

## My Disciples 571

Chapter 571 Tianjian Peak Secret Realm

After the destruction of the Temple of the Stars.

Although Mu Fusheng is enshrined in the two heavenly realms, he goes to the Holy Talisman Sect.

Xiao Hei went to Xianyuan Village in the Ape Demon Realm to continue tempering his body.

Shi Sheng went back to the thatched cottage, and he wanted to ask Lu Changsheng some questions about cultivation.

Ye Qiubai returned to Tianjian Peak despite Huo Zhengheng.

Along the way.

Huo Zhengheng explained: "From the beginning of the sect to the present, no one has taken away the inheritance in the secret realm of Tianjian Peak."

"Tianjian Peak has no shortage of kendo geniuses. On the contrary, there are extremely many kendo geniuses who have gone out from Tianjianfeng. However, because they are not Hunyuan sword bodies, they cannot get the final inheritance."

Wu Jingxiu, the founder of Tianjian Peak.

Has the same physique as Ye Qiubai, that is, Hunyuan sword body.

Ye Qiubai nodded, and asked suspiciously: "Didn't I get the sword of the Martial Patriarch only after I went to the fairyland?"

Huo Zhengheng smiled and said: "Inheritance and sword are two things. As long as you have reached the realm of extraordinary swordsmanship, you can try to obtain the inheritance."

"Of course, if you get the sword of the ancestor, you can perfectly display the power of inheritance."

The two of them were talking, and they came to a large hall.

This hall is located deep in the mountains behind the main hall of Tianjian Peak.

The Liao next to it is uninhabited.

There are no other strong guards.

It's just that the vague aura of the sword array around it has a daunting power!

This aura is probably much stronger than the star array of the Star Temple!

And on both sides of the gate in front of Ye Qiubai.

There are two towering cloud stone swords inserted into the ground!

The blade of the stone sword is not damaged in any way.

However, the moss and vines covered the sword body everywhere, which is enough to represent that these two towering stone swords have existed for a long time.

Ye Qiubai stepped forward and tugged at the vines, as if he wanted to take care of them.

But I found that the ivy plants looked weak.

When pulling, there is no wavering at all!

It seems to be completely glued to the stone sword!

Huo Zhengheng smiled and said: "Do you think we don't want to clean it up? As long as the inheritance in the secret realm is not obtained, the ivy on it will not disappear, even if it is me, I can't do it."

Ye Qiubai was stunned.

Even Huo Zhengheng, a strong man in the fairyland, couldn't remove the ivy from the sword?

"Okay, let's go in."

Speaking of this, Huo Zhengheng restrained his smile, his expression became serious, and said in a deep voice: "After entering, don't force it. If you can't get it, then withdraw first. It's not too late to enter after adjusting your state."

I heard that the secret realm of Tianjian Peak opens every five years.

Thinking of this, Ye Qiubai asked with a strange face: "Won't I offend the disciples in Tianjian Peak by casually entering and leaving the secret realm?"

Huo Zhengheng waved his hand, and said indifferently: "You are the holy son of Tianjian Peak, and I am the peak master of Tianjian Peak. As long as I nod, what can they do if they are dissatisfied? They can't beat me."

That makes sense...

This seems unfair to other disciples.

But, no matter where it is.

As long as you are talented, a genius far beyond others, then you will be treated better than ordinary people!

No sect force would waste resources on an ordinary person.

This unfairness.

is the greatest fairness!

Of course, unless the father of this ordinary person is Huo Zhengheng.

Ye Qiubai smiled helplessly, and then walked to the gate.

No need to push.

In a burst of rumble.

The door opened slowly from both sides!

Ye Qiubai walked in.

The door is closed immediately!

Huo Zhengheng looked at the closed door, and secretly said: "The meaning of the existence of Tianjian Peak is to find the sword cultivator who has the same physique as his ancestor said at the time, and then train him with all his strength."

"Now... it can be regarded as preliminary completion."

Having said that, Huo Zhengheng shook his head, sat cross-legged on the spot, and began to practice.

He needs to guard here, so that no accidents will happen to Ye Qiubai.

...

In the hall, it was pitch black!

There is no light source.

When Ye Qiubai stepped into the hall and used sword energy to protect his body.

It seemed that he had sensed Ye Qiubai's sword energy.

Candles burning with white ghostly flames stood in the hall!

Take the two sides of Ye Qiubai as the starting point.

Towards the depths, one after another spontaneous combustion.

In this way, it is possible to see the surrounding situation clearly.

Around, there are no other passages, and no other rooms.

There are, but on both sides, there are human-shaped stone statues one after another!

Look around.

There are eight seats in total.

The body shape and face of each stone statue are exactly the same.

Even the sword in hand is the same.

The only difference is.

The direction, range, and swordsmanship of each stone statue are different.

Not hard to imagine.

Each of these stone statues should represent a sword technique.

This should be the inheritance of the secret realm that Huo Zhengheng mentioned.

thought of this.

Ye Qiubai came to the first stone statue.

The sword of this stone statue maintains its thrust!

At first glance, it seems to be just an ordinary stab.

However, when Ye Qiubai looked at it carefully, the sword intent on his body unconsciously came out!

Be absorbed by that stone statue!

The humanoid stone statue absorbed Ye Qiubai's sword intent.

It seems to have life!

Retract the sword.

Then lunge forward again!

The substantive sword intent condensed into a giant dragon!

Ramped towards Ye Qiubai!

Seeing this, Ye Qiubai's face changed drastically!

This sword-like dragon made him feel a death crisis!

Immediately released the extraordinary sword intent.

turned into a sword field.

The ubiquitous raging sword intent in the sword field condensed on Ye Qiubai's Nine-foot Star Meteor Sword, and then he slashed out with one strike!

The Sword Sutra of Taichu, covering mountains and seas!

This sword.

Ye Qiubai dare not have any reservations!

Slash with Stegosaurus!

Rao is so.

Ye Qiubai also spurted out a mouthful of blood, and was sent flying!

Like a cannonball, it hit the wall on the other side!

The whole person is stuck on the wall!

This is what Huo Zhengheng said at the time, don't force yourself...

Ye Qiubai gave a wry smile.

It's only the first sword, and it has such power.

but...

This also just proved how powerful this sword is.

Fighting spirit and greed are ignited in the eyes!

This kind of greed is the greed for swordsmanship and swordsmanship!

After adjusting his breath, he stood in front of the stone statue again.

I haven't looked carefully at how the stone statue cut out the sword just now.

Take a deep breath.

The sword intent came out again!

Gathering towards the stone statue!

Sure enough, the stone statue was absorbed again.

In an instant.

The stone statue retracts the sword and moves the sword intent.

A sword pierces out!

Sword will transform dragon!

Slashed towards Ye Qiubai with a bang!

Without any surprise, Ye Qiubai was sent flying out again...

Chapter 572 Star Essence!

In the secret realm of Tianjian Peak, why is it that none of the disciples can understand the inheritance?

First of all, the first condition can already make them desperate.

Each statue needs to absorb sword intent before it can be activated.

But not any kind of sword intent can activate the statue.

Instead, it needs the sword intent emanating from the Hunyuan sword body.

This is why Tianjianfeng has always been a second-rate top force.

Can only rely on other exercises left by the founder of the mountain.

Once you can understand the sword technique, I am afraid that it will not be difficult for Tianjianfeng to step into the first-class power in one fell swoop!

Ye Qiubai at this moment.

Stand in front of the first statue.

I don't know how many times I was cut off by a sword.

During the period, even almost died!

There are also cases where the aura is exhausted, but these can be recovered with the elixir given by Lu Changsheng.

but.

It all makes sense.

is not standing still.

Today's Ye Qiubai already has some charm of this sword!

At this time.

When Ye Qiubai poured his sword intent into the statue again.

The statue, as before, seemed to have become a living thing.

Elbow slightly bent, long sword retracted.

Immediately, he pierced Ye Qiubai with a sword!

Sword will transform dragon!

The long sword intent dragon roared at Ye Qiubai, and charged away!

Ye Qiubai saw this, with fanaticism in his eyes, and he didn't have the slightest intention of retreating!

Immediately, like the movement made by the statue, he retracted and released the Xingyun sword in his hand!

The essence of sword intent of the extraordinary kendo gushes out from Ye Qiubai's body!

Wrapped around the long sword one by one.

Following the piercing of the Xingyun Sword, the real sword intentions condensed in the coils, and they turned into sword-intent dragons as well!

As the two stegosaurus roared, their heads collided with each other!

Suddenly, sword intent surged in the hall!

Substantial sword intent burst out in all directions!

This kind of aftermath, if it was just an ordinary house, would have collapsed long ago!

But in this hall.

The actual sword intents did not damage any bricks and tiles in the hall.

Not even a small trace can be left!

Not to mention the nine statues.

At this time.

Two stegosauruses dissipate at the same time!

at the same time.

The first statue in front of Ye Qiubai, the sword intent condensed into a ball, and rushed into Ye Qiubai's body immediately!

Ye Qiubai's body trembled suddenly!

This sword intent is sharp and strong.

But it didn't damage the meridians in the body and its own flesh and blood.

Part of it was integrated into the dantian, turning into an incomparably pure aura!

The other part actually diverted into Ye Qiubai's limbs and skeletons!

Penetrating in the blood vessels, improving the blood!

Change blood realm.

Need more than Reiki.

It requires mortals to change all the blood in their bodies!

is to exchange blood.

Only in this way can we break through to the blood-changing state.

This is also the reason why there are no strong blood-changing realms born in the low-latitude boundary.

No conditions.

No chance!

Feeling the changes in his body, Ye Qiubai looked solemn, and immediately sat down cross-legged, and began to practice the Sword Sutra of Absolute Beginning.

Just two days.

Ye Qiubai broke through from the middle stage of the Hedao state to the late stage of the Hedao state!

at the same time.

The blood vessels in the body have also undergone some changes.

There is actually a sword intent in it, and... Hunyuan Qi!

Ye Qiubai stood up and smiled: "Maybe we can break through the blood-changing realm..."

After finishing speaking, he walked towards the second statue.

In the main hall, there was once again the roar of human bodies hitting the wall...

...

Let's say that after Shi Sheng returned to the thatched cottage.

Lu Changsheng was teaching Xiao Shitou, and said with a serious face: "What is the most important thing for a monk? Cultivation? Opportunity? Talent?"

"Wrong! Neither!"

"The most important thing is to survive!"

"As long as you can survive, there will always be opportunities for cultivation."

"In other words, as long as you can beat other strong people to death, and you can go to the opponent's grave to dance a song at that time, you are the strongest!"

Liu Ziru covered her face.

It started again.

But why does this sentence sound so wicked...

When Shi Sheng heard these words, he couldn't help but smile.

My master always encourages his disciples to go to various secret realms and strive for opportunities.

Then fighting is the best way to practice.

Why is our master's painting style different?

Lu Changsheng also noticed Shi Sheng, glanced at him and said, "Why are you back, kid? Are you causing trouble again?"

But secretly he was relieved.

It's fine.

Shi Sheng scratched his head and said with a smile: "It's nothing, I just want to come back to see Master."

"Don't be sensational, talk about things if you have something to do, and cook if you have nothing to do!"

Shi Sheng: "..."

"It's just that there is no good place to practice outside. After thinking about it, it's better to let the master teach it."

Hearing this, Liu Ziru was also helpless.

Finally someone found out?

With such a master that even he can't see through, why go outside?

However, Lu Changsheng's next sentence left Liu Ziru speechless.

"Look for me to teach? Teaching this little \*\*\*\* is exhausting me, and let me teach you?"

Xiao Shitou took the opportunity to run behind Shi Sheng, grabbed the tail of his clothes and said, "Senior brother, why don't you take me out to play, it's so boring being dragged and lectured by the master all day long..."

Lu Changsheng's eyelids twitched.

Shaking his head lightly, he walked to the willow tree and asked, "Xiao Liu, is there any \*\*\*\* to improve the talent?"

Shi Sheng's current talent is still at the SS level.

Before, the system released a cultivation task to upgrade Shi Sheng's talent to SSS level.

It has not been completed yet.

It's not that Lu Changsheng didn't think of a way in the middle of the journey. He tried all the pills he knew to improve his talent and aptitude.

But it didn't work for Shi Sheng.

Placing this on an ordinary person, I am afraid that these pills are enough for him to become a top-notch genius!

Liu Shu heard what Lu Changsheng said.

Flicking the willow branch, "The methods and medicines to improve talent and aptitude are very rare, but looking at the whole world, there are many ways."

"Those elixirs have no effect, it should be the reason why Shi Sheng cultivated the Chaos Star Record and opened up the starry sky dantian."

The starry sky power needed for the starry sky dantian is too huge.

The conditions are too harsh.

To a certain extent, it also affects the improvement of talent.

Lu Changsheng also had a headache, and said, "Then what else can I do?"

Willow thought for a while, and said: "Yes, there is. The rumored Buddha relic is the most precious treasure in the world of ten thousand Buddhas. After taking it, it may improve Shi Sheng's talent."

Liu Ziruo frowned.

World of Ten Thousand Buddhas.

One of the top existences in the high-latitude boundary.

Its relics are the life regarded by the world of ten thousand Buddhas.

Lu Changsheng immediately shook his head when he heard the words: "No, once the Buddha is involved, there will be many karmic entanglements. Are there other ways?"

Liu Shu also knew Lu Changsheng well, and didn't say anything about the places that were too dangerous due to many causes and effects.

"When the heavens and the earth first opened, when the stars gathered."

"The ray of star essence condensed in the realm of thousands of stars may be suitable for Shi Sheng."

"The star spirit wanders among the thousands of stars. I didn't pay attention to where it was."

"But maybe you can ask him."

Lu Changsheng was taken aback for a moment, and then set his eyes on Liu Ziruo.

Chapter 573 Go to the Dark Field!

Dark Field.

As a mysterious organization in the high-latitude boundary.

is unique in intelligence.

Dark list.

is the creation of the dark field.

On the dark list, the ranking of the strong in the high-latitude boundary is marked.

Even if it is a hidden powerhouse, the dark field can find it for you, and then mark it on the list.

Many forces are somewhat curious about this dark list.

How did the dark realm find those hidden powerhouses?

At that time, a strong man on the dark list was suddenly overthrown by a little-known hidden strong man. When he refused to accept it, after several twists and turns, he found the quiet cultivation place of the hidden strong man.

Then it was blown away...

After that, the dark list was recognized by all the strong in the high-latitude realm.

This can also represent that the intelligence gathering ability of the dark field is as good as the sky!

Liu Ziru noticed Lu Changsheng's gaze, and couldn't help being taken aback, "What are you looking at me for?"

Lu Changsheng walked over, with a "kind" smile on his face, patted Liu Ziru on the shoulder, and said, "Ziru, how do I treat you these days?"

"How about me?"

Hear this.

Liu Ziru's mind is full of scenes of being severely drilled by Lu Changsheng...

When he raised his head and looked at Lu Changsheng's extremely "kind" expression again, he suddenly trembled.

Twitching the corners of his mouth, he said reluctantly: "Um...well! Senior Lu treated me so well!"

Lu Changsheng continued to laugh and said, "Okay, I also know that Ziru has always been a person who knows how to be grateful, right?"

"..."

"I have something, Ziru shouldn't refuse, right?"

"..."

"If you don't answer, I'll take it as your default, okay?"

The corners of Liu Ziru's mouth twitched constantly, with a grim expression on his face.

Turning his head to look at the shoulder pinched by Lu Changsheng.

I did not answer!

But you almost took my shoulders off!

It hurts so much that I can't speak!

Shi Sheng on the side covered Xiao Shishi's eyes, and said, "Uh, what, senior brother taught you how to cook?"

This scene cannot be seen by Xiaoshi.

Otherwise, it will insult the stalwart image of Master in Xiao Shitou's mind!

As everyone knows, it is.

Little Shitou has long been tired of watching this scene.

It can be said that in the world of longevity.

In the thatched cottage.

Liu Ziru's status is not as good as that dog at the door... Oh no, big tiger!

"Senior Lu, I would like to promise you, but I have never heard of the star essence, even as a five-star deacon!"

Liu Ziru smiled wryly: "Either the level of the star spirit is too low to deserve the attention of the dark domain, or the level is too high, even I am not qualified to touch it!"

However, what comes out of the mouth of the willow tree is anything ordinary?

"If you want to know the news of the star spirit, you can only find a higher-level existence, and you may have to go to the dark realm with me..."

Lu Changsheng frowned.

It seemed that he was afraid that Lu Changsheng would not agree, so Liu Ziru quickly added: "Senior also knows that the dark domain has been trying to win you over. These days, the higher-ups have put pressure on me many times."

"This kind of thing that I am not even qualified to touch, I can't do it if I ask for it, so I have to let the senior follow me, and it may cost you..."

Intelligence.

Must be bartered.

And depending on the value of the intelligence.

Lu Changsheng naturally knew this kind of rule.

Considering what Willow said before, it seems that the risk is greater than this.

What's more, it seems that this is the only way to improve Shi Sheng's talent.

Lu Changsheng said helplessly: "Alright then, I'll walk with you."

Liu Ziru's face brightened, and he said, "Okay, then let's go!"

"No rush, I'll get ready first."

what to prepare?

Liu Ziru was about to ask a question when he saw that Lu Changsheng had turned and walked into the wooden house.

Shi Sheng pulled the small stone into the kitchen.

However, he said he was teaching Xiao Shitou how to cook, but Xiao Shitou ate most of the food before it was ready...

In the wooden house.

Lu Changsheng sat on the edge of the bed and thought.

The value of Star Essence is definitely not low.

Otherwise, given Liu Ziru's status in the Dark Realm, it's impossible not to know about it.

Therefore, to exchange the information of the stars and souls, the price required will definitely not be small.

What will be exchanged?

Elixir?

Improving strength?

Although it is possible, it is not as important as the soul of the stars.

Directly exchange favors?

This idea flashed through Lu Changsheng's mind, and it was immediately rejected.

Favour is the most difficult thing to repay.

As an intelligence force, what does the dark field need most?

That is the ability of intelligence gathering.

and beaters.

The latter is impossible.

That can only start from the former.

Improve intelligence gathering capabilities.

It is nothing more than special skills and formation assistance.

Lu Changsheng did not have this kind of special skill.

is not very good at this either.

Then you can only start with the formation.

thought of this.

Lu Changsheng began to arrange...

Seven days have passed.

Lu Changsheng just walked out of the wooden house.

Liu Zirui came over and asked, "What are you preparing, senior?"

Lu Changsheng smiled: "You will know when the time comes."

It took me seven days to break the formation from thinking to setting it up!

Presumably it shouldn't be a big problem.

"Okay, let's go."

Liu Zirui nodded with a smile, summoned the giant void beast, and the two jumped up.

Then go directly through the space.

Void behemoths are much faster than those space ships.

At the same time, it should be much safer.

After all, the Void Behemoth feeds on the power of space.

Those space storms and space turbulence pose no threat to the Void Behemoth!

Without these two obstacles, the speed will naturally increase.

The back of the giant beast.

Liu Ziruo said from the side: "Senior Lu, I have already communicated with the higher-ups of the Dark Realm."

"They do know a little about the matter of the stars, but this is an S-level secret, and you need to discuss it with those above in person."

Lu Changsheng nodded.

Since you know it, that's fine. I'm afraid that the dark domain doesn't know, so let yourself find it.

"However, the price paid may be relatively high. S-level secrets are no longer something that can be exchanged for ordinary things."

Having said that, Liu Ziruo was silent for a while.

Immediately said: "However, if Senior Lu is willing to join the Dark Realm, he may be able to obtain this secret..."

Lu Changsheng smiled: "You also know that I will not join the dark realm."

Hearing this, Mu Fusheng smiled wryly: "That may be a bit difficult...or close to impossible."

"After all, S-level information is usually obtained by the dark domain in exchange for what they want."

"And their goal all along is you..."

Lu Changsheng shrugged.

If this formation is not enough, then we can only go to the Ten Thousand Buddhas Realm.

Although it is dangerous, although it will be entangled in cause and effect.

However, this is not a reason to join a force and be controlled by others.

## Chapter 574 Dark Lord

Dark Field.

In the entire high-latitude boundary, even the god-level forces must be feared.

This force is too mysterious.

Not to mention that the ability to collect intelligence is extremely powerful, even the major powerhouses incorporated into the dark domain are all over the high-latitude boundary.

On the whole, the dark domain cannot be regarded as a sect, but can only be regarded as an existence similar to an association.

So, even the strong ones who have already joined the sect can join as long as they are invited by the Dark Realm.

The premise is that you need to make an oath of heaven and not reveal any secrets in the dark domain!

Although it will be a little restrained.

However, the various resources and contacts in the dark field make even the top powerhouses have to be excited!

In the face of these various treatments, some constraints are acceptable.

For example, Liu Zirui.

The second-rate top family in the high-latitude realm, the talented young master of the Liu family who has not been seen for thousands of years, joined the dark realm and became a five-star deacon in the dark realm.

You must know that Liu Zirui back then was a dazzling figure who could compete with those top-ranking forces.

The dark area is too mysterious.

So, except for the high-level people in the dark domain, no one knows where the headquarters of the dark domain is.

Outsiders want to know where the dark zone is.

Either be taken over by the high-level dark domain.

Either be invited by the Dark Realm.

And Lu Changsheng took both of them!

The void behemoth passed through many spaces, and there was no light in the process!

It's like walking in a dark abyss.

After an unknown amount of time, the Void Beast suddenly stopped under Liu Zirui's command.

The surrounding area was pitch black and silent.

Only the void behemoth breathed out, absorbing the "wheezing" sound of the surrounding space storm.

Lu Changsheng looked around, nodded and said: "It seems that the dark field is very powerful, and a world has been opened here? No wonder you said that other people in the dark field can't find it."

Liu Ziru just wanted to use special means to break through the space barrier in front of him, but when he heard Lu Changsheng's words, he couldn't help being shocked!

"How do you know that a space has been opened here?"

Lu Changsheng asked strangely: "Is it difficult? The spatial fluctuation here is different from other places, and there is also a very strong aura overflowing."

Liu Ziru: "..."

Then he smiled wryly and shook his head.

is it hard?

Of course it is difficult!

Although what Lu Changsheng said is right, the spatial fluctuations and aura here are indeed different from those in other places.

However, even he, without the guidance of special means, would not be able to discover these things!

But I thought about Lu Changsheng's unfathomable magical powers like the vast ocean.

It would be strange if you didn't find it.

"It seems that the dark list still underestimates your strength." Liu Ziru smiled wryly while opening the space: "You should be ranked first. This is the first time I found out that the dark list is also wrong!"

Lu Changsheng shrugged: "The world is so big, there are many people who are stronger than me, maybe it's because the dark list is not very popular."

Liu Ziru murmured in a low voice: "I can't do the black list? You are the only one who dares to say that."

"Can't you be a little bit close to your own strength..."

...

The space is broken.

The two left the back of the Void Behemoth and stepped into it.

Immediately.

The monstrous aura is coming!

Lu Changsheng disliked it and said: "Your dark domain family has a big career, why is the aura so thin?"

Liu Ziru helplessly said: "Senior Lu, you can't compare everything with your Longevity Realm!"

"What's more, this is a high-latitude realm, and it's also a dark realm! Compared with the mid-latitude or low-latitude realm, the aura density here is hundreds of times higher!"

Lu Changsheng did not reply, but glanced around.

In the Dark Realm, there is nothing as dark as his name.

On the contrary, the sun shines on the large green grassland. On the grassland, there are piles of things that look like stone bricks.

And in the center of those stone houses, there is a dark black stone tablet that pierces the sky!

There are twenty names on the stele.

Ranked second on the top, this name is half covered by the clouds and mist in the sky, but it is vague.

Still able to see the name on the top, engraved with Lu Changsheng!

And the first is that it is completely covered by clouds.

While looking around, Lu Changsheng naturally released his consciousness, covering the entire dark area!

In the surrounding space, there are four people hidden.

In the stone house, more than a dozen people focused their attention on him.

At this time.

Liu Ziruo led Lu Changsheng to the stone house closest to the stele.

I saw Liu Ziruo looked respectful, bowed slightly, cupped his hands and said: "Dark Lord, Senior Lu is here."

At this time, the door of the stone house was pushed open.

A very young-looking person stepped out.

Looking at it, Lu Changsheng knew that this person was in an easy state.

The dark master smiled and said: "Fellow Daoist Lu, I have been looking forward to it for so long, and finally I have you here."

"I know you don't like going around in circles, so let's just say it. The star spirit you want is a fetish that was born when the world first opened. Dark Realm found its clues by accident."

"This clue is an S-level secret of our Dark Realm. If you want to get him, you must join the Dark Realm."

Lu Changsheng smiled, shook his head and said: "I still say the same thing, I don't like to be restrained, and I don't want to have too much involvement with other forces."

Hearing this, the Dark Lord smiled and said: "Although the Dark Realm is bound to other people, if you join the Dark Realm, I promise in the name of the Dark Lord that as long as you don't want to do something, the Dark Realm will never force you to do it. Still free."

"And all the secrets in the dark domain, except for the S-level secrets, you can check the rest at will, as long as you don't disclose them."

Liu Ziru was slightly taken aback.

This condition is not unreasonable!

As a five-star deacon, he needs to apply for A-level access!

S class is even more unlikely.

And also has absolute freedom!

Liu Ziru hurriedly whispered beside him: "Senior Lu, if you agree, it means you have a free source of information!"

"And the network can also be used for free, there are only advantages and no disadvantages!"

Lu Changsheng still shook his head with a smile and said: "I still say the same thing, I don't want to get too involved with other forces, no matter how rich the resources are."

Heard the words.

Liu Ziru patted his forehead.

The dark master spread his hands and said, "That's nothing to talk about. In my opinion, if you want to get clues of the stars, you can only get them if you join the dark realm."

"Since you refused, let's take a tour in the dark realm."

Then he looked at Liu Ziru and said, "I'll leave this matter to you, take fellow Daoist Lu around."

After finishing speaking, he turned and entered the stone house.

But Lu Changsheng's lips moved slightly at this time.

Dark Lord's body paused.

The hand that originally pushed the stone gate was also hanging in the air!

Chapter 575 Deduce the Great Formation of the Heavens!

The intelligence gathering capability of the dark field can be said to be unparalleled in the world.

There is a consensus in the high latitude boundary.

You can doubt the strength of the dark field.

You can also doubt the cohesion of the dark field.

However, there is one that is absolutely recognized as the strongest existence in the entire high-latitude boundary!

That is the intelligence gathering capability.

For example, the dark list.

Another example is that even the gods and the spirit of the stars can find clues when the world first opened!

Another one is the background.

Although it is not recognized as the strongest, it should not be underestimated.

The Dark Realm has been passed down from the ancient war of the gods to the present, and at the same time, it has exchanged information for many treasures of heaven and earth, magic skills and second skills.

The background is naturally not weak.

Some people think that the dark domain is second only to the god-level forces.

This sentence is not wrong.

But.

What exactly did they say that can shake the master of the dark domain?

Liu Ziru was also very curious.

At that time, Lu Changsheng spent seven days mysteriously preparing things for the exchange of S-level information.

Could it be possible to impress the Dark Lord?

At this moment.

The dark master looked at Lu Changsheng with a serious expression, and said, "You really mean what you said?"

Lu Changsheng smiled, "Believe it or not."

Hearing this, the dark master lowered his head and meditated, and he had enough time for a stick of incense!

Then he raised his head to look at Lu Changsheng, and said in a deep voice, "Follow me."

After finishing speaking, he led Lu Changsheng towards the dark board stele.

Liu Ziru naturally did not follow.

After all, the Dark Lord did not ask him to follow him.

...

Under the dark board stele.

The Lord of Darkness took out a black token with a word of heaven engraved on it!

There is a groove under the north stele.

The size and shape of the groove is exactly the same as the black token in the dark master's hand.

Press it on for a perfect fit.

In an instant, a space crack appeared out of thin air!

The Dark Lord stepped in first!

Lu Changsheng was slightly vigilant, scanning his surroundings with his spiritual sense, and only followed after he felt that there was no ambush.

In the space crack.

There is a hole in the sky.

Among them, surrounded by a blue starry sky.

And in front of the two of Lu Changsheng.

There are four stone pillars.

The placement of the stone pillars has no rules, and it seems to be placed randomly.

But at first glance, I don't think there is any sense of disobedience!

Lu Changsheng could tell at a glance that it was a formation!

These four stone pillars are the formation base.

Every benefactor reveals the breath of the law of heaven!

The meaning of the rules, released, all converge towards their central position!

And at the center of the gathering, there was an old man sitting cross-legged on the ground.

The old man lowered his head, looking at the scrolls laid out on the ground, writing and drawing on them.

The dark master saw this, but did not speak.

I don't know how long I waited.

The air of the law of heaven surged out!

Keep rushing towards that scroll!

Immediately, a few words appeared on the scroll!

The devil, the devil is coming!

Ranking, No. 19.

At the same time, the original 19th place was also pushed down on the external black list stone tablet.

Replaced by Devil's Landing.

At this time, the old man raised his head and glanced at Lu Changsheng, but he was not surprised, and said calmly, "What are you trying to disturb this old man?"

I saw that the dark master bowed his hands respectfully and said: "My lord, this is Lu Changsheng."

"I know." The old man nodded and said, "The old man deduces that he will come."

"However..." The old man looked at Lu Changsheng curiously, and said, "But I can't deduce your fate and real strength."

"Who the \*\*\*\* are you?"

Lu Changsheng smiled and said, "It's just an ordinary person."

"It's not worth years of my life for the average person to reason about."

While putting away the scroll, the old man got up and said: "In the high-latitude realm, no one has been able to make me deduce it so hard, and I haven't deduced anything substantial yet!"

The dark master looked surprised.

"Tell me, why did you find me."

The dark master then opened his mouth to explain: "Fellow Daoist Lu has a formation that can replace the great formation of the heavens, and it is said that the effect is much stronger than the current formation."

"oh?"

The old man raised his eyebrows slightly, and said: "Can it replace the formation that deduced the Great Formation of the Heavens? Just for this?"

The dark master was stunned for a moment, and said: "Don't you need it, my lord?"

"Of course it is necessary." The old man waved his hand and said with a faint smile, "It's just that in this world, there is no formation master who can replace and deduce the great formation of the heavens."

To put it bluntly, I just don't believe it!

Lu Changsheng also smiled: "Before I came here, I thought about it. It is impossible to rely solely on manpower to collect information so accurately."

"Naturally, there is a technique of deduction, either a skill or the blessing of a formation, but if it is to be deduced to the level of the entire latitude, it can only be the addition of the two."

"Originally, I was drumming in my heart. It is possible that this formation is not as good as your current deduction formation."

"but..."

Lu Changsheng sized up the deduction of the heavens for a while, and said with a sneer: "It seems that I am worrying too much."

Hearing some arrogant words from Lu Changsheng.

The old man frowned slightly, feeling displeased, and said coldly: "The level of deduction of the great formation of the heavens is not within the reach of you and other formation masters."

"Are you so confident?"

Lu Changsheng did not answer, but looked at the dark master and asked: "If you can replace the deduction of the great formation of the heavens, can you exchange the clues of the stars?"

The dark master nodded and said: "Of course."

Intelligence collection is the foundation of the dark domain.

It would be great to be able to strengthen this aspect!

Lu Changsheng nodded, and took out the scroll from the ring.

With a wave of your arm, spread it out in mid-air!

Immediately!

The original breath of heaven and earth filled the entire space!

Even, this original aura of heaven and earth directly suppressed the aura of the rules of heaven and earth that deduced the great array of heavens and earth!

The old man was taken aback when he saw this.

Immediately, with serious eyes, he sat cross-legged on the spot, performed the exercises, and started the deduction!

It's just a stick of incense time.

The old man opened his eyes and looked at Lu Changsheng in horror.

"Who the \*\*\*\* are you?!"

"Able to use the original breath of heaven and earth, where did you come from?"

There?

where?

Lu Changsheng was at a loss.

"You don't care where I come from, just say it's okay."

The old man nodded, and said in a deep voice: "With this formation, the speed and accuracy of the old man's deduction can be increased by 40%!"

"It's just..." the old man looked at Lu Changsheng and said, "Why can't you deduce your true strength and fate?"

Lu Changsheng rolled his eyes when he heard this.

"Nonsense, the formation I made, of course you can't use it on me!"

The dark master also smiled at this time: "Since it is useful, then fellow Daoist Lu can come with me. According to the agreement, I will give you the clues of the star essence."

The two stepped out of the space crack.

The old man looked at Lu Changsheng's back and said in a solemn tone: "The origin of the Dao... the people from that place, have they come to this world..."

Chapter 576 I, Liu Ziru!

"Fellow Daoist, this is the clue about the essence of the stars."

The Lord of Darkness handed Lu Changsheng a scroll wrapped with special gold threads.

On this kind of gold wire, there is a small formation with the imprint of the soul engraved.

The soul mark in it is extremely secretive, even some strong people can't find it, and even if they find it, they can't do it!

Once it is stolen, it can be discovered by the dark field.

At the same time, once opened rashly, the scroll will automatically detonate!

Dark Lord just wanted to talk about the opening method.

But seeing that Lu Changsheng just blinked slightly, he erased the soul imprint in it, and took apart the gold thread with a seemingly flat face.

The scroll was opened without any damage.

Seeing this scene, the dark master frowned.

It seems that I need to find someone to improve the formation in the golden thread...

"Fellow Daoist, we don't know many clues about the spirit of the stars. After all, they are gods born when the world first opened."

"The year is too long. Although the dark domain has been paying attention to the clues and wants to continue to pursue them, it still has no clue."

The role of the star essence is not just to improve the innate aptitude.

According to the records of classics.

It can make a monk have the body of a star, which perfectly fits the power of a star!

At the same time, you can borrow the power of the stars in this universe anytime and anywhere!

It can also directly absorb the power of stars in the stars to practice!

This is only recorded.

Even if it's just these functions, it's worth looking for in the dark!

Lu Changsheng glanced at the clues above, nodded slightly when he heard the dark master's words, and said, "As long as there are clues."

Say it.

put the scroll away.

"Since the goal has been achieved, I will leave first."

The dark master smiled and said: "Fellow Daoists, don't you really consider joining my dark realm? It will never restrict your freedom, and at the same time, the resources of the dark realm will be at your disposal."

Lu Changsheng shook his head: "It's still the same sentence, I don't like getting involved with other forces."

"Since this is the case, fellow daoists in need can still come to me to trade."

The dark master cupped his hands.

Lu Changsheng nodded.

Looking at Liu Zirui to the side.

The dark master understood, looked at Liu Zirui and said: "Deacon Liu, give a gift to Fellow Daoist Lu."

Liu Zirui nodded, and then summoned the Void Behemoth.

Two people and one beast left the dark field!

The Dark Master looked at the figure from behind, with his hands behind his back, and said: "Let's go on, we in the Dark Realm must not offend this person."

"At the same time, if the other party has any needs, we must satisfy him to the greatest extent."

Since this kind of person can't be drawn into your own camp, you should try your best to make friends with him!

You must not be your enemy!

This is also an instruction from adults...

You must know that the identity of an adult is not ordinary, and the person who can make him take it so seriously is naturally not an ordinary person...

A black figure behind him nodded after hearing this, and then fled into the darkness...

...

Let's see after Lu Changsheng and his two left the Dark Realm.

Lu Changsheng glanced at Liu Ziru, and said, "Aren't you going back, kid?"

Liu Ziru smiled and said: "I don't have other tasks now, I still want to follow senior."

"After all, the dark domain is quite free in this respect."

Following Lu Changsheng these days, although he is often beaten, his realm is improving rapidly!

He has a feeling that it won't be long before he can make another breakthrough!

How many years has it been?

You know, at his level, if you want to break through, you can break through a small level within thousands of years, and you can be regarded as a peerless arrogance!

But after following Lu Changsheng, in just a few years, the realm that had not been loosened for a long time actually began to shake!

Lu Changsheng curled his lips, "You're really thick-skinned."

Liu Ziru frowned, and quickly changed the subject: "Hey, senior, where are we going now?"

Lu Changsheng thought for a while, and said, "Go to the Star God Realm."

Star God Realm?

Liu Ziru nodded.

The Star God Realm is far away from the Dark Realm, but with the help of Void Behemoths, it only takes three days.

Although it is faster for Lu Changsheng to go by himself...

However, in this high-latitude boundary, with the help of Liu Ziru, a five-star deacon, many unnecessary troubles can still be avoided.

It can also involve less cause and effect.

Along the way.

Liu Ziru was also explaining the situation of the Star God Realm to Lu Changsheng.

"A cultivator in the Star God Realm is a cultivator who can cultivate the power of the stars."

"The forces in it are intricate, but for seniors, the only thing to pay attention to is the two major forces"

"One is the Big Dipper Temple, and the other is the Nanguan Xing Temple."

"These two major forces are both top-notch forces in the high-latitude realm."

Lu Changsheng was a little puzzled when he heard this.

Both are Star Temples?

Seemingly seeing Lu Changsheng's doubts, Liu Zirui said with a smile: "These two forces were split from one force in ancient times. The name was the Star God Temple. The Star God Temple was a god-level power at that time."

In the high-latitude boundaries.

They are divided into first-, second- and third-rate forces, and above this is the god-level!

It can be said that the god-level forces are the ruling forces that really control this high-latitude realm!

Whether it is background or strength, they are extremely huge!

"And the reason why the Star God Temple was able to become a god-level force back then was because that legendary figure created the cultivation method of the power of stars, Chaos Star Record!"

"However, after that legendary figure fell, the Star God Temple began to split, and eventually evolved into the current complicated situation."

"Naturally, the two forces do not recognize each other, and the current relationship is like fire and water!"

Lu Changsheng nodded.

"The Star God Meteorite, is it in the ruins of the Star God Temple?"

Hearing Lu Changsheng's words, Liu Zirui was taken aback for a moment, and then cautiously probed: "Senior, don't you want to attack the Star God Meteorite?"

"What's wrong, can't you?"

Liu Zirui patted his forehead helplessly, and said: "The ruins of the Star God Temple are regarded as a forbidden place by both forces, and it is also a place where the two forces compete. Once outsiders enter, they will be chased and killed by these two forces at the same time! "

After thinking about it, Lu Changsheng said: "Then we can only find out the opponent's strength first. If he is not as strong as me, then he can sneak in directly. If he is similar to me, then he can find another way."

In this Star God Meteorite, according to the clues, there is a breath of star essence!

If you can get it, maybe you can use this breath to trace the existence of the star spirit!

so.

This thing is bound to be won.

"It's just..." Lu Changsheng looked at Liu Zirui, showing a bright smile: "I still have to trouble you, Xiao Liu..."

Liu Ziru looked at Lu Changsheng's expression and was startled.

He suddenly had a bad feeling...

Sure enough.

After arriving at the Star God Realm.

This idea was confirmed.

A ring opened to the gate of the Star God Ruins!

I, Liu Ziru!

Challenge the powerhouses of the two major star temples!

Only those who defeat me are worthy of the title of Star God Temple!

Don't even think about it!

This wicked slogan must have been spread by Lu Changsheng!

Chapter 577 Liu Ziru's acting skills are overwhelming

The ruins of the Star Temple.

It is located in the junction center of the Big Dipper Temple and the South Star Temple!

A huge arena rises in the sky!

The ascetics of Star God Realm saw this scene.

I saw the slogan on the ring.

Can't help but feel a little dazed.

"This person... where did he come from?"

"Come from looking for death? It's too long to die, and dare to directly mock the two big star temples?"

"And even said such vile words, you must know that the orthodoxy of the Star God Temple has always been a matter of contention between the two major forces."

"Sigh, within half a day, I'm afraid the people in the arena will disappear..."

"But look at that person's expression..."

On the ring.

Liu Ziru stood with her arms crossed.

It looked extremely calm, calm and breezy, as if there was no tension or fear!

It seems that the matter of declaring war on the two major star temple forces is not important!

However, all these are appearances!

Because Lu Changsheng told him.

Be sure to act realistically!

No flaws can be revealed in expression and form!

So be sure to be calm and calm again!

Otherwise, if something goes wrong, I won't save you.

When these words came out, Liu Ziru almost peed in shock...

Although his strength is not weak.

Liu Ziru was also an arrogance-level figure of the top power Liu family back then!

But the opponent is two first-class top forces, and all the strong opponents are taking turns to fight!

What's more, it was also a god-level force back then. Although it is separated now, the foundation is still extremely deep!

And he is also a cultivator of the power of the stars...

Immediately, Liu Ziru thought of the dark realm, homesick...

It seems that continuing to follow Lu Changsheng is a wrong decision...

Don't want to be tricked.

Afterwards, Lu Changsheng added another sentence.

"Oh, if you don't agree, then I will train you here later, but this time I will not hold back."

Liu Ziru heard it.

Yes, let's bite the bullet.

Rather than being tortured by Lu Changsheng, it is better to face those two major forces...

In Liu Ziru's mind.

Lu Changsheng is much more terrifying than these two major forces...

At least the other party can see through!

And Lu Changsheng's strength is really hard to see through!

...

Information spreads extremely fast!

Soon, both the Big Dipper Temple and the Nanguan Star Temple got news!

Immediately furious!

If it's just pure provocation.

The two forces may not pay attention to it, and will only treat each other like a clown.

But.

The words released undoubtedly hit their sore spot!

And the location of the ring is at the entrance of the ruins of the Star Temple!

This is undoubtedly a severe slap in the face of their two major forces!

It's just a short time for a stick of incense.

Big Dipper Temple and Nanguanxing Temple sent Tianjiao disciples and elders here!

In the north and south, an old man walked through the air, stood up, and looked at Liu Zirui.

"Is that you want to challenge our Star Temple?"

"If you dare to provoke us in this way, I'm afraid you won't be able to survive this arena."

The ascetics below were all shocked when they saw this!

"It's the Great Elder Pojun of the Big Dipper Temple!"

"And the Great Elder Gazing at the Star Gaze Temple in the South!"

These two are the top existences of the Star God Temple!

The realm of the two of them has reached the level of a god-king!

Liu Zirui looked at the two of them, stroked his chest, and breathed a sigh of relief.

so far so good.

It's just two guys in the mid-stage of the God King Realm.

Otherwise, this is really difficult to deal with.

Although Nei Liu Zirui used the secret method of hiding the realm in the dark field to hide his own realm on weekdays.

However, Liu Zirui, as the pride of the Liu family back then, is now a half-step God Emperor Realm existence.

I saw Po Jun, the Great Elder of the Big Dipper Temple, looking at Liu Zirui, and said indifferently: "What is your intention for such a provocation?"

Guan Xing is also impatient, and directly shouted: "The orthodoxy of the Star Temple will always be my Nanguan Xing Temple! Do you want to be chased and killed by my Nanguan Xing Temple?"

Po Jun raised his eyebrows when he heard the words, "Old Stargazer, isn't that right?"

"What's wrong with the established facts?"

"Then let me see how you have improved over the years."

"Hmph, anyway, it's more than enough to deal with you."

The two of them just said a few words, and ignored Liu Ziru there.

It can be seen how great the hatred between the two major forces is.

Remembered what Lu Changsheng had said to him.

Liu Ziru sighed slightly.

"You two, there is no need to quarrel here. If you can't beat me, I'm afraid you two powers are not worthy of being called the Star God Palace!"

Sure enough.

As soon as the words came out.

The two elders, Po Jun and Guan Xing, both locked their eyes on Liu Ziru.

A burst of killing intent burst out!

The incomparably huge power of the stars seemed to turn into countless incomparably huge meteorites, moving towards Liu Ziru to suppress it!

I thought that as long as I released my breath, I could suppress Liu Ziru to death!

But unexpectedly.

Liu Ziru still straightened his back, like a sky-shattering spear!

Looking at the two with a blank face, he said, "Don't try again, you are not my opponent."

Lu Changsheng in the dark saw this.

Happy.

"Hey, I didn't see it! This Liu Ziru's acting skills are really good, I don't know how much better than the group of fresh meat on the earth."

The two elders frowned upon seeing this.

Originally they planned to let the disciples take action to suppress it.

Now it seems.

The strength of the opponent is not weak at all!

"Speak wild words!"

The irascible Elder Guan Xing yelled and rushed towards Liu Ziru!

The power of the stars gushing out unexpectedly turned into a gigantic giant behind Elder Gazing Star!

Immediately, he slapped the sky with his palm, and went towards Liu Ziru to suppress it!

Liu Ziru saw this, his feet were like nails, and he stood on the ring without the slightest wavering.

Without shaking his body, he reached out and grabbed it out.

Among the horrified gazes of the crowd, it was the giant palm turned into the sky by the power of the stars, which directly grabbed the wrist of the star-watching elder.

The face of the stargazer elder changed drastically!

So easily broke his full blow?

But Liu Ziru didn't care about it at all. Instead, he grabbed Elder Guanxing with one hand, turned his head, looked at Elder Pojun on the other side, and said with a smile: "Perhaps, it's not a good choice to go one by one, you can go together."

Po Jun's expression was serious.

This kind of strength is a bit beyond his expectation!

The other party is probably a late-stage god-king powerhouse!

"Old stargazer, you persevere on your own!"

Immediately, he crushed the jade pendant in his hand!

Obviously, they are calling for help!

Seeing this, Elder Guan Xing turned livid and wanted to break free, but Liu Ziru's hands were like iron tongs!

Can't move!

However, Liu Ziru's purpose was not to kill people. He looked at Elder Guan Xing and said with a smile, "You can also call rescue soldiers. With your strength, you are not worthy to fight with me."

After finishing speaking, he let go of Elder Gazing Star.

Everyone saw this.

They all looked horrified!

I thought it was just a death seeker!

Which thought.

The strength of the man in the arena is so strong!

Chapter 578 Star Temple

Liu's house.

A second-rate top power in the high-latitude boundary.

Back then, it was because of Liu Ziru's arrogance that made the Liu family stand out among the second-rate forces!

At the same time, Liu Ziru is also an existence that can rival the first-rate powers.

The years of accumulation in the dark field, and under Lu Changsheng's "drilling".

His strength has reached the half-step God Emperor Realm!

Based on the strength of these two great elders alone, they would naturally not be Liu Ziru's opponent.

"The attack of the Elder Guan Xing of the South Guan Xing Temple was so easily broken by this person?"

"Who is this person? How can such a strong man be unknown and never heard of?"

"Don't say it's you, we have never heard of it!"

The mystery of the dark realm is beyond everyone's imagination.

As a five-star deacon in the Dark Realm, Liu Ziru's natural identity is extremely mysterious.

Even the Liu family, except for the head of the family, no one knows what Liu Ziru has been doing these years.

The two elders crushed the jade pendant in their hands.

Immediately, the news spread to the Temple of the Big Dipper and the Temple of the Stars in the South.

The two major forces who learned the news, the strongest above the elders came out in full force!

An existence that can crush the God-King Realm must have reached the late stage, or the God-King Realm!

When such a powerful person descends, only the suzerain or the supreme elder is qualified to have a dialogue with him.

Lu Changsheng also remained hidden and did not make a move.

Now only the first step has been completed, attracting the attention of two high-level officials.

Wait until the opponent's Palace Master makes a move and sees the strength of the opponent before he can decide whether to sneak in or find another way.

At the same time, it would be better if Liu Ziru could hold back the opponent.

It's just a short time for a stick of incense.

The whole sky was originally full of scorching sun.

Darkness strikes from the distant sky, slowly covering the entire sky!

As the night falls, stars appear out of thin air, hanging under the darkness!

The brilliance shining above the stars replaced the original scorching sun and sprinkled over the entire Star God Domain.

God Emperor Realm powerhouse!

Has the terrifying power to reverse the world.

Every move affects the nature of the world.

"The masters of the two great star temples are here!"

As everyone's eyes shifted.

In the sky above the ring, two men with plain clothes and restrained aura stood in the sky.

Just looking at the breath, he is just an ordinary person.

But that every move affects the natural situation of the world!

But many ascetics can only look up to it.

"Liu Ziru, who was known as the arrogance of the Liu family for thousands of years?"

The master of the Big Dipper Temple, Bei Boyu, a strong man in the early stage of the God Emperor Realm, directly saw Liu Ziru's identity.

Of course, it is the identity of the Liu family.

As the leader of a first-class top force, this information is naturally known.

What's more, Liu Ziru is such a proud figure.

Everyone was shocked when they heard the words.

Liu Ziru's name is like thunder!

It was because Liu Ziru rejected an elder from a god-level force and accepted him as a disciple!

You know, that is a god-level force!

A force that overrides the entire high-latitude boundary!

Nan Yang, the master of Nanguan Xing Temple, also smiled lightly: "But there was no news after that, making others think that this person who was called the peerless genius in the past has died, or has been annihilated by everyone."

"I don't know what is the purpose of the famous Liu Ziru, why did he commit suicide?"

"You know, the power of the Liu family is far inferior to ours."

Liu Ziru was not surprised either. He smiled and said, "This is just my own behavior and has nothing to do with the Liu family."

"As for the purpose, I simply feel that your Star God Temple is not worthy of the name, or in other words, it is not worthy of the name Star God Temple."

Although this illusory explanation makes them unbelievable.

But Liu Ziru's words made the eyes of the two hall masters show awe-inspiring murderous intent!

"There is no need to talk nonsense to a dead man."

As soon as Nanyang, the master of Nanguan Xing Temple, spoke, he pointed at Liu Ziru with one finger!

Suddenly, the stars in the sky under your shady scene actually fell towards Liu Ziru at this moment!

Stars turned into huge meteorites, each one made the Star God Territory tremble!

If it falls to the ground, it may cause large-scale cracks in the ground!

The aftermath will annihilate all creatures in a radius of thousands of miles!

For those who are strong in the God Emperor Realm, if you don't make a move, it's fine. Once you make a move, the star field will be destroyed!

This is also the reason why the powerhouses of the God Emperor Realm and above will not do it easily.

Liu Ziru looked slightly solemn when he saw this.

Although he was only one step away from reaching the God Emperor Realm.

But this step is like an abyss!

I hope that Senior Lu will compensate him by then.

Liu Ziru thought helplessly, and then circulated the spiritual energy in his whole body, blending his soul into the attack.

The power of heaven and earth gathers in the palm of your hand!

Turning a fist into a palm, a palm suddenly slaps out!

A huge palm print, shoulder to shoulder with the sky, collided with the falling stars and meteorites!

Immediately!

The world is surging!

The surrounding space completely collapsed in an instant!

Space storm erupts from it!

Whether there are buildings or forests and mountains around.

can't resist this natural disaster!

Annihilated in an instant, turned into dust, sucked into it by the space black hole, and became cosmic dust!

Liu Ziru retreated tens of meters slightly!

However, the attack was resisted.

Nan Yang looked at this scene and frowned slightly: "You are worthy of being called a peerless arrogance, and it's no wonder that there were elders with god-level forces at that time who fell in love with you."

"In such a short time, you have already reached half a step to the God Emperor Realm?"

Everyone burst into noise!

Surprised by this!

Liu Ziru's breath was a little unsteady, but he still smiled and said: "It seems that what I said is not wrong, you really don't deserve to be called Star God Temple."

Nanyang and Beiboyu both looked down.

"Arrogance!"

The two shot at the same time, blasting towards Liu Ziru!

Liu Ziru's expression tightened slightly when he saw this!

Just when he was about to resist.

Lu Changsheng's voice came from the bottom of his heart.

"Okay, you can withdraw first."

Hear this.

Liu Ziru breathed a sigh of relief, and immediately activated the secret method, and his body disappeared in place!

Nanyang and Beiboyu looked gloomy when they saw this.

"What is his purpose?"

"I don't know, ask someone to investigate!"

...

the other side.

Lu Changsheng has sneaked into the ruins of the Star God Temple.

During Liu Ziru's fight, he knew the opponent's strength.

Even Liu Ziru can't crush that guy, so his strength is needless to say.

Certainly not as good as Lu Changsheng!

However, this is the leader of the first-class top power in high latitudes?

Lu Changsheng shook his head slightly.

As for why you still sneak in?

Of course, with the opponent's strength, even if they sneak in, they won't be discovered.

Why bother to make more trouble?

Lu Changsheng followed the clues in the scroll and flew all the way to the deepest part of the Star God Temple ruins!

The surrounding buildings are all dilapidated.

However, when Lu Changsheng stopped.

The building in front of me is extremely well preserved!

The huge temple towers into the starry sky, surrounded by purple stars forming a star ring, exuding the power of endless starry sky!

Presumably, it has already arrived.

#### Chapter 579 Mysterious Phantom

Follow the clues given by the dark master.

The position of the star essence is uncertain.

So if you want to lock the position of the star essence, you must first find something related to it.

And in the depths of the ruins of the Star God Temple, the Star God Meteorite in it has a breath of star essence!

As long as you can take the Star God Meteorite, you can get the breath in it.

There is a certain chance of being able to track the current location of the star spirit.

And why did the dark domain know this clue, but at the same time wanted to find the star spirit but failed?

With the strength of the dark domain, there is no need to be afraid of the two big star temples.  
To know.

With his contacts in the Dark Realm, he can already suppress the Star God Temple of the two top-notch forces by relying on his own strength.

At the same time, he also has this huge network of contacts.

At a small cost, it couldn't be easier to find someone to deal with the two big star temples.

After all, with the intelligence gathering ability and connections in the dark field.

Who wouldn't want to sell him a favor?

Dark Territory sent people to the star \*\*\*\* Meteorite before.

But.

That fatal flaw is.

In the dark field, no one can extract the aura of the star essence in the star god's meteorite!

Even the old man in the dark board stele is the same!

At the moment.

Lu Changsheng has already entered the main hall of the Star God Temple.

In the hall, it is very different from other halls!

There is another mystery in it!

It is not a room, or a passage.

After entering it.

Lu Changsheng looked around.

is a starry sky!

A starry sky full of purple stars!

Seen with the naked eye, it is boundless.

Seeing this, Lu Changsheng closed his eyes.

Spiritual consciousness burst out in all directions like a spider web!

Sweeping the entire starry sky!

Those purple stars hanging high in the starry sky seemed to have sensed Lu Changsheng's consciousness.

Immediately burst into purple light!

Those purple radiances are filled with the power to suppress the seal.

Want to directly suppress the consciousness released by Lu Changsheng!

But.

With the strength of Lu Changsheng's spirit, how can this force of suppressing the seal be able to suppress it?

That ray of transparent soul power passed through the purple light curtain, treating it as nothing, as if entering a land of no one!

Frantically searching around.

Just a few minutes.

Lu Changsheng withdrew his consciousness and opened his eyes.

Speeding towards the north!

Through the boundless starry sky, after countless stars.

In front of Lu Changsheng, a purple irregular object the size of a meteorite appeared in front of Lu Changsheng.

"This should be the Star God Meteorite..."

Lu Changsheng put his hand on the star meteorite.

The meaning of suppression in it wants to rush into Lu Changsheng's body!

But.

Just entered, then retreated tremblingly...

It seems to have seen something terrifying.

Lu Changsheng did not feel this, and poured all his mind into the Star God Meteorite.

Capture the breath of the star essence in it!

"Well, this meteoric iron is not good... According to the clues, this meteoric iron is also a good thing for forging weapons... Why is it not as strong as a twig that was broken off from Xiaoliu?"

Lu Changsheng shook his head and continued sensing.

In the meteorite, there is an aura like a purple dragon, wandering in the meteorite.

Is this the breath of the star spirit?

Think here.

Lu Changsheng urged his spiritual consciousness to capture it.

But the little purple dragon passed through the big hand transformed from divine consciousness like a loach!

Lu Changsheng was slightly taken aback.

Small thing, kinda hard to grab.

Regather your consciousness, and continue to capture that little purple dragon!

While arresting.

Lu Changsheng used his spiritual consciousness to weave a big net!

Completely surround the place where the little purple dragon escaped!

Seeing this, the little purple dragon kept crashing into the big net!  
However, they kept getting bounced out.  
Lu Changsheng squeezed his palm.  
He grabbed that wisp of breath in his hand.  
Grabbed the Star God Meteorite and poured it into the Sea of Consciousness!  
If people in the dark area see this scene, they will probably be horrified...  
You know, they dispatched all the forces in the dark field.  
Even failed to subdue this breath of star essence.  
The time spent in it was hundreds of thousands of years!  
But what about Lu Changsheng?  
It's just a short time for a stick of incense.  
It is easy to capture it in your hand.  
It seems that there is no difficulty at all.  
Immediately after.  
Lu Changsheng didn't pause, and immediately took the breath of the stars as a guide.  
Using the direction of the flow of that breath, the spiritual consciousness followed!  
The breath flowed very fast.  
Lu Changsheng's spiritual consciousness followed closely behind.  
In a short while, he crossed countless realms.  
But this time, it took a full half a day.  
Lu Changsheng opened his eyes speechlessly.  
The location of the star essence.  
It's right in front of my house!  
In the latitude barrier at the junction of the low-latitude boundary and the mid-latitude boundary!  
Are you playing with me?  
Lu Changsheng shook his head helplessly, turned around and left the Star God Temple ruins.  
The piece of Star God Meteorite did not take it either.  
It's not as good as willow branches, why use them...  
When Lu Changsheng left.

Under the starry sky, beside the Star God Meteorite, there is a phantom floating slowly.

Looking at the direction Lu Changsheng left, his expression was solemn.

"Who is this person...? He took away the breath of the stars so easily?"

"This deity has been enlightened here for ten thousand years, but there is no progress at all... Could it be that there is still no fate?"

Xu Ying shook his head, smiled bitterly and sighed.

Immediately, it turned into a stream of light, which also swept out of the ruins of the Star God Temple.

certainly.

Except for Lu Changsheng, none of the upper echelons of the two major star temples noticed this scene.

Lu Changsheng found out, but he didn't say anything.

Since the other party is not malicious.

also does not appear.

Naturally, he didn't want to let himself discover the existence of the other party.

Then why bother?

...

After Lu Changsheng left the ruins of the Star God Temple, he quickly joined Liu Ziru.

Liu Ziru looked at Lu Changsheng who had returned, and asked, "Senior Lu, did you get it?"

Hearing this, Lu Changsheng nodded.

"Have you found the location of the star essence?"

Lu Changsheng smiled wryly: "It's in the latitude barrier between the low-latitude boundary and the mid-latitude boundary."

Liu Ziru was also taken aback when he heard the words.

"No wonder the dark field has been undetectable."

"The latitude barrier is also a place that the major forces cannot explore."

Lu Changsheng was also a little puzzled.

Why is this star spirit in the latitude barrier?

What is the connection between the latitude barrier and the star spirit?

Or rather.

What is the secret of this latitude barrier?

Even those so-called god-level strengths can't be detected?

Lu Changsheng shook his head.

It's useless to think so much.

Now that we are delaying, we will get the star essence.

"Okay, it's not too late, let's go too."

Liu Ziru nodded with a smile.

Stay until the two leave.

The unknowing forces of the two major star temples are still looking for Liu Ziru's trace...

#### Chapter 580 The Secret of the Latitude Barrier

Throughout the latitude.

There are four major secrets, which are still unknown and impossible to explore.

First, Mortal Village.

Even if the god-level forces enter it, they have to be respectful!

Second, the dark field.

The intelligence gathering ability of the dark domain has always been a mystery, and no one knows how the dark domain achieves this.

Third, the gods born when the world first opened.

Star Essence is among them.

And the fourth is the latitude barrier.

Whether it is the latitude barrier from the low-latitude boundary to the mid-latitude boundary, or the latitude barrier from the mid-latitude boundary to the high-latitude boundary.

Countless powerful forces went to explore, among them, there are also some god-level forces to study.

But still can't figure out the structure.

Some people say that this is a formation, and some people say it is something that was left when the world first opened.

However, neither claim has been confirmed.

After tens of thousands of years of investigation, even the god-level forces were unable to come up with the answer.

So, no one is going to investigate now.

Today.

Lu Changsheng came between the latitude barrier between the low-latitude boundary and the mid-latitude boundary.

The breath of the star spirit, the final guidance is here.

When we reached the barrier, the guidance disappeared.

Liu Ziruo looked at this scene, and said puzzledly: "Senior Lu, the latitude barrier is only for passing through, it's just a barrier, how can the stars and spirits hide in it?"

Lu Changsheng did not answer, and now he has not found the answer.

The latitude barrier does not seem to have any singularity, it is just a barrier between two latitudes.

If you want to pass, you can only rely on the latitude jade seal, or break through with absolute strength!

The star spirit, why is it in the latitude barrier?

The aura in the star god's meteorite is definitely the aura of the star spirit.

The guidance of the breath is definitely not wrong.

so.

In the latitude barrier, there is a hole in the sky!

How to enter it?

Lu Changsheng stretched out his right hand, and directly tore a gap in the latitude barrier!

Then step out in one step.

Liu Ziruo was not surprised and quickly followed.

When the two reappeared.

But it has already crossed the latitude barrier and came to the low-latitude boundary.

Lu Changsheng frowned slightly upon seeing this.

As he expected, he stepped over directly.

If there is really a hole in the latitude barrier.

How did it do it, so that the strong man on one side could not feel any breath, and teleported from one side to the other?

Those powerhouses of God-level forces also can't feel it, can they?

etc.

Teleport?

yes.

If there is a hole in the latitude barrier, or there are other passages.

Then the outsiders passed through the barrier the moment they passed through and reached another area.

The only thing that can be done is space teleportation!

There are two ways of space transmission.

Black hole shuttle.

It is impossible to travel through a black hole without noticing it.

After all, Lu Changsheng is still proficient in the Dao of space with a hundred million points.

That is the space teleportation array!

And it is a teleportation array that hides the breath of space!

thought of this.

Lu Changsheng tore open the barrier that had been restored instantly, and stepped into it again!

Liu Zirui silently followed.

Before I could feel it, I reached the mid-latitude boundary again.

Immediately, Lu Changsheng continued his previous actions and continued to cross the latitude barrier.

Repeatedly.

back and forth.

Liu Zirui did not follow after ten times.

Just staring blankly at Lu Changsheng who kept shuttling back and forth, dumbfounded.

finally.

When Lu Changsheng crossed the latitude barrier again and came to the mid-latitude boundary.  
stopped.

Liu Zirui hurriedly asked: "Senior, did you find anything?"

Lu Changsheng smiled lightly, and said: "I know the principle of this latitude barrier."

Hundreds of shuttles finally let him know the secret of the latitude barrier crossing two latitudes.

It also confirmed that Lu Changsheng's idea was not wrong!

Among them, this space teleportation array does exist!

And there are still two space teleportation arrays!

In each side of the low-latitude boundary and the middle-latitude boundary, each has a space teleportation array!

Extremely hidden!

Even Lu Changsheng traveled through more than a hundred times before successfully capturing the breath of the space teleportation array.

Immediately.

Lu Changsheng stretched out his hand.

placed above the latitude barrier.

This time, he didn't tear directly.

Instead, use the principles of space to cover your whole body on it!

Then he looked at Liu Zirui and said, "This time, don't follow me. You go directly to the Longevity Realm and tell Liu Shu about my entry into the latitude barrier."

Liu Zirui saw Lu Changsheng's dignified expression for the first time!

also trembled in the heart.

During the day, Lu Changsheng's expression was extremely relaxed.

And you must consider cause and effect and consequences in everything you do.

Even if the strength is much worse than him, people who are not at the same level at all.

You have to think about it for a long, long time before you make a move!

And this is still a situation where you have to make a move.

If it was not necessary, Lu Changsheng would never have made a move!

And now.

Lu Changsheng's expression was solemn, and he was about to go to a field that no one had explored.

Even, it includes areas that even the god-level forces cannot detect!

Liu Zirui felt a little admired.

I dare not say it elsewhere.

However, Lu Changsheng is definitely a good master.

For the sake of my disciples, I was able to violate the things I have always insisted on, and I broke the principle of caution...

Thinking of this, Liu Ziru looked serious, bent down solemnly, clasped his fists at the top of his head, and said in a low voice: "Liu must be done, senior, please be careful."

Lu Changsheng nodded.

Immediately, he raised his palm, and the power of the surrounding space frantically gathered towards Lu Changsheng's palm!

Shoot with one palm!

Instantly!

The entire latitude barrier seemed to tremble twice!

At the same time, a huge suction directly sucked Lu Changsheng into it!

disappeared.

Liu Ziru saw this, without stopping, took out the jade seal of latitude, crossed the barrier, and rushed towards the Longevity Realm.

...

On the other side, Lu Changsheng went to another dimension!

This place is actually full of the power of Taoism!

Before he could take a closer look at his surroundings, in front of him, in a huge space teleportation array, a vortex began to spin crazily!

A strong suction force lured Lu Changsheng into it!

Obviously.

This is a space teleportation array near the low-latitude boundary!

Want to forcefully teleport Lu Changsheng out!

And this.

Lu Changsheng had already expected it.

The power of space absorbed earlier instantly enveloped the whole body!  
at the same time.

In Lu Changsheng's hand, a willow branch was held in the palm of his hand.

Immediately, the way of the sword merges with the way of space!

The willow branch is used as a sword, cut flat and come out!

Split that suction force in two!

The vortex stopped running.

Lu Changsheng lightened his body and looked around.

One front and one behind, two huge space teleportation arrays stand here.

And where he was, it was actually a passage!

At the end of the passage, there is a bright light, and there is no one knowing what is there.

However, the breath of the stars, the guidance reappeared.

Directly point to that light!
