.

The whole hall is black.

During the two weeks in the main hall, there are two sculptures.

The sculptures are two magic dragons.

Like life.

seems to be guarding the hall.

A series of coercion emerged from the sculptures of these two dragons.

Let the people present be breathless.

Even the leader of the golden armor, the half-step powerhouse, was looking at the two dragon sculptures.

I also felt an extremely powerful suppressing force!

Let his body have to bow down!

seems to mean.

In the face of these two dragons.

Or in other words, when facing this hall.

When standing in front of this hall.

You must bow down!

In this way, show respect!

The golden armor commander was shocked.

He is a strong man with half-steps!

If you want to suppress him, you must be a strong person in the Dao realm to be able to do this.

But, what's in front of you.

is not a living thing, nor is it a super strong person.

It's just two sculptures!

And it's a mural carved on the gate!

can achieve this effect.

How about facing these two sculptures?

The golden armor leader dare not think about it.

It's just that he now realizes how rich and powerful the outside world is.

As for his own strength, he thinks that he can be regarded as alone, surpassing him who is many ascetics.

Now, facing this mural.

When facing these two dragon sculptures.

But not worth mentioning!

Frog in a well!

The golden armor commander clearly recognized this.

His face was solemn, and his haughty heart had been suppressed now.

Xiao Hei stared at the hall closely.

The line of sight is far away, as if passing through space.

This hall is too familiar!

Whether it is the shape and details of the hall, or the two dragon sculptures in front of the hall!

All of these things seemed to be imprinted deep in his soul.

Where did you read it?

Think deep.

But it seems to have hit an indestructible invisible barrier.

If you can't pass through this barrier, you can't know the truth.

Suddenly, Xiao Hei frowned and hugged his head!

It's extremely painful!

Seeing this, Ye Qiubai hurried forward and said, "Did you think of something?"

Even when tempering the body.

The extreme pain rarely made Xiao Hei show this expression.

Can make Xiao Hei show this expression.

One can imagine how painful it was.

"Don't think about it if you can't think of it, maybe it's not the time yet."

Hearing this, Xiao Hei nodded, took a deep breath, and interrupted his thoughts.

Set his sights on the gate again.

At this time.

Magic sneaked out from between the cracks in the door.

KaKaKa...

With the flow of magic, the door began to tremble!

Two doors open towards both sides.

As the door opened, the magic began to roar out!

The magic this time is bigger than the previous two times!

Everyone looked solemnly at the slowly opening door!

This time, what monster is it?

On the first floor, there is a huge monster with black fangs.

The second floor is a strange beast with a tiger body and a wolf head.

These two kinds of monsters are not recorded in the ancient books of the borderless domain.

It seems to appear out of thin air.

So this time, what kind of monster will it be?

The answer will be revealed soon.

In that gate.

There was a figure walking out slowly!

The figure is just like a normal human race.

Has all the characteristics of human beings.

The man's black hair was scattered behind his back, covering his back.

The upper body is bare.

The pupils are dark, but there is a black light flickering.

Though, seems to be a human being.

However, everyone's expressions were extremely serious!

This human-like man walked out of the gate slowly.

the sense of danger it brings them.

It is completely different from the monsters on the first two floors!

If.

The monsters on the first two floors still have the power to resist.

However, in the face of this man.

Even the commander in golden armor has a sense of powerlessness!

It seems that I can only stand here obediently and wait to die!

What kind of strength does this man have?

In contrast, the black-haired man.

Looking around, there seems to be a kind of confusion in the eyes.

I just heard him say: "Huh? Why am I here?"

Everyone was taken aback when they heard the words.

You ask us?

Who do we ask?

The black-haired man continued to look around, and murmured in a voice that only he could hear:
"Aren't I the gatekeeper of the lower third floor?"

Immediately, when the black-haired man turned his eyes to Xiao Hei.

Pupils shrank suddenly!

Immediately, a sudden look appeared in his eyes.

"No wonder..."

Immediately, the black-haired man stepped forward.

Under the eyes of everyone, he walked up to Xiao Hei.

Ye Qiubai took out Qingyun Sword with vigilant eyes.

The black-haired man looked at Qing Yunjian with surprise on his face.

"This sword? Young man, where did you get it?"

Ye Qiubai said: "Master gave it."

The black-haired man nodded and said: "Although I don't know the origin of this sword, it is a top-grade holy weapon. Even among my demon clan, there is only one thing that can match it. contend."

Need holy soldier?

Ye Qiubai was slightly taken aback.

Although I don't know the level of the best holy soldier, it sounds awesome.

"Young man, don't worry, I'm not going to steal things from juniors."

The black-haired man seemed to have seen through Ye Qiubai's thoughts, and said with a sassy smile, "If I can entrust you with a holy soldier of this level, I can't afford to offend the person behind you."

"Why do you want to kill yourself?"

Immediately.

The black-haired man looked at Shi Sheng again.

"This breath, the power of the stars?"

"Chaos Star Record, it seems that you are the heir of that lord."

Heard the black-haired man say the name of his practice.

Shi Sheng was also a little surprised.

At this time, Mu Fusheng leaned forward and said with a smile: "Senior, look at me, look at me!"

Several of my senior brothers were praised by this unfathomable black-haired man.

Both are disciples of thatched cottage.

Both are Lu Changsheng's apprentices.

Mu Fusheng thinks that he also has some advantages.

The black-haired man looked at Mu Fusheng and said, "You? What are you looking at?"

Mu Fusheng: "..."

This is too partial!

Doesn't this look represent his talent, there is nothing to praise?

Mu Fusheng expressed that he was very hurt...

The black-haired man withdrew his gaze.

Turned his eyes to Xiao Hei again, and muttered: "It seems that the memory has been sealed..."

"However, etiquette cannot be broken."

Finished speaking.

Under the shocked eyes of everyone.

This unfathomable man, who brought them a sense of life and death crisis, actually knelt on one knee in front of Xiao Hei!

Chapter 394 Demon Lord!

"Subordinates see the devil!"

I saw the black-haired man kneeling on one knee in front of Xiao Hei.

Heard the black-haired man address Xiao Hei.

Everyone was taken aback.

Demon Lord?

Mu Qingqing also shrank her pupils.

Is it the devil?

In other words, Xiao Hei's level is higher than all of them?

Including this desperately strong black-haired man.

So.

What happened on the first two floors also makes sense.

Mu Cisheng and Jiji also looked horrified.

Although they don't know who the devil is.

Which realm are the demons from?

However, the black-haired man's realm is so strong, but he still wants to bow his head to Xiao Hei.

This surprised them already.

Said bluntly.

Even if it is Jian Wufeng, the patriarch of the Xingyun Sword Sect, or the Patriarch of the Mu family, he will face this black-haired man.

Jie Ji and Mu Cisheng felt that there was probably no chance of winning.

Mu Fusheng whispered at the side: "Senior brother's identity seems to be awesome!"

Ye Qiubai and Shi Sheng seemed to have an expression they already knew.

No surprises.

Xiao Hei said subconsciously: "Get up."

The black-haired man stood up.

Immediately, with a wave of his hand, everything around him was blocked with a black barrier!

No creature or sound can enter or leave this black barrier!

Unless someone with a higher realm than the black-haired man forcibly blasts through.

Do it all.

The black-haired man said: "Devil Lord, since you have come here, you should know that your memory has been sealed, right?"

Xiao Hei nodded, and quickly asked: "Do you know who I am? Why is the memory sealed?"

"Who did it?"

these questions.

Xiao Hei has been perplexed.

He also desperately wanted to know who the woman who was imprisoned in that dark room in his memory was.

So, he asked the black-haired man, wanting him to help himself!

However, the black-haired man did not reassure Xiao Hei.

Instead, he shook his head and said, "Dear Lord, I can't tell you this. With your current strength, it's better not to know the contents of your memory in advance."

"Why?"

The black-haired man explained: "With the current strength of the devil, it is not enough to get in touch with those sealed memories."

"It's not good for you to know in advance. Moreover, once you touch the seal, those rebels will definitely know. At that time, with your current strength, you won't be able to withstand all of this."

"Once it develops to that point, what the lady did will lose its meaning."

Miss?

Is it the woman in memory who was imprisoned in a dark room?

Every time I think of this scene.

Xiao Hei felt angina in his heart.

He could feel that the imprisoned woman was extremely important to him!

The black-haired man continued: "Now, what you have to do, Demon Master, is to improve your strength as soon as possible and return to the peak, or even surpass the strength at the peak."

"In this way, it is possible to restore everything and regain the Demon Realm."

"As long as you increase your strength, you will naturally learn all this slowly."

Hearing this, Xiao Hei nodded.

Didn't shout angrily.

Because, even in the face of this black-haired man, he felt that he had no room to fight back!

And with such strength, how do you know all this?

Don't look at Xiao Heimu.

However, in reality, Xiao Hei is very good at thinking.

Seeing the demon lord nodding, the black-haired man also heaved a sigh of relief.

If he must know.

A black-haired man is irresistible.

This is blood, and class suppression!

The class division of the demons is extremely strict!

Blood class suppression is absolute!

"Under the Devil's Abyss, there are things you need."

The black-haired man said: "And these still need some tests. Of course, these tests can still be passed with your strength, the devil."

"These tests are said to be tests, but they are actually just to activate some of your strengths."

Xiao Hei nodded and said, "Okay, then let us go."

"Let them go?"

The black-haired man shook his head and said, "No, this is why the subordinates were transferred from the lower three floors to the upper three floors."

"The lower three floors and the middle three floors, under the suppression of your blood, have no thoughts of their own at all."

"If you just let the demon lord and your people go there smoothly, then the demon abyss will lose its meaning."

"Besides, these are good experiences, aren't they?"

Xiao Hei didn't force it, but said: "However, people from other forces have come here, and we must stop it."

Hear here.

The black-haired man let out a disdainful laugh.

"You mean those ants with a trace of ghost blood?"

"Don't worry, they won't get what they want."

"With their strength, they are still out of reach."

Obviously.

The black-haired man is aware of the evil races outside the territory, and he still doesn't like these evil races.

The black-haired man continued: "Devil Lord, next, please go alone and pass the test."

"And these...friends of yours?"

In the cognition of the black-haired man.

No one can be the devil's friend!

Because no one deserves it.

This is not ego.

Rather, the demons have this kind of strength.

You must know that the Demon Race is also a race at the top of the food chain in the high-latitude realm!

And as the king of the demon clan.

It is normal for a black-haired man to think so.

That's why there is some hesitation.

Xiao Hei shook his head and said, "Only Senior Brother and Junior Brother are my relatives, the others are just familiar faces."

Brother? ?

The black-haired man was a little surprised.

"Who is worthy of your master, the devil?"

Immediately, he thought of the young man standing next to Xiao Hei and drawing his sword.

"You mean, the junior who took out the best holy weapon just now is your senior brother?"

Xiao Hei nodded.

Hearing this, the black-haired man stopped talking.

A person who can give a top-grade holy weapon to his disciple at will.

The strength must be extremely powerful.

You know, there is only one top-grade holy weapon, even in the demon clan.

Moreover, it exists as the treasure of the town, and it will never be taken out until the critical moment of life and death.

Then, it is not unacceptable for the devil to worship such a person as his teacher.

"Okay, Demon Lord, this subordinate will send you to the test level. Next, it's up to you. As for your senior brother, I will also arrange it."

Heard the words.

Xiao Hei hesitated for a moment, but still nodded.

The black-haired man beckoned, and a black vortex appeared in the opened door.

Xiao Hei stepped into it and teleported away.

Seeing this, he untied the barrier.

Ye Qiubai saw that Xiao Hei disappeared, and asked, "Where are the others?"

The black-haired man replied: "The devil is going to the test point, just take care of yourselves."

"Next, I will personally assess, which one of you will come first?"

Chapter 395 The test begins!

Hear the words of the black-haired man.

Ye Qiubai and the others felt relieved.

After all, judging from the attitude of the black-haired man towards Xiao Hei before.

He will not do anything that is unfavorable to Xiao Hei.

Mu Fusheng didn't think so.

He thought so.

Even if what happens to Xiao Hei by this black-haired man, what can they do with their strength?

Unless someone who can suppress the black-haired man appears.

So, Mu Fusheng immediately notified Lu Changsheng with a jade pendant.

The content of the notification is as follows.

Dear Master.

Long time no see, I miss you very much, although I really want to communicate with you.

But now, there is a very urgent matter that requires Master to come forward.

The fourth senior brother is now taken away by a mysterious person, a very powerful person, someone we can't beat, even my father can't beat him.

Although this mysterious person calls the fourth senior brother the devil, the disciple is still worried. If there is a fraud in it, if it is to deliberately lure the fourth senior brother to do something, the consequences may be unimaginable.

To be on the safe side, please ask Master to take a look.

Of course, I am not revealing my thoughts to the other party now. Master can come here quietly, and if there is nothing wrong, you can leave quietly.

Disciple Mu Fusheng respectfully.

Pretty polite?

After Lu Changsheng, who was far away in the barren realm, received this message, he couldn't laugh or cry.

but.

I have to say that Mu Fusheng did a pretty good job.

At least know not to expose yourself.

On this point alone, it is already much better than Ye Qiubai's group of dogs!

Damn it, when I think of these unsatisfactory things, I want to knock their heads off...

Immediately, he gritted his teeth and dropped the shovel in his hand.

Frightened, Liu Ziru dared not drink tea.

What?

What happened here?

Liu Ziru's face was full of question marks.

As for going or not?

Lu Changsheng directly tore open the space and went to the borderless domain.

No matter how troublesome it is, it is related to the safety of my disciples.

Although unlikely.

But it is still as stated in Mu Fusheng's message.

It is better to be safe.

...

the other side.

Ye Qiubai came to the black-haired man first.

The black-haired man said: "I don't know how to use the realm, so you can just shoot at me at will. No matter what method you use, as long as you can get my approval, you can enter the third floor."

Ye Qiubai nodded.

Put away the Qingyun sword, but took out the wooden sword.

The black-haired man raised his eyebrows slightly, then nodded secretly.

Knowing the huge gap in realm, no matter what you use, you can't make up for it.

So I simply relied on my kendo realm and my understanding of swords to fight against him.

The brother of the demon master still understands a little bit.

The crowd behind him didn't understand Ye Qiubai's actions.

"To treat this kind of person, you are still so conceited, using an ordinary wooden sword to fight?"

"Could it be that he thinks he can pass the test with a wooden sword?"

"This won't provoke the opponent, and then kill him in anger, right?"

However, no matter it was Judgment, Mu Cisheng, or Mu Qingqing, they all remained silent, apparently understanding Ye Qiubai's intentions.

At this time.

Ye Qiubai shot at the nod of the black-haired man.

A series of sword intents soared into the sky!

Jian Yusheng!

The sword intent converged, turning into a vast ocean, sweeping towards the black-haired man with monstrous waves!

Feel this sword intent.

The black-haired man commented: "Jugmaster? Yes, at this age, this realm can reach the level of a Juggernaut. Even among high-latitude sword cultivators, he can rank in the upper middle."

"However, with such a solid foundation, it is enough to rank high."

Ye Qiubai smiled and said: "Senior, you are absurd."

The voice just fell.

In the monstrous ocean, there are actually four different moods!

Four Absolute Sword Formation!

Fits in perfectly!

The power of the sword intent has once again increased!

At the same time, when the Sword Sutra of Absolute Beginning was displayed, the meaning of endless life converged on Ye Qiubai's wooden sword!

Four Ultimate Absolute Sword Intent!

Xingyun Sword Art, cast out at the same time!

All kinds of swordsmanship look complicated.

But the degree of integration is extremely perfect!

There is nothing obscure about it!

Moreover, its power has been raised by more than one level!

Everyone felt this power, and their faces were dignified.

This sword intent, the fusion of various forces, is too perfect!

Critical, Zhang Yunzong and other sword cultivators also nodded.

In terms of swordsmanship, Ye Qiubai is an absolute genius.

Xinxing is also perfect.

It can be said that Ye Qiubai was born for the sword!

For the first time, surprise appeared in the eyes of the black-haired man.

In this realm.

Be able to integrate so many high-level sword skills and sword arrays together.

And can achieve such a perfect level.

This is not something ordinary people can do!

Of course, this is also due to Ye Qiubai's strangely stable foundation.

After seeing these things.

Ye Qiubai's evaluation rose again in the heart of the black-haired man.

When Ye Qiubai's sword cut down.

The black-haired man held out a finger.

Then resisted the power of the kendo that merged one after another!

There is no tremor at the fingertips.

Easier than ever!

However, the black-haired man nodded and said, "Yes, you passed, let's go."

Hearing this, Ye Qiubai smiled, put away the wooden sword, and bowed slightly to the black-haired man.

"Senior, I'll wait for the younger brother first."

The black-haired man shook his head and said: "There is no need for this. After entering the third floor, everyone will be teleported to a different place."

Heard the words.

Ye Qiubai nodded, and stepped into the gate first.

disappeared.

This passed?

It seems to be quite simple.

Someone looked happy, and immediately walked towards the black-haired man.

Immediately, make a move.

One second later.

flew upside down!

The black-haired man withdrew his finger and said with a blank expression: "The level is too low, go back."

Afterwards, several people did not believe in evil and went to try it.

This is still the case.

Here.

Only then did everyone understand.

The test is still difficult.

Not the kind of real Tianjiao level character, it is impossible to pass!

Among them, even the Golden Armor Commander barely passed.

In other words, this test is not about realm.

Look at talent!

Immediately.

Xiao Hei, Shi Sheng, Mu Fusheng, Mu Cisheng and others shot one after another.

are all passed.

When everyone has tried.

Most of the people have been wiped out!

Those who failed to pass, they left Moyuan reluctantly and waited outside Moyuan.

By the way, observe the traces of the evil race outside the territory.

When everyone leaves this place.

The black-haired man looked towards the sky.

Eyes seem to pass through latitude!

"The devil is finally back, and now it's only a matter of time..."

"When the strength of the demon lord recovers, it will be the time of your death!"

...

At the moment.

Xiao Hei has entered a pitch-black hall full of magic energy!

Chapter 396 Bone refining, world destroying magic thunder!

In the main hall.

There is endless black magic energy floating.

Among them, there is no aura!

It can be said that ascetics who rely on spiritual energy come here, as long as they encounter a battle.

Almost all roads lead to a dead end!

No Reiki supplement.

The surroundings are filled with magic energy, which will suppress the flow of spiritual energy in the body!

Under the influence of these two fatal environments, no ascetic who relies on aura can survive here!

However, Xiao Hei is different.

Feel the monstrous demonic energy around him.

Xiao Hei couldn't help closing his eyes, and raised his head slightly.

Spread out your hands.

It seems to be greedily absorbing the breath of the same origin as him around here!

However, before Xiao Hei can enjoy this moment of tranquility.

In the magic energy.

An illusory figure appeared in front of Xiao Hei.

Perceived movement.

Xiao Hei opened his eyes and looked forward.

I saw this illusory figure.

Whether it's body shape, breath, or appearance, they are all exactly the same as Xiao Hei!

The difference is just temperament!

Opposite him, this illusory figure who was exactly like him had lukewarm eyes.

However, it is like an abyss!

In the depths of the pupils, there seemed to be a monstrous demon surging, which made people have to bow their heads in admiration.

There is no breath around the body.

But deeply hidden under the skin.

Xiao Hei could feel that, among the people he knew, only Shizun could stop this punch.

Xiao Hei frowned and asked, "Who are you?"

This phantom figure, who was exactly the same as Xiao Hei, didn't answer.

Instead, point out.

In front of him, a pool appeared out of thin air.

There is no liquid in the pool.

Yes, just the black magic!

Xiao Hei frowned, he knew that the figure in front of him meant to let him step into it.

That is to say, from now on, the test has already begun.

thought of this.

Xiao Hei didn't hesitate.

Raise your legs and step forward.

stepped into the magic pool.

The moment Xiao Hei stepped into it.

You can feel that the black magic in the pool is crazily surrounding it!

Like a spider catching its prey, it spits out spider silk, layer upon layer, completely enveloping it!

Xiao Hei did not resist.

Let this black magic penetrate into his body.

And this moment.

The magic actually penetrated the skin, penetrated the flesh and blood, and drilled into the bone marrow like a gangrene attached to the bone!

At this moment, severe pain is coming!

Xiao Hei's complexion suddenly changed!

This kind of pain is actually much greater than the pain when cultivating the first two layers of the Eternal Demon Physique!

Bone marrow is burned by layers of magic!

But.

Rao is so.

Xiao Hei still didn't yell out.

He gritted his teeth tightly.

Enduring the pain of tempering bone marrow by magic!

The first test.

Here it goes!

...

On the other side, Mu Fusheng was teleported to a cliff!

Just take one more step forward.

is the abyss!

Bottomless.

What's even more uncomfortable is that floating in the air is actually prohibited here!

That is to say, as long as Mu Fusheng accidentally falls off the cliff.

Then, it will be smashed to pieces!

Mu Fusheng rolled his throat.

He suddenly regretted coming here.

At that time, I should have deliberately shown weakness and deliberately lost the test...

At this time, a voice appeared in the sky.

"If you cross the cliff, you will pass the level and you can enter the next three floors."

Hear the voice.

Mu Fusheng's face darkened.

Looking at the sight in front of me...

The sky above the cliff.

Thunder and lightning!

A streak of black lightning strikes down!

Fall into the abyss!

Thunderbolt!

Moreover, it is still forbidden to empty!

How does this get him through?

Is it possible to jump over?

What the hell, on the other side of the cliff, you can't even see the shadow of the landing place!

How can this be crossed!

but...

Mu Fusheng looked at the black thunders, and couldn't help but have a flash of inspiration.

Don't you just want to collect extremely high-quality thunderbolts?

Isn't the black thunder here high-level?

This kind of power.

It's like destroying the world.

Compared to those ordinary Thunderbolts, I don't know how much stronger they are!

If you collect these thunders, you will fail.

Using this magic thunder as the first thunder shield of the nine-layer thunder shield, it is also a worthwhile trip!

So.

Mu Fusheng no longer thinks about how to cross the cliff and the thunder pool ahead!

Instead, he was thinking about how to collect this magic thunder.

What kind of methods are generally used for thunder collection?

The most common thing is to use a special container to collect the power of thunder.

However, that method is obviously only suitable for Thunderclap whose level is not very high.

Like the magic thunder in front of you.

Use a container to collect.

I'm afraid it will directly destroy the container!

It will even affect itself.

The second method.

is a cultivator who cultivates the power of thunder, and directly receives the power of thunder with his body!

but.

This approach is too risky.

Naturally, it is not within the scope of Mu Fusheng's consideration.

This is a self-defeating approach.

Said to be reborn from the ashes.

Phoenix Nirvana.

Absorbed, that is, the strength is greatly improved.

However, once it fails, it will be smashed into dust by Thunder!

so.

Such a dangerous thing.

Do you think Mu Fusheng would do it?

Are you kidding me...

but.

What Mu Fusheng himself didn't know.

Now he has the Heavenly Thunder Dao Drive.

It can be said that he can control all the power of thunder in this world!

All Thunder, no matter how strong.

can perfectly integrate with Mu Fusheng.

So, there is no need to worry about not being able to absorb the power of thunder from the magic thunder!

It's just... the process can be a bit painful.

So, what if you use the power of the seal?

Mu Fusheng's eyes suddenly lit up!

whim!

Seal carving of the Nine Layers Thunder Shield on the spot.

Then, the local materials were directly obtained, and the power of the magic thunder was collected into the nine-layer thunder shield symbol, and turned into the first thunder shield!

Wouldn't it be wonderful?

Moreover, this method, now it seems, is the method with the lowest risk!

Think here.

Mu Fusheng immediately took out the talisman pen.

This talisman pen was also taken from the treasure house of the Boundless Dynasty.

It is the highest-order talisman in the borderless domain, even in the low-latitude domain.

Then, he took out the talisman paper again.

In my mind, I kept thinking about the seal cutting method of the Nine Layers Thunder Shield in the Book of Seals.

I recalled it nine times.

After making sure everything is safe, seal cutting begins!

Mu Fusheng has practiced the basic seal cutting method of the Nine Layer Thunder Shield hundreds of times in advance!

Now, in retrospect.

is extremely proficient at starting seal carving!

It only took two hours to carve the basic seal!

Now, only the magic thunder needs to be introduced as the first thunder shield.

Then, the Nine Layers Thunder Shield Seal can be initially completed!

Immediately.

Mu Fusheng threw the nine-fold thunder shield symbol towards the cliff!

One time.

Nine layers of thunder shield, bursting out with the light of streaks of sigils!

The monstrous magical thunder that destroyed the sky and the earth swept towards the nine-fold thunder shield symbol!

Success or failure, in one fell swoop!

Chapter 397 Heavenly Thunder Drive!

at this time.

The magic thunder surged among the clouds.

Thunderbolt, destroying heaven and earth!

Crazy chopping down.

Beyond the cliff, it seems like the end is coming.

And the Nine Thunder Shield Runes.

is a relatively high-ranking defensive sigil among the basic sigils in the book of sigils.

However, the synthesis conditions are extremely high.

Nine different types of thunder are needed to build a nine-fold thunder shield.

Use this to achieve the defensive effect!

However, the effect is absolutely stunning.

Because, the defense ability of the Nine Layer Thunder Shield can be improved according to the level of the thunder.

So, the Nine Layers Thunder Shield Seal is more like a growth seal.

It has the same effect as growth weapons!

And now.

The basic seal of the Nine Layers Thunder Shield has been carved.

Mu Fusheng threw it out, and it fell beyond the cliff.

Countless magic thunders fell down!

At this moment, the nine-fold lightning shield symbol is like a lightning rod (don't worry, the lightning rod is also called the lightning rod).

Attracted countless magic thunders, rushing towards the nine-fold thunder shield symbol!

Mu Fusheng stared at this scene closely.

Nine layers of Thunder Shield, whether it is possible to complete the first layer.

It depends on whether this move can be successful.

Boom!

Thunder and lightning!

The roar of the magic thunder is more dull than that of ordinary thunder.

It's like blooming in the abyss.

The echoes continued.

When countless magic thunders continuously hit the nine-fold thunder shield symbol.

The seal was not destroyed by the magic thunder!

Seeing this scene, Mu Fusheng was temporarily relieved.

Since the seal will not be destroyed.

Then, the first step is completed.

Next.

It depends on whether the nine-fold thunder shield symbol can absorb the power of thunder in the magic thunder.

Or in other words.

After absorbing the power of thunder, can it withstand the huge power of thunder that destroys the world...

The time for a stick of incense.

Passed by in a flash.

To Mu Fusheng's surprise.

The nine-fold thunder shield symbol is still not destroyed!

At the same time, in the seal, there is already the power of magic thunder surging!

That is to say, this method is feasible!

Time passes by every minute and every second...

The power of magic thunder in the nine-fold thunder shield symbol is getting stronger and stronger.

The first Thunder Shield seems to be taking shape!

Mu Fusheng laughed.

With this nine-fold Thunder Shield.

Although it is only an unfinished version, this first Thunder Shield alone is a level stronger than those defensive symbols he carved before!

In this way, Mu Fusheng is already very satisfied.

After all, there is no danger, wouldn't it be nice to get a thunderbolt for nothing?

At that time, the nine-fold thunder shield symbol will not be used for now.

Using the power of magic thunder in it to engrave it into other symbols, wouldn't it be a pleasure?

Immediately.

Mu Fusheng hurriedly carved a dozen or so nine-fold Thunder Shield symbols again, and threw them out.

Take advantage of the present, save as much as you can!

However, according to this situation.

The first Nine-Level Thunder Shield Seal, in the past few days when Mu Fusheng carved the Nine-Layer Thunder Shield Rune, is still absorbing the power of magic thunder!

It seems that there is no upper limit!

The power of the magic thunder in it is probably enough for Mu Fusheng to carve hundreds of nine-fold thunder shield seals!

but...

The next moment, it seemed that the monitors who were tested here couldn't stand it any longer.

The World Exterminating Demon Thunder that originally fell from outside the cliff.

at this moment.

It turned around suddenly.

Gathered into a world-destroying thunder dragon, it slammed towards Mu Fusheng's direction!

Mu Fusheng was taken aback.

Immediately pinched out a thunder escape talisman.

Want to escape.

However, in this forbidden place.

The Sky Thunder Escape Talisman cannot be used!

Here, it seems that the use of escape symbols is forbidden!

This also surprised Mu Fusheng.

After all, the Heavenly Thunder Escape Talisman is not an Escape Talisman in the usual sense.

Ordinary talismans borrow the power of space.

As for the Sky Thunder Escape Talisman, it didn't borrow the power of space at all.

Instead, he turned into a thunderbolt and escaped!

This time, it didn't work.

Mu Fusheng immediately used the second plan.

Around his body, the light of countless sigils began to shine!

The seven or eight meter thick defensive barrier once again surrounded Mu Fusheng to death.

After fighting the evil general.

Mu Fusheng had already updated a wave of sigils.

The purpose is to prevent accidents from happening!

Away from home.

There are many bad guys.

More crises!

So, be sure to protect yourself at all times!

Mu Fusheng has always adhered to this principle...

But.

These world-destroying magic thunders directly shattered Mu Fusheng's defensive barrier!

Directly charged towards Mu Fusheng's body!

Mu Fusheng gritted his teeth slightly.

The realm exploded!

at this moment.

Mu Fusheng's state has reached the middle stage of distraction state!

This is a little higher than when you are fighting against evil generals!

Such a short time.

And always pay attention to the crisis around.

Whether there is an ambush.

It is impossible to stop and practice.

That is to say.

Mu Fusheng still hides his strength!

Suppressed his realm!

this moment.

The World Extinguishing Demon Thunder has already bombarded Mu Fusheng's body!

And when the magic lightning hit Mu Fusheng.

Mu Fusheng's expression froze.

It's over...

I underestimated the power of the magic thunder...

Boom!

Immediately.

Mu Fusheng's body was filled with thunder!

The magic thunder kept destroying the vitality in Mu Fusheng's body!

Painful!

Mu Fusheng frowned, and couldn't help humming.

And this moment.

It seems that even Mu Fusheng didn't notice it.

Around his body, there seemed to be layers of golden lightning that were swimming.

And these small golden thunder lights are like small loach.

Actually absorbing the power of the World Extinguishing Demon Thunder!

At the same time, it turns into a more pure magic thunder, denying Mu Fusheng!

Tian Lei Dao Drive!

People with this physique.

Has the most perfect affinity with all the powers of thunder in the world.

Can perfectly accept countless kinds of thunder power!

World Exterminating Demon Thunder, naturally included!

It can be said.

The owner of Tianlei Road Drive.

That is, Mu Fusheng.

is the master of the way of thunder!

An hour has passed.

Mu Fusheng still bears the power of the magic thunder.

However, I didn't suffer too much damage, at most it hurt a little...

Look inside yourself.

The interior was not damaged either.

on the contrary.

In the body, bones, blood vessels, or meridians, all have streams of black magic thunder flowing!

This is the power of magic thunder!

Mu Fusheng was dumbfounded.

Absorbed the power of magic thunder?

how did you do that?

Obviously did nothing!

Mu Fusheng didn't know that his physique had been changed.

It is normal to not know the situation.

In case.

After observing for a period of time again.

The body is still intact, and the power of magic thunder in the body is getting stronger!
this moment.

Mu Fusheng was overjoyed.

No longer thinking about it, I began to let go of my own defenses slowly, trying to accept more power of magic thunder!

Five days later...

Mu Fusheng walked out of the magic thunder.

Open your eyes, and in your eyes, black lightning bursts out!

Slapped out with one palm, carrying the power of world-destroying magic thunder!

Today's Mu Fusheng has perfectly integrated the World Extinguishing Demon Thunder in his body!

Chapter 398 Mood constraints

Xiao Hei surrounded by endless black magic energy.

The bone marrow in the body is constantly being eroded by the black magic energy!

There was a clicking sound!

Today.

Nine days have passed.

At the moment of the alternation of day and night.

The black energy surrounding Xiao Hei was finally dispelled!

Xiao Hei's figure reappeared.

this moment.

On the surface of Xiao Hei's body, there are 206 places where black light flickers!

If others see it.

You can understand that these 206 places emitting black light are all where the bones are.

Under the tempering of black magic energy.

Xiao Hei could clearly feel that his bones had been destroyed, tempered, and reorganized!

Physical ability has been improved by more than one level!

If it is said that Xiao Hei at that time, his physical state was only comparable to that of a half-emperor.

So.

After the bones were tempered and reorganized, he was already comparable to the emperor!
certainly.

During these nine days, it was extremely painful.

Bones are shattered.

Then quenching and reorganization.

How many people can bear this kind of bone-deep pain?

No wonder the black-haired man said that.

For Xiao Hei.

It is both a test and an awakening!

Xiao Hei looked forward, and the black figure had disappeared.

At the same time, the door in front of him opened immediately.

Xiao Hei walked into it.

In the next room.

The main tone of black has been replaced.

It was replaced by red.

A wisp of red like blood!

All over the room!

became the main tone of this room.

The first moment Xiao Hei stepped into this room.

You can directly feel a pungent smell of blood, sweeping toward Xiao Hei overwhelmingly!

The blood in the room seemed to be filled with blood!

In front of Xiao Hei.

has a pool.

The pool is filled with extremely viscous blood!

Obviously.

This is the second test.

Also a second chance!

thought of this.

Xiao Hei took a deep breath and stepped into it.

...

Ye Qiubai's testing ground.

is a wild plain.

And in front of Ye Qiubai's eyes.

is a monster of war!

These monsters are at the same level as Ye Qiubai.

But the physical fitness of Warcraft is stronger than that of ordinary humans.

Therefore, the strength of Warcraft will be stronger than that of human ascetics of the same realm.

During these nine days.

Ye Qiubai is holding the wooden sword in his hand, fighting constantly!

He didn't use the Nine-foot Star Meteor Sword, or the Qingyun Sword, or the Dark Demon Sword.

In this case, it is both a test and an experience.

This is to sharpen one's own swordsmanship again and improve one's kendo state.

Similarly, it is also a great opportunity to examine Ye Qiubai's own understanding of kendo.

So, Ye Qiubai did not choose to use a better weapon.

Give up the advantage in weapons.

Take out the wooden sword to kill the overwhelming army of monsters on the plain!

These days go by.

On this wild plain, there are already countless corpses of monsters!

All of them were killed by Ye Qiubai!

but.

Nine days.

Constant killing.

The thinness of the aura.

No reply time.

Already, Ye Qiubai began to feel a little sluggish.

At the beginning.

Be able to kill one or two monsters with one sword and two swords.

Until now.

Under the siege of Warcraft.

Breaking through the siege is a bit difficult!

Sword intent whistling!

However, the sharpness of the sword intent is not as sharp as before!

Ye Qiubai's face showed an abnormal deep red.

The breath kept rising and falling.

The sword in his hand kept slashing, and the speed became slower!

too tired!

Aura cannot be replenished.

Physical strength cannot be relieved!

And these groups of monsters attacked one after another!

It's like killing endlessly!

in this case.

what to do?

Up to two more days.

The aura in Ye Qiubai's body will be exhausted!

At that time.

It will be the food in the mouth of this pile of monsters!

Nutrients!

Ye Qiubai gritted his teeth.

Thinking back to the way of the sword going forward.

And these nine days.

Keep beheading monsters.

Inadequacies in swordsmanship.

Fill the vacancies one by one!

But.

Swordsmanship is swordsmanship after all.

How to check for leaks and fill in vacancies.

are not things that should be done now!

Insufficient aura.

Lack of physical strength.

No matter how much you improve your swordsmanship, it is useless!

Today.

Nature has changed.

What Ye Qiubai has to do is break out of the encirclement of monsters!

At this time.

In Ye Qiubai's mind, a familiar voice emerged!

"Don't worry about the strength of the weapon."

"You don't have to be stupid and use a powerful weapon. You have to use a piece of wood to hone your strength."

"Constantly using today's weapons, getting familiar with them, getting used to them, integrating the sword into yourself, and becoming a part of your body is also a kind of experience!"

"Although sword cultivators shouldn't worry about the quality of the sword, because the realm of swordsmanship is strong, even a wooden sword, or a rusty iron sword, can still exert the effect of a peerless sword."

"However, for you today, the realm of swordsmanship obviously cannot reach this level."

"It is your advantage to want to improve your kendo itself."

"However, you also trapped yourself because of this, which is also your disadvantage."

Master!

Hearing this familiar voice, Ye Qiubai immediately reacted!

Looked around, but found no trace.

However, Master must be in the dark, observing himself!

heard this.

Ye Qiubai also came to his senses like enlightenment!

yes.

Don't limit yourself too much.

A sword is a sword.

It is a mistake to be too entangled in the quality of the sword and to temper the sword itself!

Could it be that using Xingyun sword and Qingyun sword cannot be tempered?

Those are still their own strengths!

not to mention.

Ye Qiubai asked himself.

Have you really mastered the Xingyun Sword?

No!

Because he was too restrained, he wanted to use the wooden sword to achieve the best effect of tempering his kendo realm.

will fall into a misunderstanding!

thought of this.

Ye Qiubai chuckled lightly, and stopped worrying about the quality of the sword.

took out the Xingyun Sword.

This is his own sword.

Naturally, it belongs to his own strength!

Get familiar with the Xingyun Sword and fully master its mysteries.

It also improved the realm of swordsmanship!

Why not?

At the same time, he took out the recovery pill given by Master.

Put it in your mouth.

The aura began to recover instantly!

The Nine-Foot Star Meteor Sword in his hand was wrapped layer by layer by layers of Sword Master Sword Intent returning to sharpness!

Started the charge again.

During this journey, he kept using the Xingyun Sword to kill monsters.

When the aura is gone, I take drugs.

In three days, they broke through the encirclement of monsters and came to the other side!

at the same time.

During this time.

Ye Qiubai's realm has also broken through to the emperor realm!

The constraints in my heart are lifted.

Realm, it will naturally go up.

Chapter 399 Lu Changsheng was discovered?

Time has passed a month.

Ye Qiubai, Shi Sheng, and Mu Fusheng all passed the test.

entered the third floor.

And Xiao Hei.

Has gone through four tests!

And these four tests represent, respectively, bones, flesh and blood, meridians, and skin!

After the four tests are completed.

Xiao Hei's physical body has entered a new level!

nowadays.

I'm afraid it's the middle stage of Emperor Realm, and they can't even catch Xiao Hei's punch!

When Xiao Hei stepped into the last room.

This is the last test!

In the room.

There is only one black figure.

And this figure is the black figure that appeared in the first test!

A figure whose figure is exactly the same as Xiao Hei!

At this time.

The body of this illusory black figure gradually became solid!

Countless black energy gathered together!

turned into bones, meridians, flesh and blood, and skin!

Just a few breaths of time.

Then it turned into a flesh and blood man who was exactly the same as Xiao Hei!

Without waiting for Xiao Hei to speak.

The man who was exactly like Xiao Hei, like a clone, rushed towards Xiao Hei!

Raise your fist, and punch it out!

In the fist, the magic is overwhelming!

The release of magic, if there are other people here, they have to surrender to it!

Xiao Hei can feel the physical state of this clone.

It is exactly the same as his current state.

No ups and downs at all!

However, the magic in it is much higher than that of Xiao Hei!

At the same time, the punching path when punching.

The control of magic.

All above Xiao Hei!

but.

This didn't make Xiao Hei flinch.

Grinning, there is magic and fighting spirit rising in his eyes at the same time!

With a low growl, he raised his fist and rushed towards the man in front of him who was exactly like him!

Three lines appeared on Xiao Hei's body at the same time!

Eternal magic body fully opened!

At the same time, black magic gathered behind Xiao Hei.

A monstrous shadow descended into the world.

The Demon God is coming!

Passed four tests.

Today's Xiao Hei has achieved a big leap in physical strength.

Now punch out.

Space will tremble for it!

To know.

The space in the Demon Abyss is stronger than the outside world!

Boom!

The fists of the two collided together!

But.

is a moment.

Xiao Hei's complexion changed slightly.

He could feel it.

The opponent's magic is too aggressive!

From the opponent's fist, it is continuously transmitted into your own body!

Erosion.

destroy!

Want to make Xiao Hei surrender!

Xiao Hei flew out backwards.

Blood dripped from the corner of his mouth.

With a low roar, he forcibly suppressed the raging magic in his body!

This feeling.

To be honest, it was the first time for Xiao Hei.

In terms of magic, he was completely crushed!

but.

Because of this, the fighting spirit in Xiao Hei's eyes became stronger.

There was a smile on the corner of his mouth, and his face was excited.

One foot stepped on the ground, and with the help of recoil, he charged towards the man again!

Boom! boom! boom!

The sound of fists clashing kept ringing in the hall!

Can't stop listening!

Xiao Hei was knocked out again and again.

Charged towards the man again and again!

Physical bodies collide constantly!

The fists are constantly bombarding together!

But.

If anyone sees this.

can be surprised to find.

The magic power swirling around Xiao Hei is slowly changing!

Or in other words, being assimilated by the man in front of me!

The magic is getting stronger and stronger, and the overbearing meaning and destructiveness in it are constantly rising!

at the same time.

The way of punching is also moving in the direction of the man.

The former Xiao Hei.

No matter who the opponent is, it's a punch!

Never dealt with boxing.

Didn't take skill into account either!

No matter how ingenious the opponent's Taoism is, I will break it with my own strength!

However, it is different now.

Xiao Hei's boxing skills are becoming more domineering, destructive and aggressive!

gradually.

The number of times Xiao Hei flew upside down became less and less.

It's been a day.

Xiao Hei has been able to stick together with the man!

Although it is still at a disadvantage.

However, the progress is extremely great!

At the same time, Xiao Hei also understood.

This time the test.

is aimed at his magic, and boxing!

This rising magic.

Make him feel more and more familiar.

It seems that the magic power released by the man in front of him should be the magic power he wants to control.

It seems to be of the same origin!

this moment.

Xiao Hei roared, raised his fist, and the three lines flickered at the same time!

The monstrous magic gathers on the fist!

Immediately, a punch blasted out!

The man also raised his fist, exactly the same timing as Xiao Hei!

Breath also makes no difference!

But, at this very moment.

At the moment when the two fists collided.

The bodies of the two men retreated backward at the same time!

Xiao Hei took eight steps back.

That man also took eight steps back!

At this time.

The man lowered his fist and looked at Xiao Hei quietly.

said for the first time: "Passed."

Xiao Hei was slightly taken aback.

Even the voice is exactly the same?

It's just that the tone is slightly different from Xiao Hei's.

"Go to the deepest part of the Demon Abyss as soon as possible. After you get the item, someone in the Demon Realm will notice your existence."

"So, the road ahead will become more and more dangerous. You need to improve your strength as soon as possible to protect yourself and save her."

she?

Xiao Hei had a faint feeling that the woman the man mentioned was the woman in his memory.

"you know..."

Xiao Hei hurriedly asked!

However, before he finished speaking, the man in front of him, who was exactly like him, had disappeared in place.

Missing...

Seeing this, Xiao Hei could only take back what he wanted to ask.

It seems that all of this can only be known after his own strength has improved.

I need to improve my strength quickly...

Xiao Hei thought so in his heart.

Immediately, he stepped into the opened door ahead.

Entered the middle three floors...

At this time.

In the dark.

A man in a white robe watched this scene.

touched his chin, said: "It seems that everything here is related to the identity of this boy Xiao Hei!"

"Then it seems that there is no need to be here anymore. In terms of safety, there should be no problem."

After speaking, the man in white robe wanted to leave.

However, when he turned around.

In front of him, wisps of black air swept across!

Immediately, they gathered together and turned into a black-haired man!

The man looked at the man in white robe vigilantly and asked, "Who are you?"

"Are you able to enter the Demon Abyss silently, and even escaped that person's detection?"

If Lu Changsheng hadn't just spoken.

Let this magic abyss capture the subtle changes in the air flow when Lu Changsheng spoke.

I'm afraid, until now, I can't find his existence!

"What is your purpose? Why do you want to monitor the devil?"

Chapter 400 Sealed Space

Long before Xiao Hei entered the hall, Lu Changsheng had already come here through breath perception.

nature.

It was also Lu Changsheng who woke up Ye Qiubai at the moment of attention.

The black-haired man came in front of Lu Changsheng with an extremely solemn expression.

Limbs and physical strength have been fully stored, as long as there is any situation, the black-haired man will take action immediately!

Or distance yourself!

after all.

The mysterious white-robed man in front of him was able to escape Moyuan's perception!

If it wasn't for the man talking in Moyuan, causing the subtle fluctuations in the air, Moyuan might not be able to detect the existence of Lu Changsheng!

It can avoid the perception of Mo Yuan.

The strength of the white-robed man in front of him is unknown.

However, what is certain is that he must be stronger than him!

After all, even a black-haired man, who thinks he is not weak, still cannot perfectly avoid the perception of Mo Yuan!

"Who are you? And why are you here!"

Lu Changsheng scratched his head with a headache.

Did you get caught because of talking?

We must get rid of this bad habit in the future.

So, Lu Changsheng took out a booklet.

It was seriously recorded on it.

A good memory is not as good as a bad pen!

This good habit has been forced to develop since elementary school in the previous life.

The black-haired man looked at Lu Changsheng's movements, and couldn't help being taken aback.

What is this doing?

Could it be that they are recording information?

As a result, the black-haired man became more nervous, and became more hostile towards Lu Changsheng.

after all.

The identity of the devil has not been revealed yet!

Once exposed.

Let those rebels know, the consequences will be disastrous!

The current Demon Lord is still too weak!

It seemed that he had sensed that the black-haired man was about to make a move.

Lu Changsheng stopped the pen in his hand, put away the notebook, waved his hand and said, "Don't be nervous, don't be nervous, I'm not here to find fault."

The black-haired man was taken aback for a moment, and then said, "Then why did you hide your aura and come here?"

Lu Changsheng thought for a while and said, "Of course it is to reduce unnecessary trouble."

"And the devil you're talking about is Xiao Hei, right?"

The black-haired man nodded.

Lu Changsheng said: "Then don't be nervous, I won't hurt him."

Heard the words.

The black-haired man frowned and said, "Who are you?"

"I am his master."

Lu Changsheng did not hide anything.

If he had concealed it, the black-haired man would immediately attack him as an enemy.

Let's not talk about whether you can beat or not.

At that time, there will definitely be something involved with him.

As for killing it, there would be no involvement, Lu Changsheng didn't think it was necessary.

After all, look so far.

This black-haired man is on Xiao Hei's side.

Lu Changsheng said: "I just came to see the safety of my disciples."

Hearing this, the black-haired man relaxed his vigilance.

If this is the case, then everything makes sense.

I heard before that the Demon Lord has apprenticeship.

Moreover, his master is a tyrannical existence who can give his disciples a top-grade holy weapon at will.

It can be said that it is normal for such a person to be able to escape the perception of Moyuan.

The black-haired man said: "In that case, I'm taking the liberty. I don't know where the senior is from?"

Can have such a strong strength.

The black-haired man naturally thought that Lu Changsheng also came from a high-latitude realm.

At the same time, it is those people who are at the top of the high-latitude boundary.

In the high-latitude boundary, the strength is at the top.

With Moyu's information network, it is naturally impossible not to know!

However, the black-haired man couldn't recognize who Lu Changsheng was.

Lu Changsheng shook his head and said, "I don't have much fame. It doesn't matter who I am."

"Okay, since the matter has been completed, I will leave first."

Hearing this, the black-haired man was not surprised.

It is also the privilege of the strong to refuse to reveal their identity.

is also quite normal.

The black-haired man looked at Lu Changsheng's back, bowed and said, "After leaving the Demon Abyss, the Demon Lord may be more dangerous and will be noticed by some people, so please protect the Demon Lord more, senior."

Lu Changsheng stagnated.

His brows twitched.

Turning back: "Then how about... I take Xiao Hei away directly? Don't you want the things here?"

Black-haired man: "???"

but.

Lu Changsheng still left.

Among them, there must be something extremely important to Xiao Hei.

As a master, it would be too selfish to forcibly take him away in order to make him less prone to karma.

Think here.

Lu Changsheng couldn't help but sighed.

In the days to come, it is estimated that it will be even more uneven...

Would you like to take a trip to the Demon Realm he mentioned?

Straightforward solution?

After thinking about it, forget it.

Don't interfere too much with the disciple's affairs.

In this way, their growth trajectory may be forcibly changed.

The road ahead will also change.

Right now, at least the crisis is known.

At that time, it was an unknown crisis.

Compared with known crises and unknown crises, which one is more troublesome.

Needless to say, right?

Lu Changsheng left Moyuan all the way.

However, when Lu Changsheng left Moyuan.

Then he was attracted by a ray of energy.

Beyond the Demon Abyss, in the depths of the Black Plain.

Space fluctuates, trembling violently!

There, what happened?

Lu Changsheng released his Qi machine, and stretched it silently.

Detect where spatial fluctuations occur.

over there.

Spatial jitter is extremely severe!

It seems that it may collapse at any time!

And in that space, it is filled with endless black mist!

In the black mist, monstrous evil power was revealed!

It seems that there is something, on the other side of the space, performing some kind of skill or an incredible treasure.

Want to tear this space apart!

Evil power?

This evil force seems to be the same as those so-called extraterritorial evil races before!

Could it be that the evil race outside the territory wants to make a breakthrough from here?

I heard Mu Fusheng's report before.

The purpose of their coming here is to stop the plan of the evil race outside the territory.

Although I don't know what the plan is.

However, it is definitely not a good thing!

Lu Changsheng conjectured.

Perhaps, the purpose of the evil race from outside the territory entering the Demon Abyss is to let the evil race from the other side of the space come over?

Of course, this is just conjecture.

After thinking about it for a while.

Lu Changsheng decided to go over and have a look.

Hiding his breath, avoiding the eyeliner in the black mist, he came here.

Looking at the trembling space in front of him.

Lu Changsheng thought about it for a while.

Stretched out his hand.

Immediately, in the palm of his hand, a series of mysterious and simple ancient characters appeared!

The ancient characters escaped from Lu Changsheng's palm.

Surrounded the trembling space.

Immediately.

The power in the ancient characters is tied together!

A series of suppressive forces sealed this trembling space!

Lu Changsheng clapped his hands and said, "No matter what, let's seal off the space here first."

After finishing all this, Lu Changsheng whistled and left the place with a smile.
