

My Disciples 451

Chapter 451 Absolute suppression!

The rise of a force.

is often accompanied by the dead bones of countless forces.

The same is true whether it is the seven major forces headed by the Destiny Sect or the Boundless Dynasty.

And now.

The seven major forces in the mid-latitude boundary intend to occupy the entire low-latitude boundary.

Provide them with more resources and unexplored forbidden areas.

The purpose is to make their background and power stronger!

Looting.

Occupy.

is always the fastest way to achieve these.

Mu Zhengting and other suzerains of all forces know this.

So they have to blame the unreasonableness of the seven major forces, as well as the burning and robbing of the evil race.

They're just blaming themselves.

Why is the strength not strong enough?

In this monastic world where the weak prey on the strong and plunder each other.

If you are not strong, you will be beaten!

If you fall behind, you will be plundered!

This is an eternal truth.

"Aren't you going to surrender?"

He Wuwei pointed to the sky, above the sky.

Like a spotlight, the rays of Lieyang gather again in the sky.

As long as He Wuwei puts his finger down, the destructive beam of light will fall on the coalition forces in the borderless domain again!

At that time, no one can resist!

At the same time, the owner of Lie Sun Valley stretched out his hands.

Between his hands, a small sun burning with bright flames slowly emerged!
When this little sun emerged.
The entire borderless domain seemed to be melted by the scorching breath!
The ascetics with low and weak realms, under the emperor's realm, are unable to resist!
What's more, around the body, flames appeared out of thin air.
A breeze blows.
The fire is soaring!
Amidst the screams, he was burned to ashes alive.
Not even the soul left behind!
Just releasing it has such a terrifying effect, if this little sun falls down.
What kind of doomsday scene will it be?
On the other side, the coquettish woman of the Hehuan Sect twisted her graceful body.
Like a water snake, it swayed gently.
Wisps of pink breath, sprinkled in the army!
Any ascetic who inhales this pink breath.
All suddenly looked at the coquettish woman.
Eyes instantly turned blood red.
Constantly tearing at his own fleshy body.
Silent roar!
Even the flesh and blood were scratched out, and they didn't even know it!
Horror to the extreme.
The shots of three of them.
People in the borderless domain are already defeated.
Resist, what's the point?
These three attacks are not only crushing everyone's bodies.
is also crushing their hearts...
That indestructible city wall is about to be toppled by the gap in strength like a horizontal ditch...
For a while, despair filled the air.
It is also at this time that the contradiction will be infinitely magnified!

The inferiority of human beings will also be exposed without omission!

"Who proposed it, and still go to alienate the other party? Can such a strong man be alienated?"

"It's that Ye Qiubai! If it wasn't for his bad idea, the other party wouldn't be so angry. Now, he can only die!"

"The talent is good, what can a junior do! He has brought everyone to such a situation!"

"It's better to surrender from the beginning... At least you can survive!"

At this time, they forgot, when it was decided before.

I said that it is better to die than to be the slave of others!

Because just now, we are united, and we will never be slaves!

At this moment, they are all left behind!

One pass ten, ten pass one hundred.

Spread the word to the public!

Mu Zhengting above also heard these kinds of words.

Can't help but look rather ugly.

My heart is also a little weak.

Now, he has already tried his best to resist the opponent's aftermath.

No time to manage these words that are not good for Ye Qiubai!

Mu Ziqing's expression darkened even more.

The frosty eyes, at this moment, the chill blooms!

Ye Qiubai and others also heard these voices.

Dong Xiaoqin sneered at the side and said: "I can say sarcastic words, but I didn't know to stand up and make suggestions at the beginning!"

Hongying and the others also had ugly faces.

If it weren't for the current situation, they would not be allowed to make a move.

Otherwise, they would have slapped them to death!

Ye Qiubai's expression was calm, he shook his head and said, "There's no need to be angry, this kind of thing is already expected."

Ye Qiubai had already received this kind of treatment in his early years.

If you succeed, you will enjoy the treatment of the winner.

After all, history is written by the victors.

fail?

The wall fell and everyone pushed.

All unfavorable words and unfavorable things will come to him one after another.

"Think of a way first, how to resist!"

No matter how talented the talent is.

The current gap in strength cannot be made up by talent.

Most of them today are in the imperial realm.

As for the other party, it is obvious that the realm has surpassed the blood-changing realm!

Reached the realm of immortality above it!

Where blood changes, it is to change blood.

The evolution of a mortal body is to become a human immortal!

Arrived in the realm of immortality.

One person, one cent.

The difference is only one word.

How could it be a little bit less powerful?

Chu Guidao saw this scene, but did not help.

For him, as long as he doesn't attack people in the borderless domain, it is the greatest concern for Ye Qiubai.

It's just that even if he didn't make a move now, it might be the same.

"I don't know what that senior is thinking, the gap in strength is so big."

"This is no longer a test, is it?"

Chu Guidao was a little puzzled by the decision made by that senior.

However, when one reaches the realm of seniors, how can there be such a test that cannot be completed?

Could it be that this little guy, Ye Qiubai, has other cards in his hole.

Able to cross so many realms and compete against the immortals?

This means.

Does it really exist?

Mu Fusheng smiled wryly and said, "It's really impossible, I have to ask Master to take action."

Heard the words.

All the disciples in the thatched cottage nodded.

The current situation is beyond what they can solve.

Ye Qiubai also nodded solemnly, took out the sound transmission jade pendant, and was about to ask Lu Changsheng for help.

Above the sky.

A phoenix cry resounded throughout the Borderless Domain!

Beware!

The raging fire of Nirvana seemed to replace the scorching sun and illuminate the entire sky!

The original white clouds, blue sky.

Set off a fiery red!

The air is heating up rapidly!

The terrifying aura seemed to suppress the whole world!

Everyone could not help but look horrified and looked towards the sky.

Who is coming again?

People from the seven major forces.

He Wuwei, Chu Guidao always looked at the sky.

His face was horrified!

Who revealed this breath?

They have reached the realm of immortality.

In this world, there is no opponent at all!

can be now.

Just this terrifying breath made them unable to breathe!

It seems that the body is about to be crushed!

Xie Nan in the distance is also pale.

He felt fear.

Not just spiritual fear.

It is an absolute suppression of the blood!

You know, he has awakened the blood of the ghost clan!

The ghost race is a race in the high-latitude realm!

Now, it is suppressed by the power of blood released by the master of this breath!

Where is the sacred place?

Chapter 452 The Power of the Divine Phoenix!

The ghost clan is already of the blood of the superior.

There are very few races that can suppress the blood of ghosts!

Now, it is in this low-latitude boundary, a place full of ants.

Xie Nan felt it again!

The scorching breath rises in the entire borderless domain.

In Critical Mountain, all the trees ignited spontaneously out of thin air!

For a time, the critical mountain, the fire is monstrous!

Between the heaven and the earth, it seems that there is a sea of fire!

He Wuwei looked horrified, looked up to the sky, cupped his hands and said, "I don't know who it is, senior, can you come out and see?"

This degree of oppression has never been experienced even by the Sovereign!

Why did such strong people appear in such a barren land of monastic civilization?

Also came for the resources here?

He Wuwei first ruled out this idea.

How can a person who is already so powerful value the resources here?

At this level, it is natural to look down on these.

Why is that?

He Wuwei couldn't figure it out.

Others also couldn't figure it out.

Only Chu Guidao had a strange expression on his face.

Could it be that this is Ye Qiubai's backer?

This kind of breath, even in that senior, has never been felt before.

Everyone in the Borderless Domain looked terrified.

Could it be that other forces have come here?

Only Mu Zhengting, with a look of surprise on his face.

Looked at Caotang and others where Ye Qiubai was.

Is it impossible...

Ye Qiubai looked up into the sky, and said doubtfully, "This breath seems so familiar."

Hongying also nodded: "It's a bit familiar..."

Xiao Hei nodded with certainty, "I've definitely seen it."

Only Mu Fusheng was full of doubts.

Why do you all feel familiar?

Leave this to play xenophobia, right?

For a while, Mu Fusheng pursed his mouth in grievance.

Isn't it because I started late...

What a big deal.

And at this time.

A pair of fiery red wings covering the sky and covering the entire sky!

A phoenix burning with the fire of Nirvana spreads its wings and screams, rushing towards this direction!

See this scene.

Ye Qiubai said in disbelief: "This can't be...a bird?"

Hongying and the others were also dumbfounded.

Even Xiao Hei was slightly taken aback.

The little bird... is the legendary beast Phoenix?

Although I already guessed that the bird is definitely not easy.

However, what they didn't expect was.

Little Bird is so awesome?

Mu Zhengting and the others also looked horrified.

This kind of ancient mythical beast, phoenix, only lives in the rumors of ancient books.

Survive?

Moreover, it also appeared in front of their eyes?

He Wuwei and other strong men of the seven major forces also looked terrified!

As for the understanding of the Phoenix family, they naturally know more than Mu Zhengting and his low-latitude boundary.

The phoenix clan and the dragon clan disappeared as early as in ancient times.

The two clans of dragon and phoenix are like fire and water.

In ancient times, there was a battle between the dragon and the phoenix that attracted the attention of all the powerful!

In that battle, countless realms were shattered.

The space collapsed.

It has not been fully repaired until now!

There is still a remnant of the terrifying aura of the dragon and phoenix clan.

However, it was also because of that battle.

The dragon and phoenix clans were completely extinct and disappeared from people's sight.

However, now a phoenix appeared!

Moreover, this phoenix is also the blood of the king of the Phoenix family, Suzaku!

In this low-latitude boundary, there is Suzaku?

If you can subdue...

However, before he finished thinking, He Wuwei interrupted this dangerous thought.

The Phoenix family is the top race in the high-latitude realm.

Ancient beasts.

The existence of the top of the pyramid!

What's more, this is the king of the Phoenix clan, Suzaku!

Still want to subdue?

I'm afraid it's too long!

But.

How do they know.

The Suzaku in front of me is not Suzaku. Strictly speaking, it has become a Divine Phoenix!

"But, why did the ancient mythical beast Phoenix appear here?"

"This kind of legendary existence must not look down on the resources of our low-latitude boundary."

"Is it possible that there is someone she is looking for here?"

For a while, there were many discussions.

The seven major forces also stopped their attacks, and looked at the Suzaku with awe.

"How fearless is the younger generation of Destiny Sect? I don't know what the senior is doing here?"

However, Xiaoniao didn't pay attention to He Wuwei.

Instead, he directly looked down.

Everyone followed Shenhuang's gaze.

But found that the place she was looking at was where everyone in the thatched cottage was.

Dong Xiaoqin on the side was also slightly taken aback.

Looking at Ye Qiubai and the others, they saw that their faces had completely relaxed.

Could it be that... this ancient beast came to find Ye Qiubai and the others?

How can it be...

This is too ridiculous...

Chu Guidao smiled wryly.

It seems that I guessed it right.

Ye Qiubai really has a back hand.

But, this backhand is too...a bit awesome, right?

Actually directly moved out the legendary ancient beast...

I don't know what the senior thinks now that he knows...

Above, beyond the borderless domain.

A middle-aged man with a long sword on his back frowned as he watched this scene.

This... Ye Qiubai's background is so big?

It seems that I can't dig it out...

Originally he wanted to make a shot at a critical moment.

The purpose is to let Ye Qiubai experience this desperate scene.

By the way, test his character.

But now...

What kind of test is this?

His background seems to be better than his own!

Immediately, the man looked at the old man behind him and said, "You didn't know before?"

The old man smiled bitterly: "Master, I really don't know..."

The man sighed and said: "Go back first, this good seedling, I really don't want to give up."

After finishing speaking, he and the old man disappeared here.

At this time.

Little Bird looked at Ye Qiubai and said, "Who is bullying you?"

Heard this.

Ye Qiubai was taken aback, pointed in the direction of He Wuwei, and said, "Only them, that senior swordsman is one of our own."

The little bird nodded.

He set his sights on He Wuwei and the others.

The aura of the divine phoenix was suppressed towards He Wuwei and the others!

And this scene.

fell in the eyes of everyone.

The expression on his face is inexplicable horror.

He came to support Ye Qiubai and the others?

How could they have friendship with the legendary Phoenix family?

Mu Zhengting also smiled wryly in his heart.

It seems that I still underestimate the seniors.

Even had friendship with ancient mythical beasts...

He Wuwei and the others were pale, locked by this breath, and directly suppressed!

Knees **** the ground!

But, what dignity do you care about now?

Immediately cupped his fists and said: "Senior, I wait for people who don't know that there are seniors here, so I don't intend to offend!"

"I'll leave now, please let us go!"

The little bird didn't seem to hear it.

The flaming red wings that covered the sky and the sun waved gently.

Instantly!

The fire of the Divine Phoenix swept across the six people!

He Wuwei and others were shocked when they saw this!

Want to take action to resist!

However, just after the defensive shield was released, it was shattered by the terrifying blood aura!

The fire of the Divine Phoenix directly burned the six people out!

The soul was also burned into nothingness!

And do it all.

Divine Phoenix's body shrinks.

It turned into a bird again, and landed quietly on Ye Qiubai's shoulder.

Chapter 453 The Last Enemy

Everyone's faces were full of horror.

The legendary Phoenix family.

After the Dragon-Phoenix War, they disappeared. At that time, it was thought that the Phoenix Clan and the Dragon Clan had been wiped out in that devastating war.

But now, this ancient mythical beast that survived in ancient books and legends.

appeared in front of their eyes.

With just one blow, the six strong men in the Immortal Realm were knocked out.

In their view, these six powerhouses are unattainable and irresistible.

In front of the Divine Phoenix, she is vulnerable!

With one blow, all souls and souls will be wiped out!

In the distance, Xie Nan looked at this scene with an extremely ugly expression.

Pupils shrank sharply.

No wonder the power of his ghost blood was suppressed.

And it is absolutely suppressed!

If the opponent is from the Phoenix family, then there is no surprise.

After all, the blood of the dragon and phoenix can be said to be at the top of the pyramid.

Nothing more.

Now this Divine Phoenix landed on Ye Qiubai's shoulder?

This Divine Phoenix actually has something to do with Ye Qiubai and the others?

I only heard Ye Qiubai ask curiously: "Senior, why are you here?"

The little bird said softly: "Come here to find the things left by the clan."

"Phoenix family? Do you need our help?"

Little Bird shook his head, "Don't worry, we've found it."

"I wanted to go back directly, but then I felt your aura, so I came over to take a look."

At this moment, Mu Zhengting and all the powerful experts from the Boundless Realm came before Ye Qiubai.

Bowed to the bird on his shoulder and cupped his fists: "Thank you for saving me, senior."

Little Bird said lightly: "If you want to thank, thank these little guys, I just help them."

Mu Zhengting said with a smile: "Naturally I have to thank you. I don't know if there is anything senior is missing. As long as we have it, we can find it for the senior, so as to repay the great kindness of the senior."

Little Bird said bluntly: "I don't like your things, and you can't find what I want."

Forehead...

Mu Zhengting and the others all looked embarrassed.

Sure enough, the strong is the strong!

Speaking is straightforward!

But then again.

Beside that senior, there is actually this Suzaku?

If so, what kind of identity is that senior?

What kind of realm has the strength reached?

They can't guess.

Mu Ziqing looked at Ye Qiubai and blinked playfully.

Ye Qiubai returned his gaze.

Mu Libei on the side naturally sensed that the two were airing their emotions.

Can't help but feel a little depressed.

However, I recalled what Ye Qiubai said to him before.

Is the power of blood really that important?

A huge ancient clan still needs to rely on its own daughter to tide over the current crisis?

At this time, Jian Wufeng said from the side: "Patriarch Mu, don't be rigid, look at the young couple, how loving they are? Don't you have the heart to beat the mandarin ducks and make your daughter sad?"

Mu Libei's brows twitched, if it wasn't for the senior Shenhuang, he would be right in front of him.

He has long drawn his sword against Jian Wufeng.

I really can't stand this disrespectful old man!

Jian Wufeng continued to laugh and said, "Although Qiu Bai doesn't have the power of blood now."

"However, with his monstrous talent and such a strong background, it's not easy to exchange blood?"

"I'm afraid the power of the bloodline will be many times stronger than that of your Mu family!"

"At that time, it may be that your girl will not be able to climb high!"

Mu Libei stared after hearing this, and said: "He dares!"

Everyone couldn't help looking at Mu Libei.

Question marks all over his face.

What dare you?

Ye Qiubai asked with concern: "Father-in-law, what happened?"

Hearing this, Mu Ziqing's face turned red, like a hundred flowers blooming, extremely gorgeous.

Mu Libei's face twitched.

Immediately, he snorted coldly and said, "Nothing."

After hearing this, Ye Qiubai smiled.

This time, he called Mu Libei's father-in-law, and the other party did not refute.

Jian Wufeng and Mu Zhengting also looked at each other and smiled.

It seems that this matter has also been completed.

"Congratulations, your Mu family will skyrocket in the future."

Jian Wufeng also smiled and said: "Don't forget our Starfall Sword Sect, if I hadn't been there to remind you to seize the opportunity, you might still be stubborn and miss this opportunity to take off!"

"... old man, do you want to fight?"

"Oh, I'm still afraid that you won't succeed?"

Mu Zhengting and other strong men covered their heads.

Senior Suzaku is still here, can you stop being so embarrassing?

At this time.

Little Bird said: "Do you want me to help solve the forces behind them?"

Mu Zhengting heard it, and took the words: "Senior, they are the second-rate top forces in the mid-latitude boundary. Let alone the long distance, they have to pass through the latitude barrier, and their forces are also..."

Little Bird didn't answer, but looked at the people in the thatched cottage.

For her, it's just a latitude barrier, and she can cross it casually.

As for the second-rate top forces in the mid-latitude boundary?

Why should such a level of power be taken seriously?

The fire of Nirvana was burnt out.

Ye Qiubai, Hongying Ning Chenxin and the others looked at each other, then smiled.

Everyone has the same choice.

Shake your head at the same time.

"No need, let us solve it ourselves."

"Senior still needs to take action on this matter?"

The little bird's eyes were also full of appreciation.

Received help from others.

Level up the thorns and roadblocks on your future road.

A map of Pingchuan.

No hindrance.

This kind of road is smooth and fast.

But you can see the end at a glance.

However, you can walk your own way by yourself.

Although there are many bends and thorns all over the way, there may be bruises all over the body.

However, this road has no end in sight.

Can continue to climb up to the peak of Xianlu!

Why didn't Lu Changsheng make a move?

is also for this reason.

Definitely not because I want to be lazy!

real!

"When are you going back?"

Ye Qiubai smiled and said: "The matter here is about to be resolved, and it probably won't be long."

"Okay, then I will wait for you for a few days."

After finishing speaking, she stood on Ye Qiubai's shoulders, closed her eyes, and seemed to fall asleep.

At this time, Chu Guidao in the sky fell down.

I saw him wryly smile and said: "The forces behind you are so powerful, is there still a need to separate them?"

Ye Qiubai spread his hands and said, "I didn't know that senior would come."

Chu Guidao shook his head helplessly, and then said, "In that case, I'm leaving too. Soon, you will also come to the mid-latitude realm, where the cultivating civilization is even more exciting."

"must."

After finishing speaking, Chu Guidao turned into a beam of light and disappeared in place!
aside.

Mu Zhengting said with a smile: "Ye Qiubai, you are the great heroes of this war. At that time, I will personally award you, so that people in the borderless domain will remember your contribution!"

Ye Qiubai shook his head and said: "That's unnecessary, but the matter is not over yet, have you forgotten something?"

Mu Zhengting and the others were slightly taken aback.

Immediately, I suddenly realized.

Everyone's eyes are looking outside the city, in the direction of Critical Mountain!

There is another enemy, the evil race!

Chapter 454 Return to thatched cottage

yes!

There is one last enemy left.

Extraterrestrial Evil Race!

Everyone looked in the direction of Critical Mountain.

I saw that those evil kings and generals were all in the critical mountain, with terrified faces!

And what about Xie Nan?

Long gone.

It is estimated that seeing the situation is not good, he fled here immediately.

Why didn't you bring the evil race's troops?

There are too many evil races here.

Fleeing together will only attract the attention of the coalition forces in the borderless domain.

So, Xie Nan ran away by himself.

The extraterritorial evil race that lost their commander.

Morale plummeted!

And saw the previous scene.

The opponent actually has a divine phoenix as an assistant?

How can I fight this?

Now, the little bird is standing on Ye Qiubai's shoulder.

The closer he gets, the stronger the blood suppression will be!

Even if the real body is not manifested, there is no burst of strength.

There will still be this great oppression.

This is the absolute suppression of the blood!

All the evil kings and evil generals stood in place, their legs seemed to be nailed into the ground, unable to move!

I can only watch the coalition forces of the human race rush forward and kill them mercilessly!

And the other side.

Outside the borderless domain, Xie Nan's expression turned ugly.

It's not just the arrival of the seven major forces that disrupted his plan!

After that, the Divine Phoenix descended, completely turning the situation around.

In this low-latitude boundary, how could there be legendary ancient beasts appearing?

The civilization of Taoism is low.

Reiki is poor.

Resource-poor.

How can such a place satisfy the legendary beast?

Could it be that there is an unknown treasure land in this low-latitude boundary that has not been discovered?

thought of this.

Xie Nan did not return to the mid-latitude boundary immediately.

Instead, he took out the cross-domain sound transmission jade pendant, and passed all the information here back to the evil race.

began to travel in the low-latitude boundary.

If something is discovered, there will be a qualitative change for him, or the evil race!

...

After seven days.

All forces gathered in the boundless imperial city!

Mu Zhengting will preach the merits and demerits of those who have contributed to this war, and award them with rewards!

When it comes to a group of people in thatched cottage.

But found that no one was on stage.

Even Mu Fusheng has disappeared.

Mu Zhengting looked embarrassed: "..."

These brats... didn't know to say something before they left?

Everyone couldn't help laughing.

However, I am grateful to a group of people in the thatched cottage.

If it weren't for them, I am afraid that the borderless domain or the entire low-latitude domain would be reduced to the other party's slaves.

And those who spoke harshly to Ye Qiubai before.

is ashamed.

Thinking about those **** words I said before, I wish I could slap myself...

...

At this moment, the protagonists of this ceremony have already embarked on the journey back to the thatched cottage.

The bird could have just taken them back.

However, when he said this sentence.

Little Bird glanced at Ye Qiubai contemptuously, and said, "You guys still want to ride on this girl's back? Dreaming?"

Ye Qiubai: I'm taking the liberty, sorry!

So, I had to take the space ship donated by Dong Xiaoqin and rush back to the thatched cottage.

Five days have passed.

They returned to the wild realm.

The return of everyone did not attract the attention of other forces.

quietly returned to the thatched cottage.

At the moment.

Lu Changsheng was taking a nap.

Liu Ziru was tiptoeing beside him, vigilant around, for fear that there would be any movement!

When he saw Ye Qiubai and others come back.

His expression changed immediately.

Voice transmission shouted: "You guys! Take your steps lightly! Use your aura to block the wind! Don't make any noise!"

Ye Qiubai was taken aback for a moment.

What do you mean?

Liu Ziru is suffering in her heart!

How is he doing these days!

Senior's getting up is really too angry, I can't stand it anymore!

The little bird glanced at Liu Ziru, and told what happened before.

Ye Qiubai and the others couldn't help laughing.

Liu Ziru's expression changed.

What a joke! Be quiet!

However, the next moment, Liu Ziru's body became stiff and her face changed drastically.

Big cold sweat dripped from Liu Ziru's face.

"What's going on? Is anyone here?"

Liu Ziru immediately ran at full strength and escaped from this place of right and wrong!

Ye Qiubai watched this scene.

What exactly did Master do...to make Senior Liu so scared...

Lu Changsheng saw Ye Qiubai coming back at this moment.

Suddenly his eyes lit up.

Come forward quickly.

"You brats, are you finally willing to come back?"

Immediately.

Whether it's Ye Qiubai, Hongying, Ning Chenxin, Xiao Hei, Shi Sheng, Mu Wan'er, or Mu Fusheng, they are all moved.

It turns out that Master still misses them all the time!

Just when I was about to laugh and run over to hug Master.

Lu Changsheng smiled and said: "Hurry up! Ye Qiubai, go and cook some special dishes!"

"Hongying, make fish soup!"

"Chen Xin, go cook!"

"Wan'er, go and get out the baijiu I brewed!"

"The rice cooked by Liu Ziru's comparison is too unpalatable! I'm tired of eating the ones bought from outside!"

"Hurry up and improve the food for the teacher!"

Fellow: "..."

Ganqing is not thinking about them, but thinking about the food they cook!
very good.

This is very respectful.

At least there is no possibility of being taken away...

Mu Fusheng was confused, scratched his head and said in a daze, "What is this all about?"

Mu Wan'er covered her mouth with a smile and said: "The tradition of the cottage, it doesn't matter, you will get used to it soon, and you will even integrate into it soon."

Mu Fusheng: ? ? ?

At this time, Xiao Hei scratched his head and smiled foolishly: "Master, shall I also help my brothers and sisters?"

Hear this sentence.

Lu Changsheng's expression changed instantly, he pointed at Xiao Hei, and shouted, "Stand there for me!"

"You are not allowed in the kitchen!"

Ye Qiubai also quickly smirked and said: "Yes, yes, junior brother, you just wait here to eat, and it will be ready soon."

Hongying said the same way: "We are not tired, don't worry about us."

Mu Fusheng pointed to Xiao Hei and said, "Why is Brother Xiao Hei treated differently?"

"Didn't you say that I will also integrate into it soon?"

Mu Wan'er didn't know how to answer for a moment...

Can she say it's because Xiao Hei's cooking is really unpalatable?

After drinking and eating.

Lu Changsheng patted his stomach in satisfaction.

"Finally had a good meal."

"It's better to be apprentices!"

Ye Qiubai and others: ...

I'm afraid it's only at this time that you will miss us!

"By the way, how long will you stay when you come back this time?"

Ye Qiubai thought for a while, and said, "I came back this time because I want to see Master..."

"Stop, tell the truth."

"...The truth is, look at how far the forces we have formed have developed. After all, as suzerains, we can't always be the shopkeepers."

"Of course I have to take care of it."

Before leaving this world.

Ye Qiubai and Ning Chenxin have established their own forces here.

are Qingyun Sword Sect and Study Room respectively.

Chapter 455 Return of the Legend

The disciples of the thatched cottage returned to the wild world.

Now, it has spread throughout the Missionary College.

Qin Tiannan also came to the thatched cottage in person, looked at Ye Qiubai and the others in front of him, and said with a smile, "They're all back?"

Ye Qiubai and the others clasped their fists together and said, "Dean."

Seeing that the hearts of the people did not become arrogant with the change in strength, Qin Tiannan couldn't help but nodded in relief.

"Don't be so respectful, I can't even see through your strength now."

"I'm afraid, I am no longer your match."

Ye Qiubai smiled and said: "No matter how strong you are, you are still our dean."

"I love to hear that."

Qin Tiannan pointed at Ye Qiubai, and then looked at the unfamiliar face behind him.

"Huh? This is?"

Lu Changsheng said: "The new disciple of the Boundless Domain, the prince of the Boundless Dynasty."

Qin Tiannan was shocked.

The prince of the boundless dynasty that ruled the strongest realm in the low latitudes?

However, with Lu Changsheng's strength, it is more than enough to be a disciple.

"I said, Uncle Qin, you're not just here to say hello, are you?"

Hearing this, Qin Tiannan glared at Lu Changsheng, and said, "You are the only one who is smart? Who told you to be lazy every day and not give lectures to the students of the academy?"

Lu Changsheng lay on the recliner, poking between his teeth with a toothpick.

Although, there are no vegetable leaves.

However, after eating, I want to poke it with a toothpick.

Old habits cannot be changed!

"If I go to teach them, wouldn't that be an overkill?"

Hearing this, everyone couldn't help laughing.

When he first entered the thatched cottage, Lu Changsheng often had a sentence on his lips.

I don't even know how to practice Taoism myself, so don't mislead your disciples.

But now, it has become this speech.

Qin Tiannan shook his head helplessly, and said, "I came here because I want Ye Qiubai and the others to preach to the students in the academy."

"First, with their strength, they are more than enough to preach to the college students."

"Secondly, it is also to motivate the students."

"After all, the deeds of Qiu Bai and the others have already succeeded you, the legendary figures in the entire wild world!"

"And, for this sermon, the other three colleges, including the main college, will send people to attend."

Lu Changsheng curled his lips and said, "It doesn't matter if I go."

This man... is hopeless.

"Then Qiubai, are you willing to go?"

Ye Qiubai looked at each other, then cupped his hands and said, "I'm willing to go."

...

One time.

All the disciples of the thatched cottage, the news of their return to the wild realm has spread.

All the ascetics in the realm were shocked.

Those legendary thatched cottage disciples are back?

"I don't know how strong they are..."

"I don't know, but when they left, they had already reached a very high level."

"I heard that they went to the borderless domain? It is the strongest domain in the low-latitude domain, and its strength is extremely high!"

"Could it be because you didn't do well and came back?"

"It's useless to say these things, you will know when the time comes."

At this moment, the ascetics in the entire barbaric realm are rushing towards the southern region.

They all wanted to see if those legendary characters had become stronger now, or had they come back in disgrace.

Hidden Sword Sect.

Suzerain Lin Rufeng played chess with Liang Feng in front of the main hall.

"Ye Qiubai is back, why don't you go and see?"

Just listen to Liang Feng cursing and saying: "Look at the hammer, that fellow Ye Qiubai founded Qingyun Sword Sect, but in the end he became a hands-off shopkeeper, making me and Chao Mian very busy."

After all, after Ye Qiubai became the number one swordsman in the wild realm.

Founded Qingyun Jianzong.

Every day, Qingyun Sword Sect is crowded with people.

All want to worship under the Qingyun Sword Sect!

Not only because the thatched cottage does not recruit disciples, but also because of Ye Qiubai's legendary reputation.

The title of the number one sword cultivator makes sword cultivators all over the world flock to him!

Lin Rufeng smiled, and said: "Okay, let's go, you probably want to compete with him too, right?"

"However, now you are probably no longer his opponent, can you catch a sword?"

Hear here.

Liang Feng stared.

"Who do you look down on! I'm going!"

After finishing speaking, Liang Feng got up and left the place, leaving only one sentence: "Master, save the chess game, wait for me to come back and play!"

Hearing the words, Lin Rufeng couldn't help shaking his head, and scolded with a smile: "What are you keeping? You've already lost."

After speaking, Bai Zi fell.

Heizi lost.

On the other side, the Xin family, the secret tribe in the southern region.

A woman in red is covered in flames all over her body!

Get out of the room.

"Red Clothes, did you succeed?"

Xin Hongyi nodded slightly and said, "Successful."

The current Xin Hongyi has lost the greenness of a few years ago.

More mature and beautiful.

Known as the number one beauty in the Southern Region!

At the same time, it shines in the Tibetan Taoist Academy.

Da has signs of being the leader of the new generation of Tibetan Taoist Academy.

Has reached the early stage of Qianyuan Realm!

Since Hongying has become the way of heaven in this world.

Reiki recovery.

The strength of all ascetics has improved more rapidly.

"Ye Qiubai is back, do you want to go and see?"

Hearing this, Xin Hongyi's pupils shrank slightly, then she nodded and flew out silently.

The middle-aged man shook his head helplessly.

Silly boy...I'm afraid you can't catch up with that person's back.

Just a sigh.

There is no fate...

Qingyun Sword Sect.

Jian Chaomian is dealing with sect affairs.

Yun Jing pushed open the door and walked in, smiled and said, "Aren't you going to take a look?"

Jian Chaomian smiled wryly and said: "There are too many things in the sect, I am afraid there is no time."

Yun Jing couldn't help laughing dumbly.

Since Jian Chaomian and Liang Feng helped Ye Qiubai take charge of Qingyun Jianzong.

There are so many things to do every day.

"You go, I will help you deal with it."

Jian Chaomian said in surprise: "Then thank you, Master!"

Immediately, it disappeared in place!

"Stinky boy! Have you thought about this for a long time?"

...

A deep mountain in the northern region.

There is a nunnery.

A woman with a bald head but still unstoppable elegance knelt in front of the Guanyin statue.

Seems to have thought of something.

The woman smiled lightly and murmured in a low voice: "You're back? That's great."

It's just that I don't know who to say this sentence to.

Maybe, only the woman knows...

...

I heard the news that the disciples in the thatched cottage were going to preach.

The wilderness is surging.

All rushed towards the Tibetan Taoist Academy!

Southern Region, the inn next to the Tibetan Taoist Academy is already full!

The entire Southern Region was completely surrounded!

Even, the mountain gate outside the Tibetan Taoist Academy was already surrounded by great figures from various sects.

As a last resort.

The elders can only come out to maintain order.

However, no one will make trouble here.

After all, there is a thatched cottage here.

Savage frontier.

Who hasn't heard of thatched cottage?

Who dares to make trouble here?

I'm afraid I'm getting impatient...

The matter of preaching began officially.

Chapter 456 Academy Preaching

Above the square.

There are no empty seats.

There is no seat, just stand aside over there.

Even the suzerains of other sects, Tianjiao, are like this.

Nobody complained.

It's not because of the intimidation of the name of thatched cottage.

But out of respect for legends!

Everyone is quietly waiting for the appearance of the legends.

At this time.

A bell rang through the Tibetan Taoist Academy!

Everyone is refreshed.

Looking up excitedly!

Six rainbow lights swept out from the direction of the thatched cottage, across the sky, and came to the sky above the square in an instant.

Everyone looked up.

I saw Ye Qiubai, Hongying and other thatched cottage disciples appearing in the sky.

Xin Hongyi looked at Ye Qiubai in the sky, and couldn't help but smile.

Sure enough, it was too late to catch up.

Before, I could see through realms.

But now, I can't see through its depth at all!

However, Xin Hongyi's heart is full of fighting spirit!

In her heart, Ye Qiubai is a high mountain.

An unattainable, towering majestic mountain range.

And she is a climber.

One day, she will cross the mountain!

The chances are slim?

Or is it impossible?

It doesn't matter, Xin Hongyi just wants to climb up and see what the scenery on the top is like.

Liang Feng and Jian Chaomian stood together, arms crossed.

His face was serious.

"Have you seen that kid's realm?"

Jian Chaomian shook his head.

"Say, do we want to go together at that time?"

Jian Chaomian still shook his head.

"Brother Chao Mian is still high-level, this kind of thing can only be one-on-one! Otherwise, it will insult the demeanor of my generation of swordsmen."

Jian Chaomian opened his mouth, then closed it again.

"What do you want to say? It's okay, speak up!"

Jian Chaomian opened his mouth and said: "I mean, the current Ye Qiubai, even if the two of us strike together, I'm afraid we can't stop his sword."

Liang Feng's face froze.

Looks like... yeah...

On the other side, Qin Tiannan and the president of the General Academy stood together.

"Qiubai's strength is getting higher and higher, and they seem to be doing well in the borderless domain."

Qin Tiannan laughed loudly and said, "Then don't you see where the students are from."

The dean of the General Academy gave Qin Tiannan a white look, and said, "It sounds like you taught it."

"Is Lu Changsheng from our Southern Tibetan Academy of Taoism?"

"..."

"Are Ye Qiubai and the others Lu Changsheng's disciples?"

"..."

"Then they are not equal to our college students?"

Seeing Qin Tiannan's arrogant look like a dead pig who is not afraid of boiling water.

The dean of the General Academy suddenly wanted to hit him...

...

Looking at the packed crowd below.

Ye Qiubai smiled, and said: "We don't have much to say, there are too many people, anyone who wants to challenge us, can come."

"Everyone can learn from the discussion and see what they have learned."

And Ye Qiubai's words.

Make everyone boil!

Have the opportunity to compete with the disciples of thatched cottage, those legendary beings?

This is a good opportunity!

Suddenly, countless people started shouting, wanting to get Ye Qiubai's attention!

At this time.

A young man rises up with a sword!

came to the opposite of Ye Qiubai.

Everyone was taken aback when they saw this young man.

"It's Zhang Yi! The Tianjiao of the General Academy of Tibetan Taoism Academy, it is said that his talent is extremely evil!"

"Well, that's right, it is said that he went to Yinjianzong and broke Liang Feng's initial record in the sword mound."

"He faintly has the title of the most talented swordsman among the younger generation."

The discussion below.

Everyone in the thatched cottage heard it too.

Ye Qiubai complained in his heart.

The younger generation?

We are not young anymore?

Immediately, he looked at Zhang Yi in front of him.

Water overflow?

Kendo talent has also reached the half-step Jianzong.

This talent is really good.

At this time, Zhang Yi held his sword and said, "Senior Ye, I still hope to enlighten you."

Ye Qiubai nodded, but did not take out his sword.

Zhang Yi frowned and said: "Senior Ye, although your strength is much higher than mine, please draw your sword."

Hearing this, Ye Qiubai smiled.

"What do you think is a sword?"

Zhang Yi was slightly taken aback.

Ye Qiubai continued: "Swords are everywhere."

"A leaf and a tree can be a sword."

"A wisp of wind can also be a sword."

"I don't have a sword in my hand, but you should be careful."

After speaking, Ye Qiubai pointed out.

In an instant, a sword intent directly penetrated a high mountain in the distance!

Above the high mountain, there is a huge hole!

Everyone saw this scene.

All looked horrified.

Without a sword in hand, is it possible to reach this level?

Thinking back to what Ye Qiubai said.

The sword cultivators below couldn't help but fell into deep thought.

Zhang Yi also clasped his fists and said: "I am superficial, Senior Ye, please give me more advice."

Immediately, he held the sword and slashed towards Ye Qiubai!

Suddenly, swords flashed everywhere!

It was like turning into a siege net, enveloping Ye Qiubai in it!

A series of sword intents, extremely gorgeous!

Ye Qiubai smiled lightly.

One point out.

Behind him, the sword intent on the left and right did not care.

This finger touched a sword intent.

In an instant!

This magnificent sword intent surrounded the net.

directly turned into nothingness!

Dissipated in this world!

"Fashionable."

"The sword is not a tool you use to show off, but a powerful weapon you rely on to survive and walk in the monastic world."

"Too much sword intent wasted, condensed into one sword, the power is even greater."

Zhang Yi nodded after listening.

Put away your mind.

The sword intent was condensed in the tip of the sword, and then pierced towards Ye Qiubai again!

And this time.

Does not have that flashy sword intent.

Only that sword!

With a sharp intention, he pierced towards Ye Qiubai!

Seeing this scene, Ye Qiubai smiled and nodded.

Good understanding.

One finger blocked the sword intent.

Zhang Yi also felt the great increase in the power of his sword intent.

At the same time, even the realm of swordsmanship broke through at this moment!

The sword intent is surging!

Turning into rivers and rivers is the realm of Jianzong!

When everyone saw this scene, they couldn't help but look horrified!

Just such a pointing, let Zhang Yi's kendo realm break through?

Is this the legendary figure...

And someone saw this scene.

"This is what you said, running back from the borderless domain?"

"With this strength, I am afraid that it is also famous in the upper world!"

Zhang Yi opened his eyes and said with a serious face: "Thank you, senior!"

Immediately, he seemed to think of something, knelt down on the ground, and said, "I hope that senior will accept me as a disciple!"

Ye Qiubai was taken aback.

Then he smiled wryly and shook his head, saying: "I am also on the way to explore the way of swordsmanship, so I will not accept disciples."

Zhang Yi smiled wryly, then nodded.

Go down.

after.

Several sword repairmen came to fight again.

Ye Qiubai also gave advice.

The students below, as well as the suzerains of the various sects, all benefited a lot!

This is the realm of kendo.

Really deep!

It also made everyone realize it again.

The name of legend is well-deserved!

The sermons of the disciples in thatched cottage are over.

Liang Feng and Jian Chaomian also came to the thatched cottage.

"Sovereign, come to discuss with us?"

Chapter 457 Changes in the study

After the establishment of Qingyun Sword Sect.

Ye Qiubai handed over the affairs of the sect to Jian Chaomian and Liang Feng.

This can make the two of them miserable.

Originally chic and unrestrained, you can feel the way of swords at any time of the day.

But now, more than half of the time is spent on the daily affairs of Qingyun Jianzong.

After all, Ye Qiubai is a legendary figure in the wild world.

The Qingyun Sword Sect he founded naturally has a huge crowd.

Every day there are people who want to come to apprentice.

Someone wants to visit.

Some also want to see what kind of secrets Ye Qiubai has left behind.

There are all kinds of things!

This made the two of them have been on fire for many years!

Liang Feng said with a dangerous face: "Later, you suppress the realm to the same realm as us!"

Now, both Liang Feng and Jian Chaomian have broken through to the late stage of False God Realm.

Became one of the top powerhouses in the barbaric realm.

After all, the talents of the two are not weak at all, and they were both the arrogance of various sects before.

A character who is called an evildoer by the world.

It's just that Ye Qiubai and the disciples in thatched cottage were too popular at that time.

Overwhelmed all the evildoers in the wild realm.

Ye Qiubai also knew he was wrong, scratched his head in embarrassment, and said with a smile: "All right, all right, I'll follow your orders. Where should I fight?"

Where to play?

I saw Liang Feng and Jian Chaomian pull out their long swords at the same time, and flew towards Ye Qiubai!

Ye Qiubai smiled.

He took out a wooden sword in his hand, and at the same time suppressed his realm to the late stage of the False God Realm.

Did not display sword intent and sword domain.

Just raised the wooden sword in his hand, and slashed out with an ordinary sword.

Jian Chaomian and Liang Feng looked at each other.

Knowing that Ye Qiubai was letting them.

However, he did not care about this.

The two of them are also sword cultivators after all.

Everyone understands a truth.

In front of a truly powerful swordsman.

Even if the realm is suppressed, even if the sword intent is not used.

His sword can still mobilize and suppress the opponent's kendo!

The swords of the two men carried a raging sword intent!

The sword intent of the Great Sword Sect, at this moment, turned into rivers of heaven and earth, surging and surging.

Slashed on the wooden sword in Ye Qiubai's hand!

But.

The wooden sword was not broken directly because of this.

Like the hardest black iron in the world, it doesn't move at all!

Can't be cut, can't be pierced!

In the eyes of the two, Ye Qiubai at this moment is like an insurmountable mountain.

Awe-inspiring!

Ye Qiubai smiled and said: "Not bad, the progress is quite fast."

Immediately, the wooden sword in his hand shook slightly.

Still no sword intent was revealed.

However, the expressions of Jian Chaomian and Liang Feng suddenly changed at this moment!
this moment.

The sword in Ye Qiubai's hand, or his kendo.

It seems that the power of heaven and earth has been invoked, and the leaves, flowers and grass seem to have turned into extremely sharp swords at this moment.

Keep slashing at the swords in the hands of the two!

Jian Chaomian and Liang Feng's expressions changed slightly, and they retreated at the same time!

Obviously there is no sword intent.

The ordinary wooden sword in Ye Qiubai's hand seems to be able to cut through all illusions in the world.

Invincible!

Nothing is cut.

At this time, Ye Qiubai was holding the sword in his right hand, with his left behind his back, and his steps were light.

Rush towards Jian Chaomian and Liang Feng like a rabbit!

Flick through space.

Dragging sword shadows!

For a moment, the two of them only saw a three-foot green front turning into a rain of swords and sweeping towards them!

Jian Chaomian and his face changed in shock.

Then he gritted his teeth and slashed forward!

But.

But still being annihilated by the monstrous sword rain.

Finally turned into a sword.

points to two people.

Ye Qiubai put away the wooden sword and said with a smile, "Is it alright?"

Watching this scene, Jian Chaomian and Liang Feng looked at each other and smiled wryly.

Still so perverted...

The strength gap between them has become wider and wider.

The back is no longer visible.

To be honest, it is impossible not to feel decadent.

However, it is this feeling that drives the two to practice crazily.

Even if the gap is huge, it cannot be made bigger and bigger.

Try to follow Ye Qiubai's back.

is their goal.

Ye Qiubai put away the wooden sword and said, "Come on, it's impossible to come here just to be tortured, right?"

Speaking of which.

Both of them couldn't help rolling their eyes.

Liang Feng said angrily: "Did you create the Qingyun Sword Sect?"

"Yes what's the matter?"

"Then you set up the acceptance of disciples once every three years, right?"

Ye Qiubai was taken aback when he heard the words, then scratched his head with a wry smile and said, "Today is the day to accept disciples? I really forgot."

Hongying and the others on the side couldn't help laughing.

This is still a suzerain.

Hongying at least finished handling everything.

The Yunhuang Empire left when it was on the right track.

And what about Ning Chenxin?

It is the Confucianism and Taoism that ruled the barbaric realm and the heavenly realm.

And Ye Qiubai.

He even forgot the rules he set.

Lu Changsheng also covered his face, and said, "Don't call him my apprentice in the future."

Forehead...

Master, you seem to be more than that, right?

Of course, it is impossible to say such words in front of Lu Changsheng.

Otherwise you will have to be beaten again.

Liu Ziru is a good example.

...

this day.

It is the time when Qingyun Jianzong recruits disciples once every three years.

It was also the first time since Qingyun Sword Sect was founded.

As a legend in the wild world, the sect founded by Ye Qiubai, a disciple of Caotang Lu Changsheng.

He is the number one swordsman in the barren realm.

Now, Ye Qiubai is back.

The sermon at the Tibetan Taoist Academy that day.

Even more, the fanaticism of sword cultivators in various domains towards Ye Qiubai reached its peak.

For a while, in front of the mountain gate of Qingyun Sword Sect, there were sword cultivators everywhere.

Sword cultivators from all regions headed to this place, wanting to join the Qingyun Sword Sect.

"Have you heard? Senior Ye is going to personally preside over the recruitment of Qingyun Sword Sect."

"That's why we're here! Senior Ye is the number one swordsman in the barbaric world today, and his strength is unpredictable!"

"If you can worship Qingyun Sword Sect, then you can walk sideways in this wild realm."

"Don't think about it, the first rule of Qingyun Sword Sect's sect is not to use the sword to do evil, and not to use power to bully others. Once found out, the cultivation base will be abolished and the sword sect will be expelled!"

"However... if you can be taken in by Senior Ye and accepted as a disciple, then you will really rise to the top."

"Yes, even if you can't join the thatched cottage, you can indirectly become a member of the thatched cottage."

"But... buddy, you are not a sword cultivator, are you?"

"Me? Oh, I'm not, I just want to see Senior Ye's demeanor."

Jianxiu or other ascetics have all come here.

Just to see Ye Qiubai.

And this time to recruit disciples, Hongying and others also followed Ye Qiubai.

Only Ning Chenxin did not come.

I heard that in the study, a person with a wicked mind was found, which led to a madness.

In the middle domain, many killings were caused.

Ning Chenxin went to handle the matter in person.

At this moment, Qingyun Sword Sect is recruiting students.

Immediately.

Chapter 458 Famous Haotian

Qingyun Sword Sect is the sect founded by Ye Qiubai, the number one sword cultivator today.

The attraction to sword cultivators in various domains is huge.

It's not just the younger generation of sword repairers.

There were even more mysterious people, as well as some sword cultivator disciples from aristocratic families, who came to participate.

And some hermit powerhouses, elders of other sects.

I want to come to Qingyun Jianzong to apply as an offering.

Ye Qiubai stood on the high platform, looking down.

Behind him, Liang Feng touched his chin and said with a smile: "This time, there seem to be quite a few good seedlings."

Jian Chaomian also nodded, and said, "More than when the sect was first opened."

"Isn't this thanks to the blessing of a certain big shopkeeper?"

Liang Feng glanced at Ye Qiubai who was on the side, and pointedly said: "If a certain person comes back a few times, it won't be long before all the talented sword repairmen in the barbaric realm come here after hearing the news."

Ye Qiubai smiled wryly and said: "Okay, okay, you two don't run on me, I did this wrong, I admit my mistake."

"I'll give you some compensation when the time comes, shall we?"

Hear here.

Jian Chaomian and the two looked at each other and smiled.

showed a smile that the conspiracy succeeded and a consensus was reached.

"Okay, it's noon, we should go there."

Qingyun Jianzong's enrollment.

is divided into three levels.

The first level is to look at talent.

Realm is not important, talent is the most important.

As long as the talent is high and enough resources are given, the realm will be able to rise sooner or later.

And testing talent is also the easiest.

Lu Changsheng set up a sword stone here that can detect talents.

There are nine floors on the sword stone.

The tester was able to carve a layer of traces with the sword on each layer of the sword stone.

The more layers engraved, the stronger the sword talent.

Liang Feng and Jian Chaomian tried it before.

Both of them were on the fifth floor, carving their own marks.

These two people were originally known as the sword cultivators in the barbaric realm.

But only four layers can be carved.

It can be seen how difficult it is to engrave one's sword energy on the ninth floor.

The second hurdle is perseverance.

The path of cultivating the Tao is inherently difficult.

Kong has talent, but without perseverance, the upper limit will be very low.

The third level is also the most important level.

Conduct.

Kendo all the way.

The most distracted, if you can't follow your heart, you will go forward.

Then the way of the sword will go crooked.

And if he used the way of the sword to do evil, Qingyun Sword Sect would be even less likely to accept him as a disciple.

At the mountain gate.

When the three of Ye Qiubai came here.

Immediately, the sword cultivators who wanted to join Qingyun Sword Sect all bowed to Ye Qiubai.

"See Senior Ye!"

The sound was loud.

Ye Qiubai put his hands together and said with a smile: "Today is the day when my Qingyun Sword Sect recruits students. If you want to join Qingyun Sword Sect, you must know the rules, so let's start directly."

At the mountain gate, there are nine sword stones.

As long as it is engraved on the third floor, it will be considered a success.

Seeing this, the sword repairers all walked to the sword stone.

Start carving the sword upwards.

Several elders were checking from the sidelines.

"Eastern Territory, Thunder Cloud, Second Floor, failed."

"Western Region, Xianghe, first floor, failed."

"Northern Territory, early Ming Dynasty, no sword marks left, failed..."

The inspection of Jianshi is enough to wipe out most of the sword repairers.

Ye Qiubai watched this scene and couldn't help shaking his head secretly.

Sure enough, the background of the wild frontier is still a bit lacking.

Compared with the borderless domain, there are too few geniuses who can truly be called geniuses.

The sword cultivators below looked at this scene with wry smiles on their faces.

"Lei Yun in the Eastern Region is a sword repair family, the youngest of the Lei family, a genius called Lei Jian, but he still failed here."

"So is Xiang He. He has participated in many secret realms and has a prominent reputation. It seems that he still can't meet the standards of Qingyun Sword Sect."

"I'm sure, Qingyun Sword Sect was founded by Senior Ye, so the requirements will naturally be very high."

"Who will be the first to pass?"

The voice just fell.

The sword stone in the middle has a strong sword intent!

Everyone looked over.

The woman in front of the sword stone was actually engraved directly on the fourth floor!

"Who is that person? So beautiful..."

"You don't even know her? The Xin family in the Southern Region, Xin Hongyi, known as the number one beauty in the Southern Region!"

"Isn't she from the Tibetan Taoist Academy?"

"The Tibetan Taoist Academy does not restrict students from joining other forces."

Ye Qiubai couldn't help smiling wryly while watching this scene.

Besides, Liang Feng and Jian Chaomian looked at Ye Qiubai with ambiguous eyes.

"Some people, really show mercy everywhere."

"Miss Xin doesn't know how many suitors she has rejected over the years. Even those who are married to the family have been rejected mercilessly by her, and she doesn't know who she is waiting for."

Ye Qiubai was helpless.

Why did he show mercy?

It is nothing more than fighting once and saving once.

That's all.

Xin Hongyi raised her head, looked in Ye Qiubai's direction, and then walked into the mountain gate and entered the second pass.

"Zhongyu, Haotian, the sixth floor, pass!"

The sixth floor?

Everyone looked in the direction of Haotian.

His face was horrified.

"Who is this person and why has I never heard of it?"

"I guess it's a casual cultivator, but it's actually engraved on the sixth floor?"

Liang Feng and Jian Chaomian were also a little surprised.

Even more talented in kendo than the two of them?

Ye Qiubai smiled and said: "It seems that a good seed has emerged, but his sword intent is really interesting."

Everyone's sword intent is actually different.

When someone is fierce, the sword intent is extremely sharp and aggressive.

Someone is good at planning, and the sword intent tends to be defensive.

"Why, you want to cultivate it yourself?"

Ye Qiubai smiled: "Let's take a look first."

...

After that, only a hundred people passed the first level.

And Haotian is also the most talented among them.

After entering the second level.

The elder asked: "Haotian, which elder do you want to worship in the future, Jian Chaomian or Liang Feng?"

Haotian shook his head and said, "I don't want any of these people."

"Oh? Then who do you want to worship? Or do you mean to practice yourself?"

I saw Haotian looking towards the peak of Qingyun Sword Sect.

Ambition revealed in his eyes!

"I want to worship under the suzerain. Only Senior Ye is worthy of being my master."

The elders were all taken aback.

Then he smiled bitterly and said, "The suzerain doesn't accept disciples."

Haotian shrugged his shoulders and said, "You have to try."

...

On the other side, Ning Chenxin came to the study.

The residence of the study is very simple.

There are simple courtyards around, which are used by those who practice Confucianism and Taoism in their studies.

And in the center is a huge library.

There are countless books in it!

In the past, people who practice Confucianism can be seen studying here.

Quite quiet.

However, today's study is full of dignified atmosphere.

Those people who practice Confucianism have a little panic on their faces!

Ning Chenxin walked over and waved.

Strips of white light fell.

Immediately, the panic on the faces of these people dissipated.

My heart calmed down.

"Senior Ning is here!"

Ning Chen asked heartily: "Tell me the whole story."

In the study, Ning Chenxin must not ignore this kind of incident lightly!

Chapter 459 A little flaw

From the mouth of the study disciples.

Ning Chenxin learned the whole story.

At the beginning of the study.

The day Ning Chenxin left the wild world.

There are three Confucianism cultivators who joined the study.

And those three Confucianism cultivator disciples have an extremely high understanding of Confucianism and Taoism!

The three of them spent day and night in the library of the study, reading books and ancient books.

The realm of Confucianism and Taoism has improved extremely fast!

In just a few months, his realm of Confucianism and Taoism has already surpassed the elders in the study.

Known as a new generation of Confucian and Taoist geniuses after Confucianism and Taoism orthodoxy and Ning Chenxin.

It is possible to follow Ning Chenxin's back.

But.

It is precisely because they have extraordinary talents in Confucianism and Taoism that they have attracted the attention of the study and Confucianism cultivators all over the world, and their spirits are getting higher and higher.

Have its own unique understanding of Confucianism and Taoism.

This is not a bad thing.

Everyone's path of cultivation is different.

No matter who is a powerful person, who founded a sect, without exception, they are all people who have walked out of their own path of cultivation.

but.

There are two intersections between choosing to follow the predecessors and taking your own unique path of cultivation.

But it is easy to go wrong.

One positive and one evil two roads.

And these three people, none of them went into a fork in the road!

The purpose of the study is to evangelize everywhere in the realm.

And these three people used cruel means to force each other to practice Confucianism. At the same time, after the other party practiced Confucianism, they extracted their souls and gained more understanding of Confucianism and Taoism.

What are the consequences of extracting the soul?

is very simple, directly die.

When they tasted the sweetness, they became more rampant.

Finally, it was learned by the elders of the study.

While deploring, but also extremely angry!

Sent out many strong people from the study to arrest the three of them!

However, without exception.

or not found.

Or nothing!

The study is furious!

But there is no way.

After hearing this, Ning Chenxin's face was extremely gloomy.

Although the other three are all disciples with the highest talent in Confucianism and Taoism in the study.

went astray.

But this is not a reason to wantonly kill for their own strength.

Ning Chenxin's original intention for founding the study.

It's not just about calling more Confucianists.

It is even more necessary to use the study as a springboard to go to various places to preach, so that there will be less fighting in the world and stay away from wars.

But now, this situation has appeared.

Rang Study also bears a lot of infamy.

Even.

Some forces secretly claim that the study is a place where evil cultivators are cultivated.

However, because Ning Chenxin is a legendary figure in the wild world.

He is also a disciple of Lu Changsheng in thatched cottage.

So I didn't publicly declare this matter.

But it has also been affected a lot.

Ning Chen said with a heavy face, "Leave this matter to me."

"Where are these three people now?"

The old man in front of him is a strong Confucian and Taoist in the barren realm.

Now, join the study as a great elder.

He shook his head and smiled bitterly: "We didn't find out the specific location of the other party, but finally appeared in the Western Regions, Buddhism."

Buddhism?

Ning Chen was slightly taken aback.

As if thinking of something, Ning Chenxin's expression turned ugly.

Could it be that this matter is related to Buddhism?

After all, what Buddhism did back then was similar to these three people.

However, there is no evidence and no conclusion can be drawn.

Ning Chen nodded and said: "You continue to maintain the order of the study, I will investigate first."

"The suzerain is careful, the strength of these three people is not weak."

And speaking of this.

The great elder laughed dumbfoundedly.

No matter how strong it is, it is impossible to be stronger than the one in front of him who is rebuilding Confucianism and Taoism.

People who replace Buddhism!

Ning Chen nodded his head, and disappeared in the same place in an instant.

...

On top of Foshan.

In the sky.

A golden hall stands here.

At the moment.

A young man from Buddhism is meditating in front of the golden Buddha.

With a calm face, he understands the Dharma.

At the moment.

Ning Chenxin appeared in front of this young man, and said, "Zuo Xuan, Niu Heng, and Zhong Kuo's trouble, do you know?"

These three people are people who are doing evil things in the name of Confucianism and Taoism outside.

This young man is the one who was called the Buddha's son at the beginning.

I saw Fozi opened his eyes, looking at Ning Chenxin in front of him, slightly surprised.

He actually avoided the Buddhist formation, and his own perception appeared in front of him?

This kind of strength is really getting more and more terrifying...

Fozi quickly recovered his calm expression, still crossed his knees on the ground, and said, "I don't know what Sect Master Ning said."

Ning Chen looked at the Buddha, those eyes seemed to be able to see through everything.

Practice Confucianism and Taoism, focus.

When a person is lying, if there is something strange, Ning Chenxin will be able to spot it.

But the Buddha in front of him didn't have any flaws.

It seems that everything said is true.

Ning Chenxin nodded slightly, and said: "In that case, the last place they appeared was in the Buddhist gate, don't you know?"

Buddha's heart trembled slightly.

Immediately said: "I've been comprehending Buddhism recently, and I haven't paid attention to the affairs of Buddhism, let alone the things around me."

"Sect Master Ning doesn't need to interrogate me here, it's better to ask Buddhist disciples."

Ning Chen thought to himself: "In that case, then I won't bother you."

After finishing speaking, Ning Chenxin disappeared into the Buddhist hall.

After a stick of incense time has passed.

Buddha opened his eyes, and his eyes were full of color!

"There are still flaws..."

After going out, Ning Chenxin didn't ask the Buddhist disciples, because he had already got the answer he wanted.

This matter is definitely inextricably linked to Buddhism!

The flaw is very simple.

But also hard to spot.

Fozi is now the principal of Buddhism.

However, on the grounds of understanding Buddhism, they don't know what happened in the Buddhist residence?

Moreover, it is also a major event in the dispute between Confucianism and Buddhism!

After all, the three of Zuo Xuan are all Confucianism cultivators.

Confucianism and Buddhism are now in a competitive relationship.

People who practice Confucianism do this kind of thing in the Buddhist resident.

As the person in charge of Buddhism, it is impossible for him not to know!

That is to say.

Buddha is covering up something.

Some things that should not be known to others!

However, it has not been confirmed yet.

Ning Chen appeared in a mansion the next moment.

This mansion is located in the nearest city of Foshan.

Similarly, it is also one of the most powerful families here.

But.

At this moment, there is no living person in this mansion!

Even.

Traces of fighting can be seen everywhere.

Blood stains the stone walls.

At the gate of the mansion.

It is **** and shocking!

Those few words that also set Ning Chen's heart on fire!

"Murderer, a man of Confucianism and Taoism in his study!"

"Confucianism and Taoism in the study? It's just evil cultivation!"

The people around looked at Ning Chenxin.

There is a lot of discussion.

"He is Ning Chenxin, right? The master of the study."

"Well, the most arrogant disciple of the study, but now he is doing such evil. As the suzerain, he can hardly bear the responsibility."

"I still take the peace of the world as my mission, but let the disciples in the sect do such vicious things. It seems that Buddhism is better."

Chapter 460 Stepping on Foshan again!

Hear the words around you.

Ning Chen's heart sank further and further.

If you let this situation go, don't control it.

I'm afraid that not only the study, but Confucianism and Taoism in the world will be called crooked ways!

Think here.

Ning Chen walked into the mansion heartily.

In the mansion, the smell of blood is extremely strong!

obviously.

When the people in the mansion were massacred, they were tortured to death.

Ning Chen looked around with a solemn expression.

really.

Among this **** smell, it is full of mixed aura, as well as an extremely obvious Confucian and Taoist atmosphere.

Using Confucianism and Taoism to torture and kill?

This kind of thing has completely run counter to Ning Chen's ideal and the original intention of going on the road of Confucianism!

Only on the surface, there are really no special traces.

Everything points to Confucianism cultivators, who are doing evil things and carrying out torture and killing.

However, when Ning Chenxin walked into the deepest room.

Among them, there was a corpse, which died tragically on the spot.

According to the information, this person is the owner of this mansion.

And from his dead body.

Ning Chenxin finally found some clues.

and some conjectures in my heart, confirmed one by one!

It seems.

This matter is not just as simple as going astray and walking on the path of evil.

From a Confucianism cultivator full of righteousness, to a path full of evil.

These two run counter to each other, and the roads are very different.

Unless this person is suppressing evil thoughts in his heart, it is difficult to go astray.

So, there are only two possibilities.

One, it was the three of Zuo Xuan, whose evil thoughts had taken root deep in their hearts.

Obsession is just a fuse.

Second, it is also Ning Chenxin's conjecture.

Someone is fueling the flames behind the scenes, trying to completely destroy the study, or the name of Confucianism and Taoism!

And who can do such a thing?

Obviously, the biggest suspect is Buddhist cultivator!

After all, Confucianism has now become the orthodoxy in the barbaric realm and the heavenly realm.

As a result, the influence of Buddhism is getting weaker and weaker, and the power of faith is getting scarcer.

Has shaken the foundation of Buddhism!

That's why Ning Chenxin guessed about Buddhism.

Afterwards, a conversation after meeting Buddha.

It made Ning Chen catch a loophole in his heart.

Now, come to the mansion and confirm these flaws one by one!

get conclusion.

This matter.

It is Buddhism who is behind the scenes!

"For this matter, such a bad situation has been created."

But.

Ning Chenxin didn't know.

In this monastic world where the weak prey on the strong.

For the sake of self-cultivation and self-interest, you can do anything!

Even Buddhism is no exception.

Ning Chenxin walked out of the mansion, ignoring the glaring eyes of the people around him, and left the place without speaking.

Go to Buddhism again!

This time, since the matter has been found out, an explanation must be sought.

Ning Chenxin looked shabby during the flight to Buddhism.

On weekdays, this humble young man has always remained humble and never underestimated anyone.

Even if the level of cultivation is high or low, even if the status is high or low.

All are regarded as equal.

There was always a gentle smile on his face.

Anyone who knows him well knows it.

When Ning Chenxin showed this expression, he was really angry.

After all, there are very few people who can make a good old man like Ning Chenxin show this kind of expression.

Ning Chenxin murmured: "Looks like the last time, the Buddhist sect still didn't correct their evil spirits, which encouraged this crooked sect."

"Since this is the case, then change to the master of the Buddhist sect. If it is not possible, there is no need for the Buddhist sect to exist..."

During the speech.

Ning Chenxin has come to the land of Buddhism.

And at this moment.

The Buddhist formation has been fully opened!

The golden light shrouded the entire Foshan!

The current guardian array has been fully strengthened.

Compared with the previous Buddhist formations, it is stronger.

The ascetics around Foshan all looked horrified at this scene.

who is it?

Who made Buddhism so fearful and directly opened the Buddhist formation?

You must know that from ancient times to the present, the number of times the Buddhist gate has opened the Buddhist gate can be counted on the fingers.

And this for thousands of years.

Only the last time, when the legendary figure, Ning Chenxin of Confucianism and Taoism came to Foshan, it was opened.

Now, who dares to set foot on Foshan?

Although Foshan is no longer the strongest force in the barren realm.

However, its background is still not something other forces can provoke!

Unless it's... those people in thatched cottage...

"Look! Someone is outside the formation!"

As soon as the words fell, all the ascetics who were watching around looked towards the outside of the Buddhist formation.

His face was horrified!

"Sure enough, the guess is correct, he is a disciple of thatched cottage, Confucianism orthodox Ning Chenxin!"

"Why did he come?"

"Could it be that Buddhism provoked him again?"

Someone sneered and said: "The sect he founded is doing evil things in the name of Confucianism and Taoism!"

"Now, the appetite is no longer satisfied, do you want to get rid of the competing Buddhism?"

"It seems that the matter is already obvious, Ning Chenxin, who wants to integrate Buddhist and Confucianism, recruit as many as possible!"

"His heart can be punished!"

And at this moment.

In the thatched cottage.

Hongying and the others also learned the news.

Mu Fusheng asked, "Do you want to tell Master about this?"

After all, the humble appearance of the third senior brother seems to be easy to be bullied.

And Hongying is exchanging with Xiao Hei and Shi Sheng about cultivating Taoism.

Hearing these words, he couldn't help but smile slightly.

Seems to have guessed what Mu Fusheng was thinking, and said: "Do you think that your third senior brother is easy to bully?"

Mu Fusheng smiled awkwardly and scratched his head.

Shi Sheng smiled and said: "Brother, don't think that the third brother is very kind, he can step on anyone."

"However, once the third senior brother is angered, the consequences will be very serious."

Xiao Hei also nodded in agreement, "At that time, when the third brother's cultivation base was not very strong, he went to Foshan alone because of Buddhism."

Hongying nodded with a smile and said: "Your third senior brother can solve this kind of matter by himself."

Immediately, the three continued to talk.

Mu Fusheng was full of surprise.

I didn't expect that.

The third senior brother, who is full of humility, still has such a vigorous deed?

But then again.

Do our brothers and sisters have a sarcastic physique?

Why does this kind of thing happen everywhere?

...

On the other side, Qingyun Sword Sect is undergoing the final test, the xinxing assessment.

The illusion formation was arranged by Lu Changsheng himself.

Specially test the core.

The difficulty is extremely high.

Nowadays, only more than 50 people have reached this step.

At this time.

Liang Feng on the side got the news, and immediately told Ye Qiubai in a whisper.

Ye Qiubai stared intently at the formation below.

The main gaze fell on Haotian.

Liang Feng said helplessly: "I said, Uncle Ye, even if you don't care about the sect's affairs, you should always take care of your own junior's affairs, right?"

Ye Qiubai shook his head with a smile, and said: "I don't need to come forward, he is just a mere Buddhist, he is enough."
