

My Disciples 621

Chapter 621 Ye Qiubai wins this battle!

Hunyuan swordsmanship, although compared to Xingyun swordsmanship, Heavenly Demon swordsmanship is more subtle and powerful.

But compared with the Sword Sutra of Taichu.

But it was still more than one grade behind.

Even Ye Qiubai can feel it.

The sword technique among them has great requirements on the sword repair itself.

For example, from this third sword to break the magic.

Even with Ye Qiubai's current cultivation base and kendo level, if he wants to use it, he needs to bear a huge load!

And once used, there will be no possibility of fighting again.

This is a sword that condenses one's own cultivation, energy, and the essence of the outside world.

Use it in Ye Qiubai's current state.

It can be said that you have bet everything on yourself!

Only then.

Only then can it be possible to defeat Zhan Tianxing's knife.

Zhan Tianxing is different from the ascetics he fought with before.

Talented evildoer.

Superb combat power.

With half a step in the turbid fairyland, he can kill two turbid fairyland powerhouses alone.

This record is not unremarkable.

You know, the stronger the realm, the more difficult it is to fight across borders.

When you arrive in Wonderland, it is even more difficult!

Every small realm has a huge impact on the improvement of strength.

But Zhan Tianxing did it.

Such a person, even Ye Qiubai, can only go all out.

On the Dao platform.

The three-foot Qingfeng and the full moon scimitar slashed together.

The sword body and the blade body collide continuously.

With Ye Qiubai and Zhan Tian acting as the center, the surrounding space and the platform are constantly shaking!

Behind Zhan Tianxing, a round of full-moon sword light transformed from domineering sword intent continued to bloom!

The originally bright place where the sun was shining brightly, but now it looks a little dim.

This full moon has become the only light source in this land!

Behind Ye Qiubai, the sword intent that condensed the essence of heaven and earth seemed to be surging in a chaotic manner at this moment.

It's like a tornado.

However, they are constantly looking for the flaws of Zhan Tianxing, as long as they break through a ray of flaws, they will take the opportunity to break in and break the surface!

This time, it's not like before that you can retreat at the touch of a button.

Instead, there was a stalemate for a long time!

Sword Intent and Saber Intent collided back and forth continuously, continuously.

Let those ascetics who have unconsciously pushed away under the platform look at this scene in horror.

The attack of the two men really surprised them.

Not to mention Zhan Tianxing.

Only Ye Qiubai, who was in the early stages of the blood-changing state, was considered alone.

Can also play such an offensive?

On par with Zhan Tian Xing?

On the top of the platform.

The Sect Master of Destiny Sect looked at this scene with a gloomy expression, with murderous intent accumulating in his eyes...

The fingers began to move slightly.

seems to be thinking whether to do it or not?

And at this very moment.

Huo Zhengheng's figure suddenly appeared beside him.

Huo Zhengheng's tone was flat, but it was full of threats: "Let them solve the matters of the younger generation by themselves, or since you haven't done it for a long time, how about I accompany you to practice?"

The face of the Sovereign of Destiny Sect was extremely ugly.

is also extremely embarrassing.

He had heard about Huo Zhengheng's strength.

Although the strength is the same as him, he is in the early stage of the Heavenly Wonderland.

But the actual combat power is stronger than him!

Really fight.

It's really not Huo Zhengheng's opponent.

The head of the Destiny Sect shook his sleeves and said with a cold snort, "I don't even have a chance to fight a junior."

Hearing this, Huo Zhengheng glanced at the Sect Master of Destiny Sect faintly, and said calmly: "I hope so, Ye Qiubai is my sword son of Tianjian Peak. If something happens to him, Destiny Sect will cease to exist."

"Don't doubt what a sword fairy said. The strength of your Destiny Sect is not enough. Do you understand?"

The face of the Sovereign of Destiny Sect changed one after another.

Huo Zhengheng's words are confident and domineering.

He has no room for refutation.

The original Tianjian Peak was extremely low-key, and basically would not participate in any battles in the mid-latitude boundary.

But this time.

For this Ye Qiubai is so high-profile.

What is the origin of this person?

At the time when the two powerhouses in the Celestial Wonderland were secretly undercurrents.

The results were finally announced on the platform.

The full moon is at this moment.

A gap was cut by the demon-breaking sword that condensed the essence of heaven and earth.

The full moon is missing.

Sword intent suddenly invaded it!

Cracks are constantly extending.

Until after three breaths.

Among the horrified eyes of everyone.

The full moon knife light shattered directly!

Zhan Tianxing's face was pale, and a mouthful of blood suddenly spewed out!

fell directly on the ground!

Ye Qiubai stopped the Hunyuan Immortal Sword that was moving forward in time.

This is why Zhan Tianxing's body was not pierced!

Zhan Tianxing fell to the ground, raised his head slightly and looked at the three-foot green blade in front of him.

Suddenly burst into laughter!

"Good! Have fun!"

After saying these three words, blood continued to flow out.

But Zhan Tianxing still didn't stop, but looked at Ye Qiubai with madness, and said proudly: "You are very strong, really strong!"

"Being able to defeat me head-on in this realm, my talent is not as good as yours."

"I was wrong before, you are not my sharpening stone, but I will try my best to catch up and let you become my sharpening stone!"

Ye Qiubai's face was also pale.

He, whose aura was already empty, was just trying to hold himself up so that he would not fall down.

I saw him grinning with difficulty and said: "You are also very strong, but your decision also saved my life."

Zhan Tianxing just joined the Destiny Sect for the Wanyu Grand Competition.

At first Ye Qiubai didn't think about taking his life.

However, after seeing the murderous intent revealed by Zhan Tianxing.

Ye Qiubai also decided to kill him.

However, what Zhan Tianxing did afterwards also made Ye Qiubai put away his murderous intentions.

Zhan Tianxing grinned and said, "I've always had good luck."

"I can tell."

Speaking of this, Ye Qiubai finally couldn't bear it anymore, and fell to the sky on the platform.

Take out a elixir and put it in your mouth, and start to recover slowly.

When the disciples of Destiny Sect saw this, they immediately shouted: "Brother Zhan! Solve it quickly!"

Zhan Tianxing didn't even look at them, but raised his head to look at the old man.

Trembling, he raised his hand and said, "I lost."

The old man looked at the two people who fell to the ground, with appreciation in his eyes, nodded and started to announce.

"This battle, Ye Qiubai won."

In mid-air, the Sovereign of Destiny Sect looked at this scene with a gloomy face that was about to drip water.

Now he has lost the monster Zhan Tianxing.

After that, although Ye Qiubai was also unable to make a move.

However, for the remaining two people at the Heavenly Sword Peak, I am afraid that they are a little bit overwhelmed.

However, the Wanyu Grand Competition involves the City of Absolute Soul.

The Sovereign of the Destiny Sect naturally cannot give up.

After all, you don't know the result if you haven't played yet.

He didn't know how powerful these disciples of Tianjian Peak were.

Before Tianjian Peak, it was too low-key...

Few people know their true strength...

When Ye Qiubai was carried down.

Chu Lan looked at Ye Qiubai and said: "The most troublesome thing has been solved, and then, leave it to us."

"Don't worry, they won't be able to get down to the Dao stage alive!"

Chapter 622 Take control of the initiative!

Today.

There are three remaining members of the Destiny Sect.

Tianjianfeng, Ye Qiubai and Zhuang Zidong all lost their combat power.

There are only two people left.

When the old man announced the start of the next battle.

Chu Lan jumped up.

Hold the back with one hand, and hold the sword in the other.

Looking indifferently at the three disciples of Destiny Sect, he said calmly, "Come up."

The three disciples of Destiny Sect all had ugly faces.

One of them shouted coldly: "So crazy, do you think your Tianjian Peak is a top force?"

After finishing speaking, that person also came to the stage.

Hands are wrapped in a pair of gloves.

On the glove, each finger has a golden spike exposed.

The spikes are extremely sharp, and under the sunlight, they reflect a dazzling golden light.

After the old man said a word.

Chu Lan's sword intent spread all over his body!

Sharp sword intent restrained.

Actually reached the Supreme Sword Intent!

In the next moment, in the blink of an eye.

Chu Lan disappeared in place.

The sword intent all over his body, at this moment, with the disappearance of Chu Lan's body, is also directly hidden in the air.

Flow with light wind.

Grabbing towards the disciples of Destiny Sect!

The Destiny Sect disciple saw this.

Although there was no sword intent on the stage, there was a sudden chill in my heart, and I felt jealous and dangerous!

It turns out.

His hunch was correct.

Before he could react.

This disciple of Destiny Sect had a streak of blood shooting out from his neck.

next moment.

Not only the neck, but also the center of the eyebrows, the dantian, the limbs, and the heart all had a blood hole!

Everyone sees.

Behind this man.

Chu Lan's figure slowly emerged.

The moment the Destiny Sect disciple fell down, his eyes were still full of confusion and disbelief...

Although his realm is only at the peak of the blood-changing realm.

The difference between Chu Lan and Chu Lan's realm does not seem to be much.

However, he was directly hit by Shun Miao!

Didn't even see anyone.

Didn't even make an attack!

then die directly!

Everyone's eyes were extremely serious.

It can only be said that this Tianjian Peak disciple named Chu Lan is also an extremely powerful sword repairman.

The strength of Tianjian Peak.

It was also at this moment that it slowly surfaced and appeared before the eyes of other forces.

The head of the Destiny Sect's face was ugly, and he shouted in a cold voice: "Don't you think it's too much to directly kill my disciples?!"

Chu Lan looked at the lord of Destiny Sect without fear, and retorted: "Wanyu Grand Competition, on the stage of the Dao Discussion, you will compete in martial arts, life and death don't matter. As the lord of Destiny Sect, you don't know it?"

"What's more, when you treated Junior Brother Ye just now, you also revealed your murderous intent?"

The face of the Sovereign of Destiny Sect changed drastically!

Ben was hurt by Huo Zhengheng's merciless words before.

Zhan Tianxing directly conceded defeat again.

Now, a junior dares to refute him?

The aura of Heavenly Wonderland suddenly burst out!

One time.

The entire sky in Wanyu Wilderness seems to be collapsing!

The heaven and the earth changed color when the angel was angry!

This sentence is definitely not groundless.

A strong man who has reached the Heavenly Wonderland, every move can cause the world to tremble!

And that coercion has not yet oppressed Chu Lan.

was resisted by another sword intent!

I saw Huo Zhengheng standing proudly beside him.

Fingers together.

The sword fingers are placed randomly.

Sword intent burst out from Huo Zhengheng's body!

He said coldly: "Wang Lijing, do you think the Destiny Sect will be destroyed?"

Huo Zhengheng's words shocked everyone.

He didn't directly defend Chu Lan.

Instead, he directly said that he wanted to destroy the Destiny Sect!

The face of the Sovereign of Destiny Sect suddenly changed.

this moment.

The old man also said indifferently: "Wanyu Dabi, if the two of you want to interfere with the normal progress of the Dabi, please quit and solve it yourself."

Heard the words.

The head of the Destiny Sect snorted coldly.

Withdrew his breath.

It's not just Huo Zhengheng.

Even if it is the force behind this old man, their Destiny Sect is not qualified to contend with it!

Huo Zhengheng also withdrew his sword intent, cupped his fists at the old man and said with a smile: "Old Lin, as long as he doesn't interfere with Dabi, our Tianjian Peak will naturally not do it."

The old man known as Lin Lao nodded.

Looking down, he said, "Chu Lan, do you want to continue fighting?"

Chu Lan nodded, then looked at the remaining two Destiny Sect disciples below, and said coldly: "Next one, come up."

The remaining two disciples of Destiny Sect also looked ugly for a while.

However, now the arrow is on the string and has to be fired.

If not on.

That is to lose without fighting.

Such a move will undoubtedly completely lose face of the Destiny Sect!

However, once you go up.

Can't avoid being killed!

They have already seen Chu Lan's strength.

They will never be Chu Lan's opponents!

Just when the two were showing difficulties.

The head of the Destiny Sect suddenly said with an ugly face: "This time, our Destiny Sect has conceded."

All of them looked incredible.

Admit defeat?

And this sentence was spoken by the master of one sect?

Once such words as admitting defeat without fighting are said, the face will no longer exist!

However, Huo Zhengheng looked at the Sovereign of Destiny Sect with slight surprise.

Ye Qiubai also looked slightly solemn.

in this case.

In full view.

Throw in defeat?

Such a person has a very deep city.

Moreover, extremely dangerous!

A person who can abandon face and dignity at critical moments.

are often dangerous and unusual characters!

Seeing this, the old man looked at the head of the Destiny Sect and asked, "Are you sure?"

The head of the Destiny Sect did not hesitate this time, and nodded directly.

His complexion also returned to normal.

Can't see any emotion.

"Okay, that's it."

The old man began to announce the result: "Tianjian Peak fights Destiny Sect, Tianjian Peak wins!"

This battle is over!

The head of the Destiny Sect cast a gloomy look at Ye Qiubai, then at Chu Lan, and left with his disciples.

No nostalgia!

After watching this scene, Huo Zhengheng came to Ye Qiubai's side, and said, "You have to be careful of the Sect Master of Destiny Sect."

Ye Qiubai nodded.

"Originally, I thought the Destiny Sect was nothing to worry about." Huo Zhengheng said with a slightly solemn face, "But now, it seems that the suzerain of the Destiny Sect is not simple."

Ye Qiubai smiled sassily, and said: "How can there be a simple person who can become the master of a second-rate force in the mid-latitude boundary?"

"Then what are you going to do next?"

"Should we wait for them to take the initiative, or..."

Obviously.

Huo Zhengheng didn't think that the head of the Destiny Sect would give up the idea of killing Ye Qiubai!

Ye Qiubai thought for a while, and then said: "Leave it alone, but if the other party wants to make a move, it will definitely be within a few days..."

"Of course, if the other party doesn't make a move...I can't do this kind of thing."

When doing anything, you must ensure that the initiative is in your own hands.

This matter was learned from Master.

Chapter 623 Confiscated for a while, stop

There are more than one discussion platform in the wilderness of Wanyu.

In order to speed up the progress of the competition.

There are ten Lun Dao platforms.

And in a discussion platform in the west.

it's here.

It is also the place where Mu Fusheng's Saint Talisman Sect conducts the second round of selection.

And here it is.

For the Saint Talisman Sect, there is no challenge at all.

Nor is it a deliberate arrangement or a coincidence.

The four top powers in the mid-latitude boundary are all assigned to the Daotai in different places.

Basically, there will be no suspense on the Daotai where the top forces are located.

Sacred Talisman Sect, as a top force.

was also arranged to be the last to appear.

Directly compete with the force that decides the outcome.

at this point.

All forces have no opinion.

After all, with the strength of the top forces, there is no need to waste time fighting round after round.

Under the discussion platform.

Mu Fusheng put away his usual frivolous and hippie smile.

Looking at the discussion platform with a gloomy face.

This is a contest between the second and third forces.

Which side wins.

Then they will compete with the Saint Talisman Sect.

Determine the final winner.

On the Dao Discussion Platform, one of the factions was named...Wuyazong.

For this force.

Mu Fusheng has already firmly engraved it in his mind.

and engraved it with a dead charm...

Because, when the borderless domain was invaded by the evil race.

There are seven major forces descending.

The seven great forces killed countless people of the Boundless Dynasty.

Wu Yazong is one of them.

At this moment, Leng Yinqiu noticed Mu Fusheng's expression, and asked in confusion, "What's wrong? Is there your enemy on the ground?"

I have to say that Leng Yinqiu's observations are quite meticulous.

After all, he is a direct disciple of the suzerain of the Saint Talisman Sect.

An existence raised as the successor of the suzerain.

How could it be possible without a little eyesight?

Mu Fusheng nodded, and said: "Wu Yazong, they killed many people in my dynasty at that time."

Dynasty?

Leng Yinqiu was slightly taken aback.

After all, they had never heard of where Mu Fusheng came from.

However, Mu Fusheng didn't say anything specifically.

Then he will not take the initiative to ask.

Some things, if a person wants to say something, you don't need to ask.

When Mu Fusheng mentioned it, he only mentioned one dynasty.

Did not say which dynasty it was.

Then there is no need to ask again.

Leng Yinqiu nodded, and said: "Looking at it this way, there are still three people left in the Wuya Sect, and there is only one person left in the other party's force. There should be no suspense."

Speaking of this, Leng Yinqiu also showed a sneer, and said: "Just kill them when the time comes."

Mu Fusheng nodded, and said something that surprised Leng Yinqiu, Ningxi, Shen Ziyu and the others.

"When the time comes, let me go, they must be resolved by myself."

As soon as the words came out.

The three of them all had surprised expressions.

Since getting along these days.

They can all feel it clearly.

Mu Fusheng is a person who acts in a low-key manner, is very cautious, and doesn't like to cause trouble.

This is also the first time for him to say such murderous words!

However, since there is hatred.

That is also understandable.

The three of them nodded in agreement.

With Mu Fusheng's strength, it can be said that it is more than enough to deal with them.

Randomly throwing out an Earth Immortal-level talisman can wipe them all out!

As for the enmity with Wu Yazong?

terribly sorry.

The three of them never thought about it.

Their Saint Talisman Sect is the top force in the entire mid-latitude realm.

Still afraid of a second-rate force in this area?

Sure enough.

The result is not unexpected.

Wu Yazong won the final victory.

After proposing to take a day off to recover.

The Endless Sect will also face off against the Saint Talisman Sect.

"The Wuya School vs. the Saint Talisman School, Master."

A middle-aged man on the platform said lightly.

Mu Fusheng jumped up directly.

Without any hesitation.

And below.

The four disciples of Wuya Sect all smiled wryly.

"Why did the Saint Talisman Sect appear on our platform?"

"Well, I can only say that I am unlucky."

Besides, the suzerain of Wuya Sect said: "Don't be afraid, just let go and hit."

"It's not shameful to lose to the Holy Talisman Sect, not to mention that the actual combat level of the Holy Talisman Sect is not up to the level of the top forces."

In the Wanyu Grand Competition.

Cannot use elixirs in the middle of the sparring.

Talisman seal, unless you seal it during the sparring process, you can't use it either.

On this point alone, it is already a huge disadvantage for the Saint Talisman Sect.

If you can use the talismans carved before the sparring.

Then...the Saint Talisman Sect will have no suspense, and will be the leader of the Wanyu Grand Competition.

In terms of seal characters.

Which force can challenge it?

Which faction has the reserve of talisman seals of the Holy Talisman Sect?

When the four disciples of Wuya Sect heard the words, their eyes lit up, and they all nodded.

One of the disciples came to the Dao Discussion Platform.

Cupped his hands at Mu Fusheng.

Mu Fusheng didn't move at all, but just looked at the disciple coldly.

Without any emotion, the indifference is abnormal!

Above.

An elder of the Saint Talisman Sect couldn't help touching his chin when he saw this.

Looks like...the Wuya Sect has some issues with him?

The disciple also frowned slightly when he saw Mu Fusheng's indifferent expression.

Although the power gap is not small.

But it can't be so insulting, right?

Following the order of the middle-aged man.

The discussion begins.

The disciple of Wuya Sect slapped Mu Fusheng with his palm!

This palm squeezed out all the strength of this disciple!

When facing the disciples of the Saint Talisman Sect, he dared not hide anything!

So, when he slapped this palm, it even surpassed his original level!

With the pinnacle of the blood-changing state, he forcibly played half a step into the power of the turbid fairyland!

Below.

The disciples of Wuya Sect were all amazed when they saw this scene.

"It seems that when facing the strong, you can best squeeze out your potential!"

"That's right, otherwise I really wouldn't be able to see that the talent of the younger brother is quite good, and he can actually exert the power of a half-step Zhuoxian."

"Even if you lose at that time, you will be vigorously trained after returning to the sect."

However, when their voice just fell.

Mufu came alive.

I saw Mu Fusheng's face was cold.

The killing intent was abruptly hidden by him.

If you show your killing intent, you will be seen through by the opponent.

Then what should I do if I dare not go up and admit defeat directly?

Mu Fusheng shouted loudly, and slapped it out with a palm!

Immediately!

Thunder Rolling!

Thunderbolts turned into thunder dragons, directly crushing that palm print!

penetrated the chest of Wuya Sect disciple!

The disciple's aura suddenly disappeared!

Falling forward, he fell to the ground.

After finishing all this, Mu Fusheng panted slightly and said, "I'm sorry, I can't use talisman seals, I was a little nervous, and I didn't stop for a while."

Leng Yinqiu: "..."

Ning Xi: "..."

Shen Ziyu: "..."

Chapter 624 Mu Fusheng: How about you go together?

Didn't hold back...

This is the first time they have heard of such a shameless reason.

but.

The disciples of the Saint Talisman Sect do not use seal characters.

It was obviously beyond their expectations that they could explode with such a powerful strength.
after all.

The disciples of the Saint Talisman Sect were participating in the Wanyu Grand Competition.

Usually rely on agility to avoid the opponent's attack, or directly use aura and spirit to defend.

Followed by seal cutting talisman seal.

Use this to attack.

Of course, this refers to the same realm or higher realms.

After all, even within the same realm.

The actual combat abilities of the disciples of the Saint Talisman Sect are not too high.

Almost all of the time was spent on seal carving.

At this time.

Wuya Sect Master looked at Mu Fusheng on the stage with an ugly face, angry in his heart, and his face was gloomy.

But he couldn't do it.

There is no other reason.

The Holy Talisman Sect is not something they, a second-rate force, can provoke.

Besides, who can represent the Saint Talisman Sect to participate in the Wanyu Grand Competition, which one is not a proud figure in the sect?

This kind of person is even more difficult to provoke!

At this time.

One of the disciples of the Wuya Sect stood up and said, "I'm here to learn from you. How strong are the disciples of the Saint Talisman Sect?"

This person is the only existence in the Wuya Sect who is half-stepped into the Immortal Realm.

Wuya Sect Master frowned slightly after hearing this.

To be honest, he already has plans to admit defeat.

After all, the other party was clearly intent on killing.

As for the nonsense about not controlling the strength well.

Who would take it seriously?

I can only think that it is Mu Fusheng's mockery of their Wuya Sect!

However, before he speaks.

Mu Fusheng waved his hand and said, "Wait a minute."

Everyone looked at him curiously, not knowing what he was going to say.

I saw Mu Fusheng raised his head and looked at the middle-aged man in mid-air on the platform.

showed a smile, cupped his hands and said: "I think everyone's time is very precious. With this time, is it better to practice more than anything else?"

The middle-aged man was full of curiosity, and heard with interest: "Oh? Then what do you want to do?"

Immediately.

Under the stagnation of everyone's faces, Mu Fusheng said slowly: "If possible, let the remaining three of Wuya Sect go up together."

"Of course, if I lose, it will be announced that our Saint Talisman Sect has lost directly."

When Mu Fusheng said these words.

Leng Yinqiu and the three of them were stunned.

But he was not angry because Mu Fusheng didn't discuss this matter with them in advance.

Because they all know how abnormal Mu Fusheng's strength is.

An evildoer who can engrave celestial-level talismans can easily fight three ascetics who can't reach the turbid fairyland.

What's more, as far as they know, Mu Fusheng is good at soul attacks.

In this case, even if the remaining three members of Wuya Sect attack together, they can crush like ants.

And Wuyazong.

When hearing Mu Fusheng's first words, there was an expression of extreme anger on his face!

Too humiliating!

Even if you are a disciple of a top force, your strength is stronger than ours.

But it's not insulting like that!

Even the master of the Wuya Sect couldn't suppress his aura, wisps of the aura of the fairyland permeated from his body!

But when they heard the second half of Mu Fusheng's words.

But they all fell silent.

No doubt.

If it is true what he said.

As long as you beat him, you can win directly, which is indeed a huge attraction.

In this way, they can at least ensure that they pass this round!

seems to have guessed the other party's mind.

Mu Fusheng looked at the elder of the Holy Talisman Sect in the air again, and said apologetically: "It is Fusheng's fault for not discussing with the elder in advance, but please agree to my approach."

After hearing this, the elder of Shengfuzong didn't show the slightest anger on his face. Instead, he smiled and nodded: "Do whatever you want."

After all, he knew the importance of Mu Fusheng to the sect.

Also understands the three Supreme Elders, who value him very much!

Such a person would naturally not be reckless.

Since he uttered such extremely arrogant words, he is naturally sure.

After Mu Fusheng nodded, he looked at the middle-aged man.

The middle-aged man stared at Mu Fusheng with great interest, then nodded, and said, "Alright, I'm tired of reading the same rules. If so, does Wuya Zong agree?"

Speaking of which.

The middle-aged man set his sights on the Sovereign of the Wuya Sect.

Now, all that is needed is for the Sect Master Wuya to nod.

Everyone present also turned their attention to the direction of Wuya Sect.

this problem.

It seems easy to choose, but it is actually very difficult to choose.

After all, if you agree, you will lose face.

If you don't agree, then you will bid farewell to Wanyu Grand Competition in advance.

But.

According to the plan of the Sovereign of the Wuya Sect.

As long as you can advance to the last round of group battles, you can activate the conjoined formation.

This formation is the secret of the Wuya Sect.

will only be handed over to the suzerains and elders of the past.

However, the reward of this Wanyu Grand Competition is to enter Absolute Soul City.

This temptation is too great!

This also caused Wu Yazong to break the rules and hand over the formation to these four disciples.

Although one person was lost, three people can still use it!

Once activated, the strength can be compared to the peak of the turbid fairyland!

Hope to get the top three places!

Today.

Mu Fusheng's words undoubtedly moved the Sect Master Wuya.

Not long after, the head of the Wuya Sect gritted his teeth and said, "Since the little friends of the Saint Talisman Sect have such a wish, then I, the Wuya Sect, will definitely accompany you with all my strength!"

Everyone was happy.

Shameless, shameless, why are you talking so fresh and refined?

The corners of Mu Fusheng's mouth twitched slightly.

Finally got the trick.

If you don't say this, the other party may run away.

Just admit defeat and stop fighting!

In this case, you must give the other party a sweet date.

but.

According to Mu Fusheng's usual personality, I'm afraid he wouldn't say such arrogant words.

No matter how weak the opponent is.

He also won't let his opponent play together.

What if the opponent has a hole card?

Wouldn't it be a break?

But.

In this case, Wuya Sect and Mu Fusheng are bound to be wiped out.

So, take a risk.

Mu Fusheng also wanted to keep these four Wuya Sect disciples here forever.

The master of Wuya Sect passed the sound transmission to three disciples.

"Remember, don't underestimate the enemy after going up, use the conjoined formation immediately, and don't give the opponent a chance to react."

Now it is impossible to continue to hide clumsiness.

The other party's strength, to be able to say such a thing, is naturally assured.

Since this is the case, if there is any ultimate move, it must be sacrificed directly.

All three nodded.

Then they jumped up at the same time and landed on the platform.

The middle-aged man looked at this scene and said slowly: "Okay, let's start."

At the moment of beginning.

The three of Wuyazong immediately stood in different directions.

Formed seals with both hands, and shouted in a low voice: "Boundless Cloud Sea Formation!"

Chapter 625 The soul is gone, and the king of Hades can't save it!

"Wu Yazong's conjoined formation?"

Everyone watched a sea of tumbling clouds appear out of thin air on the Dao Discussion Stage.

Enclose the entire discussion platform.

Not just invisible to the naked eye.

People with low realms under the Taoist platform can't perceive the situation inside even if they perceive it.

"I have also heard of this formation of the Wuya Sect."

A disciple with higher qualifications than others said solemnly: "Back then, the Wuya Sect was able to rise from many forces and become a second-rate force. A large part of it relied on this conjoined formation."

Everyone leaned over curiously and listened to this person's detailed explanation.

Seeing this, the disciple continued: "Back then, the Wuya Sect and the other two competing forces in the Wuya Domain were one against two."

"It is precisely because of this formation, with the elders as the foundation, the Supreme Elder and the Sovereign as the main envoys, it has exploded with strength that can compete with the late stage of the Celestial Immortal Realm."

"Defeat all those two forces, and harvest all the inheritance of those two forces."

"From then on, the Wuya Sect has also become a second-rate force, and that area was officially renamed the Wuya Domain."

Breaking down the alliance of two forces of the same level with one's own strength?

Is this the formation used?

Everyone continued to focus on the discussion platform.

It cannot be perceived with the naked eye.

If the state is not enough to perceive, ask someone with a relatively higher cultivation level beside you.

Seeing this scene, the masterminds of the forces all looked at the Sect Master Wuya with complicated expressions.

"Even the Wuya Yunhai Formation, which was never passed on to the disciples, was passed on to them."

"I really dare to spend my money."

"It seems that the disciple of the Saint Talisman Sect on the stage is in danger."

"That's right, if it's a disciple of other top forces, then it's nothing to be afraid of, but the actual combat ability of the Saint Talisman Sect is not strong."

The elders of the Saint Talisman Sect fell these words in their ears.

After hearing this, his expression was a little weird.

Mu Fusheng's actual combat ability, this kid knows how to attack with mind and soul.

For a talisman master who can engrave celestial talisman seals, how powerful is his soul?

I'm afraid it's him.

In the face of Mu Fusheng's soul attack, one has to be careful.

If you don't pay attention, you will fall into a big somersault...

The middle-aged man on the platform looked at this scene and touched his chin curiously.

He also wanted to see it.

This disciple of the Saint Talisman Sect who said he wanted to 1v3 has such ability.

after all.

At this level, if you are not sure, you will not be able to say such arrogant words.

At this moment, on the stage of the discussion.

Mu Fusheng looked around and had a general idea.

It's no wonder that you dare to fight to save face and come up.

Sure enough, I was prepared.

However, it is not difficult to break through this conjoined formation.

After all, Mu Fusheng also has some understanding of formations.

This kind of requirement for everyone's cooperation and fit is extremely high.

so.

Just break one of them, or cut off the connection between them.

As for directly carving a few turbid fairyland or earth fairyland talisman seals, that's unnecessary.

The time for seal cutting, for Mu Fusheng, the turbid fairyland talisman seal is not a difficult task.

The main reason is that many eyes are now on the discussion platform.

Don't expose too much.

How to successfully crack the opponent's formation and kill them directly without revealing too much strength.

This is what Mu Fusheng should consider now.

Between the formations, it depends on the cooperation between the three of them.

Break the cooperation, you can break it directly.

How to break through without exposing too much other hole cards under the eyes of those big shots on the forum?

and people from other forces...

Just when Mu Fusheng was thinking.

The three shouted angrily.

The sea of clouds rolling on the Dao Discussion Platform swept towards Mu Fusheng!

The momentum is terrifying!

Mu Fusheng pretended to be unable to resist, and threw himself to the side.

and pretended to dodge extremely reluctantly.

Thus while dodging, he fell to the ground.

The face inadvertently touched the countertop, and it was stained with some dust, making himself look embarrassed.

This undoubtedly gave the three Wuya Sect disciples great confidence!

Although "coincidentally" dodged, but in such a panic, doesn't it seem that this disciple of the Saint Talisman Sect cannot take their attacks?

While Mu Fusheng was distracted and dodging, he didn't stop thinking.

The brain is running crazily.

One by one, plans to break the formation came to mind. After thinking about the pros and cons, and whether their strength would be noticed, they directly denied it.

And this moment.

Three Wuya Sect disciples slapped Mu Fusheng with both hands at the same time!

The bursts of sea of clouds rioted at this moment!

Like a stormy sea, it swept towards Mu Fusheng overwhelmingly!

This huge wave formed by the sea of clouds covered the entire Lun Daotai!

Make Mu Fusheng unable to dodge!

And it was at this moment.

Mu Fusheng suddenly had a flash of inspiration.

Immediately, the soul was secretly activated, and between the eyebrows, there was a ray of emerald green soul fire that disappeared in an instant!

Mu Fusheng smiled lightly: "I would like to thank these three people for covering me..."

The earth-shattering sea of clouds became Mu Fusheng's natural cover-up.

Immediately afterwards, an invisible shock of spirit directly passed through the churning sea of clouds, and hit the three Wuya Sect disciples respectively!

The three Wuya Sect disciples lost their minds in an instant.

Sea of Consciousness trembled for a while!

The connection between the three of them also broke instantly at this moment!

The sea of clouds on the Taoist platform also began to dissipate slowly.

Immediately.

The scene on the platform was directly exposed to the eyes of everyone.

Everyone looked at the discussion platform.

want to see.

The reason why the sea of clouds dissipated was that the Wuya Sect disciple took the initiative to cancel it after defeating the Saint Talisman Sect disciple.

It was the disciples of the Saint Talisman Sect who defeated them with one enemy and three.

But.

The moment when the scene is fully revealed.

Everyone was shocked.

I saw the figures of the three Wuya Sect disciples swaying from side to side.

Painful face.

Clutching his head, he seemed about to fall down at any moment.

On the other side, Mu Fusheng has already rushed forward.

Wuya Sect Master saw this, his expression changed, and he immediately yelled: "Hurry up and admit defeat!"

Immediately, a coercion from the heavenly realm swept towards Mu Fusheng!

To block his movements.

However, the elders of the Saint Talisman Sect appeared directly outside the Dao Discussion Platform, before the coercion.

A talisman appeared in his hand, and a huge barrier rose!

Resist all those pressures!

This is a defensive talisman at the level of a fairy!

"Wuya Sect, don't you think of my Saint Talisman Sect?"

Seeing this, Wuya Sect Master's face was extremely ugly, and he could only watch helplessly as Mu Fusheng slapped one of the disciples' Tianling Gai with his palm!

Immediately, Mu Fusheng didn't stop at all, nor did he look at the disciple's soul, which was directly shattered, and turned to the other two.

Do the same!

The souls of the three were all shattered by Mu Fusheng's palm after palm at this moment!
directly fell on the platform.

The spirit is gone.

Hades is hard to save!

Chapter 626 Mu Fusheng: I must have tried my best!

The soul is destroyed.

At least in this world, it cannot be saved anyway.

Even the powerhouses at the peak of the Heavenly Immortal Realm are helpless.

Here, the known elixirs, natural materials and earth treasures, have no effect.

Wuya Sect Master looked at this scene with an ugly expression.

Staring at Mu Fusheng firmly.

He actually beheaded all four of the most talented disciples of the Wuya Sect here!

To know.

How demanding is the talent required to be able to practice the Boundless Sea of Clouds formation?

It needs a four-person room, with an unparalleled fit.

This is possible.

was able to achieve this.

The head of the Wuya Sect has even agreed with the Supreme Elder.

When the time comes, they will take over as suzerain, deputy suzerain and great elder.

But.

But was beheaded by Mu Fusheng alone?

Perceived an undisguised killing intent.

Mu Fusheng followed the killing intent and looked over.

Then he saw the master of Wuya Sect staring at him firmly.

Mu Fusheng raised his mouth slightly, and said, "Senior, why are you looking at me like that?"

"The Grand Competition of Ten Thousand Domains, discuss the Dao, life and death do not matter."

"What's more, I really didn't expect it to be dead in one shot. If I knew it earlier, I would have put it away."

"I was afraid I couldn't be defeated, so I accidentally used all my strength..."

Mu Fusheng glanced at the Wuya Sect Master "cautiously", and said softly: "Senior, as the Sect Master of a second-rate force, you can't be so small, right?"

Everyone looked at the Wuya Sect Master sympathetically.

Of course, some people looked at Mu Fusheng with trepidation.

Although you are a proud disciple of the Saint Talisman Sect.

But no matter how you say it, you are talking to a real powerhouse in the Heavenly Wonderland!

How dare you say that you deserve a beating?

But those influential figures above did not care about these issues.

What they care about is what they observed in the sea of clouds at that time.

How did Mu Fusheng make a move that caused the Wuya Yunhai Formation to be broken?

As for being careless, there are still those seemingly exquisite acting skills.

In the eyes of the powerhouses in the fairyland these days, they are all too childish.

Although the movements and expressions have been staged very finely.

How can they fool the fiery eyes of these old guys?

However, Mu Fusheng didn't feel that he could fool them.

The most important thing is for those disciples with low or similar cultivation bases below to see.

Using his soul to attack the sea of consciousness of the three disciples of the Wuya Sect.

As a result, the three people's sea of consciousness was turbulent and their minds were unstable.

Achieve the effect of breaking the array.

Then seize the opportunity and crush the souls of the three?

It's actually normal.

As a Talisman Master.

It is normal for the soul to be strong.

But they also collected a piece of information.

Mu Fusheng has the method of mind and soul attack.

The middle-aged man rubbed his chin, looking at Mu Fusheng thoughtfully.

Suddenly smiled faintly.

"It's interesting..."

At this time.

The head of the Wuya Sect said with a gloomy face: "What kind of enmity do you have with you? Do you want to kill four of my Wuya Sect disciples in a row?"

After Mu Fusheng heard the words.

But he didn't reveal his identity, but pretended to be surprised and said: "No enmity, I didn't say that, I couldn't hold back for a while."

"Senior should also know that our disciples of the Saint Talisman Sect are somewhat weaker than others in actual combat."

"So in order to win, I dare not relax my vigilance for a moment. Every time I make a shot, I must definitely use all my strength. Otherwise, what should I do if I lose?"

The more he listened, the complexion of Sect Master Wu Ya became more and more gloomy.

Although it sounds absurd, what Mu Fusheng said is indeed true.

There is no room for refutation.

What's more, he is a disciple of the Saint Talisman Sect.

Can't shoot here either.

There is an elder of the Saint Talisman Sect here, so if he makes a rash move, let alone whether he can be killed, even if he is killed, he will face the full retaliation of the entire Saint Talisman Sect.

At that time, the Wuya Sect will cease to exist.

Think here.

The master of Wuya Sect snorted coldly, and disappeared in the same place in an instant.

The middle-aged man also announced at this moment.

"The Daotai is discussed here, the second round of the Ten Thousand Domains Grand Competition, and the Saint Talisman Sect won."

Leng Yinqiu and the others were not surprised at all, they just smiled.

Although the disciples of the Saint Talisman Sect are not capable in actual combat.

But facing a second-rate force, there is still no pressure.

What's more, Mu Fusheng, the evildoer, made the move himself.

The elder of Shengfuzong looked at Mu Fusheng, smiled and said: "Let's go too, we can prepare for the third round."

Mu Fusheng nodded.

Still need to make preparations.

The fifth level of the Jade Phosphorus Soul Fire of the Soul Cultivation Technique was close to breaking through when it was in the Saint Talisman Sect.

In this way, you can be more confident in the following games.

Just...

Mu Fusheng suddenly smiled lightly.

What will happen if we meet two seniors in the final?

It's okay if it's a big brother, and we can still discuss it and make a show.

If it is Brother Xiaohei...

Thinking of Brother Xiao Hei's battle-crazed reckless image...

Once fighting, he will never release water, and he looks more courageous as he fights.

Mu Fusheng shivered...

...

Let's go back.

On the platform where Xiao Hei is located.

At the moment.

is also drawing to a close.

Coincidentally, it is.

The discussion stage where Xiao Hei was located also encountered one of the seven major forces that invaded the Borderless Domain at that time.

Valley of the Burning Sun.

certainly.

At the moment when facing the Valley of the Burning Sun.

Xiao Hei immediately recognized the opponent and said that he would play in the first round.

Everyone has some doubts about the power of Xianyuan Village.

Where is this power?

Why never heard of it?

Originally thought it was an unknown third-rate force, from the small realm.

But.

From the moment the group of people from Xianyuan Village made their move.

They realize they were wrong.

Basically, anyone can hit two or three.

Even sometimes it will be completely wiped out!

Although the highest-level force here is only the second-rate and top-level force in Lie Sun Valley.

But it wouldn't be such a bad loss, right?

Today.

Xiao Hei is the only person from Xianyuan Village who has never made a move.

When confronting Lie Sun Valley, take the initiative to fight.

Moreover, directly punched the four disciples to death in an extremely violent and fast way!

Extremely tragic!

On the Daoist platform, it was covered with blood!

The owner of Lie Sun Valley looked at Xiao Hei, his face as frosty.

"Who are you?"

Xiao Hei grinned, looked down at Gu Zhu, and said, "A debt collector."

"However you invaded the Boundless Dynasty, I will kill your disciples."

The pastor's younger brother is the prince of the Boundless Dynasty.

The opponent is so aggressive and kills the people of the Boundless Dynasty.

Naturally, Xiao Hei couldn't let it go!

The moment the Lie Sun Valley owner heard it, his face became extremely gloomy.

"It turned out to be a person from the lower realm..."

Nether? !

Everyone looked at Xiao Hei.

People from the lower realm, so powerful?

Crushed the audience?

"It's better for young people not to be too crazy, otherwise I'm afraid they won't be able to wait for the moment when they grow up..."

After finishing speaking, the owner of Lie Sun Valley left.

And in the next few days.

The Destiny Sect sent invitations to Lie Sun Valley and the Endless Sect to discuss important matters!

Chapter 627 Target Xiaohei

The second round of the Wanyu Grand Competition.

Ten discussion platforms have ended one after another.

The third round, the final, will be held after the 15th.

During the fifteen days, it was not just a time for adjustments for the advanced sect forces.

It is also to clear the field during these fifteen days.

Those forces that are eliminated early must leave the Wanyu Wilderness.

In order to avoid the situation that in order to enter the finals, the braids secretly use braids to eliminate the top ten sect forces and replace them.

This kind of thing has happened before.

The reward for this Wanyu Grand Competition is the qualification to enter Absolute Soul City.

It is conceivable, if the field is not cleared.

There will indeed be some forces that will do whatever they can!

The odds are much higher than usual.

This is beyond doubt.

And now.

In the residence of Destiny Sect in the Wilderness of Wanyu.

Here, there are three people gathered here.

And these three people are the suzerain of Destiny Sect, the suzerain of Wuya Sect and the valley owner of Lie Sun Valley.

"Presumably, you two have already guessed the reason why I brought you here?"

Wu Yazong and Lie Sun Valley discussed what happened on the Daotai.

The head of the Destiny Sect has naturally heard of it.

One can guess at a guess, they also encountered the group of people from the lower realm.

Both the suzerain of Wuya Sect and the owner of Lie Sun Valley had gloomy faces.

"Then you should also know that those juniors have grown to this point in the lower realm, which we despise now."

The head of Wuya Sect said in a deep voice: "I wasn't sure at the time, but now I can be sure after what you said."

"Mu Fusheng, right?" Destiny Sect Master recalled: "That person is the prince of the Boundless Dynasty where we sent people to invade the lower realm."

The Sovereign of the Wuya Sect suddenly realized.

Since this is the case, then the other party knows the reason for killing his four disciples mercilessly.

The owner of Lie Sun Valley was very angry, raised his palm in anger, and slapped it heavily on the stone table in front of him!

Immediately.

Not only was the stone table in front of him turned into ashes.

Even the entire mansion was swept away by a storm of fire in an instant!

turned into ashes!

People not far away suddenly turned their heads, looked at the storm of flames rising into the sky, and were all slightly taken aback.

Is there a celestial being angry?

The suzerains of Destiny Sect and Wuya Sect saw this, their expressions were flat.

"It's useless to be angry now, it's time to think about countermeasures."

The head of Wuya Sect also nodded, and said: "It is definitely useless to seek peace. At that time, the people we sent down killed so many people on the other side, and it was already a deadlock."

The owner of Lie Sun Valley yelled angrily: "Then go and kill them! Our three Heavenly Wonderland powerhouses, are we still afraid of these little dolls?"

The head of the Wuya Sect glanced at the owner of the Burning Sun Valley, and said calmly: "Kill them? It's easy for you to say, but do you know which faction that Mu Fusheng has joined?"

"The Holy Talisman Sect is also the arrogance of the Holy Talisman Sect. The other three disciples of the Holy Talisman Sect seem to obey him, and the elder of the Holy Talisman Sect also protects him very much."

The owner of Lie Sun Valley was stunned.

Sacred Talisman.

A top force in the mid-latitude boundary.

And those who can come to Wanyu Grand Competition.

In addition, the reward for this Wanyu Grand Competition is to enter Absolute Soul City.

The arrogance of various forces who came here must be the top figures in the sect!

The head of the Destiny Sect immediately said: "A man named Ye Qiubai from my side also joined Tianjian Peak."

Tianjian Peak?

The two were taken aback.

"Didn't Tianjian Peak also send people down at that time?"

The head of the Destiny Sect shook his head: "But the other party didn't do anything to kill, and even seemed to help the other party at that time."

"And... the strength of Tianjian Peak has been too low-key these years. I guess not only us, but even other forces have greatly underestimated the background of Tianjian Peak..."

Speaking of this, the head of the Destiny Sect said solemnly: "When Huo Zhengheng faced me, he said with full confidence that if he made a move, our Destiny Sect would be destroyed."

reached their realm and status.

Expressions, tone of voice, eyes, and words will not add any cover-up.

What to say, what to say.

If you can do it, you will nod, if you can't do it, you will shake your head.

If you can't beat it, you can't beat it, if you can beat it, you can beat it!

Both of them nodded.

Now it seems.

Only Xianyuan Village, where the Lun Dao Platform is located in Lie Sun Valley, does not know what kind of power it is.

Sacred Talisman Sect and Tianjian Peak will be somewhat stronger than them.

It looks like this.

If you want to do it, you need to take a lot of risk and difficulty.

"What do you think?"

The owner of Lie Sun Valley also calmed down, and said with an ugly face: "Is it possible to wait for them to go back? In that case, it will be impossible to do anything again. With their talents, I am afraid it will be a future trouble."

"Moreover, after the opponent has strength, he is bound to retaliate against us like a storm!"

The head of the Destiny Sect said in a concentrated voice: "So we have to kill each other during this period of time, and we must not let the sect forces behind them find out that we did it."

"How to do?"

Both the suzerains of the Wuya sect and the valley masters of the Burning Sun Valley looked at the suzerain of the Destiny sect.

"Sacred Talisman Sect, we can't move for the time being. The other party will definitely have the talisman of the Heavenly Immortal Rank. If we make a rash move, we may not be able to kill it instantly."

"At Tianjian Peak, Huo Zhengheng is already vigilant, so he will naturally guard against us, and the risk is too great."

"so..."

The owner of Lie Sun Valley nodded, and said, "Let's move the body repairer first, right?"

"That's right." The Sovereign of Destiny Sect took the words and said, "Catch him, and then release the news to the remaining two. Only by coming by yourself can we guarantee his safety."

Wuya Sect Master frowned and said: "This is also a bit dangerous. What if the other party still tells the sect about this matter?"

The head of the Destiny Sect sighed slightly: "Now we can only take the risk and gamble on the friendship between them."

"What's more, there is no better way now, and it can't be solved here, and there will be no chance to make a move in the future!"

"At that point, the sect will either be annihilated, or the sect will be disbanded in advance, but... surely you don't want to take this step?"

Of course!

Whether it is the Destiny Sect or the Wuya Sect Lie Sun Valley.

All are forces that have been passed down for a long time!

Disbanding the sect in this way, how can they be willing?

How to meet the ancestors of the sect?

On this point, even if you risk your life, you will not do such a humiliating thing!

"Since we have all agreed, let's attack immediately. The opponent's power is unknown, so the three of us must attack at the same time and take it down quickly."

"Don't worry, but a junior in physical cultivation who is no more than a turbid fairyland, if he wants to make noise, then why should we practice?"

Chapter 628 Battle of the Celestials!

There are still ten days before the start of the finals.

The place where the Holy Talisman Sect is located.

Mu Fusheng didn't have a seal carving talisman these days, and he didn't even settle down to practice the soul cultivation technique.

After all, he wants to store those of Wu Yazong.

According to sources.

Senior Brother and Brother Xiaohei encountered Destiny Sect and Lie Sun Valley.

Then, the other party must have already guessed their identities.

Since this is the case, it is bound to not sit still.

He will not wait until he returns to the Zongmen in the future to make a move.

Because the success rate will plummet.

so.

If the opponent wants to make a move, they will definitely act before the final of the Ten Thousand Domains Competition.

This is their last chance.

That's why Mu Fusheng kept his attention focused on his surroundings.

Even around the mansion, there are countless talismans.

Up to the killing talisman, down to the defense talisman induction talisman.

Everything.

at the same time.

Ye Qiubai on the other side also learned the news about Mu Fusheng and Xiao Hei.

reached the same conclusion as Mu Fusheng.

Huo Zhengheng looked at Ye Qiubai and said, "Don't worry, the suzerain of Destiny Sect already knows that I'm wary of him, so he probably won't act rashly."

Ye Qiubai nodded, his expression still full of thought.

"Although he won't attack me, even he won't attack the pastor brother. After all, he is under the protection of the Saint Talisman Sect."

"However, 90% of the other party will attack us during this time."

"Then... if it were me, I would most likely choose Xiao Hei..."

Only Xiao Hei's forces are existences whose strength is unknown.

Shengfuzong and the others are not sure.

Here Huo Zhengheng was already on guard.

Only there is a chance to fight.

"As for getting there, they should capture Xiao Hei alive, and then use this to coerce us to go there. Of course, let us go there alone without notifying you."

"In this way, we will have the opportunity to kill us while ensuring that there is a probability that the Saint Talisman Sect and Tianjian Peak will lock on them and retaliate."

Huo Zhengheng sneered and said: "Now, I have learned the other party's intentions. If something happens to you, it must be their fault. What's the point of doing this?"

Heard the words.

Ye Qiubai shook his head with a smile and said: "If a sect is cornered and desperate, it is better to take risks than to sit and wait for death."

"This is the only plan they can implement now."

"Too."

Huo Zhengheng looked at Ye Qiubai and asked, "Then what do you want to do?"

After thinking for a while, Ye Qiubai said, "Senior, do you know where the Dao Discussion Stage where my junior brother is?"

"It's not hard to find out."

Ye Qiubai cupped his hands to Huo Zhengheng: "Please, senior, take me there, just in case."

Huo Zhengheng nodded.

After inquiring about the news, he took Ye Qiubai and ran towards Xiao Hei's mansion!

...

At the moment.

The mansion where Sensei Village is located.

Xiao Hei was completely naked, soaking in the pool of blood, tempering his body with animal blood.

Among them, several extremely violent earth fairy-level monsters were mixed, as well as the violent blood of a heavenly-level monster.

In the blood, extremely violent.

All the time, Xiao Hei's body was being destroyed.

but.

The cultivation of the physical body is constantly destroying and then reorganizing to reach the peak step by step.

Compared with ordinary ascetics, it is more difficult and painful!

Even Xiao Hei who is already used to it.

Facial muscles also twitch from time to time.

And at this very moment.

Xiao Hei suddenly opened his eyes!

Powerful sense of killing intent makes Xiao Hei extremely sensitive to the expression of killing intent.

However, if it's just ordinary people, maybe they can't do this.

But.

Xiao Hei is the devil, although his soul is lost.

The memory is not there, and the realm and cultivation base are all gone.

But for the demon master who was originally a battle maniac, in terms of perceiving killing intent, he is a bit better than people of the same level!

And the moment he opened his eyes.

There are three breaths coming towards you!

Xiao Hei let out a roar, and slapped his palm in the pool of blood!

Immediately.

The violent beast blood splashed directly!

Heavenly Immortal level mixed with Earth Immortal level animal blood splashed out in the room!

This also successfully slowed down the speed of the three breaths!

but.

Still passing through the splattered beast blood, he grabbed Xiao Hei!

In that delayed breath time.

Xiao Hei didn't hesitate.

directly opened the devil's coming!

Demonic energy immediately filled the entire room.

Black demon armor covers the whole body.

The blood of the demon **** broke out in an all-round way!

The three breaths were delayed by two breaths again.

The three Heavenly Wonderland Sect Masters in the dark all looked horrified when they saw this!

A little physical training can actually delay their attack three-breath time?

How can this be? !

The head of the Destiny Sect had a gloomy face, and immediately said: "Withdraw!"

Three breaths of time, such a big movement.

It is bound to make the other party aware of it!

Be able to defeat the forces in Lie Sun Valley.

There will definitely be a strong person at the level of a fairy.

Once you get stuck, the consequences will be disastrous!

But.

When the word "withdraw" just landed.

An old man appeared behind them with a cane.

The old man's face was flat, but there was a monstrous anger in his eyes!

"Who are you?"

Of course, he didn't say that he dared to hurt the devil.

Although people in this world may not know the meaning of the devil.

Still need to be careful.

What if someone from the Demon Realm has searched the realm and found any clues?

The three suzerains looked at each other, and without the slightest hesitation, they rushed towards the old man at the same time!

The Sovereign of the Destiny Sect pointed his finger at the sky!

Under the sky.

The clouds instantly dispersed towards the surrounding area!

A golden holy light turned into a huge beam of light and descended towards the head of Xianyuan Village!

At the same time, the master of Wuya Sect also slapped it with one palm.

Under this palm.

The surrounding space is constantly collapsing.

Air is constantly compressed.

The power of heaven and earth began to gather in that palm print continuously!

The owner of Lie Sun Valley roared at the village chief!

During the roar.

Flame spewed out!

turned into a rotating flame storm.

The whole world was burned red!

Burn the sky and destroy the earth!

Upon seeing this, the head of Xianyuan Village snorted coldly while holding his cane.

Raised the old hand, clenched five fingers into a fist, retracted the elbow, and immediately punched out!

Boom!

It's like overwhelming momentum.

A series of sonic booms, accompanied by the collapse of pieces of space!

Facing the attack of three strong men from the Heavenly Wonderland!

The entire Wanyu wilderness erupted with the breath of endless destruction!

Everyone looked up to the source.

Look horrified!

Is there a battle between the strong in the fairyland?

There are also people from some forces who are quite curious, and they all head in that direction.

Of course, those are also some strong people in the fairyland.

Under the gods, what qualifications do you have to watch the chaotic battle between several heavenly powerhouses?

Chapter 629 The ape demon is coming!

The head of Xianyuan Village.

is the remaining blood of the ape demon clan.

As the master of the Demon Realm, he was the vanguard of the Demon Realm army at that time.

Although there is only residual blood, the strength is still not weak!

At least in this mid-latitude boundary, there is no force that can be said to destroy Xianyuan Village!

Even those top forces cannot do it.

As the village head, his strength will naturally not be too weak.

Just punched out.

It actually directly scattered the falling golden holy light!

turned into golden light spots and scattered around.

It's just that the golden light spot still has a strong killing power, but when it touches the ground or a building, a big hole will appear!

The palm print made by the Sect Master Wu Ya, if used with all his strength, it will destroy the world even more.

But under the seemingly ordinary punch of the village chief, when the endless space exploded, countless cracks appeared in this palm print!

End up falling apart in mid-air!

The Last Flamestorm.

Mixed with a sonic attack, it also collapsed in the blink of an eye under the fist of the village chief.

The strongest blow of the three early-stage powerhouses in the Immortal Realm, under the punch of the village chief, none of them survived!

The faces of the three suzerains were all shocked!

Looking at the scene in front of him, disbelief appeared in his eyes.

The three of them are the strongest in the early days of the Heavenly Wonderland!

is the top powerhouse in this latitude.

not to mention.

With the full attack of the three of them, even the strongest in the mid-stage of the Celestial Immortal Realm cannot break through so easily at the same time.

Taking a closer look, they could find that the old man in front of them didn't seem to have even released his full strength.

The head of Destiny Sect's face was pale, his eyes were gloomy, he looked at the head of Xianyuan Village and said, "Isn't senior a strong man in the late stage of Heavenly Immortal Realm?"

Late stage of Wonderland.

is an almost invincible existence in this latitude.

As long as you don't kill yourself.

No one can threaten his safety!

And this kind of realm can only be possessed by top forces.

The village chief held on to his crutches, slightly tugging at his slack skin due to his old age.

"You guys, what's your purpose?"

The Sect Master of Destiny Sect just wanted to answer, but felt the hidden aura around him, and his face became a little ugly.

These auras are all the auras of the powerhouses in the Heavenly Wonderland!

Don't even think about it.

It is the leaders of the forces in Wanyu Wilderness, who came here after sensing the movement here.

Then, Shengfuzong and Tianjianfeng must have noticed it.

"It can't be delayed any longer."

The Sect Master of Destiny Sect spoke solemnly to the Sect Master Wu Ya and the Sect Master of Lie Sun Valley: "We must leave as soon as possible!"

Both of them nodded.

"Senior, it's just a misunderstanding, I don't mean to offend."

The Sovereign of Destiny Sect cupped his hands, bowed his head and said, "Now, we are the losers in the second round of the Wanyu Grand Competition, and we need to leave as soon as possible."

"At that time, after the Wanyu Grand Competition is over, the three of us will pay a visit in person and bring a generous compensation."

The village chief held his cane and didn't move at the same place. His breath was locked, and he didn't relax at all. He was still locked on the three people including the lord of the Destiny Sect.

"There is no need to make an apology, just save your life here."

Hear the words of the village chief.

The three masters of Destiny Sect were even more ugly.

"Senior, don't you really want to kill us? If the three Heavenly Immortal Realm powerhouses fight you desperately, I'm afraid even you will have to pay a price to take us down?"

"What's more, now is the critical period of the Wanyu Grand Competition, and the sect where the senior belongs has also entered the final."

The owner of Lie Sun Valley took over the words: "That's right, the reward for this Ten Thousand Domains Competition is to enter Absolute Soul City. If something happens to seniors, I'm afraid it will have a great impact on the follow-up."

Hear the conversation of the four people.

The powerhouses of the Heavenly Wonderland who were hiding in the dark watched this scene with interest.

But yes.

What the three masters of the Destiny Sect said was not wrong.

If you fight without regard for your life, I'm afraid the result is really hard to say.

A strong man in the Celestial Wonderland is desperate, and the lethality caused is not small.

The big guys in the dark all looked at the head of Xianyuan Village, wanting to see how he would make a choice.

Of course, in their hearts.

Still looking forward to the fight.

This is not only able to figure out the strength and background of this mysterious fairy ape village.
can weaken the opponent's power.

Some might say.

It wasn't him who participated in the competition, so how could it affect the subsequent results?

If the leader of a force is seriously injured, or dies.

For the participating disciples, there will definitely be a huge psychological blow.
would feel unsafe.

Psychology has a great influence on discussing Dao.

For example, when cultivating, the mood is unstable, which leads to madness.

This is a truth.

However, after hearing what the head of Xianyuan Village said next.

The faces of the three suzerains were ugly.

The powerhouses of the Heavenly Wonderland hidden in the dark are all happy.

"You are not worthy."

Moyu, originally a group of rebellious people.

As the existence of the pioneer of the Demon Realm at that time.

In terms of combat, it is even more true.

Want to use this to threaten the Ape Demon Race? That naturally does not exist.
not to mention.

They actually want to attack the devil?

Even if the opponent is stronger.

The village head is bound to fight to the death!

This has violated his inverse scale!

When the three masters of the Destiny Sect heard the words, they didn't hesitate any more.

Exploding with all his strength again, he rushed towards the village chief!

Time, they are not allowed to delay!

The village head saw this.

With a cold snort, he picked up the crutch in his hand, which looked like a crutch carved out of ordinary tree roots.

In the hands of the village chief, he waved it out.

The way of waving it knocked out cracks in that space!

Immediately, the body moved slightly, and the old body rushed out as quickly as a rabbit!

Heading towards the three of them!

The three Sovereign Masters of Destiny Sect saw this.

All are the strongest offensives again!

The holy light descends, palm prints are like mountains, and the sea of fire burns the city!

Three attacks, from the sky, the ground, and the middle, swept towards the village chief from three different directions!

The momentum is terrifying!

It seems that the entire wilderness of the Ten Thousand Territories is shaking!

The village head did not retreat in the slightest.

The crutches in his hands were constantly waving during the forward rush.

at this moment.

Behind the village chief.

It turned out to be a black ape demon figure with a towering head descending on the ground!

He also holds a giant stick in his hand!

Following the direction of the old man's wave.

Smash down at the same time!

Boom!

Four attacks converge.

The two parties are constantly colliding.

The momentum is extremely terrifying!

The space keeps collapsing!

In the wilderness of Wanyu, on the ground, there are cracks that start to extend towards the surroundings at a speed visible to the naked eye!

Even if they are thousands of miles apart, they can clearly feel the terrifying and destructive power of this force!

Chapter 630 Three quotas, three of us brothers and sisters divided?

The angel was furious and shook the heavens and the earth.

Then the four Heavenly Wonderland powerhouses will fight with all their strength.

What will happen?

Naturally, it will destroy the world!

The entire Wanyu wilderness is constantly shaking.

The sky is crumbling.

The earth is torn apart!

Only people from the Heavenly Wonderland can survive in this catastrophic area.

Ye Qiubai and Huo Zhengheng, who were rushing to the mansion of Xianyuan Village, naturally also felt the aura of destruction.

Huo Zhengheng said solemnly: "We are going to speed up."

After finishing speaking, he did not wait for Ye Qiubai to answer.

He grabbed Ye Qiubai's collar, disappeared in the same place in an instant, and when he reappeared, he had already appeared thousands of miles away!

And destroy the birthplace of breath.

Everyone looked at the scene in front of them in horror.

The village head of Xianyuan Village waved the crutch in his hand.

The huge black ape demon behind him, holding a giant stick in his hand, knocked down hard from top to bottom!

The giant stick in the hands of the ape demon is like the sky.

The giant stick fell, and the sky fell!

And this blow, ignoring space, ignoring any constraints, merged with the attacks of the three masters of Destiny Sect!

Boom!

The huge momentum is centered on the intersection of the four attacks.

The aftermath continued to spread, reaching half of the wilderness of Wanyu!

The blow of the village chief.

Under the horrified eyes of everyone, there was no suspense, and the full blow of the three of them was smashed!

The Sovereign of the Destiny Sect, the Sovereign of the Endless Sect, and the Sect Master of the Lie Sun Valley.

His face suddenly turned pale, and blood spurted out wildly!

Falling towards the ground.

The eyes of the three were full of despair!

The old man in front of him, this stick directly smashed the three of them with all his strength.

But the opponent didn't have any injuries.

Even the forward posture has no effect at all, holding a cane.

Carrying the phantom of the black ape demon holding the giant stick behind him, he quickly rushed towards the landing point of the three of them!

The crutch fell down again!

It directly hit the chest of the owner of Lie Sun Valley!

The owner of Lie Sun Valley, who was already in the process of falling, bowed his body, and his chest was sunken in as if visible to the naked eye.

Bones and internal organs are all shattered at this moment!

The body was shot directly into the already dilapidated earth like a cannonball!

The earth is sunken again!

At the landing point of Lie Sun Valley Valley Master, a huge pit appeared!

There are two people left.

The village chief followed suit.

was also smashed into the ground.

When the dark powerhouses in the fairyland observe.

In the pit, there is no breath...

There is only dust that is constantly being born, covering the land of Wanyu Wilderness...

Everyone looked in horror at the old man who was holding a cane and his face was still calm.

Now, that phantom of the ape demon has dissipated.

I saw him look up, and said lightly: "Everyone, do you want to read any more?"

The Heavenly Immortal Realm powerhouses hiding in the dark all bowed their hands towards the village chief, and then left.

They can't afford to provoke such a person, and they dare not provoke them!

Of course, there are also several extremely powerful auras in it.

However, there is no need for them to provoke a strong man with the lowest strength who is also in the late stage of the Celestial Immortal Realm...

Those who could kill three early-stage powerhouses in the Celestial Immortal Realm with such a crushing attitude.

Only in the late stage of Wonderland can it be done...

Even stronger!

Such a person, do not offend, and cannot provoke.

As for building a good relationship with it?

People who have reached this realm.

Unless they have the same interests, or have a life-threatening friendship.

Otherwise, I really can't get close easily.

After all this is done.

The village chief immediately came to Xiao Hei's side.

Ape Shou, and three contestants, including Ape Han, are also here.

Yuan Shou is now Xiao Hei's personal bodyguard, so naturally he also follows.

After arriving here, the village head waved his hand to cut off the outside probes, then knelt down in front of Xiao Hei on one knee, and said with a serious face: "Devil Lord, the support from the subordinates is late."

Xiao Hei waved his hands and said, "It's not your fault. On the contrary, if the village chief didn't take action, I'm afraid I wouldn't be able to resist for long."

"Is the devil injured?"

Xiao Hei shook his head.

The village head was relieved, but then he remembered that the demon master used the demon **** to descend to delay the attack of the three people from the fairyland.

Can't help worrying: "Devil Lord, if you use the blood of the Demon God with all your strength this time, I'm afraid it will attract the attention of those rebels..."

"I'm afraid, after you get the next memory fragment, there will be... no way to hide it."

Xiao Hei interrupted the village chief with a wave of his hand, and said with a flat face: "Sooner or later, I also know, you want me to delay the time to get the memory fragments, and practice more."

"However, there are some things that I don't want to procrastinate, and I can't procrastinate any longer."

The scenes in memory have been constantly appearing in Xiao Hei's mind these days.

The frequency is getting higher and higher.

Seeing this, the village head had no choice but to sigh and stop persuading.

No one can persuade the demon lord to decide...

Except for that guy...

And at this time.

The village head suddenly turned his head, his expression sank, and he said, "Someone is here."

Xiao Hei raised his head slightly.

After a few breaths, when the other party approached, he showed a simple and honest smile that was completely inconsistent with before.

"Don't stop me, my brother is here."

Brother?

I heard the devil mention it before, and I worshiped as a teacher in the lower realm.

But I really haven't seen the demon lord's fellow disciples.

Now it's here.

The village head, Yuan Shou and others also want to see and see.

What kind of extraordinary talent does the person who can make the devil show such an expression have?

It's counting interest again.

Huo Zhengheng brought Ye Qiubai here.

Seeing this, Ye Qiubai looked at Xiao Hei and asked, "Are those people from the Destiny Sect here?"

Xiao Hei scratched his head and smiled, "It's coming, but it's been resolved."

"solved?"

Xiao Hei pointed to the village chief.

Ye Qiubai immediately bowed his hands to the village head and respectfully said: "Thank you, senior, for saving my junior brother."

"I, Ye Qiubai, and thatched cottage have written down this situation."

If Lu Changsheng found out, he would probably vomit blood.

I did not owe favors, but these little **** owed favors one after another.

This favor doesn't seem to require money.

The village chief waved his hand and said: "Saving Xiao Hei is a matter of duty, and there is no need to thank you."

Ye Qiubai nodded.

Huo Zhengheng didn't speak at the side.

But his expression was a little speechless.

What kind of existence is Ye Qiubai's sect?

That junior, Mu Fusheng, was regarded as a treasure by the top power, the Saint Talisman Sect.

If something happens, it will cause the shock of the Holy Talisman Sect!

Now this is a junior named Xiao Hei.

is surrounded by such a mysterious backer again.

Be aware of the breath around you.

Huo Zhengheng can roughly guess it.

It was the old man in front of him who made the move, one against three.

Killed three early stage powerhouses in the Immortal Realm!

This kind of strength.

I'm afraid it's at least the late stage of Wonderland, right?

After a while of reminiscing about the past.

Ye Qiubai smiled and said: "Our senior brothers are all in different forces."

"It just so happens that there are three places to enter Absolute Soul City."

Xiao Hei grinned: "Of course, we will divide these three places?"

Time passed quickly.

It's the day before the final...
