

## My Disciples 411

### Chapter 411 Demon God King Arrives, Black Millstone!

Xiao Hei's five-fold test is over.

The first four are bones, flesh and blood, tendons, and skin!

These four tests have reshaped, or in other words greatly strengthened Xiao Hei's physical body!

If it is said that in the past, Xiao Hei's physical strength was equivalent to that of a half emperor.

Then Xiao Hei's physical strength is already comparable to that of the late Emperor Realm!

The fifth test is to compete with a man who looks exactly like Xiao Hei.

And this weight is not so much a test.

is actually a teaching!

Teach a set of boxing techniques and fighting skills.

This set of boxing, for some reason, felt very familiar during the battle.

So, in the battle with men, learn it quickly.

The name of this set of boxing techniques naturally came to mind.

The devil is coming.

Which is divided into four punches.

Break the sky.

Kill the sky.

Dog days.

Funeral day.

Of course, with Xiao Hei's current strength, he can barely make his first punch, breaking the sky.

When the five tests are all passed.

Xiao Hei's ultimate reward is not only the transformation of his physical body and this set of boxing techniques.

Among them, there is a memory fragment, and... the control of Moyuan!

And on the avenue paved with black divine light.

The figure walking out of the black hall.

Of course it is Xiao Hei!

Ye Qiubai smiled and said: "The aura of the fourth junior brother is even stronger."

Mu Fusheng became even more curious about the background of the fourth senior brother.

Shi Sheng also heaved a sigh of relief.

Such a powerful breath.

When you appear on the field, you will suppress the evil races outside the field!

Including the evil king-level evil clan!

The situation has been reversed!

The evil race outside the territory also looked at the man in black and lowered their eyebrows at them.

The eyes are indifferent, without any emotion!

It seems that looking at them is like looking at ants!

"Who the \*\*\*\* are you..."

Such a powerful bloodline suppression!

Definitely not something that can appear in low-latitude boundaries!

You know, they have a trace of ghost blood!

In their view, such a noble and powerful bloodline power is still absolutely suppressed!

Such a person cannot be an aborigine in the low-latitude boundary!

Xiao Hei did not speak, but looked at Ye Qiubai, Shi Sheng and Mu Fusheng.

At this moment, the indifference in his eyes melted like the first snow.

once again showed a simple and honest smile.

"Brother, I made you worry."

Ye Qiubai shook his head with a smile, and said, "It's good that you're fine. Seeing you like this, your strength has improved a lot."

This also made Ye Qiubai very helpless.

He is the elder brother Caotang!

is to protect the existence of juniors and juniors!

As a result, all his juniors and juniors seemed to be better than him...

This made Ye Qiubai very embarrassed...

However, I am also happy for their growth.

Xiao Hei scratched his head with a smile.

Watching this scene.

The evil race outside the territory also looked at Ye Qiubai in horror.

Brother?

This terrifying man turned out to be the junior of this group of ants?

Mu Qingqing and the others watched this scene with complicated emotions.

When entering the Demon Abyss.

They have already discovered that Xiao Hei's life experience is unusual.

In this demon abyss, it seems that all the monsters regard Xiao Hei as the main one!

Even, the black-haired man with unfathomable strength is also called the devil!

Now, Xiao Hei reappeared and seemed to have become an unattainable existence for them.

The explosion of magic.

The barrier formed by several evil kings in the sky could be destroyed without attack!

Jian Wufeng, Guo Shi and other powerful people in the Dao realm also saw this scene.

The national teacher was surprised at first, and then delighted.

after all.

His Royal Highness has become this person's junior.

Tuer has such a powerful talent.

Then how weak is his master?

His Royal Highness found them a powerful ally!

Jian Wufeng also heaved a sigh of relief.

Originally, he was worried that something would happen to Xiao Hei.

Once something happens, that senior will not exaggerate what he did!

after all.

Before, one person wiped out the three first-class forces...

And it only took less than a day...

This kind of strength, I am afraid that even the overlord of the Borderless Domain, the Boundless Dynasty, cannot achieve it...

Fortunately, nothing happened.

But... having said that.

As expected of that senior's disciple...

Not only cultivated a powerful swordsman like Ye Qiubai.

Even cultivated characters like Xiao Hei.

It's really not easy...

At this time.

Xiao Hei looked at the evil race outside the territory below, "I will talk about the past later, let me solve this first."

When saying these words.

Xiao Hei's complexion didn't change at all.

It seems to be just talking about a common thing.

Ye Qiubai and others also nodded with a smile, without the slightest doubt.

The expressions of the evil race outside the territory changed drastically!

Just play out.

completely suppressed their blood!

How can you resist?

One of the evil kings quickly said: "We are the evil race in the mid-latitude realm! We have the blood of the ghost race! I also hope that the Lord will let us survive, and we will be rewarded in the future. It will definitely be useful!"

"Evil Race?"

Xiao Hei's eyes became indifferent again.

It's like a demon \*\*\*\* who rules the world!

"It's just a first-class terminal force in the mid-latitude boundary, with a trace of ghost blood."

"What's more, how many evil races have inspired this trace of ghost blood?"

"So, what's the use?"

Hear what Xiao Hei said.

The faces of all the evil races changed drastically!

Knowing so much about the situation of the evil race, who is this person!

Xiao Hei stretched out his hand, and stopped talking nonsense.

It doesn't matter if the opponent is an evil race, or has the blood of some ghost race.

so what?

Even if the real ghost race descends here!

If you want to hurt your seniors, you want to hurt thatched cottage!

Then, Xiao Hei will regard him as an enemy of life and death!

to him.

The thatched cottage today.

is his home.

hurt his family.

Xiao Hei will never forgive!

I saw Xiao Hei sticking out his hand.

Above everyone's horrified eyes!

Those streaks of black divine light actually gathered in Xiao Hei's palm!

Shenguang is getting bigger visible to the naked eye!

Gradually, it turned into a huge black grinding disc!

The millstone is suspended above the evil race outside the territory!

Immediately, start turning!

Magic surges wildly!

First, the evil soldiers and the commander-level evil race!

Under the rotation of the millstone!

The blood vessels in the whole body burst!

Blood continuously oozes from the surface of the body!

Crazy absorbed by the black millstone!

at the same time.

Although the evil generals are resisting.

However, he couldn't resist the time for a few breaths, and his blood was also drained!

turned into a mummy!

The evil kings gritted their teeth, frantically resisting, and their muscles kept surging at this moment!

The blood vessels are trembling!

Seeing this, Xiao Hei snorted coldly.

Press down slightly with the palm of your hand.

The black grinding disc is turning even faster at this moment!

The evil king let out a miserable howl under the millstone!

Countless blood, from the flesh, was absorbed by the black millstone!

Under Xiao Hei's shot.

This group of extraterritorial evil races didn't even have the slightest chance to resist!

was massacred!

(Now Xiao Hei is the master of Moyuan, and can initially control the power of Moyuan.)

Chapter 412 Plan smashed!

Passed five tests.

Xiao Hei has been able to control the power of Mo Yuan.

In this demon abyss.

As long as it's not above the He Dao state, Xiao Hei can handle it easily!

For example, the black millstone summoned this time.

is the power in the Demon Abyss!

Everyone looked at the sky in horror.

A black grinding disc made of black divine light.

Among them, there is an extremely terrifying magical whirl.

When the black grinding disc is turning rapidly.

Not targeting them though.

However, the blood in the body, the essence blood slowly flowing through the meridians.

seemed to start shaking violently!

The flow rate becomes extremely fast!

As if to break through the blood vessel, it was completely absorbed by the black grinding disc!

Even Jian Wufeng in the air and the national teacher and other strong people in the Dao realm of all races still have this feeling!

Just feeling the huge grinding disc in midair can cause such effects.

Is this the power in the Demon Abyss...

once.

There are people who are strong in the Dao realm and come to Moyuan to explore.

There is no information about this black millstone in the records.

It seems.

In the Demon Abyss, there are still many unknown secrets.

certainly.

These secrets are probably not something they can bear!

And this kind of power is definitely not something that can be tolerated in the low-latitude realm!

Xiao Hei, known as the Demon Lord.

He who controlled Moyuan.

Where did it come from?

Everyone looked at Xiao Hei's figure who looked like a demon \*\*\*\* descending, and they couldn't help but look solemn.

And the evil races outside the field were all locked by the black millstone!

Whether it is to escape, or to resist with all your strength.

None can escape the fate of being drawn blood by the black millstone!

All measures, in the face of absolute power, seem so pale and powerless!

It's just a stick of incense time.

The evil races present, including the evil king, were all drained of blood by the black millstone and turned into mummified corpses!

See it.

Xiao Hei waved his hand, and the black grinding disc turned into a black divine light again, and then dissipated in the world.

Disappearance of the millstone.

The frenzied and restless blood in everyone's body calmed down.

However, there are still lingering fears in my heart.

Xiao Hei walked down the avenue paved with black divine light.

came to the side of Ye Qiubai and the others, smiled and said: "In this way, there will be no problem."

The purpose of their coming here.

It is to hinder the plans of the evil races outside the territory.

Now, the evil races from outside the territory who came here have all been wiped out.

The task is naturally completed.

Mu Qingqing also came forward, and said with a serious face: "Thank you, if it weren't for you, I'm afraid that hindering the plan of the evil race outside the territory this time will not only fail, but also put us in a life-and-death crisis."

It's not just the opponent's early ambush.

In terms of hard power.

The strength of the Borderless Domain is far from that of the Evil Race outside the Territory!

If it wasn't for Xiao Hei's shot.

I'm afraid I'm really going to be planted here!

Everyone in the Hedao Realm in mid-air also stepped down.

Jian Wufeng looked at Ye Qiubai, Xiaohei and the others, nodded with a smile, and said, "Go back to Jianzong often in the future."

Ye Qiubai nodded: "Definitely."

For Xingyun Jianzong, everyone still has a good impression.

Everyone in Xingyun Sword Sect.

His character and character are respected by them.

not to mention.

When the various sects wanted to attack them.

Xingyun Sword Sect also used the strength of the whole sect to block them.

Although it was Lu Changsheng who arrived in time afterwards and settled the matter.

However, Ye Qiubai and the three of them will keep this friendship in their hearts.

The national teacher also smiled and said to Xiao Hei: "For this matter, not only our Boundless Dynasty should thank you, but the entire Boundless Domain must thank you."

Xiao Hei shook his head and said, "I'm just helping junior brother."

Mu Fusheng is his junior.

And Mu Qingqing is Mu Fusheng's younger sister.

The relationship between the two is excellent.

Naturally, I have to help.

The national teacher touched his white beard with a smile, then looked at Xiao Hei, and said with an inexplicable smile: "Do you have a Taoist companion?"

Taoist companion?

Hearing this, Xiao Hei was taken aback, and subconsciously shook his head.

Immediately, the national teacher pointed to Mu Qingqing, and said, "I don't know what you think of our royal highness the princess?"

Mu Qingqing blushed instantly, and said delicately: "Master, what are you talking about?"

The national teacher ignored Mu Qingqing, and continued with a smile: "Although I can't make the decision, but with the talent and strength of my little friend, if I talk to the emperor at that time, I will definitely not refuse."

"What's more, our princess is not bad, her talent and strength can be regarded as the level of Tianjiao, and she holds the military power of my boundless dynasty!"

Ye Qiubai Shisheng and Mu Fusheng looked at each other.

The expression is helpless.

Is this for a kiss?

However, Xiao Hei's reaction was within everyone's expectations.

Xiao Hei shook his head and refused, saying, "I haven't thought about finding a Taoist companion yet."

Very straightforward, without any twists and turns!

After hearing this, the national teacher sighed regretfully.

"understand."

That's what it says.

Did not further win over characters like Xiao Hei.

Still feel a pity.

Jian Wufeng at the side was quite speechless watching this scene.

Really an old fox.

It is not enough that Mu Fusheng has joined them.

I also want to send out my own princess!

And the other side.

Mu Cisheng stepped forward, looked at Ye Qiubai and said, "My sister really knows you."

Ye Qiubai was taken aback when he heard the words, and then he was overjoyed!

The younger sister Mu Cisheng was talking about was naturally Mu Ziqing!

"How is Azusa?"

Mu Cisheng nodded and said, "It's okay, but I can't leave the family."

Ye Qiubai said: "Understood, let Zi Qing wait, I will go to her soon."

Mu Cisheng looked at Ye Qiubai's sincere eyes and said, "Although I don't know what the relationship between you and my sister is now, I just remind you."

"If you want to take her away and leave the family, it may be a little difficult."

After finishing speaking, Mu Cisheng left the place with the powerful members of the Mu family.

Moyuan and his party are over.

Everyone naturally planned to go home.

As for snatching the inheritance of Mo Yuan?

They're not that stupid yet.

Didn't you see that Xiao Hei is already able to control the power of Mo Yuan?

They didn't do anything and want a piece of the pie?

When the time comes to sacrifice the black millstone again, who will resist?

I have to say that none of the people present can resist!

Staying here is meaningless.

Although it successfully smashed the plan of the evil race outside the territory.

But this does not mean that the danger has been lifted.

The opponent may make a comeback at any time!

To know.

The power of the evil race outside the territory is far more than that!

Jian Wufeng watched this scene from the side, and reminded: "Qiu Bai, what's the matter between you and the Mu family?"

Ye Qiubai nodded.

"Then I also want to remind you that the Mu family is the three oldest families in the Borderless Domain."

"It's not easy."

"Furthermore, these three families all pay great attention to their own bloodlines. I heard that this Mu Ziqing's bloodline is the purest in the past tens of thousands of years!"

"Do you understand what this means?"

Chapter 413 Seven souls and six souls

Three families of borderless domains.

It has been passed down from ancient times to the present, compared to the Boundless Dynasty, the overlord of the Boundless Territory today.

have existed for much longer!

The three major families are unusually low-key on weekdays.

Basically no one can see the children of his family come out to practice!

At the same time, they have no intention of competing for resources and power in the borderless domain.

but.

Even the Boundless Dynasty must be afraid of these three ancient clans...

It can be said.

If the opponent wants to compete for the supremacy of the borderless domain.

I am afraid that the current Boundless Dynasty is not the only overlord in the Boundless Domain.

The strength of the three ancient families is unfathomable...

And Jian Wufeng's words.

Ye Qiubai has heard of it before.

The three families all have their own blood.

Its ancestors were all existences who had broken through the Dao realm!

Break through the Hedao Realm and reach the realm above it.

Its descendants will be able to continue its bloodline!

Not only talent, but also physique, they are much better than ordinary people!

In order to prevent the blood vessels from being diluted.

So the three masters pay great attention to the selection of Taoist companions.

Generally, the three masters are looking for Taoist companions from each other.

Or family members with weak bloodlines can form Taoist companions with outsiders.

But.

Mu Ziqing has been the purest child of the Mu family for tens of thousands of years.

Obviously.

It is not allowed to form Taoist couples with outsiders!

The power of blood.

For many people, it is an excellent thing to greatly enhance their physique and talent.

However, for some people.

is also a layer of shackles...

That's why Jian Wufeng said this.

Ye Qiubai replied with a smile: "Although that is the case, how will you know if you don't try?"

To put it bluntly.

Even if it is above the bloodline, so what if it will be diluted?

Who is standing behind Ye Qiubai?

Even if the power of the bloodline is diluted, it has won such a powerful backstage.

Is this a profit or a loss?

The answer is self-evident.

only.

Not as a last resort.

Ye Qiubai will not move out of Lu Changsheng.

For this kind of thing, you still have to rely on yourself.

If even a woman can't rely on herself to get her hands.

Then what about cultivation?

after.

People from various forces in the Borderless Domain have all left the Demon Abyss.

Ye Qiubai, Shi Sheng, Mu Fusheng and Xiao Hei still stayed here.

Xiao Hei led the three of them towards the direction of the black hall.

It is said that there is a treasure house inside, which contains the things left behind by the powerful people of various races in the past who came to the Moyuan to explore and died.

On the road.

Ye Qiubai and the others didn't ask Xiao Hei what he remembered again.

This is his own memory.

If Xiao Hei doesn't take the initiative to speak out.

The three of them will not ask.

However, Xiao Hei obviously won't hide anything from Ye Qiubai and the others.

After all, the people in the thatched cottage are all considered by Xiao Hei as his family.

"After passing the test, I not only got the control of Moyuan, but also got a piece of memory."

The three of them all looked at Xiao Hei.

Ye Qiubai said: "Is it okay to say it?"

Xiao Hei shook his head and said, "I'm going to say it because it might involve you in the future."

Hearing this, Ye Qiubai didn't say anything more, and walked towards the main hall while quietly listening to Xiao Hei's narration.

Xiao Hei continued: "Among the memory fragments, I seem to be very strong and powerful before, so powerful that I can regard all living beings as ants."

For that.

Ye Qiubai and the others didn't doubt it.

They also vaguely guessed.

Xiao Hei's background is not simple.

"But, for something, I still can't remember that thing."

"However, because of that thing, some strong people in the clan teamed up to design, framed me, and rebelled."

"And I fell for the trick, was seriously injured, seven souls and six souls, six souls and five souls were scattered..."

"And these memory fragments are not so much memories, but rather my six souls and five souls."

"Now, I have found two of them..."

"Those people are very strong, at least for us now, they are irresistible."

Shi Sheng asked: "Isn't even Shizun an opponent?"

Xiao Hei shook his head, and said: "I still can't understand Master's strength, so I can't evaluate it."

"It's just that now that I have recovered my two souls, the other party will also notice that I am still alive, so I will definitely search for my whereabouts with all my strength..."

Hearing the words, Ye Qiubai nodded, and then said: "That is to say, your situation will be very dangerous in the future."

Xiao Hei was silent.

Immediately said: "After that, or I will be alone..."

The words are not finished yet.

Ye Qiubai took the conversation away, patted Xiao Hei on the shoulder and said with a smile, "It's not a big problem, at least the other party doesn't know your exact location yet, doesn't it?"

Xiao Hei hesitated for a while, and then whispered: "When I find the third soul, it will be convenient for you to be able to faintly notice my position..."

As for these six souls and five souls, Xiao Hei must find them back.

It goes without saying.

Ye Qiubai interjected: "So, we should work harder in cultivation."

Xiao Hei raised his head and looked at Ye Qiubai in surprise.

Shi Sheng also smiled and said: "Fourth senior brother, if you can tell us this, it means that you regard us as relatives. If this is the case, do you need to say more later?"

Mu Fusheng sighed helplessly: "There wouldn't be so many unknowns in the first place. According to my plan, at least it can be safely hidden for thousands of years."

"However, since you're already on board, there's nothing you can do about it?"

After finishing speaking, Mu Fusheng spread his hands.

Although the tone was helpless, it didn't mean to blame Xiao Hei at all!

The meaning in the words is also to decide to stand together with Xiao Hei!

heard the words.

Xiao Hei scratched his head with a smile, nodded and said, "Well, I will definitely protect you in the future."

Ye Qiubai: "..."

Hearing this, Ye Qiubai felt even more that his identity as a big brother was fake.

Hongying, Nine-turn Empress.

Ning Chenxin, Confucianism and Taoism are unified.

Xiao Hei, the devil.

Shisheng, the power of the stars.

Mu Fusheng...deeply loved by Master.

Ye Qiubai said that he is under a lot of pressure as a big brother...

When the four came to the black hall.

That wave of monstrous magic swept over again!

The entrance of the main hall.

The black-haired man stepped forward, knelt down on one knee, and said, "See the devil!"

Xiao Hei raised his hand and said, "Get up."

The black-haired man just got up, and then said: "Devil Lord, the news of your survival must have been known to the rebels, so you must be careful in your future actions, and remember not to activate the power of the three souls, otherwise it will be easy to be noticed by the other party." "

Xiao Hei nodded and said, "Take us to the treasure house."

The black-haired man nodded.

Now, Xiao Hei is in charge of the whole Moyuan.

Even if the treasure house is emptied, there is nothing to say.

...

the other side.

Prince Linlong's personal guards have also arrived at Critical Mountain...

Chapter 414 Blaming?

Critical outside the mountain.

The imperial guards who were originally stationed here were killed or wounded.

Corpses are everywhere!

At the same time, the injured have all been moved to Longqi City for treatment!

Those who were rescued were not only Longqi City, but people from various border cities went to support.

At the same time, people from the imperial dynasty, as well as the Shengyin Chamber of Commerce, all came here.

The Shengyin Chamber of Commerce provided a large number of healing pills for free.

The grade and quality are not low.

However, the injuries of the injured were too serious!

Many people died in battle even if they used high-level healing pills!

One time.

Long Qi City was shrouded in a haze!

In the city lord's mansion, people from the dynasty, as well as the border cities of the major sects, and people from the Shengyin Chamber of Commerce held a meeting here.

"Who the hell!"

"Could it be an evil race from outside the territory?"

The member of the Shengyin Chamber of Commerce is a young woman.

The woman is extremely delicate and charming, with extraordinary temperament.

The woman shook her head and said: "Probably not, the sealing formation outside the critical mountain has not been completely broken, the evil clan that can make such a movement silently and leave at the same time must be the evil king level. "

"Moreover, he is still the best among the evil kings."

The woman is Dong Xiaoqin.

at the same time.

Dong Xiaoqin is not only the person in charge, but also has another identity in the Shengyin Chamber of Commerce.

That is the saint of the Shengyin Chamber of Commerce!

is the president of the Chamber of Commerce, the daughter of Dong Wancai.

At the same time, among the evil kings, there are strengths and weaknesses.

A powerful evil king, even if he is at the peak of the Dao realm, is not his opponent!

Hearing Dong Xiaoqing's words, everyone in the dynasty said solemnly: "Who could it be? At such a critical juncture, is it possible that someone from the inside would do such a thing?"

At the same time, another member of the dynasty, this person is King Wulin who is in charge of the border city situation!

I only heard King Wulin rise up against the case, and said angrily: "If this is the case, this person must be found out immediately!"

"At this moment when it is about the survival of the borderless domain, or even the entire low latitude, if someone does such a thing, the soul must be killed, so that it will not be reborn forever!"

Dong Xiaoqin pressed his hand and said: "King Wu Lin, don't get too excited now, it will affect your thinking. What you need to do now is to calm down and find this person out."

King Wulin snorted coldly before sitting down.

The old man behind Dong Xiaoqin looked at this scene with a cold light in his eyes!

However, he didn't make a move.

After all, in the current situation, it is not appropriate to turn your face.

The reason why Shengyin Chamber of Commerce came here.

Not only for borderless domains, but also for themselves.

after all.

Once the extraterritorial evil race occupies the borderless domain, or even the entire low-latitude domain.

So how does Shengyin Chamber of Commerce do business?

This is tantamount to cutting off the Chamber of Commerce's financial resources!

The representative of the dynasty, Prince Yun, also nodded, and said, "The saint is right, you should calm down now."

Prince Yun is the younger brother of the Emperor Mu Zhengting.

The relationship between the two is extremely harmonious.

Therefore, Prince Yun handles many external affairs.

Prince Yun looked at King Wulin and said, "King Wulin, you are in charge of the border. This area is under your jurisdiction, so I still have to rely on you."

Wu Lin Wang nodded, his eyes were angry!

The next step is continuous investigation.

Of course, the scope of investigation is very small.

However, it is extremely difficult.

Those who can do this must at least be in the Hedao Realm, or above!

Let's not talk about how many He Dao realms there are in the entire borderless domain.

As far as the Hedao Realm gathering in Boundary Mountain is concerned, it can be counted on two hands!

But.

Which of these powerful people in the Dao realm is not arrogant?

Who is willing to accept investigation?

However, in this action, King Wulin was extremely stubborn.

It can be said that those who have already decided not to hesitate to offend these strong Daoists and the forces behind them will also forcibly conduct investigations!

And in the process of investigation.

But still no discovery.

On the contrary, he has offended even the strong ones in the Dao realm!

Night.

In the mansion of King Wulin.

In front of him, there were several men in black robes.

"There is still no result, who exactly did such a thing?"

One of the black robes said humanely: "The prince ordered that we must find out as soon as possible, otherwise, it will be detrimental to the future plan."

Wu Linwang's face was ugly.

The person who can do this can only be a strong person in the Dao realm!

As for the experts in the Hedao Realm in Boundary Mountain, they have all checked them out!

Still no clues!

Check the injuries of the wounded and the dead, and the aura of the scene.

are without any characteristics.

The perpetrator seemed to have known about this scene in advance, and wiped out all traces!

And at this very moment.

Someone announced loudly!

"Report! The garrison outside Critical Mountain is under attack!"

Hearing this, King Wulin's expression changed, and he immediately shouted: "Follow me!"

King Wulin and those men in black go to Critical Mountain at the same time!

I want to see it.

Who the hell!

will make something like this!

When they reached the critical mountain.

At the scene, there were only the informant, King Wu Lin and the man in black.

Wu Linwang looked at the dozens of people who had died in battle, his face was ugly, and he looked at the person who notified him: "Where are the others?"

Other people mentioned by King Wulin.

Naturally, it was Prince Yun, as well as the Shengyin Chamber of Commerce and various people.

The person who notified did not answer.

Instead, shed the camouflage.

Wearing the armor of a royal army.

Holding a military spear, with an inexplicable smile, he slapped himself on the chest.

At the same time, the aura kept impacting his body!

Poof!

A mouthful of blood gushed out!

Soon, the armor was damaged, and there were scars all over the body!

At the same time, the breath became sluggish!

Watching this scene.

Wu Lin Wang was stunned for a moment, and then his face changed drastically!

Oops!

Got it!

And can't wait for Wulin King to react.

Not far behind, several powerful auras came here!

Among them Prince Yun, Saintess Dong Xiaoqin of Shengyin Chamber of Commerce.

And the strong Taoist who came to the critical mountain!

Wu Lin Wang who saw this scene.

His face was ashen.

Then he looked at the pretender whose armor was broken and breathless, and suddenly seemed to understand something.

laughed loudly and said: "Good method! Mu Zhengting is really a good method!"

"You don't hesitate to murder your own people so cruelly, but you also want to convict us?"

Prince Yun, Dong Xiaoqin and others who had already rushed over looked at this scene, their faces flew into a rage!

I saw Prince Yun roaring angrily: "So it was you who did it!"

Those experts in the Dao realm have all been investigated in the past few days.

Originally, I was suffocating in my stomach.

Now, the prisoner is actually King Wulin himself?

How can this make them not angry?

Only Dong Xiaoqin looked thoughtful.

After glancing at King Wulin and Prince Yun, she felt that things were not that simple.

Because, all this is too coincidental...

Chapter 415 Linlong defected!

Why is it too coincidental?

Time goes back to before a stick of incense.

At that time, Prince Yun was discussing the real culprit behind the scenes with a group of experts in the Hedao realm and Dong Xiaoqin.

At that time, someone sent an urgent report.

Said that the murderer had appeared, and he had killed all the inspection teams outside Critical Mountain!

When everyone came to the scene of the incident.

But found the "dying" man in armor.

And the wrathful Wulin King and the men in black robes behind him.

Isn't this a coincidence?

besides.

Even if it was Wulin Wang and the others.

When thousands of troops were beheaded before, there was no movement at all.

Even erased all traces!

But.

Now it's just beheading a patrol team composed of dozens of people.

And the strength of the inspection team is generally lower than that of the people stationed in the army.

But let others discover and report!

At the same time, within this quarter of an hour, is there one person who has not been killed?

still did not retreat.

not to mention.

If you are doing this kind of thing.

Why did King Wulin not hesitate to expose himself to the risk, but also to do it himself?

Shouldn't it be safer to secretly ask for help from an expert?

The conspiracy in this is too deliberate!

However, Dong Xiaoqin didn't say anything.

She was probably the calmest person in the room right now.

Prince Yun didn't look right, he seemed to have known about it a long time ago.

Otherwise, with Prince Yiyun's vision and IQ, it is impossible not to discover these doubts.

At the same time, the other strong Daoists were already furious.

After all, he was still forcibly accepting the investigation of King Wulin a few days ago.

But now, it turns out that the real culprit is King Wulin!

This kind of grievance.

As the powerhouses of the Dao realm, how could they accept it?

Under the brainwashing of anger, he naturally wouldn't think about so many details.

Just listen to Prince Yun continuing: "Who ordered you to do this!"

Finish this sentence.

Prince Yun seemed to have thought of something, his expression changed, and he said loudly, "Could it be Prince Linlong?"

Wu Linwang is a man under the residence of Prince Linlong.

Few people in the court know about this matter.

However, Prince Yun is one of those who know.

Wu Linwang looked at Prince Yun, pointed at him and laughed loudly: "Prince Yun, I finally understand your intentions."

"Mu Zhengting and you have no evidence, so you want to pull Prince Linlong down?"

"However, this king really admires Mu Zhengting's courage, for being able to do such a thing!"

Prince Yun was full of anger, and shouted: "King Wulin, you don't want to confuse right and wrong here! Now, seeing is believing. If you have anything to say, go and say it in front of the emperor!"

The voice just fell.

Those people who were in the Dao realm shot out in anger at the same time!

Take down King Wulin and those men in black robes!

If it is not Prince Yun who wants to get it.

It is estimated that these few experts in the Hedao realm have already raised the soul of King Wulin.

After all, I have lived for so long.

When did you suffer such grievances!

After being arrested, King Wulin still laughed wildly: "This old man Mu Zhengting! Old man!"

When King Wulin was taken away.

Dong Xiaoqin was watching the scene.

But found that the man in armor had long since disappeared.

Dong Xiaoqin's lips curled up slightly, and she said in a low voice: "It's really hidden, Mu Zhengting, known as the Lord of Benevolence..."

...

A few days later.

King Wulin was brought back to the dynasty.

In prison.

Wu Linwang looked at Mu Zhengting who was coming, and Prince Yun behind him, and said with a sneer, "What do you want to ask?"

Mu Zhengting said coldly: "I won't ask anything, of course, even if I ask, you won't answer, will you?"

Listening to Mu Zhengting's words, King Wu Lin was slightly taken aback.

"Do not ask?"

"Why ask?"

Hearing this, King Wulin seemed to have thought of something, his eyes frightened.

His face was gray and defeated.

yes.

Now it doesn't matter what you ask.

Mu Zhengting directed and acted in this play.

Broke the image of the benevolent Lord.

Send someone secretly to kill all the tens of thousands of troops stationed!

is to tick them off.

Put the crime on Prince Linlong forcibly!

After all, Mu Zhengting has already discovered that Prince Linlong has rebellious thoughts.

Already doing it at the same time.

But there is no evidence for it.

Thus, there is today's scene!

Since we can perform this scene.

Then, it means that even if he said that Prince Linlong did not do it.

In the outside world, it will also be rumored that this matter is Prince Linlong's conspiracy!

So, whether he said it or whether Mu Zhengting asked or not.

What's the point?

Mu Zhengting said: "When you and Prince Linlong have this idea and put it into action, you should have thought of this consequence."

"Don't have hope, thinking that I will let you go."

"That's impossible. At the same time, I will execute all your blood relatives!"

The royal family is ruthless.

Actually, the purpose is to cut grass and roots!

King Wulin lowered his head and said nothing.

Of course he thought of this kind of thing.

It's just that it's ridiculous to end up with this kind of ending...

After Mu Zhengting glanced at King Wu Lin, he turned around and prepared to leave.

But.

When Mu Zhengting and Prince Yun were about to step out of prison.

Wu Lin King behind him was unable to speak.

"Leave my family alone, I will tell you everything that Prince Linlong planned..."

Mu Zhengting and Prince Yun looked at each other and smiled.

There is a hint of conspiracy in their eyes.

even though.

Even without the testimony of King Wu Lin, the outcome of this matter will still not change.

However, having the testimony of King Wulin is still extremely useful.

After all, this will be able to stop all the people in the DPRK and China.

In case some people still want to drive a wedge between the minister and the emperor.

When the matter of King Wulin accusing Prince Zhenglinlong was known by all the people in the dynasty.

Mu Zhengting also immediately dispatched the imperial army to surround Prince Linlong's mansion!

But.

People go to the empty building.

In Prince Linlong's mansion, there is no one left!

Prince Yun also reported the matter to Mu Zhengting.

Mu Zhengting's expression didn't change much.

"It ran quite fast, but it didn't have any effect."

"After all, Prince Linlong's escape also confirmed King Wulin's testimony."

"Since then, Prince Linlong's influence in the dynasty has been completely overthrown."

Prince Yun also nodded with a smile, he was naturally the one who learned about the plan.

The confrontation with King Wulin before was naturally acting.

Otherwise, with his IQ, how could he not have noticed something wrong with the scene where the incident happened?

"The next step is to search for the whereabouts of Prince Linlong."

"I'll do it now."

...

at the same time.

Savage frontier.

In the thatched cottage in the southern region.

Ning Chenxin, Hongying and Mu Wan'er all returned to the thatched cottage.

Hongying smiled and said to Lu Changsheng: "Master, we have already made arrangements for the matter in the Heavenly Spirit Realm, and it is time to go to see Senior Brother and the others."

Lu Changsheng: "..."

Can the master-student relationship still be dissolved now?

Waiting online!

Very urgent!

Chapter 416 Dong Wancai!

"Prince Linlong defected?"

Shengyin Chamber of Commerce is located in the headquarters of the Borderless Domain, located in Shengyin City.

At the same time, the Holy Hidden City is also the most prosperous place in the Borderless Domain except the Boundless Imperial City.

Moreover, this is the only city that is not under the jurisdiction of the dynasty and completely belongs to the Shengyin Chamber of Commerce.

on the street.

Prosperity can be seen everywhere.

There are no street stalls here, just shops one after another.

Casting tools, alchemy, sigils, and formations can all be found here.

Of course, there are also off-the-shelf.

Here, there is no need to worry about quality.

Every pill or talisman sold by a vendor must be authenticated by the Shengyin Chamber of Commerce.

Only when the quality of the appraisal passes, can it be sold on the shelves.

Of course, the price is slightly more expensive than other places.

However, in other places, the quality of the Holy Hidden City is better.

Those that are not found in other places may be found in the Holy Hidden City.

And because of this.

Here attracted countless sect families, as well as casual cultivators came here to buy weapon pills.

Even Boundless Dynasty will regularly purchase supplements in the Holy Hidden City.

If you are worried about whether the Holy Hidden City launched a rebellion?

That is impossible.

After all, if the Shengyin Chamber of Commerce wants to do business, it must rely on many external forces.

What's more, the Shengyin Chamber of Commerce is a giant without borders.

Occupied 70% of the market!

And why launch a rebellion?

What about doing such a thankless thing?

The headquarters of the Shengyin Chamber of Commerce is located above the Shengyin City.

That's right.

The headquarters of the Shengyin Chamber of Commerce is a hanging city.

Around the Hanging City, there are eight steps located in eight directions of the Holy Hidden City.

If you want to visit or buy some rare things, you have to walk up the stairs.

Because empty space is forbidden here.

Without the permission of Shengyin Chamber of Commerce, Yukong cannot enter.

Today.

Dong Xiaoqin has been recalled to the headquarters.

After learning the news of Prince Linlong's defection, he couldn't help pursing his lips into a smile.

"It seems that the world's understanding of Mu Zhengting is still too shallow."

Opposite Dong Xiaoqin, sat a fat old man with beard-like temples hanging on both sides.

The old man smiled and said: "The royal family is ruthless, Mu Zhengting is worthy of the position of emperor by doing this."

Dong Xiaoqin also nodded, and said: "Father, should we help the Boundless Dynasty find this Linlong Prince? The future cooperation will also make them owe us a favor."

The old man is Dong Xiaoqin's father.

At the same time, Dong Wancai is also the current president of Shengyin Chamber of Commerce.

It can be said that Dong Wancai is the one who manipulates the low-latitude border economy.

If you say, which territory Dong Wancai wants to rectify.

Just stop the cooperation between Shengyin Chamber of Commerce and this realm, and withdraw all vendors under Shengyin Chamber of Commerce from this realm.

Then, this realm will be hit hard!

There are no good weapons, pills, sigils, and formations.

This is an extremely severe blow to the martial arts civilization in a certain realm.

No realm can withstand this!

so.

Shengyin Chamber of Commerce.

Or Dong Wancai.

It is an existence that can affect a boundary!

Dong Wancai listened to Dong Xiaoqin's words, nodded, and said: "Yes, but it can't be done publicly, as long as you help in secret and let Mu Zhengting know about it."

Dong Xiaoqin nodded: "I'll do it now."

For Dong Xiaoqin who was at the scene of the incident.

Then contacted Prince Linlong's defection.

You can guess the seven or eight points of the development of the matter.

simply put.

Mu Zhengting planned to send people secretly to wipe out the troops stationed in Critical Mountain!

Hereby.

Induce Prince Linlong to show his flaws!

Of course, Prince Linlong is also extremely cautious.

However, this is not just for Prince Linlong to show his flaws.

Even if it is not exposed.

He can also cooperate with Prince Yun and forcibly put the crime on Prince Linlong's head!

And to this point.

If it is said that Prince Linlong did not escape, then it is justifiable to investigate whether Prince Linlong has rebellious intentions.

However, Prince Linlong did have a rebellious heart. Although the things he did were hidden, it was impossible to leave no traces!

As long as you use what happened in Boundary Mountain to investigate, you will definitely be able to find out!

Prince Linlong is bound to fail the investigation!

certainly.

Once Prince Linlong escapes.

Then he has been convicted of the crime!

It can be said that this is not only a conspiracy, but also an overt conspiracy by Mu Zhengting!

A strong man breaks his wrist.

Conspiracies and schemes are chained in layers.

Prince Linlong has been driven to a dead end and can only escape temporarily to seek opportunities.

However, Mu Zhengting was not without gains.

At least, Prince Linlong has completely lost power in the dynasty!

Become a traitor who everyone shouts and beats!

After all, it is under the situation that the evil race from outside the territory is about to invade, and it is the moment when the borderless domain is about to experience a life-and-death battle and endanger its survival.

Now that he has defected, Prince Linlong will no longer be able to show his face in the Borderless Realm.

After Dong Xiaoqin left.

Dong Wancai stroked his beard and smiled, "Mu Zhengting... No wonder the late king wanted to give him the throne regardless of obstacles."

"If you really don't show the mountains and don't show the water, if you show your sharpness, it will be earth-shattering..."

...

the other side.

In an extremely remote valley.

Here, it is extremely far away from the Boundless Dynasty!

At the same time, Liao is uninhabited.

Does not have any resources.

It can be said that no one wants to come here.

However, in this valley, giant trees of the sky stand here.

Shade the sun.

In the dark environment, only a few rays of sunlight can leak through the tiny gaps in the leaves and branches.

Form the only spot of light on the ground.

But in such an uninhabited valley, it ushered in its first batch of "tourists".

A dozen men in black robes came here.

Their faces were full of gloom.

The face sinks like water.

There is unspeakable anger in the eyes!

Among them, the leader is the traitor who is now being beaten by everyone in the Borderless Domain.

Prince Linlong.

"This old dog Mu Zhengting is really a good trick!"

"I really can bear it!"

A black-robed personal guard behind Prince Linlong said: "Prince, what should we do now?"

Hearing this, Prince Linlong shook his head and said, "Wait."

et al.?

Who else is willing to help them now?

It didn't take long.

A streak of gray smoke passed by.

A handsome man appeared in front of everyone.

Prince Linlong said: "What should we do next?"

All the guards saw that the prince was actually questioning a man who looked extremely young.

And the extremely low attitude, can't help but be a little surprised.

Who is this person?

I saw the handsome man stretch out a finger and said: "One way is to join the evil clan outside the territory, and use the chess pieces you still hide in the dynasty to report information for the evil clan."

"In this way, you have a chance to come back."

Chapter 417 Take refuge in the evil race!

When the handsome man said these words.

Prince Linlong and the black-robed bodyguards behind him all looked horrified!

Among these words.

Undoubtedly exposed the identity of the handsome man!

Extraterrestrial Evil Race!

This man is a member of the evil race!

Prince Linlong's face was serious, he looked at the handsome man in front of him and said, "Evil Race? If you just tell the whole story like this, aren't you afraid that this king will report you?"

After listening to this.

The handsome man didn't show any fear or horror on his face.

Instead, it was still calm.

It seemed that everything was under his control.

"Report? You are already a traitor now, let's not talk about whether you will expose your position if you send someone to report, not to mention, who will believe your words now?"

"Even so, I can still disappear from your sight. Believe me, even if all of your human races are dispatched, they will not be able to find me."

Prince Linlong was silent.

Indeed, the man in front of him is right.

Now he, everyone shouts and beats him, no different from the evil race!

Who would believe him?

Prince Linlong continued: "But, you are evil, if I help you, you will still kill us."

"With me around, they won't kill you."

The handsome man's face is full of confidence, and the expression he finally showed is arrogant!

"As long as you are willing to obey me, I will naturally save you."

Prince Linlong frowned, and said: "Then you slaughtered the borderless domain and the low-latitude domain, even if I sit on the throne, what's the use?"

Hearing this, the handsome man smiled ironically.

"What is the use of an emperor in a low-latitude boundary?"

"I ask you, why do you want the throne?"

Without waiting for Prince Linlong to answer.

The handsome man took his own words and said, "Isn't it just for power? With power, you will have more resources for yourself, and the realm can be improved faster."

"The improvement of the realm is for longevity."

"And if you obey me, I can take you to the mid-latitude realm."

"Then you have more and better resources, and more aura, wouldn't it be better?"

Hearing this, Prince Linlong remained silent.

I have to say that these benefits have all reached his heart.

Longevity.

is the pursuit of every ascetic.

Prince Linlong is no exception.

It is naturally best to be able to go to the mid-latitude boundary.

The handsome man continued to seduce: "What's more, you can also join the evil clan."

Join the evil clan!

Everyone's face changed drastically!

"How can this be!"

"How is it impossible?"

The handsome man said calmly: "Just change your blood. You can replace the ant blood in your body with the blood of the evil race, and then reshape your physical body."

"At that time, your realm and strength will far exceed the current one!"

Prince Linlong still hesitated.

"Or, do you have a better choice?"

"It's only a matter of time before the evil race occupies the low-latitude boundary. The gap in strength is too great, and you have no way to resist."

Mid-latitude boundaries and low-latitude boundaries.

The overall strength is not at the same level.

Speaking of which.

The handsome man didn't say any more.

Looking at Prince Linlong quietly, waiting for his answer.

Such a huge amount of messages.

Prince Linlong didn't have much time to think.

After all, he has no way out now.

If you refuse, you can only live a life of fleeing, and there is absolutely no possibility of turning the tables!

thought of this.

Prince Linlong gritted his teeth, he likes power.

Otherwise, there will be no rebellious ambitions!

He wants to live forever.

So resources and realms are more needed!

Then, there is nothing to think about.

Prince Linlong nodded and said, "I promise you."

The handsome man nodded, and then took out a dozen rings.

"What's this?"

"Soul ring." The handsome man said lightly: "Since you have decided to follow me and obey me, then you should wear this soul ring. If you have any rebellious thoughts, this soul ring can sense it and destroy it immediately." Your spirits!"

The expressions of Prince Linlong and the others changed!

Then it becomes ugly.

"I have already promised you, do you need to do more?"

In doing so, they will lose their freedom!

Eternal life and eternity, will not be able to give birth to a rebellious heart!

This is unacceptable to Prince Linlong!

The handsome man said coldly: "For a human ant who once had a rebellious heart, I can't believe it without wearing a soul ring."

"After all, the things to be done later will affect the loss of the evil race."

Prince Linlong looked ugly.

The people behind him also said angrily: "What if we don't wear it?"

"Not wearing it?"

The handsome man sticks out his finger!

An evil light passed by!

In an instant, the eyebrows of the person who said those words were pierced!

The soul is instantly annihilated!

Everyone looked horrified!

You know, this personal guard is a half-step existence!

With one finger, he instantly killed a half-stepped strong man. How strong is this handsome man in front of him?

They don't know.

Can't see through!

"It's already reached this point, there is no need to refuse. Of course, if I refuse, I will silence you. After all, this kind of thing should not be exposed."

Prince Linlong was silent for a while, then nodded and said, "I agree."

Immediately, he stretched out his finger.

The soul ring was put on the finger.

Immediately, there seemed to be an invisible chain holding his soul!

Just move a little crooked thought.

This chain will crush the soul of Prince Linlong!

Seeing this, the other guards had no choice but to stretch out their fingers, and put on this dog chain that represents the loss of freedom and dignity...

The handsome man nodded with a smile and said, "That's right. Having said that, how many secrets and powers do you have in the dynasty?"

Prince Linlong immediately wrote out a list without any hesitation.

After all, he has already taken refuge, so there is no need to hide it anymore.

Only if the full value is revealed.

After that, you can get more lucrative benefits.

The handsome man nodded in satisfaction with Prince Linlong's attitude.

Looking at the list above, I am quite satisfied.

Among them, there are quite a few with high weight.

After all, he was the once powerful Prince Linlong.

The owner of the Purple Gold Python Robe.

It's normal to have these shadows.

This is also the purpose of the handsome man to find Prince Shanglinlong.

"Afterwards, find a way to contact Anzi, ask about the battle information and personnel flow in the borderless domain one by one, and then tell me."

"After the matter is completed, I will take you to the mid-latitude boundary, the territory of the evil race, and personally exchange blood for you!"

got the promise.

Prince Linlong nodded and said, "I hope you won't break your promise."

...

the other side.

Hongying, Ning Chenxin, and Mu Wan'er teleported a large formation through the space of the thatched cottage to the borderless realm.

## Chapter 418 Arrival

It is only a matter of time before the seal in Critical Mountain is broken.

Want to seal it again.

Then you can only recast the formation.

As for strengthening the formation, unless the Starfall Sword Emperor is reborn, and then sacrifices himself again.

After all, this sealing formation was built with the soul of the Starfall Sword Emperor.

The structure in it, not many people can prove it.

After all, a person's soul is the most mysterious and complicated place in the human body.

No matter how strong the strength is, it cannot be detected!

As for recasting the formation again.

Let's not talk about the formation that is enough to seal the evil race outside the domain. The level is too high. At the current stage of the realm of the borderless domain formation mage, there is no such ability at all!

Otherwise, why did the Xingyun Sword Emperor not hesitate to use flesh and blood to build a formation by sacrificing gods and souls?

At the same time, even if you have this ability.

Under the interference of the evil race from outside the territory who had escaped from the cracks in the broken formation.

Can't form a formation smoothly.

So, what the Borderless Domain can do at this time is to defend the critical mountain and defend it to the death.

Can't let the opponent step over the critical mountain.

Otherwise, the entire borderless domain will become a purgatory...  
the other side.

When the three of Hongying came to the borderless domain.

The teleportation place is the Xingyun Sword Sect.

After all, the first time Lu Changsheng came to the Borderless Realm was to support the Starfall Sword Sect...

Damn it, just thinking about it makes me angry...

However, he took in a sensible apprentice.

Um.

The merits and demerits balance out, let Ye Qiubai be spared this time.

At least.

Let Lu Changsheng think about it, that's it.

Mu Wan'er looked around curiously, her eyes filled with excitement, and said: "This is the borderless realm, and it is indeed the strongest realm known as the low-latitude realm. This aura is too strong!"

Hongying also nodded and said: "That's true, of course, it excludes the family."

The home that Hongying talks about is thatched cottage.

The surrounding area of the thatched cottage was covered by Lu Changsheng's formation.

The richness of spiritual energy, even in the borderless domain, is still far behind.

Ning Chen looked around, and said: "Where is this place? Logically speaking, the master sent us here, so there is naturally his intention."

"Let's find someone first, and see if we can get news about the elder brother and the others."

Today.

Because Hongying has become the way of heaven in the barbaric realm, coupled with the evildoer-like talent originally fused with the original nine-turn reincarnation.

The realm has reached the late stage of Emperor Realm.

There is a hint of a breakthrough!

Ning Chenxin has become the orthodoxy of the barbaric realm and the heavenly realm.

Confucianism and Taoism in the world are all in the study.

In the two worlds, there are rumors of such a sentence.

Study is the preaching force founded by Ning Chenxin.

Nowadays, more and more people practice Confucianism and Taoism.

For Ning Chenxin, such a strong power of faith also allowed him to reach the strength to fight against the middle stage of the emperor's realm and achieve beheading.

As for Mu Wan'er.

The improvement of the realm of cultivation is very slow.

Up to now, he is still in the state of a half-emperor.

This is also because Mu Wan'er is almost always improving her alchemy.

In today's alchemy realm, it is already possible to easily refine panacea.

A panacea, that is, a elixir above the heavenly ranks.

As far as the spirit pill is concerned, it is the Houtu-level pill, and above that, it is the Xutian-level medicine.

After the soil level, Mu Wan'er is 60% sure.

Further up, it has not yet reached that realm.

actually.

Mu Wan'er is also worried that although her alchemy level has improved rapidly, her own realm has improved very slowly.

At that time, Willow gave her opinion.

It is not impossible to use pills to enter the Tao.

after.

After Mu Wan'er understood the meaning of these words, she no longer worried about it.

Alchemy is her interest.

I am really not interested in cultivating the Tao...

at this time.

A man and a woman came here.

Looking at the three of Hongying, he couldn't help asking: "I don't know who the three are, why did you come to my Starfall Sword Sect?"

Hongying took a step forward.

Facing these two people, he was not timid at all.

Whether it is in the eyes or in the words, it is full of the meaning of the emperor!

"We have no malicious intentions, we just came here to find a few people."

This sentence, although there is no problem.

But the man and the woman subconsciously took half a step back.

There was a feeling of awe towards Hongying in his heart.

When they realize this.

Can't help but look horrified!

Who is this woman?

During the conversation, it actually made them feel awed?

You must know that although the two of them are not as good as critical, they are still Tianjiao-level figures in Jianzong, and they are direct disciples of Zhang Yunzong!

The man said: "Who is it?"

Hongying said: "Ye Qiubai, Xiao Hei, and Shi Sheng."

Hear the three names.

The man and the woman looked at each other with surprise in their eyes.

"Why are you looking for Jianzi?"

Sword?

The three of Hongying looked at each other, and couldn't help but smile at each other.

It seems that the elder brother is also doing well here.

are all mixed into swords.

"We are from the same family as Ye Qiubai."

Heard the words.

The man and the woman were relieved.

No wonder there is such an aura in the conversation.

It turned out to be Ye Qiubai's fellow clan of the three monsters!

Have such a powerful master.

It is normal to have this kind of strength.

After learning the identities of the three.

A man and a woman naturally dare not neglect.

Immediately entertain the three of Hongying and head to Jianzong.

After arriving at Jianzong.

Jian Wufeng has also returned to the Xingyun Sword Sect, and personally received the three of Hongying.

Jian Wufeng smiled and said: "Ye Qiubai is not here now."

While talking, he was also looking at the three of Hongying.

Hongying's meaning of the emperor, the state of the late emperor state.

The meaning of Confucianism and Taoism around Ning Chenxin's body.

Mu Wan'er's alchemy aura.

Jian Wufeng couldn't help but sigh with emotion.

That senior's disciple is really no ordinary person.

Hongying asked: "Dare to ask senior brother where are they at the moment?"

"Critical Mountain."

Jian Wufeng talked about what happened in the borderless domain today.

Mu Wan'er said with a bitter face: "Sister Hongying, it seems that we came at the wrong time."

Hongying smiled and patted Mu Wan'er's head, and said, "It's because of this period that we came here in time, so we can help the elder brother and the others."

Jian Wufeng said: "Are you going to Boundary Mountain? It's just right, then go with me then."

"Now the major sects are integrating their forces and sending elites to guard the critical mountain."

"Our Starfall Sword Sect is no exception."

Hear here.

The three of Hongying also nodded in response.

It's useless to worry now.

"Okay, let's report to the senior brother and the others through sound transmission."

...

Critical Mountain.

Ye Qiubai, Xiao Hei, Shi Sheng and Mu Fusheng have left Mo Yuan.

The treasures in it, although the level is not very low.

But for the four of them today, it is not very useful.

Ye Qiubai has the Jiuchi Xingyun Sword and Qingyun Sword.

Shi Sheng has the Ming Emperor Xuan Axe and the Falling Star God Axe.

Xiao Hei has the Nine Heavens Demon Halberd and that powerful physical body.

What about Mu Fusheng?

Instead, he took a lot of magic weapons to save his life.

And they who were in the critical mountain had also received the sound transmission from Hongying.

"Fu Sheng, let me introduce you to your second senior sister and third senior brother."

Chapter 419 The Mu family summons!

Critical outside the mountain.

All major forces are gathered here.

The foreign enemy is present.

All the forces in the realm are temporarily abandoning their previous suspicions and working together!

After all, this is the time for the survival of Borderless Domains!

The thatched cottage, also in Longqi City, gathered again.

After gathering together, it is natural to have a reminiscence.

"Is this the sixth junior brother?" Hongying looked at Mu Fusheng with a faint smile on her face.

Mu Fusheng immediately stepped forward and said, "I've heard that Second Senior Sister is equally talented and beautiful!"

Ye Qiubai: "..."

Shi Sheng: "..."

Xiao Hei: "..."

This guy is too good at licking!

Hongying couldn't help laughing and said: "We don't have to be so rigid between our brothers and sisters, we are all family."

Ning Chenxin greeted Ye Qiubai with a smile, then looked at Ye Qiubai and said, "Brother, I heard that the current situation is not very good?"

Hearing this, Ye Qiubai's face also became serious, and he said: "It's really not good. This evil race outside the region is a force in the mid-latitude realm. It is extremely powerful, and now it will break through the seal."

Hongying took over the words: "I also know some of the evil races outside the territory. At that time, they came to invade the Heavenly Spirit Realm."

"It's just that after invading once, I thought the opponent would continue to attack."

"But I don't know why, I have been very well prepared, but I haven't seen it for a long time."

Lu Changsheng, who was far away in the thatched cottage, suddenly sneezed!

rubbed his nose, wondering: "Why have you been coughing lately? Is someone scolding me or I have a cold?"

As the heir to the emperor of the Boundless Dynasty, Mu Fusheng naturally knows the affairs of the evil races outside the territory the most.

"The strength of the evil race outside the territory is far stronger than ours. In terms of peak strength, it has completely surpassed the peak strength of our human race!"

"Then what can we do now?"

Mu Fusheng shook his head and said: "There is no way, we can only prepare in advance to meet the opponent's attack..."

Everyone was silent.

Under the huge horizontal ditch of monastic civilization.

Really can only stick to it.

After all, the mid-latitude boundary and the low-latitude boundary.

Although there is only one word difference.

However, the civilizational gap among them cannot be filled by more than one word.

It's like a heaven!

It was at this moment.

An unexpected guest suddenly came to the residence of Ye Qiubai and others.

Seeing this person, Ye Qiubai said in surprise: "Uncle... oh no, Mu Cisheng, why are you here?"

It was Mu Cisheng who came.

Hearing that Mu Cisheng saw so many people here, he couldn't help feeling a little shy.

"The forces gather on the critical mountain, and the three major families are no exception..."

"I'm here because my father wants to see you..."

Mu Cisheng's father?

Ye Qiubai was slightly taken aback.

That is Zi Qing's father, who is now the head of the Mu family.

Hongying, Ning Chenxin and Mu Wan'er were a little confused.

Aside, after Shi Sheng explained the matter, he suddenly understood.

They also met Mu Ziqing.

also knew that the two had already secretly fallen in love.

Involuntarily, the eyes of the three of them looking at Ye Qiubai also became ambiguous.

"Brother, come on!"

"Don't lose the face of our thatched cottage."

Ye Qiubai blushed, pretended to cough, and said, "What are you talking about?"

"Okay, the elders are looking for me. Out of politeness, I still have to go. You can rest here now."

After speaking, Ye Qiubai and Mu Cisheng walked outside.

Along the way.

Ye Qiubai has also been inquiring about Mu Ziqing.

Mu Cisheng said helplessly, "Zi Qing didn't come."

"Under such circumstances, Zi Qing, as the person with the purest blood in the family, cannot let her come out to avoid accidents."

"Unless she fully activates the power of the bloodline and reaches the Dao state."

Ye Qiubai agreed: "That's fine, it's quite dangerous outside now."

Mu Cisheng was surprised and said, "You think it's good?"

"Doesn't this make it more difficult for the two of you to meet?"

Hearing this, Ye Qiubai shrugged his shoulders, and said indifferently: "It's not very difficult, just convince you and Zi Qing's father."

Although he didn't care about it in his words.

It even seemed a little heartless.

But Mu Cisheng could hear the firm determination in it.

Mu Cisheng was a little curious.

What is it that makes Ye Qiubai so confident.

You know, his father, who is now the head of the Mu family, Mu Libei.

It's not easy to talk...

As he spoke, he came to a temporary mansion.

The location of this mansion is very remote.

However, there are a lot of dark lines and formations around!

There is no guard at the door.

Mu Cisheng stretched out his hand and placed it on a piece of void in front of the gate of the mansion.

At this time.

It seems to have touched an invisible barrier.

Around Mu Cisheng's palm, there were circles of water ripples.

Immediately, an invisible barrier opened a gap.

The two of them entered it.

When Ye Qiubai stepped into the gate.

Immediately noticed that several powerful breaths locked on him at the same time!

kept looking at him.

This made Ye Qiubai frown slightly.

He didn't like the feeling of being watched.

but.

For the sake of the Ziqing family.

Ye Qiubai decided not to draw his sword.

After all, even if you draw your sword, you can't fight...

When the two walked through the rockery courtyard and came to a room.

There was a man at the door blocking their way!

Mu Cisheng frowned and said, "Liyi, Brother Ye was brought here by my father."

Mu Liyi, that is, Mu Cisheng's younger brother.

Although the strength and talent are not as good as Mu Cisheng.

But also a first-class genius.

The realm has now reached the early stage of Emperor Realm.

Mu Liyi slightly raised his eyebrows, looked at Ye Qiubai and said, "It's just this guy who wants to get Zi Qing's idea?"

"I'm a little overwhelmed."

Now, Ye Qiubai's realm is in the early stage of Emperor Realm.

And it's still an ordinary mortal bloodline.

It is different from the blood of the Mu family in Mu Liyi's body.

Naturally, I don't like it anymore.

What else did Mu Cisheng want to say.

But Ye Qiubai grabbed her.

Ye Qiubai shook his head slightly and said, "Don't worry, leave it to me."

"Hey..." Watching Ye Qiubai walk forward.

Mu Cisheng murmured helplessly in his heart.

"I'm not worried about you...it's my brother..."

As a critical friend, how could he not know what kind of monster Ye Qiubai is?

Even if he has broken through to the middle stage of Emperor Realm, he is probably not an opponent!

This is a monster that can fight against the late stage of the Emperor Realm in the Half Emperor Realm, and can join forces to severely injure the evil generals in the Distraction Realm, and has already reached the sword master realm...

According to Ye Qiubai's character, he doesn't seem very arrogant.

However, if you want to see Mu Ziqing, you have to take out something.

After all, he is now under the surveillance of the Mu family.

If you don't do something, how can you get respect?

not to mention.

Mu Li intends to be the junior of the family.

How could it be possible to stop him who was summoned by the head of the Mu family...

Obviously, this is a test...

Chapter 420 Mu family test

Well known.

Boundless Domain, on the bright side, as the ruler of the Boundless Dynasty, the strength is the strongest and the background is extremely sufficient.

is in charge of large and small resources in the borderless domain!

but.

But few people know.

The existence of the three ancient clans.

The three ancient clans existed longer than the Boundless Dynasty.

However, it is precisely because the three ancient clans are extremely low-key.

That's why many people don't know the existence of the ancient race.

However, only in terms of basic strength.

The strength of the three ancient clans is no worse than that of the Boundless Dynasty!

It is also supported by the blood of the ancient race.

The status of the three ancient clans cannot be shaken until now!

Breakthrough to above the Hedao Realm.

The bloodline will undergo a qualitative change, and the talent and strength will increase significantly!

At the same time, the blood of their ancestors will also be passed on to future generations.

This is why.

The three ancient clans did not allow direct descendants within the family to intermarry with outsiders.

so.

Usually the three major ancient clans marry each other.

The two bloodlines are fused together, and the offspring that combines the power of the bloodline is more powerful!

Because of this.

The relationship between the three ancient clans has always been strong.

Mu Ziqing.

As one of the three ancient clans, the Mu family, the existence with the purest bloodline power.

Naturally, intermarriage with outsiders is not allowed.

Ye Qiubai pulled Mu Cisheng away, and walked forward.

came to Mu Liyi.

Mu Liyi is also a direct descendant of the Mu family. Although the power of his bloodline is not as strong as that of Mu Cisheng and Mu Ziqing, it is still extremely pure.

"Give up, it is impossible for people in the three ancient clans to form Taoist couples with people who have no blood in the outside world."

Mu Liyi smiled sarcastically: "What's more, without the power of blood, how can you be my opponent in the same realm?"

People from the three ancient clans value the power of blood very much.

At the same time, be proud of it!

Ye Qiubai chuckled lightly, took out the Nine-foot Star Meteor Sword, and said with a smile: "The power of the blood is everything? That's not necessarily the case."

Heard the words.

A look of coldness flashed across Mu Liyi's eyes.

"Oh? It seems that you look down on the power of blood?"

"That's not true." Ye Qiubai held the Xingyu sword in his hand, and said lightly: "With the power of blood, it is true that the talent and starting point of ordinary ascetics are higher than that of ordinary ascetics."

But.

Is Ye Qiubai an ordinary person?

Hunyuan sword body.

The heart of the sword is transparent.

Strong road foundation.

and the realm of the Juggernaut!

Although it is said that the state in the early stage of Emperor Realm is a bit inconspicuous among the disciples of thatched cottage.

but.

At such a young age, he has already reached the realm of Juggernaut!

Talent on the path of kendo.

Ye Qiubai is extremely terrifying!

not to mention.

There is a master who is as open-minded as he is.

Is it ordinary?

The answer is naturally no.

Mu Liyi naturally understood the meaning of Ye Qiubai's words.

He's crazy.

But Ye Qiubai in front of him is also crazy!

"In this case, let's see if you have the qualifications to say this."

Say it.

Mu Liyi turned around and slapped Ye Qiubai with his palm!

The power of the blood of the Mu family.

is the blood of Bingling.

so.

When Mu Liyi slapped this palm, layers of ice formed on the palm!

The temperature of the surrounding space also began to drop suddenly.

Even, the Xiang Pond next to it was frozen at this moment, and the little fish that were swimming happily just now were frozen at this moment.

Ye Qiubai could also feel his body being affected by the biting chill around him.

The movement became a little uncomfortable and slowed down.

Feel this.

Ye Qiubai thought to himself.

The power of this bloodline really has some skills.

Immediately.

Ye Qiubai was not to be outdone, and stabbed forward with the Nine-foot Star Meteor Sword in his hand!

The sword intent is surging, and the sword field is unfolding!

A series of extremely sharp sword intents are spinning on the blade of Xingyun Sword!

"Is it the sword of the Starfall Sword Emperor?"

"I want to see how strong you can use this sword!"

Mu Liyi didn't slap Ye Qiubai's sword with his palm instead!

This moment.

The power of blood in Mu Liyi's body surged wildly!

There was a bone-piercing chill all over his body.

The strands of icy mist seemed to form an icy mist armor around Mu Liyi's body!

One time.

The Xingyun sword in Ye Qiubai's hand did not stab Mu Liyi's fleshy palm!

When facing Ye Qiubai.

Mu Liyi was not careless.

Superficially arrogant.

But when facing the enemy.

He doesn't take anything lightly.

For the sake of saving face for a while, after being careless and losing the competition, he lost face.

Which is more important.

Mu Liyi can be clearly distinguished.

Therefore, you must go all out against the enemy!

However, Rao is so.

The palm of his full power of blood, but it didn't freeze Ye Qiubai!

This made his eyes startled slightly.

You must know that the meaning of ice contained in his body, in the same realm, can be said to have no rivals.

Even if it is critical, it will still be frozen!

However, Ye Qiubai in front of him didn't seem to be affected by this chill.

Quite the opposite.

The sharp sword intent spouting from the tip of the sword is actually wearing down the ice fog armor on the surface of his body!

This person has some strength.

Mu Liyi's face was slightly solemn.

Withdrawing his hand in an instant.

Immediately, raise your palm high!

behind his body.

Streams of ice mist formed sharp, huge ice thorns.

With a wave of the palm.

then pierced towards Ye Qiubai!

Icicles streak across the space.

The air along the way was frozen into ice.

Ye Qiubai also withdrew his sword.

and point out.

The sword field is surging!

turned into a long river of sword intent.

Swept towards these ice thorns!

And this moment.

Ye Qiubai didn't intend to keep his hand.

Take a step forward.

The sword intent is surging wildly!

Under Mu Liyi's surprised face.

The long river of sword intent turned into a monstrous wave!

Crazy surge in this space!

"Sword Master!"

Mu Liyi's expression changed in shock!

For the extremely low-key three ancient clans, they rarely go out for training.

So, I know very little about the outside world.

Naturally, he would not know Ye Qiubai's reputation in the Borderless Domain.

certainly.

It was also because the Starfall Sword Sect and the Boundless Dynasty suppressed Ye Qiubai's news at the same time.

Therefore, in the outside world, only a few top forces know about Ye Qiubai's monstrous swordsmanship talent!

Sword Master Sword Intent.

Extremely sharp!

From Jianzong to Juggernaut, there are completely two levels.

Just moments!

The monstrous waves transformed by the sword master's sword intent smashed the huge ice thorns into pieces!

turned into ice crystals and walked in this space!

But.

The monstrous waves did not stop because of this!

Continue to sweep towards Mu Liyi!

Mu Liyi's face was horrified!

Facing this terrifying Sword Master Sword Intent.

He has no confidence to resist!

It is at this moment.

The door behind Mu Liyi suddenly opened.

From the room, a icy intent shot out.

The monstrous waves transformed by the sword master's sword intent instantly condensed into ice!
