

My Disciples 511

[Chapter 511: Kill!](#)

On Tongyuan Mountain.

Swords are all over the place!

Li Rufei's sword intent has obviously entered the realm of the sword saint!

Combined with the mysterious sword in Li Rufei's hand, the bonus to his strength is extremely great!

But, even so...

Under everyone's horrified eyes.

Ye Qiubai simply swung his sword.

Under the surge of sword intent.

directly cut Li Rufei back hundreds of miles!

At the same time, Ye Qiubai's realm was also revealed.

Mid-stage distraction.

Bleeding from the corner of Li Rufei's mouth, he looked at Ye Qiubai in horror, and said angrily, "How is this possible?!"

During these three months, he practiced in the secret realm of Tongyuan.

All kinds of natural materials and earth treasures are at his disposal!

Let his realm break through to the middle stage of distraction state.

At the same time, the actual combat power has also been greatly improved under the blessing of the Xuanjie Immortal Sword!

It can be said.

Even in the late stages of distraction, Li Rufei is confident that he can defeat the opponent!

However, he was directly defeated by Ye Qiubai's sword!

There is no ability to resist at all!

How on earth is this done?

Mu Ziqing chuckled from behind.

Xu Shi asked suspiciously: "Mubai, what are you laughing at?"

Mu Ziqing replied with a smile: "Ye Qiu has been fighting across the border over the years. When he was in the Emperor Realm, he had the strength to cut through the late stages of the God Realm."

"And Li Rufeï is only in the mid-stage of distraction, not to mention, Ye Qiu also broke through to the middle stage of distraction..."

Hearing this, Xu Shi was horrified.

Emperor Realm?

Cut the late stage of distraction?

How is this done?

Among them, there is a whole big gap!

Recalling Ye Qiubai's extremely arrogant words before.

Xu Shi finally realized that this is not arrogance, it is just a fact...

Li Rufeï said at this time: "Ming Shaoting, let's go together."

Ming Shaoting nodded with a gloomy expression.

His strength is comparable to that of Li Rufeï, even if he is strong, his strength is limited.

Now it seems that no matter who the two of them are, if they face him alone, they are not opponents!

Think here.

Ming Shaoting no longer cared about face matters.

Follow Li Rufeï and fly towards Ye Qiubai!

After all, if you lose the bet.

How will Han Haizong punish them?

For three months, they were allowed to practice casually in the secret realm of Tongyuan. The inexhaustible treasures of heaven and earth were inexhaustible, and they were even given a mysterious fairy weapon!

Still lost in this case.

The fate of the two of them can be imagined...

Ye Qiubai's expression didn't change when he saw this.

The Nine-Foot Star Meteor Sword in his hand trembled, and the supreme sword intent exploded!

Across this world!

Sword Domain!

When the sword domain is sacrificed.

Behind Gong Rui, an elder's expression changed.

There was a look of surprise in his eyes.

Li Rufe and Ming Shaoting felt the intent of the sword soaring into the sky.

His complexion changed again.

The supreme state of swordsmanship? !

The two looked at each other, and they both saw the seriousness in each other's eyes.

Immediately, it seemed that some decision had been made.

After nodding to each other, a **** pill appeared in their hands.

After hesitating for a moment, he threw it into his mouth with a solemn face!

Immediately.

A streak of blood surged into the sky between the two of them!

Among the overwhelming blood, evil spirits howled!

At the same time, the realms of Li Rufe and Ming Shaoting broke through to the peak of distraction at this moment!

His eyes were also stained with blood, as if he had lost his mind.

let out an inhuman roar!

Seeing this scene, Peak Lord Ling Xiao's face darkened slightly.

"Explosive blood and mad pills? In order to win this bet, you Hanhaizong really did everything!"

The Explosive Blood Madness Pill is a forbidden pill.

The level is not very high, but it has an extremely terrifying effect.

Leaving aside the realm skyrocketing.

The blood in it has the function of devouring the soul!

Once Ye Qiubai is not paying attention and relaxes his soul protection, he will be swallowed quickly!

However, since it is a forbidden pill, the side effects are also extremely serious.

Irreversible damage to the user's soul!

At the same time, it will fall into madness, at least the realm will fall, and at worst it will never return to normal!

Gong Rui sneered: "Win is winning, and losing is losing."

"As long as the ending is winning, who cares about the process?"

Seeing this scene, Ye Qiubai smiled lightly, "This Han Haizong is quite shameless, but..."

If that's all, Ye Qiubai still won't take it seriously.

Immediately.

In the sword field, the Four Absolute Swords burst forth!

The Sword Sutra of Taichu is running crazily in Ye Qiubai's body!

A huge sword gathered in the sword field!

The meaning of suppression, like a dragon, wraps around the giant sword!

Terrifying aura continuously leaked out.

Li Rufei and Ming Shaoting felt this breath, but there was no pause.

Pupils have been covered in blood!

Keep roaring, rushing towards Ye Qiubai defying life and death!

See it.

Ye Qiubai pointed out.

The huge sword slashed towards the two of them!

While sharp, it is as heavy as a mountain.

Suppress it!

Li Rufei roared wildly, holding a fairy knife, and slashed out in fury!

A saber intent turned into a **** slash, and headed towards the giant sword!

Ming Shaoting also struck out with a palm!

The huge blood-colored palm print was swiped away like a river!

One time.

In the space, the breath surged wildly.

The overwhelming blood surrounded Ye Qiubai's body, trying to devour his soul!

But.

In the center of Ye Qiubai's brows, there is a sense of endless life.

As long as the blood is close to the soul.

That sense of endless life will turn into a sword of life and cut through it directly!

The Sword Sutra of Taichu contains the body of the sword, and at the same time, it also contains the soul!

At this time.

The **** slash and the palm print collided with the giant sword!

Sword Qi outlines the vertical and horizontal lines!

The blood intent is like a ghost preying on it, trying to corrode this sword intent!

But.

Just a blink of an eye.

The **** slash and palm print were cut to pieces at the same time under everyone's horrified eyes!

The huge sword did not stop, and passed straight through the figures of the two of them!

Li Rufei and Ming Shaoting paused in mid-air.

Vitality passes quickly.

The blood red in the eyes also regained clarity at this moment.

The two lowered their heads at the same time, looking at the bloodstains on their chests, with disbelief in their eyes.

"How can this be?"

Three months of practice, but was killed so easily by the other party?

Thinking of this, Li Rufei and Ming Shaoting's qi completely disappeared, and they fell powerlessly in the sky.

Watching this scene.

Gong Rui's face was ugly, and he cursed in a low voice: "Two trash!"

At the same time, he looked at Ye Qiubai and said, "Although the bet is won, Ye Qiu, Han Haizong still welcomes you!"

"This battle has proved your own strength. As long as you join the Hanhai Sect, you will be equal to the Holy Son!"

Everyone was in an uproar.

The holy son of Hanhaizong, second only to the suzerain!

Peak Master Ling Xiao just wanted to say something.

Ye Qiubai shook his head and said, "Luoyan Sect is quite good, at least it is upright."

Hearing this, Gong Rui's face darkened.

And this moment.

Behind Gong Rui, an elder erupted with blood-changing aura!

"Boy! It's you who stole the tribute from the Holy Son!"

Chapter 512: Yin and Yang will destroy the world!

Feeling Ye Qiubai's sword intent.

Hanhaizong elder He Dongxiao saw through Ye Qiubai's identity!

At the beginning.

In the robbed carriage, the tribute was handed down to the suzerain, the sword cultivator of the daughter of the holy son Su Mingshui, this is the person!

After hearing He Dongxiao's words, Su Mingshui's calm expression instantly darkened!

No one dared to blatantly rob the previous tributes!

Even if there was one, they were hunted down to death by Han Haizong!

And what about Ye Qiubai?

is the only one who can steal Su Mingshui's tribute from Han Haizong under his nose.

And the one who got away!

It's embarrassing for him!

Peak Lord Ling Xiao and all the holy sons all looked at Ye Qiubai.

Eyes surprised.

At this moment, Mu Ziqing came to Ye Qiubai's side.

The two looked at each other and smiled, and they restored their true appearance together.

Seeing Mu Ziqing's astonishing beauty like a fairy in a painting, they couldn't help being taken aback.

No wonder.

Su Mingshui is so attached to this woman.

At this moment, Gong Rui also pointed at Ye Qiubai, and said, "Is this the reason why you don't want to join the Hanhai Sect?"

"However, since you are wanted by my Han Haizong, naturally I can't keep you."

After finishing speaking, Gong Rui flashed his figure and rushed towards Ye Qiubai!

Seeing this, Peak Master Ling Xiao's face turned cold, he snorted coldly, and with a flash of figure, he stood in front of Gong Rui!

"Are you Luoyanzong going to fight Hanhaizong?"

Gong Ruihan said: "This son is the one wanted by Han Haizong!"

Peak Master Ling Xiao sneered: "Are you really shameless? Everyone in the Hanhai Starfield knows what kind of virtue Su Mingshui is. In order to win a woman, as a dual-cultivation furnace, he will do any kind of outrage."

Hearing this, Gong Rui said with a gloomy face: "No matter what, I must take this son away today."

"If Master Ling Xiao insists on doing this, you should be very clear about what will happen between the two sects!"

threaten!

Everyone held their breath as they watched the two men tense.

Hanhai Sect and Luoyan Sect are the two most powerful sects in the Hanhai Starfield.

If the two parties go to war.

The vast sea star field will be in chaos!

However, Peak Master Ling Xiao said in a deep voice: "So what if we start a war? If a sect can't even protect its disciples, how can it be called a sect?"

Gong Rui said with a dark face: "In that case, let's fight!"

As soon as the words fell, Gong Rui and Ling Xiaofeng fought together!

And the other side.

He Dongxiao was also stopped by an elder of Luo Yanzong.

Su Mingshui stepped forward and appeared in front of Ye Qiubai.

At the same time, Ji Lian also came to Ye Qiubai's side, saying: "You are not his opponent, I will come."

Ye Qiubai shook his head with a smile, and said, "Thank you, but this is my own business, and I should solve it myself."

Hearing this, Ji Lian nodded.

No longer intervening, but fighting against Kong, another half-step blood-changing saint descendant of Hanhaizong!

Su Mingshui looked at this scene and sneered: "It seems that you are very confident? However, even Ji Lian can't keep you, after all, he is not my opponent."

"So, if you kill yourself now, maybe you don't have to die so painfully."

Ye Qiubai didn't answer, but the sword intent on his body helped him answer.

Soaring into the sky!

Su Mingshui nodded: "In that case..."

Speak.

I saw a drop of water oozing from Su Mingshui's fingertips.

Water droplets are small, but extremely heavy!

Among them, the artistic conception of endless water is compressed!

Immediately, point out.

That drop of water shot towards Ye Qiubai like a cannonball!

Ye Qiubai's pupils shrunk.

As Su Mingshui, who is half-step blood-changing, his strength is naturally very strong!

However, Ye Qiubai did not retreat.

In the sword field, the monstrous sword intent converges on the Jiuchi Xingyun Sword!
means to suppress.

The Sword Sutra of Taichu.

exploded at the same time!

With a low shout, Ye Qiubai slashed out with a sword!

When the water droplets hit the nine-foot green peak like a meteorite.

Ye Qiubai's expression changed instantly.

It seemed that what hit the sword was not water, but a continuous mountain range.

It is extremely heavy!

In just an instant, Ye Qiubai stormed out!

His face turned slightly pale.

Su Mingshui looked at this scene and smiled slightly: "Oh? You blocked it. With your realm, you are proud enough to be able to block my blow."

"However, next, can you still block it?"

Speak.

I saw Su Mingshui sticking out his palm.

in front of his palm.

There are countless water droplets gathering in front of his palm!

Every drop of water is still heavy.

Immediately, he clapped his palm.

The countless water droplets, like continuous drizzle, fell towards Ye Qiubai!

Everyone on the side looked at this scene and couldn't help but feel their scalps go numb.

Ji Lian, who fought against Sun Kong, also had a serious face.

This level of strength, although it is in the same realm.

But we really have to fight.

Ji Lian knew that he was no match for Su Mingshui.

Because Su Mingshui's grasp of artistic conception is really too deep!

Ye Qiubai's face was serious.

After stopping his figure, he hung in mid-air.

In his body, there are tiny black and white double thunder coming out of his body!

At the same time, in the Sword Domain, two lightnings, one black and one white, surged violently!

Su Mingshui was slightly surprised: "Have you mastered the Heavenly Spirit Art? But, so what?"

"The gap in realm is something you can't shake."

"Not always."

Ye Qiubai smiled lightly, and immediately put his hands together!

And saw this scene.

Both Ji Lian and Xu Shi's expressions changed!

Could it be that he is going to use that trick?

Peak Lord Ling Xiao saw this scene, and immediately shouted: "Students of the Luoyan Sect, step back thousands of miles!"

Gong Rui couldn't help being slightly taken aback when he heard Peak Lord Ling Xiao's roar.

Why back off?

A junior in the mid-stage of distraction, no matter how strong he is, how powerful an attack can he unleash?

However, after hearing what Peak Lord Ling Xiao said.

Including Ji Lian Xu Shi, they all quickly left the battlefield and retreated towards the rear!

Peak Lord Ling Xiao also suddenly burst out with all his strength, knocking Gong Rui back.

Rush directly towards Ye Qiubai!

after all.

Detonate the Yin-Yang God Thunder, but the enemy and the enemy are inseparable!

Ye Qiubai is such a talented monster.

You can't just die like this!

And Su Mingshui looked at the moment in the sky, the moment when two kinds of thunder, one black and one white, merged into one thunder ball of light.

Brows are slightly frowned, and there is a sudden feeling of palpitation in the bottom of my heart.

Almost subconsciously, he slapped again!

Your overwhelming heavy water droplets shot towards Ye Qiubai at an accelerated speed!

It is at this moment.

Ye Qiubai shouted in a low voice: "Yin and Yang destroy the world!"

Immediately!

In the thunder ball of light, the power of thunder with a destructive aura began to come out wantonly!

The terrifying power of destructive thunder exploded at this moment!

Boom!

One time.

In the entire space.

They were all shrouded in the light of thunder and world destruction!

Ye Qiubai, Peak Lord Ling Xiao, Gong Rui and Su Mingshui are all enveloped in it...

[Chapter 513: Source Holy Art](#)

On Tongyuan Mountain.

World-destroying white light enveloped the entire world!

Among the white light, streaks of fine lightning flashed continuously.

In the surrounding space, cracks appeared, and the turbulent flow of space squeezed out of it.

The entire vast sea star field can sense the direction of Tongyuan Mountain, and a terrifying breath erupts.

All looked horrified.

Could it be that there was a conflict between the senior officials of the Hanhai Sect and the Luoyan Sect?

In their eyes, only above the blood-changing state can such a powerful destructive aura erupt.

It lasted for a long while.

The white light of extermination finally began to slowly dissipate.

revealed the situation.

Space ruptured on a large scale!

The air is filled with fine electric current.

At the same time, in the place covered by white light, even the aura was drained by the destructive aura!

As a result, this area temporarily became a place without the slightest aura.

And at this moment.

Ye Qiubai was blocked by Peak Master Ling Xiao.

As the strongman of the turbid fairyland, the master of Lingxiao Peak can naturally block the destructive attack of the Yin-Yang Destroying World Thunder Technique.

Ye Qiubai's face was pale, and after taking the elixir, the depleted aura could barely recover.

Peak Lord Ling Xiao said with an ugly face: "I said, can you tell me in advance when you use this trick next time, you little lunatic? If I slow down, your little life will be lost! "

Ye Qiubai scratched his head with a smile, and said, "Be careful next time..."

Peak Lord Ling Xiao rolled his eyes.

He believed that Ye Qiu was crazy!

That's what I said last time!

On the other side, Gong Rui also appeared in front of Su Mingshui.

Resisted the terrifying destruction explosion.

However, his face was extremely gloomy, and his eyes were full of killing intent when he looked at Ye Qiubai!

This is the distraction.

will be able to release attacks that even the blood-changing powerhouses cannot completely resist.

If this allows him to grow up, it may become a major disaster for Han Haizong!

Su Mingshui had lingering fears and his face was shocked.

If there is no Gong Rui to resist first.

I'm afraid that he is dead now.

At this time, Gong Rui said with a dark face: "You Luoyan Sect will not hand over Ye Qiu no matter what, right?"

Peak Master Ling Xiao didn't back down in the slightest, and said: "There is no need to talk nonsense, if your Han Haizong wants to start a war, we will accompany you from the Luoyan Sect!"

Hearing the resolute words of Peak Lord Ling Xiao, it doesn't seem like a joke.

Unexpectedly, Luo Yanzong could do this for a disciple!

If there is a war.

Although the Hanhai Sect can win, it will also pay a very tragic price.

After all, the Luoyan Sect has been passed down from ancient times to the present, and the foundation is still there.

Thinking of this, Gong Rui's face became more gloomy, nodded and said: "I will report to the suzerain."

After finishing speaking, he left the place with everyone from Hanhaizong.

Before leaving, he glanced at Ye Qiubai with killing intent.

Peak Master Ling Xiao yelled at their leaving backs: "Remember to offer up the bet."

After finishing speaking, he also brought Ye Qiubai and others back to Luoyanzong.

...

The incident on Tongyuan Mountain soon spread throughout the Hanhai Starfield.

While shocking Han Haizong's defeat.

What caught their attention even more was Ye Qiu, the new disciple of the Falling Goose Sect.

With the strength of distraction, he almost killed Su Mingshui, the son of Hanhai Sect's suzerain!

What kind of evil is this?

As the protagonist being talked about.

After returning to Luoyan Sect, he was immediately summoned by the suzerain.

on the one hand.

It was the winning of the bet, which earned 60% of the resources of Tongyuan Mountain for Luo Yanzong.

Luoyanzong decided to let Ye Qiubai enter the secret realm of Tongyuan to practice for three months.

on the other hand.

told Ye Qiubai not to get out of Luoyan Sect easily.

After this incident, Han Haizong's murderous intent towards Ye Qiubai skyrocketed unprecedentedly!

I will definitely try my best to kill it!

At the same time, outside the Luoyan Sect, more elders were dispatched to investigate the surroundings.

After returning to Hentian Peak.

Old Cui was still drinking with that broken gourd.

Watching Ye Qiubai come back, Elder Cui said: "You little lunatic, you did a good job this time, but next time, can you stop using the Yin-Yang Destroying World Thunder Technique casually?"

Ye Qiubai smiled and said, "Isn't Peak Lord Ling Xiao guarding this?"

Old Cui couldn't help but rolled his eyes, and said, "Do you know the secret realm of Tongyuan?"

Ye Qiubai shook his head.

He was also about to ask.

It seems that the sects of the entire Vast Sea Starfield regard this secret source of communication as extremely important.

Cui Lao explained: "The resources on Tongyuan Mountain are the materials used by various sects to maintain the Tongyuan secret realm."

"As for Tongyuan Secret Realm, there are distributions in different places."

"The first-class forces, including Luoyanzong and Hanhaizong, will establish their sects in places with secret sources."

"Among them, the aura is more vigorous, and cultivating the artistic conception in it will also have the effect of getting twice the result with half the effort, but let's not talk about that for now."

When talking about this, Elder Cui stood up, his eyes revealed a divine light, and said seriously: "The most important thing is that there is a spell in Tongyuan Secret Realm, and this spell has no level."

"However, it can forcibly increase the level of the spell you use! It's called the Holy Art of Tongyuan!"

Heard the words.

Ye Qiubai was slightly taken aback.

Forced to raise a level?

Then, as the Heavenly Spirit Art, the Yin-Yang Destroying World Thunder Art, after using the Holy Art of Tongyuan, can it surpass the Heavenly Spirit Art?

At that time, the power will be even more terrifying!

Old Cui looked at Ye Qiubai and said seriously: "So, your task is to comprehend the holy art of Tongyuan."

Ye Qiubai nodded.

If it is true what Elder Cui said, then he is bound to obtain this Holy Art of Tongyuan!

"Okay, let's take a rest first." Cui Lao lay back on the stone and said, "In three days, I will arrange for you to enter the secret realm of Tongyuan."

Ye Qiubai nodded and walked towards the cave.

However, when he came to the cave, he hesitated and shouted, "Is there anyone inside?"

After confirming that there is no one.

Ye Qiubai just walked in...

Three days passed by.

Tongyuan Secret Realm, located on the main peak of Luoyan Sect.

Old Cui brought Ye Qiubai to the entrance.

reminded again: "The Holy Art of Tongyuan is everywhere. In these three months, it is best to be able to feel the existence of the Holy Art of Tongyuan. Do you understand?"

Ye Qiubai nodded.

Peak Master Ling Xiao rolled his eyes and said, "Old Cui, stop bragging. No matter how evil Ye Qiu is, he can feel the existence of the Holy Art of Tongyuan in three months? That's impossible!"

Ji Lian on the side also nodded.

Ji Lian and Mu Ziqing also got a month of training time.

After all, this Holy Art of Tongyuan is not a Chinese cabbage.

The entire Hanhai Starfield is only owned by Yan Weisheng and the suzerain of the Hanhai Sect.

Old Cui glanced at Peak Master Ling Xiao, and said, "I didn't pursue it, no wonder I couldn't break through to the Earth Immortal."

After finishing speaking, leaving Peak Master Ling Xiao with a beard and staring eyes, he left with a broken gourd.

Ye Qiubai, Mu Ziqing, and Ji Lian entered the secret realm of Tongyuan.

[Chapter 514: black come](#)

The existence of the Holy Art of Tongyuan.

Obviously, it is something that all the first-class forces and top sects are vying to pursue.

The suzerains of Luoyan Sect and Hanhai Sect are one of the reasons why they can suppress many first-class sects in the Hanhai Starfield and become the top power.

It is because of the existence of the Holy Art of Tongyuan.

The higher the level of the spiritual art, the greater the effect of the source of the holy art!

Nowadays, the highest level in the vast sea star field is the sky spirit technique.

If you cooperate with the Holy Art of Tongyuan, you can break through the spirit art and reach the fairy art!

Power will naturally increase significantly.

This is the horror of the Holy Art of Tongyuan.

But because of this, it is extremely difficult to comprehend.

Elder Cui made Ye Qiubai feel the existence of the Holy Art of Tongyuan in just three months.

No matter how enchanting Ye Qiubai's talent is.

Both Master Ling Xiao and Ji Lian thought it was impossible to do it.

At the same time as Ye Qiubai and the three entered the Tongyuan secret realm.

On the other side, Han Haizong, Su Mingshui and Sun Kong also entered it at the same time.

Su Mingshui had a grim face.

"When I comprehend the Holy Art of Tongyuan, it will be the day I kill Ye Qiu!"

...

In Tongyuan Secret Realm.

When Ye Qiubai and the three entered it.

The first feeling is the overwhelming aura.

and the ubiquitous artistic conception.

This kind of concentration of artistic conception is less than one-thousandth of that of the Qiudao Mountain in the General Academy of the Tibetan Taoist Academy.

There are continuous mountains and rivers in the east, with no end in sight.

There is a tsunami in the west.

Ji Lian said beside him: "The Holy Art of Tongyuan is everywhere, see if you can feel its existence."

"However, three months is really too short. For something as illusory as the Holy Art of Tongyuan, let it take its course. It is better to improve your cultivation during these three months."

After finishing speaking, Ji Lian landed in a mountain and began to practice.

Mu Ziqing was beside Ye Qiubai, smiled and said, "You will definitely learn the Holy Art of Tongyuan, right?"

Ye Qiubai smiled and nodded, "You can practice wherever you are, but this is not the source of the sacred art."

After speaking, Ye Qiubai and Mu Ziqing also found a place to start practicing.

...

Fairy Ape Mountain.

Several months passed.

The members of the ape demon clan were all standing around the meteorite pillar, looking at the last high pillar on the stone platform with horror in their eyes.

Xiao Hei was naked all over, and under his dark skin, his muscles surged crazily!

The blue veins crawled like earthworms on the boulder-like muscles.

Now, Xiao Hei is carrying a boulder like a hill on his back.

The boulder is no ordinary boulder.

According to legend, there are huge boulders on this meteorite pillar.

are all broken stars, turned into star fragments and scattered in the world.

And these boulders are made of star fragments.

The meaning of the stars above makes the boulder even heavier!

Xiao Hei gritted his teeth, five stripes covered his whole body on his body!

Now, the fifth layer of the Eternal Demon Physique has also been cultivated to great success!

His physical strength has skyrocketed. I am afraid that Xiao Hei has the power to fight even in the blood-changing state.

Shou Shou said with emotion: "It took three months to pass the Luotian Waterfall, and now the meteorite pillar has reached the final step. This kind of physical talent is really rare in the world."

Ape Shou Nai is the existence of the perfect inheritance of the blood of the ape demon family.

His words are naturally the most convincing.

The ape man and the others beside him also nodded.

Only the village chief smiled and was not surprised.

In his opinion, if Xiao Hei can't pass these two tests in such a short period of time, it can be called abnormal.

And at this time.

On the meteorite pillar, Xiao Hei let out a roar!

The muscles all over his body bulged crazily.

Immediately, with both hands carrying a huge boulder, five lines flashed!

Knees were slightly bent, like a slingshot, straightened suddenly, and the footsteps slammed on the stone pillar, like a cannonball, rushing towards the last stone pillar!

Under the amazed eyes of everyone, carrying a huge boulder on his back, he successfully broke through the meteorite pillar!

Yuan Shou smiled and said: "This son, the future achievements will be limitless."

At this time, the village chief smiled and said, "It's time to change the name."

Yuan Shou and the others were taken aback, and looked at the village chief.

I saw the village head calling Xiao Hei.

"After you know his identity, you may think that this is nothing more than normal."

When the village chief finished speaking this sentence.

The village chief's face became serious, and he knelt down slowly towards Xiao Hei.

"Ape Xiao, the head of the ape demon clan, see the demon master."

Everyone was shocked.

The devil.

These two words are very familiar to the ape and demon clan!

Because, the ape demon clan is one of the vanguards of the demon lord!

Throughout the ages, loyal and loyal!

Ape Shou also showed a look of surprise.

No wonder he has such talent.

Immediately, with the same serious expression, he knelt down towards Xiao Hei slowly.

"Ape Demon Clan Ape Shou, see Demon Lord."

If there is one, there are two.

After the village head and Yuan Shou both knelt down towards Xiao Hei.

All the ape demons also knelt down towards Xiao Hei.

The village head said in a condensed voice: "The ape demon clan has never betrayed the demon lord, and will still be assisted by the demon lord in the future!"

Xiao Hei pulled the village head up and said: "My memory and strength have not fully recovered, so let me do what it was like before. I am not used to it all of a sudden."

The village chief nodded and stood up with a smile.

"Didn't the devil want to ask about the memory fragments? Although I don't know where they are, there is a place where the demons inherit in this mid-latitude boundary."

Xiao Hei asked, "Where?"

The village head said: "The star field of the vast sea, the secret realm of Tongyuan."

"Let Yuan Shou follow you, so you can find your way."

Xiao Hei nodded: "Thank you, Patriarch."

After some rest, Xiao Hei bid farewell to the patriarch, and rushed towards the vast sea star field with Yuan Shou.

...

At this moment, in Tongyuan Secret Realm.

One month has come, and Ji Lian and Mu Ziqing have finished their training one after another.

In the past month, Ji Lian's cultivation has gotten closer to the blood-changing state.

Where Mu Ziqing has achieved a half-step transformation into blood.

At this moment, Ji Lian turned his attention to where Ye Qiubai was.

Surrounded by aura.

But the strength has not improved at all!

Ji Lian frowned slightly. With Ye Qiubai's talent, how could he not make any progress in a month?

Unless, he is comprehending the holy art of Tongyuan.

Don't hit the south wall and don't look back...

Ji Lian shook his head, these three months might be wasted...

At this moment, Ye Qiubai has a doubt.

Didn't it mean that the Holy Art of Tongyuan is difficult to comprehend?

Didn't it mean that it is impossible to understand something in three months?

But... in my sea of consciousness, what is that simple character pattern?

Subconsciously told Ye Qiubai that this is the Holy Art of Tongyuan.

Just in case, Ye Qiubai experimented with the Yin-Yang Destroying World Thunder Technique.

The power is indeed several levels higher!

However, the consumption of aura also doubled.

Now that he has mastered it, Ye Qiubai doesn't think about anything else, and spends the rest of his time practicing.

For a while, the realm skyrocketed...

[Chapter 515: Destroy the Lu family with one's own efforts!](#)

When Xiao Hei and Yuan Shou came to the Vast Sea Starfield.

I heard a piece of news by chance that it was the matter between Luoyanzong and Hanhaizong.

and Ye Qiu stole the news about the woman's confession that Su Mingshui, the holy son of Hanhaizong, liked.

Ye Qiu?

Mubai?

It can't be such a coincidence...

Xiao Hei had a strange expression on his face, he pulled the person from the tavern and asked, "What are the characteristics of Ye Qiu and Mu Bai that you mentioned?"

The man glanced at Xiao Hei, and asked doubtfully, "You don't even know about this? Isn't it already spread?"

Xiao Hei babbled nonsense: "It took too long to leave the closed door."

Hearing this, the man nodded.

"Ye Qiu is a swordsman, and Na Mubai is a great beauty, the two seem to be Taoist couples..."

Hear here.

Xiao Hei was determined, Ye Qiu was the elder brother, and Mu Bai was the sister-in-law.

However, Xiao Hei's face darkened again.

"Why was Namubai arrested?"

"I heard that the Lu family found it and it was used as a tribute to Hanhaizong."

Hearing this, Xiao Hei's face darkened, and a killing intent erupted from his body!

In the restaurant, the tables and chairs were instantly reduced to dust!

The people around and those who explained to Xiao Hei were full of fear.

"Ex...senior?"

Xiao Hei asked, "Where is the Lu family?"

"Hanhai City..."

After getting the news he wanted, Xiao Hei dropped a bag of Yuanjing, and disappeared in place with Yuan Shou.

"Yuan Shou, take me to Hanhai City."

Since the big brother is fighting against Han Haizong, the Lu family must have no time to take care of it for the time being.

Since so...

At this moment, the Lu family in Hanhai City.

The Patriarch of the Lu family said with a heavy face: "There is no other way, let Qin'er get ready, otherwise our Lu family will come to an end..."

Mu Ziqing was robbed, causing the Lu family's tribute to be lost. If it is not replaced in time, Han Haizong will send someone down...

At this time, the Patriarch of the Lu family suddenly looked up, his face changed slightly: "Which fellow Taoist is visiting my Lu family? Why don't you come down and talk about it?"

In the sky above, there are two majestic auras, which are slightly murderous!

In front of the Patriarch of the Lu family, all the elders stood up abruptly, looking up at the sky with solemn expressions.

Immediately.

Two figures landed in the courtyard of the Lu Family.

Looking at the murderous figure, the Patriarch of the Lu family turned serious.

I'm afraid...the visitor is not kind.

At this time, Xiao Hei said: "Yuan Shou, you don't need to make a move."

Sarutoshi nodded, and stepped aside with a smile on his face.

Hearing Xiao Hei's words, the Patriarch of the Lu family's face darkened, and said: "Your Excellency, is there any trouble between our Lu family and you? Why don't you sit down and talk?"

Sit down and talk?

Xiao Hei did not speak, but looked at everyone in the Lu family with contemptuous eyes.

He was never just a **** guy.

In his eyes, he is either a friend or relative, or an enemy.

Friends are friendly relative to each other.

The enemy fights each other with fists and feet, until death!

Immediately, five lines covered Xiao Hei's body in an instant!

A powerful aura burst out!

Following Xiao Hei's growl, he rushed towards the nearest elder of the He Dao Realm!

The elder's face changed in shock, and in a hurry, he propped up his hands, and a spiritual energy barrier was in front of him!

At this time, Xiao Hei punched the aura barrier with a burst of sonic boom!

Just moments!

The powerful physical strength caused cracks like spider webs to appear on the aura barrier!

The elder looked horrified.

Although he is not a strong person in the vast sea star field, he is still in the Dao realm!

The barrier that I had raised with all my strength, actually fell apart under the punch of the dark man in front of me?

It was too late to make any further reactions.

Xiao Hei's stern face with contemptuous eyes was already approaching.

One punch came out again!

directly hit the elder's chest!

In an instant, the elder's chest sank visible to the naked eye!

The sound of cracking ribs crackling!

A mouthful of blood spurted out wildly, and flew backwards.

A house was smashed to pieces, dust everywhere.

Among them, I can no longer feel any breath...

The rest of the elders watched this scene in horror.

Killed the elder with one punch?

The Patriarch of the Lu family was also frightened and furious, and immediately roared: "Let's go together! Go all out, don't take it lightly!"

Even if you don't say the following words, the elders will naturally know what to do!

Suddenly, the aura of the Six Paths Harmonious Realm exploded out!

In the sky above the Lu family, spiritual energy surged, which attracted the attention of outsiders.

The direction of the Lu family, what happened?

Xiao Hei watched with a chill on his face as the six He Dao realm elders rushed towards him.

Eyes showing contempt, like a demon king, looking down at the world!

Immediately, streams of black air emerged from the body.

Behind him, the black air condensed into a huge phantom of the demon god!

Seeing this scene, Yuan Shou bowed to the phantom of the demon **** with a respectful face.

For the ape demon clan, apart from the first patriarch, the demon lord is the absolute belief!

The six elders felt the monstrous devilish energy, and their faces were frightened.

For a moment, my heart trembled and I almost fell!

However, with just this momentary tremor, Xiao Hei had already rushed forward.

Clenched fists with both hands, blasting at the two elders in front of them at the same time!

"ah!"

Two screams sounded.

It was smashed and flew out!

In the air, blood mist filled the air!

At the same time, two other elders had come to Xiao Hei's side, one on the left and one on the right.

Xiao Hei's expression remained unchanged, he turned his fists into palms, and grabbed at both sides!

The two elders wanted to retreat when they saw this.

However, the monstrous devilish energy seemed to lock them completely, unable to move at all!

I can only watch helplessly as the claw-like hand grabs them!

grabbed the collars of the two of them directly.

Immediately, a huge force shook them directly!

Slammed towards the remaining two elders!

Human shells!

Can't react at all!

The two elders who were thrown directly hit their chests!

One time.

The four of them fell on the spot at the same time!

The collaboration of the six He Dao realms.

There is no room for resistance.

Even without a chance to attack, he was directly shocked and killed by Xiao Hei!

When the head of the Lu family saw this scene, there was a look of horror in his eyes.

Where did this lunatic come from?

"Senior... What did our Lu family do wrong, we can definitely compensate for it!"

"What's more, we are backed by the Hanhai Sect..."

However, the head of the Lu family has not finished speaking.

But seeing the phantom of the demon **** behind Xiao Hei, he had already punched him!

Backed by Han Haizong?

so what!

If you dare to touch your sister-in-law, that is the enemy.

To deal with the enemy, it is natural to never stop dying.

Anyway, they are going to be killed...

Seeing the fiery fist hitting him.

The Patriarch of the Lu family immediately burst out with the aura of half-step turning blood!

With a loud shout, he clapped his hands!

A huge palm print rose from the sky.

Collided with the giant fist gathered by the demonic energy!

Just for a moment.

Under the horrified gaze of the Patriarch of the Lu family, the palm prints shattered!

Without the slightest pause, he directly smashed the head of the Lu family to the ground!

Blood Splatter...

stained the ground with blood red color...

[Chapter 516: Gauntlet](#)

The fall of the Lu family.

Let the power of Hanhai City be unexpected.

Although the Lu family is not a top force.

But every year, tributes are offered to Hanhaizong, and they are ultimately protected by Hanhaizong.

The Hanhai Sect is the first sect in the Hanhai Starfield.

Knowing this, he even wiped out the Lu family.

Isn't this slapping Han Haizong in the face?

While everyone was talking.

Han Haizong also learned the news.

Furious!

Before, Ye Qiu challenged the majesty of Han Haizong.

Now, someone else has destroyed the Lu family under their noses?

Do they really think that their Han Haizong is made of mud?

Anyone can step on it?

Immediately, the Hanhai Sect sent many elder disciples to investigate in Hanhai City.

However, at this moment, Xiao Hei has already left Hanhai City.

Headed in the direction of Luoyanzong.

One is that the big brother is there.

The second is because if you want to enter the secret realm of Tongyuan, you must also go to Luoyanzong.

...

Three months passed by.

Han Haizong.

Su Mingshui walked out of the secret realm of Tongyuan.

bowled slightly to a middle-aged man in front of him.

"Master."

This man is the Suzerain of Hanhai Sect, Ji Yuan.

Seeing Ji Yuan with his hands behind his back, he nodded and asked, "How is it?"

Su Mingshui chuckled: "Although I haven't fully grasped it, I have initially perceived the existence of the Holy Art of Tongyuan, and I can already use it in spiritual arts."

Even if you don't fully grasp it.

Exercising the Holy Art of Tongyuan can also improve a lot.

Ji Yuan nodded in satisfaction: "Three months, you have surpassed me by doing this."

"What are you going to do next?"

Next?

Su Mingshui sneered and said, "Naturally, I will challenge Ye Qiu."

...

at the same time.

The entrance to the secret realm of Luoyanzong Tongyuan.

The suzerain Yan Weisheng, the masters of Hate Heaven Peak, the peak masters of Ling Xiao Peak, and Ji Lian Mu Ziqing all came here.

They want to see how much Ye Qiubai can achieve in these three months.

At this time.

There was a burst of space distortion at the entrance.

A man with a sword on his back came out of it.

Old Cui immediately asked: "How is it?"

Ye Qiubai chuckled lightly, revealing his aura.

Its state has reached the late stage of distraction state!

Of course, this is the result of Ye Qiubai's deliberate suppression.

Otherwise, with Ye Qiubai's solid Dao foundation and monstrous talent, combined with the rich aura in the secret realm of Tongyuan, I am afraid that he can achieve half-step harmony, and maybe even the realm of harmony...

Ji Lian looked at this scene, nodded and said: "Although it is said that it took a month to comprehend the holy art of Tongyuan, it is not too bad to know to give up and break through the realm later."

Peak Master Ling Xiao said with a smile: "It took two months to break through the late stage of distraction, this kind of talent is invaluable."

Yan Weisheng also nodded beside him, with a hint of appreciation in his eyes.

The talents of Ye Qiubai and Mu Ziqing can be said to be unmatched by anyone in this vast sea star field.

The rise of Luo Yanzong depends on these two people.

but.

Mu Ziqing didn't say anything, she was smiling.

Elder Cui also frowned slightly, staring at Ye Qiubai carefully.

In his eyes, Ye Qiubai, this crazy boy, is not someone who gives up lightly...

"Little lunatic, have you really given up the Holy Art of Tongyuan?"

Ye Qiubai was surprised, "Why did you give up?"

Hearing this, everyone was taken aback.

Ji Lian also asked: "Didn't you not feel successful in the previous month, and then gave up to use the remaining time to break through the realm?"

Ye Qiubai looked at Ji Lian, and asked doubtfully, "Who said I didn't realize success?"

Hear here.

Everyone's face was shocked.

Old Cui also hurriedly asked: "So, have you realized the Holy Art of Tongyuan?"

Ye Qiubai didn't say anything.

Streams of mysterious aura gushed out from Ye Qiubai's body.

Immediately, they gathered between the eyebrows.

A simple character, shining with holy light, appeared between Ye Qiubai's eyebrows.

saw this scene.

Everyone couldn't help but gasp.

In three months, not only mastered the Holy Art of Tongyuan.

The realm has broken through to the late stage of distraction state.

This monstrous talent...

Yan Weisheng has been confirmed.

The prosperity of Luoyan Sect is completely in the hands of Ye Qiubai!

"By the way, Xiao Hei is here."

At this moment, Mu Ziqing smiled and said, "I've been waiting for you at Hentian Peak for a long time."

Ye Qiubai was delighted when he heard the words, and after bidding farewell to the suzerain and others, he immediately rushed back to Hentian Peak.

After arriving at Hentian Peak.

Then he saw Xiao Hei practicing.

seems to have noticed something.

Xiao Hei opened his eyes, looked at Ye Qiubai, scratched his head and grinned, "Brother."

Ye Qiubai smiled and asked, "How did you find me?"

Xiao Hei explained his purpose.

"Then after arriving in the Vast Sea Starfield, I heard news about you and your sister-in-law."

Ape Shou on the side listened to the conversation between the brothers and sisters.

Surprised.

Big brother?

In other words, the devil has a master?

Curious, Yuan Shou asked: "Devil Lord, who is your master?"

People who are qualified to be the master of the devil, I am afraid that there are not many people in the high-latitude realm, right?

There are only those few gods.

Thinking of this, Yuan Shou couldn't help but look a little dignified.

Xiao Hei was puzzled: "God? Probably not."

Yuan Shou frowned slightly: "Then I want to meet the Master of the Demon Lord."

Not God?

Then how do you qualify to be the master of the devil?

At this time, Ye Qiubai seemed to hear that Yuan Shou's words were on point.

smiled and said: "I advise you not to think so, or you will be beaten badly."

Ape Shou just wanted to refute.

But Xiao Hei also nodded seriously: "So far, I have never heard of anyone who can make a move under Master's hands."

After hearing the words of the demon lord, Yuan Shou finally dismissed the idea embarrassingly.

It is impossible for anyone to doubt the words of the devil!

Just as the two were talking.

A shocking aura enveloped the entire Luoyan Sect!

Immediately.

In the main peak of Luoyan Sect, the figure of Yan Weisheng soared into the sky!

At the same time, the breath of the land of immortals was released!

Isolate the oppressive feeling like the sky is falling!

"Jiyuan, what are you doing here?"

Sovereign Master of Hanhai Sect!

The disciples of the Luoyan Sect below all looked horrified.

Ji Yuan smiled and said: "Sect Master Yan, what are you doing so nervous, I have no other intentions."

Yan Weisheng snorted coldly: "Then shall I buy you a cup of tea?"

"It's not necessary to drink tea." Ji Yuan waved his hand and looked down, which seemed to be the direction of Hen Tianfeng, his eyes seemed to penetrate the space!

"Sect Master Yan, we don't need to interfere with the matters between the juniors."

"So, let them settle the matter between Ye Qiu and Su Mingshui by themselves."

Yan Weisheng raised his eyebrows slightly: "What's the solution?"

"Naturally, it's a challenge, and there is no end to death. You see, no matter who lives and who dies, the problem will be solved?"

[Chapter 517: two months](#)

The master of the Hanhai Sect came to the Luoyan Sect in person, and as his disciple, he challenged a junior?

When everyone heard the words of the lord of the Hanhai Sect, they all showed horror.

Even Ye Qiubai was a little surprised.

You value your disciples so much?

Or is there another conspiracy in it?

Yan Weisheng frowned slightly when he heard these words, and said, "Jiyuan, are you still shameless?"

"The gap between Ye Qiu's realm and Su Mingshui's realm is so big, is there still a life-and-death duel?"

Ji Yuan chuckled lightly, and said: "Then you don't have to agree, then Hanhai Sect will start a full-scale war with Luoyan Sect."

Yan Weisheng's heart skipped a beat, although Jiyuan said this with a smile.

However, his eyes were extremely dark.

Obviously, these words are serious.

What's more, Hanhai Sect had already thought about Luoyan Sect.

Now, the incident between Ye Qiubai and Su Mingshui is just a fuse.

Just when Yan Weisheng wanted to say something.

Ye Qiubai suddenly rose into the sky and stood between the two lords of the fairyland.

Let the oppression of the fairyland fall on him!

The sword field rises.

The realm of supreme sword intent burst out!

At the same time, the Sword Sutra of Absolute Beginning is also fully operating at this moment.

However, even so, Ye Qiubai's face was still slightly pale.

Still too reluctant...

Yan Weisheng and Jiyuan were taken aback.

A junior in the distracted state, can withstand the coercion of the two of them?

If he was in the normal state of distraction, he would have exploded and died!

"I accept this gauntlet."

Yan Weisheng frowned and said, "Ye Qiu, don't be impulsive!"

"Our Luoyan Sect is not afraid of the Hanhai Sect!"

Ye Qiubai smiled and said: "Sovereign, this is the enmity between me and them, and it shouldn't involve the Luoyan Sect."

"What's more, I'm sure."

confident?

Jiyuan laughed when he heard this.

"However, you can't unilaterally ask you to make rules."

Ji Yuan looked at the junior in front of him who didn't show any timidity even if he faced him.

Aroused in my heart, how nice it would be if this person was a disciple of their Han Hai Sect?

"That's natural, you can say it."

Ye Qiubai stretched out two fingers, and said: "First, since it is immortal, no one can help you during this period, even if you are about to die."

Ji Yuan nodded: "This is natural."

Or rather, this is what he wanted to say.

After all, if Ye Qiubai uses the Yin-Yang Lightning Art again, the outcome is hard to say.

However, even the caster himself will be affected by the explosion of the Yin-Yang World Extinguishing Thunder Technique, so if there is no outsider to help.

Then Ye Qiubai would naturally not be able to use this trick!

"Second, the time is set in two months."

Two months.

Ji Yuan smiled and said: "Yes, but I am very curious, what can you do in two months?"

This time is too short for a monk.

But blink of an eye.

Ye Qiubai shook his head: "I don't need to worry about that, senior."

"Since that's the case, let's do it at Tongyuan Mountain in two months. I hope you won't run away."

After finishing speaking, Ji Yuan's figure disappeared into the world.

Seeing this, Yan Weisheng frowned, looked at Ye Qiubai and said, "Ye Qiu, are you sure?"

Ye Qiubai nodded and said with a smile: "Of course there are, but I would like to ask the suzerain to help me."

Help?

Yan Weisheng nodded and said, "Say it."

"In the past two months, I need to practice in the secret realm of Tongyuan."

Hearing this, Yan Weisheng frowned slightly, and said: "This may be a bit difficult. Last time, I let the three of you enter the secret realm of Tongyuan, and I spent too much Tongyuan treasure."

"If I go in for another two months, I'm afraid... I can only lose a lot of foundation and go to other sects in exchange for it."

Hear here.

Ye Qiubai shrugged and said, "In that case..."

Before finishing speaking, Xiao Hei came to Ye Qiubai's side and said, "Sect Master Yan, it's nothing to spend some money on. By then, we'll have solved the Han Hai Sect and we'll have everything."

Solve Han Haizong?

Yan Weisheng frowned and said: "Hanhaizong is stronger than us. Although Luoyanzong is not afraid of going to war, the chances of winning are almost zero."

"What if you add me?"

Yan Weisheng was slightly taken aback, looking at Yuanshou behind Xiao Hei.

At this moment, Sarutoshi also showed his strength.

The breath of the land of immortals burst out!

Seeing this, Yan Weisheng looked horrified.

Earth Wonderland.

In the entire Hanhai Starfield, he and Jiuyan, the suzerain of the Hanhai Sect, were the only ones.

Where did this person come from?

Immediately, he looked at Ye Qiubai.

Xiao Hei seems to be his younger brother.

And this strong man in the fairyland seems to be obedient to Xiao Heiyan.

There is a strong man from the fairyland as a personal guard... The forces behind these two people may not be simple...

but...

Yan Weisheng suddenly laughed loudly.

"If Your Excellency is willing to help, then the Hanhai Sect has nothing to fear!"

Two Earth Fairylanders are enough to sweep away the sect forces in the entire Vast Sea Starfield!

"In that case, come with me."

Ye Qiubai and Xiao Hei looked at each other and smiled.

caught up with Yan Weisheng.

After exchanging Tongyuan treasure coins with other forces.

Ye Qiubai and Xiao Hei also entered the secret realm of Tongyuan smoothly.

And the matter of Hanhaizong and Luoyanzong.

It also spread throughout the vast sea star field!

After all, they are the two strongest forces.

Words travel extremely fast.

"Ye Qiu? Isn't that man in the distracted state? Why dare he accept Su Mingshui's challenge?"

"Didn't you say two months later?"

"Two months? Do you think no matter how talented you are, you can break through from the state of distraction to a state that can compete with the half-step blood-changing state in two months?"

"...I can't, so isn't Ye Qiu going to die?"

"You can't say that... With such an evil talent, his brain is naturally not stupid. Only when that day comes, maybe you will know what he thinks..."

...

Han Haizong.

Su Mingshui is lying on a big bed in his courtyard.

On the big bed, there are more than a dozen girls dressed in temptation, serving Su Mingshui.

After hearing the news.

Su Mingshui sneered: "Two months? Then I will give you another two months to live."

"During this time, enjoy the last time of your life..."

...

In Tongyuan Secret Realm.

Ye Qiubai immediately found a place to practice.

Although using the Yin-Yang Destroyer Lightning Technique, combined with the Holy Art of Tongyuan, it is possible to solve Su Mingshui 100%.

However, Ye Qiubai tried his best not to rely on this trump card.

So, I still need to practice.

And Xiao Hei, after entering the secret realm of Tongyuan, felt a breath, which seemed to be calling him!

Following that aura, he quickly galloped towards the depths of Tongyuan Secret Realm.

And to the place where the breath gathers.

Where the eye came into view was a huge ape demon with a head that reaches the sky and holds a wooden stick holding up to the sky!

[Chapter 518: Four Princes, the Heavenly Demon disintegrates!](#)

How did Tongyuan Secret Realm come into being?

It is left by the uncanny workmanship of nature.

It is still man-made.

In the vast sea star field, no one knows.

When Xiao Hei came here.

Everything is easily solved!

Tongyuan Secret Realm is the place where the ancestors of the ape and demon clan died!

In front of Xiao Hei, this huge ape demon with its head on the ground and its head reaching the sky, although it has been dead for many years.

But the physical body is still not corroded and destroyed.

Blood is overwhelming.

Holding a long stick to the sky, raising his head, and glaring at the sky!

Seems to be fighting against the sky!

There is no light in his eyes, but the unyielding will is still there!

I remembered what the village chief said.

The ape demon clan has been following behind him.

Take the lead, always be the race at the forefront in times of crisis and war!

Among them, the first patriarch of the ape demon clan, that is, the huge corpse in front of Xiao Hei.

Already loyal to him from the beginning.

Think here.

Xiao Hei's face lost its usual dullness, and turned resolute, with majesty in his eyes.

walked slowly to the corpse.

He stretched out his hand and placed it between the eyebrows of the ape demon's corpse.

It seems that they have changed people, and said: "Don't worry, I will definitely keep the ape demon clan. In the future, the status of the ape demon clan will not change, and it will still be one of the four princes."

The voice just fell.

It seems to have heard what Xiao Hei said and his promise.

There is a white halo slowly spreading between the eyebrows of the ape demon corpse!

In front of Xiao Hei, the white halo slowly condensed, turning into a phantom of the soul.

Its body shape is exactly the same as that of the ape demon corpse.

It's just shrunk countless times.

"Ape Demon Clan, Ape Ao sees the Demon Lord!"

I saw the phantom of the soul knelt on one knee in front of Xiao Hei, with a solemn expression, and a frenzied excitement that could not be concealed in his eyes.

Xiao Hei raised his hand slightly: "Get up."

Look.

It's just a remnant of soul power left by Yuan Ao.

Hearing Xiao Hei's words, Yuan Ao got up, looked at Xiao Hei excitedly and said, "Devil Lord, as long as you are fine."

Xiao Hei said helplessly: "It's not all right, I don't remember anything now."

"If you know anything, you can tell me."

Yuan Ao nodded: "This is my mission."

"At the beginning, in order to save the life of the demon lord, the lady had to use the demon to disintegrate and forcibly divided the seven souls and six souls of the demon lord into six realms."

"And the arrival of the devil here also means that you have obtained two memory fragments."

"I have one here, and the remaining three are in the hands of the other three old guys."

Another three old guys.

Naturally, it can only be the remaining three of the four princes.

Xiao Hei nodded and said, "What happened back then."

Heard Xiao Hei's question.

Yuan Ao looked angry!

It is the existence of the phantom of the soul, but the phantom pupils turned blood red at this moment!

"The Four Great Demon Kings unite with the external forces of God to kill you!"

"Why?"

"I can't say that." Yuan Ao shook his head and said, "The current strength of the devil is not enough."

This sentence again...

Xiao Hei was helpless.

But he can only nod, after all, what he said is the truth.

Immediately afterwards, Yuan Ao stretched out his hand.

On that illusory palm, there is a black spot of light.

"Devil Lord, this is a memory fragment, let's absorb it first."

Xiao Hei nodded.

Grab the void.

Grab the black light spot from the air, and inhale it between the eyebrows.

Immediately.

Memories flooded in!

And the memory in it is no different from what Yuan Ao said.

only.

There is one more scene.

In a dark prison-like place, only a candle lamp flickered faintly.

The faint flames reflected a woman who was sealed by dozens of chains.

Among them, there was a tall middle-aged man who asked, "Are you still refusing to tell where he is?"

"That force has no patience, are you... not afraid of death?"

Then.

The picture stopped at the beautiful face of the woman who raised her head and showed a soft smile.

Although I no longer remember who the woman belongs to me.

But seeing this scene, Xiao Hei couldn't stop bursting out with monstrous demonic energy!

Bloody eruption.

Crazy entangled with that black magic energy!

It was wrapped around Xiao Hei's body, turning into a black and red armor!

On it, black and red lights are looming.

Xiao Hei's aura also continued to skyrocket!

Yuan Ao's voice came over.

"Devil Lord, calm down, it is useless for you to be angry now. Only by improving your strength can you save the lady and kill the rebels!"

Hear here.

Xiao Hei's eyes regained clarity.

yes.

Now angry.

It's nothing but impotent rage!

This is the performance of the weak!

Xiao Hei took a deep breath.

The black and red armor slowly disappeared and merged into the body.

"Where is the next memory fragment?"

Yuan Ao said in a deep voice: "I only know one, and it is probably located in the center of the mid-latitude boundary, the Sky Domain."

"As for the others, I don't know much."

Xiao Hei nodded: "Enough."

Immediately, looking at Yuan Ao whose body was almost transparent, he said in a concentrated voice: "Don't worry, as long as I exist, the status of the ape demon clan will not change, nor will it perish."

Yuan Ao nodded with a smile: "It would be good to have the words of the demon lord, Moyu, and the helm of the demon lord is needed..."

Speak.

Yuan Ao's soul phantom also completely dissipated.

The first patriarch of the ape demon clan also completely dissipated in this world.

The immortal corpse also turned into a little bit of starlight.

If Ye Qiubai were here, he would find the aura attached to this bit of starlight.

It is exactly the same as the holy art of channeling...

And these dots of starlight, unexpectedly, surround Xiao Hei's body, and slowly condense into a mysterious ancient character between his eyebrows.

After all, the sacred art of Tongyuan is a special technique guarded by the family of four princes and the ape demons for generations...

...

Two months.

It's long and long, and it's short in the blink of an eye.

For ascetics.

One practice may last more than two months.

And at this time.

Ye Qiubai, who was sitting in the middle of an ocean, had a huge vortex of aura swirling around his body!

The aura in it is extremely rich.

After circling around Ye Qiubai, he inhaled into the dantian.

When the aura vortex is completely absorbed.

A roar sounded from Ye Qiubai's body!

It's like thunder!

In the dantian, there is also a huge change.

If there are outsiders here, they will be surprised to find out.

This is the breath of He Dao Realm!

During these two months.

Ye Qiubai relied on the elixir given by Lu Changsheng, as well as the extremely rich aura here.
and the rock-solid foundation.

It's a matter of course to step into the Hedao Realm!

And this moment.

Ye Qiubai opened his eyes.

"Time to go out and make an appointment..."

[Chapter 519: Tongyuan Mountain life and death battle!](#)

Tongyuan Mountain, the battle of life and death.

After two months of fermentation.

Almost all ascetics in the Hanhai Starfield already knew about this.

And at this moment.

People from many sects came to the vicinity of Tongyuan Mountain, wanting to watch the life-and-death struggle between the disciples of the two sects.

"Two months, I'm quite curious about how much Ye Qiu of the Luoyan Sect can improve."

"It's impossible to improve much. No matter how evil the talent is, the time is too short after all."

"Or, in these two months, escaped?"

"Do you have any brains... If you didn't want to fight in the first place, why did you accept the bet in the first place? Luo Yanzong clearly wants to protect him to death!"

"Are you scolding again?"

"I'm scolding you!"

So, before the life-and-death battle started, the two had already started the pre-match dessert...

The sun has fully risen.

An overwhelming strong breath came to Tongyuan Mountain!

Everyone was slightly stunned and looked over.

The people from Hanhaizong arrived first!

Su Mingshui stood at the forefront.

Holding his hands on his chest, with a sneer on his face.

"Where are the people from the Luoyan Sect? Could it be that they felt that they had no chance of winning in the past two months, so they just hid and didn't show up?"

The voice just fell.

A voice came out.

"Why do you hide when you have to win?"

Immediately afterwards, there were also bursts of aura emerging.

appeared on the opposite side of Han Haizong.

Naturally, he is a member of the Luoyan Sect.

Among them, Cui Lao came here in person, located in the rear.

The first place is naturally Ye Qiubai, Mu Ziqing and Xiao Hei.

"A game that must be won?" Su Mingshui sneered, and said, "It's only been two months, even if the talent is extremely high, and if you get a chance against the sky, you still can't break through to the blood-changing level, right?"

In Su Mingshui's view.

If you want to defeat him, you must at least reach the blood-changing level.

What's more, now that he has initially comprehended the Holy Art of Tongyuan, even an ordinary blood-changing state can fight!

Ye Qiubai's expression was light, "There is no need to talk nonsense, let's start directly."

Su Mingshui snorted coldly.

In an instant, the half-step ***** breath burst out!

"Su Mingshui's aura is obviously stronger, it seems that the degree of blood change is almost complete..."

"If you want to defeat him, perhaps only a strong person in the blood-changing realm can take action."

On the other side, Ye Qiubai watched this scene without any change in expression.

Holding the Nine-Foot Star Meteor Sword in his hand, he stepped out in one step.

The breath turned into a monstrous vortex, surging out!

At this moment, everyone's expressions changed.

Abnormal horror!

"The Dao Realm?!"

"Could it be that the previous information was wrong, and Ye Qiu is actually a person in the Dao realm?"

"The news can't be wrong! There is only one possibility. In the past two months, he has broken through to join the Dao..."

"This can no longer be called a monster..."

Even Su Mingshui and the members of the Hanhai Sect behind him were taken aback.

Two months?

From distraction to breakthrough?

This kind of person must not stay!

Thinking of this, killing intent appeared in Su Mingshui's eyes!

No cover up!

"Even if you break through to Hedao, so what?"

While drinking coldly, he raised his palm.

In front of the palm, water droplets appeared out of thin air!

Following the wave of the palm, the thousands of water droplets shot towards Ye Qiubai like a rainstorm of pear blossoms!

See it.

There is no timidity in Ye Qiubai's eyes.

One step forward, the sword intent rises into the night!

Supreme Sword Intent erupted suddenly.

Covers the space near Tongyuan Mountain.

at the same time.

The sword intent in the sword field condensed into one sharp long sword after another.

Pierce towards the overwhelming thousands of water droplets!

Boom!

It's hard to imagine that a drop of water can emit such a powerful power.

It's like a falling meteorite.

A sword cut on the water drop, but was directly penetrated by the water drop!

Immediately, there were two sword intent swords across.

Only then can one of the water droplets be scattered.

Watching the continuous shooting between long swords and water droplets.

Su Mingshui sneered: "If it's just like this, then I'm really disappointed."

Listening to Su Mingshui's ridicule.

Ye Qiubai didn't reply.

Reality is a sharp weapon that crushes all words.

Language is always empty and unrealistic.

No matter how much you brag, it cannot become a reality.

Holding a sword in one hand, and making formulas with the other.

Suddenly, in the sword field.

A sense of suppression emerges!

It was like the sky was falling, suppressing on top of those ten thousand water droplets!

Town Tianyu!

Under the influence of Zhentianyu, this can compete with it!

Seeing this, Su Mingshui snorted coldly.

Swipe your palm.

The water splashed across the space out of thin air, forming a slash like a crescent moon, and slashed towards Ye Qiubai!

This crescent moon slash is like thousands of water droplets gathered in one body, and its power doubles!

Ye Qiubai took a step forward, and slashed forward with the Xingyun sword in his hand!

Town sky coverage.

Four Ultimate Absolute Beginning Swords, condensed in the air.

At this moment, two Thunder Dragons, one Yin and one Yang roared out, roaring at Su Mingshui!

Slash with a sword!

Gathered together several artistic conceptions, the Four Absolute Absolute Beginning Sword entwined with two thunder dragons, one black and one white, greeted the Crescent Moon Slash!

Sky spirit art, yin and yang world destroying thunder art!

Even if the yin and yang are not used to repel each other, the resulting yin and yang will destroy the world.

As the existence of the pinnacle of Heavenly Spirit Art, its power is still impressive!

Suddenly, the crescent moon slash was directly shattered!

Slash towards Su Mingshui!

Su Mingshui's face was gloomy, he clasped his hands together, and then spread them to the sides!

A water moon scimitar appeared in Su Mingshui's hand!

"Heavenly spirit art, not only you have it!"

"The water moon shakes the sky!"

After a cold drink.

Su Mingshui held the Shuiyue scimitar and slashed towards Ye Qiubai!

A sword flashed like a full moon!

With the meaning of destruction and tearing.

Slashed through the space and collided with the Sijue Absolute Beginning Sword!

Boom!

Aura keeps emerging from where the two meet!

The surrounding space is distorted!

The people watching the battle below were all horrified.

"Can the Dao state and the half-step blood transformation state reach this level?"

"No wonder Luo Yanzong wants to protect Ye Qiu so much. As long as he doesn't die, he will stand at the pinnacle of this star field with such a monstrous talent!"

"It's a pity... the genius will die halfway..."

Behind, although Cui Lao was expressionless, there was worry in his eyes.

Ruuo Ye Qiubai lost.

Even if he breaks the bet, he will save Ye Qiubai at all costs.

This little lunatic cannot die here.

His journey is... still far away.

is the sea of stars!

And at this time.

The Full Moon Slash directly shattered the Sijue Absolute Beginning Sword!
at the same time.

The full moon slash also dissipated directly.

Looking at this scene, Su Mingshui's face was gloomy, "I have to say, you are the first one to force me to use the Heavenly Spirit Art with the degree of conformity to the Dao realm."

"However, it's a pity..."

Su Mingshui's eyes were slightly opened, and on his forehead, there was an ancient character vaguely appearing!

[Chapter 520: Su Mingshui died, Han Haizong declared war!](#)

Following the ancient characters on Su Mingshui's eyebrows emerged.

A simple and mysterious aura centered on Su Mingshui slowly floated out.

"Sacred Art of Tongyuan?!"

"Su Mingshui actually realized the holy art of Tongyuan? He is worthy of being the holy son of Hanhaizong..."

"You know, how many Tianjiao people haven't touched the threshold of connecting with the Holy Art of Origin?"

Cui Lao took a sip of his wine expressionlessly.

Although Su Mingshui has comprehended the Holy Art of Tongyuan.

However, judging from the extremely small, faintly visible ancient characters at the center of the eyebrows.

He just touched the threshold of the Holy Art of Tongyuan.

But... Even so, Su Mingshui can be called the top evildoer in the Vast Sea Starfield.

I saw Su Mingshui sneered and said: "You can be proud of being able to force me to use the Holy Art of Tongyuan."

Immediately.

Su Mingshui stretched out his hands, holding the Shuiyue Scimitar in his hands again!

And this moment.

Under the blessing of the Holy Art of Tongyuan.

Shuiyue Shaking the Sky is originally a high-level sky spirit technique!

At this moment, the aura is constantly rising, faintly reaching the level of the peak sky spirit!

Although it is only a difference of two words.

But its power is visible to the naked eye!

"Now, how do you block it?"

After speaking, Su Mingshui held the Shuiyue scimitar and slashed across it!

The full moon is shining in this space!

Slashed towards Ye Qiubai with a bang!

Watching Shuiyue Chaotian, who has been blessed by the Holy Art of Tongyuan, slash towards him.

Ye Qiubai did not panic in the slightest, but chuckled lowly: "Could it be that you are the only one who has realized the Holy Art of Tongyuan?"

The voice fell.

Between Ye Qiubai's eyebrows, an ancient character appeared!

An incomparably mysterious breath burst out!

Su Mingshui looked at this scene with horror!

The ancient characters on the center of Ye Qiubai's eyebrows are extremely solid!

Obviously, his comprehension of the sacred art of Tongyuan is much higher than that of Su Mingshui!

Even the people of Hanhaizong were shocked.

During this period of time, not only broke through the Hedao Realm, but also comprehended the Holy Art of Tongyuan?

What kind of terrifying talent is this?

And this moment.

Ye Qiubai holds the Nine-foot Star Meteor Sword.

Two thunderbolts, one Yin and one Yang, circled around the blade!

at the same time.

The meaning of endless life, in Ye Qiubai's body, merged with the sword intent, soaring into the sky!

The Sword Sutra of Taichu.

The third sword.

Slaying Heaven Blade!

For a moment, the sword intent surged wildly, soaring into the sky!

That monstrous sword intent seems to be condensed into a sky-slashing giant sword, trying to pierce the sky!

at the same time.

The casting of the Holy Art of Tongyuan actually makes the Yin-Yang Destroying World Thunder Art, which is the peak of the heavenly spirit art, faintly, with strands of immortality!

Above spiritual art, it is immortal art!

But.

Although the holy art of Tongyuan claims to be able to forcibly raise the skills to a higher level.

But.

Compared with the Sword Sutra of Absolute Beginning, there is no improvement at all.

Instead.

When performing the Sword Sutra of Absolute Beginning, there was still some rejection of the Holy Art of Tongyuan.

It seems... There is a feeling that you don't like the Holy Art of Tongyuan?

And when Ye Qiubai used various exercises.

The aura in the dantian is also visible to the naked eye!

Paled face.

Seeing the full moon slash coming in front of him, Ye Qiubai slashed out with a sword!

That monstrous sword intent turned into a giant sword.

On the giant sword, two thunder dragons, one yin and one yang, are entwined!

Let out bursts of roars, and charge towards the full moon!

The breath surged, as if destroying the world.

The space that passed through, after bursts of extreme distortion, cracks appeared everywhere!

Under everyone's horrified eyes.

The gigantic sword actually chopped the full moon into pieces!

Immediately, without stopping, he slashed straight at Su Mingshui!

How does Rao think.

Su Mingshui never thought that Ye Qiubai would completely master the Holy Art of Tongyuan!

In a hurry.

Su Mingshui gritted his teeth and slashed out again!

Water means extremely heavy.

Standing on the Yin-Yang giant sword like a falling meteorite!

But.

A hasty blow, how can it resist Ye Qiubai's sword?

In an instant.

The Shuiyue scimitar in Sailor Su Ming's hand was broken directly, turning into countless water droplets and scattered in all directions.

Seeing this, Su Mingshui's face turned pale, and he retreated backward!

Wanted to dodge Ye Qiubai's sword.

However, how could Ye Qiubai let go of Su Mingshui who had evil thoughts about Mu Ziqing?

His eyes were slightly cold, and he stepped out with a blank expression on his face!

The Nine-Foot Star Meteor Sword in his hand slashed forward!

See this scene.

Gong Rui, the head of the law enforcement hall of Hanhaizong, shouted angrily: "How dare you?!"

However, Ye Qiubai remained indifferent.

The face is cold and resolute!

Obviously, for Ye Qiubai, Su Mingshui must die!

Gong Rui's face was ugly, and he wanted to slap Ye Qiubai!

However, Cui Lao appeared in front of Gong Rui, and also slammed his palms together.

Gong Rui retreated violently, but Mr. Cui still stood there without moving, his expression not changing at all.

It seemed that the blow just now had no effect on him.

Gong Rui's face was ugly: "Are you Luoyan Sect really going to do everything?"

Cui Lao held up the broken gourd, took a sip of wine, glanced at Gong Rui and said, "You were the ones who said life and death at the beginning, and now you are the ones who want to break the rules. Are you really shameless?"

"Su Mingshui is the suzerain's personal heir! If he wants to kill him, the Hanhai Sect will use the power of the sect to destroy the Luoyan Sect!"

"I can't ask for it."

Looking at Cui Lao's reckless appearance.

Gong Rui looked anxious, but there was nothing he could do!

He could only watch helplessly as Ye Qiubai held the Xingyun Sword and got closer and closer to Su Mingshui!

Just as the Xingyun sword in Ye Qiubai's hand was about to fall on Su Mingshui's Tianling Gai.

A breath of earthly immortal suppressed Ye Qiubai!

Ye Qiubai's pupils shrunk.

The body stagnated in mid-air.

It was at this time.

A cold voice spread throughout Tongyuan Mountain!

"Jiyuan, you set the rules!"

And when the words came out.

Another earthly immortal aura appeared, resisting the aura suppressed on Ye Qiubai's body!

Immediately.

Under everyone's horrified eyes.

Ye Qiubai cut through Su Mingshui's body with a sword!

Vitality, dissipated at this moment...

Even the soul was chopped off by Ye Qiubai's sword, along with the body!

this moment.

Even if it is a god, it can't save Su Mingshui's life...

Really beheaded?

The onlookers below watched this scene.

All looked surprised.

Luoyan Sect, are you really not afraid of the power of the Hanhai Sect to launch a war?

Or, Luo Yanzong has already made preparations?

The moment when Su Mingshui lived and died.

In the sky, Jiyuan's voice spread throughout the vast star field!

"The vast sea star field only needs one overlord."

"And the Hanhai Sect will use the power of the entire sect to crush the Luoyan Sect in a short time!"

After finishing speaking, Ji Yuan's aura disappeared instantly.

Hanhaizong people also left here with ugly faces.

Yan Weisheng came to Ye Qiubai's side and said, "Go back to the sect first."

...

Hanhaizong, the news that they are about to start a war with Luoyanzong.

It also spread throughout the entire Vast Sea Starfield in an instant!

And the cause of all this is because of Ye Qiubai...

For a while, the name Ye Qiu also resounded in the Vast Sea Starfield...
